Worried--Cattle Embargo Under Discussion--Col. Sam Hughes Speaks in Toronto--Railway Board's Powers

CATTLE EMBARGO WASTE PAPER SAYS CLARK

All Export of Live Stock to Britain at End Since Underwood Tariff Opened U. S. Doors--Complaint Regarding Competition of Foreign Vessels.

OTTAWA, Feb. 13.--(Special).--Today being Friday, the house under the new rule, went into committee of supply without debate.

Hon. J. Hazen said that the complaint was an old one and had never received much consideration from the Laurier Government.

Upon an item for the salaries of inspectors of live stock exported from Canadian seaports.

The reason assigned for the embargo by the British government constituted a gross libel upon Canadian cattle.

Mr. Sinclair (Guyaboro), said that British should give Canadian cattle the same treatment that was extended to them by the United States.

Hon. J. D. Hazen said the subject was not under his jurisdiction, but rather belonged to the customs department.

Dr. Clark (Red Deer), asked how many head of cattle had been exported last year from Canada to England.

Mr. Hazen: "About 600 head, including sheep and horses."

Lured into United States. Dr. Clark said the figures were no doubt right for 1912.

Continuing, Dr. Clark said that the British embargo on Canadian cattle was now more waste paper, but at the same time he believed that the embargo had been placed on our cattle in good faith.

"We have spent more money in this regard than we have received."

"We have spent more money in this regard than we have received."

WILL SPEND MORE ON CANADA'S MILITIA

Col. Sam Hughes Has No Apologies to Offer for His Expenditures and Says the Motto for Every Man in Canada Should Be Drill or Pay.

The glory of the militia of Canada that is to be, with all the clergy, the councils of women and the peace organizations marching in support and every Canadian boy with a gun to his shoulder for a stipulated period of years, was the martial note rung out by Col. Sam Hughes, minister of militia, at the annual mess dinner of the Queen's Own Rifles sergeants last evening.

"In my military policy I want to start with the youth of the land. We are succeeding. When I first started in the work we were deluged with petitions from women's organizations against the militia. Today they stand at our backs," he declared.

People go around calling themselves anti-militants and they don't know what it means. The militia is not made of hired men, but of those who stand for the best interests of their country.

"It is not the time today to talk of dealing away with arm units. The world is only half civilized. The few men found croaking against the militia are those whose opinions are not worth taking. I intend teaching the use of militia."

Speaking of the government money put into the big cost, he stated that with the returns owed the militia would be made a real power.

He paid a tribute of approval to Sir Henry Pellatt for the work he had done for the regiment. Pressure should be brought to bear on the ministers or representatives to establish the drill hall. If this were done the grant would come easily.

"It is common talk that we are verging towards militarism," he said. "I have not apologized for one cent of militia expenditure, and I do not intend to. It is the right of every man to be trained in the defence of his country."

"We have spent more money in this regard than we have received."

MINES IN ICY NORTH ARE IN PRIVATE HANDS

Thirty Claims in What Was Formerly Ungava Transferred at Ottawa.

OTTAWA, Feb. 13.--(Special).--The Ungava Miners and Traders, Limited, have been assigned by order-in-council thirty mining claims situated on Clark, Curran and Armstrong Islands, in Hudson Bay. These form part of the Nezapoka group on the eastern shore of the bay, in what was formerly Ungava, but the islands did not become part of the Province of Quebec when the northern territory was recently included in that province.

Of the sum required, \$75,000 is to be used for the restoration of an unfinished endowment for Sulgrave Manor, in Northamptonshire, the ancestral home of the family of George Washington, which recently was purchased by the British committee for \$42,000.

Mr. Teller, leader of the opposition, took strong exception to this attitude and argued that in the interests of his honor the assembly ought to define what further action it should take.

PUNISHMENT OF BRIBE TAKERS DEMANDED

Opposition in Quebec Legislative Assembly Press for Action, But Gouin and Followers Oppose and Accuse Conservatives of Playing Party Politics.

(Special to The Toronto World) QUEBEC, Feb. 13.--The two legislative chambers of the province tonight discussed the reports of their committee finding J. Octave Mousseau, Louis Philippe Berard and Achille Bergevin guilty of corruption in having accepted bribes for their influence and votes to pass thru the legislature the Montreal Fair Association bill, a decoy measure prepared by the Burns Detective Agency.

In the legislative council the proceedings were noteworthy for the outspoken declaration of Hon. Mr. Chapais, that the acts of corruption by the legislators named, were equivalent to those of the mob.

In the legislative assembly the proceedings were more dramatic. Hon. Mr. Taschereau, chairman of the investigating committee urged the adoption of the committee's report and asked the house to leave it at that.

Mr. Teller, leader of the opposition, took strong exception to this attitude and argued that in the interests of his honor the assembly ought to define what further action it should take.

BECK TO REMAIN WITH HYDRO PREDICTS GREAT DEVELOPMENTS

Work in Next Few Years Will Astonish People of Ontario, He Says at Ottawa--High Commissioner in London Has No Allurements for Him.

OTTAWA, Feb. 13.--(Special).--"I intend to devote all my time to the Hydro-Electric Commission, and the development of the work in the next few years will astonish the people of Ontario."

This statement was made to The World by Hon. Adam Beck, who called on Premier Borden and other members of the cabinet today. He scouted the idea that he might go to London as high commissioner for Canada.

It is believed here that Hon. Mr. Beck's visit may be of special significance, in view of the suggestion made in the house agricultural committee a few days ago by Mr. Wilson, member for Wentworth, that a Dominion-wide public power movement be instituted.

COULD NOT WAIT FOR GAS MEN TO ARRIVE

William Irons, Harbord Street Shoemaker, Disconnected Meter in Attempt to Thaw Out the Gas--Died Shortly After From Gas Poisoning.

Growing impatient while waiting for the company to send men to thaw out the gas at his place of business, 68 Harbord street, yesterday afternoon, William Irons an aged shoemaker, in attempting to remedy the fault himself disconnected the meter, and on the arrival of the gas men was found overcome by the fumes from the effects of which he died a short time later.

The gas repair men revived Irons sufficiently to enable him to be assisted to his home at 685 Spadina avenue, but soon after reaching there he collapsed and died before the arrival of Dr. W. H. Pepler, who was called. The latter stated that death was due to heart failure, brought on thru the effects of the gas.

Was Sixty-Eight. The late Mr. Irons was in his sixty-eighth year and was a member of the Church of England. He is survived by his widow and three daughters and two sons. Mrs. C. C. Locke of Toronto and Mrs. W. A. Mackay and Mrs. C. A. Bradbrook of western Canada are daughters. W. E. Irons of Toronto and B. C. Irons of Winnipeg are sons.

He had been in business as a shoemaker at the Harbord street address for nearly twenty years, and was very well-known in that part of the city.

FIRE DESTROYS FEATHERS. Starting from an overheated furnace, fire did nearly \$2000 damage to the store and contents of the Royal Feather Company on Yonge, opposite Wilton avenue, at 9 o'clock last evening. The damage to the building will be \$100, but smoke and water played havoc with a large quantity of valuable feathers and ospreys.

INFLUENCE SHOVED ON THE LID

ST. LAWRENCE RIVER POWER MUST SUPPLEMENT NIAGARA

Great Waterways Union Executive Feels Present Supply Inadequate for Future Needs of Farmers and Radials--Will Urge Government to Enlarge Entire System.

(Special to The Toronto World) BERLIN, Ont., Feb. 13.--The executive of the Great Waterways Union of Canada at its meeting here this afternoon discussed the proposed international negotiations for the development of a deep ocean waterway over the entire route from the upper lakes to the sea.

For the moment the committee on the fact that the water available at Niagara under present treaties is practically now all apportioned among the different power companies and that, by the end of the year the Hydro-Electric Commission will be using eighty per cent of its available supply. Aside from an increased supply under new arrangements, the extension of the Hydro-Electric Commission's service to new municipalities and for farmers and radial railways would be impossible, and the municipalities at

present supplied from Niagara would be forced largely to go back to steam or to a dual service. In addition to the greatly expanding need in the Niagara zone, it is realized that the power possibilities in connection with the enlargement along the St. Lawrence River would convert that section also into a great electric manufacturing district.

SWEDEN DRIFTS TOWARD CRISIS

Liberal Party Calls on Entire Nation to Fight for Constitutional Liberty.

STOCKHOLM, Feb. 13.--The constitutional struggle is growing sharper, King Gustave, persisting in his endeavor to secure a Liberal cabinet, today invited Baron Hammarskjold, former minister of ecclesiastical affairs, and a member of The Hague Court of Arbitration to form a new ministry.

Altho Baron Hammarskjold advised King Gustave to resort to the Conservatives for the selection of a cabinet, his majesty requested him to reconsider his refusal and attempt to form a ministry.

The members of the Liberal party in both chambers of parliament today unanimously issued a forceful manifesto against King Gustave's personal politics, exhorting the entire nation to fight for constitutional liberty.

EDWIN MONTAGU GETS POSITION

Succeeds C. F. Masterman as Financial Secretary of the Treasury Following Cabinet Changes.

LONDON, Feb. 13.--Edwin Samuel Montagu, parliamentary secretary of state for India, has been appointed financial secretary of the treasury to succeed Charles Frederick Gurney Masterman, who, in the cabinet changes resulting from the retirement of Viscount Gladstone as governor-general of the Union of South Africa, will become chancellor of the Duchy of Lancaster. The financial secretaryship to the treasury is considered a stepping stone to the cabinet.

Mr. Montagu is the second son of Lord Swaythling, head of the banking firm of Samuel Montagu & Co. He is thirty-five years old, and previously has served as parliamentary secretary to the prime minister and to the chancellor of the exchequer.

A NEW THEATRE WILL BE BUILT

Larger Burlesque House on Richmond Street to Supplement the Gaiety Now Planned.

Toronto is to have another burlesque theatre, and it will be built on Richmond street, near the Gaiety. Arrangements are being made by the Columbia Amusement Company, which controls the attractions playing at the Gaiety, to build a larger house, so that more of the Columbia attractions will be seen in Toronto. This company has 66 attractions on the road, and even if the Gaiety were open all year round it would be impossible to play all the companies in a year. With the object of having all their attractions play Toronto, and to have the best ones play return engagements, the new theatre will be built and there will be three burlesque houses playing all year round. Under the new arrangement the best burlesque companies will go to the new theatre, where higher prices will be charged, while the Gaiety prices will range from ten to fifty cents.

CURING BOYS OF THE CIGARET HABIT

Giving treatment at the Toronto Boys' Dominion. Dr. R. L. Morrison (seated), Dr. Edward Crane (standing), E. A. Clarke, physical director of the T. B. D., keeping records.

The Hairdressing and Manouring Parlors are on Second Floor. Entrance through Shoe Department.

## A Little Collection of Kirmanshahs That is a Feast to the Beauty-loving Eye

And Withal As Remarkable for Good Value As Artistic Charm

THE KIRMANSHAH, most beautiful of all Persian carpets, exquisite in its mingling of ivory, rose, and green, with sometimes a dash of blue and often a touch of brown—delightful in its delicate tracery of leaf and vine or in its charming symmetry of medallion and border—soft and silky in the sheen of its short, close pile—the rug par excellence for the dainty drawing-room or the well-furnished bedroom! Of particular interest then, this little collection of Kirmanshahs, which has just arrived on the Fourth Floor, medium and small size rugs of rare quality and uncommon moderation of price. They have been grouped as follows:—

A group of Kirmanshahs, about 5 feet wide by 7 feet long, including among their number a rug of unique loveliness, showing a clear rose color ground with medallion and border of ivory and softwood greens, also another color symphony in brown and tan tones. Price, each, \$150.00.

Another group, with an average size of 4 feet 6 inches by 6 feet 9 inches, consists of several feathery all-over designs in green and ivory. Price, \$125.00.

At \$100.00 each are some charming pieces of an average size of 4 feet 6 inches by 6 feet, including all-over and medallion designs in ivory and terra cotta, and in rose, ivory and green.

And—unusual where Kirmanshahs are concerned—a group of runners 12 feet long by 2 1/2 feet wide, some in medallion designs in tan and brown, others in all-over effects in rose and cream. Price, each, \$95.00.

A collection of small Kirmanshahs—of an average size of 3 feet by 4 feet 6 inches—includes some delightful little rugs in medallion effects in tan, brown and ivory tints, at \$35.00 each, and in darker shades in all-over patterns, at \$40.00 each.

## A Grandfather Clock With Westminster Chimes

OUR ARTIST has sketched the clock to give you an idea of its handsome appearance.

You will see that it is fashioned along dignified Colonial lines, the full-length door being of glass, through which may be caught a glimpse of the massive pendulum, brass weights and nickel-tubed tubes. The frame, which is of solid mahogany, is only about six feet tall, a distinct advantage in many a hall where the clock must be placed underneath the staircase or in some alcove with low ceiling. The well-known Westminster chime marks the quarter hours, adding sweet sound to its practical qualities as a faithful timekeeper. The clock is wound according to reliable old-time fashion by simply drawing up the weights once a week.

The price of the splendid timepiece is \$200.00, a guarantee assuring complete satisfaction in every detail.

You are reminded that Miss Newport is in attendance in the Corset Department for the fitting of the new models of the "Nemo."

## Have You Seen the Great Sale Array of Chintzes at 25c a Yard?

CHINTZ TAFFETAS AND ART TICKINGS, 36 inches wide, floral and shadow, stripe and conventional designs in a full range of colors. A superb assortment of materials for curtains, valances, bedspreads, dresser covers, etc. And an economy not readily to be duplicated. Sale price, yard, 25c.

High-grade French and English Shadow Cloths, artistic fabrics for upholstery and for draperies for dining-rooms, drawing-rooms and bedrooms. Very handsome in design, and colorings, which will harmonize with any decoration. Width 50 inches. Sale price, yard, \$1.98.

Chintz and Cretonne-covered Bedroom Boxes, covered in a great variety of colors and designs, which will harmonize with any decoration. Strong, useful size box, well lined, and on casters. Sale price, \$2.95.

Tapestry Curtains, 40 inches wide, 100 inches long, trimmed with tasseled fringe at top and knotted fringe on bottom. Made of heavy, well-finished, reversible cloth in neat conventional design. Extra choice range of plain and combination colors, including Empire green, dark green, brown, dark red, two-toned green, brown with green or red with green. Sale price, pair, \$2.25.

Window Shades, 37 x 70 inches, cream color. Trimmed with lace or insertion, mounted on spring rollers, complete with tassel and brackets. Sale price, 39c.

## Everything That Makes for Smartness in These New Suits for Misses

JAUNTY LITTLE LOOSE-FITTING COATS, tier and flounce skirts, and a general suggestion of the modish "droop"—such characterize the latest suits that have found their way from New York into the Misses' Department, on the Third Floor. Each one is the very embodiment of smartness, representing to the minutest detail the correct thing in material, color and design. Sizes are 32, 34, and 36. Here are some of the models:

Collection of suits at \$25.00 each—only one or two of the same design—consisting of smart coat and skirt costumes in shepherd's checks, wool crepes, serges, and honeycomb weaves in tan, Copenhagen, navy and the new Labrador blue. Splendid value they are at \$25.00 each.

And, then, these individual models:—

Suit in waffle cloth in Labrador blue, with Raglan shoulder and tier skirt. Price, \$30.00.

Suit for mourning wear in dull black wool crepe, with moire facing. Price, \$30.00.

Adorable little model in violet color Gabardine, the short coat having a pointed collar of violet satin, and the skirt showing the fashionable tier effect. Price, \$32.50.

Costume in Labrador blue crepe, the chic little coat having lapels faced with moire, and skirt being arranged in tier style. Price, \$35.00.

Immensely smart little model in navy blue waffle cloth, the Eton coat distinguished by an embroidered collar, and a sash effect of moire. Price, \$35.00.

Suit in fine cream and blue check with deep Capuchine collar of plaid silk. Price, \$38.50.

Delightful suit in navy blue taffeta silk, with pannier skirt, the Eton coat having a Robes-pierre collar of white silk. Price, \$42.50.

Suit in amethyst Bedford cord, with waistcoat of Roman stripes in the short-fronted coat. Price, \$42.50.

—Third Floor, Yonge and Albert Sts.

### RETURNED FOR MONEY ESCAPE WAS CUT OFF

Verona Woman Burned to Death at Brockville in Fire That Destroyed Son's Home.

BROCKVILLE, Feb. 13.—In a fire that destroyed the home of Peter Quinn this morning, his mother, aged 65 years, who came here yesterday from Verona on a visit, was burned to death. She was descending a stairway carrying a lamp in one hand and a grandchild in the other. The top of the lamp fell off and ignited a pile of clothing. Mrs. Quinn passed the child over to her daughter-in-law and returned upstairs for some money in a drawer. The flames cut off her escape. No trace of the body has been found.

### CANADIAN TUG OWNERS SUE U. S. Government Has Damage Action Over Gas Buoy in River.

SARNIA, Feb. 13.—(Special).—The United States Government, thru the Lighthouse department, have brought suit in Detroit against the owners of the tug Annie McCall. It is alleged that the tug was the vessel that did \$1200 worth of damage to the gas buoy in the river here. The men on the dock here decree that the boat that hit the light was a scow owned by the United States Government.

### PIANOS AT 50c A WEEK.

Ye Olde Firm of Heintzman and Co., Limited, 193-195-197 Yonge street, Toronto, are making a big clearing of Square Pianos on payments of fifty cents a week. In price the plans range from \$65 to \$150 each— all guaranteed in good condition.

### ST. THOMAS HOTEL BURNED TO GROUND

All Guests Had Time to Escape, But Unknown Man is Missing.

ST. THOMAS, Ont., Feb. 13.—Fire here early today destroyed the Arlington Hotel. It was a brick structure, a landmark in the city, and about 190 guests were registered. The fire started in the kitchen. Thru a mistake in telephoning the alarm the fire brigade ran about a mile to another hotel and by the time it returned to the fire it was past control. The temperature was 14 below zero. All the guests had time to dress and escape, but there is doubt as to whether one man who did not register is in the ruins or not. He arrived late last night and was to have taken a train out at 5.30 this morning. When the alarm was given the porter rapped on his door, which was locked, but failed to get a response. The proprietor, A. P. Conley, had just returned from a large military ball. The loss was estimated at about \$35,000.

### DAMAGE SUIT AGAINST G.T.R.

LONDON, Feb. 13.—Samuel Bacon, a watchman at the McClary Company's plant, has issued a writ in the supreme court for \$5000 damages against the G.T.R. Company for personal injuries received when he was struck by an engine at the Wellington street crossing about two months ago.

### DANCING FORBIDDEN

HANOVER, Feb. 13.—At a meeting of the town council the use of the library entirely free and postpaid, also references to dancing was forbidden. The action was precipitated by this month's dancing at the dressing-rooms after a recent dance.

### AVOIDING ONE TRAIN KILLED BY ANOTHER

Mrs. George Everingham Meets Instant Death on M. C. R. Track at Niagara Falls.

NIAGARA FALLS, Ont., Feb. 13.—Getting out of the way of an east-bound train, Mrs. George Everingham stepped in front of the Chicago M.C.R. west-bound train today and was instantly killed. She was 30 years of age and leaves a husband and three children. Just a year ago her brother was run down by a train and killed at the same place, a quarter of a mile west of the Montrose bridge.

### WANT MARKET AT MEAFORD.

MEAFORD, Feb. 13.—Efforts are being put forth by the working people of the town to have a market established at the town hall. Petitions are being circulated at the factories asking the town council to take immediate action in the matter. These petitions have been signed by nearly all the married men, and will be laid before the council in the near future.

### A WOMAN'S MESSAGE TO WOMEN.

If you are troubled with weak, tired feelings, headache, backache, bearing down sensations, bladder weakness, constipation, catarrhal conditions, pain in the sides regularly or irregularly, bloating or unnatural enlargements, a sense of falling, or misplacement of internal organs, nervousness, desire to cry, palpitation, hot flashes, dark rings under the eyes, or a loss of interest in life, I invite you to write and ask for my simple method of home treatment, with ten days' trial entirely free and postpaid, also references to Canadian ladies who gladly tell how they have regained health, strength, and happiness by this method. Write today. Address: Mrs. M. Summers, Box 65, Windsor, Ont.

### BRANTFORD MEN PLAN NEW RADIAL

Line Projected From Port Maitland to Smithville and to Port Colborne.

BRANTFORD, Feb. 13.—Capitalists of this city are behind the application for a Dominion act to incorporate an electric railway known as the Erie and Ontario Railway Company. If the act is passed the company plans to construct an electric line from Port Maitland on Lake Erie, thru the Townships of Sherbrooke, Moulton, Wainfleet, Gainsboro and Grimby, to a point near Smithville in the County of Lincoln. Another line will also touch Port Colborne, and warehouses and large wharves will be constructed at points where lake plying vessels will touch.

### CORNWALL LOSES CITIZEN

Capt. E. Duquette Passes Away in His Fifty-Fourth Year.

CORNWALL, Feb. 13.—(Special).—Cornwall lost a well-known and popular citizen today, when Capt. Edward Duquette passed away at the Hotel Dieu Hospital, where he had been a patient for the past six weeks, suffering from Bright's disease. Mr. Duquette was born at Lechmere in 1860, being a son of the late Joseph Duquette. For close on thirty years he was in the employ of his brother, J. E. Duquette, proprietor of the Algonquin Hotel, Stanley Island, and the King George Hotel, Cornwall, and was a great favorite with the patrons of both houses. Surviving him are three brothers—ex-Ald. J. G. Duquette and Alfred Duquette of Montreal, and Jos. R. Duquette of Cornwall—and one sister—Miss Delima Duquette of Montreal. The remains will be taken to Lechmere for interment.

### REMARKABLE ESCAPE FOR COUNTY OFFICER

Port Lambton Constable Plunged in River When Temperature Was Ten Below Zero.

SARNIA, Feb. 13.—County Constable Joseph Boby of Port Lambton had a remarkable escape from drowning. He started to drive across the river on the ice but missed the way, and his horse and cutter plunged into an open air hole in the ice. He tried to drag himself out, but the ice crumbled, and at ten below zero it was only a few minutes before his sleeves froze fast and he was unable to move. He called for help. Pat Menton and Ernest Roberts tried to get him, but the ice commenced to crack. Menton pulled off his overcoat and ventured close while Roberts held him. He threw one end of his coat to Kennedy, who had strength enough to hold on while he was dragged to safety.

### TRENTON MOTORCYCLE CLUB.

TRENTON, Feb. 13.—At a meeting here W. Self, president of the Canadian Motor Association, organized the Trenton Motorcycle Club. Officers elected: President, Hugh McQuillan; vice-president, J. F. Anderson; secretary, Bob Russell; treasurer, C. A. Herrington; captain, N. C. Reeson; lieutenant, W. F. Jones; ex-com., J. H. Jones, W. O. Waldorf; members, D. A. Phillips, J. F. Ryan, Carl Reed, J. G. Gagnon, J. Whitely; hon. member, C. D. Kiser.

### FIRE DESTROYS GREENHOUSE.

BRANTFORD, Feb. 13.—Fire at the Mohawk Institute destroyed the greenhouse and potting room during the night, causing a damage of about \$800. The Institute fire company fought the blaze with the temperature at 12 below zero, and finally succeeded in saving a part of the building.

### ARTHUR DEMANDS MAIN LINE RADIAL

New Hydro-Electric Road From Hespeler Surveyed as Far as Monck.

ARTHUR, Feb. 13.—The surveying party of the hydro-electric commission has staked out a route for the proposed hydro-electrical railway as far north as Monck. It runs about due north thru the centre of West Louth, after passing in a similar direction thru West Garrafans from Ferguson. Where the line reaches the C.P.R. track a spur has been staked, which proceeds almost parallel with the steam road to Arthur, where it cuts thru Mr. C.

### POLICE FIND BURGLARS' LAIR

ST. CATHARINES, Feb. 13.—(Special).—The police today discovered the lair of robbers who have been burglarizing several stores of late. A barn on the outskirts of the city was found to contain considerable clothing and other goods that have been missed within the past few days, but the thieves themselves are still at large.

## BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD -- END CATARRH

Instant Relief When Nose and Head are Clogged from a Cold -- Stops Nasty Catarrhal Discharges -- Dull Headache Vanishes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold in head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm."

This sweet fragrant balm dissolves by the heat of the nostrils; penetrates and heats the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lie awake tonight struggling for breath, with head stuffed, nostrils closed, hawking and blowing. Catarrh or cold with its running nose, foul mucus dropping in the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

NEWS OF SPECIAL INTEREST TO WOMEN

SECOND QUARTERLY EXAMINATION RESULTS

High School Boys Heard Results Read at Massey Hall Yesterday Afternoon.

GOOD PROGRAM WAS GIVEN

De La Salle Orchestra Provided the Music and Splendid Addresses Were Made.

Despite the inclemency of the weather a large number of parents and friends of the high school boys assembled in Massey Hall yesterday afternoon to hear the results of the second quarterly examination.

The program was in the hands of the De La Salle Orchestra, which did credit to itself, and is fast becoming a leading college orchestra in the city. R. C. Clarke, the leader, contributed a violin selection, "El Toreador Song from Carmen." The orchestra opened with a march from "Faust," and afterwards played the "British Grenadier" which they were given an encore, and replied by Irish melodies.

R. Conlogue gave an address of welcome, and Mr. Arthur Leacock distributed a vocal selection, "My Father William" by Heydon.

The following is the result of the examination:

- First Year, A—William Malone, Fred Watson, William Woods, Ernest Connelly, William Irvine, Richard Gough. B—William Madden, Basil Malone, Wilfrid Burns, Herbert Daronde, John Ferguson, Michael Barrack. Junior Commerce—William Mead, William Gilchrist, Cecil Cassidy, John Cahill, Thomas O'Mallon, Bernard Rossy. Senior Science—Paul Mallon, Maurice Hearn, John Churchill, Maurice Connors, James Fullerton, Bernard McHenry. Science Class—Claude Brawley, Paul Dwyer, Cyril Moore, James O'Neill, Carroll Mahoney, Victor Johnston. Junior Commerce—Zeno Bisognone, Joseph Gibson, Clarence Perry, Harold Carter, Arthur Keating, Edgar Sullivan. Art Class—Moore McRae, Ray Conlogue, Robert Durand, Armand Aymsong, Larkin Maloney, John Good, Leo Hearn.

HOLY NAME EUCHRE

The Holy Name Society of St. Joseph's parish held a progressive euchre party on Monday, Feb. 23, in St. Joseph's club rooms.

FALL WAS ACCIDENTAL

A verdict of accidental death was returned last night by the coroner's jury, which inquired into the death of Joseph O'Neill, 14, who died at the General Hospital on Feb. 6 as a result of temporary relief, falling from the roof of the Fenix Theatre, Yonge street, on Feb. 4.

EXCHEQUER COURT SITTINGS

OTTAWA, Feb. 13.—(Special.)—General sittings of the exchequer court will begin at the court house, Toronto, on April 18.

The honorary governors who will visit the Toronto General Hospital during the week commencing Feb. 15 are: Messrs. Elias Rogers and W. G. MacKendrick.

CRIPPLING PAINS OF RHEUMATISM

Cannot Be Cured by Liniments --Must Be Reached Through the Blood.

Thousands of men and women suffer severely from rheumatism. Cruel, crippling pains in the muscles and joints make every movement a torture. Many people think rheumatism is due to cold or wet weather and they try to cure themselves by rubbing liniments on the painful parts. This is a great mistake—the rheumatic poison is in the blood, and liniments and rubbing cannot give more than the most temporary relief. If you are a victim of rheumatism or lambo you can only rid yourself of it by making your blood rich and pure, for only in this way can the poisons of rheumatism be driven from the system. Dr. Williams' Pink Pills have cured more cases of rheumatism than any other disease except anaemia, just because they make the rich, red blood that goes right to the root and cause of rheumatism. You cannot be well when your blood is impure, therefore begin curing your rheumatism today with Dr. Williams' Pink Pills. The following are the particulars of one of the many thousands of cures to the credit of this health-giving medicine.

Mr. Jerome Nadon, St. Jerome, Que., says: "A few years ago I was seized with a severe attack of rheumatism. The pains in my back, arms and legs were terrible. I treated with several doctors, but they did not help me, and as time went on I was unable to work, and began to think that I would be a cripple for life. While in this trying condition a friend who had been cured of rheumatism by the use of Dr. Williams' Pink Pills, advised me to try this remedy, and I got a supply of the pills. I had taken the pills for several weeks, but my improvement was not noticed. I once signs of relief came, the improvement from that time on was rapid, and I joyfully continued taking the pills until every vestige of the trouble disappeared. No one but a similar sufferer can imagine the gratitude I feel for this relief from pain and suffering. I have since enjoyed perfect health. I urge other rheumatic sufferers to give this medicine a trial." You can get Dr. Williams' Pink Pills from any medicine dealer or by mail \$50 cents a box, or six boxes for \$2.50. From the Dr. Williams Medicine Co., Brockville, Ont.

VISITOR FINDS MORE POVERTY THAN USUAL

Three Sick Families in One House Reported by St. Elizabeth Nurse.

The weather was probably largely responsible for the small attendance at the regular meeting of the St. Elizabeth Visiting Order of Nurses, held in St. John's Chapel, Church street, yesterday afternoon. Mrs. Maclean French was in the chair, and Rev. Father Whalen of the cathedral said the opening prayer.

Owing to the number of cases, only one nurse was able to be present. She had just come from a case in a Polish family, and reported that during her visit she found much poverty, much more than usual. During the last two weeks she had attended twenty-eight maternity cases. The nurses visit average seven a day. In one house she had three families in which there is sickness. Some of the families visited by the nurses are receiving provisions from the women who, on the recommendation of the Visiting Order of Nurses, distribute groceries and other living necessities Friday in a room at St. Michael's School.

St. Elizabeth nurses respond to calls from any nationality or creed, requests being unknown, as long as there is a nurse available to respond to the call. They have often to provide clothes for the patients.

STRATFORD WILL VOTE ON INDUSTRIAL BYLAWS

Postoffice Needs Enlargement, Partly Due to New Parcel Post System.

(Special to The Toronto World.)—STRATFORD, Feb. 13.—The Stratford Country Club has decided to build a clubhouse beginning early this summer, and it is being the finest in the province, and will have quite the prettiest view of any place in Stratford. A launch service from the centre of the city to the clubhouse will be started, and a golf course and athletic grounds laid out.

The coming of the parcel post and the increase of the business through the last few years has cramped the Stratford postoffice for room. To relieve this, H. B. Morphy, M.P., has asked the board of trade to co-operate with him in having the building enlarged. The rear part of the present structure will probably be joined to the front structure from which it is now separated, by having its floor raised to the same level.

Two bylaws to secure new industries for Stratford will be presented to the ratepayers on Feb. 27. One bylaw will be to grant a bonus to Charles Diabell of Hanover for the carrying on of a furniture, frame manufacturing business; the other will give a bonus to J. S. Mollock of Hanover to conduct a "Hanover" for the carrying on of a furniture, frame manufacturing business. Another bylaw will fix the assessment of the Stratford Manufacturing Company at \$7200.

EATONIA SOCIAL CLUB

The first at home arranged by the social season of the Eatonia Club was held in the club hall, 415 Yonge street, last night, with more than 100 members and friends in attendance. An excellent program of music was rendered by Messrs. Rose, Dalton and Maxwell, with Messrs. Hickman, Bond and Dyer, Saunders, Nash, Day and Capper.

The evening closed with an informal dance. All present voted the affair a very enjoyable success. Another evening of the same kind is to be given next Friday night.

ONTARIO RANGERS GO OUT EARLIER

Danger of Fire Following Spring Break-Up Means More Work.

MANY APPLICATIONS List Will Close at End of March to Expedite Matters.

Ontario fire rangers this year will depart to the north much earlier following the spring break-up than ever before. The program of work is occasioned by the great danger of fire, which exists in heavy fall forests, districts where the rangers have been present this last fall. With a desire to forward forest conservation in a more complete scale in 1914 the first contingent will depart on April 15. The Mississauga reserve in particular will engage the attention of a staff of experienced rangers as this section suffered severely in the gales and the drying-out of the fallen trees invites competition in advancing upon the policy laid down in the past few years. A special attempt will be made to have men who are used to the backwoods in charge of the work. Lumbermen released from their winter duties will constitute a large part of the force, and their applications are coming in daily.

MOTOR BUS AS SOLUTION

Oliver Heitzwood, president of the Canadian Automobile Association and past president of the Ontario League, will give an address on "The Motor Bus as a Solution of the Toronto Transportation Problem" at a luncheon of the Motor League, to be held at McConkey's restaurant next Wednesday.

DIED OF INJURIES

Nicol Drosdrowsky, 14-1-2 William street, who was badly injured by being struck by a Yonge street car at the corner of Carlton and Yonge streets Thursday evening, died from his injuries at the General Hospital last evening. The body was conveyed to the morgue, where an inquest will be opened by Coroner Mason today.

The Most Delicious OF ALL TEAS IS

CEYLON TEA—BECAUSE OF ITS UNVARYING GOOD QUALITY

HIGHEST AWARDS—ST. LOUIS, 1904.

Choosing Meat

THE most expensive parts of a beef are the cuts called steak because usually a steak is fried, or broiled and served as a separate food, complete in itself. The flavor of a steak is not extended to the vegetables on the bill of fare, as would be done with a pot roast or a savory stew. There is no quart or two of rich stock to give a promise of dumplings on the morrow, and there is very seldom any cold meat remaining from a steak to make over into the various savories, ragouts or hashes that all families like.

Yet, with all this against the use of steaks, by any save those with bulging purses, the number of orders for beef steaks lead, if we are to believe the butchers' statements and our own observations. Only one thing accounts for this, it is that women do not understand how to make other cuts of meats as attractive as steak, and this brings us to the question of selection and cooking of meats.

Before deciding what meat you will have for a certain meal, consider the temperature of the day, the work the members of the family have to do, or have done, and the other foods that you have to cook with the meat. When you have done this the chances are long that you will not give an indiscriminate order for chops or steaks.

Now call to mind why meat is cooked: it is to render it more easily and palatable and to destroy bacteria and parasites. In meat cooking the principles are so simple that they can be mastered in a single lesson if the object of cooking and the result aimed at is kept in mind.

In boiling, roasting, broiling, frying, we aim to keep all the juices in the meat. This is done by exposing the surface of the meat to intense heat, so it is seared with the juices in it.

In stewing meat the aim is to draw out all the juices, so it is put in cold water, heated gently and simmered slowly. The stewed meat has parted with all its juices its nutrients remain and many delightful meat combinations have it for their base. Ask any Bryn Mawr girl about this, for this college, one season, made a specialty of meat and vegetable combination dinners.

A few don'ts that should be impressed on the mind of the woman who "always orders steaks" are: Don't think that because sirloin is twice as costly as flank steak it is twice as nourishing. It is not. Don't fry steak, but grill it or pan fry it, that is, without grease. Don't neglect to make gravy whenever you can.

Don't throw gravy away, but make it into vegetable puree or turn it into the soup kettle. Recipe for grilled steak: Remove all the fibre and tissue covering a flank steak, score it well until it is almost in ribbons; do not remove the fat at each end. Have an iron frying pan very hot. Lay the steak in it and count fifteen, slowly, before turning it over. The meat will make a great sputter and threaten to burn it will not, and when you have turned it you will see that all the scored places are drawn together by the heat. When both sides are well seared lower the flame and finish cooking slowly. Have a platter ready, put the steak upon it, spread with melted butter and chopped parsley and over all pour the liquor from the steak.

AMERICAN WOMEN AT BUCKINGHAM PALACE

Son of New Ambassador Among Those Presented to Royalty.

LONDON, Feb. 13.—King George and Queen Mary tonight held the first court of the season in Buckingham Palace. Walter Hines Page, the United States ambassador, presented his son, Arthur Page, and Edward Bell, second secretary of the embassy, to their majesties, while Mrs. Page presented her daughter, Miss Page; her daughter-in-law, Mrs. Arthur Page; Mrs. Bell, mother of Secretary Bell; Miss Kate Powell of San Francisco; Miss Harriet McCook of New York; Miss Sylvia Fox of Philadelphia; and Miss Elizabeth Wells of Boston.

TORONTO CONFERENCE OF EPWORTH LEAGUES

Meet in Convention Next Week—Delegates to Be Well Entertained.

Epworth Leagues of the Toronto conference will meet in convention in Metropolitan Methodist Church next Wednesday, Thursday and Friday. Besides doing the usual convention work, visiting delegates will be taken to inspect Victoria College, the library in Burwash Hall, Amuseley Hall, the Deacons' Home and training school, the Fred Victor and other buildings, and other Methodist institutions.

VALENTINE PARTY

This afternoon from 2.30 to 5 o'clock the young ladies' sodality of the Holy Family parish will hold a Valentine, euche and bridge party at the Parkdale Assembly rooms. Refreshments will be served.

BABY'S OWN TABLETS CURE INDIGESTION

Indigestion is one of the most common ailments of childhood and no other ailment is more dangerous. Indigestion paves the way to many other complaints. Baby's Own Tablets never fail to remove childhood indigestion. They act as a gentle laxative, sweeten the stomach, regulate the bowels and make the baby healthy and happy. Concerning them Mrs. A. phone Miller, St. Philippe de Neri, Que., writes: "I have used Baby's Own Tablets for indigestion with great success. They have also proved successful in breaking up colic and simple fevers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Advertisement for Warrants Follow Canteen Scandals, mentioning nine army officers and eight Lipton employees.

WARRANTS FOLLOW CANTEN SCANDALS

Nine Army Officers and Eight Lipton Employees Are Accused.

LONDON, Feb. 13.—Sharp action was taken today in connection with the British army canteen scandals, when warrants were issued for the arrest of James Ness, formerly manager of Lipton Limited, at Malton, and also against Archibald Minto, another employee of Lipton Limited, neither of whom appeared to answer the summons sent to them when the case opened. James Ness is believed to be in Canada, while Archibald Minto is said to be in France. Altogether nine army officers and eight civilians, all of them employees of Lipton Limited, have been charged with feeding or giving illicit commissions on contracts for army canteen supplies, and the case has aroused widespread interest and great indignation among the British public. Many men have not the wish to stop drinking as Mr. Blanford had. Their system is undermining their nerves, brain and stomach, grave alcohol. They are its slaves. They need help and in such cases friends, wives or sisters should induce them to take Samaria or give it to them in their coffee, tea or food to ease their craving and help them to take hold and make themselves into men again. It is tasteless and odorless. Mr. Blanford knew he needed help and took Samaria to help him loosen the clutches of the whiskey fiend. It cured him and he has the courage to tell the whole world about it and send the thanks of his wife and four children for the happy home restored to them. Mr. Blanford says, in part: "I have not taken a drink now for over four months. I have no desire—passing a saloon the odor almost makes me sick. My nerves are much better, my appetite is good, in fact my whole system is in good condition. Samaria has made a great change in me, as well as making a happy home, so let me and my wife and four children thank you, and hope Samaria will help many others—please send me a supply of your medicine. I will use all or any part of my correspondence as testimonials. Roy Blanford, 706 East 10th street, Michigan City, Indiana." FREE TRIAL PACKAGE OF Samaria with booklet giving full particulars, directions, testimonials, price, etc., will be sent to you in a plain sealed package to anyone mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Company, Dept. 102, 142 Mutual street, Toronto, Canada. Also for sale by G. Tamblin Limited, at all 10 stores.

CONSERVATIVE VICTORY IN NOVA SCOTIA RIDING

Victoria County Goes Tory for the First Time in Over Thirty Years.

SYDNEY, N.S., Feb. 13.—Victoria County, the home of Premier Murray and the riding for which he sits, returned a Conservative to the provincial legislature for the first time in over thirty years. By a majority of 32 Philip McLeod defeated John G. Morrison, who was defeated in the riding by Mr. Murray's colleague, Morrison had twice received a majority of over four hundred, and on the last occasion he offered for election was returned by acclamation.

The late A. A. Buchanan, whose death caused the vacancy, had 425 majority in the general election of 1911. Victoria is the third seat that the Conservatives have captured in a little over two years. Lunenburg and Digby joined the Conservative column in November, 1911.

INDEPENDENCE OF PHILIPPINES

MANILA, Feb. 13.—Resolutions asking for the independence of the Philippines under the protectorate of the United States were adopted by a meeting of the Progressive party, which is headed by Juan Sumang, a former member of the Philippines commission. The resolution added that the protectorate of the United States should continue until the islands possessed forces strong enough to repel any aggression.

OTTAWA CADETS GIVEN TROPHY

OTTAWA, Feb. 13.—The Duke of Connaught this afternoon presented the United Empire Cup to the Ottawa Collegiate Institute Cadets. The cup, which has been opened by Lieut.-Col. Merritt of St. Catharines, Ont., was won by the team from the school in September of last year, the highest score of a team of eight cadets in the British empire during the Dominion Rifle Association meet.

ATLANTIC RATE WAR NOW SURELY AT END

LONDON, Feb. 13.—An indication that the transatlantic passenger rate war between the German shipping companies has been ended was given today when sudden orders were sent by the Hamburg-American Line to the British ship in Bohemia and other lines to convert the emigrant liners to fast passenger liners and restore the old fittings.

SATURDAY MORNING, FEB. 14.

AN ONTARIO SURVEY.

Very little attention appears to have been given to the speech of Mr. N. W. Rowell, K.C., last week at Woodstock in which he pointed out the relation that exists between the farmer and the city resident. The producer and consumer, in the problem of the high cost of living. The point in itself is of course, obvious, but Mr. Rowell emphasized it by a special reference to conditions in Ontario, whose gravity has not escaped the judgment of any careful observer.

Perhaps the political turn which is unfortunately given to every fact or condition in the utterances of politicians may have caused the avoidance or neglect with which Mr. Rowell's remarks have been met. It is true that he put it up to the government to say whether or not ministers were responsible for the increasing relative decline in the proportion in Ontario between the rural and urban population, and between those who produce and those who consume. This is not a political question, but a national question.

There are different points of view about it. An acute observer writing in The Mail and Empire recently suggested that the farmers in western Ontario were too prosperous to trouble themselves raising surplus food to supply non-producers. The farmers may have all they want, and they are not going to sweat to produce what for them would be useless wealth. If it be so it is another reason why, as we have already suggested, the farming industry will ultimately pass into the control of joint stock companies—corporations whose demand for useless wealth could never be satisfied, and whose efficiency would speedily reduce the ordinary farmer to serfdom.

Mr. Rowell did not proceed in this direction. But he holds that the government is responsible to an undefined extent for the food conditions of today, and he suggests a commission as a remedy. Last session the opposition "proposed to the government that a thoro, independent and non-partisan commission should be appointed to carry on this investigation," he stated. The government voted it down. Just as the Liberals would have done had they been in power, which is one of the fatal weaknesses of the party system. If the idea is a good one it must be adopted sooner or later in one form or another. Mr. Rowell asserts that the time is ripe for a careful and exhaustive survey, with a view to getting at the exact conditions of our provincial resources. We quite agree with Mr. Rowell on this point, but would go farther, and ask for a complete stock-taking of all the provincial resources, embracing not merely the complete agricultural field, a Domesday Book of all the land in the province and its agricultural quality, with the state of its development, the amount of stock, etc., much of which is at present on record, but also the lumber, the mineral and other resources of Ontario, so that as far as is possible the exact amount of the material wealth of the province, or as nearly exact as could be determined, would be available for the purposes of government.

Those who know the financial condition of the government of Ontario are most surprised that some such step has not already been taken as a preliminary to whatever new measure of taxation reform is to be adopted. We believe the government will be well advised to pay some attention to Mr. Rowell's proposal, not because it is Mr. Rowell's proposal or some English suggestion, but because Ontario needs it, and in bad need, of something being done to rescue the agricultural interests of the country from the rut into which they have fallen, and which grows deeper year by year. A new road as well as new roads, a new way, a new method entirely, is required, and nothing presses so urgently for attention among government affairs as this question. We trust that the approaching session will make it clear that the government is alive to the urgency.

THE TRANSCONTINENTAL SLUNDER.

Yesterday The Globe accomplished the feat of publishing a summary of the report presented by the commissioners appointed to investigate the cost of construction of the National Transcontinental railroad, without quoting the conclusions which they

reached. These are in their own words:

"We find that the Transcontinental Railway Commission, the Grand Trunk Railway and those having charge of the construction of the railway did not consider it desirable or necessary to practice or encourage economy in the construction of the road.

"We find that without including the money which was unnecessarily expended in building the railway east of the St. Lawrence River, forty million dollars at least was needlessly expended in the building of the road."

In the introductory paragraphs of its summary The Globe endeavored to turn the edge of the commissioners' report by describing the advance notice as "carefully prepared for political effect." In "carefully" omitting the conclusions as quoted above the chief Liberal organ, no doubt, also had an eye to their possible political effect. Be that as it may, the incident is not without interest and instruction for the public of Canada who will be saddled with the burden of a railroad estimated by the Hon. Mr. Fielding, minister of finance in the Laurier government, to cost \$61,000,000, but which when the final figures are reached, will total about four times that amount. But this glaring miscalculation was only the first in a long series of costly blunders constituting a melancholy record of departmental and administrative inefficiency.

No effort appears to have been made to commence the building of the road on proper business lines. The task, instead of being entrusted to a skilled and competent head of affairs, was laid on the shoulders of four men without any experience at all. The inevitable consequence was great and needless expenditure against which the Grand Trunk Railroad time and again, but vainly, protested. With the heavy overcapitalization thus entailed, the Transcontinental road can never become the regulator of freight and passenger rates which it was represented it would become. Either the cost of transportation will be so high as to discourage traffic or the deficiency will have to come from the long-suffering people of the Dominion.

Even this may not be all. The unheeded protests of the Grand Trunk Railway are quite likely to be used as levers to compel a revision of the agreement made with it by the Liberal government. The operating company may with some show of reason object to pay the arranged interest on many millions that could easily have been saved. More especially, too, when the section from Moncton to Winnipeg passes largely thru a territory from which little proportionate revenue can be expected. Should the government itself be forced to operate the section the situation will appear even worse for the public.

Nothing either can excuse the construction of the line east of the St. Lawrence and paralleling the Intercolonial railroad. It cost \$34,000,000 and the country is paying \$1,200,000 annually of interest upon that sum. Yet not a wheel has turned upon the rusting rails and rotting ties which declare this stupendous example of folly committed for an immediate political and party advantage. Trees are growing on the deserted right-of-way and for all practical purposes the \$34,000,000 might as well have been dropped into the St. Lawrence.

TRUNK AND LOCAL ROADS.

With relationship to the good roads bill which has failed to become a Dominion act in consequence of its rejection by the senate, it is of interest to note that the Shackelford good roads measure passed by a vote of 282 to 42 in the United States house of representatives and now goes to the senate. It provides for an appropriation of \$25,000,000 annually for co-operative work between the federal government and the states for the construction of rural post roads. The proposal is to divide the funds among the states by rule, one half in proportion to the mileage of rural delivery and the other half by population. But in order to participate, each state must raise an amount equal to the apportionment. Should it fail, the federal grant will revert to the United States treasury.

The provision of good roads is at once of national and sectional concern. Trunk roads connecting one state or province with another naturally fall within the function of the federal government, while local roads feeding the trunk lines of transportation belong to the local government. What is most needed is the establishment of a general standard of construction and such regulation of traffic as will best serve the need of each particular district of the country. Due regard, too, must be had to the character of the road metal available in the various sections. Hard rocks, such as flint or granite, provide better and more durable surfaces than do such sedimentary rocks as sandstone. In so important and necessary a matter as the establishment and maintenance of a good roads system the intrusion of partisan prejudice and manoeuvring is to be strongly deprecated.

HOME, SWEET HOME.

Written by a Man Without a Home. But few of Saxon or Celtic descent who are fond of singing have not joined in the rendition of "Home, Sweet Home," and those who do not speak the English tongue who have

TOO MUCH STEEL SAYS ARCHITECT

"Absurd Stipulations" in Building Bylaw Criticized by Architect.

EXAMINER MADE MONEY Ashley Woodburn Doubled His Salary by Drawing Outside Plans.

Eustace G. Bird, Toronto associate of Carrer & Hastings, New York architects, declared from the witness stand in the city architect's investigation yesterday, that owing to absurd stipulations in the city building bylaws, he was compelled to put between nine and ten thousand dollars worth of unnecessary steel work in the new Bank Toronto Building at Bay and King streets.

There are 230,000 pounds of steel going into that building," said Mr. Bird, and he stated that the same thing applied to the new C.P.R. building, which was 15 per cent. too strong. Mr. Bird explained that in all large modern buildings, the floors are constructed to carry partitions anywhere, but the city bylaws require that they be placed under every partition, so that when it becomes necessary to divide one office into two or redistribute floor space, the steel has to go in to support the new partition. This was particularly the case in regard to the Bank of Toronto building as the floors could carry a weight of 100 lbs. per square foot.

Five Months for Perms. Mr. Bird further stated that it took five months, from Nov. 22, 1910, to April 28, 1911, to get the necessary department to go ahead with the erection of the building. In his opinion, the delay should be enough for the most intricate set of plans to be examined and passed.

Ashley Woodburn, a plan examiner in the department, was the first witness called yesterday, and he freely admitted that he had continued drawing plans for private parties, despite Mr. Bird's charges. He said he had increased his income by an amount more than equal to his salary, \$1250, by his work during spare time. He had also planned a lot of moving picture theatres and an apartment house. The plans had been put thru the department under another name, and his identity might not be disclosed.

THEATRE COLLAPSE.

The collapse of Bloom's Theatre, at the corner of Bloor and St. Clemons avenue, was also enquired into. It occurred during a heavy windstorm on Good Friday, 1911, and Inspector Snook stated that although the building had been taken concerning its construction, he was satisfied that they were negligently handled. He Simpson, architect, related an instance of how the bylaws in an apartment house now being built on the south side of Good Friday street, in the vicinity of the theatre, were not properly observed. Where the bylaw called for iron brackets, concrete was built on iron brackets. The concrete was built on wood. He had also seen specimens of wood in wood-enclosed lintels when they should have been steel.

THE IMMIGRATION QUESTION.

(Special Correspondent.) SACKVILLE, N.B., Feb. 13.—Raymond Edgington, who has been in the maritime provinces two years, last April, and he has this to say on immigration to the maritime provinces: "I believe that a greater care should be exercised in the selection of immigrants to the maritime provinces. I do not favor the establishing of English communities. We want to feel that we are part and parcel of the Canadian life and to imbibe that Canadian spirit and the sense of self-reliance, to be able to take care of ourselves. The immigration should be such that we can extract our share of the great opportunities and wealth of this magnificent country. Are the provinces making provision for the men who come here may have a fair chance to continue in and use the experience that they have gained in English business? Many of these men are placed in the right kind of business, and would undoubtedly have made good, as it is they have gone back to England and are spreading false ideas about the opportunities of these provinces. How careful our legislators should be in the selection of immigrants, and who are able to take upon themselves the responsibility of being able to place in the proper sphere of life and work, not only for our good, but also for the lasting good of the province in which we settle."

LIBRARY BOARD.

Absence from town of several of its members caused the meeting of the library board, slated for last night, to be postponed until next Friday afternoon.

AND HE DID

GREAT SCOTT! THIS BUTCHERS BILL IS AWFUL! I'M BEING ROBBERED! I'LL SEE THE FELLOW ABOUT IT!

AND HE DID

Get it today at the Owl Drug Stores, Toronto, selling agents: 282 College St., corner Bloor and Brock, 990 Bathurst street, corner Bloor and Spadina, 1521 Dundas street, corner Parliament and Carlton, 770 East Queen, corner Balm and Queen.

THEY MAKE TO ORDER

Semi-Ready Suits Are Made to Measure in Five Days. Supplementing the physique type suits carried always in the Semi-Ready store, there is a special order department. A full line of patterned samples is carried with the values plainly printed, and customers can make a choice of any cloth and have garments made to their exact measure. This is a tailor shop within a wholesale tailoring business. In this department alone over a half-million dollars worth of clothes are tailored to order each year. Orders are finished on schedule time of five days at the tailor shops. The order form is very complete, actually gives the entire physique type photograph of each customer. Suits are made from the same samples prevail everywhere in Canada. Each customer is given a guarantee of service and satisfaction. The new spring and summer samples are now on view in the Semi-Ready store.

AT OSGOODE HALL

ANNOUNCEMENTS. Feb. 13, 1914.

Peremptory list for appellate division for Monday, 16th inst., at 11 a.m. 1. Guest v. Hamilton. 2. Dick v. Standard Underground Cable Co. 3. Leonard v. Cushing. 4. Northern Electric Co. v. Cordova Mines. 5. Hudson v. Napanee River. 6. Pedlar v. Toronto Power.

Master's Chambers. Before J. A. C. Cameron, Master. Styles Brothers v. Lakey—M. Grant, for plaintiff, obtained order on consent, dismissing action without costs and vacating his pendens.

Spence v. Norman—G. Cooper, for plaintiff, moved for order setting aside appearance as irregular and for judgment. G. W. Adams for defendant. Watson v. University Estates—Fleming (Bain v. University Estates)—Fleming for leave to set aside judgment, and for judgment for possession, with costs. Adjudged by consent to 17th inst.

Murphy v. Lamplier—M. L. Gordon, for defendant, moved for leave to serve jury notice. G. O'Donoghue for plaintiffs. Adjudged to 17th inst. Pierce v. G. T. Ry. Co.—McConnell (Robinson v. G. T. Ry. Co.) for plaintiffs, moved for particulars of defence. W. C. Carthy for defendant. Adjudged to 16th inst.

Winkler v. Soloway—G. T. Walsh, for defendant, moved for order dismissing action for want of prosecution. W. E. Goodwin for plaintiff. Order that plaintiff deliver statement of claim on or before 18th inst. Motion dismissed. Costs to defendant in any event.

Langworthy v. McVicar—J. W. McCullough, for defendant, Christina Karns, moved for order for particulars of facts and undue influence set up in statement of defence of Alexander Crane. S. W. McKeown for defendant. Crane, F. Aylesworth for other defendants. Order for particulars of defence. Order made striking the allegations of fraud in defendant Crane's defence, and for particulars of names of persons alleged to be undue influence. Costs in cause.

Judges' Chambers. Before J. A. C. Cameron, Master. Barnett v. Montgomery—M. L. Gordon, for defendant, moved for an order of prohibition directed to the judge of the division court of York to prevent him adjudicating in this action on ground that it is not within the competence of the division court. R. G. Appeal by defendant. Reserved. Rex v. Jim Lee and three others—G. F. McFarland, for defendants, moved for orders quashing convictions made by police magistrate at Cochran's Hotel, and for order for discharge. Order granted upon production of notice of motion with due evidence of service. (Leo and O'D.) for Mary Halpin, moved for appointment of Mary Halpin as committee of state of her mother, Bridget Halpin, and for maintenance of M. Willoughby for inspector of prisons and public charities. Enlarged two weeks.

Re Porcupine Reserve Mines, Limited—Macdonald, Day and Co., for creditor, moved for winding up order. No one contra. Order made. G. T. Clarkson appointed interim liquidator. Reference to Receiver-in-Ordinary.

Re Westcott—R. H. Holmes, for father, moved for writ of habeas corpus for custody of his two children. Re G. A. Cochrane and P., for mother. Reserved.

Snider v. Snider—G. H. Watson, C., and H. E. Irwin, K.C., for plaintiffs, applied for order of master-in-chambers of 31st January striking out paragraphs 2, 3, 4, 5 and 6 of reply as embarrassing. W. J. Elliott for defendant. Order granted. Snider for Canadian executor. Reserved.

Re Head—Stewart v. Henderson—A. D. Armour, for judgment creditor, obtained enlargement of motion until 20th inst.

Re Irene Cooney—G. R. Roach, for applicant, moved for return of habeas corpus for an order for custody of infant W. B. Raymond for Children's Aid Society. Motion refused. No costs.

APPPELLATE DIVISION.

Before the Chancellor, MacLaren, J. A. Magee, J.A., Hodgins, J.A., Stocks v. Bouter—R. McKay, K.C., and D. I. Grant for plaintiff. A. W. Anglin, K.C., and C. A. Moss for defendants. Appeal by plaintiff from judgment of Middleton, J., of Oct. 16, 1913. Action to rescind agreement for sale and conveyance of farm by defendant to plaintiff, etc., and for \$25,000 damages for alleged deceit, etc. At trial judgment was granted plaintiff for decision as asked and a reference to the judge of the county court for damages. The master complained of was made on an appeal from master's report, and is complained of principally on the ground of excessive occupation rent. Judgment: The master's report varied as follows: Allowed as damages, traveling expenses

WAS PRESIDENT OF SPINK MILLING CO.

J. L. Spink Died Yesterday After Brief Illness—Funeral Monday.

J. L. Spink, 150 Albany avenue, one of Canada's prominent grain and milling men, died yesterday morning, after a brief illness.

Mr. Spink was for more than 40 years head of the J. L. Spink Company, Limited, millers, with mills at Pickering and head office at Toronto. As well as being a member of the Toronto Board of Trade, he was president of the Millers and Manufacturers' Fire Insurance Company, and of the Fire Insurance Exchange, and served as a director of the National Life Assurance Company.

He leaves a widow and three daughters. The funeral will take place from his late residence to Mount Pleasant cemetery on Monday afternoon at 2.30 o'clock.

SITUATION IN JAPAN GROWING MORE ACUTE

TOKYO, Japan, Feb. 13.—The recent disorders in the Japanese house of representatives in connection with the Japanese naval scandal, caused the resignation today of its speaker, Kuzo Oka, who said he felt himself personally responsible for the incidents in parliament.

Kelmar Yamamoto, the premier, and Keihar, minister of the interior, conferred with the emperor today on the situation, which is even more acute as several additional public meetings of protest have been arranged.

ASK FOR MUSICAL TRAINING

ST. CATHARINES, Feb. 12.—(Special)—The Public School Teachers' Association of St. Catharines has asked the board to establish musical training in the schools. One hour per week for each class is requested.

CHINA'S ACTING PREMIER.

PEKING, China, Feb. 12.—A presidential mandate was issued today accepting the resignation of Hsiung Hai-Ling, the Chinese premier, and appointing Sun Fao-Chi as acting premier until a definite nomination is made.

BOOKS IN DE LUXE EDITIONS.

Book lovers will welcome the announcement that the long established and popular firm of auctioneers, Chas. M. Henderson & Company, of Chancery Lane, London, has been re-established in Toronto, Ontario, without reserve, of its splendidly illustrated editions. These include many works of established celebrity in British, American, French and Russian literary circles, not to speak of the more remote Greek and Latin classics. A recital of the names would include the great authors of the world, and to their respective authors tending lustre and value to the editions. The sale will take place on Wednesday and Thursday, Feb. 18 and 19, commencing at 2.30 p.m. each day within the art galleries of Henderson & Company, 123 East King Street, Toronto.

WHAT TO DO FOR SORE THROAT.

SOME GOOD ADVICE BY A SPECIALIST.

As there seems to be a regular epidemic of Sore Throats this winter, the following valuable recipe will be welcomed by many. A sore throat is a dangerous complaint to trifle with, as the bronchial tubes lead directly to the lungs and the disease often travels along these tubes into the lungs and there sets up an inflammation that invariably results in a serious lung trouble.

At the first sign of soreness in the throat or around the tonsils, you should secure from your chemist 1 oz. of Parmital (double strength) and take this home and add to it 1-4 pint of hot water and 4 oz. of molasses. Stir until dissolved. Take one tablespoonful four times a day. This will give relief in 48 hours. The healing and soothing qualities of this formula are unequalled, and every person suffering with a sore throat should try this prescription a trial. There is nothing better.

Important—In ordering Parmital always specify that you want Double Strength; your druggist has it, or he can get it for you; if not send 75c to the International Laboratories, 74 St. Antonio street, Montreal, who make a specialty of it.

THE TORONTO WORLD. CONDUCTED BY MRS. EDMUND PHILLIPS.

WHITBY, Feb. 13.—Old Trafalgar Castle never looked gayier than tonight, the occasion being the annual conversation of the Ontario Ladies' College. To welcome the ladies of Toronto, a large platform, ablaze with incandescent lights, had been erected, and their arrival formed a unique and brilliant spectacle. R. J. Score, the president, and his party were welcomed by the principal, Dr. Hare, and later on the guests were received in Francis Hall by the lady principal, Miss Taylor, B.A., Mrs. Hales of Toronto, representing the Trafalgar College, Miss Clough, A.T.C.M., representing the faculty, and Miss Dora Patrick, in the costume of a May Queen, representing the student body. The many artistically decorated booths, the work of the seniors, juniors and visitors took the opportunity of inspecting the new swimming bath, which has been recently installed for the girls.

Hockey Banks Play for Championship Baseball Feds Pass Up Toronto Curling Lindsay Rink Beat Peterboro

THREE BANK LEAGUE GAMES ARE PLAYED

Toronto Beat Royal, Dominion Defeated Commerce and Union Won From Imperial.

Three Bank League fixtures were staged at the Arena last night, and at least two out of the three brought forth exhibitions of real good hockey, and the interest in the struggles was maintained from start to finish.

The first game went to the Toronto by the score of 3 to 2. The winners found the Royals very little opposition, and soon ran up a score, leading at one time by the score of 4 to 0.

At half-time the score was 4 to 2, while the last half saw the winners come thru with four more tallies, their opponents getting one.

The teams: Toronto (3)—Goal, Adams; defence, Brown and Barr; rover, Meldrum; centre, Cook; right wing, Davey; left wing, Henry.

Royals (3)—Goal, Hamilton; defence, Morrow and Davidson; rover, Brown; centre, Creighton; right wing, Pringley; left wing, Washburn.

Dominions were forced to hustle for about three-quarters of the time before they were finally able to beat Commerce by the score of 4 to 1.

The game was a great one for both aggressions, and the hard checking of both teams was one of the features of the game. Burtitt gained fame from a slick bod to help his teammates out.

At half-time the score was 1 to 1, but in the final minutes of the Dominion ran away with the game. Crane and Murphy were the stars. The teams: Dominion (4)—Goal, Rice; defence, Murphy and Sprague; rover, Bloomfield; centre, Burtitt; right wing, Flynn; left wing, Clancy.

Commerce (1)—Goal, Laird; defence, Crane and Misner; rover, Symons; centre, Smith; right wing, Henderson; left wing, Jarvis.

The third game went to the Union Bank, who whitewashed the Imperials by a very strenuous exhibition. The final score was 2 to 0, a tally being made in each half.

The Imperials were head and shoulders over their opponents in the play, but were unable to find the nets. The defence work of the winners was very good also. The teams: Union (2)—Goal, Williams; defence, Merrick and Starnes; rover, Woods; centre, Farrell; right wing, Patterson; left wing, Matta.

Imperial (0)—Goal, Vanzanti; defence, Schlegel and Cooper; rover, McKay; centre, Calhoun; right wing, McKee; left wing, Gordon.

Enough Davidson handled all three games well.

MCILL BLANKED BLUE AND WHITE. MONTREAL, Feb. 13.—McGill defeated Varsity tonight, 2 to 0. The game was one of the finest exhibitions of hockey ever seen at an intercollegiate fixture during the last three years, as both teams were in fine fettle and showed no weakening under the fast pace.

Shorty Mann played a large part in the McGill victory, turning away at least six certain scores for the blue and white.

McGill scored all their goals in the first period, but Varsity had the better of the play. Bailey and Jupp came down the ice repeatedly, only to lose the puck to either Hughes or Rankin, who played a stellar game on the McGill defence.

Pretty combinations between Mason and Hooper resulted in the former scoring the first tally of the match.

Bailey lost a good chance of adding another for Varsity when, after drawing Mann out, he was unable to locate the place where Mann had been. The game began to rough up, and as a result Knight and Mason drew penalties.

Hooper replaced a heavy bodycheck and was replaced by Ryley, who played on the defensive, being content with a two-goal advantage. Ryley lost a good opportunity to score when, after drawing Laird from his goal, he shot wild.

Rankin also was wide. The teams: McGill (2)—Goal, Mann; defence, Hughes and Rankin; rover, Wickson; centre, Davidson; wings, Mason and Hooper. Varsity (0)—Goal, Laird; defence, Hanley and Knight; rover, Bailey; centre, Jupp; wings, Aird and Sinclair. Referee—Tommy Riddle.

Summary.—First Period.—McGill, 2; Varsity, 0. Second Period.—McGill, 0; Varsity, 0. Penalties: First half—Mason, 3 minutes; Knight, 2 minutes; Mason, 3 minutes. Second half—Davidson, 2 minutes; Mason, 3 minutes; Knight, 2 minutes; Knight, 3 minutes.

TORONTO NOT ON FEDS' OFFICIAL LIST

Brooklyn Joins the Circuit With J. M. Ward as Business Manager—Gilmore Says.

NEW YORK, Feb. 13.—Apologizing for his persistent delays during the week of the intention of the Federal League to place a club in Greater New York, President James A. Gilmore tonight announced that the new organization had invaded Brooklyn, and by the middle of April would have a first-class club established there, with playing grounds on the site of the Brooklyn Club's old quarters, at Washington Park.

A ten-year lease of the grounds, with the option of buying outright, has been secured. Concrete and steel stands, to accommodate 18,000 persons, are to be erected. The Federal League announced, and the contract was signed, that it would have everything completed in time for the opening of the playing season, during the third week of April.

The financial backers of the club, it was announced, are the brothers, R. B. and George W. Ward, wealthy and prominent business men in Greater New York, and the secretary and business manager of the club is John Montgomery Ward, who for many years was a leading player and manager of the Giants, and later part-owner of the Boston National League Club. He is not a relative of the brothers Ward.

In outlining the progress so far made by the representatives of the Federal League, Gilmore stated that the circuit would consist of eight clubs, located as follows: Chicago, St. Louis, Indianapolis, Baltimore, Buffalo, Pittsburgh, Brooklyn, and Toronto.

The schedule meeting of the league will be held in Baltimore three weeks hence, when dates for 154 games will be allotted for the season, which will begin on April 23 or 18.

Many reports have been circulated as to why the representatives of the Federal League came here this week. President Gilmore tonight, "but most of them were erroneous. We came here for the sole purpose of placing a club in Greater New York, and, now that we have done so, I feel it incumbent on me to apologize to the reporters who interviewed me, for having taken the advantage of mental reservation for purely business reasons.

PROS. MEET TODAY. The annual meeting of the Eastern Professional Football Association will be held this afternoon at the Windsor Hotel, corner Church and Richmond streets, at 2.30.

President McCaffery Has a Busy Day.

President McCaffery, who is in New York, did not have time in writing home the information that the Federals will give Toronto the go-by. He says the team intended for here would go to Brooklyn, without stating what would become of Bill Bradley. The president gives further news to the effect that the Buffalo Feds would move to Cleveland. Also Mr. McCaffery states that he has engaged a New York attorney to take action against Drummond Brown, who has accepted advance money from Toronto, and, it is reported, jumped to the Feds. Altogether, it was a busy day for the president.

HOCKEY RESULTS

Table with columns for O.H.A., Intermediate, Junior, Senior, and various teams like Berlin, Orillia, Hamilton, Woodstock, etc.

HOCKEY GAMES TODAY

Beaches League. Junior. Riverdale Pros. vs. Rangers at St. Joseph's, 8.00, at Kew Gardens. Juvenile. Riverdales at Aura Lee, 8.00, at Aura Lee.

Winnipeg Bonspiel

WINNIPEG, Feb. 12.—The Cameron rink of St. Thomas took another game this morning, defeating Coultter (Winnipeg) 10 to 1. In the Purdy Flour competition, yesterday Cameron won both games played, the first one beating the rink of 14 to 10, and the second from McNamee of Killarney, 11 to 10.

DUTCHMEN WON OUT.

WOODSTOCK, Feb. 12.—In the second home-and-home game in the second round of the O.H.A. series with Berlin here tonight, Woodstock won by 3 to 2. As Berlin won the first game by 3 to 0, however, Woodstock loses the round and is now out of the running.

Varsity Bouts Today

The annual boxing tournament of the University Athletic Association takes place this afternoon and evening at the Metropolitan room, King street. There will also be wrestling competitions. The bouts start at 2.15 and 8.30.

THE GALT CURLERS LOSE FOUR GAMES

Toronto Granites Win Morning and Afternoon by About Same Margins.

The good curlers from Galt could not get their best men away yesterday, but they fitted their engagement with the Granites and Queen City morning and afternoon, losing all four games.

The two Toronto clubs entertained the visitors in the Granite Club rooms. Granites won the morning game from the Galt Granites by 13 shots, a feature being a seven end collected by Skip Hugh Munro. In the afternoon they defeated Galt by an even dozen. Scores as follows:—Morning Game.—Toronto Granites, 15; Galt, 12.

Evening Game.—Toronto Granites, 15; Galt, 12. Scores as follows:—Morning Game.—Toronto Granites, 15; Galt, 12. Evening Game.—Toronto Granites, 15; Galt, 12.

BERLIN INTERMEDIATES RUN UP BIG SCORE

BERLIN, Feb. 13.—By a score of 20 to 1, Berlin put New Hamburg out of the intermediates running here tonight. Washington of Toronto refused.

The East Riverdales whitewashed Evangelina in a very fast and clean game by the score of 3-0. Cassan, for East Riverdales, was the star of the game, making end-to-end rushes, while the forwards had a good combination. McCabe, for Evangelina, was the best. The line-up for the winners: Goal, Haack; point, Cassan; cover, Goldring; rover, Martin; centre, Thomas; right wing, Kennedy; left wing, Couch and Junken; Referee—N. Carlton.

OSHAWA TAKES LEAD.

OSHAWA, Feb. 13.—In the fastest game ever seen in Oshawa, Kingston went down to defeat tonight by a score of 2 to 1, half-time score, 1 to 1. Fast hockey was played by both teams, with few penalties, and heavy checking.

Winnipeg Bonspiel WINNIPEG, Feb. 12.—The Cameron rink of St. Thomas took another game this morning, defeating Coultter (Winnipeg) 10 to 1. In the Purdy Flour competition, yesterday Cameron won both games played, the first one beating the rink of 14 to 10, and the second from McNamee of Killarney, 11 to 10. The McEwan Fort William rink broke even, winning the first game, 18 to 12, and losing the second, 6 to 14, while Turner rink won both, the first 15 to 10, and the second, 17 to 4. Dale (Fort William) lost to Morrow (Margaret, Manitoba), 12 to 9. Baxter (Kenora) won his time, 13 to 7.

"GET WISE" SHOE SALE Spring Shipments Force Selling. Here's a sale without parallel in values! Want of space only compels us to offer our well-known comfort-creating shoes at these prices. **INVESTIGATE SILVER CURE  
FOR SMOKERS OF CIGARETS**

**Toronto Boys' Union Reports  
Progress — At First Clinic  
This Week Treatment Was  
Given to Eleven Boys.**

The silver cure for cigaret smokers, which has recently been occupying the attention of medical men elsewhere, has been undergoing an investigation by the workers at the Toronto Boys' Dominion. So satisfactory have the reports been that the necessary formulae have been secured and the work started in this city. The first free clinic was opened at the Boys' Dominion in their headquarters at Moss Park, Dr. R. L. Morrison, 14 Wilton crescent, assisted by Edward Crane, a fifth year medical student on the staff of the General Hospital, gave treatment to eleven of the boys.

**Rush of Applicants.**  
The announcement of the clinic had not been of the club bulletin board for fifteen minutes before nine applicants had registered, and the number has increased until the waiting list promises to keep the boys busy for several weeks. Most of the boys claim that they have tried to stop before, but failed. A careful record is being kept of the cases, and the formulae

of the application of nitrate of silver to the mouth and throat, and the use after each meal as a throat wash or gargle of a solution that is given each patient together with general root to chew. A health diet and hot baths are also advised.

**Sample Cases.**  
Twelve years old, has been smoking three years, average three per day.  
Seventeen years old, smoking four years, average five per day.  
Eighteen years old, smoking two years, average two per day.  
Sixteen years old, smoking one year, average six per day.  
Thirteen years old, smoking five years, average twelve per day.

**To Be Far-Reaching.**  
The superintendent of the Boys' Dominion says: "The establishment of this cigaret cure clinic promises to be far-reaching in its results. Boys who are very moderate users of the weed seek enrollment as patients, but are encouraged to 'cut it out' without treatment, and are doing so. Boys who do not smoke are now quite proud of the fact, and the impression has been created among the boys that if those who smoke consider it a disease and are willing to undergo a treatment for its cure, they had better not begin. It is a striking illustration of the power of suggestion."  
"The treatment is simple, and con-

sists of the application of nitrate of silver to the mouth and throat, and the use after each meal as a throat wash or gargle of a solution that is given each patient together with general root to chew. A health diet and hot baths are also advised.

**ANNIE CATTON ACQUITTED**

The case of Annie Catton, which has caused much interest in the woman's court for some days, was dismissed by Magistrate Denison. William Brooks confessed that he had deceived her into buying stolen goods, which he said were the property of his mother. Two cases of vagrancy and two charges of drunkenness were remanded.

Dr. Aked's announcement followed his recent statement from the pulpit that he did not believe in the virgin birth of Christ. His resignation as head of the federation was asked a few days later by four ministerial members of the church organization. Dr. Aked came to this country from England a few years ago.

**AND THE WORST IS YET TO COME**

**BUILDING WOULD COST  
FOURTEEN MILLIONS**

Lord Chelmsford Tells Empire Club Particulars of Proposed Dominion House in London.

**PRESENT OFFICES DINGY**

Better Accommodation Needed if Canada is to Compete With Other Countries.

Fourteen million dollars is the estimated cost of the project of Earl Grey for a dominion house in Aldwych, said Lord Chelmsford, in addressing the Empire Club on the proposal at McConkey's yesterday. In taking up the advocacy of this building, his lordship said that Earl Grey was not actuated by motives of gain, but by a desire to give the dominions headquarters worthy of their importance at the heart of the empire. The earl was prepared to hand the site over to the dominions for the cost of the option and some additional expenses. He had secured an option on the land, three acres in extent, in a place well fitted for such a building, from the London County Council for three years. Plans prepared by the architect of the new Australian building had been secured to give any interested person a notion of what such a structure would look like. These called for an eleven story building, three stories of which would be underground. The building would have a frontage of 386 feet on the Strand and 636 feet on Aldwych, and after providing for all the room that the dominions would require sufficient office space would remain for renting to give a revenue of \$601,401 a year. Allowing four per cent. interest on the cost of the structure, a surplus of \$10,000 would be realized annually, and this would be put into a sinking fund to pay off the debt, it was so minded.

**Dingy, Dirty Offices.**  
Lord Chelmsford said the present dingy, dirty offices of the Dominion on Victoria street were unworthy of Canada. It would hardly be advisable to send over the new high commissioner from Canada to the present offices and ask him to compete with Sir George Reid, that seductive, energetic advocate of Australia, in the fine new building which that commonwealth is erecting in Aldwych.

The plans, said Lord Chelmsford, provided for a wonderful tower on the proposed building, two feet higher than the steeple of St. Paul's, and it would serve as a landmark for Canada. In this building could be stationed an intelligence bureau, a manufacturers' hall and other needed adjuncts to the London headquarters of a country like Canada.

**Building Needed.**  
Earl Grey, he said, had first been made aware of the need of such a building by his inability to secure information about where he could buy Canadian apples.

This was an opportunity of securing vacant land in the centre of London, he said, that might not happen again in another century. "You cannot get vacant land in the centre of London," he said, "like you can on the prairie or even in the suburbs of Toronto."

**DID NOT BELIEVE IN  
CHRIST'S VIRGIN BIRTH**

Therefore San Francisco Pastor is Asked to Resign as Head of Church Federation.

SAN FRANCISCO, Feb. 13. — Rev. Charles F. Aked, pastor of the First Congregational Church, announced last night that he would resign from the presidency of the San Francisco Church Federation next Monday night.

Dr. Aked's announcement followed his recent statement from the pulpit that he did not believe in the virgin birth of Christ. His resignation as head of the federation was asked a few days later by four ministerial members of the church organization. Dr. Aked came to this country from England a few years ago.

**EVERYMAN**

has in his mind a home--to be his own some day. There's the trouble—"some day"; you keep putting it off because you think you can't afford it now; and in the meantime Rent—\$10 to \$25 every month—keeps you from making the first payment usually required.

Today, however, you have the unusual opportunity of materializing that home of your dreams—lifting it out of your mind—and putting it on a choice and substantial piece of land in St. Catharines. By paying a 5 Dollar Bill (balance \$5 monthly) you can start today and get some property large enough for home, garden, fruit, flowers, poultry, and all things that make home life so enjoyable in the "Garden City." Everything grows in St. Catharines—except expenses; living there is 1/2 and cheaper. If you care to, you can cut the cost of living in St. Catharines still lower by selling the surplus of your garden to some of the million people within 30 miles of the city.

St. Catharines, a beautiful city of 16,000, has attracted 4,000 new citizens during the past two years—home-lovers like you, who are now settling this home position, as you can easily do. During the past two years St. Catharines' land values have increased by \$3,000 every day. Buy now at original low prices and your land will grow in value as rapidly as this thriving city. \$5 down—\$5 monthly—no interest. Take your first step today by getting all the information.

TREND IS UPWARD WITH REACTIONS

Any Setbacks Are the Result of Profit-Taking.

RAILS AND ELECTRICS

Market Closes Dull, But Without the Resemblance of Weakness.

The upward trend was continued on the Toronto exchange yesterday. Here and there small reactions followed recent advances, the certain evidence of profit-taking. This is the inevitable result of a rising market, and insures a continuous following of speculators who usually replace holdings higher after each trade. Thursday's two-point movement in Brazil forced that issue to lag yesterday at a slight setback.

Maple Leaf, which has a close connection with the bread interests, showed more vitality, and is likely attracting a fractional reaction following as in Brazil.

Toronto Ralls were bought in the late trading and advanced to 141 7/8. This stock is receiving more consideration locally than for a long time, and if this develops into a buying campaign, a sharp rise is probable.

General Electric and Mackay, two of the old market stand-bys, were steadily firm. Purchasing orders in these as in others, are not as easily filled as the daily quotations might indicate.

Standard Bank was higher at 235, and is still under the influence of investment enquiry as a result of the annual statement. Trading dragged during the afternoon, but there was an entire absence of any semblance of weakness in the market.

QUARTER BILLION IN LOANS SO FAR

Money Still Abundant—Big Foreign Loans Are Pending.

LONDON, Feb. 13.—London markets are participating in, if they are not leading, the world-wide reaction that has followed the sensational rise of the month of January. Money is still abundant and today funds are available below one per cent. There are cumulative indications, however, that the extremely active demands upon the capital market that have accompanied the rise are slowly but steadily having their effect upon the capital supply. While funds are still abundant with discounts very low, long bills at present prices are not in free supply.

Trade is not by any means bad. While imports have been decreasing, exports show corresponding advance.

Large Hungarian and Greek loans are impending. As a rule, it may be said that recent issues have been much less successful than those of January.

There have already been \$250,000,000 in new issues this year. As some particularly large transactions are in sight there must ere long be a point reached in the money situation that will suggest the beginning of exhaustion of capital supply.

Continental demand for gold still continues.

EUROPEAN BOURSES.

PARIS, Feb. 13.—Prices were firm on the bourse today. Three per cent. rentes, 87 francs 3/4 centimes for the account; exchange on London, 25 1/2 pence for 100 francs; private rate of discount, 2 per cent.

BRAZILIAN EARNINGS.

Brazilian Traction, Light and Power Co. Limited, gross earnings for the week ending Feb. 7, 1914, were \$46,768, as compared with \$42,114 for the corresponding period last year. This was a 10 per cent. increase. The company's net earnings for 1913 and 1914 were \$1,000,000 and \$1,050,000 respectively.

DAM COMPLETED.

The Porto Rico Railway Company's storage dam was completed early in December last. The weather for some weeks following the completion was very dry and no water could be stored. The latter part of January and the beginning of this month, however, have witnessed copious rainfalls. At last reports the reservoir contained 100 million cubic feet of water. This gives very satisfactory security against the possibility of excessive operating cost through dependence on the auxiliary plant.

PROPERTIES MANAGED

A property returns the highest income on the investment when it is properly managed. Experienced, efficient management means money gained. We are equipped to act as your agent in the sale of renting of houses, stores, or other properties.

Trusts and Guarantee COMPANY, LIMITED.

43-45 King Street West, TORONTO, ONT. James J. Warren, E. B. Stockdale, President, Gen. Mgr.

SMALL GAINS BY NEW YORK STOCKS

Undertone Was Firm, But Few Issues Scored Point Advance.

NEW YORK, Feb. 13.—There was little by which today's stock market could be distinguished from the colorless sessions which preceded it this week. The undertone was distinctly firm, but only a comparatively few stocks made gains of a point or more. The tendency upward was challenged at intervals by pressure against particular issues, such as New Haven, New York Central and the Rock Islands, but the effect was short lived and the end of the day there was a small improvement.

London again played an important part in this market and such headway as was made was largely to the foreign influence. The higher prices for American stocks sent over from the English market were accepted here at the opening, being a corresponding rise in the early transactions. London came into the market for railroad stocks, taking perhaps 20,000 shares.

The supply of stocks was not large and the market responded readily to buying. It was evident that a short interest of fairly large proportions had been built up recently. There was no widespread inclination, however, to attack the bear position, and the rank and file of professional traders apparently favored the short side.

Strength of Steel, in response to its steady absorption, gave tone to the industrials which really made a better showing than the railway stocks. Advances in this part of the list were influenced by accumulating evidences of improving business conditions.

While the movement of railroad shares is dependent upon the decision of the interstate commerce commission in the freight rate case, there is no corresponding restraint on the industrials which have shown a tendency at times of late to break away from the general market and move independently.

Known currency movements of the week suggested another strong bank statement. A gain in cash of \$4,000,000 to \$5,000,000 was forecast.

While there were a few weak points in the bond market, its tone in general was rosy.

SHARP ADVANCE BY LAURENTIDE

Sudden Influx of Buying Orders in Last Hour at Montreal.

MONTREAL, Feb. 13.—The quiet strength of the local market thru recent days gave way to bullish demonstrations in certain directions today, an extraordinary movement in Laurentide, which carried that stock up and one-half points being the chief feature.

Other features were furnished by Montreal Power and Shawinigan and the Tramway group. Power rose 1/8 to 227 1/2 and finished at 227 1/2. Shawinigan jumped 2-1/4 to 142 1/4 and finished only 1-1/4 off the best. In the Tramway group the common stock of the Tramway Company jumped three points to a high record of 221 and closed at the best; the holding company security rose 3-4 to 44 5-8 in the unlisted department and 1-3/4 off the best. Tramway debentures rose 1 to 88 on very heavy transactions, upward of \$150,000 debentures being taken on the advance.

Mysterious Movement.

No explanation was offered for the amazing market which developed in Laurentide in the last hour's trading. The stock was a strong feature early, but its early rise called for little comment. In the afternoon an aggressive demand started the price moving rapidly and on buying of 600 shares round the opening of the session it rose 1-1/2 to 135 1/2. Large blocks of stocks were brought out, which forced the price back slightly, but there was a steady absorption for all offerings and one point of the 1-2 reaction was regained before the close. Last sale going out at 135 and 142 7-8 being bid for more stock at the close.

BOND ISSUE OF CANADA CEMENT

Increase in Bank Loans Offset by Inventory Statement.

MONTREAL, Feb. 13.—The "Street" has done a good deal of "worrying" in the past week over the increase of \$12,288,448 shown in the weekly report of the Bank of Canada, which shows an increase of \$870,023 in favor of 1913.

Directors Not Worrying.

The directors are not worrying over the advance in the bank loans. This has almost entirely been brought about by the heavy construction program carried thru in 1913, which gives the company a capacity of 11,000,000 barrels, or sufficient to provide for consumption for the next five years at least.

No extension of plant will be undertaken this year. The expectations are that under normal conditions this bank overdraft will be entirely eliminated by the end of the summer.

As already announced by the president, Hon. William Edwards, in his annual report, which has gone out to shareholders, a bond issue is about to be made.

Bond Issue \$913,040.

This bond issue, which is being put out at the present time, is not to take the form of public issue, and amounts to \$913,040, being the sum of the authorized issue of \$8,000,000. The proceeds of this issue will go to replacing working capital which during the latter part of 1913 was used for additions to plants.

The proceeds of these bonds will replace the bank overdraft of \$715,000. This amount is considered by the directors to be a normal condition for a corporation of the proportions of the Canada Cement Co.

THE DOMINION BANK

SIR EDMUND B. OSLER, M.P., President. W. D. MATTHEWS, Vice-President. C. A. BOBERT, General Manager. Banking Business in Foreign Lands. Business Houses, Corporations, Grain, Stock and Provision Dealers will find the facilities of The Dominion Bank adequate for all foreign transactions.

PROFIT-TAKING IN PETERSON LAKE

Many Stockholders Accepted High Prices Which Weakened Market.

Yesterday was profit-taking day for holders of Peterson Lake stock and many speculators and not a few of the investors who have been holding their stock for some time took advantage of the big price and got out. However, buyers were also numerous on the market and after a day of fluctuations the stock closed about six points below the opening. Few big blocks changed hands yesterday, but despite the fact over a hundred thousand shares changed hands.

Activity in Peterson had a good effect on the other issues on the market, especially the Cobalts. Beaver had its biggest trading day in months and was firm throughout. Nipissing was inclined to strengthen as was La Rose while a small lot of Port Lake brought the high figure of \$5. Gould was active and stronger, bidding in the minor issues was quite apparent.

Do You Know of Any Other Investment Yielding Such Profits?

The opportunity is open to you to participate in undreamed of profits by purchasing stock now in International Black Foxes, Limited, a recently organized company.

Just let us demonstrate to you briefly the opportunities which this company offer.

The 20 pairs of selected Black Foxes, which the company will own, should, on a very conservative estimate, produce 60 young foxes—sixteen were raised by 3 pairs last year.

Past records show that the average litter per pair, per year, is 4 pups, which should give us 80, instead of 50, foxes.

Pups last year were sold from \$12,000 to \$25,000 a pair, with the demand far in excess of the supply.

Figuring 25 pairs to be sold in 1915 at the lowest price, \$12,000, this would yield us an income of \$300,000, which, after deducting ranching expenses of \$45,000, leaves a net profit of \$255,000, or 63 per cent. available for dividends in 1915.

If stock bought at par pays a dividend of even 20 per cent in 1915, the value of the stock will at once appreciate, and will naturally be worth considerably more than par.

Not only will your original investment be worth more than you paid for it, but think of the possibility for future dividends. Write today for prospectus and other information.
