REV. F. S. TODD IN TROUBLE.

BOSTON, Oct. 12.—A Herald special from Brunswick, Me., says:—As a result of rumors concerning Rev. F. S. Todd of the Berean Baptist church, a wide breach has sprung up between the members of the church and parish, and Mr. Todd's flock which has divided to a mere handful, finds itself confronted with a serious church war.

None of the church members have seen fit to make any public charges against their pastor, for they "claim that all the stories date back to his career in Calais.

WOODSTOCK, N. B., died recently leaving a large estate for him to settle up and this is the reason he shortened the time for his resignation to take effect.

THE OLD LYRE.

(Yonkers Statesman.) They were good friends, but they are no longer. It all came about through a mistake. One of the women had an old fashioned harp which had been handed down from her ancestors, and, meeting a friend one day, the latter asked: "Have you got that old lyre in the house yet?"

"I'll have you know that I do not consider that a respectful way to speak of my husband."

Explanations have never been sufficient to heal the breach.

MARRIAGE AND DIVORCE.

London Times Sympathizes With Bishops—Seems a Hopeless Question.

NEW YORK, Oct. 14.—A London despatch to the New York Times quotes the London Times as commenting editorially on the discussion regarding the marriage and divorce question by the convention of Protestant Bishops at San Francisco. The London Times says it sympathizes with the bishops in the difficulties which they and the clergy throughout America have to encounter. The most obvious reform in America, says the London Times, would be to pass a national law on the subject; but, apart from the constitutional impediments in the way of such a step, the condition of public opinion does not encourage such legislation. Twenty-five years hence another Protestant Episcopal convention may be debating the same problem, with no clearer prospect of its solution than exists at present.

DIED OF THIRST.

Probable Wreck of Steamship Manchester—The Captain, His Wife, Two Children and Crew of Twenty-Five Lost.

TACOMA, Wn., Oct. 14.—The steamship Glenroy brings news from Hong Kong that wreckage has been found off Bikar Island, the small uninhabited island of the Marshall group, which proves that the British ship Manchester came to grief there. The Manchester, Captain Clemens, left New York loaded with kerosene, shipped by the Standard Oil company, just one year ago. Her destination was Yokohama, and shipping men have agreed long since that she must have been lost in a typhoon. Footprints and marks of two boats' keels on the sand, together with other signs, make it certain that Captain Clemens, his wife, two children and crew, have been lost in a typhoon. Plainly marked in the sand were footprints of a woman and children. The body of one sailor was found in a scrubby growth of trees near shore. There were also found bodies of birds which had been sucked into the ship. As no sign has since been found of Captain Clemens, his family and crew, it is supposed that they died of thirst before they reached inhabited islands. The Manchester carried a crew of twenty-five men, most of them British sailors. The value of ship and cargo was nearly \$500,000.

ANTWERP, Oct. 14.—King Leopold has decided to visit New York. He announced this at an interview granted to the Burgomaster Saturday. FUNERAL OF REV. J. W. CLARKE.

A memorial service for the late Rev. J. W. Clarke was held yesterday afternoon in the Woodstock Free Baptist church. The body was brought to the city today on the Atlantic express and was met at the depot by Revs. Dr. Hartley, C. T. Phillips, D. Long, H. H. Nobles of Sussex, F. T. Francis of Norton and a large number of members of the Free Baptist conference and more especially of the Waterloo street church, of which the deceased clergyman was for about eight years pastor. Among the other floral tributes was a handsome anchor sent by the church. The pallbearers were members of the conference executive, and interment was made at Fernhill. A large number of people followed the remains to the grave, and the services were conducted by the different clergymen present.

MONCTON.

Descriptive Ring Appointed an I. C. R. Chief of Police.

Mrs. Pick's Beautiful Gift for the Duchess.

MONCTON, N. B., Oct. 14.—John Ring, of St. John, has been appointed descriptive chief of police for the Intercolonial. Ring's duties will in future be confined to the section of the work between Moncton and Montreal. Ring will have control of all the rest of the line.

Geo. H. Pick goes to St. John tomorrow to present to Her Royal Highness the Duchess of York a beautiful point lace handkerchief made by herself. The design and work of the handkerchief are all Mrs. Pick's. It contains four thousand yards of thread and ladies will understand something of the nature of the work when they are told that the thread was of a fineness of 1500 and 1,000. The handkerchief occupied 150 days of ten hours each in making. In the four corners are crown, leaf, Union Jack and beaver, representing royalty, imperialism, loyalty and Canadian industry, with a wreath of maple leaves, the emblems of our country. All these figures are of raised work and so plain as to be distinguishable at a glance. The pocket which accompanies the handkerchief is made of solid silver, over a pound of which was used, and is the work of W. S. Bowness. It was designed as a memorial of four New Brunswick men of G Company of the Royal Canadian regiment who fell at Paardeburg, and their names are inscribed upon silver seed pods of maple leaf on the case. The inscription of the presentation is on the inside of the pocket cover and is very neatly done.

MINISTERS' MEETING.

The Methodist Ministers Express Their Disapproval of the Sabbath Desecration Yesterday.

At the meeting of the Baptist ministers this morning there were present Revs. Messrs. Waring, Dykeman, Adams, Nobles, Appel and Manning. Rev. A. T. Dykeman was elected chairman for the year, and Rev. J. Charles B. Appel, secretary. Reports were received from the churches and a committee to prepare a programme for the year was appointed, consisting of Revs. B. H. Nobles, Waring and J. D. Freeman. Rev. Mr. Adams will read a paper at the next meeting. At the meeting of the Methodist ministers there were present Revs. R. W. Weddell, (chairman), Geo. Steel, G. E. G. Campbell, Dr. Wilson, Henry Penna, H. D. Marr, G. A. Selvar. Reports from the churches for the last two Sabbaths were received. Rev. Mr. Weddell conveyed to the meeting greetings from Rev. R. Ople, chairman of the Charlottetown district.

The matter of the Sabbath desecration by the work on the arch, King street, yesterday, was freely discussed, and the meeting expressed its strong disapproval of such desecration.

DIED IN NEWARK.

William J. Lacey, of 311 Gerrain street, died after a very brief illness in St. Michael's Hospital, conducted by the Sisters of St. Francis, in Newark, New Jersey. Mr. Lacey was well known in this city, having called for quite a number of years as a mechanic on several of Thomson's vessels. He left home on Sept. 30 to proceed to Pensacola, Fla., where he intended joining the barque Honolulu. After leaving no further word was received concerning him until Friday night, when his wife got a despatch to the effect that he had died in the hospital that afternoon. No further particulars have as yet been received. Besides his widow, Mr. Lacey leaves a family of eight children, three boys and five girls, the youngest of whom is only seven months old. His body will not be brought home.

WHO SHOULD HAVE SEATS?

Give the Mothers or Sisters of the Soldiers a Chance. No doubt Mr. Robertson and his assistants have their hands full in allotting seats on the grand stand for Thursday afternoon. The stand will accommodate say 1,200 persons. It is said that some 300 ladies from the families of members of parliament, legislature, aldermen and officials of various kinds are to be provided for. Then some 200 visitors from Boston are to be accommodated. For the other 700 seats there are probably 3,000 or more applications. The Star does not propose to offer much advice as to the allotment, but it suggests that the first choice be given to the mother or one near relative of each soldier who is to receive a medal. The presentation of these medals is the thing that the people go to see, and it would be a pity if a mother who may have come many miles to see her son decorated by his future king should be crowded to make room for other ladies who have no interest, but curiosity, in the matter. At all times, and those who are usually accustomed to get what they want will be more than willing to give up a seat on the stand on this occasion that the mother who gave her son to the service of the empire may see him receive this recognition.

CULVERT BURNED.

The Boston and Montreal trains were delayed about two hours today by the burning of a small culvert near Magog, Quebec, this side of McAdam, which occurred shortly after the morning express for Boston had passed over it. Materials were at once sent to the place from McAdam, and in half an hour after their arrival the repairs on the culvert were completed.

A BALLOON VOYAGE.

Across the Mediterranean Sea From the Coast of France.

PARIS, Oct. 13.—Considerable interest is manifested in the attempt of the Comte De La Vaulx, the aeronaut, who left Les Sables, near Toulon, last night to voyage across the Mediterranean, with a view of testing the possibility of using balloons between France and Corsica and Algeria in time of war. The minister of marine and war, M. De Lanessan, ordered the French second-class cruiser Du Chayla to convey the balloon, which is also conveyed by a private yacht.

The aeronaut is accompanied by two other aeronauts and a naval lieutenant. He expects to reach Algeria Wednesday night or Thursday morning. He took with him 75 carrier pigeons, to be released in three batches daily. The balloon, which is decorated with the tri-color, carries accumulators for electric signal lamps and an electric pump to draw up sea water for ballast whenever necessary, by tubes immersed in the sea. Comte De La Vaulx by a system of floats intends to keep about 40 feet above the water.

MARSEILLES, Oct. 14.—A steamer, which has arrived here, reports having sighted the balloon of Comte De La Vaulx yesterday (Sunday) about 12.30 p. m. The balloon was about 50 miles from Marseilles and shaping its course for Algeria. The car was about 60 feet above the sea. Comte De La Vaulx signalled all was well.

Toulon, Oct. 14.—A despatch from Toulon says a carrier pigeon arrived there at 6 o'clock last evening from the balloon of Comte De La Vaulx, bearing the report that the balloon was being driven by a north-northeast wind and going at a fair speed, the weather being very fine and all well.

DOWN IN MAINE.

A Death and a Shooting Affray Due to Liquor.

AUGUSTA, Me., Oct. 13.—A special to the Journal from South China says that Patrick McManus, of Biddeford, one of the workmen in the construction crew of the Waterville and Viscasset R. R., died in South China Friday night from excessive drinking of alcoholic liquor. Coroner Bean of Augusta, was summoned, but deemed an inquest unnecessary. McManus, 47, about 40 years of age and it is thought had a daughter living in Portland.

A special to the Journal from the National Soldiers' Home at Togus, tells of a shooting affray which occurred in the Company A tonight. It seems that John Jones of that company, while under the influence of liquor, quarrelled with John Green, Jones rushed at him and fired two shots with a .38 Smith & Wesson. Dr. Wilson entered the fleshy part of the forearm, the other the shoulder. Neither wound, it is thought, will prove fatal. No reason beyond intoxication can be given for the assault.

GAMBLER MURDERED.

CHICAGO, Ill., Oct. 14.—Charles Crockett, 37 years old, died last night in Proctor's hospital under circumstances that lead the police to believe he was murdered. In company with others, it is said, he spent several hours gambling and left home with his winnings. He was found on the street, unconscious and died without being able to tell who were his assailants. When found his money was missing. Thirty suspects were arrested, and in the room of one was found a hatch which the police believe was the weapon used in the murder.

A MAGNETIC OBSERVATORY.

WASHINGTON, Oct. 14.—The coast and Geodetic survey has established a magnetic observatory at Sitka, Alaska, and is constructing another at Honolulu, Hawaii, to co-operate with the British and German governments in investigating problems of the magnetic forces and needle variations throughout the world. This is in connection with British and German expeditions for the South Pole on plans long ago formulated. It is expected to determine whether all magnetic disturbances and phenomena are subject to a common and world-wide cause or are of a local character.

NEW YORK, Oct. 14.—Word comes from Boston in a special to the World that Mrs. Stone, mother of Miss Ellen M. Stone, is sinking under the strain of the anxiety concerning her daughter. Mrs. Stone is more than 80 years old and has been ailing for some years. Her condition now is such that her friends fear that she will die of the agonizing suspense.

On Saturday the college men played a fast game with Fredericton city and are reported to be a strong organization. The Y. M. C. WHAT HE SAID. Buller's "Surrender Message" to Gen. White at Ladysmith.

Merely Suggested That it Might be Necessary to Surrender—Advised What to Do in That Event.

LONDON, Oct. 11.—Speaking after a luncheon given in his honor by the King's Royal Rifles yesterday, General Sir Redvers Buller, whose recent appointment as commander of an army corps has been much criticized, expressed his condemnation of the newspaper criticisms of men who were doing their best and risking their lives for their country.

General Buller declared that he had sent a telegram which it was said he had sent ordering General White to surrender Ladysmith after his (Buller's) attack on Colenso on December 15, 1898, had been unsuccessful.

General Buller declared that he wanted to be the man who said he had counseled General White to surrender into the ring.

General Buller's speech has made a tremendous stir. The newspapers are divided in their opinions of it.

To know and understand Clarke Wallace, one must know the village of Woodbridge. It is a simple little place, lying in the valley of the Humber, eight miles beyond Weston, sixteen from Toronto.

At the main corner, if you continued up the valley road, not turning to the right, you went up a steep incline, landing on top of a hill and at the fair grounds, one of Mr. Wallace's dearest propensities.

**Tickets for the Exhibition
Grounds Issued Tomorrow.**

**The Movements of the Troops—The
Party at Hamilton—General
Notes.**

Preparations for the visit of the
Duke and Duchess are being hurried
forward as fast as possible. That there
is need for hurry is evidenced by the
fact that law in regard to the observ-
ance of the Sabbath was broken in or-
der to push forward the work on the
King street arch.
Dews at the office of the government
committee's secretary a good deal of
work has been done, but a very large
amount yet remains. There has been
some delay about getting out the tick-
ets for the exhibition grounds and
building, and they will not be ready
for distribution until tomorrow. That
piece of news had to be gently broken
to a continuous stream of visitors to
the Water street office today, and a
number of them said things.
The work of decorating the different
buildings in beginning to take shape,
and a large number of men were em-
ployed. At the exhibition grounds
there still remains a great deal of work
to be done, but it will be finished in
the required time.

As the tickets for admission to the
Exhibition Building in the afternoon,
and to the Barrack Square, will not be
received from the printers until late
this afternoon, it will be impossible to
issue tickets to applicants today.
The delivery will begin promptly at
nine o'clock tomorrow (Tuesday)
morning.

In another column will be found a
formal proclamation, signed by Mayor
Daniel, announcing that Thursday will
be a public holiday, and calling upon
all citizens to observe it as such.

Mayor Daniel has received a tele-
gram from Major Maude stating that
Her Royal Highness will be pleased to
accept the present from the ladies of
St. John, this presentation to be made
at the residence of Her Royal High-
ness at 4.30 p. m. on Thursday, Octo-
ber 17.

Lt. Col. A. J. Armstrong has been
appointed D. A. G. (b) in place of
Major Sturges, resigned.
George Robertson Saturday received
a tender from George Whittaker offer-
ing to feed three hundred of the sol-
diers who will be quartered at the
Machinery hall. Mr. Whittaker pro-
posed a good menu and his offer has
been accepted. The other visiting
troops will be cared for by the staff of
the C. P. R. kitchen-car.

Lieut. Col. McLean says that when
the royal party arrive on the grounds
they will be escorted by the troops in
line of quarter column and a royal
salute given. The troops will then be
inspected by His Royal Highness.
After which a square will be formed
for the presentation of the medals and
colors. A march past in column and
quarter column will follow, and then
the troops will advance in review or-
der, the manoeuvres concluding with
a royal salute. The exercises over,
the line will be marched through the
principal streets. The line of march
will be determined after a conference
between Col. McLean and Mayor
Daniel.

ROYAL PARTY AT HAMILTON.
HAMILTON, Ont., Oct. 14.—On board
royal train.—The royal train pulled out
of Niagara-on-the-Lake in two sections
this morning, the governor-general's
carriages leaving at 8.30 and the Duke
and Duchess' renewing the passage
through western Ontario at ten o'clock.
There was a quiet send-off given the
royal pair as the second section left
the station. The visitors stopped a few
minutes at St. Catharines, where there
was considerable cheering. The town
was gallily decorated with bunting in
honor of the visit of the Duke and
Duchess.

At Hamilton a stop of over three
hours was made, the royal visitors ar-
riving at that city by noon. The
weather, which had been cloudy and
disagreeable during the early part of
the day, had cleared and the sun was
shining brightly when the royal car-
riages rolled into the station. Here
also the decorations were general and
the whole of the population seemed to
have turned out. Many of the public
buildings presented a very handsome
appearance. The 4th Field Battery,
stationed at Point Hill, fired a royal
salute on the arrival of the royal train
at the Stuart street station, which had
been handsomely decorated. Here the
Duke and Duchess were received by
Mayor Hendry. The royal procession
was then formed and proceeded to the
