LITHUANIANS AND POLES FIGHT

Some Clashes on the Border - Reported Outbreaks Against Reds in Moscow.

Warsaw, Sept. 8.—Conditions along the Lithuanian front are becoming more seriously daily, and according to latest reports, the Poles and Lithuanians are fighting sporadically across the improvised frontier. In one action two Lithuanian officers and 200 men were captured by the Poles. The latter say that Germans and Russians are aiding the Lithuanians. Reports state that Leon Czartoryski, Russian minister of war and marine, has ordered Soviet troops to help the Lithuanians to drive the Poles out of that country.

Causes Consternation In Canada's Business Life

Railway Freight Increases Draw Comment

Forty Per Cent. in Eastern Canada, 85 in West, Effective on Next Monday—Grocers' President Condemns Judgment of Commission.

Toronto, Sept. 8.—An announcement of an increase of forty per cent in freight rates in eastern Canada and thirty-five per cent in the west, to become effective on next Monday, has caused great consternation among the leaders in the industrial and business world. Very outspoken last night in condemnation of the railway commission's proposed increase, was Hugh Blair, president of the Canadian Wholesale Grocers' Association, who was prominent in combating the proposed increase during the hearing a few weeks ago in Ottawa.

"It is very much of a surprise to me that the railways should be granted their full requests," he said to the World. "The public cannot have confidence in a commission which gives such a judgment. It is a very serious matter. I was prepared to accept a compromise but I never expected to see the railways get all they asked."

Predicts Dearer Living.

"It is a most extraordinary position for the commission to take and will create a great lack of confidence. The result is bound to be a very great hardship upon the consumer. The result must be to raise prices again to a very large degree because the consumer will have to pay at least 100 per cent more than the increase in freight will amount to."

Mr. Blair said it appeared to him as though the commission in making the extreme advance applicable for a few months only, had in mind permitting the railways to pile up revenue before the year's end to be used in securing additional equipment.

He remarked, however, that it was strange that the C. P. R. should be authorized to gather in extra revenue, while, in its strong financial condition, he said, it did not require it.

Winnipeg, Sept. 8.—B. Coyne, who represented the Winnipeg Board of Trade, at the hearing of the freight rates application by the railways, made the following statement to the Manitoba Free Press last night:

"The Ottawa despatch granting the railway increase appears to indicate that the application has been decided entirely upon basis of the deficit and necessities of the government railways. This is a question which is not properly within the jurisdiction of the railway board, but is one of broad national policy, as stated by the minister of railways in the House of Commons in March last, and parliament is the only proper tribunal for its determination."

"As a railway question for determination of the board, the C. P. R. was the only basis for consideration. The prairies, after hearing the burden of the heavy mountain grades, mountain grades, have yielded for years twice as large a total of net earnings yearly as the east."

TELLS OF BEATING OF HIS LITTLE BROTHER TO DEATH

Accused Foster Father, Charged with Murder, Weeps as Evidence is Given.

Defiance, Ohio, Sept. 8.—The spectacle of a foster father weeping while a seven year old boy was describing how the parent is alleged to have beaten the boy's three year old brother to death with a heavy leather harness tug, greeted the jury in the trial of Joshua Botkins, farmer, here yesterday.

Botkins in on trial for first degree murder following the death of Arthur Gerald Bullock, child of his housekeeper, on the night of July 8. The prosecution sought to prove that Botkins held the child by the ankles and beat him with the tug while holding his head in a tub of water to stifle his screams.

MONCTON CHIEF OF POLICE RESIGNS

George Rideout Asks to Be Relieved of Duty on October 8.

Moncton, N. B., Sept. 8.—George R. Rideout, chief of police here, tendered his resignation to the city council this morning to take effect on October 8. His action follows a decision reached by the city council last evening to abolish the police commission and revert to control of the police force by the civic police committee. Chief Rideout came to Moncton from Fredericton in May 1907 to assume control of the Moncton police department. He has been twenty-six years a police official.

FROM LUXURY OF ROYALTY TO WORK FOR THEIR LIVING

Eighty Members of Hapsburg Family Are Reported in Keen Financial Distress.

Geneva, Sept. 8.—Eighty members of the Hapsburg family are in great financial distress, said former Empress Zita of Austria, to a visitor yesterday in Prangins, where she and the former Emperor Karl are living. They are chiefly archdukes, arch-duchesses and minor branches of the dynasty. Their incomes have stopped and they have also suffered great loss through the rate of exchange.

TORONTO EDITOR ON WITNESS STAND

John R. Robinson Makes Statement as to "Saw Off" Editorial.

Toronto, Sept. 8.—Straight denials were made before Justice Riddell and Letchford here yesterday by Premier E. C. Drury, Attorney-General W. E. Ramey, Hon. Manning W. Doherty, minister of agriculture, Hon. Peter Smith, provincial treasurer and J. McEvoy, K.C. of London, that there was any truth in an insinuation made in an editorial in the Evening Telegram, published on August 27, that there had been a "saw-off" between the Drury government and the Hon. Manning W. Doherty, minister of agriculture, in connection with the public interest. He said it was based on things he had heard and on his own sizing up of the situation, and that was why he had demanded that Mr. McEvoy be put in the witness box to tell what he knew about the matter.

Mr. Robinson refused to discuss the source of information on which he had based the editorial, but he took responsibility for the editorial. He said he was honestly desiring to find out the truth, and that he would have been brought before the commission.

After considerable evidence had been heard Mr. Justice Riddell of the royal commission investigating the timber limits matters, remarked: "If there is a world of truth in the editorial, the editor deserves the thanks of the public. If there is no word of truth in it, then it is a matter for him to consider what course he has to take for the future."

LENGTHY DEATH LIST IN FIRE AT KLAMATH FALLS

Klamath Falls, Ogn., Sept. 8.—Ten persons are known to have been burned to death yesterday when fire swept the Houston Hotel and part of the business district with a property loss estimated at more than \$300,000. Four other persons are known to be missing and officials believe they may have perished in the fire. Ten bodies have been recovered, but it is thought that more may be in the ruins as part of many bodies were reported visible in the embers.

TWO WEEKS OF RAIN FLOODS THE AUSTRIAN FARMS

Vienna, Sept. 8.—Continuous rains during the last fortnight have resulted in floods throughout Austria, and enormous property losses are reported.

POLICE BREAK UP PAJAMA PARADE

Milford, Conn., Sept. 8.—One student was wounded and a policeman injured here last night when police dispersed a crowd of students from the Milford preparatory school, who were parading in their pajamas and creating a disturbance.

FIRE AGAIN IN CATHOLIC CHURCH AT LIMERTON

Quebec, Sept. 8.—(Canadian Press)—The Catholic parish of Limerton that has three times lost its place of worship by fire within the last twenty years, was again menaced with serious loss last night when fire broke out in the new church which was completed this year and caused damage to the extent of about \$200,000.

Liquors Now Are Barred from Ships of the U. S. Navy

Washington, Sept. 8.—Spirituous liquors received their final and complete divorce from the United States navy in an order made public today by the bureau of medicine and surgery prohibiting their issue to naval vessels for medicinal purposes.

QUAKE VICTIMS MAY NUMBER IN THE HUNDREDS

Score of Lives Lost North of Florence, Italy

Many Buildings in Several Towns Crumpled, Burying People in the Ruins—Reports from Various Places.

Rome, Sept. 8.—Several hundred persons lost their lives in the earthquake at Pivizzano, and many more were injured, according to the Tribuna, from Massa.

Milan, Sept. 8.—The earthquake here yesterday did not cause such panic among the population, but the prisoners in the jail mutinied, insisting that their cell be opened so that they might not die in the ruins if the building fell.

Many in Florence District. Rome, Sept. 8.—Scores of lives are believed to have been lost in the district north of Florence. There is a possibility the damage done may be more serious than was at first believed. Reports from cities in the earthquake zone show that the buildings crumbled.

At Pivizzano, a town of 17,000 inhabitants near Carrara, almost every building was damaged, many were completely destroyed. Among the collapsed structures is the post office, in the ruins of which is the entire staff. Riversani, Ferni and Maresca are reported to have been killed. In Carrara, many structures have collapsed. At Viareggio six churches were destroyed. At Castel Franco Di Sotto, the ceiling of a church was shattered.

Panic prevails at Luca, and from Cavina and Limestone some reports of lives being lost. At Viareggio, in Lunigiana, an entire family was buried in the ruins of their home, and the village of Viareggio was entirely destroyed. Tremendous damage was done in the Frignano district, here houses collapsed and at Frassinera, several houses fell. Pievepelago and Sant'Andrea were badly damaged, but the number of victims has not been ascertained.

Anglican Synod in South Australia Rejects Prohibition

Adelaide, South Australia, Sept. 8.—Resolutions favoring prohibition were rejected by the Anglican synod in session here yesterday. During the debate on the resolutions, one of the speakers, Mr. Walker, declared that prohibition is anti-Christian and the idea of American cranks.

As Hiram Sees It

"Well," said Mrs. Hiram Hornbaker, reporter, "I'm glad they're beginnin' to think babies is worth nearly as much as pigs an' cows. I went down to the exhibition an' I spent so much time in that Child Welfare Department that I had only a little while to look at the live stock. An' when I went out, to see if I seen them children in the model playground, an' I just had to go over an' see 'em drill an' look at the work they was doin'—an' the kindergarten, too. An' then it was time to come away. I'll go agin to see the live stock, an' the dogs, but when I'm talkin' to the fattest most of the cows an' horses—about what they've found out in St. John about the babies an' the little boys, I'm glad I lived to see the day when the politicians an' farmers an' all the rest of 'em seen the light an' figured out an' Robert was plannin' that Child Welfare place whether he could picture' in his own mind just how it was agin' to look an' how it 'ud take hold of people—but any woman that sees it won't forget it. Why, I could hardly drag Hiram away from it."

"The ladies in charge," said the reporter, "are most engaging, aren't they?" But Hiram was calmly contemplating the ceiling.

STAD FOR LEVY ON WAR WEALTH

Resolution of British Trades Union Congress—Forced Working of Agricultural Lands.

Portsmouth, Sept. 8.—The trades union congress in session here adopted a resolution presented by the Agricultural Workers' Union today, demanding that the government should be addressed by some speakers on Irish affairs. All sessions will be open to the public. The business sessions will be held on the second day. At the semi-monthly meeting of the League last evening in the Y. M. C. I. further plans were perfected for the convention, Mr. E. Agar, the president, was in the chair. The organizing secretary for the province, Miss Greany, gave a detailed report of the progress of the work since the last meeting. It was stated that organization has now practically been completed. During last week branches had been organized in Fredericton, St. Stephen, Millville, N. B., St. Andrews, Norton and Sussex and she said that when the convention is held there will be about twenty-five branches in the province.

CONVENTION HERE AT END OF MONTH

The provincial convention of the Self-Determination for Ireland League of Canada will be held in St. John at the end of September and will extend into the second day. The present plans are that the convention will be opened with a public meeting to be addressed by some speakers on Irish affairs. All sessions will be open to the public. The business sessions will be held on the second day. At the semi-monthly meeting of the League last evening in the Y. M. C. I. further plans were perfected for the convention, Mr. E. Trieste, Sept. 8.—The general strike here was declared off last evening following a conference with government officials. Satisfactory concessions to the strikers were made by the government representatives.

CALIGULA AT 100 TO 6 WINS THE ST. LEGER

London, Sept. 8.—(Canadian Associated Press)—Caligula, 100 to 6, today won the great St. Leger race. Caligula, sired by I, was second and Moncton, 38 to 14, was third. Fourteen horses ran.

Says Western Crop Greatest in Money Value Canada Ever Knew

Calgary, Sept. 8.—That the values of the 1920 crop will be the greatest in the history of Canada was a statement by Sir Joseph Flavelle, head of the National Trust Company, last night after a tour of the Saskatchewan and Alberta wheat fields.

USE AIRPLANES TO TAKE SALMON EGGS UP FRASER RIVER

Ottawa, Ont., Sept. 8.—Another use for the airplane is predicted by Mr. W. A. Found, superintendent of fisheries, in carrying the impregnated eggs of salmon to the upper reaches of the Fraser River. If by this means hatching on an extensive scale can begin along the upper reaches of the Fraser River as well as in the lower reaches, the catch from year to year can be expected to increase greatly, as salmon always return when full grown, to spawn in the river where they were hatched. Any development of this kind would avoid the signing of the treaty between Canada and the United States with regard to the catching of these fish. The treaty is now in Washington awaiting signature.

Salina, Kas., Sept. 8.—A minimum price of \$3 a bushel for No. 2 wheat in Kansas City was urged and millers who profited were condemned in resolutions adopted here yesterday at a meeting of several hundred wheat growers.

Lens Coal Taken Out for First Time Since the War

Lens, France, Sept. 8.—A small shipment of coal left one of the pitsheads today. This coal was the first that had been taken out of the Lens mines since they were flooded by the Germans during the war.

POLICEMAN SHOT; FIVE ARRESTED

Shooting Said to Have Resulted from Effort to Stop a Noisy Argument.

Ridgefield, Park, N. J., Sept. 8.—Five men were arrested here yesterday in connection with the murder of Policeman John Ritter, Jr., who was shot and killed a little after midnight. The men arrested gave their names as George Dunbar, the country, I don't know what Doctor Robert was plannin' that Child Welfare place whether he could picture' in his own mind just how it was agin' to look an' how it 'ud take hold of people—but any woman that sees it won't forget it. Why, I could hardly drag Hiram away from it."

The shooting was said by the police to have resulted from a dispute between the murdered policeman and the men, when he ordered them to break up a boisterous argument.

GOVERNMENT ASKS FOR CONFERENCE

First Sign of Possible Compromise in British Miners' Matter.

London, Sept. 8.—The first move having the appearance of a possible compromise in the miners' strike was taken by the government last night when Sir Robert Stevenson Horne, president of the Board of Trade, sent a message to Robert Smalke, the miners' leader, at Portsmouth, saying:—

"To avoid any misunderstanding of our respective points of view, I should be glad if you would bring your executive to the Board of Trade on Thursday to discuss the present situation." It is noteworthy that the Portsmouth conference has thus far avoided any reference to the miners' strike. The larger accepted explanation of this is that the conference is divided on the advisability of the strike.

WILL TRY TO BREAK THE SEARLES WILL

Announcement of Fight for \$50,000,000 Is Made in Salem, Mass.

Salem, Mass., Sept. 8.—An attempt will be made by appeal to a jury to break the will of Edward F. Searles, aged reclus of Methuen, who left an estate estimated at \$50,000,000 with Arthur T. Walker, New York, formerly a school teacher in Toronto, as residuary legatee. Council for Albert Victor Searles of Boston, a nephew, made this announcement when the will came up for probate yesterday saying that a formal motion for a jury trial would be filed within ten days. Searles' nephew is an artist. The multimillionaire left him only \$250,000 and stipulated that he should forfeit everything if he contested the will.

AUTHORITIES TAKE PEEP INTO THESE SCHOOLS CLAIMING ABILITY TO TRANSFORM ALL-COMERS INTO MOVIE STARS

New York, Sept. 8.—"Moving picture instruction schools," claiming ability to transform all comers into "film stars" for the modest sum of \$77, or thereabouts, are under investigation by District Attorney Lewis in Brooklyn. Scrub women and mothers of large families were said today by Mr. Lewis to have fallen victims to advertisements for "pupils" paying a "classification test" fee of \$3 and subscribing to complete courses of twenty-five lessons at \$8 each. No effort to procure employment for graduates is made, Mr. Lewis said, but handsome diplomas are awarded at the end of the tuition period.

TORONTO MAY HAVE CAR TIE-UP WITH EXHIBITION ON

Toronto, Sept. 8.—Electrical workers in the employ of the Toronto Railway Company, the Toronto Power Company and the Niagara Power Co., have become restive over the delay of these companies in accepting an award made by a board of conciliation on August 18 granting the men an increase of from ten cents to 12 cents an hour.

The companies have been given until today to accept the award. A mass meeting of the men will be held tonight. If the award is not accepted there may be a tie up of the street cars here, such as occurred while the exhibition was on last year.

FARM IMPLEMENT PRICES KEPT UP WITHOUT WARRANT

Report of U. S. Federal Trade Commission

Recommends Re-opening of Proceedings Against International Harvester Co., and Institution of Action Against Others.

Washington, Sept. 8.—Declaring prices of farm implements in the United States to have been increased without warrant through "concerted action" of manufacturers and dealers, the federal trade commission in a report made public recommends re-opening of anti-trust proceedings against the International Harvester Company and institution of judicial proceedings against implement manufacturers and dealers.

"The partial dissolution of the International Harvester Company in 1918," declares the report, "did not change the dominating position of that company in the harvesting machine line and will not do so while the McCormick and Deering plants and the steel business remains united under its control either directly or by common ownership of stock."

Mineola, N. Y., Sept. 8.—Transcontinental air mail service to San Francisco was officially inaugurated today when G. Page, piloting an airplane specially equipped with 400 pounds of mail, started his westward flight. The airplane was scheduled to make its first stop at Cleveland.

RECOMMENDATIONS RE PENITENTIARIES

Toronto, Sept. 8.—Some measure of public management in the conduct of federal penitentiaries through the medium of advisory or visiting committees was one of a meeting of the Dominion Penological Committee of the Social Service Council of Canada here yesterday.

The committee recommends that the government should place sufficient money in the estimates for the provision of existing buildings, so that a system of segregation as between old and new offenders may be introduced.

Another recommendation was that the industrial system should be so extended as to render unnecessary any stone pile or unproductive work, and that it should include productive activities established by government to render support and aid to a prisoner's family or for deposit to his credit on release.

TORONTO MAY HAVE ELECTRICAL WORKERS OF THREE COMPANIES RESTIVE OVER DELAY RE WAGES AWARD

Toronto, Sept. 8.—Electrical workers in the employ of the Toronto Railway Company, the Toronto Power Company and the Niagara Power Co., have become restive over the delay of these companies in accepting an award made by a board of conciliation on August 18 granting the men an increase of from ten cents to 12 cents an hour.

HAVE OPENED DOOR TO 34,000,000 IN LAST CENTURY

U. S. Immigration Record of 100 Years

Population Has Grown by 97,000,000 in That Time—Nearly Quarter of New Citizens from British Isles.

Washington, Sept. 4.—Thirty-four millions of immigrants have entered the United States in the past century. In the same time the population of the country has increased 97,000,000.

Until the world was the effect of immigration on the population increase was very marked, amounting to more than 50 per cent in the decade ended in 1910. It exceeded 40 per cent in the ten years ending with the present year and immigration bureau officials are of the opinion that had the war not intervened the percentage for this decade would have been greater than that of the last.

During the first ten years of the century or from 1820 to 1830 the number of immigrants arriving in the United States was less than one per cent of the increase in population, the figures being 148,489 immigrants and 3,227,567 population increase.

In the next decade ended in 1850 the population increased 6,122,423 while immigration totalled 2,715,251 or slightly more than 16 per cent.

In the ten years ended in 1860 the population increase was 8,232,445 while immigrants entering the country numbered 2,598,214 or more than 36 per cent of the population increase.

The next decade saw the population increase 7,115,060 and immigration totalled 2,814,824 or slightly more than 28 per cent.

In the succeeding decade ended in 1900 there was a sharp decrease in immigration with the result that persons coming into the country represented only about 28 per cent of the population increase.

This was 18,046,861 while the number of immigrants arriving was 5,844,420.

While the population increase remained at about the same ratio during the decade ending in 1910 there was a heavy decided increase in the number of immigrants, the former being 15,977,691 and the latter 8,795,386.

The estimated increase for the ten years ended this year (1920) is 14,000,000 while the total number of immigrants during this period was 6,105,000. The percentage ratio thus was only

At about the same time that immigration from the British Isles and Germany began to decrease that from Italy, Austria-Hungary and Russia advanced rapidly. It was not until 1891 that the number of immigrants from Italy passed the 50,000 mark.

In only six years of the 100 has the total of immigrant entering the country exceeded 1,000,000. Twenty thousand more than that number entered in 1905, in 1906 the total was 1,100,000 and in 1907 reached the record of 1,285,949. The million mark was not reached again until 1910, the total for that year being 1,041,570.

HYDRO-ELECTRIC POWER.

Farmers as well as the people of the cities and towns will reap profit from the development of hydro-electric power in New Brunswick. The farmer as well as the manufacturer, large or small, must turn more and more to the use of hydro-electric machinery to solve the problem of labor shortage, labor trouble, and shortage of coal. It has been well said:—

"Without electricity, water-power, one of the greatest of Nature's resources, would be useless to man. With suitable generation, transmission and distribution, it is made available to the large city, or to the remote country district. With appliances perfected for its conversion into light, heat and power, the extent to which this form of energy can be utilized is limited only by the amount available."

Even in the household the electric servant is of the greatest value. The electric stove, electric dish-washer, wringer and ironer, cleaner, churn, refrigerator, sewing machine, musical instrument—all these are made available for instant use to lighten burdens and make more cheerful the life of the home. The farmer can make many tasks easy by turning to electric power. The small manufacturer finds in it a compact and cheap source of power. The greatest boon of recent times to humanity is the applied power of electricity, and it is only at the threshold of its achievements. One whole section of the great Toronto exhibition is devoted to electricity and what it is doing as man's servant in industry and woman's servant in the home.

The people of New Brunswick may therefore look forward with the brightest anticipation to good results flowing from the development of hydro-electric power in the province. Tenders are already being called for the construction of dams at Musquash, within a dozen miles from St. John, and the engineers say they have been greatly surprised at the volume of water-power which may there be made available. The Foster government, in beginning the development of electric power, has done that which is destined to be of incalculable benefit to the province of New Brunswick.

OVERTIME AND WAGES

The general manager of an American construction company makes an interesting comparison to show the plan of shortening the working day or week and then increasing the charge for overtime does not always improve the worker's condition so far as his weekly pay envelope is concerned. During the war the need of production was so great that overtime charges were paid without serious objections. There was then no alternative. Now, however, the employer in most cases can wait, rather than pay excessive charges for overtime, and the worker is not as well off as he was before. The general manager in question gives the following illustration:—

"In 1918, with a wage of 70 cents an hour, a carpenter working for a full week with six hours overtime, would earn \$39.90. In 1919, with the passing of war pressure, employers had largely cut out overtime. Hence, a 48-hour week at 90 cents an hour yielding \$43.20.

"In 1920 the carpenter's work is of forty hours' duration. At a wage of \$1 per hour he can earn but \$40 in a seven-day period, and the purchasing power of each dollar of the forty is probably somewhat less than it was a year ago, when he could earn \$43.20. In dollars and cents—or, what is more to the point, in purchasing power—the reward of this leisure appears to be disappointing."

Commenting on this result the general manager makes some observations which are certainly worthy of consideration in connection with the whole question of hours, wages, overtime, production and prices. He says:—

"If it is worth while for labor to lose immediate income by weeks of strike for the purpose of obtaining greater leisure, then it would seem worth while for labor leaders to figure out some reasonable means whereby the wages actually obtained should at least leave the men as economically as well off as before their reduction of hours. It is not a matter of dollars only. It is progressively more important for the workers and for those who guide their strivings toward what they believe are better conditions to realize that as modern society is constituted virtually every member of it is in far larger measure a consumer, dependent for his well-being upon the productive efficiency of others, than he is a self-sufficient producer, entirely free to price his wares as he chooses. Thus it is that the moment one type of producer begins to seek an economic advantage by increasing his rate of production he finds himself overwhelmed by the result of similar action on the part of a thousand producers in other lines necessary to his comfort, happiness and perhaps to his very existence."

There is only one solution to the problem, and it lies in the management and the workers getting together in such a way as to keep up production without sacrificing the interests of either, and without so increasing the cost of the product as to add to the already too high cost of living. So long as there is a selfish desire on the part of either to exploit the other, or of both, there can be

no remedy, and the tendency will be toward worse conditions and the danger of a revolution fatal to the well being of society at large.

Of Canada's duty to foreign immigrants the Toronto Globe says:— Canada has been at peace for many months, and the barriers to immigration from a number of foreign lands are down. By now there should have been established a simple plan for insuring that within a reasonable time the adult immigrants would have an idea of their duties to the municipality and the country in which they have settled. Health, normal mentality and the possession of a certain sum of money are qualifications that are demanded before the doors of this land of promise are opened to the eager seekers for a livelihood. Little progress seems to have been made, however, toward assuring that they are not to be left to herd in communities alien in speech, in customs and in outlook. Canada owes to foreign-speaking immigrants some return for the faith that brings them hither."

Among the changes in relation to education in the United States is the adoption in many parts of the country, especially where there is enough land available, of a new style in school buildings. The single high building is giving way to the unit system, which permits of ready expansion and is said to have other advantages. It is thus described: "The newer type of school building has a large structure in the centre of the group of classrooms, each virtually a separate building, connected by an outside sheltered portico. The main building is usually of two stories, while the smaller structures are of only one. Good ventilation is claimed for the new type, as well as less danger from fire and less expense for heating."

One must admire the direct and forcible utterances of Gov. Cox, the Democratic candidate for the American presidency, in regard to the League of Nations. He asserts that his country must join the League of Nations. This is in striking contrast to the attitude of the Republican candidate, who goes on playing the game of petty American politics, seeking to hold both extremes of the Republican party together. Gov. Cox is a fighting candidate. He attacks the enemy and keeps him on the defensive. He is now off on a tour of country and everywhere delivering his message with a force and vigor that has aroused the highest enthusiasm in the ranks of the Democratic party.

The Toronto Globe cites the Spanish River Pulp and Paper Mills as an illustration of prosperity that has come to this important industry. Six years ago the company was on the verge of a receivership. Last year it paid 42 per cent arrears on dividends on preferred stock, while holders of common stock are now also beginning to look for some profits. Since 1914 the company's net income has increased from \$137,212 to \$2,232,060, and its working capital from \$1,470,900 to \$6,611,968. It and other well managed concerns in the pulp and paper industry appear to have bright prospects for year to come.

A six-story apartment house in New York was purchased last week by the tenants, who formed a co-operative company for the purpose. Under the plan adopted each apartment will be owned by its tenant. Such an arrangement could only work out satisfactorily where the various tenants were able to get along together in a friendly way, but that would also be essential to comfort if they were only tenants. The advantage of being a tenant is that one may move when conditions become undesirable.

Mrs. Hamilton, the Toronto Alderman who is well known in St. John, offered a plea last week in an address to women, for more buying at home. Referring to a Toronto habit of buying boots in Buffalo and gowns in New York, Mrs. Hamilton quoted statistics to show that whereas each inhabitant of the United States bought \$421 worth of Canadian goods last year, each Canadian bought \$102.62 worth of U. S. goods.

New Brunswick editors of newspapers are invited to lunch with the executive of the Child Welfare Department at the exhibition tomorrow. None will be more appreciative of the value of that department and the lessons it teaches regarding the development of a healthy, intelligent and useful future citizenship.

The railways of Canada have been granted higher rates. That ought to mean more efficient service, for it adds to the cost of living.

Do not let the weather rob you of the pleasure and profit of a visit to the exhibition.

"ONE MCGRAW" NEW ALIAS FOR LAMB STEW
New York, Sept. 8.—Counterfeiters in uptown quick lunch places have a language all their own in interpreting the order of patrons. Here is the latest addition to their vocabulary, growing out of the fight in the Louis Club in which John J. McGraw, manager of the Giants, was a participant. "One McGraw" yells the counterfeiters. A moment later the cook sends out a lamb stew.

OIL

I know a dozen men who've won snug fortunes by the route of oil, and their financial cares are done, they do not have to spin or toil. They ride around in limousines, in all the pomp men could desire, and care no hoot how many beans it takes to buy a rubber tire. And when I see them in their pride, my own sad outlook makes me blue; I have a yearning pain inside—I'll go and buy some oil stock, too. Then I remember countless geats who tackled oil and hoped they'd win, and now they haven't forty cents to buy a stein of prohib gin. I see them sleeping in the park, on benches comfortable and bare, and when they wake some leaves and bark will be their breakfast bill of fare. Where one oil magnate lives in state, and has nine banks on which to draw, a thousand losers mill at the end and say there ought to be law. And so I buy no oil well stock, nor heed prospectuses sublime; along my humble way I walk, and save a quarter at a time.

CANADA—EAST AND WEST

Dominion Happenings of Other Days

ST. JOHN CITY.

The oldest incorporated city in the Dominion of Canada is St. John, N. B., situated at the mouth of the river of the same name. It is one of the most beautiful of the many lovely cities in Canada with the luxury of the ocean and the privileges of a great river combined. It is the winter port of many of the big Atlantic liners, while the year round it carries on a huge water trade with the American coast cities and the West Indies. Its harbor is large.

In the days of the clipper ships it had an enviable reputation for the splendid class of vessels built in its harbor and the gallantry of the seaman who manned them. In 1877 the city was almost entirely destroyed by fire but it has been rebuilt in a much better style since the disaster. Now its business is carried on in shops, factories and stores that are the equal of any in the Dominion.

The mystery of the tides of the Bay of Fundy is a never-ending cause of interest. In St. John they have an average rise and fall of twenty-six feet, producing the marvellous reversing falls to see which thousands come long distances. The river winds its way to the sea through a very narrow rock-confined channel. At low tide the water falls fifteen feet into the harbor but when the ocean returns the strange sight is witnessed of not merely filling up the fifteen foot fall but of it pouring back up the river from the sea. At half tide boats may pass under the bridges that span the falls.

IN ABSENCE

(By Margaret Waldemer in September of Good House Keeping.)
I am content with you away.
"Dearest," I speak, forgetting, "Look! The line we cut and that day, Here in the hidden book!"

I move about the rooms, serene
My foot on the stair.
To show you how this vine's soft green
Looked, bound about my hair.

I smile, and stich my silken dress.
Oh, almost I had risen, then,
To keep the house in quietness
Till you put down your pen—

My day goes swiftly, happily,
In this dear place, in these dear
walls.
But you are coming home to me,
Coming when darkness falls!

SATI IS ABOLISHED BY STATE IN INDIA

Suicide of Widow on the Funeral Pyre Forbidden by Law.

London, Sept. 7.—A despatch from Katmandu, independent State of Nepal, India, says that after a long and bitter struggle a law has at last been passed there abolishing sati, or the suicide of a widow on the husband's funeral pyre. Sati is now an offence under the law of Nepal, and heinous to it, and abetting in it are punishable offences.

The practice of sati is as old as the shastras, the sacred writings of the Hindus. Close on three centuries passed in India before attempts by Akbar, the famous Mogul Emperor, resulted in any steps effectively limiting it. Finally, in the time of Lord William Bentinck, nearly half a century ago, the right of a woman to take her life on her husband's funeral pyre was limited to wives of certain age.

Later this law was amended and sati was forbidden where a wife was about to become a mother or in the case of a widow with minor children. Thus the wall of ancient custom and religious usage was broken down, until at last the right of a wife to take her own life at the death of her husband is denied.

The present Prime Minister, Mahatma Chandra Shum Shere Jung, is responsible for the new law. During his term of office he has put a ban on the use of opium in Nepal and is conducting a strong campaign against the use of intoxicating drinks.

BIG OFFER FOR STABLE.

Greek Offers 10,000,000 Francs for Vanderbilt Racers.

Paris, Sept. 7.—An offer of 10,000,000 francs for the racing stable of the late W. K. Vanderbilt, to include his training quarters at Chantilly, was requested Monday by N. E. Ambadiotis, a Greek ship owner. Under the terms of the offer the purchaser would retain the services of Trainer William Duke and Frank O'Neill, the American jockey, at the same terms as his contracts with the late owner of the stable.

Did Not Need Them Things.

To the rear door of the house of a lonely spinster here recently came a seedy-looking person who, after being given some food, made so bold as to proffer this additional request: "Missus, ask your husband if he ain't got an old pair of trousers to give me?" Whereupon, the spinster, anxious not to expose her solitude, replied: "I am sorry my good man, but he—er—never wears such things."

EMPLOYERS' GUESTS NUMBER 500,000

Pittsburgh Picnics Given by Industrial Concerns—Tons of Food Necessary.

Pittsburgh, Sept. 8.—More than 800,000 persons have this year attended the picnics given by industrial concerns in Pittsburgh to their employes, according to the estimates of amusement park managers and a number of the most important are yet to be held.

Arrangements for these great gatherings of workmen and their families are on a colossal scale and carried out by an efficient organization of trained engineers and office men. It occasionally happens, as in the case of the Clariton plant of the Carnegie Steel company, that no picnic ground was available. So the engineers selected a nice bit of virgin forest not far from the town, built good roads in and through it, erected merry-go-rounds and other traditional amusement devices, built refreshment booths and a dancing platform and when the thousands of steel workers and their families reached the place for a day's enjoyment, they found it as complete as if it had been standing for years.

At one industrial picnic held here recently three tons of beef and four tons of boiled ham were required for the sandwiches. Five thousand loaves of bread, three thousand loaves of picky hours to cut it to size.

For the 46,000 persons who attended this picnic there were issued 65,000 free tickets for picnics, 16,000 American flags and 40,000 toy balloons for children were distributed and 45,000 souvenir buttons were given to the workers and their families. While 60,000 knives, forks, spoons and plates were sent to the grounds for the picnic supplies.

To provide this feast the company gave 80,000 pickles, 24,000 rolls, 8,000 pounds of baked beans, 1,800 pounds of coffee, 80,000 pounds of frankfurters and 1,500 gallons of ice cream. The food was cooked in an oven erected on the ground by the company's workmen.

While this was one of the largest picnics of the year, a number of others have equalled it and many more have come within striking distance.

Mill managers and corporation executives look upon the industrial picnic as one of their best weapons against unrest and gladly give to their employes the means for enjoyment, while bearing all the expenses, in many instances even transportation to and from the parks.

HERE'S A NEW ONE ABOUT SPELLING

Not an Essential in Public Schools, Contends Dr. Curtis.

London, Ont., Sept. 8.—Dr. S. A. Curtis, director of education in research, of Detroit Department of Education, was the principal speaker at one session of the London Teachers' Association. He contended that the teaching of spelling is not an essential subject in the public schools. He maintained that elementary teachers should be paid better than those in charge of higher grades, and that teachers should know the social circumstances of their pupils.

The study of individual characteristics of children as an aid to their educational advancement was strongly advocated, Dr. Curtis illustrating his point with numerous charts, showing what had been ascertained by observing certain persons, both children and adults.

Twins who look alike he said, give similar results under observation while those of different appearance likewise test different in matter of mentality. Ability to learn quickly, if evidenced in the first tests could be traced consistently thereafter, while the reverse of the problem, he said, is likewise true.

One test described by Dr. Curtis centered on the spelling of certain words with which the students were not previously familiar. Two children learned the words the first day; but 25 others required sixteen lessons. On the fifth day 12 knew the words, but over Sunday three of them forgot them. The doctor claimed that children of families who have social standards to maintain are often backward, while students from families not so encumbered advance rapidly.

In Spain and particularly in the Province of Andalusia, families are so large that even Theodore Roosevelt would have been appalled. Hamilton Fyfe, a writer was touring Andalusia on horseback one winter and spent the night in a fonda near Los Cochinos. A dinner over his hominy soup, Mr. Fyfe was amazed to see the multitude of daughters that the innkeeper possessed.

"You have a fine, a very fine family of daughters there," he said. "Ah, senior," said the innkeeper, we have been very fortunate with our daughters. During a 1917 terral, the chimney fell in and killed all but 11 of them."

WOMAN 71, SENT TO JAIL.

Scarborough, Eng., Sept. 8.—Kate Leverton, seventy-one years old, was sentenced to a year's imprisonment for obtaining more than \$1,500 by false pretences. The police say she began her career of fraud in 1912. Since then she has served more than three years in jail.

FAMILY OF SUICIDES.

Chatham, Eng., Sept. 8.—A man named Manning was found almost decapitated in a wood on the outskirts of Chatham. He committed suicide. His father, mother and sister all had previously committed suicide.

Captain Griffith, of the C. P. O. S. Ensigns of Britain, is completely satisfied with her performance as an oil burner. She made the trip from Liverpool to Quebec in five days, 22 hours and 30 minutes, an average of more than 18 knots.

TWENTY PER CENT. IS NOT ENOUGH
Wages Increase Not Approved by Men of Canadian National Railways.
Winnipeg, Sept. 8.—The wage increase of twenty per cent announced last week for all employes of the Canadian National Railways, does not meet with the approval of the men, said H. F. Lawrence, general chairman of the Canadian Brotherhood of Railway Employees Canadian National lines, yesterday.
A committee of officials of the brotherhood on both the Canadian National and Grand Trunk Pacific lines will discuss what will be adopted in view of the amalgamation of the two railways and will then interview A. A. Tisdale, assistant to the general manager of the Canadian National Railways in Winnipeg.

Ladies' American High
Class Footwear
Offered By
Waterbury & Rising, Ltd.**

Read the Reason Carefully

The 30 p.c. duty on shoes and the exchange on Canadian money, makes it impossible for us to give our customers value in American boots and shoes, it really means about 50 p.c. added, for which no value is received.

Therefore, we have decided to close out all our Ladies' fine American shoes at startling prices, including 573 pairs of the famous "Dorothy Dodd" quality in Black, Grey, Brown and Patent leathers as follows:

10 different styles at \$ 8.00 per pair, present value \$11.00 to \$12.50.

8 different styles at \$11.00 per pair, present value \$13.00 to \$15.00.

10 different styles at \$12.00 per pair, present value \$16.00 to \$21.00.

A great many of these goods were bought before the big advance and have even better stock than if purchased today.

Call early for first selection. Positively no sale goods on approval.

With Direct Connection to Our King Street Store

Now Open With Three Big Sales In Full Swing

A Sale Unusual of Men's Winter Overcoats

Yes! Of course it's an unusual time to place winter overcoats on sale, but then this is an unusual opportunity we have to offer.

Winter Overcoats for the coming season are actually 20 p.c. to 30 p.c. higher than they were last season.

Last year many of our winter overcoats were very late in arriving—over five hundred coats were received in the month of February, after the season's business was over.

We knew then that overcoats would be greatly advanced in price for this season, and so decided to hold these late shipments for just such a sale as this.

The Regular Prices quoted below are what these overcoats would have been marked had they arrived in time for last season's selling—so that the savings shown by these comparative prices are really much less than the true saving as compared with prices this season when the new winter stocks are opened up.

- The prices are:
- \$30 Winter Overcoats . . . \$24.65
 - \$35 Winter Overcoats . . . \$28.95
 - \$40 Winter Overcoats . . . \$34.60
 - \$50 Winter Overcoats . . . \$42.95
 - \$60 Winter Overcoats . . . \$53.10

And many other prices, too.
MELTONS—Fancy Brushed Wools, Scotch Tweeds and others.
STYLES—Ulsters, Belters, Slip-ons, Form-Fitting, Chesterfields and Young Men's Ulsterettes.

Anticipate your winter overcoat buying by a couple of months and make a substantial saving of \$10 to \$25 on the new season prices.
 Sale Continues All This Week.

Our extensive Stock of FALL TOPCOATS

Radically Reduced During This Exhibition Week

Just at the beginning of the Fall Topcoat season this opportunity comes to you to procure your new one at a much lower price than usual.

- \$25 Fall Topcoats . . . \$21.60
- \$30 Fall Topcoats . . . \$24.98
- \$35 Fall Topcoats . . . \$29.65
- \$40 Fall Topcoats . . . \$34.90
- \$45 Fall Topcoats . . . \$39.85
- \$50 Fall Topcoats . . . \$43.85

These Prices Will Continue All Through Exhibition Week.

PAYMENTS OF LIFE INSURANCE SHOW INCREASE

Life Insurance distributions in Canada and the United States during 1919 amounted to \$1,843,500,000, according to statistics compiled by the Insurance Press of New York, advance proofs of which were received yesterday. Death claims, matured endowments and annuities amounted to \$972,869,000; payments for premium savings (dividends to policyholders) and for lapsed, surrendered and purchased policies, \$291,699,000; commuted value of insurance claims awarded by the bureau of war risk insurance from Dec. 31, 1918, to Dec. 31, 1919, \$879,118,000.

The largest amount of insurance on a single life paid in 1919, as far as the reports to the Insurance Press indicate, was carried by the late Henry C. Frick, of New York city and Pittsburg, the steel magnate. He carried \$400,000. The next largest amount was \$384,000, on the life of John Lennox, of Hamilton (Ont.).

The total payments by insurance organizations of Canada and the United States was \$964,989,000, an increase of about \$41,500,000 over those of 1918.

The distributions in the year in the maritime provinces follow:

New Brunswick—St. John, \$109,000; Chatham, \$14,000; Upper Reston, \$14,000; Reston, \$13,000; Central Blissville, \$12,000; Moncton, \$12,000; New Bedford, \$12,000; West St. John, \$12,000.

Nova Scotia—Halifax, \$230,000; Yarmouth, \$19,000; New Aberdeen, \$15,000; Windsor, \$14,000; Chester, Basin, \$12,000; Dartmouth, \$12,000; East Wallace, \$12,000; Somerset, \$12,000; Trenton, \$12,000; Truro, \$12,000.

Prince Edward Island—Charlottetown, \$34,000; West Cape, \$28,000; Summerside, \$12,000.

Mrs. James Gamble is visiting friends at Long Reach.

RECENT WEDDINGS

On Wednesday, Sept. 1 at 5 o'clock, a wedding of much interest took place at the home of Mr. and Mrs. G. H. Jones, Buloh, Kars, N. B., when their youngest daughter, Lottie D., was united in marriage to J. Spurgeon Allaby, youngest son of Rev. E. A. and Mrs. Allaby of St. John. The bride, who was prettily gowned in French blue silk and gorgette, was given away by her father, Mrs. Huggard of Hatfield Point played the wedding march. The bride groom's father performed the marriage ceremony. After the ceremony a dainty luncheon was served. Mr. and Mrs. Allaby will reside at Buloh, where the groom is a popular young farmer, since returning from overseas.

In the Cathedral Monday morning Rev. Wm. M. Duke united in marriage, with nuptial mass, Miss Susan, daughter of Mrs. Florence Shepherd, St. George's (Nfld.), and William Fishwick. The bride, who was assisted by Miss Annie Culbert, wore a traveling suit of navy blue with hat to correspond and she carried a white prayer book. Wm. Stack supported the groom. After a short honeymoon Mr. and Mrs. Fishwick will reside at Haymarket square.

On Monday morning James Frawley, 135 Erin street, and Miss Mary Boucher,

of Mispe, were married. The ceremony was performed by Rev. William M. Duke at the Cathedral with nuptial mass. The witnesses were Frank Marocko and the bride's sister, Miss Margaret.

RECENT DEATHS

The death of Frank Elden Joyce, son of Martin and Catherine Joyce, occurred yesterday at the General Public hospital, after an operation for appendicitis. He was in his sixteenth year and is survived by his parents, one brother and four sisters. The funeral will be held on Thursday afternoon at 2:30 o'clock from his parents' residence, 8 Marsh street.

Relatives in the city received word yesterday that Captain Harry N. Peatman of this city had died at Margree, C. B., on Monday. He was the captain of the government tug Lisgar, and it is presumed that some accident must have

occurred on the tug, as the captain was in perfect health up to a few days ago. Margree is about twenty-six miles from the nearest line of railway, and very meagre information is available. The funeral will be held from Captain Peatman's late residence, 84 Germain street. Interment will be at Brown's Flats on Thursday morning. His wife, mother and five small children are left to mourn.

The death of Rev. R. Barry Mack occurred in Truro early yesterday morning

CARDS SAY KING WILL HAVE CHORUS GIRL IN FAMILY

London, Eng., Sept. 8.—A wife of one of the sailors on the royal yacht Victoria told the fortune of King George of England by a deck of cards. She told him he would live to be 87; would die in California; within another 20 years he would give up his throne to the Prince of Wales and would have a chorus girl as a daughter-in-law. The cards did not say which one of the King's sons would marry the girl.

Special Exhibition Week Showing of the New Fall Hats

In the world of millinery there is always something new, and for this Fall the new styles are more attractive than ever. Velvet and duvetyne and beaver are the favorites of New York and rightly so, for surely no materials are so beautiful in their richness and softness of color. And this time the colors are so irresistible. Blue, Black, Marigold, Gray, Beaver, Brown, Bisque and scores of other New shades.

Trimmings are rather simple, but oh, so artistically done. Plaiting, draping, tinsel, braid, a quill, feather or ornamental pin are among the most favored trimming ideas.

It will be an easy matter for the most discriminating woman or miss to select her new fall hat here for we offer hundreds of beautiful hats at the lowest prices approved styles and dependable quality will allow. We invite your inspection.

BURIED TODAY.
The funeral of Mrs. David A. Ramsay was held this afternoon from her late residence in Rothesay avenue to St. Mary's Episcopal church where services were conducted by Rev. Taylor McKim. Interment was in the Church of England burying ground.

TODAY'S MEETING
The Mayor hoped to continue the discussion on harbor commission matters at this afternoon's meeting of the council. No reply has been received from Dr. Hanna, president of the C. N. R. as to his views on the matter, in reply to a message sent by the mayor. His Worship said this morning that Mr. Hanna was now touring the west and was expected to come to the lower provinces so soon as that trip had been completed.

WOLF NOT FOUND YET.
No further trace has been found of the timber wolf which, with its mate, escaped from a cage in Rockwood park yesterday. One of the animals was killed yesterday by Joseph Tebo, one of the park constables; it is thought that the other was severely wounded and is lying dead in the woods some place in the vicinity of the park. It is known that the missing wolf had a great number of porcupine quills stuck in its mouth and throat and these, with the bullet wounds, are almost certain to have proven fatal.

Early Weather Not Good for Exhibition

Air Flight Postponed Till Afternoon—Some Results in the Judging of the Speed Horses.

As a result of unfavorable weather conditions this morning fewer than 1000 people paid admittance to the exhibition. However, this afternoon and evening, with clearing conditions, a large number of people were expected. Owing to the heavy and general atmospheric conditions this morning the aeroplane flight was postponed until this afternoon. A feature of these flights is that some local young men are availing themselves of an opportunity of enjoying a trip through the air. This afternoon a well known automobile mechanic was due to go up.

This morning, K. Watson, V. S. of Toronto, judged thorough bred, standard bred, hackney and roadster horses. There was considerable interest manifested in the standard class as some of the provincial speed horses were contending for honors. They were The Express and Border Prince, owned by Harry C. Jewett, of Fredericton; Native Worthy, owned by J. Belyea of this city; and Colorado 1., owned by M. Kelly of Prince Edward Island. The Express won first honors with Native Worthy second, and Colorado 1. third. There was only one mare showing in this class, Toss, owned by S. Rice of this city. In the other classes some splendid horses were also brought out. This afternoon at 2 o'clock the heavy horses were judged by J. M. McCullum of Shakespeare, Ont. The judging of sheep was also started this morning.

The majority of visitors this morning spent their time looking over the many exhibits and judging from their favorable comments they were favorably impressed. German guns came in for a lot of attention and some ex-Tommies gave a demonstration of how they were operated and a few narrated some of their experiences in famous battles in which they were captured. People also showed a marked interest in the machinery hall and were entertained by exhibitors who demonstrated how their machines worked.

A large crew of men were engaged all morning getting the grounds cleaned up and ready for the large crowd expected this afternoon and evening. The heavy rain fall yesterday made sections of the grounds very muddy, but cinders and sawdust were distributed freely in an attempt to overcome these conditions.

Judging at the dog show was continued this afternoon and dog fanciers throughout the city are awaiting with interest the decision on the merits of the respective entries. Competition in some of the classes is keen.

SEPTEMBER BRIDES

The marriage of Miss Margaret Allynne, eldest daughter of Mr. and Mrs. Frank P. Starr, to Major Gildred Campbell, M. C., son of Mr. and Mrs. G. Douglas Campbell of Weymouth, N. GOLDEN WEDDING

Mr. and Mrs. Wm. MacPherson of West St. John Married Fifty Years Ago Today.

Fifty years ago today was the wedding day of Mr. and Mrs. William MacPherson of Gullford street, West St. John, and the ten surviving members of their family of thirteen children are in the city today to attend the celebration of the golden wedding anniversary.

Mr. and Mrs. MacPherson are both well known West End residents, having lived there and in the vicinity of Lancaster during the whole of their married life. Mr. MacPherson was for thirty years employed as edgerman with Randolph & Baker at Randolph and was with other milling concerns in the vicinity for several years. Although his hearing has been impaired for the last few years both he and his wife are in robust health and look forward to other anniversaries. He is entering upon his eightieth year, and his bride, who was formerly Miss Bessie Hawkehouse of Grand Lake, is ten years younger. Both are members of the Central Baptist church in the city, although attending the Charlotte street Baptist church in West St. John.

The ten living children, who are all in the city for the celebration, are as follows, in the order of their seniority: Mrs. William Hanson of Gullford street, West St. John; William MacPherson of Toronto; Mrs. Charles MacFarlane, of St. John; Mrs. Alfred MacFarlane, of St. John; George MacPherson of Rumford Falls, Me.; Mrs. Ralph Hill, of East Boston; Mrs. B. Breckett, of Bennington, Mass.; Mrs. Paul Hill, of Burlington, Mass.; Mrs. Clarence Peet, of West St. John, and Charles MacPherson, of Fairville. There are seventeen grandchildren.

Boone-Appleby.

A wedding of much interest took place last evening at 6:45 in the church of the Good Shepherd, Fairville, when Rev. W. P. Dunham united in marriage Miss H. Maude Appleby, daughter of Mr. and Mrs. Robert N. Appleby of Chapel street, West St. John, and Edgar Boone of this city. The ceremony was performed in the presence of immediate friends and relatives. The bride, who was given away by her father, looked charming in a travelling suit of velour tulle with beaver collar and hat to match and carried a shower bouquet of white and pink pease. James Cole supported the groom. Immediately after the ceremony Mr. and Mrs. Boone motored to the Union Station, where, amid showers of confetti and good wishes for future happiness, they left for Montreal, Toronto and Niagara Falls, on a short honeymoon trip, and on their return will reside in West St. John. Many beautiful presents were received, including cut glass and silver. The groom's present to the bride was a beaver muff, while the maid of honor received a garnet ring and the groomsmen a beautiful tie pin.

McCluskey-Tierney.

The wedding of two popular young people of the North End took place in St. Peter's church this morning at 10 o'clock, when Rev. Edward Scully, C. S. S. R., united in marriage Miss Mary Alice Tierney and John D. McCluskey. The bride, who was given away by her cousin, William Kiernan, was attired in a brown travelling suit with hat to match and wore georgette fox furs. She was attended by her cousin, Miss Florence Kiernan. John J. McManus supported the groom. Mr. and Mrs. McCluskey left on a honeymoon trip to upper Canada and on their return will reside in Lancaster.

Bradshaw-Gillespie.

A very pretty wedding took place this morning at ten o'clock at the residence of Mrs. James H. Gillespie, 222 King street, West St. John when her daughter, Myra Clara, was united in marriage to Guy Horace Bradshaw. The ceremony was performed by Rev. S. S. Poole. The bride was becomingly gowned in navy broad cloth suit, with hat to match. She was given away by her brother, Walter Gillespie. The wedding march was played by W. W. Galbraith. The parlor was very prettily decorated with Autumn flowers.

The grooms present to the bride was a sunburst of pearls. She was also the recipient of many valuable presents of cut glass and silver. After the wedding ceremony a dainty luncheon was served.

The bride and groom left on the noon train for a wedding trip in the eastern provinces. On their return they will reside in this city.

Strange-Keirstead.

A wedding of much interest to a large circle of friends in the city and elsewhere, will take place this evening at six o'clock in the Charlotte street Baptist church, West St. John, when Rev. J. H. Jenner will unite in marriage Miss Doris A. Keirstead, daughter of Mr. and Mrs. J. Vernon Keirstead, of West St. John, to Cecil Edwin Randolph Strange, son of Mrs. E. L. Strange, also of West St. John. The bride's costume is a travelling suit of brown velour with hat to match, and she will carry a shower bouquet of Ophelia roses. They will be unattended and immediately after the

The Dining Room Should Express Hospitality

The dining room is essentially a room of good cheer. Only to the degree that its atmosphere expresses cordiality and good fellowship can it be said to be effectively furnished.

The keynote of this accomplishment is an understanding of the fundamentals of home furnishing. More can be accomplished by right procedure than by extravagant expenditure, for there are so many factors other than furniture which influence the character of the dining room, but the spirit of helpfulness for which it is so well known is just as important as the furniture displays are unusual, for it assures to you the effective results you seek, and the permanent satisfaction you expect at whatever price you may elect to pay.

We invite value comparisons at any and all times, no matter whether your requirements are for a modest bungalow or for the most pretentious home.

EXHIBITION VISITORS

will find themselves particularly favored this year because the Annual Fur Sale of this store is in operation during the whole of the exhibition week.

Many attractive Fur Coats and Fur Pieces here to choose from and at prices that only a Fur House like this could make possible.

This sale, also being pre-seasonal means an interesting pecuniary saving just at the time when Furs will soon be needed and the Fur market showing decided upward tendencies in price.

No obligation entailed in a call—in fact we want you to feel that this is YOUR store during your visit here.

AN IMPORTANT FEATURE OF THIS FUR SALE
Is that your desired fur may be secured and reserved for you for a small cash payment. Also that credit accounts are cordially solicited during sale as usual.

WALSH WINS THE NOMINATION FOR GOVERNOR

Very Close Contests in State Primaries

Fuller Wins Over Warner for Republican Nomination for Lieutenant-Governor - Vote Was Light.

Boston, Sept. 8.—The state primaries yesterday furnished the closest contests and the most difficult work for election officials in many years.

The chief contests were for the Democratic nomination for governor and the Republican nominations for lieutenant-governor and secretary of state.

In the first, State Senator John J. Walsh, of Boston, was nominated by a narrow margin over Richard H. Long, Democratic nominee for governor in 1918 and 1919.

The outcome of the Republican fight for lieutenant-governor was in the end a daylight when, with only eight precincts missing, it became evident that Congressman A. T. Fuller had won by a safe lead over Speaker Joseph E. Warner, former State Treasurer Charles L. Burrill, running third and Secretary of State A. F. Langtry last.

Frederick W. Cook, city clerk of Somerville, was nominated by the Republicans for secretary of state in a five-cornered contest with a sizeable lead over his nearest opponent, James Bean.

The Republicans nominated James Jackson, former New England director of the Red Cross, for state treasurer by more than two to one over Fred J. Burrill, who resigned that office recently and in a public statement, asked his friends not to vote for his re-nomination.

Although the women turned out in good numbers, the total vote was light.

Anti-League Man Wins. Manchester, N. H., Sept. 8.—Senator George H. Moses, opponent of the League of Nations, and of women suffrage, was re-nominated by the Republicans at yesterday's primary by a plurality of about 12,000 over Huntley N. Spaulding, former state food administrator, who is running to return at hand today.

The total vote was approximately 45,000.

Raymond B. Stevens of Landoff received the Democratic senatorial nomination, defeating Albert W. Noone of Peterborough. Mr. Noone also contested for the Democratic gubernatorial nomination and was defeated by Charles E. Tilton of Tilton.

A three-cornered contest for the Republican nomination for governor was won by Albert O. Brown, chairman of the state tax commission. He had a plurality of about 6,000 over W. H. Goodnow, a member of the governor's council.

Although the vote was nearly twice the size of the average primary vote in this state, partly due to the participation of voters from the first time.

AWARD OF I. O. D. E. BURSARIES

Toronto, Sept. 8.—Imperial Daughters of the Empire war memorial bursaries in Canadian universities for the sons and daughters of deceased or totally disabled soldiers, sailors and men of the air, were presented today at a luncheon given by the provincial committee of selection to the following:

Quebec—Phyllis Marjorie Murray, McGill University, daughter of Lieut. Commander Murray, R. N. C. V. R. killed in Halifax disaster, Dec. 5th, 1917. Two brothers served overseas, one being seriously disabled.

Nova Scotia—No applications in this province. Bursary award to second applicant in Alberta, viz. Laurence Bingley Moore, P. C. L. I., killed in 1916.

Prince Edward Island—No applications in this province. Bursary award to second applicant in Ontario, viz. Edna W. Green, of Toronto, Toronto University daughter of Pte. Empson Green, 3rd. Canadian Infantry Battalion, who was killed in action in 1915. Her brother also served overseas.

MONTREAL MARKET. Montreal, Sept. 8.—Trading extremely dull at the opening of the local stock exchange this morning, but the few transactions recorded in the first half hour showed a somewhat stronger tone.

Abitibi sold at 79 1/2 on the first scale, up a half point from yesterday's close, while Asbestos was up 3/4 of a point at 88 3/4. Brazilian sold unchanged at 38.

An odd lot of Spanish preferred changed hands at 125 3/4, unchanged, and there were no sales in the common. Sixty-five was bid for National Breweries, with no sales.

SOFT COAL TROUBLE Birmingham, Ala., Sept. 8.—Reports at union headquarters early today indicated that more than 10,000 men, half the number employed in the bituminous coal mines in this section had obeyed yesterday's strike call. Both sides admitted the situation was grave and predicted a shut-down of factories and mills.

LOCAL PRESENTATION. The office staff of the Furness Withy Co., Ltd., yesterday presented to John D. McCuskey, one of their members, a chest of silver and a handsome set of china in honor of his marriage which took place this morning.

IS MUCH WEAKER TODAY, IN THE 27TH DAY OF HIS FAST

Doctors Are Very Anxious About Mayor of Cork, Says Bulletin.

London, Sept. 8.—Mayor MacSwiney passed a feverish evening in Brixton otherwise his condition was unchanged. Replying to the request of a newspaper for an expression of opinion on the reported offer of Premier Lloyd George with regard to the release of the hunger strikers, Arthur Griffith, founder of the Sinn Fein telegraphed as follows: "It is amazing that your government should proclaim themselves murderers and suggest that it will kill them if they do not. 'You English are indeed, as Tolstoi said, the most barbarous of all peoples pretending civilization'."

Londonderry, Sept. 8.—A government vessel arrived here today with a large cargo of arms and ammunition which is being discharged under guard of the police and military.

Dublin, Sept. 8.—Sir Walter R. Nugent is reported to have resigned from his post as deputy lieutenant of West Meath County because he considered the government's policy in Ireland intolerable.

London, Sept. 8.—Terence MacSwiney entered today on the twenty-seventh day of his hunger strike. Reports from Brixton prison where he is incarcerated, said he was a little brighter this morning, but much weaker and more exhausted. It was added he had passed a fairly good night.

A bulletin issued by the Irish Self-Determination League at London said: "The lord mayor suddenly got much weaker. The doctors are very anxious and have forbidden his relatives to converse with him."

Ediges of Mayor MacSwiney. Dublin, Sept. 8.—Ediges of Lord Mayor MacSwiney displayed in Belfast on Monday evening, according to an official statement. They depicted the lord mayor with a crust of bread in his mouth and a dagger in his hand, as if in an aggressive manner. The police seized the ediges on the ground their exhibition would be likely to create disturbances.

The Gazette yesterday contained a list of 108 court houses which have been destroyed or badly damaged. It also tells of the provision the lord justices have made to carry on their legal business in other premises.

London, Sept. 8.—Guarantees that attacks upon police in Ireland must cease are necessary before the government can consider the liberation of Terence MacSwiney, lord mayor of Cork, and other hunger strikers, says the London Times in discussing Premier Lloyd George's views on the subject as outlined in his interview at Veige, Switzerland, yesterday.

The policy of leniency has been tried three times already, says the newspaper. "After the Easter rebellion of 1916 a large number of prisoners were unconditionally released and twice since then the same thing has been done. The very men let out of prison at once engaged in fresh conspiracies and started murdering police in Ireland all over again."

The newspaper declares the government must either protect the forces in Ireland or withdraw them altogether. Premier Lloyd George's suggestion for the release of Mr. MacSwiney and other hunger strikers, conditional on a guarantee of the cessation of murders of policemen in Ireland, seems not to be regarded either here or in Dublin as providing any practical issue for the government.

Daigse and asking that appeals of Irish-Americans on behalf of Lord Mayor MacSwiney be ignored, were sent from this city yesterday by James Stanley White, editor of the United Protestant Advocate, and Rev. E. M. McFadden, D.D., secretary of the International Protestant League.

London, Sept. 7.—Joseph Devlin, Nationalist M. P. for the Falls Division of Belfast, has been in London negotiating with the government on behalf of the Catholic workmen expelled from their jobs in Belfast and secured a concession by which they will be paid the benefit under the plan providing for unemployed former service men.

TRAFFIC CASE. Roy Morrell, charged with allowing his automobile to stand on the wrong side of Main street, pleaded guilty and was fined \$10.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

AT LAST!—A SERIAL EVERBODY WILL LIKE

"The Lost City" Will Mark an Entire Departure — A Clean Wholesome Adventure Yarn.

The Imperial Theatre has purchased a serial story for those who like continued fiction that will create a veritable furor of interest among old and young. It commences this Friday and Saturday with a three-reel introductory chapter. The title is "The Lost City" and the yarn deals with the adventures of a young man and a lot girl in the innermost fastnesses of the African jungle among herds of elephants, roving lions, tigers, leopards, millions of monkeys, birds of rare plumage and water denizens. There is no studied or inventive crime-element in the story, no murderous stuff, but a simple plan, tingling narrative, like we used to get in the better class of story book and in the household library estuary. It is a clean honest attempt to give to the adults and children of the country a story with sustained interest from week to week that will entirely disarm criticism and make it possible for a reputable house like the Imperial to purvey a harmless, sensible serial. "The Lost City" will open Friday and Saturday of this week.

THREE RECOMMENDATIONS

George Broadhurst, Saturday Evening Post. The first wrote the play, the second published the story of the third.

FREIGHT AND PASSENGER RATE INCREASE

Ottawa, Sept. 7.—By virtue of a judgment which will be issued from the offices of the Board of Railway Commissioners, probably tomorrow, railway companies in Canada are granted an increase of forty per cent. in Eastern Canadian freight rates and thirty-five per cent. in Western freight rates, effective on Monday next, September 13, and to continue in force until December 31. After December 31 the increase in the freight rates in Eastern Canada is reduced from forty to thirty-five per cent. and in Western Canada from thirty-five to thirty per cent.

Simultaneously with the increase in freight rates, passenger rates all over the country are advanced twenty per cent. so long as they do not exceed four cents a mile. This increase is effective only to December 31. After that date, and for the six months period from January 1, 1921 to July 1, 1921, a ten per cent. increase is authorized. Following July 1, passenger rates return to those in force at the present time.

The judgment will authorize increases of fifty per cent. in sleeping and parlor car rates and an increase of twenty per cent. in the rate on excess baggage.

MISS HARRISON IS ELECTED

St. John Lady Vice-President of Association of Canadian Clubs.

Montreal, Sept. 7.—R. W. Craig, K. C. of Winnipeg, was elected President of the Association of Canadian Clubs this afternoon. The Vice-President is Mrs. A. B. Code; Secretary-Treasurer, R. H. Smith, both of Winnipeg. This has been done so as to have the main executive centralized there for the coming year. For the provincial vice-presidents, Nova Scotia and Prince Edward Island were left blank, with the understanding that vice-president should be appointed later after consultation. Other vice-presidents are included. New Brunswick, Miss Mary L. Harrison.

Miss Mary L. Harrison, 153 Sydney street, is the corresponding secretary of the St. John Women's Canadian Club and also held last year the office of vice president for New Brunswick.

New York, Sept. 7.—J. P. Morgan & Co., syndicate managers, today announced the terms of the new \$100,000,000 French loan, a twenty-five year, eight per cent. external gold obligation, to run from September 15 next. The bonds constitute a direct lien on the French Government, which has agreed to redeem them without reduction for any French taxes on or before September 15, 1946. Subscription books will be open next Thursday at 100 and accrued interest.

JANITORS WAR ON CUPID.

Hartford, Conn., Sept. 8.—Cupid and some hard hearted janitors of this city are not on speaking terms, and all because the tiny bits of confetti are difficult to sweep up. Many employes in insurance companies marry and each desertion is marked by a shower of confetti. Janitors became so insistent that a notice prohibiting the usual confetti slinging contests was posted by the president of one company.

WHISKEY IN EGG SHELLS.

Washington, Sept. 8.—Bootleggers who decide to ship their whiskey in egg shells should mark the cases "handle with care." When a crate broke at a West Virginia station an illegal odor filled the air. A prohibition inspector discovered that the eggs had been carefully blown and filled with whiskey. The perpetrators were sealed with cement.

Catching the Flashes of Canada's "New Dawn"

Events in Canada have moved with dramatic swiftness in the last ten years. Even before the coming of the war that was to reveal the strength of the young northern giant of nations the dawn of a new day had flashed its signals.

Commerce was looking beyond Provincial borders, agriculture was building a new empire in the west, and the spirit of the people was growing with the world's recognition.

Motion pictures had passed beyond the experimental stage, but with no clearly-defined future. It was then that the early struggles and mistakes were being encountered—and paid for. A newly-discovered industry that demanded pioneering courage also exacted the most careful business judgment. A thousand prospectors thought they saw the trail to a new Eldorado.

A few survived, notably, we believe we can say, the Allen Theatre Enterprises.

Theatres that bear the Allen name from one ocean to the other essentially are Canada's development of the motion picture industry. They represent the Canadian idea in pictures—the response of Canadians to an idea and an ideal.

The Allens, young-minded and with every ounce of resource, in the spirit of the game, cling to two beliefs. They believe first of all in the possibilities of motion pictures—and they believe in the Canadian people.

Wherever an Allen Theatre was opened in the last ten years the people of Canada gave to it a generous patronage—in hearty co-operation with the enterprise and the policy that built the Allen chain.

Soon the building of these theatres gave the opportunity for greater development. That development meant putting "the something more" into each and all of these theatres—and eventually carrying a Canadian enterprise beyond the country's borders.

Canada builds for the future and reaches out with new-found faith and courage. The Allen Theatre Enterprises are abreast of the tide.

LOCAL NEWS

Miss E. M. Galbraith, of St. John, was one of a party of missionaries in whose honor a large gathering was held in St. John's Presbyterian church, Vancouver, on Aug. 25 when the missionaries were on their way to the Orient and were about to sail on the steamer Empress of Asia. The chief speaker at the meeting was Dr. Percy Leslie.

Nelson A. McEwan, of Charlottetown, arrived in the city Saturday and has taken up his duties as boys' work secretary of the Y. M. C. A. Mr. McEwan for the last two years has been boys' secretary of the Bond street branch of the Winnipeg "Y" and has an excellent record in the western city. His assistant, recently appointed, is H. A. Morton, of St. John.

Arthur M. Gregg, St. John, Y. M. C. A. boys' work secretary for the maritime provinces, has returned to the city after an absence of more than two months which he spent in training work at Lake Couchiching (Ont.), and at Algonquin Park, where more than 140 other Secretaries from all parts of Canada attended the sessions lasting from August 20 to August 30. Among the other maritime province men attending were W. A. Buckley, Halifax; R. C. McCoy, Halifax; E. A. Mowat, Campbellton, and R. C. Sidenius, Charlottetown.

The contract for dredging in the deep water berths at West St. John, approximately 22,100 cubic yards, scow measurement, of sand, silt, gravel and clay, has been awarded at thirty-two cents a cubic foot to J. A. Gregory, of West St. John, the lowest tender.

The total amount of \$1,250,000 was made available at the last session for St. John harbor. Most of that appropriation, so far, is being spent on the Court-enay Bay scheme in connection with contracts already awarded.

THE FIFTH CITY.

Montreal, Sept. 7.—The statistics compiled by the Lovell Company for the new issue of the city directory give the city of Montreal a population of 501,216, making it the fifth largest city on the continent.

LOCAL NEWS

Adjutant Gilbert and Mrs. Best left last evening for Hamilton, Ont., where the adjutant will take up his new duties as chancellor of the divisional headquarters. He has been acting chancellor of this division for the last five years and has made many friends in the city. Farewell services were held for him on Sunday and speeches of appreciation made. Adjutant Owen of Toronto has been appointed to succeed Adjutant Best and he and Mrs. Owen will arrive in a few days.

Rev. F. S. Porter, field secretary of the Canadian Bible Society in the Maritime Provinces, and Rev. Canon G. A. Kuhring of the Anglican congregations, have returned from Newfoundland where they have been on a five weeks tour in the interests of their respective churches. Much country was traveled and some valuable work done although the means of transit in many cases were primitive.

The common clerk has received a communication from the Medfield State Hospital at Harding, Mass., that two patients, Mrs. Ida Poll, daughter of Robert Scott and Mary Carr Scott, who she says, were residents of New Brunswick, and Mrs. Mary Gillis West, daughter of Mr. and Mrs. Alexander Gillis, of Crowdis Mountain, N. S., are sick and hope for their recovery is remote. The communication was for the purpose of getting in touch with some friends and relatives.

J. B. Jones, Jr., was the first citizen of this city to go up in the airplane with Captain Stevens. The flight was made yesterday from the Quinton field, Manawagonish road, the airplane circling over the city at a height of one thousand feet.

FIGHT FOR CHEAPER BREAD.

Tunis, Sept. 8.—Owing to the rise in the price of bread to 25 cents the shops in the Arab quarter owned by native inhabitants and Jews have been closed by way of protest. Thousands marched through the streets forcing the proprietors to close their shops.

BREACH OF NEUTRALITY.

Paris, Sept. 7.—The Polish note to the League of Nations asking it to mediate in the Polish-Lithuanian controversy says that while the Polish armies were retreating before the Russian Soviet forces the Lithuanian government concluded an agreement with the Soviet government at Moscow authorizing the Soviet army to make use of Lithuanian territory for its passage and the establishment of a military base. This, the note pointed out, was a breach of neutrality.

STANDARD TIME.

Montreal, Sept. 7.—Announcement was made today in the office of the City Clerk that all the clocks in Montreal will be put back an hour to standard time on Sunday morning, October 24th, at 2 A. M.

HERE'S A RARE FISH YARN THAT SOUNDS VERY FISHY

Winsted, Conn., Sept. 8.—How a sucker twenty inches long lost a battle with a pickerel because its mouth was so small it could not bite its antagonist was told here with a bag of 180 perch and a four pound sucker, but no pickerel. The men said they noticed a commotion in the growth of weeds and found the hand-capped sucker so exhausted they had little difficulty in lifting it into the boat. The combat lasted five minutes. The pickerel got away.

CAT WALKS 67 MILES.

Bloomfield, N. J., Sept. 8.—After wandering twelve months and covering sixty-seven miles, Red, a cat, is back at his home in Blaney's feed store. He was born in the store and when the owner bought a farm in Rosemount he took the cat with him. In August, 1919, Blaney sold the farm and left the cat. The animal walked back to the store.

CONGRESS INCLUDES ALL BASIC TRADES

From the basic industries of the Empire such as Iron and Steel, Railways, Sugar and Grain, Pulp and Spinning, Weaving and Manufacturing no branch of activity which has made the Empire great is overlooked in the representation of business leaders at the Ninth Congress of Chambers of Commerce of the Empire to be held in Toronto on September 16th.

Among the captains of industry who have announced their intention of taking part in the debates are men whose names are known wherever men of commerce meet together. Outside of Canada and Great Britain, but very widely represented, all other British Dominions and even foreign countries, in which there is a British Chamber of Commerce, delegates are coming.

A partial list of the industries represented is as follows:

Engineering, Railways, Shipping, Iron and Steel, Spinning and Weaving, Leath-

many of them are adding this department, with profit to themselves, even during the present era of high prices, which has made the selling of such merchandise more difficult than usual. The experience of the Elrod dry goods store at Norton, Kan., and the methods it uses in handling ready-to-wear are typical. Norton is a town of 2000 inhabitants. The Elrod store has been doing a growing business in ready-to-wear for three or four years and is thoroughly sold on the proposition. The management declares that the success of this department depends very largely upon how it is handled in the store and through advertising. The methods employed in buying and selling also have a great deal to do with whether the department will yield a profit or not. Frank B. Palmer is in charge of this department in the Elrod store. He says that he usually opens the season with about forty suits, 125 coats, assorted sizes, fifty cotton and silk waists each and about forty skirts. The store does not carry different sizes in the same garment except in a few staple numbers. The total invoice value of the stock at high time is approximately \$8000. The store does considerable advertising.

The Greatest Investment Bargain in Canada

The new prices for Victory Bonds make them the greatest investment bargain in the history of Canada. Canada's great prosperity has taxed the financial resources of our manufacturing and mercantile establishments, and the banks are engaged in financing what is probably the greatest crop in Canada's history. To procure funds for necessary industrial expansion some lots of Victory Bonds have been liquidated. To such sources the present supply is largely due. In conformity with these conditions and with the temporary rates for money the world over, the present price adjustments have been made.

5% BONDS—FREE FROM DOMINION INCOME TAXES	Price	Yield
1922 (1 DEC.)	98 and interest	6.37%
1923 (1 DEC.)	98 and interest	6.18%
1927 (1 DEC.)	97 and interest	6.90%
1933 (1 NOV.)	96 and interest	5.83%
1937 (1 DEC.)	98 and interest	5.68%

INCOME SUBJECT TO THE USUAL INCOME TAXES.

1924 (1 NOV.)	97 and interest	6.27%
1934 (1 NOV.)	93 and interest	6.24%

If you are a holder of Victory Bonds there is no question as to security any more than there would be any question as to the goodness of sugar or other staple commodity, if there were a lowering of price. A wise man would take advantage of the lower prices and buy all he could. If you own any Victory Bonds hold them.

The present prosperity of the country as indicated by the splendid crops, increasing foreign trade, increased bank clearings, the unprecedentedly high deposits, and numerous other factors, prove conclusively that Canadians are well able to keep up the record of 1918-1919 when they purchased \$1,200,000,000 of Victory Bonds.

The current supply is by no means unlimited. As compared with the total purchased by the public in the last two years it is infinitesimal. Immediate advantage should be taken of the present prices. If you have funds available buy to the limit. VICTORY BONDS ARE CANADA'S ONE BEST SECURITY.

We are excellently equipped to serve you and your orders will receive our best attention.

Conjecture as to Cause of Duke of Abruzzi's Visit to Africa — Was in Italian Navy During War.

Did a broken romance or patriotism send the Duke of Abruzzi to Africa? Well, what do you think yourself? Sentimental American writers incline to the view that the Duke's heart was broken when Miss Katherine Elkins became the bride of Billy Hitt. On the other hand, it is pointed out that the marriage occurred several years ago, and that if the world then turned black for the Duke he would not wait all this time to show any symptoms of it. The fact is that the Duke of Abruzzi has taken up his abode in Italian Somaliland, and it was announced a few days ago that he might devote the remainder of his life to the agricultural development of that colony. Somaliland is not the place a man might reasonably choose as a place of residence. So far as the Duke is concerned, the opportunity for shooting lions might appeal to him, for he has always been a lover of adventure, though this is the first time he has ever appeared in the role of scientific agriculturist. An the other hand, his patriotism is of the highest type, and he would be willing to sacrifice his career if by so doing he could benefit Italy.

The Duke in the War.
During the war the Duke of Abruzzi

was Admiral Commander in Chief of the Italian navy. In this capacity he developed a plan for an attack by land and sea on that part of the Dalmatian coast which lies north of Cattaro, as a means of cutting off the Austrians from their base. This plan called for the employment of an army of some hundred thousand men, and on this account General Cadorna refused to sanction it. The Duke, who believed that the idea was a brilliant one, and would tend to greatly shorten the war, was sorely wounded when it was turned down and is said to have offered his resignation to the King, who refused to accept it. Later on certain Austrian naval units eluded the vigilance of the Italian navy and the Duke was blamed. Again he asked to be relieved of his duties and shortly afterward the King accepted his resignation. From that time he sank into the background and was little heard of until the announcement of his departure for Italian Somaliland.

daughter of Senator Elkins, of Baltimore, and one of the wealthiest men in the United States, and the history of the affair is reviewed by Arnold Prince in the New York Tribune. The Duke met Miss Elkins in the Spring of 1908 when they were staying at the same hotel in Florida, the former incognito. When the Elkins family went home the Duke accompanied them, and when he left shortly afterwards for Italy it was openly stated that he had gone to receive the permission of the King of Italy to marry the beautiful American heiress. From then until Miss Elkins' marriage to Mr. Hitt five years later, rumor was busy with the names of the Italian prince and the American girl. It was semi-officially announced a score of times that they were about to be married and it was as often denied. Senator Elkins would say that "there was not a word of truth in it" and the next week would come a story from Rome saying that all arrangements had been completed, that Miss Elkins was about to become a Roman Catholic and that the marriage would take place in a specified month.

The Family Objected.
There is little doubt that the Duke was deeply attached to Miss Elkins, but of course it would be impertinent to hazard an opinion as to her feelings. The years that elapsed between the first meeting and the marriage of Miss Elkins were spent by the Duke in a vain effort to induce his royal relatives to consent to the marriage. The Duke made two or three visits to the United States, and saw Miss Elkins in Europe. One after one he appeared to be winning over his kindred, with the exception of the Dowager Queen Margherita of Italy, who firmly refused to countenance the union. Senator Elkins is said also to have stubbornly held out against the match, unless his daughter should be accorded all the rights of a royal consort. The idea of a morganatic union, of course, he would not entertain for a moment. Why the young man who was extremely wealthy and not in the immediate line of succession to the Italian throne did not defy his female relatives and marry Miss Elkins is not quite clear,

HOPES DASHED AGAIN

New York, Sept. 8.—It takes more than a wink and a lot of tongue rolling on the part of the seller to insure the customer that he is buying forbidden "hoosh" these days. Certain delicatessen dealers have been retailing a compound of fruit juices with cayenne pepper at high prices with the whispered hint that "here's the real stuff, but don't tell." Analysis has shown that it is zero-proof and as kickless as a glass of skimmed milk.

ATHLETIC.
Canadian Athletes Home.
Montreal, Sept. 8.—The majority of the athletes who represented Canada in the Olympic games arrived here last night, but without warning so that their only welcome was from officers and directors of the Montreal Amateur A. A. They expressed high praise of the treatment received from those in charge of the Olympiad.
Asked about charges of professionalism, Instructor Armstrong said that the charge had been laid against Moe Hershovitch by Spike Webb, instructor of the United States team, at Major Graves of the American army of occupation, one of the officials of the boxing tournament. Webb contends that Hershovitch had boxed with and against professionals in the army tournaments during the war, and had no right to compete at the Olympiad. Major Graves asked Webb to furnish proof, and as he was unable to do so, the charges were dropped.

THE RING
South American Champion
Buenos Aires, Sept. 8.—Luis A. Firpo, South American heavyweight boxing champion, is soon to visit the United States, where he will seek the advantage to be derived from good and expert management. Firpo weighs 213 pounds. His title was gained by defeating boxers in Chile and other South American countries. In a match in Buenos Aires, in June he knocked out Antonio Jirsa.

Deauville, France, Sept. 8.—Bomber Wells, English heavyweight fighter, last night defeated Paul Journe, a French heavyweight, in the sixteenth round of a contest held here.
Journe, who once was sparring partner for Georges Carpentier, has been knocked out twice this year—in March in London by Wells in the thirteenth round, and in May in the same city by Frank Moran, Pittsburg, in two rounds.

out his consent for trade purposes constitutes a violation of the Civil Rights law.
The case promises to be a novel one, because of the contention of the defendants that "Babe" Ruth, in consequence of becoming the world's greatest home-run hitter, is now a public character and films showing him in action are a matter of news as those showing the President of the United States or other public dignitaries and that for that reason he cannot appeal to the Civil Rights law.
The defendants named are the Educational Films, the B. F. Keith New Theatrical Enterprises, the B. S. Moss Theatrical Enterprises, the C. B. C. Sales Company, Jack Cohen and the F. F. Proctor Theatrical Enterprises. The complaint alleges that the film about to be shown consists of a series of pictures taken at ball games in which the plaintiff participated and pieced together to make a continuous film. "Babe" describes himself as "the greatest home-run batter known to the baseball profession" and contends that any profit accruing from the use of his pictures in films should come to him, and not to film producers who are seeking to profit by his prowess. He also contends that the pictures as shown do not constitute news.
Another film, in which Ruth was posing when he was bitten by a poisonous woodtick, causing him to be out of the game for a few days, has not been finished. A large sum has been guaranteed Ruth for appearing in this film.
After hearing argument by Judge Mahoney for Ruth and by ex-Judge Edward E. McCall for the defendants, Justice Guy modified the injunction to permit the exhibition of the pictures yesterday, and he is expected to decide the case today.

DRURY COVE SPORTS

Labor Day Events Closing the Season of 1920 Greatly Enjoyed.
The close of the season was marked at Drury Cove on Labor Day when the Drury Cove Athletic Association held an open field day with ideal weather. All events were enthusiastically contested. The day opened with a tennis tournament between the married and single men. The married men won, 40 points to 36. During the tournament children's races were run off with a large number participating for the prizes.
The afternoon was devoted to water sports of all kinds but some could not be run off on account of lack of time. No decision was given in the surf riding on account of the motorboats used not being speedy enough.
In the evening a tennis tournament of mixed doubles was played, and a ball driving contest was participated in by everyone in the vicinity. The winners were Miss J. Knight for the ladies, Mr. Clarke for the men.
At nine o'clock a masquerade ball was held at the home of W. R. Stewart, the masked company turning out in force. Some of the costumes were: Mrs. W. R. Evans, Nursing Sister; Miss J. Knight, Sporting Gentleman with Charlie Chaplin mustache; Mr. Drumme as a Society Lady; H. Brennan as Old Mother Hubbard; Mrs. T. H. Sandall as The Sailor in White; Mr. and Mrs. H. H. Colwell as Ye Olde Time Couple; L. H. Sandall as a Country Girl; G. Pedersen as The English Knight; Refreshments were served by the ladies of the club and the happy but tired gathering disbanded in the early hours of the morning.
Some of the sport results are as follows:

Men's Tennis Tournament:
Married vs Single
L. H. Sandall and F. Girvin vs B. Ryan and J. Arrowsmith—2-6, 6-2, 6-3.
T. E. Simpson and H. W. Wilson vs E. Alwood and W. Thomas—4-6, 8-6.
R. Simpson and K. R. Brown—3-6, 5-7.
W. R. Stewart and T. Duncan vs A. C. Clarke and E. Alwood—6-4, 6-4, 6-7.
W. Bell and A. Harding vs C. Ryan and J. McLaughlin—6-4, 6-4.
W. Drake and G. Dishart vs M. Thomas and J. Arrowsmith—6-6, 6-4.
Events even. Points, Married 80; Single, 76.

readiness for a contest for the world's title, if Dempsey is willing."
The champion was accompanied by eight trunks, which shelter a brand new wardrobe. It includes sixteen suits of the latest autumn tints, five dozen of the "last word" neckties, the latest Rue de La Paix striped silk shirts and a rainbow dressing gown from the same maker who supplies Gabriel d'Annunzio.

The approach to the railway station in Paris at which he took the boat train was packed with a cheering crowd. The special police detail had its hands full protecting the champion when he arrived in a closed limousine. He was accompanied to the railway station by his wife, who was in tears. It is their first parting.
Mrs. Carpentier shouted as the train rolled out: "Good luck, George. Give my love to America."
Carpentier is traveling on S. S. Lorraine.

INTO HOLLAND FOR A SQUARE MEAL

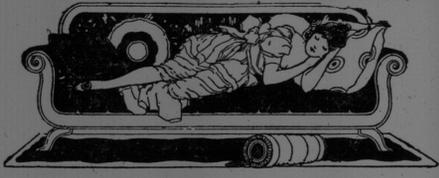

"Beautiful, Bountiful Holland," Exclaims German as He Waves Aloft Ham Sandwich.

(By Canadian Press.)
Oldenzaal, Netherlands, Aug. 12.—Students of the food situation in central Europe have a good opportunity to observe the effects of a long continued spare diet at this place, which is the first station on Holland soil after leaving German territory on the main route from Berlin to Amsterdam.
Here Germans have the first opportunity to recoup themselves for lost calories. Fifteen minutes ride to the east, the bill of fare is meager; here it is plentiful and sustaining and the big station restaurant is daily jammed with hungry clamorous crowds whose capacity for solid trencher work is amazing.
Mountains of white bread sandwiches melt away like snow and from a score of points arise for glasses of fresh milk—an unobtainable luxury in Germany. The meal here only serves as a preliminary snack for an even more plentiful feast aboard the train.
As The Associated Press correspondent was watching the operations, a German theatrical company with a contract to fill in Holland was making a vigorous frontal attack on the luncheon counter. The profession in Germany is in a bad way; salaries are low and living is correspondingly precarious. Competition for joining touring companies to Holland is keen.
Their delight in facing a square meal was pathetic. One, holding aloft a ham sandwich of generous proportions, declaimed: "Beautiful bountiful Holland! Behold the ham in thy sandwiches is draped in luxuriant festoons, far surpassing in beauty and fragrance the roses in the gardens of Semiramis!"
One woman sat with folded hands in rapt contemplation of a chunk of fresh butter the size of a brick. "This is truly paradise!" she gasped.

WOMAN STOWAWAY IS FOUND ON SHIP

Is Discovered in Black, After Ten-Day Voyage She Narrow Hole, Almost Exhausted.

(N. Y. Times.)
After living for ten days in a black hole four feet by six, which at times was flooded a foot deep with salt water, Jean Tucker, twenty-two years old, a young Englishwoman, was lifted out last Monday night by the officers of the American liner Philadelphia in a fainting condition and was detained as a stowaway. She was so weak she could scarcely stand alone and was covered with rust and grime from lying on the iron plates.
The young woman is said to have been smuggled on board the line in Southampton on Friday night, Aug. 20, by Edward Manning, a fireman, and a citizen of the United States. The fireman is alleged to have declared that unless the young woman came to New York and married him he would commit suicide.
When dragged from the hole the stowaway wore a blue dungaree overall suit. When she went to Ellis Island yesterday morning she wore some new clothing that Manning had purchased for her in New York after the ship docked on Monday.
Searches Fail to Reveal Stowaways.
Officers and engineers of the Philadelphia knew before leaving Southampton that the young woman had come aboard the night before in men's clothes, but could not discover her hiding place, although several searches were made. The officers explained the failures of their searches by the fact that they believed no human being could live in such a place as that in which the stowaway was found. It was right in the eyes of the ship between the plates of the bow and was so low that she could stand upright only at one side. The only air came through a locker where potatoes were stored for the voyage. The girl had been passed down through the manhole in Southampton and could not get out without aid.
Yet throughout the voyage the woman stowaway said that she experienced fear but once. That was when, on Aug. 22, the Philadelphia struck a whale. The huge mammal twitched its tail, which beat upon the bow plates of the ship. The first blow knocked her off her feet. Others made her think the liner had struck a reef and was foundering. She lost all hope for life, and the battering ceased—the ship steamed on.
At last the Philadelphia reached her destination. The ten-day nightmare was over. America was at hand.
Manning Arouses Suspicion.
Then the actions of the man for whom the woman was alleged to have made the desperate venture led to her detection. As the voyage neared its end Manning attracted the attention of the officers. He went about asking for women's wear among the storage passengers. There had been complaints from women that their baggage had been pilfered. A small handbag was found among Manning's effects in the fore'sle.

And the officers knew that a woman stowaway was aboard.
So when the ship was made fast at her pier at the foot of West Twenty-second street orders were given to the watchmen on the piers and the quarter-masters on the gangways to look out for a young woman going ashore during the night. And a watch was kept for Manning.
Shortly after nine o'clock two officers heard that Manning had returned to the ship after being ordered off early in the evening. They found him with the

bundle of woman's clothing he had purchased ashore and were questioning him when they heard screams from the bow of the ship.
Running into the potato locker with an electric torch, the officers said they saw James Fallon, another fireman, struggling with a young woman, half of whose body was out of the manhole. Just as they arrived, they said, the fireman hit her in the jaw to make her go back, but she could not move without help from outside.
The young woman was removed and

given medical attention. Manning and Fallon were locked up in the brig for the night and sent to the Tombs yesterday. They will be arraigned today in the United States Federal Court, it is understood, on a charge of violating the United States laws by attempting to smuggle an alien into the country.
Jean Tucker's home is in Portsmouth, England, about forty miles from Southampton. The young woman appeared to be fairly well educated, according to the officers of the Philadelphia, who questioned her. She said her cousin was a

surgeon at the Long Island City Hospital.
Four other stowaways were found on the liner and sent to Ellis Island. It is understood the young woman will be taken back to England on the ship next Saturday.
Berlin, Germany, Sept. 8.—During the strike of editors and sub-editors on country newspapers it was shown that temporary substitutes wasted more money in useless telephoning than the increases demanded by the strikers.

INSANE MAN DROWNED.
Henry Dumont of Eagle Lake, Aroostook county, an insane patient at the Bangor state hospital, escaped from the institution on Monday and rushed to the Penobscot River, closely pursued by an attendant, and plunged into the water before the asylum employe could reach him. The attendant jumped in after Dumont, and brought his body ashore, but life was extinct. Miss Mary Haynes, young daughter of Dr. J. Chester Haynes, while bathing in the river nearby was drowned about the same time. She was carried by the current beyond her depth.
