PERKS TO SPEAK TO EMPIRE CLUB

Is Awaiting Reply of Government on His Georgian Bay Canal.

Sir Robert W. Perks, who is stopping at the King Edward, will address the Empire Club on Thursday on "The Relations of the Liberal Party of England to Colonial Problems."

"This is a difficult subject to handle," said Sir Robert to the World last night, "but is one that must be faced."

Sir Robert is treasurer of the Liberal League, of which Lord Rosebery is president, and the Rt. Hon. H. H. Asquith and three members of his cabinet vice-presidents. The league was formed at the time of the South African war, to counteract the influence of the pro-British Empire-England element of the Liberal party, which at the time was a disturbing factor in imperial politics. The Liberal League represented then, and represents now the moderate section of the Liberal party, and Sir Robert will speak on behalf of that section.

On Thursday night Sir Robert leaves for the Maritime Provinces. He will return to Ottawa on June 15, remaining there three days, and will sail on the Laurentic on the 19th for England.

The Georgian Bay canal scheme is in statu quo, as Sir Robert is now awaiting the reply of the Dominion Government.

"I am gratified," said Sir Robert, "to see how Canada has recovered from the effect of the financial crisis two years ago on this continent. But," he continued, "I see how Canada has advanced to avail themselves of the money of England they must be prepared to exercise reciprocity in the matter of production of British speculative capital is being diverted to the Malay Archipelago and other places because of a larger return on the investment."

PRINCE RUPERT LOTS ON SALE
Over \$400,000 Invested During the First Day.
VANCOUVER, B. C., May 25.—(Special.)—In less than two hours this morning \$238,000 was invested in Prince Rupert property. Fully half the money was done by a party of Toronto. The afternoon sales ran the figures up to over \$400,000. In no case was it necessary to withdraw the property because of failure of bidding to reach the "upset" prices. Seattle, Winnipeg and Cordova, Alaska, money was represented, and there were a host of scattered buyers. A party of fully 150 people in attendance. There are 240 lots to be disposed of.

This afternoon a representative of Vienna capital bought a dozen lots for \$12,500.

ONTARIO CLUB OPENED
National Club's Former Quarters Occupied by Liberal Organization.
The Ontario Club was opened yesterday. It is a Liberal organization. M. J. Haney, president, J. H. W. Mackie, secretary, and a few of the executive committee were on hand to welcome the members. The premises, on Bay-st., which were formerly occupied by the National Club, have been remodeled and refurbished.

The formal opening will take place later, when it is expected that Sir Wilfrid Laurier will speak.

Among the first callers yesterday were Hon. G. P. Graham and Hon. A. G. MacKay.

Some feeling has been aroused over the action of the directors in appointing J. Macdonald of the Ontario Club as permanent secretary in the place of J. H. W. Mackie, on whose shoulders has fallen the burden of organization. The salary to be paid Mr. Macdonald, asked, although the directors at the time decided that the finances of the club would not stand it.

EXPLANATION OF CHARGE
Detective Says He Was Offered Promotion for \$100.
MONTREAL, May 25.—(Special.)—Before Justice Cannon, who is enquiring into the administrative affairs of Montreal, Detective Leboeuf to-day swore that before he was nominated to the first grade as a detective in the Montreal force, he had been offered a promotion to the rank of sergeant, but later offered Holland \$35, which the latter said would not be enough, adding that \$50 "might serve the purpose desired."

While admitting that Leboeuf was a man whose statement on oath was to be believed, Holland said that the only reference made between them to \$100 was that if Leboeuf received promotion it would make that amount of difference to his salary per year. After the promotion Leboeuf had offered him \$35 as a personal gift for any service rendered in his interests.

NO FISH NETS NEAR BOUNDARY

New Treaty Prohibits Netting in Half Mile Strip Along Each Side of the Line.

BUFFALO, May 25.—A special to The Evening News from Washington says: A tentative agreement by which the international fisheries commission shall assume control of all matters pertaining to fisheries in the great lakes, Lake Champlain, the Niagara River and St. Lawrence River, for the purpose of adopting international regulations for the protection and preservation of food fish in international boundary waters of the United States and Canada, will come up for final action by the commission this week in this city.

One of the provisions abolishing the present rule that all prohibited fish, when caught, shall be thrown back into the water, by providing that these fish may be turned over to the inspectors, who shall give them to some charitable institutions.

An army of inspectors is to be appointed, who are to have charge of the prohibition of dynamite, the regulation of the sale of fish, disposition of prohibited catches and pollution of waters.

Commercial fishing for certain game fish is prohibited.

A closed season for sturgeon for four years will be established.

A \$1000 penalty for dynamiting will be levied.

Torchlight fishing will be prohibited. No fishing with nets will be permitted within half a mile of the international boundary.

A CIVIC FEDERATION TO HEAD OFF STRIKES
London Leads the Way in the Organization of a Representative Citizen's Committee.

LONDON, Ont., May 25.—(Special.)—To-night a civic federation was inaugurated to act as an intermediary between capital and labor in all questions that may arise.

Rev. J. C. Inkster and Rev. D. S. Hamilton represented the ministerial alliance; president A. W. White and ex-Mayor Rumball the board of trade, and W. Dixon and J. T. Marks, editor of The Industrial Banner, the trades and labor council.

It was decided to add to the federation 12 representatives of the public, 12 big employers and 12 labor men.

The movement is attracting great attention here.

BARRED BAND FROM PARK
Salvation Army Musicians Have a Grievance in Consequence.

NIAGARA FALLS, Ont., May 25.—Members of the splendid Temple Band of the Salvation Army, Toronto, are wrathful at treatment experienced at Niagara Falls on Sunday and Monday, when Superintendent Jackson of Queen Victoria Park denied the band permission to play in the park. On Sunday the band played on the street in front of the Clifton House, and, beside the park, and on the holiday gave their concert on the American side instead. A complaint will be filed with the government.

READJUSTMENT OF TELEPHONE RATES

Moved by Ald. Church, seconded by Ald. Chisholm: "That a special committee, consisting of Controllers Ward and Harrison, Ald. Chisholm, Church, Maguire, McWhie, Vaughan, R. H. Graham, O'Neill and Bredin, be appointed to investigate the telephone situation in Toronto with a view to securing an adjustment of the existing rates in the city and newly annexed districts. Also to report what agreement, if any, the company is prepared to make with the city, and to report on the question of making an application to the Railway Commission, if necessary, to compel said Bell Telephone Co. to adjust and regulate its rates in the public interest."

Council Hears Demand Of Annexed Districts

Special Committee Appointed to Investigate Local Phone Situation and, if Necessary, to Make Appeal to Railway Commission—Bell Subscribers Tell the World of Instances of Discrimination.

The World's invitation to the public to state their grievances against the Bell Telephone Company in regard to overcharges has brought in a number of letters. We quote from a few:

R. J. Lightle of 70 Victor-avenue writes that the telephone company wants to charge him \$50 instead of the entered in the directory as \$30 because he is entering in the directory as a builder.

He says his building activity has been limited to six or eight houses in the last seven years, and he is still trying to pay the taxes and interest paid on the mortgages. "My son," he says, "lives out on a fruit farm near Welland. He gets a phone there for \$15 a year. My family think it would be nice to have one so that we could talk to him." But the company's dictum re business rates stands in the way.

A good point is raised by Jesse Cook, lumber merchant of Spadina-road, whose letter we print in full:

Editor World: I read in your paper that you intend to take up the question of overcharge on telephones. I think that we in this district, between Dupont-street and Davenport-road, are not being treated fairly as the phone company charges us seventy dollars a year. We are only about a minute's walk above Dupont-street on Spadina-road and still we have to pay twenty dollars more per year for phone. As you know this district has been taken in by the city now and I think there is a chance for us to make an objection. I called in at the phone company's office a short time ago to complain, and was told that as our line was on the College exchange we had about three miles or so of wire. I mentioned about phones at the beach only paying city rates and was told that as there was an exchange down there it did not cost so much for the separate phones. At that rate they had better get in some more exchanges instead of overcharging the phone users. We were on the north exchange, which is a good deal closer I think than the College exchange, but the company saw fit to put all this district on the College.

Thanking you for taking this matter up.

Away From Exchange.
A well-known business man of East Toronto told The World that he is paying \$65 for his phone. This is in a territory which is now part of the City of Toronto. According to his statement the company charges \$5 a year for each quarter mile beyond a year for each quarter mile beyond a year.

Mrs. McCann Welcomed On Return From Rome

Met at Depot by Hundreds of Parishioners and Given a Purse of Gold.

On his return from Rome Monsignor J. J. McCann was given a warm welcome by the congregation of St. Mary's Church last night. A great number of parishioners met at the depot, and a committee from St. Mary's Catholic Athletic Association, who escorted him to the church, as the autos drew up 500 boys and girls greeted Monsignor McCann with a "welcome" song and a bouquet of flowers. "Home, Sweet Home" was then sung.

An address was read to the congregation by Dr. McDonagh on behalf of the congregation, accompanying it with a purse of gold.

The recipient responded warmly and eloquently. He gave an account of his travels in Italy, France and the Holy Land.

Decorations of bunting were displayed over the entrance to the church, and the St. Mary's Athletic Association building and lawn were lighted up with about 1500 colored electric lights.

Monsignor McCann will be the guest of the athletic club, and will be presented with an address signed by President D. A. Carey of the club, and also a large bedroom lounge.

When at Rome Monsignor McCann was created Monsignor or member of the Papal Household, his prior title being vicar-general.

MASON SWEEPS VICTORIA

Lockhart Gordon is About 1000 Votes in the Race.

LENDSEY, May 25.—(Special.)—Dr. Mason of Fenelon Falls, Conservative candidate, is elected by over 1000 majority to represent East Victoria in the legislature. Lockhart Gordon of Toronto, Independent Conservative, polled about 125 votes, of which he got 88 in Halliburton alone, the only division in which he had a majority. The vote was 10,000 more than the division with seeding. The election was due to the resignation of Mr. Carnegie to accept a lucrative government appointment.

MARRIED HIS MASTER'S WIFE

Romance in Slave's Life Revealed at His Death.

ESSEX, May 25.—The death of John Wallis, aged 36, of Maidstone, the richest colored man in the county, reveals a romance in his life.

Born in slavery in North Carolina, he, as a man, worshipped his master's wife, a white woman, and in 1824, when his master died, she reciprocated his affections and they were married and came to Canada.

MAY NEVER FIND REMEDY FOR "SLEEPING SICKNESS"

German Physician Declares That Tsetse Fly Becomes Infected With Dread Disease.

PARIS, May 25.—Major Louis L. Seaman, U. S. A., has arrived here from Mombasa, with the first news of the discovery of Dr. Schrin, a German, which completely upsets the theory of the English commission that the tsetse fly only transmits the sleeping sickness.

Dr. Schrin proved that the fly becomes infected, thus establishing "a cycle," as is the case with the mosquito in yellow fever. The fly remains inoculated for 50 days. This discovery renders more difficult the solution of the problem of extinguishing the dread disease, as it ends the hope previously entertained of suppressing it by isolation.

The disease has claimed half a million victims and, according to Dr. Seaman, not a single person who dies ever recovered. The chief horror is the long period of incubation.

"Never have the western cattle ranges seen so many animals," he added, "as there were seen at Mombasa, and other animals to the number of 400 within a segment comprising one-tenth of a circle. There were fully 1000 in sight. Nevertheless, the animals kept up their approach, as the herds keep out sentinels. My respect for the lion has disappeared. The lion never fights except when he is wounded or driven to bay."

B.R.T. WOULD BAR PAUPERS

Will Ask Taft to Increase Restrictions Against Immigrants Who Cheapen Labor.

COLUMBUS, Ohio, May 25.—(Special.)—The Brotherhood of Railroad Trainmen, who to-morrow will adjourn their biennial convention here, to-day directed Grand Master Lee to call on President Taft at Washington during June, and present a request from the trainmen that restrictions be placed on immigration, so that paupers and others who contribute to the "sweat-shop" system of labor be barred from the country.

President Taft's attention also will be called to a request that the compensation by companies of employees injured while on duty be made compulsory.

The trainmen also will seek legislation regarding the standardization of safety appliances, running boards, side holds and other devices which, because of their variety, add to the danger of railroad men.

W. Edinap of Mattson, Ill., to-day was defeated for election for fourth vice-president. G. H. Sines of Detroit succeeds him. Robert McIntyre of Oakland, Cal., who has been a grand trustee, was elected as fifth vice-president. Edinap will return to a position he had formerly with the Interstate Commerce Commission.

POLICEMAN SAVES TOT FROM DEATH BY FLAMES

Two-Year-Old Alice Skelter Severely Burned While Playing With Fire.

If little Alice, the two-year-old daughter of John Skelter, a C.T.R. engineer, lives, she may thank Policeman Rogers (88) for her life.

Carey the little tot, with other children, was playing in the yard at 255 Main-street, East Toronto, when she had set fire to some dried leaves in a tin box. The blaze caught the little girl's frock and in a moment she was enveloped in flames.

The policeman, who was passing, heard her scream, and rushing into the yard grabbed an old coat. He wrapped her in this and smothered the flames.

She was carried into the house, and Dr. Britton was called. The little girl is seriously burned about the face and body. Her condition is exceedingly critical.

The father had just gone out on his train. He has not yet learned of the accident.

THIS IS DERBY DAY

King's Horse Minors Goes To The Post The Favorite.

LONDON, May 25.—The greatest of all horse races, the Derby, which will be run at Epsom Downs to-morrow, promises to be the most interesting Derby of a decade, with the possibility that the King's Minors will win the purse of \$22,500.

The latest betting in the Derby is as follows: Minors, 6 to 2; Sir Martin, 8 to 2; Valens, 8 to 1; Louvers, 10 to 2; Bayardo, 10 to 1; Last year the Italian filly Signoretta won at 100 to 1.

ASSELIN GOES TO JAIL

La Patrie Editor Sentenced to Fifteen Days For Assault.

QUEBEC, May 25.—In the police court this morning Judge Chauveau sentenced Editor Oliver Asselin of La Patrie to fifteen days in jail without the option of a fine for his recent assault on Hon. Mr. Taschereau, minister of public works, made on the floor of the chamber.

THE SEASON FOR STRAWS.

Editor World: When does the season open in Toronto for wearing straw hats?

This enquiry was referred to the manager of Messrs. W. & D. Dineen's popular hatters, corner Yonge and Temperance-streets, who said:

"According to the predictions made by the weather bureau, the straw hat season should begin to-morrow. It usually sets in about the middle of May, but the weather is two weeks behind this season. Our new stock, which is the largest we have ever put in for a season, includes some exceedingly noble styles that will go with a rush, straw hats will have to be worn with us this year, because we have an immense stock to be disposed of in a very short time. Indeed, there are circumstances even reasonable profits are out of the question. We shall start in with the lowest possible prices to turn the stock into cash in the quickest possible time."

These points are sure to provide a busy straw hat season at Dineen's popular hatters, corner Yonge and Temperance-streets.

THE MILK COMMISSION

First Session Will Be Held in Toronto on June 28.

The first meeting of the Ontario Government Milk Commission, composed of Dr. A. R. Pyne (chairman), E. J. Macdonald, W. F. Nickle and J. R. Dargavel, M.L.A.'s, for organization purposes was held at the parliament buildings last night. All the members and the secretary, W. Bert Roadhouse, were present.

After a thorough discussion of the whole question of the milk supply, it was agreed that the proposed investigation must be of the most complete character, and to that end steps will be taken to hear all the interests concerned, and the enquiry will begin with a hearing in Toronto on June 28, 29 and 30. All the dairies will be visited, and later

the enquiry will be extended to other cities of the province. The commission will also visit some of the cities of the United States where progress has been made along the line of purifying the milk supply, and in the meantime the secretary will communicate with the boards of health across the line for literature bearing upon the subject. The commission will be glad to receive any suggestions that will help them in the enquiry. These should be addressed to the secretary, Mr. Roadhouse at the parliament buildings.

Customs Officers Active at Falls.

HAMILTON, May 25.—The activity of the customs officers at both sides of the International Bridge yesterday was an eye-opener to Hamilton people who spent the holiday in Buffalo, especially those who went bargain hunting in the department stores. The trains were delayed both ways an unusual length of time, and the customs men made careful inspection of every trunk. The officers confiscated a considerable quantity of stuff. Those who were caught included the stenographers in two or three uptown business offices.

NEW UNIFORM FOR NURSES

Others Can't Imitate It—Prize May Give Plate to Jockey Club.

HAMILTON, May 25.—(Special.)—The nurses and graduates of the hospital have been complaining that girls who are not real nurses have been "copying" their uniforms, and the governors have decided to buy a special brand of cloth, which will be sold to the nurses of the hospital and the graduates at \$1.75 per dress. It will have a large blue and white stripe and nobody else will be able to get cloth just like it. June 17 was fixed as graduation day. The threat of an injunction if the board attempted to use the Southern Hospital as a hospital for consumption was turned over to the mayor, Miss McKee will succeed Miss Boyce, who is retiring from the hospital office.

The markets committee made arrangements for the installation of wire cages at No. 4 police station for the reception of dogs picked up by the dog catchers after June 1.

Coroner Anderson's jury on the death of Alex. Green, T. H. & B. brickman killed on June 20, brought in a verdict of accidental death.

SINGING EVANGELIST CURED BY ZAM-BUK.

Write Also Reaps Benefit.

Mrs. Birdie Ellis Johnston of 168 Christina-street, Sarnia, Ont., gives the following testimony of what Zam-Buk has done for herself and her husband:

"Some time ago my husband was touring through Michigan on the car 'Herald of Hope' as a singing evangelist. The minister in the car had a son, who in some manner contracted a serious skin disease, and my husband, unaware of it, caught this from him. He was all broken out in sores, which gave great pain, and he tried first one remedy and then another, but none of them did him any good.

"When all else had failed we finally decided to try Zam-Buk, and see if this balm would succeed in healing the sores and stopping the itching and irritation. I am pleased to say that a few applications of Zam-Buk effected a complete cure.

"About the same time sores also broke out all over my back and spread rapidly, until my back seemed one big sore! This was very painful, and as Zam-Buk had proved so beneficial for my husband, I determined to give it another trial. My nurse rubbed my back with Zam-Buk. We continued this treatment and in a remarkably short time, considering the seriousness of the case, my back was quite cleared of the awful sores.

"On still another occasion I had need to use Zam-Buk. While cooking something on the stove I happened to burn my finger very badly. I applied Zam-Buk, and bound up the finger. In the morning the pain had ceased and the burn healed nicely."

For skin diseases, eczema, ringworm, floor polish, and all kinds of eruptions, Zam-Buk is absolutely without equal. It also cures cuts, burns, bruises, chaps, scratches, corns, warts, salt rheum, prairie itch, etc. All druggists and stores sell at 50c a box, or post-free from Zam-Buk Co., Toronto, for price.

For throwing firecrackers at women in Queen-street his brand of Victoria Day celebration, Henry Mo'e paid two dollars and costs in police court yesterday, where the holiday provoked a long list of minor offenders, chiefly drunkards. John Lanhan, theft of clothes, remanded a week; Henry Raymond, Detroit, pocket-picking at ferry dock, remanded a week; Grover Mercer, theft, 30 days.

The Viaduct on Monday.

OTTAWA, May 25.—The board of railway commissioners will sit in Toronto next Monday, when consideration of the viaduct matter will be resumed.

Estates of the Dead.

The late Mrs. J. Knox Leslie left an estate valued at \$37,371, of which \$31,000 is the valuation of property at 151 Yonge-street and 7 and 9 Richmond-street. One-third of the estate is left to her husband and the remainder to her daughter.

An estate of \$44,321 was left by the late George Frederick Hagarty. It is to be invested and the income is left to his widow. On her death her four children, Dudley George, Beatrice Mary and Annie Grasett Hagarty and Mary Kathleen Jones, share equally in the estate.

Improving the Plant.

PORT ARTHUR, May 25.—(Special.)—A new magnetic loading and hoisting plant and a coke drawing machine will be installed at the Algoma Iron Co.'s blast furnace previous to the reopening.

Have you read the lists of candidates who have been nominated in the contest at the coming election? The contest and in which this paper is giving away \$10,000? No doubt there are many who are not acquainted with those who are seeking to win valuable prizes.

OF INTEREST TO WOMEN

The Ontario Jockey Club gave a large luncheon, at which their excellencies were the guests of honor, in the clubhouse at the Woodbine, before the races yesterday. The tables were decorated with roses and other flowers, and a number of appropriate toasts and speeches were given. Her Excellency the Countess Grey wore a becoming black and white costume and was presented with a bouquet of pale mauve centurias tied with ribbon to match. Lady Sybil Grey was wearing a trailing gown of rich ruby velvet, with a brocade pattern, a black plumed hat and a corsage bouquet of lily of the valley. Lady Evelyn wore a dress of her favorite deep rose shade and a pretty hat with a small black and white wreath. Lady Hanbury Williams wore a white lace and embroidered dress, covered with a long dust coat of pale grey striped silk and a small black hat with tulle and a wreath of gardenias. Miss Hanbury Williams was in a pretty lingerie frock and white rose toque. A few of those on the lawn were: Mrs. Bowly (who is staying at the King Edward), wearing a chiffon dress painted with pink roses and a small white hat with black willow feathers. Mrs. Will Hendrie, in a white cloth tailor-made with black lines and smart black toque with jet and quills. Mrs. Jack Hendrie, Hamilton, wore a brown satin dress, over which was a lovely coat of the new silk net in the same shade, a tan Milan straw hat with brown velvet. Mrs. W. P. Fraser looked charming in an embroidered white linen suit, small black toque and a gold and white scarf. Miss Marjorie Braithwaite, a pale blue frock and white hat with blue tulle and feathers. Miss Phyllis Hendrie, Hamilton, a striped grey and white silk dress and hat with ostrich feathers shading from blue to brown. Miss Hendrie, Detroit, wore a bright blue dress and coat and a hat with purple plumes and foliage. Mrs. John D. Hay, a grey crepe de chine dress with heavy silk fringe and small mauve toque. Mrs. J. K. Kerr wore a gown of black and white striped silk with a great deal of embroidery and lace on the bodice and a black tulle hat with white osprey. Mrs. Saiter Jarvis was in black and Miss Muriel Jarvis wore a becoming dress of crimson broadcloth with black and gold embroidery and a big black hat. Mrs. J. B. McLean, grey and fawn striped tailor-made dress and a burnt straw hat with black marabout feathers. Mrs. Fred Plumb, a grey satin dress slashed over satin of a paler shade, hat to match and an emerald green scarf and parasol. Mrs. Charles Ritchie, an amethyst satin dress and hat to match. Mrs. E. J. Elliott, a beautiful gown of Nile green satin with silver and white lace and a hat massed with roses and lilacs. Mrs. T. J. Clark, grey cloth tailor-made, and hat with quantity of rose pink sweet peas. Miss Ethel Dickson looked her prettiest in grey dress and black hat. Mrs. Hal Oeler, a grey and white foulard dress with white lace, fawn coat and a dull rose hat. Mrs. Bruce Macdonald wore an old rose yolle de soie and black hat and feathers, and her guest, Mrs. McQuail.

Banish Dust—Disease-Bearing, Dangerous Dust FROM YOUR HOME EVERY WEEK WITH THE CHATHAM VACUUM CLEANER

This handy little machine is the greatest boon for the housewife invented in modern times. It makes a thorough and sanitary house-cleaning possible every week of the year—and the whole house is easier and more thoroughly cleaned than one room could be done under the old, crude, unhealthy broom-and-duster method. No matter where the dust is—in carpets, rugs, cracks, floors, curtains, walls, ceilings, it has to go—and it isn't just scattered from one place to another, but is deposited in a tightly closed receptacle to be disposed of afterwards. It's the only safe, sanitary way to clean house and a child can operate it.

PRICES: Hand Power Machine, \$25 With Electric Motor (for house current one cent per hour to operate), \$65.00. Easy Terms if desired.

Made by Manson Campbell Co., Limited, Chatham, Ont.

THE DEPARTMENT OF THE INTERIOR Official Notice.

The department of the Interior after making careful investigation into the ingredients and manufacture of the new Temperance and Health drink Hop-Tone, and after having been regaled with numerous glasses of this refreshing and sparkling tonic beverage, hereby given notice. That hereafter Hop-Tone will be the only drink, whether in summer or winter, that will be officially recognized and favorably received in this Department.

This action is made necessary owing to The Department of the Interior having many times been upset by receiving into it so-called thirst removers, and alleged refreshing liquids, much to its discomfort and inconvenience.

The Department of the Interior gives notice that it has found

“HOP-TONE”

to be an ideal warm weather drink, pure, cooling, delicious in taste, and possessing unusual invigorating qualities. The new bitter-sweet flavor of Hop-Tone, and the clean, wholesome relish it leaves in the mouth are points to remember when dry, tired and in need of a helpful and healthful tonic drink.

All the official organs of The Department—the palate, stomach, and the rest are delighted with Hop-Tone, the drink for all ages and at all times.

Especially prepared by the makers of the famous “Hygeia” Distilled water.

TRAGEDY OF ONE MAN'S LIFE

Deserted by Rich Brother and Divorced Wife, Shoots Himself.

PARIS, May 25.—There is a sad story behind the suicide at Versailles of Edward Halsey Sandford. Sandford was the son of Edward Sandford, a lawyer of New York, and studied law in the offices of J. H. Choate. As a young man he married Ella Hoffman, daughter of the late Gov. John T. Hoffman of New York. From the beginning his married life was unhappy, and a number of years ago he came to Paris, where for a time he was one of the leaders of the American colony. His brother Lewis lived here with him. Edward often rode in the gentlemen races in Long Champs, and he was one of the founders of the Leconte Golf Club, one of the most fashionable clubs around Paris. Mrs. Sandford was rich in her own right. She had a large fortune, and she had a divorce and obtained the custody of his daughter, at present in Wiesbaden. Of recent months Sandford has been living in seclusion in the hotel at Versailles, where he killed himself; his resources had become completely exhausted. A few days ago the proprietor of the hotel, to whom the wife had threatened to put him out into the street unless he paid. Appeals were made thru third parties, both to his former wife and to his brother Lewis, but no responses came. Lewis is married to a French woman of wealth and lives in a fine residence in Paris. He has to support the grade of the funeral expenses. It is understood that Mrs. Hoffman enjoys an annual income of \$20,000.

Good Sport For Cock Fighters.

BROCKVILLE, May 25.—(Special)—In Ogdan Island, midstream of the St. Lawrence River, opposite here, and which is generally classed as in American waters, cock fighters of Ogdansburg, N.Y., and Brockville, pulled off a battle in the presence of over 100 spectators, among whom betting was brisk. Three or four battles went to Ogdansburg birds, and about \$200 changed hands. The provincial secretary, by the letter, has expressed appreciation of the resolution adopted by local hotelmen agreeing among themselves to strictly observe the license laws.

Italy's Naval Expenditure.

ROME, May 25.—A bill was today laid before the chamber of deputies providing for an extraordinary appropriation for the navy of 147,000,000 lire (\$29,400,000).

Dodd's Kidney Pills Cured Dan. McGee's Backache.

He Used the Old Reliable Kidney Remedy and Found a Speedy and Complete Cure For His Trouble.

JAMES RIVER, Antigonish County, N. S., May 25.—(Special)—It has again been proven in the case of Mr. Dan McGee, a well-known farmer living near here, that backache is only a symptom of kidney trouble, and that Dodd's Kidney Pills cure it quickly and completely.

Mr. McGee suffered from backache for two months. “It started from a strain and grew steadily worse. I also had occasional attacks of lumbago. I was always tired and at times my eyes were puffed and swollen. In the mornings I had a bitter taste in my mouth.”

“Then I decided to try Dodd's Kidney Pills and the result is that to-day I am a well man. I advise all persons suffering from backache or lumbago to use Dodd's Kidney Pills.”

Mr. McGee caught his kidney disease in his early stages, and Dodd's Kidney Pills cured it almost at once. Neglected kidney disease develops into rheumatism, dropsy, Bright's disease or heart disease. Dodd's Kidney Pills will cure any or all of these.

CIVIL SERVICE EXAMS ON

Many Women Are Applicants—Papers Are Difficult.

OTTAWA, May 25.—The civil service examinations being held to-day are the first under the new regulations of the commission, and it is noteworthy how few candidates there are for the second division vacancies. In that division there are 25 vacancies, yet there are only 13 candidates throughout the whole of Canada, divided: Ottawa 6, Halifax 2, Montreal 1, Toronto 3, and Saskatoon 1. There are quite a number of candidates for the third division, but here the feminine invasion is quite noticeable, indeed, hardly 30 per cent to-day. The number of candidates for the first division are: Ottawa 119, Halifax 11, Charlottetown 3, St. John 2, Quebec 6, Montreal 40, Toronto 11, London 5, Saskatoon 1, and Vancouver 2. The number of messengers, packers and sorters, has 30 candidates here in Ottawa, 3 in Halifax, 1 in Charlottetown, 11 in Montreal and 7 in Toronto.

Those who are undergoing examination complain of the stiffness of the papers.

DRY GOODS STOCK ON CURB

New Delaware Corporation to Control Associated Merchants.

NEW YORK, May 25.—Trading begins to-morrow in United Drygoods Co.'s preferred shares on the curb. Temporary receipts, deliverable when issued, are being traded in. It is expected that in three or four days will be ready for delivery on June 1, and that permanent share certificates will be issued as soon as they can be engraved. The United Drygoods Co. is the new Delaware corporation which has acquired control of the Associated Merchants Co. of New York, and the following four large stores: Hays & Co., Newark; Powers Mercantile Co. of Minneapolis; The Wm. Hengeler Co. of Buffalo, and the Stewart Drygoods Co. of Louisville. The Associated Merchants controls the H. B. Clafin Co. (wholesale); James McCreary & Co.; C. G. Gunthers' Sons and O'Neil-Adams Co., all of New York; Stewart & Co. of Baltimore, and J. N. Adam & Co. of Buffalo. The new company will apply for listing of its stock on the New York Stock Exchange.

DR. CARMAN GOING WEST.

Rev. Dr. Carman, president Methodist General Conference, will leave to-morrow for the west. He will attend the annual conferences in Saskatchewan and Athabasca, and spend a few days at Winnipeg enquiring into the home mission work. Dr. Carman stated to be back in Toronto by June 15.

some along with their nerve-strengthening and energizing properties, and restore them to their normal condition.

Mr. Wm. Levi, Markdale, Ont., writes: “I had for several years been troubled with nervousness, and, like many others, spent lots of money on medicine that did me no good. I was so bad that the least noise would make me jump and my heart would thump so you could hear it plainly and I could not lie on my left side at night. I saw a few testimonials of others and decided to try Milburn's Heart and Nerve Pills, and to my great joy and surprise they completely cured me and it only took six boxes to do it. I have a neighbor, Mrs. Bickett, and I induced her to try them and they effected a cure. I can endorse their use for anyone afflicted as I was.”

ONLY THREE HORSES IN LATORIA DERBY

Olanbala, the Favorite, Wins Feature Race—Belmont Summary.

CINCINNATI, Ohio, May 25.—Olanbala, owned by J. G. Green, won the classic Latoria Derby at a mile and a half at the opening today of the Latoria track's 30-day meet, defeating by five lengths Pat Dunn's The Peer. Fifteen lengths back came Plate Glass, the only other starter.

Despite the rain a large crowd attended the opening event, the Derby, yet the while it rained over a sloppy track, race was run over a sloppy track. Olanbala, the favorite, won the race by five lengths. The Peer, fifteen lengths back, was the only other starter.

ABOLISH DEADHEAD PHONES.

When the railway commissioners begin to look into the telephone situation, they will find one point worthy of most particular attention. In one form or another it affects almost all public franchise-holding corporations. That point is the extension of special privileges to guardians of the public interest.

In the United States the custom of issuing railway passes grew to such an extent that the intervention of the government became necessary, and the whole deadhead system was abolished. The franking system by express companies has been carried to an extraordinary extent and the telegraph companies could tell a similar story. Telephone companies are understood to be offenders in this respect quite as much as other corporations, and a free telephone in a man's house not only fetters his conscience, but reveals his secrets as well.

The chloroforming influence of the deadhead pass or frank or privilege is really a greater evil to the public than is the special evil to the regular patrons of any of the services involved, who have, of course, to pay for those who get services for nothing. The rich man who travels for nothing in the parlor car is there at the expense of other passengers who ride in the coach ahead. The free telephone means higher rates for all who pay. But the heavier tax falls on the public generally, deprived as it is of its liberties and franchises by those who accept the deadhead favors of corporations in exchange for valuable concessions and a lenient attitude towards contract violations.

Toronto is immediately concerned to know whether the city is subject to any of the influences which emanate from a free 'phone service. The railway commission can do the community a benefit by enquiring into this matter.

CANADA AND FREE TRADE.

On Saturday The World commented on the evident unwillingness exhibited by the advocates of free trade in Canada to institute an active campaign against the protective system now established in the Dominion. The Star yesterday made this the text of a homily that professed, but really evaded, to deal with the point at issue. To a gentleman for anything other than revenue purposes is anathema and even then he holds should be accompanied by a countervailing impost on home products.

VICTIMS OF REDUCTION MUST PAY FEE OF \$400

City Council Votes 12 to 8 Against Memorializing Ontario Government.

By a vote of 12 to 9 the city council yesterday declined to ask the Ontario Government to remit to the 41 hotelmen who lose their liquor licenses the quarter's fee of \$400 for three months allowed for selling out. Ald. McKinnon, both strong temperance men, showed a magnanimous disposition, but the fear of being understood as endorsing the principle of compensation held the others in check.

Ald. Foster argued that it wasn't the business of the city council to interfere in the power to regulate license fees was altogether vested in the provincial government. It was presumptuous of the license holders to approach the city council when their proper course was to go to the government. He declared that 95 per cent. of the men who lost their licenses were better off than most of the aldermen. He mentioned a number of license holders who were, he declared, in affluence, heading the list with J. J. McCarthy of The Pines, whom he understood to be worth half a million.

Ald. Church retorted that Ald. Foster had shown sympathy with the compensation principle by voting more than once to grant six months' salary to retiring civic employees. He believed the time would come when the Ontario Government would have to recognize the principle of compensation.

"The matter is in the hands of the license commissioners and should remain there," said Ald. Vaughan.

Ald. Maguire urged that council, having accomplished its purpose in getting license reduction, should now show itself broad-minded.

Ald. Dunn, speaking as a former license commissioner, said that if Mr. McCarthy of The Pines had made \$20,000 he had done well. He knew of several cases in which loss of a license meant genuine hardship. Mrs. Warden of the Warden House had been trying to educate her family and would go out comparatively poor. Mr. Morgan had paid \$10,000 for a license in East Toronto 16 months ago and would lose every dollar as would Mr. Chadwick.

ducts. An impost of this kind exists in India for the protection of Lancashire manufacturers, whose market would have been restricted by the duty placed on cotton imports entering that country, and that, too, very much against the weight of Indian public opinion.

The World is no supporter of excessive duties, but it holds that situated as Canada is and in the present stage of her development, a protective system is necessary to secure the establishment and expansion of national industries. According to The Star Canada is face to face with an intensely practical question—that between a moderate and excessive tariff. But a real free trader objects to protection either in small or large measure. If the point at issue is only one of degree the free trade briefs put up by some Canadian newspapers become still more incomprehensible.

THE OLDEST REPUBLIC.

In a recent official communication Robert E. Mansfield, United States Consul at St. Gall, Switzerland, gives some interesting information regarding that country, the oldest of modern republics and the most democratic. It is the home of the initiative and referendum, which are the fundamentals of its constitution and have made it conspicuous for the maintenance of law and order, and for the personal freedom of its citizens. With a population of less than three millions and a half and with an area of tillable land not exceeding 10,500 acres, Switzerland imports every year about \$300,000,000 of goods and exports more than that amount. The consul comments, "This is a wonderful record. There are no idle persons in the country. Begging is prohibited by law. Everybody is a producer in some way."

No nation is less open to the charge of "militarism" than Switzerland, yet it insists upon universal service in its national militia. The preliminary training takes place in its schools. Its active army, comprising all citizens between the ages of 20 and 32, have an initial training of from 65 to 90 days and an annual course of 11 to 14 days, with, in addition, practice in musketry. At 33 the citizen passes into the Landwehr, where he remains till the age of 40. From that age till 48 he becomes one of the landsturm. Switzerland, too, exhibits to a remarkable degree the fusion of national patriotism. Its population, 40 per cent. Catholic and 60 per cent. Protestant, represents three nationalities, distinct in language—German, French and Italian.

of The Haymarket and Mrs. Bridget McCue of the Wellington Hotel. Ald. Keeler said that the liquor traffic was an admitted evil and that the majority of the temperance aldermen had declared against the principle of compensation. Hotelmen took a chance to get big profits and had to be content with their losses. It was altogether opposed to any resolution which might have weight with the government in directing it to introduce a compensation measure.

Ald. Bredin said he was in favor of a scheme of compensation that would give to every disgraced license holder the amount he had invested, but it was for the government to act, not the city council.

The resolution meant nothing, declared Controller Geary. The government had announced that there would be no compensation, but the question would be put up to the government by the resolution. He believed, however, that it would be only fair to ask the government to allow the license holders to pay for the three months at last year's rate of \$1200 per annum since the increase of the fee to \$1600 was in consideration of the larger business for the remaining 110.

The vote on Ald. O'Neill's motion was 12 to 8. For—Controller Ward, Ald. McMurrich, Chisholm, Church, McKinnon, Hill, O'Neill, Maguire and Dunn—9. Against—Controllers Geary, H. E. Harrison and Harrison, Ald. McGhie, J. J. Graham, Adams, Vaughan, Bredin, Kelch, Foster, R. H. Graham and Keeler—12.

Dr. Hamilton Speaks On Woman's Health

The reputation of this noted physician needs no comment. For years he was one of the most noted and distinguished practitioners in England. In speaking of the ills from which women suffer, Dr. Hamilton points out that nine out of every ten women are of nature inclined to habitual constipation. Harsh purgatives are resorted to which only intensify the trouble. Although generally known, it is a neglected condition of the bowels that causes half the sickness and tired nervousness with which women are so familiar. It is after long years of study that Dr. Hamilton perfected the pills which have been of such marvellous benefit to women the world over. In his pills of Mandrake and Butternut every sufferer will find an absolute specific for constipation, sick headache and biliousness. It is safe to say that Dr. Hamilton's Pills bring better health and keep the system in a more vigorous condition than any other medicine ever discovered. At all dealers, in 25c boxes.

CANADA'S FAMOUS MEN AND WOMEN Gladly Testify to the Great Value of "Fruit-a-Lives"

Hon. Senator Costigan (member of the Cabinets five Premiers of Canada) says: "Fruit-a-lives is the only medicine I ever took that did me any good for constipation."

Mr. J. B. Flock (widow of one of the most prominent physicians in London) writes: "I was a constant martyr to stomachic weakness all my life and no physician could cure me, but Fruit-a-lives gave me entire relief and I strongly recommend this medicine."

Mr. H. Marchessault (High Constable of Quebec) writes: "I suffered for ten years with severe pain in the back. Nothing did me any good until I tried Fruit-a-lives. The leading merchant of Trenton, Ont., writes: 'I was a martyr to headaches—consulted doctors—wore glasses—without relief. Then I took Fruit-a-lives and this remedy cured me.'"

This is the kind of evidence that comes from every part of the world. "Fruit-a-lives" 50c a box, 6 for \$2.50, or trial box, 25c. Sent postpaid on receipt of price. Fruit-a-lives Limited, Ottawa.

Before Cartwright, K.C. Master. Marks v. Michigan Sulphite Fibre Co.—W. E. Haney, K.C., for plaintiff, on motion for security for costs of the defendant's motion to set aside default judgment. J. McCarthy, K.C., for defendant. Judgment (5). About ten years ago the plaintiff recovered a default judgment against the defendant, who is a foreign corporation. This the defendant is now moving to set aside, and the plaintiff, as a preliminary, asks for security for costs. The defendant's motion, which they are unwilling to give, some goods of the defendant are in the hands of the plaintiff's solicitor. There is no evidence, however, as to their sufficiency or otherwise, if any. That being so, I think the plaintiff is entitled to security, say of \$50, on the analogy of C.R. 129. Costs reserved.

Re Magnusson—F. W. Harcourt, K.C., moved for an order to distribute the share of a deceased infant among the surviving beneficiaries. Order made.

Vandyke v. Grimsby—G. Lynch-Staunton, K.C., for Vandyke, moved for a bylaw for the repeal of the local option bylaw to the effect of H. E. Harrison v. Grimsby, which alleges that they did submit such a bylaw to the people. W. E. Haney, K.C., for Grimsby, moved for judgment against Vandyke. Order made. Enlarged until Friday, 28th inst.

Re Robinson—Macdonnell v. Robinson—Grayson Smith moved for an order.

Lumbago Victim Gives Good Advice Tells of a Wonderful Remedy That Brought Him Health and Comfort.

The man whose back is lame and sore can't afford to trifle with the hundred and one so-called cures for lumbago. He needs a powerful, penetrating pain destroying liniment—something that will quickly sink into all the tendons and muscles—such a liniment is "Nerviline," which acts like lightning. Right to the spot it goes, carrying healing, soothing and relaxing qualities to the nerves and muscles that cause all the pain.

"When my back was so painful that I couldn't turn in bed, when rubbing hot irons over my back failed to ease, when I cried aloud with agonizing twinges—then it was that I found 'Nerviline'—which acts like lightning. Right to the spot it goes, carrying healing, soothing and relaxing qualities to the nerves and muscles that cause all the pain. There is something in Nerviline that isn't to be found in other liniments. Its power over pain and its facility for sinking into the core of the sore parts is simply a marvel. After trying rid of the pain and when I started back to work, of course I wore a Nerviline Porous Plaster over the weak spot. I have friends that use Nerviline for Rheumatism, Neuralgia and Sciatica. They all think as I do that Nerviline is the strongest, best and safest liniment made."

Not to Blame

It appears pretty conclusive in police court yesterday morning that the disorderliness with which P. C. Griffiths had charged Robert O. Alexander, a merchant of Midland, Ont., was pretty general among Alexander and several constables. The constable alleged that Alexander had crowded into line at the Ferry Company's ticket office, had resisted arrest and torn out the sleeve of his tunic. Several citizens swore that the policeman started the row. The case was dismissed.

KAWARTHA LAKES LOCKS.

Editor World: It is with interest that I have read the letters in The World lately agitating the opening of the locks through the Kawartha Lakes system on Sundays. All Canadian canal locks are closed on Sundays, but I am doubtful if this act also closes the locks through the Kawartha Lakes system. On Chemung Lake there is a mile long pontoon bridge with a swing opening at one end, which passes boats through that end of the lake on which Chemung Sunday Resort is situated on the banks of Chemung Lake. Just outside of the town of Lindsay there is a road bridge crossing the Scugog River, which bridge has lately been raised so as to allow boats to pass under.

SCHOOL CHILDREN'S CONCERT

Chorus of Eight Hundred Gives Creditable Performance.

Inspector James L. Hughes and his chorus of 800 children's voices were at Massey Hall last night in all their glory, and the chorus succeeded immensely, both in unison and part song.

Musically viewed the success was due to Llew. Rees, supervisor of public school music, who last night, as heretofore, has proved himself a master in the art of vocal instruction.

One of the really pleasant performances was the winning for the second time of Dr. Hawke's Shield for quartet singing by the Dovercourt school vocalists, trained by Miss Plummer.

The Rawlinson gold medal for the best soloist went to young Wilfrid Morrison; but since he has entered upon contract for professional performances in America, it is only just to say Inspector Hughes did not display any good judgment in including him amongst the competitors.

Other successful numbers were the girls' quartet, Douglas Brown's recitation, "John Bull's Letter Bag" and "Palmer's Recitation," "Jimmie Brown's Steamer Chair," all cleverly done. Dr. Vogt acted as judge in the quartet competition—and the audience cheered with his unerring judgment.

The part songs were noted for good diction, excellent enunciation and strictness of time. It was well, however, to understand that the management would please many more parents and teachers if Inspector Hughes would place the sale of tickets wholly in the hands of the Massey Hall office. It is a sound maxim in advertising that a public one secured will always be secured by wise management. J. D. L.

CITY IS COMMITTED TO WATER FILTRATION

Controller Geary and Ald. Foster Battled Ineffectually Against Council's Views.

After nearly three hours' debate the city council decided last night to proceed with the construction of the filtration plant. Controller Geary and Ald. Foster argued strongly against the city's committing itself to the project until more information as to the efficacy of filtration had been secured, but the vote indicated rather slender support.

The motion of Ald. Foster asked that the board of control's report recommending the acceptance of tenders for the construction of the water filtration system be referred back to the board "with instructions to confer with Prof. Galbraith of the school of applied science of Toronto University, with a view to having him recommend a reputable independent engineer to report upon the feasibility of filtration as a means of purifying the water supply."

The amendment, moved by Controller Geary, asked that the board of control's report should be referred back with instructions to obtain further information as to the condition of the city's drinking water, both as to the present condition and the probable future condition, when the trunk sewer is constructed for the water supply, if such be required, as to the efficacy of safeguarding or purifying the water supply, if such be required.

Controller Geary thought the carrying of the filtration bill was largely due to the "boon" of the water supply, while the report of the experts, Herring and Watson, indicating that there would be no need of filtration, unless sewerage was introduced into the lake, giving the plant something to filter. Washington, Albano and the other cities where filtration had been successful.

There wasn't any other city which was filtering water of the great lakes. In Washington the typhoid rate had been reduced by filtration. Mr. Allan Hazen's opinion that if he lived in Toronto he would prefer to have filtered water, had been taken as sufficient basis for proceeding with the campaign.

"It means paying three-quarters of a million for an experimental system," he declared.

Filtration Needed. Controller Hocken replied that for two months of the year there was a grave danger of strong east winds blowing the effluent from the septic tanks to foul the intake pipe. He admitted that the milk supply was a matter of some concern, but that he was unable to account for the showing in Washington. The board of health would refuse to build a trunk sewer unless filtration was provided or unless the city established a sewage farm to treat the sewage at a cost of \$1,000,000 to establish and \$85,000 for city \$1,000,000 to establish and \$85,000 for annual maintenance, while the maintenance of the trunk sewer and filtration plant would cost only \$40,000.

Controller Harrison, chief sponsor of filtration, asserted that the water taken from the lake was not only filtered, but also disinfected, and proceeded to read long extracts from long ago reports by Mansergh, Merry and other experts, who stated that the water drank a glass of water. To separate the trunk sewer and filtration propositions from the water supply with the people and provincial board of health.

The vote on Ald. Foster's motion was: For—Ald. Foster, Bredin, Welch and Church. Against—Controllers Ward, Harrison and Hocken, Ald. R. H. Graham, Hillson, Dunn, Keeler, McGhie, J. J. Graham, Adams, O'Neill and Maguire—12.

On Controller Geary's motion the line-up was: For—Controller Geary, Ald. Bredin, Welch, Foster, Church and McMurrich—8.

Against—Controllers Ward, Harrison and Hocken, Ald. R. H. Graham, Hillson, Dunn, Keeler, McGhie, J. J. Graham, Adams, O'Neill and Maguire—12.

Two of the tenders for "extras" recommended by the board of control on the advice of Dr. Allan Hazen and City Engineer Rust, were referred back. One was a contract for 100,000 gallons of water with the pump recommended to be given to the John MacDougall Caledonian Iron Works, also the John Angus Co. Tenders for 100,000 gallons of water were referred back. The reason given was that the latter's quantity of efficiency wasn't so high.

The other contract referred was that for electrically driven stage pumps. The tender of the Allis-Chalmers Co. of \$224 was favored, also there were four lower bids. It was stated that, with the exception of one which was informal, the efficiency guarantee was not so high. Council wanted more information about the other tenders.

All the other tenders, including one of \$56,128.60 for the main body of the work were approved. By Ald. Bredin moved to have the parks committee consider the advisability of acquiring the property lying to the east of Bantam Park for the purpose of enlarging and improving the park. This motion was referred to the parks committee.

Gaelic League meets to-night. An All Night on the Lake. Owing to the supply of gasoline having given out, a party of sixteen members of the Young People's Society of St. Matthew's Church and the engineer drifted all Monday night on the lake off Port Credit. When rescued about 7.30 p.m. the boat was found to be empty. Their launch had drifted out several miles. The party arrived home about 10 o'clock.

many feels we are outside its contract with the city. We are out of the city and they can seek us. We are paying for construction in our rental. It's a species of hold-up, out of all reason."

W. J. Lawrence, florist, Eglinton, says \$104. Two parties lines in his part of the town cost \$65 a year.

"We advocated the establishment of an exchange," said Ralph W. E. Burnaby of Bedford Park, city manager of the Dominion Life Assurance Co. "The company wouldn't listen. They say it won't pay, and that settles it. We wanted a \$25 local rate and 50c for city rates, which might be commuted for \$15. I know of 15 people north of Glen Grove-avenue who would take phones at \$40, and that is only a small section of the town. The company has a number of lines up there now. Why not use them as trunk lines and establish an office up there?"

Mr. Burnaby stated that he understood the rate at the upper limit of Bedford Park was \$120. C. W. Beatty, who has a party phone, said he paid \$15. Fred Jarvis, a half mile further south, paid \$100 a year.

J. W. Francis, grocer, of Deer Park, when the sewage report was recently presented by T. Ald Murray, C. E., was most exhaustively discussed.

Mr. Brooks, summing up the whole matter, expressed the opinion that Mr. Murray's scheme was complete in every detail, and eminently adapted for the Town of North Toronto. The estimate, totalling \$20,000, was approved.

The committee were unanimous in passing a resolution asking council to adopt the report, and suggesting that 1000 copies be printed for distribution.

BUTTONVILLE. Former Well-Known Resident Died at Sherwood on Monday.

BUTTONVILLE, May 25.—(Special.)—Word was received here yesterday of the death at Sherwood of Francis B. Bliss, until recently a resident of this village. The late Mr. Bliss was 45 years of age, and was for many years associated with the local Orange Lodge at Brown's Corners. He is survived by two sisters. The funeral will take place at Buttonville Methodist Cemetery on Tuesday at 2 o'clock, and friends leaving the city on the 9.30 Metropolitan will be met at Lot 40.

WEST TORONTO. Big Opposition to Closing of Jane St. Develops.

WEST TORONTO, May 25.—(Special.)—A strong sentiment is developing in West Toronto against the proposed closing of Jane-street by the C. E. R., and a big fight will be put up by interested parties to prevent the proposal going thru.

Mr. Osborne and other C.E.R. officials approached the York Township Council on two or three occasions with a view of gaining their assent, but so far without success. Warden Henry and the council are disposed to be fair in the matter, but Jane-street is one of the few thru highways and the proposal to block it, save for foot passages, is strongly resented. Ward 7 is also interested in the matter.

Sam Ryding, who is meeting with great success in his canvass, has arranged for a series of noon-hour meetings and to-morrow (Wednesday) at 12 o'clock will address the Canada Cycle employees. On Thursday at the same hour Mr. Ryding will talk to the Dodge Pulley employees, and on Friday the Gurney Company's men. It is expected that the public meeting on Wednesday will not be held until Friday evening in the College of Art, Hall.

Joe R. Bull is also making a splendid canvass, an dir one may judge by the street comments, the latest aspirant for aldermanic honors from this ward will be one of the two incoming aldermen. Mr. Bull has given West Toronto splendid service in school and council, and would make an ideal representative.

Big Meeting Takes Prompt Steps to Close With Future Plans. WYCHWOOD, May 25.—(Special.)—That the late terrible tragedy in this district by which four children lost their lives thru burning has aroused the residents was shown by the big gathering in Hillcrest School to-night when fully 300 people were present. The meeting was called to discuss fire protection and Deputy Chief Noble gave much valuable information bearing on the subject.

It was decided at once to install underground tanks, build a how station and acquire a fire engine. Volunteers for a local fire brigade were called for and 50 responded. A strong committee, composed of 15 representatives, was named, and a vote of thanks accorded the city for the help so generously given. William Dever was in the chair.

York County and Suburbs SEWERAGE COMMITTEE LIKE ENGINEER'S REPORT

Recommend Council to Adopt It—Big Fire Meeting in Wychwood—West Toronto News.

NORTH TORONTO, May 25.—(Special.)—Chairman Banton has called a special meeting of the local board of health for Saturday evening at the town hall, when Dr. Hodgetts, secretary of the provincial board of health, will be present. The sewage question will be under discussion and town-people generally are cordially invited to be present.

The five mile road race yesterday under the auspices of the Eglinton Boys' Club excited great interest. There were seventeen starters and the course north of the Orange Hall to Lawrence's side was a second, south to Eglinton, east to Yonge and home, was made in 51 minutes.

The first five winners in the order named were: H. Gillespie, E. Lawson, Henry White and Master Eaden.

Chief Collins is putting in a lot of good hard work in connection with the local firemen, and the presence on the council board of Chairman Irwin will do much to stimulate a better order of things.

Chief Collins is evolving a plan now for the holding of a meeting, probably the latter part of the week, looking to a picnic this summer. It is proposed to have competitive contests between the different divisions in town. The idea is a splendid one and will be popular.

Deer Park Presbyterian Church has elected these elders: W. D. McDowell, R. Northey, E. Macgregor, W. Gregg and W. J. Lind.

Local real estate men all report a good selling demand for good building lots, as well as moderate priced residences.

Already the anticipated putting thru of the parallel roads is boosting land values south of the cemetery in line with the street.

What will it be when it is really opened out?

The North Toronto junior baseball team play the Gorevales on the latter's grounds on Saturday, May 29.

Chairman Payne, Messrs. Howe, Burnaby, Irwin and Solicitor T. A. Gibson held a private conference here to-night with Town Engineer Brooks, when the sewage report was recently presented by T. Ald Murray, C. E., was most exhaustively discussed.

Mr. Brooks, summing up the whole matter, expressed the opinion that Mr. Murray's scheme was complete in every detail, and eminently adapted for the Town of North Toronto. The estimate, totalling \$20,000, was approved.

WYCHWOOD, May 25.—(Special.)—That the late terrible tragedy in this district by which four children lost their lives thru burning has aroused the residents was shown by the big gathering in Hillcrest School to-night when fully 300 people were present. The meeting was called to discuss fire protection and Deputy Chief Noble gave much valuable information bearing on the subject.

It was decided at once to install underground tanks, build a how station and acquire a fire engine. Volunteers for a local fire brigade were called for and 50 responded. A strong committee, composed of 15 representatives, was named, and a vote of thanks accorded the city for the help so generously given. William Dever was in the chair.

the council are disposed to be fair in the matter, but Jane-street is one of the few thru highways and the proposal to block it, save for foot passages, is strongly resented. Ward 7 is also interested in the matter.

Sam Ryding, who is meeting with great success in his canvass, has arranged for a series of noon-hour meetings and to-morrow (Wednesday) at 12 o'clock will address the Canada Cycle employees. On Thursday at the same hour Mr. Ryding will talk to the Dodge Pulley employees, and on Friday the Gurney Company's men. It is expected that the public meeting on Wednesday will not be held until Friday evening in the College of Art, Hall.

Joe R. Bull is also making a splendid canvass, an dir one may judge by the street comments, the latest aspirant for aldermanic honors from this ward will be one of the two incoming aldermen. Mr. Bull has given West Toronto splendid service in school and council, and would make an ideal representative.

MINING MARKET UNDER THE INFLUENCE OF THE HOLIDAY

Shipments for Week Record for the Year--Business Limited--Market Closed Shade Easier.

World Office, Tuesday Evening, May 25. The mining market opened quietly, but firm and strong, after the holiday.

During the afternoon board the market was somewhat easier and stocks generally came on offer at lower prices.

The higher priced issues were quiet, but firm. A prominent broker who has lately made a short visit to Cobalt has returned full of enthusiasm for the future of the camp and of La Rove.

Table with columns: Standard Stock and Mining Exchange, Cobalt Stocks, Beaver Consolidated, Amalgamated, Buffalo, etc.

SIGNIFICANCE OF SILVERLAND.

In the retina of one of the leading down town hotels yesterday were three men, seated in a triangle, bent over in earnest conversation.

They were Englishmen, and the principal owners of the Reeve-Dobie Silver Mine at Gowganda.

These British investors are in Gowganda because their engineers have advised them that it is a good place to be.

They also have faith in other properties in the camp, for they have negotiated unsuccessfully to increase their holdings.

Only the man who stands out from personal interests can grasp the broad significance of Silverland.

The man in South Lorrain looks askance at the big noise up the Montreal River. Elk City does not enjoy too much boosting for Gowganda.

But the man detached from influences which bias his judgment sees but one tremendous fact, a vast mineral-bearing belt, 150 miles from east to west, which is destined to give Canada the last word in the silver markets of the world.

Work is going on actively on the combined big launch and wagon route from Bisco (a station on the Canadian Pacific Railway) 90 miles a little north of west of Sudbury to Gowganda.

BIGGEST NUGGET YET FOUND IN COBALT

Gem Property Gets Record Find--Good Progress at Trethewey.

COBALT, May 22.--(From The World's Special Commissioner).--Some distance lends a clearer vision. The focus is more liable to be broader.

The success of these two companies along the lines mentioned will, no doubt, prove to be an impetus to other parts of the industry.

Last Friday evening the biggest floating nugget ever found in Cobalt, is reported to have been discovered.

Two exceptionally strong leads have been cut into the Trethewey property, at the north end, where the adians the last word in the silver markets of the world.

The silent British capitalist is mining in South Lorrain and at Gowganda. He is busy at Cobalt and at Maple Mountain.

Work is going on actively on the combined big launch and wagon route from Bisco (a station on the Canadian Pacific Railway) 90 miles a little north of west of Sudbury to Gowganda.

Following are the weekly shipments from the Cobalt Camp, and those from Jan. 1, 1909, to date.

Simpson's Housefurnishing Suggestions ANOTHER LIVING ROOM

WE have told you about a good unconventional Living Room; the second of our little talks relates to a more dignified apartment—the room which pertains to the ideally appointed conservative house such as Old England is world-famous for. The furniture would be of dark finish, such as early English or fumed oak. Its lines would be strong, simple and straight, upholstered heavily in leather or repp or panne mohair. Now as to the floor covering. We would suggest that this time instead of a rug we carpet the floor completely with an Axminster, or a good Wilton in harmonizing wood tones with a full-sized border. The wall, would be treated as part of the color scheme of course. White plaster would never do for a dignified room such as we have in mind. Various methods could be used—brown being the basic idea of the walls. The ceiling would be beamed, the beams running the length of the rooms, rough textured grass, cloth or stippled plaster between. Portiere curtains of brown or golden damask cloth, velours or woollen repp, applied with lighter or dark self tones, and corded on the edges. The windows would preferably be casements, with deep sills. The curtains for these casement windows would be the same as the portieres, or a lighter weight material of the same color and design. No sash curtains would be needed, though if they were preferred, could be of ecru net. The living room table would be partially covered by a cloth of butcher's linen or homespun, with the motive of the curtain pattern reappearing. Any idea as to cost of such a room can hardly be given, because of the great latitude of choice we have allowed. But some idea of the main items may be of practical interest, say the room described were 12 feet wide and 16 feet long. Axminster Carpet at \$2.00 yard..... \$47.00 2 Pairs Portieres—say Velours, lined with self..... 54.00 3 Pairs Window Curtains..... 48.00 Total..... \$149.00

VICTORIA DAY has opened the Festival of Leaves, which will continue (weather permitting) until the middle of October. Notice is hereby given to all handmaidens of the Queen and all votaries of fashion.

The Court will find the requisite costumes ready waiting at the Cloak Department of the Robert Simpson Company. Summer Dresses, Summer Suits, Summer Coats, Summer Waists, Summer Skirts, Summer Petticoats—they are all prepared. Those who obey the commands of the Queen most promptly will be rewarded for their loyalty by having the very nicest choice. So all who desire the smiles of Summer take due warning.

On Thursday the following summer showing will be ready in the faithful-Simpson Salon of Outer Wear.

Our \$15.00 Suits for Men

ENGLISH tweeds. No better evidence of quality at moderate prices need be looked for than is found in our \$15 suits for men.

No better evidence of the value of our \$15 suits need be asked for than is found first place in our \$15 suits of English tweed.

English tweed is a "gentlemanly" material. There is something that bespeaks refinement of taste in its very texture. It is made of the very best wool, and woven with a smooth rich surface unapproached by other cloths.

We have made up, or had made up for us, the quality of material that goes into the \$25 custom tailored suit, and included the suits in our \$15 line. We can fit you all right, too.

Come and try an English tweed coat on and see if you don't like it. Made in the very best style and finished the same way. \$15.00.
