PREFACE.

This edition of the Counties of Kent and Essex Gazetteer and Directory is respectfully presented to the public, with a sincere hope that it will meet with favor at its hands, and that the compiler will receive that consideration due to an earnest wish on his part to make the book as reliable as possible. Information has to be obtained from so many different sources that errors will unavoidably creep in, and whenever such may be found, it is to be hoped the public will generously overlook them.

The publisher desires to present his acknowledgements to the members of the Press in the counties, the County Clerks, and many other gentlemen, for the kindnesses experienced at their hands, both by himself and agents.

To the advertisers and subscribers especial gratitude is due for the very liberal support given by them to the enterprise from the commencement.

TOWN OF CHATHAM.

The County Town of Kent is situated on the river Thames, at the entrance of McGregor's Creek. The Thames is navigable to Chatham for the largest class of sailing crafts. Owing to the excellency of its situation in the midst of a fine agricultural country, and also to its extensive facilities for transportation, Chatham is one of the best markets in Western Canada.

Among the chief manufacturing establishments are the following:

FLOUR AND GRIST MILLS.—Mr. Frederick Robinson's mill, established in 1868, is of frame, two stories in height, and measures 24 x 36 ft. A 16 h. p. engine propels the machinery and several hands are engaged in custom and local trade generally.

DOOR, SASH, AND BLIND FACTORIES, AND PLANING MILLS.—Messrs. Jas. Baxter & Co.'s blind factory was built of frame in 1858. It measures 36 x 60 feet and contains a 16 h. p. engine to propel the machinery. Five to six hands are employed in the manufacture of blinds, planing, matching, &c. The building of Messrs. Craddock, Somerville, & Co. is of frame and built two stories high, measuring 70 x 30 ft. The power employed is a 25 h. p. engine, and eight hands are engaged in manufacturing doors, sashes, and blinds, &c. Planing and matching is also carried on and building materials of all kinds are furnished. The Pump and Hose Factory of Messrs. Small & Quirk is situated on Wellington Street. It was built (of frame) in 1865, and measures 100 x 30 feet, 2 stories. Steam, to the extent of 16 h. p. is employed, and eight to ten hands are engaged in manufacturing pumps, cut staves, shingles and headings. This firm also make a superior straw cutter.

CARRIAGE WORKS.—The carriage factory of Mr. Gray is a fine building, established in 1852. It is of frame, and consists of the following buildings: Show room, 60 x 25; blacksmith's shop, 60 x 35, with 7 forges, and a wood shed, 60 x 30. The machinery is driven by a 10 h. p. engine, and the manufacture of carriages, waggons, buggies, sleighs, cutters, &c. finds from 25 to 30 hands in steady work. Mr. Gray also manufactures ploughs and cultivators. Messrs. W. J. Young have a large frame building on the corner of William and Wellington Streets. Here four hands are engaged in manufacturing every article in their line of the best workmanship and materials.

BRASS AND IRON FOUNDERS.—Messrs. Dalgarno, Parkinson & Co. commenced business in Chatham in 1865. Their buildings, which are frame, measure 120 x 42 feet. A 25 h. p. engine is used, and 30 to 35 hands are engaged in the manufacture of steamboat engines, and saw and grist mill gearing in general. Mr. L. F. Stark is engaged in the manufacture of castings of all kinds, stoves, and agricultural implements. His buildings are of frame, two stories, and consist of a moulding shop, 38 x 24 ft., and a show room, 36 x 24. He employs 5 to 6 hands. Messrs. Jas. Soutar & Co. are extensively engaged in the manufacture of agricultural implements of all kinds.

STEAM SAW MILLS.—Messrs. D. R. Van Allen & Co.'s buildings were established in 1857. They are of frame, and measure 63 x 72 feet. A 75 H. P. engine is employed, and 45 hands are engaged in cutting 50,000,000 feet of lumber annually. Mr. Salem G. Aldis has been established since 1851. His buildings are frame, 100 x 30, where 7 to 8 hands and a 15 H. P. engine are employed. He cuts lumber of all kinds, to the amount of 1,000,000 feet annually.

BREWRIES AND DISTILLERIES.—Mr. Thos. Bennett's buildings are frame, 40 x 24 feet and 1½ stories in height. A twelve H. P. engine is employed, and all kinds of whiskies are manufactured. The brewery of Mr. John Garner was built in 1840. It is a brick building on a stone basement, and measures 62 x 26 feet. A one H. P. engine is employed, and ale and porter are manufactured extensively.

TANNERIES.—Mr. John Smith established his tannery in 1857. It is of brick, 42 x 60 feet, with 42 vats. An engine of 15 horsepower is employed, and six to eight hands are engaged in manufacturing sole, harness, and upper leather, reps, calf and sheep skins. The Kent Tannery of Messrs. Walker and Leith, was established in 1868. It is of brick, two stories in height, and measures 80 x 35 feet. A 10 H. P. engine is employed, and five hands are engaged in the manufacture of sole, harness, upper, kips and calf skins.

NEWSPAPERS.—The *Planet*, (weekly and tri-weekly) Rufus Stephenson, editor and proprietor; and the *Banner*, (weekly,) J. R. Gemmill, jr., editor.

The steamer *Dominion*, Mr. Steinhoff, master, plies regularly during the season, between Chatham, Windsor and Detroit.

CHATHAM MUNICIPALITY.—Mayor, Henry Smith; Reeve, J. Evans; Deputy Reeves, R. Monck, J. Clear.

COUNCILMEN.—Robt. O. Smith, Thomas Holmes, Robert Lowe, J. D. Ronald, G. O. Scott, Wm. McKeough, E. W. Scane, S. M. Smith, Geo. Dunlop; Clerk, John Tissiman.

RONDEAU P. O.

An important post village in the Township of Harwich, on the stage road from Chatham to Morpeth, distant from Chatham 12 miles, and 10 miles from Morpeth. The site is very pleasant and healthy, being at an elevation of 150 feet above the lake. Blenheim contains three churches—Episcopal, Presbyterian and Wesleyan Methodist—a good town hall and a brick school house—four hotels and a full representation of mercantile business. The manufacturing establishments exceed that of any other village in the county—among which may be mentioned the woolen and carding mills of Eli Warner, where tweeds, cloths and flannels are manufactured and custom work attended to. Eight hands are employed. The Foundry and Agricultural Implement Manufactory of Hall & Son gives employment to 10 hands, and turns out plows, fanning mills, cultivators, shovel plows, seed drills, &c.,

besides general jobbing. The Dominion mill, where Wm. R. Atkinson manufactures all kinds of straight and turned handles, viz: fork, shovel, hoes and broom handles, &c., sawn and turned, J. K. Morris' Steam Saw Lath and Veneer Mills and Machines; 12 to 15 hands are employed; two thousand feet of lumber sawn annually, six thousand feet of lathing, and three to five million feet of veneering cut daily. This is the place for piano lumber of all kinds. Lewis Kinne is engaged in a large frame building 36 x 50, 2 story high, manufacturing doors, sash and blinds, and planing and matching building material; he employs 8 hands. J. S. Farrell carries on a large business in the manufacture of spade handles only, and employs 6 men; he uses steam power. Thos. Coghlan is extensively engaged in the manufacture of cabinet work of all kinds, upholstering and undertaking; he keeps a good hearse. Tennesy's shingle factory, Hughson's flour mill and Bisnett's planing mills also do a good business.

Loyal Orange Lodge No. 690, meets at Vestu's Hall on the 1st Tuesday of each month for dispatch of business. Stephen Lane, W.M.; R. W. Gamble, Secretary.

TOWN OF BOTHWELL.

An incorporated town on the line of the G.W.R.; 40 miles from London, 70 from Windsor and 26 from Chatham, the County Town. The Hon. Geo. Brown was the original proprietor. The discovery of oil in this place in 1865 gave an impetus to its rapid advancement during that and following years. It was incorporated in 1865.

MANUFACTURING ESTABLISHMENTS.—The Zone Oil Works, carried on by the Messrs. Prince & McCulloch, were established in 1867. They have a capacity of refining about 600 bls. per week of crude Petroleum into refined illuminating and lubricating oils. This firm employ 20 hands, and a 15 horse power engine. The flour and grist mills and stave factory of R. Chambers & Co. is a frame building, 100 x 40 feet, 3 stories in height, with 2 run of stone. They use an 18 horse power engine, and employ 12 hands in the manufacture of flour staves, and custom work in general. The sash, door and blind factory and planing mills of Mr. Colin Reid is a frame building, 50 x 60 feet, erected in 1864. The power employed is a 20 horse power engine, and 6 to 8 hands are employed in the manufacture of sash, door, blinds, planing and building material in general. Mr. James Trott's carriage and waggon factory is situated on Oak street. He employs 10 hands in the manufacture of carriages, waggons, buggies, sleighs, cutters and everything in the line. Messrs. Archibald, Dixon & Co. are extensively engaged in the manufacture of woollens. Their buildings are frame, 100 x 30 feet, 2 stories high. A 25 horse power engine is used to propel the machinery, and 15 to 20 hands are employed in the production of woolen stuffs, tweeds, blankets and flannels. Especial attention is paid to the manufacture of long and square shawls of a superior make and fabric, specially intended for the use of farmers' wives and others. Mr. Hugh Tims is the proprietor of a saw mill situated in West Bothwell, which is built of frame, 2 stories in height, and measures 50 x 70 feet. A 25 horse power engine furnishes the motive power, and 25 hands are employed. One million feet of timber are here sawn per year.

CHURCHES.—Church of England, a handsome brick building, capable of seating 300 persons, the Rev. D. Deacon, minister. Presbyterian Church, a fine building with spire and dome, erected in 1866, seated for 250, Rev. R. H. Warden, pastor.

KENT BRIDGE.

A post village in the township of Camden, situated on the Chatham and Camden plank road, distant ten miles from Chatham. A fine bridge has been erected here across the Thames at a cost of about \$5,000, which has been repaired this present year, which cost a further sum of one thousand dollars. A large business is done here in timber and staves. The village contains a post office, one church open to all denominations, two hotels, 3 stores, and several mechanics. L. O. L., No. 859, holds its regular meetings at this place. Mr. Smith's saw mill is capable of cutting one and a half millions feet of timber annually. Mails daily. Population 100.

EGLIN, RICH. Postmaster.

LOUISVILLE.

A post village and station on G.W.R., six miles from Chatham the county town. The post office was established in 1830. The river Thames running between the village and the railway station has greatly retarded the progress of the village which owing to its very favourable location it would otherwise enjoy. This place was first settled by Pennsylvania Dutch, and contains one Methodist and Baptist Church, a good common school, and an orange lodge. Mails daily. Population 100.

STRUTHERS, ROBERT, P. M. & merchant.

MORPETH.

An important post village situated on Talbot street in the township of Howard, distant from Thamesville 14 miles and 22 from Chatham the county town. It possesses a good harbour on Lake Erie and does a large business in the grain and timber trade. There are two churches in the village—The Wesleyan and the Episcopal Methodist churches—a good common school, three hotels and eight stores. Among the manufacturing establishments may be noticed the Flour and Woolen Mills of Messrs. Neil Campbell & Sons, situated on lot 10 in the 12th concession of Howard known as the "Howard Mills," one mile north of the village. The buildings are frame, 74x40 feet and 3½ stories high, a 40 H. P. engine is used, with water combined, in propelling the machinery, and four hands are employed; their custom work averages 200 bushels daily; and custom carding, dying, fulling and cloth dressing are executed with despatch. WALLACEBURGH.

A post village in the township of Chatham, situated at the confluence of the north and east branches of the Sydenham River distant from Chatham 17 miles, from Sarnia 32 miles, and 12 miles from Dresden. Among the manufacturing establishments may be noticed the large flour and grist mill of W. D. McRae, where the most superior flour is dressed and custom work done reasonably. The steam saw mills, grist mills, and foundry of Wm. Patterson give employment to 40 hands in cutting ship lumber, custom grinding and founder's work in general. One tannery and 7 hotels, among which may be noticed the "North American," the "Sydenham House," and the "Mansion House," which are kept in first-class style. A number of good stores, and a large town hall.

There are four churches in the village and a good school house. Mails daily. Population 600.

WINDSOR.

The largest and most important town in the County of Essex is pleasantly situated on the Detroit River, in the Township of Sandwich, opposite Detroit, and is distant from Chatham forty-six miles, and from London 110 miles. The town being healthy and desirable as a place of residence. It was first laid out in the year 1834, since which time it has been steadily increasing in population, wealth and importance. The population may be estimated at about 5,000. Windsor enjoys excellent facilities for manufacture and commerce, being the western terminus of the Great Western Railway and also having the benefit of summer navigation to all points. and excellent roads leading out of the town, in every direction. Ferry steamers ply constantly between the town and Detroit. The municipal officers are as follows:—MAYOR. D. Cameron, Reeve. Geo., Shipley, Dep. Reeve, W. McGregor, Treasurer, C. D. Grasett, Clerk A. AMHERSTBURG.

This town is situated on the Detroit River, near its mouth, sixteen miles from Sandwich. It was formerly a garrison station but the buildings are now converted into a Lunatic Asylum, where a large number of patients are successfully treated. Among the manufacturing establishments the following claim attention. The large steam Flour and Saw Mills of Messrs. C. W. Thomas & Co. The flour mill is built of stone with iron roof, 70 x 56 feet, 2½ stories high, where merchant flour and custom work are executed. The saw mill cuts 4 million feet of lumber annually, giving employment to 20 hands in both mills. Park & Borrowman's extensive door, sash, and blind factory, planing mills, and cabinet works. John S. Kolfage's tannery, where all kinds of sole, upper, and harness leather, kip and calf skins are manufactured. The agricultural works of George Middleditch are built of stone and frame, 240 x 50 feet, where agricultural implements, iron fencing, sorghum kettles, and jobbing are executed.

GARDNER SEWING MACHINE

Company.

McILROY'S BLOCK,

Nos. 61, 63, 65, and 67 James St.,

HAMILTON, ONT.,

MANUFACTURERS OF THE
GARDNER PATENT SEW-
ING MACHINE & KNIT-
ING MACHINES.

SEPERATELY AND COMBINED.

THE SEWING MACHINE.

The Manufacturers claim that the Sewing Machine is *simple, durable and easily adapted* to all kinds of *family and manufacturers* work. It can be used by the dressmaker, tailor, and shoemaker with equal satisfaction. It is fitted with the most approved *attachments*, viz:—Quilting Gauge, Hemmer, Braider, Corder, Tucker, Friller, &c., &c. It is elegantly finished.

THE KNITTING MACHINE.

is mounted on a stand with treadle, and sold separately, or is attached to the Sewing Machine. In the latter case, by an adjustment of the driving belt, the same treadle and stand is used for both machines, running each separately or both together as the operator may desire.

The Sewer and Knitter combined form a most useful and elegant piece of household furniture, and the manufacturers are convinced that they are offering to the public a better and more useful article than any yet introduced.
