Instead, a delirium to move faster possessed me, and with quick, sidelong steps-my following foot striking hard against that beforesometimes on the point of stumbling stretched out like the crucified, I press ed in mortal terror along.

'Every possible accident and delay was presented to my excited brain. What if the ledge should narrow suddenly to nothing? Now I believed that my heels were unsupported in air, and I moved along on tip-toe. Now I was convinced that the narrow pathway had sloped outward, that this slope had become so distinct, so increasingly distinct, that I might at any moment slip off into the void. But denominating every consideration of possible disaster was that of the need of speed, and distinct amid all other terrors was that sensation of the dead wall ever silently and inexorably pressing me outward.

'My mouth and throat were choked with dryness, my convulsive lips parched and arid; much I longed to press them against the cold, moist stone. But I never stopped. Faster, fastermore wildly I stepped—in a delirium I pushed along. Then suddenly before my staring eyes was a well-remembered edge of mossy stone, and I knew that the rope should be directly behind me. Was it?

I have just received for the spring trade, 1 car load of Wilkin-

GILLIE'S FLEXIBLE WEEL and IRON HARROWS. Wisner's Combined Drill and Broadcast SEEDER. This Seeder is without doubt the best machine of its kind made in Canada at the resent time. It will adapt itself to the wants of any farmer. It can be arranged to organi in any quantity either broadcast or in drills. It has a separate attachment or sowing hay seed which can be used at the same time the farmer is using the sower

MANN'S BROADCAST SEEDERS, (complete) and ATTACHMENTS FOR HORSE HAY RAKES ich have been extensively used on the North Shore and have given the best of satisfaction. A full stock of PLOW REPAIRS has just been received consisting of EL MOULDBOARDS, STEEL LANDSIDES, SHARRS, SOLESHOES, CLEVISES, COLTERS AND BOLTS for "FARMER'S FRIEND," "LOUISE," "SOLID COMPORT," "BONA," WILKINSON'S No. 5 and ONE HORSE, and FROST & WOOD'S No. 5 and 8 PLOWS.

A car load of CARRIAGES from the celebrated Gananoque Carriage Works daily expected. READ WHAT THE FARMERS SAY

who have used the above goods. Geo. Hildebrand, Esq.

DEAR SIR—I purchased from Messrs. Johnson & Co. through you one of Mann's Seeders, which I have used for four years, and I can safely say that I would not be without it for three times the cost, I could never raise more than 5½ or 6 bus. from one when sown by hand, but now I can raise 8 to 9 from one when sown with the Seeder. A farmer who will sow 70 bushels of grain in one year will save enough in that time to pay for his Seeder. I also bought one of your first prize steel plows, I had used two of Frost & Wood's Plows before getting one from you, and I could not get more than three or four days in the week with them. My team is very heavy and my farm is very rocky and whenever they would strike a rock they were sure to break, but the one I got from you proved most satisfactory and easy. I also purchased a heavy Iron Harrow from you and have been using it in a very strong soil, and it has given entire sati-faction and stood the test most wonderfully.

I was almost getting discouraged with farming before I purchased these im plements, as I was daily visitor to the Blacksmith's during the farming season. Very respectfully,

Renous,
