London, June 21. Advices from Berlin show that des oatches, worded in severe terms, are passing between Prince Bismarck and Earl Granville. It seems that Prince Bismarck addressed a note to Count Bernstoff, the Representative of Germany near the Court of St James, informing him that the Ger mans desired to acquire the Island of Heligoland, and empowering him to make propositions to the British Government for the acquisition of the Island by purchase. Earl Granille replied to Count Bernstoff that · England did not desire to part with Heligoland, and that such being the case, the British Governto any Power,"

Prince Bismarck, on receiving

Count Bernstoff's note, again addressed the Count, desiring him to inform Earl Granville that the Gerand recited as instances in proof of that necessity, the facilities that would have been afforded to the German fleet in the late war, for oaling purposes; and the immunity fleet at Heligoland, which enabled them to blockade Hamburg and paralyze the commerce of Germany. prince further stated that he desired it to be conveyed to the know-ledge of the British Ministry that he looked upon Heligoland on account of its close proximity to Germany, as rightfully forming a part of Ger-man territory; and that he regarded

Nute's Combined Spinner.

PATENTED - - - 1-870

TMHS is one of the most useful Spinning Wheels invented. It is quill Wheels Clock Reel, Spinning Wheel, and Swits all combined. By means of a clamp, it can be attached to a table or stand, and be used in eithera standing or sitting posture. It is quite an ornamental piece of furniture, but when not in use, if desired, can be folded up and lablaway in a Burreau drawer. It spins faster and better than any of the old wheels now in use, and with one half the labor.

J. & A. PETERS, N. B.—Duly authorised Agents are now visiting all parts of the country with our spinners. From whom only the can be obtained.
