GREAT COMBINE OF TRADE UNIONS

More Than Million and Quarter Workers in Its Three Component Parts

London, May 16—A great trades union combine has been organized in England, in which miners, railwaymen and transport workers, totalling 1,800,000 men, will hereafter support each other in their disputes with employers. The members of the Miners' Federation voted in favor of this working agreement of the three organizations and the executives have appointed a committee to arrange the details.

It was found in some of the more recent strikes, that without a working agreement by which all would join together in case of a dispute, not a great deal could be accomplished by any one organization. When the Transport Workers' union was on strike, for example, the railwaymen kept at work and the attempt to tie up the transport of goods, except in restricted areas, did not succeed. Also when the miners go on strike they cannot make it immediately effective unless the railwaymen refuse to handle coal, as in many cases the colliers have large stocks on hand and at other mines non-union labor can be obtained. With the three working together, the leaders believe they can enforce better conditions from the employers.

CHANCE FOR EIGHT FROM CANADA EACH YEAR AS CADETS IN NAVY

Ottawa, May 16—Arrangements have just been made by the dominion navy department with the British admiralty, whereby not more than eight graduates of the Royal Canadian Navy College at Halifax will be taken every year into the British navy as cadets.

Cadets in the British navy get very small wages, so that young men thinking of going need be assured of an allowance from their parents.

Mr. Atkins in Charlottetown. Charlottetown, P. E. I., May 16—J. A. M. Atkins, M. P., of Winnipeg, president of the Canadian Bar Society, was a guest at a luncheon given by the members of the Law Society of the island in the Victoria Hotel yesterday. He gave an address. Premier Matheson and Hon. W. S. Stewart also spoke.

Phelps and Pherdinando WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—A pronounced area of high now covers the Great Lakes and middle states, while over the western provinces there is a barometric depression which is likely to move slowly eastward. The weather since yesterday morning has been fine and moderately warm throughout the country. Temperatures of more than eighty were recorded in Southern Alberta and Saskatchewan.

Fair and warmer Maritime—Moderate westerly winds, fair and moderately warm today and Sunday. Washington, D.C., May 16—New England forecasts—Fair tonight and Sunday, moderate northwest winds.

EACH TRAIN TO CARRY 'PHONE EQUIPMENT

Further Plans For I. C. R.—Enlarging Freight Sheds, a New Tank

(Special to Times) Moncton, May 16—Following the inauguration of the system of despatching by telephone on the I. C. R., it is reported that each train is to be provided with a telephone and wire equipment, so that if a train should be stalled where there is no operator, the trainmen can "snare a wire" and talk direct to the despatcher.

John A. Humble of Fredericton, appointed right of way agent of the I. C. R. with headquarters here, is expected to remove his family to Moncton soon. The salary is \$1,800. An addition to be made to the I. C. R. freight shed at Metepedia. The shed at Bathurst will also be enlarged. It is learned that a tank with a capacity of 40,000 gallons will be erected this summer at Jacques River.

The Ocean Liniter from Montreal was delayed in arriving at Moncton yesterday afternoon on account of a freight special jumping the track at Doyles siding. The track was torn up considerably.

RESULTS FATALLY

Edwin S. Fenwick Dies in Hospital Following Accident

Edwin S. Fenwick, who sustained a fractured skull by a fall in his home, on Thursday night, died in the General Public Hospital this morning at 4:30 o'clock. Mr. Fenwick passed away without regaining consciousness.

He was forty-five years of age and is survived by his wife and three small children, Alfred J., Bertha and Thelma, all at home. He also leaves his father, Alfred J. Fenwick, commission merchant of the city market, four brothers, William S. and Oscar, of Bathurst; and two sisters, Miss Lettie, of this city, and Mrs. MacDuff in the United States.

ARRESTED IN WINNIPEG; TO BE BROUGHT HERE BY DETECTIVE KILLEN

George Menzies, formerly of St. John, has been arrested in Winnipeg on a charge of embezzlement from the Metropolitan Life Insurance Company in this city. Detective Killen has gone with a warrant to bring him back here for trial. Menzies was employed as agent for the Metropolitan Life Insurance Company until April of last year when he went west. The amount said by the company to be involved is \$70 or \$100. It is understood that the insurance company has been reimbursed by a New York bond company.

NEW CUSTOMS RULE FOR PAPER IMPORTATION

Washington, May 16—Importers of print paper will not hereafter be required to inform the customs collector of the name and address of the manufacturer before such paper is imported. A new rule is contained in a letter to the collector at New York, saying: "Inasmuch as it appears that the shippers object for trade reasons, to furnish such information, you are hereby authorized to waive in this case, and in future similar cases, the production of that evidence and to accept in lieu thereof an affidavit of the seller or shipper stating the name of the country of manufacture and the name of the country and province in which the wood was ground, that was used in manufacturing the paper."

RFLES FOR HOME RULERS?

Dublin, Ireland, May 16—A heavy consignment of rifles and ammunition for use by the Irish Nationalists is reported today to have been landed at Conamara. It is believed to have been purchased in the United States.

ARRESTED IN MONTREAL; ST. JOHN FIRM IS INTERESTED

An interesting career of frenzied finance on a small scale was brought to a sudden end, when a young man well known in St. John was arrested in Montreal the other day. He gave his name, while here, as Theodore Jarvis, and said he was a native of England and a graduate of Harrow. While in St. John he applied to Baird & Peters for a position as travel agent, saying that he had considerable experience in Hamilton, Ont. While inquiries were being made about his references, the young man was sent out with one of the firm's representatives to show what he could do, but was not retained. A letter was received from the Hamilton firm that they knew nothing of the man.

The next the local company heard from the stranger was when drafts began to come in through the bank and through their customers from various parts of Nova Scotia. It is also reported that he played a similar game with a wholesale house in Halifax. In order to protect their customers and the public, Baird & Peters had a warrant for the arrest of Jarvis sworn out in Nova Scotia, and the police were put on his track.

ACADIA CLOSING

The closing exercises of Acadia University and affiliated institutions will be held on Monday evening at Wolfville, N. S., when there will be a violin and recitation by Miss Helen DeWolfe and Margaret Manning. On Wednesday evening, Misses Laura Sleeves and Helena Laws will give a similar recital, while on Saturday, May 23, there will be a students' concert, with the Acadia Orchestral Club and Miss Evelyn Starr, violinist, participating. The baccalaureate sermon will be delivered on Sunday, May 24, by Rev. S. Matthews, D.D., of the University of Chicago, and in the evening Rev. J. H. McDonald, editor of the Maritime Baptist, will give an address in College Hall. The next day the exercises of the graduating class will be held, and there will be a private art exhibition by Miss Estelle Eaton. J. W. Jones, of Charlottetown, P.E.I., will give an address at the closing exercises of the collegiate and business academies. The interclass track meet will take place on Tuesday afternoon, May 26. The conferring of degrees, president's address, etc., will be on Wednesday, May 27, and the alumni dinner also on that day.

The funeral of William Wainwright, first vice-president of the Grand Trunk Railway, will be held in Montreal on Monday afternoon.

HUNDRED SCHOONERS BLOCKED BY ICE IN STRAITS OF CANSO

Halifax, May 16—The government steamer Minto has been ordered from Charlottetown to the assistance of more than 100 fishing schooners whose passage through the Straits of Canso has been blocked by heavy drift ice. They are bound north for bait. The new customs cruiser Margaret sailed at noon today for Quebec to enter the St. Lawrence revenue service.

DIES IN VAIN EFFORT TO SAVE HIS MOTHER

Tragedy of a Fire in a Brooklyn Home

AGED SERVANT CAUSED OUTBREAK

Loss of \$900,000 in Cotton Warehouse Conflagration; a Fireman Killed—Ten Overcome Fighting a Blaze in Philadelphia

New York, May 16—Returning home to find his house burning and knowing his aged mother, a paralytic, could not escape unaided, Harry Halstead, twenty-three years old, threw himself into the flames in a burning apartment house in Brooklyn, last night in an attempt to rescue the woman. Firemen found his charred body. The mother, Mrs. Mary Halstead, sixty-five years old, had been suffocated, the flames scarcely touching her body. The fire was caused by a lighted match thrown on a table cloth by a servant seventy-seven years old. Galveston, Texas, May 16—Fire early today destroyed a warehouse of the Merchants' and Planters' Compress Company near the waterfront here, and badly damaged 11,000 bales of cotton in the building. The loss is estimated at \$900,000. An unidentified man was crushed to death by a wall. Philadelphia, May 16—Fire early today destroyed the plant of B. Bernheim and Sons, manufacturers of office fixtures. The loss is estimated at \$100,000. Ten firemen were overcome by smoke.

SOME HOPE YET FOR THE BASEBALL LEAGUE

Mason in Town Today on Way Home—Will Send Message Tomorrow

N. W. Mason, one of the high lights of the Pictou county team in what was to have been the Maritime Baseball League, passed through the city today on his way from Boston to New Glasgow. While here Mr. Mason had a heated interview with J. Page, now manager of the league. When informed that the league was called off by the other three teams on account of the stand the Pictou county team had taken, Mr. Mason asked whether if New Glasgow was willing to go through with the league under the conditions given by him without the main guarantee, the other teams would consider it. He was told that the teams had now dropped the matter, but might take it up again if they found the Pictou county men willing to go ahead with their end of it. Mr. Mason promised to send a message tomorrow in regard to his club's decision.

CANADA AND STATES JOIN IN CONTROL OF ATHLETICS

New York, May 16—The Amateur Athletic Union of the United States and the amateur Athletic Union of Canada have adopted a set of articles of alliance and will work in harmony.

BURIED TODAY

The funeral of Michael J. Barry took place this morning and was attended by a large number of friends. The funeral was from Columbus Hall and the body was taken to the Cathedral, where high mass of requiem was celebrated by Rev. Charles J. McLaughlin, assisted by Mr. Howard sub-deacon and Rev. Wm. Duke as master of ceremonies. Members of Council 937 Knights of Columbus, attended in a body. Interment was in the new Catholic cemetery. Among many beautiful floral offerings was a handsome wreath presented by the Knights of Columbus, which bore the emblem of the order.

REDMOND CHIEF GUEST OF NEWSPAPER MEN

The King's Tribute to the Members of London Press Gallery

London, May 16—In a session at which newspaper men are sifting more Irish matter than anything else, it seemed appropriate that John E. Redmond should be the principal guest at the annual dinner of the parliamentary press gallery, which knows no political bias. In accordance with this the Irish leader abstained from treating on delicate ground, encroaching only when he suggested the probability of his membership at Westminster coming rapidly to a close. This statement was greeted with cries of "shame" and laughter.

Replying to a message of loyalty, the king, through Lord Stanfordham, acknowledged the daily debt of gratitude he and his subjects owed to the members of the press gallery.

The funeral of William Wainwright, first vice-president of the Grand Trunk Railway, will be held in Montreal on Monday afternoon.

LOYALIST SPEAKER HERE

James C. Stark, of Boston, who will be the principal speaker at the Royal Day celebration in the York Theatre on Monday night, arrived this morning on the steamer Governor Cobb and is the guest of Ven. Archbishop Raymond.

ADJUSTING LOSS

The adjusting of the fire loss on the plant of the Maritime Communal Mills was begun yesterday afternoon. Edward Bates, E. L. Jarvis and R. H. Coleman are the adjusters.

Villa Before Saltillo By Tonight With 30,000 Men

Investment Rapidly Being Completed—His Troops Rout Huerta's Men in Skirmish—More Arrests in Mexico City Reported

Photo by American Press Association. CARRANZA, ONE OF HIS AIDES AND HIS SECRETARY

Constitutionalist Headquarters, Parron, Mexico, May 16—Fighting has begun in the Constitutional campaign against Saltillo. The first clash has been won by General Villa's troops. A Federal force of 500 men was surprised by a body of Constitutionalists scouts near Reata Junction, North Parron, and routed with considerable slaughter. The Huerta troops when they fled left fifty dead in the field.

The Constitutional army is now in motion. General Felipe Angeles will have sixty-nine guns and plenty of ammunition with which to bombard Saltillo. Forty three machine guns and ammunition have been sent with the infantry. Two flanking corps of 2,000 men each are marching overland from Hipolito, spread over a front of nearly twenty miles, driving everything before them towards Saltillo. It is expected that the investment of Saltillo will be completed by tonight and General Villa, following his usual custom, will attack the city under cover of darkness. He has no fewer than 80,000 men in his attacking force. Several thousand are being held in reserve as a rear guard to prevent an attack by Federal or a flank movement.

Juarez, Mexico, May 16—Domingo and Mariano Arrieta, whose four thousand irregular troops had the state of Durango terrorized for almost a year, are again out in open defiance of Carranza and Villa.

Huerta Reported Carousing Vera Cruz, Mexico, May 16—American refugees today from Mexico City say that many members of the congress dissolved last October, have again been thrown into prison. Hundreds of other arrests on charges of plotting sedition have been made. It is reported that six Madrist deputies were shot in the military prison of Santiago.

Huerta is paying but little attention to governmental affairs, the unfriendly version being that he is spending most of his time carousing and at cock fights. Washington, D. C., May 16—Tuxpan, on the east coast of Mexico, between Vera Cruz and Tampico, is in the hands of the Constitutionalists, according to a report to the state department today.

THIS DOCTOR SEWS HAIR TO THE HUMAN SCALP

Hungarian Professor Succeeds in Giving Covering to the Bald

Budapest, May 16—A method of sewing hairs to the human scalp in cases of baldness has been successfully used by Doctor Szekely at the hospital of Saint Stephen in this city. The number of hairs planted in the head of one patient has been as high as 30,000. One hundred hairs are drawn through punctures in the scalp in every square centimeter and as both ends are left free this makes 1,000 hairs to each square inch. In the operation very fine gold wires are used, one five hundredths of an inch in diameter and fine long hairs from a woman's head are attached to these. The gold loop acts as an anchor, which after sterilization is introduced into the subcutaneous tissue, where it is slightly twisted, thus holding the hair in permanent position. It is said that 500 hairs can thus be planted in three-quarters of an hour.

A special instrument has been designed by Doctor Szekely for planting the gold wires which are so fine that after the work is completed for planting 50,000 hairs there is only one gramme of gold left in the scalp. The hair becomes perfectly natural after a capsule of tissue forms around the gold knot. The inflammation entirely disappears within ten days after the operation and no evil results have ensued from any of the planting. The hair can be treated in the ordinary way after the operation. The doctor's earliest patient, who underwent the operation seven years ago, has a beautiful head of glossy hair.

LITTLE BREEZE AT WOMEN'S COUNCIL MEETING OVER THE PROGRAMME OF MILITANTS

Rome, May 16—Mrs. Creighton, one of the English delegates to the International Council of Women which ended its sessions here on Thursday deplored the militant tactics of suffragettes, saying they injured the cause of women. She was interrupted by protests, but continued her address and repeated her statements.

This caused a more violent demonstration, but the president brought about order by telling Mrs. Creighton her time was up and forcing her to be seated. The meeting passed unanimously a resolution asking that women be given the vote.

WHERE CHILDREN ARE BAR TO RENTING OF HOME

Legislation to Check Landlords of Vienna Being Considered

Vienna, May 16—The refusal of landlords in Vienna to rent flats to persons with children has become such an obstacle to families of the working classes that they are suffering real hardship in their quest for suitable living quarters. The condition of affairs has been presented to the city council and a proposal made to lower the taxes on houses whose owners would permit children to live in them.

While this particular motion was shelved it is not improbable that something may be done in this direction. Since taxes house property in Vienna amount to more than 42 per cent. of the gross rental, any reduction would be extremely welcome.

Workers living in suburbs are found to be badly crowded, as many as eight persons occupying a flat that consists of one small room and a kitchen.

Walter Wells, an employe of the town of Galt, Ont., in the electric service, scaled a pole, but it broke under his weight and he was killed.

Put Your Signs Where People See Them

Merchants and manufacturers can read this message with equal advantage. When you advertise you want to reach the public. What do they, the people, read every day? What do you yourself read every day? Any way you look at this question the answer is always the same—THE NEWSPAPERS. The modern daily newspaper with its definite, concentrated circulation is the best medium in the world today for getting news of goods or service before the buying public. Nothing takes its place—as many have already proved for themselves. Information will be gladly given without charge by the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York. Booklet on request.

A LITTLE FRENCH DESIGN.

THE NEW COW BOY COLLAR

long blouse in the regular way. Belt and necktie are of dark silk. About 3 yards of 44-inch material will make the dress for a girl of 8 or 10 years. Three-quarters yard of silk and 1 1/4 yards of 27-inch lining will also be needed.

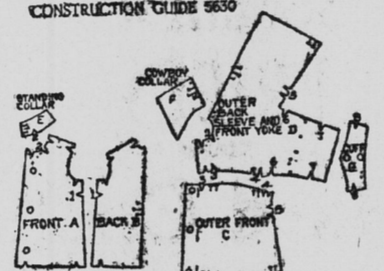

The lining requires but a few minutes to make, as it requires only the closing of the underarm seam and hemming of the front.

Tuck the front and stitch about an inch from the folded edge, then turn hem in right front on large "O" perforations, which also indicate center-front. After gathering the upper and lower edges of the front sew the yoke to the upper edge, then try on the dress. Alterations should not be necessary, but if any little change is made do it at this point.

After closing the underarm seams finish the sleeves, adding cuff. Arrange on the lining, being careful to make the centers even, then stitch the lining to the dress, adding small "o" perforations in outer back and in collar together.

The skirt is laid in pleats, according to perforations and attached to the long blouse. The sash and buttons are then added, each being finished with a large flat bow. While it is a little detail, care should be used in making the bow for the sash and the one for the neck. They should be different to avoid regularity.

The new cowboy collar, one of the latest features of small girls' frocks, is featured on this little dress of French cotton crepe. It is trimmed with dark silk.

Interesting little details are worked out on the new frocks for small girls this season. The cowboy collar shown here is attractive and apt to appeal to the youthful heart that worships the heroic.

The dress is carried out in challis, marquisette, muslin, or French cotton crepe, all of which are soft and inexpensive. It is made with a body lining. The outer back, sleeves and front yoke are cut in one piece. The skirt is pleated and attached to the blouse.

FEMININE FACTS

Statistics show that France has 1,800,000 families without children.

It is said that 47 per cent of the stockholders in the Pennsylvania railroad are women.

It is also maintained that a majority of the stockholders in the American Telegraph and Telephone company are women.

An advertisement, recently appeared in a California paper issued by the Friends of Homeless Children which reads:

Wanted—homes for boys.
Wanted—100 girls from six months to five years for homes now waiting.

Paris makers are offering 400 shades in women's wigs.

In Denmark they usually furnish the teacher with a house, a barn and also a few acres of ground.

Potatoes and Buttermilk.
An Irish woman well expressed, the other day, says the London Daily Chronicle, the value of the national diet of potatoes and buttermilk. "When I was young," she said, "we never heard of consumption. The people were content with potatoes and buttermilk. Now they must have meat and tea. They are healthy enough as children, but few grow up strong. They become consumptive as they grow. They cannot afford good meat, or enough of it, and they will not eat the potatoes and milk that would cost them little and keep them strong." Potatoes are more nourishing if boiled or baked in their skins. The Irish know this; and, passing the open doors of cottages today, one may still sometimes see the brown smoking balls turned out of the big pot on to a table round which the family is sitting.

The reason that some marmalade will not jelly is probably because it has not been boiled enough. Marmalade wants a great deal more boiling than jam. It requires from two and a half to three hours.

Marvelous Power

RUB ON NERVILINE

You'll be astonished at the rapid pain relieving action of "Nerviline." Its effectiveness is due to its remarkable penetrating power—it strikes deeply, sinks to the very core of the trouble.

Nerviline is stronger, many times stronger, than ordinary liniments, and it's not greasy, ill-smelling or disagreeable. Every drop rubs in, bringing comfort and healing wherever applied.

You would scarcely believe how it will relieve a sprain, how it takes out lameness, how it soothes and eases a bruise. Thousands say no liniment is half so useful in the home. This must be so, because Nerviline is a safe remedy—you can rub it on even a child with fine results.

Just you keep Nerviline on hand—it's a panacea for the aches, pains and slight ills of the whole family. One bottle will keep the doctor's bill small, and can be depended on to cure rheumatism, neuralgia, lumbago, sciatica, toothache, pleurisy, strains or swelling. Wherever there is a pain rub on Nerviline; it will always cure.

The large 50c family size bottle is the most economical; trial size 25c. Sold everywhere by dealers, or direct from the Catarthozone Co., Kingston, Canada.

SMOKED MORE THAN SIX BILLIONS OF CIGARETTES

Tobacco Bill of Austria For a Year Enormous and Enriches the State

Vienna, May 16.—Notwithstanding that the Austrian government's tobacco monopoly three years ago increased the retail price of cigars and cigarettes, the smoking habit appears to have held its ground, yielding to the state a clear profit of many millions dollars a year. The tobacco monopoly's report for 1912, which has just been issued, shows \$48,000,000 profit, an increase of about \$8,000,000 over the preceding year.

Cigars showed a great falling off, there being 1,154,000,000 cigars smoked during 1912, a decrease of \$2,000,000 as compared with the previous year, but the consumption of cigarettes reached the enormous total of 6,222,000,000.

Eating Relieves Stomach Trouble

A Prominent Physician's Advice.

Eat good foods and plenty of them. Disting. in many cases, P. Sewell, criminal. Get back to normal. To do so you must have the proper quantity of nourishment. You need it for brain and physical work. Probably there is nothing the matter with your stomach except acidity. That is merely an abnormal secretion of acid in the stomach. Neutralize that acid and your stomach trouble will end at once. Neglect may mean ulcers if not cancer of the stomach. Do not take patented medicines of poison tablets for dyspepsia. Simply take a neutralizer of acid. Decidedly the best neutralizer is ordinary bisulphate of magnesium. It is inexpensive and you can get it at any drug store. Take a teaspoonful in a quarter glass of water after each meal. The relief will be immediate.

RECENT DEATHS

Much sympathy will be expressed in the death of Gertrude, wife of Frederick King, which occurred yesterday after a lingering illness at her home, 68 Britain street. She leaves to mourn her husband, one small daughter, her parents, Mr. and Mrs. Charles Paddock, of this city; and two brothers, Frank and Charles, also of this city.

Mrs. B. O. Hartman died on Thursday at her home in Bayfield, West County. She is survived by her husband, Rev. B. O. Hartman, one brother and two sisters.

Thomas Hebert, the six year old son of Mr. and Mrs. Gerald Hebert died of apoplexy on Thursday evening at his home in Middle Sackville.

A telegram received by Rev. H. S. Cann of Sackville on Wednesday bore the news of the death of his father, Horace Cann, while travelling by train to his home in Yarmouth, N. S., from the United States. He was a passenger on the steamer Prince George on Wednesday morning from Boston and taken seriously ill upon landing on the pier. His daughter was with him. He was carried on board the train but passed away in a few minutes. He had several children in the states with whom he had spent the winter. He was about seventy-five years old.

John McLusky, aged eighty-eight years, passed away at Fredericton Junction on Thursday.

Donald Foster, of Middle Simonds, Simonds, Carleton county, died on Tuesday. He is survived by his wife, one brother, Albion Simonds; five sisters, Mrs. Webster Ross, of Vancouver; Mrs. Harry Perkins, of New Bedford, Mass.; Misses Edna, Bessie and Emma of New Bedford.

Considering the Groom

Of course wedding gifts are to be sent to the bride, and in making your selections you naturally choose something that will delight her—which is as it should be, and we would not have it changed for the world.

The groom is appreciative, too, of course, but did you ever stop to think how his appreciation grows when he realizes how many useful—absolutely necessary—pieces of Silver or Cut Glass the bride receives as wedding gifts.

Every article of Dining-Room equipment is appropriate for a wedding gift, and such gifts show consideration for the groom as well as the bride.

You will find many choice pieces of Cut Glass and of Sterling and Plated Silverware in our stock at prices to fit your purse.

WOMAN'S HAIR REACHES TO KNEES

A Year Ago Was Threatened With Baldness. Tells How She Made Her Hair Grow.

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvellously long hair, which, when loosened from its coils, falls to her knees. Moreover it is soft, silky and fluffy texture and in color a glorious glossy gold. Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in so short a time, she said "Had anyone told me of hair tonics, but they were all the same and never did me a bit of good. One day I chanced to read in my home paper of a simple home prescription to make the hair grow that was recommended by a well known physician. It said that by taking ordinary Lavona de Compose and mixing with Bay Rum and Menthol Crystals and applying to the scalp each night with the finger tips that new hair would grow very rapidly. I decided to try it and I had my longest mix 2 oz. of Bay Rum and 1-2 drachm of Menthol Crystals, and started to use it. My hair quickly grew and grew. First the hair stopped falling, the itching ceased and the dandruff disappeared. Then my tiny little hairs appeared all over my scalp. My hair grew and grew though nothing would ever stop them. They are growing wet, and while, of course, I have used the treatment steadily and expect to continue it, at least until my hair reaches the floor, I might have stopped and been perfectly satisfied at the end of three months. I think that any woman can get long, thick, beautiful hair by using this prescription as I have recommended it to several friends, and all are delighted with the result. The prescription is very inexpensive and any druggist can fill it."

THE EVANGELISTIC MEETINGS

The outlook for a great religious awakening is very bright, according to those interested in the revival campaign in Queens Rink under the direction of Evangelists Burrows and Van Horne. Doctor Burrows last evening appeared greatly pleased with the outlook, and said that last night's service was the best one yet held. The crowd is steadily increasing. The work of the choir has been very commendable. At the temperance rally a great demonstration looked for. A band and vocal numbers have been arranged for. It is expected that Mr. Van Horne will sing "De Years Go By" by Mr. Van Horne. Dr. Burrows preached a powerful sermon on the second coming of Jesus Christ and pointed out that the Christian and all others should be at all times in readiness for his appearance. Several accepted the invitation to lead the Christian life.

At a farewell gathering in the Y. M. C. A. last evening with the combined classes in attendance, C. D. Howard, as physical director, was the recipient of two handsome steamer rugs from the members.

Don't Hide Them With a Veil; Remove Them With The Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

No Need Being Old or Wrinkled Before 75

Lillian Russell says any woman who has wrinkles before she's 75 is herself responsible for them. Sunshine and fresh air she considers more valuable as complexion preservers than nostrums and cosmetics.

The chief objection to cosmetics is that at best they only temporarily cover up defects. There are certain true aids to Nature, which may be applied with direct, opposite effect. Ordinary mercenary face washes, for instance, actually remove a bad or old complexion by gradually, almost unperceptibly, peeling off the worn-out scurf skin. Just one ounce, preciously at any druggist's, will soon unveil an entirely new and natural complexion, with an exquisite golden color. Of course, such a complexion, like pimples, freckles, dark spots, wash patches, liver spots, disappears with the discarded skin.

To prevent or remove wrinkles, a face bath, which also produces natural results, is made by dissolving a ounce of powdered exfoliate in a half pint of water. This is immediately effective and gives us untoward after-effect.

PLAYGROUNDS OR PRISONS?

There is a striking article entitled "Prisons or Playgrounds," in the May issue of the Canadian Municipal Journal. It begins by saying: "There is a growing perception that if the children living in the closely congested quarters of the cities and towns are not provided with opportunities for play the public will later on be called upon to provide jails and prisons for the criminals into which the children will inevitably develop."

The Municipal Journal notes the fact that some boys recently appeared before the Toronto Board of Control asking for a house in which they could play, and it quotes from a Montreal college magazine a declaration that young men were tired of the pleasures of the streets provided. The fact is also noted that in that great open space, the Champs de Mars, in Montreal, children are not allowed to play, as it is reserved for an occasional military parade or a firemen's display.

More striking are the statements quoted from Mr. Edward M. Barrows of the People's Institute, New York, who says that children who play in the streets, their only playgrounds, are punished by the law, grow up to hate the law and its administrators, and unite in organized gangs to fight against their common enemy.

"The problem ahead," says Mr. Barrows, "not only for New York but for other cities is the harnessing of play and of the gang to the cause of civic and social education."

Mr. Joseph Lee, chairman of the Playground and Recreation Association of America, points out that the children need some safe place than the street in which to play, but that "more important than the playground is the play." In other words, supervised play is the great necessity. Considering the question from the purely mercenary point of view, the Municipal Journal significantly asks: "Which are cheaper, prisons or playgrounds?"

Considering this question in its relation to the city of St. John, we find that there are six supervised playgrounds conducted for about nine weeks in the summer, and all the rest of the children are left to play on the streets or where they will, or rather where they may be permitted to play without interruption by the police. The result has been the organization of gangs. There are many gangs of boys in St. John today. Some of them are a menace to the welfare of the community. They are a very bad example to smaller boys, and exert an evil influence upon them. The fact is well known to the police, and to such of the citizens as think it worth while to take an interest in the welfare of the boys who cannot attend the Y. M. C. A. and whose parents are all too heedless of their conduct. Sad stories could be told by those who know of the conditions surrounding a considerable portion of the boy life of this city. When will the citizens realize their responsibility in this regard, and establish such social conditions as will give the boys a fair start in life? We need supervised playgrounds all the year round. We need sympathetic officials whose duty it would be to keep constantly in touch with boy and girl life, make it easier for them to do right and harder for them to do wrong. The mere making of laws will not solve the problem. Repression will not bring out what is best in a boy, nor prevent that which is worst from coming to the surface. Some boys and some girls must be put away for the good of the others, but the great mass only need to be kept busy at work and healthy play to be so influenced that they will grow up to be good citizens. If the greatest asset of a country is its manhood and womanhood, how important is the need to give the boys and girls the opportunity and encourage them to build character and grow up into an honorable and useful citizenship.

GOOD ROADS CONGRESS

The Good Roads Congress will be opened in the Montreal Arena on Monday next, and will continue throughout the week. This city and province should have delegates in attendance, to bring back something of the inspiration and the knowledge to be gained there. The Canadian Municipal Journal for May, to another of whose articles on another subject reference is made in this issue, has some striking paragraphs in an article on Good Roads. It points out that Canada has spent millions on railways and canals, but these do not cover the whole country, and so thousands of miles of good highways are equally necessary. The farmer is beginning to realize "that if he can haul a large load on a good road and with less wear and tear on both horses and wagon, the good road saves him money; and if he can haul as much in three trips to the railway station as he could formerly in five trips, he does not need much argument to admit that the condition of the road is of financial interest to him."

But the consumer is equally interested in good roads. "Because a transportation enters so largely into the cost of every thing whatever lowers the cost of transportation will lower the general cost of

living, and therefore good roads not only add to the comfort and prosperity of the farmer, but also lower costs to the whole community."

Will St. John be represented at the Good Roads Congress in Montreal? It will be the most interesting congress dealing with the road problem that has ever been held in Canada. Indeed it is the first of its kind undertaken on a large scale in this country.

The discovery of oil and gas in large quantities south of Calgary will result in another boom for that city.

Premier Asquith declares himself well satisfied with the general situation in regard to Home Rule. His government is handling this delicate problem with marked ability.

While some farmers have done some planting, the spring season continues late and cold, and warm sunshine is greatly needed before farming operations can be resumed with general activity.

The announcement that the mill of the New Brunswick Pulp & Paper Company at Millerton on the Miramichi is to be rebuilt and equipped to enter the newsprint field, following the announcement that another company will erect a large pulp and paper mill at Bathurst, indicates that this New Brunswick industry is attracting the attention of capitalists as one which offers good opportunities for profitable development.

An exchange says:—Massachusetts friends of the forest have succeeded in overthrowing the adverse report of the legislative committee on Ways and Means and the House has passed the resolution calling for the creation of a state forestry commission and an appropriation of \$20,000 a year annually for a period of five years for the purpose of the purchase of lands for state forests.

It is not surprising for readers of the Ottawa correspondence of the Standard and its editorial columns to learn that Sir Wilfrid Laurier, Hon. George P. Graham and Mr. E. M. MacDonald are a very weak trio in debate on such a subject as the Canadian Northern Railway deal. Mr. Bennett and Mr. Nickle, the two Conservatives who are opposed to the deal are also files on the wheel, and the Times, in paying any attention to what they say, "makes itself more than usually ridiculous." Of course.

Mayor Martin of Montreal has removed one of the park superintendents because he is an American citizen. Usually park superintendents are judged on their merits. Presumably this one had not been appointed because he was an American, but because he was considered to be the best man available. If the people of the United States dismissed persons because they were Canadians a good many Canadians holding high and honorable positions in that country would be without a job.

The death of Hon. F. D. Monk is a distinct loss to Canadian public life. It is true that because of illness he had been for some time withdrawn from the public arena, and his resignation from the Borden cabinet also had its effect in removing him from the midst of affairs where his eminent ability made him a striking figure. Had not his health broken down Mr. Monk would doubtless have played an important part in public life for another decade or more. He has been in parliament for nearly twenty years, was a lawyer of great ability, and had won the respect of men of all parties in parliament and in the country. Until his break with the government on the naval question he was one of the strongest men of the Conservative party in Quebec province.

The Victoria Colonist has this striking paragraph relating to the Chinese of the future:—"The supercilious way in which European and some American papers deal with the Chinese question seems extraordinary to people on the Pacific Coast, who have had the opportunity of observing the change that is coming over the Chinese resident in America, especially since the revolution. The Chinaman without his queue and in European clothes is a very different appearing person from the man who was attired as he used to be a few years ago. He is much more alert; he seems to have acquired a new viewpoint. We might have had some excuse for treating as a negligible quantity a race with long pig-tails and dressed in shirts and petticoats, but 400,000,000 of such people as can be seen on our streets any day will be something that the world cannot hope to ignore. And let no one lay the flattering unction to his soul that the change will not take place in China as it is taking place here. It may take a little more time, but not very much more."

BIRTHDAYS OF NOTABILITIES

SATURDAY, MAY 16. Frank Stillman Barnard, elder brother of G. H. Barnard, M. P. for Victoria, B. C., and himself an ex-member of the House of Commons, was born fifty-eight years ago in Toronto. Soon after his birth his father moved to the coast, where he established a stage line between Yale and Barkerville. F. S. Barnard was sent east for his education and on his return took an interest in the express and transportation business. He succeeded his father in 1888 as M. P. for Yale-Cariboo and sat until 1896 for that constituency. He is one of the chief promoters of the B. C. Electric Company and a prominent citizen on the coast, with extensive interests throughout the province.

SUNDAY, MAY 17. Right Rev. Michael Francis Fallon, Bishop of London, one of the most popular prelates of the Catholic Church in Canada, was born in Kingston, Ont., forty-seven years ago today. He obtained his college education at Ottawa University and on graduation became professor of English literature in that institution. Later he was rector of churches in Ottawa and Buffalo and then provincial of the Oblat order. In 1899 he was consecrated bishop. In his younger days he took a keen interest in sport and was coach of the old Ottawa University team which won the football championship of Canada. The public will probably remember him best as the clergyman who protested against the terms of the Coronation Oath, as being insulting to the sovereign's loyal Catholic subjects. Also born today: Senator Beith, Bowmanville, born 1843. C. W. Young, Cornwall, born 1847.

LIGHTER VEIN. Fashion's Toboggan. "I'd like to take this hat, but eighty-five marks—" "It's only fifty marks now; you see, madam has been trying on for three hours, and it is no longer so fashionable."—Uk.

Immaterial. Diner—I think I'll try some fish today. Waitress—Bluefish or whitefish, sir? Diner—It doesn't matter; I'm color blind.

As to Appearances. "So you are a Chicago policewoman?" "Yes." "Plain clothes?" "Well, they may be plainer than I am used to, but they are very becoming."

Christian Counsel. Little Sister—"Oh, mamma, Georgie has just upset the tea table and broken my dolly and all your nice dishes." "Little Brother (badly frightened)—"Yes, mamma, an' let's be sorry, but don't let's be mad!"

Womanly Sympathy. Ethel—Jack tried to kiss me. Marie—How impudent! Ethel—But he was interrupted. Marie—How annoying!

Consequences. Little beams of sunshine, Little hugs and kisses, Make a little maiden, Change her name to Mrs.

THE HISTORY OF H. P.

Every popular commodity has a history of paramount interest to somebody. Here is the history of H. P. Sauce—we think it will interest you.

At Birmingham, England, there is a very large malt vinegar brewery, in fact, the largest in the world, and as malt vinegar is the essential foundation of all high-class sauces, the proprietors of the vinegar brewery are constantly in touch with all kinds of sauces.

Now some time ago, it occurred to them that nearly all the sauces on the market were far too thin and pungent, and too imperfectly blended to be worthy of the name of rebaisés and that if a rich sauce, of super-excellent fruity flavor, and thick, creamy consistency were produced, and placed on the market at a very moderate price per bottle its success would be assured.

They forthwith began to experiment very carefully at their great vinegar brewery. The choicest Oriental fruits and spices were judiciously blended together and skilfully blended with pure malt vinegar, but not until the new production had touched perfection in flavor, appearance and consistency, was the sauce christened "H. P." (an abbreviation of the name British "Houses of Parliament") and sent out to make its own way in the world.

H. P. does not separate in the bottle, there is no sediment and it therefore requires no shaking if poured on the edge of the plate it can be taken with the most like mustard. It possesses a delicious flavour, quite distinctively its own and always leaves a clean, fruity taste in the mouth, instead of the burning and stinging sensation left behind by old-fashioned rebaisés.

Dr. A. H. Stock Hill, M.D., D.P., H.F. I.C., county analyst in analysing a bottle of H. P. Sauce reports:—"It is made from the best materials, is of pleasing and pungent flavor, and is in every respect a thoroughly good Sauce."

Under these exceptionally favorable circumstances, it is small wonder that the history of H. P. is a tale of unqualified progress.

Although the water at Indiantown has fallen a few inches during the last few days, it is still about twelve or fourteen feet higher than at low water in the summer and it is said by steamboat captains that while it will no doubt continue to go down as long as the weather keeps cool, they are afraid it will come up again, perhaps even higher than it is now, if the weather becomes warm or heavy rains set in.

The slight is one which may never be seen again in a lifetime, as the water has not been so high since 1887, but at that time it was between four and five feet higher than it is now.

All the wharves at Indiantown are well under water and only a few show their location. The street car tracks are still covered at the foot and the men employed on the cars are put to much inconvenience as they have to run the cars into the North End sheds when making the trip to Indiantown and back out from there down the hill.

At Milford the mill wharves are nearly all covered and the sidewalk is under water for about twenty yards and a gangway has had to be placed.

It is expected that Captain Colwell will have the steamer May Queen ready for the Grand Lake route by the end of next week. She is in good repair and very little work is needed to have her in running order. There is still a lot of ice in Grand Lake and nothing has been lost by the fact that no boat was ready. It is reported that some of the former owners of the May Queen will put another boat on the same route.

Many complaints are being made by people living along the Kennebecasis on account of not having any regular boat and a petition is being signed to ask the government to build a boat, valued from \$500 to \$1,000, which is the amount asked by the owners of the Hampton. The owners report that the Hampton had a deficit of \$1,300 last year.

Bleeding from a bullet wound in the leg, Charles Burnock, who resides in Bond's alley, visited the North End police station late last night and said that the wound had been inflicted by a revolver shot which he believed had been fired at him in a murderous attempt. According to the story told the police, Burnock was standing at the corner of Bond's alley when he heard some person moving about. The shot was fired soon after and inflicted a painful wound on his leg below the knee. Burnock said he saw the form of a man disappearing in the darkness. The police are investigating.

Mrs. McArthur Gives Dodd's Dyspepsia Tablets and Dodd's Kidney Pills all the Credit for Her Cure.

Rockaway Valley, Que., May 15.—(Special)—Mrs. Robert McArthur, well known and highly respected here, has joined the great army of Canadian women who are shouting the praises of Dodd's Kidney Pills and Dodd's Dyspepsia Tablets.

"Last autumn I had a severe attack of Dyspepsia, which left me very nervous and ill," Mrs. McArthur says. "I tried several kinds of medicine and derived no benefit from them till one evening I happened to read one of Dodd's advertisements and decided to try Dodd's Kidney Pills. The result was that my nervousness vanished and I can now enjoy my meals."

"My daughter also used two boxes of Dodd's Kidney Pills and found them very beneficial."

"On another occasion when troubled with sore back I found a cure in Dodd's Kidney Pills."

"If you keep your stomach right with Dodd's Dyspepsia Tablets and your kidneys in order with Dodd's Kidney Pills, you can laugh at the ills that make the lives of so many women a burden to them."

SIX MONTHS HOIST FOR C. N. R. GRANT

Opposition Offers Amendment to Bill—E. M. MacDonald's Vigorous Attack—Hon. Mr. Graham Suggests That Promoters Pledge Personal Fortunes

Ottawa, May 15.—A great fighting speech against the government's Mackenzie & Mann aid proposals came from the Liberal side of the house today from E. M. MacDonald, of Pictou. It was followed by an amendment to give the government resolution the six months' hoist.

This is, under the rules of the house, the only amendment possible upon the resolution stage of the proposed legislation. It indicated the Liberal opposition to the whole bargain. On the second reading other amendments will follow embodying the views of Liberalism as to the proper remedy to be applied to the existing situation brought about by the financial operations of Mackenzie & Mann.

Tonight the debate was adjourned by A. K. MacLean, of Halifax.

Tomorrow non-contentious legislation will be taken up, and on Monday the debate will be resumed. A vote is expected on Tuesday.

Some of the opposition amendments were fore-shadowed in the speech of Hon. George Graham this afternoon. Mr. Graham proposed first that Mackenzie & Mann should be compelled to pledge their personal securities and assets in the road which they asked the government to assist. He further proposed that if aid were to be given at all, the government should have complete control until such time as the road was on a safe basis, and the present operators had satisfied the people that they could run it.

POPE'S BLESSING TO KNIGHTS OF COLUMBUS

(Boston Globe.)
Late last night Louis Watson, state deputy of the Knights of Columbus, received a cablegram from His Eminence Cardinal O'Connell, conveying the blessing of Pope Pius X to the members of the Knights of Columbus in America. The cablegram was in response to one that had been sent to the cardinal by the state council which met in convention in this city on Tuesday.

The sending of the cablegram, which conveyed words of loyalty and devotion to the cardinal and through him to the Holy Father, from the members in this state, occurred at a most appropriate time it would appear. According to reports from Rome late yesterday Cardinal O'Connell reached Rome on Tuesday evening and yesterday he was received in audience by the Pope.

The cablegram from the state council here was in the hands of Cardinal O'Connell early yesterday morning, as is assured by the reply now received. The cable from Cardinal O'Connell to State Deputy Watson was as follows:

Rome, May 15, 1914.

Louis Watson, State Deputy Knights of Columbus, Boston, Mass.

Holy Father deeply touched by devotion of Knights of Columbus and sends most affectionate blessing to the order in America.
(Signed) Cardinal O'Connell.

LONDON SOCIETY

Royal Courts Tire The King and Queen
NOT FOND OF GREAT SHOWS

May Revert to Afternoon Drawing Room of Queen Victoria Times—A Chilean Diplomat's Daughter Reigning Beauty

(Times Special Correspondence)
London, May 2.—There is much distress in certain quarters because there are to be no courts in May, but the king and queen found it impossible to fix any date for a function of the kind in the merry month. Notwithstanding the queen's excellent health, she is showing fatigue already and she remarked to an intimate friend the other day that she intended the lives of some of the poor in model dwellings because they were free from responsibility.

No words can tell how King George hales these evening courts and it is quite likely that we will revert to the Victorian afternoon drawing-room next season, for although the queen was enough to show off her fine gowns and jewels, she would do anything just now about the political situation. Ouida once spoke in one of her books of a drawing-room in July and all the world laughed at her. But a July court is under discussion and quite likely to take place as Their Majesties do not wish to disappoint any of their subjects.

Some Breaks by Visitors.
Some funny stories are being told about two American women who were present at the last court. One took the Lord Chamberlain for a footman and asked him for a safety-pin. He found it for her with the utmost grace, but she then the line another begged him to get a hairpin and offered him a tip to go to the dressing-room for it. You can understand how the mischievous line of the house-hold footmen on state occasions. It is calculated that each of these women may since one has seen so beautiful a dancer. Her beauty is the talk of the clubs and I hear of one mature widow, a rather prominent one, who brooded a freeman to lay a dozen bouquets on her window-sill the other night. He returned it quite cleverly until he was chucked behind the line and then the hall-door of the de Bittencourt establishment opened and the freeman had to make a dash for his life, leaving his leader behind.

Lady Diana Manners, daughter of the Duchess of Rutland, keeps well to the right of the line, and her sister, Miss Marjorie, who she became the Marchioness of Anglessey, but for all that one expects to hear the announcement of her marriage this summer.

Boys' Land in Ontario.

The purchase of 10,000 acres of land in Ontario by Lord Joicey is another important addition to his holdings in Canada acquired during the last few years and may be followed by other purchases which will make him one of the largest land-owners among the largest of the territorial magnates of the United Kingdom, and displays no such anxiety as is shown by other extensive land-owners, were to dispose of their estates. The dispersal of old estates on this side proceeds at, if anything, an accelerated pace; and it is notable that such large exchanges of land are made without claiming more than passing attention.

What Mothers Say of Baby's Own Tablets

Thousands of mothers use no other medicine for their little ones but Baby's Own Tablets. Once a mother has used the Tablets she will use no other medicine. Concerning them Mrs. Geo. M. Dun, Clifton, Ont., writes: "Enclosed find twenty-five cents for another box of Baby's Own Tablets, as I would not be without them. When baby is cross and ailing I give him a tablet or two and he is soon well and happy again. I know of no other medicine to equal them and find them far superior to Castor Oil Tablets. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

Carnegie Street in Sofia.
Sofia, May 16.—The municipal council is re-naming several streets in this city with names in commemoration of the events of the Balkan war. The name of Andrew Carnegie will be given to one of the streets in recognition of his service in financing the commission of inquiry into the conduct of the war.

SUFFERS FROM PAINFUL RHEUMATISM

Liniments of No Avail—Must Be Cured Through the Blood

Why are there so many failures in the treatment of rheumatism? Why are so many sufferers resigned to a life of pain, suffering of a permanent cure? Because rheumatism defies any treatment that does not build up and purify the blood. The poisons of rheumatism are in the blood and it is only through the blood that the disease can be fought successfully. Unless the blood is weak and impure rheumatism cannot get a foothold. When it does the thin and impure blood is not strong enough to overcome the poisons alone. It must be strengthened and purified. Dr. Williams' Pink Pills for Pale People are the best blood-building medicine you can take. They make new blood with every dose and promptly check further progress of the disease. They make the blood so pure and strong that not the faintest trace of rheumatism remains. Mr. R. J. Sinclair, Goshen (N. S.), says: "About two years ago I was laid up with rheumatism. For two months I could not walk and had to stay in an invalid's chair. My feet were badly swollen and my arms seemed to be paralyzed. I had been using doctors' medicine for a long time, but it did not seem to help me, and the doctor finally told me that the only thing that would cure me would be a change of climate. At this time I decided to give Dr. Williams' Pink Pills a trial and got a supply. After I had taken them for a while I found they were helping me, and I got a further supply and they completely cured me, and I have not been sick one day since. I strongly recommend Dr. Williams' Pink Pills for this trouble."

You can get these Pills from any dealer in medicines or by mail, post paid, in 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

MONUMENT TO RISTORI

Tribute to Memory of Noted Italian Actress—The Disaster Which Has Overtaken the Holy Grail

Rome, May 16.—The elder of the Pope's sisters, who is ailing, is to try the air of Castelgandolfo, where the Pontiff has a summer villa which he has never seen.

The papal villa at Castelgandolfo was for years the favorite summer residence of numerous Pontiffs, but has not been visited by a Pope since 1869 when Pius IX went there. There is nothing magnificent about it, with the exception of the view, but the garden is beautiful and the air is salubrious. The most important room in the house is the bed-room of Pius IX, which is preserved just as it was when he was last there.

From the balconies of the villa the Pope's sister will look down on the beautiful Lake of Albano, perched above which is the monastery built by the last of the Sturms, or in the other direction, the copse of St. Peter's across the plain crowning the Eternal City.

It has been decided that the monument to Adelaide Ristori, Italy's greatest actress, the remains of which were raised by international subscriptions, shall be unveiled at Cividale del Friuli either on August 30 or September 6.

Adelaide Ristori's name may be remembered in the United States where she appeared with Booth during the season 1858-59. Her real appearance on the stage in New York was in "Marie Stuart," played at the Bowery Theatre with a German company. She was called the most beautiful Italian woman of her time.

Both religious devotees and art lovers have learned with regret that the recent reports of the breaking of the "Holy Grail" beyond repair at the Cathedral of Genoa are true, although satisfactory explanations of the accident are still lacking. One expert who ascribed the breaking of the ancient basin to dampness in the cathedral is popularly suspected of shielding someone who accidentally broke the vessel.

While it is doubtful that this basin is really the sacred cup around which so many legendary romances of knightly days was woven, it has been accepted as such by a large number of Catholics. The vessel was brought to Genoa in 1101 by Guglielmo Embriaco, among the spoils of the conquest of Caesarea. Tradition then said, and has since been followed, that in this octagonal cup, cut from what appeared to be a flawless emerald, Christ drank at the Last Supper, and later in it Joseph of Arimathea preserved the blood from Christ's wounds at the crucifixion.

Napoleon Bonaparte carried it off to Paris in 1807 and it was then tested and found to be of glass. It had slight ornamentation and appeared to be finished with the tool as in gem engraving, while the color and transparency were perfect. When reclaimed by Italy it was so badly packed that it was broken in the return and mended with gold filigree. Once before it left the cathedral, in 1819, when it was given as security by the town of Genoa for money needed for military defense. Eight years passed before it was returned.

WHAT MOTHERS SAY OF BABY'S OWN TABLETS

Thousands of mothers use no other medicine for their little ones but Baby's Own Tablets. Once a mother has used the Tablets she will use no other medicine. Concerning them Mrs. Geo. M. Dun, Clifton, Ont., writes: "Enclosed find twenty-five cents for another box of Baby's Own Tablets, as I would not be without them. When baby is cross and ailing I give him a tablet or two and he is soon well and happy again. I know of no other medicine to equal them and find them far superior to Castor Oil Tablets. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

POPE'S SISTER AILING

Goes to Pontiff's Villa Which He Has Never Seen

MONUMENT TO RISTORI

Tribute to Memory of Noted Italian Actress—The Disaster Which Has Overtaken the Holy Grail

Rome, May 16.—The elder of the Pope's sisters, who is ailing, is to try the air of Castelgandolfo, where the Pontiff has a summer villa which he has never seen.

The papal villa at Castelgandolfo was for years the favorite summer residence of numerous Pontiffs, but has not been visited by a Pope since 1869 when Pius IX went there. There is nothing magnificent about it, with the exception of the view, but the garden is beautiful and the air is salubrious. The most important room in the house is the bed-room of Pius IX, which is preserved just as it was when he was last there.

From the balconies of the villa the Pope's sister will look down on the beautiful Lake of Albano, perched above which is the monastery built by the last of the Sturms, or in the other direction, the copse of St. Peter's across the plain crowning the Eternal City.

It has been decided that the monument to Adelaide Ristori, Italy's greatest actress, the remains of which were raised by international subscriptions, shall be unveiled at Cividale del Friuli either on August 30 or September 6.

Adelaide Ristori's name may be remembered in the United States where she appeared with Booth during the season 1858-59. Her real appearance on the stage in New York was in "Marie Stuart," played at the Bowery Theatre with a German company. She was called the most beautiful Italian woman of her time.

Both religious devotees and art lovers have learned with regret that the recent reports of the breaking of the "Holy Grail" beyond repair at the Cathedral of Genoa are true, although satisfactory explanations of the accident are still lacking. MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts If Back Hurts or Bladder Bothers

We are a nation of meat eaters and our blood is filled with uric-acid, says a well-known authority who warns us to be constantly on guard against kidney troubles.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will set free. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

"TIZ" FOR TIRED, HOT, SORE FEET

"TIZ" For Fuffed-up, Chafed, Sweaty, Calloused Feet and Corns

Why go limping around with aching, fuffed-up feet—feet so tired, chafed, sweaty and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "TIZ" from the drug store now and gladden your tortured feet?

"TIZ" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "TIZ" instantly stops pain in corns, callouses and bunions. "TIZ" is glorious for tired, sweaty, smelly feet. No more sore tightness—no more foot torture.

THE GREATEST ANNOYANCE OF SHOPPING IS THE "JUST AS GOOD" ARTICLE

Insist on Genuine Herpicide

To be sure there are not many dealers who push "something just as good" when the advertised article is requested. Still what few there are should know that by their policy they are destroying the customers' confidence and perhaps losing business.

The most effective rebuke is not to wait for the story, simply hunt a store where they will sell you what you want.

The dealer who states that a preparation is as good as Herpicide is not sincere, he doesn't believe it himself. Every druggist knows that there is but one "genuine, original dandruff germ destroyer," and that is Newbro's Herpicide.

It keeps the head free from dandruff, prevents the hair from coming out and stops itching of the scalp. Herpicide is a wonderful remedy which does just what you want and expect it to do.

Sold in 50-cent and \$1.00 sizes by all dealers. It is guaranteed to do all that is claimed for it or money will be refunded.

Sold everywhere.

Applications obtained at the better barber shops and beauty parlors. Send 10 cents for sample and booklet to the Herpicide Company, Dept. R., Detroit, Mich.

ROYAL FOLKS OF NORWAY EXPERT SKI-RUNNERS

(Associated Press Correspondence.) Christiania, May 16.—The little Crown Prince Olav, like every Norwegian boy, is striving to become the champion ski jumper of the world.

When King Haakon and Queen Maud came to Norway in 1905 they knew nothing about winter sports, but before their first winter in Norway, they became fascinated with skiing and, under the tutelage of Captain Roll, the king's aid, who is one of the most expert ski runners in Norway, they became so proficient that they could compete with any native born of their age.

They found particular pleasure recently in entertaining the prince and his nephew, who tried skiing for the first time. The prince took to the Norwegian sports so readily that during the last day of his visit he made a trip to the high mountains and glaciers, a feat that is not considered lightly even by experienced mountain climbers.

Big Ring Events of the End of May

(FROM T. S. ANDREWS)

Milwaukee, May 14.—The big event in the boxing world, as a finale to the 1913-14 fight season will be the clash between Willie Ritchie, lightweight champion, and Charley White, a Chicago challenger, when they meet in the big Auditorium in Milwaukee on May 26.

ing mixers and each has a good punch and a large amount of cleverness. Of the two Ritchie is without doubt the stronger, but in hitting White has a faster left hand and also a quicker right cross than the champion, which will even matters considerably. The interest in this contest is almost as great as that between Ritchie and Wolgast and the chances are that the Auditorium will be packed with people from all parts of the middle west. There are many followers who look for a more interesting battle than the one between Ritchie and Wolgast. Ritchie will do most of his training in Milwaukee, while White will prepare for the bout in Chicago.

THE U.M.P.

BY EDWARD VANCE COOKE.

(By Edward Vance Cooke) Umpire, in the game's beginning, Seven strikes were pitched that inning; "Ball" then called them; thine the sinning; On thy head the guilt.

Umpire, though our pitcher tossed them, Though our catcher dodged and lost them, Thy sins were the ones which roared them; On thy head the guilt.

Umpire, though we flew and flout thee, Though forever we will doubt thee, What would baseball be without thee? On thy head the guilt.

Umpire, each cause hath its martyr Who can never hope to barter Good intent for any quarter— On thy head the guilt.

Umpire, though we flout thee, Though forever we will doubt thee, What would baseball be without thee? On thy head the guilt.

Umpire, though we flout thee, Though forever we will doubt thee, What would baseball be without thee? On thy head the guilt.

ALLEGED BASEBALL

Red Roses and Scribes Met In Fearsome Contest

Visitors Won, But Nobody Knows The Score—Writers Claim It Was Ten Men to Seven. Sensational plays of all kinds and colors, some of which have never been seen before on a baseball diamond, were the outstanding features in the game between the Red Rose Crackerjacks and the Scribes on the Marathon grounds yesterday afternoon.

Here's the way the reporters played—"Little Jim" Dever was on the mound, but it wasn't his fault, so judge him not harshly; Sharkey was behind and was the strong man of the team; Slattery was on first—that's enough; Hansen alternated with Owens between short and second; Owens was not able to do anything on account of lack of wind; Jennings waded in the mud around third base and was the point of attack of all the rooters who were gathered on the third base line.

Notes of the Game. Can we come back? Dummo, fellers, but we'll try next Tuesday. When it comes to giving things away Slattery has Lady Bountiful looking like what's left of a Christmas tree when the decorations are gone—he just handed the game to the Actors yesterday.

Al Rush for the Thespians hovered around second base as though he were doing the hesitation walk, but he remembered enough from the last time he played, thirty-five years ago, to know that he was supposed to catch the ball if it came his way.

That Sharkey boy who caught for the Scribes knows a thing or two or three about catching. Some fellows are naturally funny, others have a sense of humor thrust upon them, and still others exert them-

selfes for their share of the laughs. One guess as to what class our first baseman Slattery fits. Henri LaBont knows something about singing—but as to ball playing—well you'd better stick to your singing. Next Tuesday we play the Thompson-Woods team again, to see who pays for those turkey suppers. March is some batter! If we'd had seven more innings he might have come near hitting the ball. One of the reasons Peel gave for not having more strike-outs was that Kubell couldn't hold him. Right up to the last inning Dever had visions of his picture on the chewing gum wrappers, as a famed pitcher, but he says he doesn't want it now. Well, anyhow, it was great fun, even though we are stiff today. If Jennings and Hansen continue to shine so brightly on the field as they did yesterday, we'll send them to New Glasgow to get busy. Sorry, boys, but we'll have to do it. Dugan on first base for the Roses is said to be an ex-big leaguer. Art Gully, Albert?

EXTENDING WIRE SERVICE IN PANAMA REPUBLIC

Panama, May 16.—Telephone and telegraph facilities are being rapidly extended in the republic of Panama in anticipation of a greatly increased demand for lines of communication. The department of public works recently has ordered 1800 miles of telephone and telegraph wire, the largest part of the order placed in the United States. The first new line to be constructed will be to David, the most important town in the republic outside of Panama City and Colon. The whole expenditure will amount to some \$300,000.

YACHTING.
R. K. Y. C. Preparing.

At a meeting of the Royal Kennebec Yacht Club last evening, preparations were made for the coming season. The matter of flags was dealt with and the system was changed to conform with the designs used in the British navy. Boats are now being launched at Millisville in preparation for the opening of the season on May 26. Plans are being arranged for the annual cruise to Grand Lake starting August 5. The racing fixtures are also under consideration.

GLORIOUS HAIR

Always Attracts—Use Parisian Sage. Thin or Faded Hair Becomes Abundant and Radiant With Life.

Girls and women of all ages want to be charming, beautiful and attractive—it's their birthright—but unsightly, thin and lifeless hair destroys half the beauty of a pretty face.

If your hair is not attractive, is falling out, streaky, full of dandruff, too dry, or if the scalp itches and burns, don't delay—use Parisian Sage. Rub it well into the scalp. It will go right to the hair roots, nourish them, and stimulate the hair to grow strong and luxuriant. Parisian Sage removes dandruff with one application and cleanses the hair of dirt, dust and excessive oil.

Parisian Sage gives the hair just what is needed to make it soft, fluffy, thick and gloriously radiant. It is sold in fifty-cent bottles only at all drug and toilet counters. Look for the trademark—"The Girl with the Auburn Hair." Accept no substitute.

Double Funeral of Mother and Son

Lombard Street Home of J. W. Maber is Robbed of Both By Death

Very sad is the home of J. W. Maber, 47 Lombard street, today, where the family mourn the death of the wife and mother and also that of the eldest son.

Mr. Maber is a brakeman on the Intercolonial, and his son who has just died was engaged in the same work before his health broke down.

LOCAL NEWS

EVERYBODY CLEAN UP.

The nine inspectors appointed at the last meeting of the board of health for the annual spring inspection, will commence their work on Monday.

CITY HALL COMMITTEES.

The resumption of the daily committee meetings of the city commissioners will be considered at the council meeting on Monday.

PROBABLY ON MONDAY.

No report has been submitted yet on the application of the Canada Wire and Nail Company for a lease of the city land on the West Side, but it is expected that the matter will be dealt with at the meeting of the common council on Monday.

Directors of Standard Clay Products, Ltd., in City After Inspection Trip to New Glasgow

The directors of the Standard Clay Products, Limited, who have been inspecting their plant at New Glasgow, arrived in St. John this morning on their way back to Montreal, highly pleased with the result of their trip.

They had breakfast at the Union Club and were then given an opportunity to see the progress St. John has been making, as the guests of Mr. McAvity and John E. Moore, who took the afternoon train to their cars and then entertained them at lunch at the Bungalow.

TWENTY-FIVE YEARS PASTOR OF CHURCH OF ASSUMPTION

Silver Jubilee of Rev. J. J. O'Donovan to be Observed—The Anniversary is May 18

(New Freeman)

On Monday, May 18th, Rev. J. J. O'Donovan, the esteemed pastor of the Church of the Assumption, West St. John, will celebrate the twenty-fifth anniversary of his appointment to the parish.

On Monday evening a concert will be given in his honor by the children of the parish, who are being trained for the occasion by the Sisters of St. Joseph's Convent.

Thirty years ago Father O'Donovan was raised to the priesthood by the late Bishop Sweeney. After his ordination Father O'Donovan was stationed at the Cathedral for five years, during which time he also was acting pastor of St. John the Baptist.

On Monday evening a concert will be given in his honor by the children of the parish, who are being trained for the occasion by the Sisters of St. Joseph's Convent.

PROHIBITION FOR HALIFAX IS BEATEN BY ONE VOTE

Fourteen to Thirteen the Standing—Was Moved by Opposition Leader

By a margin of one vote, 14 to 13, a motion by Mr. Tanner with the object of providing prohibition for the City of Halifax, was defeated in the House of Assembly yesterday afternoon after discussion of about two hours' duration.

The bill to amend the Nova Scotia Temperance Act had come up for its third reading and Mr. Tanner moved an amendment that the bill be referred back to the committee of the whole for the purpose of adding to the ground that prohibition would make conditions worse in Halifax.

Halifax, the premier contended, was not adapted to prohibition. Its location centre it was not so adapted. Other speakers followed the premier, the majority of them in opposition to the amendment.

WELL PLEASED WITH RESULT OF INVESTMENT HERE

Montreal Financier, One of First to Buy Local Suburban Property, is Here Today

S. H. Ewing, a prominent Montreal financier, who is in St. John today with the directors of the Standard Clay Products, Limited, was one of the first large investors in St. John suburban property and is interested in sub-divisions in Lancaster and Courtenay Bay.

Mr. Ewing is firmly convinced of the great future ahead of St. John and said that the city could not help growing and that he was watching local affairs with interest and had noted with pleasure the fact that the recent depression in the business world had made so little impression on affairs in this city.

LANCASTER BOARD OF TRADE

Letters to Mrs. James Lowell and Saint John Board Secretary

The following letters have been forwarded by committees from the Lancaster Board of Trade and are self-explanatory: Fairville, N. B.

Mrs. James Lowell, Dear Mrs. Lowell—On behalf of Lancaster Board of Trade we desire to express our sympathy to yourself and family in the loss of your husband whose life work as councillor and parliamentarian meant so much to this parish.

It is generally conceded that Mr. Lowell attained an affectionate place in this community, among all classes, that was unique and which we feel can never be filled.

Always vigorous in assisting anything that meant for public weal, he encouraged the first effort to promote a board of trade and since its organization, though confined to his residence has taken a keen interest in affairs that come up from time to time.

A full life does not necessarily require a long existence and thus reckoning he would seem to have taken every advantage of the period granted to him.

We beg to thank your board for proffered assistance in furthering any projects which our board may have under consideration affecting general welfare, also for your kind invitation to visit your rooms when convenient to our members and trust this will be the starting point of more friendly relations.

W. A. NELSON, H. MARSHALL STOUT, Cor. Com. Lancaster Board of Trade.
