AUSTRIANS BOMBARD BELGRADE, SERBIANS RETALIATE ON SEMLIN Russians Begin New Offensive Against Galicia From the Zlota Lipa River Lines U. S. TELLS AUSTRIA EXPORTATION OF MUNITIONS WILL CONTINUE

FRENCH BATTLE LINE MARKED BY SMALL AFFAIRS

Deadly Close Range Fighting With Bombs, Grenades and Artillery.

TWO CRATERS SEIZED

Aerial Raid Carried Out on German Parks and Depots.

Special Cable to The Toronto World. LONDON, Aug. 15.—Artillery engagements, hand-to-hand fighting with bombs, hand grenades, bayonets and knives and a desperate combat for the crater of a mine under a German trench in the section between the Oise and Aisne Rivers, near Pulaelonne, in which the French were the winners, these marked the main features of the isolated fighting on the battle line of France and Flanders today and yesterday.

The explosion of a mine near Bagatelle also resulted in a fight for a crater, which the French captured.

Bombard Parks and Depots
Nineteen French aeroplanes bombed the German parks and munitions depots in the valley of Spada, the aviators dropping 108 shells and returning safely to their base.

Advanced works of the Germans were destroyed at a spot east of the road to Lille in Artois by French mines, and a German ammunition depot, situated in the enemy's lines between Monchy and Ransart, was blown up Saturday.

Artillery Duel on Yser
Artillery fighting was reported on the Yser before Lombartzyde. St. George's, Desinghe and Woeven. Artillery duels also became violent in Artois during the night, the chief centre of activity being Souchez and Roucourt, and there was also heavy gun fire in the Champagne at Beau-sejour and in Lorraine at Leinry and Bullion.

Bombs and petards figured prominently in an engagement at Courtes, Chausse and La Fontaine, in the Argonne. The Germans exploded a mine near the Favo River on July 30, south of Lusse, in the Vosges, without doing any damage.

The French countered a German bombardment of their positions in the Argonne, especially at St. Die, La Houyette, Champlotte and Fontenelle, in the Vosges, by bombarding the German railway station at St. Marie aux Mines and the German camp of Margenthal.

The Germans also fired a few shells into the open town of Montdidier, and French artillery opened up and silenced the German guns.

ITALIANS CAPTURED ISONZO BRIDGEHEAD

Important Feat at Gorizia Admitted by Austrian War Office.

ROME REMAINS MUTE

Two Armored Trains Driven Back by Fire of Italian Guns.

Special Cable to The Toronto World. LONDON, Aug. 15.—The Italians have captured a bridgehead over the Isonzo at Gorizia (Gor) their principal objective before advancing on Trieste. This much was admitted by a statement of the Austrian war office late last night, which says: "The bridgehead at Gorizia was held by the Italians under gun fire."

The Vienna war office also announced that the southwestern front there was greater activity in the region of Gorizia.

The Italian official communique issued Sunday, says: "Nothing of the fighting on the Isonzo or at Gorizia. It reports an advance in the Sexton Valley along the slopes of Sekofe and Groda-Rodda when the Austrian artillery ceased to reply to the Italian artillery. Considerable progress was also made by Italian infantry in the Palviso basin and the Monte Nero zone under the cover of heavy artillery support."

The Italians also repulsed attacks by the Austrian armored trains in a raid on the Serra Valley railway station, and in an attack on the extreme right wing of the Italian positions southwest of Monfalcone.

THE MONTREAL BANK MERGER OFF

Our able contemporaries, but never rivals, began to find out on Saturday morning about The World's story of Friday that the Royal Bank of Montreal had been caught trying to run off with the Bank of Hamilton and swelling its own coffers at Montreal with what was purely Ontario bank business. The Globe went so far as to say these were dog days and there was nothing in it; and The Hamilton Sociator was kind enough to say that The World took a delight in knocking Hamilton and Hamilton institutions by publishing sensational yarns.

The fact is, The World was on guard and warned the people of Hamilton and all Ontario of the game that was afoot to take away that fine banking institution to Montreal. The World considers Hamilton one of the greatest cities of Canada and one of the best proofs of this is found in its enormous circulation in the Ambitious City.

The Montreal Star of Saturday night is wise to what was on. It puts a big heading over the news and then goes into details to show how that if the Royal Bank can absorb the Bank of Hamilton and take it to Montreal then the Royal Bank will join in banking premises with the Bank of Montreal and the Bank of Commerce in Toronto. It gives a column of figures to show that if this merger takes place the Royal Bank will command \$233,000,000 of assets against the \$234,000,000 of the Bank of Montreal and \$232,000,000 of the Bank of Commerce.

The World was able to announce in The Sunday World that the deal would not go thru, as public opinion in Ontario would sanction no such transaction; and in any event it was not on that would likely commend itself to the minister of finance and to the government, who must pass upon any such deal before it could be closed.

MORE DAMAGE TO CROPS CAUSED BY SUNDAY RAIN

Storm of Almost Unparalleled Severity Swept Over Ontario, Flooding the Lowlands and Doing Heavy Damage to Standing Grain.

A rainstorm of almost unparalleled severity passed over York County on Sunday afternoon, doing immense damage to the still standing crops and greatly delaying all farm work. The storm, while electrical, was unaccompanied by much wind, the rainfall being the heaviest so far this season. While the city escaped with a slight sprinkle practically all the district between Lake Ontario and Lake Simcoe was included in the storm's area.

One observer at Agincourt in Scarborough Township who had passed thru the storm of two weeks ago tomorrow said it was much the heavier of the two, but without any wind. It flooded the low lands, the gulleys, culverts, creeks and rivers. It soaked the long-stocked grain in the farmers' fields. The Don rose to flood conditions at 6 o'clock.

Away out in the northern portion of the county, and especially thru the Townships of Whitchurch, Markham and Scarborough, the storm was of exceptional severity. All the low-lying lands

are flooded and the small streams became raging torrents, sweeping in some places fences, bridges and everything movable in its course. The result of the downpour of the past fortnight, the ground where undrained was unable to absorb any more and flood conditions prevail on the low lands.

The deluge was generally accompanied by electrical discharges and on the west side of Markham Township a big barn with a large quantity of hay was utterly destroyed.

Farmers in Despair.
At Aurora, J. M. Walton, of The World last night, said that the deluge was one of the heaviest of the season. There it was accompanied by thunder and lightning, but no serious damage was reported. Farmers hopeful of getting on their feet, said that the deluge was so heavy that they were unable to do anything for two or three days at the earliest. F. Lorne Button, the well-known barrister of Stouffville, said last night, all the low-lying lands over a wide area were covered with water and farmers were in despair over the outlook. Friday and Saturday were fair drying days, and wheat growing would have been a good day. Now nobody could hazard a guess as to when work would resume.

Further south actions were fought on the Dniester front, near the con-

(Continued on Page 7, Column 1.)

FIGHTING AGAIN STARTS ON SERB BATTLE FRONT

Austrians Shell Belgrade and Serbians Shell Semlin and Panscova.

ATTACKS BEATEN OFF

London Uncertain Whether Military Activity Begins New German Offensive.

Special Cable to The Toronto World. LONDON, Aug. 15.—Fighting has begun along the Serbian front, an official report from the War Office of Belgrade, the number of local Serbian successes at various points on the frontier. The Austrians appear to be the aggressors, and to this end they have brought up a number of heavy howitzers to bombard the Serbian capital. Whether this military activity presages the renewal of an Austro-German offensive against Serbia on a grand scale, or is intended merely to cover up some meditated campaign elsewhere, remains to be seen, but it is doubtful if the Germans can spare enough troops yet from the Russian front to begin a big invasion of Serbia, critics here believe.

It would also take some time to assemble and munition an army sufficient to wage a big campaign against Serbia.

Serbs Beat Off Enemy.
The Serbian statement reports that Serbian troops, by infantry and artillery fire, broke down an attempt of the Austrians to fortify points on the left banks of the Save and Danube Rivers. German and Austrian supply trains, near Tisevita Village, on the Berchereva road, near Skielevi, were successfully bombarded. The Austrians opened fire with heavy artillery

ITALY TO START NEW OFFENSIVE ON ISONZO LINE

Preparations Completed for Big Advance on Trieste Soon.

WOULD TAKE GORIZIA

Campaign Expected to Be Completed Early in September.

UDINE, Italy, via Paris, Aug. 15.—Gen. Cadorna, the Italian commander-in-chief, has virtually completed preparations for a new general attack on the Austrians along the Isonzo River, according to information received from the front. These operations are intended to result in the occupation of the Carso plateau, which is expected would lead to the early fall of Gorizia, leaving the road open for the march to Trieste. The Italian general staff is said to be hopeful that this campaign may be successfully completed early in September.

The following official statement was issued last night at the headquarters of the Italian general staff: "The struggle beyond the Cadore frontier becomes more intense. In the zone of Montepiano, the enemy in force, backed by numerous artillery, attempted yesterday to counter-attack our positions, from which he was repulsed."

(Continued on Page 7, Column 1.)

MORE ARTILLERYMEN HAVE REACHED ENGLAND

OTTAWA, Aug. 15.—It is officialy announced that the steamer Eagle Point, with two officers and 100 rank and file of the Canadian Artillery; also two officers of the R. A. M. C., and a veterinary officer, have arrived safely in England.

RUSSIANS BEGIN FRESH ATTACKS ON ZLOTA LIPA

Possibly New Offensive Opened Against Germans and Austrians in Galicia.

RETREATING UPON BUG

Russians Save Poland Army and Will Hold Enemy There in Force.

Special Cable to The Toronto World. LONDON, Aug. 15.—What some observers here regard as the beginning of a new Russian offensive in Galicia, which, if persisted in, would repeat on the Germans the same manoeuvre they carried out in Galicia, is based on Sunday night's official statement, which was received here from Petrograd, and which reports:

On the Zlota Lipa, in the region south of Dubay, our advance guards on Friday, in the course of a successful reconnaissance, destroyed wire entanglements and took two lines of German trenches, wiling the defenders."

As German and Austrian forces had followed the main Russian army of Galicia, the 8th, which had been engaged in fighting in the Carpathians, to the lines of the Zlota Lipa River, where they were halted by the Russian defence, the new offensive indicated that the Russians have again crossed this stream, and the mention of advanced guards indicates the presence of the main troops in considerable numbers on the frontier.

Fighting on Dniester Front.
Further south actions were fought on the Dniester front, near the con-

(Continued on Page 7, Column 1.)

The Greatest Mushroom Find on the Don

The rains have brought out mushrooms in unusual quantities. For the first time the perpetual president of the Don Valley's Club has made such a find as yesterday at high noon in a plot of thick grass shaded to the east by trees, overlooking the river. He came across a ribbon of mushrooms in a partial ring, twenty-four feet in circumference, four mushrooms abreast and packed as close as the eye could see; they crowded one another from spreading and overburdened neighbor on neighbor! They each averaged three to four inches across, were all prime as to pinkness of gill, the somewhat darkened on top—not clear white. His first net was to kiskiku to his fellows in the valley and on the hillsides, but apparently they were all at dinner. Some of his own women folk responded—four came on board, each with a dish tray two feet across, followed by a chauffeur and a car and a pack of dogs. The P. P. fought the dogs away as they started in to trample on the bed, thinking ground hogs were about; then ordered one of the girls to phone for the Mayor of Wexford, who he was to find in the mushroom field in the valley, to come and see the unparalleled sight. That worthy had gone up the river on a still hunt of his own. Then he called for a camera to photograph the display and was told that the film supply had run out, the James L. Hughes is a frequent ranger. In these parts with his kodak and would have given ten dollars for such a chance. The women were then allowed to fill the four trays so that they ran over like the baskets in the parable, and more than half were left unladen! The motor moved the girls and trays to the house. An hour after, the Mayor of Wexford could see by the bark on the trees that something unusual had happened and he came along on the dog trot. When he saw the ungarthered members of the bed he hoarsely said: "Boss, you've beat me on bee trees, and find' burr oak for ax-handles, and you've put it over me on mushrooms for the first time in thirty odd years; but I know where there's four young mink up to the front of the house, and I see your pellets afore tomorrow's sunrise or I ain't the last, and best of the Old Scouts of the Valley!" And he looped out his shirt like a bag to the burning and then made for his lean-to with its ancestral frying pan.

(Continued on Page 7, Column 1.)

Getting to Be a Joke

A serious and reverent farmer in Scarborough, whose forbearance has been sorely tried by two weeks of rain on the cut and to-be-cut crops, came out on his stoop in the downpour yesterday afternoon, and, knowingly or unknowingly, using the words of the well-known story expressed himself thus: "Oh, Lord, this is ridiculous!"

INDIA TAKING MEASURES AGAINST ALIEN ENEMIES

Women, Children and Men of Non-Military Age Will Be Deported—Prolongation of War and Bitter Feeling Create Acute Situation.

LONDON, Aug. 15.—(Via Reuter's Ottawa Agency.)—The Government of India, according to a special despatch from Simla, has been obliged to adopt more drastic measures in the treatment of alien enemies throughout the empire. The despatch says:

"A statement describing in detail the measures for internment, surveillance and registration hitherto applied to alien enemies in India, has been issued by the government. It states that the prolongation of the war and the bitterness aroused by German savagery have now altered the position besides adding to the continued strain of supervision. It has accordingly been decided, with the approval of the secretary of state for India, to repatriate all women, children and men of non-military age as soon as the necessary arrangements can be carried out."

U. S. DECLINES TO CURB EXPORT OF MUNITIONS

Austro-Hungarian Government Firmly Told That the United States Will Continue Shipments—Canadian Admission of Republic's Unpreparedness to Fight.

WASHINGTON, Aug. 15.—The state department tonight made public the reply of the United States rejecting views set forth by the Austro-Hungarian Government in a recent note, contending that exhortation of war munitions from America to Austria's enemies was conducted on such a scale as to be "not in consonance with the definition of neutrality."

The friendly in language and tone, the note flatly denies the Austro-Hungarian contentions, and recalls that that country and Germany furnished munitions of war to Great Britain during the Boer war when England's enemies could not import such supplies. It insists that the American Government is pursuing a strictly neutral course and adhering to a principle upon which it would depend for munitions in the markets of the world in case it should be attacked by a foreign power.

Contention of United States.
"The principles of international law," the communication concludes, "the practice of nations, the national safety of the United States and other nations without great military and

naval establishments, the prevention of increased armies and navies, the adoption of peaceful methods for the adjustment of international differences, and, finally, neutrality itself, are opposed to the prohibition by a neutral nation of the exportation of arms, ammunition or other munitions of war to the belligerent powers during the progress of the war."

Pointing to a "practical and substantial reason" why the United States, aside from the question of principle, advocates and practices unrestricted trade in military supplies, the note declares:

Right of Purchase.
"It has never been the policy of this country to maintain in time of peace a large military establishment or stores of arms and ammunition sufficient to repel invasion by a well-equipped and powerful enemy. It has desired to remain at peace with all nations and to avoid any appearance of menacing such peace by the threat of its armies and navies. In consequence of this standing policy, the United States would, in the event of attack by a foreign power, be at the outset of war seriously, if not fatally, embarrassed by the lack of arms

NEWFOUNDLANDERS ORDERED TO EGYPT

ST. JOHN'S, Nfld., Aug. 15.—Colonial Secretary Bonar Law wired Governor Davidson today that the first battalion, Newfoundland Regiment, was ordered to Egypt.

ALLIES REPULSED NEAR AVI BURNU?

FRENCH DESTROYER SANK SUBMARINE

Turks Claim Their Strong Counter Attack Was Effective.

Accurate Fire of Guns Made End of Austrian Craft

ARTILLERY'S ACTIVITY

Infantry Battalion Reported to Have Been Forced to Retreat.

CONSTANTINOPLE, Aug. 14, via London, Aug. 15.—An attack directed by Anglo-French troops against the Turkish right wing north of Avi Burnu, on the Gallipoli Peninsula, was repulsed by a strong counter-attack on Thursday, according to an official statement given out today (Saturday), by the Turkish war department.

"On the Dardanelles front we reported on Thursday by a strong counter-attack a hostile attack north of Avi Burnu against our right wing. We captured some prisoners including one officer.

"The active fire of our artillery on Friday dispersed the hostile infantry battalion on Anaforta Plain and forced it to retire in the direction of Kemikli Liman.

"At Avi Burnu we bombarded a hostile landing bridge.

"At Seddu Bahr our artillery on the left wing destroyed an enemy installation for the throwing of bombs.

"Hostile airmen Thursday evening and again Friday morning dropped bombs on Avi Burnu, wounding nine soldiers."

MOTORIST RAN DOWN A CROWD AND GOT AWAY

Joseph Vezema Killed and Woman Badly Injured on Kingston Road.

MANY OTHER ACCIDENTS

Fatalities at Hamilton, Port Stanley and Lucknow on Sunday.

Joseph Vezema, aged 30, 14 Sumach street, was run down and almost instantly killed, and Margaret Frizzell, aged 18, 24 St. Paul street, probably fatally injured by an unknown motorist on the Kingston road, between Stops 27 and 28, at 9 o'clock Sunday evening. The dead man and injured girl were with a party of nine, who declared the motor car dashed along the road towards Toronto at nearly 40 miles an hour, and ran thru the group without a warning horn. The car went past so quickly that no person was able to get the number or description. Vezema and the girl apparently were the two nearest the centre of the roadway, and in the absence of warning, were unable to jump quickly enough to the side. The man was flung some yards down the road, and also picked up alive, died on the radial car en route for Toronto. Miss Frizzell was struck by the mudguard and wheel of the motor car and thrown many feet from the side of the road. She was taken alive to St. Michael's Hospital, but it is feared she cannot survive the terrible internal injuries she received.

County police spent all last night searching for descriptions of the car, but with what success it could not be ascertained. A large car which seemed to answer somewhat to the description given by the group thru whom the car dashed, stopped some miles further up the Kingston road for gasoline, and this, the police believe, is the machine which

(Continued on Page 7, Column 3.)

WELSH MINERS STILL OBSTINATE

Men Complain of Delay in Settling Wages Question.

MAY STRIKE AGAIN

Lloyd George's Efforts Have Not Entirely Removed Friction.

LONDON, Aug. 16.—Miners meeting at various places in the South Wales coal fields yesterday, adopted resolutions expressing dissatisfaction at the delay in completing a new wage agreement, and recommending that unless a settlement is reached soon another conference be held to consider the renewal of the strike.

The South Wales coal strike was supposedly settled July 21 thru the efforts of David Lloyd George, minister of munitions. It was announced at that time that the terms of settlement granted a substantial increase in wages to the men and involved concessions to the strikers which were considered by their executive committee tantamount to an admission of the miners' claims on nearly all outstanding points.

GOING WEST?
You may be one of those taking advantage of the great harvesting excursion to the west. You may probably remain and take up land in which case you would be wise to provide yourself with the necessary winter furs. Dineen's, 140 Yonge St., are quoting special prices to those going on this western trip, and you should make prompt enquiries after their prices of Coon coats, fur-lined coats, fur caps, gaiters and collars are shown in immense variety. Don't fail to take advantage of this timely warning and go west prepared for winter's icy blasts.

HAMILTON NEWS

EXPECT TO REACH GOAL ON SATURDAY

Hamilton Has Raised One Hundred and Eighty Machine Guns.

WAS STRUCK BY TRAIN

Herman Haines Will Probably Die of Injuries—Colts Broke Even.

By a Staff Reporter.

HAMILTON, Monday, Aug. 16.—The Hamilton Machine Gun Association expects to raise the necessary amount to purchase Hamilton's gift of 200 machine guns before next Saturday.

Hydro Power Consumers.

There are 9500 consumers of hydro power in Hamilton. So said E. L. Sifton, chief engineer, at the meeting of the hydro commission on Saturday.

Only Machine Gun Battalion.

Hamilton is the only city in the Dominion to have a machine gun battalion. Some time ago the proposal was made at the meeting of the public committee of the Hamilton Recruiting League that a native sons battalion be organized in the city.

Traces Charge Today.

J. H. Stratton, the local real estate man, who left this city nearly six months ago, and was arrested in Michigan, Ont., on Friday evening and brought back to this city on Saturday night by Detective Cameron, will be arraigned before Magistrate Jelfe this morning on a charge of stealing \$100 in connection with a real estate deal, ordered by Adam Cook.

Horse Broke Neck.

A horse attached to a buggy and owned by W. A. Freeman, ran away on North Sherman avenue yesterday morning and dashed towards the shell department at the Steel Company of Canada. Just before it reached the department it fell on the tracks and broke its neck.

New Anglican Church Service.

The opening services in the new Anglican Church at Station Four, Hamilton beach, were held yesterday. Rev. Wm. Clark, Bishop of Niagara, officiated at the morning service, while Rev. Canon Davis delivered the sermon. Services were held in the afternoon for the children and young people.

Fire Completely Destroyed the Home of Dr. R. M. Alworth.

The home of Dr. R. M. Alworth, which is under construction on Freeman Place at the head of John street, early yesterday afternoon. The fire, which is thought to be unknown, had gained such headway before being noticed that the firemen were unable to save any part of the building. It is estimated that the loss will amount to nearly \$10,000.

Probable Fatality.

Herman Haines, a Cannon street west, was picked up yesterday morning in an unconscious condition and was brought to the City Hospital. It is thought that he was struck by a train. His condition is critical, and he is not expected to live.

Another Even Break.

Hamilton and Quebec were even in a double-header played before a large crowd Saturday afternoon. Gushup outplayed the locals in the first contest and won by a score of 6-2. Gushup hit Armstrong freely through the game, while the locals were unable to connect at the right time with Kirby.

Gushup started like a house on fire in the initial period of the second affair, and went to Dorian's works and secured three runs. Hamilton came on and won in their half of the first and hammered Kirby all over the field. After two runs were scored he was yanked and replaced by Auld, but before the period ended six runs had been scored. Hamilton did not count again, while Gushup scored one in the second and one in the third, making the final score 6-1 in Hamilton's favor.

It was announced yesterday that St. Thomas-Hamilton series, which was to have been played in St. Thomas, has been transferred here.

Dineen For Hamilton.

It has been announced that the Dineen Co. of Toronto purchased a store on McNab street north, and will open up a business in this city in the near future. They have secured the store now occupied by Charles Bowl, jeweler. Inspector Shain of the board of health promises trouble for the Canadian North-east Railway, unless it connects over 100 houses purchased along the proposed right of way with sewers. He threatens to close the houses unless the company acts at once. The railway had a representative before the board at its last meeting, and he intimated that the directors were to meet some time back matter. He was given until Tuesday day to take some action. Inspector Shain stated that extra time was allowed the railway, but action must now be taken.

UNITED STATES REBUFFS AUSTRIA

Firm Refusal Given Request That Exportation of Munitions Cease.

U. S. IS HANDICAPPED

Lack of Preparation to Repel Strong Attack is Admitted.

(Continued From Page 1.)

and ammunition, and by the means to produce them in sufficient quantities to supply the requirements of national defence. The U. S. has always depended upon the right and power to purchase arms and ammunition from neutral nations in case of foreign attack. The right, which it claims for itself, it cannot deny to others.

Would Create Confusion.

The U. S. asserts that it cannot accede to the suggestion that it change or modify the rules of international usage during the progress of a war on account of special conditions and declares that the idea of neutrality advanced by Austria "would involve a neutral nation in a mass of perplexities which would obscure the whole field of international obligation, produce economic confusion and deprive all commerce and industry of legitimate fields of enterprise, already heavily burdened by the unavoidable restrictions of war."

Attention is directed to the fact that Austria-Hungary and Germany before the war produced a great surplus of war munitions and sold them throughout the world, "especially to belligerents," and that "never during the period did either of them suggest or apply the principle now advocated by the imperial and royal government."

Boer War Precedent.

The note points out particularly that during the Boer war between Great Britain and South African republics, the latter were in a situation almost identical with that occupied by Germany and Austria-Hungary at the present time and that "in spite of the commercial isolation of one belligerent, Germany sold to Great Britain the other belligerent hundreds of thousands of kilos of explosives, gunpowder, cartridges, shot and weapons, and Austria-Hungary sold to Great Britain the same quantities, the in smaller quantities."

It is suggested that had Austria and Germany refused to sell arms to Great Britain at that time "on the ground that to do so would violate the spirit of strict neutrality, the imperial and royal government might with greater consistency and greater force urge its present contention."

The note was sent to Ambassador Penfield at Vienna, Aug. 12. No word of its delivery has yet been received.

Kaiser Ready to Listen To Overtures For Peace

Opponents Must Open Negotiations, His Reply to Pope's Appeal—Austria's Attitude Similar.

PARIS, Aug. 15.—A despatch to Fourrier's News Agency from Rome says that the German Emperor, in answer to the peace letter of Pope Benedict XV., declared his willingness to provide the nations with which Germany was at war made the first overtures. Austria made a similar reply to the letter, the despatch adds. The appeal for peace, addressed to the belligerents, was issued on July 28, the anniversary of the opening of the European war.

Bombs Dropped on Galata By Anglo-French Aviators

LONDON, Aug. 16.—A despatch to The Daily News from Athens says: "French and British aeroplanes have flown over Constantinople. They threw bombs on Galata, causing heavy casualties."

More Damage to Crops

In some places, Mr. Butson stated, the fences and a few bridges went out in the flood. The other belligerents, everything was flooded and the Remy River, ordinarily a sluggish stream, took on all the antics of a torrent running to the banks. The rush of water over the waste gates in all the dams was especially heavy, but so far as known they have all held.

Grain Was Leveted.

Scarboro Township and the lower portions of Pickering got a taste of the deluge, as did Vaughan and Kink Townships. Standing grain still uncultivated or cuttings in the field were enormously increased. Fall wheat over an immense area is now considered badly damaged, and can only be used for feed except where well stocked or early cut and harvested.

On scores of farms throughout the county the sheaves are grown together and the difficulty is experienced in separating them. Barley also is beginning to show the effects of the three weeks' drenching. Hops are entangled in the fine weather may yet save this crop, the greatly discolored and depreciated in value.

Straw Is Useless.

While somewhat local in its area, heavy rains fell yesterday on some parts of Peel County, but so good an authority as Richard Blain, M.P., stated a day or two ago that 80 per cent of the straw in Peel County had been gathered into the stacks. Where the farmers in the area are visited by Sunday's storm will do, cannot be stated, but every effort will be made to save the crops yet uncultivated and those in stock. There is no difficulty in obtaining labor, but the delay in cutting the hay and straw, which is being done so enormously to the length of the harvest, is a serious matter. The value of the hay, which is being soaked, is being ruined, and great shelling will ensue. Where the Honorable James Duff, Editor World, have read with interest your articles about helping the Ontario

In the advertisement of Laurentia Milk Co., Ltd. 41 Lombard St., in the Sunday World, the Telephone No. was given as Main 3950. This should have been Adel. 3950.

EARLSCOURT BUSINESS MEN.

The executive of the Earlscourt Business Men's Association will meet this evening at the business premises of the secretary, C. H. Ralph, 1216 West St. Clair avenue, when arrangements will be made for the mass meeting, and other important business discussed. Members are requested to be present at 8 o'clock.

HOTEL TECK

Centrally located on King street west, and conducted along lines that appeal to the most fastidious, the Hotel Teck is receiving perhaps more than its share of the best clientele in Toronto.

YORK COUNTY ...AND...SUBURBS

ARRANGE PROGRAM TO GET RECRUITS

Active Preparations Under Way for Meeting in Earlscourt Saturday.

PTE. DORNEY TO SPEAK

Returned Soldier Will Tell of Experiences on the Firing Line.

Active preparations are at present being made for the large recruiting meeting to be held in Earlscourt at the corner of St. Clair and Lansdowne avenues, under the auspices of the B.I.A. next Saturday evening.

Grounds Illuminated.

The grounds will be illuminated with colored electric lights by the Hydro-Electric Commission, and the main streets through which a parade will take place to the grounds will be decorated with bunting.

Private Dorney, who is a former resident of Earlscourt, living on Nairn avenue, was an active member of the B.I.A. Brotherhood, connected with Central Methodist Church.

ST. CUTHBERT'S HELD ANNUAL GARDEN PARTY

The annual garden party and games of the St. Cuthbert's Anglican Church at Leaside, held on the church grounds Saturday, were of an especially interesting nature and largely attended.

BARN WAS DESTROYED BY YESTERDAY'S STORM

Lightning Struck Building in Markham Township and Prompt Action Saved Horses.

FAIRBANK GARDEN PARTY

The first annual garden party in connection with St. Clement's (Italian) Church, Dufferin street, was held on Saturday, at Lambton Park, when a program was keenly contested.

ST. CLEMENT'S CHURCH FIRST ANNUAL PICNIC

The first annual picnic and sports in connection with St. Clement's (Italian) Church, Dufferin street, was held on Saturday, at Lambton Park, when a program was keenly contested.

FINISHED PROGRAM AT LAMBTON PARK

Bank of Commerce Messengers' Club Enjoyed Saturday With Games and Sports.

NEW ONTARIO CROPS IN SPLENDID SHAPE

Small Damage Done by Rain, and Indications Are for Good Harvest.

HAILEYBURY, Aug. 15.—

Despite the severe rainstorm which swept over Northern Ontario last week, very little damage was done, and from the present indications this year's crop will set up a record for New Ontario.

PATRIOTIC PICNIC LARGELY ATTENDED

Enthusiastic Loyal Addresses Heard at Cedar Glen Park.

A CALL FOR RECRUITS

Hon. George P. Graham and Mackenzie King Point Out Necessity.

North York and Ontario County Liberals held a patriotic picnic at Cedar Glen Park, Musselman's Lake, on Saturday afternoon, attended by probably 2500 from all parts of the county.

BOARD OF DIRECTORS

ROME GIVES LIE TO CLAIMS OF AUSTRIA

No Great Damage Caused to Italian Coast When Shelled By Enemy.

NOT LOST IN COMBAT

Neither Was Submarine Nautilus Destroyed by Torpedo.

ROME, Aug. 15.—A semi-official statement issued in Rome contradicts several assertions contained in recent Austro-Hungarian official communications. The Italian statement denies the Austrian claim that great damage was wrought Aug. 11, when two Austrian torpedo boat destroyers bombarded the seacoast towns of Bari, Santa Spirito and Molfetta, in southern Italy and on the Adriatic.

A report that the Italian submarine Nautilus was torpedoed also is denied. The Italian submarine Neretide, it is asserted, was not destroyed in a combat with Austrian vessels, but went to the bottom as the result of a fault in her machinery.

An Austrian official communication published Aug. 13, said warships of the dual monarchy had bombarded the Italian littoral railway from Molfetta to Seno San Giorgio, shattering one viaduct and setting on fire a factory. The statement added that several depots and the station at Santo Spirito were burned; that the signal station and five factories at Bari were bombarded, one factory being destroyed, and that the railway viaduct at Seno San Giorgio was badly damaged. The Italian submarine Neretide was reported to have been sunk in an encounter with an Austrian submarine off the island of Pelagos in the Adriatic Sea.

HONOR TRIBUTES TO MEN REJECTED

Loyal Canadians Who Enlist, But Fail to Pass, Will Be Recognized.

WILL BE GIVEN TODAY

Those Who Apply at Armories and Are Refused Get Certificates.

Certificates, printed in red, of unfitness for active service will be presented through Canadian armories to men who fail to pass the medical examination for overseas service.

Under the direction of the staff of the Toronto recruiting depot at the armories, the certificates in this city will be issued today if any candidates fail to come up to the required physical standard.

These certificates are intended to be regarded as honor tributes to the patriotic young men who offer themselves for service with the colors but are not accepted.

The certificates are surmounted by the Imperial British coat of arms and read as follows: "Certificate of unfitness for active service with the Canadian expeditionary forces."

Toronto recruiting depot, date— Mr.—of age—years—Sex— M. or F.—height—eyes—hair—complexion—weight—lbs.—

Volunteered for active service with C.E.F., but was rejected because— Medical officer.

GRAND BARBEQUE AT GRIMSBY BEACH.

The campers at Grimsby Beach have arranged to hold a big picnic and barbecue Wednesday, Aug. 18th—the only event of this kind announced in the vicinity of Toronto this season. It is expected that Toronto people will join their friends at the beach in large numbers, taking the C. S. L. boat at 8:15 a.m. or 2 p.m. and returning at 8 o'clock in the evening. Round trip tickets at 75c may be had at 46 Yonge St. or Yonge St. Wharf. 1-2

AGAINST SPECULATION.

BERLIN, via London, Aug. 14.—The Central Union of Banks and Bankers have sent a circular to their members calling attention to the forthcoming third war loan and declaring that it is the duty of bankers to work against the tendency towards speculative investments and market speculation.

109th PARADE TONIGHT.

A parade of the 109th Regiment is called for tonight at the Pearl Street Armories. A very large turnout of the battalion members is expected.

Dr. Chase's Ointment

MOTOR HITS POST THREE ARE HURT

Driver Tried to Avoid Striking Wagon and Swerved to Curb.

DROWNED IN THE BAY

William Moulton Was Seized With Cramps While Bathing and Sank.

Three persons were injured, one of them seriously, when Morris Feizer, 306 Augusta avenue, lost control of his motor car just west of the Queen street subway, Saturday evening, in trying to avoid running into a milk rig driven by an 11-year-old boy. The motor car swerved across the roadway and smashed against a telegraph post, throwing out Mrs. Feizer and Mrs. Minnie Woolmin, both of whom were internally injured. Mrs. Feizer was able to get home in another car, but Mrs. Woolmin was conveyed to a hospital.

The milk wagon, owned by Philip Smith, and driven by his son Jesse, was traveling eastward near the middle of the street, and with Feizer running closely behind it, turned suddenly to go south on Dufferin street. The motorist turned so quickly to avoid striking the rig that he was unable to straighten out in his course again, and his car struck the other curbing.

William Moulton, aged 88, 66 George street, was drowned in the bay at the foot of York street Sunday afternoon, when he was seized with cramps while bathing in 15 feet of water. People on the wharf saw that Moulton was in difficulty and immediately dove into the water, but the man sank before assistance could be given. The body was recovered and taken to the morgue, but no inquest will be held.

Charge of Fraud. Samuel and Albert Taylor, twin brothers, residing 39 East Gerrard street and 59 Mutual street, were arrested by Detectives Koster and Strohm, Saturday evening, charged with defrauding A. H. Hayes out of a motor car.

The complainant says that the Taylors showed him North Toronto property which they agreed to trade for his motor car, but after the deal was put thru he found himself in possession of a "jeed of an acre of King Township."

Thrown From Motor. George and Charles Murray, 72 Foxley street, were thrown from a motorcycle on Arthur street, near Palmerston avenue, Sunday afternoon when George, who was driving, swerved suddenly to avoid running down a pedestrian. Charles was rendered unconscious by the fall but was afterwards able to go home, while his brother was conveyed to the Western Hospital with a broken right leg.

Cars Were Smashed. In a rear-end collision of a motor car and jitney on the Sunnyside bridge Saturday evening, Mrs. George Fuller, 184 Langley avenue, sustained internal injuries and had to be conveyed home in another motor car. The woman's husband was driving and stopped suddenly to allow a radial car to turn the corner. The jitney, coming close behind, crashed into the rear, badly smashing the two German planes.

Eight-year-old Sofia Friedman, 125 Duke street, fell ten feet from a ladder on a new building near the corner of Ontario and Duke streets Saturday evening and was conveyed to the Hospital for Sick Children with injuries to her head.

Four-year-old Albert Gentile, 478 West Queen street, was run down opposite his home Saturday evening by a motor car driven by James Beah, 138 Kendal avenue, and sustained severe cuts and bruises about his head. No bones were broken and he was able to go home.

Robert McDonald, 160 Bathurst street, fell downstairs at his home Saturday evening and was conveyed to the Western Hospital with injuries to his head.

CANADIAN CASUALTIES

Tenth Battalion. Wounded and suffering from shock: Pte. Edward Thomas Birckett, Oxford, Eng.

Died of wounds, Aug. 9: Harry Wilford, Palmerston, Ont.

HARWICH BOMBED CLAIM OF BERLIN

Military Establishments Singled Out for Attack by Naval Airships.

ALL BACK AT BASE

Dirigibles Were Shelled by Hostile Batteries, is Statement.

BERLIN, Aug. 15.—By wireless to Sayville.—The German admiralty in an official statement announces that German naval airships renewed their attacks against the English east coast on the night of August 12-13. The military establishments at Harwich, the statement says, were successfully bombed and all the airships, although shelled by hostile batteries, returned safely.

The British official statement announcing the German airship raid on England said two Zeppelins visited the east coast between 8:30 p.m. and 11:45 p.m. on Aug. 12, dropping incendiary and explosive bombs in "various places." The missiles on exploding killed four men and two women, injured 11 women and nine children, all civilians, and seriously damaged 14 houses, according to the account.

Harwich, mentioned in the Berlin report as having been bombarded is a seaport in the County of Essex and has a good harbor. It is defended by a masked redoubt, a strong fort and battery. This was the third attack made by German aircraft on Harwich. On July 3 the fort was attacked by German aeroplanes and on the night of June 4-5 a Zeppelin visited Harwich and the east coast, killing five persons and wounding 40.

FRENCH TRIUMPH IN AIR COMBATS

Series of Successes Achieved in Encounters With German Aviators.

SQUADRON RETREATED

Efforts to Bombard Toule and Nancy Ended Ingloriously.

PARIS, Aug. 16.—French aviators are reported to have distinguished themselves recently in several aerial combats with German machines. A French craft reconnoitering above Colmar Thursday was stopped by a German machine which it forced to descend within the German lines in Alsace evidently damaged by shots.

The same day two German planes were chased back from above French positions in Artois, while two French aeroplanes attacked and destroyed another German aeroplane. An Albatross machine was forced to the ground in the same way on Wednesday.

A squadron of ten German aeroplanes which attempted a bomb attack on Toule and Nancy was forced to retreat by French machines, dropping the projectiles they carried upon open fields.

CAPT. PONTON ARRIVES HOME ON FURLOUGH

Belleville Gives Great Reception to Gallant Officer of Canadians.

SPECIAL TO THE TORONTO WORLD. BELLEVILLE, Ont., Aug. 15.—Captain Richard D. Ponton was given a hearty reception by officers of the 15th Regiment, the 16th Regimental Band and his friends here from England on Saturday morning at 2 o'clock. He is suffering from an injured knee as the result of bruises sustained in battle in France. Captain Ponton belongs to the 2nd Battalion and is home on short leave.

PICNIC AT GRIMSBY.

The Sunshiners Circle is arranging an outing at Grimsby Park on Wednesday. Members and friends are cordially invited.

FIGHTING AGAIN ON SERBIAN FRONTIER

Belgrade Shelled by Austrian Artillery and Effective Reply Made.

ENEMY ALSO REPULSED

Attempted Crossings of Danube and Save Completely Break Down.

(Continued From Page 1.) on Dongi Milanovats, near Tekia, killing a child. They afterwards turned their guns on the Serbian bank of the Danube. Serb artillery immediately opened fire and silenced the Austrian guns.

A crossing of the Danube by Austrians in boats, near the ancient Turkish fortress of Gelibats, was frustrated by Serbian artillery and infantry.

REPORTS THAT THE GERMANS AND AUSTRILIANS HAD MOBILIZED FORCES ESTIMATED AT 300,000 TO 400,000 ALONG THE SERBIAN FRONTIER PREPARATORY TO A CAMPAIGN TO CRUSH THE SERBIANS AND OPEN NATIONAL DISCUSSIONS IN TURKEY HAVE BEEN RECEIVED FROM VARIOUS SOURCES IN THE PAST WEEK. THERE HAD BEEN SEVERAL CLASHES BETWEEN THE SERBS AND AUSTRILIANS ON THE FRONTIER IN THE PAST FEW DAYS, BUT NOTHING TO INDICATE THAT SERBIAN TERRITORY HAD BEEN INVADIED.

Belgrade was occupied by the Austrians after a siege on Dec. 2, 1914, but was recaptured by the Serbs 12 days later, following a fierce battle, and a great Serbian victory.

The recapture of their capital by the Serbs was followed by a victorious campaign which cleared the country of invaders. Until a few days ago, the Austrians made no further attempts to crush their small neighbor and the intervening time has been occupied by the Serbs in reorganizing their forces and preparing for a resumption of military activities.

NEW METHOD FOUND FOR SILVERING GLASSWARE

Manufacturers Demonstrate Ability to Produce Luxurious Goods.

Among the new things developed in manufacturing, is a method for plating silvered decorations on fine glass tableware.

A demonstration of this new plan is given in the handsome tumbler sets being distributed to readers of this paper on a popular coupon plan. The demonstration is part of a nationwide campaign. Great enthusiasm has been displayed by readers who have secured glasses, and the coupons were paid for it. It is now given out at the mere expense of handling, providing each request is accompanied by the paper's coupon, as explained in the display announcements, and the coupon appearing daily in another column.

SAYS U. S. HAS PROOF OF GERMAN SPYING

Providence Journal Asserts That Many Arrests Are in Prospect.

SECRET DOCUMENTS FOUND

Papers Said to Disclose Activities of Capt. Boy-Ed and the German Military Attache.

PROVIDENCE, R.I., Aug. 15.—The Providence Journal asserts this morning that the government has obtained overwhelming evidence that officials of the German embassy and many individuals have been concerned in "willful and persistent" violations of our neutrality laws, and is about to take action which will result in "sensational disclosures and many arrests."

"The government," the Journal says, "has placed in possession of a bag of documents which was found in the hands of a secret service agent of the German government, and among these documents has been found positive proof of German official activities against the peace of the United States. The German embassy discovered the loss of this bag of documents in the hands of Count von Bernstorff will not know until he reads this statement that this entire mass of material is in the hands of the United States government."

Traced to Boy-Ed. "Aided by these documents, and also by many materials facts that have already come into the hands of secret service officers and cabinet officials, the government is now in a position to prove, and the Journal is able to state positively, the following facts: That the passport frauds in New York and elsewhere, the fraud in connection with the Steiger case, and all the other matters before the present supply runs out; for when this war goes into the regular merchandising channels, these matters will have to be paid for it. It is now given out at the mere expense of handling, providing each request is accompanied by the paper's coupon, as explained in the display announcements, and the coupon appearing daily in another column."

News Travels Fast

Established 1847

An event happens to-day on the other side of the world and to-morrow the farmer, miles from press or telegraph, knows almost as much about it as does the man on the spot. When the Canada Life was young the newspaper came with the chance wayfarer, and its news was often months old.

The quick action of modern news gathering is gratifying to the man desiring to keep in touch with the world events—but the quick action of a great modern insurance company like the Canada Life in coming forward at a moment of dire distress with the assurance of comfort to the beneficiaries is more than gratifying—it is vitally important.

The highest function of life insurance is the permanent continuance of one's income throughout old age or to his dependents. That function is fulfilled to the greatest possible extent by a Guaranteed Monthly Income policy issued by the

OPINIONS OF MILLERS ARE TO THE CONTRARY

Do Not Agree With Sir George E. Foster — Say They Are Shut Off.

Sir George Foster is reported as saying that he was not aware that the order-in-council prohibiting the export of wheat from Canada to Britain and her allies, via the United States, except upon a direct bill of lading, had resulted in the allies purchasing large quantities of flour and wheat in the United States while Canadian flour mills were almost idle. He went so far as to say that his information was all to the contrary.

The World finds that the Canadian millers are not in agreement with Sir George on this point. They say they are getting no orders from the British Government and are of course shut off from exporting to Holland, Scandinavia and other neutral countries.

Hedley Shaw, manager of the Maple Leaf Milling Company, is quoted as authority for the statement that the order-in-council has simply resulted in the cutting out of competition so far as Canada is concerned while Great Britain is at liberty to buy from any country she desires. "This, he said, is working a great injury to the farmers and millers."

Mr. Shaw also complained that deliveries to Great Britain were terribly handicapped by the freight situation and that shipments via United States ports can only be got thru with great difficulty.

Sir George said in regard to ships, the government were doing their best to get relief.

RUSSIANS CAPTURED TRANSPORT COLUMN

Turks Lose Large Drove of Cattle and Wagons of Rifles and Grenades.

PETROGRAD, Aug. 15, via London.—The following statement was issued today at the headquarters of the army of the Caucasus:

In the direction of Olti, in the district of Bidadzore, attempts of the Turks to resume the offensive were repulsed by infantry and machine gun fire.

In the valley of Paselne we took the western crest of Kara Derbent after a stubborn fight. All Turkish attempts to regain their lost positions were unsuccessful.

We captured a Turkish transport column with an escort of prisoners. The column included a large drove of cattle and wagons loaded with grenades and rifles.

Secrets of Health and Happiness

Anger Actually Harmful to Your Mind and Body

By DR. LEONARD KEENE HIRSBERG A. B., M. A., M. D. (Johns Hopkins University)

WORDS and stones, once let go, cannot be recalled, and beauty with virtue or pleasure with freedom is an abomination unto vice-crusaders and custodians of other people's souls.

DR. HIRSBERG

Anger and the love of thinking evil—for scandal-mongering is to think and speak evil of others—is a feminine frailty, even when found in man.

Answers to Health Questions

J. S.—Will you kindly advise a remedy for dandruff, falling hair and gray hair?

A.—Take 10 to 20 drops of tincture of chloride of iron in a wineglass of water through a tube after meals.

W. C. D.—I suffer greatly with an aching pain and stiffness in the back of my neck and shoulders, and am very nervous.

L. M.—I have a rough sort of a scaly skin like goose flesh, but only on the nose. What do you recommend?

S. J. K.—Have no excitement or overexcitement, keep the bowels active, get more rest and sleep.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygienic and sanitation subjects that are of general interest.

Three Minute Journeys

By Temple Manning

WHERE AN ANCIENT VOW DICTATES A NATION'S STYLE.

It will be difficult for any one in this country to understand the fundamental characteristics of a people that causes the women of an entire nation to wear one style of headdress for a century, to fulfill a national vow.

The "Faldetta" of Malta. will pass with it the memory of the most peculiar style—and the memory why it was adopted, let us hope—that was ever generally worn by the inhabitants of a loyal little island.

The "Faldetta" of Malta.

MONDAY MORNING, AUGUST 16.

Fire Department Candidates

A campaign of exhaustion appears to be the policy of the board of control in dealing with the fire department muddle.

The idea seems to be that some day if the campaign is kept up long enough, by a snap vote the man desired by the mayor's party may be thrust in.

The mayor is also eager to nominate Mr. Fred Dane, who has acquired a reputation as a government appointee...

There are several other candidates in the background, and it is in the interest of these, it is believed, that the campaign is being so unduly prolonged.

A thoroughly independent commission could be named of three competent men who would undertake the administration of the department for six months or a year, free of charge...

A War of Attrition

In one of his clear and illuminating reviews of the varying aspects of the war, Mr. Hilarie Belloc dealt with the position on the Italian front.

Editor World: I was pleased to see in this morning's World Mr. Hodgson's explanation of what took place on the occasion of the recent visit of the deputation from the North Toronto Ratepayers' Association to the board of control.

made to break the Russian lines and to inflict so serious a defeat as would practically render the Russian forces incapable of resuming the offensive...

Considerable as has been the success attending the German drive into Russia its cost in casualties has been very great.

When the war broke out British East Africa was of all the imperial possessions most liable to attack and least prepared for efficient defence.

The only other available force in the protectorate were a few thousand native troops who had never been in action, further than acting as a police force in quelling disturbances.

Mr. Mantell says that the response to the appeal "constitutes one of the finest episodes in the history of British East Africa and should earn for the settlers there the respect of all men for all time."

MOTORIST RAN DOWN A CROWD

(Continued From Page 1.) Killed Vezema. If sufficient information on which to make an arrest cannot be ascertained by this morning, city or provincial police are expected to be placed on the trail of the unknown motorist.

DROWNED AT HAMILTON

Two Men Sank When Gasoline Engine Exploded.

By a Staff Reporter. HAMILTON, Monday, Aug. 16.—Arnold Church, 1274 James street north, and John Robinson, 72 Livingston street, were drowned in the bay shortly before 11 o'clock when the engine in their gasoline launch exploded and caused it to capsize about one half mile from the foot of Catherine street.

Henry Culver, 275 East Avenue North and James Maloney, 202 Wellington street north, who were also in the boat at the time of the accident, were rescued by the crew of a passing boat.

The water is more than 50 feet deep where the men went down and until a late hour last night the police were dragging for the bodies, were unable to locate them.

KILLED BY AN ENGINE

Jitney Driver Lost His Head and Did Not Stop.

HAMILTON, Monday, Aug. 16.—Thomas A. Ivey, 1106 West Avenue north, is dead, and Ernest Rues, 16 Cumberland, is under arrest on a charge of criminal negligence as the result of Rues' jitney being struck by a Grand Trunk engine at the corner of Ferguson avenue and King street shortly before 8 o'clock Saturday. Rues was driving his jitney east of King street, and when given the signal to stop by the flagman at the crossing, lost his head and ran right into the path of the engine. The car was rolled over several times and was finally crushed against a post. Ivey, the only passenger, struck the post and was instantly killed, while Rues escaped with only minor injuries. He was immediately placed under arrest and will be held by the police on a charge of criminal negligence until his request is held. A jury was summoned by Coroner Stevenson and viewed Ivey's body at the city morgue yesterday at noon and adjourned until Wednesday evening.

DROWNED WHILE BATHING

Young Lad Who Could Not Swim Got Beyond Depth.

LUCKNOW, Ont., Aug. 15.—A sad drowning accident occurred about noon today when Charles Lochart, 18 years of age, second son of Ezekiel Lochart, fourth concession, Kinloss, lost his life in Furlin's Lake, about two miles from town. Lochart, who was accompanied by a young English lad, neither of whom could swim, had gone to the lake with his mother and two sisters, and had taken the first to enter the water, going down in about ten feet.

When not arising to the surface after a considerable length of time, his companions became alarmed and rushed to the home of a farmer residing not far distant, but the body was not recovered till about two-thirty, being in water over two hours. Two doctors worked over him for some time, but life was extinct. The funeral will be held on Tuesday.

MAIL CARRIER KILLED

William Berry Struck by Car on Port Stanley Crossing.

Special to The Toronto World. ST. THOMAS, Aug. 15.—William Berry, a well-known farmer living on the outskirts of Port Stanley, was struck and instantly killed, and his 16-year-old daughter seriously injured by a motor car on Port Stanley electric crossing Saturday afternoon about 5 o'clock. Mr. Berry, who was the rural mail carrier for the district, was driving his car with a covered buggy, and the fatality occurred at a particularly dangerous crossing just north of the village, where the view is obstructed by houses on both sides of the road. The car which struck the unfortunate man was a special which came at an unexpected time, carrying Sir Adam Beck and a party of guests any officials. The injured girl was brought to the St. Thomas Hospital, and is suffering from severe injuries to the head. Dr. J. D. Macdonald, coroner of St. Thomas, after viewing the remains, empaneled a jury, which will visit the scene of the accident Monday morning and hold an inquest.

Substantial Gains Made by Regiments

Toronto Units Have Added Good Numbers to Their Ranks During Past Week.

Substantial gains in the total number of recruits obtained during the past week have been made by all the Toronto regiments. Due to the sending of drafts from several of the battalions to Niagara Camp comparisons with a week ago cannot be made for all of the units. As compared with a week ago the Queen's Own Rifles, with their total of overseas men from 269 to 335.

The Royal Grenadiers brought their total up to 529. A week ago their total was 382. A splendid gain is also shown by the 48th Highlanders, their figures now being 423 as compared with 241.

The 26th Peel have jumped their figures from 68 to 130 during the week. On Friday, Aug. 7, this regiment sent 300 men to Niagara.

COMMITTEE APPOINTED FOR THORO ENQUIRIES

PETROGRAD, via London, Aug. 14.—Following are the members of the committee appointed to inquire into the causes of insufficient ammunition suffered by the Russian military forces.

Chairman, General Petricoff, a member of the council of the empire; M. Naumoff, vice-president of the council of the empire; Count Bobrinsk, vice-president of the duma; Adjutant-General Panteleiff, Senator Posalkoff.

CROWDS OF REFUGEES LEAVE BIALYSTOK

Russian City East of Lomza is Being Evacuated.

BIALYSTOK, Aug. 14, via Petrograd and London.—The equipment and supplies of factories and stores are being removed from this city, which is 45 miles east of Lomza. Many inhabitants are departing, although the civil government, state and private banks, and postal and telegraph services are still in operation. The roads leading to this city, from the west and northwest, are lined with endless processions of refugees, with their wagons. Many peasants in the Lomza Ostrow and Malkin districts have departed hurriedly.

APPOINTMENT TEMPORARY

Major Maclaren, If He Recovers, May Command New 92nd Highlanders.

Col. J. A. Currie when seen at the appointment of Capt. George T. Chisholm as head of the 2nd Highland Battalion might not be a permanent one. He said it was dependent on whether Major G.H. Maclaren, who was badly sick in France, completely recovered. If he did recover then Major Maclaren would be offered the command of the 2nd Battalion. Capt. Chisholm would be given command of another battalion.

Inventor Explains New Type of Power Plant Which Saves Steam.

MADE IN TORONTO

Local Company Forming Will Construct Non-Vibrating Machines.

"If there had been engines on the T.Y. at the time of the war, the principal cause of the T.Y. at the time of the war, there would have been no disaster," said James W. Tygard, the inventor of the T.Y. at the time of the war, there would have been no disaster, said James W. Tygard, the inventor of the T

Baseball The Leafs Off on Long Trip

FAST DOUBLE PLAY SAVED THE GAME

Leafs Easy in First and Royals About to Clean Up When Cook Arrived.

About three thousand people took advantage of the fine baseball weather Saturday to visit the island stadium for the double-header that concluded another home series for the Leafs. In many respects it was a repetition of Friday's program, as the double bill was split up, Montreal winning the first, 2 to 0, and Toronto taking the second, 6 to 5.

The initial contest was a tight hitting affair in which Down had a shade the better of Herbert, but the latter pitched a good game. His team mates, however, could not do much with Down's curves and were not able to put across a single counter. Three double plays helped to cut off their chances when they looked most promising. At the same time the Montreal batsmen commenced with a single to Herbert's delivery, but they did succeed in the third inning in bunching three runs in a row for a single tally, but after that they were held scoreless until the ninth, when Gilbert's failure to pull off a difficult catch of Devlin's line drive converted what should have been only a single into a home run.

There was clotting aplenty in the second game. The home team started right in on Letty Smith, who went on the mound for Montreal, Dowd replacing him in left field. For the first six innings it was all Toronto, Smith being hammered for eleven hits and six runs. Williams commenced with a single to right centre and Almeida led it through his legs, Williams making third and scoring on Luque's sacrifice fly. Then Gilbert's drive bounced into the bleachers for a home run. In the second inning a single, two sacrifices and a passed ball gave them one more and the total was raised to six in the sixth on singles by Graham, Rath and Williams. Kocher's double and a hit throw, in the seventh inning, Manning, who was going fine, had held the Royals to one hit and no runs, and with the score 6 to 0, it looked all over.

The Leafs doubled to start the seventh. Flynn followed with a hit and Devlin followed with a double for two bases. Smith singled and these four hits with a fielder's choice gave Montreal three runs. They kept it up in the eighth. With one out and the score 7 to 0, Williams singled and a second base occupied, one out and a run needed to tie the score. However Cook saved the day by hitting a double to hit into a fast double play. No one got on base in the ninth and the Toronto emerged victorious with a pretty close shaving.

BASEBALL ANNOUNCEMENTS. John McGraw, manager of the New York National League Baseball Club, upon hearing Saturday that John 'Rube' Benton had been sold by the Cincinnati Club to the Pittsburgh Club, filed a protest with President Towner of the National League, claiming that he had an option on Benton which does not expire until Monday. Hearing of McGraw's protest, President Herrman of the Cincinnati Club said that the option had been overruled, and ordered Benton to report to the New York Club.

Lacrosse The Leafs Off on Long Trip

LEAFS ON LONG TRIP.

POP BOTTLE STORM HITS UMP'S BYRON

Fans Resent Decision in Sunday Game at St. Louis—Police Stop Bresnahan.

At St. Louis (National).—A double-header, which was enlivened by a storm of pop bottles and cucumbers directed against Umpire Byron, and by Roger Bresnahan's spectacular attempt to reach a fan in the grandstand who had insulted him, was divided between Chicago and St. Louis on Sunday. The visitors took the first game, 3 to 1, and the locals the second, 8 to 1. In the last inning of the first game the bleachers took exception to Byron's ruling that hitting was not allowed. Miller protested the decision, claiming that he was ordered from the field by the pop bottle and vegetable storm broke. Byron escaped the missiles, but the game was delayed for five minutes while a dozen field hands cleared the diamond of bottles and cucumbers. The police and Umpire Eason stopped Bresnahan as he was climbing into the grandstand. A battling rally in the eighth inning, which netted St. Louis six runs, won the second game.

At Cincinnati.—Cincinnati took a double-header from Pittsburgh on Sunday with the same score in each game, 6 to 5. In the first game the local team took the lead and held it to the end, forcing Pittsburgh to hit three homers. The second game was an uphill fight. Pittsburgh scoring one run in the first and five in the eighth. Cincinnati had but one hit off Harmon up to the seventh inning. Scores: Cincinnati, 10 0 0 0 0 1 0—6; Pittsburgh, 2 0 2 0 0 0 0—5.

At Newark (Federal).—The Newark Pops worked themselves into a first hit in the Federal League race when they defeated St. Louis 4 to 2. It was a double bill. Timely batting by the locals in both games gave Newark its victories. Scores: Newark, 0 0 0 1 0 0 0 1—2; St. Louis, 0 0 0 1 0 0 0 0—2.

At Rocky Point (International).—The tall-end Steets defeated the champion Grays in a loosely played game Sunday afternoon at Rocky Point. The Grays led at the end of the eighth to allow the visitors to catch a train for Richmond. Scores: Rocky Point, 2 0 0 0 0 0 0 0—2; Grays, 0 0 0 0 0 0 0 0—0.

At Chicago (American).—Detroit made the straight from Sunday to Sunday when they defeated the locals, 5 to 2. Fisher was wild and the Detroit visitors had little difficulty bunching their hits behind the erratic fielding of Chicago. Cobb's sacrifice was the key. He Collins prevented Deane from shutting out his opponents, as that error, which followed a single by Cobb, was followed by a double, gave the locals two runs. Scores: Detroit, 2 0 0 0 0 0 0 0—2; Chicago, 0 0 0 0 0 0 0 0—0.

At Cleveland.—Morton was the victor over Slater in a pitched battle, Cleveland defeating St. Louis, 1 to 0. Morton allowed but four hits and struck out 11 men. Striking out in the ninth, Slater Walker in succession in the ninth. Slater allowed five hits. Scores: Cleveland, 0 0 0 0 0 1 0 0—1; St. Louis, 0 0 0 0 0 0 0 0—0.

At Hamilton.—Miss Detroit, representing the Detroit Tower Boat Association and steered by Jack Melet, won the first of the series of races Saturday for the gold challenge cup. Scores: Hamilton, 2 0 0 0 0 0 0 0—2; Detroit, 0 0 0 0 0 0 0 0—0.

M'LOUGHLIN'S CONQUEROR BEATEN. SEABRIGHT, N.J., Aug. 14.—By a marvelous display of speed in the races R. Norris Williams today saved his title to the famous Achilles Challenge Cup from the assassin, Earl H. Behr. The defender and his challenger played five of the seven National League Club had 2-3-6, 6-2, than was seen yesterday during the sensational overthrow of Maurice E. McLaughlin.

Sharp Advance Under Lead of Reading Toward Market's Close. Show of Firmness at Start Due to Steadiness at Liverpool.

NEW YORK, Aug. 14.—Severe reversal in some of the war specialties marked the start of the session of the stock market today. The setback was attributed to a variety of causes, but more likely it resulted from the fast growing belief that the time had come for a halt in the further rise of these volatile specialties. The market opened at the lowest feature, recording a maximum loss of 8 points, with a four-point recovery in the afternoon. Overhead, Bethlehem Steel and Allis-Chalmers fell from four to fifteen points, but regained much of their loss later. Bethlehem Steel preferred, on a single sale just before the close, showed a loss of 11 points. The temporary strength was due to steadiness in quotations at Liverpool, where there were denials that any appreciable amount of British purchases in the U. S. had been cancelled. Subsequently the bulls were disconcerted by word from Toronto of attempts to rescind some export contracts in Canada. No pronounced weakness developed, however, until the fact became apparent that when on commission was coming forward with unexpected freedom to Chicago and other leading terminals. Primary receipts were nearly double those of the corresponding day a week ago, and almost up to last year's standard. Besides signs pointed to heavy arrivals here Monday.

Other Grains Down. On the downturn, a fair demand for wheat was reported especially from houses that generally act for the seaboard. Sales of 10,000 bushels to exporters were announced. On the other hand the demoralization of the sterling exchange market was said to be operating as a decided check on business with Europe according to one dealer, the new low record for sterling had made a difference of 6c a bushel on the value of export wheat. Coarse grains followed the downward action of wheat. Trade in corn was confined almost wholly to transactions between speculators. Oats felt the bearish influence of improved weather for the harvest. Provisions were inclined to slant lower with cereals and hogs. Any radical setback, however, was prevented by the fact that stocks at Liverpool are beginning to show decreases to a notable extent.

START CROSS-CUTTING TO THE BEAVER LINE

Management of Shamrock Mine Contemplates New Scheme to Further Development.

By a Staff Reporter. COBALT, Aug. 14.—Cross-cutting to the Beaver line is contemplated by the management of the Shamrock mine, which property has just reopened. The scheme as outlined is to start a cross-cut to within thirty feet of the Beaver line and then run the shaft parallel with the Beaver boundary for about a hundred feet. It is hoped to extend the extensions of the Shamrock mine to the Beaver line by this means. At present the shaft and workings are in process of being deepened.

THE FELDSPAR POSSIBILITIES OF ONTARIO.

Editorial Writer: When a boy I once dropped a big Canadian penny down in front of a local newspaper and requested the permission of the proprietor of the institution to go to the cell and mine for the Ontario's own penny. He graciously permitted me to do so, and while scraping thru the rubble I discovered a small piece of feldspar. I mean that that I had found a penny down, my only intent being to search for possible gold dollars. The development of Ontario's vast mineral resources there are some men (figuratively speaking) who have dropped pennies in the development of chemically pure potash per ton. I have no hesitation in saying that in the same district there is good iron-poor feldspar. When I say good, I mean that clean feldspar carrying iron mica and similar bodies, making them unfit for the vitrified ware manufacture, but then because there is one thing in Canada, that is no reason why we should be classed as thieves. The above comparison is a fair one, since there are millions of tons of feldspar showing no iron or mica, running as high as fourteen per cent of chemically pure potash per ton. To the fair-minded Canadian investor I would like to say this: I would be ashamed to invest my money in any other country than the South American industrial stock when, lying at my very door, crying for development, was an industry that developed along proper lines could easily gain for Canada as wide a reputation as her wheat fields or nickel mines have.

NEW YORK BANK STATEMENT.

NEW YORK, Aug. 14.—The actual bank statement today showed the following changes: Surplus, increase \$21,744,000; loans, increase \$29,800,000; reserve in federal reserve banks, increase \$30,000,000; net demand deposits, increase \$16,000,000; net time deposits, increase \$60,772,000; net time deposits, increase \$60,772,000; net time deposits, increase \$60,772,000.

CHICAGO GRAIN MARKET.

J. P. Bickel & Co., Standard Bank Building, Toronto, report the following quotations on the Chicago Board of Trade:

Table of Chicago Grain Market quotations for various grain types and contracts.

Our New Market Opens To-Day

A New Market that will be second to none on this continent will be opened Today by The Robert Simpson Co., Limited. It is situated in the Southeast Section of the Simpson Basement, and we have made it the most sanitary and cleanest place of its kind imaginable.

No expense has been spared to make it superior to anything the people of Toronto have ever known. It is capable of serving **TEN THOUSAND CUSTOMERS A DAY.**

Customers are invited to inspect this ultra-modern market Monday. Those who do so will hardly be content with anything less than the perfect sanitation and satisfaction that this market will afford.

1,450 Square Feet of Refrigerated Show Case Counters

THE POULTRY AND FRESH MEAT COUNTERS occupy the entire Yonge and Richmond street sides of the market. Specially prepared cuts, priced by the piece and by the pound, will be found here all ready for wrapping. A belt conveyer running beneath insures the quickest and most sanitary kind of service.

THE FISH COUNTER is a model of cleanliness, all the fish being shown in white enamel trays, filled with ice, and constantly drained.

THE COOKED MEATS, SALADS, AND OTHER DELICACIES are in a very unique show-case, which is illuminated and at the same time refrigerated. As far as we know, this is the only show-case of its kind used for this purpose.

Fruit and Vegetables

With the enlarged facilities of the new market, fruits and vegetables in season will be supplied in more extensive variety. The freshest vegetables, with one short stop here, where our facilities keep them crisp and fresh, are assured to our customers at all times.

The Market Staff

The staff is composed of men who have been chosen because of their knowledge and skill, extending to every detail of purchasing, handling and selling these high-grade supplies. All sanitary and helpful devices to promote efficiency and despatch have been supplied for their assistance.

Ventilation

An elaborate and effective system, by which cold water-washed air is delivered to this department in sufficient volume to completely change the air every three minutes, has been installed. Cool and fresh, the market is a pleasant, sanitary addition to the store space.

The Great Refrigerators a Wonderful Equipment

THE REFRIGERATORS, which surround the market on two sides, are divided into five huge compartments, so that fish, poultry, cooked meats, etc., may be kept entirely separate. The big "L" shaped refrigerator on the corner is one of the largest display refrigerators used for meats on this continent.

THE FLOWER REFRIGERATOR and display, together with the auxiliary stock-rooms, give great facilities for the care and sale of cut flowers and plants.

THE PARCELLING REFRIGERATOR is a unique feature of this market. Whether you come to the market yourself or order by phone, your parcel is kept in this refrigerator until a few minutes before it is put into the delivery wagon.

The largest wholesale dealers gave special instructions to their cattle buyers to make the most careful selection of stock on the hoof to qualify for Simpson's initial order. The competition for this order, one of the largest ever placed for retail selling, gave us the pick of all these finest cattle, the animals selected being prepared and dressed under strict Government supervision and each piece bearing the Government stamp.

Hence the meats we offer Today are, to the last ounce, prime. The prices have been made to meet the keenest competition.
