We don't ask you to encourage home industry,—we ask you to see the quality of goods we manufacture and get our quotations. Goods manufactured by us are considered High-Grade in the leading cities of Canada. Foreign woods imported direct from the south.

MAIL ORDERS

We solicit out of Town orders, which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEPARATE LINES INSURING PROMPT ATTENDANCE.

TOWN ELECTION HELD ON TUESDAY

Small Majority Carries License in Ward Three.—Ward Two Remains Dry.

A SET BACK

The election for two councillors for Ward Two caused by the retirement of Messrs Stewart and Sanson, was held on Tuesday, three candidates offering for the two seats, viz: John Quinn, Harry W. Ferguson and Dr. A. Martin.

Messrs Quinn and Ferguson are new aspirants for civic honours, while Dr. Martin contested the ward unsuccessfully last year in a bye-election against councillor Sanson.

The polling was quiet at no time would there be a rush of voters which was expected owing to the vote on local option being taken at the same time.

The result of the poll was declared as follows.

| | |
|-------------------|-----|
| John Quinn | 172 |
| Harry W. Ferguson | 110 |
| Dr. Martin | 84 |

At the same time as this election was held a vote of the people was taken in Wards Two and Three, as to whether they shall or shall not be liquor licenses granted in these said wards.

In Ward Two the local option clause was sustained the figures being

| | |
|-----------------|-----|
| For license | 102 |
| Against license | 138 |

Majority against 36.

In the Ward Three the local option clause was upset the figures being

| | |
|-------------|-----|
| For license | 186 |
| Against | 110 |

Majority for 76.

Many reasons are put forward for the change of policy in Ward Three the turn-over of the vote being very large but time alone will tell whether the reasons adduced will show validity.

It would have been much better had the whole town gone wet or dry as the case may be and some alteration ought to be made in the act as the electors of Ward one have the good of the town at heart just as much as the voters in Wards Two and Three and by this present act are debarred from voting on a question which concerns the good of the whole town.

The act in calling for election in Wards is meant to apply to large cities not to small country towns and a plebiscite on a question such as this ought to embrace every elector in the town.

WARNING TO FALSE ALARM FIENDS

On Sunday evening an alarm of fire was rung in from Box 84 at the I. C. R. Station. The brigade turned out promptly but found on the arrival that they had been once more called out to a false alarm.

As the patience of the fire department is just about exhausted with this class of fun, a few enquiries were made and as a result a young man named John Sullivan, who was acting in a suspicious manner was interrogated.

Being under the influence of liquor he could not give a satisfactory reason as to why he had rung in the alarm and was arrested. At the police court he was fined \$10 and costs.

It is to be hoped this will serve as a warning to others and that this class of amusement (save the mark) will be stamped out.

DALHOUSIE TOWN GOES AGAIN WET

Majority of Fifteen Carries License in The County Seat

COUNCIL ELECTED

The event of the week here was the decision given by the ratepayers of the town of Dalhousie on the liquor question. After a stubborn fight put up by the temperance party, license carried by a majority of 15. The vote stood as follows: for license, 134, against 119. The town has been under local option for two years and in the minds of some, Dalhousie has prospered. The working men are in a better position than when license existed.

There is more happiness in the homes. By others it is claimed that under local option nearly as much liquor is used. That indirectly there is more harm done than if liquor were sold by respectable hotel keepers. These people are in the majority, and in a year hence Dalhousie will return to the old system of three hotels having license. It is to be hoped that license shall be granted only to men who will abide strictly by the law.

While the people voted at the Court House for or against license, there was another election going on, and the poll was held in the town hall. It was the town election there being fifteen aspirants for the position of Alderman. The vote stood as follows: (The first seven being members of the former council and

Mr. Nicholas Theriault, replacing Mr. Lavoie) Daniel McDonald, 165; Nicholas Theriault, 164; Ed. Elsliger, 157; Doctor Doucet, 157; Peter M. Shannon, 154; Alex. Wallace, 150; John Okleaf, 142; John McLeod, 136; W. F. Comeau, 86; H. D. Chisholm, 62; Chip Bateman, 63; James Jamieson, 56; Philipp Robinson, Geo. Winchester, 43; H. Hocquard, 19.

W. S. Montgomery was re-elected Mayor by acclamation.

On Tuesday evening at 9 o'clock before a large attendance of interested people, His Worship Mayor Montgomery, at the store of the Dalhousie Mercantile Co. Ltd., from 4150 tickets selected one to decide who was to get the magnificent Tennyson Piano which the company gave away to the purchasing public during a four months winter sale. The lucky number drawn was 1433 and the winner is Mr. Amedee Audet of Maria, Bonaventure Co., P. Q. This young man who returning home from the woods ill in December, purchased some clothing, etc. at the Co's store and in the regular way received a coupon for each dollar purchase.

A liberal convention is to be held in Perce, Gaspé Co., during early part of June to select a liberal candidate for Dominion honors. It is reported that numerous petitions are being signed throughout the county requesting Hon. Rodolph Lemieux to again accept the candidature.

Capt. Hearn who was in charge of the steamer "Araminow" for several years on the North Shore arrived in Halifax this week. He will now take charge of the steamer Caspacia of the Quebec Steamship Company, serving between Quebec, Montreal and the Maritime Provinces.

Rev. R. H. Stavert of Harcourt who lectured here on Monday evening to a large audience in the temperance hall was the guest of Mr. James B. H. Storer.

Mr. R. H. Montgomery of New Richmond, P. Q. was the guest of Mayor Montgomery on Sunday.

There was a very enjoyable dancing party held recently at the home

DISASTROUS FIRE AT CHARLO MILLS

Mill, Offices and Shingle Sheds of Continental Lumber Co. Destroyed

HEAVY LOSS

Word was received here this morning of a big fire which was raging at the Continental Lumber Co. Mills Charlo.

From the meagre details which could be obtained it was learned that the mills were all right this morning at 5 a. m. when the barn man fed the horses, and at six were in a mass of flames. As it was supposed to start sawing early it is presumed that the fireman may have lit the fires after the barn man left and a spark may have ignited the building, but this is mere conjecture.

This mill property which was taken over the other day by the Richards Manufacturing Co. is valued at \$100,000 and although the lumber pile has not been touched, the mill, offices and shingle sheds are in ashes; and the loss will be very heavy. Coming at a time like this when preparations were being made for the beginning of the summer sawing the loss will be particularly keen.

THE OPENING OF BASEBALL SEASON

A meeting of those interested in the summer game is called for next Wednesday evening 22nd inst. in the curling rink at 8 o'clock when full arrangements will be made for the opening of the baseball season.

It is understood that the Senior League will comprise four clubs who will play games on Mondays and Fridays each week leaving Wednesday free for foreign and tie games. Should the junior league be organized this year they will play on Saturdays.

It is to be hoped that a full attendance will be at the meeting on Wednesday as the officials are desirous of having the various clubs get into practice, so that the season could be officially opened on May 24th, with a foreign game. The league games as in previous years will commence around June 1st. From all reports the various teams in the league will be putting up some good tussles and it is the intention of the management to play more foreign games than in the previous two seasons.

The ball field is looking in good shape and within a few days work will be commenced on the diamond in order to have everything in readiness. Don't forget the meeting next Wednesday.

Mr. Geo. McEwen at Maguasha. About 15 young people drove over from Dalhousie profiting by the last good ice. They speak highly of the hospitality of Mr. and Mrs. McEwen.

Miss Margaret R. Hennessey of the school teaching staff in Campbellton, who has many friends in Dalhousie, will have their deepest sympathy on account of the death of her brother James Francis Hennessey which occurred at his parents home, St. John on Friday last.

Mrs. W. S. Montgomery is visiting Mrs. Richard O'Leary at Richibouctou.

Mr. James Scott who has been transferred from Moncton to the head office of the Royal Bank of Canada, Montreal was here recently the guest of his parents Mr. and Mrs. T. S. Scott.

Mrs. Thos. S. Scott is visiting friends in Chatham.

Miss Stella Troy is spending a few weeks in Bathurst N. B.

Miss Doris Bishop returned to her home in Bathurst on Monday Limited. At the Junction she was joined by her sister Mrs. Bessie Bishop who had been visiting her sister Mrs. Lee in Quebec.

The many friends of Mrs. James Duncan will regret to learn of her serious illness.

Councillor D. A. Arsenault of Balmoral was in town on Tuesday.

LARGE INCREASE IN U. S. SHIPMENTS

Railway Consignments Show Need of Through Communications to U. S.

COMPARISONS

In order to place before our readers an idea of the enormous trade done with the United States, the GRAPHIC interviewed Mr. T. B. Botkin, U. S. Consul who gave the following interesting statement.

The increasing export trade of Restigouche and Gloucester counties with the United States should inspire all our people to greater efforts in the development of our resources, the improvement of our highways and the bridging of the St. John and Restigouche rivers.

In 1912 the exportations from these two New Brunswick counties were valued at half a million dollars above those for 1911. And the number of individual shipments increased 740 over the preceding year.

The shipments (1912) were made as follows:

Gloucester county, 922 car loads and 5 schooner cargoes.

Restigouche county, 1517 car loads and 29 schooner and 16 steamer cargoes.

That is to say, that the shipments invoiced at the American Consulate required 2439 freight cars, 16 steamers and 17 sailing vessels.

1913

Since January 1st and up to April 16 there were 626 invoiced shipments from Restigouche and Gloucester against 250 in the corresponding period last year, a gain of 376. Bathurst alone in this 3 1/2 months has forwarded 248 separate shipments, lacking 2 of being as many as both counties made in the first 3 1/2 months in 1912.

As an overwhelming majority of all three mentioned exportations are sent into New England by long circuitous routes, entailing many vexatious delays in transportation and returns from sales, as well as large sums in demurrage, it seems unnecessary to urge the importance of a bridge at St. Leonard and the linking of the International with the Bangor and Aroostock.

A RESTIGOUCHE BRIDGE

The increasing export of trade of Bonaventure and Gaspé counties and the deplorable conditions of transportation call most loudly upon the Dominion authorities to construct a railway bridge across the Restigouche, between Campbellton and Mission Point, and take over the Quebec and Oriental and make it part of the I. R. C. system, and give it connection also with the Malcoln road. With such a line directly connecting Boston and New York with the beautiful and healthful resorts along the North Shore of Bay Chaleur would assure all this region of a very large tourist business during each recurring summer and autumn, and would largely enhance the value of every acre and lot on the Gaspé coast. There are also hundred other reasons why every effort should at once be made and persisted in to accomplish the purpose indicated, that is, to have the government bridge the Restigouche and take over the Quebec and Oriental.

The Graphic has in stock a printed school report suitable for monthly examination. These reports are used in all up-to-date schools and keep the parents in touch with the school work of their children. Sample sent to any teacher on receipt of a post card.

ESTATE VALUED AT 87,216,681

New York, April 14.—The expert appraisers appointed by the executors under the will of Col. John Jacob Artors to determine the value of the real and personal property in the estate, for the purpose of the transfer tax, have completed their work. Their reports, coupled with the affidavits filed by the executors, show that the total value of the estate will be \$87,216,681.

Persons' Pills For Constipation

Notice of Sale

To Lily Diotte, of the parish of Dalhousie, in the county of Restigouche and province of New Brunswick, wife of Joseph E. Diotte, of the same place, farmer, and to the said Joseph E. Diotte, and to all others whom it doth or may concern.

Notice is hereby given that on Saturday the twenty first day of June A. D. 1913 at the hour of two o'clock in the afternoon, in front of the County Court House, in the town of Dalhousie, in the county of Restigouche and province of New Brunswick, there will be sold at Public Auction under and by virtue of the powers of sale contained in a certain indenture of mortgage bearing date the twenty-eighth day of June, in the year of our Lord one thousand nine hundred and ten, and made between Lily Diotte, of the parish of Dalhousie, in the county of Restigouche and province of New Brunswick, wife of Joseph E. Diotte, of the same place, farmer, and the said Joseph E. Diotte of the first part, and Timothy Robinson of Dalhousie Junction, in the county of Restigouche and province aforesaid, farmer of the second part, which indenture of mortgage is duly registered in the office of the Registrar of Deeds in and for said county of Restigouche, in the book B. of the records of the said county of Restigouche, by the number 12,399 on pages 593, 594, 595 and 596 on the twenty eighth day of June A. D. 1910.

And under and by virtue of the property act.

Certain lands and premises in said indenture of mortgage, mentioned and described as follows:

All and singular that certain lot or parcel of land and premises situate lying and being in the parish of Dalhousie, in the county of Restigouche and bounded and abutted as follows: that is to say, on the West by land in the possession of Peter Mc Gowan on the front or North by the King's Highway on the East by land in the possession of Robert Wright and on the rear or south whiteroad land and known as the Mc Askil lot and containing fifty acres more or less, together with all and singular the buildings and improvements thereon and appurtenances to said land and premises belonging.

Default having been made in the payment of the principal moneys and the interest thereon secured by the said mortgage contrary to the provisions for payment of the same in the said mortgage contained.

Dated at the town of Campbellton aforesaid, this tenth day of March, A. D. 1913.

TIMOTHY ROBINSON

GASPE MAN HERO IN A ROMANCE

Heroine, Now His Wife, an Indian Girl.

Cochrane, Ont., April 7.—A romance of the Northland, compared with which fiction seems to pall in insignificance before its realism, was unfolded here by a marriage celebrated by Rev. J. R. Bythell, incumbent of Holy Trinity Church, at the rectory. It was a ceremony unique in the annals of Canadian church history and a tinge of more than ordinary interest was added to it by the principals, Mr. Charles Stewart Richmond, son of Rev. J. R. Richmond, of Gaspe Bay, Quebec, and Miss Sophia McKenzie, a beautiful Indian girl who is claimed by her relatives to be a descendant of Donald McKenzie, the discoverer of the Mackenzie River.

The story of love and all the circumstances attending it seem like a flight of imagination. It was about 11 years ago that Mr. Richmond then but a lad, attracted by the call of the wild and the lure of the mining life, was one of the first whites to break a trail east of Hurrieanaw, now the scene of a rush of prospectors. Blazing trails through the bush he found on a small unknown island a little Indian girl—deserted by a stepmother, and left alone to face starvation and perhaps death, but for the turn of fate. The child, as she was then, could not tell the tale of her sufferings, but Mr. Richmond later learned that she had been on the island for four days without food and shelter and had subsisted on the wild berries she gathered.

Taking the child back to his little camp he tenderly nursed her back to health and between them there grew a love which without benefit of clergy took its natural course. In the years that rolled away the father and mother found out the child, and claimed her. Well supplied with all the necessities of life, Mr. Richmond's generosity to the natives soon cemented their friendship.

PARALYSED AND COULD NOT WALK

"Fruit-a-lives" Completely Restored New Brunswick Merchant To Health.

BRISTOL, N. B., JULY 25th. 1911. "I am unable to say enough in favor of 'Fruit-a-lives' as it saved my life and restored me to health, when I had given up all hope and when the doctors had failed to do anything more for me. I had a stroke of Paralysis in March, 1910, and this left me unable to walk or help myself, and the Constipation of the bowels was terrible. Nothing did me any good and I was wretched in every way. Finally, I took 'Fruit-a-lives' for the Constipation, and it not only cured me of that trouble but gradually this fruit medicine toned up the nerves and actually cured the paralysis. Under the use of 'Fruit-a-lives', I grew stronger and stronger until all the palsy and weakness left me. I am now well again and attend my store every day and all day."

ALVA PHILLIPS.

"Fruit-a-lives" is the only remedy in the world that is made of fruit juices and tonics. Sec. a box, 6 for \$2.50—trial size, 25c. At dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

through and the father gave his daughter in marriage to him.

The only ceremony attendant on the first union was a solemn promise exacted by the girl's father that as soon as they could get out of the bush to a point of civilization where there was a clergyman, the marriage would be performed in the legal way. In the years which elapsed from the first meeting of the youth and the abandoned child the great ribbon of steel stretched across the continent, and civilization began to make its first inroads into what had been for centuries an almost unknown land.

No minister ever tied the nuptial knot of a more affectionate or devoted couple. In the interval two children were born to them, a boy and girl, and prosperity seemed to bless them. When Mr. Richmond finally found that he could have the marriage performed according to his belief, he held his promise as sacred and with their children the pair set out for this town.

From Keewagama Lake, Quebec, Mr. and Mrs. Richmond started over the trail for Cochrane. No better evidence of their passionate love for their children could be had than their determination to bring them with them. The father took the boy who was but a year old in December and the mother carried the infant child, who was born to them last December. They packed it over an unknown trail which their children's comfort and health their first thought, to the steel at Hurrieanaw. There for the first time the little mother heard the clang of a train, and from Hurrieanaw she enjoyed the first journey that had not to be made on foot or snowshoes.

The family arrived at a local hotel last week. The town sights—buildings, crowds, electric lights, electric bells, and hotel servants—were all new to this slip of a mother. The strangeness of the life amazed her, and during the period that elapsed before the wedding she was highly wrought up and pining to get back to their little cabin in the bush.

The wedding ceremony was a remarkable one. While Rev. Mr. Bythell performed it Miss Taylor, as missionary, who has given some of the best of her life to work among the Indians about the Bay, acted as bridesmaid, holding the infant in her arms, and Mrs. Bythell, as witness held the attention of the boy, so that he would not distract the couple during the prayers. At the conclusion of the marriage, Rev. Mr. Bythell baptized the children and the boy was called George Nolan and the girl Muriel Emma. Mrs. Richmond would easily pass for a white, but she prefers to be known as a squaw, and is proud of her Indian blood.

ENGAGEMENT RING SEIZED IN COURT

Judge Orders Miss Cohan to Surrender Jewels

New York, April 11.—Judge Julius Mayer in the United States District Court ordered Miss Ida Cohen yesterday to hand over the diamond ring and other jewelry given to her by her fiancé, Max Gordon.

The judge was trying to straighten out a bankruptcy matter by getting hold of the tangible assets of Fliss Bros. & Gordon, underwear manufacturers. Gordon had testified before United States Commissioner Gilchrist that just before the bankruptcy petition was filed he thought the business was brisk enough to justify the purchase of the engagement ring and several other bits of jewelry, which came to \$600.

Judge Mayer told Miss Cohen to take off and hand over to the court the ring, the lavalliere that adorned her shapely neck and the bracelet encircling her wrist. She looked tearfully from her lover to the judge as she complied. When she left the court room she told Gordon that she loved him as much as ever.

CITY CIRCULATION AGENT

Of Leading Montreal Daily Endorses GIN PILLS

"I have long years of suffering from Kidney Trouble—two boxes of GIN PILLS—and it's all gone. That has been the experience of Mr. Eugene Quesnel, Chief City Circulation Agent of La Patrie, of Montreal. He describes it feelingly: Montreal, May 3rd, 1912 "I have been suffering from Kidney Trouble for over five long years. I had also Rheumatism in all my bones and muscles, could not sleep nights and on some occasions could hardly walk. I had been treated by some of our best Physicians but without relief and I lost over fifteen pounds. One day I met one of our leading hotelkeepers, who had been cured by your famous GIN PILLS, and he advised me to try them. So I bought two boxes at my druggist's and before I had used one box I felt a big change. Before I finished the second one I was completely cured. I can assure you I can hardly believe it for if I had only known what I know now I would not have spent over One Hundred Dollars for nothing when two boxes of GIN PILLS cured me."

EUGENE QUESNEL.

GIN PILLS are gaining a world-wide reputation, by the way they conquer the most obstinate cases of Rheumatism and all kinds of Kidney Trouble. Sec. a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto. 149

DOCTORS ADVISE OPERATIONS

Saved by Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn.—"For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it that time. I recommend it to both old and young for female troubles."—Mrs. EMILY SUMMERS, Swarthmore, Pa.

Fort William, Ont.—"I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was weak and tired and I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I know other women who have taken it for the same purpose and they join me in praising it."—Mrs. Wm. A. BYRNE, 631 South Vickers Street, Fort Williams, Ontario.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you want special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

You Know Us

We are in business right here where you live. You are an acquaintance, neighbor or a friend of ours. This money-back-if-not-satisfied offer should prove the sincerity of our claims.

When we say we believe we have the best laxative and back up our statement with our unqualified promise to return without question or formality the money paid us for it, if it does not prove entirely satisfactory to you, we believe we are entitled to your confidence.

Our business success and prestige depend upon your confidence in us. We know we must secure and hold your confidence in order to get and keep your patronage. Therefore, we would not dare make this offer if we were not positively certain that we can prove our claims for

Renall Orderlies

Our experience with them and the many reports we have received from those who have used them prove that they are really the most pleasing and satisfactory bowel remedy we know of.

Renall Orderlies taste like candy. They are soothing and easy in action. They don't cause griping, nausea, purging or excessive looseness, as do the usual physio or laxative. Renall Orderlies seem to act as a tonic-strengthening upon the nerves and muscles of the bowels. They promptly

CAUTION: Please bear in mind that Renall Orderlies are not sold by all drug-gists. You can buy Renall Orderlies only at the Renall Stores.

You can buy Renall Orderlies in this community only at our store:

THOS. WRAN

Dalhousie

(Delayed in mails)

Dalhousie, Apr. 10.—Every place is proud of the boys and girls who succeed and do credit to their home training school. The people of Dalhousie have therefore reason to be justly proud of the success of a native of our town, in the person of Robert Haddow, of Toronto, the only son of Mr. George Haddow, ex-M.P. for Restigouche Co., and at present Collector of Customs for the Port of Dalhousie. Young Mr. Haddow attended the Dalhousie public school for many years before he went west. The Toronto Globe of 2nd inst., published a good picture of Mr. Haddow with the following comment:—"Rev. Robert Haddow, senior editor of the Westminster Company's publication, returns today from Winnipeg, bringing home with him the degree of Doctor of Divinity from Manitoba College. Dr. Haddow is a B. A., of the University of Toronto and a B. D. of Knox College. His first pastorate was at Milton, his second at Watford. In 1900 he became assistant editor of The Westminster and The Presbyterian, and is now editor-in-chief. He has given full proof of his calling to religious journalism and commands the confidence of his important constituency and also of his fellow craftsmen on the secular press."

Those from Dalhousie who attended the Ball given in Campbellton on Friday evening by the Bachelors in the Masonic Temple and who were delighted with the affair, were Hon. C. H. and Mrs. LaBilloy, Mr. and Mrs. J. B. H. Storer, Miss Rennie Arsenault, Miss Jennie Stewart, Mr. W. P. Walker.

A very enjoyable party took place at the residence of Mr. Frank Barbicre, on Thursday evening, 3rd inst. Several young people attended from town and were highly pleased with the kindness extended to them by the host and hostess. Dancing was enjoyed till a late hour.

Mr. James Reid and Mrs. James A. Reid of Charlottetown among the many visitors to town on Tuesday.

Mr. Jack LeBlanc and daughter of Carleton were here on Tuesday.

Mr. Helley Mitten of Port-Elgin has accepted a position with the firm of A. & K. Loggie here. Mrs. Mitten and child arrived in Dalhousie on Tuesday evening. Mrs. Mitten's mother will stay with her daughter for some time.

Mr. John G. MacColl, editor of the Campbellton Graphic, was in town on Tuesday, a guest of Hon. C. H. LaBilloy.

Mrs. W. A. Mott and children who recently were the guests of Mr. and Mrs. S. H. Langley, Campbellton, have returned home.

A very enjoyable dancing party was held on Wednesday evening in the old Chaytor's house at Point La Nim. About thirty people attended. Several from town enjoyed the evening. Miss Harquail has returned home after an enjoyable visit to Mrs. D. A. Harquail, Campbellton.

Mr. Mingle, secretary of the Lord's Day Alliance, spoke at a fairly well attended meeting in the temperance hall here on Wednesday evening. He spoke strongly about corporations obliging their men to work on Sundays. He referred to the encouragement given the Sunday problem by the governments particularly in the Province of Quebec.

The last meeting of the old town council was held on Wednesday evening. The council's last act was to authorize Mr. Willis Chipman, Toronto engineer, to accept the lowest tender for the installation of the electric light gas producer plant. It is expected that the whole system when complete about Sept. 1st, next, will cost in the vicinity of \$30,000.

Work is progressing rapidly on the new opera house which is being rapidly erected on William Street, a little below the station by Mr. W. S. Montgomery. When complete it will have a seating capacity for 400 people with provision made to add galleries later. It is for moving pictures.

Mr. George H. Labilloy returned home on Thursday from Quebec very much improved in health.

ESCUMINAC

We regret to record the death of a highly respected citizen in the person of James H. McKay who passed peacefully away at his home here on Thursday evening April 3rd. Deceased had been in failing health for the past three months having just returned from a Sanatorium in New York where he had gone in hopes of regaining his health, he bore his trouble with christian fortitude and was of a kind and lovable disposition. He was a member of the independent order of Forester Court Cabano No. 3599. The late James McKay was well known in Temiscouata Co. where he had done business for the past twelve years. The funeral was held on Saturday afternoon and was very largely attended the service was conducted by Rev. P. LeBell both at the home and at the grave. The late Mr. McKay was the son of Mr. and Mrs. Farvuhar McKay and leaves to mourn his loss, a sorrowing mother and father, two brothers and four sisters. The pall bearers were Messrs Henry Quinn, John Little, Howard Harper, Harry Fair, John Edwards and Samuel Pike.

HARCOURT

Harcourt April 15th.—Rev. R. H. Staver left for Campbellton yesterday. Miss M. Louise Crocker paid a visit to Moncton. Mrs. Douglas Barnes visited Moncton on Saturday. Mr. Hazen R. Wylie paid a visit to Moncton yesterday. Mr. Hugh H. Bailey and his friend Mr. Blair Keith spent Sunday at the formers home here.

Mr. Douglas Barnes spent the week end at his home here

Miss Lizzie Curren is spending a few days in the village. Rev. G. W. Mingle, secretary of the Lord's Day Alliance spent Saturday in the village. Mr. C. S. Hichman is spending a few days in the village. Mr. Andrew Ferguson left for St. John yesterday. Mr. G. L. Keswick visited Moncton yesterday. The Local Accommodation No. 36 was delayed for a couple of hours, Saturday owing to a breaking of one of the driving shafts. The engine was taken off the shunter to take the Local to Moncton. Mr. David Clark left for Centerville, N. S. yesterday with a group of men to take a contract on the new railroad there.

Dalhousie

(Delayed in mails)

Campbellton, N. B., April 18, 1913

THE FLAG INCIDENT

The Moncton Transcript is all worked up. In the issue of April 10th they have a full column editorial on this subject which did not come from the editor's pen as any one can see, for truly "it is the hand of Esau but alas it is the voice of Jacob."

Instead of dealing with the subject the editorial goes into a lengthy diatribe against some fishery officer, which, seeing that the whole thing has been copied en bloc in the Tribune, will mean Mr. M. M. Mowat. Now, we don't want to be always putting the Transcript right, but we desire to bring to their remembrance that they nearly fell over their neck trying to make the people believe that the two flags were on the one pole, and the Moncton Battery FULL of patriotism (perhaps) regarded this as a dastardly outrage on the great and glorious flag. This was last fall. No doubt at that time they were quite correct if they did see two flags on the one pole. Now the Transcript says that the flag poles are of equal height, but that the pole from which is flown the American flag is higher than the other. My, My, what a small thing for heroes. What's it all about anyway? If the Transcript had remembered the old saying: "Fools rush in where angels fear to tread," the whole thing would have blown over and no one had been any the wiser.

The Graphic was taken to task by the Transcript for its statement last week that an apology had been made to the American government. What constitutes an apology may be gathered from the following:

Inquiry of the Ministry by Mr. Marcil No. 19 Orders of the Day No. 45

The facts set forth in the extracts from the Campbellton, N. B., "Graphic", referred to above, are not correct.

The facts are, the flag was lowered, not no indignity in the sense complained of occurred. The Minister of Militia has not made an apology, but he has expressed regret that such an incident should have occurred as the unauthorized lowering of the flag by members of the Field Battery.

Colonel, Deputy Minister Department of Militia and Defence, Ottawa, April 3, 1913:

Let the matter now rest in oblivion.

LOCAL OPTION

The vote on local option has gone against the temperance party in Ward three, while they held their position in Ward two. The vote for license in Ward III was a large turnover from the previous one which carried local option, and many reasons are being put forward to account for this slump. Chief among them is the fact that the people of Ward three are disgusted with the way local option has been handled, claiming that there are FORTY dives in this ward, which are never touched by the police, while the respectable places are continually before the Police Magistrate.

Now we do not know that there are forty places of this kind doing business in Ward three, but granted that there are, is the granting of license going to stop them when they flourish under local option? If it is difficult to make convictions when there is no license, how is it going to be when there is license? Won't it be the easiest thing in the world for the keepers of these holes as they are called, buying all they want, yes, even in the town who is to stop them.

Isn't it the easiest thing in the world for them to have a case of whiskey for their supposed own use, and no officer will ever be able

to secure a conviction on the strength of seeing it being used and being paid for?

Cannot a man treat his guest in his own house any way he chooses and the law can't touch him, even if he had lots of liquor in his establishment, provided he was not suspected of selling it, but there's just the point, if they are not suspected under local option, they will never be charged under license. Taken all over the reason given is a very poor one, but when one apologizes for doing a thing he is ashamed of, any old excuse will do.

NOTHING DOING

For those who are still talking emergency the speech of the Civil Lord of the Admiralty, Mr. George Lambert in the House of Commons when the naval budget was under view would be worth reading. In the course of his speech he said:

"He would not believe that our country would be in any way alarmed when they knew that we had two free fighting Britons to one conscript German."

A few days ago, while discussing British progress in the matter of army aeroplanes, Mr. Winston Churchill expressed the hope that Great Britain would hear "no more silly panic talk." As Mr. Lambert pointed out, 1912 was to have been a year of peril; also 1913. Now the alarmists are talking about 1916, and some about 1920. Mr. Churchill has demonstrated thoroughly that Great Britain's margin of naval superiority is secure. Not only has Britain a safe lead in ships, but she has, as the Civil Lord so well puts it, two free Britons in her navy for every conscript German at the disposal of her chief rival.

Then, there is the matter of money. While Mr. Borden is proposing to send \$55,000,000 to the Admiralty—having first to borrow the money in London—Mr. Lambert is telling the House of Commons that at the present time Great Britain is paying off £1,311,000 a year of the national debt, besides paying all of its increased naval expenditure out of income.

These are facts which the electors of Canada should ponder well. They are worth a deal of Conservative and Nationalist oratory.

IMPORTANT BILL

An important item of business in the Dominion Parliament last week was the passage of a bill by which Canada signifies her concurrence in the Anglo-Japanese treaty of 1913. This treaty takes the place of the treaty of 1894 between Japan and Great Britain. A clause in the bill provides that the treaty shall not affect Canadian immigration laws. An amendment moved by Mr. Oliver providing also that the treaty should not affect any future amendment in the immigration act or any provincial legislation with regard thereto was defeated.

IMPROPER MARRIAGES

The Ontario legislature adopted measures last week to correct some lagrant evils connected with improper marriages. Henceforth when neither of the parties has been resident for 15 days in a locality they must publish notice of marriage for three weeks preceding application for license. This is to prevent couples skipping across from the U.S. and being hastily married in the border towns. A heavy fine will be imposed upon clergymen marrying persons while intoxicated.

Holding that the railroad which runs through their counties did not meet the needs of the population, a deputation of merchants and lumbermen from Bonaventure and Gaspé waited upon the Rt. Hon. R. L. Borden, the Hon. Frank Cochrane and the Hon. L. P. Pelletier recently, and returned thoroughly satisfied with the reception accorded them by the ministers. The claim of the deputation was that the railroad should be joined to the Inter-colonial Railway. The Minister of Railway and Canals said he was convinced that something should be done to make the railroad of more use to the sixty thousand population of these two counties, and that the question would be considered when the government came to mature their policy. — Chatham Commercial

LATE JOHN ADAMS AN APPRICIATION

The late Mr. John Adams whose death was recorded in the last number of the Graphic passed peacefully away on the 26th, March last after a prolonged illness of 6 1/2 years though he was only confined to his bed for a week, having been seized by Lagrippe followed by pneumonia.

He was the third son of the late Robert Adams and Jane Reid, members of that respectable band of early Scottish settlers—Duncans, Fergusons, Adams, Gerrards and others who did so much to establish good citizenship in this country.

Mr. Adams almost completed his 77th year when he died. He is survived by his wife and one daughter Minnie, also two brothers, James of Tide Head and Charles at home.

The funeral service was conducted on Friday afternoon, 28th March by Rev. T. P. Drum assisted by Rev. C. A. Hardy of Tide Head, and although the day was very disagreeable a large number was present.

Mr. Adams was a man of strictest integrity possessing a high sense of honour, and fearless in expressing his views of what he considered right. He was always a true and faithful friend.

THE BIG FUN SHOW COMING

The "Joshua Simpkins" company, carrying their own special scenery, will produce the great pastoral opera house Wednesday April 30th. The piece deals with country life and people, three acts of the play being laid in one of the many quaint villages of Vermont. The second act (in three scenes) portrays Uncle Josh's first visit to Washington city. In the third act a sensational sawmill effect is shown, being nothing more or less than a complete sawmill in full operation, cutting up genuine timber. The saw is a genuine buzz or circular saw, and cuts up real timber at lightning speed. During the performance several high class specialties are introduced. Prices 25, 35, 50 cents.

"You'll Like the Swing" Of Our \$20.00 Suit. At this price you may reasonably expect fine clothes. The fabrics are the most attractive we've ever shown, and the tailoring is of the highest standard, inside and out. Styled with smart lapels, fine shoulders, and cleverly draped shoulders. The dressy young man will appreciate the fine lines and will also appreciate the fact that the price is only \$20.00. Clothes Comfort at \$10.00 or \$22.50. ANDREW'S CLOTHING STORE SUCCESSOR TO D. J. BRUCE. PHONE 195.

FOR NEWCASTLE Frederickton, Apr. 14.—Mr. Ernest Howes, formerly proprietor of the Park Hotel, St. John, who has been residing here for some time, leaves tomorrow for Newcastle, where he will become the manager of the Miramichi Hotel.

A WARNING A Summerside paper says: A lady living not many miles from Summerside had the misfortune to slip this week and in falling bite the end of her tongue. She will probably not be able to use it for sometime, which is most unfortunate for a woman at this season of the year.

Ladies of Culture and Refinement Use Salvia Hair Tonic. It Makes the Hair Beautiful.

At last a remedy has been discovered that will positively destroy the Pest Drandruff. That Drandruff is caused by germs is accepted by every sensible person. Drandruff is the root of all hair evils. SALVIA will kill the drandruff germs and remove drandruff in ten days, or money back. The manufacturer guarantees it. It will grow hair, stop itching scalp, falling hair, and make the hair thick and abundant. It prevents hair from turning gray, and adds life and lustre. SALVIA is a hair dressing that has become the favorite with women of taste and culture, who know the social value of beautiful hair. A large, generous bottle costs only 50c. at leading druggists everywhere. The word "SALVIA" is on every bottle. For sale by the White Drug Co.

SOLE FARM Malcolm McKinnon of Richibucto has sold his fine farm to Joseph F. Doherty, of Cacumac, Bonaventure county, Quebec. This property, which is just on the outskirts of the town, was once the property of the late Doctor MacLaren, of St. John. It is one of the finest farms in the county. Mr. McKinnon and family will leave the latter part of this month for the Canadian West and Mr. Doherty will take charge immediately.

White's Drug Store is the only place in the city where you can buy the Great French Tonic and Blood Purifier VIGOROL

Get a Bottle To-day and To-morrow You'll Be Better.

VIGOROL is a French Tonic composed of harmless ingredients, compounded by chemists. It is very rarely you can get a medicine that will do its work as quickly as VIGOROL. You will at once feel its stimulating effects. Rheumatism can and will driven away if you take VIGOROL. It makes you feel like a new person in a few days. Are you not feeling yourself? Have you that tired lazy feeling? Do you feel dizzy? If so, there is something wrong. Drive it away by taking VIGOROL. You will eat and feel better in a few days. If you don't, Mr. White will refund you your dollar. VIGOROL will cure all kidney, liver and stomach trouble, biliousness and indigestion, and tones up the entire system.

LETTERS TO THE EDITOR

Continued from page six

Marcell, which, if my memory serves me rightly, stipulates, that if a certain amount is not expended on the road, the government takes possession of it. If the government enforces that act, the B. C. R. as a natural sequence will likely be "the first branch line taken over," and delegations unnecessary, unless where ignorance, real or feigned, is blessed, delegations are on order.

Thanking you for the space given me

I am
Yours
A. BUSHMAN

To the Editor of the GRAPHIC

Dear Sir:

Quite a number of interesting letters, on the liquor question have appeared from time to time, in your valuable paper, and some of the writers certainly deserve credit for the way in which they have expressed their ideas on banishing the evil from our doors.

But while this thought should without doubt be the uppermost in our minds, there is another subject I would like to speak about, though not so important as the former, yet I think quite necessary that it, should receive attention.

Happily Dame Fashion has so arranged it that the style of Ladies' skirts are somewhat shorter than those previously worn so as to keep them coming in contact with the filth and dirt found on the station floors, along the line of our beautiful Baie de Chaleur Railway. I am not a Suffragette at heart but yet I imagine if the Ladies had just one half the authority that the gentlemen have in matters pertaining to government rights, etc., that they could have a clean place in our stations where ladies and children could sit down while waiting for the trains. Although the time of waiting is never very long, for our trains are usually on time, a place where they would not be obliged to inhale the fumes of tobacco smoke, which is not pleasant to all ladies and also to have their clothes soiled by tobacco spits. I do not mean to say that this unsanitary condition is in all our stations, but it does in those where the writer has occasion to be. Why could not the small railway rooms be fitted up as suitable places? Surely those rooms must be intended for that instead of being closed? We do not ask for any luxuries, beyond cleanliness and we do sincerely trust that this request may be granted.

Tobacco may be all right in its place, if anybody can find that place. We do not expect so much respect from men who have passed most of

their lives in lumber camps, as we do from educated and refined men (gentlemen), if I use that word in its proper sense, but the latter are those who seem to pay respect to women, in regard to cleanliness of habit.

I think probably if the station agents would refrain from smoking themselves in the station, in presence of ladies that others would follow their example and be proud to note it.

I trust I have not said too much on this subject. Perhaps gentlemen, have the right to smoke and spit tobacco in public places, such as railway station, etc., if so, I will kindly ask to be pardoned for retreating on their rights.

But once more, I would ask if railway rooms cannot be fitted up for ladies away from the atmosphere of dust, and other places given wholly to those gentlemen, as a den, where they could enjoy their quiet (Siesta) and smoke and spit to their heart content, regardless of comforts, of others. Thanking your Mr. Editor for the space in your paper.

I beg to remain,
Your Truly,
A. M. D.

Western advice state that the steel which is being laid on the Grand Trunk Pacific Railway from Tofield to Calgary, a distance of about 200 miles, has today reached the Bow River on the outskirts of latter city. Previously the steel gang and outfit cars had been stationed at Hubalta, some six miles east of Calgary, but will now be taken back to Irricana where a gravel pit will be opened and ballast laid along the tracks as far as the river. The Dominion Bridge and Steel Co. will at once commence to erect the large steel bridge over the Bow which will, it is expected, take about four or five weeks to complete. The G. T. P. survey staff under Mr. L. J. Devereaux, resident engineer of Tofield are now surveying between the river and the city. A temporary station will be erected immediately and other terminal facilities will follow as soon as possible in about three week's time, work will be started on the Rigger-Calgary branch line, thus opening up a vast area of farming country. There is already some 40 miles of steel laid on this line last summer. This portion will, it is understood, be ballasted immediately so as to allow passenger and freight trains to run as far as fort Saskatchewan and the whole work will be rushed as fast as possible.

London, April 17.—A Constantinople despatch to The Times today says that the council of ministers has decided, while refusing to pay indemnity to the allies, to agree to pay for the maintenance of the prisoners of war on general scale.

To William Horan of the Parish of Addington (now the Parish of Eldon) in the County of Restigouche and Province of New Brunswick, Farmer, and all others whom it may in anywise concern:

Notice is hereby given that under and by virtue of a power of sale contained in certain Indenture of Mortgage bearing date the twenty-seventh day of December, in the year of our Lord one thousand eight hundred and ninety-two, between William Horan of the Parish of Addington (now the Parish of Eldon) in the County of Restigouche and Province of New Brunswick, Farmer, of the one part, and John P. Mowat of the Town of Campbellton in the County and Province aforesaid, Merchant, of the second part, and received and registered in the office of the Registrar of Deeds in and for the County of Restigouche as number 4467, on pages 325, 326, and 327 in book "11" of the records of the said County, there will be for the purpose of satisfying the covenant respecting payment of the principle and interest secured by the said Mortgage, to be sold at public auction in front of the Post Office in the Town of Campbellton in the County of Restigouche aforesaid, on Thursday the tenth day of July, A. D., 1913, at two o'clock in the afternoon, the lands and premises bounded and described in the said Indenture of Mortgage as follows:—

"Beginning at a cedar stake standing on the Southern bank or shore of Restigouche River at the northwest angle of lot number thirty applied for by Richard Mann above Brandy Brook; thence running by the magnet south twenty-two degrees and twenty-five minutes west fifty-two chains and fifty links; thence north sixty-seven degrees and thirty-five minutes west, nineteen chains and fifty links; thence north twenty-two degrees and twenty-five minutes east fifty chains, to a fir tree standing on the southern bank or shore of Restigouche River aforesaid, and thence along the same following the several courses thereof in an easterly direction to the place of beginning, containing one hundred acres more or less and distinguished as lot number thirty-one on southern side of Restigouche River above Brandy Brook," together with all and singular the houses, buildings and improvements, rights, privileges and appurtenances to the same belonging or in anywise appertaining. Terms cash.

Dated the Fourth day of April, A. D., 1913.

W.C.T.U. COLUMN

This department is conducted by the local Union, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

The regular meeting of the W. C. T. U. took place Tuesday April 8th, in the hall of the Presbyterian Church. The subject for the Old-time Memories of the W. C. T. U. in Campbellton. An able and interesting paper by Mrs. W. D. Duncan was read by Mrs. D. J. Bruce. How many know how long it has been since the Union was organized in Campbellton? It was in 1887.

Among other business, a resolution was unanimously passed that the members of the union would refuse to do business with any merchant who should vote for license, or work in the interests of license.

In the course of his lecture in the Presbyterian church on Thursday, April 3rd, Dr. Moore said among other things: if only for the effect on the next generation, men and women should abstain from the use of intoxicating liquor. In proof of this, a census of twenty families was taken in the five eastern provinces. Of the twenty families the heads of ten were total abstainers. The heads of the other ten were drinkers. Not drunkards, but drinkers. Of the first ten, whose parents were total abstainers, there were 61 children. 89% of these were above normal in every way, physically, mentally, spiritually. Among them were many men prominent in the professions, in business and in public life.

Not one of the children or grand-children had ever been in jail.

Of the other ten, where one or both parents drank, there were 57 children. 87% of these were below normal. There was not one who held any high or responsible position. 53 per cent of the descendants had been arrested charged with various crimes and 37 per cent were serving various terms in jail. Three had been convicted of murder and two had been hanged. Of the descendants, 29 were convicted prostitutes.

Such a striking and awful contrast is an object lesson which needs no pointing of the moral.

The speaker also gave some interesting figures as to the profits which are supposed to accrue from manufacture of strong drink.

There is a profit, certainly for the manufacturer.

In the leather manufacture, one worker is employed for each \$2,128 of profit, and for every million invested, 469 earners find employment. In the iron trade, there is one worker to every \$3,523 of profit and for every million invested 284 workers find employment. In the liquor trade \$12,680 of profit are made for each earner and a million of dollars gives employment to only 77 workers. There is money made, certainly; but does the manufacturer not get the lion's share and nearly every other share as well?

Why should any other cereal be called "just as good" as Kellogg's CORN FLAKES

Because Kellogg's is known to be the best and most nutritious cereal on the market

Because the sale of Kellogg's Corn Flakes is enormous as trade returns will show

Because another large modern factory, the best and most sanitary in Canada had to be built to take care of our constantly increasing trade

Because the imitator, knowing these facts and having few selling arguments for his own product thinks to create a market for it by comparing it to Kellogg's

But---the flavor and the sustaining qualities of Kellogg's Corn Flakes cannot be counterfeited. Sold in big packages at 10c. Look for the signature.

Uncle Josh's Briar Farm in the distance. The play progresses, abounding in interesting situations, until a climax is reached in the third act, when a human being is helplessly bound to a log to be cut in twain by a mammoth buzz saw and is only saved by the timely arrival of Uncle Josh. "Joshua Simpkins" was written with a view of keeping an audience thoroughly amused, and it fully carries out the author's intention. The plot is not allowed to interfere with the comedy parts to any extent, thus producing a play that is thrillingly interesting and said to contain many laughs. The company carry their own special scenery. Prices 25, 35 and 50c.

CREATES DISTURBANCE

On Sunday a man named Willett who resides at the lower end of town, was arrested charged with creating a disturbance of the peace. Willett is believed to be of unsound mind and will be brought up before the magistrate next week.

PNEUMATICA STOPS YOUR PAIN

It breaks up your cold in one hour. It's marvellous. Applied externally. All druggists.

"BUSY FREDERICTON"

We have received a copy of a book recently issued by the Fredericton Board of Trade which is designed to bring to the notice of outsiders the many advantages which "the Celestial City" offers to capital seeking a location for the establishment of industries. The book which was compiled by Mr. George McDade, the bustling publicity commissioner of Fredericton, is quite a work of art and reflects the greatest credit on all who were concerned in its production. Apart from the very interesting information to be derived from the descriptive letterpress, the illustrations give an excellent idea both of the beauty spots to be found in the city, and also of the variety and magnitude of the industries which find a home there. Its natural advantage, coupled with the improved railway facilities now under way, combine to make Fredericton an ideal place either for the private resident or the manufacturer.

Dr. de Van's Female Pills

A reliable French regulator never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at \$1 a box, or three for \$10. Mailed to any address. The Rose Hill Drug Co., St. Catharines, Ont. For Sale, by White Drug Co.

What Cures Eczema?

Many different remedies have been tried for Eczema and other skin diseases. But it is now known that the only possible cure is a mild, soothing liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients so carefully compounded that each ingredient has its proper effect. This compound is now made up in the D. D. D. Prescription. Years of success and thousands of cures show the merit of this wonderful compound, but the most convincing

proof is a trial of the remedy by any eczema sufferer. D. D. D. will prove to you that you can be cured. The very first drops will give you instant relief. You don't even have to pay the regular price of \$1.00 a bottle, for we have arranged with the Laboratories to offer, for a while, a special large 25c. trial bottle. Get this special bottle today and see how quickly the itch will vanish.—A. McG. McDonald.

LOCAL FARMERS FORM ORGANIZATION

(Held over from last week) A number of local farmers met in Murray's Hall, Monday afternoon for the purpose of reorganizing the Addington Agricultural society.

W. D. Duncan, Esq. was chosen chairman and H. B. Anslow secretary.

Mr. Duncan explained the object of the meeting, and what steps had been taken to reorganize. The bye laws of the former association were also submitted.

The following provisional officers were elected.

President—W. D. Duncan. 1st Vice Pres.—D. A. Stewart M. P. P.

2nd Vice Pres.—Henry McIntyre Sec. Treas.—A. R. Wheeler. Executive Committee—R. L. Hicks, Dalhousie Junction; F. Le-Blanc, Dalhousie Junction; Dennis Crowley, McLeod's; Jas. McLeod, Flatlands; Anthony Boudreau, Glen-levit; Murray Duncan, Thos. J. Mc-Devit, W. H. Miller and John Har-quail, Campbellton.

On motion of Mr. Harquail the bye-laws as submitted were adopted.

The matter of encouraging farmers to locate on Restigouche farms was taken up and the executive committee were instructed to look around and see what farms are vacant and who wants to go on such farms so that buyers and seller could be brought together. The said committee will report at a meeting to be held on Monday, April 21st.

The secretary was instructed to write Jas. Gilchrist, St. John for literature in reference to farm settlement work.

Considerable discussion took place in reference to the needs of a grist mill in this county and a committee composed of D. A. Stewart, Henry McIntyre, Thos. St. Onge and A. R. Wheeler were appointed to look into this matter and report at an early date. The meeting then adjourned.

REGULAR MEETING BOARD OF HEALTH

A regular meeting of the Board of Health was held on Wednesday, all the members attending. After routine business had been transacted the matter of a regular spring cleaning of the town was gone into and arrangements made to have a thorough clean up.

The Health Inspector was instructed to look into the matter of pig keeping in the town and report at a meeting which will be held shortly. From the feeling of the members of the board it is probable that steps will be taken to prevent pigs being kept within town limits.

DEVASTATION IN OHIO STATE

(from an eye witness) Mr. Kenneth Wingate of Cawtabo Ohio, writing to Judge Botkin, U.S. Consul of this town, speaks of the terrible conditions now obtaining in the districts recently visited by overwhelming calamity. He says, "The conditions in Columbus are indescribable. Only one bridge out of dozens remains standing." Columbus is partly astride the Iceloto River. "Streets have been swept clean of houses for blocks. Railway fills are no more, over a hundred lives lost and everywhere on the west side that terrible slime from six to fifteen inches deep."

"Dayton is the worst, but as it is under martial law, and everyone poking his nose within the city limits is put to work, I can give no first hand evidence of its plight."

"The railway companies say it will be at least six months before they can resume the usual schedule of fast time."

Why He Was Late "What made you so late?" "I met Smithson." "Well, that is no reason why you should be an hour late getting home to supper." "I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."

"Did you tell him to take Chamberlain's Tablets?" "Sure, that is what he needs." Sold by all dealers.

STILL GOING UP

Thomas Malcolm, general manager of the International Railway running across New Brunswick from Campbellton to the border of Maine, says that villages are springing up round the stations on that line, and farms are being taken up, as the soil is of high quality.

The chief business of the line thus far has been in lumber and supplies for lumber or farms. Last year it handled about 20,000,000 feet of logs and lumber, and Mr. Malcolm anticipates that the quantity will be trebled this year.

THE SHIRT OF A HAPPY MAN.
