FAIR AND COLD

THREE CENTS

FEDERAL AND STATE TROOPS PATROLLING THE STREETS OF LEXINGTON, KENTUCKY

Rioting Broke Out Early Yesterday Morning When Mob Stormed Court House, Bent on Lynching a Negro.

WHO MURDERED YOUNG WHITE GIRL

Negro's Arrest, Indictment, Trial and Sentence Sets a New Record for Rapidity of Justice in Kentucky.

Lexington, Ky., Feb. 9.—Marital law prevails here tonight. Six hundred federal and state troops are patrolling the streets to prevent further rioting which during the day exacted a toll of four dead and fifteen wounded. The city was quiet early tonight, but authorities fear a recurrence of violence. Five hundred additional United States troops are enroute from Camp Taylor. Lexington and all of Fayette County were placed under martial law at three o'clock by Brigadier General F. C. Marshall, upon his arrival from Camp Taylor with 300 troops of the First Division which fought at Chateau Thierry.

Rioting Monday

Rioting began this morning when a mob, bent upon lynching William Lockett, a negro, who confessed to the murder last week of ten year old Geneva Hardman, was fired upon with rifles and machine guns by State Militia as the mob was storming the Fayette County Court House to get the negro during his trial. The attempt to lynch Lockett was made just after he had confessed to the murder, and as the jury found him guilty of murder in the first degree. He was sentenced to die in the electric chair March 11.

Mob Dispersed

The shooting temporarily dispersed the mob and gave the authorities time in which to rush Lockett to a secret place of safety. The mob reformed, however, and looted pawn shops and hardware stores to get fire arms. Fearing an attack upon the handful of national guardsmen on duty, the authorities appealed to Governor Morrow for assistance. As a result 300 troops, arrived at three o'clock on an special train from Camp Taylor. The federal troops immediately began the work of patrolling the streets to keep the crowds from congregating.

Lockett's arrest, indictment, trial and sentence sets a new record for rapidity in Kentucky. He was arrested last Tuesday night, indicted Friday and was tried, found guilty and sentenced in a few minutes today. Under his sentence he will die in the electric chair March 11.

Under Guard

Lexington, Ky., Feb. 9.—It became known tonight that Lockett was never taken out of the court house and that he is still confined there under a heavy guard. During the excitement the impression prevailed that he had been taken out of the city. He will be moved to the State Penitentiary at Eddyville as quickly as possible.

Knots of men gathered on the streets tonight and discussed the day's events. Their temper apparently had cooled and there was no indication that they would resort again to lawlessness.

BALFOUR WILL REPRESENT THE BRITISH GOVT

London, Feb. 9.—At the request of Mr. Lloyd George, Arthur J. Balfour, Lord President of the Council and formerly Secretary for Foreign Affairs, has consented to act provisionally as British representative on the executive council of the League of Nations.

Astor Denies Being Offered The Food Controllorship

London, Feb. 9.—Viscount Astor is quoted by the Evening Standard today as denying that he had been offered the Food Controllorship. One of the morning newspapers printed a report that the Viscount had the invitation to succeed George H. Roberts, as food controller.

Eighty-One Vessels of 394,163 Tons Built In Canadian Yards

Montreal, Que., Feb. 9.—(By Canadian Press.)—The Montreal Gazette will tomorrow publish the following: "With the delivery of the steamships War Vixen and the War Magic at the port of Halifax, N. S., in January, there was completed the Imperial Government's shipbuilding programme in the Dominion of Canada, under which there were turned out forty-six

Force of Koreans Pounce Upon Japanese Garrison, Killing Many

Washington, D. C., Feb. 9.—Official despatches received here today said a force of 2,000 Koreans, armed principally with equipment furnished by the Bolsheviks, crossed into Northern Korea from Kirin, Manchuria, and attacked a Japanese post of seven hundred men at night, killed three hundred of them and routed the remainder.

According to those despatches the attack was the initiation of an active rebellion in Korea. It was described as "the beginning of a tremendous affair."

300,000 Maintenance of Way Employees Ordered On Strike Feb. 17th

General Committee of Brotherhood in United States Unable to Secure from Director General Hines Acquiescence to Demands of Men for a Forty Per Cent. Wage Increase.

Detroit, Mich., Feb. 9.—A strike of 300,000 members of the Brotherhoods of Maintenance of Way Employees and Railway Shop Laborers was called for Tuesday, February 17, at a meeting of the general chairman of the Brotherhoods here today.

Decision to order a cessation of work was announced by Grand President Allan E. Barker, following advice from Washington that the negotiations with the railroad administration for wage increases offered no hope of a favorable settlement.

"I am loath to call a strike," Mr. Barker said, "but there is nothing else we can do. Our hands have been forced. I am tired of the treatment we have received from Government officials."

The text of the order calling the strike reads: "A strike of our entire membership on roads under Federal control, and those not under Federal control, authorized to take place at 7 a. m. Tuesday, February 17, and will apply to storehouse employees, stationary firemen, stationary engineers, steel bridge workers, cinder pit men and others, as well as all other members of our Brotherhood. The strike is for the general increase requested last summer and, in addition, a uniform rate from coast to coast."

The general chairman of the Brotherhood, who have been in session here for several days, were empowered to order a strike by a vote of the union membership last summer. At the convention of the Brotherhood last September a strike was postponed in order that President Wilson might have opportunity to attempt to bring about a reduction in living costs. According to union officials his efforts have been fruitless.

AXES, KNIVES AND GUNS USED IN MOUNTAIN FEUD

Seven Participants, All Relatives, Cut and Slash, Causing Death and Serious Injuries.

Morganton, N. C., Feb. 9.—In a mountain feudist battle, in which seven participants, all relatives, used axes, knives and guns, one man was killed, another mortally wounded, and three others so badly injured they could not be taken to jail. Reports of the fight, reaching here today, said that the men clashed in a pitched battle Sunday night on the south mountains of Burke County, as a result of a disagreement over division of lands. Lenoir Mull was killed outright, Andrew Lavever was hacked with an axe and is expected to die, and Alfred Mall, Mack Lavever and Frank Britt were beaten with butts of guns and cut with knives and axes.

PROVINCIAL GOVT IN FEB. SESSION

Fredricton, Feb. 9.—The Provincial Government gathered here this evening for the regular February meeting. On account of the late arrival of trains bringing some of the members, only an informal meeting was held by the executive council.

MONCTON PLANS TO NIP INFLUENZA AT THE BEGINNING

Special to The Standard
Moncton, Feb. 9.—The City Council tonight discussed the influenza and passed a resolution favoring the closing of the theatres and public assemblies until the epidemic wave had passed. The Minister of Public Health for the Province will be communicated with tomorrow by Mayor Chapman, and conferred with as to the advisability of ordering the closing of public gatherings.

GUILTY INTENT MUST BE SHOWN BEYOND DOUBT

Justice Metcalfe Assures Accused Strike Leaders That Technical Mistake Will Not Injure Them.

IF NO GUILTY INTENT, NEED NOT WORRY

Juror Taken Ill at Winnipeg Trial Calls Forth Cheering Statement That Court Would Furnish Medicine.

Winnipeg, Man., Feb. 9.—(Canadian Press)—If it can be proved that you did not have guilty intent, I don't think any of you will go to jail.

The question of the liability of a person to be convicted of seditious conspiracy because of a mere technical mistake having cropped up at the trial of the seven strike leaders today, Mr. Justice Metcalfe made the above statement in the course of an explanation of the situation. "We don't send men to jail unless there is guilt in their minds, if we know it. The jury has to find guilty intent. It can be proved that your intent was not to do mischief, then you won't go to jail."

His Lordship followed up this statement by telling the accused that if they had not guilty intent they need not worry.

Owing to one of the jurors complaining of feeling ill, the court was adjourned at a little before the usual time. The solicitors of the court for the sick juror was expressed by His Lordship, who told him he would call any doctor and order all the medicine he needed. Looking at the other jurors His Lordship remarked, with a smile: "I hope you won't all get sick at once."

The chief witness was William Percy, a member of the Strike Committee. He stated that the strike strikers went out on the night of the 14th and the channel—the Great Northwestern Telegraph—open for sending out messages and asserted that the strike committee directed to carry on industries on the permit card system.

The committee named for the handling of Canadian claims will be subject to the direction of Hon. A. L. Sifton, Secretary of State. A large amount of newspaper advertising has been done.

Kaiser's Holdings In Canada Are Not Burdensome

State Department Takes Issue With Statements Contained in Toronto Globe Editorial.

Ottawa, Ont., Feb. 9.—(Canadian Press.)—State Department officials today took issue with statements contained in a Toronto Globe editorial of Saturday last on "The Kaiser's Political Investments" in Alberta and British Columbia, where, it was stated, some millions of dollars' worth of property were held by Alvo Von Alvensleben, afterwards rounded up as a spy. A high official of the department stated to the Canadian Press today that instead of Alvensleben having several million dollars' worth of property tied up ready to hand over to Wilhelm the Canadian Government had spent some thousands of dollars to learn that this and other similar stories were in the nature of canards.

Alvensleben, it was said, had sent money in investments in the West, and it was found that his interests in timber and mineral rights and other properties were so small that there was practically nothing for the Government to seize. The Globe advocated that there should be no hesitation about confiscating these properties which were in the nature of political investments made by Von Alvensleben on behalf of the Kaiser.

This official of the State Department said the officials would welcome any information which would enable them to find something worth confiscating.

ENGLISH PRESS NOW BECOMING AMERICANIZED

Press and Public Discussed Before Canadian Club by British Newspaperman.

Montreal, Que., Feb. 9.—Mr. K. Radcliffe, of the Manchester Guardian, gave an address on "The Press of the Public" before the members of the Canadian Club at the Windsor Hotel today. He spoke of the changes that have come over the newspapers of England and other countries in the past few years, and particularly of what he described as the twin evils of censorship and propaganda.

MUCH SICKNESS AT MONCTON

Special to The Standard. Moncton, Feb. 9.—Many cases of sickness due to colic and grippe are reported in the city. The Secretary Northrup of the Board of Health says that only a few cases of influenza have been reported to him. The epidemic prevailing here seems to be a comparatively light form of grippe, and, so far, no deaths from it have been reported. The genuine flu has made its appearance at Shediac where one death—that of Mrs. L. J. Belliveau, succumbed to the malady Sunday night after twenty-four hours illness.

Lord Haldane Thinks Commons In Need of Asquith's Counsel

London, Feb. 9.—Lord Haldane issues an explanation declaring his statement that the hope of the future lay with Labor had no reference to any particular election, but was directed to future politics generally.

"If I were a Paisley elector," he states, "I would vote for Mr. Asquith, not merely because he had been my old chief and intimate friend, or even on account of the great definite services he has rendered to the nation, but because I think at this time the interests of the state require the presence in the Commons of a man whose commanding parliamentary gifts will enable him, not only to advise, but influence the House in vital and pressing issues."

Lord Robert Cecil, often considered as a possible future Unionist leader, has written to Mr. Asquith wishing him success.

Canada's Claims Against Germany For Reparation Now Total 35,000,000

The Claims for Loss of Canadian Lives and Damage to Canadian Property in Germany Now Thought to Be All in Hands of State Dept.—Believed Canada Will Deal Directly With Germany for Liquidation of Enemy Debts.

Ottawa, Feb. 9.—(Canadian Press)—All Canadian claims against Germany for reparation for loss of Canadian lives and damage to property of Canadian citizens, which now amount to some \$35,000,000 are to be placed through a committee consisting of Mr. Thomas Mulvey, Under Secretary of State; Col. O. M. Biggar, and Mr. C. C. Robinson of Toronto.

While claims for reparation are still being collected in the hands of the State Department, the Commission they will have been set down to a much lower figure than the \$35,000,000 where they now stand.

Ottawa, Feb. 9.—(Canadian Press)—While the terms of the order in council covering the establishment here of a clearing office for the liquidation of enemy debts have not been made public, it is understood that Canada will deal in this matter direct with Germany rather than through the imperial authorities. One reason for this, it is stated, is that while Canada has only a few millions of dollars involved in the British Empire as a whole, it has some \$500,000,000 to collect and if Canada's share were to be collected as part of this larger sum, it would be a much longer period before a settlement could be reached.

The course proposed will mean the sending of a man to Berlin to look after Canadian claims in the clearing office there, while Germany will also have to send a representative to Ottawa.

HON. BALLANTYNE VALLEY RAILROAD LOSES ITS CASE

Bank of North America Awarded Settlement Involving \$13,000.

Fredricton, Feb. 9.—The St. John and Quebec Railway Company have lost the suit brought by the Bank of British North America involving some \$13,000, in the settlement of St. John Valley Railway construction accounts.

The case arose out of settlement made with the Hibbard Company, of Montreal, in which Colonel F. W. Hibbard, Myer Cohen, A. D. Gall and other Montreal men were prominently interested, the popular understanding being that Mr. Gall had negotiated a settlement which did not satisfy his associates.

The object of the suit was to upset the settlement that had been made by the old board of directors of the St. John and Quebec Railway of the late F. W. Sumner as president with Mr. Gall. The Hibbard Company has assigned their interest to the bank, but the St. John and Quebec Railway Company claimed they had no notice of such assignment when they settled with and made payment to Mr. Gall. Notice, it was claimed, had been served upon Hon. Dr. Landry as Provincial Secretary, and also upon R. B. Hanson, K. C., of this city, as solicitor at the time for the St. John and Quebec Railway Company. The case is being appealed.

COMPOSITOR TO CONTEST SEAT WITH PREMIER DRURY

Millon, Ont., Feb. 9.—With about 150 names on his nomination papers, Edward J. Stephenson, Toronto composer, was today nominated to contest Halton County against Premier Drury in the election to be held next Monday. There were only two nominations.

NO OPPOSITION TO MANNING DOHERTY

Ridgetown, Ont., Feb. 9.—Nomination for the East Kent provincial election took place here this afternoon. Hon. Manning Doherty, Minister of Agriculture, was the only person nominated.

Democrats In Caucus Turn Down Universal Military Training Plan

Washington, Feb. 9.—Democratic members of House meeting in party caucus tonight, refused to undergo an expression of their position on universal military training in the face of an appeal from President Wilson that action be withheld so the party's candidate might be left to its National Convention. By a vote of 88 to 37 the Conference voted down a proposal by Representative Doremus, Michigan, that no action be taken on the

PLAN TO HASTEN NATURALIZATION CERTIFICATES

Some 2,000 American Citizens, Domiciled in Canada, Will Receive Papers Entitling Them to Citizenship.

HELD SOME TIME BY U. S. DEPT.

Because of Delay Caused by U. S. Many Farmers in Canada Have Been Unable to Secure Land Titles.

Ottawa, Ont., Feb. 9.—(Canadian Press.)—United States citizens now resident in Canada who have had their naturalization certificates held up some time by reason of the United States department will receive the certificates entitling them to Canadian citizenship without further delay.

Some 2,000 American citizens domiciled in Canada are affected by the decision, and it is stated that the delay consequent upon the difficulty over the issue of certificates has caused great hardship to many of these men. Farmers have been unable to secure title to their lands, and business men have been unable to secure passports allowing them to leave Canada for overseas.

The United States being now only technically at war, the Secretary of State for Canada, Hon. L. Sifton, has informed the United States State department that Canada will issue passports to these men, who will, henceforth, have their applications to the State Department for naturalization certificates dealt with instead of being longer deferred.

The State Department in the United States, after that country entered the war, intimated to the State Department here that it would be illegal for any of her nationals to expatriate themselves while their country was at war, and, further, that the United States would not recognize any certificate issued under such conditions.

Montreal Gazette Advocating New Political Party

Thinks it Time to Coalesce Forces Antagonistic to Fiscal Policy of Farmers as Well as Liberals.

Montreal, Que., Feb. 9.—(By Canadian Press.)—Under the caption, "The Political Situation," the Montreal Gazette, a paper which has hitherto been a supporter of the Union Government, today publishes an editorial advocating the establishment of a new political party, the formation of which would form into a dominant party, the political forces antagonistic to the fiscal policy of the United Farmers, as well as to the proclaimed policy of the Liberals.

The Gazette says in part: "Having fulfilled its high purpose through the war with general acceptance and no measure of efficiency, the Government has manifested a remarkable impatience to win and hold power. The Union party has not wanted. The Conservative party we know, and the Liberal party, but who art thou? The Farmers' party, but who art thou? It may be asked of the Union party, it is a party that has outlived its usefulness, its purpose, is reverting to its original elements. The Conservative party, the best of auspices, but a leaderless ministry, destitute of policy, must be the despair of its friends."

The Gazette then makes reference to the policy published elsewhere in its columns of a National Party, sponsored by Senator John S. McLaughlin, and gives this new party high praise, inferentially supporting it.

Democracy in Caucus Turn Down Universal Military Training Plan

Washington, Feb. 9.—Democratic members of House meeting in party caucus tonight, refused to undergo an expression of their position on universal military training in the face of an appeal from President Wilson that action be withheld so the party's candidate might be left to its National Convention. By a vote of 88 to 37 the Conference voted down a proposal by Representative Doremus, Michigan, that no action be taken on the

Report of Increased Salaries Was Heard

Meeting of School Board Held Last Evening — Details Given of Increases Recommended for Officials and Teachers.

The report of the Financial Committee was the item of chief interest at the meeting of the School Trustees held last evening. There were present the chairman, Dr. A. P. Emery, Trustees E. R. W. Ingraham, Mr. Coll, H. Colby Smith, G. Herbert Greca, J. D. P. Lewis, Mrs. E. R. Taylor and Dr. H. S. Bridges.

The secretary, A. Gordon Leavitt, read several letters of thanks for leave granted and other communications. Dr. Bridges reported that Dr. Haughton, whom the board had asked to be present to give a report on her work, was quite willing to wait until a later time. Messrs. Lockhart and Ritchie put in an offer to supply the board with fire brick for new buildings. Trustee Greca asked if the donations of \$20, \$20 and \$25 given boys whose overcoats had been stolen were satisfactory and was answered in the affirmative.

DIAMOND DYE IS AID TO FASHION

Old, Faded Apparel Can Be Re-colored and Made Over, Stylish, New.

Don't worry about perfect results. Use "Diamond Dye," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

port should be heard at the meetings of the Board.

H. Colby Smith told of the appearance of the financial committee before the commissioners and of the granting, in the estimate of \$65,000, \$25,000 for the overdraft and \$40,000 for the teachers' salaries. The secretary then read a detailed statement of the increases which Thos. Nagle moved should be adopted. H. Colby Smith seconded and the motion passed. It was passed, on motion, that the recommendations be carried out dating from January 1st, 1920. J. D. P. Lewis thought the master of the overdraft should be seriously considered, and that it would be necessary for the Board to take some special. Other trustees said that the Board must live within their income.

Referring to increased grants to Janitors Thomas Nagle stated that it was thought best to grant them five per cent increase and let them get their own supplies. Discussing the teachers, Dr. Bridges said that 2,000 had left New Brunswick for the West, and that the last had not, as yet, been felt in St. John because the Board had dealt generously with teachers here, so preventing this exodus. If good salaries were paid teachers would stay East. Trustee Lewis asked if a schedule of salaries paid in the West could be obtained, and Dr. Bridges promised to write for this.

The matter of an increase asked for by the janitor of the St. Patrick's School was left to the visitors of the school to decide.

The following shows the amount of increases in accordance with minutes of meeting of the Finance Committee held Thursday, February 6th, 1920:

18 Male Principals and Teachers	\$ 4,002.00
6 Female Principals	1,500.00
6 Special Teachers and Supervisors	500.00
9 High School Teachers, over 10 years with the Board	1,930.00
10 High School Teachers, under 10 years with the Board	1,000.00
18 Grade Teachers over 30 years with the Board	3,500.00
27 Grade Teachers over 20 years with the Board	4,050.00
127 Grade Teachers under 20 years with the Board	12,700.00
220 Increase for 1920	\$28,342.00
Summary	
Increase to Teachers	\$29,342.00
Increase to Janitors	4,350.00
Increase to Officials	350.00
	\$35,142.00

The male principals and High School teachers get an increase of \$200. The female principals of St. Joseph's and King George Schools are raised to \$1,500.00. St. Vincent's High School to \$1,600. Principals of Newman, St. Peter's Girls, and St. Thomas receive \$1,200. All teachers, teaching thirty years and over, get an increase of \$50. All teaching from twenty to thirty years \$150. All others \$100. Miss Wilson of the High School will receive \$1,600.

Other salary increases are as follows:

A. Gordon Leavitt from \$1,200 to \$2,000. Miss Reid, Assistant Secretary, from \$1,000 to \$1,200. Dr. Bridges from \$3,750 to \$4,000. J. Boyd McMann from \$1,100 to \$1,200. The carpenter from \$500 to \$550.

"FLU," GRIP, COLDS,

Pneumonia, Fevers, Hard Coughs, Tonsillitis.

Read this plain statement.

First. This whole brood of wicked enemies of health can be kept at bay, the medical authorities say, by keeping up high quality of the blood, and observing the ordinary laws relating to sanitation and health.

That is why Hood's Sarsaparilla is recommended as a preventive of "flu" and other diseases—it is the standard blood-purifier and vitalizer.

Second, for a definite case of any of the prevailing complaints, it is wise immediately to call a physician.

Third, for the weakness and prostration following the "flu," grip and other diseases, Hood's Sarsaparilla wonderfully restores health, builds up appetite and "makes food taste good." If a cathartic is needed Hood's Pills are recommended.

Society of Music Concert Enjoyed

Large Audience in St. Vincent's Auditorium Last Evening Delighted With Grand Programme of Ten Numbers.

The second concert under the auspices of the St. John Society of Music was attended last night in the St. Vincent's Auditorium on Cliff Street by a large and appreciative audience. There were ten soloists and each received hearty applause.

It was announced by the chairman of the evening that it was the intention of the Society to bring some outside talent to the city for the remaining series of concerts, and this includes "Sclapiro," the famous Russian violinist, who will be heard in the city on Thursday evening, February 19th.

The following is the programme that was much enjoyed last evening:

Part First.

Piano solo, (a) "Autumn" (Henrik), (b) "Impromptu" (Reinhold)—Mrs. H. H. Rayworth.

Songs, (a) "The Almond Tree" (Schuman), (b) "Daffodils Are Blowing" (Edward German)—Mrs. James Gilchrist.

Songs, (a) "Last Night" (Kjerulf), (b) "Annie Laurie"—Mrs. Louis LeLacher.

Songs, (a) "Wake Up" (Montague Phillips), (b) "An Open Secret" (Huntington Woodman)—Miss Beattie Dawson.

Song, "Ah! I Have Sighed to Rest Me" (Vardi)—Mr. E. Arnold Young.

Part Second.

Songs, (a) "Who Knows" (Ball), (b) "Sunshine of Your Smiles"—Miss Bernice Mooney.

Song, "Solweig's Song" (Grieg)—Miss Agatha Steeves.

Songs, (a) "A Son of the Desert Am I" (b) "Thinking of Thee"—Mr. DeWitt Cairns.

Piano solo, Concerto, first movement (Grieg)—Mrs. Kent Scovil, assisted by Miss Louise Anderson.

Songs, "Langley Pair," "The Ballad Songer" (Easthope Martin)—Mrs. James Gilchrist.

Hon. Mr. Ballantyne Replies To Mayor

Regarding Ferry Approaches Minister Says His Assurance is Binding as Order-in-Council.

In answer to a letter from Mayor Hayes regarding the transfer of the harbor to the Government, saying that the Minister's proposal to leave the matter of ferry approaches to the commissioners might not meet with the approval of the public, the following reply has been received from Hon. C. C. Ballantyne:

"Please accept my thanks for your acknowledgment of courtesies extended by the Government to the delegation that was here recently in connection with this matter. My colleagues and myself are deeply interested in the welfare of the port of St. John and are sincerely desirous of adopting no policy other than the one which is best calculated to promote the interests of the port.

"The question of reserving the ferry approaches for the use of the City of St. John is just as effectively safeguarded by the assurances which I have given in my previous letter as would be the case by resolution by order-in-council as suggested by you. Even if any changes of ministry were to take place, an order-in-council would be no more binding in a matter of this kind than would be the assurance which, as minister of the department, I have already given you. If, as your letter would seem to indicate, you gathered the impression during my interview with me that I regard it as more desirable that the matter of ferry rights should be fixed by regulation or by order-in-council, it was not my intention to convey any such impression.

"In so far as the undertaking in this connection being made a matter of public record is concerned, the assurance that I have given in my previous letter is as much a matter of public record as it would be if the course suggested by you were adopted.

"I almost feel that there is a disposition on the part of some of your people to seek out grounds upon which the proposed transfer of the harbor to the Government should be opposed. Whilst I am anxious to see this policy adopted, because I believe it to be in the public interest, I am, at the same time anxious to avoid anything which can be construed as an attempt on my own behalf or on behalf of the Government to induce the citizens of St. John to unwillingly endorse the scheme.

"Yours very truly,
"C. C. BALLANTYNE."

PERSONALS

J. E. St. Andre, manager of the local branch of the Provincial Bank of Montreal, is spending a few days in Montreal.

Messrs. Roy Crossman and William Guy, of Mt. Allison University are the guests of Mr. J. Reginald Barraclough at his home, 151 Queen street, Moncton.

STOPPED HER HEADACHES

Years of Suffering Ended By "Fruit-a-tives."

113 Hazen St., St. John, N. B.

"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine "Fruit-a-tives," made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried "Fruit-a-tives."

After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since." Miss ANNIE WARD.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

WOMEN'S AUXILIARY MEETING

A devotional and business meeting of the Women's Auxiliary of St. John's Stone Church was held yesterday afternoon with a large attendance. Mrs. J. A. McAvity presided, and Mrs. L. P. D. Tolley was in charge of the programme. Readings on missionary subjects were given, and the cards for the collectors for the Forward Movement distributed.

THE PLAGUE OF PIMPLES

Body Covered With Them.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples break out all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble they are very unsightly. What you need when pimples or boils break out is a real good blood purifying medicine such as Burdock Blood Bitters.

This preparation has been on the market for over 40 years and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system, and will leave a clear, healthy skin.

Mr. Emerson S. Goodwin, Cambridge, N. B., writes:—"For nearly two years I suffered from boils and pimples on my face and neck, and nearly all of my body was covered with the pimples. I tried most everything, but got no relief. One day a friend advised me to try Burdock Blood Bitters, and after using three bottles the pimples and boils had all left me and there is no sign of them returning. I can strongly recommend B. B. B. to any one who is troubled with skin disease."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Lecture Before Women's Institute

Constitutional Law Was the Subject of Most Interesting Address Delivered by F. J. G. Knowlton Last Evening

A very fine lecture upon Constitutional Law was delivered by F. J. G. Knowlton before the Women's Institute in the Art Club Rooms, Peel street, last evening.

Mrs. J. W. V. Lawlor presided, and introduced the speaker, who traced the development of the British Constitution, touching upon those of Canada and the United States, briefly conveying an adequate idea of the principles upon which these constitutions are erected. An explanation was made of voting, the power of the people, and comparisons drawn between the system which obtained within the Empire some years ago as compared with the principles involved in the initiative, recall, plebiscite and the referendum, defining these in language as construed by the speaker.

Mr. Knowlton traced in outline the growth of English freedom in Great Britain and its final development until responsible government was reached in the great Colonies. He also set forth the gradual and increasing freedom of women until they reached the status of holding the voting power. The speaker urged the realization of the sacredness of the franchise, dwelling upon the sure influence of the women's vote as one which will affect the body politic and the economic thought of the country in a way in which the whole of Canada will feel the effect. The foundations laid should be firm, deep and strong.

Mrs. Lawlor thanked the speaker for his splendid talk upon this important subject, and hoped that at some future time he might give still further information.

After the address, a short business session was held, at which the president spoke regretfully of the illness of the secretary, Mrs. Marcus, necessitating her resignation. It was reported that the pantry sale had realized \$23 for the funds. Lectures will be given by H. A. Powell and Duncan Lingley on "Politics" and "Civil Finances." Mrs. Lawlor said that the executive will discuss the formation of a League of Honor, each member to wear a badge and to promise to buy as far as possible only necessaries, goods made in Canada or in St. John. This matter was favorably discussed and action will be taken.

It was stated that the disposal of garbage, concerning which a resolution had been sent to the City Council, had been taken up, and that the matter of a Juvenile Court, though not passed by the Council, had not been lost sight of by the Institute, who felt that a sensible woman was the proper person for the position. Mrs. Lawlor reported that the W. I. have the information bureau in connection with the opening of an epidemic hospital in charge and that volunteers to assist will be needed.

Opens the Pores and Penetrates the Skin. Its Stimulating, Soothing and Healing Effect soon relieves chest Colds, Head Colds, Colds in the Back, Spasmodic Croup, and any congestion, inflammation, or pain caused from Colds, 85c per box. If your druggist hasn't any, send 30c in postage stamps to Paria Medicine Company, 133 Spadina Ave., Toronto, and a full-size box will be mailed to you promptly.

Mabel McKinley—Niece of the Late President of the United States—Takes Nuxated Iron for Health and Strength

And Says She Regards It as The Ideal Tonic For All Weak, Run-Down Nervous Women

Dr. George H. Baker, Formerly Physician and Surgeon in Monmouth Memorial Hospital of New Jersey, Explains Why Iron is One of the GREATEST OF ALL STRENGTH BUILDERS

Says: He has found nothing in his experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Every woman who wishes to possess health, strength and beauty, should carefully read the statement of Miss McKinley who, after her personal use of Nuxated Iron tells of the results she obtained.

Miss McKinley says: "While I had often heard of Nuxated Iron I must admit that prior to using it myself I had no idea of its remarkable value for building up the health and strength.

"Following the strain imposed by months of the most exacting work singing for the soldiers in the various army encampments, together with my social engagements and charitable pursuits, I found myself in such a weakened, run-down state that I feared a complete collapse.

"It seemed utterly impossible for me to drop everything and go away for a complete rest, but I realized that as my condition was serious I must either do this or find something that would actually rebuild my waning strength and enable me to continue my activities.

"I had always been prejudiced against tonic preparations which, for the most part, I found only acted as a temporary stimulant and usually left one worse off than ever. However when my own family physician, instinctively recommended that I give a fair trial to Nuxated Iron, I consented to begin its use, with a result that after a few days the weakness and exhaustion from which I suffered began to be replaced by a feeling of renewed strength and vitality. In less than three weeks' time my whole system was tingling with energy and power and I was overjoyed to find that it was once more in superb physical condition.

"Nuxated Iron has accomplished so much for me that I regard it as the ideal tonic for all weak, run-down women. As a strength, health and blood-builder, I am convinced Nuxated Iron has no equal."

Miss McKinley has a voice of unusual quality and it was following her work singing for the soldiers that she became weakened and run-down and had recourse to Nuxated Iron. Once more in superb physical condition, Miss McKinley says she is convinced that Nuxated Iron has no equal as a Strength, Health and Blood-Building.

New York Physician and Medical Author says: "It is my opinion that in practically nine times out of ten, unstrung nerves and falling strength and vitality are due to deficiency of iron in the blood. Many a woman who is run-down, nervous and who quickly tires out, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, might readily build up their red-blooded corpuscles, increase their physical energy and get themselves back to vibrant and vigorous health. By enriching the blood and increasing its oxygen-carrying power, Nuxated Iron will often transform the flabby flesh, toneless tissues, and pallid cheeks of nervous, run-down women into a glow of health, and make them look younger with a surprisingly short time."

Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, and all good druggists.

SWITCH TO "CASCARETS"

THEY DON'T SHAKE YOU UP!

Regulate Your Liver and Bowels Without Being Gripped, Sickened or Inconvenienced

Cascarets end biliousness, headache, colds, and constipation so gently you're never even inconvenienced. There is no gripping and none of the explosive after-effects of cathartics like Calomel.

TOWN PLANNING CITY EXPANSION

Addresses by W. F. Burditt and H. L. Seymour in Board of Trade This Evening Under Auspices of St. John Branch E. I. C.—Open to the Public.

New Brunswick was the first province in the Dominion to pass a Town Planning Act. This was in 1912. Now all but two provinces in the Dominion have town planning legislation, and it is understood that legislation has been proposed for the remaining two, Quebec and British Columbia.

St. John will probably be the first city to put into effect a town planning scheme, already authorized. Though this scheme will largely affect suburban areas only, it is all that can be accomplished under present legislation.

That New Brunswick has an act at all and St. John a scheme, can be attributed largely to the untiring activities and enthusiasm of W. F. Burditt, chairman of the St. John Town Planning Commission. Not only has Mr. Burditt fathered the St. John Town Planning Scheme, intended to provide for intelligent future development in suburbs, but he has in the past made many excellent suggestions for improvements in the main part of the city.

This evening Mr. Burditt is going to speak on Town Planning and City Expansion, at the Board of Trade Rooms, under the auspices of the St. John Branch, E. I. C., the Housing Committees of the Commercial Club and the Board of Trade. The meeting is open to the public, and public-spirited citizens of St. John cannot afford to miss it.

The Town Planning Board has had the advantage of the advice of Thomas Adams, Town Planning Advisor, Commissioner of Conservation, Ottawa. H. L. Seymour, his assistant, is now in the city, in connection with the scheme.

SCIATIC PAINS QUICKLY RELIEVED

Keep Sloan's, the World's Liniment handy to allay aches

THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular a third of a century ago—far more popular today.

That's because it is so wonderfully helpful in relieving all external aches and pains—sciatica, lumbago, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing to the sore spot. Leaves no muss, stains skin, clogged pores. A bottle today is a wise precaution. Keep it handy. All druggists—35c, 70c, \$1.40. Made in Canada.

John Scheme, and will also address on the general principles of City Planning as applied to St. John.

RECEIVED BAD NEWS
J. Fraser McTavish yesterday morning received word of the death of his father, who, for the past forty years has been a member of the teaching staff of the public schools in Edmonton, Alberta. Mr. McTavish left last evening for Stratford, Ont., his former home, where the funeral will take place.

Telephone Operators Wanted!

Requirements:
Courtesy
Intelligence
Grade 8
Education

Apply to
Chief
Operator
9-12 a.m.
3-6 p.m.

If you have had experience, we can place you immediately at a good salary.

If not experienced, TELEPHONE OPERATING offers to the bright and ambitious girl a greater opportunity for advancement than most lines of business.

ADVANTAGES: To the right type of girl, telephone operating affords self-development. The necessary concentration of mind, quickness of perception, accuracy and self-control, contribute towards a responsible womanliness.

It is undoubtedly true also that there is no other occupation in which young girls are employed where their physical welfare is so safeguarded as in a telephone exchange.

Rapid promotion is assured to capable girls.

Age 16-25.

NEW BRUNSWICK TELEPHONE CO. LIMITED
22 Prince William St.

BOY RUN OVER.

Yesterday afternoon a small boy was run over by a mail team on the corner of Germain and King streets. He was picked up by a couple of gentlemen, who witnessed the accident, and carried into the Royal Pharmacy, where a cut on the head and some bruises were treated. The gentlemen then took the boy, who was about five years old, to the Woolworth store, where they located his mother, who was shopping.

PILES

Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required and no certain cure you. See a box; all dealers, or Edmondson, Hales & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c stamp to pay postage.

FUNERALS

The funeral of Mrs. Bebow Ferguson was held yesterday afternoon from Trinity church. Rev. Canon Kuhring officiated and interment was in Fern Hill.
The funeral of Mrs. Margaret Mc

Donald took place yesterday from the Home for Incurables. Rev. R. M. Lesate officiated and interment was in the Church of England cemetery.
Mrs. Edith Gibson was buried yesterday afternoon, funeral from her home, 140 St. James street. Rev. P. S. Dowling officiated and burial took place in Cedar Hill.

Cuticura Soap
AND OINTMENT
Clear the Skin

IS YOUR GUARD DOWN?

Every man is a fighter, though he may not be a pugilist. His daily task is his fight—and he needs to be fit and ready for it.

Constipation to the business fighter is the "out-of-condition" of the pugilist. Constipation not only makes the business fighter dull and slow, and unfit for effort, but it is the "lowered guard" that leaves the opening for the jarring blows of serious diseases.

90% of all diseases have their origin in the intestinal canal—in constipation. Constipation not only causes the generation of poisons, which are carried through the system by the blood and attack it from within, but also by thus

lowering the general stamina makes the weakened system an easier prey to harmful germs from without.

By an entirely new principle Nujol keeps the poisonous food waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol prevents constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

 Louis Kleban, 9 Fleet St., London, Eng.

ST. JOHN, N. B., TUESDAY FEBRUARY 10, 1920.

UNCLE SAM'S NEW PERSPECTIVE.

Lord Grey's letter has apparently thrown such a searching light upon the controversy between President Wilson and the Republican majority in the Senate that both parties are taking their heads out of the sands, and looking around to see where they really are. The New York Tribune says:

"If the President had been obliged to tell the country that the Senate was nullifying the treaty because it was trying to protect its own prerogatives as a part of the treaty-making power and was at the same time trenching upon his prerogatives the public would have recognized with absolute clearness what the advocates of unconditional ratification have been trying to keep it from recognizing."

"Most of the Senate reservations, including that to Article X of the covenant, deal with a domestic question—namely, the distribution of constitutional power between the President and Congress. That is the only issue raised in the reservation to Article X. Yet a large part of the public has been misled into believing that the Senate is trying to limit or impair our obligation under this article by denying the conditions under which the United States (not the executive branch of the Government alone) can accept such obligations."

"Viscount Grey frankly and sympathetically notes the constitutional difficulties in the way of our unequalled acceptance of Article X. He recognizes the propriety of a reservation. And he tells the people of Great Britain, in a manner which must convince them and is perfectly fair to the United States, that the questions raised in the Article X controversy do not directly concern the European members of the League."

If, as seems likely, all this is pertinent, the President and the Senate have been quarrelling about everything except the real point of the difference between them. Uncle Sam will doubtless be relieved to learn that the danger of the League of Nations was not that it menaced the sovereignty of the Republic, but had merely failed to recognize the peculiar division of sovereignty between the President and the Senate. At the same time Uncle Sam has no great reason to feel proud because the failure of the President and the Senate to frankly face an issue of domestic politics has delayed America's participation in the work of reconstructing a war-wrecked world. It is no time for a great nation to nourish an ingrowing consciousness.

DAYLIGHT TIME.

St. John ought to consider what it is going to do about daylight saving this year. Other communities are proposing to adopt daylight time, and there may be a demand on the railways which they will not be able to ignore. Last year the scheme was brought into a certain disrepute by the action of the American railways in adopting it too early in the year. For the farmer it meant going to work before daylight, and for the city laborer and his family it was undoubtedly an inconvenience if not a hardship. But in the real old summer time there should be no serious objection to putting the clock ahead an hour.

In France, which is in the same latitude as New Brunswick, the Chamber of Deputies has decided to adopt daylight saving on February 15. The reason probably is that France is short of coal and the people of Paris and other large cities have suffered a good deal during the winter. By adopting daylight saving early they may save a lot of coal on their lighting system, and release some to warm their houses.

Here there is no such urgency, but the sooner the city decides what to do about it the better. The proper procedure would be for the city fathers to call a conference of representatives of the Board of Trade, the Commercial Club and the Trades and Labor Council, and see if they could not arrive at an agreement as to whether daylight saving should be adopted here, and when. Probably daylight saving offers greater advantages to the business and professional classes than to the labor element, but it is possible no serious objection would be made by labor if the system was adopted at a reasonable date. An effort at unanimity is at any rate worth the making. The Bathurst Board of Trade has already called for daylight time, and other towns are showing interest in the matter.

AN ANTI-STRIKE STATE.

Kansas, the birthplace of William Allen White, Blue Grass laws and cyclones, has adopted a plan of dealing with labor troubles which it proudly proclaims to be the greatest piece of constructive legislation of the reconstruction period. That it has copied Australian legislation of twenty years ago, with one additional provision hardly likely to be operative,

does not detract from the loudness of its boast.

The State has established an Industrial Court of three judges, and given them jurisdiction over the manufacture and preparation of food products, and wearing apparel, over mining and fuel products, and over the transportation of necessities. Strikes or lock-outs in these occupations have been declared illegal. In case of a dispute the Industrial Court will investigate, and it may amend or change any employment contract. If either or both parties refuse to obey the ruling of the Court the State may take over the industries or services affected and operate them.

To order, call or foment a strike is made a felony, punishable by five years in the penitentiary, or a fine of \$1,000, or both. To join in a strike is punishable by a \$500 fine, or six months in jail, or both.

Samuel Gompers says the American conception of liberty involves no vestige of involuntary servitude, and recognizes the right of workers to quit work for any reason or for no reason at all. But evidently his conception of freedom no longer cuts ice in Kansas.

The Kansas City Post denounces the anti-strike law as "Socialism without the good points of Socialism—and containing all the possibilities of Czarism." Its operation will doubtless be watched with interest. It is likely in the long run to cause as much satisfaction as similar legislation did in Australia. As an experiment the Lemieux Act had more to commend it, for it contained no such compulsion to involuntary servitude, but there is no great enthusiasm for the Lemieux Act in Canada. In practice it resolved itself into an inquisition of the working class, having for its object the determination of a minimum standard of life. It did not promote investigations of the operations of capital, which alone could give promise to the worker of something more than a minimum standard of life.

UTILIZING SMALL WOOD.

The problem of the utilization of small timber which now in many places is wasted is discussed in American Forestry by O. M. Butler, of the U. S. Forest Products Laboratory. Various factors, he says, are directing attention to the possibilities of built-up wood. There is the regional depletion of forests, and the need of lumber operators to utilize all available material in their sphere of operation. There is also the need of making available supplies go further than they do, because of increasing cost.

Two general methods of building up wood are now in use; one employs glue, and the other nails and bolts. During the war a glue has been developed which has great strength and moisture resistance, and may be used for building up wood even for exterior requirements. Recently built-up structural beams were approved by both the National and the Chicago Board of Underwriters, while lattice trusses of built-up stock were developed for Government use to span walls 100 feet apart. The possibilities of built-up wood have been exemplified more completely in the aeroplane than in anything else.

This Province now wastes a great deal of wood, which the new industry may find a profitable use for in the near future. Perhaps Hon. Mr. Smith had in mind the possibilities of new revenues from such an industry when he doubted the expenditures on the forest service.

RESTRICT IMPORT OF LUXURIES.

As a means of bringing down the rate of exchange between Canada and the United States the Toronto Mail and Empire suggests that the Government should prohibit the import of luxuries from the United States except under license. It points out that the Canadian dollar has been hammered down by speculators, suggests the possibility of a stampede, and demands a general rally to the Buy-Canada policy. There is no doubt the Government would be justified in placing restrictions on the importation of luxuries from the States, and that the general sentiment of the public would approve such a policy. The wealthy, to whom prices are no object, may very reasonably be obliged to forego their luxuries in the interest of the general public. Extravagant buying of high-priced automobiles and other things in the States by war profiteers has no doubt had an effect on the Canadian dollar. And the manufacturer who wants raw material from the States or the ordinary citizen who wants articles of necessity has to submit to a heavy discount on the Canadian dollar. Probably restrictions on such imports would not abolish the discount, but they would doubtless help, as they certainly helped Great Britain during the war.

One Great Essential To A Woman's Health Is Her Nerves.

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flashes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy. Milburn's Heart and Nerve Pills are the very remedy that nervous, tired out, weary women need to restore them to the blessings of good health. Mrs. P. H. Ryan, Sand Point, N. S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the door without trembling. I had hot flashes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

She Found Relief For Her Backache

MRS. M. LAFONT TELLS OF DODD'S KIDNEY PILLS

Sends a Message of Cheer to the Thousands of Canadian Women Who Carry a Load of Pain and Weariness Through Their Daily Work.

Pro. St. Marie, Sask., Feb. 9th.—(Special)—"I have used three boxes of Dodd's Kidney Pills and one of Diamond Diaper Pills for backache."

"They cured me."

This short message that goes direct to the point comes from Mrs. M. Lafont, a well known and highly respected resident here. It may cheer to that great army of Canadian women who daily go about their household duties weighed down by that curse of womanhood, dreary dragging pain in the back.

The relief that Mrs. Lafont found has come to thousands of other Canadian women through the use of Dodd's Kidney Pills. That shows that the ache is caused by the kidneys.

For Dodd's Kidney Pills are purely and simply a kidney remedy. For more than a quarter of a century Dodd's Kidney Pills have been a household remedy in thousands of Canadian homes. They have earned their place in the world by the good work they have done. Ask your neighbors about Dodd's Kidney Pills.

Benny's Note Book

BY LEE PAPE

Last Saturday night I was setting up in the setting room, not feeling like taking a bath, and ma was imbrodering and pop was smoking and reading the sporting page with his feet up, and I sed, G, pop, G, ma.

Wy the sudden burst of oratory? sed pop.

I think I better not take a bath tonite, even if it is Saturday, I sed.

Have you any good reasons for that conclusion? sed pop, and I sed, Yes sir.

Well would you mind sharing them with your family? sed pop. Meaning wat was they, and I sed, Well, in the first place, I was running like anything wile I was out, and my pores is probably too far open.

Ujection overruled, sed pop.

Meaning it wasn't a good enuff of a reason, and I sed, And in the 2nd place I believe im getting a cold.

And I cawfed about 4 small cawfs, pop saying, You can put those cawfs back agen, the ujection is overruled.

Me thinking, Hock, G. And I sed, And in the 3rd place im pritty sleepy, and once I red about sumbdy going to sleep in the bath tub and drown'ing before they work up.

Ujection overruled, sed pop, how about in the 4th place, is there any 4th place?

No sir, I sed.

Then go and take your bath, sed pop.

Wich I did.

"THAT LITTLE GAME" --- Putting Him Wise

HE DOES? STACKS THE CARDS? WHY DONT SOMEBODY CRIPPLE HIM?
FOR SHERIFF
FOR BURGESS
FOR CORNS!
BUNK'S BUNION BALM—
VOTE FOR ME.

WELL, YOU SEE, HE'S A GOOD SCOUT, EVERYBODY TAKES IT AS A JOKE! HE THINKS NOBODY'S WISE, YOU'LL LAUGH WHEN YOU SEE IT!
HE'S SLICK! EVERYTIME HE DEALS HE GETS A FLUSH. HE STACKS 'EM DIFFERENTLY NOW AND THEN SO AS NOT TO CAUSE SUSPICIONS. HE MAY STAND PAT, DRAW ONE OR TWO BUT RARELY MISSES!
SO REMEMBER, DO AS I TELL YOU, DONT STAY ON LESS THAN A FLUSH WHEN THAT GEEZER DEALS.
TELL YOU HOW HE DOES IT, HE PICKS UP THE PACK AND DISSY AND STARTS RIFFLIN' 'EM BEFORE THE HAND IS FINISHED, THAT'S WHERE HE GETS IN THE DIRTY WORK, OF COURSE IT'S ALL WRONG!

Mid-Month List of

Columbia Records

"You Aint Heard Nothin' Yet" Till You Hear Al Jolson

Al tells you all about his sweetheart—or almost all—in this latest *Sinbad* hit. The famous laugh of this exclusive Columbia artist is featured twice, and he keeps you laughing all the time. Coupled with Billy Murray's speedy, tuneful song, "Come On and Play With Me." A-2836—90c.

Oh, what a Jazz is Ted Lewis Jazz Bands "O"

Just as these exclusive Columbia artists seem to have tied themselves into a musical knot in this syncopated fox-trot, introducing "The Vamp," they extricate themselves by a melodious miracle and jazz merrily on. Coupled with Gorman's Novelty Syncopators' fox-trot "Barkin' Dog." A-2844—90c.

Hickman Trio Hits the High Spots

The Hickman Trio, from Art Hickman's Orchestra, which makes records for Columbia exclusively, jazzes the fox-trot "Nobody Knows" and the one-step "Wonderful Pal" in a way to make an aged cripple forget he ever had the gout. A-2839—90c.

Common Council Met In Committee

New Equipment for Public Works Department — Renewal of Leases at Increased Rates — Discussion on Taking Over of Lansdowne Avenue.

Authority for the purchase of new equipment for the Public Works department, to be paid for by bond issue, was voted in committee of the Common Council yesterday. Other matters included renewal of certain leases at increased rates; discussion of the proposed taking over of Lansdowne Avenue, and appointment of Alfred Boyce as veterinary surgeon of the safety department.

Authority was granted for the sale to the lessee, John D. McLeod, of lot 958, Guys ward, for \$200. The lot is held under a rental of \$14, and the lease expires in two years. The area is 50 by 100.

Authority was granted for renewal of the lease to lot 330, corner Westworth and Stockburg streets, to A. S. Hart; also for a new division of the property to be done by the city engineer at the expense of the lessee.

On motion of Commissioner Thornton, authority was granted for the issue to A. C. Smith of a five-year renewable lease to the theatre and office area on the first floor of City Hall, West, at an annual rental of \$480, on condition that Mr. Smith heat the City Hall lockup from a hot air furnace he proposes to install; that the heating plant be subject to approval of the city engineer and the building inspector; that the city pay half the cost of installation—in no case to exceed \$400—should the lease not be renewed at the end of five years; and that Mr. Smith install a new toilet. The present rental is \$420.36, and the lease expires in two years.

Commissioner Fisher was instructed to report on the cost of grading Lansdowne Avenue, and providing a suggested sewer outlet via Newman's Brook.

District Orders Issued Yesterday

Administrative Staff Appointments—Reserve of Officers C. E. F.—Board of Officers to Examine Claims re Exhibition Building—Officer Transferred.

The following district orders were issued yesterday by Brigadier-General A. H. Macdonell, C. M. G., D. S. O., commanding military district No. 7: Administrative Staff Appointments—Captain Reginald Leonard Horatio Goodday, A. R., relinquishes the appointment of A. P. M., M. D. No. 7, and is transferred to the Casualty Co. M. D. No. 7 for treatment, effective 2nd January, 1920.

Reserve of Officers C. E. F. To be Captain: Frederick Henry McCarthy, C. A. M. C., 11th November, 1919.

To be Lieutenant: Edgar Woolverton, C. A. M. C., 11th November, 1919.

Board of Officers. The detail of officers mentioned below will assemble at headquarters M. D. No. 7, at 10 a.m., on Wednesday, the 11th instant, for the purpose of examining the accounts and claims rendered by the City of St. John, N. B., and the Exhibition Association of St. John, N. B., in connection with the restoration of the Exhibition buildings which were used by the Department of Militia and Defence during the war, taking into consideration the condition of the buildings when taken over by the military authorities, and the condition in which they are returned; the Board will report as to whether the claims are just, and if not, will make recommendation regarding the amount of liability.—President, Lieut.-Col. H. C. Sparling, D. S. O., G. S. O., M. D. No. 7 Members: Major R. Knox, S. S., and T. O. M. D. No. 7; Captain E. L. M. Burns, M. C., W. O., N. B.

The proceedings, in quadruplicate will be forwarded to the A. A. G., M. D. No. 7, when completed.

Transfer. Staff Sergeant Doherty, J. J., No. 7 Det. C. A. D. C. is transferred for duty under the A. D. S., M. D. No. 3, with effect from 5-2-20.

Mrs. Edward Hermiston Smith (nee Young) will receive for the first time since her marriage at her residence, 39 Wright street, Wednesday, the 11th, afternoon and evening.

G. J. S. O., G. O. C. of M. D. No. 7, has kindly consented to act as judge.

The competition for the Junior Corps, which comprises King George, St. Peter's, West St. John, King Edward, Winter Street and Alexandra schools will be held at the same hour on Thursday, the 26th.

The public, especially the parents and teachers, are cordially invited to attend both exhibitions.

Holland Knocked Out By Brosseau

Montreal, Que., Feb. 9.—(Canadian Press)—Eugene Brosseau, Canadian middleweight champion, signalled his return to the ring after several months' absence consequent on an attack of neuritis contracted after his fight with George Chip at Portland, Maine, by knocking out Jack Holland, the Wilkesbarre middleweight, in the third round of a ten-round bout here tonight.

WRESTLING AT THE OPERA HOUSE

There was a large audience in the Opera House last night to witness a wrestling match. Nelson and Katton were the grapplers who were booked to appear in the final bout, but as Nelson did not put in an appearance O'Toole, a local man, was substituted, and after putting up an exhibition for a half an hour the bout was declared a draw.

THE NURSING OF INFLUENZA

The first lecture in the course on the nursing of influenza, was delivered by Dr. G. G. Melvin in the Board of Trade rooms last night, under the auspices of the Sub-district Board of Health.

KILBANE BOUT POSTPONED.

Cleveland, O., Feb. 9.—The eight round bout between Johnny Kilbane, featherweight champion of the world, and Benny Valgar, of New York, scheduled at Newark, N. J., for February 16, has been postponed until February 25. Advice to Kilbane today stated that Valgar is ill with influenza.

THE YOUNG PEOPLE'S SOCIETY OF CENTENARY CHURCH

The Young People's Society of Centenary Church held a very pleasant social evening last night under the management of the Social Committee.

NASHWAAK LEAGUE

In the Nashwaak Pulp and Paper League game played on the Victoria Alleys last night, the Mechanical Department took all four points from the Paper Room.

Mechanical Department	
Linton	71 88 78 237 79
Keirs	86 79 77 242 80-23
Golding	82 82 83 248 82-23

AMHERST DEFEATED CHARLOTTETOWN

Special to The Standard.
Amherst, N. S., Feb. 9.—Amherst defeated Charlottetown in a hotly contested game tonight, 8 to 7. The game was very fast, clean and exciting. No penalties were handed out during the sixty minutes of play. The first period ended 2 to 1 in favor of Amherst, and the second 6 to 4 in favor of the local team, Amherst. In the third period Charlottetown forced the play, and only hard luck in shooting kept them from registering a victory over the Islanders.

GIRLS' CABINET ANNUAL MEETING

The annual meeting of the Girls' Cabinet was held yesterday afternoon in the Y. W. C. A. Kings street, Miss Somerville presiding. This Cabinet consists of all presidents of Canadian Girls in Training Groups and other elected members from each church.

PRESENTATION TO POPULAR MANAGER

A pleasant time was spent at the residence of James Sterling, 199 King street east, last night, when members of the Eastern Electric Company staff assembled to give H. C. Finley, a farewell. It had been intended to have a sleigh drive during the evening, but as the weather looked threatening the drive was cancelled and the party adjourned to Mr. Sterling's residence, where a delightful time was spent.

ENGLISH FOOTBALL

London, Feb. 9.—(By Canadian Press)—Football games today resulted as follows:
First League.
Sheffield United 0; Derby County 0.
Second League.
Barnsley 0; Grimsby 1.

Fredericton Won From Marysville

Fredericton, Feb. 9.—Over 1500 people crowded into the Arctic rink tonight when they witnessed an interesting, snappy game of hockey between Fredericton and Marysville teams. It was the largest crowd that has turned out to a hockey contest in some years. Fredericton proved the winner by a score of 6 to 3. It was a game of "see saw" up to the last minute when the brilliant work of Leonsbury capped the game for Fredericton.

Jockey Killed At New Orleans

New Orleans, La., Feb. 9.—An accident happened at the fair grounds today in the third race, in which Jockey Jack Sullivan, 16 years of age, of New Orleans, lost his life in a nasty spill rounding the last turn. The horse which finished first, Alula, was held responsible for the accident, and was disqualified. Sullivan's mount, Rory O'Keefe, was instantly killed. Sullivan's life was also snuffed out, he never regaining consciousness.

DUDEE WAS OUTFOUGHT.

Jersey City, N. J., Feb. 9.—Penny Leonard, world's lightweight boxing champion, outfought Johnny Dundee, of New York, in every round, of an eight-round bout here tonight. Dundee put up a stiff battle for the champion outpunched him throughout. Leonard weighed 135 3/4 pounds, and Dundee 131 1/2.

MAIL CLERKS ELECT OFFICERS

The regular meeting of the N. B. and P. E. I. Ry. Mail Clerks Association was held in their rooms, Market Building, St. John, on the afternoon of the 8th inst. The following officers were installed for the ensuing year: President, A. K. Melick; vice president, C. E. O'Reilly; secretary, W. J. Wood; executive, A. H. Troy, Campbell; E. P. Gallant, Charlottetown; Z. Cowan, St. John; T. B. Bedell, St. John.

ST. STEPHEN VS. THISTLES.

The St. Stephen curlers will meet the Thistle Club with two rinks this afternoon and two this evening. A return game will be played in the St. Stephen ice some time in the future.

ST. STEPHEN VS. THISTLES.

The St. Stephen curlers will meet the Thistle Club with two rinks this afternoon and two this evening. A return game will be played in the St. Stephen ice some time in the future.

HOUSE LEAGUE BASKETBALL

The Y. M. C. A. House League basketball game presented a series of surprises last night. Ryan's team seemed to have everything their own way in the first half, the score ending 22-12 in their favor.

Suit To Restrain National League

Chicago, Feb. 9.—Suit to restrain the National League from arranging or publishing a schedule for 1920 was filed in Circuit Court, today, by Charles Webb Murphy, one time owner of the Cubs. Murphy names all the clubs in the league as defendants.

Fenway Park Capital Stock

Boston, Feb. 9.—Action looking toward the sale by auction of 3,000 shares of the capital stock of the Fenway Realty Trust, owners of Fenway Park, home of the Boston Americans, was announced tonight by attorneys for Joseph J. Lamin, former owner of the Red Sox. The ownership of the baseball club is not involved.

Common garden heavy tea, with added, will turn faded hair beautiful. Mixing a sulphur compound with the ready-to-use ed by the addition of large bottles of stores, known as Sulphur Compound of mules.

While gray, face we all desire to appearance and darkening your Sage and Sulphur can tell, because ly, so evenly, sponge or soft bit through your strand at a time hairs have di other application comes beautiful and luxuriant a younger.

Police Court Cases Yesterday

Seven Drunks Remanded to Think it Over—Case Against Thomas Mallory for Having Illicit Still Was Before the Court—Judgment Thursday Afternoon.

After a couple days quietness in police court circles, the new week got away with a start yesterday morning. It was "stock taking day" and seven drunks, the harvest of the week-end, were brought up for inspection. After a severe reprimand from the magistrate they were sent below to think it over. One of the men claimed to have lost \$55.

The Mallory case was resumed in the afternoon. Inspector Kerr went on the stand and identified two bottles which he had been given by Police Sergeant Joursney to have analysed.

M. V. Padlock, provincial analyst, found the contents of the bottles to contain a large percentage of alcohol, one went as high as 62 per cent. Police Officer Gibbs identified the bottles as those seized in the same barn as that in which the still was found, one of the bottles having been attached to the still.

Wm. A. Weeks, deputy collector for the Inland Revenue Department, identified the still produced in the court, as the one he had seized when it was

brought forward in evidence against Mallory by the prohibition authorities. He said that the defendant had no authority to have a still in his possession, as a license was necessary from the department, which the defendant did not have.

Mallory stated that he had taken a drink for over twenty years, and that when prohibition went into effect and he found it impossible to get liquor, he had installed the still, from which, after several unsuccessful attempts, he had at last made a strong wine. He never sold a drop, and did not think he was violating the law any more than if he had made the ordinary rhabarb wine, which he said was in many cases much stronger. He added that the alcohol which he had was much stronger than his product. His employer, E. Wetmore was unaware that the still was in the barn.

G. Earl Logan asked for a conviction on the grounds of the defendant having an illicit still in his possession contrary to the Inland Revenue Act.

Judgment will be given in the case at 2 o'clock Thursday afternoon.

The Morris case which was to have come up yesterday afternoon, was postponed to Friday afternoon at 2:30 owing to the absence of the counsel for the defense Scott A. Morrell.

Mr. J. T. Hawke's condition continues to improve. Mr. Hawke is gradually gaining strength, and although he is able to sit up, he has not sufficiently recovered to be able to leave his room. Moncton Transcript.

Young Men Don't Get Bald Cuticura Does Much To Prevent It

Dandruff, itching, scalp irritation, etc., point to an unhealthy condition of the scalp, which leads to thin, falling hair and premature baldness. Frequent shampoos with Cuticura Soap and hot water do much to prevent such a condition, especially if preceded by a gentle anointing with Cuticura Ointment to spots of dandruff and itching.

Small text describing Cuticura products and their availability.

A DANGER SIGNAL— TENDER AND BLEEDING GUMS

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhoea are dangerously diseased. For not only the teeth are affected, but Pyorrhoea germs creep into the body, lower its vitality and cause many ills. Pyorrhoea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them. Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhoea away by using Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhoea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-sinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment. See and Buy in Canada and U.S. If your druggist cannot supply you send to us direct and we will mail tube postpaid.

Forhan's FOR THE GUMS

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, straggled and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of mess. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

PREVENTION IS BEST CURE FOR INFLUENZA SAY PUBLIC AUTHORITIES

Every Possible Effort Is Being Made In Affected Localities To Stop Further Spread Of Disease.

QUANCE OF PREVENTION WORTH POUND OF CURE

Persons Who Catch Colds Easily and Who Are In Run-Down Condition In Greatest Danger.

Influenza continues to spread; and the disease is now prevalent over many sections of the country. It has baffled the medical skill to an unusual extent, and although it has been held in check in most localities it has gotten beyond control in others. The germ has eluded bacteriologists, and medical men now agree that the best cure is prevention. The surest prevention is to build up the bodily powers of resistance, and to get the system into the best physical condition possible. It is generally agreed that it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection not excepting influenza. It has been observed that persons who are weak and run-down are more susceptible to the disease than persons who are in robust health, and if you are in a generally run-down condition and below normal weight this warning should be heeded promptly. If you are in this condition nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science. As a reconstructive tonic and system builder it is without an equal and contains the very elements needed by the system to give you fighting strength to ward off disease germs. This is a statement of fact and is supported by the recognized authorities and reference works including the U. S. Dispensary, the Encyclopedia Britannica, and also by standard text books used in the schools of medicine. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine and by the fact Tanlac is today having the largest sale of any tonic on the American market. Tanlac is also an ideal strengthening tonic for persons who are suffering from the after-effects of colds, influenza, ordinary Grippe, and bronchial troubles, and hundreds of thousands are using it daily with most gratifying results. In connection with the Tanlac treatment it is very important to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac. Tanlac is sold in St. John by Ross Drug Company, and P. W. Munro, under the personal direction of a special Tanlac representative—Adv.

his father, who resides at 3 Frederick street, the lad is survived by two sisters, Mrs. John Stark and Miss Annie, and one brother, Howard, all of this city. Much sympathy will be felt for the family in their bereavement.

H. E. Elson.
Word has been received in Moncton of the death of H. E. Elson, at his

home, 156 Ossington avenue, Toronto. Mr. Elson was for some years factory foreman for the J. A. Marven Company, Moncton. The end came very suddenly Saturday morning, and was a great shock to his wife and son, G. E. Parks.

The death of G. E. Parks in the 64th year of his age occurred yesterday morning at the home of Mrs. Wesley Long, 58 Winslow street. Mr. Parks had been in ill health for the last

year. He was the son of Archibald Parks, a well known ship builder of St. Martins, and was engaged with his father in business for several years. He leaves to mourn five sons and one daughter, Benjamin, of Rothway; George E., of New York; Arthur D., Lee M. and Frank M. and Mrs. Wesley Long, all of West St. John. The funeral will be private and the body will be taken to St. Martins for had been in ill health for the last

DISTRIBUTION BEGINS TOMORROW

You can't keep up with the world unless you have this book in home and office. This paper puts it within your grasp at nominal cost. Thousands of words used daily, brought in by science, Military and political upheavals, art, religion, industry, never put into ANY previous dictionary, are ALL clearly defined in the

NEW Universities Dictionary

Compiled and Edited by the Six Master Dictionary Builders of America.

- PERCY W. LONG, A. M., Ph. D., Harvard University.
- CLARK S. NORTHRUP, Ph. D., Cornell University.
- JOHN C. ROLFE, Ph. D., University of Pennsylvania.
- FORREST S. LUNT, A. M., Columbia University.
- MORRIS W. CROLL, Ph. D., Princeton University.
- GEORGE J. HAGAR, Editor-in-Chief.

Each of these distinguished educators teaches, in their contributions to the New Universities Dictionary, how fashions in words changed and outgrew the old dictionaries. They tell how to build and punctuate sentences—how to acquire refinement, culture and force in speech and writing.

The New Universities Dictionary is more than a vocabulary—it is twenty-five dictionaries and a complete encyclopedia all in one—an exhaustive inventory of today's English.

All other dictionaries are out-of-date. This one, offered exclusively to readers of this paper, for a limited time only, is right up to the minute. You need it—your family needs it—your children need it every day. It should be your pleasure to get it at once.

Take One Home Tomorrow—Money Back if Not Satisfied A DICTIONARY ABSOLUTELY NEW

This dictionary will be given absolutely free of charge to every bona fide new subscriber to The Daily Standard for one year at \$4.00 by mail and \$6.00 in the City of St. John, paid in advance.

Printed from all NEW type, large and clear. Paper of a weight and quality to make the book most DURABLE and yet comfortable in use—EASY on the EYES. Richly bound in black flexible seal grain, red edges, round corners.

THE MONTCALM DRIFTING WITH ICE

Ottawa, Feb. 9.—Although the vessel is in no danger, chances of the government ice breaker Montcalm reaching the Magdalen Islands seem very remote. The latest report received at the Marine Department states that she is now eight miles off Cape St. Lawrence, on the north end of Cape Breton Island, drifting westward with the ice. The only hope is in a spell of moderate weather.

LIV-RITE TONIC ALWAYS POPULAR

A Ready Source of Relief to Those Who Have Tried it—Still Making Friends.

There is something about "Liv-Rite Tonic" which when people once have tried it causes them to have faith in its curative qualities. They get a reason for their belief in it because it is such an unfailing source of relief. It is especially recommended to persons suffering from internal troubles, from stomach disorders or liver ailments—there are many cases about the city wherein a cure has been effected for people who have used this "Liv-Rite Tonic" after they had suffered for years and tried different other remedies.

Reliable druggists have been supplied with this tonic but if you cannot get it at the druggists with whom you deal, send a dollar to the Maritime Drug Co., 108 Prince William street, and they will be pleased to return their remedy. It is not only a curative but a preventative as well, a splendid regulator for the system, to purify the blood, and to rid one of easy and disordered stomachs. Much of what is thought to be stomach trouble is often due to the liver, and vice versa—the "Liv-Rite Tonic" is a cure for both. Leave your order today. (Advt.)

C. P. R. DECLARE DIVIDENDS ON COMMON AND PREFERRED

Montreal, Feb. 9.—At a meeting of the directors of the Canadian Pacific Railway today following dividends were declared:
 On preference stock, two per cent for half year, ended thirty first December last.
 On common stock, two and one half per cent for quarter ended thirty first December last, being at rate of seven per cent per annum from revenues and three per cent per annum from special income account. Both dividends payable first of April next to stockholders of record three p. m. first March next.

Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.
 The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.
 It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.
 You can get Mulsified coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

MARKET REPORTS

STOCKS, BONDS AND PRODUCE

W. P. HUGHES,
 W. P. Hughes, who for the past three years has been secretary of the Montreal Branch of the Canadian Manufacturers' Association, heads the recently organized import and export firm of Hughes Trading Co., of Ontario, Ltd., with head offices in Montreal. The new firm will engage in buying and selling import and export products principally the export of Canadian manufactured goods and the import of raw materials. Mr. Hughes previous to his connection with the C. M. A., spent several years in journalistic work in England and Canada.

NERVOUSNESS THE DOMINANT NOTE OF STOCK MARKET

Uncertainty Underlying the General Financial Situation Contributed to Uneasiness in Trade.

New York, Feb. 9.—Nervousness was the dominant note sounded by today's apathetic stock market, prices recording progressive reactions after the firm opening, but rallying irregularly when money eased in the last hour.

Market gossip and letters circulated by brokers and commission houses over the week end dwell upon the uncertainties underlying the general financial situation and such opinions as were vouchsafed expressed belief in further liquidation.

Foreign exchange and local money conditions were unmistakably better. The London rate retaining most of its recent recovery, while call money was freely offered at eight per cent. Last week's clearing house statement showed further material reduction of loans and discounts, but reports submitted by the principal reserve centres of the country disclosed additional impairment of cash holdings.

Efforts made in certain quarters to translate prospective action by the Senate on the Peace Treaty into a bull movement met with scant success. Traders evinced little interest in a market which seemed so devoid of leadership or recuperative power. Some stocks were carried under last week's lowest quotations, shipments displaying conspicuous weakness as a result of selling impelled by the belief that they are likely to suffer severely in any further curtailment of foreign trade.

Motors, oils, leathers, tobaccos and an admixture of unclassified issues embraces the other heavy stocks, but covering by shorts in equipment led the final recovery. Sales amounted to 775,000 shares.
 The general bond market was best, but minor reactions predominating in investment issues, the Liberty group and Internationals. Sales, par value aggregated \$15,850,000.
 Old United States coupon and registered 2's and 4's advanced 14 on call.

TORONTO GRAIN QUOTATIONS

Toronto, Feb. 9.—The grain quotations on the Toronto Board of Trade today were as follows:
 Manitoba wheat—No. 1, northern, \$2.80; No. 2, \$2.77; No. 3, \$2.72, in store Port William.
 Manitoba oats—No. 2 c. w., 91c.; No. 3 c. w., 88½c.; No. 1 feed 84½c.; No. 2 feed 82½c.; extra No. 1 feed 83½c., store Port William.
 American corn—No. 3 yellow, \$1.80; No. 4, \$1.77, track Toronto, prompt shipment.
 Canadian corn—Feed nominal.
 Manitoba barley—in store Port William, No. 4 c. w., \$1.44½; rejects \$1.23½; feed \$1.23½.

 Ribs, \$17.50 to \$18.00.

HEAD OF HOTEL SYNDICATE SEES NO CAUSE FOR DEPRECIATION OF CANADIAN DOLLAR IN U. S.

Believes Its Depreciation is Artificial and There is No Basic Reason for it—Same Reasons That Caused Sovereign and Franc to Drop Cannot be Applied to Canadian Dollar.

John McR. Bowman, head of the great group of New York Hotels which comprise the Baltimore, the Commodore, the Belmont, the Manhattan, the Murray Hill and the Ansonia, which daily take care of hundreds of visiting Canadians, has sent the following telegram to the Canadian Wholesale Grocers' Association, at Toronto, which is told in this morning's papers, reports overwhelming sentiment from Canadian dealers against purchasing American goods unless payment for them is accepted in American money.

"I have always been in favor of the fullest trade intercourse between Canada and the United States, and from the first, instructions have been strictly enforced at all the hotels in which I am interested to receive valid Canadian checks at their full face value and to accept Canadian currency at 100 cents on the American dollar. These instructions have been renewed. There is absolutely no reason for any difference between the money of the two countries. There is no boundary in language—no boundary of any sort except what is artificial and there is no cause why Canadian money should be as a discount."

Mr. Bowman, who though an American citizen is of Canadian birth, believes that the depreciation of the Canadian dollar is artificial, and that there is no basis for it.
 "Here the two countries lying side by side whose friendship is proven and established by more than a century of continuity," he said today, "the men from Canada finds here every opportunity that is open to the men of American birth. In Canada there is nothing that is not open to the man of American birth. We speak the same language and we have intermarried."
 "Before the war the Canadian dollar was of the exact value of the American dollar. Theoretically its value

place at her late residence, 4183 Girard avenue, Philadelphia, of Edith Dixon, widow of Thomas F. Dixon, formerly of Jubilee, Kings county, N. B., in the 51st year of her age.
 Mrs. Dixon was the daughter of James and Magie Fairweather, of Norton, Kings county, and was of Loyalist descent on both sides of the family. She was born in 1869, and was the youngest and only surviving member of the family. She married Thomas F. Dixon, and in 1876 went to Philadelphia to live. She leaves to her two daughters, Helen at home, and Kate, widow of George Hoyer, of New Jersey, and three sons, Henry Norman and Amory, all of Philadelphia.
 While living in the United States Mrs. Dixon never lost her deep interest in all matters Canadian, and for years the family returned to the Dixon property upon what is known as "The Neck" on the Kettlebecas River to spend the summers. Of a bright and cheerful disposition, and a kindly nature she will be greatly missed by all her old friends.
 Up to the last she took an interest in all the affairs of the day, and her relatives here will miss her letters which were never falling on all anniversaries. Sympathy will be felt for the bereaved family.

THE WEATHER.

Toronto, Feb. 9.—A depression which was situated in Manitoba last night is now centered near Lake Superior, giving light snowfalls over the greater portion of Ontario. Elsewhere in Canada the weather is fair and moderately cold, except in Alberta where it is mild.

Maritime—Fair today; then winds increasing to strong breezes or moderate gales. Southeast to southwest with snow or rain.

AROUND THE CITY

AN APPOINTMENT. Stanley Hawkhurst of Adelaide street, a returned soldier, has been appointed assistant driver for the police patrol. He will alternate on night and day work by week with the present driver.

ENGINE DERAILED. The Sussex suburban was thirty-five minutes late reaching the city yesterday morning on account of being delayed by a slight derailment of the engine while coming out of the roundhouse at Sussex. It was caused by the ice on the rails.

THOUGHTLESS PERSONS. A number of thoughtless persons, especially boys, have increased the damage to trees about the city by breaking ice from the branches. H. E. Gould, florist, says this does no good and has the effect of making conditions worse.

CHANGE OF MEETING PLACE. The next meeting of the St. John Ambulance Association, which is tomorrow evening, will be held in the Red Cross Depot, Hazen avenue, instead of the Board of Trade rooms, as previously announced. During the evening there will be demonstrations of bed-making.

SUBJECT TO QUARANTINE. The following letter was received today by the Collector of Customs: Ottawa, 8th February, 1920. To Collector of Customs: The Department of Customs is advised that all vessels at Jamaica from Canada will be subject to quarantine if there are any cases of influenza on board.

ESCAPED PRISONER. Chief of Police received a telegram yesterday stating that the case of Edgar Baetham, who escaped from jail here and went to Boston and was apprehended there by the police, has been fighting extradition, but has been deferred three months from January 27, 1920.

CLERKS' ASSOCIATION. A meeting of the Social and Entertainment Committee of the Clerks' Association was held last evening, with J. Higgins in the chair. After some discussion it was decided to hold a minstrel show in the Opera House some time in the near future under the auspices of the Association. The following committees were formed: Business Committee, Mrs. Courville, B. Campbell and Thomas Stack; Advertising Committee, Fred Bustin, Fred McGovern and J. Higgins. Members of the Association, under the direction of Misses Howard and Kirkpatrick, will have charge of the ushering.

IMPERIAL PRESS DELEGATES. The delegates to the Imperial Conference meetings in Ottawa will land at Halifax on July 25, and after a visit to Nova Scotia and Prince Edward Island, will reach St. John at 9 o'clock on the morning of July 30, remaining until the following morning at 8 o'clock, when they leave by the Valley Railway for Quebec. Present indications are that the party will comprise upwards of one hundred overseas press men, some forty of them accompanied by their wives, and twenty-five Canadian press and railway representatives. Mrs. Northcote, and other outstanding members of the profession will be among the party of overseas press men.

ANNOUNCING THE ARRIVAL OF NEW SILKS. F. A. Dykeman & Co. receive a shipment of wanted weaves and colors. Notwithstanding the great difficulty of obtaining many of the most popular silks, under present market conditions, F. A. Dykeman & Co. are able to announce that they can now show a splendid collection of all the most fashionable silks in both plain and fancy weaves, such as: Paillettes, 35 inches wide, at \$2.85 per yard in the following shades, Dark Green, Brown, Navy, Copenhagen, Paddy, Red, Taupe, Smoke, Purple, Garnet, Pale Blue, Pink and Black. Colored Shantung, 34 inches wide at \$2.85 per yard, in Pink, Green, Navy, Brown, Grey and White. Black Silks—Paillette, 36 inches, \$2.60, \$2.75 and \$2.95 per yard. Duchesse Satin, \$3.00, \$3.35 and 3.45 per yard. Black Silk Poplin, 36 inches wide, \$2.60 and \$2.75 per yard, and many others that it is well worth while coming to see.

GRAND CONCERT. Don't forget the finest musical event of the season by the City Cornet Band and assisting talent at St. Vincent's Auditorium tomorrow, Wednesday evening, 8 o'clock sharp; admission 25c, reserved seats 50c. Proceeds for St. Vincent School fund.

Police Discover Dock Street Fire

Early Discovery of Blaze on Second Floor of N. Jacobson's Furniture Store Prevented Serious Conflagration Last Night.

The quick discovery by Police Officers Coughlan and Dykeman of a blaze which started on the second story of N. Jacobson's furniture establishment at 40 Dock street last night prevented a most serious conflagration. As the officers were patrolling their beat they noticed smoke issuing from the top windows of the building and while Officer Coughlan ran to sound an alarm from Box 5, his brother officer telephoned No. 3 Fire Station in case the fire alarm system was still out of commission owing to the recent storm. The firemen were quickly on the scene and as soon as they reached the second story of the Jacobson premises they discovered the smoldering and burning of the ceiling burning briskly and the burning cinders dropping on the furniture. All that was needed was a line of hose from the chemical to stop the fire but considerable damage was caused from smoke.

The fire started from a defective fuse, the chimney being entered from either Jacobson's or the adjoining store conducted by J. Perchacko who conducts a drygoods store on the lower floor, while the second and third floors over the latter store is occupied by Jacobson for storing furniture. The firemen found the smoke very dense in the upper floors when they entered the building, and also found it more difficult to reach the windows owing to the floors being packed full of furniture, with very small passageways and the stock piled up against the windows. There was also a large quantity of papers about the floors which with the furniture would have made ready fuel for a bad fire. The proprietor of the establishment was instructed to have the place cleared.

The fire not only burned a section of the second floor ceiling but burned through the beams and it took considerable cutting before the last sign of fire was removed.

Mr. Jacobson stated last night that he had some insurance but not very much, but there is no doubt quite enough to cover the loss.

Havoc Caused By The Storm

Telegraph and Telephone Service Getting Back to Normal—Trains Are Running on Time—Sidings Are Blocked—Clearing the Streets.

Despite the havoc caused by the recent storm the C. N. R. and the Western Union Telegraph Companies have their services back to almost normal and a large crew of line men are kept at work repairing the damage caused by the gales. The C. N. R. and C. P. R. train service is working well and yesterday almost every train was on time. Considerable trouble is had in the sidings and the section men are working hard in clearing the rails so that freight cars can be moved.

While the New Brunswick Telephone Company has its service pretty well under control the work in clearing up the damage in the out of town districts is a big proposition.

An official stated yesterday that the company had reports of poles down at Dorchester, between Moncton and Bucoche and between Richibucto and Chatham. It is taking every available man in the company's employ, and they are all doing their work on foot. Men left the city Saturday, Sunday and Monday mornings on foot with hand-saws carrying wire and material to put lines in working order again. Where poles are broken off rubber covered wire will be run along the snow and held up by small stakes, or fence or trees, in this way giving service until springtime permits new poles to be erected. At noon yesterday the telephone service had been restored from St. John to Sussex, with a circuit working through as far as Moncton. Several large crews are working on the lines to Fredericton.

The gangs of men working in clearing the Street Railway tracks have gained results and yesterday cars were running on the main line from Westwood street, through Britain, St. James, Prince William and out to Inglewood, Mrs. E. Plummer presided, and Mrs. W. H. Nice conducted the devotional service, giving a helpful talk on the text: "I can do all things through Christ who strengtheneth me."

The following committees were appointed: Spirituality—Mrs. W. H. Nice, Mrs. H. A. Goodwin, Hospital—Mrs. S. K. Smith, Mrs. Roy Gregory, House—Mrs. R. McLaughlin, Mrs. John LeLachour, Emergency—Mrs. A. B. Fowler, Miss Peck Clark.

After some discussion as to ways and means, it was decided to adopt the plan for raising money known as "The Pudding's Pack" which has been successfully employed in circles in other cities.

It was reported that two loads of coal had been supplied to families in need. Ten dollars was voted to the funds of the order.

ENTERTAINMENT WAS GREATLY ENJOYED. The concert given under the auspices of the Navy League at the Seaman's Institute last night was much enjoyed. Colonel E. T. Sturdee was the chairman of the evening, and opened the programme in a few well chosen words.

The Juvenile City Cornet band scored a great success with the sailors who voted their appreciation in these laudatory cheers. If the tars were pleased with the boys, the boys were no less pleased with the tars, and it was with great vim that they joined Mr. Punter in the chorus of Ship Ahoy.

Miss Kelly delivered an instructive lecture on the work of the British Navy and the Mercantile Marine during the war.

Miss Hetherington and Mr. Punter were both warmly applauded and received a second time.

The programme follows: Overture—Juvenile City Cornet Band Vocal Solo—"A Sea Song" Mr. Punter Pictures—"A British Battleship in Rough Weather in the North Sea." Vocal Solo—"In an Old Fashioned Garden." Miss Frances McInerney Pictures—"The Formidable" sunk in the Channel. Sailor's Hornpipe... Chas. Cortello Pictures—"The Navy Keeps Us Safe and Free." (Words and music composed by this lecture by Miss Mary E. Kelly).

National Anthem. TALKED ON MOVIES. G. A. Marrett was the speaker at the Rotary Club luncheon yesterday. Dr. L. V. Chipman was in the chair. Rotarians Guy Smith and Barton led the music. Several guests were introduced and there was a large attendance. Rotarian Marrett gave a most illuminating talk on the moving picture business and presented a strong argument for one federal board of censors.

KING STREET OPEN. The Street Railway sweepers managed to open the tracks on King street last night, and the workmen are making pretty good progress on other sections of the line that is frozen in.

Courtenay Bay Strike Conference

Representatives of Bedford Construction Company and Committee of Employees With Legal Representatives Met Yesterday—Another Session This Morning.

A conference was held at City Hall, yesterday, between the representatives of the Bedford Construction Company and their employees with a view to settling the difficulty there. Representatives of the men complained that the Company, which has the contract for the dredging at Courtenay Bay, was discriminating against union labor, and employing foreigners in preference to Canadians. The company's representatives had a conference with the Mayor and Commissioners in the morning, and in the afternoon the Mayor and Commissioners had both parties to the dispute at City Hall.

Mr. A. Campbell, president of the Trades Council, was present with a committee of five representing the strikers. As legal advisers J. A. Barry represented the men, and J. D. P. Lewis the company. After discussion various phases of the dispute, it was decided that the company's representatives should meet with the committee of the men again this morning.

The Mayor stated last evening that at the conference both sides had shown a conciliatory spirit, and he thought the prospect was that the misunderstanding would be cleared up in a short time.

SIXTEEN NEW "FLU" CASES REPORTED

Since Saturday sixteen new cases of influenza have been reported to the Board of Health, and while all are of a moderate type, still every precaution should be taken.

In order to cope effectively with the present outbreak of influenza, a diet kitchen will be opened at the former Red Triangle rooms, Charlotte street. Citizens are asked to cooperate by furnishing empty bottles, which are essential in delivering soup. The committee in charge ask that all such contributions be addressed to the diet kitchen and left in charge of the janitor. One or more bottles will be acceptable.

Unless something is done soon throughout the country towards breaking the roads, the influenza situation may become a more serious problem. It is now almost impossible for the doctors on country practices to drive over the roads and make calls on their patients.

In order to do all in their power to prevent the spread of influenza among their employees the C. P. R. are issuing to every member on the staff a package containing six antiseptic tablets. Yesterday the local head office sent 3,000 packages, or a total of 18,000 tablets. With this package is a circular giving detailed instructions as to the symptoms and all necessary precautions which should be observed.

The total number of flu cases reported to the local Board up till yesterday afternoon was seventy-seven.

THE STANDARD'S PRIZE OFFER

Walter H. Golding and Rev. D. H. Lowth have consented to Act as Judges of Pictures Entered in Competition for Prizes Offered by The Standard.

Following the announcement of The Standard's Prize Offer of \$25.00 for the best photographs of ice scenes made during the past few days, a number of inquiries have been received. Sunday, of course, was the big day for amateurs, for on Saturday there was little sunshine and on Monday the cloudy atmosphere killed all sharp contrasts, giving the pictures and buildings of the city a rather drab appearance.

Walter H. Golding, Manager of the Imperial Theatre, and Rev. D. H. Lowth, President of the St. John Camera Club, have consented to act as judges of the pictures submitted in this competition, and Mr. Golding will reproduce the winning films on the screen of the Imperial.

The Standard offers a first prize of \$15.00 and a second prize of \$10.00 for the best amateur snap made of ice scenes in the city or vicinity of the effects of the recent storm. Professional photographers are barred. Undoubtedly there are hundreds of amateurs who have films in their possession which they expect to have developed this week. Any competitor may submit two prints either of the same or of different subjects. All entries must be received at The Standard Office by noon on Saturday of this week. The names of the winners will be announced on the following Monday and the winning pictures reproduced in The Standard of that day, if possible.

THE FORWARD MOVEMENT. W. B. Snowball, of Chatham, will address the men of Centenary Church on subjects connected with the Forward Movement on Wednesday evening. Supper will be served at half-past six, to be followed by a programme, which includes Mr. Snowball's address.

Kindergarten Tag Day, February 10th. Caribbe, Acetylene Burners, P. Campbell & Co.

Don't Risk An Ugly Fall. A fall on an icy pavement, especially in the cases of elderly people, often results in a "shaking up" from which it takes weeks to recover, while the strain produced from the effort to prevent falling is sometimes even more serious. Don't risk either, but let us supply you with a pair of dependable ICE CREEPERS which we offer in three styles, as follows:—"Rival" Creepers, which clamp securely to the shoe heel, and fold in beneath the instep while indoors. Per Pair 50c. Instep Creepers, with straps. Per Pair 50c. Strap Creepers, for use with either shoes or rubbers. Per Pair \$1.25. GROUND FLOOR—MARKET SQUARE STORE. W. H. THORNE & CO., LIMITED. Stores Open at 8.30 a. m.; Close at 6 p. m.; Close at 1 p. m. Saturdays during February and March.
