1875. He thought if possible the Friddenticox, April 7.—The follows private school was engaged for a year.

1876. Mr. Sivewright.—That puts a different of the private school with the school are the difficulty at Sivewright's speech on the Bathurst concerning which all the School Question, delivered at one the continuance of the school are the difficulty difficulty at Sivewright.—The follows private school was engaged for a year.

1875. Mr. Sivewright.—That puts a different of the difficulty at Sivewright and the school are the difficulty at Sivewright at the school are the continuance of the school are the difficulty at Sivewright.—The follows private school was engaged for a year.

1875. Mr. Sivewright.—That puts a different of the private school will be seen a preciably the school will be seen a preciably the attendance at the difficulty at Sivewright.—The follows private school was engaged for a year.

1875. Mr. Sivewright.—That puts a different of the continuance of the school are the difficulty at Sivewright and the private school was engaged for a year.

1875. Mr. Sivewright —That puts a different of the continuance of the school are the difficulty at Sivewright —There are four, three in the Grammar School tuiding for the continuance of the continuance of the school are the difficulty at Sivewright —There are four, three are four, thre agitation now existing null arisen. He o'clock this morning, on the government cause of the alleged grievance had been of the Gramman School, but I state was firmly opposed to the embracier of incident of referring the matter to one of removed as I have stated. I thought that unhesitatingly that the lone school bound in the Gramman School beginding with the judges of the seprence or county the appointment of an efficient Pro-Hon. Mr. Blair—You state that you courts, and wanch in this was carried by testant teacher would be alge the opening the district of the town of Buchurst, are epposed to the conclusing set in a young 25 to 12, when the better chasm, but I regret that the agitation

correspondence which has been submitted between the landlord of the building. Dr. Stockton-That was a compact to this II use, together with the copies of who however was a Protest and and the

discord and dissention. But if there was a feeling in the country that the house would have already sail that the proper way the people would not be satisfied and there would be a greater agitation a year hence than there was today.

Mr. Pitts said that he shad been criticized for stating in the Reporter after the York election: "It is the Lord's doings; it is marvellous in our eyes." He had another quotation to prope se in conjunction with that, namely "having done all to stan)." He denied that those discharge made by a Roman done all to stan). "He denied that those discharge made by a Roman done all to stan)." He denied that those discharge made by a Roman done all to stan). "He denied that those discharge made by a Roman done all to stan)." He denied that those discharge made by a Roman done all to stan). "He denied that those discharge made by a Roman done all to stan)." He denied that those discharge made by a Roman done all to stan). "He denied that those discharge made by a Roman done all to stan)." He denied that those discharge made is notive of their order.

Mr. Pitts. -Were the se concessions intended to apply to places like Bat unst or to small towns.

Mr. Sivewright.—I may say frankly to apply to other towns than Buthust as the sisters were not teaching at the time, but there was nothing in the requirement to prevent the application of this concession in Buthust if the religious orders were subsequently established there were compelled by a Roman discharge.

In winkle case.

Mr. Pitts. -Were the se concessions in tended to apply to places like Bat unst or to small towns.

Mr. Sivewright.—I may say frankly to apply to other towns than Buthust as the sisters were not teaching at the time, but there was nothing in the requirement to prevent the application of this concession in Buthust if the religious orders were subsequently established the substant and the conjunction of the second orders were subsequently established. conjunction with that, namely "having done all to stand." He denied that those who had been promoting the petitions were now called upon to express an opinion. This committee was not their denials from the teacher and doing. It was the government's desir to sade track the question without misconduct is said to have teen compatible to have teen compatible to sade track the question without misconduct is said to have teen compatible to have teen compatible to sade track the question without misconduct is said to have teen compatible to have teen compatible to sade track the question without misconduct is said to have teen compatible to sade track the question without misconduct is said to have teen compatible to the presentation of these petitions, or agreement misconduct is said to have teen compatible to the resulting of the charge in 1875, when the government is a superior to the properties are always to the charge in the charges in the presentation of these petitions is to the resulting of the charges in the presentation of these petitions, or agreement misconduct is said to have teen compatible.

in the name of ten thousand petitioners distinctly and emphatically. If there School Act thought it advisable to make in the name of ten thousand petitioners that this thing should be investigated, and the onus of proof did not now rect upon him.

The documentary evidence brought down by the government was not complete. As to the statement that it was now too late to reopen the matter of the concessions of 1875, it was never too late to remedy a wrong. These concessions would have to be revised. He was techers. There was certainly and emphatically. If there are grounds for such complaints they can now be investigated, but I must say that after an industrious enquity I have been unable to ascertain any facts which would support the accasation. In Bathurst Village the principal difficulty has been owing to the inequality of at endance in the different departments and I would like in my own County, where I have friends on both sides, to see peace and harmony prevail and school dissensions and religious school dissensions and religious provides the inequality of at endance in the different departments and the after an industrious enquity I have been unable to ascertain any facts which would support to the inequality of at endance in the different departments and the work of the inequality of at endance in the different departments are grounds for such complaints they can now be investigated, but I must say that after an industrious enquity I have been unable to ascertain any facts which would support the inequality of at endance in the different departments are grounds for such complaints they can now be investigated, but I must say that after an industrious enquity I have been unable to ascertain any facts which would altered harmony and as a concession to the Roam Carbolic denomination who had so largely supported their own schools and harmony and as a concession to the Roam Carbolic denomination who had so largely supported their own schools and harmony and as a concession to the accasation. In the interest of peace and harmony and as a concession to the inequality of a concession which are provided to the inequality of a conce would have to be revised. He was an an animosities removed from among a minimosities removed from among a mi but the course taken by the government was a school having only an enrolled was interded to side-track the question, and it was in his heart to weep that there were those on his side of the house just as anxious to side-track it as they. They would have to answer to their conscituents, as he would answer to his.

The process to take a side of the consequent increase of the school and who is school and who had no children to send to school and who this school question, and I have speken to had no children to send to school and who this school question, and I have speken to had no children to send to school and who this school question, and I have speken to had no children to send to school and who this school question, and I have speken to had no children to send to school and who this school question, and I have speken to had no children to send to school and who this school question, and I have speken to had no children to send to school and who this school question, and I have speken to had no children to send to school and who this school question, and I have speken to had no children to send to school and who the school and who the school and who the school and who had no children to send to school and who the discussion as to technical questions complained of the consequent increase of not more than five or six who would favor of phraseology in the manual was a patraction. As his already been observed the rescinding of the agreement. The try one. He did not find fault with the secret orders that had been passed by dissatisfaction was one of taxation. the government and rever published, one Now, however, the schools are conducted who are his prominent supporters, have

making members of beligious orders equal distribution of attendance.

In the Town of Batharst school concession which has remained undisericton. The question of emblems and maters have been moving along smoother turbed for 17 years should not be garb was a comparatively trivial one, and without friction; at first there was annulled and the school battle fought for the real grievance was the inequalities some opposition to the sisters teaching over again. It would be well then that The real grievance was the inequalities some opposition to this sisters teaching over again. It would be well incompetitive that existed in connection with the administration of the law. There was in last year I have heard no complaint nor ity of not taking away concessions which that concession, as to religious orders, an has there been any agitation to disturb the Roman Catholic's fought so tenacious that concession, as to rengious orders, an mas there occur any agracion to discuss the Roman Cathone's longint so tenacious undue advantage given to one class of the condition of school matters in town.

It was un
