DIVORCE CASE ENDS TODAY.

More Unsavory Evidence Against Mr. Stoeger.

Phoebe Dukeshire Adds Her Voice—Mrs. Stoeger Alleges She Was Cruelly Treated.

FREDERICTON, N. B., Oct. 29.—The Stoeger divorce case continued its unsavory course yesterday afternoon when Marthe Tucker, alias French Mattie, and Mrs. Stoeger gave evidence. The matter of suit money for defendant also came up again.

This question is one which, curiously enough, has never been before a court either in this country or in England for decision. The defendant, Mrs. Stoeger, made application for an allowance of alimony during the suit and also for money to carry on her defence. The defence involves two branches, one a denial of the adultery charged against her and the other recriminatory charges of adultery against the plaintiff, which, if true, would disentitle him to the relief he seeks.

The plaintiff sets up by his affidavit that he believes that the defence is not the act of Mrs. Stoeger, but is due to malice which Adam H. Bell has against the plaintiff's uncle, William Brockhoff. This is supported by an affidavit of the plaintiff's counsel, who deposes to certain statements of Bell, showing his animus. Under these circumstances the plaintiff's counsel contends that the court should not allow the defendant to abuse its process by permitting herself to be controlled by a third party and should not require him to pay suit money to enable the defendant to set up a defence which is maintained in such a manner.

When the application was made on the opening day of the suit, his counsel refused to make any order for alimony, and said that while the defendant would be entitled to some allowance for suit money, yet the circumstances under which the defence was set up would be material in determining the amount. When the point was brought up again yesterday by the plaintiff's lawyer, his honor finally ordered the plaintiff to pay into the court \$25 suit money for the defendant.

In Mrs. Stoeger's evidence, she detailed the facts of her life from her birth, having been left an orphan in Pictou, N. B., when three and one-half years old, and left without home or money. How that she finally drifted to St. John and into the hands of Sheffield street, where she met the plaintiff and there married him in 1888. She then detailed the life together, that her husband was a business man and with his closed fists and with a club, as how he had called her filthy names. She described the plaintiff's temper as being vicious and brutal towards her.

The court adjourned last evening before her direct examination was concluded. Resuming the case of Stoeger vs. Stoeger in the divorce court this morning, the defendant stood aside from her direct examination and gave place to Phoebe Dukeshire, of 112 Sheffield street, St. John. Her appearance indicated that she was under the influence of the ardent, although she claimed to be ill, suffering from dyspepsia. She swore to seeing Augustus Stoeger in Lottie Harwood's room on Sheffield street the day on which the latter swore he was not there, and of having asked him what he was doing there. Nothing very material was elicited from this witness.

Mrs. Stoeger's direct examination was then taken up. She swore that a woman named Patterson came to their house on her husband's invitation one day some time ago and that all hands occupied the same room. She gave more evidence of her husband's unfaithfulness to her.

Her cross-examination was then taken by Mr. Baxter, and was not concluded when the court adjourned for luncheon. She seemed to feel badly as she was interrogated in regard to her married life and previous history. Her relations with Seliger were gone into and the details of his night before the arrest brought out again. The letter from Seliger to her was put in evidence and identified by her. She denied all complicity with him at Moncton, and had never seen him before she bought a paper from him and only spoke to him once between that time and the time she met him at the train in St. John. She denied writing to him before the receipt of his letter asking her to meet him, although his letter stated having received a letter from her.

At this point the court adjourned for luncheon. The case will probably be concluded tonight. A MIXED RECEPTION. ABERDEEN, Scotland, Oct. 29.—Mr. Ritchie, the former chancellor of the exchequer, had a mixed reception at Aberdeen University this afternoon, when he delivered his rectorial address. When he exhorted his hearers to "let the remembrance of the relief afforded by the repeal of the corn laws steel your hearts against the proposal to tax the food of the people," hostile cries were mingled with the cheers and much rowdism prevailed.

FAMOUS OARSMAN DEAD. NEW YORK, Oct. 29.—John Young, a member of the famous four-oar crew, of the Boreas Boat Club, which in 1876 won the world's championship at the Philadelphia centennial exposition, is dead at Newark, N. J., aged 51 years.

Fresh fish are as scarce as ever, and there will probably be a famine tomorrow. The only varieties on the market are cod, haddock and herring. The latter are 50c per dozen and the others 5c per lb.

During the winter months the market will open at 7.30 a. m. instead of 7 a. m.

GENERAL BOOTH'S DAUGHTER KILLED.

Salvation Army Counsel Mrs. Booth-Tucker and Col. Thos. Holland Victims of Railway Accident.

KANSAS CITY, Mo., Oct. 29.—Mrs. Emma Booth Tucker, counsel in America of the Salvation Army, wife of Commander Booth Tucker, and second daughter of William Booth, founder of the army, died at 8.50 o'clock this morning at Marcelline, Mo., from injuries received in a Santa Fe train wreck. Col. Thomas Holland, in charge of the Salvation Army colony at Amity, Colo., also lost his life.

Other passengers dangerously injured were—Mrs. Baden, Winfield, Kas.; Elmer Harris, of Chicago. Thirteen other passengers were also hurt, but not seriously. All were taken to Marcelline on a relief train.

The wrecked train was No. 2 east-bound from California on the Atchison Topeka and Santa Fe R. R. It left Kansas City at 6 o'clock last night. Three hours later, at Dean Lake, Mo., eighty-five miles away the train ran into an open switch and struck a large steel water tank with such force as to demolish the engine and wreck the train. Five coaches were thrown from the track and badly shattered. The only cars not wrecked were the mail, express and ordinary day coach.

Mrs. Booth Tucker was on her way to Chicago to meet her husband, after having visited the colony in Colorado. She stopped here to inspect a large workmen's hotel which the army had just erected, and resumed her fatal journey eastward last night, accompanied by Col. Holland.

Although the wreck occurred at 8.30, it was not known until after midnight that Mrs. Booth Tucker was among the injured. The first news that the noted Army worker had been hurt was received in this city at 2 o'clock this morning, when it was stated that she had been mortally injured and died at 10 o'clock last night. This report of her death, however, proved premature, and it later developed that she had not succumb to her injuries until 2.50 this morning, just as the train bringing the injured to Marcelline reached that place.

Dean Lake, the scene of the wreck, is a desolate place, and there was great delay in taking care of the injured and getting them started for Marcelline. After the train bringing the injured had finally started, it was delayed by the breaking of a truck and did not reach Marcelline until nearly five hours after the wreck occurred. At the Salvation Army citadel in

WILL FIGHT QUARANTINE.

Citizens of Allegheny Say Action of State Officials is Due to Private Spite.

PITTSBURGH, Pa., Oct. 29.—A telegram has been received by the Allegheny city officials from Dr. Walter R. Batt, quarantine officer at large of the Pennsylvania state board of health announcing that at a conference in Washington, between Dr. Batt and Dr. Benjamin Lee, secretary of the state board of health, it was decided to quarantine all Allegheny. The quarantine will be established today. City solicitor, C. Porter, of Allegheny City, stated this morning that if Dr. Batt, or any other state officer tries to quarantine the city he will immediately order their arrest.

A sworn statement by Director Thos. Semdrell, director of public safety of Allegheny, states that there are but 25 cases of smallpox in Allegheny, which is located directly across the river from Pittsburgh and has a population of 160,000. He says the quarantine is the work of the city of Allegheny in the attempt to order a fumigator manufactured by a concern in which a state board of health official is interested.

HALLOWEEN POW-WOW. A good programme has been arranged for the halloween pow-wow in the Y. M. C. A. tomorrow evening. E. S. Watson will sing, Roy Willett will play the bagpipes, George Whittaker will read, and there will be other instrumental and vocal selections. Among the amusements is a potato race. Apples will be served for refreshments.

The gymnastic contest for the second grade takes place this afternoon, and this evening the handball tournament opens.

William McAvity, who has been undergoing treatment at the Massachusetts General Hospital, arrived home this morning on the Boston express in company with Mrs. McAvity and his nurse. Mr. McAvity is much improved in health.

TORONTO, Oct. 29.—Hon. Geo. W. Ross, returning to the results of yesterday's elections, expressed no disappointment at the result in Muskoka. He said it was always easier to disturb an elector by belittling what had been done for his district than to secure his confidence, even when that effort was made to improve his condition.

KANSAS CITY, Mo., Oct. 29.—The news of the death of their favorite leader caused great grief, and at first the officers refused to give credence to the report. Mrs. Booth-Tucker, who was Miss Emma Booth, married Frederick Tucker in 1888. He assumed her name as part of his own. He was born in India and lived there several years after the marriage. He was commissioner of the Army in India. Mr. and Mrs. Booth-Tucker were appointed to command the Army in America in March 1898, succeeding Eva C. Booth, who had supplanted her brother, Ballington Booth, who had been removed by the General.

Mrs. Booth-Tucker was said to be the ablest of all the Booth children. She had enthusiasm tempered with cool judgment and executive ability. It was these qualities which induced her father to send her to America in 1898 to try to bring about harmony in the American branch of the Army. The following characterization was made of her at that time:

"She has that rare quality of perfect sympathy. She is a well educated woman in the sense that she can think and write clear, good English. She has no class prejudices and is just as much at home in the parlors of a house in Fifth avenue as in the one and only room of a squalid hovel. But it is in the public meeting that her real power shows itself. As an orator she ranks with less than half a dozen Americans of both sexes."

CHICAGO, Oct. 29.—Commander Booth-Tucker, who arrived in Chicago today, was prostrated by the shock of his wife's death. He declined to be interviewed and denied himself to all but his intimate friends. Ensign Argue, speaking of the commander, said that he had thus far made no plans for the immediate future.

LONDON, Oct. 29.—The news of the death of Mrs. Booth-Tucker at Marcelline, Mo., last night, from injuries sustained in a railway accident at Dean Lake, Mo., reached the International Salvationist headquarters here through a despatch of the Associated Press. The news of the International headquarters immediately met the call of a house and despatched a cable message of sympathy to the Salvationist headquarters in New York. General Booth lives out of town and Bramwell Booth has been in the city. Ensign Argue and break the news of Mrs. Booth-Tucker's death.

COAL STRIKE THREATENED

John McJehell Gives His Consent—40,000 Men May Quit Work Next Monday.

TRINIDAD, Colo., Oct. 29.—The authority from President Mitchell of the United Mine Workers for the calling of a strike of coal miners in district No. 15 was brought by "Mother" Jones, who returned from Indianapolis last night, and it is understood that next Monday is the date fixed for the lock-out. This could not be positively confirmed, but President William Jewell of district No. 15 admitted that there will be a strike, but said the call had not been yet completed. It is understood that over 40,000 men will be involved.

BURIED TODAY.

The funeral of Mrs. George Carr was held this afternoon at 2.30 o'clock from her late residence, 34 Harrison street. Rev. Mr. Howard officiated, and interment was made in Fernhill cemetery. At 2.30 o'clock, the funeral of a short time ago, was held at the residence of his son-in-law, A. H. Nugent, 17 Brunswick street. Services were conducted by Rev. Dr. Morrison, and interment made in Cedar Hill cemetery.

A HANDSOME WEDDING GIFT.

In the C. P. R. passenger department offices this morning William B. Howard, chief clerk, was made the recipient of a magnificent case of silver, in view of his approaching marriage. The gift was from "The Boys," and was given by the members of the district passenger staff and the ticket office staffs in St. John and Halifax. On behalf of himself and others C. B. Foster, D. P. A., made the presentation. The case is a very fine one containing over eight dozen pieces of Rogers, 1847, silver.

HALF A HUNDRED DROWNED.

YOKOHAMA, Oct. 29.—A collision occurred in a fog today off Hodate, Japan, between the Russian Kuzon Kaisha Company's steamers Progress and Tokai Maru. The latter sank. Of the 100 passengers and crew on board the Tokai Maru only 56 were saved.

A full attendance is requested at a meeting of Nov. 1 and 2 Scots Co.'s tonight, in St. Stephen's church school house.

A GOOD THING FOR ST. JOHN.

Contracts Awarded for C. P. R. Ship Supplies

Getting Ready for Immigrants—No Delay in Handling Freight Says Supt. Downie.

Kane & McGrath have secured the contract of supplying fresh meat to all the C. P. R. boats running to Liverpool, and London, and Antwerp. John McDonald will supply the Bristol steamers, which are freight boats only. The supply to the first named lines will amount to thousands of pounds during the season, for the C. P. R. will take from St. John all the meat required for the return trip.

Practically all other supplies necessary for these boats will be purchased in St. John by a member of the local C. P. R. staff, and as two of these lines are passenger steamers, carrying thousands of immigrants, the buying done here will put quite a lot of money in circulation.

Dr. Faber, who was with the Elder-Dempster people last year and who is now with the C. P. R., came to the city from Montreal today. He is here for the purpose of looking over the immigration buildings and seeing that everything is in readiness for the season's work. Dr. Faber returns to Montreal this evening, but will come down with the other officials in a few weeks. Quite a number of changes have been made in the staff since last year.

Supt. Downie is confident that there will be no detention of freight on the C. P. R. on account of scarcity of cars or engines. Although on some lines there is felt a want of cars, Mr. Downie believes the C. P. R. will not be overburdened with rolling stock, will be able to handle the business without delay.

Mr. Downie returned last evening from Maine, where he accompanied the railroad commissioners of that state over that part of the C. P. R. which runs through United States territory. They were much pleased with the condition of the road, on which much work has been done during the past season.

HIS ONLY SUPPORT.

(New York Daily News.) Sir Gilbert Parker considers that a trip to Ireland was richly paid for by a story which he picked up, and which he is telling with gusto. A pompous Englishman, the sort we often read of but rarely ever see off the stage, one of the matter chaps and the don't-cher-know sort, while travelling in the rural districts betook himself to a village barber's. He was too much engrossed in himself to notice that the barber was in his cups. But the Englishman bitterly resented the Irishman's free and easy manner of handling his face and protested with dignity, but that did not prevent him from repeating the offense of pinching his customer's cheek with considerable force. The Englishman's wrath reached the boiling point when the barber, relinquishing what seemed like a death grip on his cheek, took his customer's nose between his thumb and finger and pulled as if desirous of finding out if it were loose.

"Here, stop, you fool," thundered the Englishman, "what do you mean! Let go, I tell you!" "Sure, and I daren't, your honor," gurgled the barber between hiccoughs; "if I let go your nose I couldn't stand up!"

Dr. Faber, the immigration physician, arrived in town this morning.

MAKE THE LIST LEGAL.

The objection of the corrupt section of either political party against action which proposes to make the voters' list conform to the "one man, one vote" law is easy to understand. By as many names as the list exceeds the legal standard, opportunities for the casting of fraudulent ballots are given. If the St. John list contains the names of 230 men who, by reason of non-residence, have no qualification to vote either in St. John city or county and the great majority of whom have no intention of coming here to vote, just that many chances for impersonation and perjury are provided. It is difficult to see why any supporter of pure politics would oppose the reduction of those chances.

Besides its illegal non-resident additions the St. John voters' list is otherwise very imperfect. According to the law, an elector residing in the county and owning real estate in the city, or one residing in the city and owning property in the county, may vote in both places. But there are now on the city resident list the names of over a hundred men who reside in St. John county or adjoining counties, who, though they do business or practice their profession in the city, own no property therein, and pay into the city treasury only a tax on their incomes. These men are also registered in the various parishes in which they reside, and may vote twice in spite of the law passed for application in just such cases.

That a man who lives outside the city and escapes taxation thereby should be freed from the law which limits to one vote a man who dwells within the city and pays his full share of taxation, is a manifest injustice which the revisors must remedy before their work can be considered complete. Such a move on their part can meet only with the support of every fair minded and honest elector, whatever his politics.

THE PEOPLE AND GOOD GOVERNMENT.

The impending civic election in New York will throw an interesting light upon the real appreciation of the people for good government. The present mayor, Seth Low, who is seeking reelection, was swept into office by a reform revolt against the rotten Tammany administration under Mayor Van Wyck. He has given the city an honest and a capable government. Many reforms have been inaugurated, notably in the tenement and "red-light" districts, and in matters pertaining to the public health. Not the slightest charge of graft can be brought against the administration or any of its officials. Upon this claim and upon the plea that their good work is only begun, Mr. Low and his party ask for another lease of power.

Opposed to them is a ticket nominated by and pledged to the Tammany machine. Their election commits the city without doubt to another experience of wholesale, organized corruption. Tammany is frankly a grafting organization and every sensible citizen of New York understands the issue before him.

Still the chances seem to be against Low. Tammany is democratic and New York is a democratic city, while Low, though elected on a fusion vote, is accused of playing into the hands of the republicans. Then the Tammany voters are organized and will vote, once or more, every man of them. On the other hand, a considerable part of the vote which elected Low last time is made up of men who care little for civic politics and who were only aroused to the exercise of their franchise by the astounding state of corruption revealed. Whether or not they care enough for good government to vote for it in cold blood is doubtful, and if principle is strong enough to overcome their lethargy and the party prejudice of honest democrats, New York's next two years will be bright. If not, the tiger, with long fasting will fatten again at the expense of the moral and physical safety of the people.

TIME TO ACT.

There is no time to lose if the harbor facilities of St. John are to be enlarged before the winter season which begins a year from now. The timber required is growing in the woods and must be got out this coming winter. Now that the steamship companies, the Canadian Pacific railway, and the government of Canada are all impressed with the need of immediate action there should be no time lost. The railway company and the government cannot afford to delay the preparation of the plans for a comprehensive system of wharves. If there is to be another session of this parliament the house will meet within four months, and there is no good reason why the government should not have by that time determined upon a policy.

The retirement of Lt.-Col. A. J. Armstrong from the position of grand scribe of the Grand Division Sons of Temperance is regretted by every man interested in the cause for which the retiring officer has done splendid work during the fourteen years he has held that important office.

THE WIND OF BROW.

(November Century.) The fire of love was burning, and yet so low That in the dark we scarce could see its rays. And in the light of perfect-placid days Nothing but smoldering embers dull and slow. Vainly for love's delight, we sought to throw New pleasures on the pyre to make it blaze; In life's calm air and tranquil, prosperous ways We missed the radiant heat of long ago. Then in the night, a night of sad alarms, Bitter with pain and black with fog of fears That drove us trembling to each other's arms— Across the gulf of darkness and salt tears, Into life's calm the wind of sorrow came, And fanned the fire of love to clear flame.

GRAND DIVISION.

Lt.-Col. Armstrong Resigns Position of Grand Scribe.

There was a large attendance at the annual session of the Grand Division, Sons of Temperance, which opened last night in the Market Building. The following reports were submitted: Rev. C. W. Hamilton, G. W. F., reported on the work of the past year. The report pointed out certain lines of action, viz: 1st, Agitation; 2nd, Organization; 3rd, Education; 4th, Legislation.

A. J. Armstrong, grand scribe, then reported. His report showed a good financial standing, there having been an increase of over \$300 during the year. The grand treasurer also reported. The following officers were elected for the ensuing year: G. W. F.—Rev. C. W. Hamilton, St. John, re-elected. G. W. A.—W. H. Patterson, St. John. G. Scribe—Edward A. Everett, St. John. G. Treas.—Thos. H. Lawson, St. John. G. Chap.—Rev. W. J. Kirby, Fairville. G. Con.—Thos. A. Clark, Newcastle. G. Sent.—M. Kelly, St. Martins. G. S. Y. F. W.—Jas. Sullivan, St. John. They were all installed except the G. chap.

WATER AND SEWERAGE BOARD.

At the meeting of the water and sewerage board held yesterday, it was ordered that a sewer be laid on Camden street at a cost of \$100. Mrs. McGuire, of Main street, reported that she had added a third story to her house and the water would not rise to it. She was relieved from water rates for the floor until the water rises. Mr. Shevren of the public works department was notified that the work of laying a pipe line to Partridge Island will not be commenced for some time. The cost will be \$4,000, and debentures must first be issued. Aid. Hilyard, Baxter and Macrae were appointed to look into the matter of a dispute regarding a sewer in Brooks ward. The question involves the laying of a new sewer, which will deliver into the harbor by Victoria street, across the railway tracks. For this a ten foot strip of land will be required from the rear of lots owned by all lot holders fronting on St. James street. The water rates for the dead and dumb school in Lancaster was fixed at a minimum of \$10.00, with one cent for every 100 gallons in excess of 100-000 gallons. E. J. Simonds refused to pay water rates because a sewer emptied into his slip. Aid. Millidge, Recorder Skinner and the engineer will look into this. E. J. Murdoch was appointed draftsman in the sewerage office in place of Geo. Ballantine. Aid. Macrae reported that some of the piles being driven at Silver Falls were stopped by buried timber. The leak in the dam was a bad one, but is being filled up. In order to insure clear water at all times, it would be necessary to build a second dam above the present one, as the water now comes down with a rush over muddy land.

BECKETT MURDER.

ALLENTOWN, N. B., Oct. 25.—With David Weisenberg under \$500 bail, supplied by Congressman Kline, and with Thomas Bechtel, her brother, and Alfred Eckstein, her accredited lover, locked up in a police station cell, the Allentown police are resting in their work on the Mabel H. Bechtel murder case of yesterday morning until Coroner Schejver's jury meets tomorrow morning. The mystery is still practically unsolved, except that indications point to a family row, in which Eckstein may have figured, as he admits he was at Miss Bechtel's home Monday evening for an hour and a half.

LOCAL NEWS.

Reverend F. Roman of Dorchester, Mass., was in the city yesterday, staying at the New Victoria hotel. He leaves for home this morning.

The ladies' minstrel concert in St. Patrick's hall, Carleton, tonight should draw a big audience. Twelve stylish young ladies will take part in the cake walk competition.

Chas. G. Glass of Montreal and J. E. D. Legars of New York were in St. John yesterday, their way to their respective homes, after three or four weeks spent in Newfoundland shooting. Each gentleman killed three caribou, and the heads will be forwarded to them on their being fixed up.

All matters of detail in connection with the transfer of the str. Elaine from the Bras d'Or Steamboat Company to the Mabee people and their associates were settled yesterday, and Mr. Moffatt, the manager of the Bras d'Or concern, left for Boston on a business trip.

ASYLUM INQUIRY.

Premier Tweedie, who some weeks ago was appointed a commission to inquire into complaints made in reference to matters at the Provincial Asylum, heard the evidence of the late matron Mrs. Young yesterday afternoon in reference to the case of Mrs. Wilde.

Mrs. Wilde, a colored woman, went to the institution some years ago from the home of Mrs. Medley, wife of Bishop Medley, Fredericton, who recognized and then was employed in the asylum. Some time ago she died and there has since arisen the contention on the part of some that less money was found in her belongings than should have been, and that the undertaker's bill was too great. This matter the premier is investigating along with others taken up at the last sitting of his court. As Mrs. Young was leaving the city yesterday afternoon, the premier decided to hear her evidence. All Mrs. Young had to tell was that she did not know of much money in the possession of Mrs. Wilde. The investigation into these matters will be continued next week.

ST. JOHN MAN'S WILL CONTESTED.

BOSTON, Mass., Oct. 25.—The contest of the will of Patrick McAlister, formerly of St. John, who was a carpenter and builder, and left an estate of about \$80,000, largely in real estate, was begun before Judge Grant in the Suffolk county court today.

He left five children, John, E. McAlister, an only son and four daughters, Sarah, Annie F., Mary E. and Helena J. McAlister. His four daughters object to the allowance of his will upon the ground that he was not of sound mind and was unduly influenced.

The will in substance provided several legacies amounting to a few thousand dollars for John, his son, and the residue of the estate was to be divided among the four daughters and to pay the income to them in equal shares.

Upon the death of the last surviving child the principal is to be distributed among the testator's grandchildren.

DOVIE'S BLUFF.

NEW YORK, Oct. 25.—"The healing service," Dr. Dowie said: "For many years I have held the political power in Chicago and I control over 50,000 votes there. Whatever I say the election shall go, it goes, and I shall have the same power here some day."

"Fifty thousand votes would control the situation if I had them, and in five years I will control that number in this city."

Dr. Dowie today settled with Robert M. Farley, who sued him for \$1,000 for his legal services in defending J. E. Fisher Pierson, a former Dowie follower, arrested for allowing his child to die without a doctor.

"She is a wonderful woman!" said one member of the theatrical company, as the star responded to a curtain call. "I should say so," answered the jealous rival. "Anybody with as little talent as she has who could convince so many people she can act must be clever!"—Washington Star.

BROKE WORLD'S RECORD. MEMPHIS, Tenn., Oct. 25.—The eight day meeting of the Memphis Trotting Association was brought to a fitting close this afternoon with the breaking of two additional world's trotting records. Lou Dillon, Mr. Billings' champion troter, driven by her owner, went a mile to wagon in two minutes flat, cutting a second and three quarters from the previous record made by herself. The Monk and Equity, driven by Mr. Billings, their owner, lowered the world's trotting record of 2:09 1/4 for a mile to pole to 2:08.

The performance of Lou Dillon in the mile trial to wagon was even more spectacular than the trial against time last Saturday, when she negotiated a mile in 1:58 1/2.

The trial today was made with the customary two runners to set the pace and the forward sulky carried a wire dust screen.

MEMPHIS, Tenn., Oct. 25.—The Monk and Equity, driven by their owner, Mr. Billings, to beat 2:09 1/4, trotted to pole, made the mile in 2:08, a new world's record. The time by quarters: 2:4, 1:04, 1:38, 2:08.

The Monk and Equity, driven by Mr. Billings, went a mile in easy fashion to pole in 2:08 with a single runner to set the pace. The handsome team was driven around the track at a slow jog with the runner trailing behind, and just before the wire was reached the runner drew alongside when the team went for the trial against time. At the quarter the time was caught in 2:14, the half was made in 1:04, three-quarters in 1:38 and the mile in 2:08. Neither of the trotters gave a hint of breaking during the trial, but after they passed the mile Monk found the strain too severe and broke into a gallop.

The meeting which closed today is the third annual event on the track of the Memphis Trotting Association, and while each of the preceding meets have given its quota of new world's records neither of them has been so signally successful in the matter of record smashing as the eight days just ended.

A BOOM IN COPPER. Col. Wm. Alperson, manager of the Maritimes Copper and Reduction Co. is in the city. He says that all the company asked from the local government has been granted. The mines are at Goose Creek, just beyond Quaco, and Col. Alperson says are the best he has ever seen. A 60 foot vein 1,000 feet long, and running better than six per cent, has been found, showing 2,000,000 tons of ore. The tunnel in the past 14 months has been run 450 feet, and in addition 60,000 tons of rock have been taken out. \$14,000 has been spent so far, and it is thought that 100 feet more in the tunnel will reach the big vein.

DIED AT SACKVILLE. SACKVILLE, N. B., Oct. 25.—George Smith, inspector of schools for Westmorland, died at four o'clock this afternoon, aged sixty, after a long illness. He graduated from Mount Allison University in 1874. Other members of the class were George Bond, editor of the Guardian, Toronto, and T. T. Davis, inspector of city schools, Portland, Oregon. He leaves a widow, two daughters, Evelyn and Dorothy, and one son, G. Percy, all of Sackville.

Pandora Range Hot-air Flues. Oven. If the hot air flues in a range are not properly constructed, much of the heat from the fire-box will be wasted up the chimney, and the oven will not bake uniformly. Flues in the "Pandora" range have been given special attention, and are so constructed that all the heat travels around the oven twice and passes directly under all the pot holes before escaping up the chimney. Result is the oven bakes uniformly at top, bottom and sides, and with very little fuel. Every feature in the Pandora has been given the same careful attention as the flues and all combine to make a perfect working and economical range. Sold by all enterprising dealers. Booklet free. # WINTER OVERCOATS

\$10.00 to \$20.00.

THE objection to Ready-made Overcoats has been that they all looked alike. There was no individuality about them—until ours arrived.

Now the banker, the merchant, the professional man may have such Overcoats as are totally beyond the usual sorts. Herein lies the success of our Ready-to-wear. All clothes are clothes, yet there are degrees of excellence, as in everything else.

Our Chesterfields and Long Box Overcoats at \$15 and \$20 are really excellent coats—good materials and tailoring inside and out.

Our \$10 and \$12 coats are reliable Cheviots and Friezes—no shoddy.

They fit you round the neck and shoulders, and hang right—in rare cases a trifling alteration is required.

### CHAMBERLAIN'S CAMPAIGN.

LIVERPOOL, Oct. 28.—Joseph Chamberlain, former colonial secretary, continued his fiscal campaign in this city today. He delivered two speeches along the line of his former deliverances, using practically no new arguments. Mr. Chamberlain was the guest of the lord mayor of Liverpool at luncheon and was afterwards presented with an address enclosed in a basket by the Working Men's Conservative Association.

LONDON, Oct. 28.—Chief Secretary for Ireland Wyndham, speaking at Dover tonight, said that unless England was prepared to lose her prestige, she could not afford to see Canada dominated by American capital. With fiscal reform, as proposed by Mr. Chamberlain, said Mr. Wyndham, Canada could become the granary of Great Britain. He strongly urged the linking of Canada directly with the mother country.

### CHEAPER CAR FARES.

Workmen and Women about to petition St. John Railway Company for Special Rates.

Some time ago a movement was started among the workmen and women of this city to secure a special priced street railway ticket for those who travel regularly on the cars each day. They are meeting with good success in the signing of petitions to be presented to the railway directorate at a near date.

The text of the petitions reads as follows:

ST. JOHN, N. B., Oct. 28, 1908.

W. Z. Earle, Manager St. John Railway Company:

Dear Sir—We, the undersigned patrons of the St. John Railway Co., respectfully beg to bring before you and the directors of your company, the question of fares for those who are regular patrons of the line running throughout the city, particularly the working classes, and respectfully ask a reduction in the same. We would suggest that your company issue what is commonly known as "the workmen's ticket," to be used between the hours of 6.30 and 8.30 o'clock a. m.; from noonday until 2 p. m., and from 6 o'clock until 7 p. m. The rate of fare to be 2 1/2 cents per ticket, to be issued in books of fifty each, good until used. We believe in making this proposal to your company that it will benefit the St. John Railway Company as well as the working classes and will greatly increase travel on the cars. We trust you will give the matter your careful consideration.

(Signed)

So far over four hundred names have been affixed to the petitions.

### PRISONERS DISCHARGED.

Men Arrested for Edmundston Burglary Now at Liberty.

EDMUNDSTON, N. B., Oct. 27.—The preliminary examination into the charge brought against the three parties who were held here on the charge of breaking into the C. P. R. station and blowing open the safe on the 6th inst. was held before Hector Nadeau, J. P., Saturday and yesterday, with the result that the parties accused were discharged.

A great deal of evidence was given showing the manner of the robbery and showing that parties resembling the accused were seen in the neighborhood shortly before the robbery, but no one here was able to positively identify any one of them. When the evidence of the defence was gone into, a man named Knowles from Presque Isle stated positively that the three men in court had worked on his farm at potato digging for four weeks ending on the 15th of this month, and that they were at his home for three meals on every day of that time. Mr. Knowles was also identified by a witness from this place. The evidence satisfied the magistrate that the C. P. R. detectives had suspected the wrong men, and the prisoners were discharged.

### DEATH OF THOMAS DUNLAP OF TRURO.

People throughout the maritime provinces will learn with regret of the death of Thomas Dunlap, which occurred at Truro, N. S., yesterday.

Mr. Dunlap was the head of the firm of Dunlap Bros. & Co., which was established at Amherst in 1866. Later on he went into the well known real estate concern of Dunlap, Cooke & Co., who now have branch establishments at St. John, Halifax, Fredericton and Charlottetown. Mr. Dunlap was born at Truro about 70 years ago. He had the honor of being the first mayor of Amherst, and filled that position with satisfaction for three consecutive terms. He was a prominent member of the Presbyterian church, and in early life joined the Masonic fraternity. His widow was Miss Chipman of Kentville, a sister of Judge Chipman and Dr. Chipman of Grand Pre. One son is left, a young man, Henry Dunlap, who is attending college. The deceased gentleman retired from active business life about four years ago and spent his winters in California. He was thinking of going west when he was seized with the third stroke of apoplexy, which resulted in his death. Mr. Dunlap was well thought of wherever he was known, and his firm were by-words throughout the lower provinces.

### BURNS AND BRUISES.

LEOMINSTER, Mass., Oct. 28.—Four women received serious burns and bruises, while sixty employees narrowly escaped with their lives from a fire that quickly gutted the factory of the Columbia Comb Co., manufacturers of celluloid goods, on Graham street, today. Mrs. Hannah S. Hall, an aged employe, was caught by the flames while seeking an exit, and before she could be rescued was terribly burned. She was removed to a hospital, where her condition was said to be critical.

The factory was a two and a half story frame building and contained a large amount of celluloid in addition to goods made up. The fire originated in the drying room in the attic, and was due to the stock of celluloid becoming overheated. The place was filled with celluloid dust, the burned like gunpowder, and almost immediately after the first spark ignited the whole building was in flames. The employes made a mad rush for the doors and windows, and a score received minor bruises in making their way from the building. Miss Pinard was working in the attic when the fire broke out, and saved her life by jumping from the window, a distance of 25 feet from the ground.

### LIKE ASHBURTON CASE.

OTTAWA, Oct. 28.—The decision on the Alaskan boundary case occasioned no surprise to Canadians who have been in London the past few weeks," said C. Berkeley Powell, M. P., this morning. Mr. Powell has just returned from a two months' trip to England. "Two weeks before I left for home," he continued, "it was common talk that the United States claim would be conceded. Newspaper men were talking about it and it was discussed in the clubs. I do not think that our men were heavy enough for those they were matched against. The Americans made a great swell. They were all quartered in one hotel, entertained most lavishly, and generally made good fellows of themselves in social circles. Our representatives were quartered in hotels miles apart, and while I would not say there was any friction whatever, it would almost seem as though they were not pulling together."

#### NEW COMPANIES.

FREDERICTON, N. B., Oct. 28.—Letters patent have been granted to Capt. Fred S. Mabee, R. Kettle Jones, L. A. Curry, K. C., and others, as the Hampstead Steamship Co., Ltd., with a capital stock of \$24,000, for the purpose of operating tug boats and common carriers on the St. John rivers, also incorporating George McKean, St. John; Luther B. Smith, Peleg J. Smith and Robt. B. Smith of Central Blissett, Sunbury Co., as the Smith Bros. Co., Ltd., with a capital stock of \$24,000. A new company, called "The Victoria County News Co., Ltd.," with a capital stock of \$5,000, has been formed for the purpose of printing and publishing a newspaper in the county of Victoria. The incorporators are James W. Correll, who is the manager; Alfred L. Green, John L. Stewart, Geo. H. Day and James W. McPhail, all of Victoria county.

#### DID NOT ROB BRITISH BANK.

Information was received late last night by the Sun from the police in the north end that an attempt was made about ten o'clock to rob the Bank of British North America's branch of this city. Inquiry was immediately made at the central police station, but nothing was known of it there. Police officers were sent out. Manager Hazen of the bank was notified, and a thorough search of the bank was made, but no trace of burglars could be seen anywhere. A close watch was kept by the police on the bank the rest of the night.

#### HANDSOME RESIDENCE.

J. J. Barry, the Dock street business man, has just had completed on Leinster street, between Wentworth and Pitt streets, a handsome brick cottage. The house was planned by Architect Brodie. The work was carried out by Tilley & Clark, the masons, and John Drury & Sons did the carpenter work. J. H. Doody was the plumber and Denis Johnston & Galley performed the painting and other decorations. The cozy little home will be ready for occupancy in the course of a few days, and in the meantime Mr. and Mrs. Barry are living at the Royal hotel.

#### THE LOCAL GOVERNMENT.

Premier Tweedie left last night for Chatham.  
Hon. L. P. Farris was in town yesterday on his way home from Moncton.  
The executive meet at Fredericton on Tuesday of next week. Later on meetings will be held in St. John. It is said there is a possibility of some action being taken then in connection with the management of the Provincial Lunatic Asylum.

#### N. S. LIB.-CON. CANDIDATES.

HALIFAX, Oct. 28.—The liberal conservatives in Shelburne and Queens today nominated J. J. Ritchie, barrister, to oppose Hon. W. S. Fielding as the federal representative in the house of commons. Every district in Shelburne county was represented with but one or two exceptions, and Queens sent a large number of delegates. Mr. Ritchie accepted the nomination and made a stirring speech.  
Hastings W. Freeman was nominated for the local legislature by the Shelburne delegates. In Ritchie and Freeman the conservatives have two strong men. Three liberals are in the field for the local house.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Creosole tablets, ten cents per box. All druggists.

#### FROM BAD TO WORSE.

The river service is going from bad to worse. Says yesterday Fredericton Gleason: "Owing to an accident to the Majestic on the down trip yesterday, no boat left St. John this morning for Fredericton, and consequently there will be no down river trip tomorrow." The travelling public has to rely on the C. P. R. for reliable connection between St. John and Fredericton.

## Japanese Taffeta Silks,

MADE IN JAPAN, DYED AND FINISHED IN LYONS, FRANCE. This is one of the best washing silks we know of. It has a harder finish than the common Japanese silk and looks more like taffeta, yet the price is only about one half that of the regular taffeta. Comes in all colorings and is priced as follows: 20 inch, 50c. per yard; 27 inch, 60c. and 55c. per yard. The White Silk makes a beautiful waist, is a good weight and will wash perfectly.

## Persian Striped Waist Silks

20 inches wide, only 45c. per yard.

## "Gros Romans" Waistings

A very large range of colors in these. They are French Satin finished wool Waistings with very clear patterns and a very fine material. The price is 65c. per yard, 30 inches wide.

## Flannelette Waisting

In the new designs 10c. per yard. These are the regular 14c. goods. They are 3 inches wide. The designs are all new. Three yards is enough for a waist, 30c. for a length, which will make a comfortable and good looking blouse.

Carpenter's milk wagon broke down on Charlotte street this morning. The milk cans were all empty when the accident occurred and consequently there was nothing to cry over.

Dr. J. M. Smith has resigned from the profession of dentist for his new work in connection with the Mah Puh Mineral Springs in Kings county. He has sold his residence on Main street to George Hoban and will reside in the same house with Thomas P. Pugsley, Chipman Hill.

George Robertson, M. P. P., says the Dominion government has approved of the dry dock plans and he expects the provincial government will give them sanction next week. Mr. Robertson expects to go to Montreal in a few days and is sanguine that in a short time he will be able to issue a call for tenders.

A lad named Johnston, residing on Forrest street, disappeared from home Tuesday morning. His parents are greatly agitated, but yesterday there came a message from the boy's relatives at Sussex to the effect that he was there, presumably on a visit. The boy was advised to return to the city and he did so and was met by his mother when the Halifax express came in yesterday afternoon.

ADMIRALTY COURT. In the admiralty court this morning, Judge McLeod presiding, application was made by H. H. McLean, K. C., to fix the time and place of the trial of the case of Lovitt vs. The Steamer Calvin Austin. His honor ordered that the trial be set down for the 17th of November at 11 o'clock, subject to change by mutual consent of counsel. Dr. A. A. Stockton and John Kerr, K. C., appeared for the defendant.

## DECISION APPROVED.

The Resolve to Levy Sids Wharfage on Vessels Loading Deal Suits Unsubsidized Lines.

The recommendation of the board of works, made at its meeting on Tuesday, that side wharfage be collected in future on vessels loading deal at berths Nos. 1 and 2, meets the approval of representatives of steamship companies, whose boats are unassisted by a government bonus. They think, however, that the recommendation should have included subsidized boats loading deal at all west side berths.

A representative of an unsubsidized steamship line, speaking to the Star on this question, said that winter port steamers loading deal have enjoyed exemption from side wharfage too long, and it is an unjust discrimination against steamers that come here and load deal all the year around. He said that if the exemption continues it can only have the tendency of driving winter months steamers that make this a regular calling port for the purpose of loading deal.

The representative said: "The winter port steamers, as is well known to shipping men, have always made it a point to complete their cargoes with deal manufactured at this port. Last year more than 1,300 standards of deal were carried away by subsidized boats. This year more steamers are coming and many of them were chartered months ago. The winter port steamers come here and secure a preference over steamers that make it a business to come here regularly. The year round cargoes of deal—without an item of expense to themselves. It is unjust and should be stopped."

## CHURCH DEDICATED.

Bishop Kingdon Opens House of Worship at Hoyt Station.

The new Church of England church near Hoyt's Station, known as St. Luke's church, was dedicated yesterday by the Bishop of Fredericton, assisted by Canon Roberts, Rev. Scovill Neales, Rev. H. Montgomery and Rev. H. Dibble. The church is now entirely free from debt and is one of the prettiest structures in New Brunswick. It is finished inside with native wood and has stained glass windows. The land on which the church stands was a gift from the heirs of the late Hon. W. E. Parley.

Rev. Scovill Neales was the preacher at the morning service. At its conclusion the clergy and other strangers were entertained at luncheon by the ladies of Blissville. Short addresses were made by the bishop, Rev. H. E. Dibbles, Hon. J. D. Hazen and Rev. D. Whitton.

Services were also held in the afternoon at which Rev. H. Montgomery preached and in the evening at 7.30 o'clock.

## A HUNDRED MEN HUSTLING.

Contractor McManus, who is making the repairs to the I. C. R. extension, has over one hundred men employed on the job and is rushing the work. From Clarence street to Union, and from Pitt street to Regad, sections of new breastwork have been put in and at present most of the men are employed in filling in the new work and ballasting the track. It is remarked that if the breastwork were made but a few feet wider there would be room on it for two tracks, instead of one, as at present, and this would afford considerable extra yard room for cars.

## BATHING HOUSES DAMAGED.

The nine bathing houses on Broadview beach, which were damaged during the storm of a few weeks ago, have all been temporarily repaired for the winter. On some of these the damage done was serious, and will necessitate the expenditure of considerable sums of money. Much of the damage was done by logs which had drifted from the work being done on the I. C. R. extension, and there is some talk among the owners of the houses of action being taken against Mr. McManus, the contractor for the work.

Miss Maud Dorman, of Mecklenburg street, left this morning on the steamer Prince Rupert for a short visit to Digby.

## NEW BRUNSWICK BETTER.

Worcester Sportsmen Say Mattoe Hunting Is Not in It. (Bangor Commercial).

After having come to Maine annually for the past ten years, E. C. A. Becker, of Worcester, one of the best known out-of-state sportsmen who have hunted in the Aroostook county, because of what he terms "the inequitable license law" did his shooting this year in Canada. Accompanied by E. H. Morse, of Hartford, Conn., Mr. Becker arrived in Bangor from New Brunswick Monday night. They brought with them a handsome moose, shot by Mr. Becker, two caribou, a fine buck and a big bear that measures seven feet.

"This is the first time in more than ten years that I haven't come to Maine during the big game season and the reason I didn't hunt here this year was because of the license law. It isn't fair—I don't think it is fair as that in New Brunswick, the license there being \$30, but because I think that this New Brunswick system is entirely unfair."

Messrs. Becker and Morse are enthusiastic over New Brunswick. They went in from Donkton and hunted in the vicinity of the Calais river—a flat and easily traversed country which, they say, abounds in game of all kinds.

Mr. Becker got a handsome moose, the head of which has a spread of 55 inches, with 25 points. This will be mounted by Crosby. Mr. Becker also got a caribou. Mr. Morse missed by the merest chance getting a big moose but he was satisfied with his trip, as he secured, besides a caribou, a fine buck with horns in the velvet and the big seven-foot bear.

Last year Mr. Becker was accompanied by his son, E. C. A. Becker, Jr., a lad ten years of age, who distinguished himself by bringing down from Ketchikan's camp two deer and a moose, a remarkable record for a boy of his age.

While in New Brunswick Messrs. Becker and Morse were guided by William and Frank W. Deacons, of Bangor, and they speak in high terms of these woodsman.

## AFTER A FORGER.

Capt. Rawlings Returns from an Unsuccessful Chase. Capt. Richard Rawlings, provincial constable, returned this morning from Hoyt's Station, where he has been endeavoring to effect the arrest of Walter Rollison, against whom a warrant charging him with forgery was sworn out by Dr. Dundas on Friday last.

This action follows the charges made by Rollison against Dr. Dundas a few days ago. Rollison endeavored to negotiate in Fredericton a note for five hundred dollars, bearing Dr. Dundas' signature and it is on this forged note that the charge is made.

Capt. Rawlings was unable to find Rollison anywhere in the neighborhood and in consequence of information received he proceeded to St. Stephen and Calais, but was unable to locate his man. He is generally believed that Rollison had to the United States.

Rollison, a few days before he left this province, endeavored to dispose in Fredericton of a horse and buggy, the property of R. Drummond, of Victoria Settlement. Sunbury Co., which had been loaned to him.

## GIFTS FOR FATHER LEGERE.

Popular Priest Honored by Parish-ners of St. Anselme, Before His Departure.

(Special to the Star). MONCTON, N. B., Oct. 29.—Father Legere, of St. Anselme parish, Moncton, was waited on last evening by a large number of parishioners, who expressed regret at his removal to St. Paul, Kent county, in a very flattering address, accompanied by a handsome purse. Father Legere was also presented with an address and purse by the C. M. B. A. branch, 178, Fox Creek. During his fourteen years residence at Fox Creek, Father Legere has made many friends, not only among his own parishioners, but among people of Moncton City and parish generally.

## I. C. R. PENSIONS.

Employees Urge the Gov't. to Take Action Regarding the Scheme Proposed by Mr. Blair.

(Special to the Star). MONCTON, N. B., Oct. 29.—At the 14th annual meeting of the Intercolonial Railway Employees' Association, a resolution was passed instructing the executive committee to prepare a strong petition to be forwarded to the minister of railways, through the general manager, requesting that some definite action in regard to the proposed pension scheme should be taken without further delay. This scheme has been working off since Mr. Blair's resignation last summer, and during the discussion the employees expressed the opinion that they should be given an answer at once to the request made. General Manager Poirer and General Freight Agent Walter were re-elected president and vice-president respectively.

## WEDDED AT ST. STEPHEN.

ST. STEPHEN, Oct. 29.—(Special)—A pretty wedding ceremony was performed by Rev. A. S. Morton in the Presbyterian church at a quarter past seven this morning, the principals being Walter S. Stevens, town councillor, and youngest son of Hon. Judge Stevens, and Miss Annie S. Moore, the popular chief operator at Telephone Central, and daughter of D. W. Moore, of the Shore Line. They were unattended. The bride's costume was of crown flake goods. Immediately at the close of the ceremony they drove to the C. P. R. station, where they were met by relatives of the bride.

Numerous and valuable presents were bestowed upon them, including a handsome clock from the mayor and council, an silverware from the fire department, the groom being chairman of the fire committee of the council. This completed this popular young couple.

## "NEVER JOIN US."

The Advice of a Prominent United States Divine to Canada. Speaking at the Sherbrooke Street church recently, Rev. A. Rankin, president of the Toronto Methodist Conference, said that, in view of recent events, Canada should pause for a while and consider her next steps. After full and mature consideration, the country should press forward undaunted towards the goal her God-inspired ambitions point to.

"I believe," said Mr. Rankin, "that North America will be the stage on which the final scenes in the drama of human life will be enacted. No one can estimate what proportions Canada will assume in years to come. Immigrants are pouring in on us. I hope they will not come too quick. I believe God has kept locked the doors of this country until we can build up a proper national character. I was in New York recently, and I heard Dr. Tyler preach. After the sermon I went up and shook hands with the venerable old man. 'Oh, yes, I know Canada, he exclaimed; 'I know commercial Montreal; Ottawa, the centre of legislation, and literary Toronto. And I advise you, never to join us my brother. I told him we never would. We have no time to take over the vast problems of the people of the United States must solve, their 10,000,000 of negroes, for instance. Canada has problems of her own which she should face now. If these problems are not solved now they will have to be a hundred years hence."

THE LATEST GOLF STORY. Two small specimens of the caddie fraternity were sitting on a fence, cracking nuts and waiting for a job. "See that old cove in the gig-lams?" chuckled one of them, pointing a grimy forefinger at an elderly golfer, who was adjusting his glasses preparatory to a round. "I had a fair game with 'im yesterday. 'Boy,' he says, chucking me a ball, 'see this up. I want a smack at the blighter. They tell me they makes no noise, and flies out o' sight.' So up I tees the ball, and he lets drive. 'Good 'it,' says he. 'A fair two 'undred yards, and just kicked into the rough!' 'Lor!' says he, 'They do go; and you can't 'ardly feel 'em. They're fair wonders!' And with that the silly cuckoo starts a-lookin' for it. Did he find it? Not much 'e didn't. Why? Why, because the ruddy ball was a'bin' at the bottom of my pocket all the time. 'E'd never 'it it!'—London Sporting Times.

AFTER HAWATHA. Now that Hawatha has almost died out, the boys on the street seem as if for something to whistle. There is at present no popular melody, either in the line of vocal or instrumental, but two selections which are comparatively new promise to attain a marked degree of popularity. One of these is a song entitled "The Imp in the Heart of the Wine." It is pretty and rather better than the ordinary run of popular songs and was heard for the first time only a few weeks ago.

The other selection is an intermezzo of much the same style of Hawatha, but with sweeter harmonies. It is called Anona, and is by Vivian Grey (Miss McKinley). Anona has not been played in public in St. John as yet, but a number of private persons have secured the music.
