"Just a little tickling in the throat!" Is that what troubles you? But it hangs on! Can't get rid of it! Home remedies don't take hold. You need something stronger—a regular medicine, a doctor's medicine. Ayer's Cherry Pectoral contains healing, quieting, and soothing properties of the highest order. Ask your doctor about this. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

H. B. ANSLOW, EDITOR AND MANAGER

CAMPBELLTON, NEW BRUNSWICK FRIDAY, MARCH 4TH, 1910.

The power of the church in Montreal is illustrated by the withdrawal of the Passion Play from a local theatre because it has been placed under the ban.

The Alberta Government had an exciting time this week, but came out with a safe majority. Mr. R. B. Bennett's wild "ontario" doubtless helped rather than injured the cause of the Government.

Germany desires to cultivate friendly trade relations with Canada. The shrewd German traders have an eye to the future, and realize that Canada is growing very rapidly.

The harrowing stories of western avian-birds give life in the west is more pleasant color. The people of New Brunswick are particularly fond of the dramatic conditions prevailing here throughout the year.

Premier Asquith declares he will have his way with the House of Lords or resign office. The Lords will probably see the need of submitting to a reasonable measure of reform with good grace.

In England the view is held in well-informed circles that amicable trade relations between Canada and the United States will be good for Canada without seriously affecting British trade.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will surely prove its truth. No vomiting, no distress. Safe and pleasant syrup—50c. Sold by all dealers.

LOGICAL ECZEMA CURE

ENDORSED BY PHYSICIANS

Dr. R. A. Folliott, of Duluth, Minn., tells of his success in treating patients with D. D. D. Prescription.

There was a man here suffering from eczema for the last fourteen years, and I applied the D. D. D. treatment. I also applied it to a man of West Duluth, Minn., who has been suffering with Eczema in his feet, and the second treatment of both cases cleared the skin almost absolutely. The first application is a balm, and its soothing effect is beyond expression. I shall never be without it, and shall use it among my patients' ailments.

No matter how terribly you suffer from eczema, salt rheum, ringworm, etc., you will feel instantly soothed and the itch allayed at once when a few drops of this compound of oil of wintergreen, thymal, glycerine, etc. are applied. The cure all seem to be permanent.

For free trial bottle of D. D. D. Prescription write to D. D. D. Laboratory, Department C, D. 24 Jordan Street, Toronto.

For sale by all druggists.

UNION BLEND TEA

the Tea that satisfies

YOU know the kind of tea you like—will you let Union Blend prove its own case? That's all I ask. Simply go to your grocer, order a pound packet—or a half pound if you prefer—and see for yourself if it doesn't make half as many cups again as the kind you are using. Just count the cups. A tea at 40c. that goes half as far again as a 50c. tea is economy, isn't it? Your own judgment can be the judge—I'll stand by the decision it makes. Try it.

Union Blend one pound packets—the pound packets only—contain enough tea to make 40 cups of tea. But this is merely an advertisement—the tea itself is worth the price, fully.

A falling tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The Stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or falling Stomach.

Heart or Kidney. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering nerves. This, no doubt, clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

HOT DOG TITLE IS EXPLAINED NOW

The question "Why is a welter named a hot dog?" was answered by developments that followed the finding of two mutilated bits of meat in line of the sausage which Mrs. G. B. Sawright cooked for her husband's midday meal.

Sawright was enjoying the welter when his tooth struck a hard substance, which on being drawn out proved to be a bit of brass bearing the word "Dog." The second piece found in the same sausage proved to be a bit of iron bearing the number 1445. Sawright stopped eating, and hurried to the license bureau at the city hall, where his suspicions were verified by the information that license number 1445 had been issued to Miss Anna Bell, a prominent young woman of that city.

"Did you own dog license 1445?" Sawright asked when he reached Miss Bell's home.

"Oh, do you know where Sparky is?" eagerly inquired the young woman.

"Only part of him," replied Sawright. "Then he is explained."

And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babies. The tender leaves of a single mountain shrub give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' rest will tell. Sold by all dealers.

DISEASE ORIGINATES

IN THE BLOOD. Keep your blood rich in food, and its essential elements, and the body will be healthy, strong and well. The best way to administer food is by taking VINOL, which is a combination of the best food elements of Cod Liver Oil and Tonic Iron. It makes red blood corpuscles and thus creates strength quicker than any other method.

Could Not Sleep In The Dark.

Doctor Said Heart and Nerves Were Responsible.

There is many a man and woman tossing night after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted.

Mrs. Calvin Stark, Rosemont, Ont., writes: "About two years ago I began to be troubled with a smothering sensation at night, when I would lie down, I got so bad I could not sleep in the dark, and would have to sit up and rub my limbs, they would become so numb. My doctor said my heart and nerves were responsible. I saw Milburn's Heart and Nerve Pills advertised and got a box to try them. I took three boxes and can now lie down and sleep without the light burning and can rest well. I can recommend them highly to all nervous and run down women."

Price 50 cents per box or 3 for \$1.25 at all dealers, or mailed direct on receipt of price, by The T. Milburn Co., Limited, Toronto, Ont.

Family Physician Said Incurable

She was Cured Completely by Dr. Hamilton's Pills

A Terrible Experience with Indigestion.

Another example of the marvelous merit of Dr. Hamilton's Pills comes from Kingston, where Mrs. E. V. Holton was afflicted with a severe indigestion, and was unable to eat or drink for several days.

"Three weeks ago I was taken suddenly ill. My head throbbed and ached and I became so dizzy that I had to go to bed. There was a terrible feeling of weight and fullness in my left side and all the region of my stomach and bowels were so sore that I could scarcely eat. My doctor said I had incurable indigestion."

"As I had heard of Dr. Hamilton's Pills, I saw clearly that they were doing the good and continued the treatment. My appetite and strength gradually returned—my color improved, and day by day the stomach and liver derangements began to disappear. At last I was able to eat and drink, and I was in a terrible state—had no appetite, and I was so full of gas that I could scarcely breathe. My doctor said I had incurable indigestion."

INVALUABLE TO EVERY FARMER

Its Wonderful Power in Curing Sick Cattle and Colicky Horses Makes 'Nerviline' Worth Its Weight in Gold.

The stockman or farmer that doesn't know of the thousand and one uses of 'Nerviline' around the stable and on the farm is not doing himself justice. Think of looking my stable door at night without knowing I had a supply of 'Nerviline' on hand. I always get a dozen bottles at a time from my druggist. To cure colic, indigestion and bad stomach in a horse or cow there is no remedy on earth in the same class as 'Nerviline'. Last summer I had a 2500 horse that got the colic, and I gave him 'Nerviline'. I poured a full bottle of 'Nerviline' in a quart of water down his throat and saved his life. I know of neighbors who have saved many heads of valuable stock stricken with colic, just by using 'Nerviline'. It is equally good as a rubdown liniment, and I know from experience that for man or beast it is the best remedy in the world. It is worth a dollar a drop—James B. McCullough, Stock Dealer, etc. You will not regret using 'Nerviline'—but see you get it and not something else. 25c per bottle or five for \$1.00, at all dealers, or The Cataraugus Company, Kingston, Ont.

Did you ever hear any one say they could not get good coffee except in the States?

I have heard it, scores of times, and it's one of the reasons that made me decide to go into the Coffee business.

Of the Americans who visit us in summer, hundreds take home a supply of Red Rose Tea because they have never used such good tea before. I determined to put up a coffee that would make for itself just as good a reputation. It has not been easy, but I am sure I have succeeded.

Estabrooks' Red Rose Coffee, put up in sealed tins is—well, it's good coffee. You and your American friends will say so.

EULOGY FOR THE GRAND TRUNK
In the London Times of February 24th, an article appears from one of their travelling correspondents, descriptive of a tour through America, in which the following appears:—
By far the finest travelling I have done so far, in America was over the Grand Trunk line from Montreal to Toronto. The Grand Trunk have admirably a perfect roadbed. We ran at about fifty miles per hour on the International Limited and none of the English Railways could beat it for steadiness.
This eulogy from one who is a world wide traveller is very gratifying to Canadian Railways.

ASSIGNED BERTH
The S. S. Senlac has been assigned a permanent berth at the government wharf just east of the berths assigned the S. S. Senlac will be placed on the route as soon as navigation opens. The above assignment of berth and shed was agreed to at a meeting between Postmaster General Lemieux, Hon. Chas.
