Men Reject Railway Board Schedule by Overwhelming Majority—Firm on Demands—No Prospect of Service—Conciliators Adjourn.

By a vote of 1,511 to 21 the men of the Street Railwaymen's Union yesterday at noon decided to reject the offer of the Ontario Railway Board of 40 1-s to 48 cents an hour for an eight-hour day. It was pointed out by officials of the union that the 48 cents on an eight-hour day would give the men even less than they were receiving at 39 cents an hour on the present scale of ten hours. There will be no further rates meetings of the men until at least Monday or Tuesday, and the men are awaiting either a new move on the part of the Ontario Railway Board or the findings of the conciliation board. This was the information given out yesterday afternoon by Joseph Gibbons, business manager for the street railwaymen.

Overwhelming Majority.
The meeting, which was largely attended, voted to reject the offer by an overwhelming majority. Commissioner Harris, as general manager of the railway, had made the following offer:

Commissioner's Offer.
1. An eight-hour day to be instituted wherever practicable, so soon as schedules can be revised.
2. Following wage scale to be paid, namely: First six months, 40 1-8c per hour instead of 32 1-8c per hour; second six months, 42 1-8c per hour instead of 34c per hour; second year, 44 1-8c per hour instead of 36c per hour; third year, 46c per hour instead of 38c per hour.
3. All grievances to be adjudicated

GERMAN DELEGATES REACH VERSAILLES

Plans Completed for Signing of Treaty at Three o'Clock This Afternoon.

Paris, June 27.—Dr. Hermann Mueller and Dr. Bell, the German plenipotentiaries to sign the peace treaty, arrived in Versailles this evening. The work of the men composing the council of four today for the signing of the peace treaty at three o'clock Saturday afternoon. No official statement, however, was issued by the council.

The original of the treaty of peace which will be signed by all the plenipotentiaries will be on Japan parchment, according to L'Intransigeant. It will cost 15,000 francs to prepare the document.

The Chinese delegation announced tonight that China would not sign the peace treaty with Germany because China would not be allowed to make reservations concerning the province of Shantung and also had refused the privilege of making a declaration at the time of the signing of the treaty.

Foch Will Be There.
Marshal Foch, not being a delegate to the peace conference, will not sign the peace treaty. He will attend the ceremonies attending the signature Saturday, however, being seated with the French delegation.

The peace conference will not be interrupted by the signing of the treaty with Germany, said Premier Lloyd George will return to London on Sunday and President Wilson will leave Paris tomorrow night. Foreign Secretary Balfour and Secretary of State Lansing will replace the British premier and President Wilson in the work yet to be done. The peace treaty with Austria probably will be taken up Monday.

HYDRO-ELECTRIC TO ACQUIRE TORONTO AND NIAGARA COMPANY

Minister of Railways Announces Big Power Concern Will Be Absorbed and Clean-up Effected in Toronto Electrical Situation.

Ottawa, June 27.—A feature of the debate in the house today was the intimation by Hon. J. D. Reid, that the Ontario Hydro-Electric Commission would soon acquire and take over the assets of the Toronto and Niagara Power Company. This means a clean-up of the electrical situation in Toronto, and at Niagara Falls. Dr. Reid spoke as follows: "I am strongly of the opinion from the fight that is being put up that the struggle between the Toronto and Niagara Power Company, and the municipalities will come to an end, probably within a few months, as a result of arrangements they are trying to make in order to arrive at an understanding and have the company taken over by the Hydro-Electric Power Commission."

LADY BORDEN'S MOTHER DIES IN HER 92ND YEAR
Toronto and Niagara Power Co. Retains Right to Place Poles and Wires Where It Likes—Bell Co. Wins—W. F. Maclean Says, Reform the Senate.

Ottawa, June 27.—News has been received of the death today at Borden place, Canby, N.B., of Mrs. John H. Clarke, mother of Mrs. Robert Borden. She was 92 years of age and was in her 92nd year. She is survived by her son, Dr. A. T. Clarke, now in Colorado, and Lady Borden.

TROOPS OCCUPY HAMBURG ORDER PARTIALLY RESTORED

Immediate Cessation of Hostilities and Release of Prisoners Ordered—Communist Members of Berlin Soviet Arrested.

Berlin, June 27.—Government troops entered Hamburg today, according to reports from that city. The occupation is proceeding in an orderly manner. The Communists declined to give guarantees which would have averted the occupation of the city. The troops ordered the immediate cessation of hostilities, the release of all prisoners held by the Communists, and the delivery of weapons. All criminals released during recent turbulent events were ordered returned to jail.

The rioting at Hamburg is estimated to have killed 20 killed and 150 to 200 wounded.

On the surface, the situation is quiet. The houses are open, the official offices are doing business, and the city transportation systems are operating.

The casualties in the rioting are reported, announced they would seize and destroy the ships if the food situation in Hamburg does not improve at once.

Will Oppose Entry.
The only measure the Communist leaders in Hamburg apparently have been able to agree on, the opposition to the entry of government troops. It is felt here there is a possibility that the city will be handed over to the government troops should attack.

Arrests in Berlin.
The Independent Socialist and Communist members of the executive council of the greater Berlin soviet, were arrested Thursday night by order of Minister of Defence Noske. They are charged with having been in collusion with the leaders of the uprising in Hamburg.

The arrests followed the interception of a telephone message late Wednesday night between Hamburg and Berlin in which the insurgents ordered the immediate cessation of hostilities, the release of all prisoners held by the Communists, and the delivery of weapons. All criminals released during recent turbulent events were ordered returned to jail.

The Independent Socialist and Communist in the soviet are facing charges based on treason. Among those implicated are Richard Muelier, the chairman of the committee, and Herr Danzig. Muelier is known by the sobriquet of "over my dead body."

MANY UNEMPLOYED FOLLOWING STRIKE

Hundreds of Winnipeg Strikers Find Jobs Have Been Filled.

Winnipeg, June 27.—J. A. Martin, who took a prominent part in the strike returned to his home today, and who was one of the leading advocates of the "silent parade" which precipitated the riot, appeared in the police court today, charged with sedition. He was remanded.

It was announced at a conference this morning of municipal and military authorities that the riot act will remain in effect here for some days yet. It was also announced that no parole would be granted to any of the strikers nor large open air public meetings can be held for another week.

Permission to open the labor church by a mass service in Victoria Park on Sunday evening was refused. No further statement on the business transacted at the conference was given out. It is understood, however, that the city is ready to deal with any aftermath of the strike that may call for prompt action.

Prisoners Get Bail.
All those arrested during Saturday's rioting will have a chance to get out on bail, Hugh Phillips, K.C., special prosecutor, announced today. He denied a statement that certain number of strikers classed "A" as being liable for deportation, would necessarily be deported, without trial or held without bail. Officers of the R.N.W.M.P. and immigration department are investigating each individual case, and only those who the immigration authorities wish to be deported will not have a civil trial, he said. Twenty-nine persons charged with rioting appeared in police court today.

Nine were remanded until July 3 and twenty until July 4.

In a signed statement, issued tonight, Mayor Charles F. Gray, pleads for labor, employers, returned strikers, Dominion, provincial and civil government to co-operate "in making an earnest and determined effort to solve any wrongs" which have arisen to right the general sympathetic strike just ended.

Refusal to reinstate strikers may lead to further realizations in individual trades. Labor leaders in individual trades, who are being considered by the officers of the various unions. The general strike committee is still in operation, it is learned. The Labor party will meet to receive reports on discrimination from the unions. When the strike committee is disbanded a general committee will be formed to deal with reinstatement, according to present plans. Reinstatement of strikers is being handled entirely by the international officers. Strikers applying to the railway for re-employment are being referred to their executives. If re-employment officers, they are being expelled from their organizations are finding it absolutely impossible to secure employment in Winnipeg.

Police Going Back.
Up to 9 o'clock last night Acting Chief of Police Chris Newton was engaged in signing on old members of the police force and when the re-engagement process ceased 165 uniformed and members of the staff, including stenographers and elevator operators, had signed entered the service of the city.

Chief Newton states that 220 policemen would be taken back and that about 150 of them would be taken back. The cases of some forty, he said, were under advisement. The men who have signed the same agreement as the strikers, which forbids affiliation with the Trades and Labor Council, and the taking part in sympathetic strikes. Each man before being again accepted for the force appeared personally before Chief Newton and took the oath of office and signed the agreement.

RIOT STARTS AT WILLYS-OVERLAND

Two Strikers Arrested—Five Hundred Obstruct Passage of Trucks.

Between four and five hundred strikers of the metal trades gathered around the factory of the Willys-Overland Company, Weston road, last night and attacked employees as they were leaving the factory at 5.30. For a time it looked as if a riot would result, but the mounted police proved successful in dispersing the crowds. Two strikers were arrested and some of the employees slightly injured by flying stones.

A number of the mechanics who went out on strike are said to have returned to duty, and declaring that strike-breakers were working in their places, the strikers started a demonstration.

Reserves Called Out.
Police reserves were held in readiness at 6 o'clock, and when the crowd gathered Inspector Duncan of Keele street station called them into action. The strikers had a long cable which they attempted to spread across the roadway to block motor trucks conveying employees from their work to their homes.

The strikers armed themselves with bricks, which they hurled quite freely at the motor trucks as they pulled out on to the roadway.

Thomas Blakeley, a striking mechanic, living at Fairbank, and William Wilkins, 56 Symington avenue, were arrested and taken up in No. 9 station, charged with being disorderly.

BREAD DRIVERS' STRIKE NOTHING BUT MYTH

Reliable information in connection with the rumored bread drivers' strike on Monday is to the effect that no strike will be called, that if such a move was contemplated a special meeting would be called at Occident Hall, and that no meeting of any sort is called except for the usual meeting of the union. Those in touch with the situation are at a loss to know how the report originated. At least this was the information given to the press last night.

Traffic Policeman Badly Injured

Motorist Held for Negligence and Alleged Disobedience of Orders.

Alleged failure to obey traffic regulations resulted last night in a serious motor car accident at the corner of Bloor and Bathurst streets, in which a traffic policeman was seriously injured and the driver of the motor car was arrested.

The accident occurred at the intersection of the two streets. Constable William Examinator, directed traffic in the centre of the road when a north-bound automobile driven by Roland Wells, 45 Garnet avenue, ran land down. Strand was taken to the Western Hospital in a passing motor. Examinator, the policeman's skull to be fractured and he was still unconscious at midnight.

Disregarded Hand.
The police of No. 11 station say that Strand had just allowed a north-bound car to cross the intersection. He then signalled all north and south-bound traffic to stop, in order to allow waiting east and west-going cars to proceed. Wells, it is alleged by the police, disregarded the officer's outstretched hand and continued to drive north over the car tracks. Strand was facing north and was struck from behind.

Wells was taken to the police station and after being examined by plainclothesmen was detained and will appear this morning in police court on a charge of criminal negligence. Strand lives at 211 Ellsworth avenue.

COMMUNISTS PREPARE REVOLUTION IN ITALY

Copenhagen June 27.—Italian, German and Austrian Communists held a conference in Southern Tyrol a few days ago, for the purpose of preparing for a revolution in Italy, says a despatch from Vienna. The revolution was fixed for the middle of July.

GIVE NELSON PLATE TO BRITISH NAVY

Historic Relics Presented on Behalf of Unknown by Navy League Deputation.

London, June 27.—A deputation from the Navy League, headed by the Duke of Somerset, president of the league at the admiralty, yesterday handed over to Right Hon. Walter Long, certain pieces of Nelson plate, as a gift to the fleet from an anonymous donor.

The Duke of Somerset, in announcing the plate, said it had been sold as part of the famous Bridport collection of Nelson relics in 1895, and was subsequently acquired by the donor. It was used by Lord Nelson aboard the Victory, up to the day his death.

Right Hon. Walter Long, receiving the plate on behalf of the admiralty, said he did not seem quite as enthusiastic over the idea as he did. However, when she told him that the home to be given by the World was not one had already been purchased in a locality that would not serve their purpose, but that the winner could select any \$5,000 home, any-where, he soon realized that the proposition was worthy of consideration.

PRESIDENT WILSON LEAVES PARIS TODAY

Will Depart From Brest Tomorrow Direct for the United States.

Paris, June 27.—The sojourn of President Wilson in Europe will come to an end tomorrow when he starts homeward immediately following the signing of the peace treaty. All arrangements for his departure have been completed, and the special presidential train will leave the Gare des Invalides at 9.30 Saturday evening. It will arrive at Brest on Sunday morning, where the president will board the steamer George Washington which sails about noon.

President Wilson will go straight to Washington to lay before the congress the results of the peace conference. He will leave soon afterward for an extended tour of the country for the purpose of explaining directly to the people all questions relating to the peace treaty and the convenant of the league of nations.

CANADA TO FLOAT \$75,000,000 LOAN

Negotiations in U. S. for Issue, on Basis of Five and Half Per Cent, Completed.

New York, June 25.—This morning's New York Sun says: That negotiations for the flotation in this market of a new loan of \$75,000,000 to the Canadian government have been completed was learned in an authoritative quarter. Such details as the allotment of the loan to be long-term and to be offered on a basis of 5 1/2 per cent, or better, will be floated early next month. The purpose of the loan is to provide part of the funds to meet the maturity of the two-year 5 per cent unsecured gold notes, which were put out on a 5 per cent basis.

Arrangements thus far consummated include the decision of the Canadian government to borrow \$75,000,000 here and the agreement of the syndicate which handled the issue two years ago to underwrite the proposed financing. Such details as the allotment to the underwriting syndicate, the formation of a distributing syndicate, the final decision as to the terms of the bonds, the rate of interest and the offering price must be worked out.

The assurance given to the Canadian government is that the loan will be made a success and that the cost of the money will not be more than 5 1-2 per cent.

J. P. Morgan & Co., Brown Bros. & Co., and Harris, Forbes & Co., were the managers of the syndicate which successfully floated at the end of July, 1917, the \$100,000,000 two-year notes, and it is expected that they will manage the new issue. The rest of the underwriting group two years ago were the First National Bank, the National City Company, the Guaranty Trust Company, the Bankers' Trust Company, the Bank of Montreal and Wm. A. Read & Co.

COMMUNISTS RELEASED

London, June 27.—Reuters' Berlin correspondent says that the Independent Socialist and Communist leaders of the greater Berlin soviet executive council arrested Thursday night by order of Gustav Noske, minister of national defence, have been released.

Flundering commenced Thursday evening in the western suburbs of Berlin, beginning at Schoneberg and extending quickly, the correspondent said. There was also looting at Prenzlauer Berg. Troops have been sent this morning. Troops have been sent to aid the resident guard to restore order.

SAYS CONSERVATIVES TO BE HEARD FROM

Hon. Robert Rogers Declares Organized Forces of Party Will Be Strong Factor.

Ottawa, June 27.—Hon. Robert Rogers, former minister of public works, in an interview here today, commented on the movement to organize a National party, which was given a start at the government caucus yesterday by the adoption of a resolution declaring in favor of the principle of a national party.

He declared that he had heard and felt the main proposition of the Conservatives everywhere when he stated that from this time forward no decision for representation in any constituency of Canada will be reached until the organized forces of the Conservative party have been heard and felt.

Mr. Rogers further declared that the main proposition of the National party was that the party should be organized on the basis of the Laurier in connection with the war. This afforded an opportunity for capitalization of war conditions, and these conditions have now been removed.

HANDLEY-PAGE PLANE WILL START FLIGHT TODAY

St. John's, Nfld., June 27.—Vice-Admiral Mark Kay announced tonight that he hoped to start his transatlantic flight in the Handley-Page biplane tomorrow.

BRIDE-TO-BE HOPES TO WIN THE WORLD HOME

She and Her Prospective Husband Decide to Enter "Salesmanship Club" Race and Try to Capture the \$5000 Home.

There is a young woman in a prosperous little town in Ontario who wrote a very interesting letter to the "Salesmanship Club" department. Her plans as expressed were so well laid out and she seemed so enthusiastic that the World has given her every encouragement and wants to say right now that, if her enthusiasm does not slacken, she will certainly be among the top-notch people.

This young woman expects to be married soon and seems to think that a \$5,000 home would be a mighty nice thing to start off with. She talked the matter over with her fiancé, who did not seem quite as enthusiastic over the idea as she did. However, when she told him that the home to be given by the World was not one had already been purchased in a locality that would not serve their purpose, but that the winner could select any \$5,000 home, any-where, he soon realized that the proposition was worthy of consideration.

FACTORY AND WAREHOUSE BUILDING.
Twenty-five thousand square feet, with railway siding. Immediate possession.
H. H. WILLIAMS & CO.
28 King Street East, Main 5420.

Special to The Toronto World.
Ottawa, June 27.—The house of commons knuckled down to the senate today and a rough shod over public rights. The franchise of the Toronto and Niagara Power Company to sell and distribute electric power in Toronto, and erect poles and wires wherever it pleased, remains intact. The Bell Telephone Company may still charge a surtax upon long distance messages coming from the subscribers of independent lines. The railway commission can fix railway rates without the slightest regard to any contract made by the company, even so such contracts have been sanctioned by act of parliament.

YORK COUNTY AND SUBURBAN NEWS

EARLSCOURT

FAIRBANK Q.W.V.A. MEET.

The Fairbank branch of the G. W. V. A. met in the Fairbank public school, Vaughan road, last night, Vice-President Comrade Fife in the chair. Secretary C. T. Lacey referred to the desirability of making the branch a separate and distinct association from the Earlscourt branch, and a discussion followed, resulting in a resolution being passed that a charter be applied for at once. The housing question and the return of the branch to Earlscourt and Comrade Water Street made a promise, if possible, to get Mr. Watson of the housing commission to come to Fairbank and explain the details of the scheme. Comrade Lacey urged the comrades to take a special interest in the coming Earlscourt and district fall fair, and Alex MacGregor, president, and Reg. A. Everett, general secretary, addressed the meeting relative to the fair and the most suitable products for exhibition.

POULTRY SECTION MEET.

A meeting of the poultry section of the fall fair was held at 1212 St. Clair avenue last night, R. R. Harris in the chair. Secretary George Brown reported that a large number of entries were coming in and he expected the number would reach at least 3,000 birds, which would be a record for the northwest district or any part of Ontario.

WOMEN'S TALKING MATCH.

A talking match between two Earlscourt women and a running match between the fat men of Silverthorn, Oakwood, Earlscourt and Fairbank are to be special features in the coming fall fair to be held in Royce Park. There is also to be a boxing tournament, when the heavy and light weights of Canada are expected to take part. Comrade Jim Stockley, one-time heavyweight champion of the world, and who has sparred with Jack Johnson, will be one of the fighters.

S. A. CITADEL.

The committee elected to carry out the new building campaign of the Earlscourt branch of the Salvation Army met at 159 Dufferin street last night to discuss details. Brook-Sykes occupied the chair. W. H. Jeeves was appointed secretary. Brick tickets of various denominations are now being circulated, and the committee plan a thorough canvass of the district. The cost of the citadel will be around \$25,000 and will be built on a site on a side street, south of the citadel. Negotiations are completed. Earlscourt is taking up the scheme with great seriousness as they realize the splendid work of this branch. Five members of the branch were killed at the front out of thirty-three who volunteered at the outbreak of the war.

RIVERDALE

LIBERAL VOTING NOT PROPORTIONATE

The action taken by the Liberal parliamentary party of allowing only delegates from provincial ridings, according to geographical lines, is not a fair proportionate representation, according to the statement of Albert Handa of the Riverdale Liberal Association, who points out that if the policy of proportionate representation had been carried out by the provincial convention, delegates of the district associations would not have been included by refusal. A resolution will be submitted to the next meeting of the Riverdale Liberal Association for adoption, requesting the provincial leaders either to give all district and riding associations representation by allowing one delegate for the association and one delegate for the first 100 or part thereof.

NEW LIBERTY LEAGUE BRANCH.

According to the statement of T. L. Carruthers, organizing secretary of the Citizens' Liberty League, a branch will shortly be inaugurated in Earlscourt. Other out-of-town branches will soon be started in Peterboro and Tilbury. The present membership is 2,000.

PEACE CELEBRATION

A meeting of the North Riverdale Ratepayers' Association was held last night in Frankland School, Logan ave., when final arrangements were made for the local "peace celebration." Dr. E. A. McDonald, who presided, pointed out that all committees were prepared to proceed with their program. A peace terps were signed on Monday next. W. Taylor, chairman of the refreshment committee, has arranged to erect a large refreshment tent in Withrow Park. There was a large attendance.

PRESBYTERIANS DEFER PICNIC

North Broadview Presbyterian annual congregational picnic, which was to have been held at Long Branch yesterday, was postponed indefinitely, owing to the street car strike.

WESTON

NEIGHBOR'S PIGEONS MAY EAT THEIR FILL

Oswald Trecott Weston appeared in the county police court yesterday morning and was fined \$1 and costs for scattering poison on his garden. It was alleged that he had made a mixture of Paris green and wheat in order to poison pigeons belonging to a neighbor. A complaint was lodged with Constable Campbell of Weston, who investigated and obtained a sample of the poison. The man was warned that if any of the offending birds had been killed the sentence would have been heavy.

CAR IS STOLEN.

Hamilton, June 27.—Mrs. C. W. Kinsley of Oakville reported to the police that her motor car, No. 21875, was stolen this afternoon from the Gore.

DINEEN'S
NAME J. H. LILICO
IN NORTH OXFORD
U. F. and Labor Party Choose Candidate for Dominion Elections.
Special to The Toronto World.
Woodstock, June 27.—The United Farmers Clubs of North Oxford and the Independent Labor party of Woodstock met in convention here today and chose John H. Lilico as their standard-bearer in the next election for the Dominion house. For some months past the executive for North Oxford has been busy holding meetings throughout the riding to find out the feelings of the farmers on the question of having an independent candidate for the Dominion house. The result of the meetings held was the calling of the convention. Two weeks ago the Independent Labor party was organized in Woodstock and this body was invited to join the farmers' clubs for political purposes. Seven names were put on the nomination papers to-day, but all withdrew with the exception of John Lilico and D. M. Rose, reeve of West Zorra. Only one ballot was necessary. Mr. Lilico secured 44 votes to 42 for Mr. Rose. The successful nominee is a well-known farmer of Blenheim township. He has had much municipal experience, and is recognized as a successful farmer, a good orator, and a candidate well worthy to lead the farmers of the riding.

ANOTHER SHIPMENT OF Straws and Panamas Today at Dineen's, 140 Yonge St.
We have succeeded in closing out a lot of high-grade Panamas and Straws, and have been very fortunate in procuring them at the present time on account of the scarcity—manufacturers are all sold out. If the weather keeps up the June record in July there won't be a straw hat left by the 15th. Come in today and see this new stock. The prices are very inviting—
Panamas \$5.00 to \$15.00. Fine Smooth Straw Hats \$2.50 to \$6.00. Notched or rough braid Sailor Straws \$2.50 to \$6.00.
Raincoats \$9.75 to \$25.00.

NEW TORONTO
HOUSE CONTRACTS AWARDED.
Contracts for the construction of 54 houses were awarded by the local housing commission, and work will begin in the immediate future. Herbert Easter was given the construction work and J. Dougherty will install heating, plumbing and wiring. The houses will be situated on Eighth street, south of the Lake Shore road, and will contain four, five and six rooms.

BEACHES
THOMPSON-THOMPSON WEDDING
A marquette wedding was held at the home of Mrs. C. L. Mulholland, 137 Neville Park boulevard, last night, when Miss Jessie F. Thompson was united in marriage to Oswald Thompson. The ceremony was performed by Rev. A. T. Addison, pastor of Beech Avenue Methodist Church. The bride was given away by her brother, J. Arthur Thompson, and the attendants were: Bridesmaid, Miss Alberta Thompson; best man, Kenneth Thompson; and flower girls, Audrey Mulholland and Dorothy Park. The honeymoon will be spent in Detroit. Mr. and Mrs. Thompson will reside in Toronto.

MANY MOTORISTS FINED.
Speeding still continues to be the somewhat expensive pastime of Toronto motorists, and 99 unfortunate motorists were given a cheerful (?) smile and varying sums of money in court. Highway officials say that strike no-strike conditions and regulations on the Toronto-Hamilton "speedway" remain unchanged. Thirty-two motorists donated \$10 and costs, 30 paid \$5 and costs and several others were fined ranging from \$1 to \$20.

HAMILTON NEWS
Hamilton, June 27.—There are plenty of rumors in the air here that Sir Adam Beck has already begun to talk "turkey" with the Hamilton bankrupt millionaires for the purpose of taking over stock and barrel the holdings of the Dominion Power & Transmission Company. The rumors continue to increase, instead of decreasing.
A letter of criticism from Ald. Book because the police were tardy in responding to a recent drowning alarm, and then did not know how to operate the pump motor, got scant consideration today at the meeting of the police commissioners.
All public and separate schools held their closing exercises today. There were no ceremonies, the in some of the schools the teachers put on concerts and parties for their pupils. The schools will reopen September 2.
At a meeting of the Independent Labor Party tonight, Rev. E. J. Etherington spoke on the labor movement and finished up by joining up with the I.L.P. A large meeting will be held at 10 o'clock, at which Mr. Etherington will be the speaker.
Final plans for the monster picnic to be held by the Hamilton and Wentworth Labor Party branches on Aug. 2 at Wabasso Park will be completed at a committee meeting in the Labor Temple on Sunday morning. The picnic will be one of the largest gatherings ever held here, and it is estimated that 4000 will be present.

NAME J. H. LILICO IN NORTH OXFORD

U. F. and Labor Party Choose Candidate for Dominion Elections.
Special to The Toronto World.
Woodstock, June 27.—The United Farmers Clubs of North Oxford and the Independent Labor party of Woodstock met in convention here today and chose John H. Lilico as their standard-bearer in the next election for the Dominion house. For some months past the executive for North Oxford has been busy holding meetings throughout the riding to find out the feelings of the farmers on the question of having an independent candidate for the Dominion house. The result of the meetings held was the calling of the convention. Two weeks ago the Independent Labor party was organized in Woodstock and this body was invited to join the farmers' clubs for political purposes. Seven names were put on the nomination papers to-day, but all withdrew with the exception of John Lilico and D. M. Rose, reeve of West Zorra. Only one ballot was necessary. Mr. Lilico secured 44 votes to 42 for Mr. Rose. The successful nominee is a well-known farmer of Blenheim township. He has had much municipal experience, and is recognized as a successful farmer, a good orator, and a candidate well worthy to lead the farmers of the riding.

BRIDE-TO-BE HOPES TO WIN WORLD HOME

(Continued From Page 1).
and which afford excellent opportunities for some wide-awake man or woman.
You Are Invited to Enter.
Every reader of The World is invited to enter, and with so many valuable and desirable awards there is surely plenty of inducement offered. The \$5000 home is, of course, the chief attraction, but when one stops to consider that the second, third, fourth and fifth highest members will each be awarded a high-grade automobile, today, there are many advantages in the proposition would seem doubly attractive. Then there are eighty-striper prizes, ranging in value from \$100 to \$25. Perhaps the fairest and most liberal part of the whole "Salesmanship Club" plan is the fact that there will be no losers. Those who remain active to the finish, but who fail to win one of the ninety-one prizes offered, will be paid a commission of 10 per cent. on all the subscription money he or she has turned in.
You who have been reading the announcements of the "Salesmanship Club" from day to day, and who have possibly considered entering, should delay no longer. Clip out the entry blank appearing elsewhere in this issue of the paper, and send it in today. There are many advantages in the favor of those who enter during the early part of the campaign.
No Matter Where You Live.
Anyone, anywhere, may enter. Subscriptions may be obtained anywhere, and may be for any length of time, from three months to two years. While new subscriptions count most, and are, of course, the best ones to secure, there is also a credit given on renewal subscriptions from present subscribers.
The office of the "Salesmanship Club" is open until 9 o'clock every evening, and any interested people are invited to call at any time convenient.

PRESIDENT OF BRAZIL ARRIVES IN CANADA

Special to The Toronto World.
Niagara Falls, Ont., June 27.—President Pessoa of Brazil reached Niagara Falls, N.Y., and was received by distinguished party of Canadians. General J. A. Gunn, C. H. Mitchell, Lieut.-Col. Goodwin Gibson, Hon. R. B. Stewart, and Capt. G. L. McMillan, A.D.C. to the Governor of Ontario, and the Brazilian general consul of Montreal. This afternoon the president and party were shown thru the great power houses and had dinner at the Cliff Hotel. They left Niagara Falls tonight at 8:45 in a special train for Ottawa.

Motor Efficiency Depends on Spark Plug Service

Spark Plug service depends on the ability of its insulator to resist vibration, shock of cylinder explosions and extremes of temperature changes in all types of motors, in all kinds of weather, in all climates and under every known load and road condition.
Champion
Dependable Spark Plugs
are equipped with our new 3450 Insulator, the result of ten years of tedious research and 3450 distinct experiments. It offers three times the breakage resistance to sudden temperature changes; or
It has two and one-half times the breakage resistance to shock and vibration; and
It has fifty per cent. more resistance to electric current when heated than the best previous Champion Insulator that made the name a synonym for dependability.
Besides these insulator tests, Champions are subjected to an air pressure test of 140 pounds to the square inch for compression leakage and a final inspection for imperfections. "Champion" on the insulator is your guide to better spark plugs for efficient service in every make of motor or engine, each guaranteed to give "absolute satisfaction to the user or full repair or replacement will be made."

SENATE AMENDS THE CRIMINAL CODE

Endorses Action of Commons in Regard to the Age of Consent.
Ottawa, June 27.—The government measure from the commons, amending the criminal code in respect to sexual offences, was endorsed by the senate today. Before this measure was reached, Senator McMeans asked the government to institute proceedings against W. R. Preston for having stated at the Toronto Liberal convention that men of the forestry corps were threatened and sent to the front for having voted Liberal under the war times election act. Senator McMeans declared the utterance was a slander on men now lying dead in Flanders. Senator Robertson stated that the amendments to the criminal code raised the age of consent from 14 to 16 years in the case of all girls; that in the case of girls previously chaste, the age of consent is raised to 18 years; and to 21 years in the case of a woman employed and her employer; the penalty being two years, six months imprisonment or five hundred dollars fine is provided for unmarried persons registering as man and wife at hotels.
BROADVIEW Y.M.C.A. MEMORIAL.
Seventy-five Broadview Y. M. C. A. members were killed in action during the war. At 9:45 a.m., July 1, Sir John Hendrie will unveil a large stone slab erected in front of the Broadview Y. M. C. A. (275 Broadview avenue) to their memory. The 2nd Detachment C. G. B. band has been detailed by the G.O.C. Toronto district, for the occasion. Nearly 1000 returned men members of the Broadview Y. M. C. A. will be in attendance. A special invitation is extended to the relatives of the men who were killed in France, and the public in general is invited.

PLEASE MAKE ONLY NECESSARY CALLS

A tie-up of street car service always means very heavy telephone traffic. It makes it very difficult also to ensure a full operating staff at each of our ten Toronto exchanges.
May we not ask that until normal conditions return, subscribers make only necessary telephone calls? This will make it easier for the operators, and enable them to give better service.

SATURDAY MORNING, JUNE 28.

Facts Are With the Men.

Little blame can be cast on the street railway men for their rejection of the terms proposed to them by Mr. R. C. Harris on behalf of the Ontario Railway Board. The men are striking for higher pay, but with shorter hours, the first a necessity under the present conditions and prices of all commodities; the second, a principle now universally admitted and embodied in the peace terms which are to be signed, it is stated, today. As long ago as King Alfred, the rule was laid down, of eight hours for work, eight hours for recreation, eight hours for sleep. And King Alfred was some statesman, and democratic at that.

It is eight hours to be the day's limit of work, then the men are not unreasonable in their demand for 55¢ an hour. At the rate of 48¢ offered, they would actually be earning less in many cases than at present. As they cannot get along on their present wages and some of the brilliant conductors who are talking thrift should try the experiment of keeping a family for a few weeks on a motorman's or conductor's wage—it is absurd to ask them to get along on less.

This confines the area of negotiation considerably. The men are unwilling to vary from their eight hours at 55¢. The offer of the civic line wage scale may seem satisfactory to the public, which does not appreciate the fact that there are many other conditions attaching to the civic line service in addition to the wage scale, which were not included in the offer of the railway board.

On the whole, therefore, the opinion of the unbiased public will rest with the men in favor of granting the terms they ask.

Mr. Harris has fortunately made it quite plain that no advance in the fares stipulated for in the contract will be asked for. The railway board has shown sound judgment in this instance at all events. They have viewed the contract as a whole over its thirty years, and they doubtless perceive that an increase of wages to a living standard for the last two years of the term would not hit the twenty million dollars profits already gathered in very hard.

A moot question remains as to whether the cessation of the car service and the operation of the system invalidates the street railway contract with the city. Mr. Fleming evidently thinks not, and it is not necessary to raise the point while negotiations are going on afoot the strike and other matters.

The Weakness of Arbitration.

With regard to the arbitration clauses in the proposed settlement offered to the street railway strikers by the Ontario Railway Board, the men have not had such experience with arbitration as tends to begot confidence in this method of settlement. The city itself has been unfortunate in nearly all its arbitration experiences. There appears to be a fatal tendency on the part of arbitrators to compromise.

The men in this case did not contemplate nor prepare for arbitration. If they had been thinking of it they would probably have asked for 60 cents an hour as in Detroit or some higher figure, which the arbitrators would have cut down, according to the usual practice, to 55 cents.

Prices Control Wages.

There appear to be a number of people who hold workmen who strike for higher wages as guilty of some treasonable act of insubordination against society. It is, perhaps, not made as clear as it should be in the proceedings before the various boards which have considered the matter, control, conciliation, railway and municipal, etc., etc., that the reason for the strike is not desire for higher wages, but the necessity to keep up with the advancing scale of prices.

Government reports show that the standard of living has gone up 102 per cent. since the war broke out. It has been going higher than ever since the armistice was signed. The Literary Digest has given some account of the range of prices in its current issue, and the figures adduced are sufficient to justify any demand up to an increase of 100 per cent. in wages. Bradstreet's index figure of 3,849.5 for August, 1914, was about doubled for November, 1918, at 7,856.5. It rose in the

following month to 13,015, gradually diminished to 17,244 in March, and then rose again on June 1 to the highest point since January to 18,090.

The point to be noted is that workmen did not first demand higher wages. Undoubtedly the competition of munition makers and the high wages offered in this industry set a higher standard all round. Then prices for ordinary commodities began to rise, and with one consent the authorities refused to curb or check them. When this is kept in view, the men will not be blamed for doing what, to them, was unavoidable. They have had no option if they were to live. They must have higher wages. It is not to be thought of that they should depend on credit in the hope of lower prices and more lucrative work. The situation here to be faced as it exists.

Those who have the control of prices under their authority could settle the wage question by deflating values, which are undoubtedly to a large extent artificial. Nor must we forget that strikes themselves, by diminishing production, add to general high costs, and add further difficulties to the problem.

There is a consensus of opinion among good authorities that prices are not going to be disturbed for some time to come. This means that higher wages are inevitable in cases where there has been no response already to the upward turn.

Money is worth less by about half than what it was five years ago, because money represents values, and when the values do not exist its value as a symbol falls accordingly. The only real cure is to produce values by increasing production. Obviously this cannot be done except by setting men to work, and higher wages are necessary to bring this about.

DRUMMOND PICTURES ARE SOLD IN LONDON

London, June 27.—The sale of pictures owned by the late Sir George Drummond of Montreal at Christie's on Thursday, brought extraordinary prices for works of the Barbizon school. Corot's landscape, painted for Daubigny's studio, realized 6,800 guineas. Three works by this artist made 13,100 guineas. These prices were eclipsed by Daubigny's work which thirty years ago fetched 3,800 guineas and yesterday realized 7,800 guineas. It was bought by Airide Drummond, who will give it to the Montreal Art Gallery. The result of the day's sale was £68,000.

POLITICAL NOTES

The provincial government party campaign is on. Premier Healey left his room for doubt upon this point in his speech at Eugenia Falls on Thursday. Why the campaign should be opened at this point is not clear, but it is apparent. Eugenia Falls is central for the three Greys, and the government intends in the coming election to feature Attorney-General Lucas, who has represented Centre Grey for twenty-one years in the Ontario legislature. No one looking at Hon. I. B. Lucas would feel inclined to think he is not as young as he looks. He has been a member of the Conservative cabinet for fifteen years. The U. F. O. came to the conclusion some months ago that the attorney-general had been long enough in office and in the legislature, and they picked out a farmer to beat him. The U. F. O. nomination has not yet been made.

The Eugenia Falls picnic gave Mr. Lucas substantial reason for confidence in the fidelity of almost lifelong supporters in his home constituency. The place is a natural beauty spot, and the Hydro-Electric Commission may make it famous. The Beaver River has been dammed there, and a spacious lake formed quite as big as Toronto Bay and much more beautiful, with the natural vegetation of cedar, poplar and mixed hardwood enclosing the gleaming sheet of water as a jewel—which it certainly is in the economic sense. The old river course is over a limestone bed from the dam to the falls, a distance of a quarter of a mile. At the falls the scene is one of astonishing beauty and natural wonder. The river passes over a sheer, stone ledge seventy feet in height into a round rock basin, and disappears in a foaming whirl which sinks away for a couple of miles into the deeper defiles of the gorge. The distance from the falls to the dam is a mile, and the water upon the falls of the Exe in Devon. At the falls the Hydro Commission has enclosed a public park area and named the principal roadway Lucas avenue.

Beside the park gate, in the Orange lodge, Mr. Lucas got his nomination on Thursday. His old supporters were beside him and renewed their obligations. J. R. Fawcett proposed him and John Tucker of St. Vincent's, the U. F. O. nomination. Irwin Morrison, who is elected president of the Conservative Association of Centre Grey, is a warm supporter, and Mrs. Albert Miles, who was elected vice-president, and by Mr. Lucas the women were with him. Mr. Lucas therefore felt in extra good spirits; but he also felt under the necessity of saying something to put himself in the distance from the farmer's side. He said in a half-joke and whole earnestness, and Premier Healey, who led by exhorting upon the progress of agriculture in the government. There was the usual practical knowledge of the farmer, and Hon. Mr. Henry and of the diarmid's head is supposed to contain agricultural concerns. The premier did not shake any hayseed over the

THE PROMOTER'S WIFE

Neil Has the Offer of Two Positions.

CHAPTER CXXIII.
 After Mr. Frederick left I tidied up. Neil insisted upon drying the dishes. Then we sat in the living room talking over his kind words, and the feeling of security he had left behind as far as the immediate future was concerned.

Neil had told him—in the immediate past we had in the world to pay our own way, and we had to get on as best we could. We had our own clothes, but we had no furniture. We were both over thirty years old, and we had our unhappy experiences. Neil had nothing to show for the years of hard work. When I thought of this I wondered that he was as cheerful as he was; that he did not more often give way to discouragement.

"What are you going to do now, Neil live out here?" Mr. Frederick asked.

"Yes, Bab likes it, it is good for Robert, and we can live more cheaply. Quite a consideration."

"Have you decided what you will do?" I looked in amazement from one to the other, as Neil to lose his place with Frederick? I was soon enlightened. Mr. Frederick had seen my look of surprise, and added: "Haven't I told you, Barbara? Chase has offered him a fine position, at

"You are a real wife, Barbara. If there would be fewer divorcees fewer unhappy homes. God bless you both," said goodly solemnly for him, then said good-by with my cheeks still a burning because of his own, and he turned back into his house when we could no longer see the face of Mr. Frederick or his car.

"Neil is right, Bab. You are a helpmeet." Neil said as we turned back into his house when we could no longer see the face of Mr. Frederick or his car.

"One thing sure I shall not spend another sleepless night before I begin using Dr. Chase's Nerve Food. I expect it will take a little time to get my nerves right, but I shall get half a dozen boxes and give it a try out. Something seems to tell me that I shall not be disappointed."

PLANNED TO CREATE A SEPARATE STATE

Details of Plot to Establish Monarchy or Republic in North-east Germany.

Berlin, June 27.—Details of a secret plan to create a separate state in the Danzig corridor of the Tago-Tago Danzig correspondent of the Tago-Tago, who says it was the intention to co-operate with the Grand Duke of Mecklenburg in the establishment of either a republic or a monarchy to include East Prussia, West Prussia and Posen. The plan, he says, was favored by Adolf von Batocke, president of East Prussia; Herr Schmackeburg, president of West Prussia, and Herr von Buelow, president of Posen. Herr Wig, the national commissioner for Posen, and the two Prussian provinces, the correspondent declares, was to head the movement and was to be in charge of the military forces that were to make an immediate attack as soon as the peace treaty was signed.

The plan was disclosed, it is added, when various general officers had a conference with the government leaders at Weimar. General Groener was the first to be introduced, it is declared, by Matthias Erzberger, head of the German armistice commission, and Herr Wig, also was involved. Gustav Noke, the minister of the upper Silesia, also was involved. The correspondent asserts, had given up the plan. The government, it is declared, feared that Heering, instead of operating against the Poles, would turn about and march on Berlin in an attempt to re-establish the former emperor on the throne.

ASK COMMONS TO PASS CIVIL SERVICE BENEFITS

Ottawa, June 27.—A report presented to the commons today by Dr. Michael Steel, chairman of the special committee that has been inquiring into conditions in the public civil service, recommends the adoption by parliament of the recommendations made by the civil service commission some months ago. The commission's report, it is stated, was the result of a study of the annuities of members of the civil service who, owing to old age or permanent impairment of their health, are unable to perform their duties. Ida Asks Employers To Keep Promises

BY IDA L. WEBSTER.

A few days ago we wrote an article calling attention to the fact that there were girls employed at gasoline stations when we thought that men should be given the jobs, and especially returned men, as there are thousands of them out of employment.

Since then we have received many letters telling us that in not only places which we mentioned, but in practically all others where women were employed during the time of the war they have been retained.

The information is, of course, very flattering to the female portion of the race. It is quite a wonderful thing to think that girls have stepped in and filled satisfactorily positions which had always been held down by the males. At the same time, however, we must remember that when the various men gave up their jobs to go to the front their employers shouted to the holy, high heavens about how happy they would be to take them back when they were once more out of uniform after having saved the country from the Hun.

At that time, these voices which were raised in such protests were held in high esteem. Everyone talked about this and the other one, and all that was going on for the men who enlisted. He was the greatest thing of the war, and the very second that he put his foot back in this country he was to reap his just reward.

Unfortunately, some of those promises have been forgotten, and the boys are now back from conquering the enemy as far as they were permitted to do so, they cannot find the old jobs waiting for them, or, in some cases, when they get the position they discovered that the wages are not up to par, while in a small majority of instances the employers are living up to their word.

We do not advocate the displacing of girls who are doing satisfactory work, but we certainly do think that if a bank or any other place of business promises to employ a man, he should take back the boys when they were war it is up to them to do so.

So far as we can make out, there were none of the "boases" who said that providing a girl who was to take the man's place did not hurt him back, they would take him back. On the other hand, they all appeared to have been almost bolusterous in letting the whole world know that the right thing was going to be done by the soldiers.

If the ratemakers' associations would take up this question, we think that satisfactory arrangements might be arrived at. However, should that means not be sufficient, the War Veterans and Grand Army members could quite easily accomplish it. In the meantime the employers who have turned out to be the rankest sort of slackers may prepare themselves to keep their words of a few years ago.

"Will Morning Never Come?"

"If I could only sleep I believe my nerves would soon be all right, but night after night I lie awake and think about everything under the sun."

"What chance is there of getting better so long as this goes on?"

"None. Nerve force is being exhausted nearly twenty-four hours of every day, and there is no rest and sleep in which to replenish the waste."

"One thing sure I cannot stand it much longer, for I know that every week, every day—finds me more restless and nervous, and less able to stand the strain of the day's work."

"I suppose the doctor could give me something to make me sleep, but I don't want that. I am weak enough now. I want something to build up strength rather than to tear down the tissues of the body."

Ontario's Part in Production Half Manufacturing Output and One-Third Agriculture for Dominion.

Or the manufacturing output of the Dominion, Ontario is responsible for half, and of the agricultural production about one-third, says F. W. Field, British trade commissioner in this city, in his annual report to the British parliament.

A copy of the report has just been received here, and runs as follows: This province accounts for 46 per cent. of the mineral production of Canada, and 30 per cent. of the wool clip. Of the shipbuilding orders placed in the Dominion in 1918, over 30 per cent. went to Ontario yards, says the report.

Manufacture Previous Imports. Mr. Field tells the British parliament that the Ontario manufacturers have taken advantage of the decreasing imports from the United Kingdom and other countries. They have engaged in the manufacture of lines previously imported, and have done much to popularize existing lines, which, before the war, had competition, and which after the war will meet competition again.

The value of this market for British goods is materially increasing, and as time progresses British North America will become a market of greater value than can be estimated now. Those firms which grew with the market will have the more substantial advantages. A number of competitors have already grown with it for a considerable period.

NEW PROPOSAL FOR HOME RULE

Irish Dominion League Issues Manifesto Advocating Status of Dominion.

London, June 27.—Establishment of self-government for Ireland within the British Empire is proposed in a manifesto issued today by the "Irish Dominion League" and signed by Sir Horace Plunkett and other Irishmen. The proposal, it is claimed, is a great advantage over any previous proposed resolution for the Irish question, except that the British connection is maintained. The amount of home rule would not be independent republic. The manifesto points out the disadvantages to which a republic severed from the British Empire would expose Irish products mention is made of possible hostile tariff, and it is for Ireland her share in an imperial preference which might be established. Irishmen are urged in the manifesto to unite and let the British parliament and people know what they desire. The manifesto then outlines what the political status of Ireland would be under the new scheme. Ireland, it is declared, would not be represented at Westminster, but would be a member of the league of nations and of the imperial conference council or parliament which may be established. Ireland would have complete control of her internal government. The naval and military defence remains, as at present, but no authority but the Irish parliament would have the power to impose compulsory service on Irishmen, altho Ireland would agree to make contributions to the naval, military and diplomatic services. In referring to Ulster the manifesto says that while the rights of the province would be constitutionally recognized in many ways, the Ulsterites are asked to state what they demand, the manifesto adding: "But if our appeal meet with no response, the Irish Dominion League will be prepared to show that the Ulster difficulty can be met in the Irish constitution, as analogous difficulties have been met elsewhere in the empire."

In addition to Sir Horace Plunkett, the signers of the manifesto include the nationalist candidates, members of the old Irish party, leading members of the Irish convention of 1917, 45 Irish peers and baronets, privy councillors, bank and railway directors and lawyers.

GERMANS THREATEN POLISH JUNCTION

Paderewski Pleads for More Ammunition Before the Railways Are Cut.

Paris, June 27.—Movements of the Germans against the western Polish boundary at three railway junctions, "treasonousness in conference circles, and Ignace Jan Paderewski, the Polish premier, is making earnest efforts to obtain ammunition from the west and west. Heavy artillery attacks upon Czeszotowa from the east and west; threaten to cut the railway connecting Warsaw with Cracow and the Teshen coal fields. Czeszotowa is a city of 40,000 persons and an important railway junction. The Germans are also advancing at Krosno in 54 miles south-southeast of Posen, and directly west of Lodz, and there is fighting on the River Neisse, west of Bromberg. Polish staff officers stationed in Paris characterize the Czeszotowa action as most critical, as the Germans are within 20 miles of the city at some points. The decision of the council of four to permit the Polish army to establish a base in Galicia west of Lemberg carried with it temporary recognition of the River Bruc as the eastern boundary of Poland pending the decision of the league of nations. This decision was especially gratifying to Mr. Paderewski and his associates, as inter-allied commissions which visited the region supported the Polish reports that the district was being terrorized by bandits connected with no recognized army or organized government.

FELL OFF TRUCK

Falling off a truck yesterday afternoon on Bloor street, Harry Conuel, aged 19 years, of 3 St. Thomas street, sustained a fractured shoulder. He was taken to the Hospital for Sick Children.

MEN STAND FIRM FOR FIRST DEMANDS

(Continued From Page 1.) not be urged against their claims in any further arbitration and to be without prejudice to them. The men to return to work forthwith upon the foregoing conditions. The foregoing offer was rejected by a vote of 1611 against and 21 for, the men persisting in their demand of 50 per hour, and the rectification of all grievances, as demanded by them, conciliation and arbitration being rejected. March Down Town. A feature of the morning's proceedings was the march down to the Star theatre of two large delegations of men, mainly from the demand Young street, the other from the Lansdowne barns, each delegation bearing banners representing the attitude of the returned members of the union, nearly 1400 in number. The Conciliation Meeting Off. The demands of the Toronto street railwaymen did not meet last night as was expected. It is understood that Judge Barron, the chairman, was prevented from coming on account of illness in his family, at Stratford, and on that ac-

count the conference was not held. Mr. Aiseman Gibbons and other representatives apparently did not know this and turned up to find the commission was not sitting.

Go On Working. R. C. Harris is now the spokesman of the Ontario Railway Board, said J. A. Ellis of the latter body who asked yesterday afternoon if there were any developments in connection with the street railway strike so far as the board was concerned. "The men turned down our offer," Mr. Ellis added, "so I suppose we shall have to wait a little longer."

Fare the Same. Works Commissioner Harris, the manager for the time being of the Toronto Railway Company, yesterday gave the public the report that five cents fare would be charged under the railway board.

"The fare will be the same," said Mr. Harris, "as the railway board's order stated that the road would be run in accordance with the terms of the agreement. The red, blue and yellow tickets will be sold as formerly."

"How long will the railway board retain possession?" "I do not know any more," said Mr. Harris.

City Solicitor Johnston said: "The railway board is simply taking the place of the Toronto Railway Company. It is not definite as to the length of time they shall retain that position, but I suppose it will be until they come forward and agree to operate the system as provided by the order."

Agreement Holds Good. "The franchise agreement still holds good," "Yes," "And the company might not come forward until the franchise expires?" "No, it might not."

Mr. Johnston said that the city would then be in the same position so far as acquiring the road as if it were under the Toronto Railway Company.

May Take Proceedings. "Does the city anticipate any legal proceedings in connection with the taking over of the railway?" Corporation Council Geary was asked.

"Oh, I can't say as to that. The company may feel that they have grounds for such proceedings," said Mr. Geary. "However, we've taken over the road. That's our stand, and we will meet other contingencies as they arise."

"We won't break the agreement," says Chairman McIntyre of the Ontario Railway and Municipal Board.

"He can't," echoes Section 260 of the Ontario Railway Act, under which the board has taken over the Toronto Railway Company. "This section says: 'Where a street railway is operated under an agreement with a municipal corporation, and it is alleged that such agreement has been violated the board may direct the company or the person operating the railway, or the municipal corporation, to do such things as the board deems necessary for the proper fulfilment of such agreement.'"

All Powers. And another clause provides that the board may "assume and take over all or any of the powers, duties, rights and functions of the directors and officers of such company."

Manifestly the directors have no power to treat the agreement as a scrap of paper, and the railway act gives the railway board no power other than that of directors.

Another element of chaos in the condition in which Toronto street railway affairs find themselves is the fact that the very right of existence of the Ontario Railway Board, which has presumed to take charge of everything and provide a solution, is not only open to question, but the subject of pending legislation. The Toronto Railway Company has twice before the privy council to take before that august body the question as to whether the act creating the board is not ultra vires of the province. The question was raised in connection with the fines imposed upon the company by the board for non-compliance with the order for extra cars. D. L. McCarthy, K.C., who appeared for the company, stated that the board would probably be argued in November. "Will the directors of the company bow?" asked Mr. McCarthy.

"The members of the railway board under the railway board act," suggested the reporter.

Responsible to No One. "But they are not elected by the shareholders and are not responsible to them as required by the companies act," said Mr. McCarthy. "They are responsible to no one. They might wreck the road, and they are responsible to no one."

What will be the position if it is ultimately held that the railway board is ultra vires? Will they be liable for wrecking the road," laughed Mr. McCarthy.

Act as Directors. "Have the members of the board power to exact a five-cent fare?" asked the reporter.

"No, they assume merely the functions of the directors of the company," replied Mr. McCarthy. "I have no doubt," he added, "that the increased fare could be imposed by agreement by the board representing the company and the city, and it could afterwards be referred to the ratepayers if necessary, but the council has very full powers."

FORGING A SOLUTION.

Editor Toronto World: As one who has seen and made a study of the management, the conducting, and the troubles of street railways in many parts of the world, I would venture that your columns to offer a suggestion for the settlement of the Toronto difficulty.

If the reports I read in the press indicate the situation clearly the present position seems to be somewhat as follows: All attempts at conciliation by consequences having failed and an offer of cents per hour with an eight-hour day, made by the railway board yesterday having been turned down by the men, and in case position is reached.

Mr. Maclean (South York) suggested that the amendment should not come into effect until twelve months after the passage of the act—that would afford an opportunity for the provinces and municipalities to be heard.

Sir Robert Borden admitted that the provinces and municipalities had contract rights. If contracts in their favor were invalidated by parliament, some compensation should be made.

Hon. Dr. Reid then moved that clause 374, relating to the franchise of the Toronto-Niagara Power Company in the streets of Toronto and other cities be dropped from the bill. Promise Separate Bill.

He promised that if this were done that a bill would at once be introduced by the government restricting the powers of the Toronto-Niagara Power Company, so that in case of municipality the whole matter would go for decision to the railway commission.

Major Mowat (Parkdale) said the proposal of Dr. Reid was unobjectionable; the "little" bill he promised to introduce might pass the house, but it would have as much chance in the senate as a kitten would have in a cage with a lot of terrors.

Mr. Speaker Rhodes ruled that it was unparliamentary to refer to the

speaking the man who made appointments was responsible for the men appointed. Unfortunately the prime minister could not remove the senators. The senate was an irresponsible body without any mandate from the people. It was high time to reform the senate and cut off appeals to a court which sat on the other side of the Atlantic ocean and was unfamiliar with conditions in Canada. Mr. W. F. Mackenzie, Kingston, made a vigorous speech against submitting to the senate and was supported by Mr. Foster (East York), and Mr. Euler (North Waterloo). Hon. N. W. Rowell declared the bill before the house to be a government bill, which must be passed if the government was to retain the confidence of the house. I.), Salth, Sutherland, Wallace, Wilson (Wentworth). Totals—Yeas, 74; nays, 29. Amend Pensions Bill. Second reading was given to the pensions bill and the house went into committee on the bill. Capt. McGibbon urged government provision in insurance for disabled men. There were many men, he said, who owing to their disability were unable to get insurance. Col. Fook objected to the clause providing that soldiers guilty of intemperance or improper conduct and sustaining injuries as a result of it should lose their pensions. This might work a hardship to a lot of men, who, though good soldiers, were guilty of some temporary lapse. Col. Peck said that his experience was that men who had occasionally been intemperate at the front were among the best soldiers, and the clause if drafted would work hardship on some of the best men. Mr. Rowell agreed to strike out the word "intemperance" from the clause. It was with this amendment it was adopted. Progress was reported on the bill and the house adjourned.
