British Licensing Bill Would Wipe Out 30,000 Saloons; a Third of Total

Asquith's Measure Includes Local Option on Straight Majority Basis—To End in 14 Years the System of Compensation.

LONDON, Feb. 27.—Chancellor of the Exchequer Asquith introduced the Licensing Bill in the house of commons this afternoon. This is the principal government measure for the present session of parliament. The capital invested in licensed premises in this country is about \$1,200,000,000, while over 2,000,000 people are employed in the trade.

The bill provides for the compulsory reduction within a specified period and on a uniform scale of the number of saloons licensed through the country. In cities it is proposed to allow one saloon for every 750 persons, and in the country districts one saloon for every 400 persons. The total number of saloons, it is estimated, will be reduced to one-third of the present total.

STABS FATHER AND MOTHER. Intoxicated Italian Runs Amuck on Chestnut Street.

Amido Cennone, 18 years, an Italian laborer, stabbed his stepmother, Bridget Cennone, and his father, Michael Cennone, at their home, 282 Chestnut-st., at 8 1/2 o'clock last night.

Members of the family ran screaming from the house, and were seen by P. C. Craig (13) on their way to the sink children's hospital to secure medical aid. He immediately went to the house and, as he entered the door the young man crawled out of a back window over a shed and fled up a lane in the rear. The constable gave chase and got to the street station, where the man was arrested.

The stabbing occurred after a family row, the son being intoxicated, the young man becoming enraged with the woman stabbed her in the back and arm with a short penknife. The father, interfering, was cut in the hand. Several stitches were put in this wound, and the man, who is 71 years of age, was bleeding profusely. He was sent to Grace Hospital. She is about 55 years of age.

GIVEN CATHOLIC FUNERAL

By Special Permission of the Papal Delegate.

MONTREAL, Feb. 27.—(Special).—The papal delegate has just been called in to decide as to whether a Catholic funeral should be accorded one of Montreal's most learned citizens. Last week the death was announced of Prof. Fisher, a well-known and leading member of the teaching staff of the Catholic Polytechnic School, St. Denys-street.

The old man had always passed as an exemplary citizen, but as a materialist he did not go to church, and, dying suddenly, he did not have the rites of the Catholic Church. A delegation from Laval saw the archbishop, but his grace was obdurate, refusing Catholic burial. Manager Bruchesi said he would not take the responsibility, and referred the case to the delegate at Ottawa.

Two gentlemen, one a layman and the other a priest, went to the capital and laid the case before Mgr. Sbarretti, who finally gave his consent. The card bore the words: "By special permission of the papal delegate."

HELD BY A COMPANION AGAIN ATTEMPTS LIFE

Young Irishman Twice Gashes His Throat, But Will Likely Recover.

In a fit of despondency brought on by several months hard drinking, John McKelough, 25 years, an Irishman, who came to this country in November, made a determined attempt at suicide in his room at 264 George-st. at midnight last night.

A companion was in the room with him at the time, and turned to see McKelough make a five-inch gash in his throat. The man grappled with him and while holding him on the floor the young man made a second attempt to gash his throat with a penknife.

The World

TWELVE PAGES—FRIDAY MORNING FEBRUARY 28 1908—TWELVE PAGES

PARKS PROPOSALS SHEWED BY COUNCIL

Talk Four Hours and Then Decide to Ask Legislature For "Permissive."

REFUSE A BOARD WHOLLY ELECTIVE

After a debate of four hours, and consideration of a number of amendments to the recommendation of the parks re-organization committee, the legislature is asked to empower the city to establish an elective parks commission, the city council yesterday decided to apply for "permissive" legislation. This means that, the requisite permission being obtained, the council will again wrestle with the problem of whether a commission is advisable, and, if so, in what manner it should be applied.

HON. MR. ASQUITH Chancellor of the Exchequer and Probable Premier at an Early Date.

The recommendation that a committee be elected by the citizens as a preliminary step to the formation of a parks commission, was adopted by a majority of 100 to 50.

MAGISTRATE HAS TO EXPLAIN HIS FEES

Judge Winchester Begins to Probe for Irregularities in Mr. Woodcock's Accounts.

Serious disclosures as to the handling of public funds belonging to the County of York were made yesterday before Judge Winchester in the inquiry into the administration of justice by Magistrate Woodcock of Newmarket before the commission of inquiry, consisting of Councilors Pugsley, ex-Councilor J. D. Evans, and James P. Mallon, recently named to conduct a public audit. Judge Winchester is also county auditor, and it is because of evidence of irregularities in the accounts which he reported to the county council that the investigation is now being held.

The judge and the chief witness had several very lively passages, the former pressing the latter continually for explanations of certain items. In several instances he was forced to ask the chief witness if his answers were true and if he had acted honestly with the county in different cases. Woodcock either remained silent, stammered attempts at explanation, or made bitter by-worded claims of justification.

County Constable Savage was also put in the rendered and which had been certified to by Magistrate Woodcock, in which he charged for fifty miles too much in a trip to Parry Sound for a man named Gray, accused of theft. Savage had charged mileage by way of Scotia Junction, when he had expected to have been in Parry Sound for two trials of his prisoner last September, one in Toronto and one in Mount Albert, where young Gray would appear before the commission, had already admitted his guilt. The witness could not remember whether the case had been tried in Mount Albert or not, and he could not remember what he had done with the papers of conviction.

"Do you put in that dishonest account," asked his honor, "for that paltry \$2.50?"

"I admit it was an error in the date, but I am not going to charge for the two trials." Fishbe will be called when the enquiry resumes at 10 o'clock this morning.

Payments to Witnesses. Mr. Woodcock was sworn twice when called as a witness. He had been appointed magistrate last May. He admitted that he was a collector of debts but in answer to the judge said that his clientele was not large, because people did not trust him now.

His honor first probed the Boyd and Gooderham case, where a fine of \$30 had been imposed and which, according to the witness, had gone to the complainant in the person of Chief Fitz of Georgian Island, his solicitor, A. Crozier, and a witness. Mr. Woodcock swore that he had paid \$20 to Fitz. The conviction was appealed and the witness acted as Crozier's agent in taking out the summons at Newmarket.

"Don't you think that was mighty improper?" continued his honor, but witness answered that he had only got \$2 for drawing up the papers.

His honor: "There was \$5.75 for witnesses and as far as I can see only \$4 was paid." Fishbe will be called when the enquiry resumes at 10 o'clock this morning.

Will Wear King's Medal. LONDON, Feb. 27.—(C.A.P. Cable).—The Lord Mayor of Newcastle presented Miss Lamb with the King Edward award for her deed of bravery in the Strathcona Mine at Strathcona. He said it was the King's wish that she should wear the medal.

THE BLAZED TRAIL

OLD MAN ONTARIO: Follow the blazes, James, and don't shy at the Corporation howl owls. They're all voice and the woods is full of 'em.

Money By Millions Coming to Canada

British Investors Readily Take to C.P.R. and G.T.R. Recent Issues.

"The outlook? Well I don't know," remarked an astute financier yesterday in answer to an enquiry as to the business and financial prospects for the spring. "All I can tell you is this: The British investors are putting money into Canada in good round sums. Take the C.P.R., for instance. This company has recently called for new subscribers and a large part of the former will be forthcoming from European investors. I have notice also that the Grand Trunk have made on a form to be published in to-morrow's World.

SILVER MUGS FOR LEAP YEAR BABES.

Four years ago The World gave nearly one hundred pretty silver mugs to "leap year" babes—that is, babes born in Ontario on Feb. 28, 1904. From photographs since received, we are pleased to know that the babes seem to have proved thriving and handsome.

This year The World will make the same gift—to all babes born in the province to-morrow, Saturday, Feb. 29, a silver mug. All that is required is that the notification to this office be made on a form to be published in to-morrow's World.

RIGHTS OF CANADIANS IN THE SEALING GROUNDS

Discussion in Commons Also Takes Tone of Resentment Against the United States.

OTTAWA, Feb. 27.—(Special).—In the house to-night Mr. Sloan (Comox-Atlin) brought up the matter of the seizure of the Canadian schooner Carlotta G. Cox by a United States revenue cutter on May 22, 1907, and other matters concerning the Canadian sealing operations in the North Pacific Ocean. When the seizure was made no less than five Japanese schooners were plying their trade unmolested, he said. He thought the Hague tribunal should interfere.

Dr. Thompson followed with an attack upon British diplomacy in the matter of securing Canada's interests for the sake of securing the friendship of the United States. Canada should have a navy, which in time would be large enough to protect her own interests. We should have an arrangement by which Canadians would get rid of the name "colonials" and be received in London as the equals of Americans.

TOMMY ATKINS FIGHTING INDIAN TRIBESMEN ON JAP PLAN

Kitchener Adopts New Tactics, and Has His Men Advance in Open Order.

LONDON, Feb. 27.—Lord Kitchener's little frontier war in the Bazar Valley against the Zakkakheh tribesmen is making rapid and successful progress. The purpose of the expedition is to punish the tribesmen for numerous raids into Indian territory, and in a remarkably short campaign they have been scattered and broken, their fortifications destroyed and many of them have been killed.

The expedition is thought here to result in a complete reorganization of the Indian army as carried out by Lord Kitchener. Tommy Atkins is profiting by the lessons learned from the Russo-Japanese war and he is being taught to follow the tactics used by the American army in its Indian campaigns and in fighting in the Philippines.

LAWLESSNESS IN MONTREAL

Canadian Senate Discusses Recent Outbreaks.

OTTAWA, Feb. 27.—(Special).—At the evening sitting of the senate, Senator Cloran called attention to the deplorable condition of things which obtained in Montreal and other cities owing to the lawlessness of undesirable immigrants, and quoted from Montreal papers in condemnation of the recent numerous crimes of Italians there.

Hon. R. W. Scott said the trouble was that Montreal abandoned in drink-ing places to such an extent that the illegals made no attempt to suppress this illegal traffic. Fifty hotelkeepers were recently hauled up for illegal liquor sales of \$5 each. If the Montreal police had arrested Italians at the outset for carrying dangerous weapons, crime would not have been so conspicuous.

WANT NEW AGREEMENT.

At a meeting of the United Carpenters' Union last night, a committee was appointed to confer with the employers with a view to having a new agreement commencing May 1.

THE REAL SIGNIFICANCE OF TWO RECENT SPEECHES

Does Hon. Wm. Paterson Object to Being Relegated to Oblivion of the Red Chamber?

OTTAWA, Feb. 27.—(Special).—Political gossipers are busy discussing the speech made by Hon. William Paterson, minister of inland revenue, which he delivered at Windsor recently, and in which he said the senate was a body of old gentlemen who dreamed life away in perfect serenity. This statement, coming from an ordinary member of the Liberal party, might be taken as an indication that he still had some firm adherence to the principles of old Liberalism, but coming from a minister of the crown, such as Mr. Paterson, it has caused no little speculation as to its significance.

Senator George W. Ross showed how sensitive he is to the charge that he was an aged dreamer. When in the senate on Wednesday he declared that at the elections in Brant he would undoubtedly be found knocking at the senate door and longing to join the ancient and irrelevant band of old scoozers. Senator Ross' speech shows that there is a marked difference of opinion between him and Mr. Paterson, and his words also may have deep significance.

WHY PATERSON JIBES.

One Liberal member of the house, discussing the matter with The World to-day, said: "Hon. Mr. Paterson's speech at Windsor, in which he made fun of the senate, indicates to my mind that the plans for the reorganization of the government are well under way. Suppose Mr. Paterson had gone into the senate, and at the same time resign his portfolio, and be refused to do so, would he not be in the proper frame of mind at the first public opportunity to let Sir Wilfrid Laurier know what he thought of the 'Ancient Mariners'? I think this is just what has happened. Sir Wilfrid, while appreciating the great services Mr. Paterson has done to the Liberal party and to Canada, feels that the time is about ripe for the bringing of new blood into the cabinet. He has suggested to Mr. Paterson that it would be a good party move if he were amicably to drop out of the government and seek repose in the upper chamber. I believe Mr. Paterson does not want to leave the cabinet, and I think in that fact is contained his antipathy to the senate."

WHY ROSS DEFENDS.

"As for Hon. G. W. Ross it is quite fitting that he should uphold the dignity of the senate, seeing that he is a senator, and it is not idle to hazard the guess that Senator Ross is aware of certain plans of reorganization of the government which he has always hoped since he came to Ottawa, to show Sir Wilfrid Laurier that he, Senator Ross, is the standing eligible candidate for the first vacancy in the cabinet. There you have the significance of these two speeches, a significance which reveals a far-guess at what is going on under the surface in politics in this country."

BRITISH SCHONER WRECKED.

TURKS ISLAND, N.S. Feb. 27.—The British schooner Marjorie J. Sumner, from Weymouth, N.S., Jan. 30, for Sagua, Cuba, was wrecked and became a total loss on North Catoos Island four days ago.

She was laden with lumber and her cargo probably will be saved.

THEFT OF LUMBER.

James Brown, Russell-avenue, was arrested yesterday afternoon, charged with theft of a quantity of lumber from 14 Lansdowne-avenue.

Two Hundred Men Cut Off by Mine Explosion

Special Train With Nurses and Doctors Has Left San Antonio for the Scene.

SAN ANTONIO, Tex., Feb. 27.—A special to The Express from Sabinas, Coahuila, Mexico, says: At 5 o'clock this morning there was an explosion of gas in mine No. 3 of the Cia Carbon de Sabinas mines at Sabinas. There are about 200 men working in the mine, and up to 7:30 a.m. men have come out. It is expected that many are dead or badly injured. A special train left here with doctors.

Lawlessness in Montreal

Canadian Senate Discusses Recent Outbreaks.

OTTAWA, Feb. 27.—(Special).—At the evening sitting of the senate, Senator Cloran called attention to the deplorable condition of things which obtained in Montreal and other cities owing to the lawlessness of undesirable immigrants, and quoted from Montreal papers in condemnation of the recent numerous crimes of Italians there.

Hon. R. W. Scott said the trouble was that Montreal abandoned in drinking places to such an extent that the illegals made no attempt to suppress this illegal traffic. Fifty hotelkeepers were recently hauled up for illegal liquor sales of \$5 each. If the Montreal police had arrested Italians at the outset for carrying dangerous weapons, crime would not have been so conspicuous.

WANT NEW AGREEMENT.

WILL WEAR KING'S MEDAL.

LONDON, Feb. 27.—(C.A.P. Cable).—The Lord Mayor of Newcastle presented Miss Lamb with the King Edward award for her deed of bravery in the Strathcona Mine at Strathcona. He said it was the King's wish that she should wear the medal.

THEFT OF LUMBER.

James Brown, Russell-avenue, was arrested yesterday afternoon, charged with theft of a quantity of lumber from 14 Lansdowne-avenue.

WHO'LL COMPOSE THE RAILWAY BOARD?

Mr. Graham Says the Extension of Jurisdiction Will Be Announced Soon.

LAWYER OR EXPERT OR ALL-ROUND MAN?

OTTAWA, Feb. 27.—(Special).—Engagement of the powers of the board of railway commissioners to enable it to deal with pressing problems of public interest was urged upon the minister of railways in the commons today and with evident success. Mr. Graham, to his credit be it said, evinced a readiness to profit by the suggestions which were given him by members of the opposition.

The discussion arose in committee on the resolution increasing the membership of the commission. Mr. Graham explained that it was proposed to add three members to the board, one, he said, is to be assistant chief commissioner, whose qualification must be that of a superior court judge or barrister of ten years' standing, his salary to be \$9000 a year. The salaries of the other two will be \$8000 a year. It is proposed that the board shall have power to hold more than one sitting at the same time, but each section to sit as a whole board. The bill also requires that each railway company shall have a representative at Ottawa upon whom notice may be served when required.

W. F. Maclean observed that not only was the minister increasing the membership of the board, but he was probably also going to increase its powers. The government ought to take the house into its confidence and say what these enhanced powers are to be. Everybody in the country favored enlarging the scope of the commission. It was said the government proposed to place in the jurisdiction of the board telephone and telegraph, as well as sleeping car service. Should not the commission also have control of the rates charged by cartage companies which form in many instances a large proportion of railway freight charges? Mr. Maclean suggested further that news companies as well as express companies should also be brought under jurisdiction of the board. The question of demurrage might be included, too.

NEW BILL SOON.

The minister of railways replied that he had hoped to introduce the two bills concurrently, but had been disappointed. However, the bill widening the jurisdiction of the board, if introduced before the present bill had proceeded much further.

Mr. Lennox suggested that the board should be given power to decide in the matter of connections between Dominion and provincially chartered railways.

George Taylor trusted that the board would be empowered to deliver the railways to deliver freight at the rate agreed upon with the railway which first handled it. He gave concrete instances of injustices done in this matter.

Mr. Kemp asked what were to be the qualifications of the other two commissioners.

Mr. Graham trusted they would be such as would appeal to all classes. Manufacturers, commercial farmers and other classes were claiming for the appointment of a special representative, but the government would appoint good all-round men.

Mr. Haggart wanted to know what necessity there was for a lawyer on the commission. He protested against the appointment of a commissioner to deal with railways taken from a class that was already well provided for by the body of "Canadian" lawyers.

Mr. McLean (P.E.I.) advocated the application of the act to government railways.

Mr. Lancaster urged speedier and less expensive decisions. "We should have summary justice and have it free of charge. We don't want a perfunctory and settled tribunal. Something like the sunrise police court of a city would suit the country best," he said.

"An experienced railway man, did you say?" Mr. Graham asked with the significant accompaniment of a smile of gratification.

Mr. Maclean went on to say that he quite concurred in Mr. Lancaster's plea for summary justice and speedy application of the board's decisions. In the past the very best railway traffic expert obtainable, even if he had to pay him \$15,000 or \$20,000 a year.

"An experienced railway man, did you say?" Mr. Graham asked with the significant accompaniment of a smile of gratification.

Of Interest to Women

THE POEM.

Lewis Worthington Smith in Success Magazine. Light one must pause upon, pure blossom.

The Way to Beauty—Via the "Make-Up"

The brilliant comedienne, Kathryn Osterman, says: "Girls, be beautiful. It's all in the 'make-up,' she says.

First, thoroughly cleanse the face with cold cream. Remember that takes time, and it may take two or three applications of cold cream and the careful removal with soft linen.

Now carefully put a dash of red paint on the corner of the eye to take off the harshness of the lines, and then soften the effect. Then straighten and darken the eyebrow line with a soft pencil.

One thing more—lips are one of the important features of a make-up, and must have special attention.

Work that out artistically with a model of good lips before you if you don't remember the exact curves of beauty.

Beauty Pattern Co. 5702. Little Girl's Jumper Dress.

Girls' Jumper Dress, developed in figured challs, trimmed with bands of plain material.

These little dresses bid fair to be very popular this season. They are simple and practical, and their charming possibilities appeal to all mothers.

The pattern here illustrated will be mailed to any address on the receipt of 10c in silver.

Her Wedding Gifts.

PHILADELPHIA, Feb. 27.—Within a few hours after the marriage of Mrs. Anne Weighman Walker to Frederick Courland Pennington in New York yesterday, her attorney in this city announced, in behalf of the bride, gifts aggregating \$1,000,000.

Course of Lectures.

A course of four lectures on the subject of "Pencils of Art," having direct reference to sex, will be delivered under the auspices of the Canadian Purity Education Association, by the secretary, Dr. B. E. McKenzie.

Children's Aid Society.

Filled to overflowing with coats in the attic and corridors and turning away four and five children a day is the condition of affairs at the Children's Aid Society.

The annual meeting was held yesterday, and those directly interested in the work of the institution had many regrets to voice that the hard times period should have struck the institution at a time when the community was so much in need of its influence.

The officers for the year are: President, Mrs. T. M. Harris; vice-presidents, Mrs. E. M. Laird, Mrs. W. R. Stock and Mrs. Cowan; secretary, Miss Flavelle; treasurer, Mrs. Joseph Henderson.

Mrs. Harry C. Barker, Spadina-road, will receive to-day and not again this season.

The fancy ice skating contest which was held at Victoria rink yesterday afternoon drew a large number of spectators.

The twenty-second annual benefit of the Theatrical Mechanical Benevolent Association will be held at the Princess Theatre on the afternoon of Friday, April 2.

When the authors of "The Girl Who Looks Like Me" completed the play for Kathryn Osterman they have stated that it is an entirely novel idea.

Another splendid bill is promised by Miss Nellie Wallace, the noted English actress, who will be the big leading feature.

Mr. Sise stated that the Bell Company had no particular desire to sell, but that it was better to do this than to enter into competition with the government.

OTTAWA, Feb. 27.—In the public accounts committee this morning it was decided to summon A. W. Fraser, R.C., of Ottawa; D. M. Finkle, chairman of the Bank of Ottawa; and G. U. Ryley, formerly of the interior department, in connection with tenders and grants of timber limits in the north-west.

Edward Galloway, charged with the theft of a promissory note, was discharged in police court yesterday morning, in discharging him, the magistrate said.

Next Saturday, Feb. 29, tickets good going only on the C. P. R. 9:30 a.m. express, returning all trains until following Monday. On sale at all C.P.R. ticket offices.

Jolly Good Fellow. P.C. Charles Bell of the Court-street station was the guest of honor at an oyster supper given by the men of his relief, signed by the very first anniversary of his joining the force.

Harry Lauder, the Great Scotch Comedian. You are invited to-morrow (Saturday) evening to a Scotch Recital at 8 o'clock in Recital Hall, R. S. Williams & Sons Co., Limited, 413 Yonge-street.

Do not know whether any of them are telling the truth.

THE FAMOUS SHOE FOR WOMEN

Ease With Elegance. Just a word to those who have been wearing homely commonplace shoes for comfort, but with a regretful sigh for the more fashionable and handsome style.

Our new "Queen Quality" shoes will give you not only the comfort you must have, but also the smart style and elegance you want and ought to have.

And you get these shoes at no higher prices than you pay for just ordinary good shoes. But all this means nothing unless you test it. We invite you to do so.

NURSERYMEN DECLARE PRICES REASONABLE

Stone and Wellington Make Reply to Evidence Given During the Parks Enquiry.

Stone & Wellington, nurserymen, write The World as follows: In your report of the proceedings at the park department investigation of the 25th, we notice that the evidence given by the so-called expert nurserymen reflects most unjustly on the reputation of our firm.

In giving his evidence he states that our prices were from 200 to 600 per cent. higher than trade list prices. This is a gross exaggeration. On the contrary, our prices will be found to compare favorably with those of any reputable firm in the business, quoting on the same grade of stock that we furnished the City of Toronto, and we are prepared to verify this statement with ample evidence if given an opportunity to do so.

Such a statement, that these trees cost more in a swamp for the cost of labor, is a statement that is either made with malicious intent or through ignorance of the character of trees raised. Any man with any ordinary knowledge of trees is well aware that there is as much difference in trees as there is in people.

On its first presentation in the British capital The Pall Mall Gazette, in a long commendatory criticism said: "Mr. Wharton, the author, has given the actors recognition and a chance to imperatore, men and women who act and speak, not according to that old, stale, thing, theatrical convention, but in harmony with life itself."

The officers for the year are: President, Mrs. T. M. Harris; vice-presidents, Mrs. E. M. Laird, Mrs. W. R. Stock and Mrs. Cowan; secretary, Miss Flavelle; treasurer, Mrs. Joseph Henderson.

Mrs. Harry C. Barker, Spadina-road, will receive to-day and not again this season.

CHILDREN AND CITIZENSHIP. Dr. Chown Sets Out on a Sensible Errand of Education.

Rev. Dr. Chown has opened up a new branch of moral reform work, namely, that of introducing moral and patriotic training of school children into the public school curriculum of the Dominion.

He has long considered that the children of the country have never been taught what they owe to the municipalities for the privileges of water, light, transportation, protection, and have no sense of the responsibilities devolving upon the commonwealth, and on this line he will address the New Brunswick teachers' convention in June.

Dr. Chown aims at developing in children a moral sense of their citizenship, so as to create a body of citizens who will subordinate private gain to public service and strive for the welfare of the nation.

On Sunday night, Dr. Chown will preach in Brockville, and on Monday evening in the same town will lecture on "Some Needs of Canadian Citizenship." On Thursday next he will leave for Bermuda for a three weeks' stay. Bermuda is part of the Nova Scotia conference of the Methodist Church.

When the authors of "The Girl Who Looks Like Me" completed the play for Kathryn Osterman they have stated that it is an entirely novel idea.

Another splendid bill is promised by Miss Nellie Wallace, the noted English actress, who will be the big leading feature.

Mr. Sise stated that the Bell Company had no particular desire to sell, but that it was better to do this than to enter into competition with the government.

OTTAWA, Feb. 27.—In the public accounts committee this morning it was decided to summon A. W. Fraser, R.C., of Ottawa; D. M. Finkle, chairman of the Bank of Ottawa; and G. U. Ryley, formerly of the interior department, in connection with tenders and grants of timber limits in the north-west.

Edward Galloway, charged with the theft of a promissory note, was discharged in police court yesterday morning, in discharging him, the magistrate said.

Next Saturday, Feb. 29, tickets good going only on the C. P. R. 9:30 a.m. express, returning all trains until following Monday. On sale at all C.P.R. ticket offices.

Jolly Good Fellow. P.C. Charles Bell of the Court-street station was the guest of honor at an oyster supper given by the men of his relief, signed by the very first anniversary of his joining the force.

Harry Lauder, the Great Scotch Comedian. You are invited to-morrow (Saturday) evening to a Scotch Recital at 8 o'clock in Recital Hall, R. S. Williams & Sons Co., Limited, 413 Yonge-street.

Do not know whether any of them are telling the truth.

THE DOLLY VARDEN SHOE STORE

RATE WAR WAS COSTLY

Reduced Earnings of the Hamburg-American Company.

HAMBURG, Feb. 27.—The annual report of the Hamburg-American Steam Packet Company shows net earnings amounting to 25,000,000 marks, approximately \$8,200,000, as against 32,000,000 marks last year. The write-off and the reserve absorb 18,000,000 marks this year, as against 22,000,000 marks last year, and the dividend is 6 per cent., as against 10 per cent. last year.

The directors of the Hamburg Line say that the reduction in earnings occurred chiefly during the second half of the year. The reasons are to be found in the financial crisis in the United States, which retarded the emigration as well as the freight movement.

Another cause was the rate war in passenger traffic, which was settled recently.

LICENSERS' OFFICERS. The Toronto License Holders' Protective Association's annual election of officers yesterday resulted: President, William Hassard; first vice-president, James T. Seymour; second vice-president, E. Hyland; secretary-treasurer, Percy Kerwin; auditors, E. R. Hurst and W. C. Martin; executive committee, John Brommell, J. C. Brady, P. J. Mulkeen, J. MacFarlane, John Stornmont, F. C. Clarke, H. Shea, F. Mautz, H. Stone, R. Falconer, and W. Sprinks.

Munsey in Baltimore. NEW YORK, Feb. 27.—Frank A. Munsey to-day announced that he had bought The Baltimore News.

Not the Sunny Side. Prof. McNaughton of Queen's will address the Canadian Club at Monday's luncheon on "The Sunny Side of Our Democracy."

HEALTH OF THE PROVINCE.

Returns for January from 636 divisions, being 120 less than last year, show smallpox, scarlet fever and diphtheria to have been more prevalent than for the corresponding month a year ago. The scarlet fever was of a mild type. In diphtheria the mortality was 20 per cent. The number of cases of measles, whooping cough and typhoid are much less. The total deaths from all causes were 2257.

DANGER IN CITY WATER NOW!

Daily scientific tests of Toronto water by our Bacteriological Department show the supply to be badly polluted—the result of the rains, thaws and east winds which have recently prevailed. Colon bacilli have been found in the City water EVERY DAY since Feb. 25th.

IN ORDER TO ESCAPE RISK—DRINK YORK SPRINGS WATER

Bottled under scientific supervision for purity of purity. Delivered anywhere in Toronto at 50c per large container or 25c medium container, also in smaller sizes. Order from dealers, or Phone Main 5188 or 5189.

NOTE AND COMMENT

More international athletic complications are due on Saturday, when Tait, Kyle, Jewell and Skeane of Toronto and Bobby Kerr of Hamilton go over to Buffalo for the 4th Regiment games...

Jack Johnson's acceptance of Tommy Burns' offer for a match in England will soon completely clear the air as far as the heavy-weight championship is concerned...

Between-season shifts and changes in the baseball world are always large, and this year is no exception to the general rule...

The signing of these four men hangs a lake Mike Kelley two years ago, when manager of the St. Paul team, accused Owens, who was then umpiring in the American Association...

There are a few batters, like LaJoie, who seem to hit a ball anywhere within their reach. Those are the ones you have the trouble with. It makes no difference to them whether the ball comes over the inside or the outside corner of the plate...

A good batter can worry a pitcher to a remarkable degree. He can make a man like Danny Hoffman, now of the Browns, or Willie Keeler of the New Yorks is at the bat...

Henry Titer, a Yankee, is back from Russia, after being gone about two months. He went over with the stallion Blue Hill (2, 255), which was purchased a year ago by Count Pucheroff of Moscow...

Anti-Race Track Legislation. ALBANY, Feb. 27.—Senator Agnew and Assemblyman Hart today radically attacked the claim that it is desirable to restrict in favor of the poolrooms and the race track...

Indoor Lawn Tennis Final. NEW YORK, Feb. 27.—In the final door lawn tennis championship match, C. Grant, ex-champion, defeated M. S. Charles, 6-4, 6-3, 6-2.

New World's Record

A Cub and a Tiger Champions Roll a World's Record

DeWitt and Ed. Blouin Total 1275 in Doubles -- Daddy Vick of Royals in Handicap Event Rolls 604 in Singles -- Scores.

Yesterday, the fourth day of the C.B.A. tournament, was a banner one in every sense of the word. No less than four records were hung up, one of them being a world's mark. Incidentally, all these records were made in the last shifts.

Just before 6 o'clock in the afternoon Charlie DeWitt of Detroit, with Ed Blouin of Chicago for a partner, in a doubles, totaled 1275, or 21 pins more than made by Chalmers and Kene in the C. tourney at Cincinnati.

Winnipeg and Montreal rolled in the five-man event last night, while to-night the Vancouver team rolled. Thompson's Coks, O'Learys and the balance of the American teams arrive today.

Afternoon Scores. Singles. J. E. Blouin, Chicago, 181 181 234-528. McJuire, Chicago, 189 189 212-371. Ross, Niagara Falls, 147 147 182-244. McNeil, Niagara Falls, 127 127 152-179. McDonald, Nia. Falls, 177 177 182-244. Sheppard, Nia. Falls, 188 178 182-244. Sheppard, Nia. Falls, 188 178 182-244. Sheppard, Nia. Falls, 188 178 182-244.

Blouin and DeWitt. Blouin 214 206 232-411. DeWitt 112 112 112-112. Waterworth 167 163 151-471. Connelly 138 141 146-465. Alex. Orr 176 182 182-440. Arch. Orr 176 182 182-440. McKay 184 217 206-604. McGuire 153 173 171-457.

Evening Section Printers. In the evening section of the Printers' League last night Newton-Treloar won three from Saturday night, while Wagon Books annexed the same number from Book Room B. Scores: Russell 179 183 145-477. Hamilton 122 111 145-465. Kemp 141 137 132-410. Sullivan 158 153 158-463.

Wellesley Win Two. In the Central League last night Wellesley won two from Bronson. Scores: Bronson 112 112 112-112. DeWitt 112 112 112-112. DeWitt 112 112 112-112. DeWitt 112 112 112-112.

Wellesley. Wellesley 112 112 112-112. Wellesley 112 112 112-112. Wellesley 112 112 112-112. Wellesley 112 112 112-112. Wellesley 112 112 112-112.

Laws are Revised

PITCHER AND THE BALL

Outfield Fly May Now Be Sacrifice Hit—National League Schedule.

NEW YORK, Feb. 27.—Following the action of the American League yesterday, the National League today amended its schedule of playing dates.

Like that of the American League, the National's season will open April 4, but will close one day earlier, Oct. 7. Each club, however, will play 154 games.

At the last session of the National League it was decided that admission to the league label and a resolution was adopted approving the action taken by the American League and the national commission on the question of invasion of territory.

C.A.A.U. Sanctions Events. Secretary Crow of the C.A.A.U. has issued a circular to the members of the C.A.A.U. regarding the sanctioning of events.

Many Outside Swimming Entries. The open contest in the Central Y.M.C.A. West End Club of Toronto, Feb. 27, attracted many outside swimming entries.

Globe and Specials Win. In the morning section of the Printers' League yesterday the Globe and Specials won two from the World. The Globe won two from the World. Daymont 82 was high score.

Evening Section Printers. In the evening section of the Printers' League last night Newton-Treloar won three from Saturday night, while Wagon Books annexed the same number from Book Room B. Scores: Russell 179 183 145-477. Hamilton 122 111 145-465. Kemp 141 137 132-410. Sullivan 158 153 158-463.

Championships Are Decided

Stratford Seals St. Michaels The Score is 21 Goals to 4

Midgets Have Junior O.H.A. Championship Practically Won--Toronto Take Professional Honors.

STRAFORD, Ont., Feb. 27.—Stratford Midgets smothered St. Michael's under the score of 21 to 4 to-night, and have virtually won the Junior O.H.A. honors, as it is highly improbable that St. Michael's will pull down the huge lead in the second game in Toronto next Tuesday.

The final junior game in the Garrison Indoor Baseball League was played last night and was won by C Company, Q.O.R. by the narrow margin of one run. It took an extra inning to decide the winner, the score being tie in the ninth, 15 all, and the winning run was scored with only one man gone.

For E Company, Downing pitched an exceptionally clever game, and with a little better support towards the last, might have won the game. Downing's stop, was the best seen in the junior series, and his hitting also helped some.

At 8 o'clock sharp the baserunning and batting championship will be run through the streets of Toronto. The race will be run on the 400 yards.

Eight Bulgarians Tramp in From McDougall's Chutes. Eight Bulgarians here housed at the Court-street police station last night. The men said that they had made a tramp of six weeks from McDougall's Chutes, 140 miles north of Cobalt, where they had been employed on construction work, but had been suddenly thrown out of work.

TOOK TOO MUCH. Phillip Martin, 21 years, 138 Sackville-street, took an overdose of an opiate yesterday morning. His mother, a fat, fat, fat woman, took him to St. Michael's Hospital. He is recovering.

Inducted New Pastor. LONDON, Feb. 27.—(Special.)—Rev. J. G. Inkster, formerly of Montreal, was to-night inducted pastor of First Presbyterian Church.

HOCKEY RESULTS

Junior O.H.A. Stratford 21 St. Michael's 4. Toronto 21 Stratford 4. Toronto 21 Stratford 4.

St. Andrew's Juniors Win. St. Andrew's College junior house played their annual game with Upper Canada Preparatory yesterday afternoon. St. Andrew's completely outclassed their opponents, winning by 8-0.

Minor Hockey Results. At Dunnville-Dunnville defeated the Ontario Club hockey team by 2 to 3, wuping out a 4 to 2 defeat by the visitors here last night.

Quebec has decided not to withdraw from the Eastern League. At the Royal Bank, corner Bloor and Church streets, at 8:30 tonight the Detroit Athletic Club hockey team play the St. Cyrilians.

WALK FROM FAR NORTH. Eight Bulgarians here housed at the Court-street police station last night. The men said that they had made a tramp of six weeks from McDougall's Chutes, 140 miles north of Cobalt, where they had been employed on construction work, but had been suddenly thrown out of work.

TOOK TOO MUCH. Phillip Martin, 21 years, 138 Sackville-street, took an overdose of an opiate yesterday morning. His mother, a fat, fat, fat woman, took him to St. Michael's Hospital. He is recovering.

Premier Whitney Complains of an Omission—Routine Matters in Legislature. Conscientious but not showy work was done by the legislature yesterday when the house sat all afternoon on routine business, and advancing government orders.

AT OSGOOD HALL ANNOUNCEMENTS FOR TO-DAY.

- Master's Chamber. Cartwright, master, at 11 a.m.
Judges' Chambers. The Hon. Mr. Justice Anglin at 10 a.m.
Divisional Court. Peremptory list for 11 a.m.: McGushan v. Kelly.
Toronto Non-Jury Sittings. No. 3 Court Room. Peremptory list for 10:30 a.m.: 1. Crawford v. Lawson (continued). 2. McLeod v. Crawford (continued). 3. C.R.P. Co. v. Brown. Peremptory list for 11:30 a.m.: 1. Roberts v. Hunter. 2. Baird v. VanZant. 3. Caswell v. Lyons.
Action Settled. The action pending between Thomas G. Morehead and Edna Morehead against E. R. Hurst has now been settled. Master-in-Chambers Cartwright granted an order dismissing the action without costs.
Value of Goods. To recover \$25.47 for goods sold and delivered to the Canadian Salvage Company, the Branford Hosiery Company has now begun an action for that amount.
To Restrain the Directors. The Canadian Klondike Mining Company has begun proceedings against Joseph W. Boyle and Charles Boyle of Dawson City and E. J. Scully, George W. McKee and A. R. Bartlett of Windsor, claiming an injunction restraining the directors from intermeddling in the capacity of a board of directors of the company and from taking possession of any property in any way usurping the functions of directors.
Husband Was Killed. The C.P.R. Company are being sued by Martha Jane Wansborough, the administratrix of the estate of Edward Wansborough, for damages for the death of her husband, resulting thru the alleged negligence of the company's workmen or agents.
Want Cheques Returned. The Eby-Blain Company and S. Atkinson have issued a writ against the Montreal Packing Company, claiming the return of certain cheques amounting to \$730.62. It is alleged that Atkinson, in May last, assigned his book debts to the Eby-Blain Company and certain cheques were wrongfully converted by the defendants to their own use.

CANADA'S CREDIT HIGH.

Government's Fifteen Million Dollar Loan Over-Subscribed. MONTREAL, Feb. 27.—(Special.)—The Star's correspondent cables from London: "I am officially informed that the lists of the Canadian Government's \$15,000,000 loan, which closed to-day at the Bank of Montreal, were over-subscribed. Small subscribers ate allotted the new \$15,000,000 loan amounted to \$7,500,000. Charles M. Hays is staying at the Ritz Hotel and is fully occupied with business engagements. CHANGES AT VICTORIA COLLEGE. Owing to age and ill-health, Dr. Bain is retiring from the staff of Victoria College, and there's a vacancy for a professor in ancient history. It is understood that there will be other changes this spring. Buffalo and Return \$2.10. Good going 9:00 a.m. Feb. 29, returning on or before March 2, 1908. The Grand Trunk Railway System is the only double-track railway connecting Falls and Buffalo. Secure tickets at your agent, northwest corner King and Yonge-streets.

JOHN CATTO & SON

Prominent Resident Fired on Man When He Was Cornered and Showed Fight

GRANBY, Que., Feb. 27.—(Special.)—An unknown tramp, in appearance much like an Italian, and with a thick, black, bushy beard, is lying dead here as the result of a shot thru the heart by a prominent resident of this town.

This morning Mr. Robinson's mother had occasion to visit the house, and was amazed to find fresh footprints at the rear of the building, and her astonishment was increased when on looking thru the kitchen window she saw a man of the tramp class investigating the contents of the larder.

The little army proceeded to the house and surprised the tramp. When the intruder saw that his presence in the neighborhood was known he fled with only one boot on the half dozen or so neighbors following in hot pursuit.

The tramp gave them a good chase and managed to reach a wood chase two miles from the town before he was overtaken. Finding it was hopeless to escape he suddenly turned and showed fight. He produced a revolver and turned it on Mr. Robinson, who, however, was a little too quick for him, for Mr. Robinson was himself armed and got the first hot home, which went right thru the fugitive's heart.

Mr. Richardson returned to Granby and reported the affair to Judge Savoy, who after hearing the facts of the case, allowed him out on his own bail.

Dr. Baillancourt of Waterloo opened an inquest to-night, but adjourned it until to-morrow.

Planoes to Rent

Planoes rented on very reasonable terms. Six months' rent allowed in case of purchase.

Brain Leaks

The man with a hammer saws little wood. Human life is always quoted low in the industrial market.

With a view of securing evidence of his sanity, a watch has been set upon John Terrace, confined in the Brampton jail awaiting trial at the March assizes for the murder of William Curry on Christmas night.

THE WEATHER

OBSERVATIONS. Toronto, Feb. 27.—8 p.m.—Pressure is low from the lakes to the Atlantic and also over the Southwestern States and the Rock Mountains.

Minimum and maximum temperatures: Port Simpson, 20-47; Victoria, 24-41; Vancouver, 36-47; Barkerville, 14-23; Edmonton, 12-24; Calgary, 24-29; Battleford, 6-8; Prince Albert, 2-24; Regina, 4-29; Port Arthur, 8 below-14; Pelly Sound, 4-22; Toronto, 10-24; Ottawa, 12-23; Montreal, 26-34; Quebec, 28-32; St. John, 28-44; Halifax, 28-42.

Lower St. Lawrence and Gulf—Strong winds, shifting to northerly and westerly, clearing and colder.

Maritime—Strong southerly to westerly winds; clearing and colder.

Superior—A few light local snowfalls or flurries, but mostly fair and cold.

Manitoba, Saskatchewan and Alberta—A few light local snowfalls, but mostly fair and colder.

BROOKLYN DEFAULTER

WAS SEEN IN TORONTO So Says Man Who Knows Him, But the Police Are Without Instructions.

NEW YORK, Feb. 27.—(Special.)—The latest report concerning Henry Sanger Snow, ex-treasurer of the New York and New Jersey Telephone Company, who is wanted by the grand jury for larceny of bonds from the company's office. He was on bail at the time, and detectives who went to arrest him, after watching him, found that he had not been at home since the afternoon of the day previous.

The man with a hammer saws little wood. Human life is always quoted low in the industrial market.

With a view of securing evidence of his sanity, a watch has been set upon John Terrace, confined in the Brampton jail awaiting trial at the March assizes for the murder of William Curry on Christmas night.

The province has received a cheque for \$712, being a successful loan of \$1,000,000 at the late Anderson Fowler.

THREE TRUSTEES GOT OUT TO STAVE OFF INCREASES

But Their Attempt to Take Advantage of Technicality Was Futile.

The remainder of the salary question was disposed of last night by the board of education inside of the 11 o'clock limit, but because it was not to the satisfaction of Trustees Leves, Davis and Miss Martin, the trio attempted to balk the whole thing.

There was no quorum until 8.45, and then exception was taken to almost every other clause of the finance committee's recommendations. This was to no avail, until Trustees Leves declared that he had heard the whole thing was cut and dried. About 20 minutes to 11, however, the committee rose to report.

Then Dr. Hunter wanted the recommendations of last year adopted, leaving the whole question to be threshed out by the special finance committee during the summer. This was voted down, and Trustees Leves, Davis and Miss Martin spoke in support of amendments they had proposed in committee.

Trustee Kent managed to have it ordered that a vote be taken, and Trustee Leves hastened to move the suspension of the 11 o'clock rule. This was to give way to the amendments and the increases carried by 6 to 4.

Mr. Leves still objected and asked that the "years" and "may" be stricken, but while the secretary was recording the yeas Miss Martin, R. R. Davis and L. S. Leves skipped out, leaving the board without a quorum.

Mr. Leves still objected and asked that the "years" and "may" be stricken, but while the secretary was recording the yeas Miss Martin, R. R. Davis and L. S. Leves skipped out, leaving the board without a quorum.

MAGISTRATE HAS

Continued From Page 1.

\$51.88 went to Big Canoe and his witness. His honor held that the witness should have received \$4.88 and that the balance of \$47.00 belonged to the county.

The case of two boys tried together on a similar charge for an offence committed and fined on the same evidence was probed. Mr. Woodcock had taken the case in Toronto at the request of Magistrate Ellis and had charged \$90 for the alterations at the time, but his honor contradicted him.

"Didn't you alter it after your interview with me in November? You paid one dollar and fined the man \$2. Haven't you made several alterations in that book since I saw it?"

"Only in explanation," said the witness, "I altered the book."

"No, you reduced the fines," said the judge, sharply.

An entry of \$5.85 was pointed out as a sum due the county. His honor held seeing the book in November the words "fines remitted" had been inserted under the entry.

"Didn't you do that to deceive Judge Morson, should he have to investigate the matter? That money was due the county and you kept it yourself. What county did you keep it for?"

"I can't quote the statute," pleaded the witness.

"There is no one," retorted the judge, sharply.

Another fine of \$10 imposed and \$3 remitted and about \$100. Witness thought he was entitled to \$2 and costs.

"What right have you to take your costs from a fine?" was a question not answered.

Acquitted, But Paid Costs.

Where a man was acquitted on a charge of trespass for cutting grass on property no one claimed, Woodcock's costs were \$4. The defendant paid the costs to those who travel daily, and the magistrate also collected the same amount from the county treasury.

If the sums might not have been paid," remarked the judge, "but you were the auditor."

"I passed upon those accounts," was the reply, but the judge went on: "Yes, you did. There's your signature on the accounts."

James O'Brien of Woodbridge had been fined for gambling. Witness swore that he had never received any money, although High Constable Ramsden says that he got the money and turned it over to Woodcock.

Divided Up.

His honor also enquired concerning a Hamilton every day. The Grand Trunk Railway fare is 25c, but the witness had no difference. In fact, the witness had no difference.

"I live in this village and have to go to Hamilton every day. The Grand Trunk Railway fare is 25c, but the witness had no difference. In fact, the witness had no difference.

IS UNITED STATES NAVY WORTHLESS, OR IS IT O.K.?

WASHINGTON, Feb. 28.—Rear Admiral Washington Lee Capps, chief constructor of the navy department, before the senate commission on naval affairs, replied to the magazine article written by Henry Reuter in criticism of the construction of the American warships. The admiral asserted that the American warships are the equal of any in the world.

The most serious charge made, he said, were of insufficient freeboard, meaning the height from waterline to deck; insufficient gun height, and improper location of main line armor belts, and all these he explained have been the subject of the closest study and experiment for many years by naval designers of every country.

Admiral Capps characterized the "exploded" theory that if a shell penetrated the armorplate at a slight incline it would be deflected upwards by the armor of the protected deck.

"All efforts," he added, "should be directed toward keeping the shell out of the armor should be put on the ship in vertical form."

"Put it all on the outside," remarked Mr. Tamm.

"Exactly, for if a shell goes thru 11 inches of armor, it will explode anyway. Thin protected deck would not be a protection at all."

Dr. Woods' Norway Pine Syrup

is rich in the lung-healing virtues of the Norway Pine Tree, skillfully combined with Wild Cherry Bark and the soothing and expectorant properties of other peonorial herbs and barks. It is a pleasant and effective medicine for Coughs and Colds; Hoarseness, Sore Throat, Pain in the Chest, Asthma, Bronchitis, Croup, Whooping Cough, Quinsy and all troubles of the Throat and Lungs.

A single dose will convince you that it will stop the cough, soothe the throat, and start you on the road to recovery.

Be sure and do not accept a substitute for Dr. Woods' Norway Pine Syrup. The genuine is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cents.

Miss C. M. Woodcock, Kinmount, Ont., writes: "For some time I suffered from a lingering cough. I was afraid it would turn to consumption, and as I had tried many remedies and found no cure I asked my father to get me a bottle of Dr. Woods' Norway Pine Syrup. When I had taken that bottle I was so much better I got three more, and I am now completely cured."

Editor World: Kindly allow me space in your North Toronto news column to say a few words in regard to North Toronto's defeat in Marikham hockey tournament Wednesday night. A few cheap jokers in Eglinton are throwing rude flares at the club's expense, which is surely not encouragement to the boys. One joker, in Eglinton, has posted in the town council chamber a very conspicuous cartoon, belittling the boys' hard struggle against Penetang at Marikham.

These same jokers will come and stand in front of the boys' club, and on their own ice, where it doesn't cost them a cent or an energy, but when the boys spread out and try for better things there are about half a dozen citizens who will come along and help the boys with their money and cheers. The club is advertising the town more than any other concern in the town; still, when a team superior in weight and speed, and with sound financial backing, like Penetang, beat them, and not nearly as badly as they are making out, the jokers, in place of praising and encouraging them, are throwing flares and flouting them.

Claude Macdonnell advocated the appointment of a commissioner, in sympathy with the employees of the club. (E. Northumberland) expressed preference for a man of business and one having the interests of the farmer at heart.

Mr. Clement (Kent), impressed upon the government the necessity of making provision of giving fair play to farmers and shippers generally.

In connection with the amalgamation of this railway commission, said Mr. Christie, I wish to mention a case that has occurred in the town of Oshawa, in the county of York. I have the honor to represent. Oshawa is situated about 33 miles from Toronto, and the railway companies there, formerly charged us 2-1-3 cents a mile as passenger rate and now they have reduced the rate to 3 cents a mile. This reduction means a difference of \$20,000 and \$4,000 in favor of the town of Oshawa. But now I understand that the people of Oshawa have been notified by the G.T.R. that they are to be charged with the cost of freight to the people of Oshawa, and will wipe out all the advantage they have received from the decrease in passenger rates. The new former freight to the people of Oshawa, and will wipe out all the advantage they have received from the decrease in passenger rates. The new former freight to the people of Oshawa, and will wipe out all the advantage they have received from the decrease in passenger rates.

The Grand Trunk does not run trains over 11 miles of the northwestern division, that is, passenger trains, and I believe this road was bonused by either the Dominion house or the provincial legislature.

The Radial Railway does not now carry out the bylaw as agreed between them and the Village of Burlington, as regards the issuing of tickets between Burlington and the canal. We cannot buy them, nor will they issue them. It is a matter that is applying for a Dominion charter. They had better be left alone under provincial rights, at least before they apply for the powers to carry out the promises they have now agreed to.

Commutation Rates.

Mr. Maclean said that the matter of railways having a provincial charter it was better to leave them than to take them out of provincial jurisdiction by giving them Dominion charter. He referred to the excellent commutation service in the Montreal district, and pointed out that in Toronto, while commutation rates were granted to Oakville, there were no such concessions to places like Whitby or to Newmarket and Brampton.

In conclusion, Mr. Maclean declared that it was a shame and a blot upon the railway commission that the Grand Trunk had not been obliged to comply forthwith to the board's decision.

Mr. Graham replied that as usual he had received some valuable pointers from the member for South York, but in the case referred to it resolved itself into a question of Dominion or Provincial jurisdiction. He urged, however, that the commission should not be smothered with a multiplicity of duties.

"I would appoint the best possible counsel to represent the people before the board, as they have in New York State," said Mr. Maclean.

Dr. Thomson asked that the jurisdiction of the commission be defined so as to allow it to have control of freight rates over the rail, and paid water route to the Yukon.

Claude Macdonnell advocated the appointment of a commissioner, in sympathy with the employees of the club. (E. Northumberland) expressed preference for a man of business and one having the interests of the farmer at heart.

Mr. Clement (Kent), impressed upon the government the necessity of making provision of giving fair play to farmers and shippers generally.

In connection with the amalgamation of this railway commission, said Mr. Christie, I wish to mention a case that has occurred in the town of Oshawa, in the county of York. I have the honor to represent. Oshawa is situated about 33 miles from Toronto, and the railway companies there, formerly charged us 2-1-3 cents a mile as passenger rate and now they have reduced the rate to 3 cents a mile. This reduction means a difference of \$20,000 and \$4,000 in favor of the town of Oshawa. But now I understand that the people of Oshawa have been notified by the G.T.R. that they are to be charged with the cost of freight to the people of Oshawa, and will wipe out all the advantage they have received from the decrease in passenger rates. The new former freight to the people of Oshawa, and will wipe out all the advantage they have received from the decrease in passenger rates.

EDUCATE SENSIBLY.

That there is too much snobbery in the education of our boys and girls is only too evident from the results. The same troubles that have harassed legislators from earliest times will bother them to-day. The evolution of a perfect system of state education where in the results will make for honorable and upright manhood and womanhood, will never come. The individual must ever be the unit with which to deal. The boys and girls themselves are exactly what the teachers and the times produce. All that the government can do is to make a healthy atmosphere. but the main burden of making manhood and womanhood lies upon the parents. They can never get away from this law, nor relegate their responsibility to schools or to others. Dr. Annie Backus of Aylmer, who formerly lectured the Farmers' and Women's Institutes, was along the right lines when she said that true education was the education that made its pupils think for themselves, made them consider the lilies, the value of a sparrow, or the sitting at simplicity's feet; to know the reason for all things and not to be slaves of custom or the followers of a blind crowd. No girl in her teens should be more anxious over the hang of her skirt or the color of her hat, than she is of her health, her exercise, her knowledge of the things of nature or of the values of life's necessities. Some country fathers and mothers will put the best of their furniture into the gloomy parlor, where no light or children ever enter. The encouragement to make comparisons of the trees and birds, to know the values of goods, or the costs of the living, is rarely led off by an enterprising parent. The great burden of our country's welfare rests on the mothers. Therefore let us educate our girls to be the fit and proper mothers of our men and guardians of our noblest assets. Else we pay the penalty of our mock modesty and neglect by being an outcast nation, a weakling, a coward and a frivolous people.

DENATURED ALCOHOL.

The attention of farmers is again called to the possibilities of denatured alcohol as a source of heat, power and light, by the proposal of the Dominion Government to make an enquiry into it. It would have been more satisfactory, no doubt, if an independent commission had been appointed to conduct the investigation. If it is left to the revenue department of the government, the matter of facilitating the manufacture and use of denatured alcohol upon farms will not be uppermost in its researches. The United States has already authorized the production of alcohol on farms by means of sealed tanks, which when full, are removed to a central governmental station, the contents denatured and returned to the farmer. In France also the manufacture of alcohol has been freed from unnecessary restrictions.

CONSUMPTION OF FRENCH METHODS.

Consul-General Steiner at Marcellines has been making an exhaustive study of French methods, and his report has recently reached Washington. Some French farmers have their own small stills. Others employ a itinerant distiller who comes with his plant, much as the American thrashing machine owner takes his equipment from farm to farm. The best crops are never distilled with any profit, but poor or damaged crops, whether grapes, potatoes or grain, are regularly used, and so also, is the residue left in the process of wine manufactured and other waste products of the farm. Beets can be grown and used directly for this purpose, except when the price of alcohol falls very low. A damaged crop, a poor grade, or a crop in time of such low prices that the cost of gathering is prohibitive, as is occasionally the case with our apple crops, could be used to advantage by the farmers of this country, especially when the material will keep until harvest time is over and the farmer has comparatively little work to do. It is safe to predict that the farmer of the future will pay ever greater attention to incidental sources of profit, and experimentation on the present line should not be unduly delayed. For what it is, it seems fully worthy of official encouragement.

SALE CALENDAR.

- John Scott's sale of horses, Short-horns, milkers, Cotswold sheep, Yorkshire and Berkshire hogs, seed grain, silver and implements, Atna, Ont., Feb. 28
W. H. Durham's sale of imported and home bred prize winning Berkshires at Brampton, Feb. 29
Robert Miller and Donald Gunn & Son's sale of Scotch Shorthorns at Toronto Junction, March 6
Donald Gunn & Son's sale of Clydesdale horses at Dundas Farm, Beaverton, March 12
Provincial pure-bred stock sale at Port Perry, March 11
Myrtle Sale Association, Short-horns, Clydesdales, Shropshire and Cotswolds, March 19
Wm. Sinclair, Whitevale, sale of farm stock and implements, March 6

AN EXCELLENT SHOW SAVS PRESIDENT SMITH

The Horse Show is Meeting With Success—Clydesdales Have no Better Show in Canada—Farmers Attend in Large Numbers.

"I consider this show as most excellent. There is no stronger show of horses in Canada. The crowds are much larger than the most sanguine expected and the show of horses entirely outdoes any similar display in Canada. That string of three-year-old Clydesdales, which extends from end to end of the ring, would be hard to beat in America." Such were the happy words which President William Smith, ex-M.P. of Columbus, Ont., uttered at the closing of the 44th Highlanders' music made the numerous Union Jacks, pennons, bunting and streamers a scene of pleasure and pride to all lovers of the horse. No automobile will hold the hearts like this noble animal. Sleek, round, well-groomed, prancing as if they knew they were on parade, they marched into the ring prouder than their leaders and happier than their owners. Many prominent men were present, among whom were: Dr. Gutherford of Ottawa, Prof. Day of O.C.C., Prof. Andrew Smith, R. P. Sterner of West Orange, N. J., Hon. John Dryden, C. C. James, deputy minister of agriculture, besides local Toronto men. H. J. P. Good was never happier than when contemplating the crowd. Ringmaster J. M. Gardhouse was a look of seriousness quite commensurate with his importance. John Bright, tall, good-looking and with voice bigger than himself, announced the awards and nobody failed to hear him. Newspaper men, judges and exhibitors only were allowed in the inner sanctum and even there had to walk circumspectly, but the valiant citizen of Myrtle would hustle him away. The ring was in splendid shape. Had the arrangements for heating been better the cold weather that is with us today would have been better excused. Taken in all, it is a show to be proud of, in all classes of horses. Notable among the winning horses were: Shire, Royal Chalice as a 3-year-old Clydesdale; Sir Marcus, champion aged stallion, owned by Graham and Renfrew; Mona's Rocket, the 3-year-old Shire stallion, owned by J. M. Gardhouse of Weston; Coveney Marmon, the young Hackney stallion, owned by Graham and Renfrew; and the beautiful Plymouth Horse, champion, owned by the last named firm. In the judging of ponies Robt. Miller of Stouffville was associated with R. W. Davies and A. E. Major of Whitevale. Championship pony stallion, any age—Graham-Renfrew Company, Limited, Bedford Park, Plymouth Horse, bay, foaled 1903, by Sir Marcus, owned by Graham and Renfrew; Clydesdale stallions, foaled in 1906—Graham Bros., Clonmore, King Casey; N. Ness, S. Clonmore, Que., Royal Benedict; Graham Bros., Clonmore; Barons; Graham-Renfrew Company, Bedford Park, Top Spot; John A. Boag

A REVIVAL IN THE SWINE INDUSTRY.

While the swine raising industry has been in some quarters resting on its oars and in others showing positive retrogression, the live stock branch at Ottawa has been getting on a regular footing. The Production of Bacon for the British Market. This booklet in its first edition received much call that a very large edition became exhausted before the demand was satisfied. The call for copies during the late summer and autumn months fell away to some extent, but the renewal of interest and hope in the bacon industry is showing itself very strongly in a request from many quarters for the "Don't" for more information upon the question of swine raising. Fortunately the new edition of the press and ready for distribution. The bulletin in its revised form will scarcely be recognized. In addition to an almost complete new set of illustrations, which are much better arranged than in the former issue, much new matter has been added. Particular treatment has been given the vital question of housing and in this connection a number of plans of modern approved pigsties are illustrated and described. The economical utilization of dairy by-products—that margin upon which profit in the industry so much depends—is treated as new matter. The very strong revival of the swine raising industry, which must necessarily follow the sacrifice of breeding stock that took place during the past autumn has already commenced to show itself. It is safe to predict that with the return of spring with its pasturage and renewal of supply of dairy by-products, together with the shortage of market stock, a demand for swine greater than has been for many years, will be experienced. To furnish information that will be desired at such a time Bulletin No. 10, revised edition, has been prepared. Copies may be secured from the application to the live stock commissioner, Ottawa.

INSTITUTE IN EAST YORK.

Meetings of the East York Farmers' Institute will be held at Highland Creek, Elliott's Hall, Monday, March 2, and Westford Methodist Hall on Tuesday, March 3. Meetings will commence at 2 p.m. and 7.30 p.m. Mr. H. Glendinning of Manilla will deliver addresses on the following subjects: "The Dairy Cow, Her Care and Feed," "Cultivation and Rotation," "Growing and Curing Red Clover." The value of alfalfa and how to grow it. At Highland Creek the Women's Institute will meet at 2 p.m. at Mrs. Mackin's. This meeting will be addressed by Miss M. Yates of Toronto. There will be a joint meeting in the evening. These meetings are free, and discussion is invited.

Low Rates to Buffalo

and return. The Grand Trunk Railway System are offering a low rate of \$2.10 to Buffalo and return, good to 6.00 a.m. Saturday, Feb. 29, returning any time March 2. Secure tickets at city office, northwest corner King and Yonge-streets.

Cost of Prefrontale Funeral.

LONDON, Feb. 27.—An admiralty statement shows the cost of transporting the body of the late Hon. Raymond Prefrontale, Canadian minister of marine, from Cherbourg to Halifax, to have been \$74.

ENGLAND'S FRESH-MEAT IMPORTS DURING 1907

Where They Come From and What Class of Meats They Get From the Several Countries.

Compared with last year the live-cattle imports show a considerable decrease, say 15 per cent., while the increase on sheep is only a little over 2 per cent., says The Meat Trade Journal of London, Eng. Nearly 73 per cent. of the cattle came from United States ports, fully 28 1/2 per cent. from Canada and the fractional balance from the Channel Islands. These latter, however, need not be taken into account, as they were animals imported chiefly for breeding purposes. Nearly 54 per cent. of the live sheep came from the United States, 13 3/4 per cent. from Canada and the balance from Iceland. With respect to the quality of the American cattle, it is a matter of regret that, taken all round, the stock received during last year showed very little, if any, improvement over that of 1906, which we described in our annual review as the year which has mainly unfinished cattle. The Canadian shipments from about the end of July were mainly range cattle, among which it was the rule rather than the exception to find animals of such quality and condition as to admit of their being reshipped for the good stuff offered. With respect to the sheep, some of those from United States ports were of a useful character and sold fairly well, but the year was mainly made up of mostly aged ewes, a class of mutton getting more and more difficult to handle every year. Shippers of American muttons in large numbers have begun to realize the fact that where secondary or inferior grades of either cattle or sheep are sent they meet the strongest possible objection from Argentine and Australian frozen and chilled meat, and unless a higher standard of excellence is maintained the probabilities are that values at Depford, Birkenhead, Glasgow, or Manchester, will fall to a much lower level. This is the year which has mainly made up of aged ewes, a class of mutton getting more and more difficult to handle every year. Shippers of American muttons in large numbers have begun to realize the fact that where secondary or inferior grades of either cattle or sheep are sent they meet the strongest possible objection from Argentine and Australian frozen and chilled meat, and unless a higher standard of excellence is maintained the probabilities are that values at Depford, Birkenhead, Glasgow, or Manchester, will fall to a much lower level. This is the year which has mainly made up of aged ewes, a class of mutton getting more and more difficult to handle every year. Shippers of American muttons in large numbers have begun to realize the fact that where secondary or inferior grades of either cattle or sheep are sent they meet the strongest possible objection from Argentine and Australian frozen and chilled meat, and unless a higher standard of excellence is maintained the probabilities are that values at Depford, Birkenhead, Glasgow, or Manchester, will fall to a much lower level. **SHOULD SEEK THE VIEWS
 OF MEDICAL STUDENTS**

Dr. Ross Comments on the Present
 Day Style of Educating in the
 Practice of Medicine.

The annual banquet of the '08 gradu-
 ating class of the Toronto Medical
 School was held last night, upwards of
 200 being present. Among those at the
 guests' table were: President Falconer,
 Dean Reeve, Dr. A. Primrose, Dr. Sil-
 verthorne, Dr. J. F. M. Ross and mem-
 bers of the faculty.

After the guests had been welcomed
 by the president of the year, G. H.
 Worthington, E. C. Richards of the
 class of '08 proposed the toast to "Can-
 ada." Hugh Guthrie, K.C., M.P., of
 Guelph, in responding, conveyed the
 regards that owing to other engagements
 Sir Wilfrid Laurier and Hon. Rodolphe
 Lemieux could not be present.

The toast to "The University of Tor-
 onto" was proposed by Ed. Diernan,
 '08, President Falconer and Dean Reeve
 replying.

"The Faculty of Medicine" was pro-
 posed by Chas. Harrison, B.A., and
 Dr. J. F. M. Ross, in replying, wanted
 to know if, in view of the fact that
 the best medical education was being
 given to the young men. Medical
 education was in the throes of a great
 struggle. It was coming up whether
 the course would be four or five years,
 but the student body had not been con-
 sulted, and, in his opinion, it was high
 time that the student body were con-
 sulted.

"Is the university to turn out scientists
 or doctors?" he said. "Are you getting
 enough clinical teaching or too much?
 Are you getting too much scientific
 work and not enough material? I think
 that the time-table now is not properly
 arranged, and much time is wasted,
 and that the faculty should consult
 with a committee of the students in re-
 gard to these matters."

The committee in charge were: Dr.
 G. A. Bingham, G. H. Worthington,
 W. Elmore, R. R. Walker, R. O. David-
 son, W. G. McCalloch, J. G. Harkness,
 J. H. Lawson and G. Rogers.

**TWO LAWS ARE TYRANNOUS
 GRAVELY ASSERTS MACKAY**

Education and Mining Enactments
 Condemned at Reform Asso-
 ciation Smoker.

"The people of Ontario are smarting
 under an education law and a mining
 law that are tyrannical, and other laws
 that are not desirable."

This was the assurance given by Hon.
 A. G. Mackay to a large and enthusi-
 astic gathering of workers at the To-
 ronto Reform Association's "informal
 smoker" in Broadway Hall last night.
 The chair was occupied by M. J. Haney,
 and among the prominent Liberals on
 the platform were: C. G. Robinson,
 K.C.; W. H. Shaw, Hartley Dewar,
 K.C.; J. F. M. Stewart, W. B. Hog-
 ers, McMahon, C. Ryan, A. E. Hack-
 ert, E. E. Fligg and J. H. W. Mackie.

Hon. Mr. Mackay scored the Ontario
 Government vigorously in the matter
 of the redistribution bill, asserting that
 the government in declining to create
 new constituencies was afraid of the
 electors even in Tory Toronto.

The speaker charged the government
 with appropriating policies of the oppo-
 sition, instancing particularly the law
 reform measure.

Mr. Robinson was given a very cor-
 dial reception.

"We are not counting on foul tips,
 nor playing a hit-and-run game, but
 we are strengthening the infield, and
 hope we will be three strikes and out for
 the Conservative party at the next
 election." In this baseball parlance did he
 describe the work of organization going
 on in Toronto.

Others who spoke, predicting a rose-
 tinted future for the party in Toronto,
 were: Harry Dewar, W. H. Shaw, W.
 B. Rogers, Dr. McMahon, C. Ryan, Dr.
 Baldwin, Robert Verity and Louis Gur-
 ois.

The crisp speeches were pleasantly
 interspersed with song and story, and
 the four hundred guests made the at-
 tention of the hall with tobacco smoke.
 Refreshments were served at the close.

**WARNOCK INQUEST HAS
 REVEALED NOTHING YET**

Adjourning Till March 11 to Await
 Result of Analysis of the Organs
 of Deceased.

BROCKVILLE, Feb. 27.—(Special.)—
 The Warnock inquest to-night fell
 short of expectations, revealing nothing
 so far that would warrant even a
 suspicion of foul play. The inquest
 met this evening at 7 o'clock, and the
 evidence was confined exclusively to
 the two doctors who performed the
 autopsy on the 24th inst., exactly 44
 days after Warnock passed away.

Despite this long period the body
 was found in an excellent state of
 preservation, the frost having pre-
 vented decomposition from setting in.
 Dr. Horton was the first to be exam-
 ined in a technical way the condi-
 tion he and Dr. Harding found the
 various organs all of which were in a
 normal condition, except the heart,
 liver and kidneys, all of which were
 diseased. None but the heart, he said,
 would have caused the sudden death
 which marked Warnock's passing.

The brain was not diseased, and he
 found no evidence of any cerebral disor-
 der, who gave cerebral hemorrhage
 as the cause of death in his return to
 the registrar of vital statistics.

The contents of the stomach had
 been sent to the provincial analyst
 for examination. This report he had
 not yet received, but he said that his
 observations of the post mortem gen-
 erally were concerned, he was led to
 believe that Warnock died from natu-
 ral causes. He qualified this state-
 ment by saying that the report of the
 analyst on the contents of the stom-
 ach might show otherwise. If appo-
 ximately had been the cause of death
 the state of the brain would have indi-
 cated it at the time of the post mortem.

Dr. Harding, contrary to the state-
 ment of Dr. Horton, and the inquest
 was adjourned until March 11, when
 it is expected that the findings of the
 provincial analyst will be submitted
 to the jury for consideration.

WAITED 24 HOURS.
 And Then the Train From Owen
 Sound Arrived.

To have waited over 24 hours for a
 friend who was coming from no fur-
 ther than Owen Sound was the experi-
 ence of at least one lady at the
 Union Station last night. The train
 her friend started out in should have
 been in Wednesday night at 7:55, and
 she was there to meet it. It did not
 come, but the lady was on hand early
 in the morning. With two recesses
 for dinner and supper she stayed by
 her post until finally about 11 o'clock
 last night her patience was rewarded.
 In the meantime the C.P.R. trainmen
 had been wrestling with a snow pile
 that had left the track near Dun-
 dalk. The regular service was run
 only as far as Orangeville.

With the exception of the Tes-
 water branch all the other lines were
 open, and the trains running fairly
 well on time, although in several cases
 delays were caused by freight loco-
 motives giving out.

Says Send Them Along.
 VANCOUVER, Feb. 27.—(Special.)—
 Three Hindoos, who arrived two weeks
 ago from the Fiji Islands, and were
 ordered deported under the federal law,
 had themselves brought into court to-
 day thru habeas corpus proceedings. As
 the case stands the Hindoos have gain-
 ed a respite, for the case will not be
 heard here until next Tuesday, and
 then the steamer must sail without
 them to-morrow.

The Hindoos have application to re-
 main here on the ground that they are
 subjects of King Edward.

Hindoo Fight Deportation.
 LONDON, Feb. 27.—(C.A.P. Cable.)—
 Mr. Van Home, interviewed by The
 Standard, said that he would welcome
 to Canada all who showed any trace of
 virility. He granted that the parents
 might prove of little value, still they
 would have children wherever the coun-
 try could build creditable citizens.

H. H. FUDGER, President; J. WOOD, Manager. Friday, Feb. 28.

Black and Blue Serges

WITH blue or a black serge a man could scrape along
 all his life pretty well and never be out of counten-
 ance because of his clothes. A blue or a black
 sack suit fits in almost any time and even on dress occasions a
 man in a serge suit will pass muster nine times out of ten.

To-morrow is Saturday, men's day in the men's store. We
 have a great lot of blue and black suits in now to sell at \$10.50.
 Made by our own people during the winter. Drop in to-morrow.

Note these English vests also. Worth twice as much as
 they'll go for to-morrow.

Men's Navy Blue and Black this season, warranted not to shine,
 Worsteds Suits, fine imported Eng-
 lish worsted, in a fine clay twill fin-
 ish, fast colors, blue and black,
 made up both single and double-
 breasted sack style; the latest mod-
 els, made in our own workrooms,
 well trimmed and perfectly tailored.
 Sizes 34 to 44. On sale Satur-
 day 10.50

Men's Fine Black Imported Eng-
 lish Cheviot Suits, medium weight,
 material has a close finely woven
 worsted body, with a slightly un-
 finished surface, which is so popular
 suitable for all year round wear,
 made up in the latest single and
 double-breasted sack style, beauti-
 fully tailored, with close fitting col-
 lars and nicely moulded shoulders.
 Sizes 35 to 44. Saturday 15.00

Men's Springweight Overcoats, fine
 black and dark Oxford grey, vicuna
 cloth, made in the popular Ches-
 terfield style, full 44 inches long,
 cut loose, lined with fine twilled mo-
 hair and finished with deep silk fac-
 ings. Sizes 36 to 44. 12.00

Men's Fancy Vests, an assorted lot consisting of English
 Tattersalls and fancy weaves, high grade garments, some
 red flannel lined, also some fancy knit wool vests, made
 from fine Saxony yarns, in brown and red and green and
 red. The cheapest vest in the lot sold in the regular way
 at \$3.50 and some at \$4.45. Sizes 35 to 44; to clear
 Saturday, at 1.98

WHERE IS CHEESEBOROUGH?
 Mysterious Disappearance of St.
 Thomas Man.

WINNIPEG, Feb. 27.—(Special.)—A
 mystery surrounds the disappearance
 of Robert Cheeseborough of St. Thomas,
 Ont., who last summer left his home
 to go on a brief excursion, and has not
 since been heard of. Cheeseborough,
 who was 25 years of age, was last seen
 at Port Arthur, where he stated that
 he was coming to this city.

The young man's mother, who was
 recently persuaded thru the death of her
 husband, is in a state of great anxiety
 over her son's disappearance, and the
 local police are sparing no pains in un-
 raveling the mystery which attends his
 absence.

During last August two men were
 killed here by being run over by street
 cars. In both cases the bodies could
 not be identified, and the police were
 unable to locate any friends of the dead
 men who would be able to identify the
 bodies. J. H. Courtney of St. Thomas
 is in the city, and this morning he call-
 ed upon Chief McAtee for the purpose of
 ascertaining whether or not the police
 had descriptions of the two men killed
 here last summer. It is believed one of
 them is Cheeseborough.

**Two Hours Solid Enjoyment To-Mor-
 row Evening.**
 The R. S. Williams & Sons Co., Lim-
 ited, 145 Yonge-street, invite yourself
 and friends to a Scotch Recital to-
 morrow (Saturday) evening, when they
 intend introducing records of the fam-
 ous Scotch comedian, Harry Lauder,
 and others. This takes place in their
 Recital Hall at 8 o'clock. Let nothing
 keep you away. You will enjoy it, 145
 Yonge-street.

DOMINION COAL REPORT.
 MONTREAL, Feb. 27.—(Special.)—
 The Dominion coal report to-day says:
 The output for 1907 was 3,541,253 tons,
 as compared with 3,552,746 tons for 1906,
 or 11,493 tons less than in the corre-
 sponding period. The decrease was due
 to the fact that mining operations had
 not been resumed at No. 7 mine since
 the fire which occurred on Dec. 18.

BORDEN CLUB BANQUET.
 Messrs Whitney, Borden and Black-
 stock to Be the Speakers.

A feature of the banquet to be given
 to Mr. Whitney at the King Edward
 Monday evening will be a reception by
 the premier from 7 till 7:30 in the par-
 lors adjoining the banquet-room.

It is the intention of the committee
 of management that the event shall be
 unique in commencing on the schedule
 time and concluding at 11 o'clock. All
 the arrangements have been made to
 that end.

The speakers will be Hon. J. P. Whit-
 ney, R. L. Borden, K.C., and George T.
 Blackstock. Very brief addresses will
 be made by past presidents of the club.
 Introducing the different speakers, and
 there is every reason to expect that the
 program will be carried out strictly as
 it has been prepared.

Among those who are bringing dele-
 gations to the city to attend the ban-
 quet are D. M. Jermyn of Warrton, R.
 E. Butler of Woodstock, D. M. McIn-
 vis and T. A. Snider of Cayuga. The
 War associations have been active in
 securing tables, and an event of un-
 usual interest and importance is as-
 sured.
