SAYS HE WAS HIRED TO BEAT "SCABS"

Chicago Tough Testifies Against Union Officials

Sluggers and Gunmen in Chicago So Plentiful That \$50 Would Hire One—Names Two Officials as Having Paid Him.

Chicago, April 29—Sluggers and gunmen were so plentiful in Chicago that they could be hired at any time for \$50 each, so "Sam" Fischer testified at the trial of fourteen members of the Upshotters' Union, for acts of violence during a strike from August, 1919, to April, 1920.

He named two of the men who are now on trial—Edwin E. Graves, international vice president of the union, and Roy Hill, business agent of the Chicago local, as the persons who had paid him and assistant sluggers for their operations.

"You could hear his skull pop half a block away," said Fischer in telling how a non-union man had been blackjacked close to his home.

"After we'd knocked him down," he said, in speaking of one victim, "we kicked him on the head a couple of times and rapped him over the knuckles with a blackjack so he would not be able to work."

"We want to make this guy an object lesson. Fix him right," he testified. "Get anybody who comes out of a shop," was the order Fischer said that Graves gave him just after the international vice president came to Chicago to direct the strike.

"Did you comply with the order?" he was asked. "You bet we did," he said. "We stood at the door and waited till we spotted our man. Then we followed him until we could get him in a good place."

ARRESTED HERE ON WIFE'S CHARGE

Warrant Charges Desertion and Also a Second Marriage.

Fredericton, N. B., April 29—Charles Ralston of North Devon, has been arrested at St. John on a warrant sworn out by his wife, who resides at Avon. She charged that he deserted her and that he has been guilty of bigamy.

Chief of Police Finlay went to St. John this morning to bring Ralston back to this city.

The information given by Mrs. Ralston was that he had been married to a young woman residing in Kent, Eng.

Following her husband's return, she told the police they had lived together but a short time. He had ill-treated her, she said, and had left her after living at home only a week.

Mrs. Ralston was a daughter of Thomas Harris of Decon. She has with her one child.

TEAM WELCOMED

Y. M. C. I. Bowlers Home From Fredericton, Bringing Back the Pin.

The Y. M. C. I. bowling team, consisting of Archie McDonald, James McCurdy, Maurice Garvin, Noel Jenkins, Archie Copp, Joseph Harrington, Frank Smith and William Steneck, arrived home today from Fredericton where they won the tournament and the silver pin emblematic of the championship of New Brunswick and Eastern Maine.

Members of Black's alley team also returned home as well as Ernest Starkey, who was so loquacious during the first half hour registered at the St. John bowlers that he could hardly speak. He said: "We had a hard time winning that pin and believe me, France at the London conference. It all came with Houlton. The boys were nearly all in and the Maine team made a strong finish."

Y. M. C. A. Veterans' and Amherst teams have also returned.

WHERE MORE THAN A MILLION MINERS QUIT WORK

The map taken from the New York Evening Post, shows in black the scattered coal districts of Great Britain.

Ultimatum First Said To Be Lloyd George's Decision

Certain Period of Delay Before Occupation of Ruhr District—France, Belgium and Britain Declared Agreed on General Principle—Allied Council Tomorrow.

Paris, April 29—Prime Minister Lloyd George of Great Britain would consent to the occupation of the Ruhr district of Germany only after an ultimatum, granting a certain amount of delay had been sent to Germany, says the London correspondent of the Matin.

It is declared he took this attitude in order to "appease those inclined against penalties."

SOME DAYS YET BEFORE TROOPS MOVE.

London, April 29—French occupation of the Ruhr region of Germany, it appears will not begin so soon as was expected early this week. Details of the plans formulated by Marshal Foch and his subordinates will be discussed tomorrow by the Supreme Allied Council, but it appeared probable here today that the march into Germany's richest coal and industrial region, if ordered, would not be initiated until late next week.

Advices from Berlin have reflected a readiness on the part of the German government to make new proposals in place of those sent to Washington for possible dispatch to the Allies, conditioned upon suggestions to that effect reaching Berlin from Washington, but nothing to indicate a decision along these lines by the U. S. government had, so far as known, reached London this morning.

As matters stood today, the subjects to be considered at tomorrow's meeting will be details of the French plans for an invasion of the Ruhr district, and the delineation of the frontier between Poland and Germany in Upper Silesia.

France, Belgium and Great Britain appeared today to be united in opposition to acceptance of the German proposals as a basis of discussion or new negotiations. Italy's viewpoint has not been learned. It was believed an official invitation to send a representative to the meeting of the supreme council had been sent to the United States.

In Berlin.

Berlin, April 29—Addressing the Reichstag yesterday, Dr. Walter Simons said: "An understanding with France on reparations appears almost impossible, but I have not yet abandoned hope that negotiations will ensue, based on our proposals." He declared that any violent partitioning of Upper Silesia would reopen the whole eastern question. Negotiations with the Soviet government were progressing, he added, and Germany must look eastward.

FRANCE STRONG FOR "DIRECT ACTION"

Paris, April 29—Premier Briand left for London early to attend a meeting of the supreme council on Saturday. He will appear before that body with the support of the French parliament, public and press, which is unanimous in demanding "direct action" in enforcing penalties against Germany in default of her payment of reparations.

The cabinet council met yesterday and reached a final decision on the attitude to be taken by the representatives of France at the London conference. It also finished consideration of measures to be taken for the occupation of the Ruhr region.

As soon as the supreme council reaches a decision," said the Eclair today, "which probably will be Sunday or Monday, the French government will take the necessary steps to mobilize part of the class of 1921, who are understood, will be replaced soon by recruits from the class of 1920, who are now being trained. Organization of various economic services, as well as food supplies must be undertaken, for it is not impossible the Berlin government will cut itself off from inhabitants of the newly occupied zone. These matters will require a few days, but the advance into the Ruhr region will be completed within two weeks after the decision in London."

London.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "if I may judge from the way some blades of grass in vacant spaces along Chatterbury street have lengthened in the last three days, you will begin having about the first of June."

"Aint it great," said Hiram. "I never seen the like. An' here it aint the first o' May yet. We'll be good pasture for the cattle early this year—an' early ploughin' an' seedin'. You orto about the garden these days."

"And yet," said the reporter, "we may have snow before the first week of May is over—and rain all through the month. You never can tell."

"Say, Mister Man," said Hiram, "don't you go hangin' 'round yit. If thee's the man that's alius fergittin' the blessin', he's got today an' sheddin' tears over what might come tomorrow. I've just been enjoyin' every blessed minute o' these here July days that dropped down in April, an' you can't make me lose one o' 'em by pullin' a long face about what might happen next week—no, sir."

OSMOND GRATTAN-ESMONDE

He was refused admission into Australia, and was arrested in Vancouver on charges of uttering defamatory remarks. He is on bail pending disposal of his case.

Noted Holstein Bull Dead.

Brookville, Ont., April 29—A famous Holstein bull, which A. C. Hardy, proprietor of Avondale Stock Farm, here, sold four years ago at an auction in Milwaukee, Wis., to a representative of the Carnation Cream, in Seattle, Wash., for \$100,000, is dead.

The animal was only six months old at the time of the sale, and the price paid for it has never been equalled on the North American continent. The bull died from poisoning, caused by licking an injured knee, which was being treated.

He is adviser to the president of China, and also statistician of the Chinese government. After a man's visit in Canada and the United States, which he is now making, he will proceed to Geneva for the League of Nations meeting, with Dr. Wang, Chief Justice and a delegate from China.

Born in Pekin, of English parents, he has been intimately connected with life in China for twenty-five years.

Mrs. Perry Sent Up To The Higher Court

Yarmouth Magistrate Considers There is Sufficient Evidence, Entirely Circumstantial, to Have Her Case go to Grand Jury—Ross Remanded Till Monday—Comment on Some Newspaper Reports.

Yarmouth, N. S., April 29—Stipendiary Magistrate Charles S. Pelton this morning committed Mrs. Clara Elizabeth Perry for trial next June on a charge of murdering her husband, Captain George H. Perry, at his home on the night of Feb. 26.

Manfred Ross, fiancé of Mrs. Perry's daughter, Eleanor, on the charge that "he, knowing that Clara Elizabeth Perry had committed such crime, did comfort and assist her in escaping justice," was remanded until Monday.

DECISION OF MAGISTRATE

The text of the decision rendered by the magistrate is as follows: "The King vs. Elizabeth Perry, decision of stipendiary magistrate on preliminary examination:

"After carefully perusing the depositions of the witnesses taken before me on this preliminary examination and cases submitted by the learned counsel for both crown and accused, I have come to the conclusion that it is my duty to commit the accused for trial. I do not consider it my duty, and feel that it would be improper for me as a magistrate to make any comment on the evidence adduced, except to say that I am doubtful in my own mind as to whether or not some of the evidence tendered is admissible. This, however, is a matter for the trial judge to pass upon, and I think there is sufficient evidence, altogether circumstantial, to send the accused before the grand jury for its action."

"I wish to express my regret that some of the newspapers of the province have been fit to publish columns of reports in connection with the case which were largely idle gossip and hearsay evidence. All these things are, of course, inadmissible as evidence in a British court of justice, but a tremendous amount of harm may be done to an accused person, however innocent (and is presumed to be innocent until convicted and found guilty), by the publication of such stories."

"I do not remember in my connection with magisterial work of ever before having seen, in this province, a case where an accused person was commended in the eyes of the public by the publication of evidence taken before a coroner's jury, purely circumstantial and a large part of it inadmissible, and I would respectfully suggest to the proper authorities that something should be done in the way of explanation, if necessary, to prevent a recurrence of this kind of influencing the minds of a jury which has to decide a question of life or death, where the case is properly placed before it."

"I commit the case, Clara Elizabeth Perry, for trial."

CHAS. S. PELTON, "Stipendiary Magistrate."

Mrs. Perry, after stipendiary Pelton completed the decision, held a brief consultation with her solicitor, B. W. E. Landry. Action was then taken to bind over the witnesses for the trial, which will be held in June. Ross' case will be continued on Monday morning, when several more witnesses are to be heard.

QUEBEC SALOONS IN QUEBEC MONDAY

Quebec, April 29—(Canadian Press)—Because the Scott Act is still in force, the city of Quebec will be closed on Monday. This was announced last night.

The Quebec liquor commission, although having no authority to order the closing of the saloons, advised Mr. De Saint-Victor, who is the administrator of the Scott Act in Quebec, to close all saloons on Monday, and the latter said that he would comply.

THE MILLS. Fredericton, N. B., April 29—Another local lumber mill will start operating on the ten hour day basis next Tuesday, announcement being made today that Stanley Dugglass, Ltd., would commence at South Devon at that time.

It was also said that some additional men who have been on strike had been taken on at the Fraser Companies, Ltd., Victoria mills today. The Elwood Burt Company's mills at Cardigan is operating on the ten hour day.

UTTER DRYNESS IN CENTRAL EUROPE

A picture of the result of the dryness which now prevails in Central Europe where rain has not fallen for many months. Lake Morat, in Switzerland, for the first time in history is so dry that the remains of villages built in prehistoric days, by the men of the stone age, are in sight. There are thousands of the piles upon which the houses rested, in plain view, and they are well preserved.

EARL OF DERBY AS PREMIER'S ENVOY

Renewed Negotiations in Few Days With Sinn Fein

May Have Talk With De Valera—Business Houses in Listowel Destroyed in Reprisal—Writ Served on General Macraedy.

London, April 29—Conversations between the Earl of Derby and Irish Sinn Fein representatives will be resumed in a few days when the Earl returns to the island, said the London Times today.

He will take no written proposals from the British government, but the papers, said, will be empowered to speak as Premier Lloyd George's accredited envoy.

The Earl had another long interview with Lloyd George yesterday. It is understood the object of his mission to Ireland is generally to prepare a way to a truce, during which it will be possible for the elections in Southern Ireland to be held in perfect freedom. There have been many rumors regarding the terms the government will offer, the newspaper declared, but nothing has developed that has given a clear outline of the conditions to be imposed.

It is asserted by the Daily Mail that arrangements have been made for the Earl of Derby to have a personal conversation with Eamon De Valera.

Dublin, April 29—The military authorities in destroying four business premises at Listowel in official reprisals for the murder of Sir Arthur Vickers, ex Ulster King of Arms, has issued a proclamation which is quoted by the Listowel correspondent of the Freeman's Journal, as declaring:

"For any outrages in the future against the lives or property of loyal officials, reprisals will be taken against selected persons known to have rebel sympathies, although the fact of the implication has not been proved."

Dublin, April 29—In the case of Patrick Rossney and Thomas Mulcahy, executed at Cork yesterday, it is ascertained that a writ was issued by the Dublin chancery division yesterday, and served on Major Gen. Sir Nevill Macraedy, commander of the troops in Ireland, through Col. Warrington, who accepted service, asking for a declaration that the order of the military court imposing the death sentence was illegal and non-operative and also asking for an injunction restraining the defendants from carrying the sentence into effect.

The defendants in the case were Gen. Macraedy, Major Gen. Sir Nevill Macraedy, general and Col. Vandeleur.

SCHR. BONA H. A TOTAL LOSS

Nova Scotia Vessel Wrecked and Crew Landed at Havana.

(Special to The Times) Parrisboro, N. S., April 29—A cable received today from Havana states that the tern schooner Bona H. was wrecked and is a total loss. The crew landed at Havana. No particulars were given as to the cause of the wreck. The schooner was bound from Kingston Jamaica to Keywest for orders.

She was built at Hartsville 1919, was 415 tons register and hulls from this port. Captain F. Knowlton of Advocate was master and G. B. Hatfield of Portgreville managing officer. The schooner was partially insured.

SIR ED. CARSON AS LORD OF APPEAL

London, April 29—"Sir Edward Carson, who recently retired from the leadership of the Ulster Unionist party, has accepted the post of Lord of Appeal, according to the Daily Mail. He succeeds the late Lord Moulton."

TO ERECT STATUE OF CARDINAL TASCHEREAU

Quebec, April 29—(Canadian Press)—The provincial government has decided to place a third statue on the frontage of the parliament building, with that of Lafontaine and Baldwin, which are now being completed.

The monument of His Eminence Cardinal Taschereau, the first Canadian cardinal, and uncle of the present premier, was chosen. It will be made by John Baillet, a local sculptor, who will leave for France at the end of June to complete a study of the work.

ST. JOHN BOYS PASS THE EXAMS IN WIRELESS

Halifax, N. S., April 28.—Two St. John boys are the only two candidates who have successfully passed the 5.5 kilowatt wireless examination at the naval department headquarters for eastern Canada at Halifax. Albert Parsons and Roy Taylor both left St. John last fall to attend the wireless department of the Canadian School of Telegraphy. They not only obtained their first-class commercial wireless operator's license, but also achieved fame in that they are the only two operators who have ever passed this examination, which is the most difficult given by the Canadian government naval department at this headquarters.

BUTTER PRICE AWAY DOWN IN MONTREAL

Montreal, April 29—Prices of butter yesterday dropped from 10 to 13 cents a pound as compared with last Monday. This was due to much larger shipments from local points and also that June creamery was offering today in agricultural at 40 cents a pound f. o. b.

As in instance, at the Quebec agricultural co-operative society at the board of trade yesterday's creamery restructured, sold at 41.84 cents a pound, finest creamery at 40.84 cents and creamery fine at 39 cents.

On April 26, 1920, finest creamery sold at 68.4 and fine at 62.

Ottawa, April 29—Local dairy companies last night announced that the retail price of butter would be reduced from sixty to fifty cents a pound taking effect today.

653 SHIPS TIED UP.

A total of 653 steel vessels belonging to the United States Shipping Board, having a total deadweight tonnage of 4,279,581, have now been tied up or dered withdrawn from service by the board. The initial cost of these vessels was in excess of two billion dollars. With records of slight improvement in various trades, it was hoped last month that the worst of the depression was over and that the number of idle vessels would not greatly exceed 600. When its managing

agents proved unable to find cargoes for the ships allocated to them the shipping board had no recourse but to lay up the vessels. No effort has been made to disguise the fact that those ships which have been kept in operation during the last three or four months have generally sustained heavy losses.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, APRIL 29, 1921

The Evening Times and Star

ST. JOHN, N. B., APRIL 29, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act. Telephone—Private exchange connecting all departments, Main 2417. Subscription Prices—Delivered by carrier, \$4.00 per year; by mail, \$3.00 per year in Canada. By mail to United States \$5.00 per year. The Times has the largest circulation in the Maritime Provinces. Special Advertising Representatives—NEW YORK, Frank R. Northrup, 363 Fifth Ave.—Chicago, E. J. Power, Manager, Association Bldg. The Audit Bureau of Circulation audits the circulation of The Evening Times.

THE MANUFACTURERS.

Serious problems were discussed in a serious but by no means pessimistic vein by the speakers at the manufacturers' dinner last evening. While they spoke of the problems of manufacturers in general at the present time, they dealt chiefly with the situation as it affects those engaged in industry in the maritime provinces. That situation is serious enough, because of the unfair freight rates which place them at so great a disadvantage. It was plainly asserted that unless relief is granted some of our industries would go to the wall, because the local market is too small, and even in it they must meet the keen competition of Ontario and Quebec products. The people of the prairie provinces and British Columbia have been granted some relief in the matter of freight rates, and unless the lower provinces can get a better recognition of the pledges of confederation their industries must suffer very severely. If it is said that we should strive to get more people and so have a larger local market the obvious answer is that here also we are under a disadvantage in comparison with the west, which gets most of the publicity and much more attention from Ottawa.

Mr. Angus McLean sees one way of improving conditions, and that is by building up an export trade. For this we are admirably situated, but his suggestion involves the investment of a larger capital than may be easily available, and such a study of foreign markets and their requirements as has not yet been attempted by our people. However, the suggestion is worthy of the most serious consideration, for we undoubtedly have the raw materials and the exceptionally favorable maritime position. There is also great force in Mr. Ganong's remark about the intelligence of the workpeople of these provinces, making possible the production of goods that take a leading place for quality in any market.

The problem of our industries is not one that is easy of solution, and it is fortunate that there is a live branch of the C. M. A. in this part of Canada, to study the situation constantly and seek ways of enlarging the markets. The co-operation which was urged by several speakers last evening is absolutely essential, and the instances given to show how the C. M. A. is able, through its fine organization and close study and clear knowledge of conditions at home and abroad, to serve the interests of its members, illustrates the value of such a co-operative agency. Mr. J. E. Walsh gave a very lucid explanation of the character, aims and service of the association, and pointed out that its machinery is as available to the smallest member as to the one who represents a great industrial concern. There never was a time when it could do better service than now, when the need of an enlarged export trade is so great.

The gospel of work was effectively preached by Mayor Schofield, Mr. Ganong and Mr. W. S. Fisher last evening. Whatever may be done to find markets, the problem of production is bound up with the human element and the man's attitude toward his job—not merely the workman but the directing head, the chief of staff and every individual connected with the industry. If we are to produce more from the soil, the forest, the sea, the mine and the factory, it will be through individual faithfulness to the task assigned, and the co-operation which gets results in a large way.

The people at large in these provinces, knowing personally the men who are at the head of our industrial enterprises, are behind them in their endeavor to get a square deal and a fair field in the markets of Canada, for if we are to progress in these provinces it must be through a considerable extent along industrial lines. Hon. Dr. Robertson, in measured words, expressed what is in the minds of many when he said that if these provinces are not given fair play it will be for the people to sit down together and ask what they gain from having borne their share of the burdens of confederation all these years, and what the next step should be. His demand for a better recognition of St. John and Halifax as the winter front door of Canada was unanswerable in any other way than by the federal government giving such recognition, in order that all parts of the country may progress together.

St. John for the next year will have a special interest in the Canadian Manufacturers' Association and in the Maritime Branch, for Mr. W. S. Fisher will be president of the one and Mr. L. W. Simms chairman of the other. These gentlemen and the association are alike to be congratulated on the selection.

Reference was made at last night's dinner of the manufacturers to the large imports from the United States. A Washington dispatch today shows that in the last nine months these were only valued at \$481,900,000, as compared with \$809,600,000 in the corresponding period of the previous year. The exports from Canada to the States in the same period fell off only about \$10,000,000.

A drop of ten to thirteen cents per pound on butter in a week in Montreal should result in lower prices in St. John. A price of thirty cents per pound in Chicago is significant.

NO GROUND FOR ENVY.

The Ottawa Journal says:—"The Journal hopes the report which appeared in Saturday's issue of the remarkable record of the retail merchants of Ottawa during the severest period of the business depression has received the notice it deserves from Ottawa citizens. This is the record of the absence of a single failure among the 600 merchants who are members of the Ottawa Branch of the Eastern Ontario Retail Merchants' Association in the six months from November 1. During this period the newspapers and trade bulletins have reported numerous casualties among the retail traders in practically every city and sizable town in the country. The business and financial situation has been the most difficult the retail trade has had to negotiate in many years, and the failures which have resulted were almost inevitable. The success of Ottawa merchants in surviving the season of stress is very notable, therefore."

St. John has no particular reason to envy Ottawa in this regard. Only one failure of a member of the Retail Merchants' Association in this city has been recorded in the same period. It was not a large failure, and the stock was bought in by another member of the R. M. A. And St. John did not possess one important advantage to which the Journal thus refers:—"To this maintenance of business on a steadier basis than elsewhere the civil service, of course, has been a large contributing factor. The importance of the civil service is indisputable. It is Ottawa's principal industry, and unlike other industries, fortunately, it is little affected by commercial and economic conditions."

There was no civil service to make business conditions more steady in St. John, and therefore we have a right not only to pay a tribute to the prudent management of the retail business of the city but to claim that St. John is one of the really bright spots in this period of depression in Canada.

A Toronto respatch of Thursday says: "Dr. James W. Robertson, chairman of the Red Cross of Toronto executive committee, addressing the Board of Trade here today on the Health Crusade, referred to the extraordinary large number of men in Canada, as well as in Great Britain, whom the war revealed as physically unfit, and stated that a survey of the children in Toronto schools showed that 70 per cent. of them were suffering from minor defects which could be remedied by right treatment. "This is the biggest job humanity ever undertook—to look after the children and the mothers and to give them a fair chance in life," Dr. Robertson declared."

Ottawa Journal: Baron Shaughnessy finds fault with Dominion Government railway policy from A to Z. But it does not represent the large subsidies in cash and lands that the Dominion government gave to the C. P. R.; nor does the Baron dwell on mistakes made by the C. P. R. management at the outset that would have put that railway out of business but for fortunate circumstances over which it had no control. In one way and another the Canadian people have contributed vast sums of money to rectify early errors in judgment made by C. P. R. managers.

The city of Edmonton is after more taxes. An exchange says: "The municipal law committee of the Alberta legislature has endorsed Edmonton's request for permission to impose a service tax. Every person over 21 years of age residing in the city for at least three months is liable for a tax of not less than \$5 nor more than \$25, according to classifications to be fixed by the city council."

When the Archbishop of York addressed the English Baptist Union, he not only established a precedent but aroused a more general and genuine interest in the question of church union.

New York Life: "When Uncle Sam says to John Bull, 'If you will try to bear with my d—fools, I will try to bear with yours,' that's hands across the sea."

There will be serious objection to charging children for the use of the swimming pool, on the ground that they might as well be charged for using the public playgrounds.

BIRDS AS SYMBOLS.

It is a curious fact that man as a political animal, an animal organized into states, usually does take a bird of prey and not a singing-bird as his symbol. Athens took an owl, the Romans as well as later nations the eagle. The League of Nations should arrange a new set of emblems for the peoples of the world. The English lion should become a lamb, and the American eagle a willow-wren. Whether even then men will beat their swords into ploughshares we cannot now be sure.—New Statesman.

In forty-seven hours engineers moved an eight-story brick and steel building forty feet in the heart of the Pittsburgh, Penn., business section. Heating and lighting as well as other service was maintained throughout in the 4,000 ton structure and all employees remained as usual at their desks.

THE VOICE OF SPRING.

(Mrs. Hemans.)
I come, I come ye have called me long,
I come o'er the mountains with light
and song:
Ye may trace my steps o'er the wakening
earth,
By the winds which tell of the violet's
birth,
By the primrose stars in the shadowy
grass,
By the green leaves opening as I pass.

I have passed o'er the hills of the stormy
North,
And the larch has hung all his tassels
forth,
The fahar is out on the sunny sea,
And the reindeer bounds through the
pasture free,
And the pine has a fringe of softer
green,
And the moss looks bright where my
step has been.

I have sent through the wood-paths a
gleam of light,
And called out each voice of the deep-
blue sky,
From the night-bird's lay through the
lakes,
In the groves of the soft Hesperian
dime,
To the swan's wild note by the Iceland
lakes,
When the dark fir-bough into verdure
breaks.

From the streams and fountains I have
loosed the chain;
They are sweeping on to the silver
main,
They are flashing down from the moun-
tain brows,
They are hinging spray on the forest-
boughs,
They are bursting fresh from their
spray caves,
And the earth resounds with the joy of
waves.

Away from the dwellings of care-worn
men,
The waters are sparkling in wood and
glen,
Away from the chamber and dusky
hearth,
The young waves are dancing in breezy
mirth,
Their light seems thrill to the wild-wood
strains,
And youth is abroad in my green do-
mains.

IN LIGHTER VEIN.

An Unexpected Response.
In a restaurant recently a gentleman
left his wife and moments to chat
with an acquaintance at another table,
and while he was there his friend per-
suaded him to partake of some jam-
buns. Under a misapprehension, the waiter re-
moved the lamb he had eaten it,
whereupon he exclaimed:
"Goodness! Where is my lamb?"
His wife, overhearing the question
answered in a clear voice:
"Here I am, darling!"

Mr. Gaabag Jones stood on a soapbox
at the corner of the street.
A huge crowd surged around him.
Surely his heart should have been glad.
But he was dissatisfied.
He tried hard to be heard, but it was
all in vain.

Every attempt he made to speak was
interrupted by some member of his audience.
At last, stamping his foot in great
anger, he belted at the top of his
voice:
"Every time I open my mouth a silly
fool speaks!"
The crowd agreed with him entirely.

An amusing story is told of the won-
derful hitting power of Bob Fitzsimmons,
the famous boxer.
He met one man who had an idea that
Bob's punch was not such a serious
affair as it was supposed to be. The opti-
mist dashed in and bustled about the
ring for a round or two. Robert took
the slightest warning, banded his right
across. They carried the unconscious
boxer from the ring and on recovering
he looked anxiously around.
"Where man injured?" he inquired.
"Injured! What do you mean?" asked
his second.

The beaten man gazed at his friend
and said: "Why, when the roof fell in."
Bill-Posted.

Chooses His Company.
"William, wake up!" she whispered.
"Am sure I heard a burglar downstairs.
You'd better go down and see." "My
goodness, woman," he replied sleepily,
"what a low opinion you must have of
me! I'm not in the habit of hobnobbing
with burglars!"

He'll Make a Hit.
Bacon—"I see one of the National
League pitchers is going into the movies."
Egbert—"Think he'll make a hit?"
Bacon—"He sure will if they let him
throw the pie."—Yonkers Statesman.

Why They Applaud.
"You don't attach much importance
to the applause an orator receives."
"Not much," admitted Senator Sorghum.
"There is bound to be applause."
You'll expect an audience to sit
still all evening and do absolutely nothing."
—Washington Star.

Watchful Waiting.
Diner—Now, waiter, what do you mean
by keeping me waiting so long?
I've been waiting here nearly an hour.
Waiter—Lor' bless you, sir; I've been
waiting here nearly ten years.

A Delicate Hint.
Arable Bore (11:30 o'clock at night)
—When I was a boy I used to ring door
bells and run away.
Elsie Smart—And now you ring them
and stay.

Like The Old Days.
Jack—You heeche must be due to
all that homebrew you drank at Jones'
party last night.
Mac—No, no, not at all—I attribute it
to the fact that I went to sleep this
morning without removing Jones' Gold-
fish bowl I was wearing for a helmet.

LORD SHAUGHNESSY'S PROPOSITION

(Ottawa Journal)
The proposition made by the Dominion
government by Lord Shaughnessy, chair-
man of the C. P. R. board of directors is,
in brief, that the government should
turn over to the C. P. R. the 17,000 miles
of railway which the government owns,
and on a basis which would guarantee
full railway dividends forever to the C.
P. R. shareholders, any loss incurred now
or ever to be paid by the government in
addition to the dividends. Further, the
C. P. R. shareholders would keep them-
selves all their present assets outside
pure railway operation—which other
assets the C. P. R. shareholders would keep
only paying part of their business. Lord
Shaughnessy's argument for making this
proposition is that the government is
losing at present at the rate of \$80,000,-
000 a year in the operation of the Na-
tional Railways, and not likely to be
able to reduce this loss in the near
future, whereas by amalgamation of the
C. P. R. and the National Railways, a
large reduction of the annual loss can
soon be made.

For the C. P. R. shareholders the
proposition is a magnificent one. Heads,
they win tails, they win. This fact,
however, need not deter the country from
weighing in its mind the possibility of
national destitution. If the national loss
is bound to be perpetual at the rate of
\$80,000,000 a year by continuance of the
present national system, something is
to be done, and a present of the whole
business to the C. P. R., agreeing
not only to recoup the C. P. R. for all
losses, but to pay dividends to the
present C. P. R. shareholders even on
top of loss.

We are great admirers of the C. P. R.
and we feel sure that the C. P. R.
company would manage the railway situ-
ation better than it can be managed
any other way. But we do not believe
that the C. P. R. can manage it so
much better, or save so much in opera-
tion, as to justify a gift of 17,000 miles
of National Railways to the C. P. R.
The conditions Lord Shaughnessy out-
lines. The railway situation will im-
prove with the growth of Canada, slowly
perhaps but surely; and as regards
the present loss, let all of us bear in
mind that railways, like good roads, are
not to be judged by merely direct pro-
fits. The world spends hundreds of mil-
lions of dollars cheerfully on good roads
for ordinary vehicles without ever ex-
pecting anything but annual expenditure
to maintain them, and railways are sim-
ply a species of good roads. The chief
return is indirect. And while the pre-
sent annual loss on the National Railways
is \$80,000,000, the loss on the C. P. R.
is \$10,000,000, and is assuredly not so
serious, there is no indication yet that
Canada can't carry it.

If Lord Shaughnessy were to propose
to turn over the whole of the C. P. R.
property and business to the government
on a guarantee of fair dividends to the
present C. P. R. shareholders, the case
would be more interesting. He does not
quite seem to shut that out, but he
practically sets it aside by specifying that
the C. P. R. shareholders are to be paid
R. (not its other business) shall be united
with the National Railways, and by
laying stress on his view that govern-
ment management can not in any case
be satisfactory.

WORK-OUT IN SERVICE.
(Hartland Observer)
Dr. J. B. Curtis is dead. The news is
epochal in the history of our little
town, as compared with things hereabout,
and we all bow in sorrow and
mingle our tears with the tears of those
to whom he was dear and to whom he was
dearest and best. Only just around the
60th mile-stone, he died utterly worn out
in service to his fellowmen, and "greater
love hath no man than this, that he lay
down his life for his friends." Although dead
in the flesh the Doctor's spirit will
long live among us. During 30 long
years of practice, in the storms of winter,
the weltering heat of summer, at mid-
night, early in the morning or at noon,
whether next door or to the remotest
reaches of the hinterland, Dr. Curtis in-
variably responded to the call of the
sick. And rich man, poor man, all were
ministered to alike—but the poor claimed
the most from him.

In affairs of the town Dr. Curtis was
always interested. He served for years
as a Commissioner of the old Fire and
Water Corporation, and in all public, as
well as in every matter, his even, level-
headed judgment stood out conspicuously.
Never an extremist, he held his convictions
firmly, but with that evenness of
temper and quiet dignity that brought
him respect and admiration, even from
those whose ideas were opposite to his
own. For many years he served as
chairman of the county board of health,
and always most acceptably to those
directly interested. When a little more
than two years ago the influenza epi-
demic ravaged the country, Dr. Curtis,
forbidden on the advice of expert medi-
cine men to engage in any arduous work,
was constant day and night in his min-
istration, and—he gave his life to his
fellowmen.

It is all to his credit, and quite his
due, to recount in brief his early strug-
gles. Orphaned early in life, he ven-
tured alone in the world, and at a
time in the country's history when pov-
erty was the chief asset of most.
His livelihood was precariously gained
by his rough-and-ready, but at seven-
teen the lust of knowledge was strong with
him, and as yet he had never gone
to school. To "work for his board and
go to school" was the experience of
many of his generation, and in the home
of the late Howells Corbett of Lake-
ville. He attended school for three
successive terms, to a third class female
teacher, and then went to Normal school
and was graduated with a second class
license. He went to school before he was
seventeen, he was a teacher at nineteen,
and he taught, and taught well and
with understanding. Soon his health weak-
ened and he and his brother went to
Montana where they worked at mining.
Returning he again resumed school
teaching, in better health, and at twenty-
five he entered McGill Medical College,
from which he graduated in 1890, at
the age of thirty. He at once opened
practice in Hartland, and his course since
then is familiar to us all.

THE BETTER WAY
WITH IMMIGRANTS
In Current Opinion, published in New
York for April, Mrs. Ames C. Laut, the
well known Canadian writer, has an in-
teresting article in which she draws a
comparison between the "Canadian and
American Methods," that is to say,
the immigration policies of the two
countries. Miss Laut remarks this dif-
ference, that the immigration policy of
Canada is to care for her immigrants,
while the United States merely frames
a catalogue of "don'ts," and anyone who
can get past Ellis Island is free to get
assimilated in any manner he may
choose.

Canada, Miss Laut points out, selects
her immigrants, not at port of entry, but
at port of embarkation in Europe. The
misfits are rejected, the selected ones
questioned as to destination and inter-

Some People Simply Buy Coal Others Buy Radio.

There is a Difference and There is a Reason.

THE DIFFERENCE—When compared with other coals, RADIO shows a big percentage less ash; a big percentage less stone and a lot less bother in as much as it burns cleanly.

THE REASON—The quality of Radio, the efficiency with which an order is handled and the prompt and courteous way in which it is delivered.

GETS FIVE YEARS.

Montreal, April 28—At the request of his parents, Chief Justice Dicaire this morning sentenced Joseph Regier, 24 years of age, to five years in the penitentiary for stealing an overcoat from his father, an overcoat from his sister and \$5 from his mother. The family were all present when sentence was pronounced.

A member of the detective force of Milwaukee, Albert Kraemer, left yesterday afternoon for Montreal, after being in this city for more than a week making efforts to take Alexander Snider back with him to answer some charges in

RECENT WEDDINGS

The wedding took place, Wednesday afternoon, at the residence of Mr. and Mrs. Robert Neville, Jr., 886 Dorchester street, west, Montreal, of their niece, Miss Doris Evelyn Wilkinson, daughter of the late Mr. and Mrs. Charles H. Wilkinson, to William T. R. Irving, eldest son of Mr. and Mrs. William J. Irving, Grosvenor avenue, Westmount. The ceremony was performed by Rev. A. E. Runnells, of Fairmount Methodist church, and Miss Grace Trudeau played the wedding march. The bride, who was given in marriage by her uncle, W. T. Wilkinson, was attended by Miss O. Trudeau and Miss Edith Neville, cousin of the bride. Alden Irving, brother of the groom, acted as best man. The honeymoon will be spent in Buffalo and Detroit. Mr. and Mrs. Irving will reside in St. John.

A wedding of much interest to a large circle of friends in this city took place at Tremont Temple, Boston, on April 26, when the pastor Rev. Dr. Myers, led in marriage Miss Annie L. Anderson, daughter of Mr. and Mrs. Frederick W. Henderson of Lancaster avenue, West St. John, and Arthur F. Adams, son of Mr. and the late Mrs. Richard Adams, also of West St. John. The bride was given in marriage by her father, George E. Henderson. Miss Adams, sister of the groom was her attendant. Mr. and Mrs. Adams left

for Long Island City, where they will reside.

At the "Woodland Inn," Woodland, (Me.), on the evening of April 20, the proprietor and boarders of the hotel presented to Joseph Murray and bride a handsome floor electric reading lamp. Mr. Murray has been a boarder at the hotel for the last three years. Mrs. Murray, before her marriage, was Miss Hazel Fowler, graduate nurse, of Belleisle Station, (N. B.) A clipping from a Bangor paper says: "An important business change took place here last week. Joseph Murray, formerly of Bangor, purchased the interest in the Woodland cash store from Murray Bros. Co. of Bangor. Mr. Murray has been manager of the business for about three years, and is a hustling young business man and much liked."

Mrs. Annie A. Peters, of Moncton, and Hugh M. Ferguson, police magistrate of Rexton, Kent county, were united in marriage at St. George's church, Moncton, yesterday, by Rev. Canon Slason.

Penitentiary Inquiry.—Kingston, Ont., April 29.—Private investigation into suspension of two guards of the Portsmouth penitentiary was begun yesterday before W. F. Nickle, K. C. ex-M. P. A large number of witnesses will be heard, including about twenty female prisoners.

RECENT DEATHS

The death of Mrs. James T. Owens occurred at her home in Cambridge (Mass.), on Thursday, after an illness that only lasted a few days. Mrs. Owens, who was only married about a year and a half ago, was formerly Miss Mary Brickley of this city. She was in this city on a visit about three months ago. She is survived by her husband; three sisters, Nellie, Annie and Josephine; and one brother, William Brickley. Mrs. John Owens and Miss Nellie Brickley left last night for Boston.

The death of Felix McNulty of Musquash, occurred at the General Public Hospital, yesterday. Mr. McNulty, who had lived for several years in New York and had been employed on a vessel sailing from that port, had been in poor health for some time. He is survived by his father, John McNulty, of Prince of Wales, his sister, Mrs. Joseph McCarthy, of Prince of Wales, and two brothers, Joseph, of New York, and James, of St. John. The funeral will take place on Saturday afternoon from the residence of his sister-in-law, Mrs. James McNulty, 4 Summer street, West St. John.

Mrs. Duncan Williston died at the Miramichi hospital, Newcastle, on Wednesday, after a brief illness. She was fifty-seven years old and leaves besides her husband, a mother and two brothers.

DECISION ON FALLS BRIDGE MATTER SOON

Ottawa, April 28.—Hon. F. B. McCreedy, minister of public works, will make known shortly his decision with regard to the appeal to have the new Canadian Pacific Railway bridge over the Reversing Falls raised higher in the interests of traffic between the St. John River and the Harbor. From all that could be learned by your correspondent the department of public works does not intend to withdraw its approval of the original plans approved by it. As a consequence the clearance desired by the city for vessels passing under the bridge will not be obtained, and the C. P. R. will build the bridge as it planned to do.

SAYS LIVING COST TEN P. C. ABOVE TWO YEARS AGO

Ottawa, April 28.—There is an increase in the cost of living to the average man of about ten per cent over two years ago, according to G. Grant MacNeil, secretary of the Dominion Command of the G. W. V. A. Mr. MacNeil has submitted figures and facts to H. H. Crayson, M. P. London, Ont., chairman of the parliamentary committee on pensions and re-establishments. These figures supplemented a statement recently made by Mr. MacNeil on the cost of living.

**PEOPLE'S SCHOOL
AT SAINT F. X.**

Innovation at University is
Hailed as an Outstanding
Success.

(Halifax Chronicle.)

The interest which the "People's School," conducted at Saint Francis Xavier's University during the last winter, has aroused is noteworthy and promising. Testimony as to the advantages afforded by the school is given on all sides, and congratulations are pouring in upon the university authorities from near and far.

eral of the professors of Saint Francis Xavier's to bring the opportunity for education within the reach of those who had already engaged in their life-work. Accordingly plans were perfected to hold a two months' school at the university during the winter. The only condition was that the matriculation was an honest desire to

learn. There were no fees. The only expense for the students was their board, which was procurable in the town.

Over fifty students attended from the ages of sixteen to fifty-seven years. They were from many parts of eastern Nova Scotia. Lectures and instruction were given in such subjects as agriculture, veterinary hygiene, commerce, commercial law, arithmetic, mechanics, English history, political economy, and almost a score of other subjects. Professors and teachers of the university staff, aided by practical men in various branches, such as business and agriculture, gave their time free to this great work. No wonder that the fame of the movement has spread. In a recent edition of the bulletin of the National Council of Education of Winnipeg more than half of the bulletin was concerned with the movement. In part this bulletin said: "What St. Francis Xavier's University is doing indicates that this institution at least is keenly alive to the 'needs of the day in this respect.'"

In letters received by the university authorities from the students there is written in every line of every page expressions of appreciation. One of the most encouraging phrases of these letters is the unanimous expression of the desire to return next year and take advanced courses. The great majority of these men and women had not been in school after the sixth grade. One of the professors pointed out in connection with the experiment that about half the pupils in the common school leave at the sixth grade, only nine per cent. of the school-going population go to the high school, and one per cent. only reach the college.

Principal Cumming, secretary for agriculture and head of the Agricultural College, said that the school at Antigonish, held from January to March, was just such a type of school which should be permanently established in the province. Rev. M. N. Tompkins, B.Sc., instructor in chemistry and stock-breeding, said that the three of the great problems confronting the rural population were better farms, better business and better living, and the solution of them could only be reached by means of an educational campaign, more far-reaching, more intensive than any so far attempted by agriculturists in Canada.

Rev. John R. Macdonald, instructor of English grammar, composition and letter writing, said that two facts had been established by the first session of the People's School; first, that there are young men in the country for whom such a school was necessary; secondly, that the country could not afford such splendid available talent to go to waste.

The United Farmers' Guide said: "The success of the first term has been so phenomenal that there will be no question of continuing the school, although very considerable problems will have to

be confronted, the chief of which will be to provide accommodation for the large numbers who evidence a desire to come forward for next year.

This is the most notable experiment in university extension work which has been undertaken in Canada so far as we know, and the widespread attention it has attracted may be taken as an indication that the example of St. Francis Xavier's will be followed elsewhere. St. F. X. is excellently equipped and admirably situated for this kind of work, which, in a very real sense, is intended to bring the benefits of more advanced education to those, who, by reason of circumstances or otherwise, would never have the opportunity of a university training. The university authorities are to be highly complimented upon the success of the "People's School" and the promise of a growing popular interest in it. That the vision of its founders and promoters will be abundantly realized will be the wish of every patriotic Nova Scotian.

A NEW GRAFT.
Chicago, April 27—A new type of graft in connection with building was brought to light recently by the committee which is investigating the building situation in Chicago. The proprietor of a north side residential hotel told the commission that after paying large sums in graft during the construction of his hotel he had to pay a sum to the waiters union. The business agent came to me and said that the dishes I had bought could not be used by union waiters because they were not union made. He explained, however, that for a certain sum of money he would instruct the waiters that they could use the non-union dishes. I paid him and everything was all right."

LOCAL NEWS

VISITING THE CITY.

Mr. and Mrs. W. B. Welch and Mr. and Mrs. C. Cline of Leonardville are spending a few days on a pleasant visit to St. John and plan a trip up river before returning home.

HELD RUMMAGE SALE.

A rummage sale was conducted in the lobby of the Queen Square Theatre this morning by the ladies of the Royal Standard Chapter of the I. O. D. E. Wearing apparel of every description was offered for sale, and a brisk patronage was enjoyed. The proceeds are for the benefit of the chapter in carrying on philanthropic work. About twenty ladies conducted the sale.

CRICKET MATCH.

Two teams of the St. John Cricket Club will play a practice game on the barracks green on Saturday afternoon. The club was organized recently, and it is the hope of the members to interest the public in the national game of England. In the afternoon on Saturday noon there will be men who had considerable experience in cricket.

BEER LICENSES.

About a dozen applications have been received at the office of the chief liquor inspector here for beer licenses for the year commencing on Saturday afternoon. There were eighty-five licenses issued in the city last year, thirteen of which were cancelled during the year. Some holders of the cancelled licenses, however, were allowed to continue the sale. The issuing of the new licenses will commence on Monday.

N.B. REFERENDUM.

Preparations for a referendum in New Brunswick on the question of importations of liquor for personal use in private residences are to be made at a meeting of the executive of the New Brunswick Temperance Alliance here this afternoon. The present expectations are that the vote will be taken in October.

THE NEW DIRECTORY.

The gathering of data for the new city directory will be commenced next week. The publishers have thirty men engaged for the work, mostly returned soldiers, and it is expected that a week will be sufficient for the obtaining of the necessary information. Some five or six weeks will be required to sort and arrange the data before the volume is in the hands of the publishers.

A DOUBLE SHOWER.

A very enjoyable double shower was held last evening by the Esplanade Street Church choir at the home of their leader, E. B. Thomas, Paddock street, in honor of two of their members, Misses Nellie and Maudie Myles, who in the near future are to leave the ranks of single blessedness. The evening was spent in music, games, etc., and many beautiful gifts were showered on the two young ladies, both of whom have been very active in the work of the choir.

JOHNNY BOLSTER'S CASE.

A heading in yesterday's Times in relation to the Devon ball player, Johnny Bolster, was misleading. He has not been "ruled out" so far as playing is concerned, but must play with the team in Devon, where he lives, instead of with the Y. M. C. A. in Fredericton. The C. A. U. rule is that a player must play with his own town team, if there is one; if not he may play with a team in one of the nearest towns. A. W. Cowan merely interpreted this rule in the case of Bolster.

POLICE COURT.

In the police court this morning James Race was fined \$8 or two months in jail for wandering about and not being able to give a satisfactory account of himself. Andrew Stackable was fined \$8 or two months in jail for being drunk and using profane language. A youth charged with wandering about and not being able to give a satisfactory account of himself was sent below until his father can be summoned to look after the boy. He has been picked up by the police on a similar charge several times.

MAIN ROADS OPEN FOR AUTOMOBILE TRAFFIC TUESDAY

Announcement From Provincial Road Engineer Today—Branch Roads a Week Later.

The recent fine weather has induced many owners of automobiles, who do not usually start out before May 15 or June 1, to use their cars and seek pleasure on the highways. Therefore, the Department of Public Works has been literally besieged with requests to open roads all over the province. As was announced a few days ago, certain roads in St. John and Kings counties, where the season is earlier and the frost more energetic in disappearance, were opened by order of the provincial road engineer and word was received today from the same authority to the effect that all trunk roads throughout New Brunswick would be opened on May 8 and all secondary and branch roads would be available one week later, on May 15. This decision was coupled with the request that owners of automobiles should remember that very much depends upon their co-operation in keeping the roads fit for travel. It will not only be necessary for them to "keep out of the rut," but also imperative that they make no rut, because the rutting of a road is simply a ditch for the rain when the May downpours start in.

In their eagerness to get to the country owners of automobiles may overlook the fact that thousands of dollars of road damage may easily be done by cars when the highways are unfit for travel.

ROAD CONTRACTS ARE AWARDED

Devon and Fredericton Men Will Do the Spruce Lake-Musquash Work.

(Special to The Times.)
 Fredericton, N. B., April 29.—B. M. Hill, chief highway engineer, announced this morning that contracts for construction of two stretches of highway under federal aid provision had been awarded and work would begin as soon as possible.

The contract for the construction of 4.8 miles from Spruce Lake to Musquash has been awarded to Whitman Brewer of Devon, W. H. Maxwell of Fredericton, and A. Brewer of Devon. The price is about \$38,000, and the road is to be of improved gravel type. The work will be on the St. John-St. Stephen trunk road and will be entirely within St. John county.

The contract for 2.2 miles of highway from Shaw Bridge to Dalhousie has been awarded to J. E. McIntyre and Herman Giroux of Charlottetown. The price is in the vicinity of \$15,000. The road also is to be of gravel construction.

THE INCOME TAX

To the Editor of the Times:—
 Sir:—Scores of us are in a quandary about this income tax. We have had no chance to read Sub. Sec. 1 of Sec. 7 or Sec. 8, which says that every one taxable or not must send in a statement or be subject to severe penalties. Now, could you let us know in the Times if our income is positively less than the exemption of \$1,000 (or \$2,000 as the case may be) are we obliged to send in a statement? This bit of information would relieve the minds of many.

GOOD THINGS COMING TO THEATRES OF ST. JOHN.

A NEW CHAPLIN AND WONDERFUL KIDDIE

Imperial's Patrons Revel in Pictured "The Kid"—It Is the Hit of the Day.

A new Charlie Chaplin came to town yesterday. Movie patrons have been accustomed to laughing at a purely clown-like Chaplin, a buffoon of the ultra-type—comical kicks and all that stuff—but yesterday a tender-hearted, tear-shedding Chaplin was seen in "The Kid" at the Imperial. Charlie did some honest-to-goodness good acting, so did Edna Purviance, female lead in all Chaplin works. But the best of all was "The Kid" himself, tiny Jackie Coogan, only six years old. No wonder blue New York and blue everywhere else sat up, rubbed its eyes and then started gasping at the precociousness of this baby. He's certainly a wonder.

The big comedy did not disappoint anybody who was the fellow who still thinks Charlie Chaplin should pull nothing but hokum and coarse horse-play. Charlie is a cultured chap and has observed that the real humor lies in light and shade, giggles and gasps, and so on. How he has mixed these elements in "The Kid" is wonderful. It is a laughing cocktail, a pick-me-up of delicious tang and inspiration. Best of all it is human and the switching from haughty to hilarity and hilarity to haughty gave the great crowds zestful amusement.

FAMOUS ACTRESS AT OPERA HOUSE

Mabel Taliaferro Will Appear in Comedy and Romantic Playlet—Popular English Entertainer, and Other Features.

The Opera House this evening has a feature attraction in Mabel Taliaferro, who is conceded to be the most charming artiste of the stage and screen. She will appear in "Constance," an original playlet combining comedy and romance. There will also be four other good vaudeville offerings as follows: Daley, Mac and Daley, in an offering "Katie-o-lan-lan," which is a comedy and artistic roller skating offering; Eunice Gilman, a high class singing comedienne; Chris Richards, "The eccentric English entertainer," who is coming here direct from the Palladium Theatre in London; Chas. Ledegar, "The Flying Boob," who is offering a comedy bounding act. There will also be another episode of the exciting aerial drama "Rejide 13," and a Pathe Weekly of current events.

SATURDAY MATINEE AT USUAL PRICES

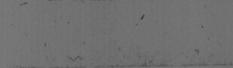

Schoolchildren May See Charlie Chaplin's Big Feature for Ordinary Admission—Serial On, Too.

The special prices obtaining for the Chaplin engagement at the Imperial apply to Friday afternoon and evening and Saturday night. The Saturday matinee will be sold at the usual children's prices, so that no kid will be barred. Serial story "The Son of Tarzan" will be on too. Two Saturday matinee shows—2 o'clock and 5:45.

DOUGLAS AVE. PAVING MAY BE HELD UP

Question of the Grooved Rail—The Hydro Electric Distribution.

There is a possibility of the work of paving Douglas avenue being held up on account of a difference between the city and the New Brunswick Power Co. regarding the type of rail to be used in the street car lines. The matter is now under negotiation between representatives of both factions, the company wanting to use the grooved rail, while the city wants the flat top. It was understood some time ago, following a communication received by the city from the company, that grooved rails would be laid on the avenue and granite blocks to suit this style of steel have been obtained by the city and are now stored in the vicinity of the avenue. A letter from the company was received yesterday however in which it was stated that the blocks would not advance the necessary amount to purchase the new type of rail.

IN WALL STREET

New York, April 29.—The stock market developed a firm to strong undertone at the opening of today's market despite prospects of tighter money, as indicated by yesterday's late advance of call loans to 7 per cent. Oil, steel, equipments, tobacco, text and motor specialties shared in the initial movement at advances which extended from liberal fractions to 1-1/2 points. Rails were the only issues to lag although recent statements of earnings have been of a more encouraging character. Early exchange rates on London eased slightly from yesterday's highest quotations.

TONIGHT'S HEALTH MEETING

This evening in the Board of Trade the New Brunswick Branch of the Canadian Association for the Prevention of Tuberculosis will be held. There will first, however, be address by experts on the subjects of child welfare and social hygiene. The formation of the provincial organization to combat tuberculosis follows those to deal with the other two subjects named, and is a fitting culmination to a Health Week which in its organization, thoroughness and practical results has never been approached in any province or state on the continent. The citizens will be especially interested in this evening's meeting.

PARLIAMENT SAT THE NIGHT THROUGH

Opposition Objection on Matter of Estimates Item was a Nova Scotia One—Compromise Was Finally Reached and Weary Members Quit House After Six A. M.

Ottawa, April 29.—(Canadian Press)—Struggling over supply, the House again sat through the long hours of the night and did not adjourn until fifteen this morning. It was a long drawn discussion over the matter of \$25,000 for paving driveways and a walk around the government armory in Amherst, N. S. Liberals opened the fight by protesting against the introduction of estimates after midnight.

CIVIL SERVICE ACT CHANGES

What is Proposed by Hon. Mr. Spinney's Bill

Three Classes Would Be Taken Out of Control of Civil Service Commission—All Classification Changes, Etc., Would Be On Government Approval.

Ottawa, April 29.—(Canadian Press)—The main features of a bill to amend the civil service act, introduced in the House yesterday by Hon. E. K. Spinney, Yarmouth, N. S., are as follows:

- As a tentative proposal to be considered by a special committee, it is provided that three classes of civil servants be taken from under the control of the civil service commission. They are: 1. Manual laborers. 2. Postmasters, whose remuneration is part or in whole consists of a percentage on the receipts of the office. 3. Professional, scientific and technical officers, these three classes may be added to or varied by the committee.

Appointments to these classes of positions taken out of the control of the civil service commission could be made by the governor in council subject to a certificate of qualification by the civil service commission, (except in the case of a professional appointee where the doctor's degree or lawyer's call, etc., to the bar will be sufficient.) All promotions would be taken out of the control of the commission and would be made by the governor in council on the recommendation of a minister on the report of a deputy minister. The auditor general would make his own promotions.

Transfers from one department to another would be made by the governor in council on the recommendation of ministers based on the report of the deputy minister that all promotions and transfers are subject to a certificate of qualification by the civil service commission. All changes in the classification, position and remuneration would be approved by the governor in council.

NEGOTIATING FOR FUEL OIL STATION

Negotiations are still being carried on between Commissioner Bullock and Robert Airey, representing the Shell Company of Canada regarding the establishment of a fuel oil station at this port. Word that the city had refused to give an easement for a pipe line to the waterfront from the proposed mill pond site, following the adverse report of the fire underwriters, was wired to the company's representative. Today Mr. Bullock received a telegram from Mr. Airey in which he said that the company was desirous of getting the easement for the pipe line before considering other suggested sites.

**HALIFAX CHRONICLE
ANSWERS MR CRERAR**

His Charge That These Provinces Are Absurd and Unfair is Unfounded.

(Halifax Chronicle.)
Mr. Crerar and his western followers and other western representatives in parliament are not making a desirable reputation for themselves as "players of the game." In fact, the west never has, and probably never will. It started, and has succeeded, on purely selfish lines, and has no apparent desire to change. It still wants the world to know that wherever it may be, it is "not there for its health." It either cannot see or will not look at any other side of any public question than its own.
On the subject of western lands, in parliament, on Monday, Mr. Crerar went even beyond the usual. He pronounced the contention that the eastern provinces have any right to be recouped out of federal sources for the vast expenditures and liabilities incurred by them in purchasing, opening up and developing western territory, as "absurd and unfair." Everything there, he contends, belongs to the settlers. It is nothing to him that the settlers could never have got there, and that the prairies would still be the "great lone land" but for the efforts of the east, which built the railways, provided the institutions and did all else necessary to make settlement possible, and that they did it in the reasonable expectation that they would ultimately be recompensed for their expenditures.
But the east did far more than that. It not only built up the west, but it furnished it for years with free government, free courts, free police protection and

free education. It suppressed two native uprisings for it, at enormous trouble and cost. When the new settlements were at last ready for self-control it erected them in provinces with full standing in the confederation, and endowed them, out of public funds, with revenues four or five times in excess of those enjoyed by original provinces of far larger population. Now we have the spectacle of those new provinces demanding not only the continuance of their special subsidies from the federal treasury, but the possession of all their natural resources from which alone the original provinces can hope for the return of any small portion of their outlay in the west.

No wonder the prime minister grew impatient over this outrageous proposition, and denounced it as one of a continuing succession of increased western demands. There is no use in trying to satisfy them. The more they are given the more they covet. At the climax of absurdity has surely been reached this time in the insistence on not only the possession of their remaining resources, but a complete accounting for all that have been disposed of to promote development. This meant, said the premier, that, for example, the lands which had been disposed of as free homesteads to induce settlers to go into the west should be accounted for as their property, of which they had been improperly deprived. The prime minister might well say that the latest proposals from the west were "simply discouraging." They are worse than that.

Incidentally Mr. Crerar and his associates protested that the provinces of Prince Edward Island and Nova Scotia controlled their own resources. He triumphantly compared Saskatchewan's alleged population of 900,000 with Prince Edward Island's 100,000, and shouted about the "unfairness" of that fact, and also of Nova Scotia's control over 200 square miles of coal lands, while Saskatchewan had not similar control over her larger coal areas. But Mr. Crerar either did not know or he conveniently forgot that Prince Edward Island had to redeem her lands from an old country company, to which they had been granted, just as the dominion had to redeem

the whole northwest from the Hudson's Bay Company, the northwest itself not contributing a cent. He also overlooked the fact that Nova Scotia had to repurchase her coal lands, entirely at her own expense, from the General Mining Association, to which they had been granted by the British government.

Moreover, both P. E. Island and Nova Scotia had to provide, entirely out of their own funds, for their own development. Hardly a dollar of federal money was ever expended in preparing the way for settlers in the maritime provinces or in directing them here. Our natural resources were overmortgaged for our own development before we entered confederation, and only fragments of them remained to us at that date. Where is the analogy between us and the west, which spent nothing on itself and received all and which in spite of that fact demands more from those who have already contributed so largely?

These provinces are not opposing the granting of their natural resources to the western provinces. We are quite will-

ing that they should receive control of them, we have always favored this procedure. But we do demand what is reasonable and proper for ourselves—that an equivalent allowance be made to the eastern provinces, to become a fixed charge on the whole dominion. Our provincial revenues are insignificant as compared with those of the west, even at present and without control of all their natural resources. What we demand is that our revenues, from dominion sources, shall be in some reasonable and fair proportion to theirs from similar sources, and that they, as part of Canada, shall contribute to our revenues as we have so long and so generously helped to furnish theirs.

**HON. T. A. CRERAR
AT FREDERICTON**

Fredericton, April 28.—The campaign in York-Sunbury in behalf of Ernest W. Stairs, Progressive party candidate, which opened this week with meetings in various parts of the constituency was further advanced tonight when a public meeting was held in the Opera House here. A large audience heard the candidate and Hon. T. A. Crerar, Progressive federal leader. Mr. Stairs spoke briefly appealing for the support of all electors not favoring the Meighen government.

Hon. Mr. Crerar was given a careful hearing and hearty applause. It was the first occasion on which he had spoken in Fredericton. He defended the action of the Progressive party and the United Farmers in endeavoring to bring about a change and based his attack on the federal government on the fact that it possessed no mandate from the people. He strongly advocated tariff revision downward with removal of the tariff as the ultimate goal. Inflated currency was termed by him the real reason of the adverse exchange rate in the United States.

**EXPENDITURES
FOR D. S. C. R. WORK
IN NEW BRUNSWICK**

Lieut.-Col. S. S. Wetmore, assistant director of the D. S. C. R. for the maritime provinces, and Lieut.-Col. Hobson, resident engineer of the D. S. C. R. for "B" and "K" units, arrived in the city last night from Fredericton. In speaking with a Telegraph reporter last evening, Colonel Wetmore said that he had just completed a comparative statement for the year dealing with the work and expenses of "B" unit, which includes Nova Scotia and Prince Edward Island, and "K" unit, which is composed of New Brunswick. The total expenditures during the past year in "K" unit were considerably less than half the expenditures in "B" unit. With reference to the employment relief fund, he said that the amount given out during the authorized period in "B" unit amounted to \$32,000, while the amount in New Brunswick was \$44,000. This would indicate that there was considerably more unemployment in this province than in Nova Scotia and

Prince Edward Island combined—at least among returned soldiers, and they would form a relative basis for comparison. Of the unemployment relief fund expended in New Brunswick, about \$35,000 was spent in the city of St. John, more than was spent in both of the other maritime provinces. Halifax also received a large amount and throughout Canada the major portion of the entire relief fund were expended in the cities.

At present in "K" unit, eighty-seven men are taking courses in vocational training while in "B" unit there are 412 under instruction. All the vocational classes in "B" unit will close on May 1 and all those who are still taking courses at that date will be apprenticed to their various trades. The actual training, however, will cease. All the classes in this unit already have closed, with the exception of lumber scaling and that course also will be closed soon. From April 1, the vocational branch in this unit has been absorbed by the D. S. C. R. proper and is now known as the training division of the administrative branch.

Colonel Wetmore said that last week the vocational branch in the Bellevue Building, Halifax, was moved to the Camp Hill hospital, including the Soldiers' Settlement Board, for the purpose of economy. Lieut.-Col. Hobson, who accompanied Lieut.-Col. Wetmore, is the resident engineer of the two units and is over here on an inspection trip regarding the engineering services in the various departments. He has been assisting to C. McE. Steers and is taking over his position as resident engineer, as Mr.

**MASQUERADE BALL
FOR 'PHONE STAFF**

The employees of the New Brunswick Telephone Company held a masquerade ball last evening in the Pythian Castle in Union street. There were in the vicinity of one hundred present, all of whom passed an enjoyable evening in dancing. A short programme was carried out during the earlier part of the evening, when Miss B. Campbell and Ernest Till sang pleasing solos and Sandy MacGregor Prizes were given for different costumes. The most original costume prize was won by Miss Lily Hall; the best costume representing the telephone company by Miss Nan Monahan; best fancy costume, by Miss Martha Butler; the consolation prize by George McKel, and special mention was given the costume of Miss Nellie McCavour, W. R. Pearce and G. Lemmon. A special musical programme was given during the evening by the orchestra. Towards the close of the programme dainty refreshments were served by the committee in charge of the entertainment. The chairman last night was Gordon Elliott. The committee in charge of the entertainment were N. R. Bets and Misses A. Nixon, F. Vincent, F. Callings, K. Murphy and M. Dracoll.

THAT WAS INDEED REMARKABLE!

I'LL NEVER FORGET ONE DAY WHEN I WAS PLAYING IN THE YARD AND MOTHER CAME UP TO ME AND SAID: "WHICH OF YOU TWO BOYS AM I TALKING TO; IS IT YOU OR YOUR BROTHER?"

M-M.

I ASKED HER WHY SHE WANTED TO KNOW AND SHE SAID: "BECAUSE, IF IT IS YOUR BROTHER I'M GONNA SPANK HIM." AND I SAID: "IT IS NOT MY BROTHER; IT'S ME."

THEN SHE SAID: "YOUR BROTHER MUST BE WEARING YOUR COAT BECAUSE YOURS HAD A HOLE IN IT." AND I SAID: "NO, MOTHER; I'M WEARING MY OWN COAT."

THEN SHE LOOKED AT ME INTENTLY AND FINALLY DECIDED I WAS MY BROTHER AFTER ALL! AND SURE ENOUGH I WAS!

Miss Hervaldo Doctors
Ailing Departments.

By being helpful, in many little ways, to its customers, the Bon Marche Department Store of Seattle has not only earned a valuable good-will, but is able to trace greatly increased business in several departments.

This is accomplished by a special service department, which accomplishes a good deal more than the ordinary personal service confined to the providing of store guides, buying of their tickets, the supplying of information without charge and the like. The Bon Marche personal service department actually sells goods as well.

Last summer, for example, gingham dresses were going slowly. The gingham department was dead. The personal service chief, Miss Frances Grant, however, staged a gingham show, on living models, and lectured on gingham. She showed women what attractive dresses were available in gingham, figured out for them the economy of buying dresses ready made rather than to make them themselves, and the sale of gingham house dresses took a big jump.

Miss Hervaldo, who came to the Bon Marche from the home economics department of the state university, knows a lot about merchandise, and she uses this knowledge to practical advantage in the actual selling of goods.

The annual silk sale at the Bon Marche, an April event, is not an occasion to clean up stocks, but an event whereby new merchandise, secured by the buyers on eastern trips, is moved at a profit. A part at least of the success of the annual silk sale is due to the work of Miss Hervaldo, who lectures to the women on silk. In her talks, which are practical rather than technical, she tells which silks are best suitable for party frocks, which wear best as dress linings, and how to advise the customers of the store with a view to directing their purchases to materials which will best serve the purpose for which they are intended.

For four weeks each spring, beginning on Feb. 15, the Bon Marche conducts a dressmaking school where women learn the secrets of styling and construction. There is room in the space devoted to the purpose for 800 students, who pay \$2 each for instruction. One class meets three times a week on Mondays, Wednesdays and Fridays, another class alternating on Tuesdays, Thursdays and Saturdays. The \$2 fee insures regular attendance and covers most of the expense to the store. Women work on their own material, making clothes for themselves and their children, and there is no requirement that material used must be bought at the Bon Marche, but dress goods sales prove that the store gets a big increase in trade through the school.

British Stores Run "Bargain Contest"

Several retailers in London just now are finding it necessary to stimulate sales by an added inducement in the way of a prize to the customer. Experience, during this period of slow-moving retail lines, has proved that the judicious use of a prize scheme of some sort provides a decided fillip to business.

One of the biggest retailers to introduce the prize idea in his super-sale, as he calls it, is A. V. Gamage, of Holborn. He offers a first prize of \$300, a second prize of \$250, a third prize of \$150, and fifty prizes of \$5 vouchers which are exchangeable for goods in any department, for an estimate of the best twelve bargains going in the store.

There is no entrance fee and one does not have to be a regular customer in order to compete. The "super-sale" bargains are advertised in the press, and catalogues, showrooms and window trims. From these the competing customer must pick the dozen best bargains.

The prize winners are those whose lists most nearly correspond with the popular vote. The only stipulation is that a receipt for goods purchased any day of the sale must be attached to the attempt sent in. Any number of lists of bargains may be sent in by a customer, but a receipt for goods purchased at the store must accompany each separate attempt.

Damage handles drapery, shoes, hardware, stationery, horticultural requisites and sporting goods. He has built up his business chiefly as a sport outfitter. Thanks to the bargain-lining scheme, his "super-sale" is drawing all London, for the chance of winning a \$300 prize on the strength of the expenditure of a shilling, is one that appeals to the sporting instinct of the shopper on this side. And, apart from the free prizes, the bargains are attractive. As Gamage says in his ads: "So phenomenal has been the demand that the accumulation of old stocks has been practically nil, and we are able to purchase heavily for our great spring shopping carnival. This is a most fortunate circumstance for our customers and the public generally, inasmuch as manufacturers of reputable, temporarily pressed for capital by the money crisis, have released valuable stocks to us at great sacrifice, in some cases below half the actual cost of production. At this super-sale you are being offered the full benefit of these conditions, never likely to recur in the history of our time."

a bakery of his own, employing expert bread and pastry men. This took some little time, but meanwhile he sent out circulars and issued ads stressing the advantage of the new flour, and telling about the pastry and bread department. In each piece of copy was the offer to purchase at regular rates cakes, pies, bread, etc., from any customer who bought the flour hanging only by Cavanaugh. In addition, he offered various prizes, ranging from \$1 worth of groceries to a forty-eight-pound sack of flour to the best cake, pie, loaf of bread, etc., brought in each week. Three disinterested citizens were to be the judges. Each cake, pie, etc., was to be made from the new flour, and also was to be accompanied by a miniature sample, to be tasted by the judges.

The new flour began to sell right away. What's more, it sold and kept on selling.

The contests were continued until the bakery was in working order. But the finish of the contest saw no slackening in the call for the flour. Customers had developed a "taste" for it to such an extent that Cavanaugh says they would kick like an ostrich if he tried to change the brand. Not only has he an unprecedented demand for the flour, but it created in advance a call for his pastry and bread made from it, so that all his pies, cakes, etc., are sold as fast as they can be made.

Suit Still Good After Seventeen Years' Service

Seventeen years ago the Flynn Clothing Co. of Parsons, Kan., sold a suit of clothes to a customer. It was a suit made by a nationally known company and was wide advertised. It sold for \$18. Recently that suit was brought back to the store. It was in good condition, and Joe Flynn, manager of the store, saw a chance for an exceptional window display. He persuaded his customer to lend him the suit for a week and he gave it the place of honor in the window. Two other suits were used in the display. The seventeen-year-old suit was used in the centre with a showcard near it telling its history and the name of the owner.

That window pulled like a pair of forceps in the hands of an adept dentist. Crowds gathered about the window, and came in the store to buy the suit of suits that "could be worn for seventeen years and still look good." Flynn did an unusually big business and he built up a reputation for that make of clothing in his town that will bring him trade for many years to come.

The owner of the suit stated that while it had not been worn continuously, it had been used a great part of that time. Twelve years ago, he said, when the railway company of which he is manager, was building a subway, he wore it for several months in the rain and mud. In its seventeenth year the owner had the vest cut up to make new collar for the coat, and the garment is now in good condition and is still being worn regularly.

MRS. G. F. SMITH
AGAIN PRESIDENT
OF DIOCESAN W. A.

The eighteenth annual meeting of the Fredericton diocesan branch of the Woman's Auxiliary came to an end last evening after being in session for three days. Officers were elected and final reports received. Bishop Richardson gave the closing address, thanking the W. A. for the work which it did in the diocese, the value of which could not be exaggerated.

The afternoon session opened with devotions. Papers on the subjects "Looking on the Fields" and "Springs of Service" were listened to with much interest and inspiration.

Mrs. Donahue, surveying the field of mission schools, said that of the 5,000 enrolled in girls branches in the dominion only five were training for this missionary service. She asked the 500 girls of the Fredericton diocesan girls branches to see that next year at least one of their number offered for service in training the children in the Canadian Northwest. She asked also that Dorcas work should be upheld among Christians, and, by practice and example, helping the foreign born to become worthy citizens. She told of the very large proportion of Orientals in parts of the Dominion.

Miss Hunter, of Fredericton, told of needs of Honan mission district for nurses, doctors and teachers of Kangra district, industrial workers, doctors and nurses, and of mid-Japan, kindergarten teachers and school teachers. Each of the three fields, she said, needed so-called evangelistic workers, yet there was no candidate from the girls branches training to take the place of those workers already sent. It was the duty of W. A. members she felt to aid and encourage would-be candidates. There never was an unhappy missionary and every returned missionary appeared to her former friends to have expanded and developed greatly. Missionary work was not a sacrifice.

Mrs. G. C. P. McIntyre told why support of the General Pledge Fund was so important. She said that the \$25 gift of Sussex branch and \$22 gift of St. Luke's branch brought the total for the Diocesan General Pledge Fund to \$1,748.

Officers Elected.

The results of the election of officers was announced by Mrs. L. R. Harrison as follows: Honorary president, Mrs. J. W. Richardson; honorary vice-president, Mrs. Thomas Walker; president, Mrs. George F. Smith; first vice-president, Mrs. F. J. G. Robertson; second vice-president, Mrs. L. R. Harrison; third vice-president, Miss Hallstone; corresponding secretary, Miss Clara Schofield; recording secretary, Mrs. F. J. G. Knowlton; treasurer, Mrs. G. C. P. McIntyre; E. C. D. treasurer, Mrs. J. Roy Campbell; Dorcas secretary, Mrs. John M. Hay; girls' branch secretary, Miss Helen Richardson; juniors secretary, Miss Portia Mackenzie; babies' branch secretary, Mrs. Frederick Postler; secretary-treasurer of literature, Miss Muriel Fairweather; Leaflet secretary, Miss Sadler; Pickett Memorial secretary, Miss E. R. Scovell. The delegates to the Dominion triennial were elected as follows: Mrs. Alfred Morrissey, Mrs. Bate, Mrs. George Allen, Mrs. M. M. C. Sieven and substitutes Mrs. W. G. Jones, Miss Hallstone, Miss Lou Howard, Mrs. Nichols and Mrs. Wiggins.

Votes of thanks were extended to Bishop Richardson, Rev. H. A. Cody, Rev. J. H. A. Holmes, Miss Harris, rector and corporation of St. John's (Stone) church, D. A. Fox, conveners for hospitality, the programme committee, the hostesses and the press.

Bishop Richardson then gave his closing address, speaking with deep feeling of God's promise to bless and keep His people. The bishop asked the W. A. members to remember that the measure of God's keeping is the measure of their surrender. He begged them to make a definite act of surrender to God. As bishop of the diocese he expressed deep gratitude for the work of the W. A. the good of which could not be exaggerated. He said he had great faith that God would bless the W. A. The bishop pronounced the benediction at the close of the meeting.

CELTIC, WITH 1,700,
NEAR CRASH IN FOG
Captain is Praised for Working His Ship Out of Collier's Path Off Nantucket Light.

(New York Times.)
The Celtic of the White Star Line, with 1,700 passengers on board, narrowly escaped being rammed by the collier Everett, Sunday forenoon, in a dense fog off Nantucket Lightship. Suddenly off the port bow a ship's warning whistle was heard. Captain F. B. Howarth of the Celtic for his skill in manoeuvring his steamer out of the path of the collier.

Captain Howarth said that the fog which rose early Sunday morning increased in such density that at eleven o'clock it was like night. The liner proceeded slowly and the fog whistle was heard at regular intervals. Suddenly off the port bow a ship's warning whistle was heard. Captain Howarth ordered his steamship to be stopped while look-outs endeavored to peer through the murk for the nearby craft. In a moment, passengers said, the collier loomed through the fog on the port side. Captain Howarth, seeing the imminent danger of a collision, ordered his ship full speed astern. The Everett, loaded with coal, crossed about fifty feet from the Celtic's bow.

Matt Grau, known in the musical world, returned from a trip to Italy, England, Belgium and Germany. He said that while in Berlin he was the guest of several former New Yorkers. He said that when he went alone to play golf on a course outside of Berlin he was informed that since he was an American citizen and his country was still at war with Germany he could not be allowed to play.

Dario Resta, automobile racer, came back from England to enter the races at Indianapolis Memorial Day. Detectives Thomas Wright and P. E. Deslier arrived with Resta, which, who is wanted here to answer a charge of grand larceny in connection with the alleged passing of forged checks for \$2,000. YOUNG PEOPLE OF ST. COLUMBA'S PRESENT COMEDY
In St. Columba's Presbyterian church in Fairville last night the Young People's Dramatic Society presented the four act comedy "Uncle Rube," and made its initial bow in an entertainment of this kind before an audience that taxed the capacity of the church hall. Appropriate scenery had been built and installed by a member of the society and the performance was very creditable in every way. The cast was as follows: Rubin Rodney, J.P. Leonard Coughie; Deacon Smalley, Edgar Theal; Mark, his son, Arthur Doherty; Gordon Gray, Packard Campbell; Upton Asterhit, Frederick Duff; Ike, the hired man, Harper Henderson; Bart Green, Teddie Campbell; Bill Tappen, M. Kirkpatrick; Millicent Lee, Miss Lucy Black; Mrs. Maria Bunn, Miss Marion Black; Tags, a New York wail, Miss Dorothy Campbell. The performance was directed by Edgar Theal. The parts had been well learned and the whole piece went very smoothly. Between the acts special

presented as follows: Vocal solos, Miss E. Smith, Miss Sadie Coughie, Miss Addie Tippet, Arthur Doherty and Purdy Coughie. Reading by Mrs. Clement and violin solo, Miss Mae Betts. The financial results were gratifying and the proceeds will go towards the funds of the Young People's Society. The play is to be repeated tonight.

INCOME TAXES.
Montreal, April 28—It was estimated at the income tax offices here today that during the present week from \$8,000,000 to \$8,500,000 had been paid in, or an average of close on \$1,000,000 a day. This covers Montreal and a district from close to the Ottawa river up to and including Three Rivers.

The accounting staff is being kept hard at it until 4 and 5 o'clock in the morning, although they have to be on hand at 9.30 again next morning.

Renting Vacant Rooms is a Public Duty

Adequate shelter is one of the first necessities for man, woman, girl and boy.

The shortage of houses makes the question of shelter a matter for urgent public consideration.

Many well-to-do people are renting rooms to young men and women because they realize that by doing so they render an important service to the community.

Renting vacant rooms is highly profitable, but it is a duty as well.

UMBRELLAS REPAIRED AND RE-covered. 578 Main street. 26106-5-30

The above cartoon refers to the amendments to the criminal code in regard to firearms. Have you tried to buy a hunting knife since these amendments came into effect? Mr. Canadian you are not supposed to do so without a PERMIT. To buy a hunting knife with a 4 1/4" blade you must have a PERMIT. But you can go to a hardware store and buy a butcher knife with a blade made of the best steel, capable of taking an edge and point that you could shove through the ordinary man with a couple of inches to spare. This requires no permit.

A few more regulations like the above permit law and the sportsman's pleasure will be a joke. Why in the name of all that is reasonable does a Canadian citizen have to have a PERMIT to own a hunting knife or a sporting rifle?

The Government itself advertises Canada's great hunting and fishing, but evidently these law-makers (?) are determined to put as much obstruction as possible in the way of the sportsman. And believe us, O wise men who passed the permit law, the people who will cause you trouble, will not be law-abiding Canadian sportsmen, for when a man, or a body of men, want to commit murder or start riots they do not need either sporting rifles or hunting knives.

Y. M. C. I. CLASSES GIVE EXCELLENT EXHIBITION

A fair-sized gathering of people, young and old, enjoyed an exhibition presented by the classes of the Y. M. C. I. in St. Vincent's Auditorium last evening. An outstanding feature of the exhibition was the clever and comic acrobatic feats of "Pete" Pemberton. He is a capable performer, and his numerous and difficult performances won rounds of applause.

The horizontal bar work of the four senior leaders was good, and the tumbling of Dove and Pemberton one of the best of the exhibition.

The hand drill of the school girls, the club swinging of the high school girls, and the dumbbell exercises of the school boys were thoroughly enjoyed and showed careful training.

The programme in full was as follows: Grand march, by combined classes; dumb-bell drill, school boys; pyramids, high school boys; free hand drill, school girls; parallel bars, senior leaders; wand drill, senior class and high school; tumbling, two comedians; posing, C. Lennox and R. Martin; Indian leaf drill, high school girls; lighted club swinging, L. T. Dow; dancing, senior girls; horizontal bar, four senior leaders; marching, high school girls, and gym dancing, high school girls.

Those who took prominent parts in the exhibition either as performers or directors were: Senior leaders, L. T. Dow, C. Lennox, P. Pemberton, L. Pemberton, G. Pemberton, H. Peterson, H. Burns, N. Dobblesstein, N. Kennedy; pyramids, W. Williams, James McInerney, J. Stevens, Wm. McInnis, L. Gaynes, F. Donovan, E. Wall; tumbling, L. T. Dow and P. Pemberton; property manager, T. Killen; stage manager, T. K. Sweeney; assistants, D. Connolly, Jr., and C. H. O'Regan; in charge of school girls, Miss Eleanor Tapley; in charge of high school girls, Miss Genevieve Cronin; chaperones, Mrs. F. J. Power, H. J. Sheehan, F. J. McCafferty, J. J. McDonald, T. Murphy and W. Donahoe; pianists, Miss Anna McGarrigle; in charge of ushering, St. Vincent's Alumnae; in charge of refreshments, Mrs. H. J. Sheehan and Mrs. William Donahoe.

The incidental music furnished by the orchestra furnished much to the smooth execution of the various dances and drills. The orchestra was under the direction of F. Waddington and included in its personnel: Miss Anna McGarrigle, pianist; Wm. Bridges, violin; Arthur Heenan, violin; Nathan Rubin, violin; John Olive, flute; Thos. Beck, flute; Wm. McCrossin, clarinet; Chas. Glenn, clarinet; E. W. McElrath, cornet; F. Burke, trombone; W. Connolly, baritone; and Arthur Sharkey, traps.

PADDOCK TO DESERT TRACK THIS SUMMER

World's Premier Sprinter Says He is Going to Settle Down After Graduation.

Los Angeles, Cal., April 29.—Charles Paddock, world's premier sprinter, will pack his spliced shoes to the wall soon after July 1 next and will forsake the cinder path for journalism, he announced here.

From the shoes will hang five blue ribbons, symbolic of the five occasions when Paddock, representing the University of Southern California, where he is a student, bested five world's sprint records in less than a month's time.

Paddock will be graduated this summer. He said he expected to put his "racing days away with his school days," and "settle down" as soon as possible to "real work." He has had some journalistic experience.

Paddock, who won the 100-metre event at the last Olympic games, set a mark on March 26 in a meet with the University of California of 20.4 seconds for the 200-yard dash. Last Saturday, running at Redlands against representatives of several Southern California institutions, he set new world marks for the 100-metre, 200-metre, 300-yard and 300-metre. His times were 12.2 seconds, 21.1-5 seconds, 30.1-5 seconds and 33.4-5 seconds respectively for these distances.

Paddock's record-breaking run at Redlands, when he bested previous marks for the 100, 200 and 300 metres, and 300 yards, was under the observance of Robert S. Weaver, president of the Amateur Athletic Union.

DEATH OF MINISTER

Rev. Mr. Morrow Was Noted Runner in His College Days.

Toronto, April 29.—Rev. John D. Morrow, former pastor of Gale Presbyterian church, this city, is dead in California, at the age of forty-four. He was a noted athlete in his college days, and at one time held the Canadian record for the quarter-mile run.

MORNING NEWS OVER THE WIRES

The steamer checkers' union of Montreal accept a reduction in wages, following the example of the longshoremen, who signed an agreement for a reduction recently. The new rates average about fifteen per cent. below that in force last year.

As a result of the burning of a cook house in connection with the lobster factory conducted by Peter Noel, Green Point, Gloucester county, John Noel and a young man named Casey were burned to death, and Peter Noel and a woman cook suffered severe burns. Six men who were sleeping upstairs in the house succeeded in getting out through a window.

Members of the New Brunswick liquor commission at present in Montreal, paid a visit to the Montreal Board of Trade yesterday. Hon. J. P. Tweeddale said they were in Montreal to look over the general situation and to get in touch with representatives of European wine and spirit houses with reference to stocks needed by the commission from time to time for medicinal, manufacturing, scientific and sacramental purposes.

President Harding yesterday reviewed the United States Atlantic fleet at Old Point Comfort, Virginia, receiving the presidential salute of twenty-one guns. He expressed the hope that the United States navy might never again fire a gun in war.

THEATRE TICKET AGENTS ENJOIN HOTEL ASTOR

Tyson Company Gets Temporary Writ Preventing Eviction From \$15,000-a-Year Stand.

(New York Times.)

The Tyson Company, theatrical ticket agents, with a branch establishment in the lobby of the Hotel Astor, obtained a temporary injunction yesterday from Justice Delahanty of the supreme court, restraining Frederick A. Muschenheim, owner of the hotel, from ousting them from the stand. Mr. Muschenheim recently gave William J. Fallon, president of the ticket agency company, notice to vacate on April 29, and to file an application to continue the injunction, pending the trial of the suit, will be held in ten days.

Mr. Fallon said his lease, which called for the payment of \$15,000 a year, did not expire until 1924, and that he intended to stay unless the court ruled otherwise. Mr. Muschenheim said one of the clauses in the lease gave him the right to terminate it on two weeks' notice if, in his judgment, the Tyson Company did not provide adequate service to the guests of the hotel.

"That eventually has now arisen," he declared, "and we are prepared to prove at the proper time that the service was not satisfactory."

The rental for this hotel lobby space is said to be the highest of its kind in the city. Mr. Fallon's company is said to be paying \$12,000 a year for a similar privilege in the lobby of the Waldorf-Astoria.

ZBYSZKO IS CONFIDENT.

Stanislaus Zbyszko, veteran Polish grappler, is confident he will be wearing the heavyweight wrestling championship title after May 6, on which date he engages Ed (Strangler) Lewis, the champion, in a title bout at the Twenty-second Regiment Armory, New York, in aid of the Irish Relief Fund. Zbyszko is reported hard at work in preparation for the match and is said to be romping in to better form than he has enjoyed for any of his recent mat struggles.

"When I leave the ring of the Twenty-second Regiment Armory on the night of May 6, I'll be the winner over Lewis and the holder of the heavyweight title," said Zbyszko. "Lewis undoubtedly is a great wrestler, but ever enjoyed the will-out-game him and eventually force his shoulders to the mat."

Zbyszko is one of the oldest active wrestlers. He has proved in recent matches, however, that despite his advanced years, he still is a formidable opponent. The late Frank Gotch is the only wrestler who ever enjoyed the distinction of scoring a victory over the Pole, and Gotch accomplished that feat when he was champion. Zbyszko has participated in 966 matches, and in a majority of them has scored victories.

NARRAGANSETT TO BE BASE FOR DESTROYERS

Newport, R. I., April 29.—Narragansett Bay is to be the base of the destroyer

squadron of the Atlantic fleet this summer. The rendezvous will bring 150 destroyers and auxiliary vessels to these waters. Five destroyers have already arrived.

The main fleet of destroyers, it has just been announced, will leave Charleston, S. C., their winter base, on May 15, and proceed to New York for a stay of two weeks to permit the crews to have shore liberty. The squadron, under command of Rear Admiral A. H. Robertson, will then proceed to Narragansett Bay, arriving about June 5.

CANES FOR TWO CAPTAINS.

Montreal, April 29.—Captain Michael Doyle, master of the Cunard steamer Venusia, yesterday received the harbor commissioners' gold-headed cane, given every year to the first arrival here from the sea. The master of the Cabotia, which ship started on the same day from Glasgow as the Venusia left London, will also receive a gold-headed cane, but from the Quebec harbor commissioners.

Health Talks by a Nurse

No. 3. (BY AGNES JOYNES, R. N.)

In previous articles I have said that the terrible daily death rate and chronic disease (worse) could easily be stopped by educating all people to the care of their own health...

Whatever else you know about sickness I want you to know this:—When it comes to critical illness, it is nothing but constant, intelligent, individual care which saves life either in the hospital or in the home...

Yet the fact remains that that individual bedside care is all-important, or even an ample time and opportunity for valence will not avail—always providing there is anything left to convalesce. Then, who shall assist the graduate nurse in giving such care to the millions who need it today...

Let me give you one terrible example of the results of this present day lack of service in one of the large hospitals of Massachusetts. Patients were admitted there in all stages of the disease and at all times of the day and night...

tained even by the most disordered stomach. We could have given cooling baths. So many, many things we could have done.

That same plague may come again at any time. Are we prepared for it? Not quite so well, I am afraid, as we were even then. But that calamity after all is like war. It comes and it goes.

CHINA WOULD JOIN U.S. AGAINST JAPAN Chief Adviser to Chinese President Says Nation is Prepared to Fight—Seek Canada's Aid.

(Toronto Mail and Empire) Mr. Bertram Lenox Simpson, chief adviser to President Hsu Shihchang, head of the central government of China, and its official statistician, who is on his way to the imperial conference at London, arrived from Vancouver yesterday.

Mr. Simpson, who has been located in China more than twenty-five years, and who has written several volumes on the Far East under the name of "Huanan Wheel," will remain in the city for several days before going to Ottawa for a conference with Premier Meighen concerning Canada's part in the Anglo-Japanese alliance and Article 21 of the covenant of the League of Nations.

Mr. Simpson says from Quebec on his way to Ottawa that the Anglo-Japanese alliance puts China in a subordinate position. He says that the League of Nations, which is to be formed before the imperial conference, at present the Anglo-Japanese alliance puts China in a subordinate position.
