### ADRIANOPE EVACUATED BY TURKISH GARRISON?

Withdrawal Reported Complete—Four Nations to Side With Allies?

Canadian Press Despatch.  
LONDON, Jan. 18.—The Turkish garrison at Adrianople, the partial withdrawal of which was previously reported, has now completely withdrawn, according to an Athens despatch, which gives no explanation.

The London papers print a forecast, appearing in The Paris Figaro, that Italy, Greece, Roumania and Bulgaria will join the allies, but there is nothing more definite relative to this turn of affairs than there was a fortnight ago.

### REV. S. C. GRAEB ASKED TO RESIGN AFTER 16 YEARS

Congregation Demands His Resignation From High Park Presbyterian Church.

MAJORITY THIRTY-FIVE  
Vote Was Taken After Lively Discussion by Members of Church.

The members of High Park Presbyterian Church are not pleased with the conditions which exist there was plainly evidenced at a meeting of the congregation last night, called to consider the best means to be taken to ensure a harmonious management of its affairs. It was alluded to the Rev. S. C. Graeb, and that an organized effort was being made to have him removed from the pastorate of the church. With some he had become unpopular and it was decided to have a canvass of the members to ascertain their true attitude. Those who conducted that canvass stated last night that when some of the members declared last night, "We will have a change in our minister if a success is to be made of this church."

Canadian Press Despatch.  
PARIS, Jan. 18, 6:10 p.m.—An eyewitness with the French army gives a summary of the operations in the west. He says:  
"The period from Jan. 5 to 15 has been like the preceding period, marked by wretched weather conditions—rain, snow, wind and fog, and mud. As a consequence the operations have slackened. The events worthy of note are:  
"First, the extension and strengthening of our successful operations on the right bank of the Yser between St. Georges and the sea. The German offensive in this region has broken itself on the Yser, we have on the other hand, gained a broad open space beyond the river.  
"Second, the fighting near Soissons, where our offensive began brilliantly, has been checked by the flooding of the Aisne, with the consequent destruction of three footbridges, preventing reinforcements from being sent to the right bank to oppose a very strong attack by the enemy; hence there has been a withdrawal of our forces of less than 1500 metres (a little over a mile) on a front of less than five kilometres (more than three miles).  
"Third, the new advances gained by us in the region of Perthes, and the failure of all the counter-attacks of the enemy.  
"Fourth, the failure of the German attacks in the Argonne.

### AVIATOR GILBERT'S THIRD VICTIM

Canadian Press Despatch.  
PARIS, Jan. 18.—Referring to the exploits of the French aerial corps, the official eye-witness says:  
"It was Lieut. von Falkenstein, not Von Falkenhayn, as erroneously reported, who was killed by the French aviator Gilbert. This was the third time that Gilbert, who is a military medalist, succeeded in bringing down a hostile craft."

### SUBMARINE DESTROYED BY DARDANELLES MINE

Turkish Report Corrects Former Statement of Loss by Gunfire—Survivors Rescued.

Canadian Press Despatch.  
BERLIN, Jan. 18.—By wireless to (Saville).—An official communication issued by the Turkish army headquarters today says that violent fighting is in progress near the Caucasian frontier against Russian reinforcements.

It also was reported from Constantinople that the destruction of the French submarine Saphir, reported on Saturday to have been sunk by the Turkish artillery, was due to striking a mine at the entrance of the Dardanelles. Turkish motorboats rescued the survivors.

### RUSSIAN LOST SWEEPING ON INTO PRUSSIA

Rear of Von Hindenburg's Army in Poland is Threatened.

SWEEP IS IRRESISTIBLE  
Turkish Winter Campaign in Caucasus Has Suffered Final Collapse.

Special Direct Copyrighted Cable to The Toronto World.  
PETROGRAD, Jan. 18.—The German force before Warsaw has weakened by withdrawal of troops to protect its rear from an attack by the Russian army north of the Vistula, which is sweeping all before it in its advance on the border of East Prussia and West Prussia.

The Russians have advanced past Pzoznec, seventeen miles west of Plock and hold the territory along the line reaching from the Vistula to the border on the north, while advanced guards of cavalry have met, with no opposition in the region north of Lipnow toward Gussau.

A new Russian offensive movement directed either against Von Hindenburg's main army, west of Warsaw, or upon the German-Austrian forces operating for the relief of Cracow, is disclosed by the statement of tonight's official bulletin which records the destruction of a German armored motor-car in the region to the east of Piotrkow, south of Lodz, by Russian artillery. The significance of this movement is that it appears to pre-empt an attack on Von Hindenburg's lines from the south, while another Russian force sweeps down from the north.

The capture of trenches taken by the Germans on the main front before Warsaw on the Vistula River is also recorded with the wiping out of the German forces occupying these lines.

This restores the situation to its former status.

The Russians still hold Tarnow, 46 miles from Cracow, and frustrated German attempts at bombarding it with heavy artillery.

Conditions remain at a standstill in other parts of the front, save for a German claim of small success on the heights of Zolichow in Galicia, near the Turkish-Finish Rear.

The Turkish winter campaign in the Caucasus has now suffered its final collapse. Its character has become very slender when the Goban and Baku failed to control the communication in the Black Sea, between Constantinople and Trebizend. The Turkish army, assembled around Erzerum, found itself out of touch with the front lines and control an hour's task of converting Enver Pasha's defeated and retreating corps at Karakum into a force strong enough to contend with Russia, the Turkish rank and file fought stubbornly for ten days on the frontier positions, they fell victims to the careless and incompetent management of their German-Turkish leaders. Originally Enver Pasha was sent forward by Enver Pasha and Gen. Von Sanders into the Russian territory, but after the disaster at Ardagan and Sarikamish only the remnants of two corps could rejoin the eleventh Turkish corps, which was the reserve of the invading army. It is this combination which is now retreating hastily on the road to Erzerum, with its rear guard annihilated by the Russian forces.

In Desperate Flight.  
A German general Lange has been left to try to extricate the Turks from complete destruction. They have thrown great numbers of the field guns into the deep snow covered ravines. Russians are now inside Turkish territory within four marches from the Erzerum. The garrison there amounts to 30,000 with ample artillery but devoid of ammunition supplies from the coast and are held in a narrow strip across Anatolia. Turkish prisoners of whom there are many thousands now in Russian hands have neither uniforms nor tents. When the Russians surrounded them in the forest, they found 900 frozen corpses with rifles in their hands. The Turkish corps from Bagdad was much better equipped but was unable to withstand the cold. The captured Kurds are all dressed in sheepskins but many do not speak Turkish and evidently they believed they were on a brigandage expedition. The fact of Enver's partnership with the German staff is reacting widely among the Mohammedans. Among trophies taken to the Russian quarters is a great procession of mules laden with artillery, shells and blankets and camels carrying parts of guns.

### LOUVAIN WAS BURNED TO COVER UP TERRIBLE GERMAN ATROCITIES.

STORY OF A SURVIVOR

Bodies of Germans Were Removed, But Civilian Remains Were Left.

The following letter was received in Toronto yesterday. It was written by a Catholic cleric who was present at the burning of Louvain and is now in the centre of the fight at Arras. It was addressed to a member of his order in Toronto who has just returned from Belgium.

"Dear friends: As I know it will interest you, I am sending you an account of the last night of the City of Louvain."

"It was what formerly Louvain there remains now not a man, woman or child and the Dyke and the canal reflect only diabolical walls and streets are not to be traced, and the greater number of the houses are in ruins. On all sides are to be seen charred horses and charred human corpses in the first stages of decomposition. These are not the bodies of German or Belgian soldiers. No doubt a goodly number of Germans were killed during the night of Aug. 25-26, but their bodies were carried away, as to the allies, no vestige of their passage could be seen, even on the morning of that tragic night. No Belgian, French or English gun was heard and the civilians who a few days later were accused of firing on their own troops, were not to be seen in their homes. It was only drunkards, beast-homes, who killed each other. The last night of Louvain was a night of night of drunkenness, quarrels, incendiarism and murder; such a night as the commanding officer wished to hide from the memory of all by the burning of the city. But the fire which a dastardly brigand lit to burn the city hall and the Church of St. Genevieve, the pride of the former magnificent city. These two masterpieces of human genius and intelligence now contemplate that other master piece of 'destructive genius' of a band of vandals, accomplished in one awful night. NEW SKIRT STYLES GLADLY WELCOMED

Fashion Decrees Yards and Yards of Dainty Fabric.

STREET HATS SMALL

Some New Models Launch Striking Touches of Color.

The voluminous circular skirt has met with unprecedented and impartial success. Its reception is whole-hearted and enthusiastic to a degree.

For the "faint" skirt now being out on such a scale as never before, it leads. Its qualities are excellent. It wears well and keeps its shape.

Military influence still naturally prevails. Brills and soutaches of a width of one to two inches appear as ornamentation of suits, coats and frocks.

PALE AND SICKLY BOYS AND GIRLS

Need All the Strength That Good Red Blood Can Give.

Youth is the time to lay the foundation for health. Every boy and girl should have plenty of pure, red blood and strong nerves.

There is just one thing to do for these boys and girls—build up the blood with Dr. Williams' Pink Pills for Pale People.

There must be no guesswork in the treatment of anaemia. Through neglect or wrong treatment anaemia gradually develops into a chronic form which is practically incurable.

Dr. Williams' Pink Pills work directly on the blood, give it just the element which it lacks. In this way these Pills build up every organ and nerve in the body.

Sold by all medicine dealers or sent by mail, post paid, 50 cents a box or six boxes for \$2.50, by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

BRITISH SPIRIT DOES NOT OBJECT

English Public Makes No Distinction Against German Music.

ERNEST SEITZ CONCERT

Cosmopolitan Program Arranged Follows Those Given in London.

The program to be given by Ernest Seitz in Massey Hall tomorrow evening will be absolutely British in character, because it will be cosmopolitan in make-up.

Therefore, the musical public of Paris in a time of war need not be excited, any more than those of Moscow, to tolerate German music on a program. But the musical public of London make no such distinction.

FIRST NIGHTS AT TORONTO THEATRES

UNUSUAL APPEAL IN CLEVER COMEDY

"Misleading Lady," Now Playing at Princess, is New Production.

A comedy which in this age of rapid production can produce even a few features of distinct novelty, will never suffer through a lack of appreciation.

In the rapid shift of circumstance the rapid change of circumstance is a feature of the play. The plot does not consist so much of the action as it progresses, but it lies rather in the setting of the complete action.

Helen Steele, a social butterfly, toys with the idea of leaving her lover, Jack Craighan, who has appeared on the fringes of her circle.

"A Prince of Fattens" there are four acts, each scenically perfect and illustrative of the Dutch type of dress and costume as they appear in the early period.

The supporting company is one of the best in the city. The play is a masterpiece of the art of the dramatist.

DIFFICULT TO SECURE MILITARY TEXTBOOKS

Considerable difficulty has been experienced in getting text-books for the men who are studying for substitutes or efficiency military certificates. There are over six hundred Varsity students who are anxious to get down to the study of the theory and practice of their work.

The "Infantry Training" volume is easily procurable but the "Field Service Regulations" and "Pocket Book" cannot be obtained.

UNEMPLOYED ELSEWHERE.

According to a letter received by Mayor Church, Toronto is not by any means the worst off as regards the unemployment situation.

War and Whisky Are Twins

Whisky is a poison, and worse than that, it is a moral character first—the body afterwards.

AL. H. WILSON PRINCE OF FATTENS

Popular Singing Comedian Given Warm Reception at the Grand.

DELIGHTFUL SONGS

Tender Ballads, Comic Jingles and Military March Song Also Rendered.

Al. H. Wilson has many admirers in Toronto and his reception at the Grand Opera House last night when he presented the most successful romantic drama, "A Prince of Fattens," was a flattering tribute to his popularity.

The atmosphere of this quaint and interesting story of New York's early days is unique and attractive. The play is a masterpiece of the art of the dramatist.

DECIDED TRIUMPH AT ALEXANDRA

Guy Bates Post Called Several Times Before the Curtain.

STRONG HUMAN PLAY

Story of "Omar the Tentmaker," Leans to Mystical Interpretation.

Guy Bates Post had a decided triumph last night at the Royal Alexandra in "Omar the Tentmaker." The audience was a capacity one and unusually responsive, and at the close of the second act, the play was called back.

The play is one that wears much better than the ordinary spectacular piece. There is a strong human interest in the plot; the characters are well marked; the atmosphere of the east has a distinct charm, and is most aptly rendered.

"Omar the Tentmaker" is a story of a mystic and a materialist. The play is a masterpiece of the art of the dramatist.

The supporting company is one of the best in the city. The play is a masterpiece of the art of the dramatist.

TUESDAY MORNING, JANUARY 19, 1915

German Hopes

Notwithstanding the failure of their original plan to crush France before completion of Russian mobilization, Germans apparently still believe in the ultimate triumph of their arms.

Germany was promised a short war, resulting much as did the war of 1870, with early and decisive victories. That promise failed of fulfilment, but the suppression of all news except what was agreeable to the government kept the German people long in the dark.

Part of the German hope lies in the conviction that the allies will not hold together long enough to subdue Germany. There is undoubtedly a measure of truth in the reports that attempts have been made to induce France and Russia to withdraw from the coalition and thus enable Germany to concentrate her force on either front and later to turn her attention to her one and only enemy—Britain.

To assist the ruined agriculturists a project has been mooted in the United Kingdom and is likely to receive general support. Its purpose is to supply the Belgian and French farmers with the seeds, fruit trees and bushes and live stock that they will require when they are again free to resume work.

Australia's War Budget. In 1913 the Australian wheat harvest yielded 103,000,000 bushels.

Europe Will Need Wheat. Farmers on this continent at least have prospects of prosperous times ahead. They will make no mistake in enlarging their wheat acreage, looking to the failure of the crop south of the equator, and the fact that there cannot but be a large decrease in the production in western and central Europe.

Australia, too, is feeling the strain of war. In delivering his budget speech early last month, the federal treasurer estimated that the revenue for the current financial year would be roundly \$122,000,000, and the expenditure \$187,000,000, making a total deficit of \$65,000,000.

War conditions are also reflected in the increases of \$2,750,000 in the military and naval estimates and of \$1,250,000 in fleet construction.

CHANGING THE LEOPARD'S SPOTS

ing a new light cruiser. During the current year Australia will expend on the military forces of the commonwealth upwards of \$80,000,000. The federal authorities will also pay \$1,250,000 to the building of a new light cruiser, and intend to commence the construction of flying machines, while a new collier is to be made at the federal shipbuilding yards on Cockatoo Island, for the purpose of launching a new cruiser.

from productive activity in Europe that the yield of food crops on that continent is bound to be greatly reduced. Even should the Russian stocks be released their appearance on the market could not lower prices to an unprofitable point under existing world conditions.

A Sound Old Institution. Although the calendar year 1914 included five months of the greatest war ever waged in world history, with its consequent total disorganization of international finance, the untoward conditions are not reflected in the returns of the Canadian banks.

Remaking Belgium. That Belgium must receive full compensation, so far as that can be measured in money, for her devastated territory, is a proposition that commands the fullest possible assent.

Europe Will Need Wheat. Farmers on this continent at least have prospects of prosperous times ahead. They will make no mistake in enlarging their wheat acreage, looking to the failure of the crop south of the equator, and the fact that there cannot but be a large decrease in the production in western and central Europe.

COMMERCE WHEELS TO KEEP TURNING

No Greater Service Can Be Rendered Empire at the Present Time.

BOARD OF TRADE

W. P. Gundy, Retiring President, Says War's Effect on Canada Exaggerated.

"Germany alone furnished Great Britain over \$250,000,000 of her products in 1913. What portion of this trade should come to Canada must be determined by our manufacturers and exporters, who may rest assured of the sympathetic co-operation of the importers of the motherland.

He thought the war's effect on Canada had been exaggerated. Reports which reached him from all parts of the country indicated that legitimate business is being done.

Confidence in the future of Canada was fully justified by the richness of our natural resources, a sound banking system, and the low and steady rate of years of peace.

Below appears the translation of a letter received from a French officer by H. S. Watts of the United Cigar Stores, Limited.

Dear Sir: Thanks very much for your postcard advising me of the parcel which you so kindly sent me. The gloves fit well, and they permit me to use, without much danger from the cold, my friend "Mr. Label" (the French rifle), who is an inseparable companion.

As to myself, with 152 other men (all that is left of my old) I have been drafted into a depot company. This company is an open air barracks in disguise (always exercising, drilling, etc.) and we are having a "rest," which you cannot see from "Pont-a-Mousson way." This noise is so familiar that silence would seem abnormal.

We had a rough time on the last day of the morning to carry out reconnoitering towards Reckicourt. We were received by "Messieurs les Boches" with all the honor due to our race. The bullets rained like hail on our heads, and we were interrupted by the whistling and bursting of shells.

A Narrow Escape. As we were lying on the frozen ground a bullet glanced off something, and I felt my coat as the wristband without touching me, and that was all. This continued the entire day, and we had no time for food or drink. The order was given to take the position, but our captain in his knowledge of the enemy's represented the operation, which the successful would not have made any appreciable result, refused to sacrifice his men without object.

Near 4 o'clock in the evening the order was given to retire, but as the ground was exposed for 300-400 metres (600 yards) it was some job. The enemy's infantry and artillery fire swept this open space, and it was a regular chaos. Into a valley we went, and a later infantry broadside at 70 yards' distance swept the ground. Evidently at the roll call some of my companions were missing, but alas! that is the forced consequence of all fighting. The enemy had been encroaching themselves while we were on the uncovered ground during the day.

The greater part of the following day was spent in our trenches, and we arrived back here December 2. I believe that I shall go right thru the entire campaign, but I am doubtful if everyone agrees with me. Happen what might, the uncertainty of the morrow leaves me indifferent.

I must stop now, the six pages do not permit anything more, but I will keep you posted regarding anything which will change our position, which at present depends compared with the previous days. Au revoir.

Alexis. Of 21st Camp, 230th Infantry Regt., F. 4th Division of Reserve, Section 121.

"JOHN BULL" RETURNS TO BEER. "What is the cause of the revival in popularity of Beer and Ale as table beverages?" asks the London "Pall Mall Gazette."

That there is a return of their ancient vogue in the restaurants of London is noted by Charles Pond, restaurant-owner. "Beer has been coming into fashion again for some time," he says, and the tendency is becoming more marked. I was dining in a West End restaurant last night and was surprised to notice how many men were drinking beer. People have found out, I suppose, that beer is one of the best and purest of foods, and realize its value as they have not before.

# Hockey Two Senior Games Tonight

## DE LA SALLE ARE YET UNDEFEATED

Down Upper Canada College in Junior Fixture at the Arena Four Goals to Two.

De La Salle look to have the preparatory college group of the Junior O.H.A. series clinched. They have now met every other club in the group and are yet to be defeated. Upper Canada were the victors yesterday and were beaten in their first game. De La Salle have the weight and this practically insured the victory yesterday. Upper Canada are a light team and have a tendency to rove all over the ice.

The finish was marred by some rough work when a De La Salle player so far forgot himself as to hit an opponent over the head, and was banished for the remainder of the match. The injured player was forced to retire from the game.

De La Salle attended more to hockey and their team play was far superior to that of the losers. Grier, in the Upper Canada net, was the most useful man that U.C.C. had. He turned aside dozens of shots with De La Salle forwards right in on top of him. U.C.C. checked well for two periods, but faded in the going and were outclassed in the final round.

Henderson scored the only goal of the first period for U.C.C. De La Salle ran in two all at the second rest. The play was all for De La Salle in the final round and they netted two goals and won 4 to 2.

The teams:

De La Salle (4)—Goal, Powers; defences, McAllister, Pocock; rover, Findlay; centre, Megan; right, Ingham; left, O'Connor.

U.C.C. (2)—Goal, Grier; defences, Phillips, Dean; rover, McLaren; centre, Wright; right, McWhinney; left, Henderson.

Referee—A. Dunkley.

The summary:

1. U.C.C. . . . . .	5.00
2. De La Salle . . . . .	14.00
3. U.C.C. . . . . .	2.00
4. De La Salle . . . . .	6.00
5. De La Salle . . . . .	1.00
6. De La Salle . . . . .	6.00

The Intermediate O.H.A. game scheduled between Oshawa and Picton at Picton last night was postponed; no loss.

The Judean A.C. hockey team will play an exhibition game with the Capitals at 8.15. All players are asked to be on hand on time. Last Saturday the team played a great exhibition game, Capitals finally posing out Judeans by the score of 7-1.

The Dufferins of the Junction want a game. Telephone Junction 512.

Bert Hunt, the Kingston boy with Shamrocks (ex Ontario) has been sent to Toronto, and Owen Livingstone has also left Lowry, the Ottawa boy, to go to Canada.

## Riverside Game Off

Owing to the mild weather, Riverside have called off their senior fixture with Victoria, scheduled for Tuesday. The game may be played on Thursday.

## ONLY ONE SENIOR O.H.A. GAME TONIGHT

## Varsity and Kingston at Arena—Mild Weather Cancels Riverside-Victoria Fixture.

At the Arena Jim Sutherland's Kingspence team will make their first local appearance against Varsity. The Frontenacs were beaten in overtime by the Riversides after a great battle, and they should just about be good enough to trim the students unless the latter have improved over their last appearance. Kingspence are hard checkers and have the team play down to a nicety. Varsity overdid the passing game against Vics, but have it right now and should be able to turn in a nice performance.

The teams:

Varsity: Goal, Levesque; defences, Mathers, Sanderson; rover, Dufour; centre, Jupp; right, Milne; left, Murray.

Frontenacs: Goal, Cook; defences, Ferguson, Stanton; rover, Brown; centre, Milne; right, Crawford; left, Derry.

The Ontario have changed their name and will in future be known as the Shamrocks. They will play under their new title for the first time on Wednesday night when they play their return game with the Toronto. The last battle was at the Arena this year, and tomorrow night's fixture should be a very interesting one. Both clubs won their Saturday fixtures, and Shamrocks now have the edge on the blue shirted team.

McNamara brothers, who are now at the Soo, owing to the serious illness of their father, will be here in time for the game.

Manager George Kennedy of the Canadians announced yesterday that he will release Scott and Jette from the N.E.A. team, but making them free agents. Canadians paid the Ontario two hundred dollars for Scott last year. Kennedy said that the poor showing his team made was mainly due to the hard match with the Ontario, and that Mike Quinn, manager of the Quebec team, told him yesterday that the latter team had suffered a severe loss of players.

He characterized the story that he is going to play for Donald Smith as rot.

St. Josephs of the Beaches League will practise this evening on the Broadview Y.M.C.A. rink at seven o'clock. All players are asked to make a special effort to attend this practise.

The Parkdale Junior Hockey Club have entered a counter-protest against Owen Sound Juniors' Club, claiming that Trueman Bell is not eligible under the residence rule, he having not taken up his residence in Owen Sound until about Sept. 15. F. Pote, under the average clause, he having not produced official birth certificate.

The Intermediate O.H.A. game scheduled for last night between Coldwater and Toronto at the latter place, was called off, Coldwater having withdrawn from the association.

The following players of the Woodbine midweek hockey team are requested to be at the rink tonight for their game with the Leutys: R. Cooper, Haskins, Hardy, Hodgins, Kerr, Moore and Gillard.

## A REAL BATTLE

GALT, Ont., Jan. 18.—In one of the hardest-fought contests played on local ice in years, the local Northern seniors defeated the fast Elmira side, 2 to 1, in a game that was scored two minutes before time. While the visitors showed great speed, they were checked hard, and were unable to get a shot off. Elmira commenced the scoring, and four times the score was tied. The goal of the players being laid up with injuries, Galt team was not the regular one, some of the players being laid up with injuries. ## NATIONAL GUN CLUB

The regular weekly shoot was held on Saturday on the club grounds, Queen's Wharf, there being a goodly number of shooters in attendance. Major Curran was there with his glasses, and scored ten straight, winning a silver medal. E. Coth won the medal in Class C, and was high in the fob event. C. Beare and J. Monkman were too busy collecting fares to do much shooting.

## SLUGGER SULLIVAN DECLARED FREE AGENT

CINCINNATI, Jan. 18.—The national board was reversed today by the National Baseball Commission, when it declared player John L. Sullivan of the Toronto Club of the International League a free agent. Sullivan based his claim to be declared a free agent on the clause in the Players' Fraternity agreement which stipulates that on proof of the existence of an agreement of any kind between a club, by its president or manager, and a player, not incorporated in the contract between them, such contract shall be null and void, and the player unconditionally released. Sullivan's claim that Manager Capron of the Toronto Club entered into such an agreement with him was upheld.

The commission upheld the national board in an appeal by player Ralph E. Capron for a claim of \$275 against the Baltimore Club of the International League. Capron failed to submit a statement of his case when requested to do so by the commission.

## OPEN BETTING IN NEW YORK STATE

## Old Order of Things to Be Resumed and Only Money Will Be Needed to Wager.

NEW YORK, Jan. 18.—All that will be necessary to make a prosperous year of the race tracks this year will be money. Last season credit was necessary, and your money was good for bet, because Uncle Sam's legal tender would not be accepted. But this year it will not be necessary for you to have credit if you have the cash. Old bets will be a thing of the past, except in a few cases where members of the Jockey Club bet on honor between themselves. But the rank and file of racers can put up their greenbacks or gold, at the case may be, when the wagers is made.

## Settling Up Amateur Lacrosse Controversy

VANCOUVER, Jan. 18.—The existing trouble over the Mann Cup, which is emblematic of the Canadian amateur lacrosse championship, has been settled according to Rev. A. E. Vert of New Westminster, who attended the annual meeting of the C.A.L.A. at Ottawa in December and has been working since to settle the matter. The settlement is up to the satisfaction of all concerned. He stated that negotiations are now under way with the C.A.L.A. and the C.A.A. of C. and that the settlement is satisfactory to all concerned. ## Pre-Inventory Prices on Staple and Popular Dress and Suiting Fabrics for Wednesday

Today England is supplying the world with Woolens. After the Germans had pocketed the indemnity paid by French manufacturers for the protection of their factories, they proceeded in true barbarian style to blow all the factories to pieces. But in spite of England's being responsible for the whole supply, these prices have not been raised. They are values that will be hard to find again.
