FIFTY LIVES LOST IN JAMAICA FLOODS

Warmer Indicted on Embezzlement Charge—The Copper Trust

Kingston, Ja., Nov. 15.—While it is yet impossible to give an accurate statement of the loss of life and damage to property as the result of the storm, it is variously estimated that about fifty persons were swept by the floods and that the material damage will total less than \$1,250,000.

The principal loss was to the banana plantations on the north side of the island, and few shipments will be possible before January. The south side of the island was practically unharmed and the situation here is not serious.

Cincinnati, Ohio, Nov. 15.—Charles L. Warner, formerly local treasurer of the Dig-Poin railroad, was indicted today on charges of grand larceny and embezzlement in the amount of \$5,000 on each count. While \$483,000 is known to have been stolen from the railroad, it developed today that the company's cash books prior to 1905 had disappeared and that it will never be possible to tell the full amount of the defalcation.

Amazing figures were presented today, showing the progress of the thefts for the last five years. The shortage this estimated amounts to something more than \$38,000 for 1905, 1906 and 1907 to \$92,000 in 1908 and \$83,000 in 1909. The total for five years reaches \$322,000.

New York, Nov. 15.—More detailed reports regarding the impending merger agreement among the great copper producers sent copper stocks to new high records for the year today.

There were many denials of rumors that the merger negotiations had gone beyond the tentative stage, but it was generally admitted that certain interests are trying to bring about an agreement among the producers to regulate output and thereby prevent over-production and the consequent depression in price from which the trade has been suffering for the past two or three years.

The capitalization of the combine, according to best reports, will probably be close to the \$1,000,000,000 figure of the United States Steel Corporation, although the arrangements have not yet proceeded far enough to establish any definite figure.

Buenos Ayres, Nov. 15.—President Alvear has issued a decree proclaiming martial law throughout the country for sixty days, owing to the spread of the anarchic propaganda, which reached its climax in the assassination yesterday of Senator Falco, the chief of police, and his secretary.

SAILORS AT ST. PAUL'S

An Interesting Service For Seafarers in London

(London, Eng., Standard.)

The great gathering of sailors at the sixth annual national service for seafarers at St. Paul's Cathedral was, as usual, highly impressive.

The great cathedral was crowded with sailors from all the great societies, cadets and boys from the different training ships, officers and men from the Royal Naval Reserve, and old sailors of all ranks and ages, from admiral's down ward. Distinguished seamen were to be seen on every side. Admiral Sir E. Fremantle, Admiral Sir N. Rowden-Simms, Admiral Sir E. Digby Morant, Lord Brassey, Sir George Vyvyan (Master of Trinity House), with many of the Elder Brethren and officials were scattered amidst this mixed assembly of travellers from all the four corners of the globe.

Of all these great sailors, perhaps the most observed was Captain Daniel Jackson, an old merchant seaman who will next month celebrate his hundredth birthday, and who started his career as a sailor over 92 years ago, in the brig Shannon, since which time he has sailed the world over, and seen the ships of his youth and early manhood give way to the modern giants of the waters. This venerable ancient mariner sat in the front row next to the central aisle, and his eyes never left the face of the Bishop of Bristol during the whole of that divine's telling sermon.

The hymns, psalms, and lessons were, as usual on these occasions, strongly appropriate, and it was refreshing to note the deep and simple earnestness of these clear-eyed men as the service proceeded.

The Old Hundred, sung with stirring feeling, the men's voices rolling round the great nave with thrilling effect. The Rev. A. W. Plant, the chaplain of the Royal Marine Artillery, read the first lesson, from Jonah 2, verses 1-10, and it was striking to watch the keen interest of the congregation as the reader recited: "The waters compassed me about, even to the soul; the depth closed me round about, the weeds were wrapped about my head." The sermon of the Bishop of Bristol (Dr. Browne), was as a clarion call in its message to those men who journey into strange lands. He took his text from Exodus 20: "The Lord made heaven and earth, the sea, and all that in them is." He urged his hearers to remember this at all times when away upon the waters, "that the Lord made the sea." He pointed out, with quiet earnestness, to his hearers that they when away in far off and heathen lands were the representatives of the Christianity they wanted the world to share. He insisted on the great influence that the demeanor of the British sailor had abroad in the country of the savage and the heathen, and begged them to comport themselves in such a manner as to reflect credit on their country and their faith. They could influence others, said Dr. Browne, not by precept, but by example, and again and again he urged them not to degrade the great name of England, but to behave always so that they commanded and retained respect. To the patriotism of the boys from the training schools and ships he made a stirring appeal. He reminded them of the great empire which they were to form such an important part, and he told them, gravely and seriously, what was expected of them.

"We look to you for the safety of our country," he said. "We look to you for the safety of the Empire."

Then, almost before one realized it, the mighty roar of the sailors rang out again in the hymn "O God, our help in ages past." To these men this service is something more than an ordinary church service; it is a strong link with home and country, and its memory will go with them through many a long and toilsome voyage.

The last moment of all is the most impressive. After the blessing, the sailors rise devoutly and quietly from their knees, and the treble of the National Anthem rings out. The deep thunder of the organ rises mightily through the great, echoing cathedral, drowning the organ and the voices of the choir. It is a moment of loyalty. Then out into the dark streets troop the men, to be scattered again into every corner of the world.

SCHOOL BOARD CHOOSES MR. LEVITT AS SECRETARY

At a special meeting of the board of school trustees last night A. Gordon Leavitt was unanimously appointed secretary of the board to succeed James Manning, who will retire about the first of the year. At the same time Miss Ellen S. Reed was appointed stenographer to the board. The petition which had been received at the last regular meeting asking for a retiring allowance for Mr. Manning was discussed. As a result, the board passed a resolution in favor of the scheme and a committee was appointed to memorialize the government to have Mr. Manning's name included in the beneficiaries of the teachers pensions, the bill for which is expected to pass at the next session of the legislature.

The new secretary of the board is a son of the late Dr. J. Leavitt and is of the Loyalist descent. As a student of the school in this city he spent two and three years in the office of Manchester Robertson Allison, Ltd. Mr. Leavitt was also connected for two years with the Sun Printing Company. His next position was with the wholesale hardware firm of Barry & McLaughlin, in Dock Street, when he was for a short time in the audit office of the Canadian Express Company in Montreal. The next year he spent as book-keeper for Thomas A. Temple at the end of which time he was appointed secretary to the Keynote Insurance Company, which concern went under in 1906. For two months last spring Mr. Leavitt was in P. E. Island. He visited all parts of the province, reviewing the tariff of rates for the board of fire underwriters.

The new secretary is, however, chiefly known as an earnest student of bird life. He is recognized as an authority in this important branch of natural history and his services as adviser and lecturer are much sought after. Mr. Leavitt is a very prominent member of the Natural History Society and has filled the office of treasurer of the organization for the past ten years. He was also prominently connected with the movement which culminated in the society securing its present commodious and beautiful home.

The general opinion in the city will no doubt be that the board has made a wise selection for its secretary. Mr. Leavitt is every way well qualified for the position and his experience will no doubt be of great value in conducting the affairs of the office.

Miss Ellen T. Reed, who was appointed stenographer to the board, is the daughter of a prominent stenographer in the office of Emerson & Fisher. Besides Miss Reed there were five applicants for the position.

FEARFUL SCENES IN RUBBER CAMP

A Pittsburg Woman's Picture of a Shocking Spectacle in the Congo.

Miss Vera Stanton, in the African Mail tells of a rubber camp in the Congo. Accompanied by guides and servants she went to a rubber camp in the Congo. She describes the scene as a "shocking spectacle in the Congo." She says that the men were "beaten and whipped" and that the women were "driven and abused." She also describes the "horrible" conditions of the camp, including the "filthy" huts and the "stagnant" water.

SEEK UNNAMED ANIMAL

Systematic Search of Trackless New Guinea Forests to Find It

(London Daily Mail)

Somewhere in the heart of untroudden Dutch New Guinea is believed to be a primitive animal, unnamed by scientists, very large, striped black and white, with a nose like a tapir and a face like the devil.

The tracks of the animal have been seen. The vivid description quoted is that of a member of a Dutch expedition which, after penetrating a distance of 85 miles into the unknown interior, baffled by the mountains, forests and rivers.

On Wednesday a British expedition will leave England for Dutch New Guinea to make another attempt to cross the island. It has been organized by R. G. Olive-Grass, for the British Ornithologists' Union and is headed by Walter Goodfellow, the well-known traveller, with whom will be A. F. E. Wollaston, recently medical officer in the Rowanston expedition, and Dr. Eric Marshall, who was with Lieutenant Shackleton in the Antarctic.

Mr. Olive-Grass received from the Dutch Minister of the Colonies Saturday a letter giving the expedition special facilities for the search in any unknown New Guinea. In January it is known to begin the task which will include a search for the unknown animal, the collection of new birds and insects and a careful survey of the country traversed.

A fund of £4,000 is being raised to assist the expedition, the amount subscribed being £3,800. C. Pagan, the secretary of the Natural History Museum, is acting as treasurer.

GOMPER'S HEARS HE MUST GO TO JAIL

Proceedings of the American Federation of Labor in Toronto Yesterday

Toronto, Nov. 15.—At this morning's session of the American Federation of Labor, Delegate Perham submitted a partial report of the committee on organization favoring a strong fight against the United Steel Corporation, which, it is claimed, is waging a war of extermination against organized labor.

The convention approved of John J. Manning's resolution asking the American Federation of Labor to give more attention to the organization of custom laundry workers. In that connection Delegate Thos. Runney, of Toledo, suggested that women be appointed as organizers of better organization work among women than men.

Resolution that union painters, ramblers, men, faggers, bridge and stone setters be given the right to accept within their ranks the blue stone cutters, was adopted and the stone trades for consideration.

"It can be trouble right away," said Delegate Tanquary, in opposing a resolution that in federation instruct its executive board to have local organizers organize farm employes and unskilled workmen in small towns.

"This is infringing on the farmers' union, and the A. F. of L. ought not to start a dual organization," said J. A. Kelly, of San Francisco, introduced a resolution which asks congress to enlarge the scope of the Chinese exclusion act so that all races native to Asia, other than those exempt under the present act, be excluded.

The convention approved of a resolution asking organization among 500,000 commercial stenographers and typists in the United States and Canada who would be eligible to join the union and that the A. F. of L. consider the organizing of those workers.

"That means day after tomorrow," said President Gompers at this afternoon's session when he and Mitchell and Morrison must go to jail.

President Gompers had just opened a telegram from New York that the stay in carrying out the convention, which had been applied for by the labor attorney at Washington today, had been denied. A little later President Gompers received from the labor attorney a telegram stating that the Buck Stove Company's attorney had agreed to fifteen days' extension but the court refused any extension whatever.

"The mandate goes down Saturday morning," said the telegram.

President Gompers sent the following wire to his attorney: "Telegram announcing court's refusal to extend time received. Wire when we must put in appearance to save bail bond. Would like to remain in Toronto until close of federation's convention, Saturday evening."

President Gompers was sentenced to one year's imprisonment; Vice-President John Mitchell to nine months, and Secretary Morrison to six months' imprisonment for contempt of court.

The federation's executive council went to jail.

I have just received an opening for fall trade. A very complete line of elegant Jewels, Watches and Silverware in Sterling and plated goods, selected from the very choicest stocks or samples ever seen in this city, and I will be pleased to show them to would-be purchasers.

I have marked the prices very low, and know the goods are all right; the latest in style, and should sell on sight.

RADIANT HAIR

New York Society Women's Hair Matched Only by Parisians

While much attention is given to elegant gowns by New York society women, the turbulent fad that now is the rage of the hair.

For many years the hair of Paris has been famous for the magnificent beauty of their hair.

"Glorious hair," a Virginian calls it, "is radiant and brilliant that it not only attracts but fascinates and compels unobtrusive admiration."

But now that the girls of New York ever anxious to imitate their beauty, have learned the Parisian secret, a reliable and practical method of producing hair similar to that of the Parisian women is being discovered.

Parisian hair is demanded all over Canada and in St. John by Chas. R. Wasson, 100 King street, who is glad to guarantee to eradicate dandruff, stop falling hair and itching scalp in two weeks or money back. Large bottle 50 cents.

Four cars of United States products have arrived from frontier points. They bring 100 bales of broom corn, 227 doors, and 400 pieces oak lumber for shipment by the winter steamers.

The St. John Branch of the Needlework Guild Canada will hold its annual meeting on Nov. 24, at 11 a. m., at the King's Daughters' Guild. All members are urged to send in the garments made before that date.

The chief event this week for the provincial bowlers will be the fall tournament at Black's alleys, north end, commencing tomorrow night. Teams from Eastport, Calais, Sussex and Fredericton will compete. The home team is putting in some good practice.

Every Sunday morning between 8 o'clock and noon, a large crowd of boys gather in a vacant lot behind Fleming's foundry to play leapfrog, pitch cents and throw quoits. Their language is described as very profane and their conduct disgraceful. The police are expected to break up the gang.

The Senior and Junior Mission Bands of St. Matthew's Presbyterian Church held their annual thank-offering service last evening. A very pleasing programme was rendered by the Junior Band, as follows: Hymn 443, From Greenland's Icy Mountains; chorus: "The Sunshine, by the Junior band; recitation: "The Call from the Heavens Land"; Florence Hunter; recitation: "An Indian Woman's Prayer"; recitation: Eliza Campbell; recitation: "Sad, Madeline Daley"; chorus: "Little Deeds, by the Junior band; recitation: "The Little Children in Japan, Jennie McLean; solo: "The Sinner and the Song, Percy Scott; recitation: "What Can We Do, Dora Hastings; recitation: "I Was Just Dead and He Made Me Alive, Ella Corbett; address: Rev. J. J. McCaskill; chorus: "Loyal Juniors, by the Junior Mission Band.

The appointment of A. Gordon Leavitt as the new secretary of the St. John school board has been well received about

the city today, and he has been warmly congratulated. More extended reference to the matter is made elsewhere in the Times.

Mr. Leavitt will assume his new duties at the first of the year.

Morton L. Harrison was reminiscent today when a Times man made a remark about the stormy weather. Mr. Harrison remembered that some years ago, on Nov. 22th, a baby and delightful day, he went to Beattie's Beach and went in bathing. But he also remembered an earlier time when he went curling on Nov. 17th, and the curling continued good from that date throughout the winter. Today, Nov. 16th, citizens may sit in comfort on the seats in the squares, although the weather has turned somewhat colder since yesterday.

Mrs. Isabel Arnold, writing in reference to the Arnie divorce case settlement, states that instead of Mr. Arnold giving her real estate, she gives him a large sum of money in settlement, and that she is the absolute owner of the property.

EMMELINE WILLIAMS HEIRS FOUND?

St. John Family Following Up Matter in Boston—Woman Left Considerable Money

Efforts are being made by people in this city to establish claims to the property of the late Emmeline Williams, who died in Boston in September, and who left a considerable amount of valuable money and precious stones. The people referred to are well known residents of St. John, who lived here for a number of years, but do not wish their names public at this stage.

Speaking to a Times reporter this morning one said that his mother was an aunt of a young girl, who left this city more than forty years ago, and is supposed to have gone to the states, and who, is now thought to have been the Emmeline Williams who died in Boston.

Nothing was heard from her during the time she was away, as she was not on the best of terms with her relatives here, although they had endeavored to help her repeatedly. Telegrams have been sent to people connected with the matter in Boston to ascertain more about her before proceeding in the case any further.

Although those referred to are endeavoring to establish their relationship, they have doubtless the Williams woman was their relative, as the press despatches received here contain more information about the wealth of the lady than about her name. They state her age as having been sixty-eight, which would correspond with that of the woman who has relatives here, but beyond that nothing is said of her nationality, which in this case is an important feature. This morning a telegram was sent to a prominent Boston official and if answered will determine this point.

The parties interested can establish a clear connection with Emmeline Williams, single, formerly of St. John, but latterly of the states, and if she is found to have been the "dead" woman, efforts will be made in this direction.

The Times published the news of the woman's death and of her leaving property in the States on Sunday Bishop Casey announced that he had a request from a Boston priest to assist in finding her relatives.

FREDERICTON WOMAN DIES SUDDENLY

Chas. J. Burpee of Sheffield Seriously Ill—Col. Bridges Off to Halifax

Fredericton, N. B., Nov. 16.—(Special)—Mrs. Wm. Kennedy, a middle-aged colored woman, dropped dead at her home in Smythe street this morning. She was out working yesterday and across this morning apparently in her usual good health. She expired soon afterwards. Heart trouble was the cause.

A Scott Act case against John Doherty, of Doak Settlement, was dismissed in the police court this morning, for want of evidence.

The Chaput assault case is going on this afternoon.

Charles J. Burpee, a well known merchant of Sheffield, and for years a member of the Sunbury county council, is critically ill.

Burgess Col. Bridges of the Royal Regiment, will leave this evening for Halifax, to take over the duty of principal medical officer of the maritime provinces.

It is believed that the troops will follow in a few weeks.

SHOT WHILE OUT AFTER PARTRIDGE

William Mutch Gets Charge in Neck Back of Manawagonish Road This Morning

Wm. Mutch, of P. E. Island, who is boarding a couple of horses at Fred. Duncan's stables, Manawagonish Road, accidentally shot himself this morning while partridge shooting. About 9.30 o'clock he went into the brush at the back of the house for about one-third of a mile, carrying his gun in his left hand. In some way it was discharged.

The shot plunged along the left side of his neck making a wound two inches long, while the powder burnt his neck and under the left ear. He fell senseless to the ground, and when he recovered some time later, he found himself covered with blood and his coat collar shot off. He returned to the house and was then driven to Dr. M. L. MacFarland's office, where his injuries were attended to. It is not thought that they will prove serious.

FALLS DEAD AS HE TELLS ABOUT SERIOUS ILLNESS OF WIFE

Owen Johnson, a well-known resident of Calais, died suddenly on Saturday afternoon at the residence of John Hall, Main street, where he stopped for a few minutes to inform Mrs. Hall of the condition of his wife, who at the time was lying in a critical condition, resulting from pneumonia. Mr. Johnson was standing near the doorway at the Hall home and was about to leave for his own home when he collapsed and fell to the floor. Dr. Miner arrived within a short time, but death had resulted almost instantly from cerebral apoplexy.

The deceased was an employe of the Calais Tanning company, and was an industrious and upright citizen. Mr. Johnson had been unailing in his care of his wife, and his death was perhaps due largely to his worn-out physical condition, resulting from worry and loss of sleep.

What Every Man Should Know-- That He Can Save About One-third By Buying His Clothes at Oak Hall

Of course most Saint John men do know this, and because they know it we do an enormous clothing business—the largest by far of any store in Eastern Canada. But every man who is interested in getting the most for his money—and what man is not?—should know it. And the way to get a line on the Saint John clothing situation—the only way to satisfy yourself that you really do save a fourth to a third in buying at Oak Hall. Do you think we'd urge such a test unless we were sure of our ground? Do you think we would dare invite such an investigation unless we were certain that it would prove every statement we've made about our goods and prices?

Of course our ability to sell for less than others is due to certain favorable conditions under which we conduct our business.

No other store can meet our prices because no other store does business under the same conditions. We are manufacturers as well as retailers.

When you buy of us therefore you buy directly of the makers and you pay but one moderate profit on the cost of production.

Consequently the prices you pay us are no higher—and they are often lower—than the prices other stores pay at wholesale.

So you can understand why we sell for less than anyone else. And in addition to the saving we give you the best styles and the best tailoring to be had and we GUARANTEE EVERY GARMENT WE SELL FOR SATISFACTORY SERVICE.

We also provide a much larger variety of styles and patterns than any other store can show. Thus you see from every standpoint there's an unquestionable advantage in buying Oak Hall clothes.

If you need clothes, why not get the benefit of these advantages as soon as you can?—today's as good a time as any to do your buying.
