WILSON HAS SOME HOPES OF ENDING STRIKE TODAY

CRUSHING REPLY MADE BY ALLIES TO GERMAN AS TO REPATRIATION

Paris, May 22.—The correspondence between the allied peace delegates and the German delegates regarding the repatriation of prisoners is made public today. In his letter to M. Clemenceau Count von Brockdorff-Rantzau suggests the settling of the details of repatriation by committee and argues it is indispensable that the prisoners of war and interned civilians who have been detained for offences other than those against discipline should be repatriated unconditionally.

It is also pointed out that so far as regards the restoration of private property, search for those who have disappeared and care of graves, complete reciprocity should rule.

Count von Brockdorff-Rantzau proposes that in view of the difficulty of repatriation the commission should commence at once to find a solution of the preliminary questions. The German prisoners of war, he says, must be returned to their homes in as normal a condition as possible in order to enter as rapidly as possible into the economic life of their own country.

Germany, he admits, is unable to do this out of her own resources particularly as regards food and clothing. The commission, he suggests, should assist Germany in solving these problems and he suggests the supplying of food and clothing, of complete sets of clothing, underfooting and footwear for the prisoners before their departure.

Following is the reply approved by the committee of the allied and associated powers:

Reply of the Allies: "Sir: The representatives of the allied and associated powers, in consideration of the repatriation of the German prisoners of war, in reply, wish to state that they are unable to agree to the proposal of the German government to repatriate prisoners of war and interned civilians, on the one side, and the allied and associated powers, on the other, on a basis of reciprocity in this respect."

In regard to the third question the representatives of the allied and associated powers are ready to do everything possible to repatriate German prisoners of war and interned civilians properly fed and in good condition after the conclusion of peace. They regret, however, that the present demands on them from the territories recently liberated from the German yoke, as well as from their own nationalities, will probably make it impossible for them to supply the prisoners of war with clothing, etc., for which the German delegation asks.

Finally, in regard to the appointment of a commission to deal with the repatriation of prisoners of war, the representatives of the allied and associated powers will be glad to set up such a commission immediately upon the signature of peace. They regret, however, that they do not see their way clear to appoint them until they are notified of the intention of the plenipotentiaries of the German empire to sign peace.

Already Well Traced: The German peace delegation makes the specific suggestions as to the alleviation of the war and interned civilians between the date of the signing of peace and their repatriation are not aware of what alleviation it is possible to make, seeing that they have scrupulously endeavored to observe both the laws of war and the laws of humanity.

INDICATES THE GRAND TRUNK BOUGHT: The sudden offer of Hon. Dr. Reid, minister of railways, to turn over the Toronto and Eastern Railway (downmanville to Toronto), to Sir Adam Beck, at the Hydro Radials, would indicate that the Canadian National Railways have the control of the Grand Trunk in immediate sight and that the western end of the Toronto and Ottawa line of the Canadian Northern is no longer a necessary part of the National system.

WOODBINE RACES AND MEN'S HATS: Tomorrow they're off. The spring races will begin. It doesn't matter whether you're interested in the horses, you will probably go to see the crowds and get a look at what Canada can do in the matter of well society. You will have to go properly hatted, for it does seem that since meet and men's hats are an inseparable combination in the picture.

RETURNING SOLDIERS

S. S. Caronia, carrying 19th and 20th Battalions, S. S. Northland and the Minnekahda disembarked troops at Halifax yesterday, all of whom are now en route to their respective home cities, many coming to Toronto, Hamilton and Bradford.

SHORTAGE OF ICE FACES DOMINION

Toronto Will Pull Thru by Using Strictest Economy.

Millions Short: Companies Only Harvested One Eightieth of Usual Tonnage.

An Englishman remarked the other day, "Canada had only two seasons—July and August—the remainder being snow or ice."

The World yesterday made some inquiries how Toronto will fare during the summer in the matter of its ice supply. The city, if the users of ice will only exercise care in its use, will get about normal quantity. The operating companies are prepared to look after their home town, also they could by transporting the ice to neighboring places, to southern and western cities and to the Niagara peninsula, reap a very large profit by the sale in those localities.

Defenders of Knighthoods: Dying the day and the greater part of the evening the defenders of knighthoods seemed to be having the best of the argument, and strong speeches were delivered in their behalf by Dr. Sheard, South Toronto, Dr. Clark, Red Deer, and W. F. Cook, St. Catharines.

Polson Employees Decide to Strike: Unanimous Vote for Walk-Out is Result of the Firm's Attitude.

Five hundred employees of the Polson shipyards, members of the Shipbuilders' Union, decided by unanimous vote at O'Neill's Hall last night to down tools until this yard accepted the agreement for an eight-hour day and a general increase of wages, already accepted by the Dominion Shipbuilding Co.

Special to The Toronto World. Ottawa, May 22.—By a vote of 96 to 48 the house of commons tonight voted an address to His Majesty praying that hereafter no titles be granted to British subjects domiciled or ordinarily resident in Canada.

London, May 22.—The allied troops on the north Russian front have carried out a successful turning movement against the main Bolshevik position, forcing the enemy to retreat southward, according to a North Russian official communication received here this evening.

MANNHEIM IN PANIC; FEAR OCCUPATION: Mannheim, May 22.—Alarmed by the belief that Germany will not sign the peace treaty and that the allies will occupy Mannheim, citizens became panic-stricken today and stormed the municipal savings bank.

COMMISSION CONDEMNS POLICE UNION CHARTER: Majority Report Dismisses Practically All Grievances, But Would Have Commissioners Non-Permanent—James T. Gunn Opposes Colleagues' Conclusions.

Majority and minority reports as expected have resulted from the recent investigation by the police commission. Each end of the report reflects a regulation view of police administration, the first being for control by officials, and the second by J. T. Gunn, for freedom of association and democratic reform as organized labor holds desirable.

PRINTERS REFUSE EMPLOYERS' OFFER: To help printers, members of the Typographical Union, who are making a strong fight for a 44-hour week at \$22.25 a week, last night an offer made by employers of \$22 for a 45-hour week.

Winnipeg Situation is More Favorable: Ottawa, May 22.—Just before midnight tonight Hon. R. Lemieux asked the acting prime minister if he had any news from Winnipeg.

Force Bolsheviks From Main Position: Allied Forces Execute Turning Movement, Compelling Retreat Southward.

Prospect Excellent For Settlement of Winnipeg Strike—Authorities Inform Labor Leaders Alien Extremists Must Go.

Since yesterday, when aggressive opposition to the inclusion progress of the strike leaders was begun, constant improvement has been reported in various branches of commercial and public service.

Situation Improving: The chief purpose of the meeting, the mayor said, is to "clear the air" of the menace of radical propaganda and possible misunderstandings which, with Winnipeg as their strategic breeding grounds, were threatening to involve the entire Dominion.

Passenger Traffic Resumed: Duluth, Minn., May 22.—Charles Skog, divisional freight and passenger agent for the Duluth, Winnipeg and Pacific Railroad, on his return today to Duluth from Winnipeg said: "We were advised today that baggage could again be accepted for Winnipeg, which means resumption of necessary passenger travel and no further inconvenience on transcontinental trips."

ported. City and provincial officials declared they were convinced that the danger point in the situation was passed. Union leaders who commented upon this remark said there never had been any intention of violence.

Members of the central strike committee who were in conference from yesterday morning until late last night resumed deliberations.

Mayor Gray said he expected the main problems surrounding the strike would be disposed of shortly. At the board of trade, where the citizens' committee was in session, several members of the committee declared that "the strike was broken." Efforts to obtain a statement from the union forces were not successful.

**Trouble at Brandon**

Brandon, May 22.—The mechanical roundhouse men and the car men of the Canadian Pacific Railway walked out yesterday in sympathy with the Winnipeg strikers. It was generally known Tuesday evening that such a strike would take place. In the afternoon, meetings were held in the Trades Hall by various organizations at which strike votes were taken and it was expected that Thursday would see some definite line of action decided on by labor unions at Brandon.

The civic union today served an ultimatum on the parks board that unless the board is prepared to go into the question of conditions upon the schedule, civic employees in Brandon would walk out at nine o'clock Thursday morning.

The demands of teamsters were discussed at a meeting of the board held Tuesday, but nothing definite is known as to what was done. The employees have until Thursday night to decide on what they will do.

**Miners Have Grievances**

Ottawa, Ont., May 22.—Information has been received at the labor department that the provincial federation of labor of Alberta will take a vote on the calling of a general strike in sympathy with the Winnipeg strikers. If a strike is decided on it will be effective from next Monday. As this would be purely a sympathetic strike it is probable that should the Winnipeg trouble be adjusted, no strike order should be issued, even though the vote should favor it.

The department has also been informed by the director of coal operations in District 18, that all the coal miners in that district will strike next Saturday. This is not a sympathetic strike, but grows out of some smaller difficulties between the operators and workers.

**Port Arthur, May 22.**—The strike at the shipyards is still in progress. The company made an offer to institute the eight-hour day with nine hours pay August 1, but men unanimously voted it down. They demand the eight-hour day at once.

**Saskatoon, May 22.**—A mass meeting of labor unions is being held here this evening to discuss the Winnipeg situation.

**Lethbridge, May 22.**—Local miners to the number of 1,200 go on strike Saturday afternoon at three o'clock as a result of a strike ordered by the executives of different labor organizations in this city the following resolution was passed:

"The executives of all local unions are notified to take a strike vote, and strike to take place on Monday, May 26, at 11 a.m., result of such vote to be returnable by Sunday, May 25, at 3 p.m., and the copy of this resolution be sent to all labor organizations throughout Canada, to the acting premier of Canada and to the premier of Alberta."

The question being put today to all union men is: "Are you in favor of striking in sympathy with the Winnipeg strikers?"

**Calgary, May 22.**—It is not likely that the various unions represented in the Alberta Federation of Labor will cease work on Monday as it is popularly believed the unions affiliated with the Calgary Trades and Labor Council will be, but will follow later. The miners have the largest membership in the federation, and there is every likelihood of their striking at 3 p.m. Saturday, as no settlement has yet been reached in the surface men's dispute. When seen this morning, Coal Commissioner Armstrong stated he had no official statement.

**Vancouver, May 22.**—Several hundred children, students at King George High School in this city, struck this morning in protest against restrictions which had been placed on their use of the school gymnasium. The girls and boys paraded the streets toward noon in grotesque costumes, shouting defiance of their principals. The children mobbed big hotels, but no damage is reported.

**HAMILTON NEWS**

Hamilton, May 22.—Under the auspices of the Citizens' Repatriation League, the seventh soldiers' banquet was held in the I. O. O. F. hall tonight. Nearly three hundred veterans were present, and the affair was considered as successful as former similar dinners. The boys who had been "over the top" declared that it was "jake."

Delegates attending the closing session of the meeting of the synod of the Diocese of Niagara, in Christ Church Cathedral, this afternoon, elected officers to the standing committee, voted to change the name of the church, decided that it was not the duty of the church to find a substitute for the saloon, and refused to commit themselves on the question of the eight-hour day.

In the presence of a large throng of mourners the remains of Mrs. D. Crerar were laid to rest in Hamilton cemetery today. Dean Owen conducted the services and the pallbearers were: Sir Adam Beck, Lt. Col. H. D. G. Crerar, J. Stinson, H. B. McGivern and Darcy Martin.

Two workmen were killed and another seriously injured as the result of a premature explosion of dynamite at the plant of the Steel Company of Canada today. The dead are: William Rae, 31 Beach road, and Mark Skinglett, 31 Beach road, and Frank Pacetti, 16 Beachwood avenue, the injured man, suffered severe head wounds.

(Continued From Page 1.)

of the Canadian people seemed to approve them.

Mr. Nickle said that these titular honors did not proceed from his majesty, but were given on the recommendation of ministers. Last year's resolution made this absolutely clear, and ministerial responsibility was recognized.

He said that Britain was the parent state and if the granting of these distinctions was impossible there without corruption becoming rampant, how could we hope to escape it in Canada? How were they going to determine to whom recognition should be given? How could they determine between sacrifice and service? Were those distinctions only to be given to those who did great things and leave out those in humble stations? If the parable of the widow's mite was good in the time of Christ it was good in 1919.

This trouble, said Mr. Nickle, was not all confined to Canada; it was shaking social England to its foundations.

Mr. Nickle quoted from a number of London newspapers in support of his contention that the people of England were exercised over the titles question.

**View of McKenzia.**

Mr. D. D. McKenzie remarked in opening that he supposed that Mr. Nickle must consider the titles question one of paramount importance, or he could not have taken up so much of the time of the house in discussing it. For himself, he was unable to work up any particular fury about this question. The member for Kingston had ability to burn, and he felt that it could well be devoted to some worthier cause.

Mr. McKenzie said that he hoped the discussion would not be protracted for fear Mr. Nickle might change his mind again and feel moved to vote against his own motion.

Mr. McKenzie stated that he was not in favor of the language of the resolution. He did not approve of a petition being made directly to His Majesty the King. He agreed with Mr. Nickle that the King was really not responsible for the granting of titles, but that the not in favor of the direct petition Mr. McKenzie said that he believed this house should go on record as being opposed to the granting of titles.

**Academy Hereditary Titles.**

Altho Mr. McKenzie expressed himself as being in favor of some recognition for some meritorious conduct, he strongly opposed the granting of hereditary titles.

The leader of the opposition expressed the view that we are apt to go a little too far along the lines of democracy, forgetting the magnificent country by the fact that we had a King. It would not be well, he said, to strike too close to the roots lest this country be disturbed. He was prepared to vote for the report, altho he did not think that much would be accomplished by its adoption.

Dr. Charles Sheard opposed the adoption of the report on the grounds that it was unwise, unconstitutional and unreasonable. He thought it would have been better to turn the attention of the house to something far more inspiring.

Dr. Michael Clark said he could not concur in the report because it contained anomalies. To him it was an embodiment of democratic cant, and illogical nonsense.

Brig.-Gen. Griesbach objects to the report of the committee with effect prevent the recognition of distinctions won during the war by any officer of the Canadian Expeditionary Force above the rank of captain. The report would cut off the D. S. O., the C. M. G., the C. B., and the D. C. M., altho 124 distinguished conduct medals had been granted during the war to Canadian soldiers.

**Ratepayers Forward Suggestions to Commissioner Bradshaw Re Taxes.**

Three suggestions regarding the handling of the civic finances forwarded to the board of control by the Danforth Ratepayers' Association on May 16 were considered by the board and ordered to be sent to Commissioner Bradshaw. The first clause pointed out that a policy should be formulated which would result in the accumulation of funds at the end of each year for the creation of a reserve fund to be used during the early part of the ensuing year in order that the date of the collector's taxes might be postponed.

The second clause requires the imposition of the extraordinary fee for failure to pay the first payment of taxes to be abandoned and the rate of one per cent. per month be substituted on deferred payments and the third clause requests that the cost of branch supply pipes for water and waste pipes on the public highway under certain conditions between the city's line and the water mains should be borne by the water utilities commission.

With regard to the first clause, Robert Hanna, secretary Danforth Ratepayers' Association, said the early collection of taxes shows the city's want of a saving policy, consequently the taxpayer for nonpayment is charged at the rate of almost 60 per cent. late.

Under the auspices of the Patriotic Rebekah Lodge, I.O.O.F., Riverdale, an entertainment to the boys returned from overseas was held on the Riverdale Masonic Hall, East Gerrard Street, last night. A substantial supper was served by the women's committee and a program of vocal and instrumental music was rendered. Brief addresses of welcome were given by several members and the proceeds were presided over by Sister Watt.

The Riverdale Horticultural Society will renew their application to the parks committee for a rosary in Withrow Park, which was recently refused on the grounds, it is stated, that the space is required for children's play-ground. According to the statement of the president, A. J. Smith, the application was for a small space to grow about 100 or 150 rose bushes about 100 feet from the pavilion, which would be protected by a wire fence, and in no way interfere with the children's amusements. "The ratepayers in the west end can be accommodated with two acres under flowers and the east end is debarré," said Mr. Smith.

A suggestion by Aid. Honeyford that flower beds be placed at both sides of the approach to the viaduct at the eastern end is receiving the attention of the parks commissioner.

"Wallops" Are Handed Government and Officials by Labor Men.

Hamilton, May 22.—Some hard wallops were handed the federal government, ministers of the crown and government officials at this afternoon sitting of the royal commission on industrial relations, the closing session. Aid. Ed. Book, a labor member of the council, stated that the government was largely to blame for the unrest in Canada, which began to grow when the liberty of the people was curtailed in an alleged war measure, and the press was muzzled. Government heads holding about the country in palace private cars while the masses were struggling with the increasing cost of food, had contributed to the restlessness of the people. Manufacturers telling the workmen that they could not afford to pay living wages in many cases, while the managers were drawing \$10,000 and more a year salaries, was another contributing factor, he said. He produced a copy of a city ordinance passed in the morning by the Hamilton board of control prohibiting the display of red emblems or the holding of meetings likely to cause discontent among the people or promote disorder, and said that such a law would practically forbid the citizens from telling the commission of matters that would inform them of the truth.

Rev. E. J. Etherington complained that the government had not acted with courage, and that there had been too much of a hush-up policy followed. He knew that there was serious trouble among the working classes, due largely to the high cost of living and the fear of unemployment. With many, he said, hell, the bogie of the past, was supplanted with the fear of the loss of a job.

## VETERANS

Items of Interest to Returned Soldiers Will Be Printed in This Column. Phoned or Sent Free.

### RETURNED SOLDIERS ARE DISSATISFIED

Returned men are interested in the general labor situation, and a prominent member of the G. W. V. A. stated yesterday that there was a wave of dissatisfaction among returned soldiers for various reasons. In the first place, he said, they were not convinced of the government's sincerity to properly re-empower them as promised months ago. "The returned soldier does not want charity," said this man. "He wants a chance to earn a living, that is to say, employment at least as good as he enjoyed before he enlisted. The government had these plans carried out all manners of employment would have been opened to both the returned soldier and the workingman generally."

### ALL PARTIES AWAIT GRATUITY SOLUTION

The question of gratuities is a burning one among veterans, no matter what their affiliations. A large body of veterans is apparently anxious to have the government adopt the Calgary resolution for \$2,000; another large body of men favors the G. A. C. resolution calling for grants of \$1,000, \$750, and \$500, according to the length of service. These veterans also desire gratuities to be payable to the widows of those men who would have received them. Still another school of veterans, a large one at that, believes that the money asked for in the shape of gratuities should be reserved for higher pensioning. The \$1,000 a year for widows and orphans and really maimed veterans who are in no position to help themselves.

### VOLUNTEER MEMBERS.

West Toronto G. W. V. A., at its general meeting held on Wednesday at St. Julien Hall, decided to send to the Dominion a resolution to open the Dominion of membership to enlisted volunteers (barring R. A. F. men), irrespective of service, provided applicants can show good cause for failure to reach a betterment front. The membership severely criticized the provincial convention for not adopting the Calgary resolution for the \$2,000 gratuity.

### DELEGATES ELECTED.

Sergeant-Major Geo. H. Gustaf, secretary of West Toronto G. W. V. A., has been elected delegate to the Dominion convention at Vancouver, which is to be held on June 9. Sergeant R. J. Roberts, president of Riverdale G. W. V. A., has been elected delegate to Vancouver.

### G. A. C. GETS CHARTER.

The Grand Army of Canada has received its Dominion charter and will now be able to grant charters to its various branches. This places the G. A. C. upon a footing equal to that of either the G. W. V. A. or the Army and Navy Veterans' Association.

### BIG INITIATION.

West Toronto G. W. V. A. initiated 300 new members at Wednesday night's regular session.

### CARMICHAEL BETTER.

Comrade Carmichael, Dominion organizer for the G. W. V. A. has nearly recovered from his recent sudden illness.

### G.N.W. NOT TO BLAME

Geo. D. Perry, general manager of the G.N.W. Telegraph Co. in Toronto, in an interview last night with The World, characterized as both unjust and incorrect the alleged complaint of Mr. McElroy, Toronto manager for the Patriotic Fund, that apparent negligence of the G.N.W. continuously caused embarrassment to incoming Toronto passengers and their friends. "I may say that specific cases of delay are always investigated thoroughly by our desks," said Mr. Perry. "You can understand our difficulties when you

## NOTABLE RECORD OF TORONTO-HYDRO

Report Shows Saving to Customers of Over Twelve Million.

The net surplus of the Toronto Hydro for last year was \$21,639, and during the seven years it has been in operation it has been the means of securing a net saving to its customers of approximately \$12,500,000. This is the information contained in the annual report for 1918 of the Toronto Hydro Electric Commissioners. The gross income for the year was \$2,353,448; the cost of electricity, current, apparatus and management, repairs and maintenance, \$1,485,813; surplus and income on operating account, \$867,635; interest, depreciation and sinking funds, \$446,163.

In Seven Years "At the close of slightly over seven complete years of operation, during which time two general rate reductions have taken place, also a reduction in charges for street-lighting, the enterprise has fully paid its way and earned a surplus of \$63,977.59," says the report. "Not a dollar has been charged to capital, and the amount has been charged to revenue. The system has earned sinking fund, and funds for the redemption of serial debentures amounting, with accrued interest, to \$87,171.32, and since the maintenance of the system's plant has been paid for out of revenue, and replacements have been provided for by the establishment of a depreciation reserve, it is evident that the amount and sinking funds together, amounting in all to \$221,555.53, constitute the net earnings.

Surprising Result "Had the enterprise been conducted as a commercial corporation with share capital instead of being charged with debenture capital subject to repayment, the net earnings of the enterprise would have been \$67,390.91, that being the sum of interest and sinking fund appropriations and the net surplus; or the equivalent of a dividend at the rate of approximately per cent upon the average amount of cash capital invested therein. This result is the more surprising in view of the very low rates charged.

## SEVENTH BANQUET HELD AT ARMORIES

Scheme of Special Hosts Included Representatives of Newspapers.

Last night at the armories saw the seventh successful banquet given for returned soldiers by the Citizens' Patriotic Association of Toronto. There were 110 tables, everyone having a special host, among whom were representatives of the newspapers and agencies of the city. The hosts received the guests in real loyal manner, lining up at the entrance and grasping the hands of the men as they came in and claiming them for their own.

As usual the waitresses representing various women's organizations were on hand to do their part in assisting to make the boys happy. A feature of the evening was the presentation of a check for \$1,000 to the association, which was presented by the Mayor and the Mayor's wife.

The program of entertainment, which was exceptionally good, was given by Victor Gaylor, who was given by Victor Gaylor, whose voice was heard in "Sussex by the Sea," and other numbers; Miss Owing gave a fine exhibition of Highland dancing; William Heaton and Joe Williams had side-splitting comedy selections; John A. Kelly gave a clever exhibition of ventriloquism; Agnes Adie's beautiful voice was heard in "When Irish Eyes are Smiling" and "Love's Lullaby"; Vera Devlin sang a new version of the "Old Brigade" composed by a soldier's widow. All numbers received unstinted recognition from the audience.

## THE BEAUTIFUL CITY BY THE SEA.

The lines of the Grand Trunk Railway System between Montreal and Portland, Maine, penetrate the heart of the White Mountains, and serve many lovely districts. Portland, this "beautiful city by the sea," as Longfellow called it, is the gateway to innumerable natural beauties and cool retreats. Seldom is a city such as Portland, with its sea and shore, and Casco Bay form the Utopia of those with moderate means; nowhere will a dollar procure more for seaside pleasure. Hotels in city and on the islands in the bay are numerous, and there are large numbers of boarding houses. Old Orchard, Kennebunkport and other resorts are reached through Portland, being linked up with the city by electric car service and steam railroad. Apply to any Grand Trunk agent for copy of "Portland, Casco Bay and Maine Resorts" an attractive publication which gives full information regarding the mountain and sea territory of Maine and New Hampshire, including hotels, rates, etc.

## ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain—How to Treat.

Medical authorities state that nearly all the cases of stomach trouble, indigestion, sourness, gas, bloating, nausea, etc., are due to acid and not to excess of hydrochloric acid in the stomach and not as some believe, to a deficiency of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food, as some believe, is digested in the stomach, which every stomach sufferer knows so well.

# Making Saving Attractive

Perhaps you have never been strong on saving.

You COULD save a little, but—

If you knew you could get 4 1/2% on every \$4.00 you saved, wouldn't that tempt you?

Well, then—that is what War Savings Stamps will enable you to do.

If you find it hard to save \$4.00 at a time because the quarters slip away unawares, Thrift Stamps will help you.

You can buy a Thrift Stamp for 25 cents, and when you have sixteen, you can exchange them for a War Savings Stamp, for which you will be paid back \$5.00 in 1924.

By doing this you will have become an investor! And you can go on building up that investment every time you save another \$4.00. The odd cents pay the accrued interest.

Invest that "wasted five per cent." in War Savings Stamps. You will never regret it.

# CROWN LIFE

Our "Total Disability" provision relieves you of all premium worries if you become disabled. Crown Life Policies are always extremely liberal.

Tomorrow you may not be insurable. Why not call upon our services NOW?

CROWN LIFE INSURANCE CO., TORONTO

M. E. MANNING, City Manager, Toronto.  
T. E. CONNOR, Provincial Manager, Toronto.

### "Some fine day, Bill

I'll put on some life insurance and when I do I'll take it with you."

In these words last summer a young man declined to apply for an Imperial Life policy to protect his widowed mother against the contingency of his death.

Four weeks later he and a friend were drowned while bathing.

Supposing you should die suddenly—what would happen to your dependents? Would they be destined to a life of hardship? It is for you to say.

You can prevent it by means of an Imperial Home Protection policy. Let us tell you more about it? A postal will bring the information.

### LABOR NEWS

#### INDUSTRIAL COUNCIL FOR MASSEY-HARRIS

The Massey-Harris Co., Ltd., has inaugurated an industrial council as a means of solving co-operation between all forces within the purview of the company. This council will deal with wages, hours, working conditions, rules, prevention of accidents and problems affecting the employees.

The basis of representation is to be one employee representative for every two hundred employees, with not less than three on the council. The management will appoint its own representatives, the representation not to exceed that of the employees.

#### MILK DRIVERS SOLID FOR GENERAL STRIKE

Fifty new members were initiated at yesterday afternoon's session of the Milk Drivers' Union of Toronto which now comprises a membership of approximately 800, including teamsters.

#### RAPID ORGANIZATION.

Herbert Lewis, managing editor of The Ontario Labor News, stated yesterday that organization had proceeded at a rapid rate among the workers during the past few weeks, and presented the following figures in support of his contention:

Abattoir workers	3900
Federal Labor Union	2100
Sheet metal assistant workers	1500
Rubber workers	1800
Machinists (new members)	2000
Candy and chocolate workers	200
Picture framers	200
Domestic employees	200

Conciliation between the packers and the men characterized yesterday's session of the board of conciliation dealing with the grievances of the employees of the packing plants in Toronto.

#### PACKERS MAKE CONCESSION.

Among the guarantees made by the Toronto packers to the meat cutters

### POLICE CHARTER IS CONDEMNED

(Continued From Page 1.)

adopted. Our conclusion therefore is that it is not advisable for the Toronto police force to continue to hold its present charter.

Charge Not Proven. The seven complaints and thirteen grievances presented by the representatives of the men are dealt with.

The complaint of influences on officials of the department with regard to prosecutions under the motor vehicles act is not well founded.

That influence secured special considerations for certain members of the force is unsupported.

That members of the force are tried and sentenced without a charge being preferred is not shown.

The report refers to but does not comment upon the dismissal of twelve union leaders who refused to surrender the charter.

That medical officers of the board are not efficient and do not fulfill their duties is not well founded and has not been established.

The commission finds that the regulation under which men were disciplined for going to the Ministerial Association is a reasonable one.

Disciplining the men with loss of service, however, was too severe.

That discrimination on the part of the members of the board and the officers of the department is a complaint not well-founded.

It was charged that the police commissioners collected seven per cent. of wages from the men on overseas service for payment into the benefit fund. The payments made should be refunded.

Constable Martin had complained of harsh treatment while receiving from injuries received while on duty. His complaint is not justified.

With regard to pensions, the police board should have control, but the man affected may appeal to a judge of the supreme court.

The commission reports against compulsory retirement after 30 years' service. Such retirement would unduly burden the pension fund.

An age limit is preferable to retirement, dependent on length of service.

Favoritism Not Proved. The contention of unfairness in the system of promotion is not supported, but fair dealing may be secured by a confidential record open to inspection by a committee of the men.

The system of covering of beats on time should be reasonably enforced.

The municipal corporations should pay compensation for injury or death as under the workmen's compensation act. Members of the force might provide medical and surgical needs at their own expense, receiving remuneration adequate to this burden.

All police boards should give members of their forces one day off each week, and the men should be paid fortnightly.

Regarding the Gordon Ellis case, the commission sees no reason for differing from the conclusion of the board.

However, Ellis was severely dealt with, and should be repaid the amount contributed to the benefit fund.

Commissioner James T. Gunn disagrees in regard to the constitution of the police board and union affiliation. He favors representation by the men, the municipality and the government, each naming one member, making a board of three.

There had been favoritism proved, to his mind, in the withdrawal of charges under the motor vehicles act. He favors competitive examination for promotion, and payment of pensions upon retirement. He also says the manner in which the board had dealt with Ellis had been harmful to Ellis' reputation.

The election of officers resulted as follows:

President, Mrs. J. J. Steele; vice-presidents, Mrs. I. C. Sharp, Montreal; Mrs. John Somerville, Mrs. D. T. L. McKerrill, Mrs. Robert Ross, and Mrs. Kinnawin; recording secretary, Mrs. James Wilson; treasurer, Miss Mary Russell; corresponding secretary, Miss Bessie MacMurchy; mission band secretary, Mrs. J. #### NOTED ALIENISTS WILL WATCH McCULLOUGH

Those who have been active in the work of securing a reprieve for Frank McCullough, the condemned murderer at Toronto Jail, stated yesterday that no new developments had turned up during the day.

Rev. R. Bertram Nelles, the condemned man's spiritual adviser, returned from Ottawa yesterday, where he had been pleading for the last few days with the representative of the minister of justice to have the death sentence commuted to life imprisonment.

Mr. Nelles had nothing to say after his trip yesterday. He expected action on the part of the minister in a few days.

T. C. Robinson, K.C., McCullough's lawyer, stated yesterday that three noted alienists, Dr. Percy Claire, Dr. M. A. Powell, and Dr. W. Beamer will look at the murderer in a few days and determine his mental condition.

### SHORTAGE OF ICE FACES DOMINION

(Continued From Page 1.)

Toronto will be able to have cold drinks and ice-kept food even if the other places squalor.

There are three large ice distributing concerns in Toronto—Lake, Simcoe Ice Company, the Grenadier Ice Company and the Belle Ewart Company.

The Lake Simcoe people have an artificial ice-manufacturing plant with a capacity of 80 tons of ice per day. Although this plant does not usually run at "full" until the summer months it has been producing to its extent for months past and selling the ice for storage purposes to merchants outside Toronto.

The three above mentioned firms have made all their arrangements to keep this city supplied during the coming summer and will make no increase in price for the present to the householder, who will still get his seven

tickets for a dollar, and if he takes a strip of tickets a reduction of ten per cent. will be allowed him. To butchers and others taking large quantities of ice the price has been raised from 25c to 30 per hundredweight. In Hamilton, which is said to be very short of ice, 40c to 45c per hundredweight is being paid.

#### Prohibition Helped.

Prohibition has one good mark to its credit—it has reduced the consumption of ice. It is estimated that in the "good old days" twenty per cent. of the harvest was consumed in the saloons.

Today the first consideration given by the ice merchant is to dealers in meat and milk, then fruit and vegetables, then families with babies, and after the sick and hospitals have been attended to.

The following nursing sisters have arrived in Canada on the S. S. Northland: A. M. Cameron, 76 Ontario ave., Hamilton.

about 600 tons, or 1,200,000 pounds of ice per day. In the winter under 100 tons suffices. T. G. Rodgers of the Lake Simcoe Company, in giving The World the above figures, said that Toronto was in a very enviable position as far as the supply of ice went. Simcoe was practically the only lake to give forth its usual winter average of ice, and his company could have sold the whole harvest to towns as far as Sarnia and to towns in the States had they been so minded. As it was they were filling up their own ice houses, transported an immense amount of ice to outside towns. During the summer, whilst giving their customers their usual service, they would endeavor to relieve some of the shortage in other places. As an example of the general ice famine all over America, Mr. Rodgers said that the Hudson River people usually stored in the winter two and half million tons of ice; last winter they only harvested 51,000 tons. They had in stock 500,000 tons and were thus left with nearly two million tons shortage on the season. This year the Toronto rate to house-holders for ice would be the lowest in North America, and ample provision for a good supply had been made in warm weather Toronto consumes as far as possible.

E. W. Trent, manager of the Grenadier Company, was equally emphatic though, altho towns outside Toronto might be short, this city would be well supplied but he added, "Users of ice must be very careful."

At a meeting of all the ice companies in the city yesterday afternoon it was decided to give their men a half day every Wednesday, commencing next week. The companies request co-operation of the public in this venture and ask them to look ahead taking in their supplies.

#### Two Murders in St. Catharines Occur Within Two Weeks

St. Catharines, Ont., May 22.—Basios Anglian, the Armenian store-keeper who was shot at the door of his room in rear of his store on Ontario street before 1 o'clock yesterday morning by two masked men, died at the General and Marine Hospital at this evening, making the second murder mystery here in two weeks.

The Toronto World

FOUNDED 1827. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

Thieves With Pistols Must Take the Consequences.

The people of Canada, rather than their law officers, minister of justice, attorneys-general, judges, juries, must settle once for all whether robbery by hold-up and guns is to become a life in Canada as across the line.

Yet the city is being deluged with petitions for the revivification of McCullough, a burglar from the States, who shot down a Toronto policeman in cold murder.

And if the government of Ontario allow the men to continue in office who were responsible for McCullough's break-away from Toronto's fall other crooks will come to Canada because of our careless guard of murderers.

The government at Ottawa has a plain duty to perform. And the brave manager at the Agincourt branch of the Bank of Nova Scotia did a real service to the public at large when he refused to put up his hands at the order of two highwaymen.

The People Versus Shareholders. The Mail of yesterday follows up a former article of a week ago with a special plea on behalf of the Grand Trunk.

The World's answer, and we imagine it to be the answer of the people of Canada, is that the government ought to take a broad view of the rights of the Grand Trunk shareholders in their property.

Conciliation Profitable. Nothing so satisfactory in the strike situation has developed so far as the agreement of the employers to meet the metal workers in conference.

Restriction of industrial activity at this time after the prolonged non-production of the war period can only be described as calamitous to the whole community.

the treatment accorded the wage-earner the better the result will be all-round. The honor of the trade unions as well as their material interest is involved in securing that result.

A Shocking Condition.

Dr. C. W. Saleeby's great reputation as a surgeon and sociologist, gives particular impressiveness to his observations on the prevalence of venereal disease in Canada.

Municipal Rights.

An excellent fight was put up in the commons on behalf of the municipalities when the Bell Telephone Co.'s relations with the local independent companies came up for consideration.

Another matter of supreme importance to the municipalities came up in the house, but was laid over till the beginning of the week.

It is believed that if the government forbears to interfere the commons will do justice to the municipalities and sustain the contention so long recognized here, of their right to the control of their own streets.

THE DAY AT OTTAWA

By TOM KING

Ottawa, May 22.—The debate on titles got off to an early start in the house of commons this afternoon. It was opened by W. F. Nickle of Kingston, who moved that the report of the special committee on the subject of titles be concurred in. It will be remembered that Messrs. Nickle and Richardson had a resolution before the house a few weeks ago to abolish peerages and knighthoods in Canada. It was on the point of being carried when Sir Thomas White moved that the whole subject be referred to a special committee.

As the debate progressed this afternoon, strong opposition developed to the report of the committee and during the dinner recess there was a hurried consultation between the title "bustlers" and some effort was made to reach a compromise. How well they succeeded cannot be learned, but when the house convened at eight o'clock, Mr. G. B. Nicholson moved that the report be referred back to the committee with instructions to strike everything out except the paragraph relating to hereditary titles.

Dr. D. D. McKenzie went after Mr. Nickle without gloves, and he was cheered to the echo by men on the government benches. He began by saying that he could not work himself into a fury over the question of titles. It made no difference to him how many titles were granted or upon whom they were conferred. People who liked that sort of thing should be free to enjoy themselves.

Dr. Sheard of South Toronto denounced the report of the Nickle committee as unconstitutional in its attitude and unreasonable in its conclusions. The house should have "too much respect for the King to send him the message suggested. The heather was not on fire as the member for Kingston thought, and his speech, in Dr. Sheard's opinion, was a combination of democratic cant and absolute nonsense.

According to the doctor the English people paid no attention to art and had no respect for artists until Sir Joshua Reynolds was knighted, and people in England who studied astronomy were looked upon as "star gazers" until William Herschell obtained his title, which Mr. Burnham of Peterboro properly replied that Raphael had been able to paint a pretty good picture as the science of astronomy.

Preparing for the Holiday. GOOD things to eat call for good things to drink. Don't risk spoiling your picnic luncheon—provide beverages that will be appreciated and thoroughly enjoyed by all. O'Keefe's LAGER, ALE, STOUT, GINGER ALE should have a place in every hamper. These enticing, snappy, refreshing thirst-quenchers put life into the party and brighten the outing.

Dr. Clark, of Red Deer, joined with W. F. Cockshutt, of Brandon, in denouncing the report as illogical and absurd. Mr. Cockshutt went further, saying the democrats were favored abolishing titles were treated as a party question, and the some of the Unionists bolded, Messrs. Nickle and Richardson stood by the government. Sir Thomas himself named the committee, and it was composed almost entirely of members who wanted to abolish all titles abolished. Instead of stopping with peerages and knighthoods, they decided to eliminate minor distinctions that carry no title, such as magistrates and clergymen. They even talked about going away with honorable, right honorable and the courtesy addresses usually given to judges, magistrates and clergymen. The report which they brought into the house a few days ago was exceedingly drastic, even going so far as to recommend that the peerages hereditary in Canada should not be inheritable.

Mr. McMaster, Liberal member for Bromo, who has been associated with Mr. Nickle in his long fight against titles, came today to his rescue. He did to oppose Mr. Brandford's motion and eulogized his friend from Kingston as brave, gallant and patriotic. Mr. McMaster is a thorough-going democrat, and took sharp issue with Dr. Sheard on the subject of the French revolution.

Mr. Edwards, of Frontenac, complimented Mr. Nickle upon his courage in moving the resolution, but sarcastically added that it required the courage to move the resolution that he did to oppose it. Mr. Richardson followed in a lengthy speech to a fellow house. Many of his fellow Unionists having been two or three times bitten by the brook, bids fair to go forever. There will be a vote and a roll call on the Nicholson amendment probably after midnight.

TORONTO SOLDIER BEFORE RHYL COURT. Pte. Roy E. Henley Faces Trial on Charge of Joining in Mutiny—No Decision Given. Reuter Cable. Liverpool, May 22.—At a court-martial, Pte. Roy Edward Henley, Toronto, of the 20th Canadian Reserve, was placed on trial charged with joining the mutiny. He enlisted when 16 years of age, and after being sent home, suffering from pneumonia, rejoined. Two incidents were described to the court. The first concerned an attack by rioters, who threw stones at a body of cavalry at headquarters, where they wished to rescue prisoners.

Y. W. C. A. INFLUENCE IN REPATRIATION. That women in general and Y. W. C. A. girls in particular have a great influence on adequate repatriation of the returned soldier, was the text of the speech delivered by Major Graham, D.S.O., M.C., of the 15th Battalion service, last night at the forty-sixth annual meeting of the Toronto Y. W. C. A. in the old building on McGill st. Mrs. R. C. Donald presided.

A general report was read by the secretary, Miss J. M. Pearce, showing the trend of the movement and the satisfactory results of a difficult year. The treasurer's report read by Mrs. Bundy, fixed the receipts at \$21,868.15 and expenses at \$24,264.62, with an overdraft of \$2,396.47. C. T. Stark, in responding to this report, said the good results justified the expenditure. A brief review of cafeteria troubles and boarding facilities for business girls was given by Mrs. E. W. Shenstone, home department secretary. Other summaries of the work of the religious, educational, industrial, girls' work, and war work departments, showed evidence of a successful year. The report of the nominating committee was read and accepted. Choruses under the direction of Miss Vida Cowdworth and Mrs. Cobb closed the proceedings.

THE OAKOAL BULLETIN

Vol. 1.—Probs.: Seven Months Winter—Higher Coal Prices—No. 1. —containing a minimum of smoke—and a maximum of cohesiveness and calorific value, weatherproof and waterproof. This fuel enters gigantic presses, from which OAKOAL is made, ready for use, in form of briquettes, the product being clinkerless, odorless, and more lasting and efficient than any fuel on the market, as proven by official tests made by Government Testing Stations and Universities. This fuel was in use during past winter in Toronto, but the new processing product has exceeded the hopes of the Company, that no time will be lost in erecting a plant to turn out 300 tons per day here—after which four additional plants will be erected (other plants will be erected in other cities, as is being done in the U. S.). The Company has been offering its stock to the public during past two months at 100¢ per share, and already has attained a marked degree of success. Its Directors are well-known business men of Toronto, and among those behind the enterprise are Manufacturers, Wholesale Men, Bank Managers, Professional and Retail Merchants, who, having investigated for themselves, have determined to assist in the development of the industry, and to enjoy the share of its prosperity. The establishment of the OAKOAL industry will not only CONSERVE our resources, SOLVE our Sanitary Problem, and provide us with a local fuel supply, but will PLACE an additional product on the market, pronounced by Government Experts, "an approximate substitute for anthracite coal." The Company's process holds the Garbage and Waste collections, removes and salvages the non-combustibles, using the combustible material for their fuel product known as OAKOAL. All germs and organic matter being destroyed in the boiling process, the material passes through huge masticators, after which is added thereto a suitable sanitary binder.

Re Kupitz v. A. Baird for Toronto General Trusts Corporation, executors, moved for order constraining will; E. C. Cattinach for defendant; R. E. Kupitz; F. Slattery for R. E. Kupitz. Enlarged to 23rd inst.

Kerr v. Wright. S. C. Wood for plaintiff, obtained order continuing injunction to trial. Richardson v. McCaffery. H. J. Scott, for defendants, appealed from report of official referee; A. C. Helginton for plaintiff. The report directed the payment on August 27th next by J. J. McCaffery and Annie McCaffery to the plaintiffs of \$220,236.18 in respect of a mortgage upon the Bay Tree Hotel premises. Judgment: (1) The report bears an incorrect date. (2) The report is wrong in form. In the case of a sale an encumbrancer who desires to redeem may always do so, but he is not entitled to have a separate time fixed for him to redeem. (3) The mortgage calls for 5 per cent. interest. By an agreement made after the registration of the 2nd and 3rd mortgages, the mortgagor agreed to pay 5-1-2 per cent. Prima facie this gives the plaintiff no charge upon the land for the higher rate of interest against these mortgages. It is said that these mortgages were parties to the new arrangement, and the plaintiff on the reference back should have a chance of giving further evidence on this. (4) It is not necessary to insert in the report any statement as to what will follow upon redemption or failure to redeem. (5) There is not any stay as a result of an appeal from a refusal to stay. The judge before whom the appeal came might have directed a stay pending his disposal of the appeal. Finding that

there is none. (6) The defendants should have the costs of the motion in any event. Report referred back. Re Smith Trust. J. W. Harrison for trustees, asked order constraining clause 7 of trust deed executed by Hon. Frank Smith, 21st July, 1894; E. T. Harrison, K.C., for A. Harrison; F. W. Harcourt, K.C., for F. B. Harrison, infant. Clause 7 provided that the proceeds of property in which Mrs. F. A. Harrison, daughter of the settlor, was given a life interest, after twenty years after her death be distributed among her issue living at that time. She died in 1896. For F. B. Harrison, born in 1917, however, court judgment should share equally with his father F. A. Harrison, son of Mrs. F. A. Harrison. Judgment: I have come to the conclusion that this clause cannot be re-interpreted, and that it is the clear intention of the settlor. Costs of all parties out of the fund. Sepsion v. Brown. H. E. Irwin, K.C., for plaintiff, secured interim injunction 11th inst. restraining defendant cutting timber on plaintiff's premises. At Trial. Before Falconbridge, C.J.K.C. Dominion Sugar Co. v. Northern Pipe Line Co. Ltd. Wallace Nesbitt, K.C., and J. M. Pike for plaintiffs; W. N. Tilley, K.C., and J. G. Kerr for defendants. Judgment: Statutes are not to be interpreted so as to have a retrospective effect unless the intention is clear and express words to that effect, or the subject matter or context shows a contrary intention. I hold that defendants had and have no right to shut off the gas to enforce payment or in default of payment of their demands. Plaintiffs will have judgment (1) for a perpetual injunction restraining defendant from interfering with the supply of gas; (2) an order for payment to plaintiff of the amount in the Merchants Bank at Chatham agreed by parties to be \$22,598.88 and accrued interest and such further sum as shall be paid into the bank after May 1st, 1919; (3) costs of suit.

OUTSIDER LANDS THE METROPOLITAN

Lanius Beat Great Field, Over Sloppy Track, With Favorite Outside Money.

New York, May 22.—Over a sloppy track, on which a drizzling rain fell all afternoon, G. D. Widener's four-year-old chestnut gelding, Lanius, by Langibby—Southern Belle, won the Metropolitan Handicap, at one mile, at Belmont Park today.

Lanius was an outsider in the betting, the favorite being J. E. Widener's Naturalist, which romped home an easy winner of a six-furlong, high-weight handicap, at the Jamaica course yesterday, but the public choice finished only in fifth place in today's contest.

There were seven starters, two of which, Papp and Flage, acted badly before the bunch was sent off to a good start. The light-weighted Routledge was first to show in front when the barrier was sprung, with Naturalist almost on even terms, and Flage close up on the inside. Nearing the first turn, Routledge dropped back and Flage took the lead from Naturalist as they turned out of the back stretch. Flage led to the turn into the stretch, where Lanius, nicely handled by Jockey Loftus, jumped into the lead, and, full of running, shook off a bold challenge by Flage at the eighth pole, to win by two lengths.

Flage was a like distance in front of Star Master, which finished after a brilliant stretch run. Foreground out-gamed Naturalist, which tired, after reaching the head of the stretch. Routledge finished sixth, half a length in front of Papp, which sulked and finished a disappointing last. The winner's time was 1:45 2-5, and his owner's share of the cash prize was \$3955. Summary:—

FIRST RACE—Three-year-olds and up, \$5000 added, 5 1/2 furlongs, straight: 1. Old Rosebud, 124 (Dreyer), 1 to 3 and out.

2. Bully Boy, 115 (Loftus), 7 to 2, 1 to 3 and out.

FINAL PREPS FOR SATURDAY'S RACE

All the Platers Work Thru Mud on Thursday—Still a Puzzle.

The entrants for sixtieth renewal of the King's Plate, which will be raced on Saturday, May 24, at 2:15 p.m., received their final preparation yesterday over a track ankle-deep in mud, and in addition, were forced to run around the dogs, placed out as far as the centre to do the track.

The largest crowd of railbirds that has been in attendance this season was on hand to witness the trials; however, little information was obtained; in fact, the puzzle became more tangled.

Mr. Eddie F. Seagram and Dr. Stirling came down from Waterloo to see what the general opinion concerning the progress Trainer W. H. Bringle has made with the colts, Galway, Hong Kong and Doleful, were taken to the head of the stretch to set sail. Galway broke in front and at the half-way mark his companions by a half-length, but flashed the S.O.S. signal at the three-quarters.

Defert then took command, and, closely followed by Hong Kong, finished the mile in 1:50 2-5, and the full journey in 2:30, while Hong Kong was a length in the rear.

Trainer Eddie White brought out Salvo and Ammunition, and worked them separately, in the presence of Mr. Geo. Henderson and a circle of friends. Jockey Dibley, man, equipped with spurs, first mounted Salvo, and, breaking at the eighth pole, he ran the quarter in 25 4-5, half in 53 3-5, three-quarters in 1:21 3-5, mile in 1:52 3-5, 1 1/4 miles in 2:27, and 1 1/2 miles in 2:52 3-5, pulled up at the finish. This will alter the general opinion concerning this entry, who was regarded as a shorter distance horse, and might be termed a fair performance.

"Red" Walker worked Cora W. in company with McMurray's Amphion and LeRoy's Hemisphere. They broke from the barrier and were joined by Harwood. After a half it developed into a procession, with Cora W. and Harwood leading side by side. The split was: Half in 52 3-5, three-quarters in 1:20 4-5, mile in 1:51 4-5, 1 1/4 miles in 2:24, all out.

The real contenders in the race over what will undoubtedly be a heavy track look like Ladder of Light as first choice, but only by a narrow margin over the Seagram colt, Doleful. Three have class enough for the general opinion—Hon. King, Uncle John and Bugle March, with the chances slightly in favor of Hong Kong. Since the Hendrie platers finished the 1 1/4 miles under restraint, some will regard the strongly-built gelding, Ammunition, as a fair prospect for position.

## TEMPERANCE GROWS THROUGHOUT WORLD

### Delegates of All Nations Review Chances of Prohibition.

Scenes of excitement reached a climax at the prohibition mass meeting at Massey Hall last night owing to the interruptions caused by a few returned soldiers. This was during the close of the address by Dr. Sateley of London, England. Dr. Sateley had declared that the British race was in danger of decay owing to the racial poison effects of alcohol. Such being the case, those who allied themselves with the liquor traffic were the enemies of Britain and of childhood.

Shouts of contradiction from a few soldiers were hurled at the speaker. The Imperial Concert Band played "Rule Britannia," but the disturbers refused to be seated. The police in consequence escorted a lame soldier from a front seat on the main floor, and with considerable force dragged another from the first gallery. The large audience cheered the police, while the band played on.

The Paul Rader Choir of 400 voices immediately followed with the hymn, "Onward Christian Soldiers."

Half a dozen soldiers in khaki, who had had the top gallery to themselves, left the hall, and the interruptions ceased.

Brief addresses were made by Ex-Governor Paterson of Tennessee, Mrs. S. R. Wright, Dominion president Women's Christian Temperance Union, and Rev. Ben. H. Spence.

Addresses by various delegates gave a general review of the temperance situation at the opening of the World's Temperance Conference at Massey Hall yesterday morning. Miles Vokes, president of the council of the Dominion Alliance, was chairman.

Dr. Leckin Kader of Denmark said that Canada and the United States could render great service to the temperance societies of the Scandinavian countries by prohibiting the export of grain for brewing or distilling.

Jean Le Dorc of Paris, France, protested against the export to France of strong beers and liquors as the French beer and wine were light by comparison.

Ardieason G. J. Howson, representing the United Kingdom Alliance, declared that the restrictive war measures in relation to beer and liquor had worked wonders in Great Britain, and indicated the effect which might be expected from absolute prohibition.

Rev. John McGly of Belfast, Ireland, said that at present Ireland was simply deluged with strong drink, but the temperance leaders were confident that the temperance society would ultimately see the Emerald Isle under prohibition.

In New Zealand progress along restriction and local option lines was reported from New Zealand by Rev. John Dawson, who said: "In the fight for prohibition we have reduced losses by over five hundred. Out of 76 electoral districts twelve are 'dry.' The hours of sale have been restricted from 9 a.m. to 6 p.m."

W. J. Allison of the Scottish Temperance League, said that a great prohibition campaign would be carried on in Scotland next year.

Robt. Carvadenne of Italy, testified that the fact that the wine used here was chiefly light, and that Italy provides one-third of the wine for the world, were obstacles to drastic temperance legislation in Italy.

Bishop J. Cameron spoke of the progress of events in the United States and Rev. Ben. H. Spence reviewed the situation in Canada.

Hobson of Santiago Capt. Richard P. Hobson of the Santiago harbor-U.S.A. ship of Meximac fame, was given an ovation. Capt. Hobson said he was just a plain sailor with 18 years' service in the United States navy, during which he had learned to love the British sailors. He believed that adequate appreciation had not been paid to the Jack Tar of all the allies, for they had made it possible for the soldiers of their allies to do their work. The great result of the war was the wedding of the allies into a living united organism.

"Now," said Capt. Hobson, "the whole allied nations were leagued for democracy and peace. The worst enemy of both was the liquor traffic."

"Those who came in to interrupt came in ignorance," said Capt. Hobson. "If they would have listened quietly they would have been ashamed to heckle."

This afternoon was devoted to a drive thru Toronto, provided by the city council. This was followed by a reception by the W.C.T.U. at Willard Hall.

A mass meeting was held last night before the various delegates gave reports of the progress of the temperance movement in the countries which they represented.

The meeting of the Dominion Council of the Alliance will be held this morning and afternoon with delegations present from the various provinces.

arrested on a warrant by Detective Jack McConnell yesterday which had been issued at the behest of the chief of police at Grimsby, Ont. It is alleged that Gordon stole some jewelry and a gold watch. He will be sent back today.

## BAY RUM PRODUCED UNUSUAL APPETITE

### Also Led to Stabbing of Ernest Hunter's Uncle.

Does a "jag" of bay rum cause an abnormal appetite? Ernest J. Hunter, who appeared before Judge Coatsworth in the sessions yesterday on a charge of wounding Andrew Hunter, his uncle, states that it does.

According to the accused's evidence his uncle and himself after a few drinks of the bay rum had repaired to his house where they had their supper. A few minutes after it was over his uncle propounded the question, "When do we eat?" and he was given another meal. Not satisfied with this addition Uncle Andy then called for more fuel for his gastronomic engine.

Hunter stated that he started to cook a steak for the complainant, but before he served it the other man jumped on him. He did not remember stabbing him.

The police produced the vest which gave mute testimony to the place where the knife entered. The evidence of the complainant too was mute as he failed to appear in court.

Hunter was fined \$25 for assault.

At 11 o'clock last night the authorities at the General Hospital declared that the condition of R. T. Laing, manager of the Bank of Nova Scotia at Agincourt, who had been shot at and severely wounded by two robbers had improved very much. It was stated, further, that his recovery was practically assured, unless some unforeseen condition arose.

The condition of Fred J. Putnam, one of the gunmen, was not so good, however. His report being that he still is in a critical condition, with no change during the day.

The body of young Harold Boyes was removed to the city morgue yesterday, when Chief Coroner Arthur Stokes Johnson opened an inquest into the circumstances surrounding his death. The jury, who had been empaneled, viewed the body and adjourned till May 27.

## ADVERTISEMENT Laid to BABY FARMER'S ARREST

Mr. Emily Hobbs, living at 102 Manning avenue, is the latest individual to be arrested in the attempt of the medical health department authorities to clean up foster-homes. The charge was brought by R. Wilson of the department, who was very active in the securing of the evidence against Mrs. Gill in the "baby farm" case.

Mr. Hobbs appeared in the police court yesterday, and the case was adjourned

## Peak Loads

In practically all public services there are what are known as peak load hours—hours during which the demands for service are greater than at other hours of the day. A striking example of this is seen in the case of the street railway rush in the period just preceding and following the business day.

The accompanying curve shows the distribution of Long Distance business over the various hours of the day. It is evident that to make use of the service at hours other than those in which the peak loads are being carried, means that you obtain a more prompt and satisfactory service.

We suggest that where possible, you place your Long Distance Calls so as to avoid the hours of peak loads.
