13 KILLED AS U.S. AIRSHIP FALLS FROM SKY

Cross-Channel Boats Tied Up By Extension of Sailors' Strike

LEADERS STRIKE STRIKERS TO NEW ACTIVITY

Flare-up Occurs As Hope for Settlement High

CONTINUE TODAY

Trainloads of Seamen Rushed to Southampton to Keep Ships Moving

LONDON, Sept. 3—Just as the British shipowners had begun to believe that the unofficial strike of the seamen was disintegrating because of their inability to man vessels on which crews had struck with substitute forces, another flare up took place last night when the men on the cross-channel boats, leaving Southampton, went ashore.

After the White Star liner Majestic had sailed yesterday from Southampton with a large number of new men, who had taken the posts vacated by strikers, the feeling among those of the seamen who had gone on strike, seemed to be that it was useless to continue to oppose the shipowners owing to the fact that there were thousands of unemployed men ready to fill the gap made by deserters from the boats.

CHANNEL BOATS IDLE The strike leaders in Southampton, however, worked hard to boost up their cause among the men, and late last night had been so successful that all the channel boats were tied up at their docks. After this had been accomplished, the leaders asserted that it was their purpose to continue today to hold up the channel craft, and also prevent liners due to sail during the week-end, from leaving port.

Early this morning, trainloads of relief seamen were being rushed to Southampton in order to keep shipping moving. Substitute crews already have been arranged for several steamers scheduled to sail today.

In Australia and South Africa, the men on numerous British vessels are still out.

AT LIVERPOOL, Sept. 3—Numbers of seamen left the liners Montclair, Carmania and Aurania today on strike against the recently announced wage decrease. The companies expect no difficulty in maintaining sailing schedules.

LOOK FOR RECORD AT ST. STEPHEN FAIR

Attendance so Far Has Been Greatest in History—Prize Winners Named.

Special to The Times-Star. ST. STEPHEN, Sept. 3—The third day of the big St. Stephen exhibition today is expected to be the banner day. The weather continues to be fine, and all morning cars, boats, trains and other conveyances are bringing people to town. Yesterday's attendance was the largest of any second day in the history of the exhibition and equal to the largest day of any previous year.

PRIZE WINNERS. The judging is still going on, only some of the departments being finished. The live stock will be completed by tonight. Geo. M. Holmes of Amherst was probably the heavy winner for horses, with Miss A. VanHorne of St. Andrews the second largest. In the sheep most of the prizes were captured by S. L. Boswall, Pownall; G. R. Boswell, French Fort, and Cephas Munn, Winslow.

WHEAT AVERAGE 92 PER CENT. OF PRE-WAR LEVEL

U. S. Estimates 240,000,000 Bushel Surplus This Year

BIG WINTER CROP

Australia, Argentine And Canada Grow 53 Per Cent. More Than Before War

Canadian Press. WASHINGTON, Sept. 3—American winter wheat production this year will exceed domestic requirements on the basis of the recent intentions to plant report, the Department of Agriculture announced last night, and the surplus here will face increasing production abroad in the world market.

A winter wheat crop of 836,000,000 bushels will be produced, the department said, if the farmers adhere to their plans to plant about four million acres more than last year, and if the per acre yield is 14.5 bushels, the 10-year average.

EUROPE RECOVERING This would be about 40 per cent more than last winter's crop and coupled with the spring harvest, which the statement said had averaged 233,000,000 for the last five years, would produce an exportable surplus of between 100,000,000 and 140,000,000 bushels.

Shenandoah is Wrecked in Ohio With Heavy Life Toll

Two Officers Are Amongst Those Who Perished; Had Crew of Forty-Two Aboard On Leaving Lakehurst

ON FLIGHT OVER MID-WEST STATES

Crash Occurred in Windstorm About 5 a.m.; Giant Dirigible Had Been Seen in Difficulty About an Hour Before; Two Sections Drop to Earth, Another Drifts Ten Miles

Canadian Press. CALDWELL, Ohio, Sept. 3—The giant dirigible Shenandoah of the U. S. navy, is no more. It went down in three pieces here early today, and killed its commander, Lieut. Commander Zachary Lansdowne, and at least 12 of the officers and men making up her crew.

The airship struck a line squall, a variety of storm most feared by airmen, shortly after 5 o'clock this morning, near this Noble county village, while traveling at an altitude of 3,000 feet, en route from Lakehurst, N. J., to the west.

There was no explosion. The big ship simply met winds of a strength which it was unable to combat.

FELL 5,000 FEET After encountering the storm at the high altitude, the ship headed heavenward to an altitude of approximately 5,000 feet, when it suddenly came down again and broke into pieces. One piece 450 feet or more in length, fell in a field about one and a half miles from Ava. The control compartment in which the commander and navigating crew were riding, fell 50 feet away, and the third section, 150 feet long drifted through the air like a free balloon, for 12 miles, landing near Sharon, Noble county.

Commander Lansdowne, commander of the Shenandoah, was killed when the giant ship crashed. His body was found in the portion of the ship which had crashed near Sharon.

HAD 42 ABOARD The Shenandoah left her station at Lakehurst, N. J., a few minutes after 4 o'clock yesterday afternoon, for a flight over the mid-west that was to carry the big air vessel over 11 states and to points in Minnesota before she returned. She had a crew of officers and men numbering 42.

While the portion of the giant ship dropped to the ground a mile north of Ava, the other did not descend until it had drifted 10 miles further south to Sharon, near Caldwell.

WAS IN DISTRESS Almost an hour before the ship was broken into two sections, she had appeared over Cambridge. For approximately three-quarters of an hour the big blimp was seen to circle over the town, apparently in distress. While the ship was over the city a windstorm came up, according to observers, and the craft was said to have turned over partially on her side, as she drifted southward in the moderately strong blow. Shortly after the first section came to earth at Ava, doctors and undertakers at Cambridge, Blyville and Pleasant City were called and immediately proceeded to the scene. It was some time later when word came from Sharon that the section had descended at that point.

The Shenandoah was the only strictly military dirigible of the United States. The property of the navy, it was equipped with machine guns, and may be used for purposes of war, whereas its sister ship, the Los Angeles, was constructed in Germany and flown to the United States, under an arrangement of the Versailles treaty providing that it should be used only for non-military purposes.

The Shenandoah was designed on the basis of the German Zeppelin Y-40, which fell in the Vosges during the war, but all available aircraft information was utilized by a special committee of engineers and experts appointed by the national advisory committee for aeronautics in drawing the plans, so that it represented a modification of the Zeppelin design, with many American ideas utilized.

Built at Lakehurst, N. J. from parts made at the naval aircraft factory in Philadelphia, the huge craft was placed in service in September, 1923, as the ZR-1, its construction having required two years. Subsequently, on navy day, October 27, 1923, it was christened the Shenandoah, an Indian name meaning "Daughter of the stars".

The following were its dimensions: Length, 681 feet; diameter, 78 feet; height, 96 feet; gas capacity, 2,115,000 cubic feet. Total lift, about 180,000 pounds.

Dead weight, about 75,000 pounds. Speed, full, 60 miles per hour. Power plants, five six-cylinder 800-horsepower.

SIGHT-SEEING THIS MORNING

Visiting Shriners Enjoy Drives to Beauty Spots of City

Events This Evening—Imperial Potentate Speaks of Hospital Work of Order.

The Myrtle Shriners assembled in the city at present for the annual ceremonial and business session of Luxor Temple and also to do honor to Imperial Potentate J. C. Burge of Denver (Col.)

This afternoon the business sessions began at 8 o'clock. At 8.30 there will be dinner at the Masonic Hall in honor of the Imperial Potentate and the ladies will have a theatre party at the Imperial this evening.

GRAND CEREMONIAL

The grand ceremonial occasion of the Imperial Potentate's visit will take place this evening at 8.30 in the quarters of the Shrine atop the Masonic building. A large class of tyros will be instructed in the mysteries of the Arabic band and present upon that occasion will be nobles from Anah Temple, Bangor, Me.; Kora Temple, Lewiston, Me.; Falls Temple, Halifax, N. S.; and Karnak Temple, Montreal, Que.

RIVER PICNIC TRIP

On Friday the combined party of Shriners and ladies will entertain the Imperial Potentate and suite to a river trip as far as Crystal Beach on the steamer D. J. Purdy. This trip will begin at 10 o'clock. A clam bake and dinner will be served on the grounds and a programme of sports will take most of the afternoon. Suitable prizes have been secured for every event. The Carleton Cornet Band will be taken along to supply dancing music.

CHILDREN'S HOSPITAL

Speaking of the Shrine, the Imperial Potentate said that the order had undertaken throughout North America the greatest humanitarian endeavor ever launched by a fraternal organization. His hospital for crippled children in the United States and Canada. There are 13 hospitals now in order and running, two of them being in Canada, one at Montreal and one at Winnipeg.

HAS 600,000 MEMBERS

One point that was always emphasized, the potentate said, was that the hospitals had been erected without regard for race, color or creed. The order did not accept one cent for treatment or service of any kind, he added. The Shrine territory embraces Canada, the United States, Mexico, the islands and possessions of the United States and the Panama Canal zone. The order had been founded in 1874, he said, and for many years it had continued to grow slowly. To become a member one must be a Knight Templar and these prerequisites of necessity had tended to make the growth very gradual.

Wilmot-Henderson Case Fails To Come Before Police Court

A start was to have been made in the police court this morning in the proceedings against Robert Henderson, who was alleged by Archie Wilmot, a beer shop proprietor, to have obtained \$808 from him in 1923 for protection which was not given. When the time arrived to commence the matter none of the parties were in court.

Berke L. Gerow, who is representing Mr. Henderson, said this morning

that he had been informed by Heber S. Keith, who represents Mr. Wilmot, that his client was dropping proceedings against Mr. Henderson at present. Mr. Keith made no comment except to verify this statement when questioned about the matter. Mr. Gerow said that he did not expect that his client would take any action in the matter since the latter had not been arrested nor any formal charge laid against him.

MIND IS RESTORED BY KINDLY VOICE

Canadian Veteran Recognizes Former Nurse and Recalls His Name.

MARLBHEAD, Sept. 3.—The kindly voice of his former nurse reaching back to Kenneth King, a Canadian war veteran, in the Marlhead hospital, his mind, after nearly 24 hours of utter blankness.

King was found by the police wandering along Marlhead Neck. Patrolman Russell Graves noted the man sitting strangely and questioned him. He talked of the Princess Patricia and the Coldstream Guards, and warned the officer that a German soldier was following him, bent upon killing him for his services in France.

RECOGNIZES VOICE

He was taken to the hospital and put to bed. Some hours after the arrival of Miss Gertrude Lambert, one of the nurses, asked him how he felt. Her voice aroused in him memories. When he looked up at the speaker he recognized the nurse as one of the many who had cared for the veterans in a Canadian hospital where he had been taken after being wounded in action. Marks bearing the name of Kenneth King were found on his coat. Other indications showed that he probably had been confined in a hospital in Peekskill, N. Y. When the name of King was mentioned to him he recognized it and asked the nurse to take him to the hospital of Daniel L. Porter of Hamilton, Virginia. A telegram was sent, and hospital authorities are awaiting a reply.

DOHERTY PLEADS NOT GUILTY IN ALBERT MURDER

Grand Jury Brings in True Bill in Slaying of Howard Cairns

ALLEGED TALK OF ACCUSED ADMITTED

Dr. Carnwath Tells of Statement Made by Prisoner After Crime

HOPWELL HILL, Sept. 2.—At the September session of the Albert Circuit Court, which opened at the shire town this morning, the grand jury brought in a true bill against Lawrence Doherty, charged with the murder of Howard R. Cairns, of Harvey, Albert county, on the night of August 11. The grand jury were out two hours and a half, including recess for luncheon.

REPORT TRUE BILL. The grand jury retired shortly before noon and returned at 2.30 p. m., the foreman, Edward Hickey, reporting a true bill. After the grand jury were discharged, Doherty was brought into court and placed in the dock. To the arraignment on the charge of murder read by the clerk of the court, the prisoner replied in an emphatic manner: "Not guilty."

DOCTOR TESTIFIES. Dr. Carnwath gave similar evidence to that given by him at the preliminary examination, supplemented by a statement of what he said Doherty had told the coroner, Dr. Murray, in witness's presence, Doherty, witness said, saying in reference to Cairns, "I killed him. If I had not killed him he would have killed me. I always heard 'Howie' was treacherous and I was ready for him. If I had not killed him I would have been in hell now instead of here."

SAINT JOHN, N. B., SEPT. 3, 1925.

THE WEST INDIA SERVICE.

Saint John is very directly and substantially interested in the maintenance of a properly equipped mail, passenger and freight service between this port, Halifax and the West Indies, and pending some definite announcement by the Dominion Government, there will be a disposition here to feel some of the onerous duties now expressed in Halifax, where the situation is regarded as indefinite and unsatisfactory.

The citizens of Halifax have received with dismay the announcement that, within a month, the Royal Mail Steam Packet Company's Halifax-West Indies mail and passenger service will be discontinued. The service is carried on with three mail and passenger steamers and one freighter (the latter temporarily replacing the lost Caraque).

Continuing, the Herald says that the Royal Mail has been unable to secure satisfaction from the Government, although for a considerable time it has been known the company is "favorable to improvements in the service."

The ships of the Royal Mail on their north-bound trip call at Saint John, where they land mails and passengers, and their freight for local enterprises. They remain here for five or six days, and then proceed to Halifax, where they load again and take on passengers and mails for their southern trips.

As a matter of fact no interruption of the service is justified. Also, a definite announcement of the Government's policy, giving assurance of continuation of service and plans for the improvements necessary in order to make good the obligations of the West India trade should be forthcoming.

It is true that the treaty requires ratification by the West India legislatures, but that ratification is confidently expected, and as in any event the service is a vital one, the present uncertainty ought not to continue.

It is also step lively. A citizen asks for some information as to the rights of the pedestrian in the streets of Saint John. Theoretically, a man who walks does not surrender any of the rights of citizenship. Under the law he still "enjoys" all the freedom and all the privileges he would have if he were driving along on the band-wagon or were seated in his own house.

This is but one of many regulations intended to give the pedestrian a fair chance of survival. Another section says that no driver of a vehicle shall allow it to come within ten feet of any vehicle in front when approaching and passing over a crossing when a pedestrian is about to pass. Drivers

The makers of the report, "every child habitually cheated in his examinations at the opening of the year." After one year of training in a week-day religious school, meeting two hours a week, "and a single child cheated in his examinations." This is but one instance from among many cited. The development of courses in character-building should go on apace. It will need leadership and it will need devoted workers.

High Cost of Government. (Toronto Globe). Canada's heavy tax bill for the cost of government is causing several contemporaries to debate the question as to whether, in proportion to population, too many members are sent to its Parliament. This, if it be so, has a double disadvantage. Not only does it make for unwarranted expense, but it works seriously against proper deliberation and sound legislation.

Another "It." (Boston Transcript). Golfers will enjoy this parody of Kipling from a book of verse published in India. If you can pull and yet avoid disaster, If you can slice but not go out of bounds, If you can press but not make force your master, If you can keep up for countless futile rounds; If you can watch for unforgiving bogeys With eighty strokes of aggregate gross score— Yours is a niche among the old club fogs, And glorious gup and kudos evermore.

Girls Get Recreation Playground—More Free School Books Ordered at Fredericton.

The Beaconsfield pupils for Grade IX, for whom no accommodation could be found in the city High School reported at the New Albert School yesterday and two Grade IX classes were organized there. There are now between 60 and 70 in St. Vincent's school and a temporary arrangement will be made for an extra teacher until a permanent appointment can be sanctioned at the next regular meeting of the School Board.

The teachers of the High schools say that Grade IX is a testing class and that sometimes pupils arrive to start studying in Grade IX and then, finding that High School studies are real work, drop out to pursue some other less arduous endeavor. As the enrollment stands now, a very large percentage of those who passed the High School entrance examination are registered as attending Grade IX.

An open air recess for the girls of the Union street High school has been inaugurated this term and arrangements are being made for the girls to get out into the newly fenced off playground. As the playground will accommodate only about 60 girls at a time it is necessary to divide the girls into two or three groups. Yesterday the girls from the down stairs classes in the High school enjoyed the use of the playground.

FREE SCHOOL BOOKS. The order for an additional 3,794 school books for free distribution to the pupils of the city schools was sent forward to the Department of Education in Fredericton yesterday by the School Trustees. To date the number of free books ordered for the city schools has totalled 17,101.

GRAIN AND FLOUR RATES TO WEST ARE REDUCED

Rail Board Orders C. N. R. and C. P. R. to File New Tariffs

CHARGES EQUALIZED WITH THOSE OF EAST

Chairman Holds Trade Too Important for Considering Delay Appeal

OTTAWA, Sept. 2.—Under an order issued today by the Railway Commission, the Canadian Pacific and Canadian National Railways are instructed to file tariffs effective not later than Sept. 15, reducing rates on grain and flour to Pacific ports, for export, to the same rates, proportioned to distance, as grain and flour would carry in moving eastward for export.

The order of the board results from the application of British Columbia for equalization of grain rates on western bound traffic with those on grain moving eastward. The case was heard by Chief Commissioner H. A. McKeown and Commissioner Frank Oliver and the order bears the signature of the chief commissioner.

GRAIN TRADE IMPORTANT. "It this application had to do with commodities other than grain and flour it would not seem to be necessary to dispose of it prior to a report involving whatever changes are generally necessary, but the grain business in Canada is of sufficient importance to call for special legislation, concerning the rates charged for transportation of grain and flour," states the chief commissioner in his judgment.

LOWER RATE NEEDED. "Irrespective almost of the cost of transportation, it is desired that the national asset must find its way to market, as far as railway carriage is concerned at a rate substantially lower than other commodities bear. I do not think it can be contended that such action is founded on a desire or intention to aggrandize one part of the country at the expense of another, but rather for the reason that the enormous national value of the grain production of Canada justifies such procedure."

McLEAN RESOLUTION. Simultaneously with the issuance of the order was issued a copy of a resolution proposed by Assistant Chief Commissioner S. J. McLean, and assented to by Commissioners Boyce and Lawrence, declaring that the matter of export rates on Pacific ports and other matters must of necessity be dealt with as part of the general rate investigation and under the judgment to be rendered in connection with that investigation. Asked as to what bearing this resolution would have upon the order of the board, Chief Commissioner McKeown said that the order prevailed. The chief commissioner also says in connection with this resolution:

OTHER CASES PENDING. "But apart from that, it is quite within the range of probability that action will have to be taken by the board in other directions to meet situations which the interests of various localities in Canada may demand. Before many weeks the coal situation may require that rates from Alberta and Maritime coal mines to Quebec and Ontario be adjusted to meet the needs of the inhabitants of these two last named provinces. At present refusal to deal with the British Columbia situation on the grounds urged would logically entail a further of coal rate adjustment until conclusion of the general rate revision, unless a different treatment is to be accorded to one province than to another."

REFUSES ASSENT TO VIEW. "I am unwilling to assent to the view that pending complete revision the board must cease to function in necessary cases, or that its action should be fettered as above suggested. If effect were given to the distance to protests immediately concerned, the board could hardly turn its back upon similar protests from British Columbia which they have made, protesting against immediate relief which other places might imperatively need."

SEE WORKING MODEL OF LAURIER STATUE

Cabinet Ministers Are Shown What it is Proposed to Give Ottawa.

OTTAWA, Sept. 3.—Hon. J. H. King, Minister of Public Works; Hon. A. B. Cope, Secretary of State; Hon. H. S. Beland, Minister of Health and Soldiers' Civil Re-establishment, and several other members of the Cabinet, viewed a working model of the bronze statue of the late Sir Wilfrid Laurier which it is proposed to place in front of the East Block, on the extreme southeast corner of Parliament Hill. The statue will be a standing life-size figure of the late Sir Wilfrid in a characteristic speaking pose, and based on a broad pedestal, with steps leading to the base of the figure.

Parliament, two sessions ago, voted \$25,000 for a statue of the late Liberal leader, and last fall the design submitted by Emile Brunel, of Montreal, was chosen from a field of more than 40 competing sculptors.

Weddings

Atherton-Kierstead.

At 6 o'clock last evening, in the Fairview Baptist church, Rev. C. T. Clark, B. D., officiated at the marriage of Miss Pearl Annie Kierstead, daughter of Mr. and Mrs. A. E. Kierstead, of the Manawagonish road, and Harold Atherton of Toronto, son of Mr. and Mrs. William Atherton of this city. The bride, who was given in marriage by her father, wore a gown of white brocaded satin with red and orange blossoms. She carried a bouquet of Ophelia roses and wore a beautiful string of pearls, the gift of the groom. She was attended by her sister, Miss Eleanor Kierstead, who wore a peach crepe dress with black picture hat, and carried a bouquet of sweet peas and snapdragons. The groom was supported by his brother, Stanley Atherton. The ushers were J. Packard Campbell and Fletcher Townsend.

The church had been beautifully decorated with flowers by girl friends of the bride. The bridal party entered the church in the strains of the wedding march from Lohengrin, played by Mrs. Givran. The choir sang "The Voice That Breathed O'er Eden," and "Veri Veri." The bride's parents, Mr. and Mrs. A. E. Kierstead, gave her a Hudson seal coat, and the gift of the groom's parents was a substantial check. A handsome electric reading lamp was presented to the groom by his associates in Toronto. The groom's gift to the bride was a silver mesh bag; to the best man a silver stickpin, and to the ushers gold fountain pens.

The bride's going-away costume was of navy blue pique tulle, with which she wore a lawn hat with shoes, stockings and gloves to match, and a fox fur. Mr. and Mrs. Atherton left on the Montreal train for a honeymoon trip to Upper Canadian cities. They will reside in Toronto.

Griffin-Ready.

The marriage of Miss Mary Ellen Ready of Sussex to Frank Griffin of Norton was solemnized this morning at 7:30 o'clock in St. John's Baptist church in the presence of friends. Rev. J. J. McDermott celebrated nuptial mass. The bride was prettily gowned in a navy blue and golden tan ensemble suit with hat to match and carried a bouquet of sweet peas. She was attended by a sister of the groom, Miss Jennie Griffin, who wore an ensemble suit of tan and red and carried a bouquet of snapdragons. Thomas Cogger, cousin of the groom, attended him. Little Margaret Cogger, who was the bride's flower girl, wore a gown of blue silk with white picture hat and carrying a basket of sweetpeas and snapdragons.

A wedding breakfast was served at the home of Mr. and Mrs. H. N. Coates, 28 Wentworth street, formerly of Sussex, close friends of the bride and her late parents. Mr. and Mrs. Griffin left by motor for Carleton county, where they will tour among friends, before taking up their residence at Norton.

Hanson-Carr.

In the Exmouth street United church at 7 o'clock on Wednesday evening the marriage of Miss Annie Dorothy Carr, daughter of Mr. and Mrs. Albert H. Carr of Saint John, and Willard Everett Hanson, son of Mr. and Mrs. Guy L. Hanson of Woodstock, was solemnized in the presence of many friends and relatives. The ceremony was performed by Rev. E. E. Styles, pastor of the church, in the presence of the bride and groom and her late parents, who were unattended. The bride, who was given in marriage by her brother, Murray Carr, was becomingly dressed in a traveling outfit of blue with hat to match. She carried a bouquet of Ophelia roses. A large choir was in attendance and during the ceremony sang "The Voice That Breathed O'er Eden" and "O Perfect Love." Miss Mabel Sandall played the organ music. Immediately after the ceremony, Mr. and Mrs. Hanson left on the Boston train en route to Havana, Cuba, where they will reside. Mr. Hanson has recently been transferred to the Havana branch of the Royal Bank of Canada. The bride had been an active worker in the Exmouth street church and was a member of the choir as well as a leader in young people's and girls' work.

Sharp-Crawford.

A pretty wedding was solemnized last evening at the home of Mr. and Mrs. Herbert D. Crawford, Hampton, when their only daughter, Constance Winnifred, was united in marriage to William McLeod Sharp, son of Mr. and Mrs. Henry Sharp. Rev. Chester Earle performed the ceremony in the presence of the immediate relatives of the contracting parties. The bride, who entered the drawing-room with her father, was becomingly attired in a gown of white silk crepe de chene with rosebud trimming. She wore the conventional bridal veil with orange blossoms and carried a large bouquet of pink and white carnations. For the ceremony the bridal party stood amid a bower of potted plants, ferns and flowers. Immediately afterwards a delectable buffet luncheon was served, after which the happy pair left by motor on a honeymoon trip through the Maritime Provinces.

Going away the bride wore a tailored suit of navy blue pique tulle with grey squirrel choker, grey hat and gloves. The groom's gift to the bride was a substantial check. Mr. and Mrs. Sharp have a host of friends who join in wishing them every happiness in their new life.

Buckley-Gaudet.

The Church of Saint Eulalia of South Boston was the scene of a pretty wedding on Monday morning at 8 o'clock when Rev. Timothy Cavan solemnized the marriage, at nuptial mass, of Miss Marie Alma Gaudet, daughter of Mr. and Mrs. Honore Gaudet, of Beaumont, Westmorland county, N. B., and Robert A. Buckley, son of Mr. and Mrs. George Buckley, of Model Farm, Kings county, N. B. The bride was prettily gowned in white georgette with pearl trimmings, bride's veil and orange blossoms, and carried a bouquet of bridal roses. The bride was attended by Miss Glennie Buckley, sister of the groom, who was becomingly gowned in cream silk over lace, with hat to match, and carried a bouquet of pink roses. The groom was attended by Robert Johnson, of Somerville, Mass. After the cere-

mony the bridal party left for a trip to Saint John and Beaumont, and will visit many other places. The bride's traveling suit was of blue with hat to match, and grey furs, gift of the groom. His gifts to the bridesmaid and groomsmen were pieces of gold. The many gifts testified to the popularity of the bride and groom, and the good wishes of many friends for their future happiness. Mr. and Mrs. Buckley will make their home in Boston.

MacOdrum-Arlitz.

MONCTON, Sept. 2.—(Special)—Announcements have been received by Moncton friends of the marriage of Maxwell Murdoch MacOdrum, son of Rev. D. MacOdrum, formerly pastor of St. John's Presbyterian church, Moncton, to Miss Muriel Lizaetta, daughter of Dr. and Mrs. William Jerome Arlitz, of Elizabethtown, N. J. The marriage took place in the Congregational church at Elizabethtown.

Deaths

S. S. Street

PLASTER ROCK, Sept. 2.—The death of Stanley Stevenson Street occurred at Plaster Rock on Aug. 23. Mr. Street, accompanied by his wife, had arrived here from Detroit about four weeks ago to visit his mother, Mrs. G. W. Street. Although he had been in rather poor health for several months, he was confined to his bed for only a week previous to his demise.

Mr. Street was born in Grand Falls 75 years ago and lived his early life in Andover. He was employed as a conductor by the C. P. R. for 20 years in this province. For the last 25 years he had lived in the American west and Ontario. Besides a wife, he leaves four sons, Charles, of Wyoming, and Harry, Ralph and Clair, of Colorado; also three daughters, Mrs. William LeDoux, of Portland, Ore., and Mrs. William Thompson and Mrs. James Hull, of Woodstock, N. B. The body was taken to Coatesville, N. B., his wife's original home, for burial.

Miss Jennie Brewster.

MONCTON, Sept. 2.—Dorothea of Miss Jennie Brewster, formerly of Harvey, Albert county, but for the thirty years a resident of Scarborough, Mass., arrived in the city yesterday afternoon and was conveyed today to Hartney, where interment took place in Bay View cemetery. Miss Brewster was 68 years of age and had been ill only a short time. She is survived by two cousins, Alonzo and John Brewster of Harvey.

Dorothea Odium

VANCOUVER, Sept. 2.—Dorothea Odium, aged 20, daughter of a Brigadier General and Mrs. V. W. Odium, died last night after a brief illness.

FUGITIVE LIFER CAUGHT IN CHICAGO

Teddy Webb, Disguised, is Given Away by Woman he Hit With Hammer.

CHICAGO, Sept. 3.—Robert F. "Teddy" Webb, fugitive "lifer," who was Chicago's worst bandit a decade ago, has been captured in a flat at 754 East 49th street, near his old home. He had hennaed his black hair as a disguise and was dressed like a visiting farmhand. A woman who said she had met him while visiting a friend at Joliet was sheltering Webb. Another woman, Mrs. Cora G. Teel, said by the police to be a relative of the man by marriage, gave the information on which Webb was captured. Webb had invaded her home and hit her over the head with a hammer, and she did not seem to like it.

Two squads from the detective bureau took Webb by surprise while he and his 45-calibre pistol were in different rooms. He surrendered without a struggle.

Killed Two Detectives

Webb was little more than a boy when he was sent to Joliet for killing Detective Peter Hart, but he had made himself feared as Chicago's worst bandit. With others he had ushered in a new criminal era by discovering the usefulness of the automobile. He and his gang committed a series of daring hold-ups, escaping each time in stolen cars. Webb was cornered in 1913 by Detective Peter Hart, but he escaped. He roamed the country for months, then came back. After giving the police an afternoon of strenuous fighting, he was taken prisoner. The life sentence followed.

Coal Schooner Makes Fast Voyage Here

Making the New York-Saint John trip in the smart time of 72 hours, the big Saint John four-masted schooner Harry A. McLennan, Captain F. Boudreau, of Church Point, N. S., arrived in port late last evening from New York with a cargo of 1,168 tons of anthracite coal for R. P. and W. F. Starr, Limited.

The schooner left New York late Sunday evening and her sister of exactly three days, while not a record, is very fast run. The Harry A. McLennan is consigned to her managing agents, Kerrison and Linton, Limited, and after discharging here she will proceed up the bay to Grandstone Island where she will load a full cargo of lumber for New York.

The American four-masted schooner, Ellen Little, Captain J. F. Kennelly, arrived in port yesterday morning from New York with a cargo of coal for F. W. Bilsard, Ltd. She is discharging at Lawton's wharf. Kerrison and Linton, Limited, are agents.

INJURED BY MOTOR CAR.

Edward Chase, city marshal, was knocked down yesterday on King street by an automobile driven by Ambrose McGourty, 168 Waterloo street. Mr. Chase suffered injuries to his head and shoulders and was driven to the General Public Hospital by Mr. McGourty. Last evening the patient's condition was reported as comfortable.

DOCTORS FIGHT TO SAVE YOUNG WOMAN

Use 14 Tanks of Oxygen With Bride Who Had Attempted Suicide.

NEW YORK, Sept. 3.—In a desperate effort to save the life of a young woman, a bride of less than three months, who earlier in the evening attempted suicide by inhaling illuminating gas, physicians at Bellevue Hospital up to midnight had used 14 dozen tanks of oxygen and had been so kept the flickering spark of life still in the girl's body.

Three and a half hours after she had been found unconscious on the kitchen floor of her home in a tenement house at 205 Avenue B, the woman, Mrs. Ida Ellis Bartick, 18 years old, was still alive. At that hour the doctors found her heart action diminishing and an injection of morphine was administered.

DISAGREEMENT.

Some weeks ago a disagreement arose between the young woman and her husband and the latter left her. Her mother, Mrs. Elizabeth Ellis, called at the house. Getting no answer, she repeated knocking. Mrs. Ellis opened the door and found her daughter on the floor. She was taken to the hospital. Physicians said it is very unusual for such an amount of oxygen to be used in an individual case, and they are hopeful that the young woman will recover.

Radio Singer Of Repute Found Dead

CHICAGO, Sept. 3.—Arthur Beiler, whose voice as a radio singer has been heard by listeners all over the country, through station KYW, was found dead last night in the kitchen of the home of his brother-in-law. All the burners of a gas range were turned on.

Auto Crashes Into France; Kills Driver

EXETER, N. H., Sept. 3.—Frank Chesley, 43, of Exeter, was fatally injured when his automobile crashed into a fence on the South Side road in Epping a few miles from here. He died at the Exeter hospital. Chesley, who was riding alone, leaves a wife and two children.

Greek Govt. Plans On New Locomotives

BRUSSELS, Sept. 3.—A Belgian industrial group, with the support of the National bank and the Societe National de Credit, has signed an agreement to supply the Greek government with locomotives, cars and rails to the amount of 450,000,000 francs.

Aged Maine Farmer Is Victim Of Peculiar Pistol Accident

BANGOR, Me., Sept. 3.—George Fred Swan, a prosperous Hermon farmer, met death by a bullet from an automatic revolver of his cousin, Edward Rackliff in a singular accident. Mr. Rackliff was the guest of his cousin at his annual custom and the two men had been sitting in the kitchen of the Swan homestead discussing old times.

Dropped Pistol. Mr. Rackliff had been sleeping in a tent near the farm house, and as he left the house to retire, he was accompanied to the door by Mr. Swan, and as he was bidding him good night, tripped over the door sill and fell to the doorway. An automatic revolver dropped from a hip holster, and was discharged, the bullet entering the head of Mr. Swan near the left temple.

Physicians, who were summoned, could do nothing and he remained unconscious until he died at 1 o'clock Sunday morning.

Sheriff Farrar and Medical Examiner Harris J. Milliken conducted an investigation and decided that death was the result of an accident. Mr. Swan, who was 70 years old, leaves a wife.

JACOB FRANKS IS SUED BY TEACHER

Arrested and Acquitted in Chicago Murder; Now Asks \$100,000.

CHICAGO, Sept. 3.—Echo of the murder of Bobbie Franks, committed by Nathan F. Leopold, Jr. and Richard Loeb, in May, 1924, sounded in the Superior Court when Attorney Charles S. Wharton and Ralph Rosen filed a proceipe in behalf of Walter T. Wilson, asking \$100,000 damages.

Wilson was a teacher at the Harvard School, which Bobbie Franks attended, and suffered, it is claimed, as a result of an investigation which sought to connect him with the murder, or with circumstances which led to the murder.

The defendants named include Jacob Franks, father of the murdered Bobbie; Samuel Ebbeson, his attorney; Lieutenant Michael Grady and Philip Carroll of the Detective Bureau, and Officers Thomas Martin and William Smith of the Police Department.

The complaint states in the papers of the suit that although he was arrested and subjected to much bitter humiliation at the time, nothing was ever proved against him.

CHILD CONTROL

PSYCHOANALYSIS and new movements in psychiatry have been teaching those persons who have cared to keep in touch just how great an influence is after years incidents of childhood may have.

The "complexes" about which so much has been said, are being traced to almost forgotten events in child or adolescent life.

These were things about which Mr. and Mrs. Mann were not particularly well informed, and there are too few people everywhere who keep the proper watch on their own and their children's habits.

Thus, about examination time at school, Johnny or Mary develops a "headache" or a tummy ache, or something. Why? Because a child likes to escape unpleasant tasks, if possible.

Every parent knows how many illnesses and ailments a child can invent to get out of all sorts of work.

But, unless a future impress is to be left upon the habits and manners of the child, the parent should start early to teach the necessity of facing it out whether the end be marked by success or failure.

Parents would do well to learn that it is better that a child fall at a task than that he run around the corner to escape it. It is the fear of failure and parental rebuke that too often starts a child in the habit of deceiving both parents in himself.

GETS BIRTHDAY PRESENT.

George Stinson, who celebrated his birthday at his home in Lorneville Monday, was given a surprise party by Mrs. Stinson and several friends who called in the evening.

A handsome gold mounted fountain pen, with his initials engraved upon it, was presented him by Robert Cox, on behalf of the company.

Games and music, with dancing were enjoyed. Refreshments were served by the young ladies of the party during the evening.

Those present were Mr. and Mrs. Andrew Wilson, Mrs. George Alston, Mrs. Willard Woods, the Misses Valerie Gauce, Edna Wilson, Elizabeth Wilson, C. Wilson, Ruth Masure, Dorothy Splaine, Della Wilson, Jessie Ferguson, Jean Kelly, Hazel Bastin, Jean Ferguson, Dorothy Kelly, Kathleen Alston, Mary Alston, Marguerite Baird, Rena Wilson, Edith Wilson and Messrs. James Baird, Allan Evans, Clarence Wilson, Henry Wandt, Stewart Evans, Glenn Splaine, Robert Cox, Lorne Wilson, George Alston, Jr., Edgar Wilson, Hazen Ferguson, Stanley Wilson, Harold Baird, Howard Wilson, Earle Galbraith, Arnold Wilson, Earl Lawson, W. McPherson, and Fred Wilson.

Adventures of the Twins

By OLIVE ROBERTS BARTON THE COLONIAL CLOCK.

Tick Tock, the clock fairy, jumped down from the mantel piece and motioned for the Twins to follow him.

"Your old hall clock has gone all wrong," he said. "I must go at once and fix it. Your mother and daddy have gone out and the cook's in the kitchen. It's a good chance. Come along. I'll show you how it is done."

He opened their door and slid down the banister, the Twins following as softly as two little mice.

How strange things looked since they had put on the magic shoes! Everything in the house seemed to be alive.

Their two little beds nodded at them as they passed, the door said good-by in a thick voice, and the stairs whispered "careful now" as they stepped down after Tick Tock.

The hall clock was a long, narrow "colonial" clock that hung on the wall. It had a glass front and glass sides, a long pendulum with a round brass and that looked like a saucer, and one brass weight that hung on a string.

Fashion Fancies

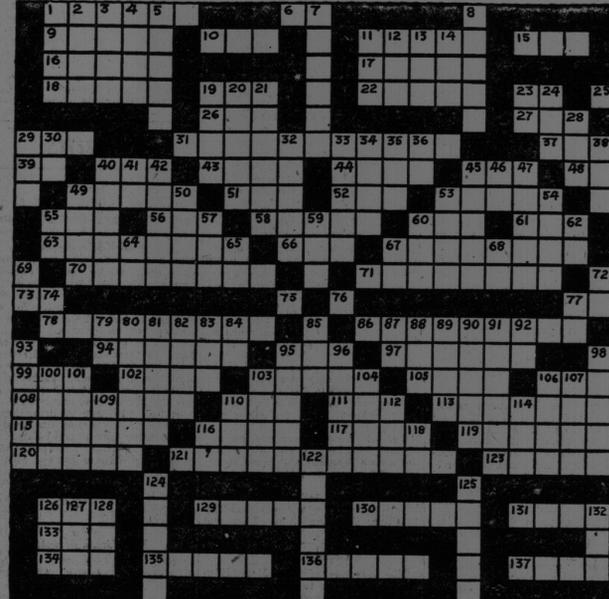

By Marie Belmont

THE plaid coat is always effective for sports, and for the fall season, we find a number of especially lovely plaid materials in the gayest of colors.

A navy blue ground plaid in bright red makes the straight sports coat sketched above. The model is made simply, as most plaid coats should be, with patch pockets and turned back cuffs.

A number of these sports coats, by the way, have fur collars which are detachable, so the coat may be worn with a plain cloth collar when desired.

UNITED CHURCH IS URGED TO WORK OF UPLIFT

New President of Maritime Conference Addresses Sackville Gathering DR. ARNUP TALKS ON BODY'S RESOURCES Dr. R. J. Wilson Sets Forth Details of Forward Movement

Church of Canada tonight was deeply stirred as the moderator of the General Council, Rev. Dr. G. C. Pidgeon, sounded a trumpet call to the Church to realize the fullness of its life and undertake the task of enriching and uplifting the life of the nation.

SACKVILLE, Sept. 2.—The large crowd attending the public meeting of the Maritime Conference of the United

ought to be catholic enough to include all varieties of types, he said. The Church was called to get back to the very springs of life. If the Christian was a member of the body of Christ then he was an instrument through which the Will of Christ was carried out, said Dr. Pidgeon.

Dr. Arnup set forth the resources available to the United Church of Canada in order that it might exercise a unifying and uplifting influence upon Canadian life. It had three-quarters of a million Sunday school scholars, its religious papers had a circulation of more than 800,000; it had 6,000 students in college and its preaching stations numbered more than 8,000.

UNITY AND VARIETY. All who were in Christ were in one another to help and serve, he said.

MISS REID SPEAKS OF WORK IN CHINA Presbyterian Missionary Addresses W. M. S. of Knox Church—On Furlough.

The influence for good exerted by Chinese who return to their own country after having been Christianized by Presbyterian agency during years of residence in Canada and Australia was specially stressed by Miss Ethel C. Reid in her address before the W. M. S. of Knox church at its meeting last evening. Miss Reid is on furlough and spent 18 years in China as a Presbyterian missionary, latterly working in the district of Shekell in South China. She spoke on conditions in the mission field at present and on the attitude of the missionaries with regard to Church Union. Rev. R. Moorhead Legate presided and the hearty thanks was tendered Miss Reid on motion of Miss M. Townsend, seconded by Miss Grace W. Leavitt. The room was filled to capacity.

SAYS REIDS IN CHINA. Miss Reid described the present unrest in China as Bolshevism introduced by Russian agitators but pretending to be a Young China movement led by the student class. The majority of the Chinese, she believed, were not in sympathy with the movement and the merchant class was strongly opposed to it. As to what the outcome of the troubles in China might be Miss Reid considered it was impossible to say.

Her own particular work in the mission field, she said, had been instructing Chinese women already converted. Of the eight women missionaries in that part of the field five had voted to remain in the Presbyterian Church. She did not know whether she was to go back to the same field or to begin again somewhere else.

ICEMAN JAILED

Atlantic City Employes Are Forced to go Thirsty as Result.

ATLANTIC CITY, N. J., Sept. 3.—Officials and workers at the City Hall mopped their brows and glared at the ice water coolers, which were empty. "Yes," sighed Mayor Edward T. Bader, "we have no ice water. The ice man is in jail."

Investigation developed that Harry Lewman, the ice man for the City Hall, had been arrested by Harry Harrison, City Sealer of Weights and Measures, who had warned him against delivering ice to the Hall without weighing it. An argument ensued and a summons was issued by Mr. Harrison, which he alleges was thrown in his face by Lewman, who was then arrested and charged with violating the ice weighing law, using profanity and disorderly conduct. The bail was \$75 and Lewman did not furnish it.

Accounts of Provincial Secretary Department Clerk \$4,000 Out

**CASE LAID BEFORE
ATTORNEY-GENERAL**

Deficits Discovered Previously in Sanitarium and Agricultural College

HALIFAX, Sept. 2.—Hon. E. N. Rhodes, premier of Nova Scotia, announced tonight that a shortage amounting to between \$4,000 and \$5,000 had been discovered in the accounts of a clerk in the Department of the Provincial Secretary of which the premier himself is head.

The shortage was discovered by the Montreal firm of auditors now making an independent examination of the public accounts of Nova Scotia, Premier Rhodes said, but the exact amount would not be known for several days.

UP TO ATTORNEY-GENERAL

It was stated by the premier tonight that the matter had been placed in the hands of the Attorney-General. This makes the third shortage announced by the government within a week, resulting from the independent audit of the public accounts; the others being in the Nova Scotia Sanitarium, Kentville, and the Nova Scotia Agricultural College, Truro, of \$3,000 each.

Only one arrest had been made to-night, that of C. R. B. Bryan, accountant of the Nova Scotia Agricultural College.

**MARITIMES TO LURE
OLD COUNTRYMEN**

Similarity to Parts of Britain Observed Here by Journalists.

OTTAWA, Sept. 2.—That there are splendid opportunities in the Maritime Provinces for Old Countrymen with a little capital, desirous of going in for farming in a smaller way than usually in the west, appears to be the general opinion of the British press who are touring Canada from coast to coast as guests of the president of the Canadian Pacific Railway, E. W. Beatty, with a view to studying Canadian conditions in that hand, and who arrived in Ottawa today.

All the members of the party appeared to have been impressed also with the similarity at the temper of the country in the Maritimes to that of some parts of the Old Country at least. For this reason, among others, the pressmen were inclined to see considerably more attraction for Old Country people in that part of Canada.

**Moncton Will Have
Floral-Art Show**

MONCTON, Sept. 2.—An exhibition to be held under the auspices of the Moncton Horticultural and Improvement Association will open in the city building tomorrow afternoon at 2 o'clock and continue until Saturday night. Entries are being received from Moncton and many outside points. There will be exhibits of vegetables, flowers, art, needle work, etc. Judging will be done by Miss Elizabeth Nutter, supervisor of the Women's Institute of New Brunswick, Fredericton, and Mr. Blair, of the Dominion Experimental Farm, Kentville, N. S. Excellent musical programs will be given by Moncton talent Thursday, Friday and Saturday evenings.

**Sir Glyn West Returns
From Newfoundland Trip**

MONCTON, Sept. 2.—Sir Glyn West, president of the Newfoundland Power and Paper Company, passed through Moncton en route to Montreal from Corner Brook, Nfld. Sir Glyn West and party attended the official opening of the huge new power and paper plant at Corner Brook recently. The other members of the party were Lady West, G. H. West, Miss E. West, Major D. E. Jennings, Mr. and Mrs. Eric Bowater, Colonel E. C. Duffin and P. N. Dobbler. They will spend a few days in Montreal and will later proceed to New York where they will sail for home on the Majestic on Sept. 9.

Gibbard Solid Walnut

**Another "One" Price
Dining Room Suite**

Repeating Last Spring's Big Success

LAST Spring, in co-operation with many furniture dealers in Ontario and Quebec, we featured a special Gibbard dining room suite at ONE cash price.

This was the first time in the history of Canadian furniture merchandising that dealers agreed with the maker to sell his furniture at ONE cash price—and a LOW one.

Soon Sold Out

So successful was this event that we were soon sold out of the suite. Demand exceeded our stock at the factory.

We tell you this as a warning. We advise you to act promptly, if you desire one of the special new dining room suites we are placing on the market to be sold at ONE cash price by leading furniture stores in Ontario and Quebec.

One Cash Price \$247
(Slightly Extra for Credit)

This new suite, NOW on sale, is, to our mind, the finest Gibbard dining room suite that we have built to retail at such a low cash price as \$247.

Artistic Hand Carving

Aside from the fact that this suite is of SOLID Walnut, the most desired and most beautiful of cabinet woods, the outstanding feature is the *Hand Carving*.

SAYS SERVICE STATIONS HERE MAY BE MERGED

Commissioner Bullock Gives Rumor When New Ap- plication Read

AUTHORITY GIVEN FOR DEAL PURCHASE

Street Matters Also Under Consideration at City Hall

At a meeting of the City Council a communication from Ernest Harris, 82 Wright street, asking for permission to install three gasoline tanks and pumps in the Jacob Woods lot, Rothery avenue, was referred to Commissioner Harding for a report. The latter stated that the service station to be established would be of fireproof construction. Commissioner Bullock said he thought such permits should be issued at the will and pleasure of the council and transfer subject to the approval of the council. He said he understood there was likely to be a merger of the service stations in the city soon and the city should be in a position to control the situation.

Commissioner Harding said he had received a telephone communication in regard to danger of automobiles backing over Pagan Place into Canterbury street.

POST OFFICE SIDEWALK.

Commissioner Bullock called attention to the condition of the sidewalk in front of the post office and asked if the city would be liable in case a person tripped and was hurt there.

Commissioner Frink said this sidewalk had been paid for by the post office department and would call their attention to the need for repair if the council wished. A motion to that effect was carried.

PURCHASE OF DEALS.

Commissioner Bullock was authorized to purchase 20,000 feet of spruce deals, payable from harbor revenue. The Commissioner said these were needed for the runway to No. 6 extension and No. 7 shed.

Commissioner Harding said he had received a report that the public steps at Indiantown were dangerous and Commissioner Frink said he had made an investigation and found one or two steps which needed repairing and the matter was being attended to.

FIRE ALARM DEVICE.

A device for ringing an alarm in case of fire was shown to the members of the council by Dr. J. M. Smith and Dr. S. B. Smith. It consists of a small box in which is placed a spring with contact points. The contact is broken by means of a wax fuse which melts when the heat passes a certain point and this sets the alarm ringing. In order to give a practical demonstration of the device an offer was made to install it in the West Side sheds at no cost to the city. The matter was referred to the Commissioner of Harbors for a report. It was said the approval of the Board of Fire Underwriters and fire marshal had already been given to the device.

SEES SAINT JOHN HAS MADE STRIDES

Beverly A. Schofield Home After 21 Years—Is Boer War Veteran.

That Saint John has made great strides in building and other improvements, to give the impression made upon Beverly A. Schofield, of Stewart, B. C., a mining prospector, who formerly resided in Fairville. He is now visiting his mother, Mrs. W. Fenwick, Harding street, after absence of 21 years, in which he has made a success in the west in his profession. Mr. Schofield is a veteran of the South African war, in which he fought two years, and was for three years after a member of the mounted police. He will remain here for September and October.

He commented this morning with enthusiasm on the splendid appearance of the city and vicinity and felt sure that prosperity had come to stay with so many fine buildings erected and beauty spots provided for the citizens and tourists. En route here Mr. Schofield was the guest of his brother, Allan Schofield, of Calgary, who was also in the South African war. Another brother, Stephen, who resides in Fairville, was in the Great War. Many friends have been welcoming their former associate in the Fairville Superior School and in the city, where Mr. Schofield is enjoying a reunion with relatives and friends.

Goes To Winnipeg As Physical Instructor

Miss Hazel McCready, daughter of Mrs. T. McCready, of the City, left yesterday for Winnipeg, where the former will take up her duties at the Rupert's Land Ladies' College, as physical director. Miss McCready has been a competent instructor in physical education, as a supervisor of the Saint John Playgrounds. Many friends extended hearty good wishes when she announced her intention of taking the position in the west and she carried tangible expressions of good will when she left. Her friends hope they may greet her and her mother in the spring, when school is over.

Mr. and Mrs. Edward Duplessis of Chatham announce the engagement of their daughter, Adeline M., to Joseph A. Kincaid, son of Mr. and Mrs. P. Kincaid, 85 Hazen street, Saint John, the wedding to take place in St. Michael's Cathedral, Chatham, on Wednesday, September 16. The bride-elect is a graduate of the Hotel Dieu Hospital, Chatham, and has been in a responsible position in Saint John for some time.

GETS \$59 JUDGMENT

Judgment for the plaintiff for \$59 and costs was given by Judge J. A. Barry in the County Court this morning at the close of the case of Mary Horsman vs. Charles Osman. This was an action in which the defendant was sued for \$60, money stated to be lent him by the plaintiff in 1922. One dollar was paid on account, and the defendant alleged that he supplied the plaintiff with groceries for five months, covering the debt. P. J. Steel appeared for the plaintiff, and C. R. Mercereau for the defendant. Court adjourned until tomorrow morning at 10.30, when the case of Wilson vs. McLaughlin will be tried.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "are you going to slip any small and half rotted potatoes out west this winter?"
"No, sir," said Hiram. "I went out to Calgary last winter and they showed me some potatoes from Noo Brunswick that I wouldn't feed to a hog unless I had a spite at him. I call 'em 'em' got to hev some sense if we're going to do business at 'em. You kin mebbe fool a feller once with a bill o' ladin' an' a gold brick, but next time he's onto you an' you kin whistle fer your money. I been wonderin' if a feller could do a trick like that to the folks out to Calgary an' then get into the Amen corner in the church at home the next Sunday. Mister—it takes a bit out of you—'at' fer any man to try to cheat somebody a thousand miles away an' not be 'er pickin' the pocket of the feller alongside o' you—no, sir."

RATES EXPERT CONSULTS HERE ON HIS MISSION

F. C. Cornell Has Conference With A. P. Paterson, Chairman

MARITIMES' CASE IS UNDER REVIEW

Board of Trade Members and Others Asked to Co- operate

F. C. Cornell, expert engaged to prepare the brief for the Maritime Provinces for submission to the Board of Railway Commissioners when they have the matter of freight rates revision for the Dominion under advisement, was in the city yesterday in consultation with A. P. Paterson, chairman of the committee appointed at the Moncton conference to deal with this matter. He returned to Moncton last evening.

OFFICE IN MONCTON

Mr. Paterson said this morning that it had been decided to have Mr. Cornell establish an office at Moncton, as being about the centre of the Maritime Provinces, and he could be reached at that city through the Board of Trade. The committee is asking for the fullest co-operation on the part of the shippers in preparing the brief.

The local Board of Trade is writing to each of its members calling attention to this need for co-operation and information that suggestions and information be forwarded at once to Mr. Cornell. They ask especially that specific cases of handicaps be supplied. Should any of the shippers desire to take up their case direct with Mr. Cornell they are asked to telephone or write him at Moncton making an appointment.

TO OTHER BOARDS

The board is also sending out letters to each of the boards of trade in the province and asking them to take similar steps in connection with their membership. In the communication the need for haste in dealing with the matter is pointed out and early answers are requested.

F. Macdure Scanders, commissioner of the Saint John Board of Trade, this morning spoke of the importance of all Maritime Province shippers taking advantage of this opportunity to present their case to the Board of Railway Commissioners. The eyes of the rest of the Dominion, he said, were on these provinces at the present time and, if the people backed up the measure, some of the benefits expected from confederation would become actualities for these provinces.

CROWN EXPECTS TO CLOSE CASE TODAY

Falls Baby Matter Resumed in Police Court This Afternoon —Five Witnesses.

The preliminary hearing of the case in which Marguerite Colpitts is charged with the murder of her five weeks old infant was to be resumed this afternoon in the police court. The Crown expected to conclude its case this afternoon and the evidence of five witnesses was to be heard.

Miss Agnes McCarthy and Mrs. Bennett were to be called to testify regarding the time they saw the accused on the day in question. The nurse, who attended the defendant at the Exchange Hotel, and another from there were to testify. Sergeant Detective Power was also expected to go on the stand.

G. Earle Logan, who is appearing for the girl, said this afternoon that no witnesses would be called for the defence today. J. Starr, Tait is representing the Crown.

PRESENTATION MADE

Miss Augusta Wallace was made recipient of a splendid memento yesterday with an address by the staff of Francis & Vaughan at a corn ball and dance last evening at the Belmont Club House. Frank Dykeman, Eric King and Howard Wallace were the joint hosts with the members of the Filmstars, Don Estabrooks, Cedric Flewelling, Ken Stanley and Douglas Golding. They were assisted by Misses Merion Bailey, Ruby Watson, Lawlor Hoyt and Hazel Carpenter. About 50 were at the table, including Mr. and Mrs. Vaughan, who responded to one of the toasts in neat fashion.

FREDERICTON MARKET.

Prices in the Fredericton market yesterday were: Butter, 35 to 40 cents; eggs, 35 to 40 cents; chickens, 40 to 50 cents; fowl, 25 to 30 cents; lamb, 18 to 25 cents; veal, 8 to 14 cents; salmon, 22 cents; corn, 35 cents dozen; Golden Giant corn, 55 cents; pickling cucumbers, 40 cents peck; green tomatoes, 25 cents; ripe tomatoes, 5 cents lb.; potatoes, 25 cents peck; apples, 25 to 50 cents peck; cranberries, 40 cents peck; currants, 15 cents quart; cabbage, 60 cents to \$1 dozen.

CITY TEACHER MARRIES.

Interest was expressed today in the announcement of the marriage of Miss Rose A. Brady, daughter of Mrs. Mary E. Brady, of 3 Sydney street, and the late Thomas Brady, to Allen E. Davoust, of Sault Ste. Marie, which took place on August 12 in St. Ignace's Church, with Rev. Father Grenier officiating. Miss Brady was a teacher in the St. Vincent's School, Cliff street, and has many friends in the city who extended good wishes.

HALTED TRAFFIC.

Traffic in Mill street was partially held up last evening between 7.30 and 8 o'clock when an automobile owned and driven by George Buckley broke an axle. The machine was later towed away for repairs.

When I'm 50

Forget your age—think of yourself at fifty, or at fifty-five. Surely you want to be well fixed by then.

You can't stand thought of sweating on the treadmill year on year, year on year—without a safety exit.

Then forge the Key to Freedom and Safety right now—think in time—safer still, act in time. Which—experience tells you—means Today. Set yourself to more than a so-called sincere program of saving. Get going!

Book a Bond—a good safe Bond. So much down, so much a week or a month. No penalties, no forfeits for falling behind. Cash back any time.

Get REAL Interest—Real Safety—get down to it so you'll be well instead of ill fixed at fifty—or fifty-five. We have the proper plan.
