RATEPAYERS VOTE FOR NEW SCHOOL

Plans of Trustees Turned Down by
Vote of 42 to 22—Observer's
Attitude Vindicated

On Friday evening a general school meeting was held at the school house. E. Rideout, Chairman of Trustees, presided. Authority was obtained from the Chief Superintendent through Inspector Moore, who was invited to be present, but who could not come. A general meeting was called instead of a special as any school business or voting of money could be transacted only at such. A number of ratepayers were early on the school grounds to look over the lots and building but by 8 o'clock the large school room was crowded to capacity with well up to 100 men whose interest was unflagging until almost 12 o'clock, which shows the grip of the various matters in hand relating to school work.

Auditor's Report read by A. W. Kyle, who had gone most thoroughly into the assessment book and having checked up discounts and cash found only a small error of 10 cents—a discount carried into cash column, but which was correct on the cash book. Bank account and cash on hand as well as delinquent list was checked and verified. The report, with several recommendations attached, was received and adopted.

A motion requested by the secretary giving the approval of the ratepayers to the placing of \$2000 additional insurance last winter by the Trustees was passed.

Amasa Plummer then placed the plans of the Trustees Board before the meeting. 1st—Providing accommodation for another Department in the 3rd storey of the present building. 2nd—Buying the Elsie Shaw property and converting the first floor over the basement into two rooms with two teachers, abandoning the 3rd storey at the present building. 3rd—Building an annex on the rear of the school house, providing two rooms at first and two more later on upstairs.

Meeting moved into committee of the whole to give a free and full discussion and the business on motion was taken up section by section.

The first item was brushed aside without discussion.

The others received a pretty thorough debate but finally it was decided to consider a plan of a new building by A. W. Kyle. He had plans of basement and first and second storeys as well as a general plan showing the new school house, flower plot, school garden and boys and girls play grounds on the blackboard. He ably demonstrated that the new building should be placed on the site of the school garden which should be moved to the northern side of the grounds. This because of the presence of a large sewer to the river which runs under the garden and which would be available for the school. However, the meeting voted to build on the grounds of the present building but adopted the plan for a new building as outlined by Mr. Kyle.

Motion passed making tuition fee

\$25 per year, which of course is prohibitive and will lead to buying of lots and paying of about \$1 to \$2 taxes. The Trustees were given permission to fix up accommodation in the present building for another Department until new building is ready.

CADET CAMP AT WOODSTOCK

If present arrangements can be carried out, the Cadet Camp will be held on the farm of Capt. D. V. Palin at Newburg from August 7 to August 12, inclusive. No appropriation was made for Cadet Camps in the annual military estimates, and the matter had to be arranged locally. Capt. Palin has offered the use of his grounds free of charge. Capt. Hoyt, the corps instructor, has arranged to get the loan of the necessary equipment from the Militia Department. The parents of the cadets will contribute \$2 each, and the debit balance will be met by a grant from the Town Council.

The Hartland corps are going in with the Woodstock boys and are expected to number some fifty strong. They of course will have their own grant for running their own section of the camp, though the whole camp will be under the supervision of Capt. Hoyt as camp commandant. It is also expected that Col. A. E. Snow will be present part of the time while the camp is being held.—Wood. Cor.

CHRISTIAN WORKERS CONFERENCE

The annual Christian Workers Conference, for the people of the Upper St. John River, will be held in Woodstock, August 15-18 inclusive, under the auspices of The Maritime Religious Education Council.

The classes will be held in the Methodist church in the forenoon and the afternoon will be given up to recreation on "The Island Park", followed by a picnic supper.

The instructors will be Rev. M. E. Connon, of Woodstock, Dr. Frank O. Erb, Philadelphia, Miss Marie McCoughy, Fredericton, and Rev. W. O. Macdonald.

The registration fee is \$1 and board will be provided at \$1 per day.

Further particulars may be obtained from any Sunday School Superintendent.

LOSES HIS ARM NEAR SHOULDER

A serious accident happened Sunday at Canterbury when in the premature discharge of a shotgun Marchie Wright's arm was so badly mangled that Dr. Griffin found it necessary to amputate near the shoulder. The affair happened while he was getting ready to shoot down a nest of hornets high up on a building.

He is about fifty-eight years of age and has a family.

Mrs. Henry Fawcett of Bristol is a guest of her sister, Mrs. R. E. Robinson.

SAD DROWNING AT GRAND FALLS

Thirteen Year Old Daughter of Mr. and Mrs. P. L. Higgins, Moncton, Loss of Life

Moncton, N. B., July 31—Miss Muriel Higgins, daughter of Mr. and Mrs. Percy L. Higgins of Moncton, was the victim of a drowning accident at Grand Falls, early this afternoon, according to word received here.

According to the meagre account of the fatality received here, the little girl was in bathing with other companions and it is presumed that they went beyond their depth. A rescue was effected and the little girl was alive when brought out of the water.

The other two girls were resuscitated, but Miss Higgins succumbed afterwards, despite the efforts of two physicians who were in attendance.

Miss Higgins would have been 13 years of age next month and is the only child of Mr. and Mrs. Higgins. She was spending a vacation at the Curless Hotel, Grand Falls.

AN APPRECIATION

Mr. and Mrs. Jarvis Hayward of Ashland, whose only son, an employee of the Department of the Interior at Ottawa, died last winter, has received from the director of his special work the following letter:

"We took a number of photographs on our trip to the Northwest Territories last summer. Your son, Harry, who was a member of the party, appeared in a number of these photographs. I thought they would be of interest to you and have had a set made up. Two of them, particularly good, I have had enlarged and all are being forwarded under separate cover."

"Harry was very fond of the dog 'Brownie' shown in one of the enlargements. They were inseparable at Fort Smith."

"I can not begin to tell you how we all miss Harry, and what a blow it was to our staff in Ottawa and also in Fort Smith. His untimely death leaves a vacancy in our staff very difficult to fill."

"With kind regards, Yours sincerely,
O. S. Manile, Director"

RETURNED SOLDIERS PICNIC AT EAST FLORENCEVILLE

The Returned Soldiers of Florenceville and vicinity are holding a basket picnic at Tapley's Flat, one mile above Florenceville. This will be on Friday August 11.

While the picnic is intended for returned soldiers, their families and friends especially, it is realized that this includes everybody, so the invitation is general.

A complete program of sports is being arranged by the committee in charge. The Florenceville Band will supply music. Tea and coffee will be supplied free on the grounds.

A large attendance of people from far and near—"the more the merrier"—is hoped for.

ANDOVER NOTES

William Wright of Fort Fairfield was in Andover and Perth Sunday afternoon.

Herman Jamer was a business visitor at Bath Friday and Saturday.

Miss Jessie Walker spent the past week-end with relatives in Fort Fairfield.

Miss Violet Gillett who has completed a two years' course at the Ontario College of Art, Toronto, arrived Monday to spend a few weeks with her parents, Mr. and Mrs. W. A. Gillett. Miss Gillett will return to the college as one of the staff of instructors having accepted that position for the coming year.

Allen MacIntosh of Hartland is visiting Dr. and Mrs. A. F. MacIntosh.

W. H. Baird left Tuesday for Digby to spend a week or two with his sister, Mrs. Archie Dickson.

Mr. and Mrs. Leon Landers and the blonde Matheson of Edmundston spent the week-end with Mr. and Mrs. H. W. McAlary.

Mrs. Walter Nickerson of Houlton spent a day or two the early part of the week with relatives in South Tilbury.

Van Buren and Perth base ball boys played an interesting game of ball on the Perth diamond last Wednesday afternoon. The game was won by Perth with a score of 7-5. On Thursday the boys received a bad whipping by the boys of Houlton, in Houlton when the score was 14-5. The Houlton team is expected in Perth this week to play a return game.

Mr. and Mrs. Carlo Hill and two sons left Friday for Toronto where they expect to reside. Mr. and Mrs. Hill came from England about two years ago and the friends they have made during their stay in Andover wish them all success in their new home.

Mrs. Harry Price and two children who have been visiting Mrs. James and Mrs. George Wright, left on Monday for their home in Bath.

John E. Stewart of Plaster Rock spent several days in town last week.

Mrs. Myra Merritt has returned from a pleasant visit with friends in Fort Fairfield, Houlton, Presque Isle and Limestone.

Mr. and Mrs. R. W. Estabrooks of Perth left Sunday for a motor trip to Quebec and Montreal.

An interesting tennis tournament was played between Edmundston and Andover Saturday on the Andover Courts. The game was a good one and a good number of spectators was on hand from Edmundston, Fort Fairfield and Perth. The home team won by one point the score being 7-5. A picnic supper was served on the grounds by the ladies of the Club and in the evening by the kindly invitation of G. G. Porter, was served to his pleasant home where the evening was spent in dancing.

Mr. and Mrs. Gordon Everett are rejoicing over the arrival of a baby girl born Monday, July 31.

Mrs. Ivan Rivers was in Woodstock Monday.

Mr. and Mrs. Cronwell Trafton of Keegan, Maine, were in town Friday.

RABBIT FARMING IN BRITISH COLUMBIA

MRS. McVICKER WITH HER GREAT GRANDMOTHER'S SPINNING WHEEL & REEL.

A SPLENDID HEARTH RUG MADE FROM 29 TANNED RABBIT SKINS.

MRS. McVicker, of "Tisville," Prospect Lake Vancouver Island, has one of the largest, if not quite the largest, rabbitry in British Columbia and for the past year has been developing the idea of making yarn from the fine long fur of the beautiful Angora. Another idea is the weaving of rabbit fur rugs with a loom. Mrs. McVicker has kept rabbits on a commercial scale for the past five years.

"I have long got past the playful stage," she remarked, "and many people seem to think keeping rabbits is child's play, but it requires knowledge and experience like everything else if one is to be successful."

It is not only because she is making a success of an industry she is building up out of her own initiative that Mrs. McVicker is widely known. She is a horticulturalist and botanist and has 115 varieties of plants growing in her garden. So remarkable is

this garden of wild flowers that the Natural History Society of British Columbia makes a yearly pilgrimage to her home.

But to return to the rabbits. Among the breeds Mrs. McVicker favors are, besides the Angora, the grey, steel, and black Flemish giants, New Zealand reds, Himalaya, and black Siberians. While she began purely for pleasure, Mrs. McVicker has now gone thoroughly into the business. She is doing all she can to promote the industry, because she believes the value of the flesh and fur combined assures good profits.

The fur of the rabbits is very fine and close, and Mrs. McVicker has muffs and stoles made up from the black, Siberian, blue, Flemish and New Zealand reds, and lined with B.C. wool.

Rugs of woven rabbit fur made by Mrs. McVicker are very soft and pliable. Anyone with a loom can do the same. She has also plans for making other uses of the fur. She spins her own yarn from the long fur of the Angora, and has a spinning wheel and reel belonging to her great grandmother.

"GREY BOY" A NINE POUND FLEMISH GIANT

In comparison with imported Angoras, the product of the B.C. bred rabbits favors the latter. Angoras are plucked two or three times a year. They must be hatched separately and kept immaculately clean and well matted. Otherwise they are cared for the same as other rabbits, and their flesh is a delicacy for the table. Mrs. McVicker's breeds are all white.

Some idea of the extent to which Mrs. McVicker goes in for the stock is gleaned by the fact that in addition to the big rabbitry she keeps chickens and pigeons among which are a pair of Blue Runts weighing 4½ pounds; 18 dogs and a Toggenburg goat.

A VISIT TO PLASTER ROCK

Mr. and Mrs. Robert G. MacFarlane of Plaster Rock, have been entertained a great deal during the summer. A party of twelve Fort Fairfield people visited there recently and had a royal time. They arrived at the Rock after a pleasant auto ride through the Tobique Valley, a distance of twenty miles or more, and shortly after a sumptuous lunch was served. Then, while Mrs. MacFarlane entertained the ladies, Mr. MacFarlane took the men of the party sight-seeing over the vast estate of the Fraser Company, Ltd. They travelled partly by car and when it was impossible to run the car they went on foot. They viewed the meadows and cultivated fields, then climbed to the government observation building from whose lookout tower the eye surveys thousands of acres of Tobique's rich lumberland extending over to the dividing line behind the Miramichi waters on the east and the Restigouche waters on the north.

At North View they visited the great potato fields which are on an equal with any Aroostook fields, while just across, beyond the waters of Three Brooks, lay the great Maple Forest, stretching away as far as the eye can reach.

Returning to Mr. MacFarlane's hos-

Prescott.—On retiring on pension, after over 40 years in the service of the C.P.R., Edward Pumble was given a purse by his associates at Prescott.

Lindsay.—The park at the C.P.R. station was laid out a few years ago and is today a veritable bower of beauty. Rare taste and originality has been displayed in its upkeep, and the many who have admired it express regret that Lindsay has not a few more parks of this nature.

Vancouver.—The Canadian Pacific Railway Company is calling for tenders for the superstructure of the new pier which the company is constructing here for the accommodation of its ocean liners. The foundation fill for the pier is already in place. The new work will give employment to several hundred men for approximately 12 months. This is the largest work undertaken in several years in Vancouver by the Canadian Pacific Railway. The pier will be 850 feet long and 330 feet wide and its estimated cost is about \$2,000,000. It is proposed to have it completed by September 30, 1923. Tenders are to be in by July 17.

Fort William.—One of the finest memories of the recent visit to the head of the lakes and "richest points of His Excellency the Governor General of Canada, Lord Byng of Vimy, and Lady Byng, is possessed by A. A. Smith, trainmaster, Canadian Pacific Railway, in the form of a gold and enamel scarf pin presented to him by the Governor-General. The gift was made to Mr. Smith as a token of appreciation of the splendid arrangements made by him for the comfort of the Governor-General's party during their railroad journey from Fort William to Kenora.

Montreal.—Mr. Alfred Price, General Manager, Eastern Lines, Canadian Pacific Railway, after over forty years of faithful and most efficient service, upon the advice of his physicians, and to the great regret of all, finds it necessary to relinquish his duties for an indefinite period. Mr. Price has, therefore, been granted extended leave of absence.

Got No Sleep

But now the neuritis has gone, the pains have ceased, the nervous system is restored and the writer of this letter pays a grateful tribute to the medicine which made him well.

Mr. John Woodward, P.T.O., Lucan, Ont., writes:

"It gives me much pleasure to recommend Dr. Chase's medicine, especially the Nerve Food. I was a sufferer from neuritis for several years, and tried all kinds of remedies, yet never seemed to get any better. At last my nerves and whole system seemed to give way through not being able to get any rest or sleep at nights for pain, which mostly used to take me in all parts of the limbs and feet. My nerves would twitch till as I lay in bed. Almost at the point of despair, I decided I would get Dr. Chase's Nerve Food, which I did, and after taking twenty boxes I believe myself almost normal again. I also keep a box of Dr. Chase's Kidney-Liver Pills on hand, and for the past year I seem to enjoy my usual health."

HISTORY OF HARTLAND

(Continued)

The first bank was the People's Bank of Halifax opened up in 1897, in the premises now occupied by T. B. Thistle's jeweler shop. Then in 1900 J. T. G. Carr constructed for it a special building across the track. In 1906 the Bank was taken over by the Bank of Montreal. They stayed in this building until they built the new brick one on Main Street.

The first public hall was built by Murdoch Matheson just above the present Chinese laundry. It is now a double tenement owned by W. D. Keith. Then Burt's Hall was built. The Forester's Hall, now known as the Star Theatre and owned by Fred Smith followed and the Neighborhood Theatre was more recently built from the original Burt's Hall.

One of Hartland's liveliest industries is the Cement Works. It was founded in 1909. The shareholders were Dr. Macintosh, Anthony Baker, Arthur Dickinson, Asa D. Kennedy, Rev. J. B. Daggett and Frank M. Clark. It gives employment to five or six men for six or eight months of the year. The first concrete building was the one owned by the late Scott Rideout and built for the occupancy of the Observer Ltd. There has been built of concrete ten dwelling houses, four places of business and one church, besides several buildings going up at the present time. They also make a vast amount of tiling, blocks for sidewalks and many other useful articles.

Hartland has had a newspaper almost continuously since 1892. When the present editor established the "Advertiser" which he conducted until 1904. He then sold out to George McLaughlin who ended the career of the "Advertiser" and then established another weekly called "Chat". The office was destroyed in the fire of 1907 and there was no paper till 1909 when Fred H. Stevens established "The Observer", which today has the third largest circulation among the weeklies of the province.

The first railway came through in 1874. It was the New Brunswick Railway and was of the narrow gauge. It afterwards was leased to the C.P.R. The track was widened and afterwards straightened.

In 1895 a water system was installed in Hartland. Water is pumped to a reservoir back of the town from a spring on the shore. It is said there is no purer water in any other town in the province. The town has an excellent fire department.

On July 5, 1907, a great fire swept over the town. It burned everything on the water side of the street from Hotel Carleton to the bridge, destroying fifteen places of business and thirteen other buildings. Among these was a cheese factory owned by Keith & Plummer. There was also a cheese factory at the lower end of town. The building still remains. The first cheese-maker was William Kay of Waterville.

Although Hartland does not possess a band there have been several in the past. The first one was started about 1896 under W. B. Lint as band-master. Another band, just before the War, was organized under the leadership of A. D. Colwell.

The oldest mercantile business in town is that of J. T. G. Carr. He set up business in 1874. He kept store for a number of years on the west side of Main street, then built and occupied the Estey & Curtis block and lately moved to the present stand across the track. He built the largest Hotel in Hartland, called the Commercial, burned in 1912.

The only wholesale business in town is that of Estey & Curtis Co., managed by its president, S. S. Miller. It was founded in 1897, incorporated in 1901 under the name and style of Estey & Curtis Company, Limited. They have been doing a wholesale and retail business for about twenty years. It used to be located in the Taylor Block and in 1911 they changed to the present building. They have a branch in Fredericton.

In 1907 a produce company was started by Hatfield & Scott. The first year or two they shipped about 100 cars of potatoes per annum—valued at 50 to 75 cents per barrel. They now ship about 1300 cars a year. In 1920 the price of potatoes reached their high water mark, as high as \$12.50 per barrel.

In 1918 the starch factory began manufacturing starch and potato flour. The starch is used in the making of cotton goods. The potato flour is used for candies, sausages, paste, rubber goods, etc.

About forty-five years ago Dr. White, the first resident doctor came here, followed by Goodwin, Dow, Nevins, Stevens, Bearst, Curtis, Estey, McIntosh, King and Belyea. The dentists were R. C. Carr, Dr. Jewett and Dr. Currie.

The lawyers were T. J. Carter, T.

M. Jones, J. L. Fawcett and M. L. Hayward.

In 1918 Hartland was incorporated with W. D. Keith as first mayor and afterwards he was succeeded by Frank R. Kelly. The town was divided into three wards, Bradley, Goodwin and McMullin, after heroes fallen in the Great War. Goodwin ward takes in all the town north of Maple street and Hillcrest avenue. Bradley ward takes in from Maple street and Hillcrest avenue to Queen street. McMullin ward is from Queen street to the lower boundary of the town. The streets were also laid off at the time of incorporation. They are as follows:

Water street running down back of the post office next the river. Main, running through town parallel with the river. High, running parallel with Main up back of town. Maple, leaves Main Street at the upper end of town going up until it joins with Brighton. King, runs by Estey & Curtis drug store and crosses the track. From the old bank building to the Anglican church is called Brighton. From the church up over the hill is called Hillcrest Avenue. Rockland road turns off High street at Morgan's corner and runs straight back over the hill. Queen street runs parallel with King street, turning off Main street by H. Hatfield's house. It crosses the track and for a way runs straight, then it curves to the south east and goes up until it joins the south end of High Street. Prince street leaves Main by Smith's garage, running parallel with Queen, then turns above the starch factory. The street joining Queen and Prince street below the track is called Carleton. The town is beginning to lay concrete sidewalks. In 1921 they laid a sidewalk from the Methodist church to the corner of Main street, excepting a private built sidewalk made by H. H. Hatfield in front of his house and donated to the town.

About three years ago electric lights were installed in Hartland by Glass Brothers. Then they sold out to Frank Seeley. The town is talking of bringing hydro-electric power from the Waterville mill dam to supply all Hartland with good lights.

Since I began to write this, Hartland has been visited by the greatest flood it has ever known. Rain began to fall June 16 and continued almost without a let-up, until June 22, the date of writing. The water in the river came up by leaps and bounds, under the piers and brooks are being flooded, gardens are being covered, and worst of all the dam on the Presque Isle was swept away and lodged against the railway bridge. Part of the river's cut of logs went down the river and a greater portion of them piled up in the stream. There are also logs in the mills and bridges coming down the river and trains were tied up for several days.

Before closing this little history I wish to mention some of Hartland boys and girls who have "made good". Allan A. Rideout is pastor of a large church in Massachusetts; John Barnett, son of John Barnett, sr., was an enviable war record, is chief of the Soldiers' Settlement Board. Wm. L. Tracey, celebrated surgeon in a hospital in the States; Harvey T. Reid won the Rhodes Scholarship at Acadia University and is now in the employ of the English Government; Miss Sadie Barnett, teacher of Domestic Science; Helen Plummer won two degrees at Sackville, and has been teaching in a college. Many others might be mentioned if there were space enough.

There is no reason why the present generation cannot do as well as they. Let these examples spur us on to a greater education. As you trace the history of this place you will see how from small beginning have come great things. As the adage goes—"From small acorns mighty oaks arise." We should not be content with our attainment for there is always something ahead to look forward to.

"Thou hast not gained a real height Nor art thou nearer to the light Because the scale is infinite."

LIMESTONE MINISTER IS KILLED IN AUTO ACCIDENT

Rev. Geo. H. Dawson, pastor of the Methodist church, Limestone, was fatally injured Thursday afternoon of last week, while learning to drive a Ford car, which had been presented to him by one of his parishioners. Accompanied by a boy who worked at the garage in Limestone, he went out in the car on the Limestone road. While he was at the wheel guiding

REMARKABLE LETTER

Canadian Woman Recommends Lydia E. Pinkham's Vegetable Compound

Winnipeg, Manitoba.—"I can not speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Life was a misery and my work was a burden. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said that he could do nothing for me owing to my condition, but told me to expect another miscarriage. My husband's grandfather advised me to take Lydia E. Pinkham's Vegetable Compound. I started it right away and everyone was in a short time. I went and engaged my doctor and he did not know me, I was so well. I was able to do my work once more and it was a pleasure, not a burden. Now I have a 'fine bouncing baby' to use the doctor's own words. I am able to nurse her and enjoy doing my work. I can not help recommending such a medicine, and anyone seeing me before I took it and seeing me now, can see what it does or me. What it has done for me is the same for anyone in the same condition. I am only too pleased for you to use my testimonial."—Mrs. EMILY DAVIS, 721 McGee St., Winnipeg, Manitoba.

The car, one of the tires burst, causing him to lose control of the machine, which went into a ditch and collided with a telephone pole.

Mr. Dawson was thrown from the car and came in contact with the pole the impact of the collision rendering him unconscious. He was picked up and carried to his home and later removed to the Presque Isle General Hospital, where it was found that he had received a bad fracture of the pelvic bone, and other internal injuries which resulted in his death Saturday morning.

Mr. Dawson was very highly esteemed, both within his parish, and by the community in general, and his death was an occasion of much sorrow, as was testified by the large attendance and evidences of mourning at his funeral.

He was about forty years of age, was a native of England, and is survived by a wife and two daughters, one fifteen and one ten years of age.

Card of Thanks

We wish to thank our friends and neighbors for the kindness shown us in the loss of our home by fire on July 7. But for their timely assistance the loss would have been much greater.

CAR RETURNED THIEF ARRESTED

O. B. Davis who lost his car in the robbery at Fournier's Garage a few weeks ago is rejoicing in its recovery. The thieves were apprehended on a charge of burglary and brought before the court in Moncton. Word was sent here in regard to a car which they had and Mr. Davis left his home in Grand Falls to see if it was his, and was rejoiced to see that it was. The men, Dan O'Brien and J. Allen, were sentenced for the charge against them in Moncton for two years, and there is still the charge against them of taking the automobile here. In talking to Mr. Fournier he said that he would press the charge against them, as it is necessary to keep that class of man from Edmundston. These men, in the two years labour in Dorchester, plus what is coming to them for stealing the car of Mr. Davis, will have ample time to reflect on the fact that "the way of the transgressor is hard." The case came before the Moncton Justice two weeks ago, although it was not discovered that the car belonged to Mr. Davis then.

GRAND FALLS

Mrs. Timothy Kelly died at her home here on Sunday morning after an illness extending over several years. Mrs. Kelly was the second daughter of the late Mr. and Mrs. James Burgess and about 52 years of age. She leaves her husband, one little son about 10 years of age, two sisters, Mrs. J. P. Kelly of this town and Mrs. Adams of Hamilton, Ont., and seven brothers, James, George, John, Alfred, Charles, Alban and Frank, all of this town. The funeral took place from the R. C. Church Tuesday morning and was largely attended.

A very sad drowning accident occurred here in the St. John river above the Falls on Monday afternoon about 2 o'clock, when Muriel Higgins, the 14 year old daughter of Mr. and Mrs. Higgins of Moncton, lost her life. The little girl had been spending her vacation with Mr. and Mrs. Bishop at the Curless Hotel and was in the habit of going bathing with her young friends. Not being a very good swimmer and going beyond her depth, she sank. Several of the boys and girls

tried to aid her but there were none strong enough to rescue her. Much sympathy goes out to the bereaved parents. The body was taken to her home in Moncton Tuesday.

Mr. and Mrs. Glenn and family motored to Woodstock Saturday.

Mr. and Mrs. Orin Day were in Presque Isle Sunday.

Mr. and Mrs. C. H. Fraser of Square Lake were in town last week.

A young daughter arrived at the home of Mr. and Mrs. F. K. Kertson on Monday morning.

Rev. L. A. Foyster of New Denmark was in town Monday.

Dr. Chipman of St. John was in town Sunday.

WANTED, A HOSPITAL

If there was a Hospital here, when anyone was taken sick they could not only have immediate medical and surgical attention as the case might be, or if it were an accident immediate setting of the broken limb, or whatever the case warranted, but anxiety would be lifted from the minds of their intimate relatives and friends. Imagine if you can how great must be the anxiety, and the worry of a husband or wife, or children when they cannot tell what the outcome of a critical illness is going to be, and the invalid a hundred, or five hundred miles away. The Parish Priest or Minister is unable to visit the parishoner, and the spiritual consolation must of necessity come from the hands of a stranger.

The question as to whether a hospital would pay does not enter into the matter at all, our schools do not pay actual cash dividends, our churches do not give you an actual five per cent on what you invest, but the man who would say that the school or the church should be abolished because they do not give a monetary return would immediately stamp himself as a fool. As the church and the school do pay a thousand fold, so would a hospital, it would pay in mended lives, in peace of mind, in contented citizens. In a better civic patriotism, in a feeling of pride that Edmundston was abreast of the times, and was possessed of a humanitarianism. Surely Edmundston will soon be too proud not to have a Hospital of her own.

WOODSTOCK QUARTERLY DEANERY MEETING

The Rev. N. Franchetti was away this week attending the Deanery meeting held in the parish of Drummond. He returned on Thursday and reports very interesting meeting with good attendance. The meetings were held on July 24 and 25 and were presided over by the Rural Dean the Rev. L. A. Foyster, the Rector of the parish of Drummond. The clergy present were, Rev. A. J. Patstone, Rev. C. V. Martin, Rev. Rees Jones, Rev. N. Franchetti, sec. J. Martin, Lay-Reader of Canterbury, and Mr. L. Sherlock of Gordon, lay reader. On the first day there was evensong at 8 o'clock at St. Ansar's Church at Salmonhurst. The Rev. Rees Jones being the preacher, and the following morning a Celebration of the Holy Communion with the Rector as Celebrant assisted by the Rev. C. V. Martin. Next day there was preaching in the evening at Peterson the Rev. N. Franchetti being the preacher, and on Wednesday morning the Celebration of the Lords Supper with The Rev. N. Franchetti officiating assisted by the Rev. Rees Jones.

During the Deanery meetings the 4th Chapter of the Gospel of John, verses 1-42 were read in the original, followed by discussion.

A CARLOAD LOST

Two French families emigrated this spring from Edmundston to Quebec says the Fredericton Mail. They lined into the railway car seventeen and eighteen children respectively, one family in one side of aisle and the other on the other side. There were thirty-nine people, and they practically filled the car.

Miss Norma Pyne who has been spending the past year in Gary Indiana, U. S. A., is visiting her parents Mr. and Mrs. William Fred Pyne. Mr. and Mrs. Pyne are also entertaining Mrs. Pyne's sister, Mrs. James Thompson Shaw and daughter Paula of Gary. Mrs. Shaw is society editor of the Gary Evening Post and Tribune and is a member of the Northern Indiana Writers Association.

THE NEWSPAPER MAN

A lady sends the editor the following, but whether it is intended for insult or admiration is not easy to determine. The request to "print it" is here complied with. The verses were first published about 25 years ago.

He seldom is handsome or natty,
And has none of the charms of the dude;
Is oft more abstracted than chatty,
And sometimes unobscurely rude.

He courts us, then flirts us and grieves us,
As much as he possibly can;
He kisses us, loves us and leaves us,
This perfidious newspaper man.

Our mothers won't have him come calling,
His no earthly good to a "nobby";
His morals (they say) are appalling,
His finances usually match.

He's reckless, reckless, uncaring,
Lives but for the hour, the day;
He's dangerous, dubious, daring,
Not fit for a husband, they say.

But somehow we girls are forgiving,
Perhaps he but needs us the more
Because he goes wrong, we the living,
And know the old world to the core.

So we pass up the dude and the schemer,
Who lead in society's van,
And cherish the thinker and dreamer,
Enthroned in the newspaper man.

FUNERAL OF CECIL CRAIG

The funeral of Cecil Craig, who came to his death by drowning, was held on Thursday afternoon at the Primitive Baptist church at Middle Simonds. The services were conducted by Rev. J. M. Mallory, assisted by Rev. H. V. Bragdon and Rev. J. A. Woodworth. The pall bearers were Van Underhill, Glenn Underhill, Ernest Ebbett and Randolph Hatfield. Interment was made in church cemetery.

Deceased was twenty-two years of age and unmarried and leaves to mourn one sister, Mrs. Russell Paget, of Mars Hill and two brothers, Samuel of Montana and Andrew of Fort-Fairfield. Also one half-sister, Mrs. Hedley Belyea of St. John and two half-brothers: Rudd of Coldstream and J. E. of Millinocket. Seldom has the community been stirred to the depths of sympathy as was manifested both in the untiring search for the body and the crowd that attended the funeral showing in no small degree the high esteem in which the young man was held by his young companions, and all who knew him.

Our heart felt sympathy and prayers go out to and for the sad ones who are left to mourn.—Contributed.

BASE BALL TOMORROW

On Monday evening the Hartland Homebrews played a game at Centreville and met disaster in a score of 14-6. The Hartland team scored well in the first innings and had the game well in hand, but a few costly errors gave the Centreville boys their opportunity which they took full advantage of. A game was arranged between Hartland and Bath for last evening but the shower prevented.

Tomorrow evening at 5.30 there will be a game between Centreville and Hartland on the Hartland diamond, when it is expected a real effort will be put forth to regain their laurels.

BIGGEST STORM OF THE SEASON

The electric storm of yesterday afternoon was one of the most severe that has visited this immediate section this year. Lightning struck the house of C. J. Connolly, knocking the roof to pieces and making a hole in the roof. Inmates of the house were slightly shocked. A tree back of Frank Day's residence, now struck from The Observer office, was struck. Both telephone systems suffered severely but the lines were immediately repaired.

GEORGE F. WATTS

On July 25, there passed away at Easton (Me.), a beloved citizen in the person of George F. Watts at the age of seventy-eight years and five months.

Mr. Watts was a resident of Four Falls for nearly thirty years, moving to Fort Fairfield in 1903, thence to Easton, where he spent the remainder of his life. During his long illness he was faithfully and lovingly cared for by his wife and family.

The funeral took place Thursday afternoon, July 27. Services were conducted at the home by the Rev. Geo. Gorwood, pastor of the Methodist church.

Beautiful music was given by a choir consisting of Miss McBride, organist; Mr. and Mrs. John McBride; Mrs. Landers and James McBride singers.

After the services were concluded, the procession, which wended its way to Andover for the burial, passing through Four Falls. Here the procession was joined by the Orange Order, of which Mr. Watts had long been a member.

Interment was in the Church of England cemetery, the Rev. J. Rees Jones, rector of Trinity church, officiating, following which the beautiful service of the Orange Order was conducted by Four Falls L. O. L., No. 53, assisted by No Surrender L. O. B. A. No. 126, also Pine Tree L. O. L. No. 359 of Limestone (Me.), and Nassau L. O. L., No. 84 of Andover.

The floral offerings were numerous and beautiful. The pall bearers were: Two sons, Edward and Charles, and two nephews, Frederic and Edward Spencer.

Mr. Watts leaves to mourn his wife, three sons and two daughters, namely: Edward, Mrs. Elbridge Dorsey and Mrs. Charles Johnson, all of Easton (Me.); George of Ryanham (Mass.); and Charles of Moncton; one sister, Mrs. Chas. Spencer, of Cliffordvale, two brothers, Charles and Isaac Watts of England, eleven grand-children and a great number of nieces and nephews.

The late Mr. Watts was born at Rush Hill, Bath, England, Feb. 4, 1844. He married Margaret Burke at St. John, Nov. 26, 1868. Eight children were born to this union. Mr. Watts was initiated into L. O. L. No. 53 on July 12, 1879. From this time he continued to be a zealous and enthusiastic member until his recent illness. He had been an honorary member of the lodge for several years.

"The Store of Satisfaction"

LUMBERING ON THE ST. JOHN
RIVER, PAST AND PRESENT

By J. Fraser Gregory, President of Murray and Gregory Ltd.

(Continued)
 It is said that the expression the "Main John" as applied to the head of any business, and which is common throughout the States and Canada, originated in the early days of the Boom Co. when three Glasiers, Duncan, Stephen and John, were active in the work. John was the boss, and to designate him he was called the Main John. In the early days of towing all the boats were side wheelers, the propeller being unknown, but today the propeller boat is the most popular and efficient for this kind of work.

On arrival at St. John the logs are usually surveyed by independent scalers, whose scale is final and binding between buyer and seller. Among the first scalers licensed by law were James Reynolds, Moses Tuck, Joseph Lingley, David Tapley, James Holly, Charles Eagles, John Coleman, J. E. Lingley, John Tapley. The firm of Tapley Bros. I have already mentioned as scalers. One other firm became prominent in the work. I refer to McLeilan and Holly, composed of David McLeilan, later Provincial Secretary, and James Holly a member of the Legislative Council when it voted itself out of existence. The firm still continues as James Holly and Sons although the founders are gone.

The first steam saw mill in New Brunswick was situated on the Strait Shore about where Miller Bros. Mill stands today. It was built by Allan Otty and R. W. Crookshanks and started on July 27, 1822, in the presence of Jarvis Knought, Governor of Nova Scotia, and General Smith who was in command of the troops at St. John. Previous to this there were tide mills. One was at the Carleton Mill pond where are the winter port docks now, and water being held in the mill pond when the turning of the mill wheel. Another was at Cunabel's Point, now the site of the pulp mill. To operate this mill a channel was cut through the point 300 feet long, 180 feet wide and 25 feet deep. This channel was cut by the Mill Canal Co. Moses H. Perley, secretary. It was stated in July, 1836, and finished in the spring of 1837. The same Company operated the mill.

These tide mills only cut logs for local consumption. The first mention of spruce deals being shipped was in the year 1822, the year the first steam mill started, and they were shipped by the schooner Amelisa to Cork. They were cut by hand. Very little sawn lumber was shipped after this until the fifties when the Crimean closed the Baltic to Great Britain, as previously mentioned. In the late fifties

and sixties there were a great many steam mills built and the export of sawn lumber increased very fast. At the same time shipbuilding was at its height, and St. John was most prosperous and grew very rapidly. The number from the mills being shipped in home-built vessels to all parts of the world. At that time St. John was the fourth largest ship owning port of the world. Some of the mills in operation at that period were, Kirk and Warrell's at the Long Wharf, Briggs Mill where the Hilyard Mill now stands, Anderson Mill near Rolling Mills, Petros Mill, Straight Shore, Fawcett Mill, Straight Shore below Warners, Shive's Mill, Straight Shore below Warners, Brown Mill, where Murray and Gregory now stands. Two Mills (Rankine) where Indian town mill is, Rivers Mill below Boars Head, Millidge Mill at Millidgeville, Drury Mill at Drury Cove, Jewett Mill at Millidgeville, James Vernon Mill Grand Bay, also one at South Bay, Holt Mill at Randolph, Lingley Mills at Mosquito Cove, Baker Mills below Pleasant Point, Barnhill Mills below Pleasant Point, Hunter Mill where now Miller and Woodman, a mill at Union Point afterwards Gushings, Union Point afterwards Gushings, Goddard Mill at Union Point, Westmore Mill, Westhead Eddy, Clarke's more Mill, Carleton, Burpee and Adams' Mill, Carleton, Calter Mill, Carleton, Adams' Mill, Carleton, Robertson's Mill, Carleton.

The equipment of these Mills was different from the modern mill of today. The boilers were what are called shell boilers, sometimes as long as forty feet and three to three and half feet in diameter without tubes. They were fired underneath only, like a pot at the front end with wood and half way of their length with sawdust.

FIRE! FIRE! FIRE!

Fire has caused \$22,426.00 in losses during the first three months of 1922 in the town of Edmundston alone. Only \$11,790.00 was covered by insurance, leaving a net loss of \$10,637.00. It shows that the property destroyed was not sufficiently protected. There are cold facts which should induce every property owner to carry a sufficient amount of insurance.

Summer on the Lower St. Lawrence

Canada has been blessed with many noble rivers, but queen of all the rivers of the Dominion, and the most historic, is the broad, steel-blue St. Lawrence.

Both shores of the lower St. Lawrence from the quaint old grey-walled city of Quebec to where the river enters the Gulf, are lined with delightful French villages, many of which have developed into decidedly popular and fashionable summer resorts.

Along the rugged north shore, with its purple headlands behind which rise the darker purple Laurentian hills, are to be found Murray Bay, Cap à l'Aigle, St. Irene and Baie St. Paul. Here the French customs and language together with the charm and hospitality of the habitants, have a peculiar fascination for the Anglo-Saxon.

The scenery is magnificent, the river is so wide that the opposite shore appears like a hazy blue line on the horizon, there is the tang of the sea in the air, the hills are studded with lakes abounding in trout, hotel accommodation is good and whether the tourist chooses Murray Bay, the rendezvous of wealth or fashion, or one of the quieter little French villages, he is bound to have a worth-while holiday.

The south shore, while less rugged, is equally enticing with its long white sandy beaches. Rivière du Loup, Cacouna, Bic and Metis Beach are among the most popular, all offering the best of boating, bathing and fishing amid rare natural scenery. There are excellent golf courses on both the north and south shores.

Those, however, who would escape from all traces of civilization, will find sanctuary in the great forest-clad back country of the Province of Quebec, which abounds in lakes and rivers. Lake St. Joseph, Lake Edward and Lake St. John regions and Laurentides National Park abound in fish and game.

All this territory is served by the Canadian National Railways.

PREPARING FOR BRIDGE OPENING

The Board of Trade, the Town Council, and the Race Track Association held a joint meeting on Monday in the Armouries, J. W. Hall the Chairman of the Board of Trade presiding. The meeting was called in connection with the arrangements being made for the opening of the bridge on September 4. It was decided to support the races on the fourth, and that there should be races on the day following. Douglas Stevens, R. W. Hammond and Dennis Martin were appointed a race committee; Frank Race and Isaac Kasner were appointed a committee to interview the business and professional men in order that purses aggregating at least \$2000 might be guaranteed on those two days. Martin Theriault reported the arrangements being made for the reception of guests, and other matter and at a late hour the meeting adjourned.

DEMPSEY AT FORT FAIRFIELD

Fort Fairfield, July 31—About 2,500 people from all over Aroostook and parts of New Brunswick saw Jack Dempsey go four two-minute rounds with his sparring partner, Jimmy Darcy, at the local driving park tonight. The men mixed it up quite lively and pleased the crowd. Wild Bill Fleming, of Bangor, was referee. In the other events Utah Kid of Bangor knocked out Pal Lorraine of Bangor in the second round. Tom Barrett, of St. John and Young Jack O'Brien, of Bangor, went six rounds of real fighting to a good draw. Dempsey was tendered a banquet tonight by local sports and will leave in the morning for Scranton (Penn.), going from there to Worcester and Boston, and will come to Northern Maine again for a fishing trip at Oxbow before going in training for his next match.

A BIG FIRE NEAR N. B. BORDER

Woodstock, July 31—Fire early Sunday destroyed \$150,000 worth of property in the village of Smyrna Mills, in Aroostook county, about twenty-five miles west of Woodstock. The fire started in the rear of the large general store of J. E. Tarbell & Bros., and wiped out the entire group of buildings owned by the firm, with the most of the contents.

Besides the main store which was 110 by 36 feet, two stories, there was a building with the heating and lighting plant; a storehouse 75 by 45 feet, three stories high; the old Drew hotel and stable, used for furniture storage; a garage and several small buildings, nearly all filled with stock, the firm carrying groceries, dry goods, clothing, hardware, farm machinery—everything from a cambric needle to a threshing machine, and the supply centre for miles around. The post office was in the main building. The contents were saved.

The fire had a good start and was so threatening that a call for help was sent by the town officials to Houlton, but before a special train could be made up, damage from a further spread was over and word was sent that no help was needed.

YOUNG MEN'S LIBERAL SOCIETY

Enthusiastic Organization is Formed to Spread the Principles of Laurier Liberalism Among Youth of Electorate

Forty enthusiastic young men of the town of Woodstock gathered together on Saturday evening to form themselves into a young Liberal association, with the express purpose of seeking in every way to spread broadcast the principles of Laurier Liberalism among the young men of or near voting age. An active campaign of organization is to be carried on throughout the county of Carleton, and possibly the entire constituency of Carleton-Victoria. Woodstock is to serve temporarily as the headquarters for Carleton-Victoria.

The executive chosen by the meeting is as follows:—Honorary president, the Hon. A. B. Copp, M. P., secretary of state; president, R. K. Jones; vice-president, Paul R. Bowlin; secretary, Jack C. Whitehead. A representative executive committee is to be announced later.

In a letter which was read at the meeting, the Hon. Mr. Copp cordially endorsed the plan, and the leading Liberals of the vicinity are enthusiastic

in their approval. The organization augurs well for a new phase of Liberalism in the constituency and is unique in so far as it is the first of its kind in eastern Canada.

PLEASANT SOCIAL EVENT

Mirth and jollity were unconfined at the home of Mr. and Mrs. Fred Lajoie Wednesday night when a birthday party was given in honor of Miss Anne Lajoie. A pleasant evening was spent with music and dancing. The Misses Hagan of Halifax gave excellent entertainment with the piano and violin.

Miss Jean LaPorte sang. Those present were Miss Florence Bernier, Miss Yvonne Daigle, Misses Hagan, Miss Alma Bourgoine, Miss Laura Bastarache, Miss Laura Bastarache, Misses Jean and T. LaPorte, Miss Eula Rice, Miss Elsie Pelletier, Misses Aline and Anne Daigle, Miss Irene Poltras, Mr. Patsie Jewett, Martin Theriault, Albert Dionne, C. Archambault, Geo. and Bert Rice, A. Daigle, Felix Dugal, Geo. LaPorte, E. Chaisson, Fred LaChance, J. Brochu, E. E. Miller, Mr. and Mrs. Geo. Larlee. A dainty lunch was served by Miss Amelia Poltras and Bebe Lajoie.

Mr. and Mrs. Joseph Williams of Tracey Mills, were guests of C. A. Long on his birthday, the 27th.

Dr. Murray and Miss Marguerite Campbell spent the week-end with Mrs. Campbell and Miss West.

Railway News

Irish newspapers follow up the careers of Irishmen who leave the Green Isle. The Irish Independent had the following item a few days ago:

Sir Herbert Samuel Holt, of Montreal, wife, eldest son, Capt. H. P. Holt, M.C., is to marry Aileen Elizabeth, elder daughter of Mr. and Mrs. G. L. Cairns, of Montreal, is a man of considerable standing in Canadian commercial circles. He is a banker and railway engineer, and besides being President of the Royal Bank of Canada, is a director of the C.P.R.

He is an Irishman, being born in the Co. Kildare in 1856, the son of the late Mr. Gratian Holt. Capt. Holt was in the 3rd Dragoon Guards.

J. M. Gilmour, chief clerk in the C.P.R. general offices at Lethbridge, has been transferred to the same position in the superintendent's office at Medicine Hat. J. H. Fairley, chief clerk at Edmonton, will succeed Mr. Gilmour at Lethbridge. The former is being replaced in Edmonton by S. C. Connelly of Medicine Hat. J. M. Gilmour was the first chief clerk in the Lethbridge division, having been placed here to open the office August 1, 1914. He has been with Supt. C. D. MacKintosh since that date. He has always taken a keen interest in the activities of the C.P.R. Social and Athletic club.

No man in Canada has the reputation of equalling Geo. H. Ham, of the Canadian Pacific Railway Co., as a raconteur and a wit. Sir Thomas White once called him "a great national asset."

Mr. Ham added that he was glad that Sir Thomas had fortunately not forgotten the "et." Even in the hospital undergoing an operation for appendicitis, Mr. Ham sustained his reputation, as his best story, probably, will show.

When he lost consciousness, he says, his last thought was "This is eternity."

"When I recovered from the effects of the opiate, I found myself in a darkened room, and wondered where I was and what it was all about. The kindly-natured nurse quickly discovered that my consciousness had returned, and came to my bedside, and then I remembered everything. But why this dark room? It was early morning when they operated on me, but now it can't be night."

"No, it isn't," she seriously responded, "but we were afraid of the shock you might get."

"Why, what shock?"

"Well, there was a big fire just across the street, and we were afraid if you awoke, and saw the flames, you might think that the operation hadn't been successful."

"That shows you what it is to have a reputation."

Whatever the victims of the coal

and grain business this far, the Canadian Pacific would be in position to handle it. This was the assurance given by Grant Hall, vice-president of the company, at Calgary. Mr. Hall is on his annual tour. He is in a most hopeful frame of mind regarding the crop situation in the three western provinces. Present prospects, he stated, were that there would be a fair average crop.

"No, I do not anticipate any complications arising on this side owing to the strike among United States shippers," he remarked in reply to a question. "There is no occasion to think this at the present time," he added.

Assistant Superintendent W. M. Neal of the C.P.R., who is leaving Toronto, to become general superintendent of Algoma district with headquarters at North Bay, and H. J. Humphrey, superintendent of the Trenton division of the C.P.R., who is to succeed Mr. Neal, were entertained to dinner by C.P.R. officials at Toronto recently. Mr. Neal was presented with silver candlesticks and Mr. Humphrey with an umbrella.

A meeting of a committee of citizens aimed to consider the building of a Seamen's Institute at Quebec, on the site in the harbor secured from the Government, was held recently at the Royal Bank building.

Mr. J. T. Ross presided over the assembly, and a letter was read from Commander Elliot of the Canadian Pacific Steamships, stating that he was authorized by Mr. George M. Bosworth, on behalf of Mr. E. W. Best, president of the C.P.R., to say that the latter company would subscribe \$5,000 toward the building, provided that the remainder of the amount required for the purpose is obtained from other sources.

The plans call for an expenditure of from \$25,000 to \$30,000. It was decided to accept this offer with gratitude, and preliminary discussion took place as to ways and means of collecting the balance of the amount.

Vitrol—Large quantity, highest grade just received. Also all kinds of poison. Prices right. Get your wants supplied at once. Prices are advancing.—S. W. Smith, East Florenceville.

SEED POTATO BUSINESS

The Board of Trade had as a caller yesterday I. M. Young, who is in the province looking into the possibilities of the seed potato business, and is accompanied by a United States government expert, who is looking over the Maine and New Brunswick crops for indications of disease.

DR. PETER WHITE CODY

Dr. Peter White Cody passed away at 2 a.m., July 16, at his home, No. 578 Massachusetts avenue, Boston, following a brief illness. Dr. Cody was born at Grand Lake, Queens county, on December 25, 1858, and spent his boyhood days in that vicinity. After a course at the Normal School, he spent a couple of years teaching at Centreville, Carleton county. He then

studied medicine at Iowa State Medical College at Keokuk, Iowa, followed by post-graduate courses at the College of Physicians and Surgeons, New York. Dr. Cody practiced in Forest City, Island Falls and Millinocket and thirteen years ago moved to Lawrence (Mass.), where he continued his work until about two months ago when he removed to Boston. He was physician and surgeon to some of the large woolen mills in Lawrence, to the Sons of St. George and to the Scottish Clans. He was a 32nd degree mason, a member of the Mystic Shrine of the Odd Fellows, and Knights of Pythias. An ardent lover of the national game he managed baseball teams in Millinocket and Island Falls. Possessed of a genial disposition the doctor made an ideal companion and will be much missed by a host of friends in the several places he has lived and visited.

Dr. Cody leaves to mourn a wife, formerly Miss Ella Gellerson of Houlton; a son, Dr. H. C. Cody, of Peru; two daughters, Mrs. E. R. McClinton of Centreville and Mrs. Harold Baldwin of Douglastown; two sisters and one brother in St. John.

The funeral took place from his late home in Boston. The body was taken to Centreville where interment was made in the family lot in the Episcopal cemetery. Service was read by Rev. H. P. Rigby of Woodstock, and the last rites were administered by a large body of the members of Carleton Lodge, F. and A. M.
