## To Victory Bond Holders

Victory Bonds have never sold so high as at the present time. Many who hold Victory Bonds would improve their investment position by taking advantage of these high prices and reinvesting in non-taxable Provincial Government and Municipal Bonds. Victory Bonds are subject to local taxation.

These bonds are quoted:

1923.....5 1/2.....100.00	1924.....5 1/2.....100.90
1927.....5 1/2.....102.70	1933.....5 1/2.....106.30
1934.....5 1/2.....103.00	1937.....5 1/2.....108.80

Enquiries will receive prompt attention. Better write at once as these prices are very high and may go off any day.

## BATH IS AN ACTIVE VILLAGE

Urging for Grand Falls Development and Civic Betterment

"On with Hydro!" is the optimistic cry of all New Brunswickers who wish to see the province develop and prosper. We were more than elated at the recent promise of Premier Veniot, namely, that the Grand Falls power rights would not be leased to private corporations, when the present lease held by the International Paper Company expires on the May 1. That the site at Grand Falls cannot be profitably developed in the opinion only of pessimists and others who from private motives, not clearly fathomed, act the proverbial "dog in the manger."

The Maritime Merchant states in part: "The power in question is the Grand Falls of the St. John river which it is asserted can be developed cheaper than any site of similar capacity in America." If so, why dilly-dally? On with Hydro, and place New Brunswick on the map as an industrial province.

Two of the younger set, left on Friday last for Lowell, Mass. They were Miss Bernice Fulton and Mildred Kilpatrick. They will be greatly missed. Their friends wish them the best of luck.

John Delighton, revenue officer and A. A. Nevins, Hartland, were in town on professional business on Friday last.

The H. G. L. Club met at the home of Dr. and Mrs. M. E. Commings on Friday evening, when Misses Madeleine and Marion acted as hostesses.

The many friends of Mr. and Mrs. Theobald congratulated them on the arrival of an infant son, Eugene Joseph, on Monday night.

Mrs. F. Waugh and Miss Edna Reid of Florenceville were callers in town on Saturday last.

James Young and Peter Sullivan left on Monday for Boston where they will engage in carpenter work.

The Women's Institute met at the home of Mrs. Leo Kearney on Friday evening last, when a very instructive paper on civic improvement by W. H. Bramley was read.

It was decided to plant shade trees and to generally improve the school grounds.

Word was received here by Mrs. Wm. Brennan that her brother, Jas. Commings, Sioux City, Iowa, has critically ill.

Perry Grain, Van Buren, was called here during the past week, on account of the illness of his brother, Reginald Grain. He returned to his home on Saturday.

The many friends of Mrs. S. W. Tompkins will be glad to know that she has recovered from a very severe attack of the flu.

This place has been honored during the past few days by two of the aspirants for the title of "Miss Carleton" and we believe that they will be close rivals for first honors. We only wish that both could gain the much coveted title and trip. Both possessed to a very remarkable degree that great gift, namely a charming personality.

The time is growing short and the many friends of Mrs. Gray and Miss DeLong will watch with keen interest their upward climb towards the much sought for crown.

Hiram Drost has found his present store too small, and is enlarging and renovating it, and when completed will be a decided improvement.

Fifty-four years as a commercial traveller was the record of Richard Breche, who died in Cambridge, Mass. last week. Needless to say during that time, Mr. Roach made many firm friends, who will regret to hear of his passing, in his 86th year. Death was due to heart failure.

The many friends of Mr. and Mrs. John Smith of Beeswood will regret to hear of their deaths. Mrs. Smith died on Friday last, Mr. Smith dying three days later on Monday, the 26th.

John Gray another resident of Beeswood, departed from this life on Wednesday, March 21.

All three leave a host of surviving relatives to whom the unbounded sympathy of their many friends is extended.

Wm. Sweeney, a brother of Mrs. John Murphy, Mechanic street, has returned home home after an absence of thirty-three years spent throughout the Southern and Middle states. He is being warmly welcomed by his many old friends.

A public meeting was held in the offices of W. H. Bramley on Tuesday evening, March 20 at the request of the Edmundston Board of Trade for the purpose of discussing the development of electric power at Grand Falls.

W. H. Bramley was appointed chairman and Thomas Bohan secretary, while Chas. Bohan and Robert Ryan were appointed a committee to canvass the village of Bath as to the prospects for local demand for electric light and power.

As soon as a report to the chairman, as soon as possible, W. H. Bramley was appointed delegate to go to Fredericton to interview the government when ever necessary. Hadden Grain was named as alternate.

The following resolution was passed unanimously:

"Whereas at a meeting held in Bath, March 20, 1923, to discuss the advisability of joining with the other communities for the purpose of sending a delegation to Fredericton to show the provincial government that we are strongly in favor of a central hydro-electric power station at Grand Falls, within the province of New Brunswick; and whereas a delegate has been appointed by the village of Bath to that end; therefore be it resolved that this meeting places itself on record as being willing to co-operate with all other communities having the same desire for power development for the general advancement of industrial progress of northern New Brunswick."

## MISS MCGOLDRICK STILL THE LEADER

Mrs. Gray Doubles Her Score of Last Week and Miss DeLong is Gaining Every Contestant Needs Help of Friends—Closing Date Not Yet Announced.

The whole country is interested in the Miss Carleton Contest being conducted by The Carleton Observer. There is a rather interesting change in the score this week, but the three remain in the same order—Miss McGoldrick with a lead that would look disheartening to young women with less pluck and determination than is possessed by Miss DeLong and Mrs. Gray. All are working away, and as the Centreville scribble notes, "The race is not always to the swift" and next week's figures may show a big change. The girl who wins will be the one who gets most points, and the one who gets the most points will be the one who secures the greatest number of subscribers.

Here is an additional point for contestants to take into consideration: During this contest, only if a subscriber pays for two years it costs him \$3, and if he is a new subscriber that counts 5000 points; if an old subscriber, 2500 points—in the one case 2500 for each yearly subscription; in the other case 1250 for each subscription. After two years are paid for at \$150 a year a reduction to a dollar is made for EVERY year or more, and the point-counting value is increased from 1250 and 2500 for each year to 1666 and 3333 for old and new subscribers respectively.

Instance carrying the calculation further than was printed heretofore or on the subscription blanks, suppose an old subscriber hands out \$5 and asks to be credited with it. The point count is 5000 for the three years paid for and one-third of 5000 for the extra year paid for, a total of 6666 points.

A new subscriber who pays \$10 for nine years will give a contestant 33,333 points. Any contestant who does not grasp fully the point of this should get in touch with The Observer man at once.

Do not forget to go back to the man who paid for one year at \$150 and ask him for \$250 more which will pay his subscription two years more and will give you 9000 more votes if he was a new subscriber—and has a heart.

The latest returns at the office at the moment of going to press was:

MISS MCGOLDRICK.....183,000  
MISS DE LONG.....129,000  
MRS. GRAY.....121,000

Watch for the changes next week. No information can be given with regard to secondary rewards until the close, further than to say that they will receive at least fair wages and expenses for the time they devote to the work.

From this distance it looks as though the contest would close two weeks from yesterday, or April 11. But the date is not certain. The last stone must be turned before the effort is given up.

### EASTER SERVICE

A Morning Worshipers League has been organized in connection with the morning preaching service of the Hartland Baptist church, and already more than 100 young people have been enrolled. The purpose of the League is to create and foster the habit of church attendance among the boys and girls. Preceding the regular morning sermon, the pastor will give a five minute object talk to the boys and girls and once each quarter the entire morning service will be devoted to these young people.

On Sunday evening a special Easter program will be given, in the form of a "Story and Song Service" which consists of a beautiful story of the Resurrection interspersed with Easter music. On Sunday morning the pastor, Rev. G. F. Bolster will give a special Easter sermon on the subject, "The Meaning of the Open Tomb."

At the Church of England there will be morning prayer and sermon and Holy Communion commencing at 11 a. m.; Sunday school with appropriate features for the day and even song and sermon at 7.30 p. m. Tomorrow (Good Friday) there will be service at 11 and 7.30.

At the Reformed Baptist church there will be the usual prayer service in the morning, a special program following Sunday school at 12.15, and the usual preaching service at 7.30.

At the Methodist church there will be prayer service at 10.30, Sunday school at 12 and preaching service with especially appropriate sermon.

The expression "all the difference in the world" undoubtedly originated in European politics.

## TO EXPECTANT MOTHERS

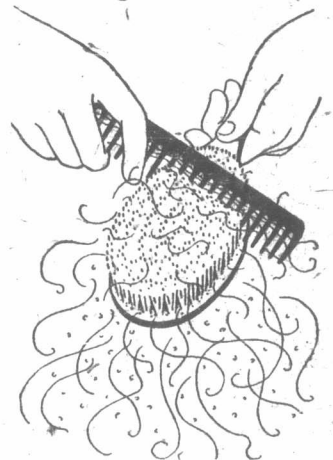

A Letter from Mrs. Smith Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Trenton, Ont.—"I am writing to you in regard to Lydia E. Pinkham's Vegetable Compound. I would not be without it. I have taken it before each of my children was born and afterwards, and find it a great help. Before my first baby was born I had shortness of breath and ringing in my ears. I felt as if I would never pull through. One day a friend of my husband told him what the Vegetable Compound had done for his wife and advised him to take a bottle home for me. After the fourth bottle I was a different woman. I have four children now, and I always find the Vegetable Compound a great help as it seems to make confinement easier. I recommend it to my friends."—Mrs. FARM H. SMITH, John St., Trenton, Ont.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tune up the entire system, so that it may work in every respect effectually as nature intended. Thousands of women testify to this fact.

Mrs. Gallupe is recovering from her recent sickness. She was visited during the week by Rev. Mr. Stead of Centreville.

The special meetings which are being conducted by Farmer, Evangelist Fred Foster under the joint auspices of the Methodist and Baptist churches are increasing in interest. On several nights last week the Baptist church was well filled and the audiences on Sunday afternoon and evening overtaxed the seating capacity of the church at several meetings last week the interest was so great that several responded to the Evangelist's appeal. His sermons are strong presentations of Bible truth, utterly devoid of any of the tricks so frequently used by evangelists to secure success. He makes an effort at all to get the people to move upon their emotions, but presents the matter of Salvation in a plain, straight business fashion and calls men to a high standard of Christian living. It is felt by the pastors that much solid good is being accomplished by this earnest worker of God. Meetings continue all this week and next Sunday.

#### IMPORTANT CHANGE IN WELL KNOWN INSURANCE AGENCY

N. J. Wooten, who has conducted an insurance business in Perth, for the past few years, has been appointed district manager of the Sun Life Insurance Co. for Northern Ontario, with headquarters at North Bay, to which place he will move with his family the first of April.

Mr. Wooten came to Andover 13 years ago and being a very enterprising and energetic business man he has succeeded in building up a large and profitable business. Both he and Mrs. Wooten have always taken an active part in the social activities of the community and their many friends regret that they are leaving.

B. T. Marsten of Woodstock and G. N. King of Perth, both of whom are experienced insurance men, have formed a partnership under the name of Marsten & King, and have purchased the fire insurance branch of Mr. Wooten's business at the former office of N. J. Wooten.

Mr. King and Mr. Marsten are well and favorably known throughout Carleton and Victoria counties, each having carried on business in this vicinity for the past ten years and the success of the new firm is assured. They have secured the agency of several strong companies and these with the companies they already represent, will give the people an agency with Insurance facilities which cannot be beaten this side of St. John.

HARTLAND, N. B., MARCH 29, 1925

#### FIRE MENACES

Two slight fires on the roof of Hatfield & Company's mill and one on the moss covered roof owned by Carleton Produce Co. alarmed a few people living in the district, but none were of sufficient seriousness to call forth the fire department. These fires are alleged to have caught from a sawdust burner in connection with the mill. Complaint was made to the office of the chief fire warden for the province and Charles Robinson came to Hartland to make an inspection on Tuesday. He warned the town officials against the possible consequences of having to close an industry for lack of fire prevention facilities, but Manager Kyle of the mill agreed to cease using the sawdust burner until he could install a sprinkler system and the town refused a small water pipe required to operate this. Meantime he will haul away the sawdust at a great expense. Mr. Kyle declares that the burner as it exists is a menace, and will take every step to bring his plant within the restrictions of the Provincial Fire Laws. But, he cannot heed the hysterical outcry of nervous citizens to whom the sight of a mill operating at night is a strange and awe-inspiring thing.

If the mill should burn, Hatfield & Co. would lose \$18,000 as they have not a cent of insurance on it.

The statement that people have their household goods packed and are ready to flee for their lives has been contradicted by the people alleged to have had such fear. There are those in the town who are distressed to see others prosper, there are others who have a deeper grudge against the Hatfield mill. When their enterprise started the farmers were being offered \$2 per thousand for lath wood. Hatfield & Co. started buying at \$3 per thousand, and which soon became the local standard price. Some interests affected by this 50 per cent additional cost of the raw material are reflected through the town council and its officers.

#### LOCAL C.P.R. IMPROVEMENTS

The much to be desired, the very much needed improvement of service on the local express trains may come about during the coming summer. This would be in the way of a buffet parlor car. What the service requires is a parlor observation car with buffet lunch equipment running from between St. Stephen and Edmundston. This would be most popular and would advertise the beauties of the St. John river. It would have a strong tendency to win back the commercial trade from the "tin Lizies." The passenger traffic on these trains is diminishing from year to year, the competition of the C.N.R., the B. & A. and the automobiles cutting into it to a noticeable extent. People are quitting the C.P.R. for a more desirable service. It is the principle of this great corporation in the broad expanses of its great territory to lead all others, but on this subdivision the company appear to have caught the spirit of certain small towns, and need a prod from an old fashioned hat pin. It is un-C.P.R.-like to lie down in the face of competition.

#### PRODUCE PRICES

There is a decided upward tendency in the potato market, but this is occasioned chiefly by car shortage and freight congestion. It is generally believed that the price will remain firm, but it may not go much higher. Quotations today for green mountains are \$1.25, while certified seed stock has been bringing more. Moral: plant with a view of raising certified seed. Oats are worth 56 cents. Most of the hay is marketed but any who have it to sell can get for hales, \$8 to \$10. Butter and eggs are both plentiful and bring respectively 50 cents and 35 cents.

#### THE GRAND FALLS POWER SCHEME BEFORE MEMBERS

Fredericton, N. B., March 27.—Plus Michaud, M. P., Restigouche-Madawaska, is expected in Fredericton this evening from the Federal capital in order that he may be one of the delegation from the northern part of the province that tomorrow will set up on the Legislature to urge the government to go ahead with the development of hydro-electric power at Grand Falls if the administration can see its way clear to do so. Edmundston, Grand Falls, St. Leonard's, Campbellton, Dalhousie, and Hartland will be amongst the towns represented in some cases by both members of the municipal or town councils and boards of trade.

The man behind the hydro invasion is Dr. LaPorte, former mayor and at present of the Edmundston Free Trade. It was Dr. LaPorte who took the initiative in organizing the united delegations which tomorrow will ask the Government to undertake on behalf of the Province the development of Grand Falls.

Mayor Barberie of Dalhousie is here today ready to assume his place in the delegation which in all probability will be received in the Legislative chamber itself at 11 o'clock in the morning.

#### AT THE METHODIST CHURCH

On Sunday at the Methodist church part of the time allotted for Sunday school was given up to the Mission Band. These small youngsters, assisted by their very enthusiastic leader, Mrs. Owen Clark, put on a very nice program consisting of exercises, singing and recitation.

Among these children several gave their initial performance which was very well done, and needless to say, was very attractive. Each and every child did their part well. The Mission Band realized something over \$5.00 from the collection.

Palm Sunday was observed in the Methodist church. Sunday evening, the pastor, Rev. Thos. Pierce, gave a very forceful sermon from the text Mark 11:9: "Hosanna: Blessed is he that cometh in the name of the Lord." The music was appropriate for the day.

Good Friday (tomorrow). In the evening at the Methodist church the story of "The Resurrection" will be given.

#### GOOD FRIDAY NIGHT AT THE METHODIST CHURCH

The Easter program which was announced in last week's paper to be given on Sunday night in the Methodist church will be given, following out the original idea, on Good Friday night at 7.30 o'clock.

The musical part of the program will take the form of a Cantata entitled "The Resurrection Story."

All the clergymen of the town churches have been asked to be present and give aboriginal addresses, carrying out the theme. A cordial invitation is extended to everyone to come. A collection will be taken which will go to the W. M. Society.

### BROTHERS UNDER THE SKIN

#### CLAIRE WINDSOR STATES THE CASE FOR BLUEBEARD

Actress in Goldwyn's "Brothers Under the Skin" Finds Some Justification, if No Vindication for Bluebeard.

Should married men beat their wives?

Was Bluebeard right? and should his Fatima have obeyed him?

Claire Windsor, who is playing in "Brothers Under the Skin," a Goldwyn picture, directed by E. Mason Hopper, which comes to Hartland on April 5, and Centreville, April 7, says that the most famous of all married men—Bluebeard, not Adam—has never had his side of the case presented. Furthermore, she doesn't believe that married men should beat their wives, but she wonders if some wives don't deserve the stick "no thicker than a thumb" which English Common Law prescribed as good medicine in the hands of a husband.

"Take the role I am playing in this story by Peter Kyne," says Miss Windsor, "that of a modern wife without a thought for anything but her clothes and luxuries. She finally finds her soul, but how? When her husband develops the courage to treat her as though she were a responsible woman. Instead of a toy. Doesn't a person feel a mental beating as much as a physical one?"

"No, I'm not defending Bluebeard and his methods, but isn't it true that the only report of his case was made by the relatives of his surviving wife? How do we know that many of his unfortunate spouses didn't ask him to surrender everything for the sake of their pleasures?"

"Seriously," "Brothers Under the Skin" is a most interesting picture to have worked in because it touches on a universal problem. Here we see wives in the moneyed and unmoneyed spheres of life, and in each case we see women who take advantage of the natural chivalry of the American husband.

Married men shouldn't beat their wives, but married women should wear their brains as well as their clothes. And as for Bluebeard, I wish that someone would write his side of the story. Even if it didn't vindicate him, it would be most interesting!"

### MRS. LEWIN SAYS ITS WORTH \$1,000

Values Tanlac Highly, Declaring it Ended Indigestion, Soothed Nerves and Restored Weight

"I wouldn't take a thousand dollars for the good Tanlac has done me, for I would have given that much before I took this wonderful treatment to feel the way I do now," was the positive statement made the other day by Mrs. Matilda Lewis, 12 Strange St., Toronto, Ont.

"I suffered with stomach trouble, general run-down condition, and my nerves were so excited they nearly drove me wild. I ate scarcely enough to keep going, was dreadfully thin and weak, and often had to give up my housework to avoid a breakdown. Gas on my stomach bloated me till I could hardly breathe, I had to rush to the window for air, and seldom got a good night's rest."

"If I live to be a hundred years old I will always bless the day I started the Tanlac treatment. I have gained nine pounds, am free of indigestion, nervousness and sleeplessness and my housework is like play. Tanlac is simply grand."

Tanlac is for sale by all good druggists. Over 25-million bottles sold.

Husbands! Wives! Everybody. If you feel the need of a good laugh don't miss this rip-roaring comedy of the joys and skirmishes of modern married life. It's wonderful.

Peter B. Kyne has eavesdropped in a modern love nest and the result is a brilliant comedy-drama of young married life, full of the tempest and sunshine of the greatest institution on earth.

He was a terror among men but he didn't dare talk back to his little wife.

And then one day he turned out to be a cave-man and his wife was the proudest lady on the block.

paint is to the house  
as bark is to the tree

PROTECTION of her children is the constant care of the great earth Mother. The fraillest bud is shielded from the frost until it may burst forth a radiant flower; tough bark protects the tender heart of trees from wind and sun, cold and decay. That same wood which Mother Nature guards so jealously now plays a major part in your home. Beauty is your ideal, but protection is your duty. Both go hand in hand.

## B-H "ENGLISH" PAINT

B-H "English" Paint, made to the above formula, provides a coat of such strength and toughness that it will defy rain, sun, sleet, snow and frost, when inferior paints will strip, crack and peel. For years, Canadians have depended on B-H "English" Paint for property protection. They know it covers a greater surface and lasts longer than cheaper paint. It protects your house for years as bark protects the tree.

## Brippling Leg Ulcers

"After the way Zam-Buk saved my leg, I consider it a duty to let others know of its wonderful healing," writes Mr. Edward Bingham, of 118, Brant Avenue, Brantford. "Ulcers broke out on my right ankle after typhoid, and the limb was so terribly inflamed and the pain was so intense that I was too disabled to move in any way. After using lotions, salves and ointments, without avail, I decided to see what Zam-Buk could do. The first application of this herbal balm relieved swelling and soreness in a surprising way and as I continued with Zam-Buk discharge ceased, and the ulcers began to be 'healthier looking' and far less painful. In a week or two, thanks to Zam-Buk, the last of the inflammation had gone and the ankle was thoroughly healed with firm new skin."
