Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

								✓			

The copy filmed here has been reproduced thanks to the generosity of:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

COPYRIGHT, 1897.

Beethoven's Music

Is so full of chromatic successions that it is absolutely unplayable on a common piano. Beethoven used every known trick that the piano of his day could accomplish. On the "BELL" Piano, Beethoven's music can be played as it should be—the fullness of the tone, the power to hold notes as long as the finger is held down, and the distinction of the base notes one from the other—all render this music practicable and enjoyable on "BELL" pianos. We are only too glad to show this Piano to all callers.

Synopsis.

ACT I.—Scene 1—Considine's house, Washington, D. C. Scene 2—Hallway of same house. Scene 3—The U. S. Capitol, foot of Penn. Avenue, Washington.

ACT II.—Scene 1—Considine's office, Elizabeth, N. J. Scene 2—Foredeck of Hoboken ferry going to New York. (Patent applied for).

ACT III.—Scene 1—Exterior of the American Consulate, Apia, Samoa.

ACT IV.—Scene 1—Interior of the Consulate. Scene 2—A view of the shore during the storm. Scene 3—The U. S. S. Trenton going to her doom.

The story here hinges on historic facts, pertaining to the Samoan uprising and the possibilities of stage effects have been pressed to its utmost limits to faithfully show that awful Samoan Hurricane which swept the harbor of Apia, causing terrible loss of life; wrecked the American Warships, "Vandalia," "Nipsie," and "Trenton," and the German Ships, "Adler," "Eber" and "Olga," and from which the British Ship, "Calliope" only escaped by performing the bravest and most desperate manoeuver on record in naval annals, and for which she was cheered by all hands on board the less-fortunate Trenton.

ACT V.—Same as Scene 1. Act I, three months later.
