ST. GEORGE MAN AND A WORKMAN AT SYDNEY MINES WERE KILLED YESTERDAY

ST. GEORGE, N. B., Sept. 11.—While running a bolt on the emery wheel in the wood mill of the pulp concern Russell Waycott was fatally injured this morning. In some manner the bolt caught and threw him with terrific force, striking Waycott on the head. He was rendered unconscious but lingered until seven p. m. when death relieved him. Mr. Waycott was 26 years of age and a member of the Canadian Order of Foresters and a young man of sterling worth. His death is a terrible blow to his widowed mother, a loss to his employers and a distinct loss to the community. One brother William A. is a trusted employe of the mill. He has several brothers and one sister in the United States.

WEDDINGS

McDONALD-STEVENS.
 A pretty wedding took place last evening at the residence of Geo. E. Stevens, Metcalf street, North End, when his daughter, Rosa Hayward, was united in marriage with E. Frank McDonald of the St. John railway office staff.

The bride was charmingly gowned in pearl grey silk, with grey velvet trimmings. She was given away by her father.

The many pretty and valuable gifts were a tangible testimony to the popularity of the young couple. Many articles of silver and cut-glass were received, several handsome sets of linens and a pair of pretty Japanese rugs.

McCOLGAN-PATCHELL.
 A popular young couple of the North End made an auspicious beginning in married life last evening, when Miss Jessie Sheffer Patchell and T. Arthur McColgan of Fairville were united in marriage by Rev. Jas. Crisp.

The bride was given away by her brother, Jas. Patchell. The good wishes of the young couple's many friends found expression in the form of many pretty and useful gifts. Mr. and Mrs. McColgan will make their home in Fairville.

McLELLAN-THOMSON.
 MONCTON, N. B., Sept. 11.—A very pretty wedding was solemnized in St. John's Presbyterian church this evening at eight o'clock, the principals being A. M. McLellan, chief clerk in the office of W. B. MacKenzie, I. C. R. engineer of construction, and Miss M. Beatrice Thomson, daughter of the late C. D. Thomson. The church was profusely decorated with ferns, golden rods, maple leaves and potted plants and the ceremony was performed by Rev. D. MacDermid in the presence of a large number of friends. The bride was unattended and was becomingly attired in white point d'esprit over white tulle, with a long and pointed lace. Her going-away gown was of brown silk and hat to match. She was presented by A. E. Holstead, her brother-in-law.

The choir of St. John's church rendered music and Mendelssohn's wedding march was played by Organist McKee. On a few immediate friends assembled at the bride's home for the ceremony and partook of lunch. The bride is a beautiful set of white furs. The young couple left tonight on a trip to Montreal, Toronto, Niagara Falls and other places followed by the best wishes of a host of friends.

A gasoline launch with a crew of two arrived in port yesterday. The launch was from Boston, having come along the coast from that port. She was touching at most of the principal points. The boat was a rather small craft, making a trip. She was in Walker's slip during the evening, and shortly before ten o'clock proceeded down the harbor.

Gen. Wolcott of Metcalf street was informed by telephone yesterday morning that his younger brother, Russell, had been severely injured while working in a pulp mill at St. George. The young man was unconscious at the time the message was sent, and it is feared that his injuries are very serious. Mr. Wolcott left immediately for the scene of the accident.

Arthur Martin of High street, North End, had a very narrow escape from serious injury yesterday afternoon while working on the Thomson liner at the I. C. R. pier. He was struck by a slip of steel and rendered unconscious. Dr. Pratt was summoned and dressed his injuries, which consisted of a nasty cut on the cheek and some painful bruises.

Situated at Brookville on the farm of Miss C. McMan, for miles from the city, is a deposit of marble and onyx in which several local mineralogists have been deeply interested for some time past. Minute expert examination has shown that the find is a treasure of great value and of most excellent quality and can be mined at a comparatively small expense.

Leonard Moore and Robt. Smith, the two men arrested at the Millard robbery case were brought before Justice Mason, of Fairville yesterday and remanded to jail. Smith was later liberated on bail. T. H. Wilson gave bonds for \$250 and Wm. Fox for the same amount on Smith's behalf and the prisoner's recognizance was taken for the balance. Moore was brought to the county jail by Officer Lawson. The preliminary examination is set down for Wednesday of next week.

Hon. Dr. Pugsley, Minister of Public Works, will be present at the deferred meeting which will be held this evening for the purpose of completing the organization of the party. The places of meeting will be as follows: Kings, Queens, Dukes and Sydney in Berryman's Hall, Prince and Wellington in Sutherland's Hall, Victoria in McLean & Holt's, Dufferin in Seges's building, 125 Mill street; Lorne, Lansdowne and Stanley in Temple of Honor Hall, Guys and Brooks in Ogdell's Hall, Carleton.

Yesterday afternoon Dr. Pugsley was in consultation with a committee from the Common Council with reference to the West Side dredging. The Minister believes that Mr. Mayes' offer to clear out the old Sand Point berth for the sum of \$35,000 is excessive. From the data supplied by his engineers he thinks the work ought to be done for about \$25,000. At his request the city engineer is having independent soundings made, and as soon as these are completed and a final calculation made of the cost of dredging, arrangements will be made to have one of the dredges begin the work at once.

The first carnival of the season was held last evening at the Millard rink. There was a good sized crowd of spectators and skaters. Although there were not many very striking costumes the carnival was up to the average. There were no competitors for the combination prize. The prizes awarded were as follows: Gentlemen, to Ronald McAvity, who was costumed as a Mexican gentleman; lady's to Mrs. Wm. Carnall, who represented A. Ray of Sunshine. During the evening the band played a choice programme of new music. Another carnival will be held in the near future.

THOMAS J. WALLACE.
 HALIFAX, N. S., Sept. 10.—Thomas J. Wallace, one of the oldest barristers of Nova Scotia, died this evening.

An interesting episode in his early professional life was his disbarment by the late Sir William Young, then chief justice. Wallace had done something to which Young strenuously objected, and the chief justice demanded an apology. This Wallace defiantly refused to give, and his government was taken away. It was before the creation of the Supreme Court of Canada, and Wallace appealed directly to the privy council, which reversed the Nova Scotia decision and ordered Wallace's reinstatement. The first intimation the court here had of the result of the appeal was when Wallace appeared in court to make a motion. He was a native of Chatham, N. B. His widow and several children survive.

MR. STEAD GIVES HIS VIEWS ON TEMPERANCE LEGISLATION

You ask me to point out the benefits of temperance legislation, and the inherent evils of the public house, writes W. T. Stead. Alas! I am much more tempted to point out the inherent evils of temperance legislation and the benefits of the public house. More than twenty years ago I horrified Mr. Spurgeon and many other excellent people by declaring publicly that the ideal church should include athletes among its church members and run a theatre and a public house. I am still of the same opinion. I have no quarrel with people who wish to see mankind so virtuous and happy, so comfortable and so successful in their business, that with such internal resources, as to feel no need for either the theatre or the public house. But I am a practical man who tries to make the best of the worst of things, and who has learned in the school of life that every mad thing that exists is standing in the place of something worse, and that the only way to make progress is not to smash the bad thing until you have got something better to put in its place. Otherwise the result of your smashing operation will be to make things worse instead of better. We have to deal with men and women as they are, to recognize their wants and their necessities, and if we have to do them any wrong we ought to try and put ourselves in their place and see how we would like it if any of our pet nostrums were being employed for our reformation.

THE BARMID PROBLEM.
Take, for instance, one favorite "reform" much advocated by many of my friends, the abolition of the barmid. I can never bring myself to imagine without a shudder the public houses of England without barmids. We men are the humanizer of mankind. To brutalize men there is no speedier or more effective plan than to banish them from the society of women. Granting the worst that can be said against public houses, they would still worse if women were banished from the bar.

Those of my readers who have spent any time in American saloons will see me when I say that the presence of women behind the bars makes the public house less of a mere boozing den and more of a home. Once again I understand the aim and object of those people who, having declared war on the death of the public house, have adopted the cry against the barmid in order that the public house, being made worse by their banishment, may be brought appreciably nearer their final doom. But if the public house will be all the worse discharged if he is banished from the sympathetic brotherhood of good men and women, I am not suggesting that the Wesleyan minister should haunt the taproom, or that the Baptist preacher should be a habitué of the bar-parlor. Neither do I suggest that the person and the evangelist should descend upon Boniface with bell-rings and tracts and sermonize on the part of the spiritual amongst us that the traffic in spirituous liquors is much more likely to be carried on to the detriment of the health and morals of the community if no discrimination is made between those who endeavor to keep a decent bar and those who care for none of these things which make for sobriety.

TAX COLLECTIONS IN LOUISIANA STOLEN

NEW ORLEANS, La., Sept. 11.—A defalcation in State tax collections which the police tonight announced amounted to at least \$107,000 and might reach \$200,000, was discovered today in the books of Charles E. Letten, chief clerk to the collector of the first district in New Orleans. Mr. Fitzpatrick, who was formerly mayor of New Orleans, has announced that he will make good the shortage. Letten who is 55 years old, for nineteen years has been one of the most trusted men in the department. Up to tonight the police have not been able to get a trace of what was done with the missing money. Mr. Fitzpatrick after examining the books, said the shortage appeared to have begun four years ago and to have been hidden by using defunct taxes and the current year taxes to cover up the deficit in the previous year. The police have not yet secured any clues to the missing man's whereabouts.

against what it calls the evil and danger of the intolerance with which large sections of the British population overseas regard Asiatic immigration that is to say, against the demand of an all white policy which is arising so prominently in Australia, New Zealand, Natal, the Transvaal, and now in Western Canada. It compares it with the Chinese policy for the exclusion of the "foreign devils" against which Great Britain has always fought so strenuously. Finally the Times reminds the British Colonians that it is the British fleet and British taxpayers alone who will have to bear the brunt of any quarrel which the folly or stupidity of any colonial democracy might provoke. Moreover it is upon this country not British Columbia that falls the onerous task of keeping peace with India in circumstances which the attitude towards the King's Indian subjects in British Columbia are calculated to inflame.

The Times apparently has small English support in this highly-toilet tone. It is realized that this Japanese problem is not unlikely to set in motion thoughts on quite new lines respecting empire defence but it is also realized that the race invasion is imperiling the daily livelihood of white men and cannot be disposed of thus glibly.

It is widely felt also to be a serious matter for British interest in Canada if the Canadian popular demand for a white population were given a most sympathetic exposition and support in the United States. The problem as most thinking Englishmen see it is to reconcile the imperial foreign policy and the Japanese alliance which what is realized as certain to become Canada's general determination not to tolerate lower Canadian standards of living or new lines to deteriorate to the Oriental level.

ENGLISH PRONUNCIATION.

To the Star:

Referring to the instance mentioned in The Star a few days ago as to the pronunciation of English names differing from the way in which they are spelled, recalls another instance. A traveller in England asked to be directed to Ovestrey but the person asked looked puzzled and professed not to know the name. He then said: "Perhaps you mean 'Whistler'. Oh, there you are, keep on and turn to the right. Again you venture to pronounce the words Worcester and Gloucester as they are spelled? It has become custom but it does not seem common sense.

And once more. Some of these Englishmen who affect such superiority of education to the despised "Colonial" how or affect not to know how to pronounce the King's English calling for instance the word trade, "wade" with a sort of appreciative sneer at those engaged in trade not being able to discern that the trade and commerce of Great Britain are the backbone of its greatness and prosperity and that some of those affected would be swells in the arms who are after all only the poles of the nation, are dependent on this very trade for their coveted "penny" and look eagerly forward to an increase of a shilling a day. Out upon such affectation and nonsense!

Yours truly,
"ORTHOGRAPHY."

CANADIAN NEWS.

WHITBY, Sept. 11.—V. J. Davey, governor of the jail here for seven years, has tendered his resignation to take effect October first. This action is the outcome of recent troubles at the jail, followed by efforts of Conservatives here and throughout the county to bring about long desired changes at the jail and court house.

WINDSOR, Ont., Sept. 11.—The lives of twenty workmen were endangered by a cave-in at the Michigan Central tunnel this morning. Recent rains created an enormous pressure on the shaft at the river bank, and timber gave way while a score of employees were down sixty feet from the surface. Fortunately the cave-in was gradual and the weak timber gave sufficient warning for the men to escape. A portion of the channel bank sank and caused such a depression on Sandwich street that traffic is blocked. The cave-in will tie up work on the tunnel for 20 days, or possibly more.

WAGES, AND THE COST OF LIVING.

The Star yesterday printed the synopsis of a report prepared by the United States Bureau of Labor, showing the increase in the cost of living during the past seventeen years as compared with the advances in wages. Owing to the almost complete organization of labor in the United States, wage earners have been enabled to secure remuneration sufficient to meet the greater demands upon their funds, and there is little reason to believe that the report is faulty in showing that wages are now proportionately higher as regards living expenses than they were seventeen years ago. In Canada a slightly different condition exists inasmuch as commodity prices have been affected here to the same extent as in the United States while wages have not increased at an equal rate. Some little time ago the civil service association of Ottawa, the members of which are calling upon the government for increased remuneration, appointed a special committee to look into prevailing conditions. This committee has devoted its attention to changes during the last ten years and has just completed a report which will be presented to the Royal commission appointed last May by the federal government to look into the Civil Service complaints. The facts and figures found in this report were obtained from Ottawa merchants, and while they are first of all of local application they are, no doubt, equally true of all cities in Canada. The committee prepared a list of 354 commodities used by the average family, and on these obtained 683 price quotations. They found that in the past ten years advances had been made in 173 cities, that in 75 instances no increase had been made, while in only 10 cases had there been a reduction. There were increases in all the principal commodities such as are used by the ordinary family. The committee finds decreases in gas and electric lighting these being the most noticeable of all, but as the finding is in regard to Ottawa alone the condition cannot be equally true in connection with other cities, though probably it is comparatively so. On the other hand, kerosene has gone up very considerably and this applies to all parts of the Dominion. In rents there has been an increase of from fifteen to fifty per cent.; general municipal taxation is also higher, and as a result the rate of board and lodging has advanced. The most notable advances are in meats, fish, dairy products, groceries, and other provisions.

To meet this higher expenditure the committee finds increases in wages varying from 10 to 20 per cent. in small towns, and 20 to 45 per cent. in larger cities. The United States reports commodity increases in the past ten years as averaging 27 per cent., while Dun & Co. favor 34 per cent. It is seen by the detailed reports that in the majority of occupations wages have kept pace with the higher cost of living.

VANCOUVER OPINION.

In view of the many contradictory opinions expressed on the Asiatic question which is now a live issue in British Columbia and desiring to ascertain as nearly as possible the state of feeling, the Star yesterday wired a prominent educationist of Vancouver asking him for a concise summary of the situation and the opinion of the thinking classes as to the matter. A reply was received this morning which reads: "Many believe that the recent disturbances were engineered below the 49th parallel. Certainly the trouble was not the action of an irresponsible mob. The working classes strongly desire the restriction of Asiatic immigration, labor unions are even more energetic in their demands in this regard and are probably not averse to this method of getting their case into court. Following the two days of violence, the present attitude of the workmen is peaceful."

In Denmark a number of young women employed in telegraphy recently went out on strike demanding wages equal to the amounts paid to male employees. The request was granted on the condition that their work should be equal to male operators who in cases of emergency are called out on the line. The young women agreed, and several of them are now climbing poles repairing broken wires.

AUTUMN.

The autumn now in the morning creeps and holds her flaming torch on high. That paints the leaves with blue and gold. And crimson all the eastern sky.

The spreading dawn stirs drowsy life. But 'tis not like the summer moon. The bee flies home with heavy wing From rustling plumes of waving corn.

A sound now echoes from the hills, It is the voice of loving herds, And, carried by the sighing winds, It blends with chirp of gathering birds.

Their songs are hushed, the air is chill, The white frost drips from warming eaves, The brooklet's song is changed in tone, The trees now shed their fading leaves.

The swarming insects like a cloud Now dance and glisten in the sun, Their merry lives are but a span, For now their day is nearly done.

List to the silvery chimes that fall In rippling murmur where youth is seen, In fields in bloom with autumn flowers, And one is crowned and called their queen.

The fruit trees now give up their store, The purple grapes their juices yield, All nature sighs to rest awhile, In orchard, garden, grove and field.

"If I have ever nature-faked," said the Rev. William J. Long, the gifted nature writer in Stamford. "I have done so unconsciously. My knowledge, not my veracity, has been at fault. You know," resumed Mr. Long smiling, "any one many nature-fake through ignorance. Thus:—

"One day I was addressing some Stamford school chaps on the subject of bees, and turning to a bright-looking little chap, I said:—

"With what part of the body does the bee buzz, Jacob?" "Jacob answered confidently, but ignorantly, launching a tremendous nature-fake:—

"'Tis buzzum, sir," he said."

The coming sale of Orleans House is a reminder that many anecdotes of Louis Philippe, who gave the modern name to the mansion, still linger around Twickenham. When "Egalite" returned to England after the loss of kingdom, he went one day to Twickenham to see some of his old tradesmen, and was saluted by a stout person whose name he could not recollect. "What were you when I lived here?" asked the ex-King. "Please your Royal Highness," replied the man, "I kept the Crown," meaning the public house near the entrance of the Orleans House. "Did you?" rejoined Louis Philippe; "well my good fellow, you were lucky, you did what I was unable to do!"

Mrs. Mommer—According to this paper boiled cow's milk is not good for babies.

Mr. Mommer—I can see where the all, but as the finding is in regard to Ottawa alone the condition cannot be equally true in connection with other cities, though probably it is comparatively so. On the other hand, kerosene has gone up very considerably and this applies to all parts of the Dominion.

Customer—That ice cream freezer you sold me doesn't do the work you claim for it at all.

Salesman—Not perhaps you—didn't use the heat and cooling here. It's very important to have the ice very cold you know.

THE CAMDEN RAN AGROUND

New Turbine Steamer Stranded on a Sand Bar in Rockland Harbor.

ROCKLAND, Sept. 11.—The new turbine steamer Camden, bound from Boston to Bangor and calling here, was stranded for three hours Wednesday on a sand and gravel bar in the harbor.

She floated with the tide, undamaged. The bar is between McLoon wharf and the steamer's landing at Tillson wharf and about 300 yards from shore. The accident happened in a dense fog and was caused by two schooners which were nearly in her course. The Camden made the outside schooner on her starboard bow and sheered off. Before she stopped swinging she went into the bar. Shortly after 9 o'clock the tide had risen sufficiently to float her and after making the landing she proceeded up the river to Bangor. F. S. Sherman, superintendent of the Boston and Bangor division, who was on board, stated that there was hardly any fog. The vessel would have been left in an awkward position had the tide been ebbing and probably would have been damaged. There was no alarm among the passengers.

Every steamer owned by the Eastern Steamship Company which has piled on this division, has struck this bar and a strong move will be made to have the government dredge it.

DRUNKEN CRIMINAL HELD UP THE POLICE

LOWELL, Mass., Sept. 11.—Fifteen policemen after facing for half an hour a fusillade of revolver shots fired through a barricaded door behind which George H. Whitley had entrenched himself at his home on Ford street, finally overpowered the man and arrested him on the charge of shooting his wife and little daughter. Whitley, it is said had been drinking and shot his wife and little girl, but not seriously. Thinking however, that he had killed them, he locked himself up in his room and when a patrolman tried to force the door fired through the panes. Fifteen policemen were finally summoned and overpowered Whitley only after a furious bombardment which created great excitement. None of the policemen were hit.

THE SPRING SALMON OF THE PACIFIC COAST

Among the millions of salmon that leave the distant, and yet unknown, playground of the Pacific Ocean where they live unseen and unmolested for three to four years, until they attain maturity, the Spring Salmon is the largest, and most valuable fish. One other variety "runs" in the spring or early summer, the Sockeye. Accompanying these two commercially esteemed salmon is a large handsome sea trout, called the Steelhead, a fish that is also excellent eating; but unlike the salmon does not perish at spawning time, all first-class fish and

and as far as I can see without much chance of a fair return of interest on the huge investments. Further, the deepest-thinking men I have spoken to all agree that the number of salmon annually reaching these shores is slowly but surely decreasing, nor have we any proof that our well-run hatcheries are making up for the immense quantities caught. It therefore seems sensible to preserve this most valuable fish while yet it is time, make a close season of one entire year in four, in fact here six men interested in the salmon fishing that would be willing to have a close season every other year.

TRAGEDIES.

BLOOMFIELD, Conn., Sept. 11.—It is reported here that the engine and five cars of extra No. 42, eastbound and killed by lightning and his wife and her two brothers were rendered unconscious by the same bolt at their residence on the Hartford and Granby turnpike about two miles northeast of this place during a thunderstorm this evening.

POUGHKEEPSIE, N. Y., Sept. 11.—It is reported here that the engine and four cars of extra No. 42, eastbound freight train on Central New England Railway, have jumped the track and turned over at Lloyd, five miles west of this city. The engineer is believed to be killed. A head brakeman is also reported killed and Fireman Leader fatally scalded.

Mrs. Michael Hourka, of Patridge Island, while spitting wood at her home a few days ago, got a splinter in her right eye, the result being that yesterday Dr. A. P. Crockett and Dr. A. F. Emery removed the injured member.

CONTINENTAL SECURITIES
ALL SERIOUSLY AFFECTED

BERLIN, Sept. 10.—Side by side with the fall in English Consols there has also been a steady decline in German and Prussian Consols until, three weeks ago, they had fallen to 92.18, the lowest since 1890. The loss involved will be evident from the fact that in 1905 three averaged 90.08; in 1906, after the effects of the industrial collapse had been overcome 92.18; and in 1907 or ten years ago, 97.56. Three and a half per cent. stock is in a similar plight. Starting at over 105 in 1897, the three and a half per cent. averaged 102 in 1902, and today stand at 92.5. In other words, investments in these classes of securities have entailed nominal losses ranging from ten to fifteen per cent during the last ten years. Capital invested in three per cent. in 1898 has diminished by one-sixth. The three and a half per cent. stock of other German states besides Prussia shows a similar decline, and where three per cent. have been issued, they are quoted today at 79. It seems at first sight legitimate to ascribe this general decline to the issue of the four per cent. State securities, but when the recently issued German and Prussian four per cent. Treasury bonds have fallen for weeks to find purchasers at par and today fell below that level, it is evident that other causes for the deterioration must be sought.

The increasing issue of first class stock bearing a higher rate of interest than 3 or 3 1/2 per cent. constitutes, it is true, a material factor in the process of decline. Thus the recent issue of four and a half per cent. German Mortgage Bank stock at only 91 cent. has probably disturbed the market. An even more unfavorable effect from the point of view of the Consols market, has been produced by the prospective issue of a 4 1/4 per cent. municipal loan, which represents a unique increase of 1 1/4 over the highest interest hitherto borne by stock of this class. The necessity of departing from the 4 per cent. type of loan, moreover, sufficiently indicates the abnormal character of the financial situation. The extent to which German capital is being withdrawn from the home market may be gauged by the fact that since 1907 foreign stock to the nominal value of over \$3,000,000,000 has been admitted to quotation in this country. A large proportion of the capital thus attracted has been absorbed by America, Russia and Hungary. In view of the inducements offered by these investments, it is scarcely wonderful that even first class securities should go begging at 4 per cent.

Prussian Consols are regarded as an investment of highest security; in the absence of foreign or domestic alarms it is felt to be urgently necessary to discover some remedy for the "war prices" which prevailed today. The Secretary of State for the Imperial Treasury, Baron von Stengel, appears to think that no remedy is possible until a reaction in the present era of industrial prosperity has set in. But it would seem to be more desirable to induce German capital to abandon its foreign investments than to withdraw its support from German industry. Above all, it is suggested that the feverish activity of municipalities should

WASHINGTON UNABLE TO UNDERSTAND THE CAUSE OF SIR ROBT. BOND'S DENUNCIATION

WASHINGTON, D. C., Sept. 11.—Being under the impression that Sir Robert Bond had secured about everything of importance that he wished included in the modus vivendi relative to the Newfoundland fisheries, the state department officials here were considerably surprised to read the latter day's denunciation that the premier has heaped upon the imperial government for concluding the arrangement which was absolutely necessary to prevent serious friction between the attitude of the Newfoundlanders and the Californians in this matter, each according to the view of the Washington government, showing a lack of appreciation of the propriety of attacking treaty rights by local legislation.

The statement is made that with the single exception of asserting the right of American vessels to ship Newfoundlanders as fishermen, the American government has for the sake of peace, surrendered all of the extreme points claimed by it. And this right of shipping fishermen is to be exercised in a manner least likely to offend Newfoundland pride; for the men are to be taken aboard well off-shore and not within the territorial waters of the colony, although the Americans have always insisted that they had the right under treaty to take the men off the docks if they cared to ship there.

The further discussion of the subject is regarded by officials here as purely academic, as the modus is now a completed instrument. If the Newfoundland premier carry out his announced purpose of executing the colonial laws, even where they conflict with the American treaty rights, it will be the duty of the British government to deal with the case, and not the concern of the state department.

COURT WYGOODY

The anniversary of Companion Court Wygoody, No. 473, was held in the Foresters' Hall, Charlotte street, last evening. In the report for the year given by Mrs. Willis, C. R., she stated that the attendance was not large. Of that number only eight were new members. Since their last annual meeting they had been called upon to mourn the loss of their C. R. in the death of Dr. Oronhyatekha, who was revered and loved by all and was a warm advocate of the sister orders. The court was organized in August of 1901 by Mrs. Hetherington, assisted by Mrs. MacRae, Chapman and Todd.

Addresses were made by H. C. R. H. Woods, P. H. C. R. D. Lindsay, H. Sec. P. W. Emmeron, E. J. Todd and Brother Ingram. A number of musical selections interspersed made a very interesting programme. Refreshments were served, bringing a very pleasant evening to a close.

CHARGES NOT PRESSED

MONTREAL, Sept. 11.—Edward Quinn, the man who chained his wife to the bedpost, was in the recorder's court this morning and was discharged. The Society for the Protection of Women and Children was evidently satisfied that the man had acted with the best of intentions, and made no attempt to press the charge.

Mrs. Quinn is serving a month's sentence for drunkenness.

CELEBRATED GOLDEN WEDDING ANNIVERSARY

Friends Have Pleasant Time at Home of Mr. and Mrs. Merrill Robinson, Hopewell Hill.

HOPWELL HILL, Sept. 11.—A particularly happy gathering assembled last evening at the residence of Mr. and Mrs. Merrill Robinson of this village, the occasion being the celebration of Mr. and Mrs. Robinson's golden wedding anniversary, an event which has been looked forward to with some time with much interest, and which brought many congratulations and expressions of good will to the respected couple, in whose honor so many friends and relatives assembled last night. Some 70 guests were present, including, besides those of the village, Mr. and Mrs. Leah Tingley and Mrs. Wilnot, from Lynn, Mass.; Hon. A. R. McClellan and Mrs. McClellan and Mr. and Mrs. W. H. H. and Mrs. Walter Tingley of Riverside; Mr. and Mrs. H. A. Stiles of Albert, and Mr. and Mrs. J. W. Hopewell. A most enjoyable time was spent by all. After supper, which was served at 9 o'clock, Alexander Rogers, registrar of deeds, on behalf of these present, presented Mr. and Mrs. Robinson with a well filled purse, conveying also the kind wishes of all for the future happiness and prosperity of the elderly pair, Mr. and Mrs. Robinson expressing their best thanks and deep appreciation for the kind offering and good will so splendidly shown by their friends. Hon. Mr. McClellan, being called upon, made a very happy and exceedingly interesting speech, congratulatory in character, and giving also a brief historical sketch of the Robinson family, to which Mr. McClellan is connected on his mother's side. After Mr. McClellan's address, music was furnished, Mrs. G. M. Russell presiding at the organ. Mr. and Mrs. Robinson, who have the long record attained by so few of fifty years of married life, were married August 11th, 1857, the officiating clergyman being the Rev. Wm Sears, the well known Baptist preacher of that day. Mr. and Mrs. Robinson to have presented more than 1,200 of the regular clientele of the Princess Theatre of entertainment in Chicago, to satisfy the demand there for the new Mantell Shylock.

The arrangement of roles for Mr. Mantell's appearance in the Opera House is as follows:—

Monday night, Macbeth. Tuesday night, Shylock (first time). Wednesday night, Hamlet. Thursday night, Richard III. Friday night, Seats are ready for all the performances. The prices for the Mantell engagement will be from 25 cents to \$1.50. It will be necessary for Mr. Mantell to omit performances on Saturday by reason of the fact that he will begin his engagement in Brooklyn, N. Y., on a week, on Monday night, September 23, under the auspices of the People's Institute, which has guaranteed that more than 10,000 persons will see Mr. Mantell in the Shakespeare characters he will play there that week.

CANADIAN MEDICAL ASSOCIATION MEETS

Attendance Not Large Yesterday—President's Address Followed by a Reception Last Night

MONTREAL, Sept. 11.—The Canadian Medical Association opened its fortieth annual convention this morning in the Arts building, McGill University. The attendance was not large. The president, Dr. McPherson, of Toronto, occupied the chair at the general meeting, the routine business including the reading of the minutes, the secretary's report, the proposal of new members and notices of motion.

The general meeting was followed by demonstrations of radiographs by Dr. G. P. Giridwood in the physics building. At half past twelve o'clock a clinic followed by luncheon was held at the Royal Victoria Hospital. A half past two an address in surgery was given in Molson Hall by Dr. Ingersoll Olmstead, Hamilton, Ont. In the surgical section a discussion in surgery was held this afternoon, those taking part being Dr. G. E. Armstrong, Montreal; Dr. F. G. N. Starr, Toronto; Dr. James Bell and Mr. Cameron, Toronto, and in the medical section those giving papers were Dr. R. G. Rudolph, Dr. John Hunter, Dr. G. Ross, all of Toronto; Dr. A. Demartigny, Dr. C. P. Howard, Dr. W. S. Lyman and Dr. W. S. Morrow, of Montreal. Tonight at the McGill Union, the president's address was followed by a reception.

Special Attraction.

At the Victoria Roller Rink tonight, Ladies' night, there will be two door prizes given, one for ladies and one for gentlemen. There will be season tickets for the Victoria Roller Rink, good until the end of the season—three months. These tickets will include skates. Everybody will have a chance and the drawing will be held at 8.30.

Happy Half Hour.

The new programme at the Happy Half Hour commences today. There are three pictures and two illustrated songs. As is well known the mysteries of the sea are numerous, particularly that of the bottom of the ocean is the mysterious and wonderful things to be found there. The story is that of a young man who dreams that he has descended to the bottom of the ocean in a submarine boat, and after reaching there he proceeds to explore his surroundings and the many strange things he sees, including mermaids and many kinds of fishes, cause him many anxious moments. When his friends find him he is not under the sea, but is decidedly in the water. The picture will cause lots of laughter. Always behind the scenes of a young man who always managed to be late for every appointment he made, no matter how important. Just now when the attention of the world is centered on the Moors and the French, the picture, The Venueance of the Algerine, is of decided interest. The scenes are laid in Algeria, and the story is a strong and dramatic one, and is sure to please. LeBonhomme Rouge will sing charming love song, and Harry LeRoy will sing the great comedy success, You Come Over to Philly, Willy. The illustrations for this song will provoke much laughter.

Queen's Rollaway.

There will be a hand and one-mile race, open to all, at the Queen's Rollaway tonight. Alward, Nixon and Olive are already entered.

KNOX STIFF HATS

The "KNOX DERBY" for Fall is one of the most dressy shapes to be found. It has a medium high crown with quite a narrow rolled brim, and is taking the eye of good dressers the world over.

This hat is known for its durability and style and wearers of it are always satisfied. It is made from a fine quality of felt, is finished with excellent sweat leather and ribbon bands. The style is always exclusive and one becoming to most men.

AMUSEMENTS

Mr. Mantell's New Shylock.

Midway in his next week's engagement of five nights at the St. John Opera House, Mr. Robert Mantell will be seen for the first time in this city as Shylock—a role that was not in his repertoire when he was last in this city, a year ago, but which, since added thereto, has been, from all accounts, quite as successful an impersonation as either his majestic Lear or his wonderfully dramatic MacBeth.

Mr. Mantell first appeared in the character of Shylock, in Shakespeare's beautiful comedy of "The Merchant of Venice," on October 25, 1906. Little more than a month after his engagement in St. John, and he has since then played the role of Shakespeare's Jew more than a hundred times, for the reason that it was in uncommon demand everywhere that he played an engagement of more than a single week.

When he played the role in Toronto, Ontario, the week after the Buffalo engagement, he turned hands off, and was urged to repeat the comedy at the Saturday matinee, although "Michelle" had been announced there by requests that are said to have represented more than 1,200 of the regular clientele of the Princess Theatre of entertainment in Chicago, to satisfy the demand there for the new Mantell Shylock.

The arrangement of roles for Mr. Mantell's appearance in the Opera House is as follows:—

Monday night, Macbeth. Tuesday night, Shylock (first time). Wednesday night, Hamlet. Thursday night, Richard III. Friday night, Seats are ready for all the performances. The prices for the Mantell engagement will be from 25 cents to \$1.50. NATIONAL TRADES AND LABOR CONGRESS AT GLACE BAY, N.S.

GLACE BAY, Sept. 11.—The National Trades and Labor Congress of Canada, which has been in session here for two days, concluded this afternoon's proceedings after a day for the most part devoted to routine work.

The meetings thus far have been most enthusiastic and largely attended. Grand Secretary Moffatt of the P. W. A. was in attendance attending to the entertainment of visitors and their programme. It was decided to go into the mine at Dominion No. 2 by night.

The president's report which was read both in English and French, contained a resume of work accomplished by congress during the past year. He said in part, that chances for thorough organization throughout the Dominion were never better. He recommended that the matter of organization be carefully considered. He further recommended that parliament be petitioned to abolish Labor Day and continue Dominion Day and that it be known as Labor Day.

The congress declared itself again in favor of purely Canadian organizations offered and managed by men and women working to and with the motto, "Canada for the Canadians." He concluded in the following words: "I wish to thank you and your organizations for your presence here today and I sincerely trust that your deliberations will be of vast benefit to the cause we love so well, the cause with the motto, 'Canada for the Canadians.' I would indeed be ungrateful were I to forget the many favors extended to me by the membership of this national organization, and were I to fail to mention services rendered by my colleagues on the national executive board who have so cheerfully assisted me in my labors."

The president of the Trades and Labor Congress, Mr. Lee, made brief but earnest speech in reply, thanking the P. W. A. town council and citizens for the magnificent reception tendered the delegates of the congress. Then followed cheers for the P. W. A., Mayor Burchell and town council and the National Trades and Labor Congress of Canada, and the proceedings of the evening were brought to a close by the bands playing Auld Lang Syne and the national anthem.

The following telegrams were read:—

OTTAWA, Sept. 6.
Thomas C. Griffiths, secretary Trades and Labor Congress.
Mr. Druddon will be present at meeting of National Trades and Labor Congress to represent department of labor. Through unavoidable delay he may not reach Glace Bay till after opening of congress.
(Signed)
W. L. MACKENZIE KING.

QUEBEC, Sept. 11.
National Trades and Labor Congress, Glace Bay:
In the name of the city of Quebec I beg to tender to the congress a hearty greeting and cordial invitation to hold its next meeting in the mother city of Canada. (Signed)
J. GEO. GARNEAU,
Mayor of Quebec.

Mayor Burchell of Glace Bay, addressed the delegates welcoming them to Glace Bay. He spoke interestingly of general purposes of organized labor and of Cape Breton's contribution to the industrial activity of the Dominion.

Grand Master Workman of P. W. A., also read an address of welcome.

TALK IN FAVOR OF THE MATRON

The Fredericton Hospital Investigation Continued

Board of Trustees Try to Smooth Things Over, but Dr. Atherton Refuses to Give In.

FREDERICTON, N. B., Sept. 11.—The hospital investigation was continued this evening and lasted until midnight.

Dr. Atherton persisted in his charges that Miss McCallum showed favors to Dr. Vanwart.

Dr. Atherton revealed that this thing had been going on a good while, that he did not think the hospital management had treated him fairly and he did not feel that he could any longer remain a member of the medical staff.

Dr. Atherton strongly denied this and stated whatever difficulties the profession had it did not injure the working of the hospital.

Miss McCallum denied the accusation. "I am conscientious in my work, a friend of the poor, and have ever tried to advance the interests of the institution."

Dr. Atherton asked if the medical staff did not think that much of the trouble that existed was owing to jealousy in the medical profession.

Dr. Atherton strongly denied this and stated whatever difficulties the profession had it did not injure the working of the hospital.

WANT BETTER SYSTEM OF TEACHING FRENCH

French Citizens of Moncton Present Memorial to Board of School Trustees

MONCTON, Sept. 11.—The French citizens of Moncton have started an agitation for a more thorough system of teaching French to the French children in the public schools.

The school board appointed Chairman Freville, Dr. Bourque and H. H. Ayer to meet a deputation of the French citizens and discuss the question of improving the conditions in the local schools.

THE SITUATION AT SPRINGHILL

Conciliation Board Decides to Continue Its Work.

But Company Refuses to Take Any Part in the Proceedings—Many of the Men Have Left.

HALIFAX, N. S., Sept. 11.—A curious situation has developed at Spring Hill, where the coal miners are on strike.

The conciliation board appointed by the Lemieux act before the strike was declared, resumed its sittings yesterday.

The company declined to take part in the proceedings, claiming that the men were no longer employees and the board adjourned, pending the decision of the Minister of Labor.

INQUIRY INTO THE QUEBEC BRIDGE WRECK

Some Important Specifications and Plans Missing, but They May Be Found.

QUEBEC, Sept. 11.—The inquiry into the Quebec bridge disaster was resumed this morning.

Urie Barthe, the secretary of the Quebec Bridge Co., was present with an amount of papers which were put into evidence.

Mr. Barthe, the secretary of the Quebec Bridge Co., was present with an amount of papers which were put into evidence.

DOUBLE WEDDING AT TRURO LAST NIGHT

TRURO, N. S., Sept. 11.—A double wedding in which Truro people generally took a very great interest was celebrated in St. John's Episcopal church here this evening.

VONDA, Sask., Sept. 11.—F. Bodnar shot and killed a three-year-old boy last night.

Jim's Honeymoon.

By CARTER HAVEN.

Copyrighted, 1907, by Homer Sprague. "I never saw a circus," pouted Drucella.

"I ain't done ye no harm so far as I 'm see," commented her father critically. "I guess you're likely to get your full growth without seeing one."

"Just what I say," declared Jim amiably. "We could go to the circus as a sort of honeymoon."

"Why not?" he demanded. "I'll take an hour to drive to town. We can see the street parade, go get married and see the afternoon show."

LOCAL NEWS.

G. Harold Markham, of Sussex, was at the Dufferin yesterday.

Thorne Lodge, No. 239, meets at Tabernacle Hall. A good time is expected.

The Knights of Pythias, Boston club, will meet tonight to transact important business.

John J. Hudson has been reported by the police for allowing six cows to wander over market square in Carleton.

There are several cases of diphtheria and scarlet fever in the city at present. The outbreak is chiefly confined to residents of Acadia and Simonds streets. The disease is of a mild type and the doctors feel will be stamped out.

The Eastern Steamship Company's new turbine steamer, Harvard has proved herself even faster than her sister ship Yale, making twenty miles an hour on her trial trip. This was considered almost wonderful as the steamer had just come out of the builder's hands and made such remarkably fast time.

At an early hour this morning a warehouse in the rear of McLeod Bros.' grocery store at Amherst was burned. The loss is about \$1,000 and is partly covered by insurance. The prompt action of the firemen prevented what might have been a big fire.

There is to be a joint meeting of the executive of the County and City Sunday School Associations in Leinster street school room this evening at 8 o'clock to make arrangements for the County convention which is to be held at Queen Square Methodist church on Thursday afternoon and evening of next week. A splendid programme is being arranged.

In the probate court yesterday afternoon, the last will and testament of William P. Bourke was admitted to probate. Letters testamentary were granted to John Atkins and Albert Stirling, the executors named in the will. The estate consisted of \$2,600 personal property. E. T. C. Knowles, proctor.

Mayor Sears stated this morning that the report in an evening paper to the effect that he would not oppose Dr. Pugsley in the coming by-election was incorrect. The mayor says that he is now busily engaged in preparing for the campaign, and that he will be a candidate.

A movement is on foot to bring representatives together from all of the Maritime Provincial fire departments for the purpose of forming a firemen's association to meet once a year and to appoint a place for a yearly convention, tournament and muster. A number of the chief movers in the matter desire that such a meeting be held in this city and it is likely that it will be held in Halifax within a fortnight.

MAYOR SEARS WAS CHOSEN AS FIRST VICE-PRESIDENT

The mayor has been notified by the secretary of the Union of Canadian Municipalities of his election as first vice president for the year ending at the Union. The letter received by His Worship is as follows:

Montreal, Sept. 6, 1907.

I have the honor of transmitting to you official information of your election as first vice president N. B. of the Union of Canadian Municipalities, at the seventh annual convention held at Fort William on fifteenth August.

It is with sincere personal pleasure that I transmit this notice of appointment, and I am glad to add the statement that the Union is now in a most flourishing condition.

Faithfully yours,
W. D. LIGHTHALL,
Hon. Sec. Treas. U. C. M.

VICTORIA PLAYGROUND WILL CLOSE ON TUESDAY

At a meeting of the playground committee of the Women's Council held yesterday afternoon, it was decided to close Victoria playground on Tuesday next. A vote of thanks was tendered the Everyday Club for the use of these grounds. Miss Peters, convener of the committee, reported that a letter had been received from the Norfolk Exposition, acknowledging the receipt of specimens of playground work and photographs of groups of children sent by the St. John committee. Similar photos and specimens have also been sent to Earl Grey. During the discussion, complimentary remarks were passed concerning the management of the Victoria grounds, and the opinion expressed that a great deal of good had been accomplished during the past few weeks.

POLICE COURT.

In the police court two drunken were fined \$4 each.

Wm. Shennell and Frank Hamm were charged with fighting on Union street. It appeared that Shennell was the cause of the trouble and he was fined \$5, while Hamm was allowed to go.

Owen McGuire got intoxicated last night and made matters rather lively for Michael Myers on Military Road by threatening to shoot him. Owen was remanded to jail.

Wm. Canton and Robert Boutiller, arrested on suspicion of stealing a quantity of brass, were remanded to jail.
