57TH YEAR. NO. 22703 THE LONDON ADVERTISER, LONDON, ONTARIO, THURSDAY EVENING, MAY 6, 1920. 112 COLUMNS. PRICE THREE CENTS

L. AND P. S. CONCILIATION BOARD FINDING TO REMAIN SECRET UNTIL MINISTER OF LABOR IS NOTIFIED

Men and Employers Unable To Reach Agreement by 10 o'Clock This Morning, So Board Decides the Question.

As the employers and employees in the London and Port Stanley Railway wage dispute could not reach an agreement since the meeting of the conciliation board on Wednesday afternoon, the board decided the question this morning. Until the minister of labor receives the report the finding will remain a secret.

The employers stated Wednesday afternoon it would cost in the neighborhood of $75,000 to pay the men the wages they asked. They could not see where the money could be secured, as the people would not vote for an increase in fares and the revenue for the year ending June 30, 1919, was but $31,000. For the nine months previous to March 31, 1920, the surplus was $7,500. If April, May and June showed as good earnings this year as last, the total for the year would only be $20,000.

After some discussion it was learned that the $75,000 in increases included 50 men of the office staff and other workers not belonging to any union. J. Parker, international organizer, stated that his business did not include a request for these non-union men. This brought the number who would receive the increases down to 90.

The teamsters, it was said, were satisfied because they were being paid on the same basis as those employed by the steam roads.

Mr. Parker was of the belief that the people would not vote down a bylaw for an increase in fares if they knew the money so derived was to be used to pay the men a living wage.

He believed, he said, in being a peacemaker as far as possible, and told Sir Adam Beck that the commission ought to be big enough to settle the dispute without calling on the board. However, Sir Adam applied for its assistance.

IMPORTANT POST FOR DR. CRAIG

London Doctor To Be Medical Consultant of Health Commission, Halifax.

Announcement was made today of the appointment to an important post with the Masachusetts-Halifax health commission of D. A. Craig, M.D., C.M., former medical superintendent of Queen Alexandra Sanatorium at Byron.

Dr. Craig has accepted, and will leave London Tuesday to assume his new duties at Halifax, where he will become medical consultant for the commission, which office will include membership on the medical faculty of Dalhousie University.

Dr. Craig recently was invited to Halifax to conduct a clinic, and also to appear as the guest of honor at a luncheon tendered by the Commercial Club of that city. Later he was invited by the Massachusetts-Halifax commission to accept the important appointment on the staff of that organization.

The commission is a development of the relief activities of the people of Boston and the state of Massachusetts, who generously rushed to the assistance of the stricken Canadian seaport when a large section of the city was wiped out by the disastrous explosion aboard a munitions ship in the harbor, in December, 1917.

Slums Replaced.

The work has been carried on ceaselessly since that time. The old slum areas of Halifax have been replaced, at a cost of $26,000,000, by modern workingmen's homes, surrounded by garden plots and pretty boulevards. The housing problem having been dealt with, the commission is now directing its efforts to improving public health conditions, and to this end the admiralty house and two other locations in Halifax and Dartmouth have been taken over.

One of the recent appointments was that of Dr. Royer, formerly of the state board of health of Pennsylvania, who will serve as executive secretary.

Outstanding Honor.

The appointment of Dr. Craig is regarded as an outstanding honor. He was born in Russell, Ont., and is a graduate of McGill, M.D., C. M., 1908. He took post-graduate work in London, Edinburgh, Manchester and New York, and before coming to London as medical superintendent of Queen Alexandra Sanatorium, eight years ago, he had served on the staffs of Laurentian Sanatorium, St. Agathe, Que., and Royal Victoria Hospital, Montreal, and he had been medical superintendent of Lake Edward Sanatorium, Lake Edward, Que.

The doctor, who has been associated with various Canadian and American medical associations, was recently tendered a fellowship in the American College of Physicians. He was instrumental in the organization of the Western Ontario Academy of Medicine, of which he was the first secretary, and of which he is at the present time vice-president. During the war he ranked as captain in the A. M. C., and served as consultant in tuberculosis for Military District No. 1. As an authority on diseases of the chest he has written important theses for the leading Canadian and American medical journals.

HORTICULTURAL SOCIETIES SHOW GOOD PROGRESS

Toronto, May 6.—An increase from 100 to 132 in the number of horticultural societies in Ontario, and from 18,000 to 22,000 in the membership of the societies in the past year, was reported to the agricultural committee of the Legislature by J. Lockie Willson, superintendent of agricultural and horticultural societies.

ANOTHER GHOST WALKS

By H. F. Gadsby.

Another ghost that will not down is patronage. Sir Sam Hughes has a motion on the order paper about it. He would like to go back to the old state of things, as would most of the other party stalwarts, because he considers it fairer to everybody.

Just as the doctrine that campaign funds are purer when the individual contributions are smaller is attacked so is the other doctrine of the reformers impugned—namely that partonage has been cut out simply, because it is centralized in a civil service commission at Ottawa and is subject to all the pulls that Ottawa is heir to.

The last ditch spoils-of-office boys contend that the civil service commission is simply a system of pull, tempered by written examinations and that in the long run patronage is more of a curse than ever, because it is not diffused like the gentle dew, as was formerly the case, but is the exclusive fountain of the cabinet ministers at Ottawa. They contend that it works out in practice very much like the old system but with this difference—that the cabinet minister has the first claim on the office holder's gratitude and the member of parliament for the district the second. Naturally this puts the member's nose out of joint, because he would fain be Lord Bountiful to those who have helped to put him where he is.

Down in Frontenac.

What happens when somebody down in Frontenac County, let us say, applies for a job, previously advertised in the local newspapers, and his application is favorably viewed by the civil service commission? The job, we will suppose, comes under one of the numerous departments mothered by Mr. Rowell. What happens is this. The name being passed on by the commission to Mr. Rowell that industrious gentleman writes to Dr. Edwards, M.P., asking him all about the candidate whom, of course, Dr. Edwards knows as well as he knows his own shoes. Dr. Edwards writes back in glowing terms and on his recommendation the applicant finally lands the job. In due course the applicant receives a word from the civil service commission that he has been appointed. This is followed up by a nice little note from Mr. Rowell, who wishes the new man success and leaves it to be implied that thanks are due to Union Government and Mr. Rowell from whom all blessings flow. Dr. Edwards, of course, is not mentioned, because it might confuse the new man to indicate more than two objects for his undying gratitude.

Patronage by Wholesale.

That is patronage by retail, so to speak. Patronage by wholesale is even more debatable. The central purchasing committee is a case in point. Last session Mr. Rowell fathered this project, which was thrown out by a thumping majority. The enemies of

Continued on page five.

R. L. RICHARDSON, member from Springfield, Man., who in the Commons asked for an inquiry into the proposed steel and ship merger.

Daughter Dead, Scientist Denies Contagion Exists

Newark, N. J., May 5.—Andrew Walker took the stand in his own defence here today in his trial for manslaughter, growing out of the death of his small daughter. The girl died from diphtheria without medical aid. Her parents are Christian Scientists and she was treated only by practitioners of that faith.

Walker said he had been cured of illness himself by faith.

"Do you believe it will cure cancer?" asked the prosecutor.

"It will cure anything," was the reply. "I do not believe in the contagion of disease."

"If you had been told she had diphtheria would you have believed it?"

"No."

"What would you have called it?"

"A condition of inharmony."

Walker's wife is a co-defendant on the same charge.

LLOYD GEORGE WILL DISREGARD MESSAGES OF U. S. POLITICIANS

Statements Regarding Ireland Do Not Represent American Sentiment.

London, May 6.—Premier Lloyd George will not take cognizance of the message from American congressmen relative to Ireland. "This sort of thing has ceased to cause any stir here," an official at 10 Downing street told the Associated Press this morning. "We long since have come to believe that resolutions and messages coming from America are political manoeuvres, and that they do not represent American sentiment. Consequently they have little weight."

TURK SOLDIERS DECLINING TO FIGHT REBEL

Government Representatives To Compromise With Mustapha Kemal.

300 TROOPS MUTINY

Recruits Who Ask Leave of Absence Fail To Return.

Constantinople, May 6.—After consultation with the entire cabinet, Damad Ferid Pasha, the grand vizier, decided today to send Nazim Pasha, former chief of staff, and Nour-ed-din Pasha, former governor of Smyrna, to Angora, for the purpose of effecting a compromise with Mustapha Kemal Pasha, the Nationalist leader.

The efforts to induce Turkish troops to oppose Mustapha Kemal's forces appear to be becoming more difficult daily. Three thousand Turkish prisoners, who had just been repatriated from Egypt, mutinied when they were told they would be sent to Anatolia for this purpose. In another case of 3,000 recruits under training in the war office compound, one-third drew a month's pay and asked to go home to say good-bye to their families, but failed to return. The remainder are now being kept locked in the compound.

LEAGUE OF NATIONS COUNCIL HAS BIG PROGRAM IN SIGHT

Course of Action With Respect To Treaty To Be Considered.

Washington, May 6.—A full program awaits attention of the council of the league of nations, due to assemble in Rome next Friday for its fifth meeting. An outline of preparations for the meeting received here shows that first steps are to be taken toward carrying out such provisions of the league covenant as international disarmament, publication of all treaties entered into by league members, plans for the first meeting of the league assembly, admission of new members, and many other matters.

The method of presenting these questions to the eight members of the council has been worked out very fully, and much data assembled by the permanent staff about which discussion will centre. Suggested courses of action also have been outlined, and to insure adequate presentation of each subject, an arrangement has been perfected under which it will be the duty of a particular member of the council to familiarize himself in advance with data on each specified question, and to plead the consideration of that question when it is called upon.

LABOR SITUATION IN SPAIN IS IMPROVED

Favorable Developments Are Reported From Many Places.

Madrid, May 6.—Favorable developments in the labor situation are reported today from Saragossa, the dispatches announcing that all the industries there have resumed work.

The news from Valencia is not so reassuring. The unrest there is continuing, and there were rumors in that city during the night that two bombs had been exploded in the prison. The report was not confirmed but the prison garrison, it develops, was reinforced in consequence of the discovery of suspicious correspondence between arrested strikers and trade unionists, it was announced, revealing a plot to release the prisoners.

No Advances In Prices On Hats For This Summer

Male Milliners Make This Promise at Convention.

New York, May 6.—A promise to the public that no attempt would be made to raise the price of summer hats was made today when 1,100 male milliners assembled here for the opening of their annual convention. The milliners in their price announcement made no mention of the fall.

WILL MAKE NO DECISION UNTIL AFTER CONFERENCE

London, May 6.—(By the Canadian Associated Press).—Earl Curzon, foreign secretary, speaking in the House of Lords last night concerning the creation of an imperial general staff, said that he thought it unwise to state a definite policy until the conference of the dominions next year. Continuing, Lord Curzon said: "There will be a conference as to the relations between the dominions and the mother country. There is some hope there may come out of that an imperial cabinet, not only for defence, but for other matters. We have to secure co-operation, not only between three services, instead of two, but between those services and all parts of the dominions. Much thinking will have to be devoted to this subject."

ANTHRAX CONTRACTED IN A HAIR FACTORY

Chicago, May 6.—A Chicago hair factory was ordered closed yesterday by order of Health Commissioner Robertson, after three employees had died of anthrax, believed to have been contracted from handling hair imported from Argentina. It was the first appearance of anthrax in Chicago in ten years.

GEN. H. H. McLEAN, M. P., who has denied the alleged declaration at the parliamentary committee that the average wife of a private was of the servant class before marriage.

COSTS TOO MUCH TO KEEP CAMEL; GOES TO BUTCHER'S BLOCK

Paris, May 6.—Parisiens have the opportunity of tasting camel meat as a result of the sale of Aristide, the famous "ship of the desert," long the property of the horticultural gardens, to a firm of butchers. The animals was auctioned off and brought 1,200 francs. The cost of maintaining the camel was found too heavy to be borne by the management of the gardens.

10,000 Rebels To Start March On Mexico City

Move Against Capital Planned by Large Army.

Juarez, Mex., May 6.—Ten thousand revolutionary soldiers shortly will begin a march upon Mexico City from the State of Chihuahua, according to an announcement made here by Jesus M. Cuen, recently appointed to aid in the transfer of federal funds here incidental to the change of Government. Cuen formerly was federal judge of the Juarez district. Francisco Villa, with 2,000 men, joined the revolutionary forces today at San Romico, Chihuahua, according to reports received in Nogales, Sonora. Villa, it was said, will bring 10,000 supporters to the side of Obregon.

WILL ATTRACK MAZATLAN.

Nogales, Ariz., May 6.—Gen. Angel Flores, revolutionary commander in Sinaloa, will attack Mazatlan, the principal seaport of the state, with a formidable force in a few days, according to Americans here today from the coast state.

Gen. Flores is said to have several siege guns, machine guns and a large supply of ammunition. While the seaport is protected by a fortress, it was said that the federals' supplies of ammunition were scanty.

LT.-COL. C. V. PECK'S RESIGNATION CAUSES SENSATION IN HOUSE

Discussion of General McLean's Remark Is Postponed.

Ottawa, May 6.—The resignation of Lieut.-Col. C. V. Peck from the parliamentary committee on pensions has caused a sensation here. The resignation is due to certain statements made before the committee before Brig.-Gen. McLean and also the fact that a certain statement by the general had been included in the records of the committee.

Soldier members of the committee allege that Gen. McLean did say "that the average wife of a private was of the servant class."

It is known that at the secret meeting of the pensions committee yesterday several officers who served overseas brought the matter up, but it was decided to postpone discussion on account of the absence of Gen. McLean.

RESIGNATIONS SUBMITTED.

Ottawa, May 6.—By Canadian Press.—The resignation from the committee of Col. C. Peck, V.C., and Col. R. C. Cooper, came before the special committee of the pensions and re-establishment this morning. The letters were considered, but no further action was taken. It was suggested that in view of a full investigation of the incidents surrounding the resignations they should now be withdrawn, and also suggested that these resignations could only be made through the House, as the committee had been appointed in that way.

Col. Cooper's letter of resignation, addressed to Hume Cronyn, chairman, follows:

"In view of the unsatisfactory culmination of the Gen. McLean incident, I feel I cannot do otherwise than turn in my resignation from your committee.

"It has my decision on the following three points:

"1. Deletion of evidence from the records of the committee without authority.

"2. Incorrect transcript of the evidence given by Gen. H. H. McLean (in my opinion).

"3. Refusal of the committee to examine the reporter and his notes to ascertain if the transcript given to the newspapers is in accordance with the notes taken by him.

"(Signed), R. C. COOPER."

LINDSAY CRAWFORD TO ADDRESS N. Y. AUDIENCE

New York, May 6.—Lindsay Crawford, of Toronto, will be one of the principal speakers at a mass meeting to be held in Maennercher Hall tonight to discuss topics of "Old and New Ireland. Mr. Crawford, former president of the Independent Orangemen of Ulster, will explain that "there is no religious question among those who are working to have Ireland take her place among the free nations," according to the announcement.

Other principal speakers included Justice Cohalan, John Devoy, Monsignor O'Connor, and Harry Boland.

POLES AND REDS FIGHTING HARD FOR POSSESSION OF KIEV CITY

Bolsheviki Being Forced To Withdraw From Positions.

PLACE TO FALL SOON

Polish Forces Await Entry of Ukrainian Troops.

Warsaw, May 6. — Fighting between the Poles and Bolsheviki for possession of Kiev, capital of the Ukraine, continues day and night. In the entire semi-circle of the Kiev bridgehead the Polish infantry is in contact with the Bolsheviki infantry.

The Poles are slowly pushing back the enemy in the face of machine gun and artillery resistance.

POLES AWAIT UKRAINIANS

Paris, May 6. — Advices received at noon by the foreign office with regard to the Polish offensive against the Bolsheviki in the Ukraine say that the Poles could enter Kiev, the Ukrainian capital, but are waiting to permit the Ukrainian forces to be the first to enter the city.

REDS TAKE VILLAGE

London, May 6.—The capture of a village 47 miles north of Kiev by the Bolsheviki is announced in an official statement received today from Moscow under date of Wednesday. The statement says: "In the Kiev and Taganrog (on the Sea of Azov) regions the situation is quiet.

"At the mouth of the Pripet, our troops have occupied a village on the right bank of the Dnieper, 47 miles north of Kiev."

GAS CO. SAYS LOSS WAS $571 DURING MARCH

Want Price Boosted From 90 Cents Per Thousand to $1.35.

A loss of $571.82 during the month of March is claimed by the City Gas Company, which has applied to the city council to increase the price of gas from 90 cents per 1,000 feet to at least $1.35. Ald. Cameron Wilson and John Bridge have been appointed to interview the city solicitor in regard to the matter. Ald. F. E. Harley and E. R. Seabrook are other members of the committee which interviewed the gas company.

According to the statement made to them, general manufacturing expenses during March were: Coal gas, $13,092; water gas, $11,923; distribution, $2,164; management, $435; miscellaneous, $1,-$11; allowances and rebates, $54.93; interest on bonds, $1,105.

The earnings for the same period, according to the company's statement, were: Gas, $23,222; coke, $4,694; coal tar, $467; water gas tar, $150; carbon, $1.80; meter rents $1,377.16; house rents $160.83. This indicates a loss of $571.82.

The company also made an estimate on the probable increase in operating expenses from May 1, this year, to May 1, 1921, as follows: Coal, 15,000 tons, increased $1.29 a ton, $19,350; oil, 603,-000 gallons, increased 8 cents per gallon, $48,240; wages, $15,000; increase in general repair and upkeep, $7,000; loss for March, $571.82, for year $6,860; increase in city taxes, $2,835.93; increase in workmen's compensation board, $631.37; main and sub work under new pavements, $6,000; total, $105.917.

Coal increased from $7.01 a ton in March to $8.30 in May, and oil from 10 cents a gallon in March to 18 cents in May, the company states.

C. Duffield, a member of the company, told the investigating committee that the company had paid no dividends since 1917, and that 6 per cent was the greatest dividend given since 90-cent gas had been sold. Their capital amounted to $256,000.

FRENCH RIVER HYDRO DEVELOPMENT TO BE STRONGLY ADVOCATED

The International Waterways Commission Meeting At North Bay Tomorrow.

North Bay, May 6.—The international deep waterways commission will meet here tomorrow, and it is certain that the claims for the improvement of the French River waterway will be brought before the commission in the most forceful way possible. The commission will be shown, it is understood, that the electrical power developed would yield more than the interest on the amount required for the cost of the whole waterway. The direct saving in the cost of transportation from the supply centres of the south would in less than ten years cover the total cost of construction. Again, Northern Ontario needs the electrical power that would be developed by the improvements of the French River waterway, and as an economic enterprise for industrial purposes alone would more than repay any outlay entailed. The Dominion Government engineers' reports show that "even with an increase of 25 per cent in the costs estimates, the sale of power alone would still meet interest on cost of the entire waterway."

EDMUND BRISTOL, M. P. Toronto, who supported in the Commons the British Empire Steel Corporation Consolidation.

WHY IS THE PRICE OF SOUP SO HIGH?

Chicago, May 6.—The high cost of soup will be the first object of investigation of the newly-created high cost of living committee of city council, Max Adamsonsky, chairman, said today.

The meagreness of pie slices and the thinly sliced ham in sandwiches would be the next things inquired into, Adamsonsky said.

France Is Short 1,000,000 Men To Do Farm Work

Shortage of Food Due to Loss of Workers.

Paris, May 6.—The shortage of foodstuffs in France is attributed by many persons to the loss of a million farm workers as a result of the war, and the drafting of an additional 600,000 more into the services of the Government and the cities.

To meet the deficiency it is proposed shortly to introduce a bill in Parliament to enable farm workers to rent or buy small tracts of land.

ANOTHER ADVANCE IN NEWSPRINT SEEN

U. S. Senators Told of Alarming Rise in Raw Materials.

Washington, May 6.—Further advances in print paper prices are to be made by the International Paper Company on July 1, said a telegram from Chester W. Lyman, vice-president of the company, which was presented today to the Senate committee investigating the paper shortage.

The message addressed to Joseph Pulitzer Jun., publisher of the St. Louis Post Dispatch, follows:

"Alarming rise in prices for pulpwood, other raw materials and mill supplies, together with inevitable increase in transportation charges, will necessitate a higher selling price for last two quarters. Impossible to foretell extent of increase on account of uncertainty of conditions. Increase in cost likely to continue till turning point reached in general industrial, social and financial conditions."

In presenting the telegram, Charles G. Ross, Washington, correspondent of the Post Dispatch, said that paper was "strongly opposed to Government control of the paper industry in any form whatsoever on the ground that it would in effect be Government control of the press."

"We do not believe," he said, "that Government regulation of the size of newspapers is a sound solution of the difficulty, but believe the solution should be left to the publishers and that the law of supply and demand will in the long run correct the present high prices."

ALLENS OFFER OVER $2,000,000 FOR BIG LONDON MUSIC HALL

Canadian Theatrical Firm Is Negotiating To Enter British Field.

London, May 6.—(Canadian Associated Press).—The Allens Theatrical Enterprises of Canada have offered £430,000 for the Empire, one of London's principal music halls. The contract was put before the shareholders for ratification, but the resolution was withdrawn and the meeting was adjourned to consider a higher bid made by Sir Alfred Butt. S. W. Smith, who made the Canadian offer, hotly protested. The money, he said, was British capital, and he expected to be treated in a British way.

Shirt and Collar Strike In Chicago Is In Full Swing

Chief Agitator Even Puts Ban On Soft White Shirts.

Chicago, May 6.—Today marked the second day of the 20-day strike here against starched shirts and collars.

The strike leaders claimed 1,200 workers in the business district joined the movement the first day.

John W. Champion, secretary of the Chicago Chapter of the Red Cross, chief agitator, said strikers soft shirts might be any color except white.

He added that the strikers had taken a step toward efficiency in dressing by having collars attached to shirts, thus eliminating time spent searching for a button and attaching the collar.

FRANCHISE ACT IN ITS PRESENT FORM WILL NOT PASS PARLIAMENT WITHOUT CLOSURE BEING IMPOSED

Liberal Members Strenuously Opposing Clause 29 of New Measure Which Deals With Aliens — Thousands Who Have Voted For Years Would Be Disfranchised by the Proposed Law.

[Special to The Advertiser.]

Ottawa, May 6.—That Clause 29 of the new franchise act will not pass the House in its present form without the imposition of closure is fully anticipated here. That is the clause which deals with "Aliens," and which in its original form, according to the statement and opinion of William Euler of North Waterloo, would have disfranchised more persons throughout the Dominion than were deprived of the vote under the wartime elections act—hundreds of thousands in his estimation.

As a result of Mr. Euler's representations an amendment was produced, which it was stated, would overcome the objections presented.

That it does not do so is evident from the long and controversial debate which took place last night following Hon. Hugh Guthrie's interpretation thereof. Disability, according to Mr. Guthrie, is only removed by the amendment in the case of British subjects by operation of the law, that is the wives and children of British subjects.

And the act provides that even in their case, unless born on the North American continent they must secure a certificate from a judge after having shown that they would have been entitled to the vote ordinarily.

Would Disfranchise Thousands.

A knowledge of the French or English language is a requirement. But there are thousands of persons of alien enemy origin who have been in the country for many, many years, who have enjoyed the franchise, but who have either neglected to take out naturalization papers, and were debarred from doing so after the war broke out, or who have believed that the oath of allegiance was sufficient, or who have lost their naturalization papers, who cannot secure the vote under the act as it at present stands, and who cannot become naturalized until ten years after the proclamation of peace.

It is on behalf of those, as well as on behalf of the dependents who must have resort to the tedious process of securing a certificate from a judge, that Messrs. Euler, Pardee, Jacobs and other members of the Opposition fought last night. Mr. Euler contended that the ten-year disability could be overcome by the revivification of the local Canadian naturalization act. Mr.

X-Rays Detect New Charms In Old Paintings

London, May 6.—Examination of old masters is the latest use to which the X-rays have been put at the royal institution. Major G. W. C. Kaye showed two pictures by Dutch masters, one representing the Madonna and another the Crucifixion.

In the former the Madonna appeared to be looking at something which was non-existent on the canvas, but a radiograph examination proved that the missing something was a child, which a former owner of the picture had evidently disapproved and had painted out.

In the second picture a woman in an attitude of prayer was discovered to have been painted over what was in the original the figure of a man in monkish garb.

MIDDLESEX MEMBER WANTS INFORMATION ON WAR PURCHASES

Asks What Became of Camp Borden Supplies.

Ottawa, May 6.—By the Canadian Press.—An interesting question bearing on the work of the war purchasing commission, also the disposal of supplies after the armistice was signed, is due for the House tomorrow from D. C. Ross, West Middlesex. He asks:

1. What sales of military and other supplies have been made by the war purchasing commission in each of the years 1917, 1918, and 1919, and what amount of money was obtained for these supplies in each of the above years.

2. Were these supplies sold by tender or by advertisement or at public auction?

3. How were military supplies, including rugs, furniture, etc., at Camp Borden, sold, who were the purchasers, and what prices were received for the various articles

LA HUERTA PLACES ONUS UPON NEW GOVERNMENT

Douglas, Ariz., May 6.—Adolfo de la Huerta, supreme commander ad interim of the Liberal Constitutionalist movement in Mexico, in a circular issued in that capacity, has placed the onus of enforcing prohibition and preventing gambling upon military commanders of the Liberal Constitutionalist army. The decree was published in Orientacion, the official paper of the State of Sonora.

DR. W. A. RIDDELL IS APPOINTED TO OFFICE WITH WORLD LEAGUE

Tenders His Resignation As Deputy Minister of Labor.

TO ONT. GOVERNMENT

New Appointee Was Born in Stratford—Well Known in Province.

Toronto, May 6.—Dr. W. A. Riddell has tendered his resignation as deputy minister of labor to the Ontario Government, and has accepted a position in the international labor office of the league of nations. Dr. Riddell will be in charge of the immigration and employment section, and will probably make his headquarters in Geneva, Switzerland. His resignation takes effect next week, and he sails from New York on May 15, in order to be in Geneva to attend the seamen's conference next month.

Dr. Riddell is not entirely severing his connection with the Ontario Government as he will hold the position of adviser to the Ontario agent general in London on labor and immigration.

Walter Alexander Riddell was born in Stratford, Ont., on August 5, 1881. His elementary and secondary school education was received in the schools of Denver, Col., and Manitoba, Canada. He matriculated in Manitoba University in 1903, received the degree of B. A. in 1917, the degree of M. A. in sociology from Columbia University in 1908, and the degree of B. D. from the Union Theological Seminary in 1912. In 1916 he received the degree of doctor of philosophy from Columbia University.

Dr. Riddell became superintendent on the trades and labor branch of the Ontario Government in 1915. In 1919 he was appointed deputy minister.

GENERAL ELECTRIC EMPLOYEES STRIKE

Machinists, Toolmakers and Others Quit Work.

Peterboro, May 6.—Machinists, toolmakers and other employees of the local plant of the Canadian General Electric Company walked out at 10 o'clock this morning on a question of wages. H. Harper of Toronto is in the city in connection with the strike. Several hundred men are affected.

The employees of the Canadian Packing Company are still out, and are determined to remain out until their demands for a wage increase are granted. A resolution passed at last night's meeting of the labor council appeals to the city council to petition the Ontario Government to revoke the special legislation under which the council has the right to appoint an alderman whenever a vacancy occurs during the year.

SAILINGS AND ARRIVALS.

London, May 5.—Sailed: Steamer Grampian (British), Montreal.

Weather Notes.

The barometer is high and the weather is fine throughout the Dominion with no disturbance at present indicated.

MOTHERS' DAY TO BE OBSERVED BY ALL THE "Y" BOYS

Proclamation Issued by Mayor of Boys' Council.

All members of the Y. M. C. A. are asked to keep Mother's Day, by the mayor of the boys' council and the director of boys' work, Lloyd M. Houlding. The day is one in which every boy can show his love for his mother by sending her flowers and making himself generally agreeable. In connection with Mother's Day the "Y." will hold a Mother and Son week, which will be run along the same lines as the Father and Son week, held some time ago.

The following is the proclamation issued by Mayor Foulkes of the boys' council:

"To the Boys of London:

"Someone has very wisely conceived of Mother's Day for next Sunday. As mayor of the boys' council, representing all boys in London over 12 years of age, I feel it my duty to call your attention to this special day.

"We have just celebrated a "Father and Son" week, and now we call upon you to celebrate a "Mother and Son" week.

"The purpose is admirable. Anything which tends to bring mother and son closer together in friendly spirit cannot but be beneficial to themselves and to the community.

"MOTHER—What a sacred word that is. If your mother is living, be sure to give her some flowers and offer to her remembrances of thoughtfulness and love every day. If she is away from you, then write her a loving letter.

"If your mother is not living, then we call upon you to make your life worthy of her memory. On Sunday you could help some boy to take his invalid mother, or somebody's mother to a place of worship.

PUBLIC SCHOOL BALL LEAGUE TO OPEN ON MAY 10

Schools Are Divided Into Four Groups — Trophy Donated.

Next week will see the city schools off on their race for the baseball trophy which has been donated by Wendell Holmes.

The following are the groups and team captains:

Group 1.
St. Georges—W. Billington.
St. Michaels—L. Nolan.
Ryerson—L. Stevens.
Talbot—A. Lewis.

Group 2.
Alexandra—J. Jones.
St. Peters—F. O'Donnell.
Simcoe—E. Dare.
Tecumseh—J. Cooper.

Group 3.
Aberdeen—C. Genereaux.
Boyle Memorial—W. McCausland.
Sacred Heart—V. Crissie.
Rectory—C. Scott.

Group 4.
Empress Avenue—J. Wade.
Riverview—E. Boug.
Wortley—D. Graham.
Victoria—R. Shaw-Wood.

The Schedule.
May 10—Victoria vs. Empress Avenue.
May 11—St. Michaels vs. Ryerson.
May 12—Simcoe vs. Alexandra.
May 13—Rectory vs. Aberdeen.
May 17—Riverview vs. Wortley.
May 18—St. Georges vs. Talbot.
May 19—Tecumseh vs. Simcoe.
May 20—Sacred Heart vs. Boyle Memorial.
May 25—Empress Avenue vs. Riverview.
May 26—Ryerson vs. St. Georges.
May 27—Alexandra vs. Tecumseh.
May 28—Aberdeen vs. Sacred Heart.
May 31—Wortley vs. Empress Avenue.
June 1—Talbot vs. St. Michaels.
June 2—St. Peters vs. Simcoe.
June 3—Boyle Memorial vs. Rectory.
June 7—Victoria vs. Riverview.
June 8—Ryerson vs. Talbot.
June 9—Tecumseh vs. St. Peters.
June 10—Sacred Heart vs. Rectory.
June 14—Wortley vs. Victoria.
June 15—St. Georges vs. St. Michaels.
June 16—Alexandra vs. Simcoe.
June 17—Boyle Memorial vs. Aberdeen.
Final series June 21 to 31.

Udy; assistant pianist, Miss Mabel Somerville; scribe, Miss H. Horton; representatives to the local union, Miss Doris Wright, Miss Hill and Miss E. Francis; agent for Youth and Service, Miss E. Gatecliffe.

2,102,400,000 Heart Beats in Fifty Years

This is the number of times that the heart beats in 50 years, figuring on eighty for each minute. A tremendous task for this part of the human anatome that is so often abused. So much depends upon the proper working of the Heart that it should not be neglected. If your Heart does not function right, if you have Palpitation, Dizziness, Heart Strain, High Blood Pressure, Poor Blood Circulation, Throbbing or Irregular Heart Beats and if you feel Weak, Depressed and Nervous you should commence the use of Hacking's Heart and Nerve Remedy at once. It takes a little time to get results, but you are sure to get well if you insist on Hacking's. Price 50c a box, 6 for $2.50. Sold by all dealers or by mail. Hacking's, Limited, Listowel. 3u

ROBERT W. TRAVERS COMMITS SUICIDE IN FIT OF DESPONDENCY

Is Instantly Killed Under Freight Train's Wheels.

FORMER BANK MANAGER

Had Been Suffering From Nervous Prostration For Some Time.

Throwing himself beneath the wheels of a moving freight train, Robert W. Travers, former manager of the local branch of the Bank of Montreal, met his death on the Grand Trunk tracks east of Waterloo street at 3:20 Wednesday afternoon. Mr. Travers had been suffering from nervous prostration for some months, and it is thought that he committed the act during a fit of despondency.

He had been missing from home since morning, and although a search was made for him, his whereabouts were unknown to those who were attending him. On several occasions during the day he had been seen loitering in the Grand Trunk yards in the vicinity of Waterloo street by railwaymen, several of whom spoke to him.

None of the railwaymen recognized him. They all believed that he was an official of the road making an inspection. He seemed to be intent on making examinations of the cars and trains passing. The watchman at Waterloo street wondered why he did not go for lunch.

At 3:15, just as a westbound freight train was slowly making its way down the yards, Mr. Travers, according to eyewitnesses, started to walk east along the tracks. The watchman, fearing that he would be struck by the train, sent a freight inspector who was standing near to bring him back. Before this man could overtake Mr. Travers the latter threw himself beneath the wheels.

Death Instantaneous.

The inspector screamed to the watchman, who, guessing what had happened, gave the "washout" signal to the train crew. The train was brought to a standstill in a distance of a few feet, but it was too late. Death was instantaneous.

Coroner Dr. R. Ferguson was called and had the body removed to N. J. Griffith's undertaking rooms.

Mr. Travers was 60 years of age. He is survived by his widow. With his wife he had resided above the Bank of Montreal Building on Richmond street. He had been connected with the Bank of Montreal for many years, following in the footsteps of his father, J. N. Travers, who held an official position with the bank. Robert Travers came to this city several years ago from Peterboro, and had been the active manager of the bank until a few months ago, when he became ill.

His death has come as a great shock to the city at large and to his business associates in particular.

Joseph Brown was elected foreman of the jury which viewed the body in Griffith's undertaking parlors at noon today. The inquest was adjourned until Monday night in the police station. The other members of the jury are Joseph Good, Marshall Miller, Benjamin Tripp, Theodore Thomas, James Dean, John H. Anderson, William C. Maker, and J. B. Cox.

The remains of Mr. Travers will be forwarded to Hamilton Friday at noon, where interment will be made. Services will be held at the residence of Col. A. M. Smith at 11 o'clock tomorrow morning. Rev. C. W. Foreman will conduct the services.

ONE DAY'S PAY FOR THE WELFARE FUND

Employees of Four Industrial Concerns Respond To Call.

One hundred per cent of the employees of four industrial concerns, namely, the Globe Casket Company, the Forest City Laundry, the Richards-Wilcox Company and James Gray, Limited, have volunteered one day's pay for the United Welfare Association campaign fund.

At the banquet of the Welfare Association on Wednesday night, a special committee of canvassers volunteered to visit all the stores, factories and warehouses where subscription cards had been placed. They are meeting with a generous response everywhere.

E. B. Hessell went to the Globe Casket Company this morning, and was promised that he could speak to the employees at noon hour. As he could not fill this engagement owing to other ones, the employers called the employees together while he was there with the above result.

VOICE OF THE PEOPLE

PATRONIZE GOVERNMENT RAILWAYS.

To the Editor of The Advertiser:

I noticed Mr. Carvell's address, published in today's issue. It would look as if "his inspection tour of grade crossings" served as an opportunity of forecasting the real attitude of the government relating to the National Railway's "deficit." His views do not concur with those expressed recently in the House of Commons by the minister of railways, when the latter favored continuing the existing traffic rates, and providing for deficiencies, which might develop out of the public treasury, which certainly would be sound policy. One could fairly conclude, judging from Mr. Carvell's remarks as to the C. P. R.'s finances, that our well-paid railway commissioner has more anxiety for the well-being of that most prosperous enterprise than he has for the general interests of the Canadian people. The C. P. R. has had a long, lucrative innings, and at such a time as the present that company can well afford to serve Canada on the basis of present freight and passenger tariffs. If rates are increased to cover the $47,000,000 deficit on government lines, then we will be paying $47,000,000 additional to the C. P. R., which road controls over half of the total Canadian mileage; therefore, we better keep the rates where they are, and save the $47,000,000, the C. P. R. would get from the public, thus balancing the deficit on the government lines, and at the same time protecting the general public from increased freight and passenger rates. This would not be political class manoeuvring, as all citizens are interested more or less in keeping down freight and passenger rates.

Further, I do not agree with Mr. Carvell's contention as to the rights of the C. P. R. company to exact a 10 per cent dividend for its shareholders, as the original contract provided only for such dividend on actual capital invested, and at the present time a large amount of common stock is being provided for. And now since Canada has embarked extensively into government ownership of railways it behooves Mr. Carvell and all loyal Canadians to do everything possible to safeguard the interests of our own enterprises, and also to patronize the government lines when traveling or when shipping freight, whenever possible to do so.

J. K. McLENNAN.

Victoria, May 4, 1920.

ORIGINALS' CLUB FOR THIS CITY

Meeting To Be Held in the Armories Shortly.

Plans are being formulated for the immediate formation here of an "Originals" club. All former soldiers who left Canada for England in 1914 with the first Canadian overseas contingent are eligible for membership, and the local branch of the club will include all such Western Ontario veterans desirous of joining. The "Originals" Club has many branches throughout the Dominion, but the local unit will be the first formed in Ontario west of Toronto.

The committee in charge of arrangements here will announce a general meeting to be held in the armories in the near future, and as there are scores of Londoners eligible for membership, they predict that the new local club will get off to a flying start.

TAXI DRIVER FINED $200 AND COSTS

G. H. Broderick Had Two Bottles of Whiskey in His Possession.

Garnet H. Broderick was fined $200 and costs in police court this morning for having two bottles of whiskey in his possession Wednesday afternoon when he collided with another motor car at the corner of Richmond and King streets.

One prisoner, who pleaded guilty to being intoxicated, was fined the usual $10 and costs.

Motorists who paid for breaches of the motor vehicles act included: Ray Durdin, $2 and costs; James H. Bull, $5 and costs; M. Struthers, $3 and costs, and L. Erskine, $3 and costs.

LONDON YOUNGSTERS DEPOSIT LITTLE CASH IN THE PENNY BANKS

Average Is Considerably Below That of Dominion.

Deposits in the Penny Banks by school children of London are considerably below the average for the Dominion. The average deposit here during January and February was 22 cents, while the average for Canada was 48 cents. Deposits on the whole show a steady increase over previous years. The total for the Dominion during January, this year, was $57,191, compared to $46,964 in January, 1919, and $36,918, in January, 1918. Total deposits for February this year were $50,164 compared to $44,558 in 1919, and $33,645 in 1918.

In London the total deposits during January were $1,726, and in February, $1,351. In January, 1919, they were $1,221 and in February, 1919, $1,300.99. All these totals are considerably above 1918, when the total was only $875.56 in January, and $653.59 in February. The Colborne Street School with an average deposit of 50 cents was the only London School which exceeded the average for the Dominion.

TAXI DRIVERS APPEAL TO COURTS FOR PROTECTION

Ask Mandamus To Compel Observance of License Law.

Local taxi drivers have issued a writ in the supreme court for a mandamus to compel the local police commission to carry out the bylaw requiring persons carrying paying pasengers in their autos to take out taxi licenses.

On Tuesday, as a measure to help solve the transportation problem, the commission, at the request of the city council, decided that during the strike persons using their cars for jitneys would only have to take out a chauffeur's license and not a taxi license. The former costs several dollars and the latter $10 for autos carrying seven passengers and less, and $15 for cars carrying more than seven.

The taxi men claim that this is unfair to them, as they had to pay the tax before the strike.

Albert M. Judd of the law firm of Judd & Henderson, is acting for the complainants. The action will in all probability come up for hearing at the weekly session of the supreme court at the courthouse on Saturday morning.

Although arrangements have now been made to operate the street cars the taxi men are not going to withdraw, but want to get a decision on the matter.

WORK ON NEW RESERVOIR IS PROCEEDING RAPIDLY

Steam Shovel Is Busy on Excavation at Springbank.

Excavating for the ten-million-gallon addition to London's reservoir is under way. A steam shovel is on the site and has part of the surface already removed. It is expected that a considerable excavation will have been made by the end of the week.

Present plans call for an excavation about fifteen feet in depth. The earth from this will be built up around the edge, giving a thirty-foot wall to retain the water. This will be built up with concrete and other material.

Two carloads of supplies were taken by the street railway to Wonderland today. It will be teamed to the top of the Springbank hill from this point. An earlier plan was to take the material to Springbank and move it to the top of the hill by means of an incline railway. This was found to be too expensive.

Work was not delayed by the street railway strike, as was anticipated. New material was not required while the strike was in progress.

Preparatory work has been in progress for some time. Underbrush has been cleared from the site, and other obstacles removed which might interfere with the work of the steam shovel.

Hood's Sarsaparilla

MAKES FOOD TASTE GOOD.
CREATES AN APPETITE.
AIDS DIGESTION.
PURIFIES THE BLOOD.

Promotes assimilation so as to secure full nutritive value of food, and to give strength to the whole system. A well-known justice of the peace in Indiana says Hood's Sarsaparilla made "food taste good," as after taking three bottles he eats three hearty meals a day, works hard and sleeps well. It will help you to do this. Fifty years' phenomenal sales prove its merit. Prepared by educated pharmacists. Get a bottle today.

FRANCHISE ACT

Pardee claimed that the difficulty might be overcome by giving such persons the vote in spite of the naturalization disability, and Mr. Jacobs strenuously urged the striking out of the section requiring wives and children of British subjects to secure a certificate. In his own constituency, he declared, 5,000 persons would be affected, and the courts would be choked.

Guthrie Favors Restrictions.

The attitude both of Mr. Guthrie and the minister of justice was that British subjects only should have the franchise, and that the best way to go about removing the difficulty was to work toward the conferring of British citizenship. Negotiations are already under way with the imperial authorities looking toward a modification of the ten-year disability provisions in the imperial naturalization act, so that in "deserving cases" the Canadian authorities may have some discretion in the matter. Mr. Guthrie believed that the matter could be settled at the imperial conference of 1921. Mr. Doherty was hopeful that it could be settled before that time. Even if it were settled, Mr. Guthrie declared that the discretion would be used sparingly, and that there were even fathers of men who had gone to the front to whom he would not grant naturalization until the ten-year period of probation was up.

Act Framed Overseas.

The moral of the whole business appears to be that since Canada decided to secure naturalization on an imperial status, and to abrogate her own local naturalization laws, she has thrown away her own discretionary powers in the matter of citizenship, and must accept from time to time any changes which may be made by the imperial authorities, whether such changes are consistent with Canadian conditions or not. The 1919 act, which Canada adopted, was framed by Great Britain with reference to a condition of affairs largely due to England's close proximity to enemy countries. There is this apparent difference, however: The British act of 1919 had no retroactive features. The act as adopted by Canada gives to the secretary of state the widest possible discretion, not only in the matter of granting naturalization certificates in the future, but in canceling certificates granted under any former act. In fact, it renders Canadian citizenship a very precarious thing.

LIBERALS DISCUSS FRANCHISE CLAUSE

[Special to The Advertiser.]

Ottawa, May 6.—Liberals held a brief caucus this morning, which was adjourned until 2:30 this afternoon, on account of the fact that the pensions and railway committees were both sitting. The subject under discussion by the gathering was the franchise act, with special reference to Clause 29, which deals with "Aliens." While a definite decision was not reached it is understood to be the opinion of the caucus that amendments to the original clause do not satisfy, and that much injustice will result if the clause goes through without further amendment.

CANADIAN RIFLE TEAM TO SHOOT AT BISLEY

Crack Shots of Dominion To Sail For England On June 12.

Ottawa, May 6.—For the past 45 years a Canadian rifle team has played an important part in the competitions of the National Rifle Association in England, and arrangements are at present well under way for the dispatch of the usual team to shoot at Bisley on July 6 next.

The team will sail from Montreal on the steamship Corsican on June 12, arriving in England in sufficient time to have about ten days' practice on the Bisley ranges, before the competitions begin on July 6. Major Thomas F. Elmitt, D. S. O., 21st Battalion, C. E. F., who was a member of the team in 1908, and also 1919, is the adjutant, and under his direction the team should give a good account of itself during the two weeks following.

The rifle to be used in the Bisley competitions this year will be the short M. L. E., without sling for all Class A competitions, which include the King's, the St. George's and Queen Mary's matches, but in some of the less important series variations are permitted, such as the attachment of an additional back sight.

Many Opportunities Friday

At the Men's Shop

Here is a budget of interesting sale news for Friday in the men's shop. It is important that you read every item listed below, as prices are very much in your favor for your new spring suit, overcoat and haberdashery.

CAPT. A. W. DEACON NEW SECRETARY OF STRATFORD CHAMBER OF COMMERCE

STRATFORD, May 5.—Capt. A. W. Deacon, M.C., is the new secretary of the Stratford Chamber of Commerce, succeeding E. W. Tobin on June 1. The appointment was made from several applicants this afternoon.

Capt. Deacon is widely known and is at present in charge of the local Ontario Government Employment Bureau, which closes May 31. He went overseas with the 34th Battalion and served with the 4th C. M. R. He was for years engaged in various business activities in the city and is the secretary of the park board.

JUDGMENT RESERVED IN CLAIM FOR $5,000 FOR DEATH OF DAUGHTER

Case Against Dominion Canners, Joint Defendants, Is Dismissed.

CHATHAM, May 5.—Mr. Justice Orde reserved judgment this afternoon in the supreme court case of Sidney Burke versus the township of Harwich, and dismissed the case as to the defendants, the Dominion Canners.

Plaintiff sought damages to the extent of $5,000 from the township, as a result of the death of his 15-year-old daughter in an automobile accident. The plaintiff alleged that the roads were in a very bad condition which resulted in the automobile plunging into the ditch, causing fatal injuries to his girl. Another occupant of the car escaped. It was claimed that the automobile was owned by the Dominion Canners.

FUGITIVES STOPPED BY REVOLVER SHOTS

WINDSOR, May 5.—Attempting to run the blockade of federal customs officers at Woodward avenue ferry dock early today, Leo Romansky and Frank Bartell, Wayne County constables, were arrested after Customs Officer Schrieber had fired several shots at the auto in which they had crossed from the Canadian side on the ferry. The two fugitives were out on bonds on charges of extortion laid by two Springwell residents who claim they paid the constables $50 for their freedom when threatened with arrest for manufacturing raisin whiskey.

WOMAN PAINFULLY HURT WHEN AUTO HITS POLE

OWEN SOUND, May 5.—Mrs. McDougall of Walters Falls suffered rather a painful accident here last night when the car her husband was driving crashed into a telegraph pole at the foot of Sixth street hill. The car was speeding to get up the hill and in swerving to avoid a second car, ran into the post. Mrs. McDougall was badly cut about the head. She was able to proceed to her home today.

RODNEY W. I. MEETS.

RODNEY, May 5.—The Rodney Women's Institute met at the home of Mrs. E. G. Lusty on Friday, 34 ladies were present. The president, Mrs. Bisnett, occupied the chair. A paper on "The Conservation of Our Natural Resources" was read by Mrs. C. Yorke. Miss Gesner gave a reading "Christ In Flanders." A solo by Miss W. Howarth and a reading "Keep Young" by Mrs. Bisnett were much enjoyed. The collection of papers and magazines resulted in a large quantity being received.

CHIMNEY FIRE.—A chimney fire in the home of Mr. Harris, No. 10 Bathurst street, did about $20 worth of damage about noon today. The blaze was spreading to the roof when it was checked by the fire department.

EVENING RECITAL.—The first of a series of evening recitals to be given by the faculty and advanced students of the London Institute of Musical Art will be given next Monday evening. The public is invited.

VISITED SCHOOLS. — W. I. Chisholm, assistant chief inspector of public schools in Ontario, was in the city Wednesday. He visited a number of the local schools with Inspector V. K. Greer. The inspection was a routine one and he made no comments on the result of his observations here.

DAMAGE SLIGHT.—Fire which is believed to have been caused by children playing with matches, damaged a shed at the rear of the home of Mrs. A. Blackmore, 148 Sydenham street, yesterday afternoon. The loss was about $50. Earlier in the afternoon the department was called to extinguish a grass fire on Nightingale avenue.

PUPILS' RECITAL TONIGHT.—A great interest is being taken by the public concerning the advanced pupils' recital which is to be held at the London Conservatory Hall this evening at 8:15. A very attractive program has been arranged for this occasion, and will no doubt be another success for this local institution. Admission is free.

ADDRESS U. F. O.—Addresses at the meeting of the Komoka branch of the United Farmers of Ontario were given Wednesday evening by R. A. Finn, B. S. A., and J. J. McCague, of the Middlesex branch of agriculture, and Mrs. Wallace of Simcoe. Mrs. Wallace discussed the work of the United Farm Women of Ontario, a branch of which it is proposed to organize at Komoka.

AT SALVATION ARMY.—A special demonstration will be given in the Salvation Army Citadel, Clarence street, tonight by the life-saving guards of London troops 1, 2, and 3, and the life-saving scouts of London troop No. 3. The demonstration, which will commence at 8 o'clock, will have between 80 and 90 participants, who will give a demonstration of all sections of their work. The event is in connection with the young peoples' movement.

CITY MISSION ACTIVE.—The City Mission, which recently moved from Richmond street to its new rooms at 80 Dundas street, is becoming prominent in city church work again. Isaac Firestone, a Jew from Toronto who has been converted to Christianity, will be the speaker at a meeting tonight, which will be the beginning of a three-days' mission campaign among the Jewish residents of this city. Mr. Firestone has been active in this work in Toronto for some time.

TOBACCO PRICES TO BE ADVANCED SOON

Manufacturers Awaiting Announcement of Excise Taxes.

Toronto, May 6.—The announcement of the excise taxes in the budget of Sir Henry Drayton is being eagerly waited for by tobacco manufacturers. A representative of a cigarmaking firm in the city today said the prices of their manufactured goods would have jumped some time ago, but they wanted to know what the excise would be. Prices of tobacco and cigars were bound to go up in any case.

ENOUGH SEED POTATOES FOR MIDDLESEX COUNTY

Prices Range From $4 to $5 Per Bag, Says Agricultural Representative.

There will be enough seed potatoes available for all the planting that Middlesex County farmers expect to do, according to J. J. McCague, assistant agricultural expert in the county branch of the Ontario agricultural department. See potatoes, being smaller than those sold for consumption, sell at slightly lower prices, and there appears to be enough to go round. While potatoes for table use sell at from $5 to $6 a bag, seed potatoes are obtainable at from $4 to $5 a bag. Imported seed potatoes, new and fancy varieties, of course, sell at higher prices, but home-grown seed potatoes can be had at reasonable prices.

METHODISM LOSING MANY MINISTERS

Many Resigning, While Only Few Are Entering Field.

Toronto, May 6.—During the last church year Canadian Methodism lost a total of 81 preachers from the active ministry—31 by resignation and 50 by superannuation.

In the same yer there were only 24 young men received as candidates for the ministry. That means a net loss to the church of 57.

CANADIAN EXPORTERS MUST CONTINUE TO SHIP GOODS COLLECT

Ottawa, May 6.—Canadian exporters will be obliged to ship freight to the United States, charges collect, as long as the Canadian railways refuse to accept prepayment of such charges. The Canadian railway commission has issued an order, dismissing, "for want of jurisdiction over the subject," the matter of the protests presented before the commission against the action of Canadian railways in ordering their agents not to accept prepayment of freight charges to the United States, on account of the adverse exchange situation.

MAY RESCIND ORDER.

Ottawa, May 6.—United States railroads may shortly rescind their order demanding prepayment of freight charges on shipments from the United States to Canadian points, following representations of Canadian importers to the Canadian railway commission that an addition of about 10 per cent was thereby being made to rates on the Canadian haul through the adverse exchange.

LAUNCH NEW FREIGHTER.

Port Arthur, May 6.—The freighter Canadian Runner, for the Dominion Merchant Marine, will be launched at the Port Arthur shipyards Saturday. The Runner being 330 feet long, will have to be cut in two parts to be taken through the Welland Canal, and this will be done at Buffalo, after she takes a cargo of grain that far.

RECEPTION FOR GEN. TOWNSHEND

New York, May 6.—A reception will be given for Major General Sir Charles V. F. Townshend, British army, in the Anderson Galleries, Park avenue and 59th street, tonight in conjunction with a private view of British government official war lithographs.

TENNIS COURTS.

Fifteen men were working on the laying out of the C. P. R. tennis courts in the hollow immediately south of the Richmond street station, this morning. Already the sod has been removed and the ground is ready for leveling.

STREET CARS IN OPERATION ONCE MORE

Service Was Resumed This Morning At 6 O'Clock With Railway Board in Control and Five Additional Cars in Commission—Men To Get Surplus Over Operating Cost.

All indications that a street car strike had ever occurred in London disappeared before noon today. Motor busses and automobiles, which were the citzens only means of transportation since Friday, had all resumed their former occupations and the familiar rumble of the famous flat-wheeled chariots once more mingled with the "roar" of the general traffic.

Chairman D. M. McIntyre and other members of the railway board, with the exception of A. B. Ingram, who has been appointed temporary manager of the road, left the city this morning. Mr. McIntyre stated that he would not return until Tuesday. This is taken as an indication that the board will continue the operation of the road for that length of time at least.

Even the service rendered by the railway board was not entirely satisfactory to some citizens, as indicated by a telephone call received by Mayor Little early this morning.

"Can't you make the street cars stop at my corner? They used to stop there before the strike," asked the voice.

"I won't even ask you where 'your corner' is," replied the mayor. "I thank my lucky stars I have nothing more to do with the street railway. It is entirely in the hands of the railway board. A lot of people gave me credit for stopping the cars on every corner for five days. Isn't that a long enough stop?"

Aside from incidents of this nature, service seemed to be quite as satisfactory as before the strike.

The street car service was resumed at 6 o'clock today. A. B. Ingram, vice-chairman of the railway board, is acting as manager, and all members of the union have taken their former position. The street railway, whether through necessity or otherwise, is willing to see the experiment carried out.

"Will the company abide by the arrangement made between the company and the men?" Mr. King was asked by The Advertiser. "I guess it is a case of 'have to,'" he replied. "The board has taken over the management of the road."

Mr. King stated further that President Charles Curry, president of the road, who was in the city for several days, had returned to Cleveland. Because of this it was not likely there would be any further meeting between the company and the railway board for several days.

After this settlement was reached further trouble was feared because the company deducted $20 from the pay of the conductors, who, with the other employees, were paid today. This represented "change money" loaned by the company to the men since the formation of the union. The conductors claimed they could not operate the cars unless they were supplied with "change money" from some source. The union executive took up this matter with the railway board, and it was satisfactorily adjusted.

President John Colbert stated last night that the present membership of the union would be sufficient to man the additional five cars. This will require all the spare men, and it will be necessary for all the employees to forego their usual day off. They are quite willing to do this until a report has been made by the board, Mr. Colbert said.

He Had the Time, the Place, and Also the Girl

But the Express Agent and Unfeeling Helpers Spoiled It All.

The employees of the express office at the G. T. R. depot were filled with wonder this morning when they saw their agent working diligently and carefully, cleaning the office window, a task which had not been done since the building was erected. The length of time which the job was taking made them wonder still more.

Every member of the staff, however, curbed his curiosity while ever and anon a low chuckle broke from the lips of their boss, and while smiles were seen to wreath his face. They could stand it no longer.

The Reason.

Gathering near they saw the reason for the strange workings. On a truck just outside of the window sat a young couple apparently suffering from the pangs of love. They sat close with their fingers entwined, and looked long into each others eyes. Every little while she sighed.

No more work was done in the office until awakening suddenly from the dream as the result of a guffaw emanating from the office the young man reluctantly took his lady love far from the gaze of the unfeeling mob.

CHARLES SHUTE IS MAN SOUGHT BY FRANK McLEAN

News Item in Advertiser Is Means of Locating Motorman.

As a result of a news item appearing in The Advertiser Wednesday concerning a search by Frank MacLean, an employee of the Canadian Express Company, for a motorman who by great presence of mind and quick action saved Mr. MacLean's son from the wheels of a street car, the name of the man has been learned. The little lad owes his life to Charles Shute, 12 May street, of this city. He is motorman No. 75, and on the day of the incident was operating car No. 124 on the Oxford line.

THE CHEAPEST JITNEY

During the Car Strike Was the "Hummer Express."

The "Hummer Express" was the cheapest jitney in the city during the street car strike. Harry Humeston, the genial superintendent of the street railway company, left his motor standing on Dundas street close to the corner of Richmond, yesterday afternoon, and a kind friend immediately had a sign painted announcing that the Hummer Express" would carry passengers to any part of the city for 3 cents.

Mr. Humeston had a crowd of females both good-looking and otherwise clamoring for a ride when he returned to his car fifteen minutes later, and he had the pleasure of making them a neat little speech, stating that one of his alleged friends had been "spoofing" them.

LISTEN TO THE EVERWELLS

For every ill there's a powder or pill - And they know how each prescription to fill.

BEST WEEPS AS HE RELATES LIFE STORY ON WITNESS STAND

Denies He Had Anything To Do With Murder.

Pontiac, May 6.—On the stand in his own behalf this morning, Anson Best, charged with the murder, April 24, of Miss Vera Schneider, testified that he had never seen the girl until he was asked by officers to look at her body when he was stopped at the scene of the crime shortly after it was discovered.

Once during his testimony, Best broke down and wept for several minutes.

He told a detailed story of his life from boyhood, spent in several small Michigan towns, of his service in the marine corps, and finally of his employment in a Flint automobile factory.

SUES TO RECOVER STOCK SHARES ASSIGNED TO HER BY LATE CAWTHRA MULOCK

Justice Kelly Allows Children To Be Added to Legal Action.

Toronto, May 6.—On the petition of Mrs. Adele Baldwin Moss, Justice Kelly, at Osgoode Hall this morning, made an order adding her four children as parties to the action which she has brought against F. H. Phippen, K.C., and Malcolme Stobie as executors of her former husband, the late Cawthra Mulock, who was a son of Chief Justice Mulock.

Mrs. Moss, who was a daughter of the late Chief Justice Falconbridge, sues to recover possession of 658 shares of stock of the National Iron Works, which, she says, were assigned to her by Cawthra Mulock on April 3, 1912. At a subsequent date, unknown to her, she says, Cawthra Mulock re-assigned the shares to himself.

The executors take the ground that if the stock is held to belong to Mrs. Moss it will seriously reduce the residuary estate, the sole beneficiaries of which are her four children—Adele Mulock, Frances Mulock, Violet Mulock and Cawthra Falconbridge Mulock.

H. J. Scott was appointed guardian of the children for the purposes of the litigation.

ADMIRAL BENSON SAYS HE IS NOT UNFRIENDLY TO BRITISH PEOPLE

Unable to Recall Details of Interview With Sims.

Washington, May 6.—Admiral William S. Benson, wartime chief of naval operations, told the senate naval investigating committee today that both before and during the war he had warned Read Admiral Sims not to let his friendship for the British unduly influence his official acts.

Admiral Benson said he could not deny trat he had told Admiral Sims in March, 1917, "not to let the British pull the wool over your eyes; we would as soon fight them as the Germans," as he could not recall all the details of the interview.

The witness did say, however, that a wrong interpretation had been placed on the statement attributed to him by Admiral Sims, and he added that as a result he had been done a grave injustice. He denied that he was in any way unfriendly to the British.

SUPREME COURT WRITS

In supreme court action has been entered by Eva Matthews, acting as next friend for Benjamin Matthews against Max Matthews for a dissolution of partnership, and an account of receipts and disbursements of the defendant, also to restrain the defendant from removal or disposal of partnership assets. The writ was issued by W. G. R. Bartram.

Robert Baldwin, in a writ issued by Meredith & Meredith, is bringing action against Bertha Davis, for a declaration that the plaintiff is the owner of an equitable estate as joint owner with the defendant of certain property on Rectory street, according to an agreement of sale, with M. Hornstein. A share in the property, and rents and profits accruing from it is claimed by the plaintiff.

J. W. G. Winnett has issued a writ in the county court on behalf of Charles Powell of London Township against A. Vexler orf Exeter, claiming $200 damages for injuries received when the defendant, driving an automobile last December, collided with the plaintiff in a buggy, on the Proof Line road.

Josiah E. Jeffery, in a writ issued by T. W. Scandrett, is suing Sol McCallum for recovery of $150, the purchase price of a horse bought in September last. The defendant sued for and collected the amount of the note given for the horse after the plaintiff had charged misrepresentation and returned the horse, but still has the horse, according to the statement of plaintiff.

DEGUEZ IS CAPTURED.

El Paso, Texas, May 6.—Gen. Deguez, commander of the Carranza forces in Northern Mexico, has been captured, according to unverified reports reaching here.

GENERAL ALUMNI FOR WESTERN "U"

Convocation Week Will See Association Organized.

The plans for organization of a general alumni association, comprising all graduates in all departments of Western University are taking shape, and a further meeting will probably be held during convocation week.

In the past there have been separate bodies made up of women graduates in arts, men graduates in arts, and medical graduates. It is not designed to dispense with the separate organizations, each of which has duties of its own to periorm, but rather to link them all up in some way so that when united action is necessary there will be the requisite machinery.

The movement to this end was begun in the winter, but was interrupted at that time by the outbreak of influenza, which caused the canceling of a dinner that was designed to bring all bodies together. Convocation week will offer a good opportunity for resuming the movement.

MAN MINUS MEMORY WAS WEALTHY FARMER

Escaped From London Asylum At One Time.

St. Catharines, May 7.—The man without a memory, who a week ago was found living in a stump house in the bush south of this city, was today identified by relatives as Watson Meagows, a wealthy farmer of Thamesville, who once escaped from the London Asylum, and was later admitted to the Guelph Sanatorium. In April of this year he was permitted to go home for a week and disappeared after the first day.

ODDFELLOWS TO AID REBUILDING OF THE EGERTON ST. CHURCH

Lodges Will Attend Adelaide Street Baptist Church On Sunday.

It is expected that the 101st anniversary of the founding of the Independent Order of Oddfellows to be held Sunday, will be the largest anniversary ever held by the I. O. O. F.

All members will parade to the Adelaide Street Baptist Church in the afternoon, where the service will be conducted by Rev. G. H. Leichliter, assisted by Rev. A. C. Bingham of Egerton Street Baptist Church.

The collection which will be taken up will be donated to the fund which has been started for the rebuilding of the Egerton Street Baptist Church, which was burned down some time ago.

Canton Victoria, No. 5, of St. Thomas will be present to take part in the parade with Canton No. 1 of London.

OFF THE RAILS

Four G. T. R. officials in a special train passed through this city, eastward, at 7:00 a .m. today. The party consisted of W. G. Kelly, president of the G. T. R., W. D. Robb, T. L. Bond, and J. E. Dalrample.

"CHIECKENS AM TRAVELING5."

Thousands of baby chicks are traveling daily over the railroads in the hands of the express companies. Although the price of eggs and the cost of feed is exceedingly high, more chicks are being moved this year than ever, according to J. C. Andrewes, agent of the Canadian Express Company. Every night the local depot offices are filled with perforated cartons bearing broods of motherless, chirping chicks.

A system of centralized hatching seems to be growing in favor, according to the officials of the companies. Many chicken raisers who formerly ran small incubators or depended on the setting hens to bring forth chicks, now ship the eggs to hatcheries, where tens of thousands of eggs are set at one time. In the course of three weeks or a month the chicks are returned to them.

FEW FOR THE STATES.

Few eggs or chicks are being sent to the United States this year. Every spring in former years there was a heavy movement of eggs and chicks to and from the States. Because of the embargoes and the uncertainty of the traffic, because of the switchmen's strike, only an occasional shipper is willing to take a chance. The companies will only accept shipments at the owner's risk.

WOULD YOU BELIEVE IT?

"Would you believe it," said Barney Parsons, supervisor of the G. T. R. parcel rooms, "a man who was perfectly normal and who had not been imbibing even Florida water, got off the train and came to these rooms here and didn't know where he was?"

"Came a knock at that wicket there, and I opened it," he continued. "A man said: 'What place is this?'

"Why, the parcel room," I answered.

"Yes, may be, but I don't mean that."

"Do you mean to tell me that you want to know if this is the G. T. R. station?" I asked him, being puzzled.

"I know that, too. I mean what place is this? What is the name of the town?"

"Honest to goodness he did not know what place this was. He was traveling through and had just got off the train. Did you ever hear anything to beat that?"

John Gillean, standing near, corroborated the story.

PARISIANS SUFFERING BECAUSE OF SHORTAGE OF SMALLER COINS

Paris, May 6.—The shortage of small change, which Parisians have almost accepted as a permanent thing, has caused the authorities to postpone the "mothers of large families day," set for today, and during which it was intended to take up public collections for the benefit of mothers, until May 30. It is hoped by that time the Chamber of Commerce paper money for the franc and 10 sous will be in circulation. Nowadays Parisians seldom have anything in the way of small change, except postage stamps and bits of cardboard issued by butchers and bakers.

COMMITTEE STILL ACTIVE.

London, May 6.—(By the Canadian Associated Press.)—During a discussion in the House of Lords, Earl Curzon declared that the committee of imperial defence was not extinct, but in active existence, and functioning through committees.

WHAT WILL THE PRICE OF COAL BE NEXT YEAR?
Nobody knows. No wage agreement has been made as yet, except that whatever the advance is it will be retroactive to April 1. I should get my name on somebody's waiting list if I were you.

WOOD LEADS IN INDIANA.

Indianapolis, May 6.—Major General Leonard Wood, with a total of 81,514 votes, apparently is assured of a plurality of almost 10,000 over Senator H. W. Johnson of California, who has 72,432, on the face of unofficial returns from 3,183 precincts out of 3,387 in Indiana in Tuesday's primary election.

CARS ARE HELD UP.

GRANTON, May 5.—Forty cars have been lying on the Grand Trunk siding here, containg mostly pulpwood, pape and lumber destined to United States. The railroad strike is the cause of the detention.

A BLOOD-FOOD DISCOVERED THAT ENTIRELY OVERCOMES ANAEMIC WEAKNESS

Carefully Investigated Reports Establish Truly Wonderful Results.

Heretofore it has often been a hopeless task for a thin-blooded person to gain either strength or weight. Neither food or medicine in many instances had beneficial effect.

What is practically a perfect blood-food, has at last been produced, and when taken after meals will put new life and vigor into people that have despaired of ever being strong again.

This truly wonder-working treatment consists of taking two small chocolate-coated Ferrozone Tablets at the close of every meal.

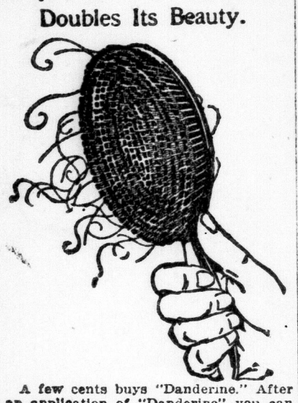

This wonderful blood-food supplies nourishment, vim, energy—sends a stream of vigorous, strength-making blood to every nook and corner of the body, makes every muscle and fibre sing with new-found life and health.

That gnawing tiredness leaves you—Ferrozone drives it away. Sleepless nights are turned into periods of rest, and you pick up fast. Day by day your appetite improves — this means more food is transformed in nutriment that will build and energize weak organs. The inclination to worry passes away because Ferrozone imparts nerve—tone and bodily strength that prevents depression.

Think it over—Ferrozone is a wonderful tonic, in fact, it is more than a tonic, because it establishes health that lasts. Thousands use it and thereby cleanse and restore the entire system to a perfect condition. You'll feel the uplifting power of Ferrozone in a week—it's bound to help you if you only give it the chance. Sold by all dealers, 50c a box or six boxes for $2.50; be sure of the name Ferrozone. Forwarded by mail to any address if price is remitted to The Catarrhozone Co., Kingston, Ont.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

The world's standard remedy for these disorders, will often ward off these diseases and strengthen the body against further attacks. All druggists, 50c. a box. Look for the name Gold Medal on every box and accept no imitation

Too Much Tobacco After Forty-five Suicidal, Says Doctor

Immoderate use of tobacco after forty-five is suicidal, says Dr. Hirschfeld, eminent medical author, and other doctors agree with him. Excessive use of tobacco is bad for anyone, any time, and how much you can stand can only be told after it is too late if you have used too much. Better to quit, and here Nicotol will help you. Get a few Nicotol tablets from any druggist and let them drive the craving from you. If you want to resume after seeing how much better you feel without tobacco you can do so any time. Nicotol is sold under a positive money-back guarantee. It costs you little to quit and nothing if Nicotol fails.

Note: If you know you are smoking too much, let Nicotol help you reduce the quantity and show you how easy it is to quit altogether. Ask your druggist about the success of Nicotol. He knows and can be trusted to tell you the truth.

How You Can Remove Every Trace of Hair

(Toilet Talks.)

A stiff paste made with some powdered delatone and water and spread on a hairy surface about 2 minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining delatone. No harm can result from this treatment, but be sure it is delatone you get and you will not be disappointed.

WILL SEND PETITION ASKING REMISSION OF VETERAN'S FINE

In Meantime Magistrate Maxwell Withholds Decision On Appeal.

ST. THOMAS, May 5.—The committee of the council waited on Police Magistrate Maxwell today in behalf of Hector Walsh, fined $200 for selling Florida water as a beverage, but Mr. Maxwell, while in sympathy with motives of the committee, would not give an immediate definite reply. The magistrate will advise the committee in a few days as to his decision.

In imposing the penalty on Walsh, the magistrate stated that the Ontario temperance act, in the case under his advisement, left no option with him as to the quality or quantity of the sentence.

In the meantime, a petition will be forwarded to the provincial authorities for a remission of the fine, and it is possible that the attorney-general's office and the magistrate will reach an understanding in the disposal of the matter.

INCREASED LICENSE FEES FOR AUTOS ARE EXPECTED NEXT YEAR

Biggs Says Owners Willing To Pay For Better Roads.

TORONTO, May 5.—An increase in the auto license grading system for different types and sizes of cars may be expected next year, judging from the remark of Hon. F. C. Biggs discussing the estimates. He said that the license forms had been made out when his Government came into power, so that there was no change this year. He thought, however, with an improved road system first that people would then take more kindly to increased fees on autos. In the near future, he continued, we would undoubtedly have the privilege of a new rating on motor cars. The matter was first brought up by Wellington Hay (North Perth), who said that men able to pay $1,400 to $11,000 for cars were able to pay an increased license fee.

GREAT REJOICING IN NORTH SCHLESWIG; WHEN DANES ENTER

Territory Stolen by Germany At Last Returned.

COPENHAGEN, May 5.—(Associated Press.)—Danish troops today occupied Northern Schleswig, the people of which, on February 10, last, in a plebiscite provided in the peace treaty, voted by a large majority for a return of this part of the territory to Danish nationality. The Germans had been in control there since 1866.

Enthusiastic scenes accompanied the arrival of the Danes at Sonderbourg. There the entire population, among them a number of aged persons who still remember the rain of German shells on the town 56 years ago, and about 50 verterans of the war of 1864, were out to cheer the soldiers when they landed.

A force of Danes also arrived in Hadersleven and were welcomed by a crowd estimated to aggregate 20,000. Danish and French troops marched through bedlagged streets where, amid great rejoicing, the German colors were hauled down and the Danish flag was hoisted. At Tonderin British troops were drawn up to receive the Danes. Admiral Sheppard, commander of the Allied occupation forces, will officially transfer the military authority to the Danish comander at Sonderbourg.

In the war of 1864 Prussia and Austria wrested the Duchies of Schleswig and Holstein from Denmark. Two years later Prussia's victory over Austria resulted in the incorporation of the duchies of the dominions of Prussia with the provision that the people ultimately should decide their nationality by plebiscite. This agreement never was kept by Prussia and was repudiated by her on the formation of the German Empire in 1871.

X-RAY FAILED Mechanic Gives Evidence

There are cases where science in its most profound phases is absolutely balked, yet other help is at hand.

This is proved by the testimony of a mechanic, 35 years of age, who suffered at times, positive torture from stone in the bladder. After trying many remedies without result, he had an X-Ray photograph taken, which also failed to show where the trouble was. Fortunately, just at this juncture when he almost had given up hope of any relief, Gin Pills were brought to his notice. These famous Pills in a very short time enabled him to pass the stone which was the cause of his trouble. We will give the name of this man on request.

Kidney and Bladder troubles should not be neglected. The first symptom should be sufficient warning. Pain in the sides or back, constant headache, neuralgic and sciatic pains, rheumatism, dizziness, constipation, grave, highly-colored urine, specks before the eyes, all point to derangement. Gin Pills should be obtained without delay. Druggists and dealers carry them—50c—your money refunded if not satisfied. Free sample on request.

The National Drug & Chemical Co. of Canada, Limited, Toronto. United States Address, Na-Dru-Co., Inc., 209 Main St., Buffalo, N.Y.

Asthma

Asthma and hay fever, even of long standing and of the most distressing severity, are robbed of their terror by this reliable remedy.

Dr. J. D. Kellogg's Asthma Remedy

Two Sizes 25c. and $1.00.

ST. THOMAS MEMORIAL HOSPITAL BILL IS THROUGH COMMITTEE

Was Opposed by Aldborough Township and West Elgin Members.

AWAITS SIGNATURES

Sponsors of Bill Have No Doubt of Scheme's Success.

ST. THOMAS, May 5.—Mayor Brinkman has been advised that the bill incorporating the Elgin Memorial Hospital has been passed by the legislative committee and will come into effect as soon as signed by the lieutenant-governor. The proposed bill was opposed by the U. F. O. member for West Elgin and the municipal clerk of Aldborough on behalf of that township. The representative from East Elgin favored its passage. An expression has already come from the county councillors of Aldborough and Dunwich that they would not support the movement, claiming that the ratepayers of these two municipalities were far from being a unit in the acceptance of the proposition, and were not in accord with the other members of the council as to the financial responsibility to be assumed by the county.

The hospital board will appeal to the municipalities friendly to the scheme, and with St. Thomas the executive has no doubt that ample provision will be made to meet the financial and other liabilities of the proposition.

W. D. BUDD INJURED.

A lever slipping from his hand while working in the M. C. R. shops, struck W. D. Budd, an employee, on the head and wounded him so seriously that he was removed to the Amasa Wood Hospital this afternoon.

AN AUTO BLAZE.

Defective wiring started a fire in the touring car of Mr. Soper, while the auto was in front of a store on Talbot street. The blaze caused some excitement for the while, but was put out before any serious damage followed.

SUNDAY SCHOOL OFFICERS.

The officers and teachers chosen at the recent annual meeting of the Central Methodist Sunday school are:

Superintendent, H. R. Kilmer; assistant superintendents, H. Sutton, W. Webb and D. Cattanach; secretary, H. Davis; assistant secretaries, H. Lumley, H. Smith and G. Beal; treasurer, G. M. Richardson; assistant treasurer, Miss C. M. Smith; pianist, Miss Dora Kilmer; assistant pianists, Miss G. Bradley, Miss T. Batzold and Miss L. Ferguson; missionary secretary-treasure, Miss M. Cattanach; temperance secretary, Cecil L. Snyder; superintendent of cradle and beginners, Mrs. I. Ferguson; assistant superintendent of cradle roll, Mrs. Newkirk; superintendent of primary department, D. Cattanach; assistant superintendents of primary department, Miss Jagoe, Misses M. and D. Ware, Miss A. Coombs, Mrs. Astelles and Miss B. Barnard; superintendent of home department, Mrs. H. R. Kilmer; teachers, Mrs. Pullen, Miss Newberry, Mrs. Moore, Mr. Jackson, Mrs. Hatton, Miss Gledhill, Mr. Moore, Mr. Patrick, Miss Cattanach, Mrs. Mulligan, Mrs. Addy, Mrs. Jackson, Miss Lawrence, Mr. Ryckman, Mr. Scrase, Mr. Nelson, Mrs. Henderson; spare teachers, Mrs. Corman, Mrs. Fulton, Mrs. Marshall, Miss Lee, Mrs. Jewell, Mrs. Kilmer, Miss Pullen, Mrs. Ryckman, Mrs. Cutler.

The meeting was held at the home of Mrs. Henry Sutton, 19 McIntyre street.

ITEMS OF INTEREST.

Rev. Morley Colling, pastor of Talbotville Methodist Church, has been released by the board from the invitation given him in November to remain another year.

An old landmark of the city, one of its first hotels, has been torn down by Mr. D. Marlatt on St. Ann's Place to make away for a brick residence.

Mrs. H. Clark, Iona, has received a gold medal given in honor of her son, Pte. Reid Clark, 91st Battalion, for gallant service.

B. G. Battram, brother of B. Battram, Lynhurst, St. Thomas, died suddenly on Friday last at Woodrow, Sask.

VETERANS RESENT ALLEGED ASSERTIONS

GUELPH, May 5.—Guelph branch of the G. W. V. A. passed a resolution last night which will be forwarded to Ottawa, protesting against the assertions made by Brig.-Gen. McLean, in which he is alleged to have cast slurs on the wives of private soldiers. The local veterans have also passed a resolution, in which the Government is asked to give up the idea of extra sessional indemnity to members of Parliament until the returned soldiers are given gratuity.

IRISH GIRLS TO WORK IN GUELPH LINEN MILL

GUELPH, May 5.—Twenty-seven Irish girls arrived in the city today to take positions at the Dominion Linens, Limited. The girls are all expert flax workers, and were selected by a specal representative of the company at Belfast.

POSTPONE CLEVELAND STREET CAR STRIKE

CLEVELAND, May 5.—Following three conferences between Mayor W. S. Fitzgerald, city council members, John J. Stanley, president of the Cleveland Railway Company, W. B. Fitzgerald, international vice-president of the Carmen's Union, and locan union officials, the threatened strike of 3,000 street carmen scheduled for midnight tonight, was indefinitely postponed in an agreement reached late today.

Under the terms of the agreement union and company officials will leave to a council committee the matter of arranging more convenient running schedules, and the men will take a second vote on the proposal of Mr. Stanley for a 15 cent an hour wage increase to 75 cents an hour, a six-hour minimum day with time and a half for overtime.

The vote will be taken on Friday next.

INJURIES RESULT FATALLY.

GUELPH, May 5.—Struck on the head a month ago by a falling plank at the new dormitory of the O. A. C., where he was employed, Harry A. Morgan, carpenter-foreman of the P. H. Secord Company, died at the General Hospital today. His home was in Toronto. He leaves a widow and three small children.

HARRISTON

HARRISTON, May 5. — The local businessmen have decided upon Thursday afternoon, beginning May 13, as a half holiday during the summer months.

This year will see several of the streets cemented, and work is expected to commence on Margaret street very soon. The roads are to be built of cement, sixteen feet wide, with a tile drainage down the centre of the street. Mill street will also be cemented this year.

More Palatable Than Olive Oil.

APROL

The Sweetest Oil from Apricots.

WOODSTOCK COUNCIL TO STRONGLY OPPOSE HIGHER GAS PRICES

Arguments of Company Heard by Council At Special Session.

WOODSTOCK, May 5.—A special meeting of the city council was held today for the purpose of hearing the claims of the Woodstock Gas Company and the Southern Ontario Natural Gas Company, substantiating their decision to raise the rates for natural gas to the local consumers to 85 cents on July 1.

Companies' Claim.

The companies claim, through their spokesman, Mr. Davis, that the increased cost of all commodities used by them, increased cost of labor and expense relative to prospecting work for the purpose of developing more gas made it absolutely necessary for them to increase the rate. He also intimated that one of the principal reasons behind the increase was to induce consumers who are using gas for heating purposes to use other fuel, and thus partially relieve the demand for natural gas.

The companies make no promise of a better gas supply or of purified gas. They state that the gas has not been purified during the past year, and that there is no hope of it ever being successfully purified.

PREPARE TO FIGHT.

The council was non-committal in the matter and decided on the suggestion of the mayor to make an attempt to organize the various municipalities affected by the new rate with a view to interviewing the Provincial Government in the matter. If the other municipalities, which include Brantford, Galt, Ingersoll, etc., decide to fall in line with the suggestion of the local council a joint delegation will go to Toronto to ask the Government to enact legislation regulating the price that may be charged for natural gas.

REGULATE PACKING APPLES AND BERRIES BY ORDERS-IN-COUNCIL

OTTAWA, May 5.—Two questions concerning the board of commerce were dealt with in the House today. In answer to P. F. Casgrain, Montmorency, Sir George Foster said that he expected to be able to table the report of the board of commerce very shortly.

A resolution carried in which Mr. Casgrain asked for copies of all correspondence in the department of justice in connection with the trial of Onofrio Montzano at Murray Bay in 1912, and the Labrie Brothers at Sherbrooke and their subsequent release from jail was dropped on explanation being made by the minister of justice. Other resolutions dropped were: Mr. Campbell's motion asking that the tariff on mining machinery be abolished, and his motion asking that Canadian coinage of small denomination should be made of nickel, and Mr. Cannon's resolution for a copy of correspondence between the Indian department and the firm of Sioui & Sullivan, and the Huron chiefs of the Lorette reserve.

To Amend Sale Act.

On second reading of a bill to amend the inspection and sale act, Dr. Tolmie, minister of agriculture, said that two sections of the act laid down regulations for the packing of apples and berries. It was proposed to repeal these sections and to give to the department power to make regulations by authority of order-in-council. By these means, it was thought, regulations could be prepared more in keeping with changing conditions.

Takes Away Authority.

Hon. Jacques Bureau protested that under the bill authority was being taken from Parliament and placed into the hands of the department of agriculture.

"I do not think," he declared, "that Parliament should abandon its privileges and place in the hands of the department the power to determine how fruit shall be packed."

Dr. Tolmie pointed out that ample notice of any changes was given and the ultimate aim was to have a standard barrel for the whole continent. The fruit growers themselves had requested the change.

The clause was not carried without a standing vote. Thirty-seven, including Hon. W. S. Fielding and two members of the progressive party, were in favor. Those opposed numbered 22.

Protest Many Orders.

On a further clause in the bill regarding punishment for infractions, Mr. Bureau and E. B. Devlin of Wright voiced a strong protest against government by orders-in-council. Much of the legislation passed in this manner he would term "iniquitious."

Dr. Tolmie said that the agricultural and horticultural papers published the details of any changes in regulations. Every effort was made to make the people affected familiar with amendments.

Mr. Devlin said that the present Government had been too prone to legislate by order-in-council. We had been almost legislated to "heaven" by that means, and there was no certainty if this method continued that the Government would not try to arrange for people to get into heaven by order-in-council without the necessity of dying.

A. Robb (Huntingdon) said the matter should be referred to the committee on agriculture. Donald Sutherland (South Oxford) did not view the bill very favorably. He said the size of containers should be stated, since uniformity was the aim, and parliament could then pass a bill demanding a certain size of container.

Dr. Tolmie said he was willing to refer the bill to the agriculture committee. The committee reported progress, and the bill was then referred to the special body.

LITTLE GIRL'S FOOT CRUSHED TO A PULP

Was Riding on Back of Heavy Cement Wagon to School.

PRESTON, May 5. — Little Annie Holtzhauer, daughter of Mr. and Mrs. E. Holtzhauer, Fountain street, Preston, had her foot badly mangled this morning and now lies in the Galt Hospital. It is doubtful if the foot can be saved. The child, with others on their way to school, climbed onto a heavy wagon loaded with cement. The little girl climbed underneath the platform to ride on the reach, and her left foot got caught in the wheel, and before the driver knew what had happened half of the foot had been twisted into almost a pulp.

TEAM AND CULTIVATOR GO OVER SPRINGFIELD MAN

SPRINGFIELD, May 5. — Arthur Balderson nearly lost his life on his farm yesterday when the cultivator which he was operating, passed over his body, fracturing several ribs and nearly strangling him. Mr. Balderson had apparently gone to the head of his three-horse team, when one of them bolted and frightened the others. Mr. Balderson being knocked down in the stampede and the cultivator dragged over him. Fortunately his brother-in-law was at work in the same field, and immediately went to his assistance or the accident would have resulted fatally, as the wire of the cultivator had become twisted round Mr. Balderson's neck and was slowly choking him to death.

CHEESE BOARD ELECTED.

WOODSTOCK, May 5.—The Woodstock cheese exchange held its annual meeting today, and Peter Hughes of Norwich was elected president; vice-president, Thomas West; secretary, treasurer, Robert Johnston. The board will begin its marketing of cheese next Wednesday, and will continue throughout the summer.

A comradely man

THEY deal in human nature stripped of its veneer. They see it at the pinnacle of its joys, and in the depths of its sorrow or degradation.

RECENTLY one of the leading officers in the men's social work of the organization, after twenty years of devoted work on the altar of sacrifice and service, was "promoted to glory." One testimony described him as "a comradely man."

THAT graphic phrase illustrates the spirit in which their officers endeavor to interpret Christ's teaching to those whom they serve.

ESTIMATE VALUE OF CANADA'S WHEAT CROP AT $400,000,000 NOW

WINNIPEG, May 5.—The Northwest Grain Dealers' Association announced tonight that the value of Canada's last season's crop, now that the Canadian Wheat Board states that farmers will receive 40 cents a bushel for their wheat in addition to the original $2.15 a bushel given with the certificate, will be $400,000,000. The Government guaranteed farmers $2.15 for each bushel sold. The estimated wheat crop by grain dealers is 155,000,000 bushels. It is believed that this year's guarantee will be $3, and a continuance of the wheat board is looked for.

THREE KILLED WHEN TRAIN HITS AUTO

TOLEDO, May 5.—Three persons, father, son and granddaughter, were killed instantly here tonight when the Lake Shore Twentieth Century Limited passenger train struck an automobile in which they were riding at a grade crossing. The dead are: C. E. Griffith, aged 60; Roy I. Griffith, 32 years, and Hazel Griffith, 3 years old, daughter of Roy Griffith.

A DESIRE TO EAT WHAT YOU WANT

How Stomachs Can Be Restored to a Vigorous, Healthy Condition.

Not to be limited in diet, but to eat whatever he pleases is the dream of every dyspeptic. No one can honestly promise to restore any stomach to this happy condition, because all people cannot eat the same things with equally satisfactory results. It is literally true that "what is one man's food is another man's poison." But it is possible to so tone up the digestive organs that a pleasing diet may be selected from articles of food that cause no discomfort.

When the stomach lacks tone there is no quicker way to restore it than to build up the blood. Good digestion without rich, red blood is impossible, and Dr. Williams' Pink Pills offer the very best way to build up and enrich the blood. For this reason these pills are especially good in stomach trouble attended by thin blood, and in attacks of nervous dyspepsia. Proof of the value of Dr. Williams' Pink Pills in even the most obstinate cases of stomach trouble is given by Mrs. S. Morrison, Varney, Ont., who says: "I shall always feel indebted to a friend who advised me to use Dr. Williams' Pink Pills. I had been a sufferer for upwards of twelve years with stomach trouble, which resulted in a general weakness of the whole system. My meals always caused me great discomfort, and at times I would go hungry rather than undergo the suffering which followed meals. I was constantly taking something or other recommended for the trouble, but without finding a cure, and often the trouble kept me in bed, when I should have been about doing my housework. My friend, who had had a similar attack came to see me and urged me to try Dr. Williams' Pink Pills which had cured her. I got a supply at once and began taking them, and soon found relief. By the time I had used eight boxes I was again enjoying the best of health, and with a good appetite and a stomach restored to normal. Had I known of this medicine earlier it would have saved me years of suffering, and I urge any who may be in a similar condition to try these pills at once."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail postpaid at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Company, Brockville, Ont.

NUXATED IRON

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of NUXATED IRON three times per day for two weeks. Then test your strength again and see how much you have gained. Many people have made this test and have been astonished at their increased strength, endurance and energy. Nuxated Iron is guaranteed to give satisfaction or money refunded. At all good druggists.

EXTRA EXPENDITURE NEEDED TO CONFORM WITH DOMINION ACT

Biggs Says Road Regulations Require Additional Returns.

TORONTO, May 5.—Considerable extra expenditure is made necessary to conform with the provisions of the Dominion road act, according to Hon. F. C. Biggs, minister of public works and highways. Liberal members were inclined to see extravagant expenditures in the supplementary estimates until Hon. Mr. Biggs pointed out the necessity of such items. These items included $7,000 for advertising under the Dominion act and considerable outlay for engineers, draftsmen, etc., who were necessary, Mr. Biggs explained, to do the extra work required by the Dominion act, which asked for several returns only available through the efforts of these extra men. The doing away with railroad passes also entails an added expense to the province in travelling expenses for departmental employees.

HAD TEN BOTTLES, BUT NINE WERE EMPTY

Windsor Man Was Outwitted by Parties in Montreal.

WINDSOR, May. 5.—Double disappointment awaited Mike Swartz when he alighted from a train from Montreal here today. He was arrested for having liquor in his possession, and when his suitcase was opened, it was discovered he had been outwitted by the Montreal man who sold him whiskey. In the lower compartment of his suitcase were nine empty bottles carefully wrapped in excelsior, and placed in wicker wire containers. It was the twelfth case of its kind discovered by Chief of Police Griffiths of Walkerville, he said after making the arrest.

Action was instituted in Windsor police court today for the return of ten cases of liquor seized at Tecumseh Railway Station by License Inspector Mousseau and Inspectors Connor and Sykes of the Ontario License Board by three Detroiters, Frank Lowkwsky, Ed Lang and A. Kane. The officers claimed the whiskey was not for domestic consumption, while the Detroiters claimed one of the inspectors had looked over the summer cottage they had rented on the Canadian side of the river, pronounced it within the law, and had promised to return the seized liquor.

BODY FOUND AFTER LONG WAIT IN RIVER

Russell W. Corwin, Detroit, Missing Since January 19, Identified.

DETROIT, Mich., May 5.—The body of Russell W. Corwin, missing since January 19, was found floating in the river today. His neck was broken and money and jewelry known to have been in the man's possession when he left was missing. Corwin was melancholy before his disappearance in January. He was 32 years old and a well-known worker in local Baptist Church circles.

ELECTRICAL WORKERS STRIKE IN HAMILTON

HAMILTON, May 5.—At a meeting of the local branch of the Brotherhood of Electrical Workers tonight it was decided that 75 journeymen, employed in 17 shops, would strike tomorrow morning, because the contractors had refused to advance their wage scale to 90 cents an hour and concede the closed shop. The employers offered 80 cents an hour, with an open shop.

FORMER CHIEF JUSTICE OF QUEBEC IS DEAD

QUEBEC, May 5.—Hon. Sir Louis Amable Jette, formerly chief justice of the court of king's bench of the province of Quebec, and lieutenant-governor of the province of Quebec, and father-in-law of the Hon. Rodolphe Lemieux, died here this evening at 9 o'clock.

Sir Louis Jette, who had attained the age of 84 years, had been in failing health for some time, but he retained all his mental faculties up to the last.

TO BOYCOTT POTATOES.

GALT, May 5.—The ladies' auxiliary of the Burns Club has by a vote of its members decided to boycott potatoes until the price comes within the reach of the working man, and have appealed to other ladies' organizations for co-operation in their campaign to bring down the prices.

H. Kaufman left last night for New York, where he sails for Europe to purchase furs for the Kaufman Fur Company of this city. He will make his headquarters at Warsaw, Poland.

There is a strong agitation in Preston now to have the town council adopt daylight saving, because of the fact that both Kitchener and Galt have taken it up.

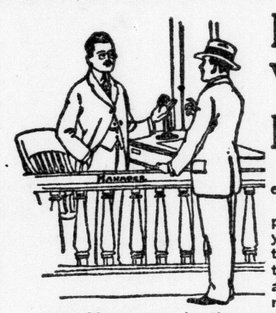

BEST IS LIKELY GO ON STAN

PONTIAC, Mich., May closed its case in the tr Best, charged with the m Vera Schneider, and a witnesses were examined fence today.

Best, it was said, wou take the stand in his ow morrow.

After the introduction confession, over the obj fence counsel, newspaperi terviewed Best, related t alleged statements that he ed the telephone operator request.

County officers placed declared they had not obtaining the alleged c claimed by Best when the statement attributed Prosecutor Gillespie.

REAL ESTATE MEN WANT GOVERNMENT CHECK SPECULATORS

Problem Will Come Up At Provincial Realty Brokers' Convention.

WINDSOR, May 5.—Dominion legislation that will curb the activities of real estate agents, where the large developments of cummunities is predicted by the holding up of large tracts of land near developing centres for speculation, or by floating "wild cat" schemes, was urged at today's meeting of the Border Cities Real Estate Board.

This issue promises to be one of the most important questions that will come before the provincial convention of realty brokers which meets here next autumn.

The board is strongly in favor of the construction of a bridge across the Detroit River, connecting Windsor and Detroit, having been assured by Engineer Fowler, who is one of the big men behind the proposal, that a toll bridge will easily pay profit on the present trans-river traffic.

WHEAT CERTIFICATES WORTH NOT LESS THAN 40 CENTS A BUSHEL

WINNIPEG, May 5.—James Stewart, chairman of the Canadian Wheat Board, announced this morning that the value of the participation certificates will be not less than 40 cents per bushel.

MAPLETON MAY GET A RECEIVING STATION

ST. THOMAS, May 5.—U. P. Appleford, who is promoting the powder milk industry in St. Thomas and has secured a lot, just outside the east end of the city for a factory, has taken an option on property in Mapleton for the erection of the milk receiving station.

NO HOPE OF CHEAPER SUGAR TILL SUPPLY MORE EQUALS DEMAND

Stratford Women Receive Scant Encouragement From Sir George Foster.

STRATFORD, May 5.—Through H. B. Morphy, M. P., Sir George Foster acting prime minister and minister of trade and commerce, has advised the women of Stratford, that there is no hope of cheaper sugar until the world supply of raw product catches up again.

Canadian prices, he points out, are lower than in United States, and says, "the Government cannot hold out any hope of cheaper prices until the world supply of raw sugar catches up with the demand and in the usual way brings about lower prices. The board of commerce have made investigations and I think have concluded the refiners' prices have been reasonable, nor do I think that the wholesalers have added other than reasonable prices."

Sir George also points out that there is a world shortage of sugar and that prices are bound to increase as raw material increases.

WANT VACCINATION BAN ENFORCED AGAINST U. S

Six Cases of Smallpox Reported in St. Clair County, Opposite Sarnia.

SARNIA, May 5.—The announcement made by Dr. T. E. Degurse that there are six cases of smallpox in St. Clair County on the American side of the border, across the St. Clair River from Sarnia, has resulted in local businessmen preparing a petition which will be sent to the provincial authorities asking that a vaccination ban be placed on at this port.

Local merchants state there were no smallpox cases in Sarnia during the time the American health department enforced their embargo on Canadians crossing into the United States, and claim it would be a fair deal to now have a vaccination order enforced at this port of entrance to Ontario.

Won approbation

"Goddess" Lace in Front corsets were first made only a few years ago, and won instant approval.

The patented underclasp prevents pinching. The special French "Goddess" boning gives absolute ease and freedom, yet holds the figure to its most perfect form.

Excellent in workmanship—and materials.

These qualities appealed to the charming screen Artiste—Anita Stewart who wrote: "Without undue compression the "Goddess" adds to the grace of the figure".

Have dealer show you a "Goddess" —there is a model for every figure.

Made in Canada by DOMINION CORSET CO., Makers of "D & A" and "La Diva" corsets.

A CONSTIPATION CURE

A druggist says: "For nearly thirty years I have commended the Extract of Roots, known as **Mother Siegel's Curative Syrup**, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work"; 30 drops thrice daily. Get the Genuine, at druggists.

REPRESENT CANADA AT INTERNATIONAL LABOR CONFERENCE

To Deal With Seamen's Questions Under Nations' League.

OTTAWA, May 5.—(By Canadian Press).—Canada will be represented at the second international labor conference called under the auspices of the league of nations. The conference is due to open in Genoa, Italy, on June 15. The Canadian delegates will be: Government, Sir George Perley, high commissioner in London; G. J. Desbarats, deputy minister of naval service. Employers, Thomas Robb, Montreal; shipping federation of Canada. Workers, G. J. Gauthier, Montreal, seamen's union.

The conference has been specially called to deal with labor questions affecting seamen. It will deal, among other subjects, with the question of the application to seamen of the eight-hour day convention passed at the first conference held in Washington last November.

HUNGARIAN MISSION GETS ALLIED REPLY TO PACT OBJECTIONS

Hungary Given Ten Days To Accept or Reject Treaty.

PARIS, May 5.—The allied reply to the objections of the Hungarian peace treaty handed Hungary's representatives in January last, was delivered to the secretary of the Hungarian mission at Versailles this afternoon. The Hungarians are given ten days from tomorrow in which to accept or reject the treaty.

A covering letter accompanying the reply, given out this evening begins by saying that the allied and associated powers, while hoping that Hungary will become in the future an element of stability and peace in Europe, acnot forget that Hungary's share of responsibility in provoking the world war.

The letter points out that ethnographic conditions in Central Europe are such that it would be impossible to make the political frontiers of Hungary coincide with her ethnical limits and the result of plebiscites in the detached territories could not be far different from the result arrived at by the supreme council after minute study of the peoples and their aspirations.

STRIKE SITUATION IN FRANCE REMAINS UNCHANGED, REPORT

PARIS, May 5.—The strike situation everywhere in France remained unchanged tonight.

The executive committee of the General Labor Federation this evening issued a manifesto to the men, pointing out that discipline was essential to the success of the strike. It declared that the committee must be the sole judge of the policy to be adopted in carrying out the movement. Therefore, having decided that the strike at present should be confined to the four trades involved, the manifesto begged the metal workers and men employed in the building trades to await the committee's orders before taking any action.

SECURE 300 BOTTLES OF WHISKEY BY USE OF A FORGED ORDER

Sarnia Police Are Conducting Search For Men Who Got Joy Water.

SARNIA, May 5.—Provincial and city police officials are tonight attempting to secure the arrest of some men who on the arrival of a large whiskey shipment here secured some 300 bottles of the "wet goods" with a forgeed order and who are believed to be the men responsible for the theft of some 16 cases of whiskey during the week-end.

According to the police the men who secured the consignment of whiskey did so via the telephone and the use of a forged order. This is the second whiskey theft case in a week and the authorities are now seeking a man with a motor car whom they believe can throw some light on the situation.

Another drunk "line-up" faced the police magistrate today, and the court clerk as a result gathered in nearly $100 for the court coffers.

MIMICO GIRL FIGHTS OFF HIGHWAY ROBBER

TORONTO, May 5.—Miss Aida Smart of Mimico, Ont., fought off a highway robber at 6 o'clock this evening in the western outskirts of this city. The highwayman attempted to take her satchel from her, but she held on so tightly that in the struggle she fell and pulled the man down with her. A motor car arrived in time to save her from injury and loss, her assailant making his escape as it drew near.

LADIES' AID ELECTS.

ARVA, May 5.—The Ladies' Aid Society of the Arva Methodist Church heid their annual meeting recently, when a most successful year was reported, and the following officers were elected for the ensuing year: President, Mrs. Homer Knanton; vice-president, Mrs. George Walker; secretary, Mrs. George Rowell; treasurer, Mrs. F. Hudson; organist, Mrs. H. Marshall.

SPOKEN AT SARNIA.

SARNIA, May 5.—The vessel passages at this port today were:

Up—C. D. Bradley, 10:40 a.m.; Laughlin, 12 noon; Emperor, 12:30 p.m.; Bessemer, 1:40; Croft, 3; Townsend, 4:50; Alpena, 9:40; Neptune, 12:40 a.m.; L. R. Davidson, 5:20; Hoyt, 6:30; B. F. Jones, 6:30; E. B. Morse, 9:30.

Down—Reploge, 6:30 p.m.; Ohl, 7; Pierce, 7:10; Moll, 9:40; Newbold, 9:50; Ball Bros., 12:10; Slick, 2:30; Schoolcraft, 7; Calcite, 8:30.

"Well, Joe, didn't you get a job yet?"
"Sure—but I am on strike."

—From A Careta, Rio Janeiro.

NO RADICAL CHANGES INTENDED IN THE ONTARIO TEMPERANCE ACT

Minimum Penalty For Carrying "Hipper" Reduced To $100, But Maximum Raised To $2,000—Greater Control of Prescriptions — Prison For the Intoxicated Chauffeurs.

[Special To The Advertiser.]

TORONTO, May 5. — No radical changes are proposed in the Ontario temperance act by the amendments submitted by Hon. H. C. Nixon, provincial secretary, to the Legislature today. The main changes are in the administration.

One of the amendments gives the board of license commissioners more control of the issue of prescriptions by doctors, making statutory authority for the measures which have been taken in the past. The clause reads that the board may issue an order refusing to sell or supply liquor to a medical practitioner "for any cause which the board may think sufficient." It also may refuse to issue liquor to any person holding a prescription from a practitioner unless he satisfies the person in charge of the dispensary that it has been obtained bona fide, or to a druggist who has, in the opinion of the board, disposed of any unreasonable quantity of liquor without accounting for it, and to a dentist or veterinary surgeon in the same position.

Minimum Is Lower.

Another important change is that regarding fines. The minimum fine at present is $200 for illegal sale. This is reduced to $100, and the maximum is increased from $1,000 to $2,000, giving much wider range.

The only change in respecting liquor in private houses is a broadening of the term "In which there has been an infraction of the law." The law now reads that where anyone of the house has offended there can be no liquor kept, and that where the guilty one moves the law still affects him in his new home, and remains effective until a year after conviction.

Another amendment affects drunkenness. Where a person is convicted of being drunk or disorderly in a public place, or where such person within three months has been twice convicted of being drunk or disorderly, he may be committed to jail or to an industrial farm for a period not exceeding three months.

Steamships and all vessels come within the act by a new clause, which makes vessels on lakes and rivers come under the term "place." This makes the owner or captain or person in command of any ship responsible for any infraction of the law on the boat by the process of declaring him the "occupant."

Another change in the law affects standard hotels. Heretofore people have been using portions of hotels for lunch and bars by simply closing and locking the doors to the main hotel. This privilege they got on a municipal license. The act now states that if a part of a standard hotel is used it must get a license from the license board.

Imprisonment without the option of a fine is made the penalty for persons who are intoxicated while in charge of a motor car, under a bill introduced by Hon. W. E. Raney.

Dr. Stevenson of London suggested confiscation of automobiles while the owners were in prison.

DOHERTY FOR MEASURE TO RESTRICT APPEALS TO DOMINION SUPREME COURT

NEW COIN THIS YEAR

OTTAWA, May 5.—(Canadian Press).—In answer to a question by J. J. Dennis of Joliette the Government today stated that it would put into circulation the new 1-cent coin as soon as coinage dies have been prepared. These dies are now in course of preparation, and it is expected that the new coins will be in circulation before the end of 1920. The same designation will be used on the coins as has been in use since confederation.

Minister of Justice Introduces Bill to Amend the Supreme Court Act, Setting Controversial Minimum At $2,000.

OTTAWA, May 5.—(By Canadian Press).—Hon. C. J. Doherty, minister of justice, today introduced in the Commons a bill to amend the exchequer act. The exchequer court now consists of a judge and an assistant judge. Under the bill it will consists of a president and a puisne judge, thus raising the rank of the assistant judge. Provision is also made for a deputy judge in case he may be required.

Mr. Doherty presented another bill to amend the supreme court act. The bill will restrict appeals to the supreme court. It proposes that appeals as of right to the supreme court shall be restricted to cases in which the amount in controversy exceeds $2,000. In all other cases appeals may be taken to the supreme court only by special leave of the provincial court of last resort. Provision is also made for appeals from courts other than provincial courts of last resort. But such appeals will be by leave of the final court in the province.

MAGISTRATE MAXWELL IMPOSES HEAVY FINE ON LONDON AUTOIST

J. A. Croden, Charged With Cutting Corners At Street Intersections.

ST. THOMAS, May 5.—As a starter to the long list of offenders hailing from London and Middlesex, who are charged with cutting the corners and speeding on Talbot street, J. A. Croden, London, was given a double dose of Magistrate Maxwell's medicine today, and was fined $10 each on two complaints of the police department, one for reckless driving at the street intersection on Tuesday, April 25, and for a similar offence on Sunday, April 18. Mr. Croden confessed to having managed a car for a dozen years or so without being prosecuted for any crime against the motor vehicle act, and expressed surprise at the friendliness of the local police. "It's never too late to make a beginning," interjected Chief Armstrong, "and there are worse places than St. Thomas to open an account with the magistrate."

THREE MEN AND A JAG.

The three men charged with being intoxicate at Port Stanley a week ago were brought before County Magistrate Hunt today, and a stubborn fight was put up by the accused against a conviction. A young girl traveling with them on a London and Port Stanley car, however, proved J. Longe's undoing. She recognized him on Bridge street, Port Stanley, as being under the influence of liquor. He was fined $15 and costs. The charges against Lloyd Gilbert and George Morgan were dismissed.

LONDON MAY TAKE PART IN PLAN FOR LAKE WATER SUPPLY

Figures Will Be Submitted To the Utilities Commissioners.

ST. THOMAS, May 5.—The possibilities of pumping water from Lake Erie to the city were given a first practical consideration by the board of water commissioners today, and incidentally the board agreed to make an investigation of the probable supply in the immediate neighborhood north of St. Thomas.

An expert will be called in who can advise the board on hydraulic power and examine the present available supply from the area under control of the commissioners.

The cost of pumping water from Lake Erie has been already estimated by the local engineer. His figures will be looked into by the expert, and the entire situation of the Lake Erie proposition will be given careful consideration by the visiting engineer. The board, if the findings of the expert be favorable towards getting a supply from the lake, will submit the data furnished by the hydraulic engineer to the London Utility Commission, and it is assumed that by the co-operation of both corporations a more economic proposition may be reached than if one or the other had assumed the cost of the undertaking.

ANOTHER GHOST

(Continued from page one)

the new system of patronage got together and killed a scheme to clothe three men with power to buy supplies amounting to fifty million dollars a year. The most casual observer will realize what a tremendous lever that committee of three, judiciously selected by the Government in power. Three men are much more easily controlled than say twenty men who now do the purchasing for the various departments, and who do it very well indeed. Parliament, even that part of Parliament which is addicted to new ideas, saw the danger, and promptly scotched the bold attempt.

Last year's proposal was bad enough, but when the same thing came before the House this session, with the additional provision that the chairman of the committee of three should be a cabinet minister, Parliament gave a loud snort of disgust, and said: "This is too much!" The resolution had Sir George Foster's name attached, but that did not make it smell any sweeter, because it was generally believed that Mr. Rowell was the cabinet minister who aimed to be Lord High Almoner as chairman of the committee. Like most good men Mr. Rowell never forgets to be good to himself.

Caucuses Were Held.

Caucuses were held, and the caucuses were all against this effort by Mr. Rowell to make himself the universal giver, the fairy godfather and the greatest man in the Government. Sir George did his best with the motion, was sweetly reasonable at first; then, finding the House obdurate, was stern not to say threatening; then, Parliament being stiff-necked still, was tolerant and gentle and tenderly smiling, a method which he has employed with great success of late. But it was all of no avail — smiles, tears, threats, entreaties failed to move the House from its invincible determination to curb the patronage evil, while the curbing was good. They refused in short, to trust even Mr. Rowell with the job from which all blessings would flow. So the motion was quietly withdrawn—withdrawn for keeps one supposes, as Mr. Rowell will probably be provided for elsewhere before another year rolls round.

The Job at Washington.

Mr. Rowell says "No," but his name is persistently mentioned as the first Canadian envoy to Washington. It is our custom to provide defunct or moribund politicians with good jobs, to ease them out of public life at our own expense. It comes high, but it gets rid of our heartbreaks. For instance, there was Sir William Hearst, who was such a conspicuous failure, that he now enjoys a workless job at seven thousand dollars a year for the remainder of his natural life. And now there is—but why be invidious?

As I was going to say Canada is to have an envoy at Washington—quite an envoyable position so to speak, at fifteen thousand dollars a year—and rumor, in spite of his blushes, connects Newton Wesley Rowell with the job. Rumor also connects Sir Robert Borden with the same job. It is said that whoever has the ear of the governor-general will get it. It is well known that the governor-general has the usual supply of ears—two, count 'em, two—and that Sir Robert has one of them. But who bites the other, time alone will tell. It seems a pity that the duke hasn't three ears—then the voice of the people might find a repository, and somebody would be sent to Washington who would get business for Canada.

First In the Betting.

Be that as it may, Mr. Rowell is first in the betting. The appropriation of eighty thousand dollars will not go far at Washington prices, but it will at least provide a small staff, an office and, perhaps, a house for the envoy to live in. If Mr. Rowell finds the fifteen thousand dollars salary exiguous, no doubt his brother uplifter, William Jennings Bryan, will fix him up with a Chautauqua lecture circuit that will help out. Mr. Rowell ought to make a great hit in Washington. He can talk the birds out of the trees, and there are a lot of birds down there.

Canada, we are informed, was a nation some years ago, but Mr. Rowell deserves the Washington job for rediscovering the stupendous fact. People here don't just know what an envoy is, but it is said to be something classy—not quite an ambassador, but a good deal more than a bell-boy, with a uniform to match. Mr. Rowell has the figure for it—his legs, though slim, are real pillars of state. As a nation, we are to be allowed to make our own treaties and such—just as we have been doing for a long time—but Mr. Rowell, or whoever is our envoy, will sign them first.

The practice has been to send them to Downing street for signature, have them come back by return mail, and then do our own signing on the dotted line. This practice is now to be reversed—and our envoy at Washington is to do the reversing.

OLD PEOPLE NEED STRENGTH

This Woman of Eighty-One Years.

Tells How Vinol Creates Strength For the Aged.

She says: "It is with great pleasure I tell others of the great benefit I have derived from VINOL. I am now eighty-one years of age, and I have never found any remedy that would create an appetite, overcome nervous conditions and build up strength equal to VINOL."

The reason VINOL is so successful in such cases is because it contains the tissue building and medicinal elements of cods' livers, aided by the blood-making, strength-creating properties of tonic iron, beef peptone and hypophosphites.

Thus, in a natural manner, it increases the appetite, aids digestion, enriches the blood with thousands of red blood corpuscles and imparts strength, health and vitality to every organ, muscle and tissue of the body.

If feeble old people only realized the good VINOL will do them our druggists would not be able to supply the demand.

THE MUDDLE AT OTTAWA.

Ottawa correspondents of Unionist newspapers have long since run out of new phrases for dealing with the matter of Sir Robert Borden's possible return to Ottawa, and, as far as actual information is concerned, a dispatch of three months ago is quite as clear and definite as a dispatch of Tuesday or Wednesday of this week. The inability of the members of the Government to agree upon the man best suited for the position is evidenced by the repeated rumor that Sir George Foster will be successor to the premier. Will any Government newspaper be prepared to make the claim that such a choice is dictated by other than the sordid idea of holding on to office? Is there any Government organ that will deny that the only reason why Sir Robert Borden is premier in name alone today is that in December last the cabinet was divided into two warring camps and was quite unable to agree upon a successor?

If Sir George Foster becomes head of the Government it will be but one further chapter added to a record of cabinet intrigue. Will the Meighen faction, or the Calder faction, or the Rowell faction (if there be one), rest content with serving under a man whose age alone makes it impossible that he can give vigor to the Government? The Foster record in the department of trade and commerce should be enough, for there it has been a case of marking time. Sir George Foster's debating abilities, which have always made him an outstanding figure in the House, have long covered up his lack of administrative abilities. Indeed, it is only a year ago that Government newspapers were predicting his retirement, along with other members of the Government, in order to make way for some new men, who could put new life into the administration. Since that time the Government has been in deeper waters, and men who were slated for retirement have been brought back into the cabinet in order to avoid the danger of by-elections. Hon. Martin Burrell is an example of this. A year ago it was stated that he would retire from office, and he was talked of for the librarianship of Parliament. Now he is back in an active post again, and the Government is mighty glad to have him, too.

The best supporters of Unionist Government have to admit that something is grievously wrong. One dispatch to a friendly newspaper says that the cabinet doesn't know whether it is coming or going. That has been the situation for a year past, more aggravated today, however, than ever before. With all the rumors and inspired dispatches there are good reasons for believing that Premier Borden will not appear on the floor of the House this session, and may not appear again at any subsequent session. His resignation is still in the hands of his lieutenants, and can be accepted at any time that they think enough alike at one instant to choose a leader. As for the country at large, it probably cares little who is the new head of the administration. Events are heading directly towards a fall, and the longer the test is delayed the harder will the fall be.

A NEWSPAPER SUSPENDS.

Owing to the great increase in the cost of production, the St. Catharines Journal, which has been published ever since 1859, has been obliged to suspend publication. Commenting on this, the Ottawa Journal says:

> The high cost of newsprint and the big increase in wages paid to all newspaper workers have forced up subscription and advertising rates; but the newspaper is still the cheapest "necessary" in the market. Frank A. Munsey predicts before a congressional committee that the time is not far distant when newspapers will be selling for five and even ten cents. Those concerned in the publication of newspapers, watching costs jump with amazing rapidity, must agree with him. Most newspapers today are carrying a large volume of advertising; but the returns of many of them show that, despite higher advertising rates, the total margin of profit grows steadily less. The fact is, that increasing rates cannot be made to keep pace with increasing costs. Publishers, unlike most other business concerns, are compelled to enter into twelve-month contract with their clients, both reader and advertiser, and before the contracts expire the profits on them have frequently been eaten up by increased expenses.

MR. DRURY'S COURAGE.

Premier Drury's stand against increased indemnities was squarely in line with his party's platform of economy. It will be admired by the whole province for honesty and courage.

If ever there is to be a check in the twin processes of cost-boosting and mad indulgence in luxury, the Farmer-Labor Government should give the nation a lead. The pleas that farms are being neglected and labor men's jobs lost during the ten or twelve weeks spent by members at Toronto, that $1,400 does not foot the bill of loss and expense incurred, and that it should be made possible for any one, however humble his means, to represent a constituency, will not hold water. Those whose farms would go to ruin would not be compensated by the proposed $2,500, nor by $5,000, nor by any amount if they love their farms. Not those of humble means, but those of larger financial concerns would be specially encouraged by the greater indemnity. The man who lost his job because of attending Legislature, if there really be such, would never go back to it if granted $2,500 a year. He would become the most eager and possibly venal professional politician. But was not the verdict of last election against professional politics and wasteful expenditure?

Stick to it, Mr. Drury, the country is with you. The very men who cry loudest for more pay will respect you more if you continue to stand by your platform.

GEDDES HAS IT RIGHT.

Work, says Sir Auckland Geddes, Great Britain's new ambassador to the United States, is the only way through which the old world can be rescued from its present distressing condition. Geddes' picture of the situation in the old world, outside of the British Isles, was horrifying, but he believes that with the aid and sympathy of the American people, the stricken nations of Europe will pull through—that help and increased production.

Work, work, and more work, is the main remedy, according to Sir Auckland, and it is a truth that we in Canada, even in our prosperity, should take to heart. There is no spectacular way out of the trouble. Stability, sanity, safety, can only be won back and kept secure by prolonged and steady effort. High wages is not the remedy. The economic, industrial and commercial world can only be steadied by production. Prices will drop only when our labor hard and concentrated, forces them from the high levels. The cure is not to be found in sovietism, the red methods of the anarchists, or the direct action and other schemes of the various kinds of socialism. Salvation, as Geddes says, is to be had through plain, every-day work that is within the reach of every one of us.

THE NEW POLAND.

One of the largest visible consequences of the European war is the rise or resurrection of the Republic of Poland. The land, with its brave, patriotic and republican people, was divided by the tyrants of Russia, Prussia and Austria in the last quarter of the eighteenth century and held down hard ever since. Now a population of over 30 millions is Poland again.

New Poland reaches from Silesia to Vilna, with Lithuania included, nearly 500 miles, and north to south will average about 400 miles, the total area being about that of Germany. Its bonds of union are language, religion (Roman Catholic) and historical tradition. It may be that the new state is a little overdone by the force of pedantic tradition, as territory now largely Russian has been forcibly included on the east, and territory now largely German is being incorporated on the west and north. But no one can much blame the Poles for seizing a little more than enough after centuries of repression and injury, through Prussia indeed did the same thing with Alsace-Lorraine in 1871.

The achievement of the Poles in so quickly creating a powerful state out of districts long severed and tyrannically governed is a tribute to the brilliant talents of the nation. For long the Poles have been leading industrial organizers, engineers, artists and professional men of Russia and Ukraine, but they have had no chance to learn the art of government, while excelling in every other art. Many like Paderewski have been making great sacrifices to give their efforts to the construction of a Polish Government, and for amateurs have done wonders. Especially consider their difficulties, two-thirds of the country ravaged by the war, railways formerly of three different national systems, and depleted of all material, uncertainty yet as to the frontiers and the ownership of Silesian coal mines and Lithuanian forests, constant warfare since 1918 with Germans, Bolsheviki and for a time the Ukrainians. And yet the state is going in good order, the enemies are fleeing or keeping their distance with respect.

Poland stands between teeth-gnashing Germany and red Russia, a ticklish position and very important to western civilization. France has always been Poland's friend, and recognizes in her now a natural ally. Great Britain must see Poland as an advanced post of established culture against barbarism, remembering also how a Polish army once saved Vienna from the Turks, and before that Tartar armies split against the walls of Warsaw.

EDITORIAL NOTES.

Europe's gaping wounds are gradually healing.

WENT ONE BETTER.

[Boston Transcript.]

The excuses offered by schoolboys are often laughable, perhaps none more so than those of two pupils of a country school for being late. Asked why he didn't come when he heard the bell, one boy said: "Please, sir, I was dreaming I was going to California, and I thought the school bell was the steamboat I was going on."

"You did, eh?" said the teacher. "And now, sir (turning to the second boy), what have you to say for yourself?"

"Please, sir, I—I was just waiting to see Tom off," stammered the other."

OLDEST REMAINS OF MAN?

[London Times.]

Dr. Ameghino, director of the Buenos Ayres Museum, claims that he has just discovered the oldest remains of man yet known.

Previous exploration of the ravines of Chapalmalal and Miramar had revealed important deposits of the Stone Age, such as polished stone balls, fire stones, calcined bones, baked clay vessles, weigh's for fishing nets made of stone or of the bones of huge mammals, flint knives, rasps, fossilized bones of enormous animals of the Tertiary Age, like the zoxodon, together with the quartzite arrow and spear heads, curiously wrought, with which primitive man hunted them; and these finds had encouraged the belief that one day the bones of the men who fashiond them would also be found.

This, it is reported, has now been accomplished. From a telegram sent by the naturalist in charge of the excavations, Dr. Ameghino learned recently that the base of the ravine well on which work was proceeding, several bones and other objects had been brought to light, and on his arrival at the site he was able to establish the accuracy of his conjectures.

The new finds consisted of a stone fireplace of the Tertiary Age and a fragment of human jaw with two molars. Study of the morphology and fossilization of the remains proves, it is said, that they belong to a type of man far older than the oldest hitherto discovered.

WHAT I KNOW.

[Farmer's Sun.]

I know that this day will never come again. Therefore I will make it the best day in which I have ever lived.

I know that happiness is a thing within, and that it is always in the world and very near to me. I know I have but to search for it, and that as soon as I begin to hunt it out I have it. Also, I know that as soon as I get happiness and begin to give it away, it comes back doubled—and more—to me. I know this.

I know that my work is a stimulus, and that it keeps the world alive and moving. I know that the people who work with love in their hearts and interest in their brains are the real doers and benefactors of mankind. I know that I can be a doer and benefactor.

I know that life is exactly what I make it. I know that other people and other forces can influence my life and work only as I follow it. I know that I am young if I live youth; I know that I am happy if I live happiness; I know that I am worth while if I attempt to accomplish worth-while things.

I know that the greatest thing I can ever do is to do my best at all times and under every circumstance.

From Here and There

A GENTLE PRIESTLY HINT.

[Quebec Telegraph.]

That was a very neat and very delicate hint that a French cure gave the other day to the ladies of his congregation as to the impropriety of the scanty clothing worn by them in obedience to the dictates of the horrible modern fashions. This particular priest, who, like all the French clergy, are up in arms against the scant clothing worn by women of fashion, is in charge of the Church of Villeneuve St. George, near Paris, and has actually provided a white woolen shawl for the use of brides who appear before him for the marriage ceremony with what he considers insufficient clothing. "I quite understand the difficulties attached to the high cost of living, and especially the increase in the price of clothing material," says this ecclesiastic, according to our contemporary, the Montreal Herald. I sympathize keenly with girls who can only afford enough material for half a dress. I have, therefore, bought a perfectly good white woolen shawl. It will be at the disposal of all lightly-dressed brides during the marriage ceremony in my church, which is very cold."

MY LADY SPRING.

[May Ellis Nichols in the New York Times.]

When gusty March has had his day,
And April prophecies of May,
From out the Southland robins wing,
And this the message that they bring:
"Oh, fly, and to each bird you meet
This joyous message sing:
"She comes—sweet, sweet, oh, sweet!—
She comes, My Lady Spring!"

And far adown the echoing dale,
The bluebird's twitter wakes the vale:
"See, with her skies to match my wing,
And now leaves gently whispering,
With daisies dancing at her feet,
While violets 'neath them spring,
She comes—sweet, sweet, oh, sweet!—
She comes, My Lady Spring!"

So high and glad, and loud and clear,
The chorus swells, "She's here, she's here!
'Tis time to live, for time is fleet,
For love is true, and home is best,
'Tis time to live, for time is fleet,
Make all the woodland ring!
She's here—sweet, sweet, oh, sweet!—
She comes, My Lady Spring!"

PRUSSIANISM STILL HEARTY.

[New York Times.]

What Germany asks is permission to retain the skeleton organization into which her millions of trained men can be fitted; to retain the officers' corps, with its mediaeval traditions, and the general staff, with its technical knowledge and aggressive ambitions, which by the treaty she promised to disband. Does she need a general staff and an officers' corps to maintain order at home? The truth—the central truth which we all ought to remember in our dealings with Germany—is expressed in the artless admission that the army will not disband. Germany has got rid of the Hohenzollerns, for the time; but she is still ruled by the Prussian military aristocracy that made the Hohenzollerns great.

GRANT HALL.

[Montreal Gazette.]

The C. P. R. had the good fortune to be well and ably served since its inception. Lord Shaughnessy has said more than once at the big family reunions that there were, doubtless, many men in the service of the company who, in the highest positions, would be capable of the most eminent services, but that the problem was to discover them, for, in the hurry of work, there was the possibility of the best material being passed over, notwithstanding that the executive was always on the look-out for the bright, keen and fresh and courageous young spirits who could serve the company in notable positions.

It has been the motto of the company to find its men, as it wanted them, in its own ranks. The early training was the best that could be given. The spur was the accessibility of the highest position in the gift of the corporation. The man who had the C. P. R. training back of him might well hope to travel far. Many of the notable officers of the company got their training under the watchful eyes of Sir William Van Horne and Lord Shaughnessy. Sir George Bury often said that he might thank Lord Shaughnessy for the training he received, under his direction, and which fitted him for responsible positions.

Mr. Grant Hall, the operating vice-president, is one of the notable band of men who serve the corporation in the highest and most responsible position. He has passed through all grades. He knows every screw of the locomotive. He could take off his coat and do mechanical work—if necessity put him to it; and, when he had washed his hands, he could discuss politics and general topics, and prove his social qualities in an eminent degree.

First of all, the vice-president has a splendid physique. He stands over six feet high, and is built in proportion. He was born in Montreal; but he has been so long in the West, and identified himself so closely with it, that, seeing his bulk and stride and happy aspect, one would instantly say: "Of course, a product of the West."

And the vice-president is congruous to the West in all regards. There is an intimate relation between free spaces and growth.

In the spacious West mind and body expand. The cramping East restrains and confines. In the vast spaces the thought quickens. The lungs expand; nor would it be too much to say that a free and happy and spacious environment would react upon physical growth.

Anyway, there he is—tall and powerful, with that characteristic stride, his face aglow—frank, genial, alive to his finger-tips, a power for service; the man who knows the service from mechanics to politics.

It was in the West that Mr. Hall made his mark. He was congruous to great spaces. He grew in the open. Everybody soon knew that Mr. Hall was a power in himself. He took deep breaths. He felt the tang of the illimitable prairies.

Then he began to know the people. He talked with them and chummed with them. He learned the meaning of the West—what it stood for, physically and mentally. And, of course, he knew his men. As general manager of the western lines, with thousands of workers under him, he got their viewpoint, read their meaning and purpose and hope. He sympathized with honest effort; he put himself in place of the worker; he studied the springs of motive.

And when there was trouble with the men he was on the spot. He allayed irritable feeling; he found the point of contact; he labored for the triumph of "sweet reasonableness."

Nor was he ever known to fail. Loyal to the company, he nevertheless found a way to placate antagonisms. He said the right word at the right moment. He compromised, if compromise spelled equity as between the men and the company.

Mr. Hall's name in the West became a household word. He moved among the people; he studied their needs; he encouraged every proper effort; he extended the business of the company in a large degree.

Always he maintained a genial and happy outlook upon life.

You could never believe that Mr. Hall had ever been disillusioned by life. In conversation he discloses an unconquerable optimism. He holds his faith in human nature unimpaired. His laugh is infectious.

He has a great weight of responsibility devolving upon him.

He is the operating head of the greatest corporation in the world.

Talk with him in a moment which he may be able to spare, and, once he has removed the inevitable pipe, he will disclose an unsoured spirit, a consciousness of a happy outlook, which would severely rebuke all atrabilious persons who infect the world with gloom.

The amplitude of his railway knowledge—that is the notable thing.

He knows the C. P. R. from the ground up. He applied both politics and mechanics in the West. He has vision. He is ambitious for expansion. He has heart and soul in the C. P. R.; and yet he does not sacrifice the humanities to the severities of duty.

And that is the point—his intense humanness. That is where he scores. Meet men on the human plane and they are yours. You know at once that the vice-president exhales a big, warm, brotherly feeling for every creature. That is why, in trade disputes anywhere there is a call for Mr. Grant Hall.

He is humane. He is disinterested. He has the large and compelling sense of human sympathy.

Mr. Hall, with his ample knowledge, would command success; with his humanness added he becomes a pre-eminent power in the company.

Mr. Hall exerts large and commanding powers; but the fine thing is that they are never divorced from human feeling.

CANADIAN CAMPAIGN TO BUY AT HOME IS FELT ACROSS BORDER

United States Businessmen Admit Effects Are Visible.

TEMPORARY, IS BELIEF

Feel That Adverse Exchange Rate Will Not Be of Long Duration.

New York, May 5. — (By Canadian Press.—Since Canada is the second best customer of the United States, the best being Great Britain, American businessmen have been paying close attention to the movement recently inaugurated in the Dominion to increase trade with the mother country with a view to regulating exchange conditions between Canada and the United States. The movement has been in the direction of limiting Canadian purchases from American business houses so that the adverse balance of trade reflected in the depreciation of the Canadian dollar in exchange may be corrected.

Observers on this side of the international boundary line admit that American business has already felt the effects of the Canadian campaign, although probably not to the extent its prompters anticipated. In many lines Canadian imports of American goods have declined, but this is believed to be due, at least in part, to the adverse exchange rate itself, and not to the movement to correct that rate.

American businessmen who have given their views on the subject to the Canadian Press, express the opinion that the campaign in Canada, like the adverse exchange rate itself, will be a purely temporary affair. When the causes that have operated to bring about the exchange conditions are removed, Canadian-American trade will, they say, flow back into its normal channels, which are too well established, and geographically inevitable to be abandoned.

The possibility of a restoration of the former business relations between Canada and Great Britain, to the detriment of American manufacturers, does not appear to be seriously considered here. It is argued, for one thing, that Great Britain will be unable to supply the Canadian demand for goods, as her factories are unable to take care of the domestic needs. The increase in Canadian imports from Great Britain is regarded here as normal trade readjustment following war conditions.

The result of the adverse exchange rate against Canada in the American market is seen in statistics of Canadian-American trade for the seven months ending at the close of January, which reveal a decline in purchases from the United States. As an indication of the present trend it may be expected that a substantial decrease will be reflected in the next report with a corresponding increase in Canadian importations from Great Britain.

According to the Monthly Summary of Foreign Commerce (Washington), Canada bought goods to the value of $483,159,230 from the United States during the seven months ending January of this year, as against $542,472,367 for the corresponding period ending January, 1919. Canada's sales to the United States for these periods were $319,016,730 and $292,490,855 respectively. Thus the excess of imports over exports representing Canada's adverse balance of trade with the United States in the seven months ending January, 1920, was $162,142,500, as against $249,981,512 for the same period ending January, 1919, a reduction of about $90,000,000.

In spite, however, of the shifting balance, Canada is shown as being still the second greatest buyer in the United States markets, Great Britain is an easy first, and France a close third. In the seven months ending January, 1920, Canada bought twice as much goods from the United States as the whole of South America.

TRAFFIC PROBLEM OF LONDON IS MADE MORE DIFFICULT NOW

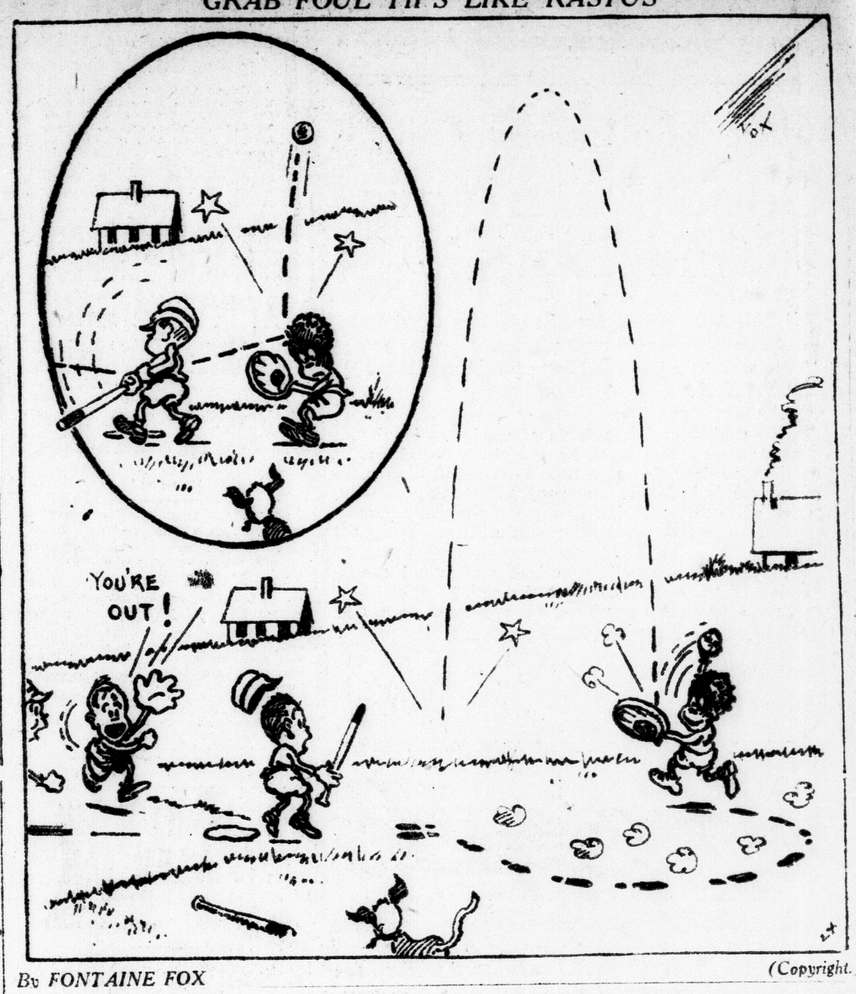

Eight-Hour Day Causes New Congestion in Metropolis.

London, May 5.—London's traffic problem, which is, if anything, more serious than that of New York, has been made "difficult," it is announced by a parliamentary committee of investigation, by the eight-hour day.

The committee, of which Kennedy Jones, member of parliament, is chairman, has been considering the subject for some time. Traffic congestion is severest, the committee found, between the hours of 7:30 and 9 a.m. and 5 and 7 p.m. It reached its maximum between the latter hours, and, the committee says, "little or no relief can be looked for in the near future from any increase of the transport facilities during those hours."

Regarding the trouble, as accentuated by the general adoption of the eight-hour day, the committee expressed the opinion that "if certain 'allied' businesses could arrange for the majority of their employees to leave their work between 4 and 4:45 p.m., instead of at 5 p.m., or later, appreciable benefit would result." It appeals to business houses to co-operate in this direction, and asks shoppers to do as much of their shopping as they can manage to do between 10 a.m. and 4 p.m.

THE TEAM HAS NEVER HAD A CATCHER THAT COULD GRAB FOUL TIPS LIKE RASTUS

The Family Smoke

"OLD CHUM" is a family friend. Grandfathers, Fathers and Sons have been smoking it for years and years.

During this half century, "OLD CHUM" has grown steadily in popularity and favour.

Every pipe smoker appreciates "OLD CHUM" quality—the choice Virginia Flake Cut tobacco—chosen by experts—stored away until the perfect tobacco taste and mellow flavour are fully developed.

It is this dependable, constant quality, maintained for years, which has made "OLD CHUM" the chum of all pipe smokers in Canada.

OLD CHUM

Canada's Favorite Pipe Tobacco.

Made in Canada Worthy of the Name

Tire Values

The luxury of riding on Maple Leaf Cords is warranted by the low cost per mile.

The value of a tire must be based on its service over a given period. Maple Leaf Tires have made good. We were sure they would when we designed them. The best of workmanship and the finest materials combine to carry out a design that embodies years of experience in tire construction.

Maple Leaf Tires first achieved popularity with a Non-Skid fabric tire selling at the price of Plain Treads. Locate the dealer near you who carries Maple Leaf, Plain Treads, Non-Skids and Maple Leaf Cords, and ask him to show you *real* tire values.

PAGE OF INTEREST TO WOMEN

MRS. RICHMOND NEW PRESIDENT WORTLEY ROAD MOTHERS' CLUB

Mothers Appointed To Help During Baby Welfare Week.

At the annual meeting of the Wortley Road Mothers' Club held at the school on Tuesday night, Mrs. Richmond was elected president for the coming year. The officers who will work with her are: Vice-presidents, Mrs. Steele and Mrs. Short; treasurer, Mrs. Finch; secretary, Mrs. Loew, and pianist, Mrs. Harvey.

Reports of the splendid work done by the club during the past year were read. It was decided that the concert to be put on at the school next Tuesday evening by the Normal School Glee Club, under the direction of Charles E. Percy, should be under the auspices of the Wortley Road Mothers' Club, and the proceeds given to the Sick Children's Hospital fund.

The following women were appointed to help at the baby clinic during Baby Welfare Week at the Technical School: Mrs. Richmond, Mrs. Finch, Mrs. Atkinson, Mrs. Jones, Mrs. Shortt and Mrs. Loew. Mrs. Richmond was appointed to assist at the Victoria School baby clinic next week.

RIVERVIEW MOTHERS ELECT MRS. YOUNG AS NEW PRESIDENT

Annual Reports Show Big Amount of Relief Work in District.

The Riverview Mothers' Club, now a three years' old organization, with a membership of one hundred, held its annual meeting in the school on Tuesday night, with the result that Mrs. George A. Young was elected president. A pretty feature of this meeting was the presentation to Mrs. Charles Turner, the retiring president, of a handsome book in token of the club's gratitude for her splendid work as president during the past year. The other officers elected were: Vice-presidents, Mrs. Schott and Mrs. W. J. Clark; secretary, Mrs. Fortner; treasurer, Mrs. Bryant; pianist, Mrs. Newhouse; convener of program committee, Mrs. Kirkpatrick; conveners relief committee, Mrs. Percy Young and Mrs. Walker; convener sewing committee, Mrs. Cotton, and convener refreshment committee, Mrs. Kreitzer.

Splendid reports of the year's work were given, the treasurer's report, read by Mrs. Wendell Holmes, showing that the club had raised funds to the amount of $291.35 during the year by means of concerts, rummage sales, tea, etc.

Expenditure.

Of this amount $7 was spent toward soldiers' lunches on the day of the prince's visit to the city; $10 toward magazines for the boys of the Riverview school; a donation toward furnishing bedroom in the domestic science department of the school; $50 as donation toward Sick Children's Hospital, and $60 in relief work among the poor of the school district. The balance of the funds, which will probably amount to $75, will be handed over to Principal Newhouse toward a school moving-picture machine.

The relief committee's report, presented by Mrs. Percy Young, showed the enormous amount of work which this club has been doing quietly in its own district. This relief committee made eighteen calls during the year in one instance sending in a doctor to care for the sick.

Distribution.

In all they distributed: Three pairs of shoes, 6 suits of underwear, 2 vests, 4 sweaters, 2 caps, 13 pairs stockings, 9 pairs shaker bloomers, 12 shaker underwaists, 8 shaker underskirts, 2 middy blouses, 2 boys' blouses, groceries to the value of $6.20, 4 bottles fruit, sugar, potatoes, hair ribbons, 2 babies' dresses, 2 complete babies' outfits, 2 pairs boys' pants, 1 boy's suit, 2 girls' dresses, 1 quilt, 5 nightgowns, 2 suits women's underwear. Many of these garments were made at sewing meetings of the club.

Mrs. Robinson, who is interested in the movement to encourage the lace-making craft in this country, was present at the meeting with samples of her work, and it is possible that shortly a lace-making class will be started in connection with the Riverview Mothers' Club, the fees for attendance in this class to be devoted to the Sick Children's Hospital fund. Mrs. John Gemmell, president of the Union Mothers' Club, occupied the chair. At the close of the meeting refreshments were served, and a social half-hour enjoyed.

SOCIAL and PERSONAL

TELL IT TO THE SOCIETY EDITOR.

Mr. William G. Lumsden, after undergoing a serious operation, was able to return to his home on Sunday last.

Mr. and Mrs. W. T. Williams are the guests of Mr. and Mrs. C. B. Edwards for a few days before they leave for Portland, Ore.

Mrs. F. J. Greenaway has been elected delegate to represent the Campbell Becher Chapter at the meeting of the National Chapter, I. O. D. E., to be held in Calgary on May 17. She will also represent the Port Stanley Chapter.

The Charity Ball, given recently at the Winter Garden, by the Campbell Becher Chapter and Lord Elgin Chapters, I. O. D. E., netted $394.62 for the Sick Children's Hospital. The total amount taken in from the sale of tickets was $943.72.

Mrs. McHardy-Smith of the piano staff of the London Institute of Musical Art, and her talented pupil, Miss Madeleine Simson, are in Toronto for the fortnightly recital of the Toronto Conservatory of Music, at which Miss Simson is to play the Saint-Saens Concerto for the piano. Miss Simson and her teacher are greatly honored in this appearance, as only the most advanced pupils are permitted to play at the fortnightly recital.

REEVE OF BLENHEIM WEDS.

BLENHEIM, May 5.—A quiet wedding took place last evening when Reeve G. F. Reycraft of this town, and Mrs. Melinda Yester, were married at her residence, Talbot street, by Rev. A. E. Jones. They will continue to reside in town and in the residence of the reeve. Both have been esteemed citizens of the town for some time. Mrs. Reycraft was formerly a resident of Harwich and the reeve a former resident and reeve of Orford Township.

HOME ECONOMICS

MRS. ELIZABETH KENT, MacDONALD COLLEGE.

CARE OF FOOD MATERIALS.

Sometimes food which has been carefully selected and delivered in good condition, spoils merely from lack of proper care in the home. Perishable

food, such as milk, eggs, butter and fruit should not be left on the doorstep in the sun, nor in the hot kitchen, but should be attended to at once. Wipe milk bottles, see that the tops are secure, then put at once into the refrigerator, or some cool place. Eggs should be wiped clean and put into a dry, cool place, free from strong odors, as the egg shells are porous and absorb odors readily. Butter bought in one-pound oblongs comes wrapped in paper, which should not be removed until the butter is used. Butter should be kept cool enough to stay firm, but not hard.

Meat and fish should not be left for any time in the kitchen. They should be removed at once from their wrapping paper, which absorbs the juices, wiped with a cloth wrung out of cold water, if they are not quite clean, placed on a clean dish of china or granite, not tin, covered and put into the refrigerator. It is worth while to plan special receptacles for food and form the habit of using the same ones always.

Oranges, lemons and other fruits, should be put into a cold, dry place where other foods will not be affected by their odor. Celery, parsley and lettuce, if at all wilted, may be placed with the roots or stems in cold water. In an hour or two they will be greatly refreshed, and may then be wrapped in paper or cheesecloth and laid in the ice-box. Lettuce, which is put fresh, and not wet, into a tin box will keep fresh a surprisingly long time if it is well covered. Potatoes and other vegetables should be kept dry and cool in separate boxes. Dampness spoils vegetables quickly. Food that has begun to decay should at once be thrown out, for it will injure other food and cause a bad odor. The refrigerator should receive attention daily and a thorough cleaning weekly. Good ventilation is most important for good refrigeration.

Staple foods, salt, sugar, spices, tea and coffee should never be left in paper bags. In labeled air-tight jars or boxes they are most convenient, neater, and keep in better condition.

Systematic care of food as it comes into the house prevents much waste and deterioration, and thus decreases the household expenses.

TALKS ON HEALTH

BY WILLIAM BRADY, M. D., Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is inclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Parents Versus Children.

A young man who recently left his home in the country to enter one of the great American universities writes, in part as follows:

"I am nineteen years old, and up to this time I have conducted myself as I know my parents would wish, but . . . the frat . . . . the fellows make a good deal of sport about it, and tell me I am going against nature . . . that there must be something the matter with me . . . in short, they call me 'nutty.'

"I have enjoyed your stuff in the paper at home, and still read it when they send me copies. I don't like to put a question like this to the doctor here . . . yet I would like to know the truth about this. I want to do the right thing, but I don't want to be known as a 'nut' . . . ."

The actual weakling is the member of the male sex who isn't man enough to be his own master. He falls. He is lower than the beasts. Then he is miserable when he finds a man strong enough to be his own master. He takes a fiendish delight in trying to undermine that man's resolution; he wants to drag down the decent man to his own rotten level. So he concocts the most damnable lies such as that of "going against nature." Since when did Nature—Nature is God—since when did God ordain that man was to sink below the beast level?

Any man who dares to assert that sexual immorality is natural or that it is essential to the physical or mental well being of a man is a wretched pervert and a black-hearted liar. The only proper answer a real man can make to the degenerate who ventures to call him a "nut" because he lives as a man should live, is with the bare fist planted with entire cordiality in the coward's face. There is no greater satisfaction than administering such a reminder to that particular type of contemptible whelp. He won't fight back because he hasn't the guts.

A man has precisely as good reason, need or excuse for sexual immorality as his mother, his wife, his sister or his daughter has, and when he endeavors to help spread the propaganda of the degenerate, as did the pampered "frat" members in the letter quoted, the responsibility belongs on the shoulders of his parents, for they have apparently betrayed their trust, side-stepped the disagreeable or difficult task of educating the boy, and left him at the mercy of those much too old young snobs who infest some of the "social" clubs and fraternities in and out of college.

Instruction of children cannot begin too early for their own good. The truth is a tremendous moral stanchion in the building of character. Fables offered in lieu of the truth can no longer be defended.

QUESTIONS AND ANSWERS.

Conservation of Postage.

Dr. Brady begs correspondents to inclose no stamps partly affixed to letters or chained or spiked or otherwise maltreated. The stamp should be stuck in the upper right-hand corner of the self-addressed envelope and nowhere else, if a reply by mail is desired. Handed the Salvation Army man nearly fourteen dollars' worth of contributed stamps the other day. It ain't right.

Naughty, Naughty, Grandma.

In my absence, my mother gave the baby 18 months old, one-third of a two-grain quinine capsule to break a cold. Is it safe to give quinine to a baby so young? (Mrs. L. M.)

ANSWER—It wouldn't be, if it were my baby. The effect of quinine in "breaking a cold" is open to so much doubt that it is inadvisable to give it to anyone for such purpose, in my opinion. At least I should not take it myself. At least I should not take it myself if I had a respiratory infection which some grandmother called a "cold."

(Copyright National Newspaper Service)

MRS. J. DARLING IS PRESIDENT OF BOYLE MEMORIAL M. CLUB

Club Arranges To Hold Garden Party in June, At Annual Meeting.

Mrs. J. Darling was elected the new president of the Boyle Memorial Mothers' Club at the annual meeting held Tuesday evening in the school. This club has been in existence since 1915, and is very active in East London, especially in the carrying on of relief work in that district. The yearly report showed that a Christmas present of $10 each to two needy families had been made, $5 was donated to the Victorian Order of Nurses, $10 to the Children's Shelter, and a great deal of sewing accomplished for the poor of the district. Twenty-one pairs of rompers were also made for the new Day Nursery. This club has also doubled its membership since last year. Mrs. A. E. Tutt of the Chesley Avenue Mothers' Club, was in the chair, and Mrs. Pellow, also of that club, gave some very fine readings. The club has arranged to hold a garden party in June.

The officers elected at this meeting were: President, Mrs. J. Darling; vice-president, Mrs. A. Jones; secretary, Mrs. F. Humphrey; treasurer, Mrs. J. S. Tennant; convener visiting committee, Mrs. Stanton; program committee, Mrs. Golby; social committe, Mrs. Sharp; reception committee, Mrs. Wistow.

The meeting was followed by a social half hour, when refreshments were served.

EASY WAYS TO HOUSECLEAN

After the dust finds its way into the house, the use of labor-saving devices—the proper tools—makes the cleaning easier. I keep my rugs in a good condition by sweeping twice a week with the vacuum cleaner. The stiff broom is just the thing to gather the trash on the porch or the papers left from cutting paper dolls in the nursery, but it raises too much dust for ordinary sweeping. I find a soft broom quite the thing to use in collecting the dirt and for brushing it into the dustpan, and the dustless mop is efficient in removing the very fine particles of dirt. After I had used the dustless mop two or three times, when I should have used the soft broom first, I learned a lesson never to be forgotten. I pays to use the dustless mop as a duster, not a broom. If it is used to collect large pieces of dust, much labor and time are wasted in cleaning the mop. The oiled mop is needed on the oiled floor, and the waxed mop on the waxed floor once or twice a week. I have used them more frequently, but I always find that too much oil and wax are left and they cause the finish to gum.

Use Little Water.

When I had made the cleaning of the floors as simple as possible, I turned my attention to the woodwork, walls, windows, pictures, and bric-a-brac. My great discovery is that the use of a little water is more effective than a large quantity. In washing the woodwork, for example, I find the easiest and quickest way is to wring a cloth very dry from a small pan of water, add friction soap to the cloth, and then rub this on the wood with an up-and-down movement. Then this is dried with a soft cloth. I have carelessly used a circular motion a few times in rubbing, and I have always paid dear for my thoughtlessness, for the wood so treated has a smeared appearance and must be washed and dried again.

I wash my wooden furniture, picture frames, and the papered walls in the same manner. And the secret of this efficient method is that little water is used.

Spare Polish.

Of course, great care must be taken not to add too much polish to the wood after it is washed. I have never succeeded in applying the furniture polish to the dust cloth and then rubbing it on the furniture without depositing too much. As a result fingerprints and a fog show and the dust collects easily, causing a black, gummy mass to form. When this gathers on my furniture, I remove it by wringing a cloth from hot water and rubbing it over the surface of the wood, drying with another cloth, and, of course, using the up-and-down movement in all operations.

I have two dust-cloths which distribute the polish on furniture and woodwork in right amounts. Both are remnants of old black velveteen hats. I sprinkle about one tablespoonful of polish on each piece of velveteen, and then roll the cloth into a tight roll, letting it stand at least over night before using. This gives the polish time to penetrate throughout the cloth evenly, and it supplies just enough polish when used in dusting to keep the surface glossy and smooth.

Window Washing.

Window washing ceased to be a worry to me when I learned to use a small amount of water, about two parts of water to one part of household ammonia. Dampen a cloth in this liquid, wring it out quite dry, rub over the window and dry the glass with a soft cloth, being careful to use the up-and-down movement to avoid streaking. A window washed in this way shines beautifully and can be washed with little expenditure of time and strength.

I wear rubber gloves to protect my hands—Pictorial Review.

Cynthia Grey's Mail-Box

Humor is the tail to the kite of affection.—Arthur Stringer.

Dear Cynthia Grey,—Another installment from The Advertiser Mail-Box—the largest yet. It is $65 this time, making a total of $140.10 from this source. See how "tall oaks from little acorns grow." Dime contributions make a large sum if there are enough of them. The author of the stocking-foot pattern is a good financier, and the War Memorial Children's Hospital committee is glad she is. Some unfortunate child will reap the benefit. Thanking all the contributors, I am, sincerely yours,

L. K. CAMPBELL, Treasurer.

Hepaticas.

I have been a reader of your page for a long time, but have only written you once. I was fortunate enough to have it printed, though, and now I am just sending a note to tell you of something I remember of reading in your page some time in the winter. You spoke of how you dearly loved hepaticas, and since then I've just been waiting for the wild flowers to come out so I could send you some of your favorites. They certainly are nuine, too, although I like all the different flowers.

We (my girl friend and I) went out this afternoon to gather flowers, so if you receive your bouquet in good condition you must divide the thanks between us. It sure was fun gathering them, and whenever we found some extra pretty ones it was always "These will be for Cynthia."

TWO LITTLE GIRLS IN BLUE.

Ans.—The hepaticas came to me dewy and sweet and have been admired by ever so many people. Thank you Two Little Girls in Blue more than I can express. It was very kind, and I am glad to receive your letter all about it. I mentioned your gift in the Cosy Corner Chats before your letter came.

Addresses Wanted.

The following addresses are wanted in the Mail-Box: A Daughter of the U. E. W. O.; Irish Moll; Dimples; Virginia V.; Betty Brown; I. O. U.; Sister Lizzie; Claudia; Genevieve; Yours To Be; Nobody's Darling; Irish Rose; Mrs. G. H. (who wanted liquor cure.)

The Hospital Fund.

With various requests contributions have been gratefully received from the following Boxites: Ettie, Mrs. Call, Good-Natured, Wild Hawthorne, A Lily, Grandma, Mother of Seven, Botheration, Seamstress Maiden, Lonely, Grandma, Somebody's Sweetheart, Moonlight, Mrs. F. F., Ingersoll, E. B. S., Miss Nuisance, A Springtime, Ima Pickle, Daisy, A Mother of Five, Lassie of Evergreen Farm, Somebody's Fellow, E. J. M., Mrs. J. Hardy, E. A. R., Helena, June Bug, A Mother, Wheatlyte, Rosabel, Thamesville, Barney Oldfield 2nd, Ima Woman, Josie, Just a Schoolgirl, Tulip, Dora Deane, Elizabeth, Silver Thread, Louisa, Just Bill, A Lonely Maid, Mrs. E. F. C., Edith Ball, Mary Jane Witty, Cowboy, Busy Bee, B. E. B., A Reader, English Rose, Kitten, Ella Mae, Crocus, C. E. C., Mrs. D. A., Peggie, Pride, Pussy Willow, Peggie.

Words of Inspiration.

Would you kindly send me the address of the lady from Galt who wrote an article on their "Rest Room." I certainly would appreciate to receive any information with regard to "equipment" for rest room. I enjoy reading your page and have received valuable and instructive information. I was so glad when those unpleasant arguments that arose ceased. You know, Miss Grey, there is so much for us women to do for our fellow-sisters, for our community, and for this grand Dominion of ours, that we should truly be thankful that the Almighty saw fit to place us here, that we must not trifle our time away over petty matters, but be women of the highest type, filled with the highest of ideals, broadminded and filled with thankfulness for all the blessings that have been bestowed upon us. Making this a better and brighter world to live in. DOT.

Ans.—Will lady referred to in above letter send in her name and address to be forwarded?

Cosy Corner Chats.

I wonder if I am too late to be of use to someone who wished to know what to do for stiff hands and fingers, who was studying music. I have been studying for ten years and teaching four of that time, and I have found that the faithful practice of scales, chords, etc., and exercises will do wonders. At the same time massage the hands with olive oil. Hope this does not frighten you. It does many.

I would like to correspond with someone interested or studying music. However, I live in the country and there's always something interesting there.

THE ORGANIST.

Am making another visit to the circle to try and give some help. I am sending an asthma cure my mother used with great success after suffering for over 30 years. I see so many asking for it.

If those who would like to have a nice collection of all kinds of crochet patterns would get a common school drawing book, and every pattern they see in papers or magazines, just cut it out and paste in book. They would soon have a nice collection. I have one book full and another started.

I would like to correspond with someone from Eastern Ontario.

MUTT'S SISTER.

Asthma Cure.—Five cents' worth wine of antimony, 5 cents' worth paregoric, 5 cents' worth tincture of opium, 5 cents' essence of aniseed, 5 cents' worth essence of mint, 5 cents' worth hot drops, half-pint West India molasses, half-pint boiling water. Take a dessertspoonful five or six times a day and at bedtime.

Could any of the readers tell us how to care for an Easter lily? We got one this year for the first time, and, of course, we wish to give it the best of care. Is the bulb taken from the earth after the plant stops blooming?

I will inclose a donation for the hospital fund.

One of the members of the page asked for a good method of testing a cake. I think she will find that using a toothpick is better than a straw.

NAN.

Two Little Girls in Blue.

Thank you so much for the lovely box of hepaticas. I appreciated them more than I can tell you.—Cynthia Grey.

A Handy Mother.

I have been a silent reader of your page for nine years. I enjoy reading the many helpful letters. I have a family of five and don't find much time to write. I was just thinking the other day, it is now spring cleaning time, and people will be puttin old clothes in the ragbags, and my little ones would be glad of them, as I am handy and can cut down and make over things. It is so hard to get clothes, as the high cost of living takes it all for food, where there is a big family. Dear Miss Grey, I have sent my address to you, and a stamped envelope. If anyone has anything I would call at their house for them if in the city, if they will send their address. HANDY MOTHER.

Ans.—I am sure there will be a response to this request, Handy Mother.

Cosy-Corner Chats.

I reside in London and like it. I enjoy studying the stars very much, and usually read everything I see about them. Find inclosed 10 cents for C. H. F. MERCURY.

Miss Grey,—You are the most important person in London these days. As this is my first letter I would like to know what day the 24th of May, 1879, fell on; also September 20, 1883.

For those who have difficulty making pie shells, if they put the pie paste on plates with down side up, or, as I should say, turn your plate upside down, put paste on; when cooked it can be lifted off and put on another plate. In this way your shells are always nice and even. EMERALD.

Ans.—Saturday, Thursday.

Here is a hint for taking white spots off furniture: Rub with spirits of camphor. Find inclosed 10 cents for the Children's Hospital. WOODSTOCK.

I have just been doing the "Hesitation Waltz" on your doorstep, and at last I have assumed a bold front, and made a bid for entrance into the Mail-Box.

I see where some wise Johnny says that there is a lot being said about reducing the H. C. L., but the man hasn't been found who can do it. I suppose that nobody can solve the whole problem, but everyone can contribute their mite. We save our linoleum by giving it a coat of varnish once a month, and find that it wears and wears and wears, but it never wears out.

I shall be pleased to correspond with any other members of the Mail-Box who care to write. If anyone wishes I will send in a recipe for cooking loon, which is a bird regarded by most people as unfit to eat.

MURMURING PINE.

Yes, your uncle is in again just for a minute. Thank you, Rose of Sharon, for classing me as one of some of the best you have cut out and pasted. Really, I don't know why. Now, I haven't eaten many of those baseboards. The last one I ate I got a sliver in my throat, and I have decided I may as well take a chance at the fish. Rose of Sharon, you are invited, and Cynthia, too, as Henry Burr says on one of my records: "What's in a name? They are all sweetles," etc. I can't tell you the date, as I haven't even received one pair of socks yet from Aunt Josephine. UNCLE DUDLEY.

Just another newcomer. On April 12 Pansy asked for hint re painting floors. She should first give it one coat of paint. Then fill cracks with putty. Press well in with an old knife. Then give two more coats of paint. The first coat is to make the putty stick well in place. Find inclosed my mite towards the C. H. F. It seems to me that Sunshine Vera is sure a brave little girl. JUST JANE.

The Fund.

Would you kindly explain what the children's hospital fund is? And may I send a donation to you? Also kindly tell me what day February 8, 1897, and August 1, 1897, fell on? Thanking you in anticipation. MARDA LOUIS.

Ans.—The children's hospital fund, to which anyone is most welcome to contribute through the Mail-Box, is for the new Memorial Hospital for Sick Children to be built in London in memory of our Canadian soldiers of Western Ontario.

BROWN YOUR HAIR WITH 'BROWNATONE'

Give the Natural Beauty of Your Face a Chance.

SEND FOR TRIAL PACKAGE.

Every woman knows that a pretty face loses its beauty when framed by faded, grey, streaked or bleached hair. Even wrinkles and blemishes are not so disfiguring as streaked or faded hair. It is unfair to your children and husband, and most of all to yourself, to look older than you really are.

"Brownatone Is My Best Friend."

"Brownatone" will tint your streaked, faded or bleached hair to any shade of rich, soft brown, or glossy black if preferred, and take ten years off your looks.

"Brownatone" cannot be detected, will not rub or wash off, is odorless, and greaseless.

Absolutely Harmless.

This safe and harmless preparation is used and indorsed by thousands of women in business and in society.

Apply it yourself with comb or brush. The results will delight you. Guaranteed safe and free from lead, sulphur, silver, mercury, zinc, aniline, or coal tar products. Used for switches same as for growing hair. Two sizes, 50c and $1.50. Brownatone is sold and recommended in London by Standard Drug Company, Limited; Cairncross & Lawrence; Taylor Drug Company, and other leading dealers. Get the genuine.

Special Free Trial Offer.

Send only 11c with this coupon for Free trial package and helpful booklet on the care of the hair.

.....Dark Brown to Black.

Mark with X shade wanted and mail with your full name and address.

ONE GREAT ESSENTIAL TO A WOMAN'S HEALTH IS HER NERVES

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N. S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Puppy Stories
(by Vincent G. Perry)

PETE'S SEARCH.

Part Two.

Pete Finds a Friend.

Poor little Pete's legs were not long, but he was so terrified he ran as fast as any little pup possibly could, and soon he was far away from his mother and his cruel master. How big and lonely the world was, he thought, and what could he do for his living? A little dog must do something to get his meals, you know.

Just when Pete was wondering this a little boy came along.

"What a nice puppy," he said, and right there he picked Pete up in his arms. How very nice that was, thought Pete, and how easily he had found a home. But homes are not so quickly found he soon learned. The little boy had no intention of taking him home. He just petted Pete and put him down again.

Soon after a little girl came along. "What a nice puppy," said she, too, and she picked Pete up. This time he was more successful. The little girl took him home and hid him away in her bedroom.

Now, in the short time Pete had known this little lady he had learned to love her, and he would have been happy to have stayed her little dog for the rest of his days, but that was not to be, for the little girl's mother did not like puppies. How her little daughter did hope she would like this one, but all the time she was afraid her mother would hear Pete upstairs. Just when the little girl had decided that Pete wasn't going to make a noise, Mr. Pete decided that he had been there alone long enough, so he set up a cry. That was just what he should not have done. What an uproar there was when the little girl's mother heard him. She was not an altogether unkind lady though, for she gave Pete his supper, then sent him off in search of another home.

Advertiser Patterns

Owing to the pattern manufacturers increasing the price of patterns to us, all patterns advertised from this date will be

15 CENTS EACH.

/A Pretty Waist.

2987—This style is especially becoming to mature figures. As here illustrated, the vest, collar, cuff and yoke are of fancy silk, the body portions being of duvetyn. One could combine taffeta and georgette, chiffon and crepe de chine, voile and embroidery, or net and lace, for this attractive model.

The pattern is cut in seven sizes, 34, 36, 38, 40, 42, 44 and 46 inches, bust measure. Size 38 will require 2⅝ yards of 44-inch material.

A pattern of this illustration mailed to any address on receipt of 15 cents in silver or stamps.

Name .....

Town .....

Province .....

Age (if child's or misses' pattern).....

Measurement: Bust..... Waist.....

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is bust measure, you need only mark 38, 34, or whatever it may be. When in waist measure, 22, 24, 25, or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from the date of application.

MUTT AND JEFF—There's Some Difference Between 80 Volts and 10,000 Volts (Copyright, 1920, by H. C. Fisher. Trademark registered in Canada.) BY BUD FISHER

Wetzel's Squad Allow Delaware Varsity Men Only Three Hits

Fifty Thomas Falls Down Badly, Allowing Eight Hits in Five Innings—Wetzel At Third Got Two Assists and One Hit At Bat—Shea Was Off Color.

DELAWARE, May 5.—In a loosely-played five-inning game here this afternoon the Ohio Wesleyan University nine triumphed over Buzz Wetzel's London professionals by the close score of 3 to 2. In order that he might give his pitchers plenty of work, Wetzel loaned Lefty Thomas to the Wesleyan outfit, and he allowed the London swingers eight hits in the five innings. However, he kept them so scattered that only two runs came through. Winnike allowed the Wesleyan warriors only five hits, but was unlucky in that the college boys succeeded in driving in three runs, when Kellar banged out a two-bagger with the bases full, scoring Glenn, Stager and Bauer. Calbert, Kuhn and Kennedy were the heavy men with the stick for London. Manager Wetzel, substituting at third base, got two assists and one hit out of twice at bat. Shea seemed to be a little off color today, failing to connect with the sphere for a safety in three times at bat.

Tomorrow, May 6, will be London's last day in the Delaware training camp. Manager Wetzel and almost all the players say that this year's training camp has been the most successful in years. When rainy weather came around the players had access to the cages in the Ohio Wesleyan University gymnasium, and they found it an excellent place to work out in bad weather.

For the past week the weather has been fine, and not only have the players been able to work outside, but also have practice games with the university team been possible. This is, of course, the best kind of training possible.

The box score of today's game was as follows:

WESLEYAN—	A.B.	R.	H.	P.O.	A.	E.
Glenn, rf.	2	1	1	0	0	0
Stager, ss.	1	1	1	0	2	1
Barber, lf.	3	0	0	0	0	0
Durling, 1b.	3	0	1	7	0	0
Bauer, cf.	2	1	1	5	0	0
Kellar, 3b.	3	0	1	1	0	2
Mahon, c.	2	0	0	2	0	0
Matthews, 2b.	3	0	0	1	2	1
Thomas, p.	2	0	0	0	2	0
Totals	23	3	5	15	8	3

LONDON—	A.B.	R.	H.	P.O.	A.	E.
Shea, ss.	3	0	0	4	0	2
Wetzel, 3b.	3	0	1	1	2	0
Calbert, lf.	3	0	1	0	0	0
Kuhn, 1b.	3	1	1	5	1	0
Kennedy, rf.	2	1	2	0	0	0

2c

WOODSTOCK CITY LEAGUE

WOODSTOCK, May 5.—The City Baseball League schedule has been arranged and calls for the opening game on May 18. The schedule has been divided into two series, the winners in each to play off for the championship, and the Frank Hyde trophy. Following is the schedule:

First Series.

May 18—Harvey Knit vs. Bains.
May 21—Textile vs. Orients.
May 25—Harvey Knit vs. Textile.
May 28—Orients vs. Bains.
June 1—Harvey Knit vs. Orients
June 4—Bains vs. Textile.
June 7—Harvey Knit vs. Bains.
June 11—Textile vs. Orients.
June 15—Harvey Knit vs. Textile.
June 18—Orients vs. Bains.
June 22—Harvey Knit vs. Orients.
June 25—Bains vs. Textile.

Second Series.

June 29—Harvey Knit vs. Bains.
July 2—Textile vs. Orients.
July 6—Harvey Knit vs. Textile.
July 9—Orients vs. Bains.
July 13—Harvey Knit vs. Orients.
July 16—Bains vs. Textile.
July 20—Harvey Knit vs. Bains.
July 23—Textile vs. Orients.
July 27—Harvey Knit vs. Textile.
July 30—Orients vs. Bains.
August 3—Harvey Knit vs. Orients.
Aug. 6—Bains vs. Textile.

REDS FURTHER INCREASE LEAD AGAINST CARDS

Braves Win 11-Innings Contest On Wild Throw To the Plate—Dodgers Take Close One From Giants.

ST. LOUIS, May 5.—Cincinnati hit Doak opportunely today and defeated St. Louis 3 to 1 in the opening game of the series. Reuther forced in the locals' only run by walking three men in succession in the sixth and forcing Shotton home.

The score—	R.	H.	E.
Cincinnati	1	0	0	0	0	0	1	1	0	3	12	2
St. Louis	0	0	0	0	0	1	0	0	0	1	6	0

Reuther and Wngo; Doak and Clemons.

OH, LUCKY BRAVES!

PHILADELPHIA, May 5.—Pinch-runner Christenbury scored the run that won today's game for Boston from Philadelphia in the eleventh inning, 4 to 3. Paulette's wild throw to the plate after knocking down Pick's liner permitted the tally. Manager Cravath, pinch-hitting for Wheat in the ninth, tied the score with a single to centre.

The score—	R.	H.	E.
Boston	1	1	0	0	0	0	0	1	1	4	12	3
Philadelphia	0	0	2	0	0	0	1	0	0	3	6	3

McQuillan and Gowdy, O'Neill; Rixey and Wheat, Withrow.

GIANTS AGAIN DEFEATED.

NEW YORK, May 5.—Brooklyn defeated the New York Giants here today in the opening game of their first series in Manhattan, the score being 4 to 3. Brooklyn got off to a strong start, scoring three runs on Barnes in the first inning on four hits, two steals and two errors.

The Giants, however, gave Manager Robinson of Brooklyn a scare in the eighth inning, when, with only one run needed to tie, Snyder opened with a double. Grimes then replaced Mitchell as Brooklyn's pitcher, and Pinch-Hitter McCarty of New York bunted into a double-play.

The score—	R.	H.	E.
Brooklyn	3	0	1	0	0	0	0	0	0	4	13	2
New York	1	0	0	0	0	0	0	0	2	3	6	3

Mitchell, Grimes and Kreuger; Barnes, Winter and Snyder.

CUBS BAD IN SMOKE.

PITTSBURG, May 5.—Chicago played its first game of the season here today and was defeated by a score of 2 to 0, largley through the effective pitching of Adams. The Cubs did not get a runner to third base.

The score—	R.	H.	E.
Chicago	0	0	0	0	0	0	0	0	0	0	4	0
Pittsburg	1	0	0	0	0	0	0	0	0	2	4	0

Martin and O'Farrell; Adams and Schmidt.

ONE HURLER RELEASED BY LEAFS; OPENING ATTENDANCE 11,535

TORONTO, May 5.—Pitcher Burke, who made a fine showing with the Toronto Baseball Club while training in the South, but proved a disappointment when the season's schedule began has been released. President J. J. McCaffery of the Toronto Baseball Club, announced that the official paid attendance at the opening game here today was 11,535.

Sick Headaches

For Last Ten Years

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N. S., writes: "I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B. B. B. to anyone who is suffering as I did. I only took three bottles, and am never troubled with sick headaches any more."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

COVELESKI WINS SIXTH STRAIGHT FOR THE NAPS

Tigers Take Another Slump With Best Left-Paws—Yankees Beat Senators.

CHICAGO, May 5.—Coveleski won his 6th straight victory today, when Cleveland defeated Chicago 3 to 2 in the first game of the series, although he was outpitched by Faber.

Faber's error was responsible for the second run the visitors made, while Felsch's error in the ninth paved the way for the third run.

The score:	R.	H.	E.
Cleveland	1	0	0	0	0	1	0	0	1	3	6	1
Chicago	0	1	0	0	0	0	0	0	2	2	9	3

Coveleskie and O'Neill; Faber and Schalk.

TIGERS' 14TH.

DETROIT, May 5.—Seven hits, an error, and a base on balls gave St. Louis eight runs in the fourth inning today. From then on the visitors had no trouble in maintaining the lead, defeating Detroit 12 to 4. Four pitchers were used by Detroit, and Saunders was relieved by Burwell for St. Louis in the seventh, when the former showed signs of weakening.

The score:	R.	H.	E.
St. Louis	0	0	0	0	2	2	0	0	0	4	12	0
Detroit	1	0	0	0	0	0	3	0	0	4	8	3

Saunders, Burwell and Severoid; Ehmke, Ayers, Alten, Glaisler and Ainsmith, Mannion.

YANKEES ALIVE.

WASHINGTON, May 5.—Ragged support behind Johnson cost Washington the opening game with New York today, 7 to 1, only one of the visitors' runs being earned. O'Neill was spiked at short in the first and was relieved by Ellerbee.

The score:	R.	H.	E.
New York	0	0	0	1	0	1	0	4	1	7	11	0
Washington	0	0	0	0	0	0	0	0	1	1	6	6

Mays and Ruel; Johnson and Picinich.

SACRIFICE DOES IT.

BOSTON, May 5.—Foster's sacrifice fly with the bases full in the last of the thirteenth enabled McNally to score, Boston defeating Philadelphia 4 to 3 today. In the last of the ninth, with Boston trailing 3 to 1, Foster singled with two out, went unopposed to third and scored when Walker muffed Scott's fly, the latter reaching second. Jones ran for Scott and Wallie Schang, making his first appearance of the season, pinch-hit for Walters. His double to right scored Jones with the tying run. Schang cought the rest of the game.

The score:	R.
Philadelphia—	
Philadelphia	0 0 2 0 0 0 1 0 0 3—3
Boston—	
Boston	1 0 0 0 0 0 0 2 0 0 1—4

Kinney and Perkins; Pennock and Walters, Schang.

ABOLISH TIPPING OF GOLF CADDIES

New York, May 6.—A plan to abolish the custom of tipping golf caddies and reward worthy ones with a cash bonus at the end of the season, has been suggested by the United States Golf Association in letters sent to the secretaries of its affiliated clubs. The caddies would also be divided into three classes according to experience and would be paid on their rating.

Sharpe, Hurler, Reports To Beatty of Kitchener

KITCHENER, May 5.—Sharpe, one of Kitchener's pitching stars, signed up with the locals on his arrival here today. He has been under training and showed midsummer form at practice here this afternoon. The aggregation is getting into good shape and look right to the fans. The Red Sox of Brantford will play an exhibition fixture here tomorrow, and the local fans are expecting a chance to measure the team.

May 29.—First of the finals.
June 3.—Second of finals.

The executive reserves to make what it considers the best possible arrangements for semi-finals.

Frank Sears Reinstated in O. B. A. After Two Years

BRANTFORD, May 5.—For two years barred from the O. B. A. A., Frank Sears, star infielder, today received his reinstatement, and has signed with the Verity Plow team. The league opens May 15. A present of $50 was received by the local association from Mr. Frank Cockshutt, and may be invested in a trophy for the champions this year.

A FRIGHTFUL DEATH, SUFFOCATED BY ASTHMA

The Dread of Such an Unhappy End Oppresses Every Sufferer.

Every sufferer from Asthma knows the terror, the abject fear that overcomes them when struggling for breath. The old-fashioned remedies may relieve, but never cure. Best results come from Catarrhozone, which cures Asthma after hope is abandoned. It's because Catarrhozone kills the asthma germ that it cures. Choking spells and labored breathing are relieved suffocating sensations and loss of breath are cured. Every trace of asthma is driven from the system, and even old chronics experience immediate relief and lasting cure. Equally good for Bronchitis, throat trouble and Catarrh. The large one dollar outfit includes the inhaler and lasts two months, soid by all dealers or from the Catarrhozone Company, Kingston, Canada.

INTER-COUNTY BASEBALL SCHEDULE SET AT KITCHENER FOR 1920

GALT, May 5.—At a meeting of delegates held here inter-county baseball drafted its schedule as follows:

May 29—Kitchener at New Hamburg; Galt at Hespeler.
June 2—Galt at Kitchener.
June 5—Hespeler at New Hamburg.
June 19—New Hamburg at Galt; Hespeler at Kitchener.
June 17—New Hamburg at Kitchener.
June 19—Hespeler at Galt.
June 26—Kitchener at Galt; New Hamburg at Hespeler.
July 3—Galt at New Hamburg; Kitchener at Hespeler.
July 6—New Hamburg at Kitchener.
July 7—Hespeler at Galt.
July 17—Galt at Hespeler; Kitchener at New Hamburg.
July 24—Kitchener at Galt; Hespeler at New Hamburg.
July 31—Kitchener at Hespeler; New Hamburg at Galt.
August 5—Galt at Kitchener.
August 7—New Hamburg at Hespeler.
August 14—Galt at New Hamburg.
August 18—Hespeler at Kitchener.

HAMILTON JOCKEY CLUB RETAINS ADMISSION

HAMILTON, May 5.—There will be no advance in the admission fee charged at the spring race meeting of the Hamilton Jockey Club, according to George S. Kerr, president of the club. Mr. Kerr said today that any increase in the admission would be of little help in paying the new tax of $7,500 a day imposed by the Ontario Government.

DEMANDS ENFORCEMENT OF SANITARY MEASURES IN THE LUMBER CAMPS

Ottawa, May 5.—A demand on the provincial department of health that it enforce the regulations governing the sanitary control of lumber camps in the Ottawa Valley and throughout the rest of the province, will be made on Hon. Walter R. Rollo, within the next few days by E. Winch, secretary of the Lumber Workers' Industrial Union.

Mr. Winch charges that not one lumber company in the Province of Ontario attempted to conform with the Government regulations governing camps, and the officials of the department of health were not trying to enforce the regulations.

RAILWAYS LIFT EMBARGOES.

Buffalo, May 5.—The Delaware, Lackawanna and Western, and the Erie Railroads today lifted the embargoes placed on freight movement last Saturday because of a renewal of the strike of yardmen. A general improvement in the freight situation was reported, the only unfavorable development being the refusal of a number of clerks in the Erie and Nickel Plate freight houses to handle bills turned in by non-union men in the yards.

LEAFS TURN IN VICTORY FOR HOME FANS

Shea, Relieving Bader, Hurled Good Ball—Buffaloes Go Ten Frames To Win.

TORONTO, May 5.—Toronto fans turned out en masse to see the initial performance of the Maple Leafs at the island stadium, which resulted in a 5 to 4 victory for the locals. Barnhardt was Manager Hummel's choice for Reading, while Hughie Duffy assigned the hurling task to Bader. Both pitchers were touched fairly freely in the first three innings and were relieved in favor of Snea and Karp. Shea for the Leafs pitched good ball.

The score was 4 to 4 at the beginning of the eighth inning, but Toronto made the game secured when Whiteman reached second on an error and scored on Blackburne's single.

The score:	R.	H.	E.
Reading	0	2	1	1	0	0	0	0	0	4	8	1
Toronto	1	0	3	0	0	0	0	0	1	5	11	1

Barnhardt, Karp and Crossin; Bader, Shea and Sandberg.

BUFFALOS GO TEN INNINGS.

BUFFALO, May 5.—Buffalo won the opening game of the at home season from Baltimore in ten innings by a score of 3 to 2, Werre and Frank being the opposing pitchers. The winning run came in the tenth inning with two out, when Miller scored from second on Dowd's short fly to left on which Lawry made a great effort, but fell short a foot.

The score:	R.	H.	E.
Buffalo	0	0	1	0	0	0	0	1	0	1—3	11	0
Baltimore	0	0	0	0	2	0	0	0	0	0—2	8	0

Werre and Bengough; Frank and Egan.

MARINES GOOD AT HOME.

ROCHESTER, N. Y., May 5.—Rochester defeated Syracuse 4 to 1 here today in the opening game of the local International League season. A pitchers' battle between Barnes and Perryman after the first inning ensued. A double and three singles with Niebergall's poor throw gave Rochester three runs in the opening inning. Barnes struck out thirteen Syracuse batsmen.

The score:	R.	H.	E.
Syracuse	1	0	0	0	0	0	0	0	0	0—1	5	3
Rochester	3	0	1	0	0	0	0	0	x	—4	8	1

Perryman and Niebergall; Barnes and Byers.

AND SKEETERS AGAIN.

AKRON, Ohio, May 5.—Akron defeated Jersey City 7 to 4 today in the first professional baseball game played here in six years. The visitors were blanked until the final inning.

The score:	R.	H.	E.
Jersey City	0	0	0	0	0	0	0	0	0	4—4	7	2
Akron	1	0	0	1	3	1	1	0	x	—7	10	3

Gill and Freitag; Harper and Walker.

Connaught Club At Ottawa Decides To Boost Stakes

OTTAWA, May 5.—The Connaught Park Jockey Club at a meeting today of the management committee, decided to increase the stakes and purses for the spring meeting, which takes place June 19 to 26, by approximately $7,000. Acting upon the recommendations of Mr. Joseph McLennan, who will again officiate as racing secretary, the local racing association voted to boost the purses all round.

BITTER DEBATE OVER EFFORT TO FORBID RECALL

Tweedie Amendment To Disqualify Member Agreeing Is Lost.

ALIEN FRANCHISE UP

Euler Suggests Leaving Alien Voting To British Naturalization Law.

OTTAWA, May 5.—Declaring that an attempt had been made to make unrepresentative the representative Parliament of Canada, T. M. Tweedie, member for West Calgary, this afternoon moved an amendment to the disqualification clause of the franchise bill, which precipitated a lengthy, and at times bitter, debate. Mr. Tweedie's amendment was for the purpose of disqualifying any man from sitting as a member in the House of Commons who had signed any agreement, whether amounting to resignation or recall, making him subject to the will of a group of his electors. The amendment met with the most determined opposition from the members of the new Progressive party, because it followed on a statement made some days ago by O. R. Gould, member for Assiniboia, that he had behind him a committee of fifteen men who advised him as to the course he should take in the House, and could apply the recall if he refused to accept their advice.

On the suggestion of Hon. Hugh Guthrie, minister in charge of the bill, Mr. Tweedie expressed himself as willing to withdraw the amendment. W. H. White of Victoria, Alberta, however, objected to the withdrawal of the amendment without the verdict of the House having been expressed through the medium of a vote, and the ayes and nays were called for. The call for the latter resulted in a roar of opposition to the amendment, which was declared lost by the deputy speaker.

Strong Criticisms.

The introduction of the amendment by Mr. Tweedie led to some strong criticisms by members of the progressives, who intimated that, as one of the prominent figures in the Conservative party in Alberta, he had supported the principle of the recall.

J. F. Reid of MacKenzie said that the principle of the recall was supposed to have been stolen by the Conservative party of Alberta from the old non-partisan league of that province. If Mr. Tweedie had not been the leader of that cult it was pretty generally understood that he was the punch behind it.

Mr. Tweedie strongly denied having supported the recall, declaring he had always been opposed to it, was opposed to it now, and saw no reason why he should change his attitude regarding it in the future.

Hon. Mackenzie King, leader of the Liberal Opposition, in opposing the amendment expressed the view that members should not feel that they were representing any class, group or section, nor any particular constituency except in so far as the attitude of his constituency was concerned. They should feel that they were representing the people of Canada from coast to coast.

Was Finally Deferred.

The application of the new act to temperance referendums, caused some discussion which was finally deferred on the suggestion of the Opposition leader. C. G. Power, Quebec South, thought the whole country should not be saddled with the cost of a referendum which might be desired by only a single province and taken in that province. He expressed the opinion that the Canada temperance act might even be repealed this year.

Whether or not the fine weather was responsible, members showed reluctance to resume their seats after the dinner recess, and the chair was obliged to wait for some time before sufficient members had gathered to constitute a quorum.

Late in the evening the committee reached clause 29, dealing with the alien vote. An amendment was introduced and adopted giving the vote to Indians who had served in the fighting forces, even when they were disfranchised as wards of the Government or by reason of tribal allegiance.

Asks Elimination.

W. D. Euler, North Waterloo, asked that the second part of the clause dealing with the enfranchisement of aliens be eliminated altogether, leaving the question of whether an enemy alien shall vote entirely to the decision of naturalization under British law. Mr. Euler thought that an amendment offered by the solicitor-general, providing that disability under the naturalization act shall not necessarily interfere with the right to vote did not go far enough. Many citizens of enemy origin were entitled to a vote, although they had not completed the ten years' residence necessary to naturalization. And the provision limiting the enfranchisement of married women did not take note of the fact that they might have already been naturalized under British law.

Mr. Euler also suggested that the British Government should legislate to enfranchise citizens who could not qualify under the British naturalization law, but deserved the vote. Canadian naturalization might be given them if imperial naturalization necessarily was withheld.

Naturalization Law.

It was not clear, Mr. Euler asserted, that votes conferred by this amendment might not be taken away through the operation of the naturalization law, and it would be better to eliminate the paragraph altogether.

Mr. Guthrie said the effect of the clause as it originally stood would have been to disfranchise wives and minor children of men who had become naturalized British citizens. That was not the wish of the Government and the amendment was introduced to overcome that situation by removing the disability. The naturalization situation had been changed with the adoption of the unified imperial naturalization act with its prohibitory period of ten years from the date of the war ending. Mr. Guthrie said there were many persons of German descent in Ontario who had voted for years who were not naturalized, and under the Canadian act, which granted naturalization within Canada only, high dignitaries of Canada had gone to England and there found that they were not British subjects once they had left Canada.

MERCHANT MARINE STOCK OWNERSHIP

OTTAWA, May 5.—(By Canadian Press).—A number of questions regarding the Canadian Government merchant marine were put to the Government by J. H. Sinclair, Antigonish and Guysboro, and answered in the House this afternoon. Mr. Sinclair was told that all of the issued capital stock of this organization, less directors' qualifying shares, are owned by the Government, and the total investment is made by the Government. There is a separate company for each ship, and the title to each vessel stands on the registry in the name of the separate ship company, with a mortgage on it in favor of the Government. The Government is responsible for the business carried on by the merchant marine, and accounts are kept showing separately the operations of each vessel.

CANADIAN NORTHERN ARBITRATION COSTLY

OTTAWA, May 5.—(By Canadian Press).—The gross amount of legal and other expenses connected with the Canadian Northern arbitration proceedings, insofar as the department of railways is concerned, was $86,178. This information was given to J. M. Sinclair in the House this afternoon.

FOSTER DISPLAYS POWERS IN FRENCH

OTTAWA, May 5.—(By Canadian Press).—Speaking in French in the House of Commons this afternoon Sir George Foster, acting prime minister, expressed the opinion that it was unnecessary to have a French calendar placed on the table of the House, in addition to the one in English already there. P. F. Casgrain (Charlevoix-Montmorency), raised the question, asking why the calendar was printed in English only.

Sir George replied that in placing the English calendar on the table, traditions followed since confederation had been observed. What was sufficient for the fathers of confederation should surely satisfy the members of today.

"We are not less patriotic or intelligent than they were," said Sir George.

SINCE 1870 SHILOH 30 DROPS STOPS COUGHS

WAR LOAN BONDS NEARLY TWO BILLION

OTTAWA, May 5.—By Canadian Press).—The total of Canadian Government bonds issued in Canada since the beginning of the war and still outstanding is $1,947,166,847. They are war loan and Victory Loan bonds, and are exempt from taxation, with the exception of the last loan issued in 1919.

IN TUBERCULOSIS SANATORIA.

OTTAWA, May 5.—There are 1,715 returned soldiers under treatment for tuberculosis in sanatoria throughout the different provinces of the Dominion, according to an answer given in the House today. Of these 15 per cent are considered incurable.

PILES

Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto

CANADIAN NORTHERN DEBT.

OTTAWA, May 5.—(By Canadian Press).—The total indebtedness of the Canadian Northern Railway on December 31, 1919, was $566,097,468, according to information given in the House of Commons this afternoon.

MILITIA USED BUILDINGS.

OTTAWA, May 5.—(By Canadian Press).—The Government paid $217,981 for the use of the Toronto Fair buildings by the militia during the war. No rent was paid for these buildings, however, the cost being divided between construction work and outfitting, maintenance and restoration.

BUY THAMESFORD PRACTICE.

THAMESFORD, May 5.—Dr. T. M. Weir has disposed of his practice to Drs. Jones and Renwick. Dr. Jones has been here six months and Dr. Renwick comes from London, where he was recently house surgeon at Victoria Hospital. Dr. Weir is going to New York.

TWENTY SWITCHMEN LAID OFF AT WINDSOR

WINDSOR, May 5.—Twenty M. C. R. switchmen in the local yards were laid off today through lack of work as a result of congestion across the river in Detroit. Normally the local staff numbers 100 men and 35 had been collected and put back to work a week after the strike broke out. The remaining men on duty are becoming dissatisfied with conditions and threaten to walk out in a body and remain out until the difficulties in United States are adjusted. The situation in Detroit remains at a deadlock, with the men remaining obdurate in their demand for $1 an hour.

MURINE FOR YOUR EYES

Gests, Keireshes, Soothes, Heals—Keep your Eyes Strong and Healthy. If they Tire, Smart, Itch or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Druggists in Canada. Write for Free Eye Book. Murine Co., Chicago, U. S. A.

ASKS $10,000 FOR ALIENATION OF HIS WIFE'S AFFECTIONS

St. Marys Man Enters Suit Against His Father-in-Law.

ST. MARYS, May 5.—An action was entered in the office of the supreme court at Stratford this afternoon for $10,000 by Milton McCulloch, son of D. McCulloch of St. Marys, against Gilbert Gregory of East Nissouri.

In the writ as issued the plaintiff claims damages for alienation of his wife's affections and for the enticing away and wrongfully harboring his wife. The defendant is the father-in-law of the plaintiff. A. E. Parkinson, barrister of St. Marys, is acting for the plaintiff.

INCREASING FLAX ACREAGE.

WINGHAM, May 5.—Tipling & Mills of the local flax mills expect to have 550 acres of flax this year, an increase of 100 acres over last year. The mill is running to full capacity to get ready for this year's crop.

NOT CONVINCED PROPOSED UNION SCHEME IS BEST

Ridgetown Methodists Want a More Satisfactory Suggestion Made.

WARDSVILLE, May 5.—A special meeting of the Ridgetown District of the Methodist Church convened in the Methodist Church, Thamesville, at 2 o'clock yesterday afternoon, with Rev. W. L. Hiles, B.A., presiding. Rev. Dr. Husser was elected journal secretary. Eleven ministers and nine laymen were present. Two items of business came before the meeting. First, the report of the committee on church co-operation, as presented by the co-operative committee of the London Methodist Conference and the London Presbytery. Second, to discuss the advisability of rearranging the boundaries of the district.

As to the first, the following resolution was adopted:

"We, the members of the Ridgetown district, having had presented to us the plan proposed by the co-operative committee of the London Conference and the London Presbytery, and the reasons for such rearrangements, we are increasingly confirmed in the opinion that conditions as they exist are not satisfactory, and that some system of union is desirable. But we are not at all convinced that the plan proposed is a proper solution so far as it affects our district, and hence prefer to express no opinion until something more satisfactory is proposed.

As to the question of district boundaries, the Revs. W. L. Hiles, B.A., R. J. Garbutt, LL.B., and S. Whitehall, were appointed a committee to look into the matter and report to the district meeting to be held in Highgate Tuesday and Wednesday, May 18 and 19.

MUCH CONSTRUCTION WORK TO BE DONE IN BRANTFORD

Merger of Local Firm With Erie, Pa., Concern Announced.

BRANTFORD, May 5.—Members of the board of works stated today that the city could expend $500,000 on construction work alone at once, and still there would be more work to be done to improve the city. The disposal of sewage in the newly-annexed district of Belleview promises to be a difficult engineering problem, and is second only in importance to the reconstruction of the supply system of the Brantford waterworks.

TOOL FIRMS UNITE.

Announcement was made here today of the merger of the John H. Hall & Sons Machine Company with the Williams Tool Company of Erie, Pa. A new factory will probably be established in this city for the manufacture of tools consequent upon the merger.

Brantford, Paris and Galt school boards will send delegates to Toronto to take up the matter of the payment for attendance of country pupils at collegiate institutes, which payment, on the present basis, is said to be insufficient.

SECURE BIG CONTRACT.

Secord & Son Company of this city has secured a contract for a block of buildings as an annex to the new theatre Windsor, at a cost of $100,000.

Petitions for and against daylight saving are pouring into the city clerk's office.

SEEK BETTER TRAIN AND MAIL SERVICE

Sarnia Businessmen Ask That G. T. R. Morning Train Run Earlier.

SARNIA, May 5.—Industrial men and the chamber of commerce operating with the city council will attempt to secure a better train service into Sarnia by asking the Grand Trunk to run the passenger train that arrives in this city from London at 9:32 a.m., two hours earlier, in order that the mail and morning papers may be delivered prior to the afternoon delivery.

The funeral took place this afternoon of Mr. and Mrs. John Sutherland to Lakeside Cemetery. The death of John Sutherland occurred suddenly on Tuesday, in his 79th year, following the death of his wife on Saturday last. Both were life residents of the Imperial City and were widely known in Lambton County.

EARLY CLOSING.

DELAWARE, May 5.—Commencing today the merchants of Delaware and Mount Brydges will close their stores on Wednesdays at 12 o'clock during the months of May, June, July, August and September.

ADVERTISING RATES

$93,391.57 AND A PIG SUBSCRIBED TO DATE FOR WELFARE FUND

Returns of Some Teams Are Incomplete and Reports From Several Special Committees Not Available Yet—Porker, Donated and Auctioned For $30, Re-presented To Be Sold Again.

Team Canvass Results.

The results of the team canvasses Wednesday were as follows:

Rotary Club, J. C. Beemer's team	$ 953.00
Chamber of Commerce, J. A. Faust's team	933.00
Knights of Columbus team, J. Ryan, captain	1,787.00
Life Underwriters' team	426.00
Rotary Club, J. M. Watt's team	4,805.25
Canadian Club, W. D. Christiansen's team	1,217.50
Western University and Ministerial Alliance	390.00
Advertising Club, W. J. Ashplant's team	300.00
Y. M. C. A. team, E. E. Reid captain	1,092.00
Advertising Club, T. B. Parkinson's team	267.00
Chamber of Commerce, Jared Vining's team	207.00
Catholic Club, R. M. Burns captain	658.00
Canadian Club, E. E. Waller's team	931.00
Salvation Army, Adjt. Martin's captain	557.50
Rotary Club, Ben Brick's team	984.00

With several teams making incomplete returns and with no reports yet available from the work of the public utilities and industrial employees' committee, the total to date of the United Welfare Campaign at the close of the dinner tendered the canvassers by Philip Pocock in the Tecumseh Hotel Wednesday night, stood at $93,391.57, and one perfectly good pig. The pig, originally donated by Harry Bottrill of West London, through Lieut. H. Lawson, has already brought in $30 in cash to the fund, the amount at which it was auctioned off by Auctioneer John Bridge, to Martin Donahue last night. Mr. Donahue had no fault to find with the pig, but felt it wasn't quite fair to take advantage of an amateur, although promising, auctioneer such as Ald. Bridge, and presented it back to the Welfare Association, to be re-auctioned by a regular auctioneer tonight, when it is expected a much larger amount will be realized. Meanwhile piggie is boarding at London's best hotel, and resplendent in red and green ribbons is grunting his appreciation of the honor of doing his bit to put the campaign over the top.

The team totals Wednesday aggregated $15,408.75, and the special list canvassers reported $11,851.

J. J. Foote and A. W. White reported very favorable progress in the canvass of employees of the big industrial firms, and the railroads, municipal and government offices and other public utilities, but their returns will not be available until the end of the week.

Essential Elements.

Addresses were given by Very Rev. Dean L. N. Tucker and Rev. G. Q. Warner. Dean Tucker referred to the United Welfare campaign idea as possessing the two essential elements of efficiency and success. It was a practical plan, and it also included the element of idealism and emotion. By carrying the appeal to everyone in the city, covering every house and individual, a larger total would be obtained, and a wider sympathy would be created. Time would be saved both for canvassers and contributors by making only one appeal for all fourteen organizations, and it also embodied a vein of idealism that surely should provide an inspiration for both giver and canvasser. It was a real evidence of local patriotism, and the success of the campaign would be a gauge of the civic patriotism of London's citizens. It would tend to unite all classes of citizenship into a unity of interest that would prove of inestimable value to both the community and the nation.

President George M. Reid emphasized again the importance of getting people to subscribe on the monthly payment plan, making their subscriptions as large as they would have given altogether had 14 separate campaigns been conducted.

Over the Top.

Rev. Mr. Warner analyzed the meaning of the phrase "over the top," which, strictly speaking, meant climbing the parapet. The campaign went "over the top" on Tuesday. Last night it was struggling with the barbed wire entanglements in front of the last trenches to be taken. But a great deal of "mopping up" work remained to be done. With the bulldog tenacity characteristic of the British breed, the campaign must be stuck to until it was entirely cleaned up and the full objective passed, he declared. All the fourteen organizations for which the appeal was made cheerfully made out their budgets and agreed to the cutting of their budgets before they were indorsed by the budget committee. Many of these organizations had strong constituencies behind them. In justice to them the campaign must be entirely successful. The only difficulty to be overcome was the unreadiness of the individual contributor to make a budget of his giving and subscribe all at once all that he would give were he canvassed a dozen times.

A vote of thanks to Mr. Pocock, the host of the evening, was moved by Prof. Sherwood Fox, of the Western University. Tonight the campaign workers will be the guests at a dinner at the Tecumseh Hotel of A. T. Little. Only brief reports will be made tonight, as many of the workers will attend the address to be given by Brigadier-General J. Penry Davey in the auditorium.

The following subscriptions were reported by the special list committee:

Ontario Furniture Co.	$ 300.00
Cairncross & Lawrence	200.00
William Gurd & Co.	96.00
W. J. Boss	40.00
Mrs J. C. Duffield	700.00
A. M. Smith & Co.	800.00
Penmans, Limited	500.00
Edward Adams & Co.	500.00
Colin Duffield	100.00
William Duffield	100.00
London Rolling Mills	2,000.00
Lawson & Jones	1,200.00

Cronyn Building, 71 Bay St., Toronto.

BOYS ACCIDENTALLY HURT AT WABASH SCHOOL

WABASH, May 5.—Two rather serious accidents occurred recently at the Thorncliffe school house. Norman, the young son of Mr. and Mrs. Archie Shaw, fell while carrying in stove wood and had his eye so badly penetrated by splinters from the wood that a loss of sight has resulted. A young son of Mr. Orton was struck so forcibly on the temple by a ball bat that serious complications have set in.

Proceeds of the entertainment given last evening in the Methodist Church by Rev. A. Snider of Brantford, amounted to $15.60. This amount will be donated by the Epworth League Society to the forward movement fund.

The death of Mrs Charles Sturgis took place at her home near Dawn Mills on Sunday afternoon. Deceased, aged 20, is the youngest daughter of Mr. and Mrs. Thomas Pavy and is survived by her husband and infant son four months old. Other surviving relatives are three sisters, Mrs. Leonard of London, Mrs. Edgar Hildreth of Dresden, and Mrs. Morden of Chatham, and four brothers, Charles and Frank of the Northwest, Allan and Will of Dawn Mills. The funeral services were conducted on Wednesday afternoon at the house by Rev. Allan Hopper of Port Lambton. Rev. F. Craik was also present and assisted in the services. Rev. Mr. Hopper was a friend and neighbor of deceased for a number of years.

Election of officers and teachers of the Wabash Epworth League Society and Sabbath school will take place this week in the church.

On Sunday evening, May 16, quarterly services will be held in the Methodist Church.

Stock beets have been sown in this vicinity and farmers are now busy fertilizing their corn land.

Seed potatoes are very scarce in this district and the price has now soared to $6 a bag. A few early ones have been planted.

Pasture lands are in good condition now and cattle have been turned out. As a result the milk supply is increasing.

PASTOR PRESENTED WITH SUBSTANTIAL CHECK

HARROW, May 5.—Rev. R. C. Durrant was given a unanimous invitation to remain as pastor at the annual meeting of the Methodist Church Monday night. He was voted an increase of $200 in salary, while J. H. Madell, town clerk, presented him with a check for $158, which had been subscribed as a testimonial by the residents of the town irrespective of church or creed.

All departments of the church reported splendid increases in receipts and 32 new members were received into the church. C. F. Smith was again elected recording steward with W. Shaw, F. C. Quick, G. C. Johnson, O. Bohring and R. Fox as co-stewards. Albert Gailey was appointed lay representative to district meeting.

Gordon Johnson was elected treasurer and as there was still a good balance in the bank, it was decided to close the books on April 30 next year so that the church year will begin May 1. Last Sunday night the church was crowded and chairs had to be placed in the ailes. Harrow circuit raised $3,129 for the national campaign and has already paid 75 per cent in cash.

TO HOLD SEWING CLASS.

KERWOOD, May 5.—Mrs. Wodand of Toronto will start a sewing class here on May 10, under the auspices of the Women's Institute.

The Woman's Missionary Society of the Methodist Church will meet at the home of Mrs. Mainconin May 13.

Rev. Mr. Ball of Arkona will preach morning and evening in the Methodist Church on Sunday, May 9. The services for Mothers' Sunday will be held on May 16.

RECEIVES CHECK FOR $5,000 INSTEAD OF A TERM IN THE JAIL

Aged Woman Had Stolen Milk Because She Was Starving.

Atlantic City, N. J., May 6.—An aged woman, arraigned in police court here on a charge of stealing milk, proved to be Mrs. Elizabeth Weinberg, heir to $5,000, for whom Police Judge Clarence L. Goldberg, before whom she appeared had been searching for months.

Mrs. Weinberg gave the name of "Susan Smith," when brought into court. She told Judge Goldberg she had stolen the milk because she was starving. The court expressed doubt as to the truth of the name she had given, and then she admitted her real name.

"There is a check in my office for you for $5,000, if you are the Elizabeth Weinberg I think you are," said the judge.

Later Mrs. Weinberg produced sufficient proof, and the check in settlement of the estate of an uncle was turned over to her. The larceny charge was dropped.

WATSON'S ATTORNEY SAYS PRISONER LOOKS FOR A VERDICT OF GUILTY

Declares Plea of Insanity Will Not Be Submitted.

Los Angeles, May 6.—Walter Andrew Watson, alias James R. Huirt, alleged self-confessed bigamist and murderer, has no intention of pleading insanity, according to a statement issued last night by J. Marmarduke, his attorney, and would be disappointed if in his case there was any verdict other than one of guilty of murder in the first degree.

The county grand jury has been ordered to convene tomorrow to consider the Watson case.

CLAIMS EX-POLICEMAN IMPLICATED IN PLOT TO DESTROY STEAMER

Saul Myers Makes Further Announcement in Bond Plots.

New York, May 6.—A further announcement by Saul Myers in connection with the $5,000,000 Wall street bond plot, discloses that David Joseph Haines, a former Montreal policeman, has confessed that in the presence of James Kean, a former private detective, he set fire in Montreal last June to the Oceanic, a small vessel. According to the confession, they were hired to burn the vessel by a "Captain Bauvis."

"Big Bill" Furey now in the Tombs under $5,000 bail in connection with the bond plot, testified that Kean told him the details of the plot, and admitted that six weeks later he and Kean posed as detectives for a fire insurance company in an effort to extort money from a man named Fitch in this city, because leaders of the plot had failed to pay $5,000 they promised for the destruction of the craft.

NEW SPANISH CABINET IS SWORN INTO OFFICE

Madrid, May 6.—Premier Eduardo Dato's new cabinet took oath of office last night and later the ministerial council met at the palace under the presidency of King Alfonso.

Senor Dato said the program of his cabinet was based on the principle of peace and justice.

GUSTAV NOSKE DEFENDS HIS MILITARY POLICY

Berlin, May 6.—"Your so-called republican soldiers failed to come forward when the young republic was in danger, and as a result I was forced to fall back on the kaiser's soldiers," said Gustav Noske, former minister of defence, in an address to his comrades at the open session of the Social-Democratic conference sitting in the Reichstag. The former "strong man" of the revolution made a strong defence of his military measures after the so-called Noske system had been subjected to lively criticism by Philip Scheidemann, former secretary for foreign affairs. Noske accused the Vorwaerts, the Socialist organ, of suppressing recruiting calls officially issued.

STRIKERS PLANNING BIG PARADE IN N. Y. TONIGHT

New York, May 6.—Striking marine workers and railroad employees in Greater New York plan to parade here tonight "to show the people that the strike is not over," according to Edward McHugh, chairman of the railroad strikers' executive committee. McHugh declares that 30,000 strikers and sympathizers will be in the procession. Mass meetings of the strikers will be held after the parade, McHugh says.

SEEDING OPERATIONS STARTED.

Regina, Sask., May 6.—Seeding operations on the greater production farms opened by the department of Indian affairs in Saskatchewan and Alberta are well under way. Four thousand acres have already been sown in wheat and sixty seeders are now in constant operation with an objective of 20,000 acres. The lands that will be cropped under the greater production plan are almost equally divided between the two provinces named.

Montreal, May 6.—A new high for Brompton, 97½, was the feature of the opening stages of the local stock market this morning. Breweries, also active, opened at 51¾, and after a fractional gain receded to its opening price. Dominion Steel, after opening at 72¼, dipped fractionally to 72⅛. Abitibi was steady at 63. Iron was an active stock in the later trading this morning, 1,336 shares being traded in. The price advanced to 72⅝c, later, however, losing the fraction. Abitibi advanced to 64¼ after opening at 63. Detroit was moderately active and firm at $105½. Activity in the banks was continued today.

Morning sales: Abitibi, 625 at 63@64¼; Ames, pfd., 45 at 100; Breweries, 855 at 51¾@52¼; Brazilian, 10 at 42; Brompton, 1175 at 96½@97¾; Cottons, pfd., 5 at 78; Cement, 315 at 65; Canada Steamships, 125 at 76@76¼; do, pfd., 29 at 85; Smelters, 70 at 26½@26⅞; Dominion Steel, 1351 at 71¾@72⅝; Laurentide, 105 at 93@93⅛; Power, 32 at 84⅜@84½; Quebec Railway, 35 at 24½; Riordon, 20 at 156; Shawinigan, 160 at 105@105½; Spanish River, 460 at 86@88; do, pfd., 45 at 131; Steel of Canada, 70 at 77½; Sugar, 35 at 91¼@91½; Wayagamack, 245 at 90@90½; War Loan, 1925, $13,000 at 94¾@95; do, 1931, $2,000 at 92@92¼; do, 1937, $12,000 at 94¼@94¼.

TORONTO STOCK EXCHANGE.

Toronto, May 6.—Morning sales: B. C. Fishing, 5 at 54; Brazilian, 25 at 42; Canada Steamships, 100 at 76¼@76¾; Canners, 16 at 57½@58; do, pfd., 12 at 85; Detroit United, 20 at 105@105⅜; General Electric, 2 at 103; Mackay, pfd., 10 at 66; N. S. Car, pfd., 45 at 33@34; Nipissing, 50 at 10.75; Spanish River, 25 at 85½; Twin City, 50 at 34¾; Steel of Canada, 25 at 77; do, pfd., 10 at 96¾; Steel Corporation, 25 at 72; Canada Permanent, 40 at 176; Colonial Investment, 16 at 68; Toronto Mortgage, 58 at 134; Rio do Janeiro bonds, $6,500 at 67; Bank of Commerce, 41 at 190⅝@191; Bank of Hamilton, 15 at 190; Imperial Bank, 3 at 195; Merchants' Bank, 2 at 200; Bank of Montreal, 15 at 216@217; Royal Bank, 28 at 230; Standard Bank, 5 at 216; War Loan, 1925, $16,000 at 94½; do, 1931, $6,000 at 92¾; do, 1937, $22,600 at 94¼@94⅞.

FINANCIAL AND COMMERCIAL

POTATO PRICES TAKE A DROP

Hay Plentiful On the Market Square Today.

Potatoes are again on the downward trend on the local market, and are selling this morning from $5 50@6 per bag retail, and $4 50@5 25 wholesale. The supply is fair.

Hay still holds high at $29@31 per ton. The supply this morning is good, 20 loads being offered before 10 o'clock. The ruling price is $30.

Dressed poultry dropped 2c per lb this morning, and is going readily at 38@40c per lb. Live poultry remains firm.

Maple syrup is now off the market. Dairy produce and eggs are steady. Creamery butter is selling for 70@72c per lb retail, and no easing up in price is looked for. Eggs are firm at 50@52c a dozen retail.

FLOUR.

MONTREAL, May 5.—There was no important change in the flour market today.

Millfeed was very firm, owing to the continued scarcity of supplies.

The demand for rolled oats was quiet.

Flour—Manitoba spring wheat, new standard, $13.40@13.70.

Rolled Oats—Per bag, 90 lbs., $5.50@5.60.

Bran—$51.25.

Shorts—$58.25.

TORONTO, May 5.—Ontario Flour—Government standard, in jute bags, prompt shipment; Montreal-Toronto, $10.80.

Millfeed—In carlots, delivered Montreal freights, bags included; bran, $51 per ton; shorts, $52 per ton; good feed flour, $3.75@4 per bag; middlings, not quoted.

MINNEAPOLIS, May 5.—Flour—Unchanged.

Bran—$52.

NEW YORK, May 5.—Flour—Firm; winter straights, $11.50@12.50; do., Kansas, $13.50@14.50.

HAY.

TORONTO, May 5.—Hay—Baled, on track, Toronto, carlots; No. 1, $30@31 per ton; No. 2 mixed, $25 per ton.

Straw—In carlots, on track, Toronto; $16@17 per ton.

MONTREAL, May 5.—Demand for baled hay has fallen off to some extent, and the market was quiet.

Hay—No. 2, per ton, carlots, $33@34.

LIVE STOCK.

Toronto, May 6.—Cattle—Receipts, 603. The cattle trade is active at the higher prices prevailing this week, and while a few of baby beef quality sold at $16, perhaps the poorest load of heavy cattle on the market this season sold at $15 75. Heavy beef steers, $14 50@15 75; good, $13 75; medium, $11 25@13 50; butcher heifers, choice, $13 50@14 50; medium, $11 25@12 75; common, $9@11; butcher cows, choice, $11 25@12 50; medium, $9@10 75; canners and cutters, $5@7; butcher bulls, good, $11@12 25; common, common, $9@10 50; feeding steers, good, $12@12 50; fair, $11 50@12; stockers, good, $11@11 50; fair, $9@10 50.

Calves—Receipts, 138. Early sales for the calf market were made at steady values. A few choice calves sold at $21, the bulk at $17@19. Choice, $17@21; medium, $14@16 50; common, $10@14.

Milch Cows—Choice, each, $130@165; springers, choice, $90@130.

Sheep—Receipts, 40. Sheep and lambs are unchanged. A few yearlings sold at $19 per cwt, and spring lambs up to $17 each. Ewes, $10@17; lambs, $17@19.

Hogs—Receipts, 1,083. The hog market is about steady, with most of the sales being made at $20 25, and a few at $20 50. Selects, $20 25@20 50; light, $18 25; heavy, $19 25; sows, $15 25@17 25.

East Buffalo, N.Y., May 6.—Cattle—Receipts, 225; steady.

Calves—Receipts, 400; 50c lower, at $6@19 50.

Hogs—Receipts, 1,600; pigs 50c lower; heavy, $15@15 50; mixed, $16 40@16 50; yorkers, $16 50; do, light, $16@16 50; pigs, $15 75; roughs, $12 50; stags, $7@8 50.

Sheep and Lambs—Receipts, 800; lambs 50c lower; clipped lambs, $8@19 50; yearlings, $12@16 50; wethers, $14@14 50; ewes, $6@13 50; mixed sheep, $13 50@14.

GRAIN.

Winnipeg, May 6.—May oats opened ⅜c lower at $1 18¾, and July ⅛c to ⅞c lower at $1 07⅛@1 07.

May barley opened 1½c lower at $1 70 and July 1½c lower at $1 63.

May flax opened unchanged at $5 17.

Chicago, May 6.—Opening: Corn—July, $1 67½; September, $1 59⅛.

Oats—July, 91⅛c; September, 76c.

Chicago, May 6.—Excellent weather, together with cuts in the price of silk and other commodities gave an advantage today to bears in the corn market. Besides, a little improvement in the railway traffic situation was reported. Commission houses were fairly active sellers. Opening prices, which ranged from ¼c to 1⅜c lower, were followed by some further setbacks and by a moderate rally, with May leading the upturn.

Oats were easier with corn. After opening ⅛c to 1⅛c lower, the market under went an additional sag before beginning to react.

PROVISIONS.

Chicago, May 6.—Higher quotations on hogs put some firmness into provisions. Demand, however, was not of an aggressive sort.

Liverpool, May 6.—Hams—Short cut, 184s.

Bacon—Cumberland cut, 184s 6d; Wiltshire cut, 187s; clear bellies, 202s; long clear middles, light and heavy, 202s; short clear backs, 191s; shoulders, square, 138s; New York shoulders, 134s 6d.

Lard—Prime western, in tierces, 158s 6d; American refined, in pails, 155s 6d.

BUTTER AND EGGS.

Chicago, May 6.—Butter — Lower; creamery, 47@59c.

Eggs—Higher; receipts, 34,771 cases; firsts, 42@43c; at mark, cases included, 40@42c.

OILS.

Liverpool, May 6.—Rosin—Common, 59s.

Petroleum—Refined, 2s 2½d.

War Kerosene—No. 2, 2s 2½d.

London, May 6.—Calcutta Linseed—£42s 10s.

Linseed Oil—94s.

Petroleum—American refined, 2s 1¾d; Spirits, 2s 2¾d.

Rosin—American strained, 59s; type G, 64s.

Turpentine Spirits—190s.

Tallow—Australian, 90s.

COTTON.

Liverpool, May 6.—Cotton—Futures closed steady; May, 25.65d; June, 25.60d; July, 25.44d; August, 25.18d; September, 24.80d; October, 24.41d; November, 24.10d; December, 23.77d; January, 23.57d; February, 23.40d; March, 23.23d; April, 23.08d.

BANK OF ENGLAND.

London, May 6.—The weekly statement of the Bank of England shows the following changes:

Total reserve decreased	£3,230,000
Circulation increased	3,232,000
Bullion increased	1,906
Other securities increased	4,526,000
Public deposits increased	2,747,000
Other deposits decreased	5,962,000
Notes reserve decreased	3,251,000
Government securities decreased	4,495,000

The proportion of the bank's reserve to liability is 14.47 per cent; last week it was 16.44 per cent.

Rate of discount, 7 per cent.

STANDARD STOCK EXCHANGE.

Toronto, May 6.—An advance by Trethewey proved the feature of trading on the Standard Mining Exchange. The majority of issues displayed a firmer tendency, reflecting more optimistic sentiment on the larger exchanges. Trethewey opened at 32, and spirited bidding towards the close of the session took it up to 37, the stock closing strong. Peterson Lake was sold freely, dropping to 15½. In the gold section, McIntyre was firm at 200, and Kirkland Lake at 53. The bid for Hollinger was 610, but no sales were recorded.

VICTORY BONDS.

[Jones, Easton, McCallum Company.]

[redacted]

WALL STREET.

New York, May 6—Wall Street, 10:30 a.m.—Sentiment among traders continued confident at the opening of today's stock market, with steels, equipments, oils and food shares again leading the movement. Rails also reflected improved transportation conditions with shippings. Early gains in Vanadium, Republic, Baldwin Locomotive, American Car, Allis-Chalmers, Food Products and American Sugar extended from 1 to 1½ points. Firm features of the railroad division included Archison, Rock Island and St. Paul. The further advance was attributed less to actual buying than covering of short contracts.

Noon.—The market broadened, with further upward tendencies during the morning. Tobacco, chemical, leather and other specialties recorded materially higher prices. United States Steel made little headway, but Crucible Steel and Pennsylvania Seaboard, Atlantic-Gulf, United States Realty, Barrett Company, Tobacco Products and Lorrilard Tobacco gained 3 to 6 points. Consolidated Gas rose 3 points on news of a favorable legal decision, and Endicott-Johnson's 6½-point rise followed announcement of a stock dividend. Oils were the only active issues to lag. Call money opened at 7 per cent, but higher rates are expected over the week-end.

1:30 p.m.—Oil shares threw off their apathy at midday, Royal Dutch and Shell Transport displaying especial strength. Motors and equipments also improved on buying of Pierce-Arrow and New York Air Brake. Gains among the specialties were augmented by an inquiry for Virginia-Carolina Chemical and National Aniline.

NEW YORK.

Jones, Easton, McCallum Company, brokers, Royal Bank Building, report fluctuations in New York stocks for The Advertiser as follows:

SCIENCE PROVES THE DANGER OF BLEEDING GUMS

Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhea germs which breed in pockets about the teeth.

Four out of five people over forty have Pyorrhea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhea germs.

Guard your health and your teeth. Keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time, and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

FOR THE GUMS

CUTICURA HEALED BABY'S RINGWORM

On Head. Cross and Fretful. Hair Fell Out.

"When my baby was three months old her head broke out in little red pimples and then in a week it broke out in ringworms. The ringworms were very large and there were several on her head, and her scalp would bleed. She was very cross and fretful at times, and her hair was falling out.

"I used Cuticura Soap and Ointment, and after I had used one cake of Cuticura Soap and two boxes of Cuticura Ointment she was healed." (Signed) Mrs. Lelah Sargent, Nampa, Idaho, Feb. 24, 1919.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.

Soap 25c. Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal. Cuticura Soap shaves without mug.

HOW TO HEAL SORE, BLEEDING GUMS, TIGHTEN LOOSE TEETH

BEFORE THEY FALL OUT—DENTIST'S HOME PRESCRIPTION WORKS LIKE MAGIC.

If your teeth are loosening or if your gums are receding and are sore, tender or inflamed, if they bleed when you brush your teeth, are spongy, flabby or colorless or if they discharge pus or develop gum boils, it is a warning of dangerous Pyorrhoea or Riggs disease of the gums and prompt and careful treatment is necessary if you want to save your teeth from falling out.

A prominent New York State dentist has discovered a new prescription—Epithol—for promptly correcting these troubles and it surely seems to work like magic. A few days' use and teeth tighten, the gums grow sound and healthy and the bleeding, poisonous pus discharge soon stops. An ounce jar of Epithol will last for weeks and costs little at Standard Drug Co. or Taylor Drug Co. or any good drug store, and all these leading druggists will refund the full purchase price if, in any case, it fails to bring relief. No one really wants false teeth. So if you have any of the above symptoms you should by all means give this treatment a trial. Standard Drug Company, Taylor Drug Company.—Advt.

LIBERALS FIRM IN LOYALTY TO LEADER DEWART

The Legislature Members Denounce Rumor To Contrary As Libellous, Untrue.

BONUSING INDUSTRIES

Bill To Prohibit Financial Aid To Factories Goes To Legal Committee.

TORONTO, May 5. — F. W. Hay, North Perth, and R. R. Hall, Parry Sound, repudiated with considerable heat an article in a Toronto evening newspaper last night, which stated that Liberal members of the House were wavering in their support of H. H. Dewart.

"The article has been written with malicious intent and purpose," declared Mr. Hay, while Mr. Hall went him several better, characterizing the report as "scurrilous, libelous and untrue" and demanding that the Government either obtain a retraction from its writer or exclude him from the House.

In reply to questions by Peter Heenan of Kenora, Hon. Manning Doherty, minister of agriculture, stated that there is not likely to be any serious shortage of seed potatoes in Ontario. He offered to put municipalities desirous of purchasing carload lots in touch with persons who had them to sell.

Wilson Crockett's bill which would prohibit bonusing of industries by municipalities received second reading after considerable debate, and was referred to the legal committee.

Could Not Revise.

Mr. Crockett spoke in support of his measure, as did Karl Homuth, G. G. Halcrow and Dr. Stevenson, other Labor members. Hon. Mr. Raney urged that the bill be laid over until next session, stating that at this date his department could not undertake to revise the present statutes in order to render the measure effective.

H. H. Dewart supported the principle of the measure, declaring that it had a wider application than the word "bonus" might indicate. Sam Clarke, West Northumberland, and J. A. Calder, Liberals, approved the bill as did also J. W. Widdifield, U. F. O., and Lieut.-Col. Price, Conservative.

Lull After Storm.

After last night's storm came a lull in the Legislature, and the House spent a quiet evening tonight in committee of supply on the treasurer's estimates. Items of expenditure for educational purposes gave rise to considerable discussion.

Major J. C. Tolmie of Windsor strongly advocated the taking of a survey of the number of children in Ontario who were not attending school. Hon. R. H. Grant, minister of education, stated in reply to a question that he did not know whether such a survey had ever been made in the province.

Dr. Stevenson of London strongly indorsed the project. He also demanded improved facilities for training teachers, declaring that money could not be better expended than for this purpose.

"The teachers can't live on the miserable pittances that are paid today," Dr. Stevenson affirmed. "If you pay a proper salary you will find there will be no dearth of teachers."

F. G. Sandy, South Victoria, advocated the teaching of music in rural schools.

Teachers Want Bonus.

J. W. McLeod, Liberal member for Stormount, touched on dissatisfaction which he said existed in regard to the manner in which bonuses to rural school teachers were paid. He considered the bonuses should come direct from the department to the teachers, and should not pass through the inspectors' hands.

Premier Drury explained that the bonus was in reality a grant to the rural school boards to aid them in paying adequate salaries. The amount of the grant is in direct proportion to the salaries paid and the equipment maintained, and in inverse proportion to the assessment.

"Many teachers fancy that because they do not get the bonus direct they do not get it at all," commented Hon. R. H. Grant. "As a matter of fact, they are getting it in their salaries."

The sum of $250,000 is provided in the estimates for such grants to rural public and separate schools.

JURY INDICTS MINE WORKERS AND OPERATORS

President Lewis of Miners' Union and Others On Conspiracy Charge.

INDIANAPOLIS, Ind., May 5.—Mr. John L. Lewis, president of the United Mine Workers of America, surrendered to a United States marshal here late today on a federal indictment charging conspiracy to violate the Lever Act, and was released on $10,000 bond. He will be arraigned before United States District Judge A. B. Anderson in court here tomorrow morning along with a number of other miners' officials, and coal operators who were indicted by a special grand jury which investigated the coal strike.

In the indictment, on which Mr. Lewis surrendered today, 125 miners and coal operators in Indiana, Ohio, Illinois and Western Pennsylvania are named on 18 counts, including the charge of conspiracy to limit the production and to enhance the price of necessaries. Mr. Lewis said all members of the miners' union, who have received notice of their indictment will appear in the federal court here tomorrow for arraignment without requiring removal proceedings.

According to word from St. Louis this afternoon the operators, however, have brought suit there to resist the removal to the jurisdiction of the Indiana district federal court.

Charles E. Hughes, special counsel for the United Mine Workers, was in the city tonight and will appear for the indicted union men in the court tomorrow.

WINNIPEG TO HAVE NEW $5,000,000 STORE

WINNIPEG, May 5.—The Hudson Bay Company will probably commence building operations on their new store here, which will cost $5,000,000, some time this season, according to information obtained in the city today.

PRINCE OF WALES GETS BIG RECEPTION

WELLINGTON, N. Z., May 5.—The Prince of Wales had a great reception on his return today from his tour of North Island. A procession in his honor occupied an hour in traversing two miles of decorated streets leading to the government house, so great was the assembly along the route.

COL. PECK QUITS, PROTESTS WORDS OF GEN. M'LEAN

Soldier Member Deplores Attempt To Discredit Widows of Heroes.

OTTAWA, May 5.—The Citizen will publish the following tomorrow:

As a protest against recent occurrences and statements of General McLean before the parliamentary committee on pensions, Lieut.-Col C. V. Peck, V. C., has tendered his resignation from that body.

In a letter which he has addressed to Hume Cronyn, chairman of the committee on pensions, Col. Peck, after stating that he considers it his imperative duty to resign in view of what occurred, says that he does so "not to protest in the name of the widows of the hundreds of brave men whom I had the honor of leading in the late war, but as a protest against the deplorable attempt on two successive days to camouflage the incident, and also in the name of common honesty and decency.

The full text of Col. Peck's letter is as follows:

"Mr. Hume Cronyn,
"Chairman of Pensions and Re-establishment, House of Commons:

"Dear Sir:

"In view of the recent occurrences and regarding the statements of General McLean, I feel that it is my imperative duty to resign from your committee.

"While I do not pretend that my membership is of any great importance, I cannot consent to being a party to what has taken place.

"I therefore resign, not only to protest in the name of the widows of the hundreds of brave men whom I had the honor of leading in the late war, but as a protest against a deplorable attempt on two consecutive days to camouflage the incident, and also as a protest in the name of common honesty and decency. I cannot bring myself to believe that actions such as have taken place are a credit to the committee or Parliament.

"While no one claims there is any discredit in being described as "of the servant class" (because it is honorable to work and we all should work) the statement made was an insidious attempt to discredit the widows of our soldiers."

PASTOR WINS OUT IN CONTROVERSY WITH CHURCH ORGANIST

Rev. T. T. Shields Agrees To Stay in Toronto Church.

TORONTO, May 5.—Friction between Rev. T. T. Shields, pastor of Jarvis Street Baptist Church, the leading Baptist Church in Toronto, and Dr. Edward Broome, the choir leader and organist, led Mr. Shields to tender his resignation last Sunday night.

The friction was over the church music, the pastor complaining that owing to the great extent of the musical portion of the Sunday services he had to cut his sermons to 20 minutes. In connection with his resignation he intimated that if a large majority of the church members wished him to withdraw it and altered the conditions with relation to the musical features of the services so as to conform to his ideas, he might accede to their wishes.

At the meeting tonight the pastor was given such hearty support that he agreed to stay, especially when the condition was made that henceforth the musical committee should be subordinate to the committee of deacons. This means that the pastor will have the services conducted according to his views, not as the organist and choir leader wishes.

The meeting tonight was held in private.

CANADA MAY MISS NEWSPAPERS OF U. S. IF PAPER RUNS OUT

Tons of Magazines May Also Be Lacking Soon.

TORONTO, May 5.—This city is now receiving from 54 to 61 tons of American magazines less each week than during normal distribution as a result of the paper shortage in the United States. One American weekly publication, which fairly flooded Canadian cities and towns until paper became scarce, has practically discontinued its supply to this country.

Some American magazines have ceased publication, some have been reduced in size and others are issuing two months' numbers in one to save paper. It is stated that it is not improbable that within a month or two there may be no American magazines available for Canada, except those supplied to old subscribers.

It is thought that shortly American newspapers also may be withdrawn from Canadian news stands.

VETERANS SCORE DELAY AT OTTAWA

WINDSOR, May 5.—No financial or other assistance will be given by the Walkerville and Ford command of the G. W. V. A. to returned men who are not members of the organization in the future, as a result of a strong resolution passed at the general meeting of the association. The men are dissatisfied with alleged neglect and delay by the Dominion Government in dealing with the re-establishment bill. The veterans tonight forwarded a vigorous resolution to Dominion headquarters of the G. W. V. A. urging definite action by the Government before Parliament prorogues.

HELENE'S MARRIED LIFE

BY MAY CHRISTIE

Copyright, 1920, by the McClure Newspaper Syndicate

LXVI.—Hand-in-Glove!

"You found this on the floor?" I queried, pointed to the violet-tinted paper.

Mr. Travis Lloyd inclined his head.

"And what's still stronger evidence, I also perceived the immaculate back of Mr. Tony disappearing through the library window!"

I gasped.

"You actually saw him?"

Mr. Lloyd shrugged expressive shoulders.

"I couldn't actually swear that it was he. But it was amazingly like him."

"This—this beats everything," I stammered. "Oh, he must have taken leave of his senses!"

"He took more than 'leave'," said my companion, grimly. "He went off with some valuable securities of mine—and"—here a shadow crossed his face—"he also took some old family papers that I wouldn't part with for the world! They could not be of the slightest value to the fellow. Their interest is a purely sentimental one. And I—I want them back."

"What are you going to do about it?" I inquired, still with the feeling of blank astonishment in my mind. The pawning of Alice's bracelet had been bad—Tony was guilty there—but this was worse.

"I intend to prosecute," said Mr. Lloyd, still scrutinizing me keenly. "That is, if you'll permit me?"

"I? Permit you? Why, I don't understand!" I returned his gaze. "What have I got to do with it?"

Mr. Lloyd took the purple-tinted note very gently from my fingers.

"This is a valuable piece of evidence. He dropped this note. You'd probably have to identify it, in a court of law—"

I drew back somewhat disconcerted. Publicity of this sort would be quite hateful.

"Oh, would it be necessary?" Distaste was on my face.

Mr. Lloyd looked perturbed.

"I hate to drag you into it," he said. He stared for a moment into the heart of the fire, as though he would find a solution there. "I don't mean the loss of the securities so much. But I want those family papers back." A resentful gleam shone in his eyes. "Justice ought to be done, you know—at any cost."

I wheeled round on him. A sudden anger came to me that I should be dragged into this wretched business. I—who only cared for Jim——

"Why don't you talk to Alice Anstruther," I cried. "She's Tony's boon companion. They're always together. She's the one who could throw light on the situation. Why not ask her?"

Mr. Lloyd came a little closer to me. "For excellent reasons," he said slowly. "Don't you recollect the last occasion on which attempted robbery was made upon my safe? Do you think that Mrs. Anstruther came out of that affair with flying colors?"

I drew back, startled.

"—You—you mean—that she and Tony——" I broke off.

He inclined his head. And then he spoke.

"There's no good beating about the bush," he said. "I think it is highly probable that she and that rascal Tony are hand-in-glove in this affair!"

Travis Lloyd's words voiced a thought that had been simmering in my brain for some considerable time.

Alice and Tony—hand-in-glove!

Never would I forget that memorable night some weeks ago at Thorny Grange, the home of Travis Lloyd! The safe-robbing episode . . . . my unexpected arrival on the scene . . . the smothering scarf thrown over me . . . the scarf that had been proved the property of Alice!

Suspicion had been black against feather-headed Alice.

From that day up till now, I know that mistrust had lurked in the bosom of her husband, although generously he'd fought against it.

For his sake I had not pressed investigations.

But the other guests, I am positive, believed that Alice was the guilty party.

Now, robbery of the safe of Travis Lloyd had been attempted a second time—and this successfully. Where Alice had failed, her partner Tony had succeeded.

The thought was hateful. Yet it definitely persisted.

Monday—Through the Window.

Girls! Do You Know Why Your Hair Is Ugly?

A Simple, Inexpensive Way to Quickly Make It Seem Much Heavier—Lustrous, Soft and Fluffy.

Parisian Sage Surprises and Delights—It Positively Does Not Change the Natural Color of the Hair.

Nowadays all up-to-date women want radiant hair, so soft, fluffy and abundant that it fascinates and compels admiration.

It's really a simple matter to merit this praise since beautiful hair is largely a matter of care.

When your hair becomes faded, dry, streaked and scraggy, when it falls badly and new hair does not grow, the roots must be vitalized and properly nourished. To do this quickly, safely and at little expense get from your druggist some Parisian Sage (liquid form) for home use.

This is guaranteed to quickly abolish dandruff, check falling hair, stop all itching of the scalp and promote a new growth or money refunded. It's in great demand by discriminating women because it makes the hair so soft, lustrous, easy to arrange attractively, and appear much heavier than it really is.

A massage with Parisian Sage is a real delight—easy to use, not sticky, and delicately perfumed—an antiseptic, clean liquid free from dangerous ingredients, and guaranteed not to change the natural color of the hair. If you want good-looking hair and plenty of it use Parisian Sage. Don't delay—begin tonight—a little attention now helps insure beautiful hair for years to come.

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try it! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Be Careful What You Wash Your Hair With

Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified cocoanut oil, for it is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

POOR QUALITY OF COAL RESPONSIBLE FOR POWER SHORTAGE ON THE BORDER

WINDSOR, May 5.—Terming the power situation outlook in Windsor and adjoining municipalities as "decidedly black," Manager O. M. Perry of the Hydro Commission tonight explained the reason for the frequent suspension of service to domestic and industrial consumers of the street railway power plant. He said that shortage of coal and the poor quality of the little amount of fuel that is available were responsible for the conditions. The power plant is now using 3,300 horsepower of hydro current in addition to that generated by steam at the plant, and serves 2,600 customers in addition to operating the street railway system.

RIDE EARLY, LATE, OFTEN, SLOGAN OF T. AND L. COUNCIL

Urges Citizens To Help Street Railwaymen.

$100,000 LABOR TEMPLE

Limited Company To Be Organized and Stock Sold To Raise Capital

"Ride early, late, and often" will be the slogan of the delegates of the Trades and Labor Council during the time that the London Street Railway is operated by the railway board. Full support is to be given to the street-carmen in their fight for higher wages, it was felt at the regular meeting of the council last evening that by helping to make the operation of the road successful while it was in the hands of the board, assistance would be given to the men.

If the board can be shown that the road can be operated successfully on the present fares, it was believed that there would be little likelihood that it would recommend higher fares. It was pointed out that the men were to receive the profits of the road as remuneration for their service. As this was the case the council believed that the people of London should ride as often as possible to reward the men for their actions.

Considerable indignation was expressed by several speakers concerning the passing of the "City of London bill" through the private bills committee of the Provincial House. William Tite, A. Mould, J. F. Thomson and H. Jaeger all expressed the opinion that the representatives sent to Toronto to fight the bill by different labor organizations were not given a fair hearing and that the bill was railroaded through.

Letter of Protest.

By a unanimous vote it was decided to send a letter of protest to the provincial attorney-general concerning the passing of the bill.

Plans are under way for the erection of a $100,000 labor temple in this city. A charter is to be applied for under the name of the London Labor Memorial Temple, Limited. Stock valued at $100,000 divided into $1 shares will be sold. Only bona fide labor men will be allowed on the board of directors.

A. Mould, who was a member of the special committee appointed to secure the charter and to arrange the plans, reported that great progress was being made. The stock of the company would be on the market in a few weeks and the charter would be secured in as many weeks as it took years to secure the old charter.

Considerable controversy arose over the question of granting money to Organizer H. Wray, to cover expenses incurred in organizing locals throughout the city. Mr. Wray complained that he had been forced to bear a great deal of the expense out of his own pocket. It had been the plan of the council to secure special grants of $5 from all the locals to cover the cost, but only two replies were received to the fifty letters sent out.

Difficult Work.

The majority of the members believed that some arrangement should be made to reimburse Mr. Wray. William Tite said that there were other costs besides the first meetings, especially in organizing the girl workers. He reported that there was great difficulty in securing women speakers to help in the work. When one prominent woman's organization was approached on the matter and information was laid before its members showing the low wages for which girls worked in this city, the answer had been: "Well, perhaps they don't earn more."

A committee is to be appointed from the council at its next meeting to take up the work of the Union Labelling League. It is proposed to appoint on the committee one representative from each local eligible to use a label.

Progress was reported in the organizing of the retail clerks. Two shoe stores were reported to be one hundred per cent organized.

A large organization meeting is to be held in in one of the theatres in the near future. The committee in charge is negotiating with T. Moore, president of the Trade Congress in Ottawa, and George Keene to address the meeting.

Joseph Marks, editor of the Industrial Banner in Toronto, addressed the meeting at some length on the coming Labor Education Association convention which is to be held in Brantford on May 24.

DRAMA SUPPORTERS DECIDE TO FORM A DRAMA LEAGUE

Dr. Tamblyn of Western University First President.

Dramatic history for the city of London was in the making last night, when it was decided to organize a London Drama League at a most enthusiastic and well-attended meeting of better-drama supporters, held at the Institute of Musical Art. Dr. W. F. Tamblyn, head of the English department at the Western University, was the man chosen as president for the coming year. He has a strong executive backing him in the persons of S. C. Stevens, vice-president; Miss Jennie Fidlar, secretary; Miss Margaret Glass, treasurer; Rev. G. Q. Warner, Robert Hannah, Stanley Meredith, Dr. Crane, Dr. Cronyn, Miss Grace Blackburn and Miss Jean Walker.

After a very fine dramatic reading of Galsworthy's tragic drama "Justice," by Sydney C. Stevens and Mrs. Arthur Brickenden, truly setting the pace for future drama league meetings in quality of program, the meeting was thrown open for discussion by Dr. Tamblyn, who occupied the chair.

A thorough explanation of what a drama league might mean to a community was given by Mr. Stevens, who quoted from the constitution of the Drama League of America, which states that the function of a drama league is to promote the study of plays and playwrites and encourage the attendance on good plays, giving the box office of local theatres enough support to enable them to bring the best productions to the city. The actual production of plays is merely a side line in connection with the work of the drama league.

The Rev. G. Quintin Warner was of the opinion that the league should work quietly at first and above all have unity in its membership. He cited the drama league of Montreal as an instance of an organization which failed because it did not have the co-operation of the various drama producing bodies in the city. He hoped that London would pull together for the sake of better drama here.

Dr. Cronyn suggested that the organization be a very loose one, permitting various study and producing groups, yet as a league advising and inducing the people of London to support better plays and encourage their visits to the city. The meeting was called last night by the Women's Press Club.

SUBSCRIBER HELPS OUT

Regarding Mrs. James Coverny, of who information is wanted by a relative in Cardiff, Wales, and who was said to have resided at 129 "South London" in 1889, a subscriber states that he knew of a Mrs. Coverny whose husband was James and who resided in this city. He said that Coverny was employed by the McClary Manufacturing Company when he lived on South street 18 years ago. His address seven years previous to that was said to have been Evergreen avenue.

TRIPLE FEATURE FILM PROGRAM AT THE GRAND TODAY.

Three notable screen stars in three of the greatest photoplay successes will comprise the big film program showing at the Grand today only. Charlie Chaplin, the king of comedians, will return in one of the funniest comedies in which he has appeared to date. "Faking Into Society" is tthe title of this latest laugh-provoker, which is on two reels without one dull moment from the moment the picture flashes on the screen until the final fade-out.

Dainty Vivian Martin has one of the most appealing roles of her career in her newest photoplay, "Husbands and Wives," in which she will be presented for the last time today.

The third feature of this select picture program introduces a new screen star, Zasu Pitts is her name, and she is certain to win the hearts of all with her delightful acting and charming personality in the Brentwood picture entitled, "Bright Skies."

"SEVENTEEN" AT THE GRAND TOMORROW AND SATURDAY.

When one hears that Thomas Kelly made his first theatrical appearance with Virginia Harned and E. H. Sothern in "The Light That Lies in Woman's Eyes," one wonders how he can play and look Willie Baxter in "Seventeen," which comes to the Grand tomorrow and Saturday evenings at 8:15 and Saturday matinee at 2:30. But it must be stated at the outset that Mr. Kelly is still very, very young, and began acting as soon as he could talk. After a season with Harned and Sothern he joined Miss Ethel Barrymore's company, playing with her for three successive seasons in "Cousin Kate," in which he played the young brother, "Bobby." In "Alice-Sit-by-the-Fire," playing Conee Grey, and in a revival of "Captain Jinks of the Horse Marines."

During the summer of 1917 he was a member of the American company that went to London to play, "Mrs. Wiggs of the Cabbage Patch," one of the most notable successes ever achieved by an American company and play in England. Mr. Kelly played Wiggs opposite the Lovey Mary of Bessie Barriscale, now a well-known picture star. He left during the London run, returning to America to play in Maxine Elliott's company for a season, the play being Rachael Crother's "Myself Bettina." He also played several engagements with Ben Greet's company in Shakespeare, and spent a season as the young Caliph in "Kismet." At the outbreak of the war he enlisted as a private and spent over a year in France with the 58th Artillery, C. A. C., returning to America, he was engaged by Stuart Walker for the part of Willie Baxter in "Seventeen." Seats now on sale.

KATHERINE MACDONALD, FAMOUS AMERICAN SCREEN BEAUTY, NOW AT THE ALLEN.

Surrounded by all the beauty, luxuries and art that wealth could buy, pampered daughter of a millionaire, she suddenly found herself thrust upon the world without a penny. Saving from the wreck of her father's vast fortunes, a few paltry thousands, she determined to spend every cent on clothes, and capture the heart of society's wealthiest member. Such was the position Diana Tenart found herself in. Can you imagine a better beginning for a great romance than this. It is the opening scenes of "The Turning Point," the wonderful and brilliant new screen spectacle starring Katherine MacDonald, at the Allen, today, tomorrow and Saturday.

A picture set with all the lavishness that screen art could provide, great cars, homes of unbelievable luxury, all that your imagination could picture in your castles in Spain. This young beauty, whose charm has won her to the pinnacle of popularity, displays gowns, clothes, furs and jewels to make an Eastern princess jealous. Backed by a thrilling story, set amidst the famous pleasure resorts of the Southern States, the picture is all that could be desired, from both the standpoint of beauty, and stirring, thrilling action which will hold your interest in a fever grip from beginning to end.

Among the many special added attractions will be a Sunshine comedy gem, "Sheriff Nell's Comeback," the always interesting Allen News, and one of Bruce's beautiful scenics.

AT LOEW'S.

Frank La Reine and his wonder workers will be the headline attraction at Loew's Theatre for the balance of the week, in a novelty electrical offering. La Reine is an electrical wizard, and makes "the juice" do all sorts of funny pranks, such as passing the current through man's body and coolly lighting a cigarette from the end of his nose, and a hundred and one other feats that will make you gasp with wonder and amazement.

The Hydro-Electric will have a special display of appliances in the lobby and also on the stage during the engagement here, and in conection with the act will give away, absolutely free, to the one holding the lucky coupon, an electric iron. These irons will be given away at matinee and evening performances on Thursday and Friday only, and the first show Saturday afternoon. You will save your ticket stub, you may be the lucky winner.

La Reine will also put a young London girl, or a man if the girl cannot be secured, asleep in the window of the Thomas Furniture Company at 11 o'clock Thursday and Friday mornings, and she will be awakened at the theatre during the performance in the afternoon.

Mary Miles Minter in "Judy of Rogue's Harbor," will be the feature film attraction, and Loew patrons are assured of a real bill of diversion for the rest of the week.

PATRICIA.

There are very few men in this world whose names and faces are as well known in every land as that of James J. Corbett. There have been champions of the ring before and since, but none has achieved the popularity of "Gentleman Jim" Corbett. He stands forth as the personification of clean, virile manhood—a man who elevated the prize ring by his wholesome personality, and who has graced the stage by virtue of his dramatic talents and magnetism.

Every theatregoer in the city will have an opportunity to see "Jim" Corbett at the Patricia Theatre today.

"THE VIRGIN OF STAMBOUL."

"The Virgin of Stamboul," the first of Priscilla Dean's master-features for Universal-Jewel, written by H. H. Van Loan and produced by Tod Browning, is announced as the attraction at the Patricia Theatre next Monday, Tuesday and Wednesday. This is pronounced the most sumptuous screen production of the year and marks the return of the fascinating Miss Dean after a long absence from the films.

INGERSOLL OBJECTS TO SHARING COSTS WITH EASTERN TOWNS

Claim Figures Show Increase Price of Gas Is Not Justified.

INGERSOLL, May 5.—That the attempt on the part of the Southern Ontario Natural Gas Co. to increase the rate here from 45 to 85 cents is viewed in the light of an imposition was apparent today from the attitude of the council in the course of a conference with officials of the company.

Information as to the operations of the company here during 1919 was elicited, and it was contended by Mayor Henderson and members of the council that it did not justify the proposed increase. The figures elicited were as follows: Total receipts, $73,146.20; total expenditurees, $59,423.65; interest on bonds, $5,049.80; net profit, $8,672.67.

WILL FIGHT MATTER.

Members of the council discussed the situation in a spirited manner, and if the 85-cent rate is insisted on they will fight the matter. They do not see the justice of Ingersoll paying to help bear the cost of the pipe line and service for Woodstock and Brantford and other points east.

The answer to this was that Ingersoll always got gas, Woodstock not much, and Brantford less. The company will remove the gas regulator on Thames street south, which has been a source of annoyance, and if a lot is provided, it was stated, the cost would not be more than $300 to the town.

PLAN BIG PICNIC DAY AT ILDERTON JUNE 23

ILDERTON, May 4.—The meeting of the Lobo Union Schools committee, which was held in Foresters' Hall, Poplar Hill on Monday evening, was well attended.

The Lobo council met in an adjoining room on the centennial and memorial gate committee business. The picnic committee had a large amount of business in connection with the Lobo schools picnic to be held on June 30. Alex Stewart, the newly-elected chairman, presided, and in the absence of A. E. McKay, who was at the other meeting, John W. Graham acted secretary, pro tem.

The parade of the schools will take place at 1 o'clock p.m., and the usual prizes will be given for the schools in the parade. Prizes will also be given for the best floats in the parade. For the picnic crowd the committee will provide hot water and tea free. On motion by Isaac Hammacher and Lyman Chapman it was decided that the grounds committee handle the refreshment booth privileges.

The report of the memorial gate was presented to the meeting by Reeve A. Ferguson, who exhibited blue prints of the architect's plans which had been adopted, and also stated that the contract for the work let. He also reported that Premier Drury had a prior engagement at the Winnipeg convention and could not be present, but that J. G. Lethbridge, M.L.A. for West Middlesex, and other members of the cabinet would be present. He was now trying to secure a suitable party to unveil the memorial tablets.

On motion by J. McGugan and Wm. Barber, the matter was referred back to the reeve and council with power to act.

On motion by Isaac Hammacher and Lyman Chapman it was decided to hold a monster bee on Friday afternoon next and also on each following Friday until the grounds are in shape.
