

SUBMARINE CAMPAIGN RENEWED?

Enemy May be Turning Once More to U-Boat Warfare

Kaiser Confers With Vassals on Wilson's Note

SIX HUNDRED LIVES FEARED LOST IN SINKING OF STEAMER LEINSTER IN THE IRISH SEA

Mail Steamer Was Torpedoed by German Submarine. Yesterday

LOSS OF LIFE HEAVY

Reports Vary, But Minimum Death Toll Likely to Reach 400

SHIP SANK QUICKLY

By Courier Leased Wire London, Oct. 11.—The sinking of the Japanese steamer Hirono Maru and the Dublin mail boat Leinster, mark incidents of a new submarine campaign which the Germans launched about ten days ago, according to The Mail. It adds that at that time renewed submarine activity became evident in various directions, notably along the routes followed by steamers carrying American troops.

It is reported that the new U-boats are much larger and more heavily armed than those which have been seen previously by Germany. Among the missing is Lady Alexandra Phyllis Hamilton, daughter of the Dowager Duchess of Abercorn.

Dublin, Oct. 11.—It is believed that 600 lives were lost in the sinking of the mail steamer Leinster by a torpedo in the Irish Sea yesterday, it was stated at the office of her owners. Only about 150, it was added, were saved.

COULD NOT LAUNCH BOATS. London, Oct. 11.—The mail steamer Leinster foundered so quickly after she was torpedoed that there was no chance to launch the lifeboats, according to the Dublin correspondent of The Daily Mail. A number of the survivors landed at Kingstown had been badly injured and are in the hospital there.

750 ON BOARD. Dublin, Oct. 11.—A passenger on board the mail steamer Leinster saw the fatal torpedo approaching the ship. He informed the captain, but the torpedo was so near that escape was impossible. The projectile struck the side of the boat between the forecastle and the compartment set aside for postal clerks. The sea was very fine, but the sea was rough following a recent storm.

According to figures reported here there were on board 697 passengers and a crew of about seventy.

Belfast, Oct. 10.—(By the Associated Press).—Four hundred lives were lost when the mail steamer Leinster was torpedoed and sunk in the Irish Sea this morning. Three hundred survivors have been landed at Kingstown.

Two torpedoes were fired at the steamer. One struck near the bow. The steamer sank within fifteen minutes.

The passengers, including many women and children, numbered 650 and the boat carried a crew of seventy.

An incoming mail steamer reports that she passed through the wreck (Continued on page three)

WEATHER BULLETIN

Toronto, Oct. 11.—A few light scattered showers have occurred in the Ottawa and St. Lawrence valleys, while rain has fallen heavily on the British Columbia coast, but the weather in Canada generally has been very fine.

Forecasts. Light to moderate winds, fair and warm to-day and on Saturday.

GRAND WOOD DESTROYED BY HUNS

Houtholst Forest Burnt by Enemy, Fleeing Before Belgians

By Courier Leased Wire. Paris, Oct. 11.—When the Belgian troops broke through the formidable enemy defenses and occupied the famous forest of Houtholst they found that great wooded area had been destroyed. Not a single tree remained standing throughout the vast domain. Houtholst forest dates historically from the ninth century. It extended from Dixmude to Ypres and covered two hundred square miles. Throughout the entire region utter desolation prevails, the charred stumps of trees extending for miles over the blackened landscape.

PEACE WITHIN SIGHT BUT NOT WITHIN REACH

No Disarmament Until Germany Disarms, Says Viscount Grey

—PRAISES WILSON

Ex-Foreign Secretary on President's Reply—First Speech in 2 Years

By Courier Leased Wire. London, Oct. 11.—Viscount Grey, the former secretary of foreign affairs, in the first speech he has made in two years, said he thought peace was within sight, but not within reach. He praised the wisdom of President Wilson's reply to the German note, and urged, must include Germany. There could be no thought of disarmament until Germany had disarmed.

Viscount Grey spoke in support of President Wilson's policy of a league of free nations. The hall was packed and hundreds were unable to obtain admission. Viscount Grey began his speech by saying that one of the objects of the meeting was to assure the Government of their support in the actual conduct of the war. The main object of the meeting, he went on, arose out of the very remarkable speech of the President of the United States on September 27 last, in which a most pointed appeal was made to the Allies with regard to the interpretation of the issues of the war and regarding the means whereby a settlement could be reached.

A little later, he said, Mr. Balfour spoke in the same sense and Mr. Barnes had just spoken. Those were in some degree answers to President Wilson. The object of the meeting to-night was to make clear that all were agreed that the statement of the issues of the war was the statement from all the Allies and that they believed in that method of obtaining a settlement on those issues which President Wilson so earnestly advocated. "But, of course," he continued, "the real authoritative answer on a question of such importance on behalf of the country must come at his own time and in his own way from the Premier and I have no doubt that it will so come. Unity of purpose among the Allies is what the President asked for, that unity of purpose, I am sure, the other Allied governments will provide."

Dealing with the improvement in the military situation Lord Grey appealed for a continuance of the united support of the Government. Peace (Continued on page three)

SOVEREIGNS OF ALL THE GERMAN FEDERAL STATES CALLED TO BERLIN FOR CONSULTATION

Such a Conference is Unique in German History—Answer to Wilson's Note is Awaited With Anxiety in Germany, Where Hope is Expressed that Peace May be Brought Nearer

By Courier Leased Wire. Amsterdam, Oct. 11.—Emperor William has summoned the sovereigns of all the German federal states to Berlin for a consultation before answering President Wilson's note, according to Cologne despatch. Such a conference is unique in the history of Germany.

ANSWER AWAITED. London, Oct. 11.—Germany's answer to President Wilson's message are awaited with great anxiety in Germany, according to a Copenhagen despatch to the Central News. Mr. Wilson's reply to the German peace proposals was published in newspapers of Berlin Wednesday evening. The official North German Gazette says: "We have reason to believe that the peace step which has been commenced will be continued."

MESSAGE TO POLAND. London, Oct. 11.—Prince Maximilian, the German imperial chancellor, has telegraphed to the Polish regency council, now meeting at Moscow, assuring that he is fully resolved to shape the relations between the German Empire and the new arisen kingdom of Poland in a spirit of justice and understanding of the vital interests on both sides. "I will exert myself," he continues, "for the speedy removal of the barriers of occupation that still exist and will give orders for the realization of this without delay."

NEW LEAVE WORKING. Copenhagen, Oct. 11.—The working of the new leave in Germany is illustrated by a decree of the crown council of Saxony summoning the Landtag to convene on October 26. The decree directs the minister of the interior to draft a measure "which shall substitute for franchise now obtaining for the Landtag's second chamber, a franchise based on a broader foundation."

Saxony has to-day a franchise system of four complete classifications. The Prussian system has three classifications. RIGHTS OF NATIONS. Basel, Oct. 11.—Emperor Charles of Austria will soon issue a proclamation dealing with the rights of the different nations of the empire to decide their own futures, according to Vienna advices to The Frankfort

Zeitung. The Pest Herald of Budapest says that Hungary is seeking national life independent of Austria and desires to insure the integrity of her territory, secure a seaport and have the right to settle her own internal affairs. That journal claims the right for Hungary to be represented at the peace conference by a special delegate and suggests Count Albert Apponyi.

PROPOSAL APPROVED. Amsterdam, Oct. 11.—Count Apponyi, the opposition leader in the Hungarian parliament, has approved of the peace proposals of the Central Empires, according to a Frankfort despatch to The Nieuwe Courant of Rotterdam. "It is not we who bring about the fall of the dual monarchy," he is quoted as saying. "It has collapsed of itself."

TURK CABINET FOR PEACE. Amsterdam, Oct. 11.—Writing from Constantinople on the appointment of Tewfik Pasha as Grand Vizier and Ismet Pasha as war minister, the Berlin correspondent of The Rheinische Westphalian Gazette says that the new Turkish cabinet proclaims the general desire of peace on the part of the people of that country. Commenting on the situation at Constantinople, the newspaper says: "Enver, Fehmi, and Talat Pasha were undoubtedly the pillars of the Turco-German alliance. We certainly do not stray far from the truth when we assume that impending events in Turkey will result in a change of policy."

KAISER OPPOSED? Balestia, London, Oct. 11.—Chancellor Maximilian's peace proposal to President Wilson was made in direct opposition to the views of Emperor William, according to a report brought to London by a neutral who left Germany a few days ago. It is suggested that this may be the reason for the summoning of German sovereigns for a conference. No official confirmation of this can be obtained here.

NEW GOVERNOR. Amsterdam, Oct. 11.—Karl Haase, a member of the Reichstag, and president of the Central party in the Prussian diet, has been chosen to succeed the Governor of Alsace-Lorraine, who is expected to retire momentarily, according to a Strasbourg telegram.

REPLY APPROVED. Paris, Oct. 10.—President Wilson's reply to the German peace note, was approved to-day by a vote of the committee on foreign affairs of the Chamber of Deputies. The resolution also expressed alliance in the government not to accept on behalf of France any armistice which would not provide for armistice and for the guarantees "to which the victorious armies of the Entente are entitled."

ADVANCE CONTINUED. By Courier Leased Wire. Paris, Oct. 11.—(1 p.m.)—British divisions under command of General Rawlinson, Burgin, and Horne continued their advance this morning under favorable conditions. British troops captured St. Hilaire-les-Cambrai, Avesnes and St. Aubert. Many prisoners were taken and much material was captured. General De Beny's army has pushed across the River Oise at several points in the direction of St. Quentin and his troops are now menacing the strategic town of Guise.

FOOD REGULATIONS. By Courier Leased Wire. Ottawa, Oct. 11.—Food regulations, it is understood, were under consideration at a meeting of the cabinet council this morning. Hon. N. W. Rowell was in attendance.

General Retreat. Over Far-flung Battle Line Began Yesterday

HUNS NOW IN FLIGHT

Have Abandoned Le Cateau, Which British Have Occupied

MORE ALLIED GAINS

By Courier Leased Wire. New York, Oct. 11.—The Associated Press this morning issued the following: From Douai to Verdun the tide of German invasion is ebbing. A general retreat of the Teutonic forces over this far-flung line appears to have begun some time yesterday.

East of Cambrai the enemy has abandoned Le Cateau, which has been occupied by the British and Americans. Further south the French have pushed further eastward in their advance from the Argonne forest.

Just north of La Fere, where the enemy has held his position since early in September, the French have taken the Basse de Servais, which marks the point where the wedge is entering the St. Gobain stronghold in which the Germans have almost impregnable positions.

Pushing eastward along the Chemin des Dames the French have forced the enemy across the Oise-Aisne canal and east to the southeast, they have crossed the Aisne a little to the eastward of Quilly.

In the Champagne sector the forces of General Gouraud have swept ahead and occupied Termes and Grand Pre, which stand on the north bank of the Aire River as it winds through the Argonne forest.

East of the Argonne forest, American divisions have smashed their way ahead taking Sommeville, Cherviers and Marcy. This brings them nearly up to Grand Pre. Further east they have recaptured their line on each side of the Meuse. The significance of this fighting is that in the Champagne, Argonne and Cambrai-St. Quentin sectors, there has been but little resistance to the advances of the Allied armies. East of the Cambrai, the Germans seem to be in full flight. This too is the case further south where the French are marching virtually unimpeded in the direction of Guise.

The advances of the French near La Fere and along the Aisne to the south of Laon seem to be quite significant. This part of the battle line has the strongest natural positions to be found anywhere along the front. The St. Gobain Forest is almost invulnerable, while the hills north of the Aisne, further south, lend themselves admirably to defensive operations. East of Oully, where the new crossing of the Aisne has been made, further ground has been gained north of Berry-au-Bac.

In the Champagne French troops crossed the River Sulpis and gained a footing between St. Etienne and Hout-sur-Suppe as well as at Warville, Vandrette and St. Manes. Further east the French are pushing the Germans who are in retreat.

On the front west of the Argonne forest French infantry has captured Semille and Mont St. Martin. The French also stormed Corbon and Brières.

Paris, Oct. 10.—French troops today crossed the Aisne east of Oully, southeast of Laon, and drove the enemy northward. The French have gained ground north of Berry-au-Bac and have taken prisoners according to the official statement issued at the War Office to-night. "In the Champagne sector, the Germans have begun a retreat to" (Continued on page three)

TIDE OF GERMAN INVASION IS EBBING ALONG ENTIRE FRONT BETWEEN DOUAI AND VERDUN

SOCIALIST CONGRESS IS DIVIDED

Has Failed to Draw Up Program Suitable to Entire Party

By Courier Leased Wire. Paris, Oct. 11.—The Socialist National Congress has failed to achieve the object for which it was held, to draw up a programme to which the party could subscribe as a whole. Votes taken on various programs show that 1,212 delegates supported the old majority headed by Pierre Renaudel; 1,528 for the former minority headed by Jean Longuet and 1813 for the Centrists or moderates. A small extreme element voted with M. Longuet's adherents.

NO HALTING IN ALLIED DRIVES ON WEST FRONT

French and British Continue Progress Last Night and To-day

FRENCH CROSS AISNE

Over 2000 Prisoners Taken by Haig's Forces Since Yesterday

By Courier Leased Wire. London, Oct. 11.—American troops operating with the British on the front southeast of Cambrai completed last night the capture of Vaux Andenay and St. Souplet. Field Marshal Haig announced in his official statement to-day.

The River Selle has been crossed by the British north of Le Cateau. Fighting is going on in the eastern section of that town. In the region immediately east of Cambrai the British have reached the outskirts of the villages of St. Vaast and St. Aubert.

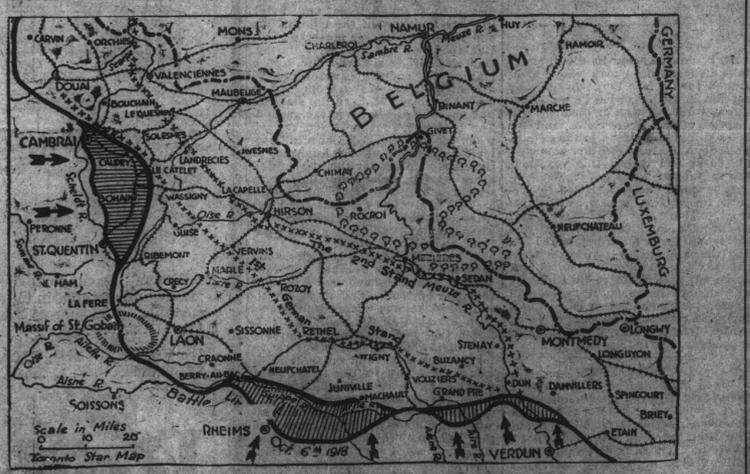

The British are continuing to push forward at the front between Cambrai and Lens. They made progress during the night in the capture of Izel-lez-Egheerchin, five miles west of Douai. They are also progressing east of Sallaumines and along the northern bank of the Haute Densie Canal, east of Lens.

French Progress. Paris, Oct. 11.—French troops last night advanced in the region north of the Aisne and captured the towns of Chivy and Moullin and then pushed on beyond, the French War Office announced to-day.

Italian troops rushed a point south of Courtecon on the Le Cateau front. The French have gained possession of as far as the heights at Cerny-en-Lannois.

In the Champagne French troops crossed the River Sulpis and gained a footing between St. Etienne and Hout-sur-Suppe as well as at Warville, Vandrette and St. Manes. Further east the French are pushing the Germans who are in retreat.

On the front west of the Argonne forest French infantry has captured Semille and Mont St. Martin. The French also stormed Corbon and Brières. Paris, Oct. 10.—French troops today crossed the Aisne east of Oully, southeast of Laon, and drove the enemy northward. The French have gained ground north of Berry-au-Bac and have taken prisoners according to the official statement issued at the War Office to-night. "In the Champagne sector, the Germans have begun a retreat to" (Continued on page three)

THE DEFENSIVE LINES WHICH THE GERMANS MAY TRY TO TAKE UP. The shaded areas on the map show the gains made by the Allies since Sunday, most of which have been made during the last two days, including all of the gain on the Cambrai-St. Quentin front. It will be readily seen that the allied drive up the Oise and Sambre valleys threatens the line of retreat of the enemy in the Laon-La-Fere region, and that the enemy probably is gathering up his supplies and removing his men at this moment from the Laon salient. A great drive on Stenay and the road that runs from it through Buzancy and Vouziers is likely to develop shortly.

Let Cold Cash Back Cold Steel in Victory Bonds!

THE WIFE

BY JANE PHELPS, AUTHOR OF "MARGARET GARRETT'S HUSBAND," AND OTHER NOTABLE STORIES.

A Bus Ride Helps While Away the Evening.

CHAPTER XLVI.

"Who wants you to get a taxi? You extravagant boy," Mollie had replied. "Taxi's fairly eat up money. We ate up enough without giving them any. Come on let's walk over to the Avenue and ride on the bus," then, as Brian hesitated, "There are other evenings coming, Brian Hackett. Didn't you ask me to eat with you again to-morrow night? Or did I dream it?"

"It was no dream. Perhaps we better take the bus," and with a rather a sham-faced laugh, Brian put his hand under Mollie's elbow and walked toward the Avenue.

On the top of the bus riding up-town, he soon forgot his embarrassment. In fact no one could long retain such a feeling when with Mollie King. It was after ten o'clock when they finally climbed down at the end of the route in Washington Square, having ridden as far as the bus went up-town, then down.

"Come in and smoke, if you like," Mollie said as they reached the red brick building that housed her.

"May I? That will be fine. It's awfully stupid up home, none, and it is too early to turn in."

"They smoked and 'reminded' until nearly twelve o'clock, when Mollie 'shooed' him out, as she said.

"You'd never think of going," she laughed, "you haven't the slightest idea of time."

"Not when I'm with you, Mollie. It drags awfully sometimes," meaning when he was alone; and Mollie taking it to mean when he was with Ruth; and so, her warm heart filling with pity, she said:

"Come as often as you like, Brian."

As before, Brian would have been shocked could he have known what was in Mollie's mind, and to do him justice he would quickly have disabused her of the notion that he wasn't happy with Ruth. It was only that he was aggrieved at her absence. But Mollie had no idea but that "poor Brian" was unhappily married to a "high brow girl."

"Gee! but Mollie's a peach!" Brian said as, once again he took the bus to ride home. It happened to be the same expression he had used the last time he had taken her to dinner, and then had gone home the same way.

He counted his money before he went to bed. A smile twisted his mouth when he saw what a hole

the dinner had made in the little roll. "Good thing Mollie sat down on the one boss shay," he mumbled. "I get foolish sometimes, I guess. Bus rides for us, Mollie, unless we cut down on the eats," he said as he put his depleted roll back into his pocket.

"Then tilly he wondered who that 'bloke' was, who had stared at Mollie so."

"Can't blame him much! she looked sweet enough to kiss, tonight. Then as Ruth's picture caught his eye: 'But Ruth has it all over them all, for style and dress! I don't believe Mollie spends that much in a year on her back!'"

in which surmise he was right. Mollie didn't she didn't have it to spend.

The next morning he received a night telegraph letter from Ruth. She had arrived safely, had found everything alright, and would hurry back as soon as possible. She gave her address and asked him to write her.

Brian fully intended to write that morning. But when he reached the office he found some extra work— which meant extra money—so he sent her a wire instead. He needed the money. That Ruth might need the letter, never occurred to him.

That night too he dined with Mollie, and then they went to the movies. She had insisted that they eat at a little table D'Hotel place where the dinner was only sixty cents.

"Quite a come down," Brian had said, laughingly, yet in his heart glad that she had proposed it.

"We mustn't spend money every night like we did last night," she had said in a way that made him feel she was looking out for his interests—which she really was.

"You're a good little scout, Mollie! Some girls wouldn't care if they broke a fellow, as long as they had a good time. I made some extra money to-day, hustled Eke the old scratch to make it, too. We'll blow ourselves to-morrow night. Go up on the bus to Claremont or something like that."

"Who said I was going to dine with you to-morrow night? I like the way you dispose of my time."

"I did, and you will, won't you, Mollie. Please take pity on an old married man. Ruth will be home in a few days then I won't ask you dinner, and then had gone home the same way."

"Martyr! you goose! Don't you know I am having the time of my

young life! Of course I'll dine with you to-morrow night!"

To-morrow — Ruth Receives Brian's Message and Worries Over It.

(Continued from page one) ward the Alsne River. French forces have crossed the Alsne at Termes, which they hold and have captured the station at Grand Pre, where numerous prisoners were taken.

BRITISH PROGRESS
With the Anglo-American on the Cambral-St. Quentin, Oct. 10—4 p. m.—(By the Associated Press) The British armies continued their rapid movement eastward despite desperate resistance which they encountered at times from strong enemy rearwards who were trying to protect the main bodies of troops now in flight.

British cavalry, moving astride the Cambral-Le Cateau road captured Le Cateau and moved by it after overcoming enemy machine gun posts, just north of here the infantry many hours ago reached Neuville.

The Germans were in strength on the side of Sales River at this point and used their guns freely, but the town was taken and the Castry, Inchy and many other towns are burning, as the Germans continue their incendiary and destruction.

Other important advances have been made and notwithstanding the enemy's flight more than 2,000 additional prisoners have been taken since yesterday. One army of three participating in the operations took 59 cannon yesterday and more today. The others undoubtedly have done as well.

The Germans are still in full flight but resistance from the rearwards appears to have slightly stiffened, and it is considered not unlikely that the enemy may try to make a stand on the east bank of the Oise and the Sambre canal, running northeast of it.

Already the French first army, operating south of the British have reached the River Meuses, and as they are drawing closer to it northward the British and Americans are approaching it still further north.

SIX HUNDRED LIVES LOST

(Continued from page one) age, but was not permitted to stop to do any rescue work, in accordance with the orders of the British Admiralty. Her passengers counted forty dead bodies floating in the water. Of the twenty-one mail clerks on board the Leinster, twenty were killed outright by the explosion and the twenty-first was blown through the side of the ship, being picked up at sea later.

Sure Relief for Tired Eyes

Eye strain, nerve strain and headaches are quickly relieved by properly fitted glasses. If you are troubled with your eyes, you surely can be helped if you will give us the opportunity of fitting you with the glasses you need.

Our service lacks nothing necessary to give you the very best remedy for defective or impaired vision, ability to fit you correctly, knowledge of what you should wear and a stock of both lenses and mountings.

The Newest American Models
Are Now Being Shown at
LAZARUS' MEN'S STORE
62-64 COLBORNE STREET
Young Men---
We invite you to call, and inspect our new American models in Suits and Overcoats, assembled here for your approval.
These designs are entirely new, and are just now being shown in Canada.
We are the first and only store in Brantford showing these lines. You certainly cannot afford to buy a suit or overcoat before you see these. The styles are distinct, but not loud, and are certainly snappy.
The prices are very reasonable—much less than are being asked in larger cities. We haven't neglected the conservative styles, such as Ulsters, Trenchers, Form Fitters and standard Chesterfields.
Our suits include Belters, Form Fitters, and standard conservative models. Honest cloth, handsome patterns, seasonable and fashionable shades; sizes to suit everybody.

FRIDAY, OCT. 11, 1918

THE SITUATION

No where along a thirty-five-mile front are the defeated Germans attempting to make any stand. British, French and American troops are steadily pressing forward, taking numerous towns and villages and driving in a wedge which seemingly will definitely force the foe from the North Sea area.

It was only fitting that the Canadian Mounted Rifles should have had the honor of first entering Cambrai in view of the magnificent work done by them in that vicinity.

The enemy has again started a murderous campaign on the high seas, a course quite in keeping with his devilish firing of towns and villages in the line of his retreat.

SOME LOAN THOUGHTS

Invest your money in your country; buy Victory Bonds. So good a cause should command our good money.

Remember, you are not giving the Government your money, you are lending it.

Possession of Victory Bonds is an evidence of patriotism and of good business sense.

The safest thing in Canada is a Victory Bond.

1917 Victory Bonds helped to build 3,000 airplanes in Canada.

Reconstruction will cost money which the Victory Loan will provide.

When the soldier stops fighting he does not at once become a producer.

Buy Victory Bonds and keep the wheels of Canadian industry humming.

Canada must bear her own financial burdens; the Victory Loan will help her to do so.

Victory Bond buyers help Canada and help themselves.

5% per cent. is a high rate of interest on such a sound investment.

A Victory Bond may save a soldier's life.

We are fighting in Europe that we may not have to fight in Canada; send your money over.

Do not let your son go down; buy Victory Bonds.

Several Victory Bonds in every Canadian home—that should be the national ideal.

A Victory Bond for the kiddie will be an object lesson in patriotism.

What would Canadian farm products be worth to-day were it not for the Allied fleets and armies?

Make your dollars fight for Freedom.

Victory Bonds help to guarantee the freedom of the seas.

Bonds or bondage, which? Send your dollars to the trenches.

If the Kaiser ruled the waves what would Canadian wheat be worth?

MUST BE REPARATION

The New York Globe points out that when French cavalry rode into St. Quentin the hoofs of their horses echoed in deserted streets.

The German command, learning nothing in mercy or prudence, had canted away the French population. Somewhere back of the line the men capable of physical labor are being driven at the point of the bayonet to build trenches, while the women are at the mercy of the licentious soldiers.

and the old men and children are huddled together in starvation camps. Simon Legree, it seems, is a real person, and his present name is Ludendorf.

The will of the world grows more fixed in a stern resolve. It there is to be a peace of justice, or even an approximation thereto, if justice is not to be a word of mockery and shame, then there must be reparation by Germans for German deeds.

We are dealing with a savage enemy whose mind is open to but one argument—the argument of fear.

The Allies have more than met the Gospel requirements to turn the other cheek. So often have they returned good for evil as to lay on them a share of responsibility for barbarity.

The German government has "been encouraged in the belief that it could do what it pleased." An hour has arrived to remember Bible texts which

teach that there is a limit to non-resistance. It is not comfortable to think that we might have averted another great horror. Emphatic notes should be served on the masters of Germany that if they do not alter their conduct the sternest of punishment will be inflicted. This country hanged the man who committed the crimes of Andersonville. It should let it be known that an impartial inquiry is to be made to ascertain who gave the orders for the crimes of St. Quentin and that all connected therewith will be led to the gallows even though the dangler at the end of the rope is Wilhelm II. For every village and city wantonly destroyed, for every bit of property taken, for every act of illegal cruelty, grim punishment.

It will do no good to raze German cities, but it will do good to put Germans at work to repair the wrong done by Germans. Among the peace terms, if justice is to prevail, must be the stipulation that German hands must rebuild what German hands have destroyed. The chopper down of a fruit tree should plant one as good. To place on the innocent peasants and bourgeois of France the business of restoring their property would be wicked and abominable.

If such notice were emphatically given it is highly probable the Germans would be suddenly educated. If they understood that a couple of millions of Germans are to toil to recreate a status quo ante that two millions of Germans have upset, an immediate reform would occur. The Germans now feel it is safe to do what their British instincts demand. There is indeed need of the Allies revising their peace terms—of opening including therein a demand for complete reparation, and as Germany obviously has not the money to pay them to repair the damage, individual Germans must perform the work. The spectacle of a couple of million rebuilding Germans would make greatly for future peace.

A Shut In—"A Bed Ridden Woman" asks, "What comfort is there in life for a woman in my situation?" I was acquainted with a woman who had been bed-ridden for two years. She could move only as she was moved by others. Her limbs were perfectly useless; she had to be fed like a baby and was just as helpless. "Get this woman was full of sunshine and did an extraordinary amount of good. God more than made up by his grace, for her physical infirmities. With her faith and good cheer she put strength and courage into all who visited her and strong men learned from her great lessons. This is a gracious suggestion for you. Suspicion—"In Doubt" asks "is it ever right to be suspicious?" Suspicion is conjecture with little or no evidence to support it. It is mistrust and doubt, generally founded on evil surmising. It is one of the most contemptible forms of sin. As a rule, it is evidence of wrong doing, for suspicion measures others by its own standard, and the evil which it imputes to others is generally a reflex of its own conduct. Have your own thoughts and life purified and you will not be suspicious.

PRAISE DUE CANADIANS

By Courier Leased Wire. With the Canadian Forces, Oct. 10.—(By F. J. B. Livesey, Canadian Press Correspondent)—In the taking of Cambrai is the sensational feature of yesterday's fighting, but the gallant work of troops in our centre and left must not be forgotten because their success made possible the passage of the canal. The tide that we should drive east from the kick-off to the canal, then swinging down behind Cambrai and this movement it successful could be followed by the penetration of the city. Half-past one "zero," an hour entailing night fighting and a very unusual one on the present open warfare. By the utmost good fortune, the enemy alarmed by the southern advance of the 17th corps, started half an hour after midnight withdrawing his guns from our front, meaning to set them into prepared positions further back before the usual hour of our attacks at dawn. Our kick-off there was an extraordinary fine artillery barrage that caught him in the worst possible condition and our infantry was on his back long before he could make good his new positions. He was swept right through these and across the whole line of the Scheidt Canal, so that we now hold the triangle formed by it and the Senese River. Another push or two like those of the last few days and he will be out of northern France. Canadian brigades engaged in these operations include battalions recruited in Nova Scotia, New Brunswick, French-Canadian, Montreal, Winnipeg, Calgary, Regina and Vancouver. On their left they had very material assistance from the 11th English division, which has done sterling work during the last ten days with the corps.

OBITUARY

INFANT SIMMONS. Mr. and Mrs. J. Simmons, 39 Arthur street, mourn the loss of their infant son, Martin E. Simmons, aged 15 days. The funeral will take place to-morrow to Mount Hope Cemetery.

MISS MAY HYNES. The death occurred at the family residence, James street, St. Catharines, October 7th, of Miss May Hynes, one of St. Catharines' most popular and accomplished young ladies. Death followed after a brief illness of pneumonia. Miss Hynes was well known in Brantford.

Geo. Campion. The death occurred last night of George Campion, son of Mr. and Mrs. Chas. Campion, Wilkes St., aged seventeen years. The deceased leaves besides his parents, two sisters and three brothers, one of whom is in the American Army. The funeral will take place from the parents' residence on Sunday afternoon to Mount Hope Cemetery.

MRS. CHAS. FISHER. Mrs. Chas. Fisher, wife of Mr. Chas. Fisher, one of Brantford's oldest contractors, died yesterday of pneumonia, aged 73 years. Two sons and a daughter are left. Both sons, Percy and Bert, are overseas, one with the 125th and the other with the 36th Battalion. Clara, the daughter, is doing Red Cross work in Chicago. The deceased was a great patriotic worker, having knitted over one hundred pairs of socks for the soldiers.

"OVER THERE." "Over There" comes to the Grand Opera House, matinee and night, Monday, October 14th, direct from its successful engagement at the Princess Theatre, Chicago, where it was staged by Mr. Oscar Eagle by permission of Charles Hopkins of the Punch and Judy Theatre, New York City. With an extraordinary strong cast of players and two catagods of scenery and a working staff of fifteen stage mechanics to set it up. It is in four acts and several scenes, the largest of which is the aeroplane in full flight on the battle front in charge of Captain G. Frederick Campbell, R.F.C., soldier, author and actor, who has been especially engaged to portray a character written especially for him by the author, Howard McEnt Barnes. At all performances Captain Campbell will deliver an interesting lecture on war matters. Over twenty war-plays have been presented to the New York and Chicago theatre goers for their approval and from this number only two have met with success, namely, "Seven Days' Leave" and "Over There."

Thanksgiving meat specials in Davies' ad on page 13.

VELNOR SHAMPOO advertisement with image of a woman and text: '50 CENTS. IN CONCENTRATED FORM. Six Complete Shampoos in Individual Sachets. HENKLE BROS. 116-118 Colborne Street.'

Fruit Pastes or Leathers. To make pastes or leathers cook the fruit until tender and until the pulp are concentrated to the point where they can be spread out thin and dried by slow heat. Then they can be rolled out and cut in stripes. These pastes may be used as a confection in place of candy or they may be revived later by soaking them in water. Bottling Apples Without Sugar. Pare the apples and cut out bruised spots. Quarter, core and drop into slightly salted water. Apples shrink more than most fruits and it is a good plan to blanch them one minute in boiling water. Then place into cold water and pack in sterilized jars. Fill the crevices with hot water. Seal and process for 20 minutes. Apple Sauce. Windfalls and second-best apples may be made into apple sauce by preparing them as for canning. Then pack hot into clean jars to within one-half inch of the top and process for ten minutes. This may be used as pie filling during winter and spring. Fruit Juices and Syrups for Preserving. Fruit juices may be extracted from the fruit and used instead of water. If they are concentrated by boiling to a thick or "thick" syrup, they may be canned or bottled to use in beverages, or as a sauce for puddings and desserts. Syrups made by reducing the juice of grapes, apples or pears to one-seventh of the original volume can be used in preserving, in canning or on the table as sugar substitutes. Use Substitutes for Sugar. It has been amply demonstrated that white corn syrup is an ideal substitute for sugar in home preserving. This product is obtainable at the retail market in 10-pound tins at \$1.25 and 20-pound tins at 30 cents. The Food Board will supply to any-

one a leaflet giving exact directions for the use of white corn syrup in canning or baking. It is generally used in the proportion of two parts of sugar to one of white corn syrup.

The Guinness stout brewery earned millions more last year than ever before the war because of the British Government regulation requiring "the use of vastly increased volume of water." The drinkers of Guinness are no less fortunate than the stockholders. Let the volume of water per barrel increase progressively and Britons will be cured of malt beverage drinking as once were all the male inhabitants in a young mining camp on the top of the Sierra Nevada cured of whisky drinking. There was only one saloonkeeper, and he had only one barrel of whisky and no more to be purchased with gold dust. Every time he drew a glass of whisky he slyly poured into the barrel a glass of spring water artfully colored with brown sugar. When the bewildered miners were getting only a drop of freewater per drink, they declared that they "didn't seem to relish their likker no more" and quit.

Local News

BOARD OF HEALTH.
A special meeting of the Board of Health has been called for to-night to consider the fumigation of public halls and street cars. This will entail an expenditure of about \$400.

TO WAIT ON COMMITTEE.
A deputation of the Boundaries Committee of the Board of Trade will to-night wait on the Finance Committee to present a recommendation.

POWER OFF.
The cars on the Brantford Municipal Railway did not commence operations this morning until nearly eight o'clock. The cause of this was a broken trolley wire on Palmerston avenue.

NO QUORUM.
The Board of Education did not meet last night as scheduled. Long after the appointed hour there were only five members present, not enough for to transact business, and the meeting was called off.

VOTERS' LIST.
The compiling of voters' list is being carried on very rapidly and is about half completed. Five persons are now employed in the work and it is expected to be completed by the end of next week.

NO NEW WORK.
There is little new work being begun by the Board of Works Department at present. The work on the Bruce street storm sewer, which was started over a month ago, is progressing slowly and will be completed in about a week.

LANTERN TALK.
Mr. Axford of the Children's Aid Society gave a lantern talk on the work of the society at Roman Church last night. There was a well filled church and a splendid silver collection was handed to Mr. Axford. Little Miss Kate Axford delighted the gathering with two well rendered recitations.

SMALL BLAZE.
The local fire department received a call yesterday from the corner of George and Marlboro streets, where a packing box had become ignited with the aid of a boy and some matches. The box was unobtrusively close to a frame building, which was just catching on fire when the firemen arrived. A few pails of water quickly extinguished the blaze.

WORKING ON WOOD.
About 175 cords of wood have been cut in the civic yards by the men of the Fire Department. The work is going fine, states Mr. Inger. About 100 men are employed in the wood cutting at present with the prospects that as soon as more adequate accommodation is arranged the staff will be added to. At the city bush most of the wood will be cut in the bush and hauled to the station, while as the season progresses the wood will be cut in the station yards and shipped.

AT HOSPITAL.
There are now sixteen nurses on the sick list at the hospital and the Board of Health will be asked to order that no more cases be sent there as the present depleted staff is over-taxed.

VICTORY LOAN.
The county organizer for the Victory Loan campaign, which opens on October 25th, is now installed in the old postoffice. The work of choosing committees is now in progress and the results will be announced next week.

RUNNING STOCK FARM.
Mr. George Pollitt, for some two years foreman of The Courier composing room, is at present conducting a small stock farm near Kingston, according to word received yesterday. His many friends will be interested to know that his health has improved considerably.

BOARD OF TRADE.
An emergency meeting of the Board of Trade has been called for to-night to consider questions in connection with the influenza epidemic. The questions of hospital accommodation and ways of prevention will be given serious consideration. Following the meeting a deputation will wait on the Board of Health.

AUTOS CRASH.
At about twelve-thirty this afternoon a car driven by C. Beal, in starting off on Dalhousie street, turned into the path of a truck belonging to T. Minter which was proceeding eastward down Dalhousie St. The result was a crash in which the truck came off second best. The axles and springs were broken and wheels bent over.

PARKING CARS.
The parking of motors on Saturday, market day around the market on Dalhousie, George, Colborne and Market Sts. is a practice which must cease, states Chief of Police Slonim. There have been considerable complaints that there was not enough room on the market and henceforth only cars which are loaded with farm produce will be allowed to park on the streets named, on Saturdays.

REGISTER ALIENS.
A dispatch from Ottawa this afternoon says—Ottawa, Oct. 11.—A proclamation will shortly be issued calling all friendly aliens except Americans within the Dominion to register for service. The conventions with the Allied Governments have been practically concluded and the formal call is now understood to be under consideration by the government. The conditions will be practically the same as have been provided in the convention with the United States. Exactly how many men will be available has not been determined.

JAIL STATISTICS.
The report of the County Jail for the twelve months ending Sept. 30th was submitted this morning by Jail Governor Jones. The text of the report is as follows:
Number of prisoners in custody during the year, 149 male and 15 females. Five prisoners were sent to the Kingston Penitentiary and six were sent to the Ontario Prison Farm at Burwash. Six of the prisoners were insane. Of the total prisoners in custody sixty-six were married and ninety-three single. The food of the prisoners was supplied by tender and the daily average cost of rations was thirteen and one half cents per prisoner.

DECIDE FOR YOURSELF.
Here are three men. One needs glasses, one has the right kind, the third sought to save money and got the wrong kind. If you need glasses you can avoid the mistakes made by the third man. Have us examine your eyes, design and make glasses that will meet your individual requirements. Consult us today.

TWO LOCAL MEN KILLED IN ACTION

Lieut. Allan Gray and Pte. James Hone Make Supreme Sacrifice

OTHER CASUALTIES

KILLED IN ACTION
Lieut. Allan Gray.
Pte. James G. Hone.

WOUNDED
Corp. W. D. Hayman
Pte. Leroy Pool.
SHELL SHOCK AND GASSED.
Sergt. A. W. Skelton.
"Killed in action on Sept. 27," was the saddening message received this morning by Mrs. Elsie Hone, 15 Huron street, in regard to her husband, Pte. James Gordon Hone. The young man was only twenty years of age at the time of his enlistment, in the 125th battalion. He went to France with an early draft from the Brant battalion.

Lieut. Allan Gray, Mr. Reginald Gray, a well known resident of Brantford to-day received the sad news that his son, Allan, had made the supreme sacrifice at the front. He was at the account of the Bank of Montreal, Vancouver, when he responded to the great cause and joined the British Columbia Horse. He had seen much fighting and had been previously wounded. A very fine young man in every sense of the word he has met the death of a hero on behalf of the Empire and human liberty. Brantford friends will extend deepest sympathy to the bereaved.

Sergt. A. W. Skelton. Mrs. S. Skelton received official word from Ottawa that her husband, Sergt. Arthur W. Skelton of the 25th Batt., had been admitted to 14th Field Ambulance Hospital suffering from shell shock and gas. Before enlisting Sergt. Skelton ran the 20th Century Bus on the Terrace Hill route. He had been with the 125th Batt., transferring to the 38th some months ago.

Pte. Leroy Pool. According to word received in the city this morning by Mr. and Mrs. Pool of Elgin St., Pte. Leroy Pool had been wounded in action. No particulars have been received as yet. He enlisted and went overseas with the 125th Batt.

Corp. W. D. Hayman. Mr. John Hayman, 37 Mount Pleasant street, received word yesterday that his son, Corp. Wm. D. Hayman, of the 64th battalion, was admitted on Oct. 3 to the military hospital at Eastbourne, England, with a gunshot wound in the left leg. Pte. Hayman went overseas with the 215th battalion.

LAI D AT REST

DR. C. A. JARVIS.
The funeral of the late Dr. C. A. Jarvis will take place on Sunday afternoon from his home, Peel street. The funeral will be under Masonic auspices.

CHAS. FAHREY.
The funeral of the late Charles Fahrey took place yesterday afternoon from the residence of the deceased, Hubert street, to Mount Hope Cemetery. The services at the house and grave were conducted by the Rev. J. H. Simon. The last rites of the Sons of England Lodge were performed over the grave. A large number of floral tributes were received.

GEO. DEMONTMORENCY.
The funeral took place yesterday afternoon of the late George Demontmorency from the residence of his father, Burford township, to Quaker Cemetery, Norwich. The following were the pall bearers: F. McKenzie, A. Miles, D. Simmons, B. Wadd, T. Wadd, W. Fitzpatrick. Many tokens of esteem were observed in the large and beautiful array of flowers.

Pte. W. A. Kitchen.
The body of Pte. Wesley A. Kitchen, who died from pneumonia at Camp Sherman, Ohio, last Monday, was tenderly laid to rest in Mount Hope yesterday afternoon. He was the son of the late Mr. and Mrs. Albert Kitchen of this city, and leaves to mourn his passing Miss Bertha and Mrs. Abbot, both of Brantford, and Mr. Harry and Mr. Clarence, both of this city. Rev. David Alexander, acting-pastor of First Baptist conducted the funeral services at Beckett's Parsonage and also at the grave. The young soldier joined the United States army about 2 years ago, and was born in Brantford in 1890. Much sympathy is felt for the family in this sudden and sad bereavement.

Every Precaution Is Being Taken

Patrons of the Brant and Rex Theatres will be pleased to know that both theatres are disinfected daily as a precaution against Spanish influenza.

Mgr. Moule states that this is done with the approval of the Board of Health and the chances of contracting the "flu" at either of these theatres will be small.

STIFF FINE.
For selling liquor Kazimiri Siri was fined \$200 and costs with the alternative of four months in jail, in the police court this morning. A man had gone in to Siri's place and as he came out he was apprehended by the police and a bottle of liquor found on him. A case of non-support was laid over as was a charge of intoxication against Fred Messingale.

D. J. Barrett, 411 home on Saturday morning for the holiday.

Quarter of Million Huns In Flight From Cambrai

At Some Points, Allied Advance in Past Two Days Has Exceeded 15 Miles.—Progress Still Continues

By Courier Leased Wire.
Paris, Oct. 10.—A quarter of a million Germans are now in full retreat between Cambrai and St. Quentin with the Allies at their heels, according to the battle front reports that came in through the night. At some points the advance has exceeded 15 miles in the past two days.

This forward movement of the Allies is regarded as the first step in the great general retreat of the Germans, which now seems inevitable, and it is doubtful whether General Ludendorff has such fortified positions on the Upper Oise and the Sambre Canal as to permit him effectively to resist the exploitation of the victory of the past two days on the Allied side.

The success in the Cambrai-St. Quentin section of the front was in a large measure made possible by the splendid achievements of General Gouraud's men and the Americans from Rheims to the Meuse. Because of a break in that part of the front would have much worse consequences for the enemy than anywhere else, he concentrated most of his reserves there. General Gouraud not only succeeded in holding them there—in itself a valuable service, but notwithstanding the difficult country and the powerful artificial defences he has made and is continuing to make wonderful progress,

thus enhancing the victory farther west. Yesterday General Gouraud's forces advanced still farther toward the important junction of Vouziers, while the Americans pushed forward and joined the French south of Grand Pre, thus completing the conquest of the Argonne forest.

The result of Marshal Foch's skillful strategy is that the region of Laon and the St. Gobain massif has become so dangerous that the evacuation of this vast and important pocket in the near future seems imperative.

American Airmen.
With the American Forces Northwest of Verdun, Oct. 10—(12.30 p.m.)—(By the Associated Press).—An American bombing expedition, consisting of more than 350 machines yesterday dropped thirty-two tons of explosives on German concentrations in the area between Wavreille and Damvillers, about 12 miles north of Verdun.

In the expedition were more than 200 bombing airplanes, 100 pursuit machines and fifty triplanes. The bombing machines were given splendid protection during the aerial battle which took place during the operation. Twelve enemy machines were destroyed.

The money is yours!

You have earned it.
But—

Will you use it for Canada or against Canada? Will you save your money and help to shorten the War? Or will you buy what you want, go wherever your pleasure dictates, dress as well or better than you always have dressed, indulge such whims as you can afford?

You must choose

The money is your own to do as you like with. But when you buy what you do not need—urgently need—your money actually works against Canada. For, it represents precious materials and labor, both of which are absolutely essential to the army. Your money uselessly spent delays all-important war work—merely for your self-indulgence.

You would not, knowingly, stop the progress of Canada's war efforts. You would not prolong the war. You would not let your money work for Germany. But

it is possible that unwittingly you are doing this very thing.

Remember Canada's need. Let not Canada's sacrifice go for naught. Thrift, self-denial, patriotic privation, give us who stay at home the glorious privilege of a share in the great struggle for human freedom.

Save your money for Canada, and for Canada's fighting men. Save your money to bring nearer that day we all long for—the Victorious end of the War.

Published under the authority of the
Minister of Finance of Canada

Effect of War on Pulpit

FROM seventy-five to ninety per cent. of the future ministry are wearing khaki, handling guns or carrying stretchers.

This is the estimate of George E. Robins in the Christian Guardian, restricting his survey to Canadian Methodists, but implying something of a wider application. The question naturally arising is, "What new contribution will these soldier-preachers make to the college, church, city and country?" Methodism, which speaks in this case, is recalled as a faith that has "always emphasized personal experience," and the writer in the Guardian easily foresees that "the unique personal experiences of the boys during this war will prove an inexhaustible collection." He also sees that "Prof. James' Varieties" will be greatly augmented.

St. Paul's account of his perils will be paralleled, possibly written with additions. Shipwrecked, torpedoed, dangers from mines and airships, gassed, taken prisoner, escaped, punished, with many a sleepless night, in hunger and thirst, in frequent fastings—these things are the lot of our military ministers. Such modern apostles of freedom, bearing on their body the marks of wounds, exhibiting by their physical disability their willingness to suffer for righteousness' sake, will surely make a dramatic appeal to the future congregations. They, indeed, gave their bodies to be burned, gassed, wounded, to be served out to the hungry jaws of the merciless instruments of destruction used in modern warfare. And because they had love it will profit them much. One factor in deciding the contribution they will make is the opportunity they are getting to test the theories of the lecture room in the hall of the War. The theories of the atonement will be viewed in the light of the noble sacrifices of the tens of thousands of young men, throbbing with the hope of a new life, who willingly gave their lives for the world's good and salvation. The question of total depravity will be dealt with as they bear in mind the reappearance of elemental sinners in the hall of war. Christian perfection and entire sanctification will not have the theological confectionery flavor that some protected lives have often associated with these ideas. The problem of suffering will present new aspects to those whose bodies have had to be repaired. The subject of death will be interpreted by those who have had to face it many times, and who have witnessed the grim reaper's operations on a colossal scale.

New points of view cannot fail to be a contribution to life. "A criticism often made of the ministers is that they are too bookish and impractical, out of touch with the business and industrial world. But this massing of men from all stations of life, manufacturing their dress and drill, linking lawyer and laborer, teacher and trainman, farmer and salesman, preacher and pressman, what result will it have? Outward uniformity there is, but it is impossible to standardize the conversation in barracks, tent, and trench. What an opportunity to hear views representative of all phases of life! Graces and virtues, conceptions given with equal candor. The untrained mind's solution of moral problems competing with that of the trained thinker. Each social doctor advertising his remedy for all ills, educational and religious, political and industrial.

The warring probationers will give valuable aid in representing the soldiers' post-bellum reforms and reconstruction policies which should emerge out of this fight. No one expects that events will run like a well-oiled machine when peace is declared and demobilization commences. Prussianism, tyranny, discontent, and intolerance will not die when the hatchet is buried and the pipe of peace is lit. The declaration of peace with Germany will mean starting another offensive against all forms of social injustice. The religious and social leaders who have proved themselves 'over there' will be the ones to go 'over the top' in the fight against all the unprogressive and undesirable elements 'over here.'

"From the trench-trained ministers we can expect unconventional methods and language. The pungent phrases of the boys will be brought into action and used as watchwords and battle-cries. The petty bickerings which unfortunately have characterized some church meetings will be dealt with drastically, for such smallnesses will be intolerable to those who were members of the Allied forces.

The spirit of adventure which has characterized the soldiers' will be gloriously used by those who 'continue on trial.' Those who had a tendency in pre-war days to become ideal dreamers will, by the process of war, be humanized. Is it too much to hope that our fighting parsons will become leaders of a new crusade, mercilessly attacking evil whether it is vested or seen, challenging the Turkish forces of regression and oppression that attempt to make Canada other than a Holy Land?"

Organs in Churches.
Organs have been in use by churches since 650. Emperor Constantine sent a great organ to Pope in 757. York Cathedral, England, and Christ Church, London, possess notably big organs. A great organ at Hazelebeek, Holland, built in the thirteenth century, measures fifty feet in width and 100 feet in height.

Children Cry FOR FLETCHER'S CASTORIA

FURTHER PROGRESS.

By Courier Leased Wire.
South of Cambrai, Oct. 11.—East of Bohain the British are approaching Manhevet and the Ardennes forest, while east of Vaux-Andigny they are drawing closer to Wassigny. From Le Cateau, which was taken after a struggle, the troops are striking in the direction of Bazuel, 2 1/2 miles southeast of Le Cateau.

ITALIANS IN FIGHT.
By Courier Leased Wire.
Bulletin, Paris, Oct. 11.—North of Rheims the French Fifth Army is holding both banks of the River Sulphe and has captured Berris-court. Italians played a brilliant part in the magnificent attack of the fifth army which resulted in the capture of Coucecon and Troyon, south of Laon.

ELEVEN FRESH DEATHS.
By Courier Leased Wire.
Montreal, Oct. 11.—Eleven fresh deaths from Spanish influenza among soldiers sick with this disease were reported to Major-General Wilson, officer commanding this district, this morning. Eighteen new cases were also reported.

ARMY HUTS CAMPAIGN A SUCCESS

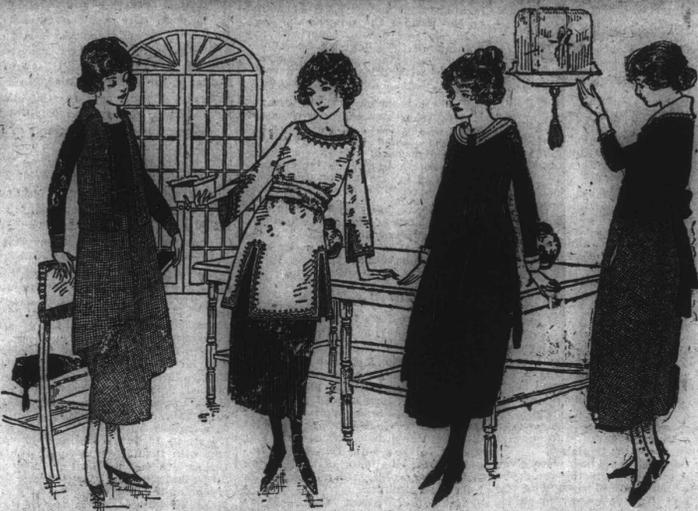

Yesterday Was Best Day of Week, Verdict of Collecting Teams

"The best day yet," was the practically unanimous response of every worker in the Catholic Army Huts campaign, in regard to yesterday's collections. While no report of the day's proceeds was made at headquarters last night, the canvassers are satisfied that a high mark was set, and that the success of the campaign is practically assured. Canvassing is being continued to-day, and some thirty young ladies from the city are in Cardonia, assisting in a tag day there for the benefit of the fund. All those who are missed by the collectors to-day will have an opportunity of giving on tag day tomorrow, or subscriptions may be sent to the treasurer of the fund, Mr. H. T. Watt, at the Imperial Bank.

A telegram was received this morning from Mr. W. F. Cockshutt who is in Winnipeg, wishing success to the campaign, and also stating that he had mailed a substantial check to the fund.

TEACHERS' CONVENTION

The final sessions of the annual convention of the Teachers' Institute of Brant County were held yesterday evening in the auditorium of the Collegiate. Like the opening session held yesterday morning, both were very successful. A large number of teachers of the city and county were present and listened to excellent addresses. The afternoon session was featured by the reading of articles upon the teaching of various important subjects to the children. Last evening a lecture was delivered by Mr. A. Stevenson of the London Normal School. The lecture was open to the public and many took advantage of this fact and heard a striking exposition on "Literature and Life." The ways that literature affects the mind and other important ways in which it is necessary to the teaching of the young pupil were placed before the audience in a vivid and striking way. Other educationists who spoke at the session yesterday were R. R. Jarvis, Miss B. A. Smith, W. N. Bell, D. Paed., and E. C. Kimer. To-day the teachers journeyed to Hamilton, where they are the guests of the teachers of the Ambitious City and will visit the various schools.

ORDER WEDNESDAY GAME REPLAYED

Malleables to Meet Kitchener in Double Header Saturday Afternoon

PLAY AT HAMILTON

If Brants Win First Game, Second Will Not Be Necessary

Once again Brantford has been upheld by the O.B.A.A., and it looks as if the Malleables will yet meet up with the much vaunted Filcrosts in the association finals on Thanksgiving Day. Word was received by Secretary W. Scruton of the Brantford league that Wednesday's game at Kitchener has been thrown out, and that Frank Letchworth will meet the Kaufman team in a sudden death double-header at Hamilton on Saturday afternoon. The first game will be a replay of Wednesday's fracas, and in the event of Brantford's winning it, the second will be unnecessary, but if Kitchener annexes the first encounter, then Malleables will have a chance to come back and cop the series by taking the second game of the afternoon.

It is no pink tea undertaking—not a shade of cerise about it—for the Malleables to enter a double-header with the Kaufman team in anything but his best form. However, the Brants have proven their manhood before now, and are going out tomorrow to grab the first game without taking any chances.

Prize for Locals.
Public opinion is strongly with the Malleables in the unfair deal they received at Kitchener Wednesday. The Toronto News—donor of the O.B.A.A. Trophy—last night said: "Brantford's representatives in the Daily News Trophy series are finding the road to the championship of Ontario rather a rocky one. They had to play four games to get into the semi-finals and then only reached that round by the protest route. With victory almost in their grasp yesterday at Kitchener, they lost in eleven innings as a result of bad umpiring, and as a consequence will have to play a third game. Whether they qualify or not for the finals the Malleables have shown that they are of the stuff of which champions are made. They have played their best games on foreign diamonds. The series has provided keen contention, although on Saturday's games should be clinkers."

From accounts of the game yesterday that have reached Hamilton, Kitchener has no right to be credited with an 8-7 victory. When the trouble arose over the decision at third base in the eleventh inning the players and fans ran on the field. It was then that Toletski scored all the way from second base. The umpire should not have allowed the score. The presence of the fans and players

THAT SON-IN-LAW OF PA'S

(By Wellington.)

Pa's the Real Contributor.

on the playing field constituted interference, and no run can be scored when there is any interference. It is really surprising why the umpires should have stood for the run being scored."

ALLIES PUSH ON THROUGH SERBIA

Continue Vigorous Pursuit of the Defeated Hun

Paris, Oct. 10.—Operations in the eastern theatre are reported in the official statement as follows: "On October 8 the French and Serbian troops continued with great vigor their pursuit of the defeated Austro-German forces in Southern Serbia. The Serbians have entered Leskovatz, taking 500 prisoners. French troops, marching on Mitrovitza, captured in the course of the fighting numerous prisoners and 27 cannon, including 11 heavy guns. The allied forces advancing on Prisrend have put to flight enemy detachments. "In Albania we continue to advance in the direction of Elbasan, driving back the Austrian rear guards."

MUST HAVE LICENSES.
Boarding-house keepers are reminded that they must get a license from the Canada Food Board if they serve fifteen meals a day outside their families. It is illegal not to get the license, and the penalties may be heavy. How are those who omit to get a license to be discovered? Very easily. The grocer must not knowingly serve boarding-house keepers who have no license. He risks having his own license taken away, which would put him out of business. Boarding-house keepers must also obtain sugar certificates to get their supplies of sugar, and the retailer must endorse these at each purchase. Under 45 of the Food Board—which is the law to-day—specifically includes among public eating places private families keeping boarders and boarding-houses, provided, of course, they serve fifteen meals. Retail grocers have been warned individually by the Food Board against breaking these regulations.

Canada's apple crop will be generally better than expected. In both British Columbia and Ontario the crop is satisfactory considering unfavorable conditions. Nova Scotia will have a crop of 400,000 barrels.

PRESIDENT WILSON AND GEN. TURNER ENDORSE HUTS

Work of Catholic Army Huts Association Has Approval of Leaders

The President of the United States carefully weighs his words. With an intimate knowledge of the work of the Catholic Army Huts at the front, he gives it his unqualified endorsement. Here is his message to the association: "I heartily approve your plan to accustom a fund to be spent for the spiritual and moral welfare of our soldiers, and I am very much gratified to know that your effort while born of the charitable impulse of a single church is now a sectarian in its scope and purpose, and intended to confer a fundamental benefit on those whose mental, moral and physical health is our solemn concern."

This week is Army Hut week. Let us show the Knights of Columbus as we have shown every other worthy organization, that the people of Brantford appreciate their good work. GEN. TURNER: Commander of the Canadian Forces in England says: "I wish you every success in your effort to increase the scope of the Catholic Army Huts in the areas of the Canadian forces. I feel they fill a long felt want, particularly among our Roman Catholic soldiers, in providing for their religious welfare. I hope you continue these additional comforts to the men. "The splendid work done by the Catholic Army Huts for God and country. Thousands and thousands of dollars are required to further carry on. As the war progresses the tasks of the Catholic Army Hut become greater. All should show their appreciation of this worthy cause by giving during appeal week. "The cause is a noble one. It is for God and Country."

HORNE PRAISES CANADIAN TROOPS

Leader of First British Army Sends Appreciation to Gen. Currie

By Courier Leased Wire
With the Canadian Forces, Oct. 5. (By J. P. B. Levesay, Canadian Press, Limited.)—(Delayed)—General Sir Henry Horne, commanding the British first army, wired as follows to Lieut.-General Sir Arthur Currie, commander of the Canadian Corps, October 3: "I wish to express to you and the troops my appreciation of the determined fighting of the Canadian corps during the past five days. During this time, Canadian corps, assisted by the Eleventh division and portions of the fifty-sixth division successfully carried through the difficult task of forcing the Canal Du Nord in face of a determined enemy and captured Bourlon wood and the high ground north and northwest of Cambrai. The importance which the enemy attached to these positions is shown by the number of divisions which he has employed and by the violence of his counter-attacks during the last two days. Troops of no less than twelve divisions have been engaged during this period in an attempt to stem the successful advance of the corps. General Currie in his address to the troops, said: "You have taken in this battle over 7,000 prisoners and two hundred field and heavy guns, thus bringing the total captures of the Canadian corps since August 8 to 28,000 prisoners, five hundred guns, over 3,000 machine guns and a large amount of stores of all kinds. Even of greater importance than these captures stands the fact that you have wrested sixty-nine towns and villages and over 175 square miles of soil from the Hun in the short period of two months. The Canadian corps, to which he was attached, the thirty-second divisions for the battle of Amiens, the fourth and fifty-first divisions for the battle of Arras and the eleventh division for the battle of Cambrai, has encountered and defeated decisively forty German divisions—that is nearly one-quarter of the total German forces on the west front. In the performance of these mighty achieve-

ments all arms and branches of the corps have bent their purposeful energies one for all and all for one. . . . Under the lauding protection of Divine Providence, united in a burning desire for the victory of right over might, unselfish in your striving, you are and shall remain a mighty force, admired by all, feared and respected by your foes. I am proud of your deeds and I want to record here my heartfelt thanks for your generous efforts and unbounded confidence in your ability to fight victoriously and crush the enemy wherever and whenever you meet him."

Useful Amusement.
The "lady of the house" was surprised to find that the banisters on the stairs were coated with dust, and accordingly she called Mary Ann to her, and said reprovingly: "Just look at these banisters, Mary! I don't remember them ever having been properly cleaned. When I was at Mrs. Busby's I noticed that her handrails were clean and smooth, as if they had been polished." "Yes, mum," answered Mary Ann, "But don't you forget that she's got three small boys!"

The Busy Boche.
How doth the little busy boche improve each shining minute? He gets out of a salient. As fast as he gets in it.
Just a Division.
An old negro, whose sole means of livelihood was fishing, one afternoon belted his hook and patiently sat on the bank of the stream waiting for a "bite." The great heat and the slowness of the game proved too much for him, and he fell asleep. While he slept an extraordinary big fish took the bait and pulled so that the old fellow, half-awake and in a stupefied state, fell into the stream. "Snakes alive!" he exclaimed, as he floundered about in the water, "an dis yer nigger a fishin' or am dis fish a-niggerin'?"

O'Y

MOUNTED RIFLES FIRST TROOPS TO ENTER CAMBRAL

Canadians Did Splendid Work in Capture of That Stronghold

IN FULL POSSESSION

By Courier Leased Wire.
With the Canadian Forces, Oct. 10. (By J. F. B. Livesay, Canadian Press correspondent) Six troops originally recruited as Canadian Mounted rifles had the honor to be the first to enter Cambrai. It fell to the lot of an eastern township's battalion to lead the way.

Two companies sent patrols across the canal at five minutes past five and established bridgeheads. Half an hour later men penetrated the city to Grand Rue Fenelon and thence made their way into Place d'Armes. Another column crossed over farther up and secured the line of railway on Boulevard De La Liberté. A brilliant attack of six troops in possession of the barracks hospital and gas works by nine o'clock occupied the entire city. A Central Ontario battalion meanwhile worked across the canal lower down and secured the northeast fringe of the city along the line of the Douai Railways. The Canadian engineers established a pontoon bridge over the canal at six o'clock. Much of the operations was due to the very effective counter barrage our artillery laid down on the enemy gun positions.

The enemy held the city with rearguards, which the sudden onslaught of our men rapidly brushed aside.

The Canadian troops pushed out east of Cambrai along the line to the canal. Very brilliant was the first crossing of the demolished railway bridge. Two men swam across the canal, bombed the enemy out of his bridgehead, and then linked arms in the leading line of the company scrambled over and in a short time a practicable crossing was connected up.

The enemy began his evacuation at midnight and as our troops entered yesterday morning fires sprang up all over the city. The Canadians discovered a number of civilians hidden in cellars.

IN COMPLETE POSSESSION.
With the Canadian Forces, Oct. 9. (Delayed)—(By J. F. B. Livesay, Canadian Press correspondent)—Early this morning the Canadian troops penetrated Cambrai and are now in complete possession of the city. Thus is fulfilled the legitimate ambition of the Canadian corps for the achievement of which they have been fighting hard ever since they stormed the Canal Du Nord and took Beaurain Wood on September 27. Even if the Imperial troops who yesterday so gallantly advanced south of Cambrai, had had the good fortune to capture the city, its fall must still have been attributed to the sledgehammer strokes of the Canadian corps, before which the defence of the enemy crumbled.

The capture of Cambrai fittingly crowns the brilliant record of the corps since August 8. Cambrai fell to a night attack. We kicked off at half past one. The morning was pitchy dark, but careful preparations resulted in all the troops getting to their destinations without hitch. Our third division had the honor of crossing the canal and penetrating into the city. The element of surprise assisted in overwhelming the enemy defence in the streets. Once Place d'Armes was reached they spread out over the entire area and by daylight had passed through the city to the southeast, well out on

the Avenue De Valenciennes, while on the southwest they had established themselves at the corner of Boulevard De La Liberté and Forté de Pary.

Some enemy elements apparently were caught between the city and the imperialists further south. Our troops began at once to try and save the city from the fires that broke out at various points. The Allies haven't fired a single shell into Cambrai and these fires must have been of incendiary origin. Meantime our Third Division swept out the east to the line of the Scheidt Canal, securing all bridgeheads as far as Eswards and capturing Morchies, Ramiilles, Biescourt and Quedilliers, with many hundreds of prisoners. Their victory was complete and glorious.

BEHROUT EVACUATED.
By Courier Leased Wire.
London, Oct. 10.—French and British warships which entered Beirut, the chief seaport of Syria on Sunday found that the town had been evacuated by the Turks, says an official statement issued to-day by the British War Office.

STRONG PEOPLE NEEDED
The need for people to be healthy is urgent. Those whom illness has put outside the ranks of robust men and women feel their position keenly. They are handicapped in every walk of life and weak men and nerve-worn women need more earnestly than ever to put their health right and become active and strong. Many who began "patching" months ago, are as ill now as on the day they began vainly tinkering with common drugs. Every ailing man and woman should remember that the ills of debility, nerve exhaustion, indigestion, sleeplessness, neuralgia, and depression come from a faulty blood supply. Worry over-work or other causes have impoverished the blood and left the life-stream impure. The nerves thereby are starving and the whole system is languishing for new blood. In this condition many thousands have won back strong nerves and new health and strength through the new rich blood Dr. Williams' Pink Pills actually makes. In a weak or bloodless condition it is not only a waste of time and money, but also a further menace to your health to tinker with common drugs. Follow the example of so many thousands by giving Dr. Williams' Pink Pills a fair trial, and they will transform you into healthy, active, men and women.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WILSON'S REPLY ONLY PRELIMINARY

Full Statement Likely to be Made if Questions Are Answered

By Courier Leased Wire.
London, Oct. 10.—While expressing belief that general satisfaction is felt throughout the Allied countries with President Wilson's reply in response to the German peace offer, The Daily Chronicle remarks that the note was not intended to be a full and complete statement either of the armistice terms or the peace terms.

"It is not a reply, but a preliminary to it," the newspaper says. "If the preliminary attests the object of a full statement will be made after consultation with the Allies and will naturally embody much more than the fourteen points, which in some respects, are out of date."

Reply Well Timed.
Paris, Oct. 10.—Rene Viviani, former premier, writing on President Wilson's reply to Prince Maximilian in The Petit Journal, says: "The reply was well timed. Had it come too soon it would have permitted the Germans to say that it was not born of wise mediation. Had it been sent too late it might have given them the impression that the Entente nations were divided and had to come an agreement."

After analyzing President Wilson's note, M. Viviani concludes: "If the German designs are honest we shall see it. If they wish to deceive the world—still pray to that mental blemish which makes them consider other men as inferiors—we shall also see it. It is for Prince Maximilian of Baden to speak."

Austria Led Her Allies.
Amsterdam, Oct. 10.—The Frankfort Zeitung in explaining to its readers the reason why Germany asks for peace, says: "After Bulgaria's collapse Austria-Hungary resolved to approach President Wilson with an offer of an armistice with the purpose of bringing about peace negotiations. At the same time a similar step was being prepared in Turkey. Germany thereupon decided to join the movement and Chancellor Maximilian made his appeal to President Wilson."

Hour Given, Says Bill.
Amsterdam, Oct. 10.—Raspor William in thanking the German industrial association for its vote of confidence is quoted by The Cologne Gazette as saying: "The hour is grave! 'We are fighting for the future of the fatherland and for the protection of the soil of the homeland. To that end we need the united action of the intellectual, moral and economic powers of Germany. On the co-operation of those powers our invincibility rests. The will for defence most hind all separate wishes into one great unity of conception. God grant us something of the spirit of the war of liberation.'"

Yield to Lydia E. Pinkham's Vegetable Compound.
Kansas City, Kansas.—"I suffered from pains in my back and side caused by a functional derangement. I was nervous and had headaches most of the time. So many people recommended Lydia E. Pinkham's Vegetable Compound to me, I tried it and after taking six bottles I am well. I do not think the Vegetable Compound can be beaten for women's ailments."—Mrs. L. TIMMERMAN, 3011 N. Hutchings St., Kansas City, Kansas.

Women who suffer from headaches, nervousness, backache, the blues and other symptoms of a functional derangement should give this famous root and herb remedy a trial.

For forty years it has been overcoming such ailments of women after other medicines have failed.

If you want special suggestions in regard to your condition, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of long experience is at your service, and your letter will be held in strict confidence.

PAINS IN BACK AND SIDE
In Halldmand township two little daughters of Mr. and Mrs. Phinley Simpson, aged three and one and a half years, while alone, lost their lives in a fire that consumed their parents' home with its contents.

Follow The Boys Who Follow The Flag

You and every Brantfordite will wear the "five pointed star"—an identification mark that you are not forgetting the boys who are shedding their life's blood that you and the world at large, may be free.

When you draw your hand from your pocket with a coin to give to the Army Huts Association, you will stretch forth a friendly, helping hand far beyond the seas. It will follow the Canadian soldiers right to the battle front; under screaming shells it will reach with comforts, recreation and good cheer for all soldiers, irrespective of race or creed, and for Catholic soldiers, something infinitely more essential, infinitely more appreciated—the means for them to make their peace with God; that they may go across the seething torrents of No-Man's Land, with clean souls.

The great work done by the Catholic Army Huts Association is endorsed by the highest military and government authority, Protestant as well as Catholic, and is deserving of your hearty support. Much has been accomplished; more remains to be done. Your help is needed.

To-morrow as a tag is pinned on your coat and you are about to place a coin in the box, remember that an extra dime, an extra quarter, will bring infinite comfort to some weary soul over there, at a time when he needs it most—when bursting shells scream at him—when suffering and agony are par amount—when death lurks everywhere.

CONFERENCE BANS PUBLIC SESSIONS

Methodist Convention at Hamilton Affected by Spanish Flu Epidemic

By Courier Leased Wire
Hamilton, Ont., Oct. 10.—On account of the epidemic of Spanish influenza which has taken hold of this city, the Methodist General Conference, which is to meet here this week, has decided to hold no more large gatherings to which the general public will be invited. This is the decision arrived at by the business committee and it has met with the approval of the conference, which is somewhat apprehensive lest the medical health office should shut down its sessions altogether. Friday evening was to have been devoted to the public reception of Rev. Hodson Smith, fraternal delegate from the Wesleyan Church of Great Britain, but it is understood that in view of the circumstances, this meeting will not take place. There is also a probability that the thanksgiving service, Monday evening, which was to have been addressed by Rev. Chancellor Howles of Victoria University, and Hon. N. W. Rowell, may have to be cancelled.

A tempest in a teapot occurred in the committee on education this morning when Rev. B. C. Borden, D.D. of Sackville, N.S., principal of the Mount Allison College, accused Rev. James Smythe, D.D., principal of the Wesleyan Theological College, of Montreal, of preaching in his territory in his quest for students. Rev. Dr. Smythe indignantly repudiated the charge.

NEBRASKA JUDGE NOW ENDORSES IT

Hon. B. F. Whittington Has Gained Twenty Pounds by Taking Tanlac

One of the distinguishing features of the introduction of Tanlac throughout the country is the large number of prominent men who have felt it their duty to disregard precedent and come forward with their unqualified endorsements of the medicine because of the benefits they have derived from its use.

The latest addition to the list of prominent endorsers is the name of Hon. Benjamin F. Whittington, Judge of the Rolsto Court, South Omaha, Neb. In relating his experience with Tanlac Judge Whittington said:

"The results of Tanlac in my case certainly seem wonderful to me. Before I began taking it my health was broken in many ways, and I did not know which way to turn for relief. My liver was all out of fix, I was habitually constipated, and bilious. I was so frightfully dizzy most of the time that I could not stoop over for fear of falling. My kidneys were all out of order, and in bad shape, and I had fearful pains in the small of my back. My appetite seemed to be fairly good, that is I could eat, but my food did not seem to be properly assimilated. Sleep failed to rest me, and I felt tired, languid and worn out all the time. I was pale, and not only felt badly but looked that way. I had been in this condition for a year, and was becoming badly worried because nothing seem-

ed to reach my case.

"I had fallen off twenty pounds in weight, as a result of my troubles, but I have gained it all back by using Tanlac, and have never felt better in my life. I decided from what I read in the papers about it to try it, and I felt like a new man before I finished my first bottle. So I went right back for another and so on until I took five bottles, and now I haven't an ache or pain and am feeling great. And, eat, my gracious! I eat like a farm hand, all I can get. I never saw anything like it. I sleep like a log, and get up in the mornings thoroughly refreshed and feel brim full of energy all day long. All the time I was taking Tanlac I was doing three men's work and improving at the same time. Now this is just what Tanlac has done for me, and I gladly give this statement for what it may be worth to others who are trying to find relief."

"Tanlac is sold in Brantford by Robertson Drug Store, in Paris by Apps Ltd., in Mt. Vernon by A. Yoemans, in Middleport by William Podde, in Onondago by Nell McCadden.

Alleging misrepresentation by Norman Barlow and J. A. Smith, of Amherstburg, from whom he bought a grocery business for \$1,500, Capt. S. A. McCormick, also of Amherstburg, was successful in a suit at Sandwich for recovery of the purchase money.

Date of the provincial election in Red Deer has been fixed for October 20. The election is caused by the recent appointment of E. Michener to the Senate. J. J. Gaetz is running as Liberal candidate and F.W. Galbraith as an Independent.

ACTUARIAL SOCIETY.

By Courier Leased Wire
Montreal, Oct. 10.—The Actuarial Society of America convened for its fall session in Montreal to-day. Many members prominent in the profession were in attendance, most of whom are also prominent executive officers of the leading American and Canadian life assurance companies.

The Busiest Line.
"Call Hindenburg," said the kaiser "I did, papa," said the crown prince, "but his life is busy."

As a Desert.
Waiter—"Anything more, sir? A little something sweet?"
Stude—"Yes, you can bring me that girl over there with the black hat."

Used To It.
"Your patient seems to keep up, nurse."
"That's because he's a professional aviator."

Clogged.
"What is the matter with my wrist watch?"
"Badly clogged, lady. You mustn't forget you are wearing it when you powder your arms."

His Master's Voice.
Captain (sharply)—"Button up that coat."
Married Recruit (absently)—"Yes, my dear."

Calet A. Richardson, of Row Sell, County Down, Ireland, fell into a 15-foot-deep construction pit at Deseronto, and was found dead. There was some water at the bottom of the pit, and the calet's head and arms were immersed.

SURNAMES OF HUNS.

Some of Them Are Odd But Appropriate.

Odd surnames are to be found in every nation; but in Europe, for downright eccentricity, vulgarity, obscenity, and unpleasantness generally, the palm must readily be awarded to Germany, in whose directories appear cognomens one can hardly imagine being suffered by intelligent individuals of any nationality.

Very many of these German surnames suggest most unpleasant origin, while collectively they cast a curious sidelight on the mentality of the modern Hun.

For a surname is at once a history, originally designating occupation, estate, place of residence, some particular thing or event that related to the person; or perhaps some physical peculiarity of the original owner—as we see in English names such as Carpenter, Woodville, Blackburn, Podde, Strong, Whitehead, and so on.

In the first place there is Wilhelm II. of Germany, whose family patronymic is Hohenzollern. His English name, cut down all his resounding titles, would be plain William High-taxer.

In the Berlin directory are to be found a clergyman named Brawler, a captain of infantry named Sour-terrillage, and a rate collector who can scarcely rejoice at his name of Murder. We also find a professor of theology named Hatred, and an accountant named Extortioner. Mrs. Wickedvillage is a laundress, Mr. Cowardly is a police official, Mr. Scorn is a cheese-monger, and Mr. Giantcabbage an engineer.

What intelligent Briton, for instance, would care to have inscribed on his or her visiting-card as a surname any one of the following English equivalents for German individual names listed in the Berlin and Hamburg directories: Mandevil, Wooddevil, Squint, Littlebeast, Gizzard, Chitchamountain, Bentscorner, Falsehood, Cat, Buglife, Gooseeye, Mustardlife, Cucumber, Rage, Pot-sprinkler, Doornail, Cat's-elbow, Horse-deceiver, Frothmountain, Panther, Tigerstream, Doublefourish, Scissors-corner, or Skoundrel?

Yet these, and hundreds of others like them, are the patronymics of modern Berliners. Such names uttered among Germans occasion no surprise, afford no humor; they are quite usual. But a German royal duke who bears the farcical title of "Brown Be Silent" is the limit. Such a one figured in the Almanach de Gotha some years ago, and may be there still, for aught I know—or some successor.

Deutschland, in its original meaning, is Heathenland, a name much more appropriate than "Germany"—which would seem to be of honest Keltic origin.

As most of the world knows, Wilhelm II. styles himself Der Allerhochste—the All-Highest. Each time he returns to his capital the fact is announced in the following outrageous and ungrammatical formula: "His Majesty are returned to Berlin. All-Highest the Same Ones (Allerhochst-dieschell) rejoice themselves in possession of a blooming health," etc.

According to the Berlin Press, Wilhelm still enjoys his "blooming health." One is tempted to wonder for how long.

With a record potato crop of ten million bushels in Manitoba and a big crop in New Brunswick to offset a somewhat smaller crop than usual in Ontario and some other parts of Canada, the total yield of potatoes this year promises to be above that of 1917.

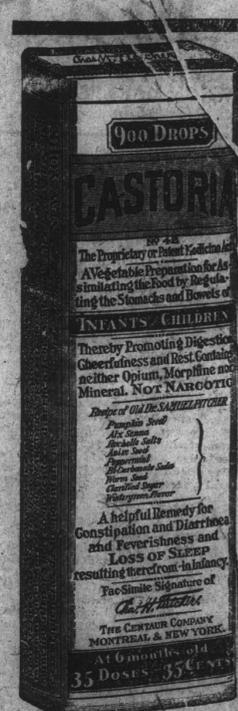

LOSS OF APPETITE is commonly gradual; one dish after another is set aside. It is one of the first indications that the system is running down, and there is nothing so good for it as Hood's Sarsaparilla—the best of all tonics.

"Paper Hangings and Window Shades"

DRESSES

A Most Interesting Array For Women and Misses

Practical Dresses in Jersey Cloth and Serge—more elaborate models in Satin, Charmeuse, Crepe de Chine and Georgette—every one shows dignity of design and vindicates the charm of the straight and slender line. Many are straight from shoulder to hem, others show a Redingote jacket effect, and others have panels at the sides or at the front and back—frequently with heavy fringe trimming.

For the School Girls and Young Business Women we are showing special Dresses in both Serge and Silk, in sizes from 14 years. Simplicity is the ruling note in the dresses designed for the younger women. Apron panels, scarf girdles and slash tunics make for the variation of the straight slim silhouette.

E. W. BEATTY, NEW C.P.R. PRESIDENT Succeeds Lord Shaughnessy, Who Has Resigned

Montreal, Oct. 10.—Lord Shaughnessy has resigned as president of the Canadian Pacific Railway Company and is succeeded in this office by E. W. Beatty, vice-president. Lord Shaughnessy will retain the position of chairman of the board of directors. Sir George Bury retires from his office of vice-president on account of ill-health and is succeeded by Grant Hill, who has been vice-president in charge of Western lines.

The official statement, issued at the office of the company this afternoon, follows:

"At a meeting of the directors, held in Montreal to-day, Lord Shaughnessy, after 20 years of office, retired from the presidency of the Canadian Pacific Railway, although still retaining the position of chairman of the company, so that, while relieved of executive duties, he will continue to serve with his counsel and experience.

"For Younger Men.

"This change is due to Lord Shaughnessy's conviction that, in view of the extensive program planned by the C.P.R. for the period of reconstruction after the war, the

best interests of the company would be served if a younger man were to assume the active direction of so large and complex a system. Although several years older than either of his predecessors were at the time when they retired from the presidency, he decided when war broke out to carry on till the financial horizon should lighten. However, he feels less hesitation in handing over the executive responsibility to a successor, especially to one who has such intimate knowledge of the affairs of the company, who has shown notable administrative ability and who enjoys to a marked degree the confidence not only of the political business leaders of Canada but also of the employees of the Canadian Pacific Railway itself. Mr. E. W. Beatty, the new president, has been vice-president and general counsel and also a director of the Canadian Pacific Railway Company for several years.

"Sir George Bury, on account of ill-health, is retiring from the position of vice-president, and Mr. Grant Hill, who has been vice-president in charge of Western lines, has been appointed in his place.

"The retirement of Lord Shaughnessy from the presidency of the active railway life of one of its most able and respected officials on this continent. Though head of Canada's greatest railway system and connected with Canadian commercial life for many years, Lord Shaughnessy is an American by birth, though of Irish parentage, being born in Milwaukee 65 years ago. He began his career as a junior clerk in a railroad office at Milwaukee in 1852. He joined the C.P.R. as general purchasing agent of the company, in 1912, he was elevated from knighthood to the peerage. In addition to an active railway career, Lord Shaughnessy has given much to Canada in the form of public spirit, patriotism and sound business judgment.

"Mr. E. W. Beatty, the new president, is about 40 years of age. He practiced law for several years in Toronto and subsequently joined the legal staff of the C.P.R., being appointed chief counsel two years ago.

Prevent SPANISH INFLUENZA

La Grippe

or even an ordinary cold by building up your system with a good tonic.

If you allow yourself to become over-tired and run-down, you invite sickness.

THANKFUL MOTHERS

Mrs. Willie Theriault, Paquetville, N.B., says:—"I am extremely thankful that I tried Baby's Own Tablets for my baby. Through their use my baby thrived wonderfully and I feel as if I cannot recommend them too highly." Baby's Own Tablets break up colds and simple fevers, cure constipation, colic and indigestion and make teething easy. In fact, they cure all the minor ills of little ones. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

STRAIGHT FIVE CENT FARE.

By Courier Leased Wire.
Toronto, Oct. 10.—Following a meeting of the Toronto Street Railway directors, Manager Fleming forwarded to the mayor to-day a request that the city cooperate with the Ontario Railway Board for power to charge a straight five cent fare as a means of securing better service.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If your Back hurts or bladder bothers drink lots of water.

When your Kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep you kidneys clean, by flushing them with a mild, harmless salt, which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the wonderful importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jai Salts; take a teaspoonful in a glass of water before breakfast each morning for a few days and your kidneys will set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jai Salts is inexpensive; cannot injure; makes a delightful beverage. It is a water drink everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking and no doubt you will wonder what became of your kidney trouble and backache.

PERSHING'S COMMUNIQUE.

By Courier Leased Wire.
Washington, Oct. 10.—General Pershing's Communique follows:—"East of the Meuse our troops maintained their yesterday's advance in spite of violent and repeated counterattacks and pressed to the southern outskirts of Shyry and into the Bois de Chaux. West of the Meuse against freshly exhausted enemy's main line of resistance between Cunel and Romagne-Montfaucon. In the Argonne forest we have taken important heights south of Marce, and have killed hands with the French at Luncheon."

"Over 2,000 additional prisoners have been taken."

Seven prominent residents of Port Stanley were brought before County Police Magistrate Hunt at St. Thomas on Saturday and fined \$10 each and costs on charges of gambling or being frequenters of a gambling resort in that village.

JAP SHIP U-BOAT VICTIM; 300 MISSING

Hirano Maru Torpedoed Off the Coast of Ireland

200 PASSENGERS

A British Port, Monday, Oct. 7.—The Japanese steamship Hirano Maru, of 7,325 tons gross, has been torpedoed and sunk. It is feared that 300 lives were lost. The Hirano Maru was outward bound for Japan and carried about 900 passengers. The vessel was torpedoed and sunk by a German submarine early on Friday morning when about 300 miles south of Ireland. The few survivors, who were picked up by the American torpedo boat destroyer Sterret, have been brought here. They declare the torpedo struck the steamer in the forward engine-room.

Nothing remained for those on board, including the women and children, but to plunge into the ocean. A large number, however, went down with the ship. The vessel disappeared completely within seven minutes after being struck by the torpedo.

The scene was indescribable. The weather was bad and rather hazy. The cries of the drowning were heart-rending. Everybody had been supplied with life belts, but only the strongest were able to stand the buffeting waves and exposure.

Provisionally the commander of the American destroyer Sterret heard the explosion and steered his vessel for the point whence the sound came. He found the ship had disappeared and he saw a mass of people struggling in the water. There were no small boats available, so the destroyer in the bad weather steamed about picking up those who were still alive. The American ship picked up thirty persons, one of whom died while being brought ashore.

While the American destroyer was engaged in the work of mercy and picking up the men and women struggling in the water the German submarine fired two torpedoes at the warship. Both happily missed their mark. After making a thorough search for survivors the Sterret headed for the submarine, firing several shots and dropping depth bombs.

Rippling Rhymes

THE WAR MACHINE.
The mighty German war machine is busted in the road; the greatest engine ever seen broke down beneath its load. The wise mechanics flock around and try to make repairs; old Hindenburg, he paws the ground, and Chuffer Wilhelm swears. Says Ludendorff, "This blamed old boat will never run again; its loss is everlasting pain, and we are hoodooed man." The ironprinz, smeared with mud and grease, crawls from beneath the car, and says, "Perhaps a plea for peace, just now, would hit the place in fifty miles an hour, all talk of peace gave me a pain, I gloried in its power. But while we mourn my royal coat, which you took to knock on wood, our Jonah's got us now, I wot, and peace looks pretty good." And then exclaims his young wife, "You would not put your war machine in the ditch, but you would not interfere, when you made it disappear." Says Hindenburg, "The motor's works kink-up an awful din; we'll have to telephone the Turks to come and haul us in." The war machine is in the ditch, a sea and ghastly wreck, and Wilhelm mourns, in doleful pitch, the windshield round his neck.

BUT A DEATH SPASM.

Toronto, Oct. 10.—That the move to temporarily relax the prohibition of liquor statutes in order to fight influenza was "but the death spasm of a dying beast," was the way Ben Spence, secretary of the Dominion Alliance, gave his opinion to-day. The secretary said he could not take the suggestion seriously. He pointed out that, at a meeting of the British Medical Association, Sir Victor Horsley and Prof. Sims Woodhead, two most brilliant medical men, said that the administration of alcohol to pneumonia patients caused the death of more than it saved.

LONDON CLEARINGS.

London, Oct. 10.—Bank clearings for the past week were \$2,614,038.

Rev. R. C. Horner, deposed bishop of the Holiness Movement, has betaken himself to the United States, where he has founded a new religion, under the name of the Standard Church of America.

CROSS, FEVERISH CHILD IS BILIOUS IF CONSTIPATED

Look, Mother!—If tongue is coated give "California Syrup of Figs."

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative because it has its pleasant taste and it thoroughly cleans the tender little stomach, liver and bowels without griping.

When cross, fretful, feverish, breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative" and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When his little system is full of cold, throat sore, has diarrhoea, the diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a bottle of "California Syrup of Figs" which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

DON'T NEGLECT YOUR HAIR

To relieve itching of the scalp, falling hair and dandruff, use Vaseline. You will find it far more beneficial to your hair and scalp than prepared liquid shampooing preparations which chemical soaps always prove to contain too much alkali—harsh to the scalp.

that rots the roots of the hair and causes it to fall out. Vaseline is sold by all druggists in a convenient carton and by simply dissolving one of the small packets in a half-glass of fresh water you have an abundance of pure non-injurious liquid that aids in cleaning the hair properly will leave it soft, lustrous and wavy—resistant with all the natural charm it should have.

No Indigestion! Stomach Feels Fine!

No Acidity, Gas, Souring, Dyspepsia

Belching gas, food souring in stomach, lumps of pain from indigestion and all distress from an upset stomach stops instantly. Yes! At once!

No more stomach-ache, adache, Never any indigestion pain.

Pape's Diapepsin not only relieves bad stomachs but it strengthens weak stomachs. Splendid! Costs little—At any drug store.

UPSET? Pape's Diapepsin WILL PUT YOU ON YOUR FEET

FIRE IN HOSPITAL.

By Courier Leased Wire.
Halifax, Oct. 10.—Two officers are reported killed and several others were injured in a fire which destroyed the officers' quarters at base hospital No. 3 early to-day at Colville, three miles from here.

The fire was confined to the officers' quarters and did not spread to the main hospital building. Captain Warren T. Walker, quartermaster, is reported to be among those burned to death. Among the injured are Lieutenants Fraser and Schmanski, both being badly burned.

W. A. Shopper, of Moose Jaw, Sask., when taking a loaded gun by the muzzle from a motor car in which he had just returned from a hunting trip, was instantly killed.

HISTORICAL CITIES

IN BATTLE AREA

Cambrai is Ancient Fortified Town with Many Fine Old Buildings

Interesting facts about some of the cities of France and Belgium, which are involved in the present intense fighting are as follows:
Cambrai, which has been set on fire by the Germans, is an ancient fortified city of French Flanders which previous to the war had a population of 23,000 inhabitants. Though most of its finest buildings were destroyed during the French revolution, it has a magnificent cathedral, a handsome townhall and a library of 45,000 volumes. Cambrai was an important city at the time of Julius Caesar, and for a considerable period was under Roman rule. It belonged to France since 1675.

St. Quentin, which formerly had a population of nearly 50,000 people, is situated on the River Somme. It was at this city during the war of 1870, that the French suffered a terrible defeat at the hands of Gen. Koeben. St. Quentin has a richly decorated church, which was built during the 15th century and has important manufactures of cotton and woolen stuffs.

Lille, a large fortified city of French Flanders, which had a population of about 350,000 people, and though now in the hands of the Germans was one of the most beautiful cities in northern France. It is richly furnished out with many open squares and squares. It has a number of handsome churches and many other beautiful structures including the Porte de Paris which was built during the 17th century in the form of a triumphal arch to commemorate the union of French Flanders with France. Lille is rich in art, has several universities and a public library of 190,000 volumes. It holds a prominent place in the textile industries of the world.

Laon, historical through the victory of Blucher over Napoleon, is situated on the River Aisne, 57 miles from Paris. It is a first class fortress and has an important place during the middle ages. The cathedral of Laon was built during the 11th and 12th centuries and is one of the most interesting churches in France. It has a population of about 10,000.

Ghent, which has an uncertain origin, is first mentioned as a town in the seventh century but acquired no importance till the twelfth century and at the end of the thirteenth century had reached the height of its importance being then much larger than Paris. In the bloody feud which agitated Flanders up till the middle of the fourteenth century Ghent took a leading part. It suffered much during the aggression of Louis XIV, the campaigns of the Duke of Marlborough and the French revolution. Its population is about 50,000. It acquired its name from the number of bridges about 50 in number, which crosses its canals. Many fine churches, which contain masterpieces of art are to be seen in Bruges and the town hall has a library of 100,000 volumes.

Dinant, is a small town of West Flanders, Belgium, with a population of about 4,000 and outside of the present war has taken no outstanding place in history.

Music and Drama

THE REX.

Rex theatre, and feature programs are commencing to be synonymous terms, but the splendid bill offered for the present week-end is of a calibre such as not even the Rex is often able to offer. The Spanish Gold, into, novelty entertainers, have a refined costume vaudeville offering, with an abundance of pleasing musical numbers. Ethel Clayton, appears in her first Paramount picture, "The Girl Who Came Back," which has proved so popular of late. The story of "The Girl Who Came Back" is that of a girl reared in an atmosphere of misery, "Riddle Gawne" redemption. Miss Clayton's striking beauty and unusual dramatic ability render her well fitted for such a role, and she has the support of a strong cast. The picture is seen in the Rex ranks as one of its cleverest comedies, "The Cure" and it is a cure for worry of any kind. The latest episode of the western serial, "A Fight For Millions" is a popular attraction. The Rex theatre is disinfected and ventilated daily, and patrons have no fear of the "flu."

THE BRANT.

There is a peculiar, rugged virility about William S. Hart's pictures which seems to give a certain character to his work. He has taken the similarity of their themes, Hart as a Western gunman is a character who seems never to lose public interest. So it is in "Riddle Gawne," his latest attraction picture, in which he is seen at the Brant the last of this week. Katherine MacDonald is the girl for whom he forswears his conventional hatred of mankind in the fifth reel, this time after he has avenged the murder of his younger brother. The picture is specially elaborate as are all his productions. The Myrtle Prince picture, which is a pleasing musical offering, in which they introduce a number of popular songs. Pearl White and Antonio Moreno are seen in an episode of the mystery serial, "The House of Hate." On Saturday the Brant will present the first of its double-feature matinees, with Earle Williams in "A Diplomatic Mission," an extra attraction. Mr. Williams has taken all possible precautions against influenza, the theatre is disinfected and ventilated daily, and patrons are assured that there is less danger of disease there than on the street.

AT THE GRAND.

"The Bird of Paradise," which will be seen at the Grand Opera House, Friday, Oct. 11, Richard Walton Tully, the author, presents an alluring tale of intrigue and adventure. The picture is carefully selected. The period is in the early '30's. Luana, a native princess falls in love with Dr. Wilson, an American who has come to Hawaii for the healing of his wife. Instead, he marries the little girl and gradually sinks lower and lower. Mr. Morasco, under whose direction the piece is produced, has collected a never-seen-before cast. Rita Romilly, a nineteen year old actress of exceptional ability. It's a big play that grips the heart and brings the soul in the voice. Richard Walton Tully has spent years on the water of the South Pacific and the claim is made that the tropical atmosphere of our distant island possession is faithfully reproduced in "The Bird of Paradise." Cliver Morasco's stage settings have received unstinted praise for their truthfulness. A native Hawaiian band of singers will sing the relative ballads and other songs of the South Sea during the action of the play.

When the author of the popular song which tells us to pick up our troubles in an old kit bag and "Smile, Smile, Smile," conceived this gem of musical and lyric effort, he evidently had in mind the latest of the "Father" series of cartoon plays. Complete and brilliant of fun which has no limit and which somehow wends its life one long ray of sunshine and happiness, this triumph of modern American humor, wit, wit, wit and sarcasm will be the next attraction at the Grand Opera House, Sat., Oct. 12. Matinee and night with the customary readiness. To dwell on all good things contained in this unusual concoction of joy, laughter, and innocent hilarity, would take more than ordinary space to enumerate. Suffice it say those who have enjoyed the previous adventures of "Father" and his illustrious family will undoubtedly acclaim the latest account of his side-splitting doings at the Grand Opera. Manager Gus Hill, who took "Father" from the pages of the newspapers and placed him on the stage, has selected a company of capable people to make the new world-famous comic something to conjure with. Upwards of fifty artists are employed including John E. Cain, the creator of "Father." Let it be the original "brother" Eugene Newcomb, a chic and intimate comedian and a champion beauty, singing and dancing shows of versatility. Catchy songs, infectious music, gorgeous costumes, features, high class specialties, and elaborate scenery are promised. We have the assurance of Mr. Hill that it is a great show. As he has always kept his word in the past, it is dollars to doughnuts he won't fall us now.

CANTONMENTS DOMESTIC.

By Courier Tensed Wire
With the American forces north-west of Verdun, Oct. 10. An American bombing expedition consisting of more than 350 machine yesterday dropped thirty two tons of explosives on German cantonments in the area between Wavreille and Desluis, about twelve miles north of Verdun.
