Other Counties Not Like This One Says Mr. Hazen—Coombs Case Taken Up Today and Some Evidence Given—Making Bail Larger—The Case Still Going On

When the county court opened this morning in the H. L. Coombs case, Judge Forbes instructed the sheriff to assume charge of the prisoner on the ground that the grand jury having indicted the accused the bail were relieved of their responsibility.

Mr. Mullin contended that the bail ought to be renewed. The attorney general opposed this view and after further argument the court agreed to allow the accused out on bail providing increased bail is furnished.

Mr. Hazen said that St. John was the only county which contained disobedient jurors. He intimated that legislation would be introduced to meet cases such as this.

Fashion Hint for Times Readers

WHITE MOHAIR SUIT FOR COACHING WEAR The day of the coaching parade early in May was so bright and pleasant that many of our men were in evidence. A man on the box seat of one of the coaches wore this smart little suit of white mohair, accompanied by a big black hat brightened by a touch of deep blue and silver Persian embroidery. The suit, as will be observed, has a modified Russian blouse which is held in to the figure by an arrangement of cords passing under the armpits and across the chest. White trimmings and white satin buttons make the little coat rather dressy, but the skirt is a perfectly plain fitted model.

CHAPTER XXIX Suspicious Answers "Here's Billy Stitts a-comin' now," he plied the housewife, moving towards the door. "He's been worried to death about you bet' gones!" Beth ran at once for the stairs, and later, from the window, saw the faithful old Billy leading her pony away. She closed her door, darkened the light, and soon clambered wearily into bed, where she dropped off to sleep like a child, lost to the world through the dinner hour and till something like three in the morning. She awakened then for a moment, long enough to think of Van, then sighed in absolute comfort and turned to sleep again. It was nine o'clock in the morning when at last she appeared on the scene. "Land snakes!" said Mrs. Dick, who had heard her coming down. "Ain't you the sleeper! Well, I've kept your breakfast, but I couldn't keep last night's supper. Your friend, Mr. Bostwick, was here about eight, but I told him he'd have to wait if it took you a week to come in."

A Delightful Hair Dressing That Makes Hair Grow

Favorite With Men and Women the Country Over. There is a reason for the phenomenal sale of Parisian Sage in the Dominion since it was first introduced into Canada. And the reason is plain to all: Parisian Sage does just what it is advertised to do. It is guaranteed to cure dandruff, stop falling hair or itching scalp in two weeks or money back. There is no reason whatever why any man or woman should fail to take advantage of the above generous offer. But one thing that has made Parisian Sage so famous is its peculiar power to turn the harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement the country over are using it and it never disappoints. Read this letter: "I procured Parisian Sage and found that it was a great hair tonic and cleanser. I have used other preparations, but Parisian Sage cleaned the scalp, stopped all irritation, made my hair fluffy, silky, and left no trace of stickiness as some other hair tonics had." Mrs. Sarah Sanderson, 1102 1/2 Washington St., Orwoso, Mich., Feb. 22, 1909. Sold by leading druggists everywhere for 25 cents a bottle. The girl with the Auburn hair is on every package; mail orders filled, charges prepaid, by the Canadian makers, Geo. McGee, Fort Erie, Ont. "I find Parisian Sage a good hair remedy. My brother also used Parisian Sage and says it is fine." Yours sincerely, Julie Curtis, Huntington, Pa., Oct. 29, 1909.

THE SHORE LOTS A determined effort is being made by some of the aldermen to prevent the transfer of the west side lots to the C. P. R. There does not seem to be any reason for a resort to abuse of the railway corporation in a discussion of the subject, unless those aldermen who adopt that method have no well-founded arguments and merely desire to arouse prejudice by the time-worn plan of sowing the seeds of suspicion.

THE REAL KNOCKERS The Standard has caught Hon. Dr. Pugsley red-handed in the perpetration of a new form of iniquity. The minister of public works is now "knocking" St. John.

Earl Grey is a good immigration agent. He told the interviewers at Bristol that the maritime provinces are as good for immigration as the west.

Canadians are said to have dropped a large amount of money in the United Wireless Telegraph Co., with headquarters in New York. The stock appears to have been aerated.

A conference between government and opposition leaders in England, on the question of the veto of the House of Lords, has been definitely agreed to, and a basis of compromise may be found.

Complaints of deported immigrants about their treatment in Canada may fairly be discounted to a large extent. Canada is not rejecting settlers of a desirable kind.

Jeffries and Johnson have graciously agreed to fight anywhere, rather than dis-appoint their friends. The fine spirit of self-sacrifice thus shown is of course to be more appreciated because there is said to be nearly a million in it for the winner, and a substantial fortune for the loser.

The Toronto Mail and Empire (Conservative), says—"The London view of our immigration rules is based upon a wrong theory. The rules are not made, as the London critics think, to injure British immigrants; but, on the contrary, to help them. When Canada names the kind of immigrants needed and adds that those for whom there is no demand ought to have a little money with which to keep them free from the necessity of appealing for charity until they get work, she is doing a service to the immigrating classes. If she were to invite the wrong class to come she would be guilty of cruelty."

A citizen suggests that as we are to have thousands of visitors in St. John, at the Dominion Exhibition in September, all the unsightly poles in the streets should be painted. Paint might be used with benefit on much more than the poles in the streets. There are also unsightly fences on vacant lots, some of them partially torn down. These should be removed or replaced by more sightly fences. The city should be looking its best in September, for there will then be a larger number of visitors than have ever before come this way. Outward appearances make an impression. Let the impression carried away by the September visitors be favorable and complimentary to the neatness and taste of the citizens of St. John.

Leader Borden is feeding his Ontario followers on hooks. He is making statements that were answered when parliament was in session. He is thrashing old straw. He is not defining a policy that will appeal to the people. There is no evidence that Mr. Borden is more honorable than Sir Wilfrid Laurier, or that if Mr. Borden were premier the men around him would be any more able or conscientious than the members of the present government. He makes general charges against the government, and is especially bitter in denunciation of the minister of public works, whose chief fault is that of conservative eyes in his breadth of view and his ability to conduct the affairs of a great department in a manner never equalled during the Conservative regime at Ottawa.

DAD'S IDLE SUMMER DAYS (Edward A. Guest in Detroit Free Press.) And now you rest the day once more, He rents a cottage by the shore And sends his wife and kids away, Rejoicing them each Saturday.

"Week ends," says he, "I got to rest And read the books I like the best, To loil and loaf the hours away The while my little children play."

And that sounds well if it were true, But dear old dad is blushing you; His nose pink I must spoil, His summer days are spent in toil.

He goes for water, moves the lawn, Is out of bed at early dawn, Builds fences and repairs the dock, And paints the boat and mends the clock.

He puts up shelves and window screens, Is sent to gather early greens, Must row the boat and get the bait, And clean the fish and fix the gate.

In short, they save up chores for him And keep him sore in mind and limb; And what is worse, his day is over, They make him sleep upon the floor.

A NEW IDEA IN MEDICINE Which Accounts for the Enormous Success of DR. A. W. CHASE'S NERVE FOOD.

To tear down the diseased tissues was the old principle. To cure by building up new, healthy tissues is the new method.

Dr. A. W. Chase's Nerve Food is a splendid illustration of the new method, for it cures by increasing the quantity and quality of the blood, by creating new nerve fibres, and by overcoming weakness and disease with new vigor, new energy, and new vitality.

The time to begin using Dr. A. W. Chase's Nerve Food is when you feel nervous, or when you are losing weight and vigor, or when you are suffering from indigestion, or when you are suffering from any of the above named conditions. It is easy then to get back to normal condition by using this great restorative treatment. The blood is enriched, the nerves revitalized, new vigor and tissue is formed, and you are again the snap of new vigor as it is being filled into your system.

SIR THOS. SHAUGHNESSY MAKES INTERESTING STATEMENTS HERE

Sir Thomas Shaughnessy, president of the C. P. R., passed through the city last evening on a special train enroute to make a trip of inspection over the D. A. R. R. lines in Nova Scotia. He was accompanied by E. R. Osler, M. P. R. J. Angus and W. B. Matthews, directors of the railway.

Sir Thomas said that the C. P. R. would not have full control of the D. A. R. R. until the end of the present year. He was not prepared to say what changes would be made in the road except that it would be kept up to the C. P. R. standard. They are considering the introduction of faster Atlantic steamers, he said, and these would terminate their trips at Halifax. A C. P. R. hotel would be built in St. John, he said, if the business warrants it. The matter of a car ferry across to Digby had not been considered.

**I. G. R. SUMMER TRAINS**

Schedule in Effect on Monday  
Next—Notes of the Features

Commencing Monday, there being no I. C. R. Sunday trains out of St. John, the summer change of time on the Intercolonial Railway will go into effect, and it will be well for prospective travellers by any of the trains on Monday to assure themselves regarding their departure. There ought to be no fear of anyone missing the morning express for Halifax, No. 2, which will leave at 7:10, instead of 7, as at present. There is to be no change in the departure of No. 10, the night express for Halifax.

The changes in the arrivals of trains are less extensive. No. 9 remains unchanged, and the suburban remain as at present. The Sussex train will continue to arrive at 9:00. No. 133 express, the connection with the Maritime express from Montreal and Quebec, will arrive at 10:40. The Maritime express for Halifax will pass through Moncton early in the morning. No. 25 express, which connects at Moncton with the Ocean Limited from Halifax, and with the day express from Campbellton, will continue to arrive at 12:20. No. 4 express for Point du Chene will leave at 11:20 and will, as usual, carry the through sleeping car for Moncton, which will be attached to the Ocean Limited at Moncton. No. 29 express, locally known as

**The Evening Chit-Chat**  
By RUTH CAMERON

ARE you one of those people who think that vices and virtues, or what commonly go by those names, are north and south poles? Because they aren't. You may as well say you can put all the vices in one box and label them "vices," and all the virtues in another and label them "virtues," and set them side by side and that they will never jump over into each other's compartments. But they will.

We have as great a person as Goldsmith's authority for a character, "even whose failings lent to virtue's aid."

And we all know an usefulness that is so extreme as to be selfish in its appropriation of all the self-abnegation in sight.

And there is also a less popularly recognized example, in the sympathy that is so exaggerated that it is decidedly more a vice than a virtue.

Which is what I started to talk about.

It is this "sympathy" that starts and circulates and signs petitions to commute the life sentence of the convicted murderer.

There is in a Massachusetts prison a man named Jesse Pomeroy who is undoubtedly the worst type of degenerate. While hardly more than a child himself, he carried two children away from their homes and cruelly tortured and mutilated them.

He was put in prison, but before long was released through the efforts of a "sympathetic" woman—I am sorry to admit it is more apt to be a woman who runs the virtue than the vice. This time, being mutilating and torturing several more children, he killed three.

He has been put back into prison, sentenced for life. That his abnormal instincts still exist was pleasantly shown recently when a cat as a comrade and pet in his solitude was granted, and he tortured the animal to death at the first opportunity. And yet every now and then some sympathetic person starts a movement to get his sentence commuted.

It is this "sympathy" that calls justice cruel when the good of all demands that some man should be made an example of.

It is this sympathy that completely spares the modern substitutes for the rod—and thereby completely spoils the child.

It is this "sympathy" that refuses to step on the worm that destroys the beautiful rose and vegetable.

Real genuine sympathy is about the most beautiful quality a man or woman can have, but this sloppy, mushy, short-sighted, indiscriminate emotion that dares to call itself by the name isn't sympathy.

How can it be anything good when it places a little present suffering above much future happiness?

How can it be anything good when it places the welfare of a single individual above the welfare of the community?

It's just plain hysterical sentimentality.

And if, wherever you meet that it will characterize it by that name, and treat it as such, and avoid it as a contagious disease, you may put yourself on the back for having helped to discredit a very discreditable impostor.

**Daily Hints for the Cook**

**MEAT PIE.**  
Buy two or three pounds of the cheap cut of meat mixed with fat. Have it cut in thin slices, cut into small pieces, season with pepper and salt and roll in flour. Roll up and lay in deep basin, sprinkle more flour after dish is filled. Put cold water in until meat is well covered. Cover with old plate and bake in a moderate oven four or five hours. Be sure to add water if needed so there will be plenty of gravy. Cover with pastry when cooked enough. Can be eaten hot or cold.

**STEAMED BROWN BREAD.**  
One cup white flour, 2 cups graham, 2 teaspoons soda in 1 cup sour milk, 3/4 cup hot water, 1 teaspoonful salt, 1/2 cup hot water. Steam four hours. I steam mine all day. Have it hot Saturday night with beans.

**OMELETTE.**  
Three eggs, yolks beaten to a cream and whites beaten stiff. Add level teaspoon flour to yolks and pinch of salt. Mix in whites lightly. Heat pan, grease with butter and turn in eggs. When well risen set in oven to brown on top. Can be spread over preserves or minced ham sprinkled on top.

**DELICIOUS HASH.**  
Use corned beef or boiled beef and potatoes, the quantity of potatoes being larger than that of meat. If you care for onions, use them. Heat pan, grease with butter and fry pan put a generous piece of butter and your meat, potato and onion, mixed well together. Four omelette mix with potatoes well. Don't fear getting too much as it soon cooks away, and the longer you cook the better. Oil of course season to taste.

**CANADIAN NEWS NOTES**

**Burgess Acquitted at Truro—Nova Scotia Railway Planned**

Truro, N. S., June 16—Developments in the famous Canadian Express Company robbery at Truro a year ago, when nearly \$90,000 was stolen, are being reported in broad daylight, took an unexpected turn this evening when the jury returned a verdict of "not guilty" in favor of William J. Burgess, the clerk in the express office at the time, and who was accused of participation in the crime.

Halifax, N. S., June 16—It looks as if the construction of the railway to the east of Halifax from Dartmouth to Gray's Cove about 120 miles, and from New Glasgow to Country Harbor, is within measurable distance. A company has been organized for the purpose and a charter is issued. It is understood that a contract will be signed in a few days.

Montreal, June 16—(Special)—Lieut.-Col. Robertson, former commander of the Royal Scots, died here tonight, aged fifty-five years. He was commander of the Hsley team in 1894.

**BABY MURDERED; THERE IS NO CLUE**

"We, the jury empaneled to inquire into the death of a young born woman white male child found dead at the foot of St. James street, on Courtney Bay flats, on the 11th day of June, in the city and county of St. John, find that it came to its death by being foully murdered by a person or persons unknown."

This verdict was returned at the inquest conducted by Coroner D. E. Berryman last night. The coroner characterized the case as one of the worst in his experience. T. P. Ferris, Mrs. L. Phillips, Police-man Lucas, and Dr. Wm. Warwick gave evidence. The medical testimony showed the body mutilated with a fairly sharp instrument and also that there were cuts, apparently made with a knife.

Captain Traband, of the schooner Bay Queen, lying in York Point slip broke his arm last night while at work on the boat. Dr. D. E. Berryman attended him.

Ald. Willet submitted a resolution that a committee of five be appointed for the consideration and furtherance of the matter, and to report back to the board on July 1, in time for the next meeting of the council. He named the mayor, Ald. Elkin, Lively, Baxter and Vanwart as the committee.

Ald. Baxter opposed the motion as did Ald. Sprout and Potts. Ald. Baxter moved in amendment that there was evidence that the board should not further consider the matter until the C. P. R. had asked for the transportation. This did seem to meet with approval and he withdrew his amendment with the understanding that the committee should only consider the matter and not "further" it. The resolution carried in this form and the committee chosen was as follows: Ald. Baxter, Christie, Elkin, Lively and McGoldrick, with the mayor and recorder.

Bonds for the Hassam Paving Co., were referred to the recorder to see that they were properly drawn up.

The St. John District Lodge L. O. A., last evening paid a fraternal visit to York Lodge No. 3, after their regular meeting. A very pleasant evening was spent and speeches were made by the following: Charles M. Lingley, D. M. Mr. Rogers, chaplain, Neil J. Morrison, grand secretary, Messrs. White, Stevens and Hemminger and George Chantrelain, Messrs. Gray and Hazlewood gave a violin and piano duet, and refreshments were served at the close. Four candidates were initiated.

**Encouraging Reports Submitted to the Methodist Conference at Sackville Yesterday Afternoon—Great Advance at Mt. Allison**

Sackville, June 16—The fourth session of the Methodist conference convened at 2 o'clock, Dr. Sprague in the chair. Rev. J. W. McConnell submitted the report of the board of trustees. The total receipts were \$390.89; total expenditures, \$506.96, leaving a balance of \$153.

Rev. C. W. Hamilton, of Salisbury, submitted the report on temperance, prohibition and moral reforms committee. The receipts from the various districts were as follows: St. John, \$131.00; Fredericton, \$90.25; Woodstock, \$37.37; Chatham, \$28.05; Sackville, \$82.50; St. Stephen, \$37.25; Charlottetown, \$48; Summerside, \$33.50; total, \$453.47.

Rev. T. Albert Moore spoke on the Lord's Day Alliance work, and Rev. J. W. Allison on temperance and moral reform. A vote of thanks to each was passed.

The greetings of the Nova Scotia conference were received. The educational anniversary was held at 3 o'clock, Dr. Inch in the chair. Rev. W. G. Watson submitted the report of the educational fund, the receipts from districts were as follows: St. John, \$44.63; Fredericton, \$29.20; Woodstock, \$118.44; Chatham, \$103; Sackville, \$425.98; St. Stephen, \$68.35; Charlottetown, \$29.28; Summerside, \$126; total for the year, \$1,767. The total for the previous year was \$1,712.33, an increase of \$54.73.

The children's fund committee reported through Rev. James Crisp.

Rev. Dr. Graham, general educational secretary, gave a particularly strong and stirring address. There had been unprecedented progress, he said, in educational work during the last quadrennium. The income had grown from \$30,000 the first year of the quadrennium to over \$60,000 during the past year; \$117,000 had been raised in preceding quadrennium and \$186,000 in this quadrennium, an increase of 60 per cent. In the preceding quadrennium there were 480 probationers, in last 1904, \$9,000 had been paid in fees for probationers in preceding, and in last quadrennium, \$26,400. These figures, the speaker said, gave some idea of what was being done along educational lines.

Dr. Graham referred to the idea of summer supply, whereby students, studying for the ministry, were given work during the summer months. This scheme had been carried out in a small way, and he urged the old method of making loans to probationers. The first year the scheme was tried 107 students were given work earning \$7,925; the second year 143, earning \$11,902; third year 170, earning \$15,878. He is a cure, the speaker said, and by far the best method is to give the boys a chance to work for Jesus Christ and pay their way at college as well.

Dr. Allison, under whom many of the members of the conference were trained at Mount Allison, followed Dr. Graham in a short speech.

Principal Palmer, of the Academy, was heard in an effective address. He told of the progress of the academy during the past few years, and pointed out that thirty-six additional students had been admitted in the present year, and that the academy residence three years ago, were all in use last year, so great has been the increase in attendance. He said that now near at hand, he said, when more class room and residential accommodation will be necessary. Last year the total enrollment in the academy classes was 170, as against 148 in the previous year. The number of university matriculants was 21, as against 18 in 1909, and the number of graduates of commercial college was 47, this spring as compared with 34 in the previous year. He also alluded to a report that the debt of the institution has been decreased considerably.

There is an evangelistic service, led by Rev. James Strothard, was held.

**JOSEPH MURPHY SAFE IN MONTREAL**

In reference to the despatch in last evening's papers that Joseph Murphy, second son of Mrs. Ellen Murphy, of Charlton, and brother of Hugh P. Murphy, had been killed in the disaster to the Montreal Herald building, The Telegraph last night received the following additional despatch:

Joseph Murphy did not perish in the disaster. He is employed with the Dominion Transport Company, a cartage concern, and was working today.

The news of Mr. Murphy's safety will be the cause of relief among his friends in this city.

**OFFICIALS OF WIRELESS COMPANY ARRESTED**

New York, June 16—United States officials raided the handsome Broadway offices of the United Wireless Telegraph Company yesterday and caused the arrest of Christopher Wilson, president of the company; Samuel S. Bogart, first vice-president, and William W. Tompkins, president of the New York Selling Agency, which officers of the wireless company say was formerly their fiscal agent, but has ceased to represent them.

Chief Inspector Mayer subsequently gave out a long formal statement in which he charged that, although the company has been running at a loss, the price of its shares has been advanced by manipulation of the financial values and that the officers of the company have sold out their stock to the general public at a profit estimated in one instance at \$100,000 and \$100,000, with other instances in proportion.

The case of Edmundson vs. Allen, appealed from York County Court, was also heard. J. D. Phinney, K. C., in support of the appeal, made objection to the judge's charge, contending that it would tend to improperly influence the jury. R. B. Hanson, contra. Court consents.

There are three more cases on the docket.

G. G. Hartley, of Dalnuth, who, with his wife, left tonight by I. C. R. for Gloucester county, where he is interested in iron deposits. Mr. Hartley's partner, it is understood, is at present in Gloucester county and will be met there by Mr. Hartley. A mining engineer in the employ of these gentlemen has been prospecting in Gloucester iron fields since the first of the year. Immediately after his arrival in Fredericton on Wednesday, Mr. Hartley repaired to Shogomoc, and visited his old home there.

**Federicton Matters**

Fredericton, N. B., June 16—In the supreme court today the case of Manzer Gibson vs. The Toronto Construction Company, was completed; T. J. Carter for the plaintiff, arguing that there was evidence that C. H. Ferguson, with whom the plaintiff negotiated for the sale of the lumber, was an agent of the defendant company. F. R. Carvell was heard in reply. Court consents.

**D'ISRAELI ASBESTOS DIFFERENCES ADJUSTED**

A new board of directors was elected yesterday at a meeting of the D'Israeli Asbestos Co., and the trouble smoothed over.

In the agreement, as drawn up by Mr. Hamilton, the Quebec directors consented to make a refund of the \$9,000 shares which they were charged with taking from the treasury and in return, the Nova Scotia shareholders yielded 20,000 of these shares to the Quebec men.

All expenditure at D'Israeli was ordered stopped until a personal examination of the books and a report made to the shareholders. A. P. MacIntyre was appointed to make an audit of the books and file a statement. It was also decided to provide that five of the directors should constitute a quorum instead of two. The following directors were chosen unanimously to manage the affairs of the company in their stead: Sidney Wood, L. D. Morton, A. H. Marquis, T. Sherman Peters, J. C. Beckwith, L. A. Coderre, S. A. Warrell, F. Campbell, Rex Gagnon.

At a private meeting of the directors, Sidney Wood was chosen president and L. A. Coderre vice-president. The control of all financial matters was left in the hands of President Wood from now up to August 2, when the adjourned meeting will be held.

**NEW SCALE WILLIAMS**

The Peerless Sembrich

—who received \$60,000, a year in New York alone—who was the "star" of all the stars of the Metropolitan Grand Opera Co.—and who has just retired at the pinnacle of her artistic career—selected THE NEW SCALE WILLIAMS PIANO for her Canadian tour.

Madame Sembrich, of course, had her choice of the world's finest instruments. The fact that her preference was the NEW SCALE WILLIAMS shows the esteem in which this marvelous piano is held by the premier artist.

The beautiful piano—which blends so exquisitely with the singing voice—is equally delightful in the home as well as on the concert stage.

Hamstead, N. B., Nov. 4, 1909.  
"I wish to thank you for the New Scale Williams Concert Grand Piano which you are furnishing for my concerts in Canada."  
"It gives me pleasure to tell you that I find the tone beautiful and of splendid power and carrying quality."  
Sincerely yours,  
MARCELLA SEMBRICH.

The New Scale Williams is made both in the Grand and Upright styles—in many superb designs.  
Our catalogue shows them. Write for a copy.

SPOILED HIS HARD HAT BY STRIKING AWNING

Editor Times-Star:—While passing along Mill street last evening on my way home from the office, I ran violently into an awning bracket which had torn away from a building and was a grave danger to the public, especially that part nearly six feet tall. I spoiled a new hard hat in my collision with the bracket, and I think it would be only fair if the awnings throughout the whole town were adjusted to the proper height, if there is a standard given in the city by-laws. INDIGNANT CITIZEN.

SUDDEN DEATH OF JAS. DILLON

Stricken in Depot Just After Returning From His Brothers Summer Home in Nauwigewauk

All who heard the sad news were shocked this morning at the sudden death of James Dillon, one of the best known residents of this city. His death occurred at 6.15 in the Union depot, after he had come from the summer home of his brother, Thos. E. Dillon, in Nauwigewauk, where he had gone on Wednesday in the hope of improving his health. Death was due to heart trouble. Mr. Dillon had just stepped off the train when it reached the depot, when he complained of feeling poorly. He was seen to stagger as he went across the track to go into the baggage room. Those about feared death death was at hand and a priest and doctor were hurriedly summoned. Rev. Wm. Duke arrived in time to administer the last rites of the church to the dying man. Soon after Mr. Dillon passed away. Coroner D. E. Berryman viewed the body and gave permission for removal.

Mr. Dillon was fifty years of age. Up to a little while ago, he was in the Maple Leaf Tea Company in Germain street, and previous to that had been in business for himself, after a partnership between him and T. Collins was dissolved six years ago. He is survived by his father, Patrick Dillon, three brothers, and three sisters. The brothers are: John, Thomas E. and Joseph, and the sisters are Mrs. T. Collins, Mrs. John McGrath, and Miss Alice Dillon, all of this city.

TRYING TO SHIELD DYKEMAN; WOMAN REPORTED TO COURT

Mrs. Stackhouse Draws Comment From Bench in Carleton Case—Prisoner is Remanded

The case against Frank Dykeman charged with breaking glass in the store of Mrs. Stackhouse, Prince street, West Side, and also wandering about without giving a satisfactory account of himself, was dealt with this morning in the police court. The evidence of Mrs. Stackhouse was taken, and E. S. Ritchie appeared for Dykeman.

Mrs. Stackhouse said she was informed of the breaking of glass and on going to the shop found some boxes of chocolates scattered about the candy counter. Policeman Lee produced some confectionery, which he had taken from the defendant. The woman could not identify it as hers, although she said that it was similar to what had been in her store. His Honor she seemed uncertain as to whether or not they were hers, and did not allow a stick of yellow candy, which was wrapped in a paper. Policeman Lee, saw it and she said to him that it was identical with that she had in her store.

His Honor said that though she was the prosecutor in the case, she had tried hard to shield the defendant, and he commented on her being reluctant to testify.

ALBERT COUNTY WOMAN IS HEAD OF BOSTON DENTAL HOSPITAL

A recent despatch from Boston told of the founding of a dental hospital there for the free treatment of the boys and girls of the crowded west end district. The institution is in charge of Dr. Alice Steeves, a former New Brunswick girl, who has made a name for herself in the dental profession of the United States.

Dr. Steeves was born and educated in Coverdale, Albert county, and graduated as a nurse from the Massachusetts General Hospital, about twelve or fifteen years ago. She then took up the study of dentistry and was for a time clinical instructor in dentistry in the University of Chicago.

She undertook her present work in Boston about a year ago, when the free dental hospital was founded through the generosity of a philanthropic person. Her work among the 'children' has been very successful and she has been very highly commended.

Mrs. J. Grover Watts, of this city, is a sister of Dr. Steeves.
