Norway Pine Syrup. Mrs. D. D. Miller, Allandale, Ont. writes: "My husband got a bottle of Dr. Wood's Norway Pine Syrup for my little girl who had Bronchitis. She wheezed so badly you could hear her from one room to the other, but it was not long until we could see the effect your medicine had on her. That was last winter when we lived in

"She had a bad cold this winter, but instead of getting another bottle of Dr. Wood's Norway Pine Syrup, I tried a home made receipt which I got from a neighbor but found that her cold lasted about twice as long. My husband highly praises 'Dr. Wood's,' and says he will see that a bottle of it is always kept in the house."

It is put up in a yellow wrapper, three pine trees the trade mark, the price 25 cts.

QUESTION DAY IN THE COMMONS

No Complaints Made by Japan in Regard to Mr. Preston.

Ottawa, Feb. 3.-In the House today Boyce (Algoma), asked for details of the business done by Mr. W. S. Loggie's firm with the departments of marine and fisheries, militia and defense, public works, railways and canals, and the National Transcon-

tinental Railway commission. Mr. Loggie is the member for Northumberland, N. B.

Hon, Mr. Brodeur stated that his

department had paid the company

\$121 42 in 1906-07, and \$788 52 in 1907-08. Sir Frederick Borden stated that the militia department had paid nothing. Mr. Pugsley gave the same end, Lorne avenue the east end, and reply. In reply to a second question, Mr. Armstrong was told that the total exports of agricultural products to Germany during 1908

amounted to \$551,920. The House then proceeded to debate a resolution by Mr. Sinclair, of Guysboro, in favor of the appointment of a select standing committee of the House to deal with all questions relating to the marine and fisheries. The appointment of the proposed

committee was ordered. Mr. Brodeur announced that the Government would shortly introduce an amendment to the rules necessary to carry out an order for a new standing committee.

A Serious State of Affairs.

To the Editor of The Advertiser: I was much interested in the hint mains where necessary throughout the flow of water to all rarts. As he said, it will be absolutely necessary necessary to have another main from Springbank too, as we can hardly afford to take the chances of a breakage

If these two necessary additions were made to our system we would have a satisfactory pressure all over the city, and the addition to our plant would come in useful, no matter what system was subsequently adopted. We can never afford to abandon the advantages given by the water power at Springbank, and if the commissioners would only take the bull by the horns and make these two very neces-Italian composers. ASKS REFORMS

Want Some of the Damage Cases Transferred From the Jurors to the Judges.

Toronto, Feb. 3.-The Ontario Bar As-

ociation waited on the Ontario Govern-

ment yesterday in regard to the proposed measure for law reform. Perhaps their most important request was that actons for damages for negligence should be taken out of the hands of juries. It was maintained that it was too easy to work on sympathies of juries. In regard to appeals, they do not want any change from the present law. F. E. Heigins, K.C., who introduced the deputation, said that the bar would prefer a final court of three judges sitting constantly, and with plenty of time to onsult together and consider cases. Hon. J. J. Foy said it was quite clear some matters had to be remedled, and there was something not quite right about appeals. What should be done he would not say, as it must be introduced by legislation. He was glad to have the views of all classes, and they would be digested. The Government would intro-

I'hinks That Duty on American Pork Should Be Increased.

Toronto, Feb. 3. - At the Dominion Swine Breeders' Association's annual meeting today a general demand for an increased tariff on hogs was made, the feeling being expressed that the present duty was far too low in comparison with the duty on the same article shipped to the United States. The Americans held the high and controling hand in this matter.

of the most important ever held in the

Province of Ontario. Among the important matters around which the interest of this convention will centre will be a demand for the abolition of the three-fifths requirement, the question of a provincial prohibitory law, and the laying of plans for another local option campaign.

One of the distinguished visitors who will take part in the convention will be Hon. Seaborn Wright, of Georgia. Hon. Mr. Wright has been a conspicuous figure among the statesmen of the south for a long term of years, during which he has been a leader in the Georgia Legislature. He is a strong, wise, progressive politician, a broadminded philanthropist, and a forcible and eloquent speaker.

A POOR BRAND OF CANADIANISM

True to its instincts, the London Free Press, alone among Canadian journals, approves the antiquated don is already a big industrial centre, system which keeps the Canadian Parliament cooling its heels in the ante-chamber of the colonial office. Here is a treaty which concerns only Canadian interests-the international waterways. It was negotiated by and for Canadians. It has been under discussion for a fortnight in the United States Senate, but no Canadian public man may have a glimpse of it, because the document must go to England for the royal signature and recross the Atlantic before the Canadian Parliament can consider it. Our an evidence of the defect of the syslocal contemporary, in seeming ignor- tem, the inference being that jurors are to scrap, they were as good as twelve ance of this absurd diplomatic usage, influenced by party prejudices. ANSWER TO DUTCHMAN AND MILKMAID PUZZLE, PRINTED ON WEDNESDAY

In the puzzle of the pasture field it becomes necessary to figure upon he daily growth of grass. We were told that the cow cats as much as the goat and the goose. Therefore, if the cow and goat eat the stock of standing grass added to 45 days' growth in 45 days, it is plain that two goats and a goose would take the same time. As a goat and goose would be twice as ong, we see that one goat would take 90 days, and that the goose could just keep up with the growing grass. Therefore, if the cow eats 1-60th of the stock per day, and the goat 1.90th, together they would eat 1-36th. The answer is that the cow and goat would eat up the standing crop in 36 days, while the goose devotes his time to taking care of the daily growth.

As showing how the problem was constructed, call the stock of grass 180 units, and the growth per day 1 unit. The cow eats 3 units per day, the goat 2 units, and the goose 1. Take any combination of animals you wish; add their units, deducting one to meet the daily growth, and divide 180 for their

WHAT IS LONGBOAT'S REAL CONDITION?

Will some one please tell us who and what to believe about

Tommy Longboat? Those who were in New York to see the race on Jan. 26, came back saving that it was a good thing for the Onondaga that the race was postponed and said the Indian was away off color.

Right on the heels of this came letters from the Indian to his friends saying, "I'm all in. Don't bet on me. I can't run

Then letters from Mrs. Longboat to her friends and to Bert Maracle, of Deseronto, from Longboat himself, arrived, all saying that Longboat was in great shape, and would trim Shrubb, and on top of this we have his defeat of a relay team at 15 miles in 1.29.30 in Wash-

Now what are we to think? The feeling is gaining ground around town again that the Indian is not half as bad as he was made out to be and that he is worth a bet against The New York papers say the Indian won in commanding fashion in Washington, and finished full of run ning. Those who saw the Indian in New York, however, still stick to their opinion that Shrubb will win out Friday

DRESSED HOGS WERE PLENTIFUL

But Prices Nevertheless Remained Firm on London Market.

GRAIN PRICES LITTLE EASIER

Live and Dressed Poultry Quotations Unchanged .- Big Crowd on the Square.

The largest market since Christmas,

The square was practically filled with wagons and sleighs, nearly 50 loads of hay alone being offered. The light snowfall 9.53c; as improved the sleighing on the country oads greatly, and many farmers have aken advantage of the excellent condions to bring in their produce.

Dressed Hogs.

Dressed hogs were much in evidence and despite the fact that they were plentiful, the price remains high. The prevailing figure for dressed hogs was \$9 25 per cwt, while a number sold at \$9. Early that morning four hogs were sold to local outchers at \$9 50 per cwt. About 100 dressed hogs were offered, of which one buyer-secured 42.

Grain Prices.

Grain is a little easier this morning pats selling at \$1 15 to \$1 20 per cwt; a few loads of excellent quality brought \$1 22. All other grain prices are unchanged, oats being about the only articles No change is recorded in the quotations

of hides and skins, although there is a slight rise on the Toronto market. This will probably influence the local market. Live and dressed poultry quotations are A large quantity of vegetables were of-

of poor quality cattle, which it is a little difficult to dispose of at good prices. For the bulk of the light and rough cattle included in this-week's heavy run, the market is off from 20c to 30c.

The choice butcher cattle are scarce, and therefore the high prices quoted for a few of this class-and a very few they are—are not to be taken as an average of the market. The choicest butcher cattle picked out of loads, sell as high as \$4 60 to \$4 80, and in some cases \$5 is paid. These are the exceptional prices, for fair to good loads of butchers sold at \$4 25 to \$4 40, and leads of mixed medium quality at \$3 75 to \$4. Mixed cews and bulls, butchers and exporters, are off 20c to 25c. Good export steers are steady, but not many are offering.

MANY DON'T KNOW HEART AFFECTED.

More People than Aware of It Have Heart Disease. "If examinations were made of every-

one, people would be surprised at the num ber of persons walking about suffering from This startling statement was made by a doctor at a recent inquest. "I should not

like to say that heart disease is as common as this would imply," said the expert, "but I am sure that the number of persons

going about with weak hearts must be very large."
"Hundreds of people go about their daily work on the verge of death, and yet do not know it. It is only when the shock comes that kills them that the unsuspected weakness of the heart is made apparent." "But undoubtedly heart weakness, not

disease, is more prevalent newadays. I should think that the stress of living, the wear and rush of modern business life, have a lot to do with heart trouble.' There is no doubt but that this is correct, and we would strongly advise any one suffering in any way from heart trouble to try a course of Milburn's Heart and Nerve

A WOMAN In The Case!

A woman was at the bottom of it. She said to her husband: Why don't you go over to the Bankrupt Stock Sale and see what kind of clothes they have, anyway, instead of paying such high prices in other stores? The man came, doubting at every step, said he did not think we could fit him, but just wanted to look around for curiosity. We persuaded him to try on a Coat, and, of course, easily convinced him that his ideas of a Bankrupt Stock Sale were all
