## Firemen's Difficulties Settled Up With Quickness and Despatch By The City Council Last Evening

### Council Changes Its Mind About Union Affiliations—Special Committee's Re- port Passes With Only One Dissenting Voice—Other Reports Presented.

The City Council last night settled the firemen's union question. There was only one dissenting voice, that of Ald. McLean, who when he found the firemen were to retain their affiliation with the International Firefighters Association thought they should be allowed to be connected with the local Trades and Labor Council as well.

The special committee appointed regarding the firemen reported:

"In view of an understanding arrived at as between the city council and members of the St. Catharines Fire Brigade whereby the latter have made it clear to the former that they are jointly and severally agreed that under no circumstances or in any manner will they, the firemen, be a party to or participate in a strike of any nature whatsoever and

"In view of the fact that the firemen have met the wishes of the council in regard to affiliation with the local trades and labor organizations and in view of the fact that the firemen from the local Trades and Labor Council. And

"That it is agreed and understood that the City Council will not recognize any Union whatsoever of the members of the Fire Brigade or of any other department of the civic service.

It is therefore recommended that the resolution of this Council of January 26, 1920, moved by Ald. Veale and seconded by Ald. McLean be rescinded.

Ald. McLean asked if the firemen were still affiliated with the American Labor Union—the International Firefighters Association.

"This is a report agreed on at the conference held the other night," said the Mayor.

Ald. Avery moved the adoption of the report.

Ald. Dakers said he was a member of the special committee but had not been consulted with reference to the report. He thought it was a committee of the whole Council should have been called in for consultation as to the report to be brought in.

The Mayor explained that it was understood the report was to be prepared at his own dictation. Everything possible had been done to bring about a settlement satisfactory to every member of the Council.

Ald. McLean said he would have to oppose the report. His and Ald. Veale's resolution had called on the firemen to withdraw from their affiliations with the Firefighters Union. They had not done so.

Ald. Murphy seconded Ald. Avery's resolution for adoption of the report and that threw it open to discussion. Ald. Veale had a few observations to make. He said nothing authentic had been offered by the firemen until the conference. At that conference the firemen present had agreed to an agreement not to strike or participate in a strike. He considered this absolutely binding. He saw no reason to keep them from Canadian affiliations as the Council did not wish to any further humiliate the men of the fire brigade. He felt quite satisfied to support the report.

On the suggestion of Ald. Graves, Ald. Avery withdrew his resolution and allowed Ald. Veale to move it. Ald. Murphy continued as seconder. Ald. McLean thought if the firemen were to be allowed to belong to the

ALD. F. H. AVERY, Chairman of the Fire and Light Committee, who has strongly supported the local firemen in their efforts to retain membership in the Fire Fighters' Union.

American affiliation they might as well be allowed to belong to the local Trades and Labor Council.

Ald. Veale read a ruling of four eminent Judges of the Supreme Court of Canada, as follows:

"In our opinion the Police of any Municipality should not be at liberty to form an Association of its members, for their mutual benefit and protection, or, why such an Association should not affiliate with other like Associations in the Province.

"It is, however, in our opinion improper, that the members of a Police Force or an Association, if its members should be affiliated with any Labor Organization or other outside body."

He also read the pledge of the firemen:

"It shall be deemed inadvisable to strike or take active part in strikes, as our position is peculiar to most organized workers, as our position to protect the lives and property of communities in which we live in case of fire or other serious hazards."

Ald. Graves said the firemen had met the Council in every fairness and he would like to see the report passed unanimously.

Ald. McLean on the report asked for the yeas and nays and all voted for the report but Ald. McLean, who stuck by his guns.

The Board of Works through Ald. Dakers reported recommending that the request of the Bell Telephone Co. to erect 5 poles on Manning Street between Niagara and East Streets be granted without prejudice to the City's interests and that the City Engineer be and is hereby instructed to supervise the location of same.

"Your Committee further recommend that the team, harness and two waggon belonging to the Park and Cemetery Committee and used at Elmwood Cemetery be transferred to the Works Department and that the sum of \$450 be paid the Park and Cemetery for same.

"Your Committee further recommend that the application of McSween and Company to transfer the electric sign from 305 St. Paul street to 45 Geneva Street be granted provided

### Supreme Council to Tackle Rate of Exchange Question

LONDON, Feb. 24.—High prices, necessities and the rate of exchange will be taken up soon by the Supreme Council in conference with the financial experts. Today's decision is separate from the earlier London decision to call the Finance Ministers of the Powers together for a discussion of the financial situation of the world.

It is believed that the members of the Council have not determined what the Council might do toward stabilizing exchange and reducing the high prices, and will not reach a decision until they hear what the experts have to say.

The proposition to take up the financial matter came after Russia had occupied most of the day's discussion in this connection it is considered not unlikely that the members took under advisement the demand of most of the British newspapers that some settlement with Russia is necessary in order to reduce prices. It has been pointed out that if Europe could get food and raw materials from Russia it would cut down purchases in the United States against the adverse exchange.

In dealing with the Russian question today, the members of the Council are represented as recognizing an entirely different state of affairs than when the question was last discussed at the Paris meetings.

### Dr. Kister is Suing the N. S. & T. R. For Damages of \$5,000 As a Result Of His Accident Last November at Falls

At the Supreme Court which opens next Monday before Mr. Justice O'Grady there is a large docket of civil cases to try.

Dr. Earl Kister of this city asks \$5,000 from the Niagara St. Catharines and Toronto Railway Company for injuries received last November when his auto was struck by an electric car, at a crossing near Niagara Falls. The car was practically ruined and he himself received severe injuries.

Annie Bird, widow of the late W. G. Bird, sues the New York Life Insurance Company for \$1,000, the

value of a policy on her late husband's life, taken out in August, 1916. The Company claimed that the policy lapsed and when he applied for reinstatement Mr. Bird did not correctly answer the questions put to him as to his health. He died a year ago this month.

Two suits are being brought against John Clarkson, a farmer living near Brantford. It is claimed that his auto on the 4th of last September collided with a truck in which Harriet Hennings of Winona; Daniel Miller and wife and Marjorie Lee of Stoney Creek were driving. All were more or less injured. Mrs. Hennings asks for \$5,000 damages; Miller \$3,000; his wife \$2,000, and Mrs. Lee \$5,000.

Guiseppe Pellegrini sues Gracinto Canassi for performance of a certain land transaction or payment of \$1,000 damages.

Murray King of St. Catharines asks Hedley Phipps also of this city to pay him \$5,000 damages for injuries received when Phipps' auto collided with King's motor cycle on St. Paul St. last September.

Mrs. Eliza Whitten brings suit against A. F. Burtwell asking \$3,000 for injuries her daughter Louise received last May when on crossing Chaplin avenue the little girl was run down by Burtwell's auto.

It is understood several more cases may be entered for trial.

### GIRLS SPORTS CLUB RIFLE TEAM HAS A SUCCESSFUL SHOOT

The rifle team of the Girls Sports Club met at the Armories last night for a shooting match. The three highest scores were made by Miss Jenner, Mrs. Bramah and Miss McBeth. Collegiate rifles are being used but it is hoped to get military rifles soon.

The Girls Sports Club has about 75 members and various pastimes are indulged in such as snowshoeing, rifle shooting, etc.

### THE WEATHER

TORONTO, Feb. 24.—Pressure is relatively low along the United States Atlantic coast and in the Ottawa Valley and highest in British Columbia and the north Pacific States. Light snow falls have occurred from Ontario to New Brunswick. The weather in Canada on the whole has been moderately cold.

FORECASTS—Moderate to fresh west to northwest winds, local snow flurries, but generally fair and moderately cold today.

ALD. JAMES DAKERS, who has resigned as a member of the Fire and Light Committee of the City Council.

FRANK GREENLAW, M.P.P. for St. Catharines, who is attending the conference of Labor members of the Legislature in Toronto.

### Was Trying to Carry Wine Home Without the Jug

James Riley pleaded not guilty today in police court to having liquor other than in a private house. A stone jar of wine and a tin cup were the court exhibits.

Policeman Shannon stated that he and Chief Greene found the evidence in the store where Riley works.

Riley explained that he had intended to take the wine home, but unfortunately he had sampled it first. He had gone into the store to feed a kitten.

"He evidently intended to take the wine home without the jug," suggested Chief Greene. "He had an awful load on."

Riley said he hadn't bought the wine.

"You come back Thursday morning," ruled the Magistrate.

### The Retailers Must Lower Meat Prices

#### U. S. Attorney General Says Wholesale Prices Have Been Falling. But Retail Prices Have Been Kept Up.

CHICAGO, Feb. 24.—Retail meat dealers throughout the U.S. must reduce their prices as the wholesale price of meat declines or else submit their books to Federal agents for investigation of their profits.

This definition of the Government's attitude was announced yesterday by Attorney General Palmer. Instruction to serve the notice on all retail meat dealers have been sent to every United States District Attorney, he said.

#### Claimed Old Stock

"For three months the price of meat has been falling," said Mr. Palmer. "The retail dealers have claimed that their supplies were old stock purchased at the higher prices. The old stocks should be exhausted by this time and unless the price to the consumer comes down we will have to look into the question of the dealers' profits."

Mr. Palmer's pronouncement on the meat price situation followed the publication by the Institute of American Meat Packers of a bulletin announcing the practical cessation of foreign trade as a result of the adverse exchange situation. Wholesale meat prices at the Chicago yards dropped—to pre-war levels for some grades—following the publication.

#### CARD OF THANKS.

Mr. and Mrs. W. H. Pierson of 47 Chaplin Avenue desire to express their gratefulness to their many friends for the kind evidences of sympathy shown during the bereavement occasioned by the loss of their son, f 24

Peter Biggar was seized with a stroke on James Street last evening and was removed to the Hospital.

## BIG ENTENTE POWERS TO CONCLUDE PEACE WITH SOVIET RUSSIA

### General Discussions Will Take Place in March, Germany Believes—Poland to Be Put Forward in Whole Matter as Intermediary—Britain Behind Polish Government's Programme.

BERLIN, Feb. 24.—The Nationalist

Deutsche Zeitung declares on authoritative information that general peace discussions by all the European great Powers with Soviet Russia will take place in March, and that Germany will associate herself with these negotiations. The foregoing is said to be admitted by the German Foreign Office.

It is positively asserted that the conclusion of preliminary peace terms is impending. Poland is to be put forward in the whole matter as a peace intermediary. The Polish Government will propose a general discussion with all the powers concerning the establishment of peace, and also will make a proposal in matters of principle.

The Deutsche Zeitung adds it is certain that the British Government is behind the Polish Government's already completed peace program.

### NO MORE INFLUENZA LIKE LAST SCOURGE

CHICAGO, Feb. 24.—The opinion that America will never experience another influenza epidemic as serious as the last was expressed by many physicians from all parts of the continent who gathered in Chicago yesterday for the American Congress of Internal Medicine. Reports on the progress made by medical science in treating influenza and data on the isolation of the germ, will be presented during the six day session.

### CALGARY BEATS TORONTO IN PRICE OF HAIR CUT

CALGARY, Alta., Feb. 24.—Calgary hair cuts will cost 75 cents on and after March 1. Plain shaves will cost 25 cents, but if the neck is given the edge of the blade, ten cents will be added.

### NEWS BRIEFS

Bowmanville business men have organized a Chamber of Commerce.

R. B. Morden of Belleville died of pneumonia after a week's illness at the age of 74.

Kincardine ratepayers carried by 204 to 6 a bylaw to expend \$40,000 on Hydro electric power.

A school of women voters has been opened at Chicago at which lectures will be given on "citizenship."

The Prince of Wales presided at the annual dinner of Cornishmen in London. The Prince is Duke of Cornwall.

Kitchener Council will finance \$350,000 of the cost of the new Collegiate and Technical Institute, to cost \$565,000.

## Council Decides Not to Send Delegates to the Waterway Convention at Buffalo March 1

Mayor Lovelace has received from L. Burpee, secretary of the International Joint Waterways Commission, a notice that the commission will hold a public hearing in connection with the St. Lawrence Deep Waterway Investigation, at Buffalo, on March 1st. This will be merely a preliminary hearing to give the commission a general view of the problem. At a later date further hearings will be held at different points east and west, on both sides of the boundary.

Circular letters as to be sent out to interested parties asking for a brief statement of their views on the suggested waterway.

The Mayor referred to the matter last night at the Council meeting and as the vaccination restrictions are still on at the Border he said it would be scarcely worth while for the Council to name any delegates as they would probably not be allowed to cross the line.

It was suggested that W. B. Burgoyne might attend the meeting he having been vaccinated.

Ex-Premier Asquith who is seeking re-election in the constituency of Paisley, Scotland.

## Will Not Be Ready For Some Time to Come

There is little prospect of the two new public schools being ready for use for some time to come, Secretary McBride of the Board of Education stated this morning, as the two buildings are still in a very unfinished state.

The contractors are working hard with every available means, but there is much work yet to be done before the two schools can be opened.

### FORTY MORE CASES OF THE "FLU" WERE RE- PORTED YESTERDAY

The visitation of Spanish Flu is not on the wane in St. Catharines as yet apparently. Yesterday no less than forty new cases were reported by the doctors in the city. The disease does not seem to be of a very serious form.

**THE FIREMEN'S DISPUTE**

In reaching the conclusion on which the report was based and passed at its meeting last night, the City Council conceded to the firemen the right the latter claim to organize. There can be no other interpretation and the men may, therefore, be said to have won the principle for which they contended. At the same time it is not evident that the Council would have been justified in continuing to hold arbitrary ground when the position they first took was not legally tenable. In other words what The Journal has pointed out before still seems to be the case that while it is legal and legitimate for civic employees to organize into a close society the necessity and wisdom of such a course is not apparent.

However as the men had the ruling of the Bench in their favor to the effect that they are entitled to organize a union if they wish to do so, there was little to be gained by the Council in insisting on the enforcement of a resolution requiring disorganization. To have demanded that such resolution be carried out might have created an embarrassment which is not welcomed and which would cause much more feeling among citizens than has already found expression. It must be evident now that new Councilors going into public office

**WANTED**  
Lady book keeper or substantial age, to assume the management of office of our Owen Sound Store (retail dry goods). Must be fully experienced in book keeping, banking, etc., and would prefer some customs experience. This is a very comfortable position in point of management and in a bright up to date office. Owen Sound is desirably located on the Georgian Bay. Apply stating experience, age, salary, etc to G. B. Ryan and Co., Guelph

should exercise much caution and fore-sight in dealing with such problems. There is a great deal to learn in the transaction of municipal business and those who move slowly are likely to move wisely. Many rules and practices permissible in private business are inexpedient in public administration, as all must admit who have had any considerable experience in office. The whole incident will serve to teach, not only those who represent organized bodies, but members of the Council as well, that the best way to settle many of these knotty problems is to keep them away from open Council till they are amicably arranged, and if a word of advice will not be spurned it may be said to the three men who were elected on the soldier-labor ticket that the less they endeavor to appear as class representatives in the Council the more likely they are to get measures through and keep the good will and respect of all tax payers. The suggestion of a separate political force in a municipal Council, however sincere its advocates may be, is usually irritating to others who go in without being under political or partisan obligation.

Another feature of the settlement may be regarded as an important one, namely that the men have signed pledges not to go out on strike. It was the fear, no doubt, that such a thing might happen that probably actuated the majority of the Council in taking the position that they would not stand for a union. Any occurrence of this nature might jeopardize the lives and property of citizens who are paying to maintain the fire department.

The policy of the Council not to recognize the union as such is consistent with the rights of an administrative body, even though on the other hand it has no legal power to enforce disorganization. The firemen are citizens and taxpayers. They are entitled to a living wage and to fair conditions and now that the union controversy has been disposed of no doubt they will try to measure up to the best standards set by the organization to which they belong and, also, keep aloof from any entanglements that might cost them public confidence.

**Firemen's Differences Settled Up Quickly**

(Continued from page one.)  
The firemen are citizens and taxpayers. They are entitled to a living wage and to fair conditions and now that the union controversy has been disposed of no doubt they will try to measure up to the best standards set by the organization to which they belong and, also, keep aloof from any entanglements that might cost them public confidence.

Ald. Murphy for the Parks, Cemetery and Civic Improvement Committee reported that the following tenders were received for the rental of Elmwood Cemetery for the year following March 1st, 1920, and for the purchase of chattels:  
J. D. Buchanan, \$1015 rent of farm \$600 for chattels.  
R. N. Buchanan, \$850 rent of farm \$655 for chattels.  
L. C. Gray, \$1050 rent for farm, \$550 for chattels.  
(Continued on next column.)

Thos. Nihan, Jr., hot bed sash and frames \$105. For the horses and harness \$300.

Your Committee therefore recommend that the tender of L. C. Gray in the sum of \$1650 for the rental of Elmwood Cemetery farm for the year following March 1st, 1920, be accepted with the following provisions:

- 1—Rent is payable in three equal instalments due on July 1st, September 1st and December 1st.
- 2—The lessee agrees to replace one half acre of strawberries with another half acre of strawberries for the following year.
- 3—The lessee further agrees to fall plow the land and leave same in the condition he finds same on taking possession.
- 4—The City will pay taxes which may be levied on the farm.

The City Solicitor was requested to draw a bylaw to authorize the execution of this lease.  
Your Committee further recommend that the tender of Thos. Nihan, Jr., in the sum of \$105 for twenty hot bed sash and four frames be and is hereby accepted and that the tenders for the remaining chattels be not accepted but that the team, harness and two wagons be transferred to the Works Department for the sum of \$450.

Your Committee considered the communication from the Secretary of the Park Board of Waterloo, Ont., asking that a delegation be organized to meet a Committee of the Provincial Government, to secure legislation to have the rate for Park purposes increased beyond the present rate of one half mill and Your Committee recommend that they be authorized to appoint a delegate to attend such conference and that the expenses incurred be and are hereby authorized to be paid by the Treasurer.

Your Committee report that the estimates for the year are completed and ready for submission to the Finance Committee.

All the reports were passed.  
W. G. Jamieson, the city auditor, wrote asking for an increase in salary.

The G.W.V.A. requested appointment of a returned soldier on the Housing Committee.

A letter came from the Electrical Workers protesting against the Council's action with reference to the firemen and their union.

Charles T. McBride sent in his resignation as assistant City Clerk.

John Morrison, city clerk of Woodstock, Ont., wrote suggesting that municipalities try to have the 25 mill limit raised.

Residents of the Western Hill to the number of 27 asked to have Lisgar Street extended from St. Paul St. to Hainer Street.

Ald. Dakers tendered his resignation as a member of the Fire and Light Committee.

William Elliott was appointed tree inspector at a salary of \$300 a year.

A resolution by Ald. Riffer and Rose asked the Hydro for a report on the taking over of the N. S. and T. R. It passed unanimously.

W. D. Graham was appointed to the Court of Revision.  
Mayor Lovelace and Ald. Dakers were named as delegates to see Premier Drury Wednesday of next week.

**Twice Born Men**

ONCE he was a professional man. Drink, induced by trouble, paralyzed him. He dropped to clerk—warehouseman—race track tout—thief—vagrant. His wife and children were forced to leave him.

AND then—

ONE night at an open-air meeting God got hold of him.

HE came to the Hall after the meeting—penitent, confessing. Next day he started paper sorting—worked conscientiously and began to regain his self-respect. Very soon a good position was found for him.

TO-DAY he and his family are happily re-united, and he is office manager of a large firm.

HIS testimony is—"God got hold of me and with the help of the Salvation Army He has kept hold of me."

**308 Services Posts in this Territory. Use them!**

with reference to the Provincial Highway. The St. Catharines delegation will join one from Hamilton.

The appointment to the Housing Commission will be made at the next meeting.

Ald. Dakers spoke with reference to his resignation from the Fire and Light Committee. He said he didn't think the Committee as at present formed would accomplish anything.

He referred to the gentlemen's agreement made at the conference in the fire hall not to give out anything regarding the meeting, yet next day The Standard came out with a full report. He wished to say that he had not given the information and he would like it put up to every member of the Council.

The Mayor said as there was no resolution he could not allow discussion.

Ald. Dakers individually asked each Alderman if he had given out the information. They all denied giving out anything but Ald. Avery and Graves who said what they had said was in The Journal. As for what appeared in The Standard every Alderman denied it positively.

Ald. Dakers wished to question the

EX-PREMIER HEARST, representing Canada on the International Waterways Commission, which has been taking up the question of deepening the St. Lawrence and other channels to allow passage of ocean going vessels.

**THE VANCOUVER EXPRESS**  
for  
Winnipeg, Calgary, Vancouver  
Passengers for Western Canada will find the "Vancouver Express" from Toronto, 10 p.m. daily via Canadian Pacific, a most convenient train. It stops at and connects for all principal points.

reporters but the Mayor said that would not be in order.

So after questioning the aldermen the matter dropped.

Ald. Veale wished to move that Ald. Dakers withdraw his resolution and this was the general sentiment of the members of the Council.

Ald. Rose moved Ald. Riffer seconding that Ald. Daker's resignation be laid over for further consideration.

The Mayor thought it better for Ald. Dakers to withdraw his resolution.

**IT CERTAINLY TALKS**

Children Cry for Fletcher's

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 39 years has not proven.

## What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; ridding the system of all impurities, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

## GENUINE CASTORIA ALWAYS

Bears the Signature of

*Chas. H. Fletcher*

THE CENTAUR COMPANY, NEW YORK CITY

## Pictures of Dempsey and Willard Fight at Griffin's Opera House

The first showing in the Niagara District of the films of the Dempsey-Willard championship bout at Toledo will be made at the Griffin Opera House here at 4.30 and 10.30 p.m., on Wednesday, February 25th, following the regular performance at that house and the clearance of the regular audiences. Pugilistic and photographic history was made in the famous Toledo title tilt depicted. Not only was the contest the most sensational in ring history, but the cinema reproduction established a record in camera achievement. Whatever Dempsey's shortcomings may be from marital or martial viewpoints, there remains no doubt of his ability as a gritty and skillful boxer. The film proves his prowess in these respects. Although Willard outclassed him physically, all resemblance ceases there except in gameness. The ex-champion showed himself thoroughly courageous on this, for him, a most unlucky occasion. None but a "dead game guy" would have come back for more after that slashing first round in which Dempsey mistook him for a punching bag and left him a helpless hulk in the corner. But Willard came back. In the second and third periods he held his own, and he would have not stopped then but for the advice of his seconds, who thought that he had no chance to win—a belief that the film goes to contradict in the opinion of ring experts. For Dempsey was as tired as the big fellow. Outside of the spectacular championship bout itself, the training camp scenes show the rivals preparing for the fray, the preliminary trials of skill that always precede the great event, and the vast and sharply photographed ringside gathering. In one of the preliminaries, filmed complete, the contestants are Jimmy Wilde's prospective rivals for the championship, Frankie Mason and Carl Tremaine. The picture trip to the Toledo contest lasts as long as did the event itself, the film running into the second hour, and being admittedly the best thing of its kind ever made. To save themselves time, patrons should avoid the box-office crush of the late hour and enable the showing to begin on time. Lovers of the boxing game should get tickets in advance at Tira & Mac's, Peter Leith's, Frank Weis' and Captain Milligan's stores.

# Dr. Frank Garland Coming to Speak!

## CIVIC DINNER

### Thursday, 26th February

#### Im "The Welland" at 7.30 O'clock

### What Dr. Garland Says

"There is a new spirit in our city. The spirit of helpfulness. The Department of Public Welfare is a community expression of this spirit. We feel that a city has a heart as well as a body; that it is a spiritual entity as well as a physical organism. We have a long way to go to reach the ideal city. It lies far ahead, but it is a goal worth striving for; a city of throbbing life, of light and joy, of health and happiness where human justice and common good are ever the highest objects of of human aspiration and hope."

ST. PAUL STREET

### Who He Is!

GARLAND is the man who helped Dayton rise from the devastation of the floods a better, sweeter city. He has inaugurated municipal nursing, play grounds, summer homes and free legal advice departments and many other things for community good. He was honored by the Garden City Planners of England with an invitation to study their cities and co-operated with them. He has wit, vision and great ideals; speaks sincerely and knows men and things. He will give you a vision of a modern city through a modern plan of organization.

### ONTARIO RURAL SCHOOL FAIRS

During the year 1919 the Ontario Department of Agriculture, through its agricultural representatives, distributed seeds and eggs to 78,946 pupils in 3,278 rural schools of the Province. R. S. Duncan, B. S. A., writing in the Agricultural Gazette for January, states that the following quantities were distributed: 1,90 bushels of potatoes, 432 bushels of grain, 12,575 packages of root seeds, 30,700 packages of vegetable

seeds, 21,300 packages of flower seeds and 11,045 dozens of eggs of a bred-to-lay strain of Barred Plymouth Rocks. These figures give some idea of the magnitude of the school fair movement in Ontario. The first school fair was organized in 1909 with three schools taking part. Ten years later 387 rural school fairs were held in the Province, and the pupils had 69,848 home plots and made 141,823 entries. It is estimated that about 250 people saw the first school fair in which 58

pupils took part, while last fall 92,600 children and 107,500 adults attended the school fairs in Ontario. This is truly a wonderful growth.

**WOOD'S PHOSPHODINE.**

# Announcing Red Rose Orange Pekoe Tea

During our twenty-five years in business, Canada has made wonderful progress in education, refinement and wealth.

The scale of living and the tastes of the people are more luxurious than a quarter of a century ago.

Realizing this we have decided that in addition to our well-known standard brands of Red Rose Tea, the sales of which are increasing faster than ever before—the time is opportune to introduce a tea of extra quality. It is an Orange Pekoe Tea of very fine quality under the popular Red Rose brand, and called Red Rose Orange Pekoe Tea—a special tea of extra quality for people who are willing to pay a little extra price.

To ensure the quality and success of this new tea we have concentrated on it all the resources, the experience and the advantages possessed by our big organization.

The Orange Pekoe Teas we use are selected with a knowledge born of long experience in buying teas abroad.

Red Rose Orange Pekoes are grown on the best plantations;—from tested seed;—on carefully cultivated soil;—at a high elevation (mountain

grown teas are very superior to low-land teas.)

They are gathered at the time of the year when the flavor is most fully developed in the leaves.

The manufacture and final preparation are carefully and skillfully done.

When brewed, Red Rose Orange Pekoe Tea has all the characteristics of fine quality tea.

It has a bright, sparkling amber color in the cup.

The aroma is delicate and delightful.

After the liquid is poured off, the leaves in the pot are a greenish copper color.

The flavor is of rare charm and distinction. The more cultivated your taste the more you will appreciate it.

The strength is rich, satisfying and invigorating.

Red Rose Orange Pekoe Tea is sold only in our sealed waxed board cartons which fully protect its fine quality.

Ask for it by the full name: Red Rose Orange Pekoe Tea. The words "Orange Pekoe" are in orange on our new waxed board cartons.

Our well-known Red Rose package, the sale of which is increasing faster than ever before. Red Rose consists chiefly of a seam teas, the richest and strongest in the world and therefore very economical. (The Red Rose Orange Pekoe package is a little different in design.)

Mountain grown Orange Pekoes from the best plantations. A tea of extra quality at a little extra price.

T. H. ESTABROOKS COMPANY, LIMITED  
St. John, Montreal, Toronto, Winnipeg, Calgary, Edmonton,  
St. John's, Nfld., and Portland, Maine.

To Grocers—Our travellers are on the road taking orders for the R.F.W. tea. If our traveller hasn't reached you, better phone or mail an order immediately to our nearest office. There is sure to be a considerable demand for this tea.

NO CLOTHING TO COVER NAKEDNESS

Destitute Jewish Children of Eastern Europe Suffer Terribly From the Cold.

The destitute Jewish children of Eastern Europe are almost entirely without clothing to protect them from the ravages of the winter, according to Samuel Charney, a Jewish writer and critic of Vilna, Poland, who has recently arrived in New York.

It is not a question of their being without shoes, or without underwear, or without any one thing," he reported. "It is a question of their being together without clothing to cover their nakedness, and to protect them from the cold. There is almost a total lack of linen, cotton or woolen clothing in Eastern Europe, and what there is sold at a prohibitive price.

The help already given by the Joint Distribution Committee of Jewish Funds, the Red Cross, and the Canadian and American Relief Administration is all that has kept our race alive this long in Eastern Europe. I was an eye-witness to the suffering there and can say that except for America they would all be dead now, except a very few.

SIX MILLION JEWS HAVE LITTLE FOOD

Heart-Rending Stories of Suffering and Death Come From Eastern Europe.

The cans in which oil was sent to the destitute Jews are being turned to still another use, according to reports brought back to the Canadian Jewish War Relief Committee by relief workers abroad.

For several months these cans have been serving in a number of lightening-change capacities, ranging from chocolate containers to sheet-iron stoves. Now that the epidemic of typhus is such a menace in Poland, where there are 100,000 cases, and throughout Eastern Europe, the old cans serve as portable bath tubs, and Canadian Jewish relief workers and Red Cross nurses are striving to combat the dread disease with cleanliness.

BLACK TYPHUS IS KILLING THOUSANDS

Hundreds Upon Hundreds of Children Become Orphans and Wander Until Overcome by Starvation.

The tragedy of the wandering little orphans of Poland and the sorry efforts of the mothers of that war-stricken country to care for the homeless ones, is an appealing phase of the big heart-breaking story of destitution that relief workers bring back from abroad.

Thousands of youngsters, motherless and fatherless through the ravages of the "black typhus," trudge wearily from village to village over the desolate country seeking what food they can find to keep life in their starving bodies. Sometimes bands of refugees and the little folks and take them in charge. Now and then some almost equal poor peasants give them shelter and divides his small portion of food. And then, in the course of a day or two, the children take up the tramp again like so many small grapes. Once in a while a woman will mother the little travellers and aid them until starvation overtakes them.

Jacob Bashein, who had been in charge of a relief unit for the Joint Distribution Committee, which handles funds collected by the American Jewish Relief Committee and other Jewish fund-raising relief organizations, told of these tragic pilgrimages. The Canadian Jewish War Relief Committee is appealing for funds to alleviate this terrible suffering.

G. A. Langstaff, a prosperous Kental farmer, aged thirty five, hanged himself in a fit of despondency over lengthy illness.

SIX MILLION JEWS ARE FACING DEATH

Starvation and Disease Cause Indescribable Suffering in Eastern Europe.

The hardships of this winter will mean death to thousands of Jews in Poland, unless outside aid intervenes at once according to Lieutenant Shelton Wright of the American Red Cross Commission to Poland, recently returned to the United States after months of relief work in eastern Europe.

He painted a vivid picture of this half-starved people, clad in rags, who are now creeping back toward their devastated homes after months of refuge wandering, and dying of starvation and typhus along the roads, as they go.

"Outside starvation, numerous diseases, attributed to malnutrition and typhus have killed men and women and children like flies," he said. "I remember a family trying to live under an over-turned wagon by the roadside. The mother was dead under a tree a few yards away—she had been dead for days. The father was stretched upon the ground dying of typhus. He died that day. Under the wagon were two little children, both under five, sick with typhus. An older child sat stupidly beside them—a girl driven out of her mind."

Many of the people are driven to making "bread" out of leaves and bark, and "soup" out of grass and water, Lieutenant Wright reported. There was unspeakable joy among them when the American ships, loaded with relief supplies purchased with the funds raised by the American Jewish Relief Committee and other American Jewish agencies and American and Canadian Red Cross supplies were unloaded at Danzig and other ports. In spite of the fact that the American Jewish Relief agencies are spending almost \$2,000,000 a month now on their relief work in Poland, and that the Red Cross is doing its work on so vast a scale, hundreds of thousands of Jews and Poles will die during the winter unless more aid comes.

"Every box-car full of refugees returning to their homes has in it those who die along the way, and those who have contracted typhus," Lieutenant Wright said. "The people try to avoid disease by keeping clean, but it is impossible to do so, under existing conditions. Even our nurses and doctors fall ill of typhus, a disease caused by filth and lice."

The Red Cross and the American Jewish Relief agencies are doing their utmost to keep both the Jews and the Gentiles in these stricken lands alive. Six million Jews in eastern Europe face death unless immediate shipments of food, clothing, and bedding are sent to them. Some of the little Jewish children in these unhappy lands are clad in the rags that they have worn all through the war, their wasted little bodies showing through their tattered rags. Some of the children are still sleeping on the streets, since there are at present neither orphanages nor funds for all.

Miss Harriet E. Lovenstein, of New York, sent to Europe as a commissioner of the Joint Distribution Committee of American Funds for Jewish War Sufferers, was able to purchase more than a carload of material from the salvage department of the American army in France. These were sent to Eastern Europe, and in the warehouses opened up there were made over into clothing for children.

Each pair of pajamas made at least two Russian blouse suits for little boys it was reported. The larger pieces left over in the cutting were used for the cloths that the children of Eastern Europe bind around their feet in lieu of shoes.

A million pairs of shoes are needed by the destitute Jewish children of Eastern Europe to-day, according to reports received by the Canadian Jewish Relief Committee from relief workers abroad.

At least that many of the helpless and hungry Jewish youngsters of Eastern Europe are absolutely without footwear of any kind, their relief agents say. Thousands of others have rags sewn around their feet in lieu of shoes.

Several carloads of shoes that formerly belonged to Allied soldiers in France were purchased there by the Joint Distribution Committee of Funds for Jewish Sufferers from the War, for the Jewish women of Eastern Europe. But it was impossible to buy the shoes in sizes that could be worn by the children, and all others sold in Europe are at a prohibitive price. So a million youngsters are barefoot during the hard winter of Eastern Europe.

There is a great lack of every conceivable kind of clothing, as well as shoes. In Serbia, a common child's costume just now consists of two sacks, with holes cut through for the head and feet. In Poland, four sacks and sugar sacks sent with supplies to the destitute Jews by Jewish relief agencies are all being made over into clothing, and even small salt sacks are pieced together, and used for this purpose.

DESTITUTION IN EUROPE TERRIBLE

Long Processions of Starving, Ill-Clad Children Seen Daily on the Streets.

Long processions of little Jewish children in Eastern Europe, bearing their tin cups in their hands, daily walk from their villages to a Jewish relief station, according to relief workers in these stricken lands, sometimes journeying five or six miles in order to get the cup of soup with a piece of hardtack, or the mug of milk which is often their sole food of the day.

Those tin-cup processions emphasize, as nothing else could do, the real horror of the terrible destitution of the Jews in Eastern Europe at present. The children in them are barefoot, almost without exception.

Reports received by the Canadian Jewish War Relief Committee say that both boys and girls are wrapped in burlap, or dressed in clothing made from the sacks in which the relief supplies have come, or in rags which they have worn during the five years of the war, their gaunt little bodies showing through the tatters. They do not walk as they usually do, without effort or restraint, but drag themselves along wearily, and hopelessly, like tired little ghosts condemned to move in hungry processions throughout eternity.

Arrived at the relief station, the children are so tired and so weak that they sit down upon the pavements to await their turn in line. Upon the faces of every one of them there is an expression of unchildlike anxiety. It has to do with the only really vital question in the world to them—whether or not the soup or milk will hold out, until their turn comes. Every day some of them are to be turned away without food, since their numbers are so great that the funds at present on hand are not adequate sufficient to care for them all.

MILLION CHILDREN ARE CLAD IN RAGS

Their Wasted Bodies Show Thru Tatters, Result of Starvation and Misery.

The art of making two flowers bloom where only one bloomed before isn't half so hard as that of making two garments exist where only one existed before; yet even this can be accomplished, according to reports recently received by the Canadian Jewish War Relief Committee from relief workers abroad.

Cloth of any kind, either cotton or wool, is particularly impossible to obtain in Eastern Europe, except at prohibitive prices. A number of the little Jewish children in these unhappy lands are clad in the rags that they have worn all through the war, their wasted little bodies showing through their tattered rags. Some of the children are still sleeping on the streets, since there are at present neither orphanages nor funds for all.

Miss Harriet E. Lovenstein, of New York, sent to Europe as a commissioner of the Joint Distribution Committee of American Funds for Jewish War Sufferers, was able to purchase more than a carload of material from the salvage department of the American army in France. These were sent to Eastern Europe, and in the warehouses opened up there were made over into clothing for children.

Each pair of pajamas made at least two Russian blouse suits for little boys it was reported. The larger pieces left over in the cutting were used for the cloths that the children of Eastern Europe bind around their feet in lieu of shoes.

MILLION PAIRS OF SHOES ARE NEEDED

Destitute Jewish Children of Eastern Europe Use Rags to Protect Feet From the Cold.

A million pairs of shoes are needed by the destitute Jewish children of Eastern Europe to-day, according to reports received by the Canadian Jewish Relief Committee from relief workers abroad.

At least that many of the helpless and hungry Jewish youngsters of Eastern Europe are absolutely without footwear of any kind, their relief agents say. Thousands of others have rags sewn around their feet in lieu of shoes.

World of Sport

Dempsey-Willard Fight Pictures at the Griffin Opera House

Of the great Dempsey-Willard championship meeting as reproduced in the movies, which is to be shown at the Griffin Opera House here on Wednesday, the 25th, the Hamilton Spectator's man says, after witnessing the first Ontario presentation at Loew's Theatre at Toledo in that city; Jess Willard took a neat little trouncing from Jack Dempsey at Toledo. It's an old story now, but the battle which was the big topic in sporting circles for many months until Dempsey put the quietus on the Willard person as shown on the screen is enough to convince anyone who thought Dempsey won by a fluke punch early in the fray that he has another think coming. The camera does not lie and the films show just how badly the big fellow was crumpled up by the present champion.

Things went merrily in the first round with Dempsey doing all the aggressive work, and suddenly there came a tumble—a tumble that resembled the fall of a skyscraper. After that he fell more than a shackled mule—six times to be exact, before the gong sounded. Then as will be recalled, the triumphant Dempsey can be seen leaving the ring, as he thought it was all over, only to be frantically called back by his manager, Jack Kearns. Willard's wonderful comeback on the second round, after he had been hammered to a pulp in the first, is shown and he continues to be the target for Dempsey's barrel like fists throughout the second frame although he does not such canvas kissing stunts as in the first round. The pictures show Dempsey slowing up somewhat in the third round with no big distress signal flying from the Willard corner, but Jess fails to respond for the fourth, and the picture caption claims that "the gamiest boxer that ever lived was forced to quit through his friends tossing in the sponge without his consent."

More than three rounds of the big battle are shown and the main picture is long enough to make an interesting hour. Good preliminaries also are shown, including the bout between Carl Tremaine and Frankie Mason, and there is no doubt about Tremaine being entitled to the decision as the pictures prove beyond doubt that he was the better boy. Mason it is to be noted has just been matched with Jimmy Wilde for the world's championship.

PARIS LIKES WOODEN BEADS Feature Them in Everythink From Fringe to Lingerie.

PARIS, Feb. 21.—Beads made of wood are certainly showing a great adaptability. Not only are they found in fringe and in motifs trimming lampshades, cushions and sofas but in the form of very original belts. They are also used in delicate lingerie, and the collars which develop the use of wooden bead trimming would make quite a collection. They will be much in evidence on straw hats for spring, combining motifs and garlands.

Prices \$1.00 and 50c Seats at Tim & Mac's, P. Weis', Milligan's and Peter Leitch's Stores

W. Boone for \$25,000 damages because he refuses to carry out his promise of marriage. Boone, on the other hand, in answering the complaint, declares that it is the first time that he knew of a proposal made to Miss Rogers, but, that it probably being a "leap year" proposal, he is too gallant to refuse and will marry the young woman on sight. He further declares that he has asked Miss Rogers to wed since the suit was filed, but that she consistently refuses, yet the alienation suit against Boone has been listed for trial. Miss Rogers refuses to talk about the suit.

Farm and Country Life in Canada

FARMING is a basic industry in Canada. From the first days of its publication, The Globe has always strongly advocated the development of scientific agriculture.

When the breeding of pure-bred stock in Canada was first deemed necessary, The Globe, by example and precept, showed what could be done. The late George Brown was a leader in experiment. At Bow Park Farm, near Brantford, he bred from imported cattle so as to place pure-bred stock at the disposal of his neighbors.

From those days to the present, the furthering of the interests of the Farm and Country Life of Canada has been an important feature of The Globe. The Weekly Farm Department has always been a source of inspiration to the farmers to improve their knowledge of agriculture.

The Globe believes that one of the best ways of teaching a man is to show him what his neighbor is doing. This is the policy The Globe adopts in its Farm Department. Two members of The Globe staff devote their whole time to the collection of material for this Department and in so doing spend several days each week in the country. They visit good farms all over Ontario and attend Fairs and Conventions. They report all developments in rural life as reflected in these gatherings as well as in the personal experience of successful farmers. Through its "Farm and Country Life" Section, The Globe has identified itself with every movement calculated to improve the conditions under which farmers and their families do their daily work.

This is the service thousands of Farmers in Ontario and elsewhere receive and appreciate, and one of the reasons why many thousands of them read The Globe. But that is not all. Seen competition, and the continued fluctuation of prices make it necessary for the farmer and his family to keep in touch with current produce and other commodity prices even from day to day. The Globe has a well-merited reputation for accuracy, because in nothing is it more dependable than in its market reports. All prices quoted in The Globe are verified by the highest authorities SIX TIMES EVERY WEEK. But besides all this, The Globe is a Great Family Newspaper. It is as much a necessity and convenience in the Farm Home as anywhere else. The coming of the daily paper to the Farm Home ranks in importance with the rural mail delivery, the telephone, electricity and the good road. It broadens the outlook of those who live on the farm. It keeps them informed on current events the world over. Not only does The Globe do this, but it serves the agriculturists of Canada in a peculiar and appropriate way. The service The Globe has already rendered three generations of Farm Life is a guarantee of what it will do in the days to come.

This is why The Globe should have a place in every Farm Home in Ontario.

**BENJAH BOWMAN,**  
Minister of Lands & Forests  
Feb. 20.

### Chamber of Commerce Activities

"Building a Chamber of Commerce for St. Catharines of 400 or more members without at the same time providing an income adequate to the needs of the enlarged organization, would be largely a waste of effort," according to one of the supporters of the campaign, who told a St. Catharines representative today how the new chamber will be financed.  
He said that the income of the chamber will depend directly upon the confidence reposed in it by the community, because that income will arise from membership. "The payment of dues is the acid test by which it can be determined whether the organization is trusted or not," he said.  
"The income plan under which the chamber is being expanded is a uniform pledge of \$25 dues a year for three years. The reasons for adopting this scale and the period named are entirely sound. They are founded on actual experience, not in one city, but in scores of them.  
"Membership dues of \$25 a year will provide the least amount the

chamber should have to insure efficiency; to be the really big, capable civic-commercial organization a city like St. Catharines should have, and I am convinced will have.

"Some men will ask: 'What are you going to do with all this money?' He will overlook the fact that the Board of Directors, which includes some of the shrewdest, business and professional men in St. Catharines, have examined the plan for the organization with as much care as they would give to their own business affairs, and have agreed that \$25 a year is the least sum required from each member.

"Eighty-five per cent. of the commercial organizations of the country have membership dues of \$25 a year. The number of such organizations is steadily growing, this proving that more and more of them are finding the truth of what the Chamber of Commerce specialists learned six years ago. The Rotary Clubs of the continent started with membership dues of \$5. Today most of them have raised their dues and they are all tending toward \$25.

"The lowest actual cost of maintaining a Chamber of Commerce that is worthy of the name is from \$15 to \$19 a year per member. This fact has been well established. The minute a Chamber of Commerce becomes a real live organization, its necessary expenditures begin to climb from those figures.

"The modern Chamber of Commerce must maintain suitable quarters; that means rent to pay. It must have efficient management; this means the employment of a trained and capable secretary. In such a city as St. Catharines the Chamber of Commerce should have one or more bureaus to give special service to the members and the citizens; this involves the employment of men of ability. It must have an office system; this means clerical and stenographic assistance. There are other items of expense, every one of them legitimate and necessary, which amount to a considerable sum each year.

"Uniformity of dues needs no argument. The days when the small storekeeper was admitted to the Chamber of Commerce for \$2 or \$5 a year, and the big corporation asked to subscribe \$200 are past.

"The relations of the small storekeeper and the big corporation have been accurately defined in the modern civic-commercial organization. Each becomes a member with equal obligations and equal rights.  
"In place of the disproportionate membership payments of the old days, the modern Chamber of Commerce says to the big corporations, in effect: 'Your larger interests in this community increase your responsibilities for its well being. You have more at stake than the small storekeeper, and therefore you should support the Chamber of Commerce in proportion to your investment in this community.'

"To make this possible, the plural membership plan has been devised. Under this plan the corporation, firm or individual subscribes to a number of memberships. Since, however, the chamber cannot permit the plural subscribers to dominate its affairs, it allows each subscriber to have one vote only, the same as the smallest storekeeper in the organization.  
"It is the custom for the subscriber to plural memberships to assign them to the younger men in its employ, the assignments being absolute and carrying with them the power of one vote each. This brings into the Chamber of Commerce the younger men of business. It interests them in community work early in their careers and makes certain of the presence of men who will be the leaders in the community in a few years.

"The three year guarantee is another outgrowth of experience. A Chamber of Commerce can do much in one year, but a program of work that covers three years is vastly better than a one-year affair. To make it possible, though, the directors must know what the income is going to be. The one-year plan is universally unsatisfactory; the three-year plan has never yet been abandoned where tried."

**DOCTOR WARD, The Specialist**

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

**NERVE EXHAUSTION**  
A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.  
There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

**RHEUMATIC AILMENTS**  
SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.  
Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

**Two-Party Line Telephone Service**

**N** ECESSARY curtailment of new construction during the war, followed by the unprecedented development since the armistice, have resulted in a universal shortage of telephone material.

In order to utilize our supply of equipment to the best advantage, to reduce delay in installations to a minimum and to avoid refusing service to anyone, we ask those intending to order telephones to consider the advantages of Two-Party Line Service.

With the central energy system in use here the operator can ring either of the telephones on a two-party line without disturbing the other. The cost to the user is substantially lower than for individual line service.

The rate for two-party line service is, for Business telephones \$30.80 and for Residence \$22.00 per annum.

We will be glad to furnish full information to anyone interested.

The wreck near Rodney on Sunday morning of a fast freight train tied up traffic on the Michigan Central railway west of St. Thomas for several hours. Twenty-seven cars were thrown from the rails, piling up on both sides of the track. Passenger trains were derailed over the Wabash while the debris was being cleared up. The cause of the wreck is unknown.

A Canadian travelling in the Southern States writes to say that the British Consul at New Orleans warns Canadians planning to visit Nassau or Havana to bring passports, or at least some documentary evidence that they are of British birth. A large number of people going in that direction have been put to much inconvenience by not providing themselves with something of this sort.

John Mattalo, an Italian, was found Saturday night at Niagara Falls near his wife's house bleeding profusely from a long slash in the stomach. He is seventy-two years of age and had not been living with his wife for some years. He will not say who stabbed him. One man is held who is said to have been quarrelling with him. Mattalo is in a serious condition and not expected to recover from his injuries. Although it was daylight (6.30) he claims not to have been able to recognize his assailant.

Seventy eight houses have been built in Niagara Falls, Ont., by the Housing Commission. The last of them will be completed inside of a month, at a total expenditure of \$225,000. It is the intention of the Commission to go on with the work this summer, and a deputation waited on the Provincial Secretary to ask for an additional grant of \$500,000. It is not known yet if the additional money will be granted. C. F. Swayze, the local member, has promised to support the application.

Niagara Falls debentures are not affected by the discount in the United States. Unlike Ottawa, which will have to put half a mill on the taxes to pay the difference on its bonds in New York and Hamilton, which has lost \$55,000 by the exchange situation, the bonds of Niagara Falls are marked payable at the City Treasurer's office, Niagara Falls. The only difference which sterling discounts has made is a tendency on the part of English investors to send their holdings in Canadian bonds over here to take advantage of the exchange.

**Good Music and a Good Piano**

Some one has said: "Don't be afraid of good music." Good Counsel. It will come back to you in a pleasantly compelling, insistent way, and you will come back to it—can't help it.

But this only happens when associated with the good music there is a good piano. Make no mistake here. Let it be a

**Heintzman & Company Art Piano**

A Grand or Upright, as you may choose, and the combination is perfect and complete.

—Tetrazzini, Nordica, Calve, have said so.  
 —"It surpasses any piano I have ever used," says Leo Chermavsky, one of the Chergavsky Brothers, the world-famous Russian Trio.

**Ye Olde Firme HEINTZMAN & CO., Limited.**  
 68 St. Paul Street, ST. CATHARINES.

The firemen were not called out during the night.

Miss Marian Tyrill has been visiting friends at Niagara Falls, N.Y.

Tomorrow at the Griffin Opera House the Dempsey-Willard pictures will be shown at 4.30 and 10.30.

Messrs. Leach and Jones have received the contract for the redecoration of all the rooms of the armories.

"Fires of Faith," is the attraction at the Grand for the last half of this week together with good vaudeville.

P. Mitchell gave an address last evening in St. Paul street Church on "An Evening With Dickens."

Tomorrow afternoon the Suburban Road Commission will meet the County Council.

Two young men were fined in police Court today for creating a disturbance in a Chinese restaurant.

"Carman," a jazz opera featuring Charlie Chaplin pleased a big crowd at the Grand last night. It continues tonight and tomorrow.

Mrs. Henderson will address Women's Canadian Club on child welfare work, "The Cradle and the Nation," at the Welland on Friday, February 27th, at 4.15. f 24 25 26

"Wings of the Morning" is the thrilling special feature picture being run at the Griffin Opera House for the first half week. A big house was well pleased last night.

At the King George "The New Moon," with Norma Talmadge in the title role is the big feature for the first two days this week. It will be repeated tonight, together with a lot of other good pictures.

Announcement was made by the Government yesterday of the personnel of the Commission which is to investigate conditions as Kappaskasing Soldiers' Settlement, as foreshadowed a day or two ago. The members are W. F. Nickle, K.G., of Kingston, former member of Parliament, who is a Conservative; Col. John I. McLaren of Hamilton, formerly officer commanding the 19th Battalion and A.A.G. M. D. No. 2, who is a Liberal, and Prof. J. N. Sharp of New Liskeard, a farmer.

Metal trades unions who precipitated strikes in several Canadian centres last year causing long periods of industrial unrest will not cause any trouble this season. Harry Harper, General Organizer of the International Association of Machinists, who returned to his work yesterday after an illness of three weeks, declared that officials of the metal trades unions of Ontario did not expect strikes this spring. "We do not expect Labor trouble this year," said Mr. Harper. "We don't have trouble when there are more jobs than there are men to fill them. It is when there is unemployment that their is unrest."

**Symptoms That Tell Of Biliousness**

**HOW TO PREVENT AND CURE**

Are you dizzy?  
 Does your head swim?  
 Does everything turn dark when you rise after stooping?  
 Are you constantly suffering from headache?

Are you short of breath after going upstairs?  
 Is your tongue coated and furred?  
 These symptoms give warning that your system needs a thorough cleansing—all poisons must be flushed out. The remedy is Dr. Hamilton's Pills. Marked benefit immediately follows their use.

These famous pills loosen the bowels and stop constipation; they act on the liver and kidneys, make them strong and vigorous.

This ensures health and purity for the blood and consequently the whole system benefits.

No other medicine tones and braces like Dr. Hamilton's Pills; they at once cure biliousness, headache, dizziness, poor color, coated tongue, and all diseases arising through fault of the stomach, kidneys or liver, try them.

Results prove the merits of Dr. Hamilton's Pills, 25c. box.

Sheriff O'Loughlin received word today that Justice Orde, recently appointed to the Bench will preside at the Assizes opening here next Monday afternoon. So far there is only one criminal case to try, that of Mrs. Ada Hutton of Port Dalhousie, who is accused of forgery, etc.

The remains of Mrs. Dorothy Fairfield, wife of Lieut. Herbert Fairfield, arrived from Winnipeg this morning and will be buried tomorrow afternoon at 2.30 from the home of G. H. Fairfield, Church street, tomorrow afternoon. Her husband was too ill to accompany the remains. The burial will be in Victoria Lawn cemetery.

The numerous friends of Walter D. Warner will sympathize with him in the death of his wife which occurred on Sunday at the family residence or Niagara Township after an illness of two weeks. Beside a sorrowing husband she leaves to mourn her demise one son Donald, 3 years of age, and daughter Laura of 9 months. The deceased was a daughter of Mr. and Mrs. W. H. Second and sister of Miss Murtle and R. J. R. Second, Queenston Street. The funeral was held from the family home Niagara Township to Victoria Lawn Cemetery at two o'clock today.

**Cleanses the Blood, Builds Up Strength Improves Complexion**

As a result of debility, sickness or improper diet, the blood often becomes weak and unable to free itself of poisons.

Morbid, unhealthy matter accumulates and breaks out in sores that discharge and will not heal. Washes, salves and ointments are useless because they have no action on the poisoned blood.

But Dr. Hamilton's Pills cleanse and enrich the diseased blood, drive out impurities and fill it with nutrient and strong building material. Ulcers, boils and sores heal up. Likewise all weakness due to impoverished blood is cured by these famous pills, and anaemia, erysipelas and rheumatism go before it as chaff before fire.

The skin grows smooth, complexion clears, health, vigor and strength are evident on all sides.

A blood remedy for blood diseases, the formula of a famous physician—no improvement can be made on Dr. Hamilton's Pills.

Their use extends to the people of many nations and thousands have proved that they do cure when all else fails.

No matter what your ailment may be, if it has its origin in the blood it is curable with Dr. Hamilton's Pills. Sold everywhere, 25c. a box.

"Whites" Reinforce Japs, and Chinese Help Insurgents

LONDON, Feb. 21.—Fighting has been in progress on the Amur River in Siberia between insurgent forces and Japanese, a Moscow wireless message states. "White" troops reinforced the Japanese, and a fierce struggle is raging, with the insurgents supported by Chinese, the despatch declares.

It is reported, the Bolshevik ad-

vice add, that in the Ussuri region the rising of the peasants in favor of the Soviet form of Government is spreading.

In regard to the situation in South Russia, a Bolshevik communique today says: "Enemy ships have bombarded Genichesk (on the sea of Azov). Stubborn fighting is occurring 25 versts northeast of Stavropol (on the left bank of the Volga).

The annual meeting of the directors of the Canadian Crocker White Paper Company was held on Saturday.

Board of Commerce That Number Appear Before or There Will

TAWA, Feb. 25.—One of the members in the firm of Price Bros Quebec will be compelled to appear before the Board of Commerce Saturday next to show cause why firm should not obey the board's order to sell its newspaper at a fixed price of \$80 per ton at the mill to main consumers in Montreal.

The board has ordered that one of Price Brothers be brought before it, by force if necessary, after Geo. Geoffrion, K. C., counsel for firm, had announced that his clients did not recognize the jurisdiction of the board and would contest the point in the Supreme Court.

Cannot Appeal Yet.—Geo. Geoffrion declined to submit arguments in the case except his clients' questioned the right of the board to enforce its order of sale, and after some lively exchanges with the board he challenged that body to prove that he was wrong. The board denied Price Bros' permission to appeal in the Supreme Court of Canada from the order under discussion, "because while Price Bros. remain in contempt and entire disobedience of the aid order. Upon proof of compliance with said order and undertaking given to continuous compliance therewith until the proposed appeal is heard and determined requested leave to appeal will be granted."

Mr. Geoffrion stated that his clients were willing to obey the order if it really was a law of Canada. The board took the attitude that the Bros' disregard of the order should be interpreted as a determination on their part to ignore the order to suit their convenience, where it was law or not.

Upon the statement of Government counsel that the notice of taking hearing as served upon Price Bros. had not specified the appearance of one of the partners in the board decided to adjourn Saturday to permit of such appearance, and Mr. Geoffrion informed that one of the Price Brothers would have to appear, where it was willing or not.

Getting at the Profits.—Government counsel, Colonel Biggs supported the contention that the illegal price clause in the board's order should be made permanent by fixing figures to prove that during the months in 1918 Price Brothers made a profit of \$34.11 per ton on newspaper print sold at \$80 per ton. The price of production, it was then contended, was then con-

**NOT LIKELY TO LABOR TROUBLE THIS SPRING**

There is not likely to be any strikes in the city this spring, at least among the building trades, as contractors have agreed to the terms demanded. The carpenters have asked for a raise and hour but it is understood will take the 85 cents an hour.

## May Use Force to Compel Members of Firm of Price Bros Appear Before Board

### Board of Commerce Has Ruled That Number of Firms Must Appear Before It on Saturday or There Will Be Trouble.

OTTAWA, Feb. 25.—One of the members in the firm of Price Bros Quebec will be compelled to appear before the Board of Commerce Saturday next to show cause why the firm should not obey the board's order to sell its newspaper at a fixed price of \$80 per ton at the mill to obtain consumers in Montreal.

The board has ordered that one of the Price Brothers be brought before it, by force if necessary, after the firm had announced that his name did not recognize the jurisdiction of the board and would contest the point in the Supreme Court.

HARTLEY DEWART, K. C.

DEWART HAS PLACE OF OPPOSITION LEADER

The seating of individual members in the new Legislature has not yet been completed, although a general seating arrangement has been arrived at. The Cabinet will occupy the seats occupied by all previous Government members. On the same side of the House, filling the seats vacated by the Liberal members, will sit the Opposition when it consisted of one party only. The Liberal members will be grouped with him.

Farther down on the left side of the Speaker will be the Conservative members. Hon. G. Howard Ferguson, Acting Conservative Leader, will occupy the seat eighth or ninth down from Mr. Dewart. It is expected that the seating arrangements will be completed within the next few days. The salary attached to the Leadership of the Opposition is \$5,000.

A public meeting to hear Mr. H. J. Flynn, president of the United Veterans League, speak of the gratuity question will be held at Griffiths' Theatre next Sunday afternoon at 2.30. The chair will be taken by Mr. Frank Greenlaw, M.P.P.

Mr. Flynn will deal with the matters for which he has been conducting an active campaign for some time and a large public gathering is expected.

Unightly Warts Removed. The operation is simple and painless—just apply Putnam's Wart and Corn Extractor. For fifty years it has been curing warts and will cure you too. Try Putnam's Extractor, 25¢ at all dealers.

## Engineer Who Ran First Train To Niagara Falls is Dead

John Hall, a resident of Hamilton for 67 years, and for many years in the service of the old Great Western Railway, and later of the Grand Trunk Railway, passed away in Hamilton, Friday in his 89th year. He participated in the operation of the first passenger train from Niagara Falls to Hamilton on the Great Western in November, 1853, and

held an uninterrupted official position with that company until its absorption with the G. T. R. with which company he remained until he was superannuated, after a half a century's service. Deceased was a native of Newcastle, England, and was a fireman at 16 years of age on an engine of the type pronounced by the inventor, George Stephenson.

## Ban at the Bridge is Not Lifted, But the Restrictions Are Eased

Though the ban has not been lifted at Niagara Falls, there is certainly a considerable lessening of the obligations. Many people now report being allowed to cross into the United States without showing vaccination certificates.

The smallpox epidemic has died down almost completely, and the U. S. authorities do not see the need for the further keeping of unvaccinated Canadians out of their country.

What Canadians hope to see soon now, is the lifting of the ban on Canadian money across the line.

## Negotiations With N. S. & T. R. Men Likely to Result Satisfactorily

Negotiations towards a settlement of the dispute between the men of the N. S. & T. Railway and the National Railway Board on the question of wages, are going on and it is understood that satisfactory progress is being made.

A conference was held yesterday between a committee of the men and Supt. E. W. Oliver and Mr. Oliver stated that suggestions made by him had been accepted by the men for consideration and while he did not wish to make any statement he felt that everything is going satisfactorily.

MR. FLYNN TO SPEAK HERE ON SUNDAY

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sneezing, hawking, mucous discharge, dryness or headaches, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

OPEN NOSTRILS! END A COLD OR CATARRH

How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sneezing, hawking, mucous discharge, dryness or headaches, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

## FINE NEW UNION BANK BUILDING

The splendid new St. Catharines branch building of the Union Bank of Canada, at 72 St. Paul Street, will be formally opened for business by the manager, Mr. R. H. Killaly, on Monday, March 1st. The date of opening of the new home for the Union Bank of Canada is singularly appropriate, as it marks the second anniversary of the present manager, Mr. Killaly's appointment to the St. Catharines branch. Mr. Killaly came to St. Catharines direct from Montreal, where he had been manager of the Union Bank of Canada's St. Catharines Street West branch, March 1st, 1918.

The new building which is about to be opened has been in contemplation for some few years; in fact, before the war. Its actual erection, however, was delayed by the outbreak of war and the consequent cessation of all new building operations.

The new Union Bank Building is designed in the Italian renaissance style, and is built of Indiana limestone. The architectural treatment is extremely simple, with a plain ground story; plaster treatment on the first story supporting a cornice. Over the first story windows are panels containing decorative swags. The Pilaster caps are interesting and original in treatment.

There are two entrances to the building from St. Paul Street. One of these leads into the banking room proper and the other leads to the four offices on the first floor. The banking room is 48 feet by 26 feet 6 inches. Mr. Killaly's private office as manager is so placed at the front as to give a control of the entire banking room and at the same time convenient access to the working and public spaces.

A large vault, 9 feet by 8 feet, has been installed. This is of the most modern fire-proof construction. The banking room itself is most attractive—counters, furniture and trim being done in quarter-cut oak, with finishing of old English weathered oak.

The banking room is well lighted by two windows on St. Paul Street and by large windows at the rear. The walls and ceiling are covered with decorator's canvass. The walls are painted a soft grey green, and the ceiling is a warm white. The general lighting effect is obtained by the semi-indirect system from great glass bowls in early Grecian character. Portable desk lamps and side bracket lights are of course provided for the staff.

The four commodious offices on the first floor are well lighted, two large windows being in each room. They are decorated in soft grey-green and champagne shades, with French-grey woodwork.

Hot water heating with ample radiation promises to keep the entire bank building—the banking room and the offices above stairs—always at an even temperature of 70 degrees. Special attention has been given to the heating problem, and the banking room

and offices will be comfortable even on the coldest days of winter.

The St. Catharines branch of the Union Bank of Canada was established in 1910, when there were 204 branches of the Union Bank in Canada, as compared with a chain of branches across Canada, at the present time numbering 395 and wide international connections. The first manager was Mr. W. J. Dawson, a native son, presently occupying the important position as First Agent of the Union Bank of Canada in New York City. Mr. Dawson was succeeded in June, 1913, by Mr. R. F. King, who remained in St. Catharines until January 1914 when Mr. C. Balfour was appointed manager. When Mr. Balfour was appointed Inspector of Branch Returns, to be resident in Toronto, Mr. Killaly was given the St. Catharines branch, and in the two years that he had made this city his home he has become deservedly popular with the Bank's customers and with the general public.

HENRY ROGERS, AN OLD CITIZEN OF MERRITTON VICTIM OF INFLUENZA

Deep sorrow was expressed in Merriton on Tuesday afternoon when it was learned that Henry St. George Rogers had passed away at the family residence, Oak Street. He was attacked about a week ago with influenza, and although the best of medical aid was in attendance and all that kind hands could offer, he succumbed.

Deceased who was the son of the late Henry and Mrs. Rogers, was born in Chippawa, Ontario, and with the family moved to Merriton about forty years ago, where he had resided ever since. He was employed in the Riordan Paper Mills. He was a member of St. James Church, also of the Ancient Order of United Workmen.

He is survived by three sisters, Mrs. O. A. Porritt, of Montreal, Mrs. J. E. Shingler, of New Haven, Conn.; and Miss Rogers at home, who are receiving the heartfelt sympathy of their many friends in their hour of trouble.

In the death of Mr. Rogers, Merriton has lost one of its most highly respected citizens, a man possessed of a kindly disposition, highly esteemed by all. The remains will be taken to Chippawa for burial.

CARPENTIER COMING

MONTREAL, Feb. 25.—George Kennedy, prominent sporting promoter of this city, announced yesterday morning that his partner, Jack Curley, had signed a sixty day contract with Georges Carpentier, the famous French fighter, to give exhibition bouts in Canada. Carpentier will appear both in Montreal and Toronto and possibly in Ottawa and some of the western cities.

## Swayze Whip Of Labor Wing

ANNOUNCEMENT MADE OF MR. KARL HOMUTH'S APPOINTMENT WAS PREMATURE.

The announcement made some days ago that Karl K. Homuth, M.P.P. for South Waterloo, would be Labor Whip in the Legislature was premature. The Labor members met in caucus yesterday and appointed Chas. Swayze, M.P.P., for Niagara Falls, as Whip. It was also decided that W. A. Crockett, M.P.P. for South West-worth, would second the Speech from the Throne on behalf of the Labor group. John B. Johnston, M.P.P. for East Simcoe, who was elected upon a combined U. F. O.-Labor ticket, attended the Labor caucus. It was his first meeting with them.

Discuss Labor Legislation

The caucus again discussed the Labor program for the coming session. They will ask for the abolition of the property qualifications for candidates for municipal offices and also for a Commission to investigate the feasibility of the eight hour day legislation. This latter will not come up this session, but the report of the Commission would be the foundation for future legislation.

Labor members would go further on the "mothers' pensions" than the report recently submitted to the Government. They will recommend that married mothers with one child be also given the allowance. The caucus decided to ask that the Provincial Government bear the entire expense and relieve the municipalities of the share suggested in the report to the Government.

Compensation Act Changes

Amendments to the Workmen's Compensation Act will also be requested. These will include an increase of the general compensation above the present 55 per cent. They also want the pensions paid to the widows of killed workmen made equal. Widows whose husbands were killed prior to April 1 last get \$20 a month, while those whose husbands were killed after that get \$30 a month by the act as amended last session. The Labor members want all paid \$30. They would also increase the allowance to children.

NO QUORUM

A sufficient number of people to hold a meeting failed to turn up at the Ratepayers meeting at the Collegiate last night and so the meeting was called off. Mayor Lovelace, Ald. Huffer, P. B. Yates and Percy Wilson were amongst the dozen or so present.

While the racing dates have been announced for the Fort Erie race track, it cannot be definitely said that they are conclusive, owing to the fact that the report of Dr. Ruth-erford, the special government investigator, who investigated conditions at the Fort Erie and other race tracks, has not yet been returned. While the two meets, the one between June 29 and July 6th, and the other between August 5th and August 12th, will probably be held, betting conditions may be greatly changed.

## OUCH! LUMBAGO! RUB IT ON BACK

Rub away all pain, soreness, stiffness, backache, with "St. Jacobs Liniment."

Ah! Pain is gone! Quickly?—Yes! Almost instant relief from soreness, stiffness, lame-ness and pain follows a gentle rubbing with "St. Jacobs Liniment."

Apply this soothing, penetrating oil directly upon the ache, and like magic, relief comes. "St. Jacobs Liniment" conquers pain. It is a harmless backache, lumbago and sciatica relief, which never disappears, can not injure and doesn't burn or discolor the skin.

Straighten up! Stop those torturous "stitches." In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of "St. Jacobs Liniment" from your druggist now and get this lasting relief.

## NOT LIKELY TO BE ANY LABOR TROUBLES IN CITY THIS SPRING, SAY BUILDERS

There is not likely to be any strike troubles in the city this spring, at least among the building trades, as the contractors have agreed to the terms demanded.

SUBTLE AND OTHERWISE

If some of the agitators for the two thousand gratuity would get regular jobs and go to work as the majority of their fellow soldiers have done they would probably find more sympathy from the public behind them.

Some commuters around Buffalo have taken heart from seeing woodpeckers at work, believing that to be a sign of early spring, or at least an open winter the rest of the way.

A Successful Life

What is a successful life for a man? After he's done with the toil and worry and the sorrow that are his by inheritance, and he gives up the struggle to exist, what qualities might he possess which would cause his acquaintances or the casual citizen to hold his memory in kindly regard?

Take some poor, happy-go-lucky chap, who hasn't anything, and never will have, because he gives it all away. He doesn't do any real good, according to present standards, and leaves the world without making it any better perhaps.

WANTED

Lady book keeper of substantial age, to assume the management of office of our Owen Sound Store (retail dry goods). Must be fully experienced in book keeping, banking, etc., and would prefer some customs experience. This is a very comfortable position in point of management and in a bright up to date office.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published? Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

A man has an allotment of about seventy years. He comes into the world for reasons he doesn't know. There may be a purpose in human life though to many it is very obscure; man does his little bit and then departs and whether he has accomplished much or little, according to the world's standards, what difference does it make in the long run?

Are You Suggesting Blackheads? Toronto Telegram.—There is reason to fear, that the scarcity of lumber may again retard the work of reconstructing the Union Cabinet at Ottawa.

Providence may temper the wind to the shorn lamb, but it doesn't to the overcoatless man.

It might be said the firemen won the battle just by sitting back and waiting.

Somebody gently hints that the flu is not as deadly this year because there is more booze in circulation than a year ago.

Supposing a man lives in a tent and he is caught with a bottle? Would he be fined for having liquor otherwise than in a private house?

OTHER COUNTRIES FOLLOW Great Britain Took Initiative in Sending Ships to Golden Horn

PARIS, Feb. 25.—Great Britain took the initiative in sending a fleet to Constantinople, says a London despatch to the Petit Parisien, quoting Premier Millerand, who is said to have added there were other allied warships in the Golden Horn.

LIFT CORNS OFF IT DOESN'T HURT

With fingers! Corns lift out and costs only few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug! Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

SMOKE SIGNALS TO MARS

U. S. Professor Would Half Sate to Ute Countryside to Win Attention ERVN MAWR, Pa., Feb. 25.—Use of the United States Government's surplus of smoke-making material left over from the war in signalling Mars was suggested today by James J. Greshaw, associate professor of chemistry at Bryn Mawr College, who served in the chemical warfare section of the American Expeditionary Forces.

Smoke screens hundreds of miles in width, he believes, would be more likely to be discerned by possible Martians than the geometrical designs which Sir Oliver Lodge suggested be laid out on the Sahara desert. Professor Greshaw advocated covering an area as big as the state of Pennsylvania with either black or white smoke, and believes it would be possible to make the spot appear and disappear by regulating the flow of smoke. This could be repeated as often as the smoke could be cleared by the wind.

CANADIAN MILLING INDUSTRY

The Canadian milling industry has since 1914 made progressive strides and flour exports between that year and 1919 increased nearly five times. Today this business has an annual capacity of slightly more than 55,000,000 barrels a year and new mills are being continually added.

Great Britain has been by far, Canada's best customer for flour, her imports from the Dominion of this commodity, for the last fiscal year, being equal to about 60 per cent. of the total, or \$56,000,000 out of nearly \$200,000,000.

Exports by countries for the last year were as follows:—Great Britain \$57,702,225; United States \$95,744,171; British South Africa \$17,209; Newfoundland \$34,147,527; British West Indies \$6,329,527; Other countries \$24,147,527.

The Trade returns for the present fiscal year show that, as yet, the exports of flour are holding their own, though the European countries are again engaged in grain growing and milling.

Great Britain took a little more than 3,000,000 more barrels than she did during the same period in 1918. Of these 3,912,405 barrels went to the United Kingdom; 38,422 to British Guiana; 146,596 to the British West Indies; 247,845 to France; 100,152 to Greece; 55,735 to Italy; 73,103 to Newfoundland; and 222,084 barrels to other countries.

Whist on account of the change of conditions in Europe, the export trade may fall off considerably, the Canadian milling industry by reason of the activity produced during the year, is in a very strong position, and should be able to hold its own in the period of competition which is undoubtedly ahead.

Whist on account of the change of conditions in Europe, the export trade may fall off considerably, the Canadian milling industry by reason of the activity produced during the year, is in a very strong position, and should be able to hold its own in the period of competition which is undoubtedly ahead.

Pictures of Dempsey and Willard Fight at Griffin's Opera House

The first showing in the Niagara District of the films of the Dempsey-Willard championship bout at Toledo will be made at the Griffin Opera House here at 4:30 and 10:30 p.m., on Wednesday, February 25th...

the contestants are Jimmy Wilde's prospective rivals for the championship, Frankie Mason and Carl Tremaine.

The picture trip to the Toledo contest lasts as long as did the event itself, the film running into the second hour, and being admittedly the best thing of its kind ever made.

To save themselves time, patrons should avoid the box-office crush of the late hour and enable the showing to begin on time.

Mr. Joshua Holmes is quite ill. The members of the Girls Sports Club interested in basketball are meeting tonight at the home of the President 145 Ontario St.

Worn-Out, Weak Men and Women Testify

Chatham, Ont.—"For many years I suffered with stomach trouble and I tried many remedies but they seemed to be a failure—my stomach seemed to be getting worse instead of better.

New Willshire, P. E. I.—"I suffered three years with bronchial asthma. I was so weak I could hardly walk three steps at a time. I could not sleep so would get up and stay up the rest of the night.

Hamilton, Ont.—"I have suffered with rheumatism for the last five years and I have only taken three bottles of Dr. Pierce's Ankle (anti-rheumatic) Tablets and three bottles of Golden Medical Discovery and an ankle cured.

"I want to recommend Dr. Pierce's medicines to any sufferer with kidney trouble or to anyone run down after having the 'flu'. Also Dr. Pierce's Pleasant Pellets for constipation."

Dr. Frank Garland Coming to Speak! CIVIC DINNER Thursday, 26th February 8pm "The Welland" at 7.30 O'clock

What Dr. Garland Says

"There is a new spirit in our city. The spirit of helpfulness. The Department of Public Welfare is a community expression of this spirit. We feel that a city has a heart as well as a body; that it is a spiritual entity as well as a physical organism.

TICKETS One Dollar Make Your Reservation Early Campaign Committee ST. CATHARINES CHAMBER OF COMMERCE Union Bank Building ST. PAUL STREET

Who He Is! GARLAND is the man who helped Dayton rise from the devastation of the floods a better, sweeter city.

He has inaugurated municipal nursing, play grounds, summer homes and free legal advice departments and many other things for community good.

He was honored by the Garden City Planners of England with an invitation to study their cities and co-operated with them.

He has wit, vision and great ideals; speaks sincerely and knows men and things.

He will give you a vision of a modern city through a modern plan of organization.

INCREASE IN NUMBER OF MURDERERS MAKES NEW DEATH HOUSE NECESSARY

OSSING, Feb. 25.—Sing Sing will have a new death house. Prisoners awaiting execution for murder will aid in the building of their own hospital, kitchen and dental parlor. The increased number of murderers at the prison recently is responsible for the decision to erect a new death house, it is said.

ONTARIO RURAL SCHOOL FAIRS

During the year 1919 the Ontario Department of Agriculture, through its agricultural representatives, distributed seeds and eggs to 78,946 pupils in 3,278 rural schools of the Province. R. S. Duncan, B. S. A., writing in the Agricultural Gazette for January, states that the following quantities were distributed: 1,90 bushels of potatoes, 432 bushels of grain, 12,575 packages of root seeds, 30,700 packages of vegetable seeds, 21,960 packages of flower seeds and 11,945 dozens of eggs of a bred-to-lay strain of Barred Plymouth Rocks.

The first school fair was organized in 1909 with three schools taking part. Ten years later 857 rural school fairs were held in the Province, and the pupils had 60,848 home plots and made 114,823 entries. It is estimated that about 250 people saw the first school fair in which 58 pupils took part, while last fall 92,600 children and 107,590 adults attended the school fairs in Ontario. This is truly a wonderful growth.

WOOD'S PHOSPHODINE

The Great English Preparation. Jones and invigorates the whole nervous system, makes new blood in old veins. Used for Nervous Debility, Mental and Brain Worry, Dependancy, Loss of Energy, Palpitation of the Heart, Failing Memory. Price \$1 per box, six for \$5. (Sold by all druggists, or mailed in plain wrapper receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT.)

Announcing Red Rose Orange Pekoe Tea

During our twenty-five years in business, Canada has made wonderful progress in education, refinement and wealth.

The scale of living and the tastes of the people are more luxurious than a quarter of a century ago.

Realizing this we have decided that in addition to our well-known standard brands of Red Rose Tea, the sales of which are increasing faster than ever before—the time is opportune to introduce a tea of extra quality. It is an Orange Pekoe Tea of very fine quality under the popular Red Rose brand, and called Red Rose Orange Pekoe Tea—a special tea of extra quality for people who are willing to pay a little extra price.

To ensure the quality and success of this new tea we have concentrated on it all the resources, the experience and the advantages possessed by our big organization.

The Orange Pekoe Teas we use are selected with a knowledge born of long experience in buying teas abroad.

Red Rose Orange Pekoes are grown on the best plantations; —from tested seed; —on carefully cultivated soil; —at a high elevation (mountain

grown teas are very superior to low-land teas.)

They are gathered at the time of the year when the flavor is most fully developed in the leaves.

The manufacture and final preparation are carefully and skillfully done.

When brewed, Red Rose Orange Pekoe Tea has all the characteristics of fine quality tea.

It has a bright, sparkling amber color in the cup.

The aroma is delicate and delightful.

After the liquid is poured off, the leaves in the pot are a greenish copper color.

The flavor is of rare charm and distinction. The more cultivated your taste the more you will appreciate it.

The strength is rich, satisfying and invigorating.

Red Rose Orange Pekoe Tea is sold only in our sealed waxed board cartons which fully protect its fine quality.

Ask for it by the full name: Red Rose Orange Pekoe Tea. The words "Orange Pekoe" are in orange on our new waxed board cartons.

T. H. ESTABROOKS COMPANY, LIMITED St. John, Montreal, Toronto, Winnipeg, Calgary, Edmonton, St. John's, Nfld., and Portland, Maine.

To Grocers: Our travellers are on the road taking orders for the NEW tea. If our traveller hasn't reached you, better phone or mail an order immediately to our nearest office. There is sure to be a considerable demand at once for this fine quality tea.

Mountain grown Orange Pekoes from the best plantations. A tea of extra quality at a little extra price.

Our well-known Red Rose package, the sale of which is increasing faster than ever before. Red Rose consists chiefly of Assam teas, the richest and strongest in the world and therefore very economical.

(Red Rose Orange Pekoe package is a little different in design.)

### NO CLOTHING TO COVER NAKEDNESS

#### Destitute Jewish Children of Eastern Europe Suffer Terribly From the Cold.

The destitute Jewish children of Eastern Europe are almost entirely without clothing to protect them from the ravages of the winter, according to Samuel Charney, a Jewish writer and critic of Vilna, Poland, who has recently arrived in New York.

"It is not a question of their being without shoes, or without underwear, or without any one thing," he reports. "It is a question of their being altogether without clothing to cover their nakedness, and to protect them from the cold. There is almost a total lack of linen, cotton or woolen clothing in Eastern Europe, and what there is sold at a prohibitive price. The rags that the poverty-stricken Jews have worn all through the war are falling from them. The clothing problem is almost a greater issue than the food problem to-day."

"The help already given by the Joint Distribution Committee of Jewish Funds, the Red Cross, and the Canadian and American Relief Administration is all that has kept our race alive this long in Eastern Europe. I was an eye-witness to the suffering there and can say that except for America they would all be dead now, except a very few. Only America can keep them alive through the winter that confronts them now. There is almost no wood in Poland, even for those who have the money to buy it, and thousands of refugees and families whose homes have been destroyed are living almost on the street. Almost none of them have sufficient clothing."

M. Charney, who was the editor of a Jewish paper in Vilna, came to America with his family by means of a special passport which was secured for him by Samuel Gompers and endorsed by such prominent Jews as Rabbi Stephen S. Wise, Oscar Straus, and Nathan Straus. He was driven into prison in Vilna along with many other prominent Jews of Vilna. Four days later he was released and went with his wife and two small children to Paris, from where he sailed for America.

### SIX MILLION JEWS HAVE LITTLE FOOD

#### Heart-Rending Stories of Suffering and Death Come From Eastern Europe.

The cans in which oil was sent to the destitute Jews of Poland are being turned to still another use, according to reports brought back to the Canadian Jewish War Relief Committee by relief workers abroad.

For several months these cans have been serving in a number of lightening-change capacities, ranging from chocolate containers to sheet-iron stoves. Now that the epidemic of typhus is such a menace in Poland, where there are 100,000 cases, and throughout Eastern Europe, the old cans serve as portable bath tubs, and Canadian Jewish relief workers and Red Cross nurses are striving to combat the dread disease with cleanliness. All through the stricken lands of Eastern Europe little Jewish children are receiving their daily baths in these old oil cans.

Conservation is whittled to a fine point of necessity in these countries, where 6,000,000 Jews are at the point of starvation, and even the damaged cans are not allowed to go to waste. They are used to patch holes in the roofs and walls of the devastated houses. Cold is such a part of the problem as disease in Eastern Europe this winter, since the Jewish population, almost without exception, is clad in rags, and the wretched places in which so many of them live are slight protection against the weather.

### BLACK TYPHUS IS KILLING THOUSANDS

#### Hundreds Upon Hundreds of Children Become Orphans and Wander Until Overcome by Starvation.

The tragedy of the wandering little orphans of Poland and the sorry efforts of the mothers of that war-stricken country to care for the homeless ones, is an appealing phase of the big heart-breaking story of destitution that relief workers bring back from abroad.

Thousands of youngsters, motherless and fatherless through the ravages of the "black typhus," trudge wearily from village to village over the desolate country seeking what food they can find to keep life in their starving bodies. Sometimes hands of refugees find the little folks and take them in charge. Now and then some almost equally poor peasant gives them shelter and divides his small portion of food. And then, in the course of a day or two, the children take up the tramp again like so many small gypsies. Once in a while a woman will mother the little travellers and aid them until starvation overtakes them.

Jacob Baskin, who had been in charge of a relief unit for the Joint Distribution Committee, which handles funds collected by the American Jewish Relief Committee and other Jewish fund-raising relief organizations, told of these tragic pilgrimages. The Canadian Jewish War Relief Committee is appealing for funds to alleviate this terrible suffering.

G. A. Langstaff, a prosperous Kenton farmer, aged thirty-five, hanged himself in a fit of despondency over lengthy illness.

### SIX MILLION JEWS ARE FACING DEATH

#### Starvation and Disease Cause Indescribable Suffering in Eastern Europe.

The hardships of this winter will mean death to thousands of Jews in Poland, unless outside aid intervenes at once according to Lieutenant Shelton Wright of the American Red Cross Commission in Poland, recently returned to the United States after months of relief work in eastern Europe.

He painted a vivid picture of this he-starved people, clad in rags, who are now creeping back toward their devastated homes after months of refugee wandering, and dying of starvation and typhus along the roads, as they go.

"Outside starvation, numerous diseases, attributed to malnutrition and typhus have killed men and women and children like flies," he said. "I remember a family trying to live under an over-turned wagon by the roadside. The mother was dead under a tree a few days away—she had been dead for days. The father was stretched upon the ground dying of typhus. He died that day. Under the wagon were two little children, both under five, sick with typhus. An older child sat stupidly beside them—a girl driven out of her mind."

Many of the people are driven to making "bread" out of leaves and bark, and "soup" out of grass and water, Lieutenant Wright reported. There was unspeakable joy among them when the American ships, loaded with relief supplies purchased with the funds raised by the American Jewish Relief Committee and other American Jewish agencies, and American and Canadian Red Cross supplies were unloaded at Danzig and other ports. In spite of the fact that the American Jewish Relief agencies are spending almost \$2,000,000 a month now on their relief work in Poland, and that the Red Cross is doing its work on so vast a scale, hundreds of thousands of Jews and Poles will die during the winter unless more aid comes.

"Every box-car full of refugees returning to their homes has in it those who die along the way, and those who have contracted typhus," Lieutenant Wright said. "The people try to avoid disease by keeping clean, but it is impossible to do so, under existing conditions. Even our nurses and doctors fall ill of typhus, a disease caused by filth and lice."

The Red Cross and the American Jewish Relief agencies are doing their utmost to keep both the Jews and the Gentiles in these stricken lands alive. Six million Jews in eastern Europe face death unless immediate shipments of food, clothing, and bedding from Canada and the United States reach them before the cold weather sets in.

An appeal for funds is to be made in Ontario and a generous response from this district is confidently expected.

### MILLION CHILDREN ARE CLAD IN RAGS

#### Their Wasted Bodies Show Thru Tatters, Result of Starvation and Misery.

The art of making two flowers bloom where only one bloomed before isn't half so hard as that of making two garments exist where only one existed before; yet even this can be accomplished, according to reports recently received by the Canadian Jewish War Relief Committee from relief workers abroad.

Cloth of any kind, either cotton or wool, is particularly impossible to obtain in Eastern Europe, except at prohibitive prices. A report from little Jewish children in these unhappy lands are clad in the rags that they have worn all through the war, their wasted bodies showing through their great tatters. Some of these children are still sleeping on the streets, since there are at present neither orphanages nor funds for all.

Miss Harriet E. Weinstein of New York, sent to Europe as a commissioner of the Joint Distribution Committee of American Funds for Jewish War Sufferers, was able to purchase more than a carload of pajamas from the salvage department of the American army in France. These were sent to Eastern Europe, and in the workrooms opened there were made over into clothing for children.

Each pair of pajamas made at least two Russian blouse suits for little boys it was reported. The larger pieces left over in the cutting were used for the cloths that the children of Eastern Europe bind around their feet in lieu of shoes.

### MOBS OF CHILDREN CRAVING FOR BREAD

#### Gaze Into Bakeshop Windows for Hours at a Time, Hoping for Something to Eat.

"The saddest thing in all Eastern Europe at the present moment—worse than all the other instances of starvation and even of death and disease on every hand—are the child-mobs one sees outside of the few bakeries that are able to keep going in Warsaw," Sholom Asch, the famous Yiddish playwright and poet reported to the American Jewish Relief Committee upon his return from Eastern Europe, where he went as a commissioner of the Joint Distribution Committee of America "funds for Jewish Sufferers from the War."

"In the bakery windows are a few loaves of bread, and sometimes cakes, that are sold at a simply prohibitive price," he explained, "and even if these were as cheap as in Canada and the United States, their taste would still be unknown to the hungry Jewish children, who live on the cup of soup a day they get from American Jewish relief agencies. But the youngsters tantalize themselves with the sight of food, when they cannot get the taste of it."

"They press up to the window, and at first merely stare respectfully at the bread, an uncanny little crew of gaunt small folks with old faces and suffering, unchildlike eyes. Perhaps it is raining, or the wind is blowing coldly through the tatters that they wear, that little barefoot army, but they huddle together for warmth, and do not stir. The sight of the bread has fascinated them, it is so rarely seen."

"A customer comes out, leaving the door ajar for a moment, and the warm fragrance of the bake-shop drifts out to the little ragamuffins, maddening them. They press closer to the window, their thin little faces against the glass. Those in front put out their tongues and lick the glass, as if, by so doing, they could taste the bread behind it. No poor child ever writes into words the wistfulness of their faces as they do it."

"One of the men from the bakery comes out and drives them away every few minutes, else they would break the glass. They are afraid of him, and for a few minutes they stand at a distance, their eyes still upon the bread. Then hunger overcomes their fear, and they press up to the bakery window again. Soon they are eagerly licking the glass once more. And this goes on all day every day in front of the bakery window."

More money is needed to help feed these children, and an appeal soon is to be made in Canada for that purpose.

Cruikshank, the noted British artist, once offered \$500 for proof of a violent crime committed by a teetotaler. To the day of his death the money was never claimed.

### DESTITUTION IN EUROPE TERRIBLE

#### Long Processions of Starving, Ill-Clad Children Seen Daily on the Streets.

Long processions of little Jewish children in Eastern Europe, bearing their tin cups in their hands, daily walk from their villages to the nearest town in which there is a Jewish relief station, according to relief workers in these stricken lands, sometimes journeying five or six miles in order to get the cup of soup with a piece of hardtack, or the mug of milk which is often their sole food of the day.

Those tin-cup processions emphasize, as nothing else could do, the relief workers say, the terrible destitution of the Jews in Eastern Europe at present. The children in them are barefoot, almost without exception.

Reports received by the Canadian Jewish War Relief Committee say that both boys and girls are wrapped in burlap, or dressed in clothing made from the sacks in which the relief supplies have come, or in the rags which they have worn during the five years of the war, their gaunt little bodies showing through the tatters. They do not walk as children usually do, without effort or restraint, but drag themselves along wearily, and hopelessly, like tired little ghosts condemned to move in hungry processions throughout eternity.

Arrived at the relief station, the children are so tired and so weak that they sit down upon the pavements to await their turn in line. Upon the faces of every one of them there is an expression of unchildlike anxiety. It has to do with the only really vital question in the world to them—whether or not the soup or milk will hold out for them when it comes. Every day some of them have to be turned away without food, since their numbers are so great that the funds at present on hand are not always sufficient to care for them all.

### MILLION PAIRS OF SHOES ARE NEEDED

#### Destitute Jewish Children of Eastern Europe Use Rags to Protect Feet From the Cold.

A million pairs of shoes are needed by the destitute Jewish children of Eastern Europe to-day, according to reports received by the Canadian Jewish Relief Committee from relief workers abroad.

At least that many of the helpless and hungry Jewish youngsters of Eastern Europe are absolutely without footwear of any kind, their relief agents say. Thousands of others have rags sewn around their feet in lieu of shoes.

Several carloads of shoes that formerly belonged to Allied soldiers in France were purchased there by the Joint Distribution Committee of Funds for Jewish Sufferers from the War for the Jewish women of Eastern Europe. But it was impossible to buy the shoes in sizes that could be worn by the children, and all others sold in Europe are at a prohibitive price. So a million youngsters are barefoot during the hard winter of Eastern Europe.

There is a great lack of every conceivable kind of clothing, as well as shoes. In Serbia, a common child's costume just now consists of two sacks, with holes cut through for the head and feet. In Poland, four sacks and sugar sacks sent with supplies to the destitute Jews by Jewish relief agencies are all being made over into clothing, and even small suit sacks are pieced together, and used for this purpose.

### MILLION CHILDREN ARE CLAD IN RAGS

#### Their Wasted Bodies Show Thru Tatters, Result of Starvation and Misery.

The art of making two flowers bloom where only one bloomed before isn't half so hard as that of making two garments exist where only one existed before; yet even this can be accomplished, according to reports recently received by the Canadian Jewish War Relief Committee from relief workers abroad.

Cloth of any kind, either cotton or wool, is particularly impossible to obtain in Eastern Europe, except at prohibitive prices. A report from little Jewish children in these unhappy lands are clad in the rags that they have worn all through the war, their wasted bodies showing through their great tatters. Some of these children are still sleeping on the streets, since there are at present neither orphanages nor funds for all.

### Dempsey-Willard Fight Pictures at the Griffin Opera House

Of the great Dempsey-Willard championship meeting as reproduced in the movies, which is to be shown at the Griffin Opera House here tonight at 10.30, the Hamilton Spectator's man says, after witnessing the first Ontario presentation at Loew's Theatre at Toledo in that city; Jess Willard lost a neat little trouncing from Jack Dempsey at Toledo. It's an old story now, but the battle which was the big topic in sporting circles for many months until Dempsey put the quietus on the Willard person as shown on the screen is enough to convince anyone who thought Dempsey won by a fluke punch early in the fray that he has another think coming. The camera does not lie and the films show just how badly the big fellow was crumpled up by the present champion. Things went merrily in the first round with Dempsey doing all the aggressive work, and suddenly there came a tumble—a tumble that resembled the fall of a skyscraper. After that he fell more than a shackled mule—six times to be exact, before the gong sounded. Then as will be recalled, the triumphant Dempsey can be seen leaving the ring, as he thought it was all over, only to be frantically called back by his manager, Jack Kearns. Willard's wonderful comeback on the second round, after he had been hammered to a pulp in the first, is shown and he continues to be the target for Dempsey's barrel like fists throughout the second frame although he does no such canvass kissing stunts as in the first round. The pictures show Dempsey slowing up somewhat in the third round with no big distress signal flying from the Willard corner, but big Jess fails to respond for the fourth, and the picture caption claims that "the gamiest boxer that ever lived was forced to quit through his friends tossing in the sponge without his consent."

More than three rounds of the big battle are shown and the main picture is long enough to make an interesting hour. Good preliminaries also are shown, including the bout between Carl Tremaine and Frankie Mason, and there is no doubt about Tremaine being entitled to the decision as the pictures prove beyond doubt, that he was the better boy. Mason it is to be noted has just been matched with Jimmy Wilde for the world's championship.

### MONT. HERALD SUSPENDS

#### Shortage of Newsprint Cause—It Attacks Government.

MONTREAL, Feb. 24.—The Montreal Herald announces it will suspend publication after today owing to the shortage of newsprint. It attacks the Government, and says "Price Bros. are running the country."

### SCOTCH IS SCARCE

#### Shock For Those Thirsting For the Heather Hoosh.

Gloomy news for those whose favorite drink is Scotch whisky comes from the distillers. All hope has now been abandoned for an early increase in the supply of Scotch, or for a decrease in the very high prices prevailing for this popular brand. The failure in the crop of barley in Scotland last season has contributed to the difficulties already existing and greatly hampered the distillers there. Another factor which complicates the situation is the excessive

## Farm and Country Life in Canada

FARMING is a basic industry in Canada. From the first days of its publication, The Globe has always strongly advocated the development of scientific agriculture.

When the breeding of pure-bred stock in Canada was first deemed necessary, The Globe, by example and precept, showed what could be done.

The late George Brown was a leader in experiment. At Bow Park Farm, near Brantford, he bred from imported cattle so as to place pure-bred stock at the disposal of his neighbors.

From those days to the present, the furthering of the interests of the Farm and Country Life of Canada has been an important feature of The Globe.

The Weekly Farm Department has always been a source of inspiration to the farmers to improve their knowledge of agriculture.

The Globe believes that one of the best ways of teaching a man is to show him what his neighbor is doing. This is the policy The Globe adopts in its Farm Department. Two members of The Globe staff devote their whole time to the collection of material for this Department and in so doing spend several days each week in the country. They visit good farms all over Ontario and attend Fairs and Conventions. They report all developments in rural life as reflected in these gatherings as well as in the personal experience of successful farmers. Through its "Farm and Country Life" Section, The Globe has identified itself with every movement calculated to improve

the conditions under which farmers and their families do their daily work.

This is the service thousands of farmers in Ontario and elsewhere receive and appreciate, and one of the reasons why many thousands of them read The Globe.

But that is not all. Keen competition, and the continued fluctuation of prices make it necessary for the farmer and his family to keep in touch with current produce and other commodity prices even from day to day.

The Globe has a well-merited reputation for accuracy, because in nothing is it more dependable than in its market reports. All prices quoted in The Globe are verified by the highest authorities SIX TIMES EVERY WEEK.

But besides all this, The Globe is a Great Family Newspaper. It is as much a necessity and convenience in the Farm Home as anywhere else. The coming of the daily paper to the Farm Home ranks in importance with the rural mail delivery, the telephone, electricity and the good road.

It broadens the outlook of those who live on the farm. It keeps them informed on current events the world over. Not only does The Globe do this, but it serves the agriculturists of Canada in a peculiar and appropriate way.

The service The Globe has already rendered three generations of Farm Life is a guarantee of what it will do in the days to come.

This is why The Globe should have a place in every Farm Home in Ontario.

tor of Colonization, Parliament  
Buildings, Toronto, at once for ap-  
plication forms. Applications will  
be filled as far as possible in the  
order in which they are received.  
By authority of  
**BENJAH BOWMAN,**  
Minister of Lands & Forests  
Feb. 20.

## Chamber of Commerce Activities

"Building a Chamber of Commerce  
for St. Catharines of 400 or more  
members without at the same time  
providing an income adequate to the  
needs of the enlarged organization,  
would be largely a waste of effort,"  
according to one of the supporters  
of the campaign, who told a St. Cath-  
arines representative today how the  
new chamber will be financed.  
He said that the income of the  
chamber will depend directly upon  
the confidence reposed in it by the  
community, because that income will  
arise from membership. "The pay-  
ment of dues is the acid test by which  
it can be determined whether the  
organization is trusted or not," he  
said.  
"The income plan under which the  
chamber is being expanded is a  
uniform pledge of \$25 dues a year  
for three years. The reasons for  
adopting this scale and the period  
named are entirely sound. They are  
founded on actual experience, not in  
one city, but in scores of them.  
"Membership dues of \$25 a year  
will provide the least amount the

chamber should have to insure effi-  
ciency; to be the really big, capable  
civic-commercial organization a city  
like St. Catharines should have, and  
I am convinced will have.

"Some men will ask: 'What are you  
going to do with all this money?'"  
He will overlook the fact that the  
Board of Directors, which includes  
some of the shrewdest business and  
professional men in St. Catharines,  
have examined the plan for the or-  
ganization with as much care as  
they would give to their own busi-  
ness affairs, and have agreed that  
\$25 a year is the least sum required  
from each member.

"Eighty-five per cent. of the com-  
mercial organizations of the country  
have membership dues, of \$25 a  
year. The number of such organiza-  
tions is steadily growing, this proving  
that more and more of them are  
finding the truth of what the Cham-  
ber of Commerce specialists learned  
six years ago. The Rotary Clubs of  
the continent started with mem-  
bership dues of \$5. Today most of them  
have raised their dues and they are  
all tending toward \$25.

"The lowest actual cost of main-  
taining a Chamber of Commerce that  
is worthy of the name is from \$15  
to \$19 a year per member. This  
fact has been well established. The  
minute a Chamber of Commerce be-  
comes a real live organization, its  
necessary expenditures begin to climb  
from those figures.

"The modern Chamber of Com-  
merce must maintain suitable quar-  
ters; that means rent to pay. It  
must have efficient management;  
this means the employment of a  
trained and capable secretary. In  
such a city as St. Catharines the  
Chamber of Commerce should have  
one or more bureaus to give special  
service to the members and the citi-  
zens; this involves the employment  
of men of ability. It must have an  
office system; this means clerical and  
stenographic assistance. There are  
other items of expense, every one of  
them legitimate and necessary, which  
amount to a considerable sum each  
year.

"Uniformity in dues needs no argu-  
ment. The days when the small  
storekeeper was admitted to the  
Chamber of Commerce for \$2 or \$5  
a year, and the big corporation asked  
to subscribe \$200 are past.

"The relations of the small store-  
keeper and the big corporation have  
been accurately defined in the mod-  
ern civic-commercial organization.  
Each becomes a member with equal  
obligations and equal rights.

"In place of the disproportionate  
membership payments of the old  
days, the modern Chamber of Com-  
merce says to the big corporations,  
in effect: 'Your larger interests in  
this community increase your re-  
sponsibilities for its well being. You  
have more at stake than the small  
storekeeper, and therefore you should  
support the Chamber of Commerce  
in proportion to your investment in  
this community.'

"To make this possible, the plural  
membership plan has been devised.  
Under this plan the corporation, firm  
or individual subscribes to a number  
of memberships. Since, however, the  
chamber cannot permit the plural  
subscribers to dominate its affairs,  
it allows each subscriber to have one  
vote only, the same as the smallest  
storekeeper in the organization.

"It is the custom for the subscri-  
ber to plural memberships to assign  
them to the younger men in its em-  
ploy, the assignments being absolute  
and carrying with them the power  
of one vote each. This brings into  
the Chamber of Commerce the young-  
er men of business. It interests them  
in community work early in their  
careers and makes certain of the  
presence of men who will be the  
leaders in the community in a few  
years.

"The three year guarantee is an-  
other outgrowth of experience. A  
Chamber of Commerce can do much  
in one year, but a program of work  
that covers three years is vastly bet-  
ter than a one-year affair. To make  
it possible, though, the directors  
must know what the income is going  
to be. The one-year plan is univer-  
sally unsatisfactory; the three-year  
plan has never yet been abandoned  
where tried."

## DOCTOR WARD, The Specialist

**SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION,  
BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DIS-  
EASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS.**  
The knowledge gained from many years' experience in treating diseases just like yours is of much benefit  
to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that  
he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders, I give every pa-  
tient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered  
specialist, in order to bring about the most satisfactory results in the shortest possible time.

**NERVE EXHAUSTION**  
A CONDITION AFFECTING MANY MEN—THE GREAT AM-  
ERICAN DISEASE—IT IS BROUGHT ON BY OUR MAN-  
NER OF LIVING—OUR WORRY AND HURRY—AMERI-  
CANS EXHAUST MORE NERVOUS ENERGY THAN ANY  
OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their  
nervous system. These men do not know what is the reason they  
don't feel right—why they can't work like they used to—why they  
tire so easily and why they are irritable, nervous, despondent,  
weak, pale and lack ambition. These conditions require the ex-  
pert knowledge and treatment of a specialist who has had many  
years' experience in just such ailments. A specialist learns by  
experience to know just the right treatment at the right time so  
that the patient can be discharged at the earliest possible time. Men  
affected with nervous exhaustion have no endurance—no ambition  
—everything they attempt is an effort. Life to them appears as a  
long, gloomy future. Their appetite is poor and variable—they be-  
come irritable, cross and discouraged. They have pains and aches  
in various parts of the body and there is often indigestion and  
pains in the stomach. Sleepless, wakeful and restless nights fol-  
low.

**RHEUMATIC AILMENTS**  
**SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBA-  
GO, PAINS IN BACK, SWELLING, ACHING, PAINFUL  
CONDITIONS IN ANY PART OF THE BODY—INFLAMED  
AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY  
OTHER SYMPTOMS.**

Hundreds of men are suffering with some form of Rheumat-  
ism. Many of these men go from day to day suffering untold ag-  
onies thinking they cannot be cured. They have tried liniments, rub-  
bing, massage, salts and other treatments without experiencing  
any relief, and they are now going through life thinking they  
are martyrs to that burden, called Rheumatism. If these men could  
only know how easy it is to get rid of many rheumatic conditions  
I know they would not suffer another single day. Then all suf-  
ferers of rheumatism would be strong and healthy if they could  
get rid of the condition. Rheumatic patients are nearly all strong  
and robust before being attacked by this ailment, and therefore  
it is so hard for the man to understand why he should suffer the  
agonies of such a condition. When a man gets rid of such a con-  
dition he feels that a heavy burden has been lifted from his life, and  
he starts right out to make up for lost time both in money and  
pleasure. When a man comes to my office suffering with the  
above condition he is given a most careful examination, and he is  
given treatment that he feels is giving him great benefit.

**Quick and Lasting Results Assured the Ailing Man**

**BLOOD—YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD.** Any  
"building process" of the body and mind, of the muscle and tissue formations, of any of the various vital  
organs, can be accomplished only by working direct through the blood stream.

**Two-Party Line  
Telephone Service**

NECESSARY curtailment of new construction during the war, followed by the unprecedented development since the armistice, have resulted in a universal shortage of telephone material.

In order to utilize our supply of equipment to the best advantage, to reduce delay in installations to a minimum and to avoid refusing service to anyone, we ask those intending to order telephones to consider the advantages of Two-Party Line Service

With the central energy system in use here the operator can ring either of the telephones on a two-party line without disturbing the other. The cost to the user is substantially lower than for individual line service.

The rate for two-party line service is, for Business telephones \$30.80 and for Residence \$22.00 per annum.

We will be glad to furnish full information to anyone interested.

We buy everything you want to sell. McGuire & Co.

The Lyster paper mill was forced to shut down on account of the coal shortage.

Fort Erie will vote on the proposed bylaw to make the public library there a free one, instead of one to which subscriptions are necessary before having the privileges of a member, about the first week in April. Under the terms of the proposed bylaw, the council will have control over all books in the shelves. At the March meeting the bylaw will be given its first and second readings.

Sir Sam Hughes hopes to be in fighting trim, and to be in attendance in the House of Commons in about six weeks' time. The former Minister of Militia, who has a notice of motion on the order paper concerning the Guelph Novitiate raid is suffering from anaemia. He will remain in the Wellesley Hospital for about two weeks longer. After that he is going south for about a month.

In consequence of the great storm, which blocked all the railroads and highways it was decided to postpone the holding of the Welland Liberal Convention until Thursday, the 4th day of March on which date the Convention will be held in the Court House at Welland, at 2.30 o'clock, in the afternoon, and Mr. R. F. Taylor will be present to address the Convention.

Rev. Canon Piper has personally purchased the larger house of R. C. Petch on Albert street, Thorold, and will remove into it as soon as it can be prepared for occupation. The present rectory, Chestnut hall, will then be turned over to its new purchasers, the G.W.V.A., to be used by them for club house purposes. While Canon Piper's new purchase is a personal matter, it will serve also as the rectory, probably until the church is prepared to build on the lot at the rear of the Church edifice.

**Good Music  
and a  
Good Piano**

Some one has said: "Don't be afraid of good music." Good Counsel. It will come back to you in a pleasantly compelling, insistent way, and you will come back to it—can't help it.

But this only happens when associated with the good music there is a good piano. Make no mistake here. Let it be a

FIELD**

An excellent chance is offered young men with High School or Business College training to enter the financial world. A bank has several openings offering splendid opportunities for training and advancement. No experience necessary. State full qualifications. Address Box 15

R. W. and Mrs. Crowell (nee Miss Josephine McArthur of Thorold) have purchased a home at 98 Rugby road, Schenectady, and are now permanently settled.

Lt.-Col. W. K. Walker, D. S. O. (with bar), M.C., Croix de Guerre, director of machine guns, arrived on a brief visit to Toronto to inspect the First Canadian Brigade which is stationed at the Armouries. "It is a splendid organization," said the colonel, referring to the corps. "We are getting all the old muck back, and all ranks have a high state of efficiency."

A sleigh, twenty two cases of liquor, some Scotch and some G. & W. Special—will feature in an interesting O.T.A. case today at Welland. The haul was made as the "goods" were leaving the city for a more southern clime. Many prominent business men will be called upon to defend themselves before Magistrate Goodwin, at the Welland Police Court.

At a meeting of the Welland Police Commissioners in the City Chambers, the estimates were considered for the year. The Commissioners will assist the City Fathers in their retrenchment program for the next twelve months. The estimates were set at \$12,884 as compared with \$15,045 last year, this despite the fact that the officers have been granted increases.

The Niagara Peninsula Branch of the Engineering Institute of Canada are arranging for a dinner at the Welland House, St. Catharines, for February 27th, after which an illustrated address will be given by Mr. John Murphy, of Ottawa, on the subject: "A Trip to the Panama Canal During Construction, and San Francisco's Celebration of the Opening of the Canal." The collection of lantern slides are said to be beautiful and were collected primarily to show the illumination features of the canal and the Panama Pacific Exposition. They are hand colored and many of them are works of art. This district is interested in canal development and power and illumination problems and it is expected that many interested citizens will take advantage of this occasion.

**A Blood Food Discovered  
That Entirely Overcomes  
Anaemic Weakness**

Carefully Investigated Reports Establish Truly Wonderful Results

Heretofore it has often been a hopeless task for a thin-blooded person to gain either strength or weight. Neither food or medicine in many instances had beneficial effect.

What is practically a perfect blood-food, containing such elements as Iron, has at last been produced, and when taken after meals will put new life and vigor into people that have despaired of ever being strong again.

This truly wonder-working treatment consists of taking two small chocolate-coated Ferrozone tablets at the close of every meal.

This wonderful blood-food supplies nourishment, vim, energy—sends a stream of vigorous, strength-making blood to every nook and corner of the body, makes every muscle and fibre sing with a new-found life and health.

That knowing tiredness leaves you—Ferrozone drives it away. Sleepless nights are turned into periods of rest, and you pick up fast. Day by day your appetite improves,—this means more food is transformed in nutrition that will build and energize weak organs. The inclination to worry passes away because Ferrozone imparts nerve—tone and bodily strength that prevents depression.

Think it over—Ferrozone is a wonderful tonic; in fact, it is more than a tonic, because it establishes health that lasts. Thousands use it and thereby cleanse and restore the entire system to a perfect condition. You'll feel the uplifting power of Ferrozone in a week,—it's bound to help you, if you only give it a chance. Sold by all dealers, 50c, or a box or six boxes for \$2.50; be sure of the name: Ferrozone. Forwarded by mail to any address if price is remitted to The Catarrhzone Company, Kingston Ontario.

**THE WEATHER**  
TORONTO, Feb. 25.—The depression which lay along the United States Atlantic coast yesterday is now centered near the Bay of Fundy with considerable increased energy while pressure is high throughout the western and north western portion of the Continent. Rain has fallen heavily in the Maritime Provinces and light snow falls have occurred in Quebec.  
FORECASTS—Fresh north west to north winds fair and cold today and on Thursday.

**CALGARY BEATS TORONTO  
IN PRICE OF HAIR CUT**

CALGARY, Alta., Feb. 24.—Calgary hair cuts will cost 75 cents on and after March 1. Plain shaves will cost 25 cents, but if the neck is given the edge of the blade, ten cents will be added.

The United Farmers of British Columbia are in session at Victoria.

**TO-DAY! BUY  
CATARRHOZONE**

Gives Effective Relief in Five Minutes and Cures Perfectly.

FINE FOR COUGHS OR COLDS

It was their inability to reach the real source of catarrh and bronchitis that caused the medical profession to drop liquid cough medicines and adopt "Catarrhzone" instead. This wonderful inhaler provides a method of breathing into the lungs certain rare medicinal vapors which are as healing and comforting as to entirely banish coughs, catarrh and throat trouble in a very short time.

The most wonderful thing about Catarrhzone is that no matter where the germs of bronchitis or catarrh hidden, Catarrhzone will reach and destroy them.

Get the large size, lasts months, if sure to cure you, price \$1.00; smaller size, 50c; sample or trial size, 25c. All dealers.

**Mason & Risch Pianos**

"FROM FACTORY TO HOME"

The Mason & Risch Piano has ever been the choice of those persons who, through training, temperament and environment, are particularly fitted to judge piano quality.

Thus, many of the greatest musicians, artists, teachers and conservatories have given it voluntary and unqualified endorsement. The Piano has proven to be exactly what those masters had in hand.

Ever increasing sales offer the undeniable proof that the Mason & Risch Piano shows distinctive quality, that its steady outward appearance reflects the genuine, substantial quality within.

These Will Be Martin and the Pelham Proposed to Issue Debt For the Merrittville

Suburban Road Commissioners

St. Catharines, W. B. Burgoyne, Daniel H. Moyer and A. H. Trappell

met upon Lincoln County Council

Monday afternoon and laid before

councillors plans of what work

they intend to do this present year.

At a mill on the city's assessment

fifteen million dollars is at the

disposal of the Suburban Commission

to spend on roads in the county

ending into the city.

Last year the Commission built a

concrete road from St. Catharines

line on Ontario street, to Port

House.

W. B. Burgoyne, the chairman, who

in the report, stated that this year

he proposed to spend \$24,500 on

the roads, the Pelham road, three

miles to the county line, for \$11,250;

Nagara street, from the city to the

Shore two and-half mile \$4750,

the Martindale Road from the city

to Lake shore \$4500, with \$2000

contingencies.

The plan is to build macadam roads

first which can afterwards form

the foundation for some other mater-

ial as these roads now have a stone

foundation.

It is also proposed, Mr. Burgoyne

stated, to spend \$90,000 on the Mer-

rittville road to the south of the city.

This would be outside the Commis-

sion's spending allowance, and if such

work is undertaken debentures will

have to be issued.

Reeve Revett of Niagara Township

inquired why the road leading into

the city from Niagara on the Lake

was not included in the suburban

**Jack Dempsey is**

**Deeper All**

**Referen**

The charges arising from the

various kicks of returned American

soldiers against Jack Dempsey as a

war slacker are taking form. He

and Kearns, his manager, are to be

charged with having made false

statements and otherwise perjuring

themselves in furnishing information

to the Draft Board in San Francisco

that placed Dempsey in the deferred

class when he was called as a sol-

dier.

The charges are based on some

letters written by Dempsey at the

time to his then wife and others

and they are termed "sensational."

Dempsey was placed in Class 4 in

the draft as a supporter of depend-

ents, whereas the Government prose-

ctor declares that Dempsey did not

have dependents, and intimates that

Dempsey not only did not support

his divorced wife, Maxine Dempsey

at the dance hall given by Wells, Nev., dur-

ing the period mentioned in the

charges, but that she supported him.

The charges arise from a letter of

Mrs. Dempsey to the San Francisco

Chronicle, in which she states the

Dempsey never supported her dur-

ing the war, and that she signed his

draft exemption papers under threat.

It is stated by the department that

the Federal Grand Jury now sitting

will return an indictment on Friday

the last day of the session.

The Carpenter End

Meanwhile Carpenter has signed

with Cochran, of London; Vienn, of

Paris; Fox, of New York, and Te
