UNITED FARMERS AT FLORENCEVILLE

A Joyful and Helpful Picnic
on Dominion Day

The United Farmers held a successful picnic at Florenceville on July 1. Although the weather was threatening and noon and some light rain fell in the afternoon, a large number of farmers with their wives and families gathered to hear the speakers and partake of the delicious lunch provided by the United Farmers. J. W. Caldwell, president of the organization, presided over the picnic and gave a very interesting and encouraging account of his recent provincial campaign tour in company with the Hon. J. A. Macdonald, secretary of the Canadian Council of Agriculture. C. Gordon Sharp, general secretary, was next introduced and gave a very interesting and instructive address, dealing with the objects and terms of the Co-operative Company. Mr. J. A. Macdonald, who has been actively engaged in furthering the interests of the association since its inception, in fact was one of the original organizing committee. He gave some interesting arguments in favor of the organization. Other speakers, Kenneth Macdonald, president of the local Agricultural Society, endorsed the movement as did Mr. Peabody of Lower Woodstock. Hon. J. A. Macdonald made a happy remark which was well received by those present. Mr. Macdonald was introduced by Mr. Macdonald who very generously donated the use of his attractive grounds free of charge. The speakers from Pembroke were guests of our genial friend, H. H. McCain at a lunch which was all that could be desired. The crowd of about 300 people after an

enjoyable afternoon dispersed to their several homes much encouraged by the success of the movement to date and optimistic as to the future.

United Farmers at Lower Brighton

One of the most unique features of the season was the festival given to the ladies of Lower Brighton by the gentlemen of the United Farmers organization. A large gathering of ladies assembled at the school house where the farmers hold their regular meetings. The session was very interesting as well as instructive and some of the ladies were surprised to see so much ability displayed by their husbands. After the business a few selections from the Victrola made it a pleasant afternoon. Refreshments were announced. The ladies had prepared cakes, tea and sherbets as only the ladies of Lower Brighton can. The gathering broke up at a late hour all agreeing it was one of the nicest events the people of this place had enjoyed for some time.

Sandy Hayward, Married in Scotland

At St. Clements Episcopal church, Aberdeen, Scotland, on June 3, by Rev. William Hays, Alexander Outh's Hayward, G. M. B. was united in marriage to Isabella Burnett, daughter of Corporal J. E. Lawson, Gordon Highlanders (France). The bride was given away by her Uncle, while the groom had a wounded Gordon Highlander for best man and the bride her friend, Miss Mary Martin, for bridesmaid.

The groom is the eldest son of C. E. Hayward of Coldstream and is one of two brothers who have been serving the King since early in the war. The Observer and many friends join in congratulations.

ANOTHER FIRE VISITS CENTREVILLE

Dr. Brown's Fine Residence Destroyed—Nonagenarian Passes Away

Another striking example of the inadequacy of our fire protection in this town was given us on Sunday about 5:30 p.m. an alarm was sounded for a fire on Mill street and in a brief time the beautiful residence and spacious outbuildings of Dr. Brown were reduced to ashes. Luckily the blaze originated in the oil part, thus enabling the many willing hands to save the contents. A pair of valuable horses could not be reached and were destroyed in the ruins of the barn. This is the second fire our town has suffered in three months and should be a grave warning to the many property holders of the town.

A small number of citizens spent the glorious Fourth in Houlton. The weather man, however, seemed to trick them and a pleasant and in the early afternoon turned them to a couple of drizzling showers which necessitated the postponement of the day's program. The showers proved purely local as those who had chosen Presque Isle for their camp had a fine day throughout.

We regret to have to chronicle the passing of William Jones, one of the oldest residents and early pioneers of Lower Knox. The venerable gentleman lived nearly ninety years in the community and leaves a large following of relatives to cherish the memory of a good and useful life.

We are glad to see a Long Swamp getting a good share of water and many anglers are at present enjoying the ancient and bone-racking bump which were won on that portion of our main thoroughfare when corduroy was fashionable.

The disciples of Isaac Walton are getting the fever badly again. The Salmon season is just commencing, though several parties have made a nice catch of trout. Chas. Cliff captured a nice thirteen pound salmon on the North Branch of the Miramichi last Tuesday.

Mrs. Veina Perkins Thistle of Los Angeles, California, gave many of her old school mates and friends a pleasant call this week.

Mrs. J. B. Channing left on Friday for an extended visit at her old home in Westmorland county.

Russell Rayworth, teacher at the Vocational School, St. John, is visiting at the home of Samuel Gallagher.

Miss Mamie Gallagher of the teaching staff of the Model School, Fredericton, is at home for her vacation.

Ether Buttrick of the U. S. military camp at Spassansburg, S. C., was calling on friends here Friday.

Dr. P. W. Cody of Lawrence, Mass., is spending a couple of weeks with relatives in town.

Miss Smith of Fredericton is spending the week at the home of Mrs. F. K. McKenna.

Misses Greta and Vera Walden spent the week with their friend, Miss Eva Alexander.

Robert Tweedie of Woodstock is visiting at the home of Mr. and Mrs. C. R. Cliff.

Kenneth Carlton of St. John spent the week-end at the home of S. W. Burt.

Mrs. Sidney Hagerman spent Thursday with her son Harry Hagerman.

Miss Vada Davis is spending her vacation at her home in Bristol.

Mrs. Stanley Wood, Houlton, is spending a week with friends in town.

INCORPORATION

A special meeting of the ratepayers of the village is called for 8.30 at the Town Hall on Monday evening for the purpose of considering the incorporation of the village into a town. There has hitherto been more or less opposition to this movement, but it seems that most of those who were doubtful of the benefits are now among the most ardent supporters. Plans to be on hand on Monday evening.

Annual Meeting of Fire and Water Corporation

The annual meeting of the ratepayers of Hartland Fire and Water Corporation, postponed from July 1 for want of a quorum to attend, was held in the Town Hall on Monday evening. Dr. Curtis, retiring commissioner, was re-elected. The resignation of T. G. Simms was accepted, providing he will hold office until a successor can be secured. He was compelled by ill-health to give up the care and responsibility of an office which he has filled most painstakingly for several years. W. D. Keith, the auditor, acted as secretary for the meeting.

The village assessment was increased \$700 over last year and this will be used for purpose of extending the water service, principally in the south end of the town.

A motion to apply to the legislature for an act to extend the bounds of the corporation was carried. This proposed extension will take in all the village north of and including the north side of Hillcrest avenue, by continuing the eastern boundary northward to the Beauséjour.

The village finances were found in a healthy state. It might be said that Hartland's waterworks system was laid in 1894 and was one of the first gravitation systems of the province. The supply of water comes from springs on the hill and from natural artesian springs on the river shore, water from which is pumped by a first class equipment into the mains, when needed. The normal pressure in the mains is about 45 pounds, which is found sufficient for ordinary purposes and for most fires that have occurred. The pressure can be increased to nearly 60 pounds in emergency by shutting off the reservoir and using the force of the pump.

A Dominion analyst has declared Hartland water to be entirely free of any germs likely to cause disease and during a test of 24 years no case of illness has ever been traced to the use of Hartland water. What town in the province can make a similar claim?

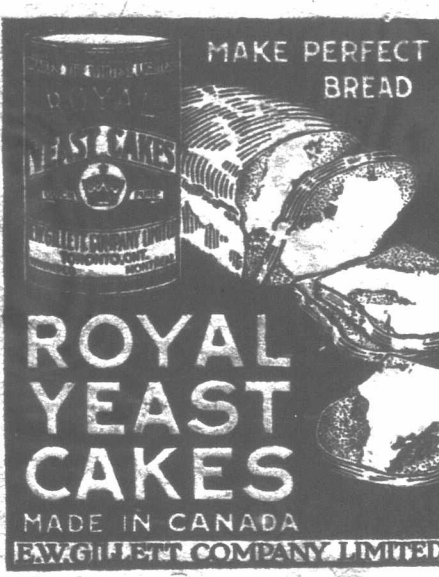

George Phillips Killed by Dynamite Explosion

The county was shocked on Thursday to hear of the tragic death of George Phillips, a well known farmer of Newburgh. As superior of roads he had a crew of men engaged at annual road-work. He had himself prepared a charge of dynamite for the purpose of removing a sunken rock in the highway. Those who witnessed the terrible accident could not say if the shot hung fire or if the explosion was premature. At any rate the unfortunate man received the full force of the charge and was literally blown to pieces. Death was instantaneous. An inquest was held at Woodstock on Saturday and the jury reported that in the light of the evidence before them

WHEN USING WILSON'S FLY PADS

the deceased met accidental death. They also recommended that where dynamite is used in blasting on the highway a man should be stationed with a red flag a safe distance either side of the danger spot to warn those on the highway.

Mr. Phillips left a wife and eight children. The funeral, on Sunday, was very largely attended.

An Election Soon?

The Press may or may not be in the confidence of the local government when it says:

There is a rumor abroad that the by-election will be held in September. The United Farmers of Carleton county will meet in Woodstock on July 10th to consider the advisability of placing a candidate in the field. He will be an independent in politics, a farmer by occupation, and pledged to look solely after the interests of the farmers. It is said the government convention will have to decide between Robert L. Simms and A. D. McCain as its candidate, while the opposition convention will doubtless select E. C. Morgan of Hartland.

Grand Falls Happenings

Mrs. Wm. Pirie and Mrs. J. L. White returned from Moncton Thursday, where they went as delegates to the W.M.S. convention which met in that town. They enjoyed their trip very much.

Mr. and Mrs. George Clark of Limestone were guests of their daughter, Mrs. F. W. Pirie over Sunday.

Mrs. Albert Murphy visited Mrs. J. J. Evans a few days last week.

Miss Maggie Ginn who has been nursing Mrs. T. Wilson, went to St. Leonards Sunday.

Mrs. J. M. Miller of Boston is spending a month with her mother, Mrs. Wilson.

W. F. Jones and Mrs. Jones of Woodstock were in town Friday and Saturday.

Premier Foster and party were in town Thursday.

Mrs. L. Stevens of Fort Fairfield spent Sunday with Mrs. West and Mrs. Whelpley.

Quite a number went on a fishing trip on the Miramichi Saturday going by the G.T.R. Among those who went were Mr. and Mrs. G. M. Taylor, Mr. and Mrs. F. L. Dixon, O. Day, Mrs. Day, H. Price, Mrs. Price, Mrs. W. Price, Claude Price, Mrs. G. Warnock and Mrs. F. W. Warnock.

We are sorry to lose Miss Mary Burgess from the teaching staff here. Miss Burgess resigned her school on account of ill-health.

C. C. White and family went to Carleton county this week.

Arthur White was home a few days last week.

Pte. Wendell Carruthers who has been overseas some time, and wounded, arrived home Friday.

Congratulations to Mr. and Mrs. F. W. Pirie on the arrival on Monday evening of a hearty young son and heir at their home. Miss Purvis is the nurse in charge.

The moving picture show is only open after this on Friday and Saturday nights.

Mr. and Mrs. Harry Price spent Sunday with friends in Priceburgh.

Mrs. J. Stewart and Miss Agnes Stewart visited relatives in Blue Bell last week.

Miss Ethel Mockler went to Houlton last week.

The Sacrament of the Lord's supper was observed in the First Presbyterian church Sunday evening. At the morning service children of S. Merritt, C. Glenn, G. Bradley, G. Wilson and F. Olmstead were baptized. Mr. and Mrs. J. Hennigar and Miss Gladys Hennigar were received into the fellowship of the Presbyterian church.

Allan McLaughlin, liquor in-

spector here, has been complimented by Rev. W. D. Wilson, chief inspector, on the effective work while away last week to Dochester, Sackville and other places, as he made five seizures during his trip. Mr. McLaughlin speaks highly of the good prohibition had done in the cities and towns which he visited, especially at Chatam, New Castle, Campbellton and other places on the I.N.R. helping Inspector Mann.

Mr. and Mrs. Hennigar and family enjoyed a trip by auto to Plaster Rock and Andover Friday and Saturday.

Miss Gladys Warnock was in Andover last week.

J. J. Evans spent Sunday at his home here.

Aaron Lawson of Edmundston is in town this week on business.

Mrs. E. Wiley and children have gone to St. Andrews for a few weeks.

Mrs. F. J. McCluskey was in St. Leonards Monday and Tuesday on business.

Miss Marion White is visiting in St. Stephen.

Mrs. Frank McCluskey was in Woodstock last week.

The Roads are Good

On Friday, by the kindness of D. A. Campbell, superintendent of bridges, the editor enjoyed a motor ride over 45 miles of Carleton county roads, which fortunately could not have been the roads that those who make reports to the Press and Standard have been over. Of the whole stretch traversed every mile was in perfect condition, except here and there where repairs were going on. Hartland to Florenceville the road is smooth. From Florenceville to Centreville the road is in an ugly mood when she designed the lay-out of land. It is one of the most difficult places in which to make a highway. It has always been bad. Now, however, a large crew of men from the public works department is encamped on the spot and are making a big improvement. The road will never be ideal; natural conditions make it impossible; but when the work now going on is completed it will be a great deal better than it has ever been.

The road from Centreville to Boundary has been thoroughly revamped, so to speak. It has always been difficult, but the work of permanent character has but it in fine shape, wide, smooth, with hills cut down, ledges cut away and the sides skirted and properly ditched. Whoever keeps the Williamstown road in such good shape deserves a medal.

The Houlton Times, which is not interested in provincial politics says: The road to Woodstock never was better, the Canadian authorities having built and are now building a number of stretches which have always been bad. Many of the hills have been fixed, eliminating many of the worst places, and the New Brunswick people as well as those of Houlton will appreciate this work which is still unfinished. The only thing for the making of a good road to Woodstock, is for the town of Houlton to get busy and fix the road from the top of Drake's hill to the Boundary line.

Miss Nellie Nixon of Hartland has been visiting Ruth Smith.

P. R. Semple, Stan Carle and A. D. Jones went to Juniper on a fishing trip.

Vacation has begun and the three teachers have gone to their homes. As there was no proper place to have the closing exercises of the Florenceville Consolidated School no program was arranged for Mrs. St. George Gray spoke a few words to the pupils in their different rooms on food conservation, read them a pledge of the clean plate and asked all who would sign this pledge and keep it to rise. It is very gratifying to notice that every pupil signed this pledge, also that all of them seemed to fully understand what they were doing and why it was necessary. Rev. M. H. Manuel gave a very nice address to the pupils of Grade 8, 9, 10 and 12. He told them that education was necessary, so that they might be better citizens, not merely that they should be able to earn a living and perhaps gain riches and honors, but that their influence would be far reaching and education would help them to use that influence the right way.

Mr. Manuel at the close of his talk presented Edwin Estey with the bronze medal given by the Governor General for the best standing for the school.

Canon Smithers preached in the Church of England, East Florenceville, on Sunday.

St. Geo. Gray has gone on another trip to Van Buren.

Victoria Spinney, who has been attending school here, has gone home for vacation.

Mrs. Hedley Jewett, Tom McCain, Mrs. S. Geo. Gray and Vivian and Gerald Gray motored to Greenfield to attend Sunday evening service.

The next meeting of the Women's Institute will be held at the home of Mrs. Herb Kilpatrick, of Greenfield, on July 9. The Institute is flourishing, having a membership of 52. Meetings are well attended and more interest taken in them than ever before.

A. D. McCain has gone on a pleasure trip to Fredericton.

Rev. H. R. Boyer filled the pulpit of the Baptist church, East Florenceville, last Sunday.

DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baldwin, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my nerves are strong. I tell all my friends who have any trouble of this kind what Lydia E. Sheep on Every Hill Side in New Brunswick

The New Brunswick Government through the Department of Agriculture has arranged with the Chartered Banks to help the Farmers—where assistance is needed—to buy Sheep.

The Department will not only arrange to buy Sheep FOR the Farmers, but will also buy good breeders FROM the Farmers—in other words, this branch of the Agricultural Department WILL SUPERVISE ALL PURCHASES AND SALES OF SHEEP.

IF A FARMER NEEDS CREDIT TO BUY SHEEP he should consult his local banker who has the necessary forms.

If you cannot buy sheep in your locality, inform the nearest banker who will notify the Agricultural Department, or, better still, notify the Department yourself and say how many Sheep you want.

KEEP YOUR EWE LAMBS

Every Fwe Lamk, Weighing 80 pounds and over and of reasonable quality, should be retained by farmers for breeding purposes. Sell the males and the inferior females for butcher purposes. If you have more ewe lambs than required, induce your neighbor to purchase.

THE VALUE OF WOOL

Unwashed wool of the best quality brought 80 cents a poked this spring, or about \$5.00 a fleece.

SIXTY MILLION SHEEP

Have been lost in Europe since the war started. Wool in enormous quantities is now required to clothe the soldiers, it will take an immense quantity to reclothe the returned men in civilian dress. Prices will likely be high for ten years.

New Brunswick has the pasture, hay, roots and a climate suited to sheep. Every farmers should consider investing in a small flock as a foundation. The first year will give approximately \$4.00 worth of wool der sheep, the sheep will cost about \$15.00. Is it not a good business proposition?

If you cannot purchase locally, place your order with your banker. Orders will be filled, if possible, in the order filed at this office through the banks.

County Council Report

(Continued from July 20th)

Coun. Anderson—The present time is not ripe for the purchase of a poor farm.

Coun. Carvell—While in favor of taking care of the poor, I don't like the resolution. It is to buy a poor farm and that means all that goes with it. This matter should be laid over for more consideration.

Coun. Moxon—Some members of the board always want to lay things over.

Coun. Melville—The argument that we can do this now much cheaper, I can't see. We will do well to get off with \$15,000 or 20,000 instead of \$7,000 he stated.

Coun. Perry (Kent)—We should have a large farm with lots of wood and not an elaborate building. This is important to our parish. \$7,4000 was used last year for support of poor. We can save dollars and provide for the poor better with a farm.

I can say to Coun. Lamont that the parish of Aberdeen would only be called upon to pay its proportion of interest on the bonds.

Extraordinary Success which "Fruit-a-tives" Has Achieved

One reason why "Fruit-a-tives" is so extraordinarily successful in giving relief to those suffering with Constipation, Torpid Liver, Indigestion, Chronic Headaches, Neuritis, Kidney and Bladder Troubles, Rheumatism, Pain in the Back, Eczema and other Skin Affections, is because it is the only medicine in the world made from fruit juices.

It is composed of the medicinal principles found in apples, oranges, figs and prunes, together with the nerve tonics and antiseptics of proven repute.

Coun. Tracy—A vote was carried some time ago that this matter be laid over till after the war.

Coun. Phillips—Moved an amendment that a committee of five be appointed to investigate and find out what a farm can be bought for and report at January session.

Coun. Gallagher withdrew his motion.

Committee appointed—Couns. Perry (Kent), Keith, Phillips, Robt. Bell, Clark.

Coun. Esley moved that the word three be changed to five for foot passage to the ferry in by-law No. 18 section 10. Seconded.

The warden read the following from the Woman's Suffrage Association:

Secretary Municipal Council, Carleton, N. B.

Dear Sir:—

Enclosed find copy of Resolution last week. Will you please call your Ex. together as quickly as possible to deal with this matter, as the Government may proclaim the new Health Act early this session.

I remain, your truly
Lila M. W. Morris,
Corresponding Secretary.

On motion the communication was received.

The warden read the following:

Resolved:—

That this Woman's Suffrage Association notes with pleasure the reforms set forth in the Public Health Act and urged upon the Provincial Councils the wisdom and justice of appointing at least two women on each of the several Sub. Boards in the four divisions of the Province. The mothers, the girl workers and thousands of other women are deeply interested in the sanitation of our cities, towns and villages. We therefore claim the right to have an equal share with men in administering the several Sub Boards that are to be created in this Province

I am further directed to enclose a form of petition for use in the event of any council desiring to take similar action.

Petitions should be transmitted to Rodolphe Boudreau, Esq., Clerk of the Privy Council, Ottawa, Ontario.

Your obedient servant,
A. L. LUTHERTON
City Clerk

Read over till January session. A balance due the Sect Act Inspectors was ordered paid. Deputy Sheriff M. J. was ordered paid \$300 a day for attending at Court. Adjourned.

Ringworm on Child's Head

Caused Great Distress and Spread to Neck and Ears—Cure Was Speedily Effected When Right Treatment Was Recommended.

There is no disease of the skin more obstinate than ringworm, and the mother who writes this letter does so fully realizing what it will mean to other anxious mothers to know about Dr. Chase's Ointment.

This remarkable cure was brought about two years ago, and as there has been no return of the distressing disease there can be no doubt that the cure is permanent.

Mrs. D. Stebbins, Grand Bend, Ont., writes: "I am going to tell you of my experience with Dr. Chase's Ointment. My little girl had sores come out on her head which looked like ringworms. They were spreading fast, and I tried home treatment, but nothing helped her. I took her to the doctor, and he opened some of the sores, which were as big as the yoke of an egg. The saline he gave me to put on was very severe, and the poor child would cry for an hour or more after an application. For six weeks it continued to spread all over her head, and came down to her neck and ears. She suffered terribly. At last some kind ladies told me about Dr. Chase's Ointment, so I got a box, and the first time I put it on she was relieved of pain, and the second time the swelling was all gone. Before we had finished the first box the sores were nearly all gone. I have told all the people around here about your Ointment, and I cannot praise it too much. It is now two years since my little girl was troubled in this way, and it never came back, so you can see she is completely cured. You are at liberty to use this statement for the benefit of others who may be suffering in a similar manner."

Joseph Brenner, J.P., endorses this statement as follows: "This is to certify that I am personally acquainted with Mrs. D. Stebbins of Grand Bend, Ont., and believe her statement with reference to Dr. Chase's Ointment to be true and correct."

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy — "SPECIAL" — if tires which somewhat resemble it in appearance resembled it in efficiency?

In the report of Hartland school exams published last week Miss Clara Boyer was credited 58.9 when the figures should have read 59.9.

Mr. and Mrs. George A. Davis, their daughter Elinor, and Miss Ruth, motored from Millinocket on Saturday and have been guests of Mrs. G. W. Boyer.

Major G. B. Peat, an Andover physician who enlisted early in the war and saw much service "over there," has been appointed to the Pension Board at Ottawa.

Mrs. Samuel J. Crory, formerly Miss Georgia Churchill of Boston, arrived from Presque Isle Tuesday to visit Mrs. H. H. Hatfield and at the home of W. H. Sipprell at Somerville.

Service will be held in the Methodist church, Hartland, July 14, at 10:30 a.m., when the newly-appointed pastor, Rev. T. Spencer Crisp will preach. A cordial invitation is given to all.

On Friday Mrs. H. H. Hatfield, Mr. and Mrs. O. I. Clark, Miss Grace Brown, Miss Edna Shaw and W. H. Sipprell started in automobile for Beulah Camp but a little below Fredericton were discouraged by bad roads and turned back, arriving here Sunday evening.

Rev. and Mrs. N. Franchette returned on Saturday from a most pleasant auto trip to Prince Edward Island, where at Charlottetown they were the guests of Mr. and Mrs. Percy Graham, formerly of Hartland. They went in company of Mr. and Mrs. W. L. Carr, and found much on the trip to delight them, in spite of rainy weather most of the time.

Like a bolt from the blue came the announcement on Monday that on Friday—tomorrow—Hartland would have about the biggest day it ever had. It is to be a picnic got up by the village people as a whole for the most laudable purpose of raising the funds necessary to making the village green a place of beauty and a joy forever. The public playground movement is one of the foremost good works of city and town people everywhere and Hartland is not going to lag behind. Seldom has there been such an exhibition of wholehearted energy in a good cause as all have united in during the week. If the weather man is kind tomorrow will be a red-letter day.

Mrs. H. J. Aiton has been visiting friends in Limestone.

Miss Hazel Crandemire has been visiting friends in Fort Fairfield.

On Friday evening the Methodist congregation had a pleasant picnic on the grounds of J. T. G. Carr, when the retiring pastor, Rev. G. S. Helps, was the guest of honor. The reverend gentleman, who had endeared himself to his flock during two years incumbency, was presented with a substantial purse of money as a parting gift.

The United Farmers organized a branch of about 50 members at Bloomfield, on Wednesday, amid great enthusiasm. Speeches were made by C. L. Smith of Woodstock and Rennie Tracey of Tracy Mills. Delegates were elected to attend the big gathering at Woodstock on the 10th, when the question of nominating a farmers' candidate for the provincial by-election will come before the meeting.

Centerville suffered a distinct loss on Sunday when the beautiful residence of Dr. Brown was destroyed by fire. That enterprising village has a number of fine business buildings and many handsome residences that should not be exposed to loss by fire without an up-to-date system of protection. Two severe losses within a few months, and other bad fires in the past, should prove a water system needful.

H. H. Hatfield spent the weekend at Baptiste Beach, Que.

Mrs. W. R. Hatfield and son Carleton of Montreal are visiting friends here.

Mr. and Mrs. H. G. Cane of Schenectady, N. Y., are guests of her parents, Mr. and Mrs. Charles Gillin.

RHEUMATISM ARRESTED

Many people suffer with lame muscles and stiffened joints because blood impurities have invaded the system and caused rheumatism.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Try it.

"PIGS IS PIGS"

Editor Observer:

As a reader of your valuable paper and resident of Somerville, I would like to reply to a piece I saw in your last issue entitled "Pigs is Pigs". The writer had the first part of the narrative all right, but the rest of it is very misleading. When the pigs arrived at Hartland the district representative phoned to one of the boys in Somerville to get and take them home and deliver to the boys, giving each boy's name that was to be a pig. The pigs have been delivered and no boy has more than one pig. So the writer is either ignorant of the facts or is trying to stir up strife in this wonderful pig club. He also spoke about the wonderful privilege the Somerville people have of looking over at Hartland. I don't know what it is that is wonderful unless it is some of the backyards. I am sure you won't see any such sights in Somerville. From an eagle and barrel hoops are much of a sight why we ought to be thankful for the privilege of looking over. As to the privilege of going to church and school, well, I think we pay pretty well for what schooling we get there. Show me a school outside of Hartland that charges less than a year's tuition here and I never got much in Hartland I did not pay for. Now, Mr. Editor, I think if you correspondent will come over to Somerville and examine all the documents here he will only find one of the government pigs in each one. Don't know, neither do I care who it was who wrote such a foolish piece as that, but it sounds to me as if it was one of those fellows that used to be stepping around Hartland just prior to 1914 with a couple of stripes on the arm, as brave as lions, going to Sussex preparing to defend their king and country. Just now you would have to go to the woods to find some of them if they thought they were wanted to put on khaki. He also spoke about the great privilege we had in going to Hartland church. Now I don't suppose he has ever been inside of a church for the last ten years at least and I am sure never has paid a cent towards its support, though he might have written a few unkind letters to some of the pastors if things were not going to suit his own selfish ends. So good by, Mr. man, if God has so ordained it that the people of Somerville have the privilege of looking over at the beautiful sights in Hartland it is their God-given privilege and no fault of theirs.

SOMERVILLEITE

(Still another is in hand concerning this question, but now as both sides have had a say the controversy must end so far as The Observer is concerned—Editor.)

SAVE THE CHILDREN

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer. In most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Bath News

A very serious accident took place here on Thursday last when Ralph Foster while walking along the railway track was struck by the engine of the up-going night train and thrown over an embank-

ment and badly cut about face and arm.

News of the sudden death of Mrs. Wellington Park, formerly Miss Kate L. Baker, of Lowell, Mass., was a great shock to her friends here. Mr. Park is the daughter of Mrs. Harriet Barker residing here, and was for several years teacher in one of our schools and also at Knowlesville and Homersville. Her widowed mother, now well advanced in years, and family have the heartfelt sympathy of the community.

E. F. Shaw, itinerant magistrate, John Ryan and W. H. Bellamy, J. P., were visitors at Woodstock on Monday last.

Rev. J. B. Champion of Centreville occupied the pulpit of the Methodist church here on Sunday last in exchange with Rev. F. A. Wightman.

S. M. Tompkins and George Nixon of this place spent several days on the Miramichi on a fishing trip last week.

John McIntosh, who purchased the Eber Kearney house is having a concrete foundation placed under it. The work is in charge of W. N. Dyer of this place.

Pte. Wendell Jones of the Depot Bath, Sussex, spent a few days at his home here this week.

Mrs. Frank Paken, formerly Mrs. Mary Jones of Haverhill, Mass., is spending a few days with her parents, Mr. and Mrs. James Jones. She is accompanied by Miss Taylor of the same place.

HOW IS YOUR APPETITE?

Loss of appetite during the summer months is a common trouble, and indicates that the digestive system is out of order. Lack of a healthy appetite many people—especially women—go too long without food, or eat sparingly because food seems to disgust them, and it is no wonder they complain that they are constantly tired and unable to stand the hot weather. This simple complaint that the digestive system is not doing its proper work, that the nutriment that should come from the food is not being distributed to the various organs of the body. In other
