MONK ASSERTS HIS LOYALTY Darkness Stopped Evening Debate AND ALSO RIGHTS AS CRITIC

When Britain was in Peril
He Did Not Wrangle Over
Details of Navy Plans, But
Lemieux Talks of Coalition
Government and "Double-
Faced" Methods.

YAMASKA MEMBER IN FIGHTING TRIM

OTTAWA, Nov. 23.—The moment of
danger to the British Empire will
never be the moment that I and my
friends will choose to discuss our re-
lations to the mother country.

In these words Hon. F. D. Monk gave
answer to the critics of the opposi-
tion and repelled the charges of dis-
loyalty, which had been hurled against
him. He had voted for the naval de-
fence resolution in 1906, he said, and
he would do so again under similar
circumstances. But the panic of that
time had passed and he claimed for
himself the right which belonged to
every British subject, to criticize a de-
tailed plan of naval assistance to the
mother country. The Laurier was
useless for defence and costly to
excess.

He stoutly declared that he had
never varied in his allegiance to the
Liberal-Conservative party and charged
the members of the opposition with
manifesting a peevish and scolding
disposition.

Double-barrelled, says Lemieux.
Hon. Rodolphe Lemieux charged that
the dominant issue in the Quebec cam-
paign was the navy, and brought for-
ward a veritable symposium of quota-
tions from speeches and newspaper ar-
ticles to show that the Nationalists
and especially Mr. Monk had indulged
in an anti-British appeal to the electors.

It was a double-barrelled policy that
was put forward. For Ontario con-
sumption the Laurier navy was a "tin-
pot navy," for the Province of Quebec
it was denounced as an infernal machi-
ne.

Mr. Monk was quoted as having said,
"We are not going to abrogate our
rights for Mr. Borden." Yet it was
admitted that there was only a "little
difference" between them.

S. A. A. Mondou (Yamaska), proved
himself a fighter and asked, if they
were going to talk about a double-
faced policy, what about the Liberal
six-months hold to the remedial bill
in 1896 to enable them to say to Que-
bec "It does not go far enough" and
to Ontario, "It goes too far."

During the dinner recess an accident
at the power works left the buildings
in darkness and when the house met
at eight all it could do was to adjourn
till tomorrow when Mr. Mondou will
continue his speech.

A Sane Judgment.
OTTAWA, Nov. 23.—(Special.)—Hon.
F. D. Monk, in resuming his debate on
the address, carefully dissected the
claim of Sir Wilfrid Laurier that the
defeat of the late government was due
to passion and prejudice. Even in the
matter of reciprocity he thought no
page in the history of Canada would be
written down as a finer display of calm,
sober judgment and determination
than that which the leader of the op-
position called an emotional page.

Numerous scandals had sprung up
under the regime of the late adminis-
tration. The scandal of the Quebec
bridge had a serious effect. Never in
the history of the parliament of Canada
had there been such a glaring develop-
ment of duty. There was the North
Atlantic Trading scandal. Two officials
were concerned in the expenditure of
half a million dollars on immigration,
and had refused, under the protection of
the then government, to tell what per-
sons received the money.

Extravagant Cost of G.T.P.
The cost of the transcontinental, \$188,
000,000, (and he believed it would be at
least \$200,000,000 before it was complet-
ed) had been a potent cause of the loss
of confidence. Vast tracts of land in
the northwest had been given away
and investigation checked in the house.

"Could we ascribe the effect of these
as the result of emotional and preju-
dicial?" he asked.

Mr. Monk believed that as soon as we
came to adopt the British practice of
not allowing a party to remain in
power more than twelve years, so soon
would we assure the permanence of
honest government.

Opposition orators had talked of a
government of coalition. He did not
think there was very much to be said
in condemnation of coalitions as such.
He would like, however, to draw the
attention of the house to the fact that
Laurier, when he came into power in
1896, took in elements that till then had

When Lights Went Out

OTTAWA, Nov. 23.—(Special.)—It was a weird
scene that presented itself
when the house of commons
re-assembled, only to ad-
journ, at eight o'clock to-
night.

The soul of King William
III., of glorious, pious and
immortal memory, must
surely have shuddered at
the contemplation of Mr.
Speaker Sproule, Past Grand
Master of the Orange Order,
marching in procession with
the mace and three acolytes
of solemn mien, in daylight
recognizable as pages, bear-
ing before him three lighted
candles.

It looked like a reincarna-
tion of the Eucharistic Con-
gress.

A breakdown at the power
house was the insidious
tempter that led him astray.

REGISTRATION OPENS TO-DAY

Registration opens this morning at 10
o'clock. The booths will be open until
Tuesday evening.

The day following the closing of the
registration offices prior to the Domini-
on election there was a cry raised by
many people in Toronto because the
booths were closed and they had not
registered. Four days are allowed in
which registration may be made, and it
is sincerely hoped by both the Liberal
candidates and Conservative candidates
that every man register early.

The lists compiled for the election of
Sept. 21 cannot be used in this election
and therefore it is necessary for every
voter to register again unless his
name is already on the list.

Application at any of the information
bureaus is all that is required to ascer-
tain whether your name is on the lists
prepared at the last provincial election
or where the polling booth at which
you may appear to your right to vote is
situated.

That everyone may have ample oppor-
tunity to register 78 offices have been
opened. They are scattered through-
out the city.

BORE LIFELESS BODY FIVE DAYS THRU SNOW

Thomas Taylor Showed Heroic
Fortitude in Northern Woods
With Son Who's Drawned.

COBALT, Nov. 23.—(Special.)—A five
days' trip thru the bush over trails
covered deep with snow and across
muskeg not yet frozen sufficiently to
give good footing, having to trudge
around all bodies of water on which the
ice was not yet thick enough to make a
passage safe, this was the experience
of Thomas Taylor, who, bearing with him
the body of his son who had been
drowned, arrived in New Liskeard yester-
day from West Shilling Tree.

The fatality occurred last Thursday
and it took until yesterday to get out
to the railway at Charlton. The boy
was 21 years of age, and had met his
death while alone trying to cross a
lake on ice which broke beneath him.
His absence from camp that night
aroused the apprehensions of the party,
and search being made, the broken ice
with the boy's cap floating on the sur-
face, revealed the tragedy.

The funeral took place at New Lis-
keard on the arrival of the train from
the north, there being a large attend-
ance of townspeople with whom the
young man had been very popular.

ANOTHER BIG REALTY DEAL

Dr. Norman Allen has sold his farm
of 135 acres, being the north three-
fifths of lot 1, concession 2, east of
York, Township of York. It is less
than 400 feet north of Eglington-ave.,
and runs from Bayview-ave. (a mile,
and a quarter east of Yonge) east to
Leslie-st. F. Orford, 66 Church-st., is
the purchaser, and it is his intention to
sub-divide the farm into building lots.
The price paid was \$100,000, the neighbor-
hood of \$100,000 or about \$70 an acre.
One other farm, (the Atkinson, of 100
acres) lies between it and the Kilgour
estate.

William Hawtreys's Brother.
A seeker after theatrical information
recently enquired of Mr. Wm. Hawtreys,
star of the "Dear Old Billy" Co., if he
was a brother of Mr. Chas. Hawtreys,
"No," promptly responded Mr. Haw-
treys, "He's a brother of mine."

EXPLAINED

SIR JAMES: What am I going to do about bilingual schools? In the first place, sir, there are no bilingual schools, sir (thump). In the second place, Dr. Merchant has—hem—not yet had time to get round them all and—haw—make his report.

HYDRO MUST BE OUT OF POLITICS

Mr. Rowell Sees Danger of
"Spoils System" in Trans-
fer—Declares Liberals Des-
erve Credit for Power Pol-
icy.

WOODSTOCK, Nov. 23.—(Special.)—
Back in his own riding, North Oxford,
N. W. Rowell, K.C., the Liberal leader,
delivered another fighting speech to-
night, declaring that the Liberal party
stands unalterably opposed to trans-
ferring the great business enterprise
of the municipalities—the hydro-
electric system—to a department of the
government, where, he alleged, spoils
and patronage systems will have free
reign.

He asked for support "in order
that we may prevent this wrong from
being done to the municipalities."
"Neither party can claim the credit
for forwarding the scheme," he said.

"The representatives of the municipali-
ties brought up the scheme and car-
ried it along with co-operation of the
government," he said.

"There was some heckling at the meet-
ing," he practically the first of the cam-
paign, but it was of the good-natured
variety, and gave Mr. Rowell an op-
portunity to fetch a laugh. One inter-
ruption brought Hon. Adam Beck into
the speech.

Gave Beck Credit.
"The hydro-electric was under way
before Mr. Beck became connected
with it," said Mr. Rowell. "But I
would like to give him a great deal of
credit for the work he has done."

"The hydro-electric should be kept
from political influence and intrigue.
We take issue with Sir James when he
proposes to turn it over and make it
part of the political organization of
this province."

"Public ownership of public utilities
will only justify itself provided you
have efficient economical and non-parti-
san management. No worse bod-
ily could be dealt to public ownership than
by subjecting the management of this
great public utility to the influence of
the spoils faction of either party."

Against such a proposal all the muni-
cipalities of this province should enter
their most emphatic protests. It must
be free from political influence. That
is our policy. Upon it we will stand or
fall."

The meeting was held in the local
opera house, and there were about 250
present, the place not being nearly fill-
ed. Dr. McKay, who resigned his seat
for Mr. Rowell, was chairman. Col. T.
R. Mayberry, former M.L.A. for South
Oxford and present Liberal candidate,
and E. W. Nesbitt, M.P., also spoke.

No Party Deserves Credit.
Neither the Liberal nor the Con-
servative government is entitled to the
credit.

Civic Line to Danforth

A money bylaw asking for
\$136,000 for civic surface
railways on Danforth-ave-
nue, between Greenwood
and Broadview, will be sub-
mitted to the ratepayers on
Jan. 1.

The Toronto Street Rail-
way had the right to this
territory, but they forfeited
that right by not commencing
operations for a line when
notified.

HORSE SHOW COLONELS.
We notice that a number of our dis-
tinguished citizens who show horses
at the shows here and in the States
are becoming Colonels in His Majesty's
Service in Canada. We are glad to
welcome these new captains and
colonels, as they have good horses, and
horses are an essential part of a fight-
ing force. We therefore, trust that
these new colonels are not qualifying
simply to show their horses, but that
they will supply chargers and mounts
in time of war, and otherwise con-
tribute to the defence of the country.

"Salute to Colonel Kilgour and Colonel
Cox, and especially to Colonel Kilgour
over his win with his good horse Be-
thinkful at New York. We think Be-
thinkful ought also at least have some
kind or rank, as he is a very good
horse, and especially because he comes
from South York, and sometimes he
jumps the fence into Downs."

Ontario Must Ask Manitoba To Grant Hudson Bay Port

North Needs Licenses

NORTH BAY, Nov. 23.—
The provincial campaign in
East Nipissing was opened
here to-night with a meet-
ing in the interests of Harry
Moore, the Conservative
candidate.

The principal speaker was
Hon. H. R. Hearst, who
commended the three-fifths
clause in the Local Option
Act and stated emphatically
that the condition of the
liquor traffic in northern
Ontario without licenses
was deplorable and the pol-
icy of not granting licenses
would have to be amended
and the control of liquor
sales properly regulated un-
der government supervision.

ALLEGED SOUL-MATES DENY MARRIAGE KNOT

But Police Say Warrant Will Be
Issued Against Hubbard—
Public Are Indignant.

NIAGARA FALLS, Ont., Nov. 23.—
(Special.)—Declaring himself to be ab-
solutely certain that 60-year-old Jas.
Hubbard and 60-year-old Julia Plum-
mer, Fulton, became bigamists, when
they were married here Tuesday by
Rev. A. E. Quinn, Detective W. J.
Kennedy of the Syracuse police re-
turned home to-night after conducting
a day's investigations. He said war-
rants would be issued immediately for
Hubbard, whose wife alleges that
Mrs. Plummer hypnotized him. Mrs.
Plummer also left her husband's fam-
ily in Fulton to come to Canada and
become a bigamist with aged Hubbard.
Detective Kennedy brought with him
photographs of Hubbard and Mrs.
Plummer, which were identified by
Quinn exact likenesses of the couple
he married Tuesday. The "marry-
ing parson" was emphatic in his state-
ment that both Hubbard and Mrs.
Plummer, who gave their right
names, declared they had never before
been married. A. B. Jackson, Michi-
gan Central station agent, who issued
the marriage license, also assured the
detective that the couple represented
themselves as bachelor and spinster.

Public opinion is very strong against
both men. Many cases are cited where
Jackson has sold a marriage license,
and Rev. Mr. Quinn has tied the knot
that have been anything but happy
unions. Within the past two weeks
Quinn married a 40-year-old man to a
girl, and the man was arrested with-
in a few days on a charge of abandon-
ing his child-wife. The interna-
tional interdenominational ministerial
association has set its mark of dis-
approval of these practices.

One of the most popular features of
the Hubbard-Plummer case is the re-
turn of the alleged elopers to their
lawful abode in Fulton. Both are home
and deny having been to the Falls.

PORCUPINE BULLETIN.
SOUTH PORCUPINE, Nov. 23.—
(Special.)—The weather has moderated
and a fine misty rain is falling, fol-
lowing a snow storm last night. Busi-
ness improves with better roads. Tim-
isaming directors look over North
Dome property.

Continued on Page 7, Column 3.

BACK UP MR. SHUSTER

Manchester Chamber of Commerce
Censures Great Britain's Attitude.

LONDON, Nov. 23.—The members of
the Manchester Chamber of Commerce
in a resolution passed to-night have
made a protest in the interests of Lancas-
hire trade against "Russia's persist-
ent hostility to the Persian Govern-
ment and her apparent determination
to prevent any foreigner of ability
from carrying on the work of reorgani-
zing Persia's internal affairs."

A statement issued by the chamber
of commerce says that the only salu-
tation for the country lies in the as-
sistance of experienced European or
American officials, such as Mr. Shuster,
whose work Russia is trying to nullify,
and also have him dismissed. Sur-
vival is expressed that Great Britain
has acquiesced in every movement
made by Russia, which is absolutely
oppositional to British trade. Had Mr.
Shuster been allowed to continue his
work he would have brought about an
improvement in Persian internal af-
fairs—an improvement which would
have secured Russia of any excuse
for intervention.

Shift in Departments

OTTAWA, Nov. 23.—
(Special.)—Premier Borden
to-night gives notice of two
government bills, one to
amend the Department of
State Act and one to amend
the act establishing the de-
partment of external affairs.

The object of these bills is to
take the department of ex-
ternal affairs away from the
department of state with
which it is now associated
and place it directly under
the first minister as part of
the privy council office.

Hon. C. J. Doherty, minister
of justice, gives notice of
a bill to amend the Enqui-
ries Act.

Premier Whitney Blames Late Dominion Govt. for Fixing Boundaries so as to Shut Ontario Out—Hopes West- ern Province Will Be Gen- erous.

PREMIER'S VISIT A GALA EVENT

ALVINGTON, Nov. 22.—(Staff Special.)
—The generosity of the Manitoba Gov-
ernment is all this province has left to
rely on in its hopes for getting an On-
tario port for ocean going vessels on
Hudson Bay. That is the position that
this banner province has been placed
in thru the willful act of the Laurier
government, in making the present
boundary between Manitoba and Onta-
rio, and thereby handing both the
Hudson Bay ports to Manitoba. Sir
James made this point plain at his Al-
vington meeting to-night.

"All the way down Hudson Bay, on
the Ontario coast line," said Sir James,
"there is no way that a craft large or
small can go from this province thru
Hudson Bay to Europa. That's the
way they've fixed it, all thru the un-
just methods of the Laurier govern-
ment."

Up to Manitoba,
"We have hopes that the Manitoba
Government will treat us more fairly
than the Dominion Government has
done, and that they will, out of good
nature, give us some arrangement
whereby we can have a port on Hud-
son Bay. I don't know anything about
that just yet. Because now it is in the
hands of the Manitoba Government, to
take over the territory that has been
given them by the late Dominion Gov-
ernment," he said.

"Sir James stated that explorers and
professional men say it is impossible to
find a harbor at Port Nelson. Port
Churchill might be found suitable.
"We don't object to Manitoba get-
ting the territory. What we want is
a port on Hudson Bay, and we made
representations to the Laurier govern-
ment to let the boundary so arranged
that Ontario, as well as Manitoba,
should have a port on Hudson Bay for
ocean going vessels," he added.

Waved Union Jacks,
Sir James must have been gratified
by the warmth of the reception that
awaited him on his arrival here to-
day. As the train with the premier's
private car attached pulled into the
station the platform was crowded with
school children and grown-ups, too,
waving little Union Jacks and cheer-
ing.

The blinding snowstorm seemed no
obstacle when it was a question of
seeing for the first time in this locality
the prime minister of Ontario. Sir
James came out on the platform to
give a word of greeting, and the young-
sters climbed up in rough-and-tumble
fashion, to get a hand-shake with the
first citizen of the province, a torch
light procession and brass band ac-
companied Sir James down to the opera
house for to-night's meeting.

John Farrell of Forest presided and
Dr. J. B. Martyn, the Liberal-Conservative
candidate in East Lambton,
also gave an address.

Premier No. Quibbler.
Introducing the speakers of the
evening, Mr. Farrell said he was sorry
the hall hadn't been five or six times
as big, to accommodate the crowds.
One thing he admired in Sir James'
character was the fact that when de-
putations waited on him at the parlia-
ment buildings to make known their
wants, he always had the courage to
say "Yes" or "No." (Hear, hear.)

Both Sir James Whitney and Dr.
Martyn were presented with beautiful
bouquets, presented by little Miss
Myrtle Dene and Madeline Oke. Sir
James was also made the recipient of
an address of welcome from the Lib-
eral-Conservative Association of East
Lambton. The address referred with
appreciation to the excellent record of
the government and to the fact that
Hon. W. J. Hanna, who was doing
such good work, was a former resident
of this county.

Little Girl a Politician.
A touch of originality was given to
the opening of Sir James' remarks by
one of the little girls who presented
the bouquets, stepping to the front of
the platform and saying "Vote for
Whitney."

Continued on Page 7, Column 1.

PERSIAN LAMB JACKETS.

There is no better fur to be found
anywhere than Persian Lamb for the
making of a stylish warm coat for
ladies. Persian Lamb, the best of it,
comes from Southern Siberia, is mark-
eted in Leipzig, Germany, each year in
the month of April. The Dineen Com-
pany make personal selection at this
market. The president of the company,
indeed, has made an annual visit there
and attends to the purchases in per-
son. The Dineen Company is showing
some splendid new garments made
from selected Persian Lamb.

**STRATTON AND WARREN
 ACQUITTED OF CHARGE**

**No Proof of Alleged Conspiracy
 With Travers to Secure
 Charter by Fraud.**

J. J. Warren and Hon. Jas. R. Stratton were yesterday acquitted by Judge Winchester of the conspiracy charge in connection with the Farmers' Bank.

In giving his decision Judge Winchester said:

"The crown produced evidence in support of the charge, the main witness being W. R. Travers. In his evidence he stated he applied to Mr. Warren, the manager of the Trust and Guarantee Co. for a person, loan of \$50,000, and with the authority of the provincial secretary of the Farmers' Bank he endorsed without recourse certain promissory notes given by subscribers for shares in the bank. He offered a number of these notes as security for the advance. Subsequently he found that he required \$20,000 more, and he offered additional security for this amount.

"These were promissory notes, and upon the cheques being made out for the amounts advanced he (Travers) directed the same to be paid to the Bank of Montreal, so that they could be utilized for the purpose of depositing it with the Farmers' Bank to assist in making up the deposit of \$50,000 required by the bank act."

He stated that there was no agreement with Mr. Warren or with Mr. Stratton as to any unlawful act, nor had they any knowledge of any wrong-doing in connection with these deposits, that so far as they were concerned, it was a mere matter of business with them for which they received interest and bonus. This bonus apparently was divided with the Manufacturers' Life Assurance, who advanced \$50,000 of the \$50,000 and received 25.50 of the interest and bonus.

He stated that Mr. Warren and Mr. Stratton acted in the utmost good faith in the transaction, and had no knowledge of the improper use that was made subsequently of the money obtained.

ZAM-BUK CURES PILES

Read What Those Who Have Proved It Say!

Mr. Thomas Pearson of Prince Albert, Sask., writes: "I must thank you for the benefit I received from Zam-Buk. At least summer I suffered greatly from piles. I started to use Zam-Buk and found it gave me relief, so I continued it and after using three or four boxes I am pleased to say that it completely cured me."

Mr. G. A. Dufresne, of 132-135 St. Joseph-street, St. Roch, Quebec, P.Q., writes: "I highly recommend Zam-Buk to everyone who suffers from piles. I have also found it most effective in curing a sore thumb which my little son was suffering from. The thumb had begun to swell and fester and had lost the nail. I persevered in the application of Zam-Buk and the sore is now entirely healed. Zam-Buk is indispensable as a household remedy."

Not only for piles, but for inflamed sore throats, eczema, ringworm, boils, eruptions, scalp sores, itch, children's sore heads, old wounds, cold sores, chapped hands, etc. Zam-Buk is without equal as a healer, and also for cuts, burns, stiffness, etc. All druggists and stores at 50c a box. Zam-Buk soap will be found as superior amongst medicinal and toilet soaps as the hair is amongst salves. Mothers should use it for baby's toilet. 2c tablet, all druggists and stores, or post free from Zam-Buk Co., Toronto.

NO CHANCE.

Ex-Controller Dr. W. S. Harrison has definitely decided not to enter the majority contest this year.

Dr. Harrison figured that with two Conservatives in the fight, each with a large following, there was a chance for a Liberal to slide in between them.

Toronto Traveler Stricken.

BRANDON, Man., Nov. 23.—E. D. Groskurth, a drygoods traveler from Toronto, was taken to the hospital here this morning in a very serious condition. He is suffering from a severe attack of sciatica and is hopelessly crippled.

Sir Dick is Censured.

LONDON, Nov. 23.—(C. A. F.)—Sir Richard Cartwright's speech has caused some sensation here. The Pall Mall Gazette says he has really gone a little too far. It is unfair to represent British ignorance of Canadian matters as stolid or complete.

Grand Military Concert, 48th Highlanders, Massey Music Hall To-Night, 8.

Anybody can sell you a regular \$15 suit for \$7.50 but you get the \$25 & \$30 kind for \$15 in the Hobberlin Special Saturday and Monday

**OUTLOOK BRIGHT FOR
 SPANISH RIVER PULP**

Big Mills in Operation Are Showing Splendid Results—6000 Sq. Miles of Territory.

One of the greatest natural resources of Ontario is the great pulpwood area in the northern section of the province and it is not surprising that Canadians are beginning to realize the lucrative field for investments to be found in the manufacture of pulpwood products.

When interviewed last night, G. P. Grant of Toronto told of the progress of one of the Dominion's greatest pulp industries known as the Spanish River Pulp and Paper Mills, of which company he is a director.

A paper mill is now nearing completion, which when finished will have a capacity of 100 tons of newspaper per day, and provision has been made so that this capacity can be doubled when the ever-increasing demand for the company's product warrants such a step.

The output of the company's pulp mill is also steadily increasing to such an extent that it is feared that in the future the present facilities will be found inadequate, and Mr. Grant said that the general manager is preparing plans for the extension of the present plant. This mill has a capacity of 140 tons (dry) pulp per day, the quality of which is the very finest.

Mr. Grant believed that his company had the finest pulp wood limits in Canada, amounting to some 6000 square miles. The territory, he said, was easily workable by means of the numerous rivers and streams which ran thru it. The cost of operations was, he said, reduced to a minimum owing to the company owning its electric power plant, which produced some eleven thousand horse power. Added to this, the company owns its employees' dwelling houses, the general store, the water supply and the sewer system.

Quite naturally, Mr. Grant was optimistic over the great possibilities of the company. He believed that in the future great progress would be made since the demand for the products of the industry necessitated a much larger output.

**M'CARTHY BRINGS OUT
 REGULAR PLATFORM**

**Will Conduct Hustling Campaign
 For Controversial—Nineteen Meetings Arranged.**

A whirlwind campaign, embracing nineteen meetings, has been arranged by friends of Aid McCarthy for his essay for the board of control. He has a definite platform drafted, on which he will seek election, and his addresses will deal with a number of big municipal issues.

His plans may briefly be stated as follows:

More hospital accommodation, especially for measles and erysipelas.

A municipal abattoir, doing away with twenty-six slaughter houses at present doing business in Toronto.

Co-operative movements toward better housing facilities in the slum districts.

Alleviation of street car overcrowding, and better street railway conditions.

The larger tube scheme as outlined by Engineer Cousins, and Young-st. tube as part of the greater system.

A public utilities commission elected by the people to look after the water-works, hydro-electric plant and traction.

Sterilization and trickling filters for sewage, rather than dumping the effluent into the lake untreated.

FRANCES WILLARD HALL

Cornerstone of New Building Will Be Laid by Duchess.

The Toronto District W.C.T.U. met yesterday at 2.30 o'clock at the headquarters, 615 Ontario-st., and the superintendent of the Frances Willard Home, Mrs. Worrell, gave her report, showing she had secured position for 16 girls from 28 immigrant girls and 51 Willard girls passed thru the home during the month. A vote of appreciation was carried for the faithful and excellent services of Mrs. Worrell.

Mrs. Roberts, the travelers' aid, gave her report. She spent 138 hours at the Union Station and assisted 211 persons.

The final arrangements were made for the laying of the corner stone of the new headquarters and Frances Willard Hall, on Nov. 29 at 3.30, by the Duchess of Connaught. The new building will be on the new corner of Gerrard and Victoria-streets.

Arrangements have been made for a picnic of some forty or fifty persons, taken in exchange when selling their well-known blouse. These instruments are made of some forty or fifty cents a week. They are to be seen at the "Home" waterrooms, 62, 195-197 Yonge-st., Toronto.

50 Cents a Week Buys an Organ.

The old firm of Holmstrom & Co., Limited, are marketing a complete class of organs for sale at a nominal price in exchange when selling their well-known blouse. These instruments are made of some forty or fifty cents a week. They are to be seen at the "Home" waterrooms, 62, 195-197 Yonge-st., Toronto.

A Night Under Canvas, Massey Music Hall, To-Night, 8.

ALPINE GEOLOGY.

Geologists owe much of their knowledge of how the Alps happen to be where they are to the various tunnels bored thru the mountains to make railroad routes between the northern and southern parts of Europe. Professor Wehrli of Zurich has just given to the Berlin Scientific Society some particulars of discoveries in connection with the new Loetschberg Tunnel. One of them was the unexpected piercing of a great coal seam in the centre of a mass of much younger triassic stone. The Loetschberg Tunnel proved a

berg has proved again that the highest temperature of a mountain is on the perpendicular line from the summit.

NEW PROCESS FOR AGING BEER.

A company is being formed in Prague, Austria, for the purpose of utilizing an important invention by which beer can be more quickly fermented than by the present method of storing it in cellars. As a result of practical comparisons it is claimed that the cost of producing one hectolitre of beer (36.47 gallons) will be reduced to eighty-one cents, which would mean an annual saving of about \$5,000,000 if all the beer made in Bohemia were manufactured by the new process.

With the new method beer will be produced sterile in closed tanks, and will be matured and made ready for the market in eight to twelve days. With the present process about three months are required to accomplish the same result. Thus the new process the aging will be effected in aluminum tanks, having a capacity of 700 to 10,000 gallons.

It is claimed that the fresh taste and smell of the beer will be removed during fermentation thru the action of carbonic acid. The carbonic acid produced during fermentation will be collected, washed and purified, and again be forced thru the beer. The entire process is said to embody continual washing and refining.

Horses Getting Ready for Annual Ice Races at Ottawa

OTTAWA, Nov. 23.—In bright sunshine and crisp air several of the horses being groomed for the Ottawa Driving Club's ice races, Jan. 4 to 10, and the Hall Club's meet on the Ottawa River, Jan. 15 to 24, pounded around the half-mile ring at Lansdowne Park all day yesterday.

There are many horses already in town for the coming ice racing season, and before the end of the month the city will look like a Grand Circuit town in season. Nat. Ray will be here next week with a string of six and work them himself from the time of his arrival till race week.

Percy Burnham reached the city yesterday from Kingston on the West Ontario (2:10-4) over the stretch. St. Anthony only arrived from Washington, D.C. Tuesday, and he has been working the southern fair circuit.

Alex. Hayes, another Kingston owner, is here with a string of six, among them being Crusader (2:10-4), Max (2:13-4) and Alvarado (2:14-3), all of whom were exercised yesterday.

White gave Judice (2:10-4) plenty of exercise yesterday. George B. O., a son of the famous Major B. O., owned in Ottawa, was among those to lumber up. Bob Hinton and Lena Wilkes out and Cliff Treasurer sent the son of Phonograph over the full distance. Salter also had his mare in action.

Among the visitors to the track yesterday were Larry Gilmour of Renfrew, Sam Cassidy and Sam Blake. It has just leaked out that Jack Moore has purchased Lady Fern, a bay trotting mare, 5 years old, by Capt. Harry Furness, for a figure somewhat in excess of \$1000. Trocadero has a trial record of 2:05.4, and a record of 2:15-4 as a two-year-old. The mare formerly belonged to John Glascock of Chatham. She is credited with being able to step any half-mile track in Canada in 2:15, and has never made a break in her life nor hit herself, and they do say, if she ever slips on her hind legs, it will be written with a record. Jack Moore declares that the 35 trot stake is his in a walk.

The Ottawa and Hull Driving Clubs have made arrangements with the customs for bonding all horses coming from the United States. There is unlimited stabling in the city and at the country, and the index for now on is expected to be very great.

MEAFORD, Nov. 23.—The Meaford Curling Club held its annual meeting on Tuesday when the following officers were elected: Patron and patroness, Mr. and Mrs. Frank Kent; champion, Rev. Herman Heiden; vice-president, John Douglas; secretary, John S. Gault; treasurer, G. A. Paul; M. Molnes, J. D. McPherson, M. Fillegan, A. Douglas, W. Stephen.

The club will hold a bonspiel commencing on Wednesday, following which sheets of ice available, practically under one roof. Choice trophies and valuable prizes will be offered for competition, and every effort will be made to give the visiting clubs a good time.

A Night Under Canvas. Massey Music Hall, To-night, 25c.

Bert Stronach Back in Ottawa. OTTAWA, Nov. 23.—Bert Stronach, Ottawa's outside wing, in 1909 and 1908, and the holder of a dozen old country international rugby cups, returned to Ottawa after an absence of 13 months. Bert just missed the football season, and he has been thinking he has had enough of the game, but he has expressed a desire to play once more when he gets back to Ottawa. He has been doing government construction work at Coquidan Lake, about 24 miles from Vancouver.

"We will be done about the end of the summer of 1912 and, of course, I will come back to Ottawa. If I am not too old then I might try my hand at football again. I have not played any since I left here, I also out on the coast they play old country rugby."

Call, or send history for free advice. Free Book, 40 Diseases, and Question Blank. Medicine furnished in table form. Hours: 10 a.m. to 1 p.m., and 2 to 8 p.m. Sundays 10 a.m. to 1 p.m. Consultation free. 407 DR. SOPER & WHITE 25 Toronto St., Toronto, Ont.

Auto Tires and Tubes at Half Price. The following goods are absolutely new, of standard make, and are perfect in every respect. We are overstocked and must sacrifice them at half the regular price: TIRES. 7-36 x 5, at \$42.27 each. INNERTUBES. 12-36 x 4 1/2, at \$ 4.35 each. 12-30 x 3, at 2.50 each. 4-36 x 3 1/2, at 4.05 each. 4-36 x 5, at 7.45 each.

It is evident a further division will in future have to be made and divide the novice from the junior grade, as the handling fencing of the novice spoils the finer work of the better juniors, and as usual thinks he deserves all the championships going, and if the opinions of the judges do not coincide with his he is ready to lay all the blame upon the officials for his losing, and hence a grudge.

RICORD'S The only Remedy SPECIFIC to cure Gonorrhoea, which will permanently cure Gonorrhoea, Gleet, Stricture, etc. No matter how long standing. Two bottles cure the worst case. My signature on every bottle. Free Book, 40 Diseases, and Question Blank. Medicine furnished in table form. Hours: 10 a.m. to 1 p.m., and 2 to 8 p.m. Sundays 10 a.m. to 1 p.m. Consultation free. 407 DR. SOPER & WHITE 25 Toronto St., Toronto, Ont.

Mutt's Idea Was Excellent But His Direction Was Poor By "Bud" Fisher

JEFF, WE'VE GOT TWO TICKETS TO THE PRINCETON-YALE GAME BUT WE AIN'T GOT RAILROAD TRICK TO PRINCETON - WE'VE SUNDAY GOTTA WALK TO PRINCETON WE'LL HAVE TO START AT SUNRISE. DON'T WEAKEN, I'M JUST AS TIRED AS YOU ARE, WE'RE ALMOST TO NEWARK. I KNOW YOU'RE TIRED BUT THE NEW TOWN IS NEW BRUNSWICK - THERE'S GOMES TREATON AND NETT COMES. STICK IT OUT - I CAN SEE METUWHEN IN THE DISTANCE AND THEN PRINCETON IS ONLY EIGHT OR TEN MILES BEYOND - THEN ALL WE GOTTA DO IS TO ASK SOMEBODY WHERE THE FOOT BALL FIELD IS. YALE-PRINCETON GAME? WHY THEY DON'T PLAY HERE IN PRINCETON - THEY PLAY IN NEW HAVEN.

PHARMACISTS MAY ACQUIRE A MASTER

Two Year Course is Proposed, and More Room Would Be Necessary.

The Ontario College of Pharmacy may enlarge its course from one to two years, and may purchase McMaster University as a residence school. The present property on Ferrar-st., according to the proposal, would be sold. Already the school is cramped for room, and if the course of instruction is lengthened a move would be necessary. The property they have now is without financial encumbrance, and in addition, the school owns four or five houses on McGill-st. McMaster University has bought one hundred acres at Weston, on which they will establish a new home. Buying their present place on Blor-st. is only a suggestion, but it may be acted upon.

To-day the educational committee of the Ontario College of Pharmacy will present their annual report. Foremost, it will probably recommend that the course of instruction be revised, and authorized by the addition of a course in finance and business as a part of the drugist's work. This would make a two-year term necessary, if approved.

Throughout Canada, in the pharmaceutical business, there is a disposition to regard the present course of instruction as a little behindhand. Toronto is looked to make the first step in the way of advancement.

In the States a two-year course is the rule, and a very fact has probably some bearing on the feeling here, for Toronto graduates cannot get employment in most of the States without taking an extra year's course there. A great percentage of successful students here go to the States.

An advancement of standards will mean an increase in accommodation. The pharmacists will most likely move.

"Quality --- quality --- always quality. You men talk quality as if your life depended on it."
Said a man recently.

What else but quality has made the Russell car!
What else has killed criticism!
What else has met competition!
What else has doubled the business of the Russell Motor Car Company and made it a recognized success in the business world!
Quality—quality—quality of product.
You can buy size—but size is not quality.
You can buy finish—but finish is not quality.
Quality is the thing that makes machines, as it makes men, fit for the work they are cut out to do—gives them staying power—gives them dependability—gives them value.
You cannot successfully substitute anything for quality.

QUALITY in the Russell motor car means many interesting things. It means good designing to begin with, not simply for looks, but for resistance to strain—it means machining to one-tenth-thousandth part of an inch, and the most adjusting. It means an Inspection Room in which every part of a Russell car has to pass people who are paid to discover defects. It is expensive—this method—but look at the results.

Any person interested in the subject of motor cars will be welcome at the factory. We invite the opportunity to take you through the plant and show you how a Russell car is made. Demonstration in our cars is given gladly at any time, and entails no obligation. Make an appointment with us. Phone Main 2072.

Russell "58" Touring, with Knight Motor. Actual horsepower 65. Wheel base—137 inches. Built with the other styles of body also. Price, equipped, including electric side and tail lamps, power pump, etc., \$5,000. Other Russell models from \$2,350 upward.

FEDERAL SQUARE IDEA MEETS BORBEN'S FAVOR

Premier Admits that Present Accommodation is Inadequate—Promised Consideration.

Advocating a new federal square, to be made up exclusively of the Dominion Government's buildings, a deputation composed of President Gourlay and members of the board of trade, with Mayor Geary and the members of the board of control and others, waited upon Premier Borden and his cabinet at Ottawa yesterday. The city's requests were very favorably received, according to the despatches received here yesterday.

The deputation was introduced by E. B. Dier, after which President Gourlay presented the city's requests as prepared by the board of trade last May. He pointed out that the federal buildings in Toronto were not only antiquated, but inadequate for their purpose. The vast revenue which the Dominion Government received from Toronto merited more consideration, for cities much smaller had received better treatment.

After short speeches by Mayor Geary and A. E. Kemp, Premier Borden admitted that "the present accommodation is absurdly inadequate."

"I also agree," he said, "that in providing a new accommodation regard should be had, not only for present needs, but, to the further development of the city in years to come."

"We shall," he continued, "be very glad to take this matter into such immediate consideration as may be possible. In doing so we shall be glad to have the views of the city as to improving it from their standpoint."

MISS MATTHISON'S BIRTHDAY

Yesterday was the birthday of Edith Wynne Matthison and William Raymond, who are playing at the Royal Alexandra Theatre this week, and after the evening performance was over members of the company tendered them a little dinner at the Prince George Hotel. Several members of "The Case of Becky" Co. playing at the Princess were present at guests. Speeches were made after the repast and Miss Matthison was presented with a beautiful bouquet of flowers.

Grand Military Concert, 48th Highlanders, Massey Music Hall To-Night, 8:30.

Canadian Federation of Labor.

The regular monthly meeting of the joint council of the Canadian Federation of Labor was held last evening in St. John's Hall, Deland-st., and federated bookbinders were present. The committee in charge of the all-home reported that it would be held on January 12 in Victoria Hall. It was announced that Grand President Moffat of the Canadian Federation of Labor would visit Toronto in the near future and as this would be the first official visit of any of the grand officers, the council decided to make his visit a memorable one.

Five Years for Highwayman.

BROCKVILLE, Nov. 23.—In the county judge's criminal court to-day William Marks and Walter Darling, charged with highway robbery on John A. Kelsey, a Charleston Lake carman, whom they relieved of \$87, were sentenced to five years each in Kingston Penitentiary.

GAS MEN GET RAISE.

The Consumers' Gasworkers' Union a short time ago approached Secretary Hewitt for an advance in wages. The inside men were paid \$2.25 and the outside staff, \$2.00. The increase asked for was 25c and the respective rates were offered 15c for inside and 10c for outside workers. Last night at the Labor Temple this offer was accepted. The men stating that they had been treated in a most courteous and kind manner by the company and that the feeling of goodwill between the management and the men of the Toronto Street Railway Union was thanked for organizing the negotiations.

A Night Under Canvas, Massey Music Hall, To-Night, 8:30.

Hambourg's Development of Violin and Cello Music

Wednesday night the Margaret Eaton Temple was given the first of a series of five concerts illustrating the historical development of violin and cello music from its earliest beginnings. This interesting course was designed by the Messrs. Hambourg, who reside in Toronto in such an acquiescent to all local elevating musical influences. Wednesday night the concert of the earlier Italian school was laid under contribution from 1620 down to the dawn of the nineteenth century. It is almost impossible to say that this object was almost lost sight of by the audience in the charm of the performance.

Many musical problems became clearer, however, in listening to such a program, and one can understand Handel better when he writes his contemporary Marcello, who was poet as well as composer and from whom Handel seems to have drawn, as suggested at least, Tartini was represented by some of his fifty variations on the theme of "The Lullaby," the art of the bow of which he had the first master, his system of bowing and finger positions being still in use. Tartini, a great pupil of Corelli, was represented by a lovely, full of tenderness he is said to have derived from his master, and to which Jan Hambourg did justice.

Pugnani, the master of the sweeping bow in broad effects, was illustrated by a characteristic number in which Mr. Hambourg, with his usual breadth and agility of technique called for by the composer. Corelli, whose exquisitely melodious work will always preserve his favor and who laid the foundation of good violin technique, was represented by the delightful "La Follia," in which Mr. Hambourg excelled himself. A lovely pupil, Locatelli, supplied a plaintive aria, played with exquisite delicacy. A beautiful Minuet, the most interesting of which perhaps was Porpora's Concerto in G major with octaves, in which Misses Adele Augustin, Hazel Byram, Messrs. Hambourg, Caplan, Manson, Farmer, Hahn and Sheard took part. This number seemed to call for the musical world of 300 years ago more vividly than any other, and the strings sang together like a cage of singing birds. To something like this did Jenson and Lorenzo listen as they sat "and let the sounds of music creep in their ears." Marcello's Sonata in F major, with its splendid opening phrase, suggested Handel in every bar.

A minute of di Marzio was playfully rendered, and Alessandro Scarlatti had the true folk feeling. A charmingly sweet aria from Spontini was played with exquisite expression and the final allegro showed how well the accompaniments with marked taste and easy skill.

The next concert dealing with the early German, French and related schools will be given on December 8, and the others on Dec. 16, Jan. 6 and 23. Wednesday night's concert, where the piper teaches her the meaning of love and gives us to drink from the well thus recreating her to Michael.

"THE PIPER"
Royal Alexandra.

Notwithstanding the extremely inclement weather a splendid audience crowded the Royal Alexandra last night on the occasion of the presentation of "The Piper in Hamelin," written by Josephine Preston Peabody. This play won the Shakespeare Prize at Stratford and with an original theme has also marked originality in treatment. It is a poetic drama written at times a high lyrical note.

Founded on Browning's famous "Pied Piper in Hamelin" it takes up the tale where the poet ends. Opening at the market place it presents the Jacobus, the Burgo-master, and principal citizens discussing the sudden disappearance of the rats and the failure of the piper to return and claim his thousand guilders. Some propose that nothing be done, but to save their consciences proclamation is made by the town-crier and the piper is seen, raving and demanding his reward. The burgo-master's, the burgo-master's suggests one hundred, which the piper indignantly refuses. They retire to consult and return with an offer of its guilders or leave the town.

In the interim there is a pretty interlude between the piper and the children, followed by the church service, whither they meet the procession at the cross-ways, where the piper plays, and the citizens confusedly disperse, leaving Barbara behind. Then follows a beautiful scene, where the piper teaches her the meaning of love and gives us to drink from the well thus recreating her to Michael.

The piper has two friends—Michael, the sword-eater, and Cheat, the devil—both strolling players. Michael loves Barbara, the burgo-master's daughter, the burgo-master, were both excellent characters. William Raymond was admirable as Michael, and Albert Eardale as Cheat, the Devil, and Walter Colton, as the burgo-master, were both excellent characters. The other adult roles were rendered very delightfully acted. The play is staged with striking beauty, and given for the remainder of the week with a matinee on Saturday.

JUSTICE RIDDELL ABSENT

Legal Work Prevented His Attendance at Osogoda Society.

Osogoda Literary and Legal Society last night discussed the merits of the topic for the next debate, which will be held with Victoria College, on housing of industries by municipalities.

President McCann announced the inability of Justice Riddell to be present to address the society, owing to pressure of judicial work.

A committee was appointed to circulate a subscription list with a view to holding a ball at the King Edward during January.

SUFFRAGETTES ARE DEFIANT

Mrs. Lawrence and Other Leaders Carny Accept Jail Sentences.

LONDON, Nov. 23.—Mrs. Petho Lawrence, who led Tuesday's suffragette riot, was the central figure of to-day's trial. She listened unconcernedly to the evidence in support of the charge of assaulting and obstructing the police. When the magistrate sentenced her to a month's imprisonment without the option of a fine, she did not flinch. According to evidence, Mrs. Lawrence, at the head of thirty women, repeatedly stormed the cordon of police. She struck a policeman in the face twice, and struggled for fifteen minutes when she was arrested.

"I am glad to state," she said, "that as far as the police in my vicinity were concerned, there was no repetition on Tuesday of the brutal usage of women. I am inclined to think that what happened on the former occasion was done on the instructions of the government."

Mrs. Kathleen Rothwell managed to deliver a brief speech in spite of the magistrate. She had broken a big plate glass window on the Strand.

"It is out of my great love for humanity, and particularly my devotion to women and children, that I did this," she said.

Committed for trial at the sessions, she refused the offer of bail in the interval.

OTTAWA IN DARKNESS.

OTTAWA, Nov. 23.—A thousand dollar fire at the switchboard of the Ottawa Electric Co. put practically the entire city in darkness and without power to-night and caused the adjournment of the house of commons, an unprecedented fact. For nearly an hour candles were at a premium all over the city as well as at the house. Later on it was discovered that a branch of a tree had fallen across a wire on Parliament Hill and short-circuited the whole city.

OTTAWA IN DARKNESS.

OTTAWA, Nov. 23.—(Special.)—Col. Hughes to-night despatched a telegram, enquiring as to the condition of Kaid Belton, the aeronaut who was injured recently. Belton was under the command of the Canadian Air Force, as a sergeant of the Cumberland Yeomanry in the campaign in Cape Colony. On one occasion, with a party of 10 men, he held out for several hours, until relieved by Col. Hughes, against a party of 200 Boers. From South Africa Belton drifted to Morocco, entering the service of the present sultan.

Postoffice to Handle Annuities.

OTTAWA, Nov. 23.—An interesting announcement was made this morning when the Toronto delegation were interviewing the cabinet, by Hon. L. P. Pelletier, that the postoffice department was preparing to take over the annuities system. At present the annuities department is under the trade and commerce department. It is felt that the annuities could be handled through the postoffice department, like the savings banks, to greater advantage than under the present system.

THE AMERICAN WATCH CASE CO.
"WINGED WHEEL" TRADE MARK

The Meaning of the Mark

A "WINGED WHEEL" in a watch case means something more than a mere trade mark. It means not only adequate protection to the movement itself, but full gold value, excellence of workmanship, beauty of decoration, and correct style.

It likewise signifies the maker's pledge of faith and implies his responsibility.

No person—man, woman or child—can buy a "Winged Wheel" gold filled case and get less than they pay for. No one can buy a gold filled case any where and get better value for their money.

The "Winged Wheel" trade mark on a case stamped with the name "Cushier" or "Fortune" is accepted as the equal of the Hall Mark of England. It represents the recognized standard in gold filled cases. Look for it on the case you buy. Sold by responsible jewelers everywhere. Made in Canada, you get the quality and save the duty.

SEND FOR "THE WATCHMAN"

Shows the newest styles in "Winged Wheel" cases and instructs you how to care for your watch. A beautifully gotten up booklet, profusely illustrated, with a handsome cover design. A book of this character is usually charged for, but we will send you a copy free.

Commercial Reports

Wheat Market Closes Lower Under Steady Selling Movement

Foreign Developments Are Less Sensational and Profit-taking Prevalent Checks Upward Swing—Corn and Oats Easier.

CHICAGO, Nov. 23.—A disposition to react against sensational reports of black rust in the Argentine led to considerable selling pressure here today in the market for wheat. There was also demoralization in the cash trade owing to a split between the principal buyers and their leading brokers, largely as a result of closing prices were at a net decline of a shade to 3-c. Corn finished 3-8c to 1-2c down. Oats were off 1-4c to 1-2c and hog products with 1-2c to 1-2c loss.

English cables referred to most favorable weather and auspicious prospects generally for the harvest now in progress in the South American wheat belt. It remains to be seen whether the present cables to the Chicago trade are misleading or correct, but speculators here were mainly inclined to look to act on the assumption that the outlook for the crop is in the wrong direction.

General News Bearish.
 All other news was bearish and the pit crowd saw particular cause for pessimism in the engaging of a new set of brokers to take up the burden of making way with the immense stock which has been long on the hands of the big cash owners in this city. A little steadiness at the close was due to the fact that the Chicago wheat trade is not so much inclined to sell as it was at the opening and the close may range from \$1.00 to \$1.01 to \$1.00 5/8.

Corn Declined Under Unloading.
 The market for corn was less active than it has been for some time and the forecast was for generally fair weather. Besides the eastern demand has been shut off to a considerable extent. May fluctuated from 64 7/8c to 65 1/8c, closing 65c net. Cash graded, 65c to 65 1/2c. Cash graded, 65c to 65 1/2c. Cash graded, 65c to 65 1/2c.

Provisions Lower.
 The market for provisions was less active than it has been for some time and the forecast was for generally fair weather. Besides the eastern demand has been shut off to a considerable extent. May fluctuated from 64 7/8c to 65 1/8c, closing 65c net. Cash graded, 65c to 65 1/2c. Cash graded, 65c to 65 1/2c.

CHICAGO GOSSIP

Wheat Market Sluggish—Argentine Reports Generally Unfavorable.

J. F. Bickell from Loan & Bryan: Wheat—Wheat was sluggish but stubborn. December liquidation has again been apparent at a widening discount. There was no evidence of any improvement in outside trade. Local sentiment is bearish and professional attempted several times to raid market, but were unable to make any great headway. The mysterious absorption of wheat was again the overshadowing feature. We have any depression from this level will prove only temporary, as the strong feature in the underlying situation is strong, strongly advocate purchases of wheat on all soft spots.

Richman Perkins & Co. (J. G. Besty) wired:
 Wheat—The market opened steady to a shade easier. Local trade has been easier through a very dull session, being influenced largely by the heaviness of the Minneapolis market. A general clean up of the market at the close was reported, which is something remarkable. When the heavy receipts are taken into consideration.

Commission salesmen and dealers reported:
 Trade in wheat was a general clean up of the market at the close was reported, which is something remarkable. When the heavy receipts are taken into consideration.

Prime picked butchers, which were very scarce, sold from \$3.50 to \$4.00, at \$3.75; medium, \$3.50 to \$4.00, at \$3.75; and \$3.50 to \$4.00, at \$3.75.

Feeders sold from \$1.50 to \$1.75, according to weight and quality, few reaching the latter price. Stockers sold at \$1.50 to \$1.75, with a very few at \$1.75.

Milk and Springers.
 Receipts of milk and springers were large and prices ranged all the way from \$3.00 to \$3.50 for choice, with common and medium at \$2.50 to \$3.00 each.

Veal Calves.
 Eastern rough grass calves sold at \$3 to \$3.50 and \$4; real calves, \$5 to \$6 per cwt.

Sheep and Lambs.
 Receipts moderate, prices steady. Lambs sold at \$3.50 to \$4.00, with the latter price for a few selected ewes and wethers; sheep, \$3 to \$3.75.

Selects, red and watered at the market, Mr. Harris quoted at \$6.75 and \$6.40, for, cur, at country points, at \$7.75, 12 1/2c, and \$7.75, 12 1/2c.

Dunn & Levey sold:
 Butcher—\$3.50, 1100 lbs., at \$3.50; \$4.00, 1200 lbs., at \$4.00; \$4.50, 1300 lbs., at \$4.50; \$5.00, 1400 lbs., at \$5.00; \$5.50, 1500 lbs., at \$5.50; \$6.00, 1600 lbs., at \$6.00; \$6.50, 1700 lbs., at \$6.50; \$7.00, 1800 lbs., at \$7.00; \$7.50, 1900 lbs., at \$7.50; \$8.00, 2000 lbs., at \$8.00; \$8.50, 2100 lbs., at \$8.50; \$9.00, 2200 lbs., at \$9.00; \$9.50, 2300 lbs., at \$9.50; \$10.00, 2400 lbs., at \$10.00; Vipond Leads the Porcupines in Sharp Upward Movement

Decided Change for Better Shown in the Mining Markets

Resumption of Strenuous Demand Puts Porcupines on Up-grade Again—Cobalts Still in the Dumps

World Office, Thursday Evening, November 23. A decided change for the better was in evidence in the local mining markets to-day. A resumption of the strenuous buying demand, which characterized the exchanges last week, was evoked, and prices showed sharp advances in most instances through the list.

From the manner in which the upward movement was conducted, it looked much as if a sharp recovery movement was under way, and this led to the belief that the recent decline was due to the putting out of short stock by traders who were engaged in scalping the market for quick profits.

This was more plainly in evidence in relation to Vipond than any other security. The market for these shares was distinctly buoyant and under a strong demand, the shares secured a sharp advance to 60 1/2, a gain of 4 points for the day. Trading in the stock was active in the extreme, and at the close bids were only fractionally removed from the high point.

The movement in Vipond found its reflection throughout practically the whole list, the only issue to show no response to the improved sentiment being Dome Extension, the shares secured a 3-point advance in Pearl Lake, which got up to 47 on small trading, was the feature of the general list. Other strong spots were Swastika, Preston, Crown Chartered and Foley-O'Brien, all of which scored advances.

Dome Extension dropped a full point from yesterday at 74 on the liquidation of some weakly held stock, but a slightly improved trend was observable in the shares at the close. In the big issues indications of strength were evident from the very inception of trading. Hollinger secured a 20-point advance at 120 and closed bid there; Big Dome was quiet, but firm.

Cobalt stocks were still in the dumps and a further 2-point reaction in Timiskaming, which sold off to nearly 30, was the only feature. The market as a whole manifested a distinctly improved tone, and the majority of the active issues showed clearly the underlying strength of their position. Sentiment was decidedly more favorable, and it was felt that a further advance should be realized in view of the improved public demand in evidence.

AT THE HOLLINGER

Thoro Testing of Property Under Way—Report Ready Soon.

Porcupine, Nov. 21.—(From Our Man Up North.)—Sampling in the underground work at the Hollinger is about completed and preparations are going forward rapidly that will make it possible for Manager Robins to get out his annual report on work. A thorough audit of the books is under way too.

In addition to sampling the quartz leads the schist on both sides of the ledge is being tested out. Drill holes fully six feet long are being made and tests taken from the cores. The schist on both sides of the quartz veins carried values.

This thoro method of sampling is being followed through the 1400 feet of sinking and drifting. Chas. Fox.

ORE BODY 100 FEET WIDE

At Miller-Middletown Property—Shaft Down Fifty Feet.

Porcupine, Nov. 21.—(From Our Man Up North.)—We have an ore body fully in the shaft. A thoro audit of the books is under way too. In addition to sampling the quartz leads the schist on both sides of the ledge is being tested out. Drill holes fully six feet long are being made and tests taken from the cores. The schist on both sides of the quartz veins carried values.

This thoro method of sampling is being followed through the 1400 feet of sinking and drifting. Chas. Fox.

BACK FROM PORCUPINE

Broker H. B. Smith Sees Favorable Progress Made.

Mr. Harry B. Smith of the firm of A. J. Barr & Co. returned yesterday morning from a week's trip to the Porcupine camp. He was favorably impressed with the situation there and reported excellent progress being made at all the mine visited. Mr. Smith brought back with him some fine looking samples of ore from the Eldorado property in southeastern Timiskaming, these showing fine gold plentifully.

They are already in the throes of winter in Porcupine, said Mr. Smith to the World. "Three feet of snow covers the ground and the lake is frozen hard. The mining properties are readily accessible, as what slight sleighing is possible over the forest trails."

Values Were Too Low.

Porcupine, Nov. 21.—(From Our Man Up North.)—Reports to the effect that the Cartwrights have retaken up their option on the Cartwright claims in Bristol are erroneous. The engineer in charge states that the values run less than 80 cents in 1200 feet of drifting and 80 feet of sinking, and that there would be no object in starting work again. Chas. Fox.

Porcupine is Ready for Winter's Work

Three Nations Lake District a Centre of Industry—Trek to McArthur Township.

Porcupine, Nov. 21.—(From Our Man Up North.)—Winter sets in with few features in the mining district. The prospecting season during the months of snow when new work is started centres in the Three Nations district, while the prospecting end, new territory just opened before winter sets in, is undoubtedly McArthur Township.

During the work of this fall free gold showings were made in several properties in and around Three Nations Lake, where engineers and geologists are of opinion the Northern Whitney formation prevailed, and to a certain extent, with dioritic schists and slates occurring. Graywackes also comes in at a sedimentary position.

Free gold shows in the quartz stringers, which are supposed to be silvers of a main vein, yet uncovered. Interest is intense, and with the country almost entirely unprospected, interest is intense as to what extent gold values will show in veins of wide and stable character.

Options on the Watson syndicate holdings have been taken by P. E. Lyon & Company of New York. Capt. Anchor who has been in the district in a verbal report his view that the showings are such as to warrant the expenditure of money to see if values exist below the surface as well as in the visible quartz stringers.

The Roche property is up for option and under the microscope. The Roche has been taken over by a Montreal and New York syndicate. Good Prospects Awaited.

Inducements, after a summer's work of the non-yielding kind in the west, are being made to attract capital to the prospecting work in the district. The prospecting work in the district is being carried on by the Roche property, which is being taken over by a Montreal and New York syndicate.

Attractive Offering

Development of Pulp Industry in Canada Ensures Success.

There is probably a greater development in the pulp and paper industry in Canada at the present time than in any other industry in the country. The growing scarcity of American pulp wood makes the United States dependent upon Canada for her pulp and paper. The Spanish River Pulp and Paper Co. are building their new paper mill at a time when they will reap the fullest possible benefit from the increased demand for Canadian paper.

At the present time Canadian paper is selling at 140 per ton in the United States, with every indication of reaching higher figures.

The Spanish River Pulp and Paper Co. possess over 300 square miles of valuable pulp areas, have unlimited water power, and are further favored by being near an important market, namely, the middle western states. The assets of the company amount to over \$1,750,000.

The preferred stock, which is now being offered, carries with it a bonus of 20 per cent of common and cum latine and participating. Altogether the offering is an exceptionally good one and should appeal to the careful investor.

Steel Corporation Recovers. Sharp Rally in Montreal Market—General List Dull and Steady.

Montreal, Nov. 23.—A further sharp recovery in Steel Corporation stock was the distinctive feature of the local market to-day, the general market being dull, with price changes as a rule slight. Steel Corporation, which was very quiet in the early market, sold at 57 and 57 1/4, becoming more active in the late trading, and under good buying advanced to 58 1/2 at the close, compared with 56 3/4 at the close yesterday, the last sale being a fraction lower at 58 3/8, and 58 1/4 bid at the close.

The rest of the market was extremely quiet, the only other issue with some activity being Dominion Cement, which was heavy, declining to 27 3/4, and which the price broke from 26 3/8 to 27 1/4, with the closing bid at 27 1/4.

Mineral Powder sold at 130, and Detroit United was stronger, advancing to 71 1/4. Rio was quiet, selling at 21 1/2 and 21 1/4. Cement common was heavy, declining to 27 3/8, and Pacific sold fractionally higher at 43 with 43 1/8 asked at the close. T. O. Brothers common had a sharp advance, selling up to 38, with 39 1/4 bid and 39 1/2 asked at the close.

Off to Porcupine. The directors of the Timiskaming Mining Co. have gone into the Porcupine camp, where they will inspect the North Dome property, the controlling interest of which was recently acquired by the Timiskaming. It is expected that an official report will be forthcoming on their return. The party comprised E. E. Cartwright, president, F. E. Ely, R. A. Cartwright, J. J. Thompson and E. J. Tomlinson. They will look over the Pearl Lake Mining Co. property in the Pearl Lake district.

Prof. Dr. Ehrlich's 606 Cures Blood Poison—Syphilis

Every man or woman suffering from a venereal disease, or from any other blood poisoning, should get this medicine. It is the only medicine that cures blood poisoning, and it is the only medicine that is safe and reliable. It is the only medicine that is sold in every drug store.

J. J. Hill Speaks

People Are Hoarding Money in the Banks, Says Railway Magnate.

CHICAGO, Nov. 23.—James J. Hill, the railway magnate, said today that the country's consuming power must catch up with its capacity for producing before we can expect business to feel an impetus. There is plenty of commercial money in the banks, but no investment money. People are hoarding money in the banks instead of investing for themselves.

"Crops in Great Northern territory are better than last year. I look for heavier tonnage than 1910. There is no railroad building now. Maintenance work on existing lines does not furnish enough employment to keep manufacturing companies going, consequently many are idle.

"Crop failures sometimes in North Dakota cause farmers in that state to pause and look about. I told the farmers they were exhausting the soil by raising nothing but wheat or oats. As a result, in that state, they took to diversified farming and it is proving a success all over the state. Vegetable of all kinds are raised here now and farmers are happy. The wheat failure was a blessing in disguise."

You Will Need It. In university circles, from the faculty down, and amongst the sport-loving public, all are in the throes of excitement over the meeting on Saturday of the Argonaut and Varsity Rugby teams.

The Sunday World will have a complete story of the big event in the Sporting Section. The meeting will be covered by a corps of expert Rugby writers, and every play will be observed and chronicled in the sporting columns. Only 65,000 copies of The Sunday World will be printed this week, so it will be well for you to order a copy from your newsdealer or newsboy in order to ensure getting a complete report of this big event.

After you have satiated yourself with the doings in the sporting column, we would ask you to turn to the Editorial Section and look for the political map of Ontario, which will appear printed in two colors. As most everyone is interested in provincial politics, it will be well for you to preserve this map for comparison with the one that will appear after Dec. 11.

The Art Section of this week's Sunday World will reproduce in half-tone the very successful Horticultural Association's Show. To those who were unable to attend this very excellent show, the views in The World will in a measure open their eyes to the possibilities of Ontario as a fruit-growing province. Some views of the opening of the new parliament, together with the Duke of Connaught's first drawing-room at the nation's capital, will be amply portrayed. Some pictures of last Saturday's Rugby matches are shown, which will bring vividly to the mind of the reader the scenes witnessed on the gridiron.

Other views in the Art Section are a group of views of the graduating class at the Western Hospital, a group view of Fordwich business men, reproductions of some of the really good pictures on exhibition at Townsend's galleries; Mrs. Mary Ritter, the very successful Hamilton artist, and the delegates to the convention of the Women's Institutes at the Y.W.C.G. Hall on McGill Street, Thornton, Ont., will be interested in the Hicks' family picture. George Chadwick has made a drawing of some faces seen at the recent football match.

In the five sections that go in the Sunday World there is one section that all the kiddies cry for, and this week it is brighter and funnier than ever. Flip, as usual, causes trouble in "Dreamland"; the Pirates, the Katzenjammer Kids and the Captain are still struggling with the treasure trove; Happy Hooligan makes a fatal mistake; Jimmy, as usual, gets in bad, and the other favorites are there to amuse the juveniles.

As before stated, The Sunday World edition this week will only be 65,000 copies, so it will be well for you to order early in order to ensure securing a copy. For sale by all newsdealers and newsboys for Five Cents per copy.

LABOR LEADERS TO BE RAILED. WASHINGTON, Nov. 23.—Samuel Gompers, John Mitchell and Frank Morrison, the labor leaders, must now stand trial in the supreme court of the District of Columbia on charges of contempt arising out of the "Baker-Stove and Range case. Justice Wright today handed down a decision overruling the motion of the labor leaders for a dismissal of the proceedings under the statute of limitations. The court held that contempt of court is not classified as criminal, and consequently not subject to the bar of the statute of limitations.

BUY ON THE DECLINE

An exceptional opportunity is afforded in the mining markets at the present time to buy Porcupine stocks of real merit at comparatively low prices.

The recent shake out following the bulge in a week has placed the market in a strong technical position by eliminating the weakly held stocks which accumulated during the advance. The time to buy is now, if you would take advantage of selling low prices. We advise the purchase of all the Porcupines of known merit. Write us for information.

Union Pacific Leads Market In Energetic Upward Movement

Broad and Effective Bull Campaign Carried on in Wall Street--Lower Prices in Toronto Market.

NEW YORK, Nov. 23.—The upward movement of stocks was resumed in energetic fashion to-day, after a period of hesitation. During the fore part of the day the list was lifeless and dull, and inclined toward heaviness, altho the level of prices changed but little. In the afternoon, for no obvious reason, the tide turned. A broad and effective bull movement invigorated the market. Prices were marked up in every quarter, altho the movement was chiefly among the railroad stocks. When the day was ended prominent railroad issues showed an advance of 1 to 2 points, with a sprinkling of larger advances elsewhere in the list, running up to six points.

Union Pacific Was Strong. Various reports were circulated in the front by the bulls to lead the movement. In the latter part of the day this stock was bought in large amounts and was forced above 175, an advance of more than 3 points.

The movement among the southern railway stocks, which for several days had been unusually active, was continued. Louisville and Nashville was the most conspicuous, by reason of reports of an increase in the stock and rose more than 4 points. Atlantic Coast Line continued its advance, gaining nearly 3 points, and Southern Railway pfd. and Illinois Central developed strength.

The speculative movement in the coppers weakened and hung back. This was in spite of a further advance in the price of the metal. United States Steel participated moderately in the upward movement and was not affected by announcements that some further reductions had been made in the prices of finished steel products. In view of better buying of heavy steel products by the railroad it is expected that the United States Steel report of unfilled orders for the current month will reveal a considerable increase.

SHORTS ARE RUN IN.

There was a strenuous campaign against the short interest in the New York market yesterday. Early in the day the exchange moved along quietly, and it was not until the afternoon that the movement was under way. Once the raid was fairly started, however, a regular stampede developed, prices advancing in short order through the list. Phenomenal gains were recorded, under the leadership of Union Pacific, which jumped 4 points. The market closed strong, and with sentiment more cheerful than in some days.

New Life Assurance Company.

The Sterling Life Assurance Company of Canada is the name of a new life insurance company that will see incorporation under the Insurance Act of 1910, at the next session of the Dominion House. The head office is to be in Toronto. The capital to be asked for is \$3,000,000.

More Worry for Wall-Street.

WASHINGTON, Nov. 23.—The commerce court has set Dec. 8 for hearing the motion to make the decision in the long and short haul cases permanent. This motion was made before the court in order that when the appeal is heard before the supreme court it will be upon a permanent instead of a temporary injunction.

Rockefeller to Retire.

BOETON, Nov. 23.—In well informed banking circles here, it is reported that the distribution of Standard Oil Co. of New Jersey will be followed by retirement of J. D. Rockefeller as president. Standard Oil Company of New Jersey will continue its existence as main company, and it is probable that John D. Rockefeller, now vice-president, will succeed Mr. Rockefeller.

A Billion in New Issues.

Sales of bonds and notes in amounts of \$1,000,000, and over, in the United States, by railroads, industrial, street railway, gas, electric and power companies, excluding municipal and state issues, during the first nine months of the current year, reached the imposing sum of \$1,045,348,811. This compares with \$68,703,900 in the corresponding period of last year, or an increase of nearly \$1,000,000,000.

More Gold Comes Our Way.

NEW YORK, Nov. 23.—Gold to the amount of \$1,255,000 was engaged at sub-treasury this morning for shipment to Canada.

Canadian Northern Earnings.

The October statement of earnings of the Canadian Northern Railway has been issued. It shows total receipts of \$2,083,900, and net earnings of \$650,400, an increase in the latter of \$38,000 over the same month a year ago.

ON WALL STREET.

Erickson Perkins & Co. (J. G. Beatty) wired: Stocks went up very easily this afternoon. Note the four-point advance in Union Pacific from the early part of 174. There was quite a little short covering. Traders were nearly all bullish early in the day, but saw the tide rising and many of them covered. We think some stocks are high enough for the time being. Sentiment is improving all the time and the public will come into the market in numbers. If the advance continues. Many want to see an object lesson before buying. They have had it in the last few days. The improvement in stocks will help general business. Many inquiries take the cue from the market. But good stocks on weak spots b t avoid those that have risen most. Chas. H. Had & Co. to J. E. Osborne: Sellers in Steel, Union Pacific, Amstrated and Union Pacific were in evidence this morning, but the belief prevailed that a certain large and active operator, who has been away for the past week and who has just returned, wished to depress the market in order to secure a line of stocks. Up to the noon hour business was rather dull and the course of prices irregular, but later in the afternoon a strong rally set in. London trading was light, about 10,000 shares being divided. C. I. King prices were strong at about high's point, with sentiment more confident. We still look for higher prices for good stocks.

DIVIDEND NOTICES

Bank of Montreal

NOTICE is hereby given that a Dividend of Two Per Cent upon the paid-up Capital Stock of this institution has been declared for the current quarter, and that the same will be payable at its Banking House in this city and at its Branches on and after Friday, the first day of December next, to Shareholders of record of 15th November.

The Annual General Meeting of the Shareholders will be held at the Banking House of the Institution on Monday, the Fourth day of December next, at 11 o'clock, at noon.

By order of the Board,
E. S. CLOUSTON,
General Manager.

Montreal, 24th October, 1911.

Canadian Cereal Affairs.

Coincident with the rumor emanating from Montreal to the effect that the Canadian Cereal and Milling Co. will default on its preferred dividends, there is a report on the street that the company will create a reserve fund before paying any further preferred dividends. This company, which it will be recalled, is a merger of a number of well known milling companies, including the Tilsen, McIntosh, Goldie and Flavella companies, and others, has been paying quarterly dividends of 1% per cent on its preferred. There have been no recent transactions in the stock, which has a high record for the year of 95 and a low of 50.

Bank Rate Unchanged.

LONDON, Nov. 23.—The rate of discount of the Bank of England remains unchanged at 4 per cent to-day.

American Newspapers Must Have Our Paper--Spanish River Pulp and Paper Company Preferred Stock Offered to the Public.

The offering of preferred stock of the Spanish River Pulp and Paper Company, which appears elsewhere in this paper, is one which should appeal to the careful and conservative investor. The issue, which is being put out by C. Mesalith & Company, Limited, of Montreal, possesses many exceptional features. The company has over 6,000 acres of timber lands on the Spanish, Vermilion and Onaping Rivers, so situated that the pulp wood can be brought down to the company's mill at the minimum expense. In addition, the company possesses an abundant supply of water power. At the present time they are using 10,000 h.p., but over double that amount of power can be generated. Two railway companies offer exceptional transportation facilities. In addition, the company are within easy access of a large paper market in the middle western states. Altogether the company presents so many favorable features that Mr. J. H. Wallace of J. H. Wallace & Co., the well-known consulting engineers, says:

"I have seen and examined most of the principal pulp mills of the North American and European countries, and consider the Spanish River Pulp and Paper Company one of the three best mills and paper propositions that I know of. The three essential factors for the economic production of ground wood pulp--wood, power and availability to market--are here combined to remarkable advantage."

The Spanish River Pulp and Paper Company is a going concern and has been showing very satisfactory earnings. In 1909 these amounted to over \$100,000. In 1910 they reached \$200,000, and in 1911 it is estimated that the earnings will be \$250,000. With the completion of the paper mill early in 1912 it is expected that the earnings next year will amount to \$400,000. The company have total assets of over \$13,612,000, of which their standing timber is estimated at \$10,000,000. Their new paper mill at \$900,000, and their pulp mill, with its own electric power plant, its employees' dwelling houses and its general plant, cost nearly \$2,500,000. In addition they have liquid assets of over \$22,000.

The stock, which is being issued at par, is expected that the annual net participating. As nearly half a year's interest has accrued, the net price to investors holding their stock over Dec. 31, is \$1.50. In addition there is a bonus of 25 per cent of common stock, which is now selling around 45. Another feature is that the new paper mill, which is now under construction, is an exceptionally strong one. It consists of a very largely of expert financiers and of prominent lumbermen and paper manufacturers. This insures that not only the finances of the company but that its physical aspects and the manufacturing will be looked after by experts.

MONEY IN LONDON

Rates Gradually Tightening--Chilian Loan Over-Subscribed.

LONDON, Nov. 23.—Money is gradually tightening and discount rates were firmer to-day.

The stock market was inactive and irregular. Consols were offered and declined in the forenoon, but they recovered later and closed 1/2 higher. Copper shares reacted on realizing before to the settlement, but home rails and Kofirs hardened. The new Chilean loan was over-subscribed two hours after the list was opened.

American securities were dull and regular during the forenoon. Most of the list held about parity, but light liquidation caused the losses in several shares. In the afternoon Southern Railway and Nashville 3 1/2 points on New York buying, but the other shares sagged. The closing was dull.

SASKATOON REGINA

ARTHUR E. STILLWELL,
President of the Kansas City, Mexico and Orient Railway to whose indefatigable energy the progress of the road since its inception ten years ago bears eloquent witness. The present extensive expansion program calls for another full year's construction.

There was a strenuous campaign against the short interest in the New York market yesterday. Early in the day the exchange moved along quietly, and it was not until the afternoon that the movement was under way. Once the raid was fairly started, however, a regular stampede developed, prices advancing in short order through the list. Phenomenal gains were recorded, under the leadership of Union Pacific, which jumped 4 points. The market closed strong, and with sentiment more cheerful than in some days.

New Life Assurance Company.

The Sterling Life Assurance Company of Canada is the name of a new life insurance company that will see incorporation under the Insurance Act of 1910, at the next session of the Dominion House. The head office is to be in Toronto. The capital to be asked for is \$3,000,000.

More Worry for Wall-Street.

WASHINGTON, Nov. 23.—The commerce court has set Dec. 8 for hearing the motion to make the decision in the long and short haul cases permanent. This motion was made before the court in order that when the appeal is heard before the supreme court it will be upon a permanent instead of a temporary injunction.

Rockefeller to Retire.

BOETON, Nov. 23.—In well informed banking circles here, it is reported that the distribution of Standard Oil Co. of New Jersey will be followed by retirement of J. D. Rockefeller as president. Standard Oil Company of New Jersey will continue its existence as main company, and it is probable that John D. Rockefeller, now vice-president, will succeed Mr. Rockefeller.

A Billion in New Issues.

Sales of bonds and notes in amounts of \$1,000,000, and over, in the United States, by railroads, industrial, street railway, gas, electric and power companies, excluding municipal and state issues, during the first nine months of the current year, reached the imposing sum of \$1,045,348,811. This compares with \$68,703,900 in the corresponding period of last year, or an increase of nearly \$1,000,000,000.

More Gold Comes Our Way.

NEW YORK, Nov. 23.—Gold to the amount of \$1,255,000 was engaged at sub-treasury this morning for shipment to Canada.

Canadian Northern Earnings.

The October statement of earnings of the Canadian Northern Railway has been issued. It shows total receipts of \$2,083,900, and net earnings of \$650,400, an increase in the latter of \$38,000 over the same month a year ago.

ON WALL STREET.

Erickson Perkins & Co. (J. G. Beatty) wired: Stocks went up very easily this afternoon. Note the four-point advance in Union Pacific from the early part of 174. There was quite a little short covering. Traders were nearly all bullish early in the day, but saw the tide rising and many of them covered. We think some stocks are high enough for the time being. Sentiment is improving all the time and the public will come into the market in numbers. If the advance continues. Many want to see an object lesson before buying. They have had it in the last few days. The improvement in stocks will help general business. Many inquiries take the cue from the market. But good stocks on weak spots b t avoid those that have risen most. Chas. H. Had & Co. to J. E. Osborne: Sellers in Steel, Union Pacific, Amstrated and Union Pacific were in evidence this morning, but the belief prevailed that a certain large and active operator, who has been away for the past week and who has just returned, wished to depress the market in order to secure a line of stocks. Up to the noon hour business was rather dull and the course of prices irregular, but later in the afternoon a strong rally set in. London trading was light, about 10,000 shares being divided. C. I. King prices were strong at about high's point, with sentiment more confident. We still look for higher prices for good stocks.

DECLINE

of the mining markets following the technical advance which accumulated during the absence of all the production.

CO.

DEVELOPMENT

Porcupine Camp are being developed in this market. The purchase of Dome, Hellen, Weston and Wagon, 1 look rise in all of these shares.

An Investment With All the Odds in Your Favor

Many an enthusiast will be putting up fifteen or sixteen dollars to-morrow to win ten. But why not make a wiser investment of the money by putting up less than ten dollars in our men's store, and getting a fifteen or sixteen dollar ulster?

We've got them! We had to make a long journey to get these overcoats at such a price, but it was worth it, because there won't be any such overcoat value found elsewhere in town to-morrow!

In trade circles they say that good overcoats are scarce; that we could get fifteen or sixteen dollars for these as readily as \$9.80—but that is not the point. You get the benefit of our buying ability when goods are hard to get, just as you do when they're plentiful. If we've got them, they're yours at a slight advance on our cost.

So These \$16.50 Overcoats Go To-morrow at \$9.80

250 Men's Heavy Ulsters, made single and double-breasted styles, with two-way convertible collar, full ulster length, centre vent, made from English grey and brown fancy tweeds and fancy mixed tweeds; lining, tailoring, fit, and style the very best. Regular selling prices to \$16.50. Saturday morning 9.80

Men's \$2.00 Underwear \$1.00

A tremendous selling of Men's Underwear has shattered the range of sizes in many good lines. To-morrow all the remainders go on sale for \$1.00 a garment.
Fenman's 95, "St. George" wool, and camel's hair mixture, and natural wool elastic rib finish, "Body Guard," Strathairn and several other good English makes; there are several broken lines in this sale, but in the lot there are all sizes, 34 to 50. Regular \$1.25, \$1.50 and \$2.00. Saturday, per garment 1.00

\$4.00 Sweater Coats \$1.98

A variety of new shades with contrast trimmings, double storm collars, Varsity shape collars, some are V-shape with piped edges, every one a good bargain; all sizes in the lot. Regular \$2.50, \$3.00 and \$4.00. To clear these Saturday 1.98
150 suits of Men's Heavy Flannel Pyjamas, best quality, a neat range of fancy stripes in blue, pink or drab, frog fastenings, military collar. Included in this lot are several samples of pure-wool flannel and Ceylon flannels; all sizes in the lot. Regular \$2.50 to \$4.00. Saturday 1.98

Sample Ulsters for Big Boys

98 Sample Ulsters for boys from 12 to 18 years. Our buyer brought great news back from Montreal for the big boys, having secured a lot of Sample Overcoats cut in single-breasted and double-breasted style, permanent and convertible collars, Scotch and English cloths. Every ulster is well tailored and trimmed, and sold in the regular way from \$7.50 to \$9.50; sizes 30 to 35. Saturday 3.50

Fur and Fur-Lined Winter Headwear for Men

To look prosperous is one of the first steps towards becoming so; you'll never have an easier chance to look the part than we offer to-morrow in the coats mentioned below.
11 Only Men's Extra Choice Custom-made Fur-lined Coats, Shells are All English beaver cloth, trimmed and finished first class. Linings are selected dark and close-furred Canadian muskrat with shawl shape collars of prime, heavily-furred otter skin. Good value at \$45.00. Saturday bargain 27.50
Chaussure Fur Coats, in No. 1 grade bear, goat, dark brown and black color, best linings and well finished, durable and very warm garment. Saturday 19.50
Christy's, Batterby's, King, Greville and fine American make stiff and soft hats, in all the fashionable and most worn fall and winter styles. Complete range of new colors, special qualities and splendid value. Saturday 2.00
Men's and Boys' Winter Caps, Driver, Sport, Golf and Brighton shapes, in corduroys, serges, tweeds, worsteds, friezes and leather, all have fur-lined bands to protect the ears. Saturday's specials45, .60 and 1.00
