and geography papers were exceptionally hard, this is explained.

Many of those who failed went down on one or other of these papers. To pass, each pupil had to obtain 4 per cent in all subjects and 60 per cent

The Winners.

Ronald Gray, of 845 Helimuth avenue, son of Mr. James Gray, of the firm of Gray & Parker, wins the Robb memorial medal, awarded to the pupil making the highest number of marks in any of the city schools.

Ronald Gray is a pupil of St. George' school and secured 563 marks.

Mr. Gray's family has a record for winning medals that is probably unsurpassed by any family in the city. A few years ago his daughter, Miss

Irene Gray, won the Boyle medal, when she graduated from St. George's into the Collegiate. The next year her brotime the family have been particularly anxious to win the Robb memorial by Mr. Robb, who was a grand-uncle years. of theirs. Their hopes are at last real-

ized by the success of Ronald Gray at this year's examinations. Ronald Gray also wins the MacRobert medal, given to the pupil of No. 4 to twenty-one ward schools who gets the highest

marks.

Central, St. Thomas, is spending his The Government Most Carefully Guarding All the Ports

of Entry.

Ottawa, July 8 .- Inquires at the noon. No boys were allowed to be and the neighboring republic had necessitated an alteration in the system of examination of immigrants arriving in this country from the United States. Heretofore the department Mr. Hodgson has left for Market has officers placed only at a few of the most important ports of entry Can. Fraser, of London, changed along the boundary, and the duties of such officers were largely confined to giving advice and direction to the Mr. and Mrs. John H. Price and newcomers, and securing such informdaughter Vera, of St. Joseph, Miss., ation as was necessary for statistical are visiting their cousin, John Price, purposes. Now that the number of York. unemployed in the States has reached such immense proportions, and the who finds his way to Port Stanley had labor market being fully supplied in better keep out of sight for the vil- Canada, it has been considered adlage constabulary and P. M. Price are visable to establish a system of bound-

ary inspection very similar to that fenders. Constables Going and Prouse carried on by the Americans for some yesterday rounded up a trio, and Mag- years. Already all the principal places istrate Price fined the three. John of entry from the States have been Garvin, St. Thomas, \$4 fine, \$3 50 covered by officers of the department, costs, total, \$7 50; Albert Cooper, St. and as rapidly as possible arrange-Thomas, fine and costs, \$8; John ments are being made at the less im-Campbell, London, fine and costs, \$8. portant points. The system is rapidly being put into good working order, and already several hundred persons

have been refused admission. The border inspectors have power to

other than that of their birth or natur-

alization. Last week numbers of Italians from the States, coming to engage in railroad work, were turned back, and the places thus left vacant will provide situations for some of our country's

unemployed. The transportation companies, realizing the chances they are taking in carrying passengers who do not come up to the departmental requirements. are refusing to ticket the greater proportion of those not eligible. As an instance the superintendent of immigration mentioned the case of the steamship service between Duluth and immigration department today elicited Port Arthur, which since the comthe information that the changed con- mencement of border inspection has dition of the labor market in Canada refused to carry hundreds wishing to go to the latter point, where every available situation is filled and there are still numbers without work.

LONDON, FRIDAY, JULY 19.

A COWARDLY ATTITUDE. The Ottawa Opposition shows the same cowardice toward the All-Red line as toward the British preference. Members of the Opposition rail at the preference individually, but as party they refused to place them-

of the other states of the Empire. It must be prepared to give its adhesion! of the imperial and colonial authorities. If each of the Governments had was being elaborated, nothing might be accomplished for years.

Under the terms of Sir Wilfrid Laurier's resolution, the Governments of Great Britain, Canada, Australia and New Zealand would agree upon a defi-It would, of course, be subject to the ratification of their respective Parliaments, and they would in the last analysis be responsible to the electors.

The Opposition, while not courageous enough to condemn the All-Red project outright, and even professing to favor the principle, has tried to tie the Government's hands in the negotiations and load Sir Wilfrid Laurier's and the number of locks on the Georresolution with conditions which would make definite action impossible. The intent of Mr. Borden's resolution shorter distance. The Welland Canal, is to deny the Canadian Government with a depth of 25 feet, would accompower to assent to any plan framed modate the largest freight boats on the In a conference of the British and Colonial Governments without first submitting it to Parliament. The business cannot be done in that way. The Government must assent to a definite

plan and take its chances with Parliament and the country. The Minister of Finance is justified in saying that the attitude of the Op-

position is adverse to the scheme. TROUBLED INDIA.

Canada, in common with the rest of the Empire, has a deep interest in unrest among the natives of that faroff land are read by the people here with real concern.

tary of state for India, Lord Morley, position offered no serious protest, but regards the present situation there as even if it had the Government would critical-more difficult than a British have adopted the bill on schedule Government has ever had to face. time. In the mother of parliaments, about 250 B. C.; also to the celebrated There is now, he says, a "living the majority rules. movement," among the people of India-a movement for objects which the British themselves have taught them to think desirable-"and," he adds, "unless we somehow or other can although only amateur housebreakers, reconcile order with satisfaction of have been invited to go on the stage. A those ideas and aspirations, the fault them to take part in "The Forty will be ours, not theirs. It will mark Thieves." the breakdown of what has never yet been broken down in any part of the world - the breakdown of British statesmanship."

Lord Morley does not believe in a policy of pure repression, and points to historical instances in which such a policy has utterly failed. His theory is that the application of European education to the Indian ger, mind, through the establishment of this?" universities in India, instead of Christianizing that country as Macaulay it six months before you did." prophesied seventy years ago it would, has created among the people a new attitude of mind towards public problems for which there is no precedent to aid the Government in dealing with it.

Two measures have recently been passed by which Lord Morley hopes the spread of sedition and the repetition of outrages may be prevented. One of these, the Press act, provides that where a newspaper prints articles inciting to murder or violence or the use of explosives the Local Government may order the seizure of the press. The other measure is the Ex- lately visited some of his ranch friends plosives Act, imposing severe restric- who are appearing at New Biguth tions on the manufacture and posses- arena, and went through the perform sion of explosives, which has been ance with the Indians and cowboys. He considered necessary on account of the going to Denver, Col., to marry a wealthy occurrence of several dynamite out- lady.

Defending the enactment of these laws, the Viceroy, Lord Minto, recently declared that it was with a heavy new high pressure fire service in the down sense of responsibility that his Government had recognized that the law proached their decline in areas of congestion. Enormous volumes of water were thrown great distances from the hydrants supplied from high power pumps, and it present emergency and that it must was made evident that the fire quenching. BOYS CHOIR IN FN: FORM

Readered Mozart's Celebrated Mass "Gloria" With Finish of Professionals.

The Old Time Old Boys' Choir, under the leadership of Mr. St. John Hyttenrauch, held a very successful practice in the city hall last night.

"The Gloria," from Mozart's Twelfth Mass, was rendered in a finished manner, the old-time vocalists demonstrating that the younger generation of shape of misprints, all those things which singers have much to learn from them. Any choir that can sing this sacred classic in the manner in which it was

In the general committee-room, the poard of works was holding a meeting, Ald. Saunders, Ald. Gerry, and Ald. Stewart were there, a number of officials and the reporters.

Several citizens were also on hand and were it not for the fact that music certainly has charms to soothe the aldermanic breast, there would have self face to face with some subtle laws been a row between the city daddies and forces which cannot be demonstrated and the aldermen, because almost every citizen who appeared had something personal to say of the city council or the officials.

However, the room was flooded with the dulcet tones of the old-time choir, and the aldermen were compelled to yell, as though they were conducting auction sales, in order to make themselves heard.

Despite the sweet voices of the singers, one of the city fathers expressed the opinion that if that sort of thing was going to keep up, he would move that henceforth the meetings of the board be held in the cellar.

solving the problem. A second main from Springbank a necessity. A Motion.

Mr. F. E. Leonard then moved that a separate high-pressure system, costing before the citizens as soon as possible.

As the meeting was not a regular one the matter was left over. Dr. Eccles pointed out that the interest on \$250,000 would be \$12,500. and the saving in insurance would be between \$25,000 and \$30,000. All should support it.

There is plenty of spring water for drinking purposes, and the city should take measures at once to protect the people from a conflagration. Engineer Norris of the London Street Railway, urged putting in another main from Springbank.

Favored Metres. Sir John Carling spoke strongly f favor of metres. People, he said, were for water which had afterwards been obtained for \$200 by metre. Another Meeting.

Dr. John D. Wilson moved that a public meeting be called as soon as possible to discuss the water question, and Mayor Stevely decided to call the meeting on Friday evening, July 17. A vote of thanks was tendered Sir John Carling for his presence at the meeting and the part he took in the

discussion. Among others present were Mayor Stevely, Sir John Carling, George C. Gibbons, K. C., F. E. Leonard, A. B. Greer, J. Pocock, W. Bowman, Harry Carling, H. B. Ashplant, W. E. Saunders, Drs. H. A. McCallum, John D. Wilson, F. R. Eccles, H. A. Stevenson, C. McCormick, Engineer Moore, Engineer Norris, of London Street Rail-

Ward's Opinion.

Sir Joseph Ward, the Australian

Conference, had strongly contended

for a service across the Pacific by ves-

sels of the speed of the Lusitania. But

perhaps 18-knot boats would be as

nuch as could reasonably look for. A

22-knot service to New Zealand, such

as Sir Joseph Ward had suggested,

would enable the trip to be made from

Vancouver to Auckland in 10 to 12

days, and New Zealand, with its pop-

ulation of no more than one million,

was ready to contribute a subsidy of

£100,000 sterling to gain it. However,

with 18-knot vessels we would com-

mand a 16-day service between Vancouver and Auckland, and a 22 or 23

perhaps it was not too much to look

English Professor Makes Inquiry On the Subject-Unable to Make Final Answer.

London, July 9 .- An interesting investigation - the announcement of ins prevails and its effects has been made by Prof. Karl Pearson, of Unversity College. He publishes the results in the British Medical Journal. Information concering about 1,600 marriages (of all kinds, not merely

cousin-marriages) was sent to Prof. Pearson in response to his appeal to the readers of the British Medical Journal a month ago for information. Dunn, 3 Edna Humphrey, 4 Mazie Rob- He asked the readers to state (1) whether their father's or mother's parents were cousins, (2) whether they or their wives were cousins, and (3) whether any (and how many) of their brothers and sisters married cousins. Proportion of Marriages.

The replies showed the following proportion of cousin-marriages: First cousin marriages, 4.59 per

cent. Second cousin marriages, 1.69 Third cousin marriages, 0.25 per Sept. 71%

Other cousin marriages, 1.13 per cent. This, on the surface, gives a July 481/2 percentage of 7.76 per cent, but the Sept. 391/2 Boys' consolation race-1 Clifford professor does not accept this as Dec. 41 actually married cousins would Oct.16 00 16 22 probably be more interested in the subject, and would have a greater Sept. ... 9 55 inducement to write to him than Oct. ... 9 67

ary celebration at Quebec. All applications for berth-reservations, first, second or third class should be made City passenger agent.

VOTING SOON FOR MARDI GRAS QUEEN

Interest in the Election Is Growing in All Sections of

Interest in the election of a queen for the Mardi Gras is growing daily. Within a short time there will be several nominations, and when the list is published the voting will begin in earnest.

Great rivalry is already developing between the different quarters of the city. South London is very vain in regard to the beauty and other charm-

ing qualities of its ladies, and the mael

sex from that district become positively irritated if one should remark that there are good-looking girls in other parts of the city. In the north end where Secretary McCann resides, the gentlemen look on with a supercilious air, and declare that when once they nominate a lady for queen, she is as good as crowned.

East and West London have yet to be heard from, and of course, anyone who knows London knows that some of the most beautiful of London's ladies come from these districts. But the war will soon be on, and the more votes that are cast the merrier will the contest be.

M'CLARY STAFF AT SPRINGBANK

An Enjoyable Outing Held Last Evening at the Summer Park.

The office staff of the McClary Manifacturing Company held its annual outing to Springbank last evening, and he picnic was greatly enjoyed.

The picnickers left the city on the o'clock car and after indulging in a fast game of baseball, which resulted in a victory for the team captained by Miss Annie Le Seur, supper was served. The picnic was a round of pleasure, and all were pleased with its success. The sports were run off after supper and resulted as follows: 50 yards dash for girls - Miss Nellie
