TOMLINSON INQUEST OPENS DEATH WAS BY SUFFOCATION

James Cooney, Retained on Vagrancy Charge, Cannot Satisfactorily Explain Whereabouts.

James Cooney of 413 West King-street was arrested upon a charge of vagrancy yesterday morning after the adjournment of the inquest held into the death of Wm. Tomlinson. He cannot explain satisfactorily where he spent the interval between 10:30 Monday night, when he saw the body of the dead man, until Tuesday morning, when he was one of the two who discovered it. He said he slept on a lumber pile on Dufferin-street, but his alibi was not satisfactory. Chief Coroner Johnson, who is conducting the investigation, said that the body was found in a posture similar to the one in which the man was last seen alive, and that he was not drinking heavily, but he was mixing his drinks badly. Cooney's own hands were found on the body, and he admitted that he had taken a drink of whiskey, which he tied about his forehead. He visited him several times afterward, and found him breathing and breathing heavily. His head was hanging forward upon his chest. Thomas G. Moore, who saw him when he was a few minutes after it was discovered, said he was carrying a bag of clothes, and he noticed the head was limp, although the arms were stiff. The inquest was adjourned until Tuesday at the Gladstone Hotel.

NOT OVERTOOL DAY.

King Edward Guest Lost Wearing Apparel—Man Arrested.

Alfred Thomp went to the King Edward Hotel yesterday morning. He did not register. He stayed a short time about the corridors and then walked out the main entrance with two very nice and very much overcoats under his arm. Detective Thompson, the house sleuth, went out immediately afterwards, and they walked as far as Thomp's home at 95 Jarvis-street, Thomp leading and the detective hot on the scent some paces behind. Then the detective went back to the hotel and found a foreign guest bewailing the loss of a coat. Thomp went back to the pawnbroker's place near Thomp's home and waited. Soon his man came along wearing coat and carrying another. He evidently meant to pawn the coat, but lost his nerve. The detective "thumped" Thomp and showed him a name in the inner pocket. Thomp had no more to say, but went quietly to the station. Thomp has appeared on the main charge before, and seems to have a mania for overcoats.

HIGH COURT I. O. F.

In ANNUAL SESSION. St. Catharines, Aug. 30.—The twenty-eighth session of the High Court of Ontario, I. O. F., opened here this morning. There was an unusually large attendance of delegates. Fully two-thirds of the delegates made their first bow. The meeting was brought to order by High Chief Ranger R. D. Cameron of Lucknow. Bro. John Clench then, on behalf of the local courts, presented an address, and Mayor Sweet, on behalf of the city, presented an address of welcome.

THE LAW DOES NOT COMPEL IT.

The law does not compel a man who suffers from a violent and bilious stomach to use a most reliable foot remedy, Foot Elm. A man's common sense should lead him to do so. Foot Elm has cured hundreds of tender, aching, sore feet; 25 cents for fifteen powder at drug stores.

BISHOP OPENS "GOLDEN GATE" HAD TO SETTLE BOARD BILL

Presiding Officer at A. M. E. Conference Recalls an Old Score—Hamilton Happenings.

Hamilton, Aug. 30.—(Special).—The police are working hard to clear up the mystery of the assault on the two little Reid girls, who were enticed to the Mountain Saturday, and they think they have a strong case against the prisoner, Byron Teale. Detective Miller took the girls to see the prisoner since his arrest, and they both told the officer that he was the man who had coaxed them away and choked the elder sister. This afternoon Mrs. J. Pirton, a woman who lives near Ironside, sent word that a drunken Indian had invaded her home. She said she had a hard time to protect herself from him. Later in the afternoon the police arrested an Indian who gave the name of Levi Clauson. They are holding him on a charge of drunkenness, but a more serious charge will likely be laid against him. The members of Bismarck Lodge, Knights of Pythias, had a jolly picnic at South's Grove the afternoon. The committee in charge were: Harry Kompf, chairman; Alf Wilkes, secretary; F. Morden, H. Eckelstein, and H. Romer and they certainly knew their business. There was every kind of a contest on the program, including a sore heads race, a "sense of taste" competition, smoking race, etc. The officers and members of the lodge, and the members at tug-of-war, and the married men beat the single at baseball by a score of 2 to 1. Thomas M. Power, proprietor of the Mansion Hotel, and Miss Mary Murphy, Stratford, were married today. Mrs. Burned. Lightning struck David Filman's barn, near Burlington, during the storm this morning. The barn and the season's crops were destroyed. There was no insurance. The contracts for the new drill hall will be let in about three weeks. The granite for the base will be brought from New Brunswick. At today's session of the conference of the African Methodist Episcopal Church there was a rather unusual occurrence. The presiding officer, Bishop Handy, called one of the members of the conference to the front because he allowed the bishop to pay his board bill at the last conference and had not made good yet. Reports were presented at this afternoon's session, showing that the church had a membership of 600 and a following of some 30,000. It was stated that sixty-five graduates of the Payne Seminary were direct from Africa, and they had returned to their native land to become missionaries.

TRUE BLUE'S IN SESSION.

Insurance Proposition Before Them—Order Has Prospered.

If the resolution of Delegate Johnston of Victoria Harbor, at the annual meeting of the grand lodge of the Orange True Blue Association, yesterday, finds favor with the grand executive, the True Blues will have an insurance department. This was, perhaps, the most important matter discussed before the annual session of that body in Victoria Harbor. The members of the lodge decided that the addition of an insurance section to the constitution of the order was far too technical a subject for them to discuss and act upon finally, and a vote was taken on the grand executive, with orders to bring it before the next meeting of the Grand Lodge of Canada. The majority of the members, who were present, were in favor of the proposition. The annual report of the grand master, James Worrell, showed a great advance in the work of the lodge since its last meeting. He stated that the lodge had a membership of 1,200, and that the dues for the year were \$200,000. The lodge had also received a large number of new members, and he stated that the lodge was in a very prosperous condition. A proposal was made to have the cottage at Pictou built.

MENACE TO WESTERN FARMING. Alex. McCowan, M.L.A. Comments on Wild Seed Situation.

Alex. McCowan, M.L.A. for East York, was in the city yesterday after an absence of more than two months, spent in Manitoba and the Northwest. Mr. McCowan is permeated with the spirit of the west.

From Portage la Prairie, where much of the time was spent, Mr. McCowan radiated north and west more than 200 miles. Over this area, he says, the outlook is excellent. In the low lying lands considerable injury was wrought by heavy rains in the early part of the season. The wheat and other coarse grains look well, and will yield big returns. Much of the wheat is cut and the end of the week will see it practically all finished. In some sections farm husks cut a wide swath, utterly destroying everything in its course. He considers that the yield has been less estimated and the realized by westerners they are buoyant over the harvest at hand.

Mr. McCowan was some 400 miles south of the boundary line in Minnesota and North Dakota. Crops there promise well, but over large areas the rainfall has been excessive and the result, already dead ripe, will be practically lost.

Mr. McCowan sounds a note of warning regarding the present method of farming generally followed in the Northwest. The spread of wild oats, mustard, and other bad weeds is an alarming feature. If a better system of farming and more stringent measures are not adopted great damage will result.

The live stock industry shows wonderful development, and the farmers' cattle generally compare favorably with the best Ontario herds.

LONG SHOTS IN THE MONEY CITY HANDICAP

Wildmint, 10 to 1, Won; First Mason, 15 to 1, Second; Coughnawaga Third.

New York, Aug. 30.—On a heavy track, James E. Keene's Wild Mint, a ten to one shot, today won the \$10,000 Twin City Handicap at 1 1/2 miles at Sheepshead Bay, defeating First Mason, another long shot, by half a length. Coughnawaga was third. Considering the condition of the track, Wild Mint's time of 2:06 4/5 was good. Jacquin was added in this race and was supposed to be a good thing, but he was unable to get into the race.

Proper was made a hot favorite at 5 to 2 and was heavily played, while the price against the other horses gradually went up. The start was poor, Proper getting in at the head of the pack, and Wild Mint took the lead, at the first turn being four lengths in front of Jacquin, with Coughnawaga third. In the back stretch Nook took a good hold of Wild Mint, who was still leading by two lengths. Bounding the far turn Jacquin began to stop and Bullman on First Mason, began to get away from the leader, and gradually closed the gap, but Wild Mint instead of long enough to win. His lengths separated the second and third horses.

Running Water, second choice, captured the Great Filly Stakes, worth \$800 to the winner, by a half length. See Smith, favorite, was second, followed by Running Water with a rush and won. Two favorites won. The attendance was small and the weather rainy. Summary:

New Cloaks and Tailor-made Suits for Fall

It is a somewhat characteristic feature of this season that fashion's best productions for a coming season are here days and days before the calendar tells the arrival of that new season for which we've made preparations—just now fall and winter styles are reflected in a splendid gathering of rich cloaks and beautifully tailored suits—these garments answer satisfactorily the much-asked question: "What styles are the newest?" "What styles are the most desirable?" and we're selling them freely; perhaps reasonable prices have something to do with the selling, but we're inclined to think that the dashing styles really settle the question—stunning long coat, beautifully tailored suits, of fine chevils and dressy tweed mixtures, are offered at \$30 to \$35—they actually look the part of \$50 suits.

FLANNELETTES 9c, WORTH 12c

36 inch Fancy Stripe Flannelettes, in a pretty range of colorings, soft firm cloth—also 31 inch Plain Nylon Flannelette, in 47, pink, cream, and white, all regular 12 1/2c quality—Friday, a yard, 9c.

American Laundry Rules.

An English lady, writing from France, tells of her annual wash day. The thrifty French housewife thinks it very much cheaper to have her washing done one a year than once a week, as in America. The linen on the beds in France is only changed once in four or six weeks, this method, considered cheap there, our method, is not so economical to accumulate, and for several days the washing goes on.

Collector Sent Down.

Frank Kint was a collector for the Ocean Bend Tea Co. He failed to make a return for his collections. As a result, he was hauled into the police court yesterday and sent to jail for 10 days. He was convicted of stealing \$17, but over \$60 paid to him never arrived in the cash box of the company.

Stole From Employer.

Hector Miding pleaded guilty in the police court yesterday to stealing \$15.50 from the Lightfoot & Sons of St. Lawrence Market. It was his second conviction, and Magistrate Kingsford sent him to jail for 60 days.

Granted that a Canadian can make money in Eastern Cuba—how about home comforts? Dollars don't make domestic happiness. Sugar, bananas, oranges, coconuts, pineapples, corn and tobacco may be good for a surplus. But a Canadian must turn part of his surplus into home comforts.

"Just fancy," said Mr. Millikin, "a ten-room cottage in Toronto, finished inside with most superbly grained natural woods, and built for less money than it costs to buy some of the shacks in St. John's Ward."

IS NEW ASSESSMENT ACT A SUCCESS OR FAILURE?

Meeting of Ontario Municipal Association—Commissioners Forman and Hutton Head.

A hundred municipalities are represented at the Ontario Municipal Association convention in session at the city hall. It is the largest attendance in its history.

Mayor Urquhart welcomed the delegates, saying there never was a time when the rights of municipalities were being so keenly attacked as now by individuals and corporations.

Control of the distribution of the province, Transmission was a difficult matter for a municipality to handle single-handed. The mayor suggested a closer alliance in this instance between all the provincial bodies and the Dominion government.

SOME EDITORIAL VIEWS JAPAN GETS ALL PRAISE

"Her Crowning Victory," Says One Journal—Noble Self-Sacrifice Held Up to Admiration.

N. Y. Tribune: Japan has won her crowning victory. Her terms of peace are finer than her conquests at Mukden and in the Korean Strait.

The London, Eng. Daily Chronicle says there is nothing in the settlement which is dishonorable to Russia, and nothing even to threaten the future of her commerce and peaceful expansion.

Count Bonmartini, the brother-in-law of Count Montemurlo, who was found guilty of the murder, was sentenced to three years' solitary confinement and ten years' police supervision.

The five prisoners had spent a most agonizing night in their cells, the Countess Linda being so hysterical that a doctor had to be called.

Count Bonmartini, who did not live a good term with the countess, was found stabbed to death in his palace at Bologna in August, 1902.

Lightning struck the home of P. G. McKellar of Lobo Township, the other day, and as a result his little son is at death's door.

The London, Eng. Daily Telegraph: The optimists have turned out to be right, and their faith has been justified by events, even the manner of justification is other than what they expected.

### REPORT DOESN'T SUIT.

#### U.S. Navy Secretary Has Poor Opinion of "Bennington" Findings.

Washington, Aug. 30.—Secretary of the Navy Bonaparte to-day acted upon the findings of the court of inquiry in the case of the Bennington explosion. He disapproves of such of the findings as declare that the Bennington was "in an excellent state of discipline and good efficient condition," at the time of the explosion, and is particularly severe in his comments upon the failure of the officers to look after the safety valves.

### ADMINISTRATOR OF TERRITORIES.

#### Lieut.-Col. White of N.W.M.P. Given an Honorary Promotion.

Ottawa, Aug. 30.—Lieut.-Col. White, controller of the Northwest Mounted Police, has been appointed administrator of the Northwest Territories, under the minister of the interior, and governor-in-council.

### ONTARIO'S ELECTRIC POWER PROBLEM.

The Weekly Sun: Some remarkable figures relating to Ontario's power problem were set forth by M. McLean of the Toronto World. It was pointed out that one syndicate has secured the right to develop 10,000 horsepower at Niagara Falls. The sale of this energy at between \$15 and \$16 per horsepower would produce a revenue of \$2,000,000, or equal to 4 per cent. of the capitalization of \$50,000,000.

### YANKS PETITION CANADA.

Ottawa, Aug. 30.—Numerous letters written by citizens of the United States residing in different parts of the Union have been received in Ottawa, addressed to the governor-general.

### CONTRACTOR IS CHARGED.

Albany, N. Y., Aug. 30.—Oronover Van Gulsing this afternoon ordered the arrest of John L. Daggert, his superintendent, on charges of manslaughter and criminal negligence arising from his indifference towards the safety of the central portion of the department store building.

### DON'T WANT PROTECTION.

Montreal, Aug. 30.—One of the strongest protests against any increase in protection in petitions that in several instances the present tariff should be reduced will be made by the Dry Goods Association of Canada.

### SEQUOYAH FOR STATEHOOD.

Muskogee, I. T., Aug. 30.—The statehood constitution committee, consisting of Messrs. J. T. Lusk, J. W. Williams, and J. H. Williams, have made a report to the convention.

### STROMBOLI AGAIN ACTIVE.

Messina, Sicily, Aug. 30.—The ancient crater in the island of Stromboli is in full eruption and is ejecting a heavy mass of lava. Dense smoke hangs over the island. Panic prevails in the villages around the volcano and the villagers are leaving.

### Water Not So Bad.

The not wholly recovered from the effects of the late heavy rain, the city water has shown a certain improvement, was the report of the city analyst, Prof. Shute, who is thought that the next test made will show a normal figure.

### Borden Going West.

Ottawa, Aug. 30.—Sir Frederick Borden leaves Saturday on a trip to the Yukon and Michigan Southern Railroad Co. was shot and killed early to-day by unknown persons. He was 52 years old.

### Married at Ottawa.

Ottawa, Aug. 30.—Miss Clara Stewart, eldest daughter of Douglas Stewart, Dominion inspector of penitentiaries, to-day became the wife of William A. Dyckman, youngest son of Henry W. Dyckman.

# ASSESSMENTS ARE SENSIBLE

## C.P.R. WILL REPEAL HEIRS

Another Day's Work by Court of Revision—Some Interesting Decisions.

The C.P.R. secured a reduction on its assessment on the Esplanade frontage yesterday morning from the court of revision. The court of revision also tried to convince the company that the C.P.R. Telegraph Company should not be taxed upon its gross receipts in addition to a business tax. The land west of Bay-street was reduced from \$25,000 per acre to \$20,000 and the eastern portion to \$15,000. After a warm discussion the company decided to refer it to a higher court.

The Beddell Furniture Company's profits at Yonge and Queen-streets, were twice assessed, owing to a mistake. One made it 30 per cent. on the department store basis and the other, as a retail business, called for 25 per cent. The latter was upheld. The Queen-street portion was worth \$775, and on Yonge-street \$22,250. The former was confirmed.

The Wesley Automatic Smoke Prevention and Fuel-Saver Company, Limited, were assessed as manufacturers on their property at the value of \$500,000 and were liable to 60 per cent. tax. The court decided they were retailers and reduced it to 25 per cent.

The Leader Pharmacy Company were assessed for 3 feet of land they did not own. The court decided that the assessments were avoided by reducing the business assessment from \$1900 to \$1600, and by the property assessment as it was.

From One to Another. The Toronto, Canada, and Ontario assessment of \$10,000 was claimed to be altogether out of proportion with their neighbors, the Matthews Bros. Company. The Matthews Bros. Company was assessed at \$1600 from the former to the latter. The Matthews Company has had their assessment reduced to \$1000.

Johnston, McKay, Dodds & Grant appealed against their income tax, claiming that they were only six months in business. The income assessment was reduced to \$1000, but the business assessment was sustained.

The court declined to lower the assessment on some of the butcher stalls in the market. W. Mallon and Brown Bros. were among those complaining. The court gave decision in the Queen's Hotel appeal, totally only \$250. It was claimed the property had depreciated on account of new competitors, etc., but the assessment of \$90,000 was confirmed.

Rated as Departmental. Whether or not the C.P.R. Company was carrying on a departmental store was the point in question regarding their assessment. The court decided they were not a departmental store and their assessment of 50 per cent. was therefore confirmed.

The assessment on the Sovereign Bank, 28 West King-street, was reduced from \$1500 to \$1400 per foot, an overcharge on the land value being allowed.

The Murphy Iron Works Company, Yonge-street, per Mr. C. H. Hays, claims that as they were paying taxes in Walkerville, had no income in the new business in Toronto as yet, and their property had a total value of only \$250, they should be given a reduction. Their business rating was fixed at 25 per cent. and the assessment of \$1450 was confirmed.

W. R. Lindsay for the Dominion Show Case Company secured a reduction of business rating to 25 per cent. instead of 60 per cent. The assessment was \$1452.

### STOCKING UP EARLIER.

Why July Customs Were 'Way Up and August Receipts Less. Although the exact figures will not be published until the customs officials have counted the receipts for August this year will be less than for the same month last year.

Even allowing, however, for the decrease in this month's figures, the two months taken together will show an immense increase over the same two in 1904.

British Sailors Landed to Stop Chinese Fight. Hong Kong, Aug. 30.—The Amoy correspondent of The South China Morning Post telegraphs that the harbor of Amoy has been closed for several days because of a fight between Chinese and British crew members.

## Should Not Fail to Visit

O'KEEFE'S BREWERY

Visitors to the Exposition are cordially invited to inspect the O'Keefe Brewery, to learn of the various processes of brewing and to see for themselves just how and why

O'KEEFE'S Ale, Porter and Lager are such delicious malt beverages. O'Keefe's Brewery is one of the sights of Toronto, and a wonderful interesting place to visit through. Those who have never seen a modern brewery in operation may profitably spend an hour or two of their time at O'Keefe's Ale, Porter and Lager at your hotel or cafe.

ART ADVANTAGES. IN FULL ERUPTION. One of the Ways in Which the National Exhibition is Useful.

The art advantages of the Canadian National Exhibition are unquestioned. Not alone in the crafts are ideals raised, but public appreciation is stimulated and curiosity excited by the presence of the artist in the museum.

LADIES' FASHION OPENING

To-day we begin our Fall Hat Opening of Ladies' New York and Paris designs, specially imported by our representatives in those cities. These Hats are absolutely exclusive in quality—no two alike—and while rich in coloring are so tastefully handled in composition that they appear quiet and tasty. The trimmings to these Hats are excellent and novel in effect.

The styles this season differ in a variety of modes from the designs produced recently in the sphere of fashions. The general one is reduced in breadth, and more pleasing and happily shaded color harmonies are in vogue. A strikingly handsome effect has been named the "Gondola." Another theme in the hat creation is the novel design with a high back that sets it forward in picturesque balance.

We want you to call to-day and see these Hats, even if you don't buy. We believe that they will give you some valuable pointers on style.

Chicago Markets

Marshall, Spader & Co. (J. G. Best), King Edward Hotel, reported the following fluctuations on the Chicago Board of Trade for today:

Table with columns: Wheat, Dec, May, Sept, etc. and values.

Chicago Cattle

Marshall, Spader & Co. wired J. G. Best (King Edward Hotel) at the close of the market today:

Under the pressure of lower cables and the continued liquidation of September hold-

ers, a further decline to 77c for September and 80c for December was experienced.

At this point, however, the reports of wheat having been worked at Kansas City for export via the Gulf, caused a sharp rally with the recovery of the early decline.

Cash wheat in all the primary markets is materially above par with our prices, and it seems to us that when the liquidation of the September wheat is completed a sharp rally to a more legitimate level is due and purchases during the present depression indicated.

Eric's & Stoppani wired to J. L. Mitchell, McKinnon Building:

Wheat—Foreign weakness gave us a low opening, but this was an effort made immediately to rally the market and for ever, long became tired and turned aside, resulting in a new low price for September. Commission houses had considerable wheat for sale, showing that outside buyers were about ready to part with their holdings. The cash market looked un-

dered and reports indicated that an increased movement would soon be evidenced. Near the close there was some rally on covering by early local sellers, who bought on the upturn in corn. While cables have had a good decline there is still plenty of long wheat held, which should come on the market before any material advance in due.

Corn and Oats—Ruled weak early on

general selling by pit traders, but market turned strong during the last hour on support accorded corn by the leading long interest, and market closed around best prices of the day.

Provisions were strong and prices higher with pork leading the list.

Charles W. Gillett, Secretary, Board of Trade Building, wired:

Wheat—Cash markets in the Northwest were again slack and lower. Primary receipts about 700,000 bushels, or about 300,000 bushels less than last year, but the absence of a satisfactory export business continued to depress prices. Our market was dragging all day with liquidation in evidence nearly all thru the session.

Barley in the day-end report wheat was being worked for export along with the strength in corn advanced the market and caused small shorts in wheat. I do not see any buying or any news of which to advise and purchase and still think wheat is a sale on bulge.

Corn—Legal receipts today 433 cars with 430 estimated for tomorrow and acceptance on bids to the country. There was scattered liquidation, unless prices are lowered. Several cash sales were good today, but beyond taking no active part in the market the bill covered showed no alarm. Distant months look cheap and ought to be held to the bottom.

Oats—Trade disposed to be bullish for the long pull, but the large stocks, heavy receipts and heavy selling, unless prices are discouraged buyers. The distant futures are declining in sympathy with the cash, but they ought to be worth considerably more than they are now.
