### Sir E. Grey Says Figures From the United States Were Grossly Unfair

By Special Wire to the Courier.  
London, Jan. 20.—"Grossly unfair and entirely unrepresentative of the facts," was the characterization given by Sir Edward Grey, secretary for Foreign Affairs, to a question asked in the House of Commons this afternoon by Rowland Hunt, Unionist member for the Ludlow Division of Shropshire, regarding the recent publication of a statement on American trade returns in support of the campaign for a stricter blockade of Germany by the British fleet. Mr. Hunt desired to know "whether the Foreign Office has been aware of the state

### HOSTILITIES BETWEEN AUSTRIA AND MONTENEGRO ARE AGAIN RESUMED

London, England, January 20.—From Rome to-day comes the definite announcement that hostilities between Montenegro and Austria have been resumed, Montenegro having officially notified Italy to this effect, the despatch stated.  
A note presented to the Italian foreign office by the Montenegrin premier, declared that Montenegro had rejected the terms offered by Austria and that hostilities had been resumed along the whole front, King Nicholas remaining with his army to organize his country's defenses.  
Greece again is a point of signal interest on the war map, although her territory has not been the scene of hostilities.  
King Constantine on January 13th, responded at Athens an interview in which he voiced strong protests against the attitude of the Entente powers toward his country. This interview transmitted by way of Paris, did not reach this country until to-day, and in the interim an unnamed high French authority prepared and gave out a reply to the accusations of the king.

### THE KING OF GREECE ACCORDS INTERVIEW TO CORRESPONDENT OF THE ASSOCIATED PRESS

Makes Bitter Denunciation of the Allies—Says They are Trying to Unload Blunders Upon His Own Country—Declares That He Thinks Hostilities Will End in a Draw.

By Special Wire to the Courier.  
Athens, Jan. 20.—King Constantine sent for the Associated Press Correspondent in order to express through the newspapers of the United States, as he said, his profound indignation at what he termed "the unheard-of high-handedness of the recent action of the allies toward Greece."  
King Constantine was greatly moved as he recited one after the other the long list of what he called "the allies' encroachments on the sovereignty of Greece culminating in the occupation of Corfu, and the blowing up of the bridge at Demir-Hissar."  
"It is the merest cant," said the king, "for Great Britain and France to talk about the violation of the neutrality of Belgium and Luxembourg after what they themselves have done and are doing here. I have tried in every way I know how to get fair play in the British press attacked Greece obtain a fair hearing from the British and French public. No sooner had the British press attacked Greece than I called one of their correspondents and gave him leave to face a full statement of Greece's position. I have given a most frank statement to the French press through one of the most honest newspapers, which had been hagen by permission of the German military authorities. The American members of the expedition, who desire to return to Stockholm, have not received permission to do so and are puzzled over what they will do. This information regarding the Mesopotamian theatre of war was communicated to the House of Commons this afternoon by J. Austen Chamberlain, Secretary for India. Mr. Chamberlain also announced that Lieut.-Gen. Sir Percy Lake yesterday took over the supreme command of the Mesopotamian expedition from General Sir John Eccles Nixon, who has been invalidated home.

**PARIS**  
 Paris, Jan. 20.—Under detention at the Children's Shelter in Brantford, is a small boy named Harry Y. Heaps from Paris, a confessed pyromaniac. He caused a lot of worry to the Winney Mills Co. by starting two fires in the building on different occasions. Monday night a barn owned by D. Brocroun and containing two horses was set on fire, straw being piled at the door outside, to get a good start. In all three cases Heaps was the one to start the fire and give the alarm.

He liked to see "the reels go to it" as they do in the movies. Chief Felker called the boy into the police office where he admitted setting the three fires, and also taking a horse from a church shed on a recent Sunday, driving it around and losing a valuable robe on the joyrid. Committed for trial, the jailer declined to entertain a juvenile, so Mr. Axford has him in charge.

Postage stamp sales in London have jumped from \$125,000 in 1914 to over \$250,000 in 1915, largely owing to the number of postcards and letters sent by soldiers.

### ANNUAL MEETING OF ST. ANDREW'S

**A Good Year and Excellent Reports From All the Departments.**  
 Last night St. Andrew's Presbyterian church held its annual meeting, the pastor Rev. J. W. Gordon, presiding. There was a large attendance of members who took a keen interest in the reports of the various organizations and committees. After devotional exercises the different departments of the church reported on their stewardship for the year. It was found that the total amount raised for the past year amounted to about \$4,500 and that the receipts exceeded the expenditure by a small amount.

Messrs. W. H. Wylie, J. Leishman, and S. Bock were elected to the board of management.  
 The reports indicated a healthy condition of affairs generally.

### With the City Police

The three most important cases in the police court this morning were those of housebreaking, shopbreaking and theft of a watch. The offenders were all juveniles. There were four boys and three of them were brothers. An arrest was made last night between 6 and 7 o'clock of a Russian and two Austrians. The Austrians, one had had more than was good for him, and seeing the big Russian started boasting about the war. The Russian, George Simcock, naturally resented the slur made against his beloved country, and a lively scrap ensued. Then the Austrian, when the two were arrested, made a complaint of assault and wounding against his brother. In the court this morning the case was dismissed, and the Magistrate ordered the Austrians to be let out only on parole.

**LABOR MAN**  
**Suggests in British House the Conscriptio of Surplus Wealth.**  
 By Special Wire to the Courier.  
 London, Jan. 20.—A suggestion made in the House of Commons this afternoon by William C. Anderson, labor member for the Attercliffe division of Sheffield, that as a pendant to the military service bill, another bill should be introduced for the conscription of all surplus wealth and landed estates, had chilly reception.

Premier Asquith declined to give facilities for such a measure. He reminded Mr. Anderson that considerable steps in the direction indicated already had been taken by the income tax by the super tax and by the excess profits' tax. The Prime Minister added:  
 "I need hardly say it may be necessary to impose further burdens of this character. Meanwhile I cannot anticipate the measures which may be imposed in the future finance bill by giving the suggested facilities."

Thomas Ramsay of Merriton succumbed to injuries received when a bread wagon fell over on him through the horse suddenly starting as he was mounting to the driver's seat.

### THE KING

(Continued from Page 1)

day not 40, no not 20 per cent. would turn their hand to aid the allies."  
 "Why does your majesty not demobilize?" asked the correspondent.  
 "Perhaps I shall, but I do not feel I can afford to disarm before the fate of Saloniki is decided. The allies evacuated Gallipoli after a year. One day they may change their mind about Saloniki, leaving the place at the mercy of the first comer. Saloniki is Greece. I propose that it shall remain Greek."

"Does your majesty believe that Germany can be victorious?" asked the correspondent.  
 "That depends," replied the king, "on what is meant by victorious. If you mean take London, Paris and Petrograd, probably not. But I believe the Teutons can defend themselves where they are for a very long time. If economic exhaustion does not force Germany to sue for peace I believe it will be very difficult, if not impossible, to conquer her in a military way."

"Then what does your majesty think will be the outcome of the war?"  
 "The king replied:  
 "A draw—don't you?"  
 By royal order, the above interview was counter-signed by Count Marshall Mercati.

**REPLY FROM FRANCE**  
 Paris, Jan. 19.—The highest French authority takes the occasion of the interview with King Constantine to define the principles according to which France has acted towards Greece and to give to the Associated Press certain facts concerning Greece's course toward the Allies.

"The interview given by King Constantine to the Associated Press," said this personage, "recalls point by point observations which, both in matter and manner show the groundlessness of his accusation against the allies. He reproaches the allies with hypocrisy in talking of Germany's violation of Belgium and Luxemburg after what they have done in Greece. But the allies talked of the violation before their own action and for the excellent reason that Germany vio-

lated the neutrality of Belgium and Luxemburg without excuse or provocation and in the midst of peace, whereas what passed in Greece, independently of other considerations mentioned further on, is the consequence of a long war characterized by the ruin of small peoples by Germany.

"The king declared that the allies have occupied Greek territory without his permission. There is no question of an occupation properly speaking, but of a temporary use of certain portions. As regards the islands referred to, the Entente powers make use of them provisionally because Turkey had always refused to recognize Greek possession of them, a use made with the tacit consent of Greece which only protested for form's sake, which negotiated on the subject with the allies, making certain stipulations as to methods for the utilization of the islands and receiving in exchange formal promises as to their purely temporary use, as compensation for all possible damages and even other promises not unconnected with Greek foreign policy. The allies were everywhere received by the population with the greatest cordiality and were found by them to be a source of profit besides being provisioned by them.

"As to Saloniki, the case is still far otherwise than King Constantine avers. The allies only went into Saloniki in order to succor Serbia, Greece's ally, and as an answer to the mobilization by the traditional enemy of Serbia, Bulgaria. Serbia attacked on two sides was not in a position to obtain from the Greeks the 150,000 men stipulated for in the treaty of alliance. It was to replace these men that the allies went to Saloniki at the request of the Greek government, which otherwise refused to mobilize."  
 "The arrival of the Franco-British forces at Saloniki has drawn forth only a purely formal protest, and the Greek military authorities have received orders to give them every facility. The analogy between the military necessities which called the Allies to Saloniki to help Greece's ally, Serbia, and those claimed by Germany for the violation of Belgium simply does not exist. The Greek people have received the allies cordially. The Greek government even before the arrival of the allies had already shown favor to the Serbians by granting them considerable facilities for the transport of their armament as well as provisions. The Germans crushed the Belgians who were defending their country in order to reach a peaceable people beyond them.

"Greece's neutrality has from the beginning been a malevolent one toward the allies. This has been declared to them officially, not only by M. Venizelos, but also by his successors several times, yet during recent months, the Greek government has permitted Germans and Austrians to violate its neutrality by using the Greek coasts and islands as a base for provisioning their submarines. The fact that no one has been able to locate this base exactly proves the cleverness of the Germans, but their fury at the presence of the allies at Castellorizo, Corfu, and other well known submarine nests, shows the reality of their organization.

"It will one day be interesting to learn the revelations made on this subject by the papers seized on consuls and agents of the German quadruplicate at Saloniki, Mytilene and Corfu. It was from the coasts of these islands, or peninsulas, that the pirates who sank the Ancona and the Persia set out. How the German staffs have been able to locate this base exactly proves the cleverness of the Germans, but their fury at the presence of the allies at Castellorizo, Corfu, and other well known submarine nests, shows the reality of their organization.

"As to the violent epithets the king applies to the policy of the allies, they cannot change the truth. The Greek government was so little convinced that the Gallipoli enterprise would be a failure that they tried by every means to take part in it, and it was only their exaggerated demands that caused their co-operation to be refused. If the enterprise has been a failure, and the Serbs have been crushed the fact is due to Greece's declining to fulfill her engagements as an ally towards Serbia, and allowing her territory to be surrounded by the armies of her bitterest enemy.

"As to the sympathies of the Greek people, it is enough to examine the figures regarding recent abstentions at the last elections to see what they mean, or to recall the fact that a while ago, M. Venizelos, the friend of the Entente, was cheered by thousands of people.

"Concerning his opinion about the result of the war, it is pleasant that a Sovereign so impressed by Germany's power, publicly avows that she cannot be victorious. This shows how right an impartial people are in proclaiming that she will be crushed."

 Managers—D. McEwen, John Moffatt, J. H. Friend

Physicians—Dr. Gamble, Dr. Wiley, Dr. Chapin.

There was a good attendance of members present. The installation was completed, refreshments were provided by the Managers and the following program was put on: Song by Sov. J. H. Friend; address by Sov. Head Clerk Jarvis on the Financial Standing of our order, which was thoroughly enjoyed by all present; short addresses by the newly installed Consul Commander H. Cole and others, when a most pleasing event took place, calling our P.C. Sov. A. Steyenson to the dias. Sov. Clerk C. Steyenson to the dias. Sov. Clerk C. Steyenson to the dias. Sov. Clerk C. Steyenson to the dias.

Tables were provided and a very enjoyable and social hour was spent playing euchre, fraternizing and enjoying one of those pleasant evenings that Camp No. 12 is noted for, hoping that the same fraternal feeling will continue in the future as it did on the installing night, and that it will be the means of increasing the membership and putting the old Camp where it belongs as the Banner Camp of the Dominion of Canada.

The Situation.

The interview which King Constantine of Greece has given out for the special delectation of the residents of the United States bears throughout the stamp of peulance on the part of a man who has been foiled in his secret desires to aid the Huns.

Some French-Canadians and the War.

It is an unfortunate fact, but nevertheless, true, that certain French-Canadians do not hesitate to use what most of us regard as traitorous language with reference to the war.

know if we are French-Canadians, English-Canadians or simply Canadians. I'm not afraid to become a German subject.

Under German rule—a rule which Lavergne intimates that he would like—a traitor such as he shows himself would speedily be looking down the barrels of some rifles.

Two More U. S. Tributes.

New York Times:—"Canadians have a right to be proud of themselves." After giving thirty figures of enlistment in the Dominion army as made up of a hardy, rosy fit set of fellows.

"Canada, the world's second largest melting pot, child of the United States almost as much as of Great Britain and France, has reason to feel proud of her record during the last seventeen months.

VON PAPAN SENT MONEY TO MANY DIFFERENT PLACES

An Ottawa Man Stated to Figure on the List.

London, Jan. 20.—A chronological list of the most important payments made by Capt. von Papan, the recalled German military attaché, to various persons in the United States and Canada after the outbreak of the European war was made up by the British authorities from the books taken from his baggage at Falmouth and turned over to the American authorities in London.

Generous Aid.

Rome, Jan. 20.—The Italian Government has decided to extend generous aid towards the reorganization of the remnants of the Serbian army. It is said that fully 50,000 Serbians have already reached a refuge in Corfu.

John Bull Sends Coal.

Paris, Jan. 20.—A Havas despatch from Athens says that Great Britain has authorized the importation into Greece of 5,000 tons of coal in response to a request by the Greek government. Two Bulgarian officers the despatch says deserted in order to avoid the death sentence imposed upon them.

Four Agitators Arrested.

Tokyo, Jan. 20.—Four young political agitators have been arrested in the recent attempt on the life of Count Okuma, the Japanese Premier.

Damage Was Enormous.

London, Jan. 20.—The British correspondent of The Berlin Lokal Anzeiger who witnessed the recent explosion of the large German ammunition depot in Lille, northern France, describes the damage done as enormous.

OTAWA MAN RECEIVED \$500.

The list dates from September 8, 1914, to October 28 last. It shows that Capt. von Papan had a man in Ottawa, Canada, who apparently was working for him, for the cheque stubs show that he handed to Paul Koenig about \$500 for "secret service work."

GREEK KING

Is Said to Have Had His Bodyguard Doubled. London, Jan. 20.—Official denials of the allied ultimatum to Greece, reports of which were spread Monday by a Berlin news agency, were followed yesterday by despatches from Vienna, quoting Neue Presse, the semi-official Austrian organ, as stating in a despatch from Sofia that Greece yesterday sent a note to the Entente powers demanding evacuation of Greek territory by the allied troops.

Measuring Distance by Thirst

Charles Lamb had a method of calculating walking distances by the pint, but obviously that would not do for general use. Thirst varies, and any attempt to standardize the number of half pints of beer that should go to five miles would be hopeless.

Changing the Diamond.

Chicago, Jan. 20.—Amendment of the rules regarding the laying out of a diamond is in prospect, according to a statement by John Heydler, secretary of the National League who is here to-day to attend the major league schedule meeting.

Peel County Council granted the sum of \$25 to Reeve Milner for his services as secretary of the Patriotic Fund.

The canvass for the Canadian Patriotic Fund in Tottenham has been completed, receipts amounting to \$2,000.

TWO FRENCH PAPERS WERE SEIZED IN FRANCE BY

For Circulating Comments grin Representative Re Alleged Capitulation of I

Paris, Jan. 21.—The seizure yesterday throughout France of all copies of The Petit Parisien and The Journal by order of the censors' bureau, has raised a storm of protest in the entire press. The Parisien belongs to Senator Jean Dupuy, and the Journal to Senator Charles Humbert. They have a circulation of over a million copies each, and both are regarded as sober, influential publications which have always complied with the requests of the censorship. The reason for the seizure, the Journal says, was the publication of the note given out yesterday by the consul of Montenegro in Paris. Its publication at first was authorized, but later was ordered stopped, and as meantime the editions of these newspapers for the provinces had been printed and sent out, the censorship, without notifying the editors or publishers, telegraphed to every town in France ordering the police to seize all copies of the two newspapers containing the note. A few hours later authority was again given for the publication of this note with a few slight alterations. The seizure has occasioned the present outburst of criticism.

The note issued by the Montenegrin consul in Paris was cabled by the Associated Press correspondent on January 18, and received here on the following day. It constitutes an apology for the King of Montenegro and his government in agreeing to surrender to Austria-Hungary the consul basing his acceptance of the news in this connection on the press reports. He said that if Montenegro capitulated it was because the army had exhausted its stock of ammunition, and because even flight had been against the

Ottawa, Jan. 21.—Through the Prime Minister, Sir Robert Borden, Canada yesterday offered a complete, by equipped Fourth Canadian division for the front. The War Office has accepted the offer, and the division will shortly take its place in the fighting line in France along with the three Canadian divisions now there. The Third Canadian Division, which was offered last November, and is now completely organized and in the firing line under Major-General Mercer, is thus speedily followed by the total of the Canadian troops at the front up to a little over eighty thousand. It is certain that as soon as the need arises Canada will add at least another two divisions, and have an army of more than 100,000 men ready to join in the allies' offensive movement on the western front in the spring campaign.

Much Sickness Ca by the Sulphur

Brantford medical men already report much sickness in connection with the return of the sulphureted gas authorized to be turned on by Mayor Bowly.

The worst sufferers are infants and elderly people not able to get out of the house much this weather, but generally speaking all people forced to be around gas stoves and so on, complain of sore throats, and eyes, and nausea.

Dr. Pearson, Medical Health Officer, when spoken to by The Courier said that he had received dozens of complaints and it was too bad that the strenuous work which had been generally speaking all people forced to be around gas stoves and so on, complain of sore throats, and eyes, and nausea.

He stated that he intended to see the City Solicitors during the course of the day in order to ascertain what could be done.

Meanwhile they are having the sion to t
