## THE AUSTRIANS ALREADY FEEL ROUMANIA'S POWER; GREECE MAY SOON JOIN THE ENTENTE

### Strong Encircling Movement by Roumanian Forces Austrians to Withdraw—Unofficial Reports Say New Ally Has Joined Forces With Russians—Ferdinand Calls for General Mobilization and Goes to Front to Personally Take Command of His Army.

#### KAISER APPOINTS VON HINDENBURG CHIEF OF THE GENERAL STAFF

Berlin, via Copenhagen to London, Aug. 30.—The Emperor has dismissed General Erich von Falkenhayn and appointed Field Marshal Von Hindenburg chief of the general staff.

Copenhagen, via London, Aug. 30.—The Ritz News Agency publishes a despatch from Berlin giving the official announcement of Gen. Von Falkenhayn's dismissal by the Emperor as chief of the general staff, and the appointment of Field Marshal Von Hindenburg to that position. Gen. Von Ludendorff, Von Hindenburg's chief of staff, the despatch adds, has been appointed first quartermaster-general.

#### BRILLIANT SUCCESS FOR THE ITALIANS

### Drove Enemy Back with Heavy Loss Along the Northeastern Slopes of Monte Majo.

Rome, Aug. 29, via London, 6.30 p. m.—"Along the Trentino front, in spite of persistent bad weather," says the official statement issued today by the Italian war office, "our troops gained some brilliant successes. In a skirmish on the northeastern slopes of Monte Majo, in the Posina Valley, we drove back the enemy with heavy loss, taking about 20 prisoners, including one officer."

"On Monte Cimone the effective fire of our trench mortars compelled the enemy to withdraw on a section of his front north of the summit."

"In Passa, area of Avisio, after fierce fighting, our Alpine troops gained possession of the rocky peak of Monte Carriol, which rises abruptly 2,495 metres (8,000 feet). The position was promptly consolidated and is being strongly held. There we took about 30 prisoners, including one officer."

"The enemy used much artillery against our positions on Monte Scillo, in the Upper Cordevole, on Castelletto Tofana, and in the upper valleys of the But and Pella."

"On the Lower Isoneo the outskirts of Gordica and Gradisca were occasionally shelled."

"An enemy aeroplane dropped bombs and arrows on the Cortina d'Ampezzo Basin, but without causing damage."

"Yesterday, along the whole battle front, our first line trenches cheered the entry into the war of Roumania, our new ally. The enemy replied with a fierce artillery fire and with trench mortars and machine guns but was promptly silenced by our batteries."

#### SIR HORACE HUMBOLD APPOINTED BRITISH MINISTER AT BERNE.

London, Aug. 29.—Sir Horace Humbold has been appointed British minister at Berne, Switzerland. He succeeds Evelyn M. Grant-Duff, who is retiring on account of his health.

Sir Horace Humbold has been long in the British diplomatic service. He was acting charge d'affaires at Berne when war was declared in August, 1914, and since has been attached to the foreign office in London. Evelyn M. Grant-Duff, has been British minister at Berne since July 3, 1915.

#### EARTHQUAKE IN JAPAN.

Tokio, Aug. 28, via London, Aug. 30.—An earthquake in southern Formosa on August 28, near Mount Morrison, destroyed 500 houses and resulted in thirty casualties.

To meet the exigencies created by Roumania's entrance into the war on the side of the Entente Allies, King Ferdinand has ordered a general mobilization of his forces and is reported to have proceeded to the front personally to take command of his army.

Unofficial advices from the Roumanian front are to the effect that the Rumanians are making furious efforts to capture passes in the eastern Carpathians leading into Hungary, and already they are declared to be fighting shoulder by shoulder with Russian troops coming from Bukovina.

While Berlin says that Roumania's attempts to pierce the pass leading to Hermannstadt and the Teorbuzer and Teosmoos passes thus far have been futile, Vienna admits that owing to a "far-reaching, encircling movement by strong Roumanian forces" Austrian advance detachments have been forced to withdraw.

What Greece's attitude will be as a result of Roumania's joining the Entente Allies is still problematical, but unofficial advices to London express the belief that the Hellenic Kingdom will shortly throw in its lot with the Entente.

A pro-Entente demonstration in Athens passed a resolution saying that if the people were not heard in their demand that Greece join the Entente Powers "we must take counsel as to what is to be done to minimize the ruin which awaits us." The occupation by the Bulgarians of Kavala is declared to have intensified the feelings of the Greeks, who are said to be willing to follow former Premier Venizelos in any action he may advise. Venizelos is strongly pro-Entente.

15,489 Prisoners Since July.

London, Aug. 29.—The British official statement issued tonight from general headquarters reads: "The only infantry engagement today, besides the usual trench bombing encounters, was the approach of a small hostile force toward our trenches near the Posteres windmill, which was quickly dispersed by our fire, leaving seven men killed."

"Although heavy thunderstorms made observation difficult, there was considerable artillery activity, the enemy shelling Delville Wood heavily this evening, and also the vicinity of the Posteres windmill. Artillery and the Thiepval Wood during the afternoon."

"On other parts of the line there was artillery shelling by both sides near Hohenzollern, in front of Ginchy, Givenchy and the Ypres salient. Twenty prisoners were taken in the last twenty-four hours, making the total captured by us since the first of July 266 officers and 15,506 other ranks, in addition to eighty-six guns, 160 machine guns, besides other war material."

"Yesterday in aeroplane encounters four enemy machines were accounted for, two being destroyed and two badly damaged. Two of ours are missing."

#### IRON CROSSES AWARDED TO DATE 430,000

### Weighed 18 Grammes and Composed of Half Cast-Iron and Half Silver.

Copenhagen, via London, Aug. 29.—The Kiel Zeitung says that 430,000 Iron Crosses have been conferred up to the present of which 420,000 were of the second class, each weighing 18 grammes and composed of half cast-iron and half silver.

#### ROUMANIA'S ENTRY BRINGS ALLIES TRIUMPH NEARER, KING GEORGE SAYS

London, Aug. 29.—King George has sent the following congratulatory message to King Ferdinand of Roumania:

"I desire to express to Your Majesty the great satisfaction with which the news of the entry of Roumania into the war has been received by myself and my government and the whole British nation. I rejoice that the valiant Roumanian army will now fight side by side with the armies of the Allies, bringing still nearer the approaching triumph of our great cause, and hastening thereby the fulfilment of Roumanian national aspirations."

#### HURLED 2,000 GAS SHELLS IN SINGLE DAY

### Germans However Failed to Drive Russians from their Position on West Bank of the Stokhod.

Petrograd, Aug. 29, via London.—An official statement issued today by the Russian war department, says: "In the region of Tshoby-Ielina, the enemy launched an attack upon our position on the western bank of the Stokhod river. The attack was repelled. During the day the enemy fired 2,000 asphyxiating gas shells in this region."

"Southeast of Smolary the enemy attacked our detachments, which were occupying the islands, but without success."

"Caucasian front: On the line from Kygh to the western bank of Lake Van our troops, having driven the enemy out of his position, made an advance near Ognott where we took 283 men prisoners. An attack launched by Turks to the west of Ognott was repelled by our troops, with great loss to the enemy."

"On the bank of the Euphrates, to the west of the region of Mush, we captured several guns and scores of prisoners while pursuing the enemy."

"South of Lake Nimmeregel we repelled enemy attacks and took five officers and 188 men prisoners."

#### PLANTS OF IRISH PAPERS SEIZED BY POLICE.

Tralee, Ireland, Aug. 29.—Police and soldiers today seized the machinery and plant where the newspapers Nubianer, Kerryman and Liberator were published. The authorities acted under a warrant issued by General Sir John Maxwell, commander of the forces in Ireland, charging the newspapers with publishing on August 19 an article calculated to cause disaffection. The managing director of the newspapers, named Griffin, was arrested during the Dublin rebellion last Easter but later was released.

#### ALLIED ARMIES PUSH FORWARD ON THE SOMME

### Slow but Steady Progress in Spite of Unfavorable Weather.

#### NO BIG BATTLE IN ANY THEATRE.

### Serb Army Repulses Bulgars and Continues its Advance Towards Vetrnik.

Again the official communication of the various belligerent powers fails to record any great battles. An attempt by the Germans to approach British trenches near Posteres, which was put down by the British fire, was the only move made by infantry on the British lines Tuesday. There is still considerable artillery activity in this region, however. Along the front held by the French bad weather caused an almost entire cessation in the operations.

Likewise on the eastern front, from Riga region to the Carpathians in Galicia, the day passed without momentous happenings. In the Caucasus region, near Lake Van, the Russians have gained additional successes over the Turks.

The Serbians, in the Macedonian theatre, are continuing their advance toward Vetrnik, and also have repulsed strong Bulgarian attacks northwest of Lake Ostrovo. Bombardments are proceeding in the Lake Dolran region, and along the banks of the Vardar river.

The Austrians are still shelling the Italian positions in the Lower Isoneo region, the Upper Cordevole Valley and in the valleys of the But and Pella rivers. In the Posina Valley, on Monte Cimone and near the Visio, the Austrians have been forced to give further ground before the attacks of the Italians. Nightly shelling of the Italians in the capture of Monte Carriol, at an altitude of 8,000 feet, in this region.

Field Marshal Von Hindenburg, who recently was given the command of all the German forces on the Russian front, has now been appointed chief of the general staff, in succession to General Von Falkenhayn, who has been dismissed by the Emperor.

#### British Gains Despite Bad Weather.

London, Aug. 29.—The British forces on the Somme are forging ahead slowly in spite of the bad weather announced today, although weather conditions are still unfavorable and no new operations on a large scale have been attempted. The announcement follows: "The weather continues to be somewhat unfavorable and the operations of the past 24 hours have been confined to minor enterprises and local bombing attacks. By these means we gradually established our hold on ground between the western outskirts of Guillemont and Ginchy. Further north, between Delville Wood and High Wood, our troops captured a barricade. Southeast of Thiepval some further progress was made and a hostile machine gun was captured. During these minor operations more prisoners have been taken, but the number has not yet been ascertained."

"An attempted raid by the enemy south of the Arras failed. Our artillery carried out bombardments on selected parts of the enemy's line between Neuve Chapelle and Bois Grenier, south of Arras. On the rest of the front there was ordinary trench warfare."

#### French and Serbs Pushing Forward.

Paris, Aug. 29.—The French are making progress in the direction of the Lutina river, and the Serbian army is advancing towards Vetrnik, says an official communication given out this evening regarding operations on the Macedonian front. Strong Bulgarian attacks northwest of Lake Ostrovo were repulsed by the Serbians. The statement follows:

"There is nothing new on the Struma line. Since yesterday there have been lively artillery actions around Lake Dolran and on the banks of the Vardar, where we destroyed the Marzenil aviation field west of Lake Dolran. Our progress continues in the region of the Ljumnica river. "The Serbian army yesterday con-

### Fifty Thousand at Pro-Entente Meeting Addressed by Former Premier Venizelos Endorse Resolutions Denouncing King's Attitude and Declaring Him the Dupe of Sinister Advisors Whom They Call on Monarch to Dismiss.

Athens, Sunday, Aug. 27, via London, Aug. 29.—After the pro-Entente demonstration before the residence of former Premier Venizelos today, in which 50,000 persons took part, a committee was appointed to present to King Constantine the resolutions outlined by M. Venizelos in his address. These resolutions, as framed by M. Venizelos, concluded with these words:

"If we, the people, are not heard in these our resolutions we must take counsel as to what is to be done to minimize the ruin which awaits us." The scene before the residence of the former premier was one of wild enthusiasm. All the surrounding streets were crowded with people when M. Venizelos appeared on the balcony. News of the Bulgarian occupation of the Greek port of Kavala intensified the feelings, and those in the throng apparently were ready to follow the former premier in whatever he might advise. Unusual precautions were taken by the authorities, in view of the fact that the celebration occurred on the anniversary of the revolution of 1909. A large body of troops was brought in from Chalkis to reinforce the Athens garrison. Soldiers with fixed bayonets lined the streets in the vicinity of the residence of M. Venizelos.

#### Venizelos' Resolutions.

Immediately following the meeting a committee of representative Liberals was named to present King Constantine the resolutions outlined in the speech of M. Venizelos. The text of the resolutions, as given by M. Venizelos, from his speech follows:

"By these resolutions, we the people advise the monarch that he has fallen a victim of evil advisers, who seek to nullify the results of the revolution of 1909 and achieve a return to the former state of misgovernment, while satisfying personal hatred of M. Venizelos; that the sovereign has fallen victim to advisers of purely military and oligarchical ideals who have persuaded him that Germany must be victorious, and trading upon the king's admiration for the Germans, whose victory he believed in and desired, hoped to set aside the free constitution of Greece and concentrate absolute power in royal hands."

"As a result of these warped ideas we see today, instead of extension of the territory of Greece to Asia Minor, Thrace and Cyprus, that Macedonia is invaded by the Bulgarians, that tens of thousands of dollars worth of military supplies have been surrendered to the invaders, and that Northern Epirus is in danger of being permanently lost."

#### Want Advisors Dismissed.

"We, the people, by this demonstration declare that we do not approve the course recently followed, and insist on dismissal from around the king's person of the present minister advisers. The introduction of the king's name into the electoral contest constitutes an internal revolution against the Liberal party. National unity has been destroyed by thrusting the royal prestige into politics. The Zaimist ministry is necessary today, and the Liberals are prepared to give it all support to enable it to be a political instead of a mere interim cabinet, and to assure to the Entente the most benevolent neutrality conceivable."

"The resolutions conclude with the statement that unless the people are heard they must take counsel as to other action."

Continued its advance towards Vetrnik, and repulsed strong Bulgarian attacks on Hill 1506, northwest of Lake Ostrovo, and further to the south. A number of prisoners, including several officers, remained in Serbian hands.

"The Bulgarian official communications continue to allude to alleged successes on the wings toward the sea and south of Koritza, southwest of Florina. In reality, since the beginning of operations, the Bulgarians have occupied only the undefended portion of Greek territory, while to the west of Lake Ostrovo the left wing of the Serbian army has stopped all enemy attacks and has inflicted heavy losses."

#### Vienna Report.

Vienna, via London, Aug. 29. The official statement from general headquarters rates an internal revolution against the Liberal party. National unity has been destroyed by thrusting the royal prestige into politics. The Zaimist ministry is necessary today, and the Liberals are prepared to give it all support to enable it to be a political instead of a mere interim cabinet, and to assure to the Entente the most benevolent neutrality conceivable."

"The resolutions conclude with the statement that unless the people are heard they must take counsel as to other action."

#### FAILING TO SETTLE RAILWAY STRIKE SITUATION WILSON ASKS CONGRESS TO TAKE A HAND

### Asks Power to Draft Into Service of Nation Managers and Employees so that Government May Operate Roads in Case Military Necessity—Advocates the 8 Hour Day.

Washington, Aug. 29.—President Wilson laid the railway strike situation before Congress at 2.30 o'clock this afternoon in an address to both houses assembled in joint session. The president told Congress of his efforts to bring the railroad managers and the men into some sort of agreement, and saying he was powerless to do more, he asked Congress to enact certain specific legislation to deal with the situation now and in the future.

Pointing out the distress and hardships which a nation-wide strike would bring upon the country, the president asked Congress to empower him to draft into the service of the United States the very managers and men who have been unable to adjust their difficulties, so that the government may operate the railroads in case of military necessity.

He proposed that Congress: First, enlarge the membership of the interstate commerce commission to equip it to deal with larger situations; second, that an eight hour day be established for all trainmen in interstate commerce; third, that a commission investigate the effect of the eight hour day, but without recommendation, that the public may learn from a disinterested source of the merits of the question; fourth, that the interstate commerce commission consider the increased cost of the eight hour day in making rates, and fifth, amend the mediation law to prevent strikes or lockouts while industrial disputes are being investigated.

The sixth proposal was that the president be empowered to operate the railways in case of military necessity. How these recommendations are to be carried out President Wilson left entirely in the hands of Congress.

#### Strike Called for Labor Day.

Just before the president went to address Congress it became known that the strike leaders had positively called the strike for Labor Day, unless a favorable settlement was reached before, and that the negotiations between the managers and men had been broken off. The committee of railway presidents made a public statement of their position, declining to accept President Wilson's plan. The president presented all the details of the two weeks of negotiation to Congress, recounting how he had laid before both sides a picture of the distress into which a strike would plunge the nation, and how he had assured the railway managers that the public would see that justice was done them.

"They have thought it best," said President Wilson, referring to the railway managers, "that they should be forced to yield, if they must yield, not by counsel but by the suffering of the country."

Italian theatre: After obstinate fighting Monte Carriol fell into the enemy's hands."

#### NEUTRAL FIRED ON BY GERMAN SUBMARINE

### Portuguese Gunboat Attacked off Entrance to Lisbon but "U" Boat's Torpedo Missed Mark.

London, Aug. 29.—The German submarine U-20 attacked a Portuguese gunboat off the entrance to the harbor of Lisbon, last night, according to an Exchange Telegraph Company despatch from the Portuguese capital. The torpedo fired by the submarine missed its mark and the submarine submerged when the gunboat opened fire on it, the despatch adds.

#### DISORDERS IN THE DUTCH EAST INDIES

London, Aug. 29.—A despatch to Reuters from The Hague says there have been riots in the Dutch East Indies at Moermbek, in Jumbi. Twenty members of the armed police, the administrator, a native doctor and the village chief were murdered, and the post office and prison burned. Punitive expeditions have been despatched to the scene of the disorders from Palembang, according to the despatch.

**The Police Court.**  
In the police court yesterday Wm. Leonard was remanded on the charge of assaulting Police Constable Covey. Richard Jackson was charged with exceeding the speed limit on Mill street, bridge, and causing damage to the C. P. R. gates. Evidence was given as to the speed of the car and of Jackson refusing to stop when ordered.  
Angus B. McDonald said that he noticed a Ford car going out Douglas avenue on the same afternoon at a very high rate of speed. Later when going out the Mabogay road his attention was called to the same car up in the rear and he noticed the defendant in a very dangerous position lying underneath the car. He rendered first aid and the man was revived.  
Jackson said that he lost complete control of the car and was worked up to such a high pitch of excitement that he could not stop it, and was unable to hear any warnings that were given to him. He was willing to make good the damage to the gates.  
The defendant paid forty dollars damages to the gates, and also paid a ten dollar fine.  
W. E. A. Lawton for passing a standing street car on the wrong side of Mill street was fined ten dollars.  
The case of Joseph Kearns charged with using abusive language to Mrs. L. Breen was continued. Daniel Mullin appeared for the prosecution, and E. S. Ritchie for the defense. The case was adjourned until this morning.

**BOSTON LIGHT ANNIVERSARY**  
Tentative arrangements for a celebration of the 200th anniversary of Boston Light, the oldest lighthouse in the country, are being made by Boston Chamber of Commerce committee on port development and maritime affairs, under direction of William C. Brewer.  
These plans call for a gathering of 150 persons in the Bostonian Society rooms in the Old State House on Thursday, Sept. 14, and for a dinner that evening at which Governor McCall and Mayor Curley will be asked to speak.

**How to Lose Your Tan, Freckles or Wrinkles**  
A day's motoring, an afternoon on the beach or exposure on a sea trip, often brings on a deep tan or vivid crimson of freckles. A very necessary thing then is to use a skin cream which removes tan, redness or freckles, and restores the skin to its normal color. It is almost invisible, and contains no trace of the treatment shown. Get an ounce of mentholated wax at your druggist's and use this night after night. In a week or so you will have an entirely new skin, beautifully clear, transparent and of a most delicate whiteness. Wrinkles, no matter how deep, may be easily and quickly removed by bathing the face in a solution of mentholated wax, 1 cc. dissolved in which hazel, ½ pint. This is not only a valuable astringent, but has a beneficial tonic effect also.

**LOST.**  
LOST—Between Hampton and St. John, one roll of brown side curtains for auto. Finder will be suitably rewarded by returning same immediately to Princess Garage.

**MARRIAGES.**  
**Olsen-Galbraith.**  
At the Cathedral of the Immaculate Conception, early yesterday morning, Mrs. Elizabeth Galbraith was united in marriage to Captain S. Olsen with nuptial high mass by Rev. Wm. M. Duke. The bride, who was attended by her sister, Miss Dora Kent, wore a gown of blue silk covered with shadow lace with white picture hat, and carried a white prayer book. The bridesmaid was attired in grey serge with hat to match. The groom was supported by Mr. Martin Martinson. After the wedding ceremony the happy couple repaired to the home of the bride, 99 St. Patrick street, where wedding breakfast was served. Among the out-of-town guests were the bride's mother, Mrs. Albert Kent, Albert county; Mr. and Mrs. Mark O'Connor, Surrey, Hillsboro; Mr. John Leyden, Elgin, and Mr. Ole Olsen, brother of the groom. The groom's gift to the bride was a piano, and to the bridesmaid an amethyst and pearl brooch. The groomsmen were the recipient of a pair of gold cuff links. Capt. Olsen was the recipient from his fellow employees of Dredge No. 3 of the Norton Griffith Company of a cabinet of silver. Mr. and Mrs. Olsen will leave tomorrow evening on a honeymoon trip to Boston, New York and Philadelphia, and on their return will reside at 99 St. Patrick street.

**Berlin, Aug. 29.** By wireless to Sayville—British troops made attacks in force on the Somme front yesterday, but were repulsed with heavy losses; the war office announced today. Violent fighting continues.  
The announcement follows:  
"On numerous sectors of the front the hostile fire was more active. The artillery engagements on the Somme front were very violent.  
"North of the Somme the British attacks were repeated, with considerable forces, between Thiepval and Pozieres. These attempts failed with heavy losses for the enemy. At some places there was hand-to-hand fighting, which is continuing north of Ovillers with violence. Several hand grenade attacks in Delville Wood and southeast of Guillemont were repulsed.  
"On the right bank of the Meuse (Verdun front) the French attacked between Thiaumont Wood and Fleury and in the adjoining wooded area. The attacking waves broke down under the fire of our artillery and machine guns. Hostile advances south and southeast of South St. Mihiel were without success.  
"Three hostile aeroplanes were shot down in aerial engagements, one south of Arras, and two near Bapaume. A fourth aeroplane fell, undamaged, in our hands east of St. Quentin."

## CHEERY WORDS FROM THE BOYS AT THE FRONT

### Soldiers Acknowledge Kindnesses from St. John People and Write of Conditions on Battle Lines.

Among letters recently received from soldiers at the front are the following of interest to Standard readers.  
**Private Alex. Young.**  
New York, Aug. 29.—The New York, New Haven and Hartford Railway Company announced tonight that because of the impending railroad strike it will refuse hereafter all shipments of freight which cannot be delivered before 7 a. m. on Sept. 4th.

**San Francisco, Aug. 29.**—The following instructions were telegraphed to the headquarters of the Southern Pacific to all division superintendents: "Please instruct all passengers and ticket agents by wire at once to notify passengers unless they can reach their destinations by Sunday night, Sept. 3rd, they may be subject to perplexing delays."  
The instructions are signed by Charles S. Fee, passenger traffic manager.

**Next Development Hinges on Two Points.**  
President Wilson laying the railway strike situation before Congress today with recommendations for legislation, advanced the crisis to a stage where the next development depends upon two points. They are: Whether the legislation he proposes can be passed; if enacted, will it be effective to prevent a strike already called for September 4 at 7 a. m. Neither of the questions can be answered tonight. The brotherhoods' heads themselves, announcing their intention to fight certain portions of the president's programme, are at loggerheads over whether its enactment would prevent the strike.

## WILSON LAYS STRIKE SITUATION BEFORE CONGRESS

**Continued from page 1.**  
**Railroads Taking Precautions Against Tie-ups.**  
New York, Aug. 29.—The New York, New Haven and Hartford Railway Company announced tonight that because of the impending railroad strike it will refuse hereafter all shipments of freight which cannot be delivered before 7 a. m. on Sept. 4th.

**San Francisco, Aug. 29.**—The following instructions were telegraphed to the headquarters of the Southern Pacific to all division superintendents: "Please instruct all passengers and ticket agents by wire at once to notify passengers unless they can reach their destinations by Sunday night, Sept. 3rd, they may be subject to perplexing delays."  
The instructions are signed by Charles S. Fee, passenger traffic manager.

**Next Development Hinges on Two Points.**  
President Wilson laying the railway strike situation before Congress today with recommendations for legislation, advanced the crisis to a stage where the next development depends upon two points. They are: Whether the legislation he proposes can be passed; if enacted, will it be effective to prevent a strike already called for September 4 at 7 a. m. Neither of the questions can be answered tonight. The brotherhoods' heads themselves, announcing their intention to fight certain portions of the president's programme, are at loggerheads over whether its enactment would prevent the strike.

**MUNICIPAL COUNCIL AGREES TO BUILD POWER HOUSE AND LAUNDRY FOR GENERAL PUBLIC HOSPITAL**

Cost will Approximate \$46,000 and Entire Project will be Financed by Municipality — Hospital Commissioners Approve at Meeting to Urge Necessity of Improvements.

At a special meeting of the municipal council held yesterday afternoon in the court house it was decided to erect a separate power house and laundry as requested by the commissioners of the General Public Hospital at a cost not to exceed \$46,000, a committee of the common council to be appointed to co-operate with the hospital commissioners and approve of the installation of the boilers and machinery. It was also decided that the council should finance the undertaking on the completion of the building issue bonds to pay for the same.

The report of the bills and by-laws committee which submitted a by-law relating to business licenses and one relating to the storage of explosives was laid over until the regular meeting in October. The matter of some changes in the power plant at the St. John County Hospital was referred to a committee with power to act.

The request of the Anti-Tuberculosis Society that the land purchased on Merritt street and not used for the erection of a hospital be transferred to them was left over until the regular meeting.

Warden McLellan called the council to order at 2.45, there being present at the time Councillors Fisher, Bryant, Thompson, Carson, Shanklin, Stephenson, Russell, Golding, O'Brien, Dean, Howard, Hayes and Wigmore, together with the county secretary, J. King Kelley, Dr. Thomas Walker, Dr. W. F. Roberts and M. E. Agar represented the hospital commissioners and Architect F. Neil Brodie was present with sketches of the proposed new power house.

The first business taken up was the report of the bills and by-laws committee as Architect Brodie had not arrived. One relating to business licenses provided that every person not a rate-payer in the county (except commercial travellers) should not engage in any business without first procuring a license from the county secretary under penalty of a fine. The license fee was made a sliding one according to the occupation and ranged from \$5 to \$40. The one relating to the storage of explosives provided that no larger quantity than 50 pounds of gun powder or 25 pounds of any other explosive should be stored in any one place except by special permission. The warden and secretary might give special permission for the storage of 200 pounds of gun powder and 1,000 pounds of any other explosive for a period of thirty days, the person making the application to accept all liabilities arising from the use and storage of such explosive. These were laid over until the regular meeting of the council in October.

**A Dangerous Condition.**

Councillor Russell said it was not so much a matter of saving, there was a dangerous condition existing in the hospital today and he felt that this should be remedied irrespective of whether there was a saving in maintenance or not.

Dr. Walker said that the laundry boiler had been condemned and if the new power house were not built it would have to be replaced and possibly another one which would be quite an expensive proposition and the fire hazard would still exist in the building.

Councillor O'Brien referred to plans which had been submitted by Architect Mott and said he understood the council had to pay for those plans and why not use them instead of getting new ones.

It was explained that Mr. Mott had never submitted anything but sketches and the municipality was not responsible even for them and would not have to pay for them.

M. E. Agar said they had procured options on the land which was required at \$3,150 and the options would expire on Wednesday. He felt that the new building was needed and that the fire risk should not be continued.

**Power House Should be Built.**

Councillor Golding was in favor of the improvements and felt that some action should be taken to provide them. He was in favor of the return tube boiler rather than the water tube boiler as he felt it was more economical. He felt also that the question of which was the cheaper to generate or buy electric power should be considered as the price of electrical machinery had advanced considerably the last two years.

Councillor Hayes felt this was a plea

to which the council could not fail to respond. Something had been said about St. John being behind the rest of the country but he doubted if it was so far behind as so far as he could learn there were not very many municipal hospitals in Canada.

Councillor Shanklin thought that the power house should be built and the county would have to pay the bill.

**A Motion To Build.**

It was moved by Councillor Wigmore and seconded by Councillor Carson that a separate power house and laundry be provided as requested by the commissioners of the General Public Hospital, the installation of the power plant to be subject to the approval of a committee of the council appointed by the Warden to confer with the commissioners of the hospital, the cost of said power house and laundry not to exceed \$46,000. Before putting the motion Warden McLellan said that he did not think that the people should complain of any expenditure for the health of the community or for patriotic purposes, but the councillors need not think that they would be asked for more money for improvements for the hospital. The next thing would be a home for nurses and he thought it was the duty of the municipality to provide a decent, clean and habitable home for the nurses and he did not consider the present one such a place, in fact he would rather live in a jail than the present nurses' home.

Dr. Walker said that on behalf of the commissioners he would welcome the aid of the committee from the council. The motion was then put and carried.

The following were appointed on the committee: Councillors Carson, O'Brien, Fisher, Wigmore, Howard, Dean and Hayes.

**Council Will Finance It.**

It was moved by Councillor Russell and seconded by Councillor Carson that the council undertake to finance the building of the power house until such time as the building is completed when bonds will be issued to pay for same. Carried.

The questions of a municipal ambulance and the transfer of the lot on Merritt street to the Anti-Tuberculosis Society were laid over till the regular meeting.

The report of Mr. Howes on the power plant at the St. John County Hospital that it could be put in a proper condition for \$825, was referred to a committee with power to act. The following were appointed a committee to look after this matter: Councillors O'Brien, Fisher, Golding and Stephenson.

Council then adjourned.

## THE NOVA SCOTIA POPULAR VOTE

The Toronto Mail and Empire has been doing some figuring in connection with the official returns of the general election in Nova Scotia and shows that although the Liberals elected thirty supporters of the Murray government against thirteen Conservatives the popular vote of the Conservative candidates was forty-nine per cent of the whole province, while in actual votes the Liberals had a majority of but 1,468 in the whole province, while 651 votes were cast for an independent. The Mail and Empire declares that "the return of a legislative majority of seventeen for the Liberals quite misrepresents the popular will" and then goes on to say: "The official election returns show that a change of 253 votes would have turned eight constituencies from the Liberal to the Conservative side, and made the standing in the Legislature about 21 seats each. In Inverness, Bourton, the Liberal candidate, had a majority of 9; in Hants, Smith, Liberal, a majority of 10; in Lunenburg, Kinley, Liberal, won by 57; in Annapolis, Elliott, Liberal, won by 59; in Pictou, McKay, Liberal, won by 89; in Queens the Liberal candidate had 101 majority, in Yarmouth 104, and in Victoria 116. The turning over of half of the votes making these majorities would have condemned the Murray government to defeat. Thus, it is clear that claims showed forward by the Liberal politicians in Ontario that Nova Scotia is drifting farther from the Conservatives are not well founded. As a matter of fact, in June, 1911, in the last provincial elections, the Murray government had a popular majority of between five and six thousand, and in the reciprocity contest in September of that year the Bordenites carried half the Federal seats. The cutting of the Murray support, as indicated in the popular vote, may in part have been a consequence of absence of soldiers, those overseas having no vote. But apparently the conversion of two or three per cent of the Liberal electors to the opposite side would make Nova Scotia definitely Conservative both locally and Federally."

## THE SITUATION IN GREECE.

Now that Roumania has definitely aligned herself with the Entente Allies the probable action of Greece is the next problem to attract attention. Greek elections are to be held next month and it is expected that recent developments in the Balkans will precipitate a situation where the opposing leaders will practically be Venizelos and the Germanophile King. Ex-Premier Venizelos, for many months has been strongly in favor of intervention but his efforts in that direction have been thwarted by those in higher favor at court. Up to the present he has had few concrete facts on which to base his argument that it is to the interest of Greece to ally herself with the Entente powers but the invasion of Macedonia by the Bulgars and the occupation of the city of Kavala has greatly strengthened his hands. If the question of peace or war should be the paramount issue at the next election there can be little doubt that Venizelos will gain a large majority of the votes of the Greek people. With such a support it should not be difficult to overcome the pro-German tendencies of the King. Such obstacles have been surmounted before and Greece has ample precedent on which to proceed. One certainty that emerges from the present situation is that if Greece does not soon show her hand the opportunity will be lost. Already the superiority of the Allied forces in the areas where Greece could hope to operate is so marked that her army would not be required. Free entry through her territory and the use of her transportation systems would be of greater worth and with the progress the campaign is making even these advantages are less valuable than before. Venizelos' opportunity to prove himself the greatest statesman of the Hellenes is at hand. Whether he will embrace it or see it pass from him is the most interesting of international questions in Europe at the present time.

## THE DAYLIGHT SAVINGS.

The decision of the council yesterday to amend the Daylight Savings Bill to provide that the old system of time shall prevail on and after Sunday was a wise one, but is likely to be the cause of some inconvenience as far as the trains are concerned. It may be recalled that one of the chief complaints in connection with daylight savings, when it was adopted, was that until the summer timetables came in, the trains continued to operate on the old time, while the daylight system was in general use in St. John. If the time is changed as indicated by the council a similar condition will exist until the railways again change—about the middle of September—only in the latter case the railways will use daylight time and the city the Atlantic system formerly in use. By making the date of change September 16th instead of September 3rd this difficulty could be avoided. The experience of the present summer has shown the advantage of the daylight system. As predicted, all inconveniences were practically forgotten after the new time had been in use for a fortnight or so, while the people certainly derived much enjoyment from the additional hour of light in the evenings. The aim next year should be to have the system adopted by as many provincial centres as possible. One season's experience of it, with towns and railways working in harmony will be sufficient to so thoroughly demonstrate its advantages that there will be no difficulty in making it a feature each summer.

## THE DAILY ANANIAS AGAIN.

It is becoming quite easy for readers of the Daily Anias to tell when that newspaper is scored against. The more deeply its hide is punctured the more noisy and vicious is the escaping wind. Just now Mr. Titus J. Carter, M. L. A. for Victoria County, to use a phrase current in literature descriptive of the ring, seems to have landed on the solar-plexus, for his editorial product of yesterday concerning that gentleman was nothing more than an angry effort to conceal the fact that it had been convicted of downright falsification. One of the Telegraph's anonymous fictionists—possibly the prospective Provincial Secretary himself—operating from Fredericton, took advantage of Mr. Carter's presence in the capital on a business trip to conjure up a fantastic story to the effect that the representative of Victoria was after a "forecastle berth" in the New Brunswick Government. Mr. Carter wasted no words in his reply. He merely stated that the Telegraph lied and permitted the matter to rest at that. Hence the Telegraph's rage. But all the rant and bluster and abuse of our Canterbury street contemporary cannot cover the fact that it deliberately lied and was caught in it. This, however, is not a new experience for that newspaper or its chief political fictionist, who now aspires to public life. Unless that gentleman's memory is very short he must recollect previous occasions when he lied and when the corrective instrument employed was not a newspaper communication but a horsewhip.

**AUTO ACCIDENT NEAR QUISPAMIS.**  
What might have been a fatal accident occurred yesterday afternoon about 6.30 just beyond Quispamis. An automobile bearing the number 129 dealers tag, was proceeding along the road at a fairly respectable rate of speed and just as they approached the overhead bridge, a short distance beyond Quispamis, something went wrong with the steering gear and the machine went through the railing of the bridge and down the embankment onto the track below. Fortunately for those in the car it did not turn over, and the only damage done, so far as could be ascertained last night, was to one wheel which was badly smashed. The escape of the party from death was little short of marvellous as the bridge is about twenty feet above the level of the railroad track. The party came back to the city and will have the car raised up on the road today and a new wheel put on.

## CANADIAN NATIONAL EXHIBITION

TORONTO  
Aug. 26th to Sept. 11th

A great, natural park, 264 acres in extent at Centerville Sept. 13th, with wide paved streets and walks, vistas of velvety green sward enriched with a profusion of shrubs, trees and flowers blended into harmonious effects. Stately permanent buildings, graceful and rich in architectural detail valued in the aggregate at \$2,500,000. Beautiful grounds valued at a similar sum, models of landscape artistry, sloping picturesque lawns, single scintillating waters of Lake Ontario along which they stretch for 1 1/2 miles. This is the magnificent setting that adds so tremendously to the charm of the Canadian National Exhibition, Toronto's greatest short-time exhibition in the world. In this pleasant environment the people of Canada pause each autumn to take a national inventory, to see how they have progressed during the year as a nation and prospered as a people.

The Canadian Government Railways offer specially low rates for those dates on the Maritime Provinces to Toronto August 31st, good for return September 8th, and September 4th good for return Sept. 13th. From Sydney the return fare on these dates will be \$25.00 from Halifax \$25.60, from Charlottetown \$23.55, and from St. John, Moncton, Fredericton \$20.00. From all stations on the line, the fares will be proportionately low. Single tickets for the round trip will be in effect going August 28th, good for return Sept. 5th, going August 30th, good for return Sept. 7th; going Sept. 5th, good for return Sept. 12th. Return tickets for fare and one-third will be issued from August 25th, to Sept. 4th, good for return until Sept. 13, 1916. Further particulars regarding rates will be supplied by ticket agent of the Canadian Government Railways. It will be well to secure reservations on sleeping cars in advance.

Passengers from the Maritime Provinces will find the advantage of travel by the fast trains, the "Ocean Limited" and the "Maritime Express." Via the Ocean Limited connection is made with the Grand Trunk "International Limited" and the "Maritime Express" connects with the Grand Trunk express trains for Toronto.

## Little Benny's Note Book

Me and pop was wawking along me tawking and asking questions, and pop lisenning and ansering wen he felt, like it, and we came to a man lisenning aginst a telegraph pole and bendin over making ferus faces and going O, O, O.  
O, pop, look at him, I sed.  
I am looking at him, sed pop, Im also lisenning to him, Im glad I contributed to the Red Craze fund this year, it makes me feel as tho I mite be of some use to him.  
And he went up to the man, saying, Wat seems to be the main trouble, old man. Wich the man jest kepp on bendin himself up and going, O, O, O, and pop sed, Brace up, old fellow, is there anything I can do for you, ware does it hurt most?  
O, O, O, sed the man, making a teare face.  
Dont look at me like that, Im your fread, sed pop, come on, now, tell me all about it.  
O, O, O, sed the man making the fearest face yet.  
Let me take you home, are you married? sed pop.  
O, O, no, Im not married, Ive got a terrific stummack ache, thats wat makes me look this way, sed the man. And he started to laff at himself, and then he bent all up agin, saying, O, O, O.  
Well, sed pop, any man with the consummum nerve to spring a Joe Miller as old as that on a perfectly good Samaritan deserves to be left alone with his pane, this way out, Benny.  
And me and him kepp on wawking.

# FRANK B. CARVELL'S ALLEGED EXPERIENCE OF NEW POLITICAL BIRTH WAS BARE-FACED JOKE

Despite the Hypocritical Statement Made by Carleton County Dark Lantern Brigader to Ottawa Newspaper Carvell is as Vindictive, Malicious and Vicious as Ever—His Brutal and Unwarranted Attacks Upon Decent Men.

Woodstock, N. B., August 28, 1916.  
To the Editor of Standard:  
Sir—Some months ago there was published in an Ontario paper, an interview with Mr. Carvell, in which he is credited with saying that the Liberal party had been born again. Further on in the interview he testified to the fact that, as a member of the Liberal party, he, too, had been born again.

We certainly believe in the grand old doctrine of the New Testament, of the new birth. We believe that when a man is truly born again it is very evident in his life, and especially in his attitude toward his fellow men. The new birth is the only power on earth which can cause "the leopard to change his spots and the Ethiopian his skin." We rejoiced that Mr. Carvell had seen the light, and upon his return confidently expected to behold a great change in the man. Like Paul of old, when he left Jerusalem for Damascus, Carvell had gone out from our town, breathing out threatenings and slaughter against his supposed enemies. When Paul returned to Jerusalem he was indeed a new man, the spirit of threatening and slaughter had departed from him and he came back in the spirit of gentleness and kindness to all men, especially to those whom he had looked upon as his enemies.

When we met Mr. Carvell upon his return from Ontario, we had hoped to see a new light in his eye, a gentler tone in his voice and the hand of steel changed to velvet. We opened the Sentinel, his personal organ, upon its first issue after his return, fully expecting to find that the paper, too, had passed through a regenerating process, that "old things had passed away and all things had become new;" but we were sadly disappointed. If anything it was more vindictive, malicious and vicious than in the past, and, to our great sorrow, we found that there was no perceptible change in Mr. Carvell. His voice was just as metallic, the light of his eyes was the same old light, and his countenance had lost none of its grimaces.

One of the strongest evidences of the new birth and of the true experience is the spirit of restoration. You will recall that a certain man who had evidently been a great sinner heard that the Man of Nazareth was passing by. He climbed into a sycamore tree. He was bitten by the Master to come down. Zacchaeus, in those moments, passed through the great experience of the new birth. It was instantaneous and complete, as was made evident by the testimony that he bore, "If I have taken anything wrongly or by false accusation from any man I will restore him fourfold." Through all the years since then restitution has been recognized as one of the strong evidences of the new life.

If Mr. Carvell had passed through the sacred and holy experience to which he testified while away from home, we fully expected that immediately upon his return he would resign his seat in Parliament, which he has improperly held, a seat which was won by the expenditure of a campaign fund, at the hands of his friends, such as this county never knew, aided by dishonest and crooked Deputy Returning Officers. He has received an indemnity of \$2,500 per annum since 1911, to which he knows he is not justly entitled. Every man, woman and child in this county who has come to the years of understanding, knows these facts. I have never heard a single supporter of Mr. Carvell contradict them, or even offer a word of apology. When the facts are put up to them, they stand silent or hang their heads in shame.

The seat and the indemnity for these years, by every moral law known to the universe, belongs to B. F. Smith, and if Mr. Carvell had passed through the experience which he professed to have passed through, immediately upon his return he would have resigned the seat, and handed it to the man to whom it belonged, and who justly won it, and with it the \$2,500 per annum indemnity which he has drawn.

We have waited through weeks and months. We have offered no word of criticism, allowing Mr. Carvell ample time in which to make the restitution, and thus prove the truth of his experience; but he has failed. There is only one conclusion to which we can come, that, in that famous interview which was telegraphed from the Atlantic to the Pacific and published in every Liberal newspaper in the province, Mr. Carvell was insincere, that he was making play of one of the holiest and most sacred experiences known to the human life. We speak reverently and with bated breath when we say that they must have entered into the ears of him who first uttered them as black and terrible blasphemy.

We note that in Mr. Carvell's personal organs, the Sentinel and Observer, he is hurling volumes of abuse upon his political opponents and, especially attacking men who profess to be Christians. B. F. Smith is being constantly twitted with being a deacon in the Baptist church. J. B. Daggett, the secretary for agriculture, is being twitted about his years of active ministry in the church in the most offensive and obnoxious manner. These newspapers hurl "Reverend" at Mr. Daggett and "Deacon" at Mr. Smith. We are told over and over again that they are hypocrites. After Mr. Carvell's Toronto interview, with his subsequent actions, he certainly has no right to say "hypocrites" to any man.

As for Mr. Daggett, he came to this county when a very young man and spent the best years of his life here among us. During those years he made a large place for himself in the hearts of the people of this county. He made some enemies, bitter and vindictive enemies, but we want it understood that he has hosts of friends. His years here were years of sacrifice and devotion to duty and his enemies were made because he did not straddle or wobble upon public questions. It is a common saying in Carleton county that "everybody knows where Daggett stands; he never tried to ride two horses." While a pastor he drew large congregations. He was a frequent visitor to this town. In the days of the late Dr. Phillips, in the old Free Baptist church before the union, there were frequent exchanges between these two men and no man was received to the pulpit with greater respect or pleasure than Mr. Daggett. In the discharge of his duties he was so unfortunate as to contract a tubercular affection, which required a long treatment in a sanatorium. His health in a large measure was restored but, by the best specialists in America, he was forbidden to go back to the ministry, and was later called to the office of secretary for agriculture. As soon as he entered this office, Mr. Carvell and his cohorts began to abuse him. That stream of abuse has never stopped. We want to say today that scores of Liberals in this county are resenting it vigorously. We understand that Mr. Daggett has been invited to speak in the present campaign in this county but has declined. We believe he is making a mistake. The vilest stories are being insinuated through the press and whispered privately in the ear concerning him, in which we do not believe there is one word of truth. We feel that it is his duty to himself and his friends to come to this county and, from the public platform, denounce his traducers and defend himself against the vile attacks that are being made upon him. If he should be persuaded to come, there will be no place in the county where he will receive a warmer reception than in the town of Woodstock and, unless he has lost his power of saying things, we venture that his enemies will get a handling that they will not relish.

As for Mr. Smith, it is a well-known fact that for many years he did not make any profession to a religious life, but some four or five years ago he identified himself intimately with the Baptist church and since that time we defy Frank Carvell, Coles Dugan, Frank Thornton or even Henry McCain to place their finger upon one single spot in his

daily walk and conversation. It is one of the shames and crimes of the warfare that Mr. Carvell is waging in this county; that there is nothing sacred and nothing holy to him and his crowd. He covers his own iniquity with a cowardly cloak and the meanness of arguments that he does not profess anything; as though his lack of profession gave license to do as he pleased and act as he may desire. At the judgment bar of God and man he would argue "I did not profess anything better." We have no use for the hypocrite, but we do say ten thousand times better the man who is endeavoring to walk and live the life he ought to live and who sometimes falls, than the man who never tries and who is satisfied with his own sin and wrongdoing.

If Mr. Carvell was born again in Toronto all we have to say is that "he has returned as a sow washed to her wallowing and a dog to his vomit."

We believe there are many Liberals in this county who will manifest their displeasure of his methods and on September 21st vote "ANTI-CARVELL."

## SCHOOL WORK RESUMED

Grade X, High School—Permits Still Asked for.

The work in the city schools is settling down to a normal basis after the vacation. Dr. Bridges visited the High School yesterday morning and conferred with Principal Myles with regard to matters affecting the different departments. It is understood that there is congestion in this school, as in grade X, alone there are about 150 scholars, which means that an average of about fifty pupils is assigned to each teacher. It is probable that a fourth department will be organized for grade X, after the matter has been brought formally before the board of school trustees.

An examination of the pupils was made by the teachers in the schools throughout the city yesterday morning with the object of taking the first steps to give effect to the requirements and suggestions of the authorities of the Board of Health. Several additional applications were made for permits in the morning and afternoon, but the total number applying will not be known for some days. It is thought, however, that the number will slightly exceed that of last year.

Guest of Rotary Club.  
Dr. Leonard, of Mansfield, Ohio, was a guest at the Rotary Club luncheon yesterday and was given a cordial reception. He is visiting Mr. and Mrs. Catherwood, of Fairville. Dr. Leonard has had much experience in connection with work for the reformation of convicts. He is head of an institution at Mansfield which has a large industrial farm where men who have been convicted of criminal offenses are given encouragement to reform.

JESS WILLARD IN THE CIRCUS WITH AN ALIAS

The Champion Now Weighs 500 Pounds—Is Now the Fat Man of the Show.

Jess Willard, according to those who have seen him elevating the circus, will not be without a profession after his retirement from the roped square.

Willard is now said to scale 300 pounds, and he puts so furiously when boxing with his sparring partners that the management is considering the advisability of applying a Maxim silencer to the big fellow's breathing apparatus.

Not only are Willard's efforts at boxing marveled at by the onlookers because of the evident strain on the champion, but even the kindness of the management in cutting the rounds to 90 seconds each has not helped the matter to an appreciable extent.

Willard started to fit himself for a championship contest it would take him months to get into ordinary good condition.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

CEMENT AGAIN WAS MOST ACTIVE SECURITY

After Announcement of 3 p.c. Dividend Payable in September Stock Weakened Closing at 63 3/4.

Montreal, Aug. 29.—Cement was again today the most active security. It opened at 68, weakened and some stop orders having been caught, sold off to 64 1/2. It recovered a good part of its loss, but during the afternoon, after the dividend announcement of three per cent. payable in Sept., it again weakened, closing at 63 3/4. Trading in the balance of the day was dull with a weaker tendency in certain issues. Brazilian sold off to 58; this was due to the disappointment of their surplus over dividends for the last year was not larger. Their earnings, however in Brazilian currency showed an increase and when the rate of exchange improves, which it undoubtedly will when the war is over, they should be able to make a good showing.

The dividend declared this morning is payable September 16 to shareholders of record September 5.

No statement accompanied the declaration and it was not stated whether it was a half-yearly or a yearly distribution.

The initial dividend on Cement common was declared on January 30 last, when the directors declared 3 per cent. on the common stock together with the regular quarterly dividend of 1 1/2 per cent. on the preferred.

It is the opinion of those close to the affairs of the Cement Company that today's declaration means the placing of Cement common on a regular six per cent. basis.

NEW YORK MARKET UNDER CONSTANT PRESSURE

Shadow of Railroad Trouble Hung Over Street Inducing Liquidation Only Few Stock, Being Excepted.

New York, Aug. 29.—Stocks were under constant pressure today, the more ominous aspects of the railway labor dispute inducing further liquidation and professional pressure. Among the very few exceptions to the lower trend were Mercantile Marine preferred, Pacific Mail and some of the motor accessories.

Trading was irregular throughout, with moderate activity in the first and final hours, the latter period witnessed a fresh attack on quoted values. The President's address to Congress was issued at that time.

Market preferences in which dealings exceeded sixty thousand shares, registered a gross gain of 2-3/4 points on its rise to 102 7/8, and Pacific Mail's temporary gain of 2 points signalled that company's resumption of service on the Pacific ocean, and publication of the company's semi-annual report, disclosing a substantial gain in earnings.

Weakness of a pronounced character was manifested by automobile shares from the outset, the decline being led by Studebaker, which fell 4 1/4 points before denial of new financing by the company helped to effect a partial recovery.

Coppers were heavy, mainly in consequence of the extensive offerings of Tennessee, whose decline of 5 points, it later developed, was not due to trade conditions, but to prospects of protracted litigation, munitions, equipments, sugars, and various specialties of no distinctive class, followed the sagging tendency shown by seasoned issues.

Leading rails yielded one to one and one half points, activity in that group converging about Coalters, New York Central and Transcontinentals. United States Steel receded a point, with 4 1/2 for Bethlehem Steel. Total sales aggregated 520,000 shares.

DOMINION IRON AND STEEL MEETING TODAY

Clearing Up of all Back Dividends on Preferred May Result from Today's Gathering of Directors.

Special to The Standard. Montreal, Aug. 29.—A meeting of the directors of the Dominion Iron and Steel Company has been called for tomorrow, when dividend action will be taken on the preferred stock. Considerable interest is shown on the street regarding this meeting, in view of the fact that tomorrow's meeting may result in the clearing up of all back dividends on the preferred stock, after which the common shareholders will be in line. The dividend on the preferred was passed October 1, 1914, and dividends were resumed again on March 10, 1916, when the directors declared a dividend of three and a half per cent. In June, 1916, the directors declared two lapped dividends on the preferred, leaving only one of 3 1/2 per cent. in arrears, and it is expected that this will be taken care of at tomorrow's gathering.

COPPER AND WHEAT ON THE UPWARD TREND

Former has Advanced to 27 Cents with Large Volume of Sales for 1917 at 26 1/2 Cents.

Copper metal has advanced to 27 cents per pound for all deliveries this year with large volume of sales for 1917 at 26 1/2 cents. This seems to indicate that the leading copper companies will continue for another year the enormous profits which they are now making. Copper stocks have not been reflecting earnings because it was calculated that production would heavily overtake consumption and metal prices decline. The indications now are the other way and big earnings, as for the steels, seem more probable than for a long time. The effect of this as with the industrial earnings big profits would naturally be to put prices of copper stocks on a higher level.

The financial situation is sound, money is abundant supply with fairly good demand and credit skies clear. The quick absorption of the United Kingdom \$50,000,000 loan indicates a wide path for the progress of more foreign loans for Britain and other countries. Two important commodities are ascending in price together, wheat and cotton, in an atmosphere of pessimism regarding the crops of each. The stock market has at last yielded to the overwinding influence of the country's prosperity and the country's towering financial strength, refusing to be held back by strike negotiations or the smaller crop outlook. Natural reactions will take place but the trend of the market for the present is upward. It is urged on by a strong leader, because Steel, whatever its fluctuations may be, is one of the great profit-makers of this remarkable period, with prospects of continuing to be so for a long time.

TRADE CONDITIONS IN EPOCH IN FINANCIAL HISTORY OF THE U.S.

U.S. Steel Being Bought on Market Weakness for Long Holding—Coppers Now an Investment.

(McDOUGALL & COWANS.) New York, Aug. 29.—High British authorities are privately quoted as saying that the commercial conditions in the U. S. have not yet reached their high water mark so far as regards the general movement. U. S. Steel is being bought on market weakness for a long holding by well informed investors who claim to have information to the effect that with present improvements completed in the course of a year looking particularly to foreign business the corporation will be able to make big iron cheaper than any other concern in the world. It is held in New England circles in a position to have intimate knowledge of developments in the Copper trade that the Copper shares have now become investments and where well managed and showing a large margin of safety over dividend requirements, the stock represented is to be considered cheap at current levels.

Should there be a strike, and the transportation companies win out, it would be the best thing that has happened in the railway world for a decade, says a prominent firm which is recommending that speculative attention be confined to the industrial list for the present.

QUEEN'S COUNTY MAN INJURED BY KICK FROM HORSE

Horse Tramped on Wasps' Nest, Stung by Insects and Kicked Driver in its Flight

Welsford, Aug. 28.—The many friends of Mrs. Leslie Graham and Mrs. Robert Serbner, Headline, will be glad to know that they are recovering nicely from the injuries and shock recently sustained when the horse they were driving ran away.

On Wednesday afternoon last Joseph Bruton at W. Havelock's Woods, Headline, met with an accident whilst working out in the hay field on a horse-rake. The horse happened to step on a wasps' nest and its inmates became infuriated stinging the horse which began to take to its heels and kicked Joseph on the front of one of his legs below the knee.

On Friday morning last the funeral of the late Foster Lacey, son of Mr. George Lacey, Clarendon, who died at the sanatorium, St. John, took place. Interment was made in the Clarendon burial ground, Rev. B. J. Chapman officiating.

On Saturday afternoon the scholars and teachers of the St. Luke's Sunday school held their annual picnic on the grounds of Mr. and Mrs. P. G. McKenzie. A number of adult friends also attended.

On Tuesday, August 29th, Mrs. Douglas Fenwick of New York, has been the guest of Mr. and Mrs. Fred Fenwick Berwick, for a few weeks.

On Wednesday, August 30th, Mrs. Frank Folkins of Lynn, Mass., is the guest of Mr. and Mrs. E. R. Folkins, Centreville.

On Thursday, August 31st, Mrs. E. R. Folkins, Centreville, returned home on Wednesday, after a lengthy visit with her aunt, Miss Fenwick, who is occupying her summer home here.

On Friday, August 31st, Mrs. Murray Gilchrist has returned from a very pleasant visit with her sister at Cambridge, Mass.

On Saturday, August 31st, Miss Annie Parlee returned this week from Great Salmon river, where she has been enjoying a few weeks' stay.

SERIES OF DARING BURGLARIES ON THE NORTH SHORE

Several Stores and Houses Entered - Orange Lodges Attend Service in Newcastle Church Last Sunday.

Newcastle, Aug. 28.—Mrs. James Taylor, of Nordin, was the victim of a robbery which occurred several nights ago, \$77 was taken, \$10 of which was Mrs. Taylor's and the remaining \$67 had been left her by Mrs. Thomas Taylor to be used as required for the benefit of Mr. Thomas Taylor.

Joseph MacKnight's store and several neighboring houses were raided the same night; also several places have been entered in Lower Derby and Redbank. In the latter place Dr. Beaton's residence was raided.

The Orangemen of Loggieville, Chatham, Douglastown and Newcastle attended divine service Sunday afternoon in St. James' church. The service was conducted by the pastor, Rev. S. J. MacArthur, assisted by Rev. Dr. Squires of the Methodist church.

ONLY ONE CHANGE IN CONSOLIDATED SCHOOL STAFF

Hampton School Reopened Yesterday with 225 Pupils on Roll - Lady Teacher New Principle.

Hampton, Aug. 29.—The Hampton Consolidated School re-opened today for the new school year. There was a total attendance of about two hundred and twenty-five, which was about the same as last year; this number will of course be considerably increased during the early days of the term.

There has been only one change in the personnel of the teaching staff, though several changes in position. Mr. H. C. Lawrence, who was in charge of grades VII and VIII, resigned from the staff in order to accept a position as principal of the Kingston School, and Miss Celia Watmore teaches Grades II and III, while Miss Eleanor Dickson takes the position vacated by Mr. Lawrence. The principal, Mr. C. T. Wetmore, is now entering upon his fourth year in that position.

Little Boy Nine Months Old HAD DYSENTERY

Dysentery is one of the worst forms of bowel complaint. The pains in the bowels become intense, the discharges occur with great rapidity, and are very often accompanied by blood, and the sufferer becomes very weak and languid.

There is only one remedy to use in all cases of dysentery, and that is Dr. Fowler's Extract of Wild Strawberry. It will cure when all other remedies fail.

Mrs. J. Leslie McKee, Redvers, Sask. writes: "I used Dr. Fowler's Extract of Wild Strawberry for my little boy when he was about nine months old. He was awfully bad with dysentery. I had not had him down for three days and nights, only when his father took him for a few minutes. He had both the diarrhoea and vomiting. I had tried everything until my husband got 'Dr. Fowler's' and three doses cured him."

Dr. Fowler's Extract of Wild Strawberry is the remedy you want. Don't take any other when you ask for it. Manufactured only by the T. M. Burt Co., Limited, Toronto, Ont. Price 35c.

Milk. Milk seems to be a subject which is in the mind of many people. Here are some reasons why milk should be pure and within reach of all.

Milk is an ideal food for children. Occasionally we hear a mother say, "I simply cannot persuade my children to drink milk, and I have given up trying to force them!"

The tam crown is to be used again this winter. The coronet crown is a new shape, the lines of the hat being identical with a peer's coronet.

Very rarely we find a child who cannot digest cow's milk (and this lack can be made up for by the use of the various condensed and malted milk preparations).

Here is a new frock of satin for house or street wear which is provided with a scarf sewed on to the frock. The dress is very gracefully made with a rounded yoke.

Subtle Menus. Here are a few menus for the growing child, furnished by a food expert, which may be helpful in selecting and balancing the diet.

Probably because of the vogue for kiddies' beach sets this summer, school sets are now being shown. They consist in the cotton materials of hat, apron and basket or bag to match.

HOW MRS. BEAN MET THE CRISIS. Carried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Nashville, Tenn.—"When I was going through the Change of Life I had a tumor as large as a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought Lydia E. Pinkham's Vegetable Compound would cure it. It helped both the Change of Life and the tumor and when I got home I did not need the doctor. I took the Pinkham remedies until the tumor was gone, the doctor said, and I have not felt it since. I tell every one how I was cured. If this letter will help others you are welcome to use it."

Lydia E. Pinkham's Vegetable Compound, a pure remedy containing the extractive properties of good old fashioned roots and herbs, meets the needs of woman's system at this critical period of her life. Try it. If there is any symptom in your case which puzzles you, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

**Around the City**

**Received Athletic Medals.**  
The medals won by competitors from the High School at the athletic meet held at Robbsey College stadium in June were distributed yesterday morning.

**Band Concert Enjoyed.**  
A very large crowd of people were delighted with an excellent programme of music rendered by the City Cornet band on King Square last night.

**Inspectors Start Work.**  
A start was made yesterday on the work of inspecting the plumbing and service pipes in the city in order to locate, if possible, the source of the wastage of water. After the inspection has been completed those whose plumbing has been found to be faulty will be given notice to have repairs made and a little later another inspection will be made to see that they have done so.

**Telegraph Men Pay Visit.**  
Among the visitors to the city yesterday were Newcombe Carleton, president of the Western Union Telegraph Company, Halifax; E. C. McKissock, assistant general manager; Frank Kilton, assistant vice-president, and Captain Merrill, of the cable ship Lord Kelvin. The party came on a visit of inspection and to make acquaintance with members of the Union staff here. Mr. Carleton and party left for New York last night.

**Information Wanted.**  
J. B. Jones, registrar of vital statistics, is in receipt of a letter from a London solicitor who is seeking to establish the British citizenship of Wm. Ernest Jenkinson, son of Emilie Jenkinson, a former resident. Wm. Ernest Jenkinson is an engineer in the Atlantic transport service and must establish his British citizenship to retain his position. Any information St. John people may have of Emilie Jenkinson, born here 64 or 65 years ago, will be gladly received by Mr. Jones.

**Strm. Gov. Dingley Arrives.**  
The Eastern liner Governor Dingley arrived in port about 3.30 o'clock yesterday afternoon from Boston, Portland, Lubec and Eastport, with a good freight and fair passenger list. The travel coming east is becoming smaller, while the visitors who have been spending vacations in the province are returning to Boston in such large numbers that persons wishing state rooms on the direct boats must make reservations more than a week in advance.

**PERSONAL**

C. H. Lee, manager of the Bank of Nova Scotia, North End branch, who has been confined to the house for several days with quinsy, is improving and expects to return to the bank in a few days.

Rev. J. A. MacKellan arrived home from Montreal at noon yesterday and left for Glouce Bay last night.

Rev. F. Connolly, C.S.S.R. of Montreal, is paying a brief visit at St. Peter's rectory. He was formerly on the staff there.

John S. O'Brien, of Chicago, is visiting his brother, James O'Brien, Beaconsfield avenue.

Miss Violet Knapp, Sackville, is visiting her cousin, Miss Grace Estey.

George A. Ingram, a former resident of his visiting his mother at 66 Queen street. He will return to Montreal on Sunday.

Fred and Frank Saunders, of Cambridge, Mass., are visiting their aunt, Mrs. E. S. Russell, in Dorchester street.

Mrs. Robert Strain and son, of Woodstock, have returned home after visiting her sister, Mrs. Alexander Corbet.

Miss L. M. Tracey, of Adelaide street, is spending her vacation at Chipman, Minto and Newcastle.

Mr. and Mrs. A. H. Baillie and family, of Toronto, and Mrs. W. L. Bartlett, of North Reading, Mass., are visiting Mr. and Mrs. Charles-Baillie, Germain street.

Mr. and Mrs. W. Stewart, of Boston, are visiting Mrs. Stewart's sister, Mrs. Robert Tennant, 294 Brussels street.

**COMMISSIONER WILL GO AFTER "SPEED FIENDS" YESTERDAY**

**Head of Safety Department Asks for Extra Men to Enforce Traffic Bye-laws.**

The meeting of the Common Council was held at noon yesterday in order to allow the commissioner to attend the special meeting of the Municipal Council in the afternoon. Commissioner Hayes reported that 81 per cent. of the total tax levy had been paid in an amount 80 per cent. last year. The recommendation of the committee of the whole that the daylight saving by-law be amended to read the first Sunday in September instead of the last was adopted and the by-law so amended. A bill of \$892.75 for repairs to West Side wharves was ordered paid.

On the recommendation of the commissioner of public works the N. B. Telephone Co. were granted permission to erect an electric sign on their building on Prince Wm. street on the usual terms. The application of O. C. Ward to be appointed a constable was refused. A petition from the residents of Union street that a refund of the amount paid by them to the city for paving done under the old Common Council was referred to the commissioner of public works and the recorder. The petition claimed that they had no more right to pay for paving the streets than the residents of any other portion of the city. An application from a resident of the Marsh Road that the name of the street be changed was referred to the commissioner of public works. A communication from the Granite Street Paving and Construction Company complaining that they had not been asked to tender for granite paving blocks was filed. The commissioner of public works explained that he understood that notifying A. R. C. Clark & Son was equivalent to notifying the complainants and this had been done.

Commissioner McLellan asked authority to engage some extra plain clothes men at a cost not to exceed \$200 to assist him in his efforts to have the traffic laws observed. He announced that he intended to have every automobilist who exceeded the speed limit arrested and to hold the cars until the fines were paid. He also expressed the opinion that every person driving a car while intoxicated should lose their license and be deprived from ever getting one again. The council was of the opinion that licenses to operate motor vehicles should only be issued after an examination.

Commissioner McLellan proposed the following additions to the traffic law:

1. To compel motor cars to stop while the passengers are getting on and off street cars.
2. To prohibit the use of the cut out on automobiles.
3. To have pedestrians go to the left, following the direction of teams, so as to lessen the risk in travel.
4. To prohibit leaving horses standing unattended for any length of time.

The commissioner of finance and public affairs submitted the following figures:

Total assessment for 1916 .. \$285,000  
Total assessment for 1915 .. 750,000

Increase .. \$55,000  
Cash collected at the end of the discount period, 1916 .. \$677,000  
Cash collected at the end of the discount period, 1915 .. 601,400

Increase .. \$75,600

**CAPT. J. A. LEGER TO WED THIS MORNING**

**Returned Officer of "The 26th" to Lead Miss Margaret Kennedy to Marriage Altar.**

A very interesting ceremony will take place at the Cathedral this morning at six o'clock, when Miss Margaret Kennedy, daughter of Mr. and Mrs. Nicholas Kennedy, will be united in marriage to Capt. J. A. Leger, of the 15th Battalion.

The groom was one of the original members of the "fighting 26th" who made good with that unit and was brought back from the front last winter to help recruit the 15th French-Canadian Battalion.

The bride will be married in a travelling suit of blue with white hat and will carry a bridal bouquet of roses. The young couple will be unattended, and after the ceremony a wedding breakfast will be served at the home of the bride's parents, Richmond street. The popularity of the young couple is amply testified to by the numerous and beautiful gifts received. The good wishes of all their friends will follow them as they leave on the early morning train for a trip to Upper Canadian cities.

**Resignation Not Accepted.**  
It was decided at the monthly meeting of the corporation of St. Mary's church that the resignation of Ven. Arch. W. O. Raymond would not be accepted at present.

**TIMELY ACT SAVED BLAZE AT SOUTH BAY**

**But for Mr. Cullinan's Discovery South Bay Highway Bridge Might have been Destroyed Last Night**

A fire which threatened to destroy the highway bridge at South Bay last evening was put out by the prompt action of L. Cullinan and the small set of a resident of South Bay. Mr. Cullinan was returning to the city on his bicycle after having spent the evening with some friends a little further up the road.

He reached the bridge about eight o'clock and noticed smoke coming over the edge of the structure. He stopped and started to find out where the smoke was coming from. Looking over the side of the bridge he saw a large log in the foundation blazing briskly. He and a lad who came along went to a nearby house and carried down some water and quenched the flames.

No cause could be assigned for the fire starting under the bridge unless some person had taken the trouble to get down there and set a match to the logs. If the fire had not been longer to burn before being noticed there is no doubt the bridge would have been destroyed and possibly some of the buildings near by. The John E. Moore mill is not very far away, and the wind was blowing quite strongly in that direction, and it is quite possible that but for the action of Mr. Cullinan this building might have been burned down.

**PIONEERS HERE ON THEIR WAY TO DIGBY**

**Advance Party of Men of No. 4 Battalion Reached City Last Night—Capt. McNeil in Charge.**

Confirming the intimation made by Clarence Jameson, M.P. for Digby, N. S., in an interview with The Standard, last week, that the 4th Pioneer Battalion would be transferred from St. Andrews to Digby, the advance party numbering twenty men, in command of Captain McNeil arrived in the city last night on the Boston train en route to Digby.

In conversation with a Standard reporter Captain McNeil said that they had received word officially to proceed to Digby. The men comprising the advance party are as fine a body as one could wish to see, and when they take their place side by side with their comrades at the front they will contribute not a little to the lustre already won by the Canadians.

Captain McNeil has been at his home in Edmonton recruiting for the 4th Pioneer Battalion, and has signed up men coming as far as six hundred miles north of Edmonton. Captain McNeil said that every man was a genuine pioneer and if necessary could go to sleep right on the concrete sidewalk.

"I enlisted one hundred and twenty men and sent them to St. Andrews from Edmonton," said the officer, "and every man had on a civilian suit and got one man failed to report to Lieut. Col. Weatherbee at St. Andrews. They came all the way without a single guard of any kind. And let me say, they were through places such as Winnipeg and Montreal, where they have easily wandered from the narrow path."

It is not known just when the main body of the battalion will leave for Digby, but it is probable that as soon as the advance party has completed the necessary arrangements the move will be made.

**Bargains in Dress Materials of Silks and Voiles.**  
F. A. Dykeman & Co. are clearing out this week 12 pieces of wash silks which are 36 inches wide and which come in pretty stripes and floral effect, guaranteed washable. The former prices were up to 60 cents per yard, and they are being cleared out at only 45 cents per yard.

The voiles consist of pretty designs in evening stripes and floral effect, and plain and seed voiles in white and sand color. The voiles will be sold this week for 20 cents per yard. Width from 36 inches to 40 inches.

**MEN'S CLOTHING DEPARTMENT.**

**"LADY TORRINGTON" VACUUM SWEEPER**

You can actually pull the LADY TORRINGTON with a silk thread—it's so light. Sweeping with the Lady Torrington is wonderfully easy, yet, when done, the rugs and carpets are thoroughly clean.

The Lady Torrington costs nothing to run—simply push it. Yet it has suction equal to a \$30 or \$60 electric.

The wheels on which the cleaner runs operate three powerful inside bellows, which suck up every scrap of dirt, while a strong, flexible bristle brush gathers up all surface litter. The nap is left raised and fresh looking—clean and bright.

**CLEANS 12,000 ROOM SIZE RUGS**

The makers had the Lady Torrington vacuum sweeper connected with the machinery at their plant, which pushed and pulled it over 500 miles—equal to cleaning 12,000 9x12 rugs—and still was in fine serviceable condition.

The "Lady Torrington" has a triple reinforced hardwood Case, hand-rubbed and polished a beautiful mahogany. Less than 6 1/2 inches high, weighs but 10 1/2 pounds.
