PROBING AFTER POLITICAL GRAFT.

Insurance Investigation Committee on a New Track

ErGovernor of New York Must Testify—
Senators and Members of Legislature
May Be Subpoenaed.

NEW YORK, Oct. 22.—The legislative life insurance committee it was learned last night, had decided that ex-Governor Odell shall testify before it, says the Tribune.

Paul Morton, president of the Equitable, has decided, so a Tribune reporter learned yesterday, to base a further re-organization of the Equitable on the legislative committee's investigation of the society. This explains why the Equitable's new management has permitted certain criticised officers and directors of the old regime to retain their old positions. At least five Equitable officers or directors, it was learned, have been told to hold themselves in readiness to testify this week before the committee. The legislative committee is considering the question as to whether in view of the last week's testimony regarding the Mutual Life's Albany house it shall issue subpoenas for all the members of the insurance committee of both the senate and the legislative assemblies of 1905. No decision has yet been reached however.

ENTERPRISE, BANK'S SHORTAGE IS \$1,500,000.

NEW YORK, Oct. 22.—A special to the Tribune from Pittsburgh says: Fred Gwynne, president of the defunct Enterprise National Bank, when asked yesterday what the shortage of the Enterprise would amount to said: "It will be very large, much larger, in fact, than we first supposed. From what I know, it will reach \$1,500,000. None of the directors, not even myself, thought it would reach such an enormous sum as that."

"The directors have determined, however, that no matter how great the shortage it will be paid and the bank re-opened for business. We hope before a month elapses it will be in operation."

SAILOR KILLED GOP BY MISTAKE.

NEW YORK, Oct. 22.—In a fight on board the sand barge Ida D. Gibson, at the foot of Grand street, East River, yesterday afternoon, a sailor was killed by mistake. The crew had been attacked by a gang of toughs and a hot fight was in progress when officers arrived. At sight of the police the invaders beat a hasty retreat, some leaping overboard and others to neighboring barges. Cordey, half blinded with blood, mistook the policemen in plain clothes for members of the gang and discharged a shotgun point blank at Hadach.

LIT MATCH IN MOTOR BOAT—BANG! BOAT BURNED, FOUR HURT.

NEW YORK, Oct. 22.—Thomas Shibe, son of Benjamin F. Shibe, president of the American League Baseball Club, of Philadelphia, and three friends from being burned to death yesterday in an explosion of gasoline on Mr. Shibe's launch which was moored at Tenth River, N. J. The party came from Philadelphia in an automobile. About noon they boarded the launch, when some one struck a match to light a cigar. In an instant an explosion occurred and the boat was in flames. The cabin windows and doors were blown to splinters. Mr. Shibe received a severe cut on the head while his companions were thrown to the floor and badly bruised. With difficulty they reached the dory that was tied to the stern and escaped from the burning hull.

MORE SUN SPOTS

SAN JOSE, Calif., Oct. 23.—Rev. Father Joseph Rickard, S. J., the Santa Clara college astronomer announced last night the result of his observations of a group of sun spots, the discovery of which was noted several weeks ago. Prof. Rickard calculates the length of the entire group at 144, 145 miles with a width of 115, 132 miles. The astronomer announces increased solar activity, with a probability that two new spots, first noted last Friday, will exceed in size any hitherto observed.

RACE DISPUTE ENDS IN MURDER

CHICAGO, Oct. 22.—Otto Klotz, a German blacksmith 27 years old, was stabbed fatally in an hotel at Naperville yesterday by Joseph Ragel, an Italian barber. The men had been twitting each other good naturedly about their nationality and Ragel, angered by the words of his companion, started a fight. Ragel drew a stiletto and stabbed Klotz twelve times. One wound just above the heart was the cause of death. After the affray Klotz attempted to walk to a doctor's office and fell on the sidewalk. Ragel was arrested.

RUSSIAN RAILWAY STRIKE THE RESULT OF A PLOT.

To be Followed by General Strike to Compel Political Reforms—Russian Traffic Tied Up—Coal and Food Famine Feared.

ST. PETERSBURG, Oct. 22.—The railroad strike situation shows no signs of amelioration. Traffic across the central belt is paralyzed but the strike has not yet extended to southern Russia. Moscow is isolated except the line to St. Petersburg, while the capital has the international line via Bydgoszcz open to Berlin. The strike is part of a general scheme of the socialist democrats to compel the emperor to grant universal suffrage and complete political freedom but the plan of the leaders is to avoid a collision with the authorities. Their present purpose is to make tests of the strength of the various organizations preparatory to the inauguration of a general strike of all classes in support of the radicals about the time the national assembly meets.

The Congress of Railroad Employees now in session here has adopted a resolution in favor of universal suffrage, political freedom, amnesty, the right to organize strikes, the liberation of the arrested strikers, an eight hour day, schools for the employes' children and the abolition of martial law, the railroad gendarmery, and capital punishment. Though the government has ordered the railroad battalions of the army to proceed to Moscow and take the place of the strikers for the purpose of restoring traffic, the revolutionists, by a sudden and unexpected blow, have shown their ability to lay their hands on the throat of the nation's commercial life. The employees of four railroads struck today and only the lines running over the Nicholas road to St. Petersburg and over the Windau and Rybinsk road to Riga and other Baltic ports are open. Traffic is at a standstill on the Kasaan line and on the line to Yaroslavl and Archangel. The strikers today forced the employees of the general offices and financial departments of three lines, the Windau and Rybinsk, the Moscow and Brestlitovsk, and the Kieff and Voronezh to quit work. The city is already feeling the effects of a milk and a meat famine, and a few days continuance of the strike will cause serious embarrassment and even suffering to the population. Re-education of the factory strikers is not probable.

LATER. ST. PETERSBURG, Oct. 23.—The railroad strike situation shows no signs of amelioration. Traffic across the central belt is paralyzed, while a general strike which broke out today at Kharkoff has cut off communication in another great section of the empire. Kharkoff is the most important railroad center in Southern Russia. The strike affects among other lines the one to the Donets coal region on which Russia largely depended for fuel during the crisis in other regions.

He came to Kansas in 1878. He served three terms in congress. After he left congress in 1898 he had been engaged in stock raising.

MIKADO REVIEWS VICTORIOUS FLEET.

308 Warships Drawn Up in Imposing Array.

Several of Them Once Flew the Russian Flag—High Enthusiasm Among the Japanese People.

TOKIO, Oct. 22.—The naval review today passed off without the slightest hitch. It was a most impressive sight, not so much on account of the class and number of the ships as a conglomerate of fighting craft fresh from the war and crowded with victories of exceptional magnitude. Three hundred and eighty warships, including the former Russian battleships Peresviet (renamed by the Japanese the Sagami) Poltava (Tango) Nikolai I. (Iki) the ironclad General Admiral Apraxine (Okinoshima) and Admiral Senavin (Minozima) 12 auxiliary cruisers, including three captured vessels, 28 torpedo boat destroyers, including the captured Bedovi and Ryshiketi, 77 torpedo boats and five sub-marine boats, were drawn up in six lines. The emperor, on board the armored cruiser Asama, led by the protected cruiser Tsuruyama, and escorted by the gunboats Tathusa, Chihaya, and Manushu, passed along the front of the first line, which was preceded by the battleship Shigishima, Admiral Togo's flagship. When the Nikolai I, which was at the end of the line, was reached the Asama headed due north and then in a westerly direction, entering between the second and third lines, and afterwards resumed her original position. During this manoeuvre Admiral Togo was at the emperor's side. The emperor then received in audience on board the Asama Admiral Nogi and the captain of the British warships.

The weather was fair, but it was misty on the water. Popular enthusiasm was aroused to the highest pitch. Besides the thousands who witnessed the naval pageant from all sorts of large and small vessels in the bay, all the available points of vantage along the shore were densely covered with eager spectators. The spectacle caused much joy and satisfaction among the Japanese, especially in the breasts of those who recalled that only forty years ago had elapsed since at that very spot no other than the Russian flag had been hoisted. The review will give a most powerful stimulus to national education. At the conclusion of the review at 4:20 p. m. his majesty returned to Tokio.

KNOTTY POINTS IN CUSHING CASE.

Referee McAlpine Asks For Enlightenment.

Will He Obey Decree Under Which he Was Appointed or Judge McLeod's Order to Delay Sale.

The Cushing case came up again before Judge Barker, sitting in equity court this morning. Judge McLeod on the 20th inst., made an order postponing the sale of the Cushing Sulphate Pulp mill until the first day of May, E. H. McAlpine the referee, when the order was served upon him he hesitated between his duty under the decree and the course described by Judge McLeod's order and he accordingly prepared a special report to Judge Barker asking for directions as to what he should do under the circumstances. If he adjourned this sale until the first of May and Judge McLeod's order was rescinded in the appeal which is being taken from it to the full bench the continuity of the notice of sale would be broken and some several hundreds of dollars expended in advertising would be lost.

Notice had been given that the report would be filed this morning and Dr. Earle and H. A. Powell appeared for the referee and Dr. Pugsley, Dr. Currey and A. P. Barnhill for G. S. Cushing and the liquidators. Mr. Earle argued that the court of chancery could not be enjoined by any other court, except by statute, and that the statute as argued by Mr. Powell did not authorize such an interference as Judge McLeod had made by his order. He cited a celebrated case of conflict and claimed that the action of the court of Mr. Cushing and the liquidators was contempt of the high court of chancery. Mr. Earle cited a number of cases and urged that the court and the officers be prevented from illegal interference.

Judge Barker intimated that Dr. Earle was virtually asking him to sit in appeal from Judge McLeod's judgment.

Dr. Earle contended that although he might have to decide differently there was no appeal.

Mr. Powell argued from the winding-up act, pointing out that the powers of the court to restrain other courts was limited to the period between the application for add the granting of the winding-up order and that the judge had no power over other courts when the winding-up order had been made. Judge McLeod having decided to allow the equity court to carry out the sale he had made his election to decline jurisdiction and the sale must proceed. He suggested that another course was open to Judge Barker, if he declined to enter upon an apparent conflict with Judge McLeod and that was to postpone the sale until the supreme court decided upon the validity of Judge McLeod's order.

Judge Barker said that the same idea had been in his own mind, and asked the opinion of the attorney general, who suggested that another course was open to Judge Barker had the power to restrain the sale and that the referee had taken an improper course in coming for directions but should have observed Judge McLeod's order.

Judge Barker at the close of the argument announced that he would think over the matter and do the best he could.

SERMON TO YOUNG MEN.

Rev. D. Hutchinson Delivers Able Address in Main St. Baptist Church—Second of Series.

The second of his series of sermons to young men was preached last evening by the Rev. D. Hutchinson in the Main St. Baptist Church. The large auditorium was filled to the doors. An interesting feature of this series of sermons to young men is the male choir. During the service several beautiful selections of music were rendered in a way which reflected great credit on Mr. Holder, and the young men composing his male choir.

The subject of the sermon was: The Young Man and His Companions. The text was from Proverbs chap. 4: 14: Enter not into the path of the wicked, and go not in the way of evil men. In his introduction, the preacher showed that in the moral nature of things companionship is bound to be, either helpful or harmful; a blessing or a curse. He told of a large number of Boston merchants who replying to an inquiry addressed to them by Rev. F. Clark declared that in their opinion "the evil influence of bad companions was the greatest enemy of the youths of the country."

Answering the question what is the test of a good and true companion, the preacher said that wise and safe companionship was characterized by four things. He would command respect, inspire confidence, hold back from things that were wrong, and arouse one to be good and to do good. Each point was set forth by apt illustration. The young men were faithfully warned against choosing for companions those who were loose in their words, who scoffed at religion and things sacred, who were given to extravagant living, and those who liked only pleasure.

The sermon was closed with an earnest appeal for all young men present to choose for their constant and closest companionship Jesus Christ. He would safeguard them in the hour of temptation, help them in their seasons of trial, guide them in all times of perplexity, and stand by them in the most solemn crises of life.

Judgment reserved. Newcombe, K. C., for appellants; Borden, K. C., for respondents.

Abbe Ladame, late rector of Laval University, has been appointed geological expert to investigate and report upon the continual recession of the Canadian Niagara Falls.

BASOLINE LAUNCH EXPLOSION KILLS 3

ST. LOUIS, Oct. 22.—The tank of a gasoline launch which was carrying four passengers on the Mississippi river exploded this evening, near Ivory station and Fred Phee and a companion were drowned, while Edward Dury and son were probably fatally burned.

FOUGHT BATTLE WITH PISTOLS.

Three Men Terrify Passengers on New York Street Car—Combatants Seriously Injured.

NEW YORK, Oct. 22.—Three men fought a battle with pistols on an Eighth avenue car today, in the course of which all of them were seriously injured. While the fight was being waged the car ran at top speed for half a mile, with the gongs sounding an alarm and the passengers lying flat on the floor to escape the shower of bullets.

Thomas O'Brien, a truckman, jumped aboard the car at Thirty-first street and clapped a revolver on the conductor's head, ordered him to run the car full speed, as he was pursued by a gang who intended to kill him. A moment later two more men leaped on the car and attacked the first, all three using revolvers. When their weapons were empty they clinched and fought with the butts of their pistols. The car rushed on down the avenue, the motorman pounding the bell and the conductor shouting for the police, as far as Twenty-sixth street, where several policemen boarded it and secured the three combatants, all of whom were too badly injured to offer any resistance.

O'Brien was found to have received a bullet in the neck. His assailants gave the names of Henry Prang and Thomas Sullivan. The former had been shot in the neck and the latter in the leg and arm. All three were taken to a hospital.

O'Brien refused to explain why the other two attacked him. The police believe that the affray was the outcome of a feud in a notorious west side gang.

SAD DEATH OF CHATHAM MAN

CHATHAM, Oct. 21.—William Purcell, an employee of the General Paper and Paper Company, was killed this morning near the mills of the company, having been run down by the locomotive of the concern. The locomotive is used for conveying the cars of wood from the logging mill to the saw mill, and runs upon rails laid upon St. Andrew's street.

The unfortunate man appears to have been blowing at the same time. Driver Bernard Boyle, who was running the engine, did all in his power to avoid the fatality, but caught Purcell before he fell, but was unable to drag the poor fellow into safety.

Purcell was a steady man, industrious, and a good citizen. He was about fifty-nine years old, and leaves a wife and two children, who have the sympathy of the community in their sad bereavement.

Coroner Benson held an inquest, and a verdict of accidental death was returned. It was shown that the engine had been reversed and had hardly any motion. The train during the morning, and the engine appeared to slide along, but poor Purcell seemed to be preoccupied, and apparently without that the engine was motionless.

R. A. Lavelle attended the inquest in the interest of the crown, and J. A. Haviland for the Pulp and Paper Company.

TOGO REPORTS TO THE EMPEROR.

TOKIO, Oct. 22.—Today was made memorable in the annals of the empire by the public entry of Admiral Togo, who came to report to the emperor the return of his fleet from the war.

The distinguished naval officer arrived at the Shimbashi station at 10.30 a. m. He was met by ministers of state, a warm welcome to the capital. The diplomatic corps and hundreds of officials and private citizens, who extended him a warm welcome to the capital.

The party entered five imperial carriages placed at the disposal of the emperor. Admiral Togo's carriage, escorted by a bodyguard of troopers, passed through a triumphal arch in front of the railway station. The streets were lined with an admiring crowd, who shouted hearty huzzas as the party passed along.

General Sakuma detailed three battalions of guards of honor. The battalions were composed of men from the Tokyo garrison and were under command of Major General Terauchi.

Four guns located at Hibiy park, fired salutes. The day was a beautiful one and all Tokyo was out to welcome the victor of the battle of the Sea of Japan.

WILL REFUSE OFFER

FALL RIVER, Mass., Oct. 22.—The Fall River Textile Council, representing the organized cotton mill operatives of the city, today decided to refuse the offer made by the Manufacturers' Association last week to advance wages five per cent, and introduce a profit-sharing plan. The council had requested the restoration of the reduction of 12 1/2 per cent, which went into effect July 16, 1904. No immediate trouble in the mills is anticipated as the result of the disagreement, and it is probable that further negotiations will be conducted during the coming week.

Almond Douglas, senior member of the firm of Douglas Brothers, marble and granite dealers, passed away this afternoon at his home on Elm street. He was forty-one years of age, and is survived by a wife and son, and by two daughters of his first marriage. His father, mother, three brothers and two sisters also survive. The funeral service will be held on Wednesday afternoon at two o'clock.

CLEARED \$3,000 ON FAIR OF NATIONS

Saturday's Attendance Was the Largest of Any Day

Between ten and eleven o'clock Saturday evening the ten room of the Fair of Nations was the scene of an interesting event. The commercial part of the business was over, and many of the ladies of the various committees, with other active workers about the building, got together to the number of seventy or eighty for a leave-taking. The ladies gathered about Lady Tilley, honorary president, and Mrs. White, president. After most flattering congratulations Lady Tilley addressed the gathering substantially as follows: As this is the last evening of this most successful entertainment, Mrs. White, I have asked you to meet us, that we might have a few words more parting. It seems almost impossible that only last May we first met in Trinity school room to organize and consider the best method of raising a sum for the building fund of the Y. M. C. A. You all know that after some discussion we came to the conclusion that to have a Fair of Nations would be the most successful way to realize an amount that would make it worth our while. During the summer holidays the committees did what they could. What September came, the work really began in earnest. So it makes it all the more wonderful that so much could have been accomplished in such a short time; and it certainly has been one of the best fairs of its kind ever held in St. John; the beautiful designs and decorations so well setting out every detail, making it not only a pleasure to the beholder, but an education to many whose ideas of the countries so well represented were very vague. It is now that let us separate, but before doing so, Mrs. White, I wish to convey to you our most grateful thanks for your kind assistance in making it all such a great success. We also want to let you how we appreciated your faith in us at the beginning, when you did not know whether the scheme would be a success or not, but you showed your willingness and cheerfulness to come forward with offers of assistance. You have stood by us to the end, and let us assure you we will never forget it. If ever there is a time when one needs strength and even sympathy, it is at the beginning, when you did not know whether the scheme would be a success or not, but you showed your willingness and cheerfulness to come forward with offers of assistance. You have stood by us to the end, and let us assure you we will never forget it.

BOAT RUN DOWN;

FIVE DROWNED.

NEW YORK, Oct. 22.—Five persons are believed to have been drowned today by the running down of a catboat by a tug off South Yonkers. One body has been recovered. Members of the South Nelson Boat Club heard cries for help on the river and in the heavy mist that prevailed were able to make out the outline of a capsizing vessel and of a big tug that was running rapidly down the river. The cries ceased before the yachtsmen, who had put out to their rescue in a rowboat rescued the catboat, which they found deserted and with her sides stove in. In a cup-board aboard the catboat they found a list of names which proved to be those of a party who had gone sailing in the boat. They were Edward Nelson, the owner of the boat, his son Edward, Benjamin Benson, P. Simpson and Carl Thompson, all of South Yonkers. This evening the body of Benson was found not far from the scene of the collision. Nothing had been heard of the missing men to a late hour tonight.

MURDERER IDENTIFIED

BERKELEY, Calif., Oct. 22.—Identification of the man, who, it is said, lured William Ellis, an Australian horseman, to a house in Berkeley and then, it is alleged, assaulted and robbed him, as Milton Franklin Andrews, who is wanted in Colorado Springs for the murder of Bessie Boulton, is contained in a letter from chief of police Reynolds of Colorado Springs, received today by Marshal Vollmer of Berkeley. The woman who accompanied Andrews and aided him in the attempt to kill Ellis is declared to be Naida Pett Oliver, a French-Canadian, formerly living at Buffalo, Montreal and Toronto.

"Father," said an inquiring youth, "when a hen sits on an egg for three weeks and it don't hatch, is the egg spoiled?"
"As an article of diet, my son, it is henceforth a failure; but for political purposes it has its uses."

A PERFECT PICTURE.
A young man started in the livery business a few weeks ago and the first thing he did was to have a sign painted representing himself holding a mule by the bridle. He was particularly proud of this stroke of business enterprise, and straightway asked his wife: "Is it not a good likeness of me?"
"Yes," she replied, "it is a perfect picture of you; but who is the fellow holding the bridle?"

MISSING STEAMER TURNS UP

CLEVELAND, O., Oct. 22.—A tele-
gram was received here today by the
captain of the Corriggan fleet that the
steamer Progress, which had been
missing four days and was feared to
have gone down during the storm of
the past few days, has reached the Soo
late Saturday night. The Progress car-
ried a crew of fifteen besides the cap-
tain and chief engineer.

The body of Fox, the wheelman of
the steamer Sheldon which was lost off
Lorraine Friday, was picked up by a
fish tug ten miles west of Lorraine to-
day. It had been caught in the fish net.
There was a life preserver on the body.
Fox and another wheelman jumped
overboard when the storm was at its
height.

No marine disasters have been re-
ported to the life saving station at
Cleveland during today and it is be-
lieved that there are no more boats in
danger.

ST. JOHN, N. B., OCTOBER 23, 1905.

A CORPORATION OWNED GOV-
ERNMENT.

When R. L. Borden was leading the
opposition to the Grand Trunk Pacific
deal he epigrammatically described
the alternative confronting the
Canadian people as "a government
owned railway or a railway owned
government." The truth of this phrase
is receiving more proof each passing
day.

Ever since the Liberal accession the
government of this country has been
coming more and more under the in-
fluence of the great combinations of
capital that control our railways, of
phone and telegraph lines and similar
public utilities and operate them for
the aggrandizement of a few. The
Grand Trunk Pacific deal was only a
phase of the process, but a most sig-
nificant and alarming phase. For the
first time the government stood openly
exposed as the willing and eager serv-
ants of a great corporation. Not only
did it during one session of parliament
force through a proposition obviously
more in the interest of an un-Canadian
and anti-Canadian company than of the
Canadian people, but when that com-
pany, surprised at the ease with which
everything they asked had been ob-
tained, demanded more, the government
summoned parliament again and grant-
ed these demands also, though they ad-
mittedly made what was already a bad
bargain for the people a much worse
one.

Had the people been acute enough to
perceive the significance of this busi-
ness and its bearing upon their welfare
they would have paid more heed to Mr.
Borden's warnings and considered more
carefully before they made their choice
of the alternative so forcefully placed
before them. But, unknowingly though
none the less disastrously, they chose
the corporation owned government and
they must take the consequences.

Embodied by the apparent indiffer-
ence of public opinion the capitalists
have since become more brazen in their
demands and the government more
shamelessly acquiescent. The latest
and most striking evidence of capital-
istic control of national affairs has been
the retirement of Sir William Mulock
from the postmaster generalship and
the substitution of Mr. Aylesworth—
retirement of the only member in the
cabinet of one of the greatest corpora-
tions in this country, and the substitution
of a paid servant of that corporation.
For that is exactly what the present
cabinet shuffle amounts to, no matter
what official explanations are ex-
posed. Sir William Mulock was a be-
liever in the national-
ization of telegraph and long dis-
tance telephone lines. The oppressions
of the Bell telephone monopoly through-
out the country had made him especial-
ly energetic in urging the benefits of
public control of this utility, and last
session he had a committee appointed
"to enquire into and report regarding
the various public telephone systems in
operation on Canada and elsewhere and
report what charges, if any, are advis-
able in respect of the methods at pre-
sent in force for furnishing telephone
service to the public." This committee
sat during nearly the whole session and
no stronger evidence of the abuses of
monopoly and no more effective argu-
ment for public control can be found
than is provided in the report of its
proceedings.

Sir William Mulock was its chairman
and guiding spirit. His chief opponent
and the chief reliance of the corpora-
tion which stood to suffer from a fair
investigation was A. B. Aylesworth, K.
C., who appeared as counsel for the
Bell Telephone Company and fought
the establishment of national or mun-
icipal telephone systems with his great
legal ability.

Now Sir William Mulock, the cham-
pion of the public interests is deposed
and deprived of every opportunity for
influencing public opinion or political
action, and A. B. Aylesworth, K. C., the
hired servant of a corporation whose
welfare is directly opposed to the pub-
lic welfare, reigns in his stead.

The next move will be awaited with
interest.

MUNICIPAL TRAMWAYS.

A report issued by the Newcastle-on-
Tyne corporation on its system of tram-
ways is another argument in favor of
the municipalization of these conveni-
ences, says the Toronto World. The
company operates 541.3 miles of single
track, 493.4 of which it owns and has
connection with 434 miles of private
tracks. Last year the surplus on the
operation of the tramway system was
\$48,770. The average fare collected is
1.09 pence. The Municipal Journal
notes the fact that the system was es-
tablished by the corporation in the
teeth of persistent opposition, and the
dismal predictions of the anti-muni-
cipalizers have been falsified every year
of its existence. The history of public
ownership in Great Britain is a series
of successes.

The Toronto Globe refuses to swallow
Mr. Emmerson's assertion that all the
I. C. N. needs to make it a paying prop-
osition is higher freight rates. The

"Are your bowels regular?" He
knows that daily action of the
bowels is absolutely essential to
health. Then keep your liver active
and your bowels regular by taking
small laxative doses of Ayer's Pills.
They are gentle and safe. Write to J. C. Ayer & Co.,
Lowell, Mass., for a free trial box.

Globe places its finger on the real evil
when it declares the reform needed is
not in connection with receipts but the
expenses. Discharge the unnecessary
political brawling and close down on
the daily drain from graft and there
will be no more trouble. It is notable
that the chief Liberal organ in addition
to this criticism of Emmerson's policy
emphatically favors the policy ad-
vanced by R. L. Borden before the last
election: The management of the I. C.
R. by an independent commission of
competent railway men.

THE ALBERTA ELECTION.

Two weeks from next Thursday will
be election day in the new province of
Alberta. On that date the people of
the twenty-five constituencies will sus-
tain or overthrow the liberal govern-
ment led by Mr. Rutherford. Each
constituency returns one member, and
in nearly all there will be a straight
contest between government and opposi-
tion candidates. Perhaps three or four
districts may offer three-cornered con-
tests, but over the province generally
the issue is fairly joined. Unlike Mr.
Haultain, who leads the opposition in
Saskatchewan, Mr. Bennett comes out
as the leader of a conservative party,
though he agrees with Mr. Haultain
that the main issue is the question of
provincial rights. It is probable that
by this time Mr. Bennett has all his
candidates selected about the provin-
cial rights. At last accounts the date for the Saskatche-
wan election had not been set—Sun.

BRITANNIA TO JAPAN.

(London Spectator.)
Over a hundred years gone by
Voices are borne on the sea;
"Ye have warred our war, ye have cried
our cry,
Ye have conquered, even as we."

Tyranny darkened our western light
"Twas a hundred years ago,
When our fathers sailed for the fateful
fight
And struck the all-slaying blow.

Tyranny grasped at your island throne,
Darkened your realm of the sun;
But your signal today has been Nelson's
own,
And his word on your warships won.

Ye have learned our lore of the glorious
sea,
Ye have proved it pure and true;
But your faithful vigil, your scorn of
ease—
God grant that we learn them of you!

MACBRIDE-POWELL.

The marriage of Miss Elizabeth
Powell, second daughter, to John
MacBride took place at the home of the
bride's parents, Lakewood, Car.,
Wednesday, Oct. 18th, in the presence
of fifty relatives and friends, the cere-
mony being performed by Rev. C. F.
Phillips, assisted by Rev. E. C. Turner.
As Mendelssohn's Wedding March was
played by Miss Mary Powell the bride
appeared on the arm of her father and
took her place beside the groom under
an arch of trailing vines which were
tastefully arranged about the altar.

She wore a beautiful fluffy gown
of white silk voile with chiffon trim-
mings and natural flowers. Immedi-
ately after the ceremony the company
sat down to a delightful supper.
Amid showers of rice the happy couple
drove to Woodstock, where they took
the train en route to St. John, Annap-
olis, Halifax and other points.
On their return they will be tendered
a unique reception at the home of
John MacBride, Jr., at Easton, Maine,
Nov. 1st, and will be at home at
Easton after Nov. 11th. The presents
were very pretty.

DIAMOND ADVICE.
PUT YOUR MONEY INTO DIAMONDS.
Diamonds in your possession
represent money—more money than
you pay for them after you have
worn them a while, for the advance
in price is very marked and there is
positively no danger of diamonds
depreciating in value in
time. Of course it is always
essential that you should choose the
gems at a responsible house and I
have a record and a reputation. I
think enviable; and my very large
stock of set and unset gems allows
for the best selection in this city or
province.

NINE HEROES DROWNED
ON SCHR. MINNEDOSA.

Cut Loose From Steamer Towing Them
Rather Than Imperil the Lives
of Those on Board.

DETROIT, Mich., Oct. 22.—A Free
Press special from Port Huron, Mich.,
says:
Nine heroes went down with the
schooner Minnedosa. The angered
raging wind sent mountainous waves
to batter to pieces the wooden boat,
wherein eight men and one woman
were imprisoned. The vessel creaked
and groaned and timbers snapped. The
bulwarks went over. The wind haled
through the rigging and sent it piece
by piece into the lake. Great seams
were opened and water poured into the
schooner's hold.
Ahead tumbled the steel steamer
Westmount, staunch and able. Behind
pitched the Melrose, a frailer vessel
than the Minnedosa, and faring worse,
it must seem. The Minnedosa was go-
ing to the bottom. Every one of the
nine human beings aboard her knew
it. Why should they take others with
them? Perhaps if cast loose the Mel-
rose could save herself. Captain Jack
Phillips' voice in command was heard
over the howling storm. One of the
crew held a sharp axe. "It fell, and the
blow set the Melrose free. A few mo-
ments later the Minnedosa, with its
nine heroes and a cargo of 75,000 bush-
els of wheat, lurched to the bottom of
Harbor Beach, Lake Huron. When
the trailing towline was pulled aboard
the steamer Westmount, which had
been towing the Melrose and Minne-
dosa, the tow-post of the Minnedosa
came with it. The towline had got
broken. Heroes on the Minnedosa had
cut themselves loose from the steamer.
Those who went down with the Minne-
dosa were: Captain John Phillips,
Kingston, Ont.; Mrs. Phillips, the cap-
tain's wife; Arthur McDermott, Nova
Scotia; George McDermott, Belleville,
Ont.; James Allen, Nova Scotia; a pas-
senger and three sailors, names un-
known to the captain of either the
Westmount or the Melrose, and whose
homes are believed to be at Kingston.

Brewster's Millions

Copyright, 1904, by Herbert S. Stone & Company

By GEORGE BARR M'UTCHEON (RICHARD GREAVES)

SYNOPSIS OF PREVIOUS CHAPTERS.

Young Montgomery Brewster falls heir to \$100,000, left him by his grandfather Edwin Peter Brewster. He is confiding his good fortune to Peggy Gray, the daughter of an old friend of his mother, with whom he has made his home when he receives word that his uncle James T. Sedgwick, a bitter enemy of his grandfather, has died in Montana, leaving him \$7,000,000 on condition that on his 30th birthday, just one year away, he is absolutely penniless. The money is left in trust of a peculiar character, Swearingen Jones of Montana, who makes several restrictions as to how the money shall be spent. He must take no one into his confidence, must not be more than ordinarily dissipated, nor give excessively to charity. Brewster starts to spend his money and is worried that he can't get rid of it fast enough.

CHAPTER XIII.

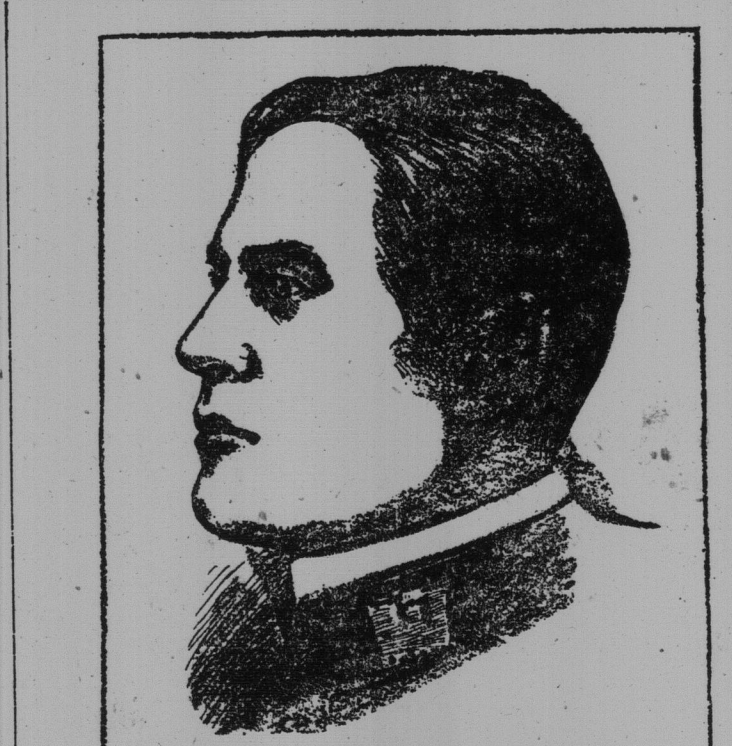

It was while Brewster was in the depths of despair that his financial affairs had a windfall. One of the banks in which his money was deposited failed, and his balance of over \$100,000 was wiped out. Mismanagement was the cause, and the collapse came on Friday, the 13th of the month. Needless to say, it destroyed every vestige of the superstition he may have had regarding Friday and the number thirteen.

his father and admired his nerve.

"I understand, Monty," said Bragdon, and both he and Harrison went among the people carefully asking one another if Brewster had come to withdraw his money. "No, he has ever \$300,000, and he's going to leave it." Each excited group was visited in turn by the two men, but their assurance seemed to accomplish but little. These men and women were there to save their fortunes; the situation was desperate.

Colonel Drew, outwardly calm and serene, but inwardly perturbed, finally saw Brewster and his companions. He sent a messenger over with the request that Monty come to the president's private office at once.

"He wants to help you to save your money," cried Bragdon in low tones. "That shows it's all up."

One Man Mangled to Death Near Chatham Junction and Another is in Critical Condition.

CHATHAM, N. B., Oct. 22.—At an early hour this (Sunday) morning, shortly after midnight, a terrible fatality occurred on the main line of the C. & P. at a point between Chatham Junction and Barnaby River, by which Martin Foley of Chatham lost his life, and John Quilty of Barnaby River was seriously injured. It is not yet ascertained how the train came to be derailed, but it is believed that another check like Austin's, which we paid a few minutes ago, would cause us serious though temporary embarrassment.

Official Averages of the National League Announced—Littlejohn and Gardner Go Promises Good Sport—Football Games

THE RING

TERRY MCGOVERN AND NELSON.
NEW YORK, Oct. 21.—A \$5,000 purse was offered in Philadelphia yesterday for a six-round contest between Battling Nelson and Terry McGovern. Nelson, Nelson's manager, rejected it, writing that he believed the boys would draw a \$50,000 house.

LITTLEJOHN AND GARDNER.
The go arranged for Monday night next between Dan Littlejohn and Billy Gardner promises to prove a big drawing attraction. Gardner has a splendid reputation and is one of the best men at his weight in the ring today. Littlejohn is well known as a good, able fighter.

FOOTBALL

Neptunes, 12; Beavers, 6.
An interesting game of football was witnessed by a small crowd at the Athletic grounds Saturday afternoon between the Beavers and Neptunes, the latter winning with a score of 12 to 6. At no time after the first five minutes was the game in doubt, but at times there was a good deal of open playing and some splendid runs were made by Fairweather and Thomson of the Neptunes.

The first goal resulted from a penalty kick inside the Beavers' 25 yard line about ten minutes after the game started, and shortly afterwards Fairweather carried the ball over for a try. No goal was kicked, and after some scrimmage work the half closed with the score 6 to 0.

In the second half, MacMichael, the Beavers' full back, who had been hurt early in the game, retired from the field and Linden took his place. A pretty run was made by Thomson, who got the ball over for a try and a few minutes later Fairweather repeated the trick. Neither goal was kicked and the score stood 12 to 0 when the game closed.

The Beavers did very good work in the scrimmages, but their back was not nearly so effective as that of the Neptunes. Much of the credit of the latter's success, however, should go to the quarters, Patterson and Ledingham, who fed the halves continually.

Both played a strong game, and did much to make up for the weak forward line in front of them. The line up was as follows:

Beavers.	Neptunes.
Full Back.	Full Back.
MacMichael.	Emmils.
Emerson.	Miller.
Kenney.	Fairweather.
Malcolm.	Thomson.
Simmons.	Thomson.
Quarters.	Quarters.
Sandall.	Patterson.
Thorne.	Ledingham.
Forwards.	Forwards.
Finley.	Day.
Setchell.	Setchell.
J. Malcolm.	Markham.
Abbott.	Coates.
C. Titus.	Coates.
Linton.	Phillips.
Carter.	Masters.
H. Titus.	Doig.
High School, Y. M. C. A.	High School, Y. M. C. A.

The Y. M. C. A. High School game resulted in a score of 8 to 1 in favor of the latter. The Y. M. C. A. score was a penalty goal kicked by Phillips in the second half.

Millican and Wright scored for High School in the second half, Powers converting Millican's into a goal.

H. Paisley refereed most satisfactorily in both games.

WOONSOCKET RACES FURNISH EXCITEMENT

WOONSOCKET, R. I., Oct. 21.—The races at the Woonsocket track today furnished plenty of excitement. Of the four events on the card one was decided off, one was crashed, and two went over until Monday. There were three starters in the 114 trot. The first heat was won by Little Rene, the favorite coming in a poor second. The favorite was second in the second heat, and Sayles informed the judges that the mare would not respond to the driver. An examination by two veterinarians showed that the mare was sluggish and lame. The favorite was drawn. All bets up on her up to the third heat were declared off.

TORONTO, Oct. 21.—The famous pacer, Dan Patch, went a mile here today on a heavy track in the remarkably fast time of 3:06, lowering all previous Canadian records.

GOLF

GARDEN CITY, L. I., Oct. 21.—Robert Abbott, Y. M. C. A., won the championship of the intercollegiate golf meet on the links of the Garden City Golf Club today by defeating another Yale man, Ellis Knowles, in the final round 36 holes by three up and two down.

Judge Willrich in speaking to the Sun remarked that he got a chilly reception upon his arrival here, but any deficiencies of the climate in this respect were more than offset by the warmth of the dispositions of its people he has met since his arrival.

During his trip through Canada, Judge Willrich said he was much impressed by the fine and substantial dwellings of the farmers. This was in contrast with the houses of the American farmers, who, generally speaking, build large barns and small houses. The Canadian farmer apparently has a more ideal standard of life, and prefers having a comfortable and artistic

ANNIVERSARY OF TRAFALGAR AND DEATH OF NELSON OBSERVED.

The one hundredth anniversary of the battle of Trafalgar and the death of Nelson was fittingly observed in St. John.

The dinner by Marlborough Lodge at White's on Friday evening was the first event on the programme and this was followed on Saturday by a general display of bunting. Mayor White's request to citizens to hoist their flags was complied with by everyone, and the city looked quite gay.

On Saturday evening St. George's Society held a smoker in the York Assembly room, and on Sunday forenoon Marlborough Lodge attended service at St. Mary's Church.

In addition, many of the city clergy-men yesterday made references to the event, the anniversary of which was being observed, while several based their sermons on the results of the battle of Trafalgar.

AT THE YORK THEATRE

The smoking concert given by St. George's Society in the York Assembly room on Saturday evening was a remarkable demonstration of enthusiastic patriotism. There were upwards of two hundred prominent citizens present, and the arrangements for the gathering were perfect down to the smallest detail. The hall was lavishly decorated with flags, pictures, coats of arms, and shields. Among the pictures was a copy of W. L. Wyllie's famous painting of Trafalgar, issued this year by the Art Union of London, which picture is the property of Col. Sturdee. Refreshments in the form of sandwiches, crackers and lemonade, light drinks were passed around, pipes and tobacco were in abundance, the few speeches made were very well received, and a most interesting manner described the political conditions leading up to the battle of Trafalgar. He dwelt on the battle itself, the noble conduct of the famous admiral, and went on to tell of the effect of this victory on European history. The programme was most enjoyable.

President W. Watson Allen was in the chair and opened the proceedings with a brief address of welcome.

Charlotte street, to the church via Coburg, Garden street and City road. On return their route lay along Brunswick, Union, Sydney and the north side of King square. They were marshalled by Richard Carlow, and headed by the King's Band, which disbanded at the hall, after playing a selection, as the Sons, with bared heads, passed beneath their banner into the Lodge room.

The service was an impressive one. From the pillars and walls of the church were suspended many flags and over the font was draped a huge Union Jack. The singing was hearty and responsive. The scripture lessons were read by J. N. Rogers, past chaplain of Marlborough Lodge. During the offertory the band played the Angelic Choir in a finished manner. The collection was devoted to the foreign missions. After the benediction, the national anthem was sung, to the accompaniment of the band.

A large congregation was present, the church being packed to the doors, and even the pillars and walls of the church were crowded with people. Many stood throughout the service.

Rev. Dr. Raymond's address was an able effort, full of historic facts, and applications of the moral effects of the battle of Trafalgar upon present-day Britain and life. The text was from Psalm 107: 1-3, and the sermon was in part as follows:

The preacher briefly outlined the salient features of the Battle of Trafalgar and spoke of its far-reaching effects. He said that that time was fighting for the cause of freedom and humanity. Nelson felt the truth of this when he saw the British fleet, and he wrote a brief note of what was happening. Then, on seeing everything arranged, he went down to his cabin and wrote a brief note of what was happening. WHISKEY IS BETTER

THAN PILSENER BEER.

Magistrate Ritchie Gives a Prisoner Some Advice—Pilsener is Very Bad for the Stomach, He Says

At the police court this morning Joseph Murphy, who has only been out of jail for a few days, was fined \$5 or 30 days jail. He went to jail in default of payment.
David Guthrie, in answer to the charge of drunkenness, pleaded not guilty. It was shown by Policeman Elias Perry that David was kicking at his sister's door in Morgan's alley, and that he was intoxicated when he was locked up. He was fined \$3 or 20 days jail.
Peter Connaher, charged with drunkenness, pleaded not guilty. Policeman Marshall, who made the arrest, said that the prisoner was on Union street drunk, staggering from one side of the walk to the other, and there was a smell of liquor on him. Connaher when given a chance to make a statement, said that he worked for Crawford at the water works' extension, he had not had a drink for over two weeks, he came to the city to get a parcel which was at his daughter's house. She was not at home last evening, and he sought lodgings at James Brennan's hotel on Union street. He paid for the room, but on account of having a light burning in the room he was ejected. Connaher said that the only thing that he had to drink was some Pilsener beer, which he purchased in the city and drank at the works near Loch Lomond.
Magistrate Ritchie remarked that the beer named Pilsener was, according to Analyst McIntyre, anything but good for the stomach, and if a man like the prisoner wanted a drink it would be better for him to take a drink of straight whiskey than do what he claimed to have done. His honor then told the prisoner that after what he (Connaher) had for a previous experience with drinking he should not even touch beer. The prisoner was remanded.

Dennis Burke, reported for having two unlicensed dogs, explained that he owned one but the other was not his. He promised to have the two canines destroyed and this saved paying a fine of \$4.

NEW BANK MANAGER.

The Union street branch of the Bank of British North America which was opened quite lately by manager Arthur Hazen, is to have a new manager in Clarence P. A. and was stationed at the Ottawa branch. Mr. Nixon now becomes manager of the sub-branch here and his many friends will congratulate him on his rapid promotion.

SHARP FROST LAST NIGHT.

There was also quite a heavy frost on Saturday night, which was especially felt in the country districts. The crops have now been almost completely harvested, so that little damage was done. 58 PRISONERS IN JAIL.

There are today no less than 58 prisoners in the county jail, eleven of whom are women. The prisoners who were marched out to work every week numbered 16 this morning and they were taken to Rockwood Park to work on the artificial lake. All of this great pile of stones, with the exception of 140 tons, has been used on Victoria street, Bridge street and Indiantown wharf.

A BIG SUCCESS.

The bargain sale of boots and shoes at Waterbury and Rising's Union street store was one of the attractions on Saturday.
