CITIZENS MEETING FAVOR HOSPITAL

**Soldiers' Memorial Hospital
Planned for Bay Chaleur
Counties.**

A meeting of citizens was held in the Oddfellows Hall last Friday evening to consider the proposal of establishing a Soldiers' Memorial Hospital here.

The hall was crowded, many having to stand.

Mr. A. A. Andrew, who is one of the gentlemen who have been working on the project since early in August explained the object of the meeting, and Mr. M. A. Kelly was chosen secretary.

Mr. Andrew in his remarks stated that in August last a number of citizens had met with Dr. McMillan of South Carolina, but who was a Restigouche boy, and talked the hospital project over. A strong committee was appointed and after going carefully into the matter they had decided to buy a suitable property, which was held in trust for the erection of a hospital.

Since the destruction of the Hotel Dieu Hospital an effort was made to have the two committees come together and agree on the erection of a general hospital. A committee from the Hotel Dieu proposition met their committee, but could not agree. The Hotel Dieu wished all to join in the erection of an up to date building and hand it over to the Sisters of the Hotel Dieu to run. Their committee wished the committee of Hotel Dieu to come into the general proposition and manage it by a committee composed of representatives from all churches, from the counties interested and others chosen, the churches to have equal representation on the board. There seemed to be no common ground so the matter was left to this meeting.

His Honor Judge McLatchey said that in this matter the main thing was to start right. He thought that a general public meeting should be called, and the representative citizens of every district in the counties of Restigouche, Bonaventure and Gaspé, invited to attend, and at that meeting agree to the plans for the proposed hospital.

Rev. Mr. Barnes, Rev. Mr. Rowley, Mr. Alex. Pratt, Matapedia, W. H. Miller, Ensign Squarebriggs, Mr. M. A. Kelly, Rev. H. Miller, Mr. H. A. Carr, Com. Currie, Major McKay, Mr. H. McLennan, and Mr. John C. MacLennan spoke in favor of the project.

Rev. H. Miller moved a vote of thanks to the Committee for the good work they had done.

The motion put by Judge Matheson who spoke in favor of the undertaking and was unanimously carried.

His Honor Judge McLatchey was chosen a member of the committee.

The following resolution was unanimously adopted:—

That in the opinion of this meeting the proposed hospital should be called the Soldiers' Memorial Hospital, but that a meeting of citizens from the whole district be called to finally decide the matter.

The meeting then adjourned.

Money makes the mare go, and marriage makes the money go.

RETURNED BOYS WANT FAIR PLAY

**Asking that Same Treatment be
Extended to All Returned
Men.**

The Restigouche Branch of the G. W. V. A. held a meeting last evening and it was a very interesting one. The matter of clothes, allowance and post discharge pay was up for discussion and the boys handled it without gloves.

The following resolution was drafted and sent to the Provincial Secretary.

Campbellton, N. B.
Dec. 11th, 1918
O. J. Lawson,
Provincial Secy. G. W. V. A.
St. John, N. B.

Dear Comrade:—

As some men in town here who have been drafted under the M. S. A. and who have never even left Canada are receiving \$35.00 for clothing allowance and are allowed to retain their uniforms upon discharge, we the members of the Restigouche Branch of the G. W. V. A. passed a resolution at our last meeting on Dec. 11th, 1918, that all returned men who have been discharged at any time since the war began receive a like treatment in regards to clothing allowances as some members who went overseas were only allowed to keep their uniforms after leaving, and to serve a year on active service and were only given \$8.00 for clothing allowances.

We also passed a resolution at this meeting that all soldiers discharged at any time since the beginning of the war receive the same post discharge pay as we read last night in St. John newspapers, that soldiers being discharged now are to receive six months Post Discharge pay.

Please lay this matter before the proper authorities of the Dominion Headquarters of the G. W. V. A. at your earliest convenience and advise us as soon as possible what steps you have taken and intend to take concerning the furtherance of this resolution.

Signed on behalf of the Restigouche Branch of the G. W. V. A.
FRANK PETERSON,
President.

BOARD OF TRADE FOR GASPE COAST

**Strong Organization Projected
at Meeting to be Held at
Campbellton.**

Chandler, Que., Dec. 10.—The formation of a board of trade of the counties of Bonaventure and Gaspé will take place on Saturday, December 14th, at a meeting to be held at Chandler. Special trains will run from Matapédia and Gaspé in the morning for Chandler and return if desired. Special and regular trains will be run in the evening at half price, on the Quebec, Ontario and Atlantic, Quebec and Western Railway, from the ends of the two counties, Gaspé and Matapédia. Numerous adhesions have been approved by the members of the two Parliaments and the heads of the two counties. In future every part of the peninsula will help the other parts. Industrial merchants, bank managers, lawyers, notaries, ministers of every religion, etc., are in favor of the project. The province and Canada will learn that Gaspé peninsula is rich and prosperous, and not so very far away.

GREWSOME FIND NEAR KEDGWICK

**Skeleton of Man Found by
Hermen in Camp at
Eight Mile Gulch.**

Some time ago while L. Wyers and a companion were cursing a lot on the Kedgwick road at what is known as Eight Mile Gulch they came across a hunters' camp in the woods. Upon entering the camp they discovered the skeleton of a man.

The authorities at Kedgwick were notified and enquiries made. It was remembered that some years ago a man named Fontaine, who claimed to belong to St. John's, Que., was hunting in this section. He got a sleep and some provisions from Gaspé, and it was this sled, which was standing at the door of the camp which brought back to the men the remembrance of Fontaine. Those Delaney also remembered giving him some supplies about five years ago. A gun was also found alongside the body.

TO RAISE FUNDS FOR HOTEL-DIEU

**Committee Formed are Hard at
Work—Drive Starts 15th
ends 22nd.**

The committee in charge of organizing the Bay Chaleur district for a drive for funds to assist the sister of the Hotel Dieu hospital to rebuild are hard at work and are organizing every district.

The drive commences Dec. 15th and will continue for a week and no doubt a large sum of money will be pledged.

The Hotel Dieu Hospital in the past thirty years has done a great work and there are many who have fond recollections of this institution.

LAST FIGHT OF 26TH BATTALION

**Letters Written Nov. 11th Tell
of Armistice Signing
Celebration.**

Letters from the boys who were in France and in the firing line up to the last are beginning to arrive and all tell of the joy at the end of the fighting.

Mr. Alexander Mowat has just received a letter from his son Lieut. Fred Mowat. While writing the letter on the 11th November in Belgium, they were notified of the armistice being signed and just then Fred says there was some hilarity in that camp. He was singing, blowing bottles, flying, and all the anthems, sung over and over again.

Lieutenant Mowat says just at this time they had been at grips for forty-eight hours with the Boche, losing ten of the boys killed and forty wounded. This was the last scrap the "Fighting 26th" took part in, and he says, "we are now on our way to the Rhine, to impress the Hun that there is a peace treaty to be signed."

NEW PRESIDENT OF G. W. V. A.
Frank Peterson, a Campbellton boy who left Canada with the 12th Battalion of the First Contingent, and who was transferred to the Princess Patricia's Canadian Light Infantry Battalion in England in January 1915 and who served with that famous Battalion in France, during some of its hardest fighting, was appointed President of the Restigouche Branch of the G. W. V. A. at a regular meeting held by that Branch last evening. His appointment is a very popular one amongst the boys as he is very active and progressive concerning any matters relating to the welfare of the G. W. V. A.

CANADIANS AT CAPTURE OF MONS

Interesting Letters from Art. Anglin—Keeping Watch on the Rhine.

The following letters have been received lately by Dr. and Mrs. J. V. Anglin, St. John from their son, Staff Captain Arthur Anglin, M.C., with the Canadian forces overseas.

Sunday, Nov. 10, 1918.

My Dearest Folks:— Well, here I am back in sunny France again and sitting before a fire in the lower room of a chateau. From the window one can see some scratches in the ground where the "Contemptibles" dug themselves in for a time in the retreat of 1914. It is now the Boches' turn to scramble home and our boys are spending this Sunday afternoon pushing him out of Mons.

Near here is the chateau, which was the old seat of the Count de Bury. The present Count was in yesterday to tell us not to fire on it if it could be helped; but I am afraid the Boche has done more damage than any shells would do. He looks every place he pierces through and leaves the civilians quite destitute. However, there are large fields of vegetables and today two cows went down the road led by a girl. It is very strange to have women and children in two battle areas. They retire into the cellars while the battle is passing over their heads, and then come out and decorate the lawns with Belgian flags as our patrols enter.

The men have a very embarrassing time, for every woman must kiss every man before he can go on to every man before he can go on to Higgins went up yesterday in the car and were the first to enter the town, where they were embraced right and left and given a reception at the Town Hall by the Mairie. But the principal interest to them, I am sorry to say, was a pretty Belgian nurse, a V. A. D., who kissed them each twice and nearly hugged their heads off.

Of course, they say they couldn't help themselves, which was hardly a sufficient excuse. The civilians were very anxious that they should come to their houses and have a drink of beer, and one brought a bottle out and had it half emptied into Higgins' neck before he knew what happened. They were presented with a big Belgian flag and the three on drove around with flying colors.

The front line is no longer a trench now. The infantry make themselves comfortable between sheets over night and are up by dawn to push on to the next billet. The Hun has no stomach left for fighting and his morale is at the lowest ebb.

We took a letter off a Boche officer, the other day, which read, in part: "Not that they have much considerable military advantage, it is no joke being continually engaged in stubborn defensive operations, and having constantly to give way before his superiority. The Allies have too many machines, too much artillery standing against it. Their artillery is absolutely mauling."

It is safe bet you will be celebrating peace by the time this letter arrives.

Mons, 114 Rue d'Harve, Belgium.

My Dear Mother:—

We are no longer "Somewhere in France," and you will notice that the censorship has been lifted and we can write home as if we were tourists. In fact, we certainly will be tourists for the next couple of months, for the Canadian Corps is one of those assigned to the task of holding Germany down for a time until she cools off. We start travelling in a few days and will proceed by easy stages to the Rhine, spending Christmas in Germany instead of at home.

In my last letter I spoke of our boys spending Sunday afternoon pushing into Mons, and as you know by now, that is law on the 11th the infantry was advancing east of the city. On the cessation of hostilities they were about five or six miles east of Mons, a wonderful finale to the war—beginning with the retreat in 1914 and ending with our triumphal entry—

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound is Prepared For Women's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

K. C. TO CONTINUE THEIR GOOD WORK

Arrangements for Comfort of Returned Soldiers Will be Continued.

A meeting of the Canadian directorate of the Roman Catholic Army Huts was held recently in Ottawa. Very definite plans have been completed in connection with the promotion of the work in Canada. Special plans were developed to handle the situation during the demobilization period and the work of rendering assistance to the returned soldiers will be continued so long as it is necessary. Notice has been taken of the recent establishment of the reconstruction department of the government and as one of the works of this department is to co-operate the efforts of the different war charities, the K. C. has willingly agreed to facilitate the work of that department by keeping the commissioner informed of the work accomplished by this association and all its new projects.

Special attention will be given at the ports of embarkation and the plans were completed with regard to the work that the K. C. proposes doing in Siberia. A detailed organization has been completed for the handling of the work in Canada and a public announcement of the appointments will be made shortly in connection with the demobilization of the returning men in France and England. A special commissioner is being appointed to handle the new situation and the name of the commissioner and his staff will be made public shortly. The new commissioner will co-operate with the overseas directorate.

MEMORIAL.

In loving remembrance of my dear brother Pte. Hutton Harvey who died of wounds in France, Dec. 10th, 1917. Dear Brother you have left us. And your loss we greatly feel. But his God who has benet us. He can all our sorrows heal.

You have gone, the one we fondly loved. Yet happy was your end. Take Comfort for in Christ alone Your spirit did ascend.

Your dear voice on earth we never more shall hear. And when we gather around the hearth. Alas, a vacant chair.

Your cheerful voice, your lovely ways. Shall long remembered be. Your pleasant and happy smiles. Has oft recalled to me.

Now dear Brother we are hoping soon To meet you in our Father's home Where we never know sorrow And we never say good bye.

Inserted by sister, BESSIE.

CHRISTMAS PARCELS FOR THE SOLDIERS

Ottawa, Dec. 1.—Duty is frequently collected by the British authorities on parcels for the Canadian soldiers in the United Kingdom, due to the fact that the parcels are addressed by the soldiers in Canada to private addresses in the United Kingdom. It is, therefore, pointed out by the officials of the post office department that in order to secure delivery duty free, friends in Canada sending gift parcels to the Canadian soldiers should address them to regimental addresses instead of to private addresses.

TEACHERS AGREEMENTS

Teachers Agreements can be procured at the Graphic office. Sent post paid or receipt of 10 cents for two.—U.

entry—and the Canadians had the first honors. This was due, largely, to the foresight of General Currie, who anticipated big things and got us into this front starting at Arras.

Our reception at Mons was, of course, magnificent and it was a gala day all day. Every ten minutes they must tell you how relieved they are to be rid of the Huns. Their houses were pillaged and their food prices sent sky high. And four years of it! No wonder they cannot realize that they are free!

I have had the good luck to be billeted at the house of the Judge of the town, (50,000 population). They have taken me in as a guest and are very upset because I do not take my meals with them. His wife is charming and speaks English very well. They have no children, but, nevertheless, have already had us all, (the Major, Capt. Napier Higgins and myself) for an evening to play bridge with some young ladies, who are daughters of the bank president here.

A most delightful evening, I can assure you. The girls are wonderful musicians and we had some dancing to finish off with.

To-morrow we are going to have them into tea in the palatial apartments we now occupy and then go to the 3rd Divisional Concert Troupe at the theatre. They are producing Pinafore for the troops. Mr. Belding's son conducts this troupe. Our friends may not understand, but it will be a unique experience for them.

By the way, my room at the Judge's was the one occupied by Prince Rupprecht of Bavaria, when he had his headquarters here. Madame told me there was a great difference in the way he demanded his room and lorded over them in the house and my humble entrance. They find it very strange to have us insist that they go through a doorway first.

This Drawing is from a Photograph

—That's why it means so much

It is from an actual photograph of Anna Case of the Metropolitan Opera singing in direct comparison with her own voice on the New Edison.

"But what's remarkable about this?" you ask. The amazing fact is that no human ear can distinguish the artist from the instrument; so perfect is the Re-Creation. This is what we call the "tone test". And it proves the truth of the Edison Company's claims about

The NEW EDISON

"The Phonograph with a Soul"

It proves that the instrument does re-create, not merely imitate. Hundreds of these tone tests have been conducted. More than 2,000,000 people have attended them. And not one could say when it was the artist he heard and when the instrument. With the lights lowered to hide the singer's lips the audience was completely baffled.

Visit our store for a demonstration of the marvelous New Edison or have one sent to your home. No obligation, of course.

LIBERAL CONFERENCE

Ottawa, Nov. 29.—Sir Wilfrid Laurier is communicating with the Liberal Association of each province asking them to select representatives to consult and confer with him and the other Liberal members of the House of Commons.

It is expected that delegates will be present to the number of 120, about as follows: Prince Edward Island, 4; Nova Scotia, 10; New Brunswick, 10; Quebec, 24; Ontario, 32; Manitoba, 10; Saskatchewan, 10; Alberta, 10 and British Columbia, 10. The number designated for each province may not be so large as this, but the proportions will be about as here indicated.

SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapiesin" neutralizes excess acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acids in stomach.

BREWING CAPITAL TO LEAVE THE STATES

San Francisco, Dec. 11.—A general exodus of brew capital from the United States to the Orient was predicted in a statement by Rudolph Same, president of the California State Brewers' Association, which ended its annual meeting here today.

"We are looking to China as the best place to go," Mr. Same said. "I am leaving in a few days for that country to arrange for the construction of the \$2,000,000 plant. Other breweries are making similar arrangements."

INSANE RETURNED MAN JUMPED FROM SPECIAL

A message was received at Moncton on Sunday from the Officer Commanding military hospital train number 1157 which left Moncton at 2.35 Sunday morning, north bound, to the effect that one of the returned men on board the special, who was insane, had made his escape, presumably by jumping from the train somewhere between Moncton and Newcastle. The name of the unfortunate man was given as Pte. Sevijns, a Spaniard, who enlisted with the Canadian Army from Ontario.

THE SILENT HOST.
An American writer has attempted to bring to his countrymen a realization of the losses of the Allies in the world war, and in doing so he has marshalled the soldier dead and marched them past in review order. First he takes up the American losses, saying that the war cost his nation of one hundred million people, something like 40,000 lives. Americans, he says, can understand those figures, but he doubts if they can readily understand what is meant by the casualty lists of Great Britain and France, so he illustrates saying:

"In a general way these figures mean something to us, but an illustration may help visualize these Allied dead."

"Not more than 100,000 persons have marched in the greatest parade that Fifth Avenue has ever known. Our preparedness parade, and possibly the Third Liberty Loan parade totalled that number of marchers. All day long they marched, and until after sundown. We thrilled at the sight of these living Americans."

"Let us visualize the march of the British dead. At daybreak they start down Fifth Avenue, twenty abreast. Their fallen comrades follow a few paces behind in close marching order. Until sundown these men who have 'gone west' march down the Avenue. The next day there is a similar parade, and the next, and the next. For ten days the British dead pass in review."

"For eleven days more the French dead file down the Avenue of the Allies. Three weeks of marching dead men."

"The Russians who died fighting for their empire that would require the daylight hours of five weeks more. And for the other Allied fighting men we must reserve a fortnight. Two months and a half for the Allied dead to march past a given point."

TAKES IT ALL BACK.
The St. John Standard in its Friday morning issue publishes the Campbellton School Board's letter, and takes its editorial of a previous issue all back, but endeavors to throw the blame upon a "Restigouche gentleman who supplied the information." Surely the Standard knows its Restigouche correspondent well enough not to accept any information which contains anything of a political nature.

without first endeavoring to verify it. Here in Restigouche the people have his number and as they say in the street it is 23. He is one of the biggest bluffers this county ever did or ever hope to produce.

The Standard has become the laughing-stock of even its readers of its own color in politics, and no wonder is attached to its editorial utterances.

OUR NEW CITIZEN.
In writing to the Montreal Herald its London correspondent says:—"The Canadian troops of low numbers will go home first, I am told, and the wives of soldiers are preparing to sail. There are a good many English girls among the soldiers' wives and they are deeply excited about the great land and the snow they will encounter this winter. These women are good sportswomen. They have done their bit nobly in war work, and will be a great acquisition to a new country. May they receive a warm welcome."

Yes, may they receive a warm Canadian welcome. These new Canadian citizens will help unite the Dominion with the mother land with increased ties, and will add much to our national womanhood.

POOR CHINA.
A press despatch says large American Brewing Companies will remove from the U. S. and establish in China. China has ridden itself of the opium curse, surely it will not open its doors to its twin brother.

The Graphic does not hold itself responsible for opinions expressed in this column.

Now, that men under the authority of the Township of Mann, and the Town of Campbellton, are about to bush the winter road along the river, I have a suggestion to offer, which if carried out, might prove very satisfactory to the public. It is this: Make one line of bushes as a guide, instead of two, and all drivers going to Cross Point, keep to one side, and all coming to Campbellton the other side. Erect a painted sign with the words "Turn to the Right" at the entrance to the road at either side of the river, and the way there would be no crossings on the way.

This plan is in use through the village of St. Alexis and is a great improvement over the present one.

The single line would not cause the snow to accumulate on the track as would the double row of bushes.

Give it a trial.

Yours,
A. D.

PROMINENT NORTH SHORE MAN DEAD
Newcastle, N. B. Dec. 6.—Miramichi lost a most distinguished and respected business man and citizen in the death at Columbia, South Carolina, on Thursday of Ernest Hutchison, of Douglastown. Deceased was a retired lumber operator, was seventy-one years old. He leaves his widow formerly Miss Jane Johnston, of Chatham, and two children, Richard, manager of the Babcock and Wilcox Co., Boston and Belle, Mrs. Hugh G. Moncrie, Winnipeg. Death was due to influenza. Deceased had left home on an automobile trip some weeks ago. Mrs. Hutchison was in St. John, enroute to Boston, when the sad news reached her.

DARING HOLDUP.
A bold hold-up, pulled off in spectacular style is reported from Newcastle on Tuesday night. Conductor Gus MacKenzie, of Campbellton, was the object of the attentions of the bold hold-up man who, at the point of a gun, stopped the conductor in Newcastle yard and stripped him of his coat and other articles that he had on his person.

ATTRACTIVE MENU.
The menu for the Caledonian banquet was a very attractive one, and many favorable comments were made in reference to it. The cover represented a Piper in colored tartan. The entire work of printing was done at the Graphic Office.

OBITUARY

John Morrissey.
The death of Mr. John Morrissey of this town took place at his home here after a brief illness of typhoid fever following influenza. For some time deceased conducted a restaurant and grocery store opposite the C. G. R. depot, and during his residence here made many friends. He is survived by a wife and four small children who have the sympathy of all in their sad bereavement.

Mrs. John Walker.
Many friends will regret to learn of the death of Mrs. Christie Ann Walker, wife of the late John Walker which occurred at the home of her daughter Mrs. E. Barber, Kings Road, Jacksonville, Florida, aged 91 years and 6 months on November 16th, 1918. Besides her daughter in Florida she leaves to mourn her loss three sons and a daughter, and two brothers, Alex. and James of Wyers Brook, David of Gloucester, and Mrs. Joseph Haley of Matapedia. P. Q. the brothers are Mitchell Ferguson of Flat Lands and John of Sellsville.

Gunner Gordon C. Calder.
The sad news reached here last Wednesday that Gunner G. C. Calder, had died at the Barnes Military Sanatorium, six miles east of London, Ontario on Tuesday morning, where he had gone in the hope of recovering his health.

Gnr. Calder enlisted some time ago with a Siege Battery but as his health was not robust he was sent to a Sanatorium with the hope of regaining his health.
His father, Mr. Alexander Calder resides at Broadlands, Quebec, a brother, Mr. John Calder, and a sister Mrs. Bruce McBeath, of this town. His brother was with him at the time of his death.

The remains were brought here for burial on Friday morning and taken to Kempt Road, where the funeral service was held from his old home, interment in the Presbyterian Cemetery there. The Great War Veterans Association had charge of the service and burial.

Daniel Culligan.
The death of Daniel Culligan occurred at his home, Culligan's, N. B., on Dec. 5th, after a lengthy illness, which was born with true christian resignation to the Divine Will.

The deceased was in his 78th year, and was one of the oldest and most respected citizens of the North Shore, and the last member of the old Culligan family.

He was a retired employee of the C. G. R., retiring from service fourteen years ago. He leaves to mourn his loss, his wife, who was formerly Miss Mary A. Fitzpatrick of Chatham, three sons, Stanley of Jacques River, Lieutenant H. J. Culligan overseas, Daniel at home, also five daughters, Mrs. J. P. Byron, St. John; Mabel and Clara, graduate nurses of St. Catherine's Hospital, Brooklyn, N. Y., who attended him during his illness, Annie and Sue at home. The funeral took place Saturday, Dec. 7th, at the church of St. John Evangelist, Belledune, and was largely attended. Requiem High Mass was celebrated by the pastor, Rev. Van de Montel. The pall-bearers were: D. A. Stewart, Campbellton; P. J. Doyle, P. S. S. St. J. Lawlor, J. Culligan and J. McGovern.

MUST GO TO HEADQUARTERS.
At a meeting held by the Restigouche Branch of the G.W.V.A. at their rooms last evening, Dec. 11th, it was decided not to publish any information in regards to any soldier's disability as it is a secret at Militia Headquarters and must be kept so by the Restigouche Branch of the G. W. V. A. If any information is requested regarding any returned soldier's disability the Militia Headquarters at Ottawa is the proper place to apply to.

THICK, GLOSSY HAIR

FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die; the hair falls out fast. Surely get a small bottle of Danderine from a drug store and just try it.

Policeman (rounding up draft suspects).—“Have you got a card?” The Suspected One (with suit-case).—“A whole case of ‘em! Which do you want to see—draft, registration, meat, sugar, calling, milk, playing, or postal card?”

DALHOUSIE

Dalhousie, Dec. 11.—Looking forward to the early development of the Gaspe Peninsula, the people of Bonaventure and Gaspe Cos. are laying plans for the formation of a Board of Trade. A meeting which will no doubt be largely attended is called for Saturday Dec. 14th, to be held in the Chamber. Special trains will convey citizens who wish to take part at the meeting.

Adhesions to this project are numerous. The project is approved by the members and leading men of both counties. Private Wm. McAlraith, who enlisted with the 132nd Battalion at Dalhousie, and became a German prisoner and escaped, is officially reported as admitted to the third Canadian General Hospital, Boulogne.

Mrs. Fred. Gallop, Campbellton, was in town recently, the guest of Mrs. Ed. Shirley. Mrs. Clifford Robinson, who came from Bangor, to join her husband, who was employed in the shell factory of the McLennan Foundry in Campbellton, was in Dalhousie this week visiting her husband's parents, Alderman and Mrs. Phillippe Robinson, before returning to her home in Bangor. Mrs. Robinson, who is an American, was very much taken up with our country and made many friends during her stay here.

Private 795612, Xavier Boudreau, who enlisted with the 132nd Battalion, was officially reported killed in action on Nov. 8th, just three days before hostilities ceased. He was the only support of Mr. and Mrs. Louis Boudreau, a very respectable old couple of the shiretown, and general sympathy is extended to them in their sad bereavement.

Many friends will regret to learn that Mr. E. R. Gaudet, the popular proprietor of the Queen Hotel, Dalhousie, is not enjoying good health. He and Mrs. Gaudet will go to Montreal this week, where a specialist will be consulted.

COAST TO COAST CANADA HIGHWAY

Plans Being Made for a National Highway from Halifax to Vancouver.

Ottawa, Dec. 6.—A coast to coast highway connecting Canada's ultimate aim of A. W. Campbell, who has been appointed to submit to the government a policy of federal aid to the various provinces in the matter of better roads. Talking over his appointment, Mr. Campbell said that any policy adopted by the government would deal with transportation by land on a very broad national scale. At present, Mr. Campbell said, it is impossible to drive from Quebec to New Brunswick or from Ottawa to Winnipeg without crossing to the United States and travelling on their roads. He would aim to overcome this disadvantage by having at the outset a definite Dominion-wide plan of building highways linked up, Canada would have a great highway from Halifax to Vancouver, which might be used throughout the year, and over which all kinds of vehicular traffic might pass.

Although the idea of such a great national road taken all at once is somewhat staggering, Mr. Campbell regarded it as highly probable. It would not all be built at once. Part of it has already been built. There is in existence a good stone road built over the Rocky Mountains.

OLYMPIC ON OCEAN WITH 5,000 SOLDIERS; GIVEN BIG SEND-OFF London, Dec. 8.—(Canadian Press despatch from Reuters' Limited).—The Olympic sailed on Saturday from Southampton for Halifax carrying more than 5,000 Canadian war veterans. The mayor and corporation officials of Southampton and several distinguished generals gave them an enthusiastic send-off.

ONE FOR EVERY HOME. Every home in Restigouche County should have a picture of Lieut.-Col. A. E. G. McKenzie, and to make this possible, the Graphic will send one post paid to any address for five cents. These pictures are printed on fine art paper 11x17 and are excellent likenesses.

From the Chestnut Tree. “The motorman usually has more money than the conductor.” “Why?” “Because he keeps ahead, while the conductor is always behind.”

The Way of It. “Chaplain is boasting about saving a life at Atlantic City.” “That's true. He saved his own by not going in swimming.”

He (in Punch Bowl).—And after I get off the car, which way do I turn to get your house? She—Why, right in front of you on the corner you'll see a candy store—a very nice candy store—and—when you come out, you walk two blocks east.

MILITARY POMP OF A GARRISON TOWN

By Mistake Duke of Devonshire was Taken to St. Paul's Church.

Halifax, N. S., Dec. 9.—His Excellency, the Duke of Devonshire, governor-general of Canada, was the central figure in an imposing ceremony at the historic province building at noon today, when he was presented with an address from the government of Nova Scotia on the occasion of his third visit to this city. The proceedings were enlivened with all the military pomp that a garrison town can provide, and were witnessed by a distinguished gathering. At one o'clock, to-day, Premier Murray presided at a luncheon given at the Halifax Hotel in honor of the viceroyal visitor. This afternoon His Excellency will be entertained by the people of Dartmouth, and this evening he will be entertained at dinner at Government House. The Governor-General and staff, including Lord Harold Henderson, Lord Richard Nevill, Lord Minto and Major Irwin, arrived in Halifax by special train early yesterday morning. He spent the day at Government House, receiving a number of prominent officials during the afternoon. His Excellency is talking to-day of an incident of yesterday which has added a little to the enjoyment of the Governor-General's visit. On descending from the train yesterday morning the party's chauffeur failed to convey them to the cathedral. By mistake he took them to another Anglican church, St. Paul's, the congregation of which is general.

In the morning the party, which was accompanied by being on terms of friendly rivalry with that of the Cathedral of All Saints, but St. Paul's is one of the oldest churches on the continent, rejoices in a royal past and was quite equal to the occasion. In the meantime the official service at the cathedral, at which the Archbishop of Nova Scotia was the preacher, and which was attended by all the local dignitaries, military, naval and governmental, proceeded without the expected guest. His Excellency worshipped at Fort Massey, the Presbyterian Church, attended by His Honor the Lieutenant Governor in the evening.

The party will leave for Boston tomorrow.

THE MASSACRE OF ARMENIANS.

Information Supplied by Berlin Paper.

Amsterdam, Dec. 7.—Turkish forces massacred ten thousand Armenians while evacuating the towns of Baku, Olti and Ardahan in the Caucasus, according to reports received by the Vorwarts, of Berlin. In fighting in Baku more than thirty thousand persons were killed. In some towns the entire Armenian population was exterminated. The Turks permitted Tartar troops to plunder the Armenians.

The school examiner was putting the children through their paces. His immediate subject was geography. Standing in the middle of the platform, he said:—“We will suppose that this whole school is composed of water and I am an island—now what island would I represent?”

“The Isle of Man” came a quick reply.

Then calling the teacher to him, he asked again, “Now suppose we both stood together like this, what island would we represent?”

“The Scilly Islands, sir,” came the answer in a loud tone.

Positive Proof.

“Yes, I'm getting old.” “Why, you're looking younger than ever.” “That's it. You may be sure you're getting old when your friends tell you you're looking younger than ever.”

A COLD PREVENTIVE.

Have you ever come out of a theatre, or church or crowded place, and felt immediately the cold bite, air caught your throat and breath coming with a gasp? That is the time to take Peps. Two or three Peps taken at once will prove an unfailing preventive. A cold developed means needless suffering and expense. Safeguard yourself by always keeping a box of Peps on hand. They are also best for coughs, sore throat and bronchitis. All dealers, 50c. box.

SOLDIERS' FIRST

IS C. P. R. SLOGAN

Troop trains with returning soldiers are to be given preference over all other trains, including regular passenger trains on the C. P. R. in so far as is consistent with safety, according to a circular just issued by Vice-President A. D. MacTavish. This was the rule on the C. P. R. when our soldiers were hurrying to the front, and it is to be the rule now that they are returning to their homes. “What is particularly desired,” says the circular, “is that all officers and employees concerned should in so far as possible place themselves in the position of the father, mother, wife, sister, or other relative of the returning soldier, and deal with them as they would wish to be dealt with under similar conditions.”

All this being accomplished, it will add substantially to the welcome the company desires to give to returned soldiers, as well as to the comfort and convenience of relatives and friends who desire to welcome them.

In order that relatives and friends desiring to meet troop trains should have information as to the hour of arrival, very particular instructions are given. “Station staffs,” says the circular, “at destination points should be fully and promptly advised of the expected time of arrival of troop trains, with all particulars available as to the names of steamships from which the passengers are to be transferred, and other known details. This information should be promptly and regularly posted on station bulletin boards and corrected from time to time as may be necessary. Operators should keep in close touch with the movement of the trains so that the information posted may be up to the minute. Train clerks should be at all times fully informed in connection with the trains and their movements, and as well as other station staff concerned, will be expected to deal courteously and patiently with all inquiries, giving them correctly and clearly the fullest information possible in response to their enquiries.”

In the operation of C. P. R. trains, the troop train is to be considered the most important train on the road. In the event of a troop train being delayed, the train should be kept moving as far as possible, and the locomotive should be made ready to start at a moment's notice. In the event of a regular passenger train, it is to be used to handle the troop train, so that it will incur the least possible delay.

Major Buchanan managed to secure fair hearing at the commencement of his address, and gave an explanation of the board's policy in the matter of the pension board. The board simply followed the instructions which had been given it, and could not vary its findings or awards.

A good many of the audience seemed to think that this was hardly the whole story, and that it might be a good thing to have a member of the pension board fully aware that they were dissatisfied.

One apparent injustice was emphasized. It concerned those whose service has permanently incapacitated them for rejoining their previous occupations. In such cases no account is taken of a man's previous occupation but his claim is considered solely on the degree he would be handicapped in the labor market. The vocational training schools helped these men by giving them training for more lucrative positions gave them their full military pay.

The reference to this matter of functions brought the smouldering fires to a flame, and in a few minutes a dozen were trying to have their grievances heard. One or two, who succeeded in presenting cases, claimed personal grievances, and personal attention were promised these, but the vast majority present seemed bent on creating bedlam rather than discussing grievances, and the meeting was finally broken up to a close.

WERE 57 HOURS UNDER WATER

London, Nov. 29.—(Correspondence of the Associated Press).—An extraordinary story of the salvage of a British submarine, which went down in Gierloch Lock near the Clyde, has now been published. The submarine had 73 persons on board, including naval contractors and men from the yard where she had been built. The order was given to submerge and she had descended just beneath the surface when water began to pour into her aft and she descended stern down to a depth of fifteen fathoms.

An inspection showed that the ventilating shaft had been left open and the thirty-one persons in the rear of the vessel were immediately drowned. The fore part was shut off and the forty-two persons there were saved. How their rescue was accomplished was sensational. A few hours had passed before divers were sent down on what they considered a forlorn hope, so far as bringing anyone up alive was concerned. Getting to the bottom, they discovered that the stern of the vessel was embedded in many feet of mud. Knocking at the hull, they were amazed to hear a responsive tapping.

Then Captain Goodhart attempted a task which reads like a tale from Jules Verne. The high pressure bottles were brought into use, and the captain undertook, with their aid, to be projected through the conning tower and shot into the water, with the hope of reaching the surface and giving information regarding those below. He was shot forward, but his head struck a beam and he was instantly killed. Another officer volunteered and was fortunate enough to reach the surface and give information about the condition of the others below. Rescuers inserted through a water flap a flexible hose through which air, food and other necessities were passed. The entombed men asked, by means of Morse signalling, for playing cards, “to beguile the tedium of waiting,” as one of them put it.

Strong wires were put round the vessel and the air bottles utilized to blow out the oil fuel stored forward, which enabled the vessel to drive up wards at high speed, until her bow was well above the water in a perpendicular position.

Immediately a big hole was made in her by acetylene burners and the 42 men brought out and conveyed to an infirmary. They had been below 24 hours when Captain Goodhart made his ill-fated attempt, and altogether the party was down 57 hours before being saved.

Captain Goodhart was posthumously awarded the Victoria Cross.

OUR NEW COMRADE.

Recently Comrade J. B. Rainsford 26th Battalion, of Fredericton was transferred to a position in the Customs House here, and is a great addition to the local branch of the G. W. V. A. Comrade Rainsford is a composer of some note and one of his songs “Take Me Back to Old New Brunswick” has made a hit and a large edition has been sold. It can also be procured for the phonograph as the Victor records have it on their list. Citizens here are endeavoring to make Mr. Rainsford feel at home among us.

WILL MEET THURSDAY.

The members of the New Brunswick branch of the G. W. V. A. are being kept busy and will hold a meeting at St. John this afternoon. Delegates from all over the province will be present and matters of importance will be dealt with.

CANADA'S SHARE OF WAR INDEMNITY

Toronto, Dec. 9.—A suggestion will be made to the Federal Government that \$1,000,000,000 of the 40,000,000,000 which Great Britain is to ask as its war indemnity, should be given to Canada to be used in the repatriation of returned soldiers and the up-keep of soldiers' wives and orphans, according to W. Turley, Provincial Secretary of the Great War Veterans' Association, who spoke at the People's Forum today, upon the aims and objects of the association.

“CASCARETS” WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gas, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascarte to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Want to Feel Just Right?

— Take an NR Tonight —

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, all salts, cathartics and many laxatives, cathartics and purges only force the bowels and prod the liver. Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but tuning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, more energetic, it habitually or subliminally consumed, take one NR Tablet each night for a week. Then you'll not have the medicine every day. Just an occasional NR Tablet after dinner will be sufficient to keep your system in good condition—keep you feeling your best. Get a 25c Box.

HOW LONDON HEARD THE GREAT NEWS

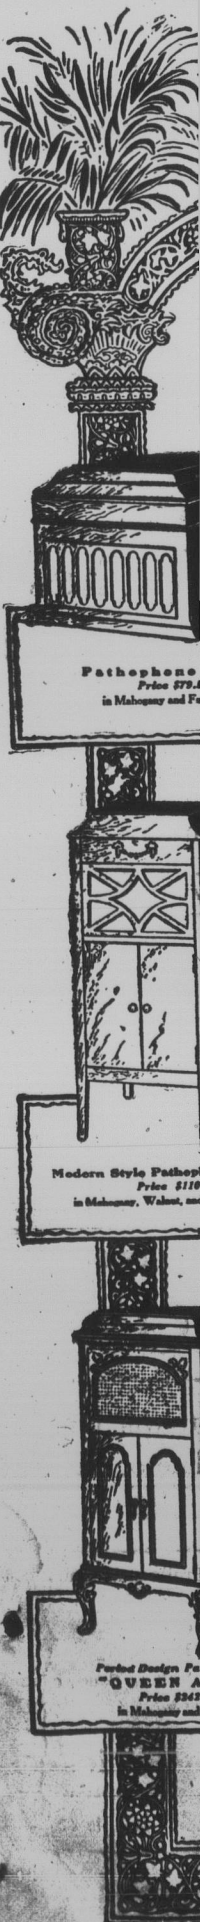

Wild Scenes Near Buckingham Palace—King and Queen Loudly Cheered by People.

Special Correspondence to the Montreal Herald.

London, Nov. 12.—At the eleventh hour, on the eleventh day of the eleventh month of 1918, the explosion of war was announced that the Armistice of Armageddon had been signed.

Within twenty minutes every omnibus, taxicab and horse vehicle had been commandeered and filled with a cheering flag-waving mass of humanity. Even the formidable Government motor lorries, with the fearsome "W.O." and broad arrow stamp, were seized and piled full of men and girls, cheering and making noises by beating petrol tins. The streets were a moving mass of people. Whitehall, The Strand, Piccadilly Circus and Trafalgar Square crowds all wheeled about with brass bands and pipe bands marching to Buckingham Palace cheering, singing and shouting "We want King George."

It was the greatest moment in one's

life to march to the skirt of the pipes and martial music—hundreds of thousands strong—through Admiralty Arch and along the Mall, that great Avenue of German guns—for there are four rows of captured guns the whole length of the Mall right away to the Palace of our Beloved Monarch—The People's King.

It is difficult to tell of this wonderful scene, where the atmosphere was filled with emotion in its fluid state. Even as they cheered or sang, strong men and strong women had cheeks wet with tears.

The Bursting Flood of Emotion.

Four years of sacrifice, endeavor, deprivation and pent-up feeling had at last reached the bursting point and it was more like steam escaping from a vessel so filled with it as to blow the lid off, than anything else.

Officers and privates stood together on the tops of taxi-cabs beating tambourines, cheering and flag-waving. Munitionettes, office girls, wounded soldiers, Tommies and workmen, telegraph messengers and postmen, crowded the motor lorries, because everybody had donned street apparel and dropped all work as soon as the maroons sounded. Even the statue of Queen Victoria in front of the Palace was used by some men as a vantage point. One man stood upon the left shoulder and two sat in the lap of the statue. Small ladders had been hastily carried from St. James' Park, and the monument was

soon covered by flag-wavers.

The Duke of Connaught and Princess Patricia who were driving towards the Palace had alighted from their carriage and walk through the cheering multitude.

Just outside the Palace gates was a

huge motor-car filled with American soldiers and girls carrying a perfect forest of "Jacks" and "Star and Stripes" and shouting for the King.

His Majesty, in full naval uniform, with the Queen, came out on to the balcony and was cheered to the echo. They were quickly joined by Princess Mary in V.A.D. uniform and the Duke of Connaught with Princess Patricia.

In the Palace yard the Guards Band played the National Airs of the Allies, while the King and the Duke of Connaught stood at the salute.

The crowds sang "Tipperary," "Till the Boys Come Home," and "For He's a Jolly Good Fellow," the band played the grand old doxology, the vast crowd singing it reverently and the King made a short speech.

The Queen seemed to feel just as the crowd did and waved the flag she held and looked very happy.

It was a never-to-be-forgotten moment, and when the Duke of Connaught raised his hand a silence that could be felt pervaded that great throng; when the voice of our King, who is the idol of his people, rang out, and his clear phrases could be heard far along the Mall as he spoke of the joy of the great victory. His words were few, but sailor-like, to the point.

The hands played the National Anthem, but the crowd stood for some time and the King waited—even after their Majesties had come back into the Palace, the crowd seemed loath to leave and waited, and a second

time the King and Queen came out.

The Human Tide.

It was not an effort to walk back the great crowd bore one along.

Through Trafalgar Square and the Strand, up Fleet Street, Ludgate Circus to the Mansion House and the Bank, the crowds were so dense one had to move with them.

The amazing thing was, how London had so quickly reached this section. Buses and taxi-cabs with their human loads moved at a snail's

pace, no fares were collected. At intervals, there were "mafficking" groups in fancy dress made out of War Colours, Union Jacks and Allied Flags.

At the Admiralty outside a prominent window, stood a naval officer in full uniform, banging a common fire shovel with a poker and making an awful din. Great Canadian flags were carried spread out full size in the hands of soldiers. Indian flags and Stars and Stripes were everywhere, and the Australians quite excelled their usual flag waving, on this occasion.

They had too, in addition to millions of flags, both great and small, great shields of the "Rising Sun" carried high on poles, and I saw one such at the gates of Buckingham Palace. The Americans I talked to—because everybody talked to everybody on this great Victory Day—expressed themselves as surprised that the calm English people could go so wild with joy.

Now the flow of blood has ceased, the strained nerves and over-wrought feelings had to give vent. There was much that was sad, too, in the crowds, splendid women in black who, with tears streaming down for loved ones, still waved the flag for victory.

One such widow was just in front of me by the Law Courts. She had lost her husband and only son in the War and, with that great British spirit which has won this War,

thought she could stand the joy of Victory Day, but the sight of the soldiers brought it all back too vividly, and with a murmured "Oh, my poor boy," she fell fainting in the street. Two great soldiers lifted her up tenderly and bore her away, but it made one realize what a river of human blood had been split to make this Day of Victory.

When the Canadians Heard of It.

Before I joined the great crowd I had seen how the Canadians boys hailed the news. At Millbank where most of the wounded soldiers in London are employed, as soon as the tocsin sounded the boys dropped everything and rushed into the street bare-headed from their work; they were quickly joined by the girls on the staff and cheers long and loud, with the famous "Tiger" rent the air and echoed back across the river from old Lambeth Palace. The Naval Air Force Office next door hung out from the top windows two great Naval Ensigns and filled every window in their navy blue uniforms with gold braid. Our own flag and the Union Jack were run up from the flag staff.

Sergeant-Major Freemantle, affectionately known to the boys as "Rat-tan-ke Pete" because a Depot Sergeant Major's life is not a happy one, tried to make an announcement, but he was raised shoulder-high by the boys and carried quickly up and down the road, while the whole staff cheered. At this juncture, General Ross, the Overseas Paymaster General with his Officers appeared in the doorway. This was a signal for a new outburst, because the "P.M.G." is a great favorite with his staff. "Speech!" "Speech!" was called and refusal was out of the question. A dray was at the moment in front of the door and the "General" quickly found himself standing upon it. It was easy to see that after the great strain of his colossal work, he felt the break and emotion of the hour. In a few words he thanked the staff, who he said, had helped so much, in the War, and asked them to carry back to Canada that great spirit which they had made an honour to Canada into the trying reconstruction which is before us.

The staff were then dismissed for the day and were to be seen everywhere in the great crowds behaving always with that dignity which has made the Maple Leaf badge respected throughout Great Britain.

EX-KAISER WAS A GREAT SHOWMAN

Harden Says He was Not Responsible for War.

London, Dec. 9.—Maximilian Harden, editor of the Zukunft, of Berlin said to the correspondent of the Express, according to a despatch from the German capital, that the impression abroad concerning former Emperor William's life is not a happy one. He said that he, himself, has suffered too much through the former emperor to incur a charge of partiality, but that it was a fact that William Hohenzollern had no personal part in willing the war. He was a mere tool in the hands of the military party, by which he was regarded as a coward. "When the moment for declaring war came, the militarists were afraid he would not sign the declaration," said Harden. "The former emperor mislaid his vocation. He was never happier than when posing in the limelight. He ought to have managed a cabaret or taken a show on a tour. He was a great showman."

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezeone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezeone will soothe very little of any of the drug stores, but is sufficient to rid one's foot of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

Combine Christmas Giving with Home Making!

The Pathephone

unites the Whole World of Music with a Most Artistic piece of Furniture. It makes a splendid Christmas Gift and extends its message over the years to come, not as a Memory, but as a Real and Living Presence.

What A Pathephone Would Mean To Your Home

Here's long hours shortened—here's dull evenings made bright and pleasant—here's Music for those that would dance—here's songs old and new, and Grand Operas, and single instruments, and bands and orchestras for those whose tastes are so inclined—here's entertainment for those who call—here's familiarity with the talent of the greatest artists—here's knowledge of ALL that's BEST in music—ALL brought into your Home through the Pathephone.

What Pathe Records Offer You

In Pathe Records which are played with a permanent Sapphire Ball instead of steel needles—you find a new and unexplored mine of music waiting you. Thousands of Records to play and enjoy! Besides, Pathephones are so equipped that they play not only Pathe Records, but ANY record made by any Phonograph company. Thus, with a Pathephone in your Home, you may enjoy as much of the great musical literature of all ages as you desire.

Pathe Cabinets Are Artistic Furniture

Beautiful? Yes—but only as the Cabinets are made fitting for the jewels which they contain. Exquisite perfection of line and finish are but a symbol of the beautiful spirit imprisoned within! Instead of "varnished boxes"—handsome cabinets in historic Period as well as Modern design, as shown in the illustrations. French-designed and Canadian-made, they unite French artistry with Canadian economy of manufacture.

Pathe Prices and Terms

While the Pathephone comes in all styles and at all prices, there IS an instrument to fit every taste and every purse. In fact we believe a comparison with other standard makes will show a decided price advantage for the Pathephone. A small cash payment—probably less than you expected to pay—will take a Pathephone to your home any time you may direct.

The games will be very interesting this year as a new method of playing the different series is being planned. The North Shore Nonskel will be at Chatham this year.

TURN TO THE RIGHT AT THE OPERA HOUSE

One of Best Productions Which Has Visited Province Here Next Week.

With its peach blossoms, its old-fashioned mother and its nimble witted young crooks "Turn to the Right" comes to the Campbellton Opera House on Tuesday, Dec. 17th if the Health authorities agree, as is probable, lifted the ban.

The most sensational comedy-drama success of the present theatregoing generation, the coming of "Turn to the Right" is one of the outstanding events of the season and patrons are urged to obtain seats well in advance. The story of "Turn to the Right" which is told in a prologue and three acts, deals with the regeneration of three wayward youths through the love of a white-haired, saintly old lady, the mother of one of them. Though it bristles with good fun, its lesson goes straight to the heart and places the play on a plane with "The Old Homestead," "Way Down East," and others of that rugged type. In its comedy lines and situations it bears a resemblance to "The Fortune Hunters," and there is enough religious spirit to entitle it to a niche with "Ben-Hur."

Joe Bascom returns to his old home after seven years absence to find that the place is about to be seized for debt by the village skintint. With empty pockets he is powerless to satisfy the debt. As the clouds are lowering about the little farmhouse two former prison pals of Joe appear at the kitchen door to ask for food. Muggs and Gilly have stopped off in town when their box-car is shunted into a siding and they are attracted to the Bascom cottage by the aroma of a kettle of peach jam, placed on the window ledge to cool. They quickly grasp the situation and before the Bascoms realize what is happening, the skintint is outwitted and the farm is saved. The raising of the money provides one of the most interesting comedy situations ever devised.

Muggs and Gilly remain to help harvest the peach crop, which brings rich returns. Then converted into Mother Bascom's celebrated jam. They are taken into the family circle and by the influence of Joe's mother are restored to lives of honesty and usefulness. Young Bascom, never bad at heart, is eventually exonerated of the charge that sent him to prison and all ends happily.

S. A. WILL APPEAL FOR MORE FUNDS

Has Done Great Work in War Zone—Need of Assistance for Months.

During the four years of war no society of body has done more for the war sufferers or soldiers than the Victory Loan drive, they put off the appeal. In the meantime the armistice was signed, but this by no means ended the Army's work. This will go on for at least a year in the war zone and perhaps longer in Canada. The drive will be held from Jan. 19th to 24th. Restigouche county is asked to contribute \$3,000. Mr. A. A. Andrew has been appointed organizer for the County and will no doubt proceed with organization shortly.
