Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

- Coloured covers/
Couverture de couleur
 - Covers damaged/
Couverture endommagée
 - Covers restored and/or laminated/
Couverture restaurée et/ou pelliculée
 - Cover title missing/
Le titre de couverture manque
 - Coloured maps/
Cartes géographiques en couleur
 - Coloured ink (i.e. other than blue or black)/
Encre de couleur (i.e. autre que bleue ou noire)
 - Coloured plates and/or illustrations/
Planches et/ou illustrations en couleur
 - Bound with other material/
Relié avec d'autres documents
 - Tight binding may cause shadows or distortion along interior margin/
La reliure serrée peut causer de l'ombre ou de la distortion le long de la marge intérieure
 - Blank leaves added during restoration may appear within the text. Whenever possible, these have been omitted from filming/
Il se peut que certaines pages blanches ajoutées lors d'une restauration apparaissent dans le texte, mais, lorsque cela était possible, ces pages n'ont pas été filmées.
 - Additional comments:
Commentaires supplémentaires:
- Coloured pages/

 - Pages wholly or partially obscured by errata slips, tissues, etc., have been refilmed to ensure the best possible image/
Les pages totalement ou partiellement obscurcies par un feuillet d'errata, une pelure, etc., ont été filmées à nouveau de façon à obtenir la meilleure image possible.
- Irregular pagination: 2-35, 36 - [37], 50 - 215 p.

This item is filmed at the reduction ratio checked below/
Ce document est filmé au taux de réduction indiqué ci-dessous.

10X	12X	14X	16X	18X	20X	22X	24X	26X	28X	30X	32X
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

The copy filmed here has been reproduced thanks to the generosity of:

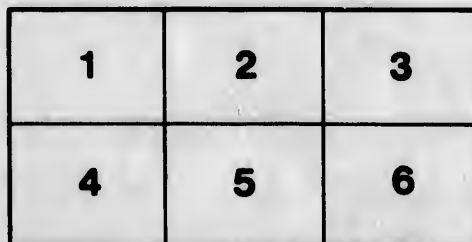

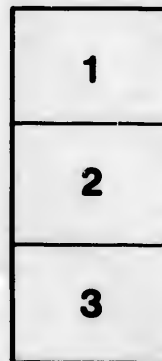

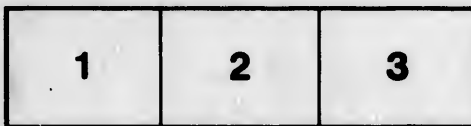

Library Division
Provincial Archives of British Columbia

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Library Division
Provincial Archives of British Columbia

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

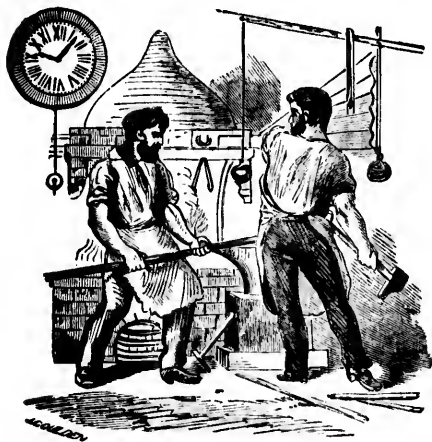

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

ST. LAWRENCE HALL, MONTREAL, CANADA
HENRY HOGAN, - PROPRIETOR.

FOR the past 37 years this HOTEL, familiarly known as the "ST. LAWRENCE," has been a household word to all Travellers in the Continent of North America, and has been patronized by all the ROYAL and NOBLE personages who have visited the City of Montreal.

This Hotel, including the entire block, which is admirably situated, being in the very heart of the City and contiguous to the General Post Office, Public Buildings and other places of Interest and of Business, has recently been acquired by Mr Henry Hogan, the former proprietor, who has handsomely and appropriately decorated and renovated the interior, and completely refitted the whole of the apartments with new furniture, comprising 100 new rooms, making a present number of apartments

A new and elegant Passenger Elevator has also been added, and the Halls and Public Rooms are lighted by the Electric Incandescent lights, making it the most attractively lighted Hotel in the Dominion. The Hotel is managed by Mr. Samuel Montgomery, under the immediate personal supervision of Mr. Hogan, than whom no one is better qualified to conduct an hostelery of such magnitude as the ST. LAWRENCE HALL, and than whom no one has a better reputation as an obliging, generous and considerate host. *Hotel Coaches are in attendance on arrival of all Trains and Steamers. Baggage Checks should be given to the Porter in attendance.*

PREFACE.

The Publishers have much pleasure in submitting herewith the annual edition of their Vancouver City Directory. Great care has been taken in compiling and revising the Directory, which, we trust, will meet with the approbation of our subscribers.

Special attention is called to our Street Directory, it being the first one ever published of the City of Vancouver

Telephone numbers are placed after the names.

Every effort has been made to secure the christian names in full, which we believe will be of advantage.

We also desire to announce that the Directory of the City of Vancouver for 1890 contains **999** names *over that of last year*, being an increase in population of **3997**, as estimated by the following tables :

In 1889

Vancouver had 2631 names, multiplied by 3.....	7,893
Floating population and Chinese.....	1,000
Estimated population.....	8,893

In 1890

Vancouver has 3630 names, multiplied by 3.....	10,890
Floating population and Chinese.....	2,000
Estimated population.....	12,890

Thanking our patrons for their encouragement, courtesy and liberal support, our endeavors will be to merit a continuation of their favor.

L. G. HENDERSON,

Compiler.

VANCOUVER, January, 1890.

VANCOUVER

STREET DIRECTORY.

THE STREET DIRECTORY is presented in a condensed form and is intended to show the exact location of each house with its occupants, and in places of business who compose the firm and the employes.

Fuller information will be found in the ALPHABETICAL DIRECTORY.

A * before a name indicates a separate house without a number, when there is a * and a number, that there is no number on the house.

VANCOUVER

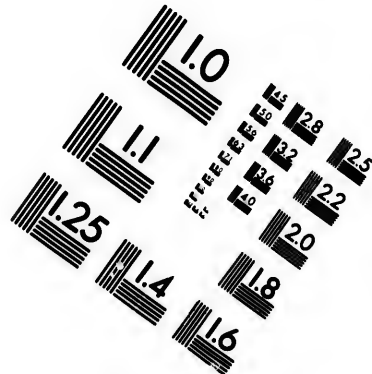

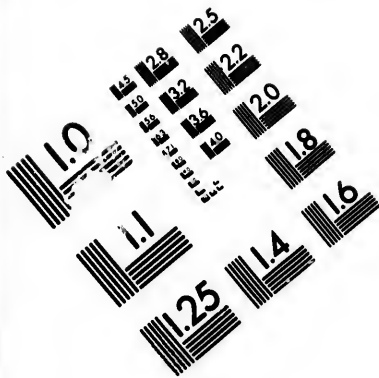

ALPHABETICAL DIRECTORY.

NOTE.—THE FOLLOWING ABBREVIATIONS ARE USED IN THE VANCOUVER DIRECTORY; the word street is omitted after the name of the street; *av* *avenue*; *nr* *near*; *cor* *corner*; R.C.P.M. Co., *Royal City Planing Mills Co.*; C.P.R., *Canadian Pacific Railway*; C.P.N. Co., *Canadian Pacific Navigation Co.*; H.S.M., *Hastings Saw Mill*; V.C.F. & M.W., *Vancouver City Foundry and Machine Works Co.*

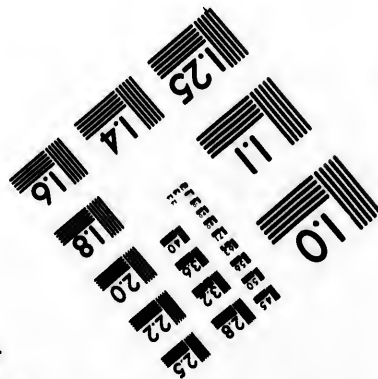

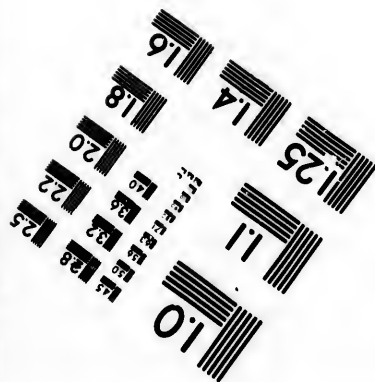

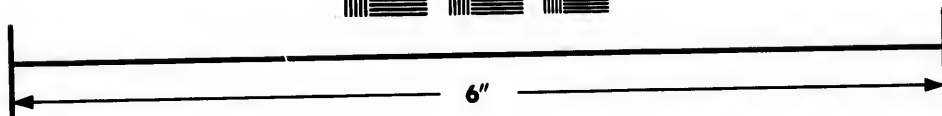

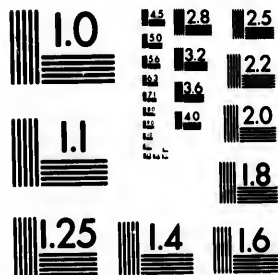

This wonderful young city is situated at the Western terminus of the Canadian Pacific Railway, 15 miles north of the mouth of the Fraser River. The principal part of the city occupies a peninsula, bounded north by the waters of Burrard Inlet, south by a small indentation called False Creek, and west by English Bay, of which the other two are arms. The city is extending to the east, and to the south across False Creek.

The site of Vancouver could scarcely have been better chosen for a large city. The peninsula on which it is located rises to an attitude of about two hundred feet at the highest point, and from the central ridge there is a distinct descent to the water's edge on either side. This affords the most perfect drainage at all times. Burrard Inlet is always safely navigable for the deepest draft vessels, and is one of the finest harbors in the world. The passage at the narrows or mouth of the inlet is about half a mile wide. Opposite the city front, however, it is more than two miles wide, with a depth varying from six to twenty fathoms, and extends inland about twenty miles, and affords access to a considerable area of rich country, the products of which Vancouver governs, in this respect serving the commercial purpose of a large river. On the west and south, English bay and False creek also afford accommodation for shipping. The capacity of the city for marine commerce can never be outgrown, no matter what magnitude it may attain.

LEAMY & KYLE, Prop's, Commercial Saw Mills, Rough and Dressed Lumber, Doors,
Sash, Laths, &c. **VANCOUVER, B. C.**
Cars loaded in Mill Yard for all points on C.P.Ry. and connections.

A few wooden buildings occupied by fishermen and lumbermen were known by the name of "Gastown;" after a time it assumed more importance, and was called Granville. When it was settled that the Canadian Pacific Ry. would make this point its western terminus, the hitherto insignificant village suddenly sprang into prominence, and it was incorporated under the name "Vancouver," on April 6th, 1886, the population being about 600. The name is in honor of Capt. Geo. Vancouver, R. N., who, one hundred years ago, discovered, explored and named Burrard inlet. Its prosperity in the near future is a matter of certainty, and it is sure to increase until it attains the proportions of a magnificent city.

Four years ago, nine-tenths of the present area of the city was a dense unbroken forest of high firs, with but a single street and a few rough logging roads, leading into the forest; one of these to New Westminster. The timber was being removed at a cost of about \$300 an acre, and the place was being transformed from a wilderness to a city, when in a few hours, on the 13th June, 1886, a fire swept the place, and only left a few buildings standing. Phoenix like it has sprung from its own ashes, for on the completion in May, 1887, of the C.P.R. into Vancouver, and the arrival of the first through train from Montreal, an impetus was given the growth of the city, and the advancement made is marvellous.

In January, 1886, the population was 600; January, 1887, 2,000; January, 1888, 6,000; January, 1889, 10,000; and in January, 1890, it is estimated will be 15,000.

The following statistics are from the voters' list of the city:

No. of Voters.	1887.	1888.	1889.
Ward I.....	207	409	672
Ward II.....	297	426	621
Ward III.....	180	346	472
Ward IV.....	151	258	481
Ward V.....	54	97	185
Totals.....	889	1536	2431

The climate is temperate, the thermometer seldom registering above 90° in the summer, and lower than 10° in winter. The rainy season may be considered from November till March. The driest months in the year are June, July, August and September.

walks.

Spring early and mild.

Summer is warm, even temperature, cool and pleasant evenings, even after the hottest days.

Autumn bright and pleasant.

Winter, damp, snow falling occasionally, remaining but a short time interspersed with clear, beautiful weather, when the snow-capped mountain peaks across the Inlet look dazzlingly beautiful in the sunshine.

The city is laid out on a magnificent scale, and is being built up in style fully in accordance with the plan.

Handsome blocks of buildings, three and four stories high, built of granite and brick, with all modern conveniences. The residence portion is not lacking in houses that would do credit to any of our Canadian cities.

Nearly all the streets are graded. The more important business ones, being planked. Good wide sidewalks. Electric motor street cars will be in operation early this year. Streets are well lighted with the electric arc light. The street names are placed on the houses at the corners, and all the houses are numbered. The system being 100 numbers to a block.

The several churches are represented as follows: Episcopalian, 2; Roman Catholic; Presbyterian, 2; Methodist, 2; Baptist; Congregational; Chinese Mission.

Its daily papers, the *News Advertiser* (morning) and *World* (evening), give their readers the latest news from all over the world, and are indicative of the energy and enterprise of its citizens. Both papers publish weekly editions.

The Water Works system is second to none.

The elevation of the reservoir on Capilano River across the Inlet is over 400 above high water mark, the average height of the city being about 100 feet, extreme height South of False Creek (Mount Pleasant), 200 feet.

A sewerage system of wooden boxes is giving satisfaction. Some 15,000 feet have already been laid, and are being extended.

The Fire Department has two stations, each of which contains a steam fire engine and hose reels, which are drawn by horses. There is also a hook and ladder truck.

Stanley Park, a peninsula of 950 acres, almost surrounded by water, is encircled by a beautiful 10 mile Driving Road, and intersected by drives and walks.

LEAMY & KYLE, Prop's, Commercial Saw Mills, Rough and Dressed Lumber, Doors,
Sash, Laths, &c. **VANCOUVER, B. C.**
Cars loaded in Mill Yard for all points on C.P.Ry. and connections.

108

HENDERSON'S VANCOUVER

East End Park contains 160 acres granted by the Local Government.

The city has also 40 acres of land on south side of False Creek reserved for park purposes.

The hotel accommodation of the city is far ahead of what would be expected in so young a city. The C.P.R. Co. hotel, the Hotel Vancouver, a magnificent building, 130 by 104 feet, which cost \$250,000, and in it are found all the comforts and luxuries of a first-class house; among the many other hotels in the city, the Leland House takes the first place.

Its docks present a lively appearance; from them regularly arrive and depart steamers and ships for local and foreign ports. The Clyde built steamer "Islander" makes daily trips to Victoria, distance 90 miles, in connection with the C.P.R. trains.

The Canadian Pacific S.S. Co.'s steamships ply tri-weekly between this port and Yokahama and Hong Kong.

The Pacific Coast Steamship Co.'s boats arrive every five days on their regular trips from San Francisco to Puget Sound and B. C. waters.

Str. "Premier," tri-weekly to Port Townsend, Seattle, Tacoma and other Puget Sound ports. Str. "Dunsmuir," tri-weekly to Nanaimo and New Westminster.

Several sailing ships are generally anchored in the harbor or loading lumber at the saw mills, as a large foreign export trade is carried on through them.

That great chain, the C.P.R., binds British Columbia to the Eastern part of our Dominion, first giving existence to Vancouver, and is now doing much for its prosperity as well as for the general good of the Province.

The C. P. R. have been true to their word in making Vancouver their terminus, of which the centralization of their work and machine shops, car factories, etc., in the portion of our City called Yaletown, gives the best proof. This city will shortly become the connecting link between The Seattle, Lake Shore and Eastern Railway, which will cross the Fraser River at Mission Station, and the New Westminster and Southern Railway; these are being rapidly pushed, so that Vancouver will become the point of the North Pacific slope for transmission of freight and passengers to and from the Orient and Australia.

As to the industries of the city, it is only necessary to examine the following pages, and also the classified directory, to realize that Vancouver has a great future before it; other places have sprung up rapidly, but there is no record on this continent of the building of a similar city with all the improvements of modern civilization in so short a period.

**Are You Sick or in Bad Health?**

**PROF. ZIMMER**

No. 10 Abbott Street, Vancouver, B.C. is now daily receiving from the East and other parts of the globe consignments of **ROOTS AND HERBS**, specially selected for him, for the purification of the human blood and the restoration of deranged systems. The fall and winter season is now upon us. It is the period when the strongest and stoutest of systems are severely tested. The hundreds of testimonials now in possession of the Professor attest the efficiency of his herbs as healers and health restorers. The heads discovered in the vicinity of this city a few months ago have stayed, in the most efficient manner, the ravages of consumption, as well as relieving those threatened with Asthma and Dyspepsia. Correspondence solicited. Remember the address, No. 10 Abbott Street, Vancouver, B.C.
