A VICTORIAN'S VIEW.

One of the Lucky Men of the Old
Brigade Discusses Leech
River.

The Ground Too Close to City
Comforts to Be Mined to
Advantage.

Victorians who can remember the Van-
couver Island mining excitement of 1864,
when the "city" was very small and
young indeed, are once more reminded
of those stirring days by the reports now
daily arriving from Leech and Sooke
rivers, and particularly concerning the
former stream.

In 64 the gold was a rush
and the residents of this city never had
more golden dreams than then. The
streams were prospected and were found
to pay, but for reasons the claims were
never worked out. They were almost
abandoned, and for years and years un-
til this new interest in them has been
aroused, the city was a very different
place.

Y. M. I. GRAND COUNCIL.
Closing Business and Election of Officers
at the Annual Convention.

The annual convention of the Grand
Council of the Northwest Jurisdiction of
the Y. M. I. was brought to a close yes-
terday, the election and installation of
officers being the only business of public
interest transacted. The new officers are:

Supreme representative, F. A. Gar-
recht, of Walla Walla, Wash.
Grand president, W. H. Keary, of
New Westminster.
Grand vice-president, J. F. O'Brien,
of Tacoma.

Grand second vice-president, F. E.
McFeeley, of Vancouver.
Grand secretary, John B. Coffey, of
Portland.
Grand treasurer, S. F. Dove, of Port-
land.

Grand chaplain, Rt. Rev. Bishop Chris-
tie, of Victoria.
Grand chaplain, Marshall, Thomas Brown, of
Spokane.
Board of grand directors—Thomas
Doney, Lovell, county, Victoria; W.
H. Harris, Seckers, county, Victoria; J.
F. McAndrews, Walla Walla; J. F.
O'Neill, Butte, Mont.; T. J. Ivers,
Seattle; T. J. Ivers, Seattle.

The officers were installed by the de-
puty supreme president, H. J. Alstock,
of Seattle, and having his picture in
Le Soleil as the coming deputy minister
of militia. Col. Panet having entire-
ly recovered the use of his eyes, returned
to his department and resumed his work.
As the present deputy minister has
served 23 years, he would not be en-
titled to the full superannuation, and is
quite unwilling to retire from a position
that he is at present as well able to fill
as at any time during the past 10 years.
Major Pinault and his friends are most
anxious to have Sir Wilfrid's offer car-
ried out, but Col. Panet declines to be
informed of Sir Wilfrid's premature
promises.

People from Quebec tell of a meeting
held last night in the city of Montreal
Ancient Capital, between the major from
Matane and the present deputy minister,
then the following dialogue was over-
heard:

The Colonel—"Well, when are you
going to take my place?"
The Minister—"I can't answer that ques-
tion by asking when you are going to
leave?"

The Colonel—"Well, you will have to
run after it a good while yet."
Sir Wilfrid Laurier appears to look
upon the offer of deputy minister of
every department as his personal patronage,
and offers them to his friends with-
out even consulting the head of the de-
partment, who is responsible for its ad-
ministration.

Very strong reason would have to be
given for the retirement of Col. Panet,
if he is physically fit and willing to con-
tinue to serve—Canadian Military Gaz-
ette.

SANDON'S SOLID PROSPERITY.
A correspondent of the Spokane
Spokane-Review writes as follows:
The ideal mining town of the Kootenays
is Sandon. Squeezed in by towering
Sandons, 3,500 feet above the level of
the sea, it presents to the stranger the
correct characteristics of a mining gulch
town, often heard of but rarely seen.
The houses are built on the hillside,
to infer that the town of Sandon, by
its situation, is simply small.

There is another reason for the long
suspension to operations Mr. Booth
thinks, and it is that the place is too
near the city.

"Prospectors would get up in the
morning, eat their breakfast, and dis-
cover then that they were short of grub.
They would come back and get only
fresh supplies and so it went on. But
the same diggings a thousand miles away
from a town and from civilization, and
prospectors would have found something
or worked the whole country over."

This is what Mr. Booth said yesterday.
He believes that the hills surrounding
Leech river would be grand producers
if only worked by modern
hydraulic methods. He says that he
comes from these, and is carried into the
rivers by the annual inundations caused
by the heavy rains and by the snow
melting in the mountains.

Mr. Booth said: "The Imperial govern-
ment sent an engineering party over the
country in the early sixties to make a
report on the characteristics of the is-
land. The party started in at Cowichan
and worked its way up to Leech river
Flattery. When going down the Leech
river they found gold and sent word
of it to Victoria."

As a result, from two to three thou-
sand people flocked out to the place.
I remember," he said, "one party of
miners headed by a certain Wilfrid Laurier,
son, who took between six and seven
thousand dollars worth of gold out of
the hills in the early sixties. Another
member, also, a Portuguese who did
well but cannot at present recall the
names of all the successful ones.

Every Saturday evening on
Sunday morning there used to be a gen-
eral exodus of Victorians to the gold
fields. It was a grand sight to see
come in them that as soon as Mr.
Sam Levy's party returns I will go back
with them. There is big power to be
obtained, and a little improvement in
the water there is too rough at times, and
too deep to be successfully mined."

A LITTLE TRIMMING WANTED.
The Trinis and Woos of Victoria Cit-
zens During a Short Walk.

Any number of complaints are being
made that the police are not looking af-
ter the carrying out of the resolution
passed by the city council a short time
ago as to enforcing the streets-by-law.
When the resolution first passed, there
was certainly a little improvement in
the way of trimming of trees that
overhung the streets, but that was only
a few out of the many trees that
overhang the streets, and a pedestrian has
to dodge to avoid a hat being swept away
or an eye punched out by the too luxuri-
ant growth of the trees.

Some private property. If one of the
big men on the "finest" was sent to
parade in the streets, he would not
be a very successful one, but in a week
and a half he would be a very successful
one.

SIR WILFRID'S PROMISES.
A Quebec Friend Who Was to Have
Been Deputy Minister of Militia.

The contained reports in the Quebec
papers that Col. Panet, deputy minister
of militia, would be the next deputy
minister, is a story that has been
circulating for some time.

Col. Panet, of Quebec, is
placed by Major Pinault, of Quebec,
as causing a good deal of comment, as Col.
Panet is accused of having lost his
mind, and now refuses to retire. There
appears to be no foundation for the re-
port of Col. Panet's case of mind, as
he had never made up his mind to retire.
The way that Major Pinault first re-
ceived the appointment from Sir Wilfrid
Laurier is believed to be that about
two years ago, Col. Panet's eyes having

been injured by overwork, he applied for
and obtained leave of absence. This in-
formation having come to the ears of Sir
Wilfrid Laurier, he assumed that Col.
Panet was about to retire voluntarily,
and offered the appointment to Major
Pinault, without even consulting the
Minister of Militia. Major Pinault nat-
urally accepted the offer, and told his
friends of his good fortune, and received
his congratulations on his good luck.
As there was no saving clause in Sir
Wilfrid's offer, Major Pinault had en-
tirely recovered the use of his eyes, re-
turned to his department and resumed his
work.

As the present deputy minister has
served 23 years, he would not be en-
titled to the full superannuation, and is
quite unwilling to retire from a position

NO AUGUST STEAMER.
Owing to Demands of War Port-
land Goes Without This Month's
Oriental Liner.

The O. R. & N. Co.'s Oriental line was
slightly interfered with by the United
States government, when the big liner
Arizona was pressed into the transport
service, and as a result there will be no
August steamer from Portland, which
the Oregonian.

The Columbia, which
was scheduled to follow the Mogul
on the Portland line, was sent to
Tacoma to take the cargo which had
been collected for the Arizona, and
as no other steamer was available, one
trip was dropped, and the next steamer
due here will be the Braemar, about Sep-
tember 11. The demands of war, to-
gether with booming business in the Far
East, have caused a temporary scarcity
of steamers, but this will soon be reme-
died, and when the war is finally set-
tled there will be an abundance of craft
of all kinds.

SHORT OF PROVISIONS.
Schooner Director Arrives Home From
the Asiatic Coast With Her
Lockers Empty.

The schooner Director, Capt. Gilbert,
the only vessel of the Victoria sailing
fleet to hunt on the Asiatic coast, re-
turned to port last evening, after a
crisis lasting for seven and a half
months. Four hundred and forty skins
were taken on the trip—300 on the
Japanese coast, and 100 off the coast
of the Philippines.

The schooner touched at Honolulu and
Hakodate, and returned to the coast
of the Behring sea. Only four seals
were seen, and they were too far distant
to be secured. The Director's crew
is distinguished. No seals were seen,
and they were too far distant to be
secured.

Mr. Turner Disputes His Honor's
Assertions and Challenges
His Attitude.

The following correspondence relative to the dismissal of the late private secretary, and His Honor's choice of new advisers, was officially made public yesterday in an extra of the British Columbia Gazette:

Provincial Secretary, Office,
23rd August 1898.

His Honor the Lieutenant-Governor directs that the following correspondence relative to the dismissal of His Honor's late private secretary, and the appointment of his successors, be published for general information, by command.

At Government House,
Victoria, B. C., July 13, 1898.

The Hon. the Provincial Secretary, Victoria, B. C.:

Sir,—Referring to the order-in-council received this morning by His Honor the Lieutenant-Governor for approval, dated the 8th inst., wherein the several jurisdictions of Messrs. Alexander Sproat, S. M., and John Kirkup, S. M., are settled and defined, and Messrs. Sproat and Kirkup, as aforesaid, are also incorporated a recommendation that Mr. Frederick George Fauquier be appointed a gold commissioner, to be in the Ainsworth mining division of West Kootenay, and a stipendiary magistrate in and for the county of Bulkley, on a salary of \$125 per month, I am directed by His Honor the Lieutenant-Governor to say that so much of the order as settles the jurisdictions of Messrs. Sproat and Kirkup, as aforesaid, must be made the subject of a separate recommendation of the order herewith for amendment, as indicated.

I have the honor to be, Sir,
Your obedient servant,
(Signed) THOS. R. McINNIES,
Private Secretary.

At Government House,
Victoria, B. C., July 14, 1898.

To the Hon. J. H. Turner, Premier of the Province of British Columbia:

Sir,—Referring to a letter of my Private Secretary, dated yesterday, and addressed to the Honorable the Provincial Secretary, returning a recommendation of the Executive Council, made in the matter of the appointment of Mr. George Fauquier as a gold commissioner and stipendiary magistrate, unapproved by me, I have the honor to inform you my reasons for so doing, as well as to indicate the course I wish to follow for the present in regard to such recommendations.

As a result of the general elections in this province, held on the 9th inst., as other than in the ordinary course, the result of the general elections in this province, held on the 9th inst., as other than in the ordinary course, the result of the general elections in this province, held on the 9th inst., as other than in the ordinary course...

I have the honor to be, Sir,
Your obedient servant,
(Signed) THOS. R. McINNIES,
Lieutenant-Governor.

At Government House,
Victoria, B. C., July 23, 1898.

To the Hon. J. H. Turner, Premier of the Province of British Columbia:

Sir,—In my letter of the 14th July last, regarding my refusal to approve of certain minutes of council through which I stated that I could not look upon the result of the general elections as the basis of the formation of a new administration, and an expression of confidence on the part of the electorate. You were informed by the same letter that, pending the Cassiar election, I would not embarrass you in administering the ordinary business of the country, but that unless I could be shown that you had the support of the majority of the members of the legislature, in the legislative assembly, I would not accept the advice of yourself and colleagues in regard to new appointments, or in regard to special expenditures of money, except in cases of urgent necessity in the interests of the province. I said pending the Cassiar election, that the result there, whether favorable or otherwise to your administration, would serve as the basis of my verdict of the electorate, but because I did not wish to take any decided action thereon until the writs had been returned from every constituency in the province. Since writing the letter, however, the representations made by yourself and colleagues, and hence referred to, in regard to the expenditure of various sums of money, have influenced me to the extent that I shall no longer await the return of the Cassiar writs before acting on what I consider the verdict of the electorate, as it may be that further delay in calling the country to whom I would have full confidence would prejudicially affect the interests of the province.

regard to "new appointments to office, or in respect of any special expenditures of money not necessary for the current estimates, unless shown that an urgent necessity exists in the interests of the province."

Your Honor, however, proceeds immediately to inform me, as your own letter in these matters may be in fault, and being convinced that I and my colleagues are no longer "endorsed by the electorate," you have decided to longer delay in calling for your advisers." and your Honor concludes by asking that I and my colleagues should be asked to resign, and that you, and as members of your Executive Council.

To the Hon. Robert Beaven, Esq., Victoria, B. C.:

Sir,—I have the honor to inform you that, by letter of even date herewith, I have relieved the Hon. J. H. Turner and my advisers and members of my Executive Council. This action I have taken in view of the result of the general elections in the legislature, and the fact that this is probably the most important period yet known in the development of the province, and that the month which has elapsed since the said general elections, I have deeply felt the need of advisers in whom I could place implicit confidence, and whose recommendations I could unhesitatingly approve. And knowing your thorough knowledge of the province, and having in view your long and honorable experience throughout a quarter of a century in the administration of its affairs, and regarding you, moreover, peculiarly fit to reconcile its conflicting political factions, I have called upon you to act as chief adviser to the representative of the Crown.

No ordinary political party lines were adopted by any of the candidates. It is not, however, and has no reason to believe, that of the gentlemen so far elected a majority have in any way indicated their desire to support a direction of want of confidence in the present administration.

case, and I so informed the Attorney-General. The next day, after an all-night session of the assembly, from members variously opposing this clause retired, as a protest, in a body, the Attorney-General withdrew the said clause, and he did not explain to me nor did I know at that time, that while Cassiar was being granted an additional member, there were only 288 names on the voters' list, far more important and populous sections of the Kootenay territory were being given little or no representation, and he did not explain to me by the people and press of the Kootenay districts not to sanction the bill, and even to demand the resignation of the Attorney-General.
