BLOCKING SIDEWALK TRAFFIC

Manager of Grafton's Clothing Store Summoned Before the Police Magistrate—No Criminal Cases at Fall Assizes and Presiding Judge Gets Pair White Gloves.

Hamilton, Oct. 15.—The annual meeting of the Thistle Curling Club was held to-night, and there was a large turnout of pushers of the stones. The following officers were elected: President, W. H. Davis; vice-president, R. H. Bruce; secretary-treasurer, C. Walker; representatives, J. Leggett, C. S. Scott; management committee, J. C. McKendrick, A. D. Braithwaite, C. W. Cartwright, D. B. Dewar, S. F. Washington; auditors, M. H. Leggett, H. G. Gates; chaplains, Rev. Canon Forester, Rev. Neil McPherson.

The slips will be chosen at a meeting to be held next week.

The Fall Assizes for the County of Wentworth were opened this morning by Chief Justice Falconbridge. As there were no criminal cases before the court, His Lordship received the traditional pair of white gloves from Sheriff Middleton. He also permitted four of the thirteen grand jurors to be excused from attendance. In his address to the jurors the Chief Justice made reference to yesterday's royal visit.

It was pleasing to know that in the course of Their Highnesses' truly royal reception, in every sense of the word, in this city and through the length and breadth of the land, it was not only the formal and official part of it, not merely the boom of cannon, the blare of trumpets, the banners hung upon the walls, and the pomp and circumstance of military display, and all else that enhance and dignify the occasion; but those who they had been appreciated to their full extent—have touched and pleased the royal guests so much as the spontaneous and unnumbered tokens of the affection and loyalty of a free people. "Join with me, then, gentlemen, in congratulating His Majesty and His Majesty's Consort on the happy occasion, and let us hope, and pray, that they may be preserved to us for many years to come, and that they may be able to witness the fulfilment of the prophecy which awaits them in the love and loyalty of the Canadian people."

The first action taken up was Keenan v. the Hamilton Steam and Iron Co. In the suit, James Keenan claimed \$3000 damages from the defendant company for injuries alleged to have been caused to him last May through the negligence of the defendant. The plaintiff Keenan is a laborer, and up to May 4 last was employed by the defendant company. At that time the company was erecting an iron store about 70 feet high, with a brick interior. To do the brick work eight stages were erected, and it was the plaintiff's work to pass brick to a man on the stage above him. While he was doing this a brick fell on his head, causing serious injuries.

The company's defence was that the plaintiff signed a release from all claim on the company on his receiving \$600 and regular employment, and a denial of negligence.

Old Pipes Giving Out.
Engineer Barrow is disturbed over the condition of affairs being developed by the increased pressure resulting from the mountain side. Since the water gauges showed an increase in pressure reaching to a mean of 80 pounds there have been reports of breaks in service pipes and in lateral mains. These have been attended to as rapidly as possible, and the engineer has been hoping that the danger from this source would not amount to much. But this morning no less than six bad breaks were reported in various parts of the city, some of them being beneath the asphalt pavement, and it is this that is giving him considerable anxiety.

Much Enthusiasm for Little Money.

The members of the Reception Committee are of the opinion that the city's portion of the cost of yesterday's celebration will not exceed \$2000. That doesn't seem much for all the enthusiasm got out of it, and if the sum is proved to be correct the taxpayers will feel gratified.

A Fine Point of Law.
T. W. Barry, manager of Grafton's clothing store, has been summoned on a charge of obstructing the sidewalk by having a man in his window to attract a crowd. A fine point of law will be raised by the defendant's counsel. The man in question was painted to represent a crowd. He attracted hundreds of persons around the window, blocking traffic. The charge was laid by Constable Leary, acting on instructions from Chief Smith.

Police Points.
Thomas Tate, at the Police Court to-day, pleaded guilty to the charge of breaking into Prince & Son's shop, York-street, yesterday, and stealing 20 cents and a bunch of keys. He will receive his sentence to-morrow.

Both Bob Young and Herbert Robinson, charged with pocket picking, were remanded for trial till Thursday.

Mrs. Margaret Neville, for stealing a can of coffee, was sent to jail for one month.

John Burke, for being a vagrant and consorting with thieves, was given six months in Central Prison.

James Phillips, who pleaded guilty to the charge of stealing two pairs of shoes, was given two months.

In Judge Sailer's court Oscar Moore of Portmouth, N.H., pleaded guilty to the charge of stealing a bicycle, belonging to Henry Carrill of Dundas, and was remanded till to-morrow for sentence.

To the Grave.
Lieut. George Parry, son of the late T. Parry, for years employed by J. D. Clinch, died today in his 56th year. He leaves a widow and one son.

The funeral of the late Pevet William Hand took place this afternoon. The remains were taken to St. George's Church, where service was conducted by Rev. E. E. Howitt, assisted by Rev. Canon Forester. Rev. Mr. Howitt also officiated at the grave.

The remains of the late Lyman L. Giffith were forwarded to Longwood, Ont. this morning, for interment. A short service was held at the residence of the deceased's son, J. B. Giffith, Rev. G. F. Saiton officiating.

The funeral of the late Phillip (Daker) Gendel took place this afternoon from the residence of his son-in-law, Mr. Walter North, James-street.

Coleman-Wilson Nuptials.
This afternoon the wedding of the daughter of Miss Little Wilson, youngest daughter of Joseph Wilson, and Richard Coleman of Bradford, Rev. C. J. James presided over the ceremony. The bride was attended by Miss Maud Hancock, and Will Lydell of Bradford assisted the groom.

The large built by the Hamilton Bridge Co. for the Montreal Transportation Co., was taken to Charlotte, N.Y., yesterday on its first trip. It will take on a cargo of coal.

REAL ESTATE INTELLIGENCE

List of Toronto Property Transfers—Last Week's Business the Dullest for Years Past—No Building Permits Issued From Last Wednesday—New Buildings in the Queen's Park—The Increased Assessment—Two Important Sales Reported.

Not for a number of years past has business in Toronto real estate circles been so dull as it is at present. It is accounted for by the royal visit, business in general being practically suspended from Wednesday until Monday. However, by yesterday (Tuesday) afternoon matters had again commenced to brighten up as usual as before.

Two weeks ago particulars were given in the real estate column of the World dealing with the great scarcity of houses for renting purposes in Toronto. Later information obtained illustrates the fact that over a couple of thousand people in houses. The latter cannot be had, and this state of affairs is surely strong evidence that the renting house accommodation in Toronto is absolutely inadequate. As a result of this circumstance, these people have been obliged to store their furniture, and on every hand considerable inconvenience is being experienced by those immediately concerned.

As a result of the scarcity of houses, former tenants are buying. On account of this, not for many years past have so great a number of property sales been recorded as of late.

In the north-east and west ends of the city a big number of houses are being erected for owners; but, strange as it may seem, several builders are reported to have refused contracts for the erection of houses for the purpose within the last three weeks.

NOTICES.

A prominent Victoria-street real estate agent stated that the corporation had announced that not for 12 years has there been such a big demand on houses.

The Canada Permanent and Western Canada Mortgage Corporation has a list of properties a few weeks ago, which it had in the market. Another list was published in the World, and it is just about one-quarter the size of the first one. Since the first month of the year, the corporation has disposed of property to the extent of half a million dollars.

It is given on some authority that Toronto is the largest city in the world below its mark. The cause is said to be that so long as people are placed in a position to receive the present rate of real estate is not likely to reach its true value. During the past few days Mr. T. W. W. Barry, manager of Grafton's clothing store, has been summoned on a charge of obstructing the sidewalk by having a man in his window to attract a crowd.

Interesting Day Spent in Eastern Ontario—Thousand Islands Viewed From the Deck of the Steamer Kingston—Night Spent at Cardinal, Ont.

Bellefleur, Oct. 15.—A very large crowd, estimated at from 8000 to 10,000 people, assembled at the Grand Trunk station this morning to greet the royal party, whose train had arrived late last night and had been switched on to the Midland siding, where they remained all night. The Governor-General's train was backed down at 9:15, and after Mayor Graham and other gentlemen had been introduced, it left after a few minutes' stay, for Kingston. Soon afterwards the royal train arrived, and the Mayor, Alderman and a number of gentlemen and ladies were presented to the Duke and Duchess, to whom a beautiful bouquet was presented by Miss Graham, daughter of the Mayor. The stay of the train was not more than ten minutes. A guard of honor was furnished by the 15th and 49th Regiments and the Veterans' Association, and the pupils of the city schools, Albert College and the Business Colleges sang the National Anthem and "Hail Britannia," in which the pupils of the Deaf and Dumb Institute joined with the sign language. Cheers greeted the royal party, whose train left at 9:50 for Kingston. The forenoon was observed as a half-holiday.

GREAT CROWDS AT KINGSTON. Kingston, Oct. 15.—Before the time arranged for the reception of the royal visitors to-day Kingston's streets were crowded, the whole countryside having emptied its population into the old Limestone City. The day was beautiful, the air cool and invigorating. The dejeuner was most interesting. The dejeuner party received a welcoming salute of 19 guns by the "B" Battery at Point Frederick, and the royal party, who arrived at 11:25, a salute of 21 guns. There was tremendous enthusiasm as the Duke and Duchess drove up Ontario-street from the handsomely decorated Grand Trunk station to the City Hall. Here, under a picturesque pavilion near the entrance and on the site of Gen. Brudenell's fortifications, which were only a few minutes' ride, the Duke and Duchess were met by a group of 2000 children and saw them through and about.

The Duke made a brief, well-timed address, and then received several addresses from all present places, which were only heard in. Miss Rilla Kent, daughter of

Mayor Kent, gave the Duchess a fine beautiful Thousand Islands. The gracious pair seemed extremely delighted at their reception. A big crowd of residents from the city were on hand to join in the greetings.

The Hospital. The royal physicians then moved to Queen's College thru gaily decorated avenues, crowded with shouting spectators, past Monument Park and through all of historic interest. On the way the Duke and Duchess of York diverged from the route and proceeded to the University in the General Hospital. This was the first call made on the long tour to a private citizen. The evening was cordial and greatly pleased the distinguished Principal, who promised, in his joking way, to return in some future date. The Duchess, during her brief stay, made enquiries of the number in hospital, staff employed, and spoke tenderly to two sick-nurses in a room adjacent to the principal. Before leaving, the Duke presented a beautiful diamond watch to the Principal. Before leaving, the Duke presented a beautiful diamond watch to the Principal. At the University. At the new arts building at Queen's a huge platform held dignitaries of church, judicial and civil life. Sir Sanford Fleming, K.C.M.G., Chancellor of the University, and over 200 guests received the Duke and Duchess. On the Duke the degree of LL.D. was conferred. The Duke was accompanied by the presentation address. The newly appointed honorary graduate made a felicitous reply to the presentation address. The Duke and Duchess opened the volume of the Domesday Book with their signatures, and H.H. the Duke well and truly laid the corner stone of the new building donated to the college by the citizens of Kingston. There were mighty cheering and lusty songs by the students while great time was spent in exchange of good wishes.

THIRTY THOUSAND ISLANDS. Gananoque, Ont., Oct. 15.—The Duke and Duchess of Cornwall and York and members of the royal suite, accompanied by the Governor-General, Countess of Minto, and Sir Wilfrid and Lady Laurier, to-day varied their long railway journey by sailing down among the Thousand Islands from Kingston to Brockville, making a stop here in 15 minutes. A hearty reception was given them. The royal suite was fired from Squaw Point, the school children, 800 in number, sang the National Anthem and other patriotic songs.

BROCKVILLE WAS GAY. Brockville, Ont., Oct. 15.—Never was Brockville so gaily decorated as today: every citizen put forth his best efforts to celebrate the brief visit of the Duke and Duchess of Cornwall and York. The royal party arrived by the steamer Kingston at 6:15 p.m. Their Royal Highnesses were accompanied by a committee consisting of Mayor Buell, Judge McDonald, Senator Puffer, George P. Graham, M.L.A., John Culbert, M.P., Sheriff Dana and H. A. Stewart, barrister. A cheer went up as the Governor-General and the Premier emerged from the steamer. When the Duke and Duchess appeared the crowd shouted their enthusiastic applause. The Duke and Duchess were met by a committee consisting of Mayor Buell, Judge McDonald, Senator Puffer, George P. Graham, M.L.A., John Culbert, M.P., Sheriff Dana and H. A. Stewart, barrister. A cheer went up as the Governor-General and the Premier emerged from the steamer.

HUGGER IN CHATHAM. Chatham, Oct. 15.—"Jennie the Hugger" has arrived in Chatham. This fact was illustrated and experienced by young people in the city. He was wearing his weary way homeward at a perfectly proper hour, when some one, apparently a beautiful young lady, suddenly appeared on the scene. The young man was carried into raptures for a few moments by her endearments. She raised kisses on him. After a brief struggle he regained his senses, only to find that his affinity had flown.

LAURENTIDE PULP CO. Montreal, Oct. 15.—The annual meeting of the shareholders of the Laurentide Pulp Company was held here to-day. A statement was posted showing the net profit for the year to have been \$286,301, or more than 18 per cent. on the entire paper product of the plant. The company was formed in 1892 at high prices. Mr. H. H. Hogue was elected director of the company.

MISS GALLANT'S CASE. The Story of a Prince Edward Island Lady After Four Years of Patient Endurance at Last Succeeded in Leaving Her Difficulties Behind. No words can be found sufficiently strong to describe the suffering, distress and misery caused by derangements of the stomach and digestive organs. Those who themselves have suffered these tortures will readily admit their inability to properly describe them. The never-ending pain, the unrelenting distress, which morning, noon and night pursues the victims of dyspepsia, is not to be told in words.

Miss Maggie Gallant of Summerside, Prince Edward Island, suffered for four years with stomach trouble before she heard of Dodd's Dyspepsia Tablets. They cured me, and I can never say or do enough for Dodd's Dyspepsia Tablets. The misery I endured during that four years will not soon be forgotten, and I can never say or do enough for Dodd's Dyspepsia Tablets, the remedy that made my life worth living once more for me. Dodd's Dyspepsia Tablets are a safe, safe and pleasant cure for all diseases of the stomach. They are given by nature's method. They give the tired organs rest and an opportunity to regain their normal health and vigor. The large white tablets digest the food for you, and do not require any effort by the stomach. The small brown tablets are used as a laxative when such is necessary; they tone up the liver and bowels. Together they form the very best possible treatment for all stomach derangements, and in one box for fifty cents.

BOLD AND BRUTAL ROBBERS.

Beat Helpless Women Into Inequality and Ransack Their House. Rochester, N.Y., Oct. 15.—One of the boldest and most deliberate burglaries recorded in the history of the city was carried out with consummate skill and brutality at No. 136 Scofield-st., this afternoon. Two elderly women, Mrs. L. M. French and Mrs. A. A. Gardner, both about 80 years old, were victims and were relieved of property amounting all told to over \$3000. At about 3:30 this afternoon three young men, ranging in ages from 22 to 25, bearded and dressed neatly, appeared at Mrs. French's home and presented a paper which they alleged to be credentials that they were authorized agents of a local gas company and said that they wished to examine the gas meter in the kitchen. The women, who were alone, complied with their supposed duties, the men went away, but later returned "to turn on the gas," which they said they had forgotten to do. They then entered the kitchen, the men came upstairs, and without warning, fell upon the two helpless women, beating them in the most brutal manner. They then stood guard over the prostrate victims, while the third ransacked the house, taking the jewelry, watches, seals, sashes, etc., valued at more than \$3000. The men then fled, leaving the women in the cellar, the burglars cut the telephone wires running into the house and, after occupying nearly two hours in their work, leisurely departed.

Mr. Gladstone's Handshaking. From the London Chronicle. The announcement from Canada that the Duke and Duchess of Cornwall have had to give up prearranged handshaking on the ground that the spirit is willing the flesh is weak, recalls an incident of Mr. Gladstone's memorable Minto visit. A great handshaking ordeal at the window of the old man's railway carriage, and he was rapidly getting the worst of it. A railway policeman, who accompanied Mr. Gladstone, proved equal to the occasion. He was the greatest of the great. He thrusting his hand under Mr. Gladstone's invariable cape the muscular "peeler" gave each man in turn a grip that had no lack of cordiality. "The old man's uncommon vigor at his time of life," observed one unsuspecting Scot as he stroked his fingers. "He is that," concurred another of the policeman's victims, "but did you notice his nails?"

Old Hulton Boys. Old Hulton Boys held their regular monthly meeting in the Temple last night. They wound up the business in connection with their visit to Milton on Sept. 27. The receipts from the concert and sale of the members of the National Anthem, a beautiful volume of the National Anthem, were \$100. It was decided to hold a concert for the benefit of the National Anthem, and a committee was appointed to procure talent and arrange a program.

Execution for Large Amount. Woodstock, Oct. 15.—The sheriff of Oxford County was today handed an execution of the Bank of Montreal, London, for the largest amount of money ever issued thru the office. The amount was \$26,000. The lands against which the writ of execution were directed were supposed to be owned in East Nisour, but failed to find them. Joseph Polina was at one time connected with the Imperial Oil Company and owned a very nice estate in East Nisour, which appears to have passed out of his hands, and the execution was returned as "no good."

Drivelling in Vogue. "Drivelling," says an English magazine, "is coming into fashion again." This certainly sounds startling. Suggests drivelling idiots and other most unattractive ideas. Angliophobes whose jaws are always aching to snip and snarl at our English consuls will have a chance to say two or three unpleasant things. "Coming into fashion," for instance, with the accent on the coming. "I didn't know it had ever gone out."

GOOD COFFEE MAKER

Experience With the Berry. "I have gained twenty-five pounds since I left off coffee and began drinking Postum Food Coffee in its place. "I had become very thin in flesh and suffered tortures with heartburn, was a nervous wreck with headache practically all the time until one dreadful day when the good doctor told me I must quit drinking coffee, as he had nothing left to try to relieve me. "I could not drink tea and had tried everything else, even Postum, but put it by at the first trial, because it was quite like. "I resolved to try again, I determined to see if it could not be made palatable, and found at once that when I followed directions on the official Postum envelope, that I not only liked it but gave it to my husband for several days without his finding it out. I have the name of making good coffee, and we always used the best, but of late I have given Postum to guests many times in the name of coffee and have never been detected yet. "Our four children have not drunk coffee for three years, and all have gained health and flesh since using Postum. One son, who was always sick, has been greatly benefited by its use, and as above stated, I have gained twenty-five pounds since taking up Postum. I am healthier to-day than I have been for years and give Postum all the credit. Please do not try my name in public."

This lady lives in Burlington, Iowa, and the name will be furnished by the Postum Cereal Company, Limited, Battle Creek, Mich., to those interested.

The World continues the discussion of the way our people talk the King's English. THE BUSINESS SIDE OF THE UNIVERSITY
United States now recognize that their responsibility towards their students includes their physical as well as mental welfare. The financial and business end of the modern university is hardly less important than its academic side.

Having thus cleared our position, let us come to the pulpit, and to the men in the Anglican Church. They have, as we know, helped to preserve and form the English tongue as it is today. Some of them are models in every respect as to voice, language and plainness of speech.

XXIV. Of speaking in the Congregation in such a tongue as the people understandeth. It is a thing plainly repugnant to the Word of God, and the custom of the Primitive Church, to minister the Sacraments in a tongue not understood of the people.

object of showing these foolish Canadians who are what they consider to be the fashionable English pronunciation of their mother tongue, The Toronto World asserts that the Duke of Cornwall pronounces his English as it is pronounced by any educated Canadian.

There is, however, much good sense in the Duke's view. He is a Canadian who has lived in Canada for many years, and he has had the opportunity of observing the English spoken by the people of this country.

THE KING'S ENGLISH IN THE CHURCH
The World continues the discussion of the way our people talk the King's English. The interest grows: everyone is reading what we say; the diversity studies are taking stock of themselves; a professor of elocution writes us a letter in this issue; and all the community is laughing at the apostles of the "blawsted" aristocratic accent that we have in our midst...

THE BUSINESS SIDE OF THE UNIVERSITY
United States now recognize that their responsibility towards their students includes their physical as well as mental welfare. The financial and business end of the modern university is hardly less important than its academic side.

Having thus cleared our position, let us come to the pulpit, and to the men in the Anglican Church. They have, as we know, helped to preserve and form the English tongue as it is today. Some of them are models in every respect as to voice, language and plainness of speech.

LETTER FROM MISS STONE

Kidnapped Missionary Urges the Payment of the Ransom on an Order From Herself.

FIRST SHOWN EVERY COURTESY

But Since Pursuit by the Turkish Troops Things Have Materially Changed.

New York, Oct. 15.—According to a despatch from Sofia, further word has come from Miss Stone in the following letter written from Macedonia to W. W. Peet, treasurer of the Turkish Mission in Constantinople:

"My honored friend: I write to inform you that on Sept. 3 I was captured by a great number of armed men—some 400—as I traveled from Banako to Diumala, with about 12 teachers, students and others."

"They took me for my companion, Mrs. Catharine Tsika. The reason was that they captured us for a ransom. The price which they demand for us is \$25,000, Turkish, which sum must be paid in gold, and this entirely without the knowledge of the Turkish and Bulgarian governments, within the term of 15 days from to-day."

"The condition of Mrs. Tsika decided the limit, as she is to give birth to a child in three months."

"We are pursued by a Turkish army. I beg you to hasten sending the ransom demanded, and that as energetically as possible you will represent to the Turkish government that it stop the pursuit of us by soldiers and Bashibazouks, otherwise we shall be killed by the people in whose hands we are. I pray you to send this letter to the representative of the United States at the court, and request him to use his most serious co-operation."

"I pray for us. We are at peace with God."

"With hearty salutations, your friend, Ellen M. Stone."

RANSOM NOT CLAIMED.

Sofia, Oct. 15.—Although the time fixed by the kidnappers for the payment of the ransom was yesterday, no one has appeared at Banako to claim the money or to announce the fate of the captives. It is now feared that the kidnappers are still in the mountains, and that the efforts of the police to arrest them are fruitless. It is suspected of complicity in the kidnapping, are still unwilling to the sympathy of the inhabitants and local authorities.

It might be noted that the Railway Company saves 15 days' interest on the big cheque it sends to the city. This is not an unusual occurrence.

The appeal of the Toronto Railway Company against the \$700,000 assessment on their cars was argued again yesterday before Judges McDougall, McRobb and McCrimmon. Decision was reserved for further evidence, which will be taken by Judge McDougall.

Cobra Bit Him.

New York, Oct. 15.—A despatch from Paris to The Times says it has been found necessary to amputate one of the fingers of Dr. Calmette, director of the Pasteur Institute, on account of a bite from a cobra from which he was extracting the venom. It is presumed that the serum injected by Dr. Calmette after he had been bitten by the cobra saved his life, but after three weeks amputation was necessary.

Bald?

Then you starved your hair. What did you do that for? When you saw that your hair was falling out, why didn't you use Ayer's Hair Vigor? It feeds the hair, gives it vigor, stops it from falling, makes it grow, and always restores color.

"I was almost bald before I began using Ayer's Hair Vigor. In a short time my hair all came in again, and now it is thick and heavy."

WRECKED A BANK.

Six Robbers Secure \$40,000 in an Ohio Town.

Galion, Ohio, Oct. 15.—The bank of the Farmers' and Merchants' Bank at Tiro, a small town near here, was wrecked early this morning by six robbers, who secured the contents and escaped. It is said to have vaulted \$40,000.

The crackmen used nitro-glycerine. The doors of the vault were blown completely off, and the building was demolished. The explosion awoke the people of the town. All who approached the bank, however, were driven away by the crackmen, who were armed with rifles.

Having secured their booty, the crackmen went to a livery stable, where they took several signs and drove rapidly away. A posse and bloodhounds are on the trail of the robbers.

ANOTHER SAFE BLOW.

Danville, Ohio, Oct. 15.—Eight robbers to-day effected an entrance into the bank building here and blew the safe with dynamite. The building and the safe were wrecked. The explosion wounded many citizens, who hurried to the scene, and a battle ensued. It is thought one robber was wounded, but all succeeded in escaping in vehicles which they had in readiness. They got little value, so far as known.

BAPTIST UNION.

Brantford, Oct. 15.—The forty-sixth annual convention of the Ontario and Quebec Baptist Union opened last night in Calvary Baptist Church with a very large attendance. Last night's meeting was chiefly devoted to the appointment of the different committees and scrutineers.

At this morning's session the subject, "Drifting From Christ and its Dangers," was ably handled by Rev. J. J. Reeve, B. A., B. D. The president's address was "Some New Testament Principles of Life and Service."

Mayor Wood then extended a cordial welcome to the delegates and visitors with the expression of hope that the week's conference would be very beneficial to the church and the community.

The secretary, Rev. J. G. Brown, then read the 50th annual report of the Foreign Mission Board. In the last 88 years the mission board has increased from 1,000 members in 1813 to a membership of 4,500,000. He also made reference to the mission work in India, which now shows an addition of 1,500,000 heathens, occupied by 28 missionaries, as against by nine ordained and seven laymen.

HEART DISEASE.

Some Facts Regarding the Rapid Increase of Heart Trouble.

Heart troubles, at least among the Americans, are certainly increasing, and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomach, or poor digestion.

Real organic disease is incurable, but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way the heart is affected by the form of poor digestion which causes gas and fermentation from bacteria. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action, hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most successful treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

It can be done by the regular use of after meals of some safe, pleasant and effective digestive preparation like Stuart's Dyspepsia Tablets, which can be found at most drug stores, and which contain valuable harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular, persistent use of Stuart's Dyspepsia Tablets will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book of stomach-troubles mailed free. Address: F. A. Stuart Co., Marshall, Mich. 135

New York, Oct. 15.—According to the estimate of the Paris correspondent of The Times, M. Santos-Dumont, the Franco-Brazilian aeronaut, has solved one feature of the problem of aerial navigation, that is, steering.

In the trial Monday M. Santos-Dumont's machine mounted, descended and turned backward and forward, and was controlled in the air whenever M. Santos-Dumont desired it to do so. Whether or not the young inventor gains the prize of 100,000 francs offered by M. Deutsch for a dirigible balloon, it is a considerable step in human progress.
