

TRUSTEE SHAW FOR JAMES TAYLOR IS OPEN-AIR CLASSES IN LOCAL SCHOOLS

Will Relieve Congestion in Buildings Which Are Now Overcrowded.

COMMITTEE FOR PLAN

William Slatter Recommended as Physical Training Supervisor.

If the board of education is agreeable, a plan proposed by Trustee Dr. R. W. Shaw, and favored at a meeting of the finance committee yesterday afternoon, will be put into operation at an early date.

Dr. Shaw argues that pupils, particularly young pupils, cannot be expected to do justice to themselves and to their work, when confined in the schoolroom from nine in the morning until four in the afternoon, with but two short periods of relaxation.

The idea is to secure a substitute teacher in St. George's, Victoria, Lorne avenue and Quebec street schools—the schools so badly crowded—who will take charge of outdoor classes and give the pupils on the inside a chance to pursue their studies under desirable conditions.

A batch of the pupils, 50 or 60, for instance, from the lower grades, could be taken out for a half-hour's combined play and instruction romp, and at the end of the half-hour, another lot could be "aired out" while the first contingent, full of ozone and vigor, would file into the schoolroom for another grapple with the blackboard.

SET FIRE TO CELL, PERISHED IN FLAMES

Insane Man at Edmonton Rescued Once, Rushed Back Into Blaze.

Edmonton, Alta., Jan. 22.—An insane man named MacKenzie, Batsan, for some time chief of the University of Alberta, lost his life by suffocation last night in a fire at the R. N. W. M. P. barracks here. He had been remanded from the police court yesterday afternoon and he secured a match and set fire to the building. He was rescued by a constable, but when the latter went to give the alarm, the man went into the flames again and could not be brought out until the fire was subdued. He died a few minutes later.

FIFTEEN PER CENT OF EGGS SOLD ROTTEN

Statement Made by Professor Foley to Alberta Farmers.

Lethbridge, Alta., Jan. 22.—Addressing the sixth annual meeting of the United Farmers of Alberta here, Professor Foley provincial government poultry expert, stated that 15 per cent. of all the eggs marketed in Canada were rotten.

DID NOT SEE CARS CRASHED TO DEATH

Brakeman Smith Met Terrible End on the T. & N. O. Railway.

North Bay, Jan. 22.—L. Smith, a brakeman on the T. & N. O. Railway, was instantly crushed to death this morning at 1:15, at the junction yard, Smith was riding on the foot-board of an engine, and failed to see seven or eight freight cars on a siding, and was pinned between his engine and these cars. He was 28 years of age, and leaves a wife and a 3-year-old son. An inquest was opened this morning, but adjourned until Friday.

Winnipeg, Jan. 22.—Socialists at a meeting last night decided to place candidates in a number of Winnipeg constituencies at the coming provincial elections. The intention is to contest those seats where the labor element is strong, but no definite decision could be reached on account of the re-distribution now being arranged.

SAME AND MUST HANG ON FRIDAY

Dr. Bruce Smith Satisfied, After Three Examinations, That He Is Responsible.

ENGLISH EXECUTIONER

Medical Men's Petition Acted On, But Was Useless For Brantford Halfbreed.

[Special to The Advertiser.] Brantford, Ont., Jan. 22.—The execution of James Taylor, the halfbreed, for the murder last September of Charles Dawson, a thirteen-year-old boy, will take place here to-morrow, as ordered by the court at the time of his trial. In response to a petition signed by 400 citizens and a resolution passed by the Brant County Medical Association, asking that an examination be made as to the prisoner's sanity, Dr. R. W. Bruce Smith, inspector of prisons, came here last night and made a private but thorough examination of prisoner. This morning he issued a statement to the effect that, although it was not generally known, he had previously made two official examinations of Taylor and was satisfied on both occasions, that, although a moral degenerate, he was sane and responsible for his actions, and that he should pay the penalty for his crime. His examination last night confirmed this opinion, and he has therefore ordered that the execution be proceeded with. The hangman has arrived and final preparations have been made for the hanging.

The executioner goes by the assumed name of John Holmes. He is an Englishman 22 years of age and has officiated at 28 hangings in the United States and Canada. His last hanging was that of Henry Love at Owen Sound in 1912. He was also engaged to hang Gibson, the Toronto murderer last fall, but at the last minute the condemned man's sentence was commuted to life imprisonment.

MESSENGRERS WERE ASSAULTED BY BIG CHINAMAN

Two Youths Badly Frightened by Actions of Celestial On the Street.

Attacked by a Chinaman, who attempted to drag him into a vacant store on Clarence street, between King and York streets, Sam Templeton, a 12-year-old boy, employed as messenger for Henry & Colerick, got a bad scare about 9 o'clock this morning. Shortly after, another boy, Sidney Hart, employed at the hardware store of J. G. Steele & Co., had a similar experience. Thoroughly frightened, the two youths fled, and were pursued by the Chinaman, who was responsible for both alleged assaults. The police have been notified.

According to the boy's story, he was proceeding north along Clarence street, when he was met by a Chinaman, who without saying a word grabbed him by the coat and attempted to take him into a vacant store close by. Seeing that the boy was about to make an outcry, he desisted, and tried to persuade him to enter the store by offering him 50 cents. Thoroughly frightened, the boy made another struggle and succeeded in breaking away from his captor. He did not notice where the Chinaman went, but he had disappeared when the boy looked around after giving some distance. He remembers little about the appearance of the man, beyond the fact that he had one gold tooth, and was above the ordinary stature.

Gave Better Description. Sidney Hart was able to give a better description of the man. He described him as a man of medium height, wearing a black overcoat with a fur collar. He also wore a cloth cap. Both boys noticed the gold tooth in his upper jaw, which was conspicuous.

SHOT HIS WIFE IN SIGHT OF CHILDREN

Terrible Deed of Saskatchewan Farmer—Jealousy Supposed Cause.

Herbert, Sask., Jan. 22.—William Karhas, a well known farmer living ten miles south of here shot and killed his wife in the presence of some of their seven young children. The crime is believed to be the result of jealousy.

AVIATOR DIED SUDDENLY. New York, Jan. 22.—Charles K. Hamilton, who gained fame as an aviator by flying from New York to Philadelphia and return, died suddenly today at his home in this city. His wife was aroused by Hamilton's groaning and she hurriedly summoned a physician, but the aviator was dead before the doctor reached the house. The cause of death was internal hemorrhage. Hamilton was 23 years old.

ROGERS WANTING POSITION AND IS FIRST FAVORITE

Some Conservatives Doubt the Wisdom of His Being Allowed Away.

SEES DISASTER AHEAD? Three Others With Equal Chances If Premier Does Not Take Commissionship.

[Canadian Press.] Ottawa, Jan. 22.—The Hon. Robert Rogers is still leading in the hunt for the High Commissionship. The minister of public works frankly wants the place and is organizing all the forces at his command to obtain it. Among Conservatives there is a good deal of doubt as to the wisdom of allowing Mr. Rogers to leave Canada before the next general election. They say that against the late Premier, who is the only man in the party with capacity for organization, and that without him the administration would be in a poor way. There is also a feeling that Mr. Rogers sees disaster ahead for the party and has determined to get out while the going is good. Sir Hugh Graham, Sir Richard McBride and Hon. J. D. Hazen seem today to have equal chances after Mr. Rogers, provided always that Premier Borden does not decide to take the London post himself.

City Enters Suit Against Railway

On behalf of the City of London, City Solicitor T. G. Meredith has issued a writ against the Grand Trunk Railway Company for the loss of the fire truck destroyed at the William street crossing some months ago as the result of a collision with a city engine. The truck cost the city \$7,500 and had been in use only a short time when the accident occurred. Carelessness on the part of the railroad and its employees is alleged.

CLOSE THEATRES ON ACCOUNT OF SMALLPOX

Seventy-nine Houses Quarantined at Niagara Falls, N. Y.

[Canadian Press.] Niagara Falls, N. Y., Jan. 22.—The board of health last night issued an order closing every theatre in the city because of the outbreak of smallpox. Seventy-nine houses are under quarantine, and there are 29 smallpox patients in the quarantine hospital. Free vaccination dispensaries have been opened.

CANADA'S REPRESENTATIVES. [Special to The Advertiser.] Ottawa, Jan. 22.—Canada will be officially represented at the funeral of Lord Strathcona by Sir Charles Tupper and the Duke of Argyll, who as the Marquis of Lorne was governor-general of Canada from 1878 to 1882. Sir Charles was the predecessor of Lord Strathcona as Canadian high commissioner in London.

CITY "STANDS UP" TO HARD TIMES

Freight Barometer Shows London Little Effected by Depression, Says Supt. Whittenberger—Would Consider Ridout Street Subway.

General Superintendent H. E. Whittenberger, of the middle division of the Grand Trunk Railway, stated to The Advertiser today that the business of the London, so far as freight business is concerned, was a barometer, had "stood up" during the recent depression in such manner as to make other places of less substantial prosperity "look sick." "London has certainly been going ahead for some years, and the falling off in freight business here has not been nearly so noticeable as in many other places. You have a solid prosperity in this city that cannot be injured by times of depression. You are in the centre of a great district, and just what Western Ontario means to London." "What do you think of the Ridout street subway proposal?" The Advertiser man asked it closely, but that might be feasible, said the superintendent. "It is a fact that there is great difficulty in keeping the crossings clear at Richmond and Clarence street. It is simply a physical impossibility to get our trains into one block. They are not rubber, you know. The city once had a chance to get the tracks up and did not accept it. I do not know that they can blame us for not blocking crossings, which we do not want to block, under the circumstances. "It is possible that this subway at Ridout street would greatly relieve the situation. There would be no objection to going into it at any rate." Some time ago The Advertiser commented an agitation for a subway at Ridout street, the idea being to build down the gas house hill, and to build stone walls on each side, providing for the possibility of the tracks being raised. All South London street car lines would be affected, and in case of blockades many of the cars from the southeastern lines could be diverted. The subway would aid in relieving the whole street railway situation.

COMMISSION PASSED MANY REDUCTIONS

Conservation Authorities Concluded Fifth Annual Meeting.

[Canadian Press.] Ottawa, Jan. 21.—Resolutions favoring the dissemination of information on better housekeeping and town planning; the training of officials for the administration, these officials to be connected with a central body so that they can be of service to municipalities if required; the inauguration of a public health week; the need for encouraging education in every movement that has for its object the propagation of the welfare of the people, and other matters were passed this afternoon at the final session of the fifth annual meeting of the Conservation Commission. Other resolutions passed included one by which the commission asked itself of the assistance of the National Council of Women offered on the opening day by Mrs. Plumtree, of Toronto, and another dealing with the issuance of literature by the commission on the subject of education of the child.

NOT TO BE BURIED IN WESTMINSTER ABBEY

Relatives of Lord Strathcona Decide To Carry Out His Wish—Canada's Representatives.

[Canadian Press.] London, Jan. 22.—Westminster Abbey is not to be the last resting place for the body of Lord Strathcona and Mount Royal, late high commissioner for Canada, who died early Wednesday afternoon. The relatives of the dead statesman definitely decided to carry out his wish, and bury him in Highgate Cemetery, North London, beside his wife, who died in November last.

CRITICS PRONOUNCE REV. NORWOOD'S PLAY AS EXCELLENT

Production of London Rector's Pen To Be Put On by Sir Beerholm Tree.

A play pronounced excellent by the most critical theatrical authorities of Great Britain has been recently completed by Rev. R. W. Norwood, rector of Cronyn Memorial Church in this city. The play is of a biblical character, and is in verse. While Mr. Norwood has been reluctant to discuss the matter, it is understood that when it was presented to Sir Beerholm Tree, the celebrated producer-actor, he immediately accepted it, and is at the present time making arrangements for its production in old London. Mr. Norwood has become in the last few years quite distinguished in the world of letters. His poems and writings frequently appear in the best of British periodicals.

ASSASSIN TO BE DEPORTED. [Canadian Press.] New York, Jan. 22.—Antonio Cupertino, an Italian emigrant, who became violently insane and shot and killed Dr. Sergio Giannone, an Italian government immigration inspector, while the steamship "Lafayette" was approaching Gibraltar on Jan. 12 last, was brought into court today in London, when the Berlin docked at Kingston and is below at Ottawa.

LABOR MEN TO STAND FIRM ON COMPENSATION

Resent Action of the Manufacturers In Opposing the Workmen's Act.

FASHIONED AFTER LLOYD GEORGE BILL

Much Money To Be Saved in Avoiding Actions in Court.

WILL ACT BE PASSED?

Vice-President Mottashed Says Blockade Would Be Dangerous.

The labor men of London do not appreciate the action of London manufacturers in protesting against the terms of the Workmen's Compensation Act, prepared by Sir William Meredith for the Ontario Government. That the aim of the act is to relieve both employee and employer is the contention of those who advanced the measure, which to a large extent, is fashioned after the act of Lloyd-George in England.

Save Court Costs. More will be saved in court cost to workmen and their employers in the long run, according to the view of every industry that has ever been sustained in a shop or factory, there is a set sum in the act. If a workman loses an arm, he will secure a certain amount without going to court, and the same will apply for occupational diseases.

Engineer Not to Blame For Disaster at Howick Hall. Says Inspector.

[Canadian Press.] Ottawa, Jan. 22.—Olaf Egranberg, chief inspector of the Boiler Inspection and Insurance Company of Canada, who came here from Montreal and made an official inspection of the boiler which caused the Howick Hall disaster yesterday, pronounced the explosion due to the weak manhole frame on the boiler. He finds there was plenty of water in it, and absolves the engineers from blame. The identity of the third victim of the accident was made known this morning. He is Joseph Letarte, of 175 St. Redempteur street, Hull, employed as a butcher at the fat stock show. This is the man who was yesterday thought to be Joseph Cosgrove, of Buckingham.

OTTAWA PAYS HIGH TRIBUTE TO DEAD PEER

Both Houses Adjourn Out of Respect to His Memory.

ADDRESSES BY LEADERS

Premier Borden Reviews Lord Strathcona's Life.

[Special to The Advertiser.] Ottawa, Jan. 21.—The four leaders of the two houses today paid tribute to the worth and works of Lord Strathcona and to show fitting respect to the close of a wonderful life, the Senate and the House of Commons adjourned without the transaction of business. In the Commons, Premier Borden and Sir Wilfrid Laurier, in the Senate, Hon. Mr. Loughheed and Sir George Ross eloquently voiced the virtues of the great High Commissioner.

As a fitting tribute to his memory, Premier Borden moved that the House adjourn.

Left a Trail of Sorrow. Sir Wilfrid Laurier was even more eloquent. "I do not know that there has been any Canadian who on departing this life left behind him such a trail of sorrow as Lord Strathcona. He is mourned by his immediate family, his personal friend he was, by peers of the realm in whose illustrious house he had an honored place, by the authorities of commerce and finance, and by the business and professional men in Canada, or the highest peers in London, he created a deep, lasting and profound impression."

Created a Profound Impression. "This universal sense of sorrow is a tribute bestowed only upon men of strong personality, and to this class he undoubtedly belonged. The secret of this regret so universal and so deep may be found in the fact that wherever he passed, whether amongst the Indians of the forest and prairie or the most eminent political and commercial men in Canada, or the highest peers in London, he created a deep, lasting and profound impression. Never Spoiled by Success.

"He came to Canada when only eighteen, more than 75 years ago, with the sound, practical education of a Scotch lad, and more than a full share of the characteristics of his race, keen business courage, caution and firmness, never loud and assertive, never falling to stand strong against, and never spoiled by even the most phenomenal success. He came as a junior clerk to the Hudson Bay Company, and rising step by step became the erector of the historic company on the death of Sir George Simpson in 1860.

"It may be fitting to remark, that since the amalgamation of the Hudson Bay Company with the Northwest Company in 1821, almost one hundred years ago, that powerful institution has been ruled by only two men, Sir George Simpson and Lord Strathcona. Saw Future of Rupert's Land.

"When Rupert's Land was acquired, Donald Smith, as he was then, had a paramount influence over those distant territories, and without that influence, the transfer which was not without bloodshed would have been even more tragic. His services in this connection never properly were appreciated. To that time and some time afterwards, the policy of the Hudson Bay Company was to keep these distant lands purely as a hunting ground, but the keen business instinct of Lord Strathcona told him that no force could resist the advancing tide of civilization, and with characteristic promptness he took steps to change that policy."

Proud They Were Colleagues. Sir Wilfrid showed how first, with J. J. Hill, he had established a trail and water communication through the Western States to Canada, and

It is not ready to go to the country this year, and will therefore have to call upon his followers to vote down Mr. L'Esperance's motion.

It is intimated that Sir Rodolphe Forget is pushing a declaration on the naval question for the purpose of showing his importance, and incidentally to give trouble to Hon. L. P. Pelletier.

afterward promoted the Canadian Pacific. "We are proud to remember that at one time he was a member of this House, and those who like myself and yourself, Mr. Speaker, were privileged to be his colleagues, his moderate views, his dignified conduct always commanded the respect of both sides." Sir Wilfrid added, "It was his privilege to attain a very great age, and, perhaps, it was still a greater privilege to him to realize that he had advanced in years he grew more in the respect, admiration and affection of his countrymen."

Thought Nothing But Death Would End Her Misery. WAS TROUBLED WITH Heart Disease.

Mrs. J. D. Talbot, Owen Sound, Ont., writes:—"I have been a great sufferer from heart disease, and leaving valves. I have had recourse to every kind of treatment I could think might help me, including the skill of several doctors. I suffered so for years that at times I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered untold pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am now completely cured, and can eat and sleep as I have not done for years."

Some interesting disclosures are promised in connection with the housing question in London. Although the members are reluctant to discuss the question, it is reported that there are instances where families are living in one room, and where accommodations are of the poorest. In one instance a Chinese laundry was found on Richmond street, where because of improper drainage, waste water had been allowed to accumulate in the cellar to the annoyance of the neighbors and endangering the health of the inmates.

Greater than Panama's Bridge of Water

The Panama Canal is the logical outcome of the trend of modern commerce—it is monumental evidence of the present-day need for shortening distance—for lessening time and for reducing cost of distribution between maker and consumer. In point of distance, the Panama will bring the Pacific nearer to the Atlantic by 1,000 miles. In point of time, the sea voyage between Halifax and Vancouver will be shortened by 24 days. In point of cost, the canal will very materially lessen the expense of carrying freight between these places. But there is a stronger factor than even the Panama in shortening distances, lessening cost and saving time between manufacturer and user.

The speech of the Finance Minister makes it very apparent that under the present administration no relief may be expected by the people of Canada, so far as legislation is concerned.

Is there no remedy proposed? Yes, have confidence in the future, and educate the farmers so that the earth shall bring forth abundantly.

Confidence and education are very good things. But neither one of them, nor both of them combined, will relieve the present situation.

While cables from London, announcing a serious cabinet split over the naval policy are doubtless exaggerated, it is probably true that relations between Lloyd George and Churchill are strained.

THE GREATEST OF BOOKS.

Literature has been defined as the best expression of the best thought reduced to writing. In the insistent clamor of the present age, the ever-increasing stream of books that issues from the press of the world, the marvellous vitality and value of the two collections of Jewish literature and Christian literature known as the Bible is often overlooked.

Much Obligated!

Dear Cynthia Grey: I have read your answers with great pleasure, especially the meanings of names. Would you please give me the meanings of the following: Muriel, Marie, Gertrude, Mildred, Hazel and Hester? I think you in advance and wish you a very happy new year. ESSY.
A—Muriel is originally derived from the Greek word muron — any sweet juice distilled from plants and used for perfumes—therefore it literally means "perfumed."
Marie is a form of Mary, meaning bitterness; Gertrude dates back to times of the old Valkyrie days. It means "spear-maiden."
Mildred is an old Anglo-Saxon name, meaning, "one who is gently or mildly strict." Hester has the same derivative as Esther, meaning "A star."
Thank you for your kind remarks and good wish.

For a Silence Cloth.

Miss Cynthia Grey: Dear Madam,— 1. Can you tell me through your columns, what will remove marks of dishes from a polished table? also, what kind of a silence cloth is best? and what price?
2. When setting the table and spoons are being used, which side of plates should they be put?
Please answer those few questions as soon as convenient, as I would like to have your advice in the matter.
E. A. H.

1. Try rubbing the spot with a rag wet with spirits of camphor, then apply furniture polish or sweet oil with a fresh cloth, and polish with a flannel or chamois. To buy the material for a silence cloth costs from 75c to \$1.00 a yard, according to width. It is usually 50 to 60 inches wide, and you would have to get a length to suit your table when drawn out.
Some women prefer to make a silence cloth at home, utilizing a pair of old blankets for the purpose. These could be quilted in diagonals, with a cover of cheesecloth or cotton.

2. On the right hand side. The knife, or knives, are placed next the plate, then the spoons.

Mother Knows Best.

Dear Miss Grey,—This is the first time I have written to you. I hope I will not bother you too much.

Now Miss Grey, do you think frilling in the neck and sleeves for a girl 14 years of age would be too old? My mother, thinks it would be? Do you think a girl of brown satin would be nice for a brown corded velvet dress? What do you think of my writing? I hope to see these answers in print. I wish you a very Happy New Year. Yours sincerely,
BROWN EYES.

Answer.—It is used a little for girls' dresses but not very much on account of the perishable nature of the frilling. It does not stand being rubbed about on a school-desk. I think you had better agree with your mother's advice.
Two.—Yes.
Three.—It is not bad.

Answer to Mayflower.

Ans.—Your letter is of such a distressing nature I am not printing it. If the woman is a friend of such long standing, I think the very best and most candid way to treat the matter is to go to her and quietly tell her what you have heard, and say you hope that it is not true. Your course, after that, would depend on her reply. You will need to be very tactful if you are to give her any help. No, of-course, I do

Sixth Recital of the Music Club Very Enjoyable

Excellent Solos and Piano Numbers Rendered—Interesting Paper Was Read.

If possible each succeeding recital of the Woman's Music Club seems to excel the one before it, and the sixth recital, held yesterday afternoon, proved a most enjoyable one from an artistic standpoint. The program contained some excellent numbers, which were thoroughly appreciated by the large audience present.

Perhaps especially worthy of mention were the solos of Mr. Edward A. Webster, whose splendid baritone was heard to especially good advantage in his concluding number, "Arm, Arm, Ye Brave." A youthful singer, already possessing a voice of unusual sweetness and expression is Miss Jean Purdom, whose three little songs met with hearty applause.

The National Anthem.
But no feature of the program was of greater interest than the paper on "Our National Anthem, its Origin, its Use and Abuse," prepared by Mrs. Wheeler. The National Anthem, she said, had stirred the hearts of thousands of loyal British subjects during the years it had been sung. Probably no tune was better known, yet few knew about its origin or history.

Its origin was, in fact, a subject of considerable discussion. Some attributed both words and music to Henry Carey, the author of "Sally in Our Alley." Again Dr. John Bull, an eminent musician and organist, to James I, received credit for the national song. The most authentic theory seemed to be that of Dr. W. H. Cummings, a famous musician and writer, who some years ago discovered a copy of the "Book of Words" sung at a concert given by John Travers, organist of the Chapel Royal in 1744. Dr. Cummings also supports the idea that the music was written by Dr. Bull, a copy of "A Haxantanz," which the rhythm and melody were very similar to "God Save Our Gracious King," having been found. As a loyal song it became used many years ago, and was so popular that it was appointed as the National Anthem of England and her colonies.

The paper also urged those present to join with more enthusiasm and loyalty in this prayer for the welfare of the King.
The entire program was composed of the following numbers:
Piano Solos—(a) "To Will Rose" (b) "Haxantanz" MacDowell
Miss Edna Ramsey, Mount Brydges.
Trio—"Twilight" Franz Abt
Mrs. Alex. Rinch, Miss Rena Wood, Miss Grigg.
Concerto G Major—(1st movement) Beethoven
Miss Lillian Gray.
(The orchestral accompaniment on second piano by Miss N. Snell.)

Songs—(a) "A Vagabond" "In my little garden" Godfrey Nutting
(c) "A Little Pink Rose" Miss Jean Purdom.
Songs—(a) "My Task" Ashford
(b) "In Time of Roses" Reichardt
Recit and Aria—"Arm, Arm, Ye Brave" (Judas Macabaeus) Handel.
Mr. Edward A. Webster.

A paper on our "National Anthem, its Origin, Use and Abuse," by Mrs. Chas. E. Wheeler.
Accompanist—Mr. Chas. E. Wheeler.
"God Save the King."

INQUIRER.

Answer.—Address, Hon. W. J. Hanna, Provincial Secretary, Queen's Park, Toronto, Ont.
2.—As for Marcus, well really you know I haven't a calling acquaintance with all the ranchers in the Southern States. Your best plan if you want to locate this particular rancher, will be to insert a notice under "Personals" in one or two of the Oklahoma City dailies, asking for information of Marcus.

A Glove Factory.
Dear Miss Grey,—Would you kindly tell me if there is a glove factory in the city and where it is located, and what kind of gloves they make, also the name of the firm. Thanking you in advance, I remain,
Yours truly,
ADELLE.

Answer.—There is no such factory in London, that I know of. I believe there is one in Berlin, but I do not know its name.
Has Obtained Help.
Dear Miss Grey,—I have obtained help from you before in your valuable column, and wish further aid.
1. I am seventeen years of age—how long should my dresses be?
2. Is it proper for a gentleman or young man to raise his hat to an unknown individual when the young lady in

the evening, the long locks are heaped in a pyramid on the crown of the head, but in the morning they are subdued into a flat surface which is obtained in any one of the various ways by which a woman works out her own coiffure.

New Styles in Hair-dressing

Women who are interested in the change of coiffures from year to year should look well into this new one which has made its appearance on the horizon.
The forehead shows for the first time in many years, and the extremists are uncovering the ears, but only the extremists. The new coiffure does not call for so drastic a measure. There is not as much hair over the ears as formerly; there is a regular tab which keeps out the cold, but its place is taken by little curls that hang down on the cheeks. The French call these "accroches coeur," which has the same meaning as our old-time name for them—bean catchers, even if a trifle more refined.

The trouble in this new coiffure is the making of a point with the hair in the middle of the forehead. Nature has endowed few women with this mark of beauty, and the same thing is not easy to achieve. The woman with the high forehead has indeed a problem to solve, for no one feature of the new arrangement is advisable except the curls over the temples.

In the evening, the long locks are heaped in a pyramid on the crown of the head, but in the morning they are subdued into a flat surface which is obtained in any one of the various ways by which a woman works out her own coiffure.

OUR ASTROLOGER HOROSCOPE

THURSDAY, JANUARY 22, 1914.
Light is the planets' sway Throughout this wintry day.

This is a quiet day, little disturbed by astral sway. According to astrology, the influences are mildly malefic and easily overcome.

Neptune, Mercury and Jupiter are in aspects slightly evil in their sway, and for that reason caution is recommended to merchants, lawyers, financial agents, heads of public institutions and educators.

Friction among members of college faculties and public school boards is indicated. Scandals are foreshadowed. There is a sign indicating the prevalence of fraud and swindling. Embellishments probably will increase.

Stomach troubles may be prevalent and pneumonia will be almost epidemic in certain parts of the country, the seers declare.

Uranus again promises great achievements in aeronautics. Safety devices will be perfected before many months pass.

India is under a rule presaging troubles. Riots and bloodshed are foreshadowed.

The prediction is made that the Czar of Russia will begin the year fortunately, but will experience many troubles and confront much personal danger. Saturn in opposition to the moon in his horoscope is read as indicating bereavement in the autumn.

Unusual honors are foreseen for the President of the United States, who will win tribute from foreign powers while he suffers criticism at home.

Dissensions among suffragists are prognosticated. The head of a large organization of women will lose caste. The Nats will remove one of the American leaders, if the stars are read aright.

Persons whose birthdate it is have the augury of business and domestic anxieties. Unusual care in conducting affairs of every sort is advised. The health should be safeguarded.

Children born on this day will be exceedingly clever and active. While they may possess good judgment they will win tribute from foreign powers.

Subjects of Aquarius they belong to the decanate, which presages delay in realizing hopes and danger of disappointed ambition. The sign endows with aptitude for the fine arts.

THE CHILD'S SASH.

Those who have experienced difficulty in having a child keep her sash in place after it is put on will appreciate the pair of buckles pins made for the purpose of keeping the sash in position.
This safety-pin belt buckle comes in several forms—in a celluloid foundation with the circle forming the buckle so perforated that tiny silk rosettes and roses may be sewn on to it, or it may be covered with the material of which the sash is made by winding this around it; in other varieties it is shown in silver and cut steel.

The safety-pin is adjusted to the inner side of the crossbar of the buckle so that it can be pinned on the dress, the ribbon or sash is then run through, as in the ordinary buckle, and it then is kept in place. The buckles are used in pairs, one on the right and the other on the left of the front of the dress.

You will have noticed the great amount of dust in some teas. Besides being of finer flavor, "SALADA" is free from dust and pure to a leaf.

The cellar is the foundation, in a sense, of the household health. See that it is kept clean, aired and dry. Walls should be lime-washed twice a year.

EMSLIE'S ST. THOMAS RINK REACHES M'NEE FINALS

Draws a Bye in Semi-Finals and Will Meet Winner of Heaman, Thistles and Cardy London Club Match--All the Results.

The finals of the McNeen trophy competition of the London city hockey will be reached late this afternoon. It is expected, and the final game will be played this evening. The rinks in all the competitions are narrowing down, and it is event will also be completed before midnight. The first games in the Bank of Toronto consolation trophy were started at noon today. The semi-finals and finals of this competition will be played off tomorrow morning, in all probability.

This morning's games were exciting and close. "Bob" Emmsie's St. Thomas rink has yet to be defeated, although it had to go an extra end to win from Grant Backus's Thistles this morning. The count was 10 all after the last end and when one shot and took the contest. It was a fine game and provided a great deal of excitement.

Another fine battle was waged between the noted Thistle skips, Fred Allen and Bert Heaman. Both have strong rinks, and some fine curling was done up. The game was close all the way, but Heaman pulled ahead at the end and was up four shots on the last end.

The only other game played this morning was in the Thistle trophy event at Dr. Willmott's rink from Stratford, by 15 to 8. The rinks left in the McNeen event at noon were Emmsie, St. Thomas, Cardy, Lond. Club, Heaman, Thistles. The St. Thomas rink drew a bye and will play in the final, while Heaman and Cardy started play at 2 o'clock. The scores:

McNEEN TROPHY. Preliminaries. Thistles, W. Murray, 11; T. H. Lashbrook, W. E. Barbour, 11; R. S. Lashbrook, A. Talbot, 11; J. Lashbrook, S. D. Swift, 11; St. Thomas, Alisa Craig, 11; N. M. McLaughlin, S. Robinson, 11; D. Fraser, R. Bowman, 11; E. J. Butler, C. Bowman, 11; E. D. Emmsie, F. Clatworthy, 9; Stratford, J. Chantler, 9; W. H. Freebie, E. P. Cash, 9; W. T. Rapley, B. D. Murray, 9; Dr. Willmott, C. A. McCorkell, 9; London Club, Milton, 9; W. Ashplant, C. Earl, 9; G. Campbell, C. Earl, 9; H. McCall, W. Chisholm, 9; J. McKay, J. D. McGibbon, 5; Backus, London Thistles, won by default from Hindmarsh, London Club.

Federal Baker's announcement was in part as follows: "I have signed his contract for three years yesterday evening, having consulted his lawyer and also his father, who is a probate judge in Michigan. He was advised that the Lajoie decision covered his case exactly, and that the Philadelphia National League Club had prior claim to his services. "We already have agreements with Becker, Seaton, Brennan, Cravath and Rixey, and their contracts will be signed in a day or two. "In 1901, Lajoie, of the Philadelphia Nationals, had signed to play with the Philadelphia Americans, and the Nationals sought an injunction. The supreme court held that the reserve clause was binding on the players, and that the fact that the employing club reserved the right to dismiss a player on ten days' notice did not destroy the mutuality of the agreement. "In view of the threats that legal action in the Killifer case would be brought into the United States courts, federal decisions were looked up. It was found that Judge Dallas, in the United States circuit court, refused to enjoin Jim McGuire, the catcher, from "jumping" from the Brooklyn to the Detroit club. "The court in denying the injunction, cited a United States supreme court decision, in which it was held that a contract which the plaintiff may abandon at any time on giving notice is not enforceable in equity."

Chicago, Jan. 21.—The decisive battle of the baseball war of 1914 may be fought in a federal court. This was indicated today by persons close to the promoters of the Federal League, who served notice that they would fight any attempt of clubs in organized baseball to sign their players. The legality of the reserve clause in the contracts of National and American Leagues will be the point over which the battle will rage, but when or where the contest will start was not made public. Definite plans to become conflict, if it comes, have not become generally known. The announcement of the signing of William Killifer and possibly of Ad. Brennan, by the Philadelphia Nationals, was made so soon after Gilmore had warned the Quaker City Club that the Federals would fight if Killifer and Brennan were signed with it, that it looked to the Gilmore cohorts like a formal picking up of the gauntlet. "Federal Leaguers declare themselves so confident that the reserve clause will be held illegal that they predicted tonight a grand scramble for signed ball players as soon as a court decision is made. "If it comes to bidding for players, we will be as strong as anybody," said Charles Weegman, president of the Chicago Federals. "Neither Weegman nor Tinker would say whether court action would precede or follow actual participation in games by Killifer, or by Brennan, if he signs."

Paris has long been the home of one of the fastest intermediate teams in the O. H. A., and the five individuals pictured above are the men who put the Underwood Town on the hockey map. Three of them are players, while the other two are officers of the club. The two Gill boys are members of that famous hockey family, representatives of which have played on Paris teams for a number of years. Without a Gill on the line-up, a team from Paris would not seem the same. They are all splendid hockey players, and are well known in London as the trickiest, gamiest bunch of lightweights in the game today. Together with a third brother, Trio, the smallest of the lot, they form a trio that cannot be equalled on any hockey team in Canada. Their middle name is "Husky." Archie Peebles is also well-known here. He is another member of a Paris family

LONDON JUNIORS BEAT WOODSTOCK COLLEGE

Handed Fast Woodstock Team Bad Beating on Their Own Ice.

FINAL SCORE WAS 13 TO 5

Half-time Count Was 7 to 5 London Doing All the Scoring in Second Half.

[Special to The Advertiser.] Woodstock, Jan. 21.—London's fast Junior O. H. A. team put Woodstock College out of the running in an interesting game played here tonight by winning 13 to 5. The visitors excelled in stick-handling, skating and back-checking, and with the exception of the first few moments the college was never in the hunt. The half-time score was 7 to 5, but in the closing period the visitors came strong and scored almost at will, while the locals could not locate the nets. London displayed some beautiful combination, which netted them a number of goals. The line-up: London—Burdick, goal; Acheson, left defence; Ross, right defence; Morenz, rover; McPhillips, centre; Phillips, right wing; Hagerman, left wing; Sutherland, left defence; Warren, right defence; Swartzman, rover; Wallace, centre; Grey, right wing; White, left wing. Referee—Pearson, London.

PARIS WHITEWASHED ST. THOMAS BY 4-0

Scored Three Goals in First Half and Added Another in Second.

A GREAT DEFENCE GAME

Brown's Fine Work in Goal Prevented Saints From Puncturing the Nets.

[Special to The Advertiser.] St. Thomas, Ont., Jan. 21.—The Paris O. H. A. intermediates slipped one over the local team at the Granite rink here tonight. In the first half the visitors scored three goals, while for good measure they added another in the second half. The home boys were unable to score. Paris played a great defence game, their checking being fine. Brown's work at goal for the visitors was the feature. The game was very clean, only one penalty on each side being handed out. There was a large crowd on hand to witness the sport. The line-up: St. Thomas—Hamilton, goal; Jackson, right defence; Shepherd, left defence; Stoner, rover; Brown, centre; McDonald, left wing; McLean, right wing. Paris—Brown, goal; Meggs, right defence; P. Gill, left defence; J. Woodson, rover; D. Gill, centre; Peebles, left wing; B. Woodson, right wing. Refere—Edmunds.

TWO TEAMS NOW TIED FOR N. H. A. HONORS

Ottawas Beat Canadiens and Torontos Win From Lowly Ontarios.

QUEBEC BEAT WANDERERS

Champions Come Back to Life and Run Up Big Score in Fast Game.

[Special to The Advertiser.] Toronto, Jan. 21.—Breaking the three-cornered tie existing in the National Hockey Association, Ottawa defeated Canadiens tonight by a score of 3 to 2 in one of the most brilliant games played here in many years. The result of the match was in doubt until the call of time, and there was little advantage to be claimed by the winners. Each team had its share of lucky breaks. TORONTO'S WON. Toronto, Jan. 21.—Allan Davidson, the ex-Kingston player, was the feature of an almost featureless game at the Arena tonight. Toronto and Ontario were the contesting teams and as expected the former had little trouble in disposing of their local rivals, the final score being 9 to 2. Five of the Toronto goals were scored by Davidson, who now leads the league scorers with a total of 17 to his credit. QUEBEC 12, WANDERERS 6. Quebec, Jan. 21.—Quebec completely outplayed the Wanderers tonight, defeating them by a score of 12 to 6. The first period was evenly contested, ending with a score of four goals each. In the second period, however, the champions broken into their old form, and ran up a score of six goals in the match. Hall and Hyland collided, the latter being hurt and forced to retire. Hall was ruled off for the match, his place being taken by Producers. Crawford, Smith and Producers were the stars of the evening. The Wanderers was also in Quebec's favor, they taking two goals to Wanderers' one. The teams: Quebec—Moran, goal; Hall, point; Mummy, cover; Malone, right wing; Smith, centre; Marks, left wing; Wanderers.—Boyes, goal; Ross, point; S. Cleghorn, cover; Hyland, right wing; Russell, centre; Roberts, left wing.

"DAD" STEWART MAY GET ST. THOMAS BERTH

London Right-Fielder the Likely Candidate for Former Position.

MEETING AGAIN POSTPONED

St. Thomas Club Will Select Manager Later in the Week It is Thought.

[Special to The Advertiser.] St. Thomas, Jan. 21.—The meeting of the directors of the Canadian League Baseball Club, which was scheduled for this evening, was again postponed, one of the directors being unable to be present owing to illness. It is now rumored that "Dad" Stewart, who managed the Saints in 1912, and played right field for the London Tecumsehs last season, will in all probability get the appointment as manager of the club. While "Dad" did not get the club far up in the race the year he was at the helm, it will be remembered that early in the playing season, Fergie was spilled and was out of the game practically all season; Wright twisted his ankle early in July, and did not get back until the middle of August, while Kopp, the great outfielder, was compelled to absent himself for three weeks with a broken wrist. His pitching staff was also more or less crippled at different times. Stewart's friends are firm in their belief that the big fellow was not given a fair chance, and if given another whirl, bank on him bringing home the bacon. Midge Craven seems to have quite a sprinkling of admirers, and is favored for the position by some of the directors.

EDDIE LINNEBORN IS HOLDING OUT

London Club Receives a Letter From Him Today Refusing Terms.

FEDERALS ARE AFTER HIM

Says It is a Question of Money With Him, and He Will Accept the Best Offer.

Eddie Linneborn, the London second-baseman, and one of the fastest men that ever played in the Canadian League, in a letter to President Stevely today stated that he would not sign a London contract for 1914 at the terms offered him. Linneborn claims he has been offered a nice salary to play with the Buffalo Federal League team, and that he will likely sign up with them. He would prefer playing in London, but it is a question of money with him, and he will accept the best offer. "Whether the London club will meet Linneborn's terms or not President Stevely would not say. The local club would not like to lose the great little keystone stationer, and it may be that a higher salary will be offered him. It is also likely that Manager Reising will take a trip to Buffalo, and have a personal confab with Linneborn in an effort to get him to sign up with London.

FRANCIS QUIMET WILL PLAY IN THE SOUTH

Expects to Play Several Courses Before Sailing for England in April.

Poston, Jan. 22.—Francis Quimet, the American open golf champion, started south today for two weeks practice at Pinehurst, N.C. He expects to play on several courses in the middle states before sailing in April to compete in the British amateur and open title events. Quimet, who has kept himself in excellent condition since play ceased on the local rinks about a month ago, expects to be in fine trim for his European trip.

SARNIA TO PLAY PRESTON. [Special to The Advertiser.] Sarnia, Jan. 21.—A game of hockey has been arranged between the Preston intermediate team and the local exhibition team, and will be held here on Saturday night.

A.M.C. TEAM WINS FROM HOLEPROOFS

Last Year's City League Champions Outscored Hosiery Aggregation.

FINAL COUNT WAS 9 TO 5

Game Was Fast and Exciting—Last Half Was Played Six Men Aside.

In one of the fastest games played this season in the City Hockey League, the speedy Army Medical Corps team triumphed over the slippery Holeproofs by a score of 9 to 5, last evening in the Simcoe rink. From the first drop of the puck to "last bell" the contest was characterized by a dash and speediness that would do credit to faster company. Not once during the fracas did either team let up the pace, and the large number of fans, who kicked their feet along the boards, were treated to the "real thing" in the latest brand of hockey. The ice met with the approval of even the most fastidious, and lasted better than was expected. It was what might be termed "combination ice," but little of the "get-together" stuff was pulled off. Instead, the players contented themselves with individual work, which included some classy lone rushes of the hair-raising and ice-creating kind. Of course, there were features. There always are in a game of that calibre. For the A. M. C. aggregation, Buchanan and Chantler were on the puck at all times, while their rushes down the ice with the rubber were agreeable, as well as quick. Buchanan is rather light, but he skates rings round many of his opponents. Chantler has the weight and "there" with the body checking. For the Holeproofs, 124 Mickey was the shining light. The "speed boy" was into every mix-up, and pulled off some fine runs down the ice, as well as going under his stick, and the whole team of A. M. C.'s slashing at his shins. McGeoch and Kennedy also exhibited some lightning shots that found the net like a bullet. The first half was marked principally by a rough-and-tumble spirit, three Holeproofs and two A. M. C. delegates draping the boards and the same time, the disk alternately slid from goal to goal, assisted by the hussies of both sides. After a few minutes of play, however, the soldier boys found the nets, and having done so once, and finding the matter agreeable, as well as profitable, they repeated until the half closed 4 to 0 in their favor. In this span Wilson was compelled to retire through an injury to his leg, and Andrews went off to even it up. The second stanza opened stronger, both teams seemingly playing a better game with six men to a side. The rough stuff had been smoothed out, the twelve setting down to clean, hard hockey. McKay started things by rushing down the stretch for a try, which landed in the right spot, Chantler also figured with several nice shots, that bounced beautifully. For a time the Holeproofs looked dangerous. They suddenly found their combination with the result that before the fracas ended they had piled up five goals to their credit. The A. M. C. collection held their advantage, however, until the end. The teams: Army Medical Corps—Watts, goal; Chantler, right defence; Buchanan, left defence; Wright, rover; Andrews, centre; Palmer, right wing; Clarke, left wing. Holeproofs—Wright, goal; Kennedy, right defence; Fetters, right defence; Morrison, rover; McKay, centre; Wilson, right wing; McGeoch, left wing.

Federals Will Start Legal Battle on Major Leagues

Signing of Killifer By Philadelphia National League Club Will Be Taken to Courts—Lajoie Decision May Figure in Case.

Chicago, Jan. 21.—The decisive battle of the baseball war of 1914 may be fought in a federal court. This was indicated today by persons close to the promoters of the Federal League, who served notice that they would fight any attempt of clubs in organized baseball to sign their players. The legality of the reserve clause in the contracts of National and American Leagues will be the point over which the battle will rage, but when or where the contest will start was not made public. Definite plans to become conflict, if it comes, have not become generally known. The announcement of the signing of William Killifer and possibly of Ad. Brennan, by the Philadelphia Nationals, was made so soon after Gilmore had warned the Quaker City Club that the Federals would fight if Killifer and Brennan were signed with it, that it looked to the Gilmore cohorts like a formal picking up of the gauntlet. "Federal Leaguers declare themselves so confident that the reserve clause will be held illegal that they predicted tonight a grand scramble for signed ball players as soon as a court decision is made. "If it comes to bidding for players, we will be as strong as anybody," said Charles Weegman, president of the Chicago Federals. "Neither Weegman nor Tinker would say whether court action would precede or follow actual participation in games by Killifer, or by Brennan, if he signs."

GUELPH O. A. C. COULD NOT STOP PRESTON

Aggils Were Outclassed on Their Own Ice By Score of Eight to Three.

Guelph, Ont., Jan. 21.—The Guelph O. A. C. intermediate team was again defeated by the Preston team on their own ice here tonight. While they showed up somewhat better than when in Preston, there is still room for improvement. The score was 8 to 3 in favor of Preston. The line-up was as follows: Preston—Short, goal; Downman, point; Vunode, cover; Eltherington, rover; Muir, centre; Mann, right wing; Mulvey, left wing. Guelph—Dustin, goal; Fraser, point; Kedej, cover; Gould, rover; Oswald, centre; Herder, right wing; Yair, left wing. Referee—W. A. Dennis, of Galt.

BARROW DENIES FEDERAL CAPTURES

Says Players Have Not Signed With It—International Team For New York.

[Canadian Press.] New York, Jan. 22.—In a statement made last night by President Ed. Barrow, of the International League, he denied that the Federals had signed Kelly, catcher, and Onslow and Carpenter, an umpire, and Onslow and Kelly, catchers. Carpenter had signed with his league for 1914, he said, and Onslow with Detroit, and Kelly with Toronto. The International League does not favor transferring to the Jersey City franchise to Washington, Barrow said, but if possible a team would be placed in New York City next year, displacing Jersey City in the circuit. The league for several years has been contemplating placing a team in the metropolis. In 1911 there was some talk of transferring the Montreal franchise here.

PEN PUSHERS ARE ALSO GOOD PUCK PUSHERS

Defeated the Wire-Tappers in Fast Game of Hockey by Score of 6 to 4.

Last night in the Westminster rink a very fast and clean game of hockey between the Bell Telephone Pen-Pushers and the Wire-Tappers took place, the former winning by 6 to 4. Walters, for the Pen-Pushers, while making a mad rush from behind the goal, collided with Clarke, of the opposing team, with the result that Walters' right thumb was knocked out of joint and he will not be able to push a pen for a few days, anyway. Turnbull, for the Pen-Pushers, was a little wonder in goal, stopping most of the hazardous shots that were poured forth in that direction. Riley, for the opposing team, when wanted, could not be found, with the result that they were the losers. Walters, Penny and Bettridge, for the Pen-Pushers, and Clinger, Templeman and Clarke, for the Wire-Tappers, starred. The line-up was as follows: Pen-Pushers—Turnbull, goal; Cook, right defence; Walters, left defence; Penny, rover; Bettridge, centre; Henderson, left wing; Robinson, right wing. Wire-Tappers—Riley, goal; Downs, right defence; Vanstone, left defence; Clarke, rover; Clinger, centre; Booth, left wing; Douglas, right wing. Referee—Patterson.

Knee Joint Stiff Three Years CURED BY NERVILINE

Anyone would marvel at my recovery, writes Mr. Leonard Lotham, a young man well known about Chatham. I had inherited a rheumatic tendency through my mother's family, and in my early days suffered frightfully. About three years ago the knee and stiffness settled in my left knee joint. I was lame and walked with a very distinct limp. Nerviline was brought to my notice and I rubbed it into the stiff joint four or five times a day. It dispelled every vestige of pain, reduced the swelling, took out the stiffness and gave me the full use of my limb again. I don't believe there is a pain-relieving remedy, not a single liniment that can compare with Nerviline. I hope every person with pains, with sore back, with lameness, with lumbago, with neuralgia—I do hope they will try out Nerviline, which I am convinced will quickly and permanently cure them. If Nerviline wasn't a wonderful painless remedy, if Nerviline didn't quickly relieve, if Nerviline wasn't known to be a grand cure for all rheumatic conditions as a family remedy, I had inherited it forty years. No better, stronger, or more soothing liniment made. Get the large 50c family-size bottle, size 25c, sold by any dealer.

TORONTO MAY LOSE FEDERAL FRANCHISE

The Officials Almost Decide To Switch It Over To Cincinnati.

[Canadian Press.] Cincinnati, Ohio, Jan. 22.—This city, which is the headquarters of organized baseball, inasmuch as the office of the national commission is located here, is the target of an invasion of the Federal League. At a secret meeting held last night in the office of a law firm it was almost finally decided to switch the franchise of the Toronto Federal League Club to Cincinnati. Present at the meeting were President James A. Gilmore, of the Federal League; E. E. Gates, counsel for the league; Joseph Dixon, president of the newly-organized City League, and Paul Connelly, an attorney. Dixon, who is prominent in amateur sports, particularly baseball, outlined the local situation to Gilmore and Gates. A site for a new ball park within a few miles of the city, was considered, but nothing positive was determined, except that Dixon would direct the new club if an invasion of this territory is decided upon. It is understood that Gilmore and Gates will return to this city soon to go further into the matter and arrange financial details. President Gilmore repeated his statement made yesterday that he will fight for the services of Catcher Killen and Pitcher Brennan, who yesterday signed with the Philadelphia National League Club, to which they belonged previous to signing contracts with the Federal League. When or where he would begin action, or what course he would take, was not disclosed by Mr. Gilmore.

WOODSTOCK BEATEN AGAIN BY BRANTFORD

[Special to The Advertiser.]

Brantford, Jan. 21.—Playing combination hockey for the first half and the first ten minutes of the second half, the local Intermediates scored seven goals in this time, while Woodstock scored but three. After that time Woodstock had the puck in Brantford territory most of the time. Having sixteen direct shots on Wicks in goal, with no defence before him, he stopped fifteen of the sixteen, getting them in all ways and only let the sixteenth in. This made the score 7 to 4, with Brantford leading. Klersey and Wicks starred for Brantford, with Sandercock leading for Woodstock. The teams: Brantford—Wicks, goal; Woolman, right defence; Jones, left defence; Watson, rover; Knight, centre; Klersey, right wing; Marlatt, left. Woodstock—O'Brien, goal; Davison, right defence; Cockrath, left defence; Sandercock, rover; Wooden, centre; Parker, right wing; Hambly, left wing. Referee—Wally Horn, Stratford.

BERLIN INTERMEDIATES SMOTHER GALT TEAM

Ran in 22 Goals to Visitors' 3—Game Was an Exhibition One Only.

[Special to The Advertiser.] Berlin, Ont., Jan. 21.—Galt intermediates were no match for Berlin in the game this evening, when the latter pried up a one-sided score of 22 goals to 3. Berlin excelled the visitors in all departments of the game, and at no time did they have to exert themselves very strenuously. The half-time score was 10 to 2. Referee Burgoyne, of Toronto, handled the ball most satisfactorily, and kept the team from the game was an exhibition one, the visitors having defaulted the regular intermediate O. H. A. fixture. The line-up: Galt—Brantley, goal; Bullock, right defence; Krull, left defence; Caldwell, rover; McNaught, centre; Rinkweller, right wing; Trostman, left wing. Berlin—Hainsworth, goal; Selbart, right defence; Truschinski, left defence; Boettger, rover; Larson, centre; Roschman, right wing; Solomon, left wing. Referee—Burgoyne.

LISTOWEL RAN UP BIG SCORE ON ELMIRA

Had Them Beat 10-0 at Half-Time, While Final Score Was 13-3.

Listowel, Ont., Jan. 21.—In a fast Northern League game here tonight, Listowel put the Elmira team to shame to the tune of 13 to 3. Half-time score, 10 to 0. The visitors never had a chance, to the delight of the large crowd present. John Burns' shooting featured. The teams: Listowel—Harron, goal; Roos, right defence; Burt, left defence; Schinbein, rover; Wilson, centre; Murphy, left wing; Clark, right wing. Elmira—Ratz, goal; Heckerent, right defence; Weichel, left defence; Otto, rover; Miller, centre; HeinBerber, left wing; Ruppel, right wing. Referee—Edmunds (Stratford).

SARNIA JUNIORS DROP OUT OF O.H.A. SERIES

Game With Ingersoll Youngsters This Evening Has Been Called Off As a Result.

[Special to The Advertiser.] Ingersoll, Jan. 22.—Nottingham was received here today from Sarnia that the Junior team has dropped out, and as a result the game to have been played here Thursday night is called off. A record crowd is expected at the game here with Paris on Friday night.

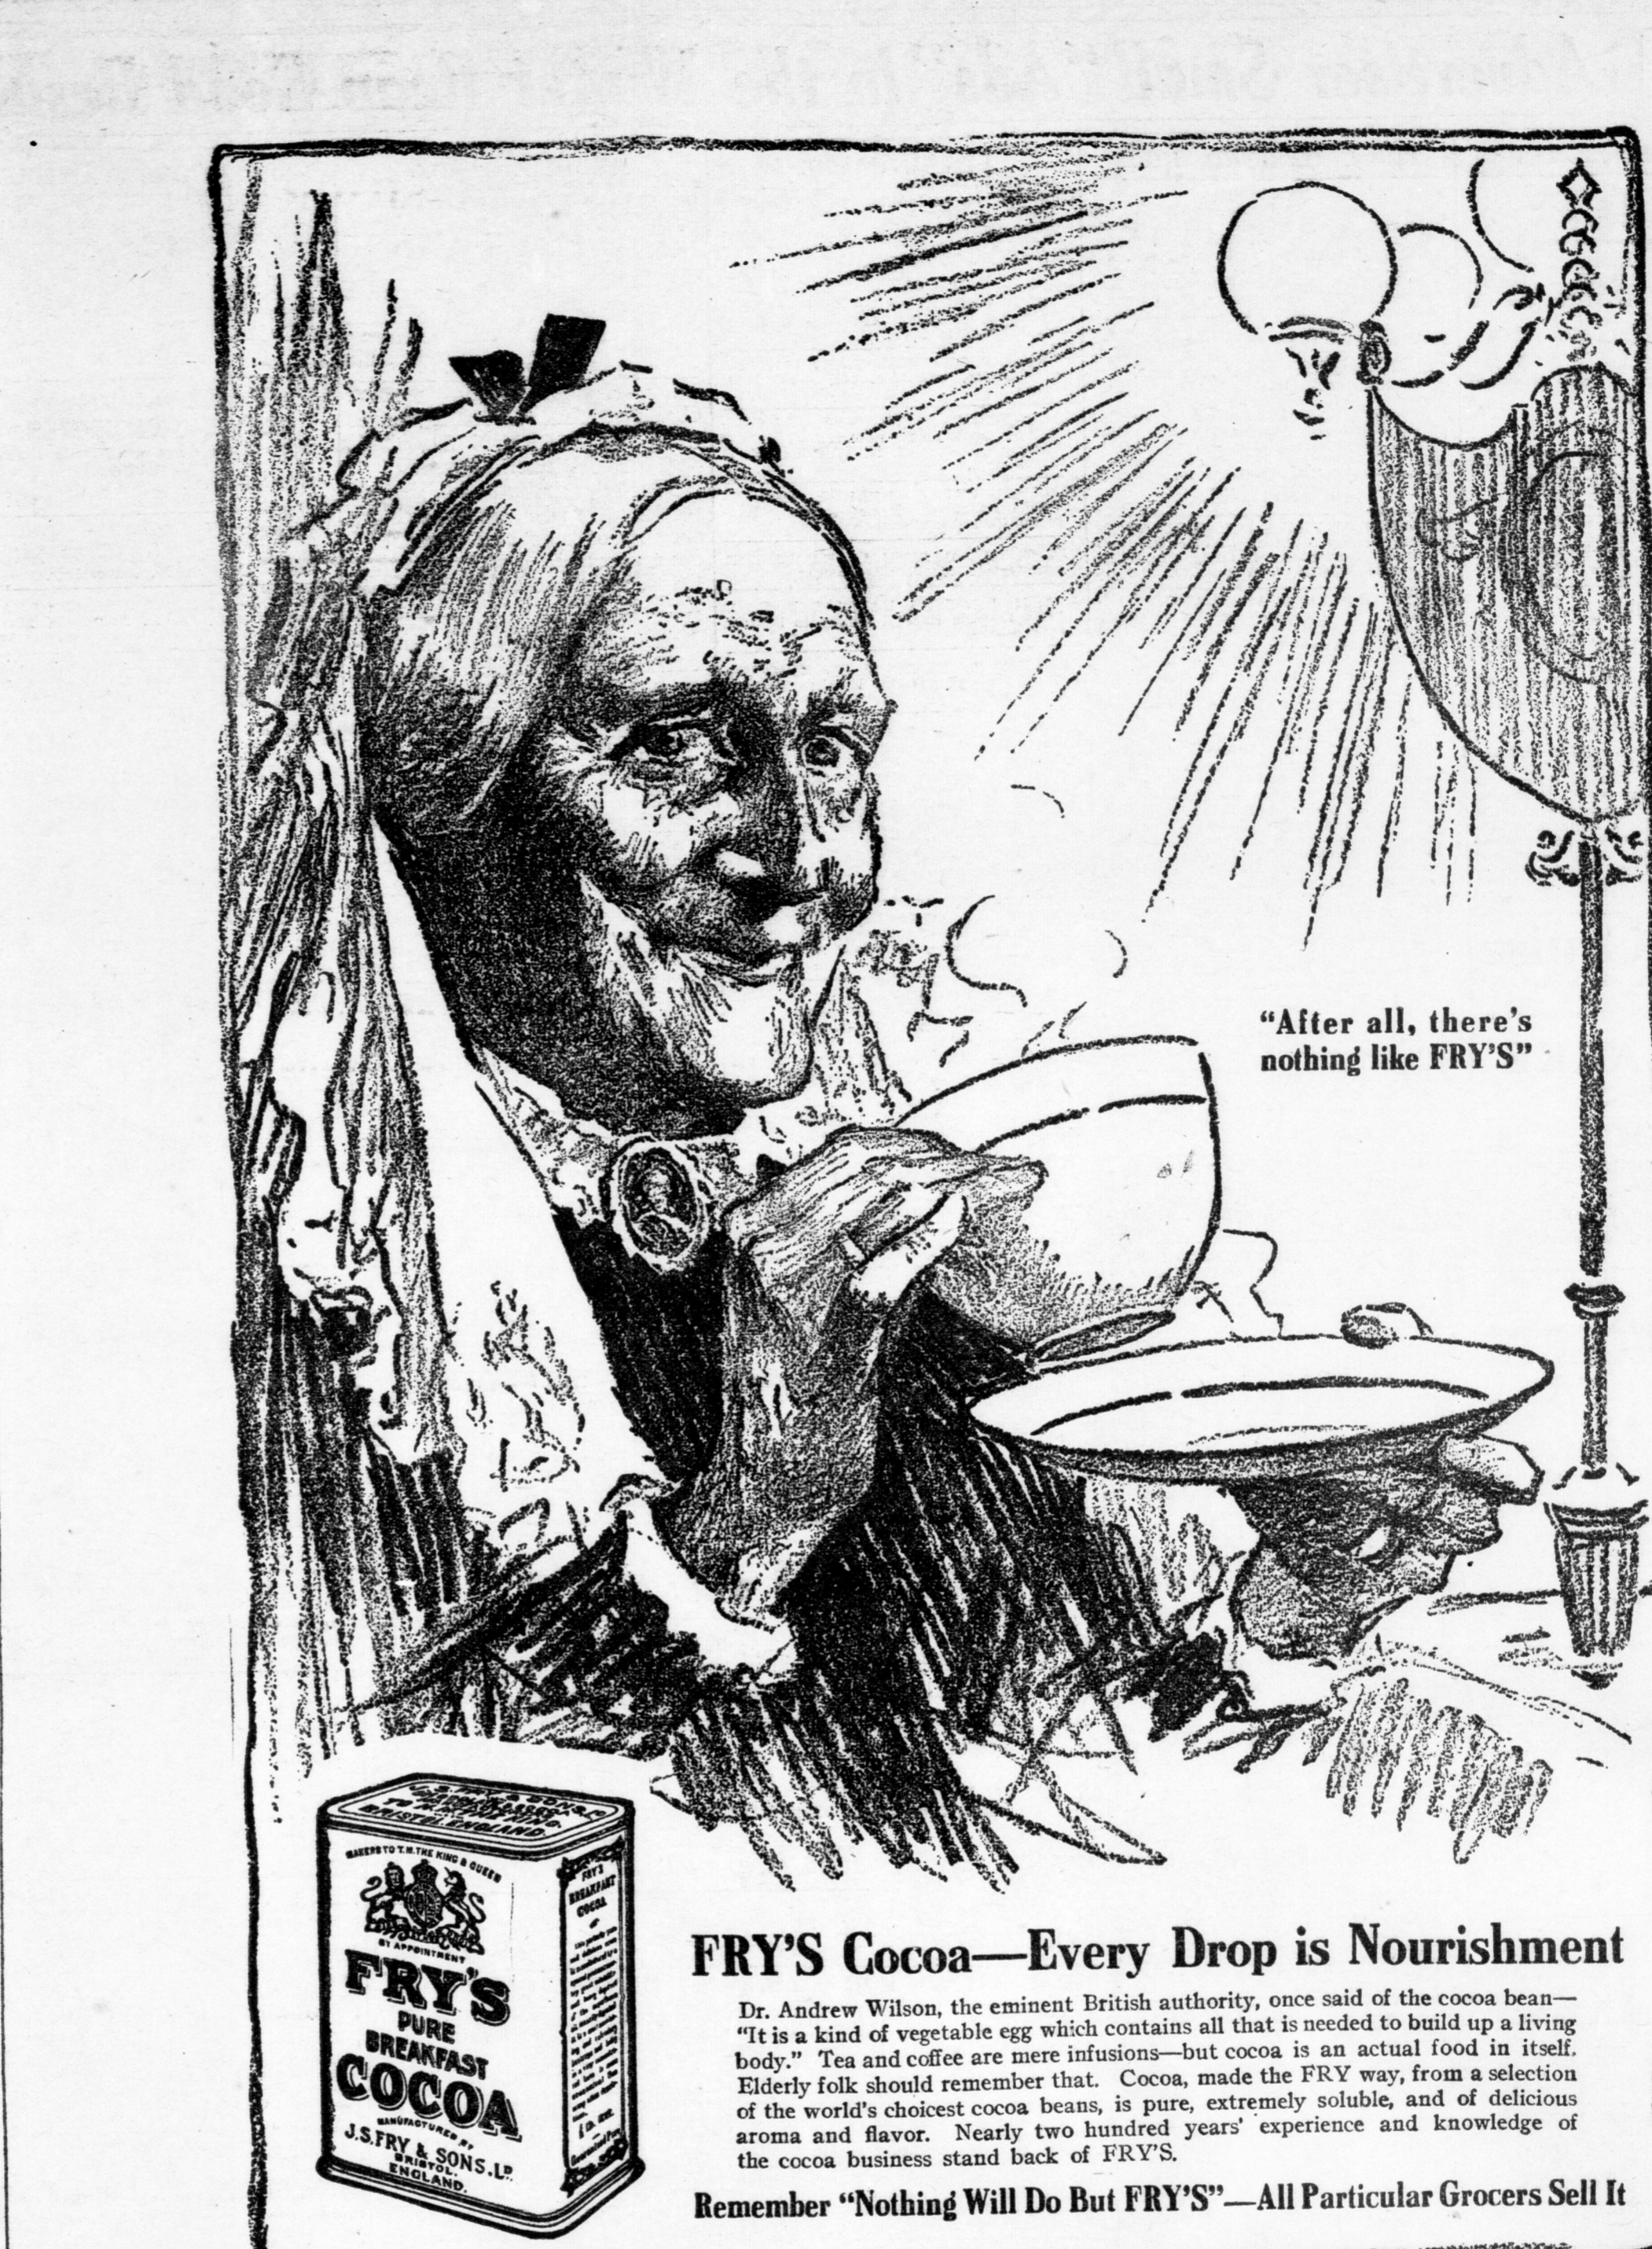

MEAFORD JUNIORS BEAT OWEN SOUND

Fast Game in Former Town Results in 6-4 Victory For the Home Team.

Meaford, Jan. 21.—Meaford defeated Owen Sound in a Junior O. H. A. game here tonight by a score of 6 to 4. The half-time score was 3 to 0 in favor of Meaford. The line-up was as follows: Meaford—Hibbitt, goal; Dillon, right defence; Butchart, left defence; Johnson, rover; Parsons, right wing; Wilton, left wing. Owen Sound—Lenham, goal; Leggo,

COBOURG BEAT WHITBY.

Cobourg, Ont., Jan. 21.—In the third intermediate O. H. A. game played here this season Cobourg defeated Whitby in a very fast and exciting game of hockey. The ice was in good condition and the game was quite clean throughout. The half-time score was 4 to 2 in favor of Cobourg. Full-time score, 7 to 4, in favor of Cobourg. Referee, Richardson.

"After all, there's nothing like FRY'S"

FRY'S Cocoa—Every Drop is Nourishment

Dr. Andrew Wilson, the eminent British authority, once said of the cocoa bean—"It is a kind of vegetable egg which contains all that is needed to build up a living body." Tea and coffee are mere infusions—but cocoa is an actual food in itself. Elderly folk should remember that. Cocoa, made the FRY way, from a selection of the world's choicest cocoa beans, is pure, extremely soluble, and of delicious aroma and flavor. Nearly two hundred years' experience and knowledge of the cocoa business stand back of FRY'S.

HARRISTON TRIMMED LUCKNOW BY 7 TO 2

Both Teams Played a Great Game, But Harriston Had Better Luck in Shooting.

Harriston, Jan. 21.—The Harriston Northern League hockey team got away to a win tonight by a score of 7 to 2 against Lucknow. The visitors came here strong, and the score is no indication of the play. The teams: Harriston—Thompson, goal; Bates, point; R. Ward, rover; McCoy, rover; Pre, centre; Whillit, left wing; Carter, right wing. Lucknow—McDonald, goal; McCoy, point; Johnston, rover; McCoy, rover; Wilson, centre; Johnston, left wing; Mil-lough, right wing. Shea, of Palmerston, refereed.

THE HOLLOW OF HER HAND

By GEORGE BARR McCUTCHEON Author of "Graustark," "Truxton King," Etc.

CHAPTER III. Hetty Castleton.

At half-past six she went to the telephone and called for the morning newspapers. At the same time she asked that a couple of district messenger boys be sent to her room with the least possible delay.

"Will you be good enough to come in?" she inquired, scarcely a word of newspaper news had been printed—the details.

He entered and closed the door. "Just the—just the news that it was Mr. Wrاندall," he replied jerkily.

"She interrupted him. 'Let me have them, please.' Without so much as a glance at the headlines, she tossed the papers on the table."

"Can't I—we I should say, don't you want me to be kind as to telephone your friends, Mrs. Wrاندall—the family, I mean. No trouble to do it, and—"

"Thank you, but I have no time. I will attend to all that is necessary. When my lawyer arrives, please send him here to me. Mr. Carroll, thank you."

"The clerk, considerably relieved, took his departure in some haste, and she was left with the morning papers, each of which she scanned with the details, of course, were meagre."

"Not one word of the girl! Absolute mystery!" Mrs. Wrاندall returned to her post beside the bed of the sleeper in the adjoining room.

"It was not her present intention to arouse the sleeper, who she thought was dead. So gentle was her breathing that the watcher stared in some fear at the fair, smooth forehead that seemed to rise and fall. For a long time she stood beside the bed, looking down at the face of the sleeper, a troubled expression in her eyes."

"I wonder how many times you were seen with him, and where, and by whom?" Mrs. Wrاندall asked, her eyes fixed on the look of one who calculates in the interest of a well-shaped purpose.

"There was no kindly light in her eyes, mostly Meryl's look of one who calculates in the interest of a well-shaped purpose. She was settling down the difficulties that were likely to attend the carrying out of a design as yet half-formed and quixotic."

"Her lawyer came in great haste and perturbation at eight o'clock, in response to the letter delivered by one of the messengers."

"Apart from the election of a warder, Leslie Wrاندall, her husband's brother, to break the news to his father and mother and to come to her apartment after he had attended to the removal of the body to the family home near Washington Square, she made it quite plain that she did not want Chaslis Wrاندall's body to lie under the roof that sheltered her."

"His family had resented their marriage. His father, mother and sister had objected to her from the beginning, not because she was unworthy, but because her trade was so lowly, and she was so remote as his. She found a curious sense of pleasure in returning to them the thing they prized so highly and surrendered to her with such bitterness of heart. She had not been good enough for him; that was their attitude. Now she was returning him to them, as one would return an article that had been tested and found to be worthless."

attitude. Now she was returning him to them, as one would return an article that had been tested and found to be worthless. She would have no more of him!

TRADES COUNCIL TO SUGGEST NEW MEMBER

Likely That Successor of M. F. Irwin Will Be Suggested By Union Men.

It is probable that the appointment of an employee to the industrial advisory committee of the board of education will hinge upon the suggestion of the Trades and Labor Council. M. F. Irwin, who was appointed to the committee at the first meeting of the board, as an employee, has resigned, criticism having been made because a superintendent of McClary's foundry, he was more of an employer than an employee. Mr. Hunt said today the vacancy would not be filled until the next meeting of the board but that the trustees would no doubt be prepared to act on the suggestion of the labor men in making the appointment.

OUTLAW FARMER TO BE ARRAIGNED

Beardsley's Children Will Be Taken Charge of by Uncle.

[Canadian Press.]
Mayville, N. Y., Jan. 22.—Edward Beardsley, the farmer outlaw, will be arraigned late today, it was expected, on the charge of assault with intent to kill, in having shot J. W. Putnam, the county overseer of the poor. The nine children were taken to Titusville, Pa. today by Mrs. Edith Austin, their grandmother, and will be given a home with Charles Beardsley, brother of the outlaw. Mrs. Edna Pyle, who occupied the Beardsley shack during the siege of eight days, is reported at the county hospital as rapidly recovering from the gunshot wound received when one of the children knocked a revolver off the windowsill.

RIOT CALLS FOLLOW ROW IN RESTAURANT

Two Young Men Fought With Police And Will Have To Face Serious Charges.

As the result of an altercation between Frank Nesbitt and a Greek waiter in the Alexandria restaurant, late Wednesday night, a riot call was sent to police headquarters, which resulted in the arrest of Edward Pritchard, Andrew Devine and Harold Hall.

Nesbitt and a Greek waiter became involved in a heated argument over a bill for a meal, and a fight followed. An officer was called in, and when Nesbitt was taken out of the cafe, commenced shouting "Resist arrest" and "Crowd interfered."

A crowd of young fellows interfered, with the constable and Officers McRoberts, Bolton, Holden, and Singleton were called. Hall then interfered, and he was taken along with Nesbitt, who had been recaptured, on Carling street a crowd followed, and "Resist arrest" hindered the policemen in taking the men to the station.

A riot call was sent in, and Pritchard and Devine were then arrested for helping the other two men resist arrest.

In the police station the men commenced to fight the officers, and it was with great difficulty that they were all placed behind the bars.

The men are charged on the police blotter as follows: Hall, with assault on Officer Bolton; Nesbitt, with assault and resisting arrest; Hall and Pritchard are charged with attempting to aid prisoners to escape, and being placed in the cells created a disturbance by cursing the officers and all connected with their arrest, and shouting "Resist arrest" until the noise could be heard out on Carling street.

GIN PILLS Brought Relief

Larder Lake, Ont., March 26.
"I had been suffering for some time with my kidneys and urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night."

I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 pills to get them and I am pleased to inform you that in less than six hours, I felt relief. In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever, and my kidneys are acting quite natural again."

Bank Subscribes Fifty Dollars

Imperial Bank of Canada.

The Secretary,
London Industrial Bureau,
City Hall,
Dundas St.,
London, Ont.

Dear Sir:—

I take pleasure in handing you herewith cheque for Fifty Dollars, (\$50.), covering the Bank's contribution to the recently organized Industrial Bureau. As one of the financial institutions of the City, the Imperial Bank is deeply interested in the welfare of London and will always be prepared to lend its cordial support to any movement calculated to promote the City's material advancement. I am of the opinion that the creation of an Industrial Bureau is a move in the right direction; and believing, as I do, that the executive heads of the organization are capable and energetic business men, who are generously donating their time and invaluable experience, I am sure the work of the Bureau can only result in the steady industrial expansion of the City.

Wishing you every success in the good work being undertaken, I am,

Yours faithfully,
J. J. Sammon

The communication reproduced above, from the local branch of the Imperial Bank of Canada, shows that at least one of the city's financial institutions is interested in the work of the London Industrial Bureau for the common good, and there is good reason to believe that this is not the only one which will financially assist this movement.

A communication inviting the appointment of two representatives to the directorate of this central body is being sent out this week to the London Builders' Exchange, Middlesex Law Association, London Bank Clearing Association, Western Fair Board, Greater Middlesex Association, Board of Water Commissioners, Board of Education, Board of Health, London Railway Commission, London Progressive Federation and London Real Estate Association. The city council and the board of trade and London manufacturers and retailers will also be represented on the directorate, from which standing committees will be appointed at a meeting to be called immediately, the names of all representatives appointed have been received.

Around the City Hall

Procuring Estimates.
City Engineer W. N. Asplant is now procuring prices and estimates on the material necessary for the commencement of work on the storm sewer system. The only thing that may keep the work on the Coborne street and of the main sewer being started, the first of February, as anticipated, will be an inability to get supplies and material in by that time.

Wants Continuation Schools.
Alderman G. H. Haney intends submitting to the Board of Education at its next meeting a proposition to establish continuation schools at some of the public buildings to obviate the necessity of building a new Collegiate Institute in the central portion of the city. In his opinion this would meet the need fully as well as a new Collegiate building, especially in view of the fact that many students attend for only the first year.

Offer New Gas System.
A Montreal firm has written to the city authorities seeking a contract to install a new system for distributing gas. The firm claims that its system procures a superior quality of gas which is non-explosive, non-smokeless, does not freeze, and contains no sulphur. General Manager H. J. Gault of the waterworks hydro department, says that the gas on the company's own figures, would have to be sold at 45 cents a thousand and it is in view of the fact that the communication will be read at the next meeting of the water commissioners but it is unlikely that any action will be taken upon it.

Let There Be Light.
The four new lighting standards in front of the city hall will be put in service within the next week or so, having been approved by the city engineer and the water commissioners. In order to connect them up it is necessary to tunnel out a conduit for the cables.

More to Prevent.
Because of the constant overlapping of charity work in the city there is a movement on foot to arrange for an affiliation between the Men's Federation and the Social Workers.

At the annual meeting of the Charity Organization Society held January, the ninth, it was decided, after considerable discussion, to adjourn the meeting until January 27, in order that the executive of the federation and the charity organization might convene and decide on some definite course of action to prevent the two societies encroaching on philanthropic territory, or as an alternative to affiliate the two organizations.

The meeting has been called for four o'clock in the committee rooms, city hall.

LONDON CARPENTERS TO ORGANIZE UNION

Organizer of Amalgamated Association Will Address Local Men.

The carpenters of London will have a mass meeting in St. George's Hall, on Richmond street, on Wednesday evening, January 28th, to discuss organization. The Amalgamated Society of Carpenters has branches in South Africa, Australia, New Zealand, Great Britain, United States and Canada, while the United Brotherhood of Carpenters has branches throughout the American continent. The two organizations which are now combined, have over 300,000 members and two thousand unions, thus comprising the largest craft organization in the world.

Alfred Cheesman, organizer for the new amalgamation, who will address the meeting, claims that carpenters are the lowest paid mechanics in the building trade because in many places they are unorganized.

TRAIN DERAILED; ONE WOMAN KILLED

Mrs. J. J. Sammon, of Sudbury, Victim of Accident at Meath—Fifteen Injured.

[Canadian Press.]
Ottawa, Jan. 22.—The Soo train No. 19, which left Montreal at 10:30 last night was wrecked by the spreading of a rail at Meath, 10 miles east of Pembroke, early this morning. One passenger was killed and about fifteen injured, seven of whom have been removed to Pembroke hospital. The dead passenger is Mrs. J. J. Sammon, of Sudbury, who with her husband and two-year-old child had been visiting at Osceola, and boarded the train at Cobden, a few stations from where the wreck occurred. Husband and child escaped. Conductor Carter is thought to be in a serious condition.

Details of the accident are still meagre, but it is understood that the whole train left the rails.

UNENVIABLE RECORD.
Detroit, Mich., Jan. 21.—Detroit district has the distinction of having more convictions under the Mann Act, or so-called White Slave Act, than any other district in the country. Sixty convictions were registered between June 1910 and October, 1913.

DEAD FROM FALL.
Muirkirk, Jan. 21.—As a result of injuries to his spine, sustained in a fall on the ice last week, Robert Smith, aged 18, an Englishman who came to Canada last spring, died today.

A WONDERFUL CASE

Three Months in Hospital and Came Out Uncured.

Zam-Buk Cured Him in Few Weeks.

Mr. Fred Mason, the well-known upholsterer and mattress manufacturer of St. Andrew's, N. B., says:

"I had eczema on my knee, which caused me terrible pain and inconvenience. The sore parts would itch and burn and tingle, and when rubbed or scratched, would become very painful. When the knee got warm it burned worse, and the itching and burning and smarting were almost unbearable. I tried various remedies, but got no better, so I decided to go to Montreal and take special treatment. I received treatment at the Montreal General Hospital for thirteen weeks, and almost gave in. A friend advised me to give Zam-Buk a trial."

"Almost as soon as I applied Zam-Buk I perceived with the balm, and it was soon evident that it would do me good. Each day the pain was reduced, the sore spots began to heal, and by the time I had used only a few boxes of Zam-Buk I was quite cured."

"Since then Zam-Buk has cured blood-poison in my finger, and at a time when my finger was in such a terrible condition that I feared it would have to be amputated."

For eczema, blood-poisoning, piles, ulcers, sores, abscesses, varicose veins, bad leg, cold sores, chapped hands, cuts, burns, bruises, and all skin injuries and diseases, Zam-Buk is without equal.

50c box all druggists and stores or post free from Zam-Buk Co., Toronto, for price. Refuse imitations.

Tenders for Supplies

SEALED TENDERS will be received by the undersigned until noon on Wednesday, Jan. 28, 1914, for the following supplies required for use in County Buildings in the City of London, for the year 1914:

Bread—Per pound, to be delivered in 2-pound loaves.

Groceries—Granulated canned, per cwt; potatoes, turpots, carrots and onions, each per bushel; green tea, black tea, coffee, pure pepper, and butter, each per pound; molasses and syrup, each per gallon; soap, per box, 60 pounds; salt, per barrel; ammonia powder, per pound. Samples of molasses, syrup, soap and ammonia powder to be submitted with tender.

Tenders will also be received for the county printing required during the year 1914.

Also tenders for the waste from county jail kitchen, dated at Listowel, to be paid for quarterly in advance.

Also for one ton oat sheaves, threshed by flail, and fire from thistles and weeds. The lowest or any tender not necessarily accepted.

T. C. ROBSON, Clerk,
London, Jan. 21, 1914.

FIRE CAUSES \$1,000 LOSS IN GRAND TRUNK SHOPS

Dry Kiln and Valuable Lumber Destroyed in Late Afternoon Blaze.

Fire, which is supposed to have started from overheated pipes Wednesday afternoon, caused over \$1,000 damage in the Grand Trunk car shops dry kiln. Shortly after 3 o'clock, workmen in the car shops noticed flames shooting through the roof of the kiln and sent in an alarm for the volunteer fire brigade. The men responded, but found that they needed the aid of the local brigade. The two forces amalgamated, but the construction of the building the firemen had to work for over two hours before the fire was finally put out.

The building, at the time of the fire, contained a large quantity of valuable lumber. It is not known whether the structure will be rebuilt.

The loss was fully covered by insurance.

COMMITTEE TO PICK ST. ANDREW'S PASTOR Members Object to Candidates Preaching For Call. HAD A SUCCESSFUL YEAR Feeling Reference Made to the Great Loss Sustained by Rev. Dr. Ross' Death.

That the congregation of St. Andrew's is not in favor of hearing ministers for a call was shown in a resolution passed by the members at the annual meeting last night. The passing of this resolution, the mover, C. R. Somerville, pointed out, would make it easier to secure a pulpit supply, as many ministers objected to preaching for a call. Instead members of a committee of fifteen, five each appointed by the congregation, the session and the board of managers will listen to prospective nominees for St. Andrew's pastorate in their own pulpits.

Made Many Repairs The report of the board of managers for the past year showed that the weekly contributions had increased by \$1,163.43, making a total for 1913 of \$9,330.21. The total receipts for the year were \$11,522.58. Extensive repairs to the church and additional salaries, however, increased the expenditure by \$1,700 so that the year closed with a deficit of \$700, as against a deficit of \$300 for the previous year.

The Greatest Loss. Dr. James Ross, was made in the report of the board of managers as follows: It is with reverence that we refer to the sad death of our late beloved pastor, Dr. Ross. His occasional visits to our board were seasons of unmixt pleasure to its members, and his modest unselfish wishes were always granted more as privileges than favors, and we have the satisfaction of believing that Dr. Ross was happy and contented in the knowledge that he was firmly entrenched in the love and confidence of his people and the one thought that persists in our hearts is, "where shall we find one, equal unto him whom we have lost?" We recommend that an annual grant of five hundred dollars be given Mrs. Ross, for a term of four years, and that she be permitted to retain the use of the manse until it is required.

New Managers. New members of the board of managers were elected, including: A. E. Silverswood, Alexander Gillespie, George Wood, W. D. Taylor, D. McEachern and Moulie Adams. Members of the board for last year who continue to hold office for another year, are: A. G. Calder, T. A. Rowat, G. M. Anderson, F. T. Yenland, John Harvey and J. W. Wardrop. Representatives of the congregation on the committee to select a pastor were elected as follows: John Farr, T. H. Purdon, K. C. H. P. Allen, J. W. McIntosh, and John Stevely. Representatives of the session previously appointed are: John Lochhead, R. Somerville, S. Macgregor, Dr. A. Thompson and A. McVicar. The new board of managers will also elect five representatives at their first meeting.

Free Treatment for Skin Sufferers! Although Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere, a liberal sample of each, with 32-page booklet on the care and treatment of skin and hair, will be sent, post free, on application to: "Cuticura," Dept. 32, Boston, U.S.A.

PERSONAL MENTION Carl P. Wegner, proprietor of the "Heart of London" store, was in Toronto Wednesday on a business trip. Miss Margaret Stewart, of Falkirk, has returned after visiting with friends here. George W. Nevitt, foreman of the City Gas Company, left yesterday for a two months' trip in England.

ROSS' LIMITED, MANUFACTURING FURRIERS As previously announced Our Whole Magnificent Stock of Made-Up Furs and Dressed Fur Skins Is Now Being Offered at CLEARING PRICES Our prices at all times are based on manufacturer's cost, and consequently very low; but now they are such that Competition Is Out of the Running Our reasons, as before stated, are too much stock, mild season and tight money. We may not have another such sale in many years.

RECOMMENDS RAISE IN TEACHERS' SALARIES Committee Moves for Increase for Collegiate. \$2,000 IS NEW MAXIMUM New Schedule Arranged, Making Additional Classifications—Women's Salaries Not Touched Despite Discussion.

The male teachers at the Collegiate Institute will receive a substantial salary boost dating from the first of this year, the finance committee on Wednesday afternoon gets past the board of education at its meeting. The schedule agreed upon is as follows: Heads of departments, a minimum of \$1,900, raising to \$2,000. Assistants who are also graduates and specialists, \$1,800, raising to \$1,900. Up to the present time there have been only two classes of teachers, the latter comprising specialists and those not so qualified. The maximum for the department heads has been \$1,900, and for the assistants, \$1,700, so that the raise recommended by the committee amounts to \$200 for the heads and the specialist assistants, and \$100 for the others.

Recognition of Degree. Trustee C. J. Fitzgerald thought that if university degrees and the expenditure of several thousand dollars to obtain the same were to be recognized anywhere, it was in the Collegiate Institute. For that reason he advocated paying the specialist a little more than those who lacked special qualifications. Other members agreed with this, and also the statement that the board should adopt a regular fixed schedule of salaries on which men could be hired instead of fixing salaries to fit the individuals.

Nothing for Women. The committee did not extend any raise to the women teachers, this problem not having been sent to it, although the chairman, Dr. R. W. Shaw, declared that they were quite as much entitled to a raise as the men. Trustee C. J. Fitzgerald agreed with Trustee Shaw on this point, but Chairman A. M. Hunt thought that such a move would be too drastic.

TO EDUCATE FOREIGNERS Chairman A. M. Hunt, of the board of education, introduced a movement at the meeting of the finance committee of the board of education on Wednesday afternoon, to provide instruction for the foreign element in the old Aberdeen school, with evening classes. The committee favored the idea, and decided to ask the board to adopt the principle, and then refer the proposal back to the committee for further action. There are many persons in the city, it is contended, who are without a proper knowledge of the rudiments of the English language and other branches of learning, and it is to meet the demands of these that the night-class scheme has been put forward.

MUST FIND QUARTERS Ottawa Explosion Prevents Hardware Men Using Their Hall. As a result of the big explosion and fire which destroyed the Howick pavilion at the Ottawa exhibition grounds yesterday, the executive of the Canadian Wholesale Hardware Association will have to find another place for the association's annual show, which was to have been held in the pavilion the third week in February. Complete plans had been made, and in excess of 150 exhibits arranged for the annual show. Four years ago the association met in London, and last year in Hamilton. A. M. Hunt, secretary of the Western Fair, was manager on both occasions, and is to act in a similar capacity this year. The show will be held in Ottawa this year, as arranged, but some other building will have to be secured.

CHURCH GROWS STEADILY Southern Congregationalists Heard Reports at Annual Meeting. Comprehensive reports were brought in by all the committees in connection with the Southern Congregational Church at its annual meeting held last night. In all cases the reports showed a surplus. Those submitted were by the pastor, Rev. W. H. A. Clavis; treasurer, W. Walton; Sunday school, E. Gill; deacons, Mr. Hargreaves; Women's Auxiliary, Mrs. Walton; Girls' Club, Miss Temple; Mission Band, Ethel Walker; choir, Miss Clavis; Christian Endeavor, Miss Parry. The officers elected for the ensuing year are: Secretary, E. Ford; treasurer, W. Walton; deacons, Messrs. Motley, Hargreaves, Walton and Geogson; organist, J. Clavis; finance committee, Messrs. Walton, F. Wherry, Geogson, Melmes, Gill, Bright, Cooper, W. Clavis and Hargreaves.

AFTER PETERBOROUGH MAN May Be Brought Here to Fill Collegiate Vacancy. The finance committee of the board of education, at a meeting on Wednesday afternoon, instructed the secretary to communicate with J. W. Firth, of Peterborough, who was recommended by Principal G. F. Rogers for the position of science master in succession to F. A. Stuart.

GOING TO CONVENTION W. R. Jarmain, manager of the Forest City Laundry and J. Chiera, manager of the Parslan Laundry, will attend the Central Canadian Steam Launderers' Association convention which will be held in Ottawa next month. The association was formed last year, and already has a large membership. Its object is to further the work of the steam laundries, and to promote a feeling of cooperation among the members of the trade. The steam laundries employ white labor only, and in consequence must observe the schedule of hours demanded by them. This places them at a decided disadvantage as they are compelled to compete with Celestials, who are content to labor for a minimum wage and work the maximum number of hours. Mr. Jarmain is a member of the executive.

COMMITTEE IGNORES RULES OF PRECEDENT Members of Board of Education Committee Decide To Do Without Formality of Board's Recommendation. Despite the advice of Secretary R. M. McPherson that the committee, on general principles, had no right to initiate new business, members of the finance committee of the board of education discussed several matters yesterday before going through the formality of having the said matters referred to them by the board.

CHAIRMAN A. M. HUNT and other members of the committee voiced their disregard of any rule that forbade the initiation of new business at a committee meeting. One new matter taken up, but not discussed, was that of free school books. A steady increase in membership was the question, and the inspector was instructed to procure information on the cost of free books and other supplies.

HAMILTON ROAD CHURCH HAD A SPLENDID YEAR The past year has been most prosperous in every way for the Hamilton Road Presbyterians, according to reports presented at the annual business meeting held last night. The session report was very encouraging, showing that 31 new members had been added since Rev. Dr. D. L. McCrae took charge on June 1. The treasurer's report showed a substantial balance after all disbursements and a reduction in the church debt. A steady increase in membership was a feature of an excellent report from the Sunday school. The ladies of the Willing Workers have greatly aided the church, having raised about \$540 during the year, which was devoted to church work.

President Honored. A pleasant feature of the evening was the presentation of a handsome china tea set to Miss Bella McPhail, the retiring president of the Willing Workers. The address was read by Mrs. T. Kemp, and the presentation was made by Mrs. D. Ross. Refreshments were served at the close of the evening by the ladies. Elected Officers. The officers elected last night are as follows: Board of managers, J. Perie and W. J. Gray (re-elected), J. Fairbairn, W. Davidson; auditors, W. Wilson, J. Williams.
