# Annual Report of the President

OF, THE Y. W. C. T. U.

**B**EFORE we leave behind us the valley of the past year and begin our ascent of the next mountain ridge over which our path lies this coming year, we would rest upon the summit we have gained for retrospect and prospect, for contemplation and hope. As our thoughts are turned backward over the days and months that now belong to the past, the gracious influence and guiding hand of the all-powerful God, the loving Father, appear as sunshine giving light and life, truly "He giveth power to the faint, and to them who have no might He increaseth strength." Although times of discouragement have come and our ideal is still unattained, our hearts are filled with gratitude and hope. The year's financial liabilities have been met, workers have been ready to answer to the calls of the work and our Young Women's Christian Association is every year increasing in numbers and usefulness.

The Y. W. C. T. U. was originally organized for temperance work among the young, but as the altogether neglected field of work for young women along the lines of the Y. M. C. A. appealed strongly to the hearts and minds of the active members of the Union it was decided to organize a Young Women's

Christian Association where young women could work for young women, trying to cultivate an ideal womanhood, physically, mentally and spiritually equipped for the battle of life.

It seems strange to one who is interested in the progress of our common humanity, that while for many years an almost universal sympathy has been manifested towards the Young *Men's* Christian Association, it is only one, here and there, who gives practical evidence of their interest in its complement, the Young *Women's* Christian Association, so that the financial burden and the actual work has been borne by a very few. If the Christian people of the city would but consider the claims of the work, and the great possibilities thereof, the good done year by year might be greatly increased and the work and worry would be more evenly distributed.

It has not been our aim to organize a society where the rich may patronize the poor, neither is it our desire to reform any particular class in the community, the foundation thought of the whole is a "Sisterhood of service," a banding together for the common good, not a picking and choosing of certain congenial elements but upon the broad basis of Christian womanhood to build up a structure worthy to endure for all time.

Let us endeavor to point out briefly the means employed to bring about these things: The first necessity is a common meeting-place; this is provided in our rooms, always open, always sunshiny and pleasant, they have proved of incalcul-

able benefit to hundreds of young women; at the noon hour from 20 to 30 gather and instead of eating their lunch in shop or office or school, find here home-like surroundings and various needful conveniences, with opportunities for a friendly chat or a pleasant half-hour at our reading table where the numerous magazines provide mental food and relaxation.

*Church Class*  
Secondly, it is necessary to provide certain advantages which will tend towards the development of the members, so we have our Tuesday evening Bible Class where God's word is studied systematically and carefully, Thursday evening an Art Class, where drawing and painting are taught, tending to develop talent hitherto latent and cultivate the æsthetic side of the nature. Saturday evening we have always devoted to talks on various educational themes given by prominent ladies of the city, who kindly aid us along this line. Those who have had opportunities for travel help us to see and enjoy what they have seen, those who have had superior advantages along educational lines give us some of the treasures from their store of knowledge. Sometimes these talks are varied by magazine evenings when current literature is discussed, or by the reading of some favorite poem or story, thus do we endeavor to help those who have been deprived of the privileges of broad culture and also to incite those who have made progress along these lines to continued effort. We know from actual fact that many have been led to read and appreciate the masterpieces of English literature by means of these Saturday evening talks.

✂ The care of the body is not neglected, for health talks and physical culture are always included in our plan of work. ✂

The largest gatherings are usually at the monthly Receptions when the members have opportunities for social intercourse and friendly conversation. Once a year, Thanksgiving Day, the members take tea together like one happy family, all bound together by the bond of love and common aim. Briefly, then, we have indicated the lines along which we work, to see the results of it all one must come into actual touch with Association life, it is seen in the brightened faces, the improved health, the developed minds, the cheered hearts of many who stand as witnesses of the value of the efforts put forth. ✂

generous soul and the young women, too, may in the near future, have the joy of possession for their lot. Before closing these thoughts may we ask you to read carefully and earnestly the reports that follow giving detailed accounts of the year's work and after you have read them, will you stop and consider what *you* can do to help support the work, and then do it.

The thanks of the Union are gratefully offered to Miss M. Kirkpatrick whose efficient services and active mind have entered very largely into the success of the year's work. We desire also to tender our hearty thanks to Mr. J. W. Davidson, who for over a year has given his services gratuitously in the Art Class; to Mr. Wm. Houston, M. A., and Mr. John Andras, for interesting lectures; to Mr. R. Kirkpatrick for instructions in calisthenics and club-swinging; to Mr. F. W. Merchant, M. A., for assistance at Miss Wright's lecture; to Mr. Colt, of the London Shorthand School, for lessons; and to all those who have contributed money or time towards the success of the work.

The record of the year's work is closed, and with a prayer to God for His blessing upon all that has been good and pure and beautiful, and His forgiveness for the mistakes and errors, we would go forward into the awaiting future. May "the beauty of the Lord our God be upon us; and establish Thou the work of our hands upon us; Yea, the work of our hands establish Thou it."

## *Report of General Secretary*

---

**A** BRIEF survey of the year's work must necessarily fail to give any true estimate of the work accomplished. Much is of such a character that it cannot be formulated into words. But that a great need has and is being met through these rooms for young women, and that their influence is spreading into ever-wider circles, we have ample proof.

The total attendance in the rooms has been 14,500, of which 8,823 attended during the day, 5,677 in the evening, and 4,189 were present at the lunch hour. The increased attendance at the latter is most encouraging, the total attendance being 1,000 in excess of that of last year. The rest and change of scene, with the privilege of a cup of hot tea or other beverage, and the use of piano, library and magazine table, cannot but prove beneficial, and many grateful remarks attest that this branch of our work is greatly appreciated. Four hundred and sixty-seven calls were made in the interests of the work. The desirability of centralizing Christian effort has been exemplified in the number of organizations which met in

our rooms, such as the City branch of the Order of King's Daughters and Sons, the Women's Christian Association, McAll Mission, Housekeepers' Mission and the Local Council of Women. In March, Mr. John Andras favored us with readings from Shakespeare's "As you like it," which were thoroughly enjoyed by the large audience who had assembled to hear him. In May, another pleasant evening was spent listening to an interesting lecture by Wm. Houston, of Toronto, on Tennyson's beautiful poem, "The Princess," and its bearings on the Woman Question. On the occasion of Miss Wright's (Dominion Secretary of the Y. W. C. A.) visit to London, an informal gathering of women likely to be interested in young women's work was held. Miss Wright gave a very interesting talk on the Y. W. C. A., its aims and work. We were able this year to make a small addition to our library which now numbers three hundred and sixty volumes. Much interest has always been taken in this department of our work which aims by a wise selection of reading matter to develop the mental life of our members. Our magazine table, which is well furnished with the current magazines, is much frequented, and is a source of pleasure and profit to many.

The Housekeepers' Mission has quietly continued its good work of distributing, once a month, canned fruit, jellies, catsups, etc., to the various charitable homes of the city. The sick and aged poor have also received fruit and jelly from the stores of the Mission.

THE LATEST IN RUBBERS  
AND OVERSHOES . . .

Many applications for young women for domestic service have been received, and in several instances we were able to supply the need, and to obtain permanent situations or work by the day for those who applied. Directions where to obtain suitable boarding-houses have been frequently given, and a night's lodging secured for friendless young women. Clothing and provisions have been supplied to needy applicants. Thus have we striven in our feeble way to infuse brightness into other lives, and to fulfill the Divine command, "Whatsoever ye would that men should do to you, do ye even so to them."

M. KIRKPATRICK.

## Report of Recording Secretary

---

AT THIS, the annual meeting of our Union, it is but fitting that we should pause and review the year, marking our successes or failures and drawing therefrom lessons for our future guidance. There is one old lesson that we have thoroughly learned this year, and it is this: That the Lord is only willing to help us in measure as we are willing to help ourselves.

We have felt this year in a measure burdened by our financial responsibilities, but when we seemed to be walled in "a way has been opened up for our escape." God has stirred the hearts of those to whom we have applied for aid, and in most cases help has been promptly and cheerfully given. Thus we feel that God is with us, and so take heart, knowing that we can trust Him for all things.

We have held sixteen regular meetings this year. Each was opened by singing and prayer, followed by a Bible reading, usually given by one of our members, after which our business is brought up and transacted. This is frequently followed by a discussion, debate, or a paper, on some subject bearing on our work.

During the year, we have had papers on "Scientific Temperance," "Opium in Toronto," "Association Work," etc., a discussion on the Reports of the Royal

Commission, and a debate as to the cruelty of using birds for millinery purposes. After this debate, the Union passed a motion recording its disapproval of this barbarous custom.

During the winter, lectures were delivered by Prof. Andras, Miss Bertha Wright, of Ottawa, and Mr. Wm. Houston, of Toronto.

Early in the Spring, a reception was given to our Honorary members and friends, at which refreshments and a good programme helped to make the evening truly enjoyable.

A class of about twenty girls have been instructed once a week in Scientific Temperance by the head of that department.

"In the morning, sew thy seed, and in the evening, withhold not thy hand, for thou knowest not which shall prosper, this or that."

At the one hundredth meeting of the Union, a thank offering was taken up among the members, which amounted to over ten dollars.

We cannot but feel grateful for the blessings that have attended our efforts. If there has been any hindrance to the work, it is to be found in our own faint heartedness. May we take courage, remembering that our sufficiency is of God, and that He is more willing to give, than we are to receive.

Respectfully submitted,

MAUD RIGSBY.

ANNUAL REPORT

—OF THE—

*Young Women's Christian Association*

---

**T**HE changing seasons have again brought around the time for presenting to you the records of another year's work. Looking backward and noting the many ways in which God has blessed and prospered our efforts for the advancement of young women, and the many times Divine guidance has been vouchsafed to us, we cannot but feel encouraged to go forward into ever-widening fields of usefulness. "Working with patience, looking for success, and despising not the day of small things."

Through the medium of our bright and home-like rooms, our classes, literary evenings, helpful talks, King's Daughters meetings, and devotional exercises we have sought to throw around the young women of our city influences which will develop a higher and nobler womanhood. Though laboring under the great disadvantage of not possessing a building of our own, suitable for the more efficient

carrying on of the work, yet have we much cause for encouragement in the sustained interest and increased growth and progress of our Association.

The increase in the total attendance at the lunch hour of 1,000 more than that of last year, emphasizes the fact that more young women are taking advantage of the privileges offered them. New members are being constantly added to our ranks. Eighty in all, during the year.

We have been called upon this season, to part with several of our most active members through their removal to other cities. Leaving gaps which it will be hard to fill, all left with expressions of regret at the termination of their connection with the rooms, and spoke of the pleasant recollections they would always retain of the London Y. W. C. A. Others have married, and one who took a great interest in our work, never absenting herself from any of our meetings, has been called Home.

Eleven business meetings were held, at which reports of the various committees were presented. The Bible Class held its meetings on Tuesday evenings throughout the year. This weekly gathering for Bible study and Christian intercourse has awakened in many a desire for a deeper and more thorough knowledge of God's written revelation, and have been, we trust, the means of spiritual up-lifting.

Educational Classes in Reading, Grammar, Arithmetic and Book-keeping, were held during the first part of the season. In May, through the kindness of

Mr. Colt of the London Shorthand School (who generously offered tuition free to the members of the Y. W. C. A.) a class in Shorthand was formed and has continued its meetings up to the present time. On Thursday evenings, a class in Club Swinging and Drill met for physical exercise and recreation. After which the Art Class assembled for the study of the fine arts, and under the supervision of Mr. Jas. Davidson, of the London, England, Art School, executed some creditable work.

A Choral Class, conducted by Miss Walker (late of the Toronto Conservatory of Music) was formed in April. Its meetings were the source of much pleasure to the members.

Cooking lessons were given (gratis) by ladies proficient in the culinary art on several Friday evenings during the winter months. Among the subjects taught were "Soups," and the preparation of stock, "Bread," "Puddings," "Invalids' Dishes," "Cream Candies." These lessons were of a very practical nature and were much enjoyed by those who attended them. Not the least enjoyable part of which was the eating of the edibles prepared at each lesson.

Literary evenings have been held monthly, when we have sought to give our members a taste for good reading, and to broaden their mental vision by bringing them into contact with the lives and works of great writers. Among the subjects taken up were the "Mid-summer Night's Dream," "Macbeth," "The Merchant of Venice," Scott's "Lady of the Lake," Canadian poets, with selections from their

poems, "Jean Ingelow,"—sketch of life with selection from writings, "Oliver Wendell Holmes," with readings from "The Autocrat of the Breakfast table." Several evenings were also devoted to reading and discussing articles from the current magazines of the month.

Besides these purely literary evenings, our members were privileged to listen to the following interesting and helpful talks, by ladies prominent in educational and philanthropic work: "Advice to Young Women," Mrs. Evans; "Culture" of body, mind and soul," Mrs. English; "Missionary Heroes," Mrs. McMechan; "Travels in Other Lands," Mrs. Boomer; King's Daughters, address, Mrs. Tilley; "Emergencies," Miss Tye; also two addresses on "Health" and "Rest." Our thanks are due to those who so kindly furnished our members with so many pleasant and profitable evenings, also to Dr. Balfour for his interesting and instructive talk on "Anatomy." We have endeavored to educate our members along temperance lines, by holding temperance evenings monthly, when temperance literature is read and discussed. We are indebted to Mrs. Thornley and to Mrs. Gordon Wright for two very earnest addresses on "Temperance Work," and "The Evils of Intemperance," which added greatly to the interest of two of our evenings.

Monthly receptions have been tendered regularly to members and friends. We have striven to make these re-unions varied and interesting, and while developing the social side of our natures to strengthen the bonds of union among our

members, and to interest and bring into fellowship the strangers who visit us. These are some of the ways in which our social evenings are spent. Time-honored Hallowe'en was celebrated in regulation style, with taffy pulling, pop-corn popping, and games.

A Thanksgiving Tea was held on Thanksgiving eve, when one hundred members and friends sat down to the well-spread tables. The rooms were gaily decorated for the occasion, and the scene was a bright one. The following toasts were responded to: Y. W. C. T. U., Y. W. C. A., Lookout, Reception, Programme and Bible-study Committees. Much practical advice and incentive to greater effort were gleaned from these after-tea speeches. The Bible Class provided the rest of the evening's programme, the chief feature of which was the "Missionary Lamp-lighters."

Wishing to inculcate in our members a true love for, and pride in their native land, a Canadian evening was held, when a stirring oration on Canada was delivered, and representatives from the provinces of British Columbia and Ontario told of the resources, products, and greatness of their native provinces. Poems by Canadian poets were read, and Canadian songs were heartily sung. Another of our receptions took the form of an Art evening, when the rooms were adorned with several of the drawings and paintings of the pupils of the Art Class. Two notable features of the programme were an address on "Art," by Mrs. Stanley

Williams, and the presentation of a handsome chair to Mr. Jas. Davidson, the Art Teacher.

In February, the members endeavored to carry into practice the precept that "it is more blessed to give than to receive," by holding a "Pound Social," when donations of a pound or more provisions were brought for the poor. As a result, a large box of provisions was received and distributed to needy families.

In May, a concert in aid of "Summerholm" was held. With the assistance of Miss Mutch, a fine programme was arranged, in which many of London's best local talent kindly took part. The concert was a success and \$20.00 was realized towards paying off the debt on "Summerholm." The King's Daughters Circle in connection with the Association has been the means of deepening the spiritual life of many, and of exemplifying the truth that the noblest fruit of Christian living is the desire to serve others. The sick have been visited, the hungry fed, the naked clothed, and relief in many cases afforded the needy. The Circle is divided into five minor Circles, each of which holds separate meetings of their own. Monthly devotional meetings of the united Circles were held, and the following topics formed the subject of the Bible studies: "Rest," "Holiness," "Influence," "Christian Giving," "Conversion," "Justification," "Consecration," "Conditions of Effectual Prayer." These meetings have been a help and blessing to many.

A donation of ten dollars was expended in paying rent for old women, buying medicine for invalids, and helping other cases of need.

Flowers and fruit have been sent to the sick, and a large quantity of clothing and provisions have been distributed. Quilts have been made and donated to those unable to buy them.

A tenth of the collections is set aside as a shut-in fund, to purchase needed articles for the sick room. The City Hospital has been visited weekly. Thanksgiving dinners and Christmas cheer have been distributed as usual, and many other unrecorded acts of kindness have been done "In His Name."

We are pleased to report a season of marked success at "Summerholm," our Association's pleasant outing-home at New Orchard Beach, Port Stanley. During the two months it was open, eighty-five young women enjoyed a delightful outing under sheltered and home-like conditions, and all returned to their duties physically benefited by the rest and change of scene afforded them at "Summerholm." In order that none may be debarred the privilege of a week or two at the lake side, board was placed at one dollar and a half a week.

The members of the Association are making strenuous efforts to pay off the debt on "Summerholm," so as to be able next year to add verandahs and other needed improvements. Our thanks are due to those who so kindly aided us in carrying out this plan for the benefit of the young women of our city.

We have sought in this review of our work to give you some idea of the lines along which we labor. The possibilities of our organization are great, as has been truly said "so long as life presents the same old problem, the same two-fold

## ... Evangelistic Report ...

---

**T**HIS department of our organization may well be compared to the foundation of a building. If it is not strong and firm, we cannot expect a substantial building to stand firm against the many storms which are allowed to test our work.

In reviewing the various subjects we have studied together, we will find that the time has been well spent. Our meetings have been opened by a hymn and prayer, followed by a Bible reading on the following subjects: "The Bible on the value of time;" "Workers together with the King," taken from 2nd Chron. iv., 23; "The prayers of the Bible;" "Christ our helper in our work;" "That we should seek to serve our own generation, and our works will follow us," Acts xiii., 36; "How to work without worrying;" "Faith, what it is;" "Christ as our example;" a very helpful reading by Mrs. Evans, and a paper on Guidance, from Meyer's "Christian Living," which have all been very helpful. Thanking all who have assisted so kindly.

Respectfully submitted,

JENNIE MOORE.
