JUDGMENT IN FISHERY CASE

Important Case in Dispute Settled by Judgment of Justice Roy of Quebec

Rimouski, April 14, 1917.—Judgment was rendered here a few days ago by the Honorable Justice Roy, Judge of the Superior Court, in a case which has attracted a great deal of attention, to wit, that of the Matamajaw Salmon Club vs. Duchaine.

The Matamajaw Salmon Club is located at Causapscal, in the Province of Quebec. Some years ago it purchased certain fishing rights from the Restigouche Salmon Club. The Restigouche Salmon Club had bought most of these fishing rights from Lord Mount Stephen. Two years ago, when the members of the Matamajaw Salmon Club went to fish as usual on the river, they were disturbed by one Duchaine of Causapscal, who claimed the fishing rights opposite one of the most valuable pools on the Matapedia River, known as lot C.

When ordered to move off, he refused to do so, and through his legal Attorney, Mr. Charles Angers, Advocate, of Quebec, he served a protest on the Club, claiming that he had bought lot C, and that as owner of lot C, he owned the fishing rights opposite the same.

As a consequence, the Matamajaw Salmon Club through their Attorney, the Honorable John Hall Kelly, of New Carlisle, entered suit against Duchaine, in order to have him give up possession of that part of the river, and also to have the Court declare that the fishing rights opposite the said lot belonged to the Matamajaw Salmon Club. The Matamajaw Salmon Club produced the title from Lord Mount Stephen to the Restigouche Salmon Club and from the Restigouche Club to itself. In these titles, it is stated that the Restigouche Salmon Club sold to the Matamajaw Salmon Club "the fishing rights opposite lot C," the same description was contained in the deed from Lord Mount Stephen to the Restigouche Salmon Club.

In answer to these titles, Duchaine pleaded that in order to convey fishing rights in a river, it is necessary that a part of the land bordering on to the river should also be sold with the fishing rights, otherwise, he claimed that if fishing rights are sold without land, it is only a privilege of use which lasts as long as the party lives, and that at his death, the fishing rights return to the owner of the land. In other words, the owner of the land claimed that a sale of fishing rights alone without any land is for the lifetime of the purchaser, and that in order to convey absolute ownership a piece of land must also be conveyed as is done in all cases.

In support of this claim, many authorities in France and other countries were quoted. In answer to this, the Honorable John Hall Kelly pleaded that when a person sells fishing rights in a river it is not necessary to sell a part of the river bank, that the right to fish in a river is a real right or a right of property, and not only a right of usage which disappears with the life of the party fishing. He also pleaded that when a person sells the fishing rights in a river, he is supposed to sell everything that may be required for the perpetual enjoyment of that right, and if it were necessary to include in a deed the bed of the river or a part of the river bank in order to convey the fishing rights, that when a person sells fishing rights purely and simply, he is supposed to sell everything that is necessary for the exercise of that right.

This case has been before the Courts for quite awhile, and by the judgment handed down last week, the Superior Court at Rimouski decided that the Matamajaw Salmon Club is the owner of the fishing rights in question, and that it is not necessary to convey a part of the river bank or a part of the bed of the river in order to sell the fishing rights opposite a lot. The judgment is a complete gain on

KAISER RULE AT DALHOUSIE

Will of Electors Defeated by Legal Quibble—Amended Announcement

Dalhousie, April 18.—The civic contest at Dalhousie, Tuesday was a warm one and Mayor Montgomery and his lieutenants left nothing undone to win the election by fair means or foul.

During the day employees of the Dalhousie Lumber Co.'s office worked hard for Montgomery. Ballots containing the names of only the Montgomery ticket were placed in the hands of other employees and it is alleged that they were led up to the ballot box, and the ballot put in. In writing of this matter a Graphic correspondent asks "is this a secret ballot?"

The boys are in France fighting for just such principles, yet here in Dalhousie, under the Union Jack electors were openly deprived of their franchise. Ninety ballots for Scott and his ticket were rejected for a technical reason, while eleven others were also not counted. All the electors are asking for "a square deal."

The ballots used were printed in the right form, but contained the names of Thos. G. Scott for Mayor—and eight men nominated for Aldermen. They were rejected because they did not contain the names of both candidates for Mayor and the sixteen candidates for Aldermen.

The following is the vote as polled:
For Mayor
Wm. S. Montgomery 123
Thos G. Scott 129
For Aldermen
Andrew Barbare 135
Patrick B. Troy 133
B. J. Chiverton 128
Jos. W. Elaliger 127
Daniel McDonald 127
Dugald G. Stewart 126

LT. MCCORD SPEAKS OF CAMPBELLTON BOYS

Two Irish Boys From Here Who Were True Heroes—How They Died

In an interview published in a St. John paper, Lt. McCord of Sackville speaks of the two O'Keefe boys as follows:

TWO IRISH BOYS.

"There were also two Irish boys from Campbellton who crossed with the first draft from the old 12th—the O'Keefe boys, Dan and Arthur. Dan was a great big stalwart chap with a voice like the bass of a pipe organ. He was a real fellow, always full of fun, and with a heart as broad as his voice. Dan was one of the few survivors of his company in the heavy fighting of May 8th, 1915. He carried messages back and forth and in those days since the war has developed Dan would have had a dozen or more recommendations. The next day, May 9th, with a few companions he was walking down what we call Railway Avenue at Ypres, when a big shell struck and killed the four of them. O'Keefe was buried near the historical ramparts of Ypres.

"His brother, Arthur, was a tall slender fellow with a blonde moustache. He had the distinction of being the first member of the old 12th to be wounded—receiving quite severe wounds in the neck. He rejoined up again in the winter and was through the heavy fighting, including that of May 8th. Although he had the shock of his brother being killed, he went through the Somme fighting during the fall of 1915 and when bombing was introduced he became an expert bomber, in fact one of the best in the regiment. In January, 1916, he went out with a party loaded with bombs in the night. It was a daring reconnaissance. Later he was carried to the rear and died in hospital and buried outside of Bailleul, where a cross was erected to his memory. There were never finer soldiers than the O'Keefe boys. They couldn't be beaten.

"Other men from the 12th draft who have been killed in action were Private Jardine of Chatham who fell early in the game, and Joseph Lorette of Sackville. The latter soldier was on a listening post at St. Eloi when they were first established. He received a mortal wound and died in a field ambulance. It was at Dikrich where he died and he was buried there. Joseph Lorette was a fine athletic fellow, very ambitious and he was much missed by all the boys.

BELGIUM RELIEF.

The Women's Institute wish to thank all those who by their donations helped to make the collection for Belgium Relief, taken on King Albert's birthday, such a splendid success. The amount realized was \$246.00. They also wish to thank those ladies who so kindly assisted in distributing and collecting the envelopes who by their kind co-operation very much helped in the work.

SCARLET FEVER.

There are several cases of scarlet fever in town and some houses are quarantined. The attention of our readers is called to Board of Health regulations published on another page.

Despite these figures the Town Clerk, Tuesday evening declared W. S. Montgomery and his entire ticket elected. But on Wednesday afternoon they evidently repented and by a later declaration, we are informed, W. S. Montgomery and two of his ticket and six of the Scott ticket are declared elected.

The whole matter is being laid before the attorney general and he no doubt will go fully into the matter.

WARNING!

The death of a munition worker recently occurred as a result of blood-poisoning from a slight cut. Now we are all more or less liable to accidents, both at home and at work, but we can protect ourselves against serious consequences by taking the proper precautions—that is by applying Zam-Buk immediately as injury is sustained.

Zam-Buk combines very unusual qualities. It is a strong antiseptic, and at the same time is very soothing and healing. It is therefore capable of ending the pain and destroying the poison in a wound before it reaches the blood.

Zam-Buk not only destroys all germs in the wound, but by protecting the sore place from the germ-laden air, keeps other diseases out. At the same time, the healing essence of Zam-Buk is growing new skin which gradually covers the place, and a complete cure is the result.

There is nothing else known to science which will perform the healing miracles done by Zam-Buk. This is because of the secret herbal composition of Zam-Buk. Be prepared for any emergency by keeping a box of Zam-Buk always on hand. 50c. box, 2 for \$1.25. All druggists, or Zam-Buk Co., Toronto. Send 1c. stamp for postage and free trial box will be sent you.

SI WIFE CAMPION

The following has surprised Campbellton: A business man's wife suffered from dyspepsia and constipation for years. Although she dieted she was so bloated her clothes would not fit. ONE SPOONFUL buckhorn bark, glycerine, etc., as mixed in Adler-ika relieved her INSTANTLY. Because Adler-ika empties BOTH large and small intestines it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything ever sold. A. McG. McDonald, Druggist, Campbellton, N. B.

POCKET TESTAMENT LEAGUE

A very interesting and instructive union service was held in St. Andrew's Church on Wednesday evening, April 11th under the auspices of the Pocket Testament League of Canada. The meeting which was representative of the Young People's Societies and Sunday Schools of the town was well attended and enthusiastic throughout.

Rev. Hugh Miller, presided, prayer was offered by Rev. W. Camp and Rev. G. M. Young read the scripture lesson. An appropriate duet by Mrs. A. McG. McDonald and Miss Ford was greatly enjoyed. The Rev. H. Miller then introduced the speaker of the evening, the Rev. S. D. Dinick, general secretary of the Pocket Testament League of Canada, who certainly created the attention in the minds of all who heard him that he was the right man in the right place. His address was replete with facts and figures descriptive of the splendid progress of the movement and fairly bristled with practical incidents and illustrations of the power of the Pocket Testament not only to produce greater love for the Scriptures but also to enlist young men and women in personal service for Christ in Canada—its members being now numbered up in the thousands.

THE SAME AS BURNING \$1 BILLS PTE. CLIFFORD NOBLE

\$1,275.61 Realized in Nine Months for Old Papers

(Halifax Recorder)

During the last nine months the Women's Council have been engaged in a paper-saving campaign for patriotic purposes. They have in that time rescued from furnaces, grates, and stoves a portion of the paper formerly burned. This has been sold for \$1,275.61. To waste and burn paper needlessly is the same as burning up \$1 bills. The Women's Council have received 1,275 of these \$1 bills during the last months, but much is still being thrown into our fires and garbage cans. The amount named could no doubt be doubled if all householders would give their assistance. All work in connection with the scheme is voluntary, except the wages of the man in the warehouse who bales the paper. He has been paid \$460.

Other expenses have been \$15.60, leaving a balance of \$800 in the bank. The particular patriotic object or objects to which this will be given will be decided at the meeting of the council next week. When the public are informed of the purpose to which the money is to be given, and realize what can be done with it, it is expected a further impetus will be given to the work of saving. Many people think that the little they have is not worth saving, but if a box or bag in which all old newspapers, wrapping paper, old magazines, books, cardboard boxes are kept, the result will be surprising.

TAKING CHANCES.

There was a man who fancied that by driving good and fast he'd get his car across the track before the train came past; He'd miss the engine by an inch, and made the train-hands sore. There was a man who fancied this; there isn't any more.

With the Fingers!
Says Corns Lift Out
Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of frezone, says a Cincinnati authority. It is claimed that at small cost one can get a quarter of an ounce of frezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection. This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue. This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's feet.

And? An offering was made in aid of the work.

KILLED IN ACTION

Was The Son of Mrs. C. B. Ellsworth and went Over with the 100th Battalion

On March the first the Observer published, among the engravings of Pembroke boys serving overseas a picture of Pte. Clifford Noble little thinking that on the day the picture appeared this bright young man had laid down his life as a sacrifice for the ideals which he bravely went forth to defend, but such was the case, as his mother, Mrs. C. B. Ellsworth received from the officer in charge of the record office at Ottawa one of those faithful missives which have brought grief to so many Canadian homes advising her that her soldier son had been killed in action on March 1st. Hers but a repetition of the trying experience through which many Pembroke mothers have passed within the last two years. The news was broken to her as gently as possible by her pastor, Rev. A. T. Jones, yet it came as a piercing shock and hers will be the sympathy of the community in a sacrifice which those of us who have not been called upon to pass through can hardly realize.

Clifford Noble was Mrs. Ellsworth's

fourth son by his first marriage. He was in his 24th year, a young man of good physique and splendid character for whom the future held forth every promise. Pte. Clifford Noble was born in Dawsonville, N. B. His father died when he was a child. Some nineteen or twenty years ago he went to Fredericton and stayed with his aunt for a few years and then he returned to Dawsonville. His mother and step-father then went to Pembroke to live and in 1913 Pte. Noble went to see his mother and remained there until the war broke out when he enlisted with the guards at Petawawa and in the spring of last year was transferred to the 130th Battalion with which he went overseas in September. In England he was drafted into the 75th Battalion and he crossed to France last fall.

Killed in action tells the remainder of the story and is a noble, fitting inscription with which to enshrine his memory on this page.

Besides his mother he leaves his step-father, two brothers, Archie and David in Brunswick, two sisters, Misses Elsie and Annie nurses in training at Verdun, Que., as well as two half brothers and one half sister at home. Another brother was killed while working in Richard's mill at Campbellton in 1912.

Pte. Noble's letters home, many of which were no doubt written under most trying circumstances were always most cheerful in tone and he always accepted the hardships of military life with a philosophy that helped him under all conditions. Particulars as to how death came to him are of course not yet to hand but it may be safely taken for granted that he met it unafraid and that to the last he did his duty as he did it when he first donned the uniform in response to the promptings and impulses which are inseparable from true manhood.

BLACK CAPE.

Miss Winifred Campbell, Nurse of Hartford, Conn. spent Easter in Montreal the guest of her sister Mrs. D. A. McDonald. Miss Campbell is a Black Cape girl.

Pte. Everett L. Campbell who went overseas in November with the 209th Battalion is now in France at the base with the 10th Battalion. He has another brother Edgar who is now in the trenches. They are sons of May or Angus N. Campbell of Black Cape.

On Friday evening the 6th the Dr. Wardrope and McCurdy Mission Bands held their Annual Easter concert in the Presbyterian Church. In the absence of the pastor Rev. E. J. Rattee, the chair was taken by Mr. Hugh Johnston. On account of the inclemency of the weather and the conditions of the roads the attendance was small.

The offering amounted to \$12.30. Mrs. J. C. Fair spent Easter in New Carlisle with friends.

Mr. Ernest Steele has returned from a trip to New Carlisle.

Mr. George Campbell has returned from the Fair View Mines up the Grind Cascapedia River. He informs us that there is a bright future ahead of the mining company.

CIVIC ELECTION.
The civic election of Tuesday was one of the most promising signs that Campbellton is in for an awakening in town affairs. The election has been responsible for much discussion of ways and means of improving our town, and other matters which should receive attention.

Every one admits that the election held has been of great profit in many ways. It has clearly shown his Worship Mayor Andrew that he is backed by the solid ratepayers and the councillors have discovered that they also have the confidence of the electors.

We are firm believers in an election to awaken a larger interest in town affairs and have been complimented by all for the independent stand we have taken in our endeavor to promote the interests of the town.

CANNOT TELL THE TRUTH
In answering the Graphic's assertion that the Tribune farmed out the printing of the town Blue Book that paper says:—
"So far as the farming out of the work is concerned The Tribune would say there is positively not one word of truth in it. It is not the custom of The Tribune to farm out work."

This is a deliberate falsehood. The Campbellton Blue Book was not printed in Campbellton, but as we stated last week the work was done in Fredrickton.

The Graphic again wishes to state that it has no fault to find with the Town Clerk for his part of the affair, and had the work been done here we would never have mentioned the matter.

The Tribune's statement that the Graphic sends quantities of its printing to St. John and Ottawa to be done are likewise not true. We buy our special rulings from either of these cities as occasion demands, but the printing is all done on our own premises. We have one of the best equipped printing plants in this province and a large and increasing list of satisfied customers is our best advertisement.

As to the assertion that the Tribune saved the town \$20.50 on the

printing of the Blue Book, this is not so. The work is done at a certain price per page, and some years the reports makes more pages than others, thus the price of the completed work varies.

SAWDUST
To save eighty-four c.n.s the printing of the town Blue Book was sent to Fredrickton and Campbellton citizens lost \$84.00.

Spring is here in earnest.
• The election made things busy in the Town Treasurer's office Tuesday.

The silence of our up-town contemporary in the past civic contest had been a matter of much speculation in certain quarters until the Graphic appeared last week and showed that it was receiving a share of the civic printing, then its silence was understood.

To the Editor:
I again take the liberty of asking the use of the columns of your valuable paper.

The question asked three weeks back, have certainly been answered, not in words perhaps but by valuable and helpful actions.

I take this opportunity Mr. Editor a few hours before leaving town to express mine, and I am sure I can speak for every man stationed here, my heartfelt thanks for the hospitality which has been extended to us all.

The reading room, especially was a God-send, as undoubtedly the kind ladies, who loaned it have seen by the numbers that have assembled there. I shall take away with me, very affectionate regards, for Campbellton and its citizens.

Trusting I shall have the opportunity of visiting your town again at a better climatic season, and thanking you Sir for the use of your columns.

To the Citizens of the Town of Campbellton.
Ladies and Gentlemen:—
I wish to thank you most sincerely for the splendid manner in which you rallied to my support on election day; and I especially wish to thank all those who took such an active part in making my election an accomplished fact.

After having been elected by acclamation on four successive occasions it is very encouraging to receive such a favourable expression of public opinion as was shown by the electors on Tuesday last, and I can assure you that I appreciate it very much. I trust that I may so conduct the affairs of this office during the coming year that you will have no cause to regret having re-elected me to this responsible position.

Yours very sincerely,
A. A. ANDREW, Mayor

THANKS
To the Voters of Campbellton:
For the kind consideration you gave to my recent candidacy for Mayor for the many votes I received, although insufficient to elect me, and for the manifested good neighborly feeling of every one, I am deeply grateful. I desire to most heartily thank each and all who gave me support; especially am I thankful to the voters of the First Ward, where I reside, for their neighborly showing of confidence.

Sincerely yours,

The White Lead Behind a Paint Determines its Quality

ONLY a very real quality in a White Lead can give successful results in paint-mixing. A worthless compound masquerading as White Lead cannot impart to paint those essential qualities without which it never gives permanent satisfaction.
To avoid risk of failure in mixing your paint, make it a point to use only paint in which the White Lead used is

Genuine B.B. White Lead**

It is absolutely purer whiter than others; of great covering capacity and long life. Working under the brush with ease and freedom, it produces a tough, elastic film that does not crack or peel.
Its real cost is less than that of seemingly cheaper white leads—because it produces a beautiful protective paint that lasts for many years. White Paint of unknown ingredients never looks well and rarely lasts two years.

A VERY enjoyable and profitable concert, was sponsored by the Campbells on Easter Monday night. The purpose of which was to raise funds for the Red Cross Society. The town hall in which the concert was held was packed to overflowing by an appreciative and attentive audience; pleasure and satisfaction was depicted on every countenance during the acting. The net proceeds of this concert amounted to \$137.00; and the organizers and participants in this Red Cross benefit were complimented upon the success of their work. The programme read as follows:—
Song—By Chorus.
Song—By Mrs. D. Birchall.
Farce (His First Engagement)—By Mrs. D. B. Birchall, Miss Dorothy Suddart and Messrs. Eckford and Rod Edson.
Comic Song—By Miss Marjorie Annett.
Farce (Kissing the Wrong Girl)—By Misses Maude LeTouzel and Pauline Davis, and Mr. H. Olive LeMasurier.
Instrumental—By Miss Ina Valpy.
Song—By Chorus.
Song—By Mrs. D. Birchall.
Farce (The Lost Baby)—By Misses Ina Valpy, Tessie McKenzie and Ella LeTouzel, and Messrs. H. Olive LeMasurier and Edwin Valois.
Comic Song—By Miss Marjorie Annett.
Farce (A Jealous Husband)—By Misses Sybil Storie and Ella LeTouzel, and Messrs. Lewis McKenzie and Rod Edson.
Song—By Chorus.
... God Save the King...

The farces were very well staged and all amateur actors and actresses introduced many interesting and laughable features into their respective parts and were applauded continually. It would be very hard and almost impossible to say which farce was best, as they all appeared to equally appreciate by the audience; and at moments when the farce reached a critical stage, the crowd encored and cheered again and again. The songs rendered by Mrs. Birchall were well applauded and encored by the public; and Mrs. Birchall gladdened the audience by singing an Irish song in answer to one of the encors, Miss Marjorie Annett received her usual bounteous share of applause, and sang several comic songs to great advantage as she acted the motions described in the song very creditably. Miss Annett was encored after each song and responded accordingly. The patriotic songs rendered by the chorus helped to make the programme very interesting and attractive, and were well cheered and applauded. It is our opinion that all the participants in the above concert deserve great praise and credit for the good work so well executed in aid of the Red Cross Society; and we hope at some future date to be able to compliment the above mentioned workers on another concert. We must not forget to mention the laughable and descriptive talk supplied by Mr. R. J. Orvis during intermission and between the acts; Mr. Orvis kept the audience laughing whenever he appeared before them with his quickly thought-of jokes and comic sayings and was heartily thanked by the promoters of the concert.

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort of the woman who suffers with ill health to their care. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. There are three such letters. All of them should read them.

Bellevue, Pa.—I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me, but none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped taking it and now I don't know what it is to be sick any more. I am picking up in weight. I am 50 years old and weigh 125 lbs. It will be the greatest pleasure to me if I can have a lady to recommend it to any other suffering woman. —Miss I. PROCTOR, 1923 Manhattan St., North Side, Bellevue, Pa.
