

FORTY-FOURTH YEAR

BRANTFORD, CANADA, WEDNESDAY, JUNE 25, 1913

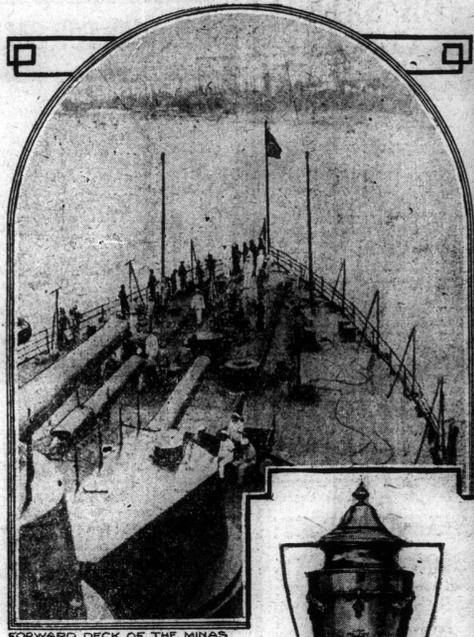

ONE CENT

ARCHBISHOP BRUCHESI FORBID HIM TO SPEAK

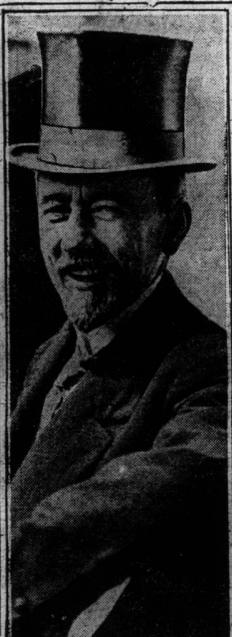

His Grace Could Not Sanction Appearance of French Advocate at a Festival Under Catholic Auspices—Reasons are Given.

[Canadian Press Despatch] MONTREAL, June 25.—After the organizers of the St. Jean Baptiste Association soiree, which concluded the tag day for money to carry on the campaign in favor of the bilingual schools in Ontario, and which was given last evening in Convocation Hall, had secured Gonsalve Desaulniers, K.C., one of the best-known French-Canadian advocates and literateurs in the province, as an attraction, they were compelled late yesterday to ask him to cancel the engagement because of objections raised by Archbishop Bruchesi of the Roman Catholic Church.

although it is stated that His Grace has never questioned any one's right to entertain any religious views he may see fit. The incident created a great deal of talk at the concert, and especially among professional men. Mr. Desaulniers is said to have been a directing spirit in Godfrey Langlier's paper, Le Pais, which paper has been threatened with an ecclesiastical ban by the Archbishop. It is also affirmed that Mr. Desaulniers was at one time a member of the famous Emancipation lodge which was affiliated with the Grand Orient of France, and disbanded some time ago. The statement has also been made that Sir Wilfrid Laurier proffered him a judgeship a couple of years ago, and that pressure from certain quarters caused the then leader of the government to then make the nomination in question.

FORWARD DECK OF THE MINAS GERASES

DR. LAURO MULLER

A splendid reception was accorded in New York to Dr. Lauro Muller, Brazilian Minister of Foreign Affairs, who is in this country as the special ambassador of the South American Republic to repay the visit made to that country in 1906 by Ellhu Root, then Secretary of State. On behalf of the President, Dudley Field Malone, Third Assistant Secretary of State, paid a high tribute to the personal qualities of Dr. Muller, and emphasized the hope of the administration that the envoy's tour of the country will be productive of closer bonds between the two republics.

CUP PRESENTED TO ENVOY BY AMERICAN MANUFACTURERS' EXPORT ASSOCIATION

While in New York Dr. Muller was presented with a large gold loving cup by members of the American Manufacturers' Export Association. During the envoy's stay in New York the battle ship Minas Gerases, greatest of the Brazilian dreadnaught fleet, came into port. The ill-voiced experienced very rough weather during her passage. Mute evidence of her stormy passage was observed in the mangled mass of iron work which hung from her starboard side. The platform to which torpedo netting equipment is affixed had been ripped and torn, but otherwise the immense fighting craft is shipshape.

T. L. WOOD, PRESIDENT LOCAL OPTION COMMITTEE

Officers Finally Picked Out For the Coming Campaign in This City—Executive Charged With the Task of Completing Organization.

The local option meeting held in the Y. M. C. A. last night at which the nominating committee appointed at the meeting one week ago brought in a report, was pronounced to be one of the most enthusiastic and largely attended during the present campaign. The meeting last night was really the first meeting, the supporters say, during the campaign, the other gatherings held being preliminary meetings. Last night about forty were present. The nominating committee brought in a report recommending the following as members of the executive: President—T. L. Wood. First Vice-President—J. F. Schultz. Second Vice-President—P. E. Verity. Third Vice-President—George A. Ward. Recording Secretary—A. E. Day. Treasurer—Fred Mann. Chairmen of committees—Finance, J. H. Ham; Voters' Lists, Joseph Ruddy; Platform, Rev. G. A. Wood-

side; Press, Rev. T. E. Holling. The report was unanimously accepted, and the workers were well-pleased with the appointments. The committee will meet soon to mark out the work of the campaign. Several enthusiastic addresses were made and everyone present signified their intention of going right into the fight until the last vote was cast. The point emphasized particularly by the advocates of the measure last night was that the local option movement was not a movement against any hotel or hotels but against the traffic which in its very nature was the enemy of everything that is good. An adjournment was made until such time as the executive complete the work of organization. This was considered to be some job, as numerous workers who participated in the last fight are indifferent about the matter this year. As yet no paid organizer has been secured.

MEDICAL MEN DISCUSS MILK SUPPLY

Convention at London of Canadian Doctors is Proving Profitable.

LONDON, June 25.—At the convention of medical men here, Dr. G. G. Nasmith of Toronto, led off the discussion in the public health section with a paper on "The Control of Municipal Milk Supply," in which he drew many lessons from Toronto's experiences. "By doing away with the selling of milk in bulk Toronto has reduced the danger element from 1200 places which sell milk," he said. "Milk is the only uncooked animal food we eat, and because it is an ideal culture medium for germs sometimes despite all our care, it is consumed in an unhealthy condition. The only way to make milk perfectly safe is by pasteurization. Last year in Toronto forty-five per cent of the milk was pasteurized; this year 75 per cent is so treated, and by the end of the year I believe 90 per cent will be pasteurized."

GERMAN PAPER ATTACKS WILSON

U. S. President is Regarded as the New Danger on Political Horizon.

[Canadian Press Despatch] NEW YORK, June 25.—A Berlin cable says President Wilson is violently attacked in an editorial in the National Zeitung. Under the caption "The New Danger" his address to Congress is characterized as "Disturbing the hopes for tranquility in the time of a crisis more dangerous to Europe than the Balkan dispute." Mr. Wilson is described as "a lecturing Socialist who is convinced that he must reform the world." The newspaper adds: "God help anyone who still doubts that President Wilson is one of the most dangerous agitators of modern times in one of the highest offices in the world."

HYDRO ELECTRIC FOR GRANDVIEW

Progressive Suburb Will Keep up in Race With the Others.

Hydro Electric for Grandview is the movement underway in that progressive suburb of this city. The movement in Grandview is but a portion of the general movement in the suburban districts to secure Hydro-Electric service. At a meeting of the residents of the district held Monday night, arrangements were made for a mass meeting in St. James church school room tomorrow (Thursday) night at 8 o'clock. It is expected that ex-Ald. W. N. Andrews will be present and will speak. An engineer is expected to be present from the commission at Toronto to give the necessary information. There is a widespread interest in the movement among the residents. Everybody is invited.

KILLED HIS SQUAW DURING PROGRESS OF BIG INDIAN FESTIVAL

[Canadian Press Despatch] VERNAL, Utah, June 25.—Crazed with jealousy, while the sun danced, the greatest of the Ute Indian festivals, was in progress last night, Tim Buchwitch, shot and killed his squaw and then fired a bullet into his own head. As the braves were dancing, Buchwitch's squaw approached the pole around which they were holding their festivities, and placed a bundle of sweets at its foot. A young brave bent over, as if to take some of the sweets, greatly enraging Buchwitch. The squaw noticed his anger and ran away. Buchwitch followed and shot her dead. The Indian picked up his dead squaw, carried her to his tepee and then killed himself. Several white persons witnessed the deed, became alarmed at the tragedy, and hurriedly left the reservation, fearing that the Indians would rise against them.

REVENGE TAKEN ON OUR GOLFERS

After Stormy Passage to Galt Brantford Lost by Four Points.

Yesterday afternoon a party of Brantford golfers motored over to Galt to play mixed foursomes with the ladies and gentlemen of that progressive city. After a more or less stormy passage, all but one vessel arrived safely in port, or in other words reached the hospitable club house in fairly good order and condition. The one car unfortunately failed to reach port and drop anchor, till long after the match was completed and refreshment for the entertainment of the players had almost reached the limit of resource. Never was vessel more tempest tossed and storm strained than this staunchly-built car. It contracted every ailment to which the average automobile is heir to and got it bad. Commencing with a mild attack of pneumonia, it feverish attempt to blow itself into eternity. The Doctor in attendance with his energetic assistant, did all that lay in their power to ward off the ravages of conflicting influences, working like blackblights in the tropical heat of the afternoon sun. The lady passengers exhibited heroic endurance and cheered the perspiring workers by cute little questions as to the working of pumps and the fixing of tires.

Jealousy Caused Woman to Shoot Husband Who Was Champion Revolver Shot.

[Canadian Press Despatch] SPOKANE, Wash., June 25.—Frank Fromm, champion revolver shot in the United States in 1909 and his wife were found dead in a tent back of their home here yesterday. From a letter in the dead woman's handwriting the authorities believe the woman shot her husband through jealousy and then committed suicide. In the note two young women in the city are named as the cause of the tragedy, and the request is made that the dead woman's jewelry and clothing be sent to a sister whose address is given as Miss Josephine Hurbert, Norwalk, Ohio.

HANGED WITH THE ASSASSINS

Sultan's Son-in-Law Meets Same Fate as Ten Other Assassins.

[Canadian Press Despatch] NEW YORK, June 25.—A cable from Constantinople says: The impossible has happened. The Sultan's son-in-law, Salih Damad Pasha, shared the ignominious fate of eleven common assassins executed yesterday in Bayazid square for the murder of Mahmoud Shekret Pasha, the grand vizier. Huge crowds saw the body swinging beside those of the other murderers.

LORD MAYOR GIVES LUNCHEON

A Blaze of Color for President Poincaré of France in London.

[Canadian Press Despatch] LONDON, June 25.—President Raymond Poincaré of France was the guest at luncheon to-day of the Lord Mayor and corporation of the city of London, and "The Square Mile" composing the city proper, was in gala array for the occasion, while the ancient Guild Hall was a blaze of color. The French President's progress through streets lined with troops from York House, placed at his disposal by King George, to the city, was a popular triumph. It was marked by enthusiastic welcoming cheers from thousands of sightseers, who took the occasion in this way to express their approval of the friendly agreement between Great Britain and France. The scene during the luncheon was brilliant. The hall was crowded with members of the Royal family, cabinet ministers, naval and military officers and high state and civic dignitaries, their uniforms glittering with decorations.

BUFFALO HAD A TERRIBLE ACCIDENT

Grim Work of Recovering Bodies is Proceeding To-Day.

[Canadian Press Despatch] BUFFALO, N. Y., June 25.—Three bodies were dug out of the smoldering ruins of the Husted Milling Co. elevator this morning, two more are visible in the debris, two of the victims succumbed to the injuries, bringing the total of the dead list from the explosion and fire up to eleven. The bodies recovered to-day were so badly charred that identification was impossible. Tony Kruger and William Widowski, both of whom were frightfully burned, died at the Emergency hospital. Of the sixty explosion victims in the hospitals many are so injured that recovery is not expected. High up in a shattered cupola of the mill two companies of firemen are battling to recover two and possibly more bodies of dead men from the upper windows of the concrete structure of the elevator and from the Elk street viaduct the bodies are plainly visible and crowds are watching the firemen creeping steadily towards them. Great clouds of smoke from the burning ruins below make the recovery of the bodies difficult. Just how many bodies are in the cupola neither the police nor the firemen are able to say with certainty. Two bodies can be seen stretched out across the floor of one of the balconies. No men were at work in the cupola and it is believed those whose bodies are now in sight fled to the tower following the explosion and the flames overwhelmed them. Careful checking up of the employee time cards has accounted either in dead, injured, in hospitals or slightly injured and at home of all but eight men. These men are believed to have been caught in the upper portions of the elevator and cut off from escape. Firemen poured streams of water on the ruins all night and this morning but the debris is piled so high that it will be days before it can be cleaned and complete search made. This and the nature of the injuries of the victims, some of whom may live recovery, make any estimate of the number of explosion victims mere speculation.

JOE GILLIES IS AT HOME AGAIN

He Left Last Night to Complete Thirty Year Term in Prison.

Last night the famous Joe Gillies who was sentenced in the police court recently to six months in Central Prison for housebreaking and stealing, left in charge of Provincial Bailiff Ryan on the 8:19 P. M. train for the central. Turnkey Hogan marched the famous Joe to the station. Gillies has served 29 years in Kingston penitentiary at different intervals and when he has completed the six months he is now serving will have served one year and a half in central.

Hyland Goes West

MONTREAL, Que., June 25.—Harry Hyland, who was recently sold by the Toronto lacrosse club to Con. Jones of Vancouver, left last night for the West, where he will finish out the season with the Vancouver club. Hyland played hockey last winter with the Wanderers and was well up on the list of goal scorers. He will return to Montreal for hockey. He still remains the property of the Wanderers and will figure on their line-up again next winter.

RUSSIAN BEAR WILL HAVE A GREAT AIR DREADNOUGHT CORPS

[Canadian Press Despatch] ST. PETERSBURG, June 25.—The development of the aerial armament of Russia is making immense progress, according to the chief of the army staff, who to-day during a debate in the Duma, related some interesting details of what had been done in this direction. He said the Russian Ministry of War would not rest until a flying squad had been established in every army corps. The Government, he continued, had doubled the number of dirigibles recently. It had acquired airships known as aerial dreadnaughts which were provided with machine guns, bomb throwers and wireless telegraphy. It was true, he continued, that the German army possessed eleven dirigibles, but only eight of those came up to the standard of the six Russian army dirigibles.

At Calgary.

CALGARY, Alta, June 25.—Sir Ian Hamilton and Hon. Sam Hughes, Minister of Militia, arrived here yesterday morning. They will visit the encampment of the 13th Military District.

CRIMINAL CAREER OF A FRENCH CONVICT CHECKED BY NEW YORK WHITE SLAVE CHARGE

Revelations of a white slave club in New York, the importation of girls from France, and of romantic facts of some of the prisoners have been made public by Albert C. Fach, District Attorney of Richmond county, as the Grand Jury continued its investigation into the robbery of Mr. and Mrs. Jacques Dier and the burning of their home on Staten Island.

According to Pleuchot's tale, his repeated crimes in France led to his deportation to French Guiana at the age of thirty-three. Soon after his arrival he and eleven others went by night to a creek in the forest and built a boat. For six days the guards sought them in vain. Then they dropped down the river at night and drifted out to sea.

Undaunted, Pleuchot and his friends built two other boats. In the third boat they escaped to British Guiana, where the Governor assisted them to get away. Pleuchot has now lived for six years in this country. He will probably be deported to France and then sent back to the penal settlement.

TACKLING THE MEDICAL PROBLEM.

The government has decided to appoint a commission to deal with the whole subject of medical education and the practice of medicine.

In connection with the above, the Ottawa Journal very fittingly says: This announcement made by Premier Whitney at Toronto Thursday is a timely one.

The government has decided to appoint a commission to deal with the whole subject of medical education and the practice of medicine. The object of this will be to secure information on which to base legislation under which every imaginable application such as I have described can be regulated and controlled and governed in the interest of the people.

For moving to grapple with a question which involves some political danger in the adjustment, Premier Whitney is to be congratulated.

OLD LAURIER BOYS

There was a gloomy gathering of the politically departed in Ottawa yesterday afternoon. Those present consisted of Sir Wilfrid Laurier and Hon. Mr. Lemieux, who still have seats, and Sir Frederick Borden, Hon. Sydney Fisher and Hon. Mackenzie King, who went down with the ruck last general election.

These men cannot yet understand how they got licked in 1911, and they further marvel how the country can get along without them, but it is, and in excellent shape, at that.

Neither Sir Frederick, Fisher, nor King, have proved any great loss to the public, and when they think that they are essential to the well-being of this country they simply display a manifestation of "swelling ambition which overleaps itself."

The Dominion can get along very well without that trio, and proposes to do so.

Whether or no there was crepe on the door of the room in which the gathering took place, the record depicts it.

A GOOD IDEA

Ald. Spence is to be congratulated upon his proposal to bring before the people the subject of one board of education.

With two boards there is a great deal of overlapping, which is a single board might very readily obliterate.

Another matter which needs to be remedied in connection with our educational system is the too much getting away from the fundamental principles of the three R's.

It was the theory of one boy that the "dead languages" were so called because they had been studied to death, and Spencer, one of the world's greatest thinkers, always contended that to study Latin and Greek was a sheer waste of time. That, of course, was the view of an extremist, for in certain walks of life a knowledge of word derivations is very useful.

We often boast of our Canadian system of education as very complete, but is it? To the average individual a knowledge of the fundamentals of reading, writing and arithmetic is all the equipment required, but the existing curriculum does not begin to meet that demand.

Many boys and more girls who have been turned out of our public schools as educated, cannot write an ordinary letter in which the spelling is correct, and as for punctuation—well, that largely seems to be a lost art. For instance, take the old-time illustration: "King Charles the first walked and talked half an hour after his head was cut off." That seems to be a fabulous statement, but duly punctuated it constitutes common-sense.

All that is necessary is the proper indication between the words "talked" and "half."

Once more, a proper and efficient grounding with regard to the three R's is about all most of us need to get through life. These constitute the essentials, and for the average man and woman the rest of the business can be largely placed under the term of "frills."

A PRIZE-RING INCIDENT

In a match at Calgary one pugilist dealt his antagonist a blow which resulted in death, and after a trial on the score of manslaughter, the jury brought in a verdict of acquittal, probably on the basis that all prize-ring exponents take a chance.

The fatality, of course, has focused public opinion upon the brutality of this alleged sport, and it is useless to point out that more people have been killed at football, polo, horse races, and even cricket, than the victims of all the prize-rings put together.

The difference is that a fight to a finish between two men is sheer brutality, whereas the other diversions have in them the elements of true and competitive sport.

It is not difficult to account for the vast number of people who love to see a fistful encounter, or else read of it, round by round, afterwards. To fight is a primeval instinct, and in the animal world the favored male has to show by contest his physical supremacy, or in other words there is a never ending contest of the survival of the fittest.

This in a bodily sense is not true of humanity, but then in many other essentials human beings differ radically from those of the lower world. For instance it is the woman who seeks to please by bright and suitable colors in dress, whereas the plumage, or the glossy markings, in the animal arena belong, as a rule, to the males, and the females are a lot of dowdies.

There is a light court this morning. Three bicyclists, August Fischer, Percy Taylor and Herbert Newrick, were caught by Michael Dowling riding on the sidewalk.

The summonses were served to-day, and their case will come up tomorrow. The case of R. J. Eacrett, License Inspector, against D. Nickerson and Fred Sevan for breach of License Act was adjourned until Friday to give Mr. Eacrett time to obtain some new evidence.

Herbert R. Fitzgerald appeared to be in hot water. He was charged with speeding his automobile up Braut Ave. Thos. Boylan stated that the speed limits were not only being exceeded but they were being annihilated. The case was adjourned for a week as Mr. Yates is out of town at present.

NOTES AND COMMENTS

June is certainly now putting up quite a heat for the human race.

And to think that in a few weeks we will all be putting up so much per ton for warmth.

A covered market and a street railway owned by the municipality are the present two big yearnings of this great winter journal.

Adam was told to get his living by the sweat of his brow, but, by the great hornspoon, we're all doing that now, with the entire outfit in a state of efflorescence.

Our King's mandate can no longer be neglected by the Canadian militia, and every upper lip must be left in a state of nature. The area between the mouth and the nose must be left immune from the invading razor. Every texture of moustache, from broom corn to down, must be left intact.

Whether red, black, lemonade colored, or nondescript, the moustache must stay. No more Pompadour, no more William Jennings Bryan countenances. No more clerical smoothness. Wherever else the razor may wander, it must avoid the upper lip. Already there are moustaches in the militia that would strike terror into the heart of a foreign enemy, or give a strike-breaker a sense of sheltering security.

But this is only a portent of what will be available when the full force of the new order has had time to develop—Toronto Globe.

It was the elder D'Israeli who, in his "Curiosities of Literature," relates the theory of a man who claimed that to wear a moustache was a sure pledge of bravery—that no man with such an adornment would ever carry the same in retreat.

Military Notes

The B. C. I. Cadets held a meeting last night in connection with their attendance at the cadet camp at Niagara-on-the-Lake, July 7-12. About 35 have signified their intention of going. Another meeting will be held on Thursday night.

The Public School Cadets and the Boy Knights will also attend. The annual inspection of the Mohawk Cadets will take place to-morrow. Captain Marshall will be the inspecting officer.

Already the Dufferin Rifles have begun to make preparations for attending the Summer Carnival which is being held in Hamilton in August. The local regiment will join about 3,000 militia.

Leper Mission

The regular monthly meeting of the Leper Mission was held Tuesday afternoon, June 24th at 3 o'clock with Mrs. Barber in the chair and 22 ladies in attendance. The treasurer reported \$28.57 in the Treasury, \$1.94 reported from the mite boxes, \$66.50 subscription for "Without the Camp" a very helpful little monthly magazine, whereby those who read it keep in touch with the work done among the Lepers all over the world.

Mrs. Peters gave a very helpful Bible reading, after which Miss Cornelius favoured the Society with a solo, followed by two readings, Mrs. Rickard and Mrs. Kavanagh. The offering was then taken which amounted to \$2.55 and Mrs. Burch sang a solo very acceptably. Mrs. Harrison then gave a reading on Lepers in India, followed by a talk from Mrs. Stevenson of Danville, Quebec. A piano solo by Miss McIntyre was much enjoyed by all.

There were three mite boxes reported from Burns Grocery etc., Cameron's Drug Store 50c, A. E. Brown's Tea store 83c.

The Society then followed the president in reciting the Lord's Prayer which brought the very helpful meeting to a close. The next meeting will be held on the fourth Tuesday in September.

The same company will pipe gas to London, St. Thomas, Stratford, Brantford and other cities from the Tilbury fields, near Woodstock, in the meantime will depend upon Innerkip, six miles distant, for its supply. Woodstock citizens are greatly interested in the proposition, and will welcome the advent of cheap gas. The prevailing rate for artificial gas is \$110 a thousand.

JOHN CARMODY BEHIND CONCERN

Brantford Oil Expert Would Supply Gas to Woodstock.

WOODSTOCK, June 25.—Woodstock is promised natural gas within a year. The George H. Orme Natural Gas Company has submitted an agreement to the city, in which they undertake to start work within six months and to supply gas to the consumers of Woodstock at 40 cents per thousand cubic feet.

The gas will be piped in from Innerkip. This field was exploited a few years ago, but doubt was expressed as to whether or not the Innerkip field would yield sufficient gas to supply Woodstock, and the enterprise dropped through for lack of financial backing. Recent investigations by the new syndicate, however, have convinced them that there was a sufficient yield there for this city, and the gas will be piped in. The promoters of the company are: George H. Orme, of Dundas; W. R. Tudhope of Toronto, and John F. Cameron, an oil expert of Brantford. They have acquired the oil wells at Innerkip, some of which are now showing a good yield.

The same company will pipe gas to London, St. Thomas, Stratford, Brantford and other cities from the Tilbury fields, near Woodstock, in the meantime will depend upon Innerkip, six miles distant, for its supply. Woodstock citizens are greatly interested in the proposition, and will welcome the advent of cheap gas. The prevailing rate for artificial gas is \$110 a thousand.

CITY NEWS ITEMS

THE PROBS

TORONTO, June 25.—Since yesterday the barometer has risen in Eastern Canada and Atlantic States, and remained almost stationary from the Great Lakes westward.

FORECASTS: Lakes and Georgian Bay—Southerly winds, mostly fair and warm, with a few local thunderstorms to-day and on Thursday.

Temperature. Temperature for the last 24 hours: Highest 81; lowest 57. Same date last year: Highest 80; lowest 55.

Called Off.

The Softball game scheduled to take place to-night at Agricultural Park between the Y.M.C.A. and Dufferin Rifles teams has been called off.

Assault Case.

A lady residing on the Paris Road, will be charged with assaulting Policeman Stewart. The officer is carrying a beautiful black eye.

Additional Flowers.

Additional flower tributes at the funeral of the late Mrs. Thomas were from Mrs. J. B. Hay, Mr and Mrs. Robert L. Foulds.

Killed the Dog.

High Constable Kerr was in Cathcart yesterday afternoon serving a summons on a farmer for killing his neighbor's dog. The case will be tried to-morrow.

Six Nations School Trustees.

A meeting of the Six Nations School trustees will be held at Ohs-waken to-morrow when efforts will be made to try and secure teachers to fill two vacancies on the teaching staff of their schools.

Heather Club Note

The Heather Bowling Club held an evening for new members at their green last night when a number of new beginners bowled, some of whom for the first time. Light refreshments were served during the evening.

Russians in Gaywood.

A number of Russians employed on the L. E. and N. Ry., are camping at Gaywood, and are engaged in cutting and felling trees. Lieut.-Col. M. F. Muir will have to sacrifice about two acres of the most picturesque land in Brant County.

Successful Lawn Social.

A very successful lawn social was held in the St. Mary's Church grounds last night under the Ladies' Aid Society of the church. The affair was very largely attended and the different booths did a thriving business. The proceeds amounted to over \$200 and full returns have not been made as yet. The Dufferin Rifles band played a lengthy programme, the music being much enjoyed by all present.

Small Fire.

Shortly after seven o'clock yesterday evening a fire broke out on the roof of the engine room of the Brantford Carriage Co., but was extinguished before any serious damage was done. Firemen Codd and Ribby who reside in that vicinity were going home to supper and hearing the whistle blowing ran over, and along with the night watchman and others, soon had two streams of the company's hose playing on the fire which was quickly extinguished. The damage to the roof will not exceed \$25. There was no alarm sent to the Fire Department.

Still on Strike.

The union moulders who went on strike at the Burrill and Hartley foundries because goods for the Westinghouse company of Hamilton, were being made in the foundries mentioned when the Hamilton moulders were on strike, are still out. The strikers report that there four foreigners and two non-union moulders working at the Burrill foundry and that Westinghouse goods are still being made. The union men state that a proposition was submitted for them to go back to work. The proposition was that they would not need to work on Westinghouse goods, but they were not to interfere in any way with the men working on the goods. They would not accept an offer of this nature.

High Honor.

Mr. S. G. Read, has returned from Chicago, where he attended the convention of International Auctioneers-Association. Mr. Read reports having had a most enjoyable outing in the Windy City. Mr. C. M. Jones, president of the association and Mr. M. Cummings, editor of the International Auctioneer, entertained the delegates to a complimentary banquet which was held in the Sherman Hotel at which over 250 were present. The same gentleman treated the delegates to a drive around the city in auto cars. For the last eight years Mr. Read has been president of the Dominion of Canada Branch of the Association, but was this year honored by being elected Vice-President of the International Association. Mr. Read is the first Canadian to be honored with the office.

SURVEYORS ARE AT WORK

Surveyors are now at work staking out an electric line from Simcoe to Port Burwell, and it is believed that it will be yoked up with the Lake Erie & Northern Railway. Toronto capitalists have acquired farm property to the extent of three miles wide between the places named, and the proposition is to establish a fruit belt such as exists in the Grimby district. It has now been thoroughly well established that the region is an ideal one for such a purpose.

Bowling.

The Dufferin Bowling club expect seven or eight rinks of Paris Bowlers down to-morrow night for a game on their green at the O.I.B. grounds.

Sunday School Picnic

The annual picnic of Grace Church Sunday school is being held at Malloy's Farm this afternoon. The St. Andrew's Church choir are picnicing at the same place.

For the First Time

Yesterday for the first time in the history of Brantford, a vendor on the market was selling produce from an automobile. There will be others soon.

The Temperature

At noon to-day the thermometer at the Mohawk Institute, in a place of absolute shade, registered 87 degrees. This means about 90 in the shade up town.

L. E. and R. Note.

Messrs Brewster & Heyd on behalf of the L. E. and R. Railway Company have written the City Council in reference to the adjustment of taxes on a number of properties recently secured by them in Holmedale.

Has Returned

Mrs. Rose Blankin, who was mentioned in connection with the attempted abduction of two girls from the Mohawk Institute, has returned to the city and is residing in her former home.

ACCIDENTS IN AMBITIOUS CITY

Young Man Was Instantly Killed This Morning—Other Fatalities.

HAMILTON, June 25.—Ross Lusby, 110 Clinton street, Toronto, died at the City Hospital shortly before noon as the result of injuries received when he fell beneath a moving train at the Grand Trunk station this morning. Lusby ran out of the waiting room and attempted to grab the hand rail of the second coach. He missed and plunged beneath the wheels. One arm was ground off and his body terribly mutilated. The remains will be sent to his parents this afternoon. An inquest will be held.

Injuries Fatal. HAMILTON, Ont., June 25.—Joseph Santre, a foreigner, who was taken to the hospital at midnight suffering from frightful injuries received by being run over by a train in the East End, died to-day. Santre, the police say, must have fallen asleep by the tracks, with both legs over the rails.

Dusky Alley Workers. HAMILTON, Ont., June 25.—Hamilton is infested with dusky alley workers who are following the races. Numerous thefts have been reported, the girls replacing the bills they extract from victims' pockets with wads of brown paper. Last night a policeman saw Minnie Blatne, one of the gang, take a man into an alley. He arrested her. To-day the magistrate gave her six months. The woman shrieked for mercy and then threw a fit. It took six policemen to get her to the cells. When she recovered she yelled like a maniac and beat her head against the iron bars.

Killed at Toronto. TORONTO, June 25.—George Babcock, aged four, was killed to-day while watching the children's automobile parade. A number of Toronto men have for several years past, been taking the children of the several orphanages for an automobile drive and picnic once a year. To-day as the sixty motors, with six or seven hundred children was passing Leslie street on its way to Scarborough Beach, little George ran out with some other children to salute the procession, got under a car driven by Mr McGillivray, the artist, and was instantly killed.

Not There. Smart Lad (after a hurried rush for the train)—"Good gracious! This isn't our train after all." His Friend—"Not our train?" Smart Lad—"No; it belongs to the Grand Trunk Railway."

La Diva NON-RUSTABLE CORSET

Before and after your 30th birthday—watch your figure—

Today's fashions enhance the necessity of skilful corseting to disguise where art is helping nature,—for the styles prescribe a natural seeming figure, an almost corsetless effect, and this result is most successfully attained by this year's models of the famous D. & A. and La Diva Corsets.

D. & A. and La Diva Corsets, thanks to absence of duty and splendid manufacturing facilities sell at from \$1.00 to \$3.00 less per pair than imported ones and being made specially for Canadian Women they give more comfort and longer wear. There is a model for every figure. Our catalogue—sent free on request—will help you to choose the best for yours.

DOMINION CORSET CO. QUEBEC. No. 609—La Diva Reducing—shown in cut gives both comfort and style to full figures. The price is \$3.00 and \$5.00, and no better corset is offered at any price.

Dr. Harris

Left an Estate of Over Half Million—Former Brantfordite.

TORONTO, June 25.—Copies of the sworn statements connected with the estate of the late J. H. Mason, of Toronto, show the total amounts to \$588,444 and succession duties of \$27,550 have been paid to Solicitor McLeod of the succession duties of the Provincial Treasurer's Department. The late Mr. Mason died on December 9, 1911.

The estate of the late Rev. Elmore Harris of Toronto, who died on December 19, 1911, while on his wedding trip in India, of smallpox, has been valued at \$627,990. The amount of duties paid on this estate aggregated \$24,397. Rev. Dr. Harris was one of the best known of the Baptist ministers in Canada and was formerly stationed at London. Dr. Harris was a member of the well-known Brantford family.

Princess Pat To Wed German

The Evening Standard's Berlin correspondent says: According to advices from a very reliable source at Mecklenberg-Strelitz, there is reason to believe that engagement will shortly be announced between the Princess Patricia of Connaught and Prince Adolf Frederich, heir to the Duchy of Mecklenberg-Strglitz. Final arrangements between the two families are said to have been made when King George and Queen Mary paid their flying visit to the aged Dowager Duchess of Mecklenberg-Strelitz during their recent sojourn in Berlin.

### Society Notes

Ald Charlton was in Toronto Monday and Tuesday, attending court.

Mr. L. E. Percy is in Dunville and Port Colborne for a couple of days.

Mr. H. Welch of Toronto is visiting Mr. H. Fennell, Cayuga St., city, for a few days.

Mrs. Little and daughter of Toronto, are visiting her brother, Mr. Alex Campbell, 134 Brock street.

Miss Esther Schueker left on Friday to visit friends in Brantford and St. George.—Woodstock Sentinel-Review.

Mr. Percy Thornton of Brantford spent Sunday with Major and Mrs. Robertson.—Woodstock Sentinel-Review.

Mr. and Mrs. Robert White of St. George have left on a three month trip to Edmonton, Calgary and points west.

Mr. and Mrs. Elmer Baker, 47 Dufferin Avenue, left this morning to spend a couple of months at their summer cottage at Point au Balet, Georgian Bay.

The condition of Mr. M. H. Robertson has improved, and although still not out of danger, the prospects for his recovery are much more bright.

Recent word from the Old Country is to the effect that Col. and Mrs. Ashton were last week the guests at luncheon given by the directors of the New England Company in London.

Chester Pettit Brown of Paris is now a doctor. His name appeared today in the list of candidates who have passed the final examinations of the College of Physicians and Surgeons. His many friends will tender congratulations.

For some time past there has been considerable discussion in Knox Church circles at Galt over a rumor that associated a vacant church in Buffalo with their pastor, Rev. R. E. Knowles, widely known as both author and speaker. When spoken to on the matter Mr. Knowles admitted that he had been approached in that connection by a committee of the Central Presbyterian church, Buffalo but added that further than that there was nothing to disclose of interest to the general public. The Central is one of the oldest Buffalo Presbyterian churches, and has been in quest of a pastor for more than two years. Rev. Mr. Knowles is well known in Brantford.

Miss Verna Smith of Winona, whose marriage to Mr. Gordon Conant, of Oshawa, will take place today, has recently been the guest of honor at a number of social affairs. Miss Julia Carpenter, who is to be one of the bridesmaids, gave a luncheon for her on June 3. The color scheme was in mauve, which will be that for the wedding. Miss Mabel Van Duzer, another bridesmaid, gave a Saturday tea, which was largely attended, many guests motoring from Toronto and Hamilton. Mrs. Thomas Bell also gave a tea for this popular bride-elect on June 16. Mr. Hugh Donald, of Toronto, who is to be one of the ushers, gave a dinner at the Rosedale Golf Club in honor of Miss Smith, and the bridesmaid-to-be, and on June 17 Miss Marguerite Cotton, gave a tea in honor of the bride-elect.

**Not a Bully.**  
Mr. Patrick Fitzpatrick, one of the contractors on the Lake Erie and Northern Railway, takes strong objection to a heading in a local paper last night that he was a bully. A couple of hoboes whom he had secured for work abused some of his horses, and Mr. Fitzpatrick gave them some of his own medicine. He was a trifle rough, but it was under provocation.

### Nuptial Notes

Smith-Nicholson.

Saint Clement's Episcopal Church Wilkes-Barre, was the scene of a very pretty wedding on Wednesday evening June eighteenth, when Miss Ellen Elizabeth, daughter of Mr. and Mrs. Robert H. Nicholson, was united in marriage to Mr. Ashton Ernest, son of Mr. and Mrs. Alfred Smith of St. George, who is connected with the public schools of Wilkes-Barre, as a teacher in the High School and supervisor of writing.

The church was very beautifully decorated with laurel, roses and palms. The bride wore white, silk-embroidered voile, cut in train, over white satin, and a veil caught up with orange blossoms. She carried a shower bouquet of white roses and lilies of the valley. The maid of honor, Miss Frances H. Nicholson, a sister of the bride, wore a dress of yellow silk crepe-meteor and carried a bouquet of pink sweet peas and lilies of the valley. The groom was attended by his brother, Mr. Chester C. Smith of Hamilton.

The ceremony was performed by the Rev. John Talbot Ward, rector of the church, who had that morning administered the Holy Communion to the couple and their bridal party. The bride was given away by her father. The ushers were, Mr. Mr. Wayne G. Trumbower and Mr. Thomas R. Hughes, friends of the bride. The wedding march from Lohengrin, was played by Mr. Curtis G. Harrower, organist of the church.

A reception was held after the ceremony at the home of the bride's parents for the families and immediate friends. Music was furnished by Appenheimer's orchestra and lunch was served by Hochreiter, the caterer.

The bride was the recipient of many beautiful and costly gifts, including money, a large variety of cut glass, sterling silver, hand-painted china, fine linen, and other useful household articles.

The ceremony is now at the home of the groom's parents, Mr. and Mrs. Alfred Smith, where they expect to spend the summer and to reside, some time in August.

BARRON-KING.

A very pretty wedding was solemnized in St. Basil's R. C. church this morning at nine o'clock when Rev. Father Clochey united Mary Margaret King, second daughter of Mr. and Mrs. Thomas King and Chas. Joseph Barron, son of Mr. and Mrs. Hugh Barron, and Gerald Fowlsing in the holy bonds of wedlock. Miss Annie King, sister of the bride, acted as bridesmaid and Mr. Frank Smith was best man. Rev. Father Clochey officiated at high mass during which Miss Mary O'Grady rendered sweetly "O Salutaris" and Miss Mary Nolin sang "Ave Marie" in splendid voice. Miss Etta Schuler presided at the organ. The bride's costume was of white satin and carried a bouquet of white roses. The bridesmaid was gowned in pink satin and carried pink roses. The bride's travelling suit was of navy blue cloth and hat to match.

The groom's gift to the bridesmaid was a gold watch and fob and to the groomsmen a pair of gold cuff links. After the ceremony the guests retired to the home of the bride's parents, 50 Spring street and partook of a dainty wedding breakfast served under a marquee, which was erected on the lawn.

The bride was in receipt of a number of handsome and costly presents among which was an oak leather rosette the gift of her girl friends with whom she worked in the Watson Co. mill.

The happy young couple left on the 4:35 G. T. train for Toronto and points east to spend their honeymoon and on their return will reside at Pleasant View Farm on the Paris Road.

The groom is well known in the city having carried on a successful dairy business for a number of years.

BEEMER-BARR.

The Wellington St. Methodist parsonage was the scene of a happy event this afternoon at 3 o'clock when Rev. R. D. Hamilton united in marriage Miss Flossie E. Barr, sister of Mrs. E. Brown, 161 Dalhousie Street to Mr. Frank L. Beemer, of Scotland, Ont., in the presence of friends. They were unattended. The bride wore white voile and carried carnations.

After the ceremony Mr. and Mrs. Beemer left on the 4:35 Grand Trunk train for London amid showers of good wishes for their future happiness. Upon their return they will reside in Scotland where the groom has an office for the Cocksfoot Plow Co. Many friends will wish Mr. and Mrs. Beemer much happiness. The bride's going away dress was blue silk.

BAKER-CLARK.

A quiet wedding took place at the residence of Mr. and Mrs. Thomas Clark, Pleasant Road, at twelve thirty to-day when their daughter Harriet Jeanette (Nettie) was united in marriage to Mr. Osman Cyril Baker of Hamilton. Rev. G. A. Woodside officiated. The couple were unattended. After a wedding trip east, Mr. and Mrs. Baker will take up their residence at 81 Fairholt Road, Hamilton.

**Keep Well.**  
Prof. Wells and Mrs. Wells of Detroit who are in the city giving health lectures and organizing physical classes were greeted by a large audience in the Congregational school last night. Prof. Wells lectured last night on "How to Get all and Keep Well." Prof. and Mrs. Wells have already classes at the Y. M. C. A. and Y. W. C. A.

### SENIOR RECITAL

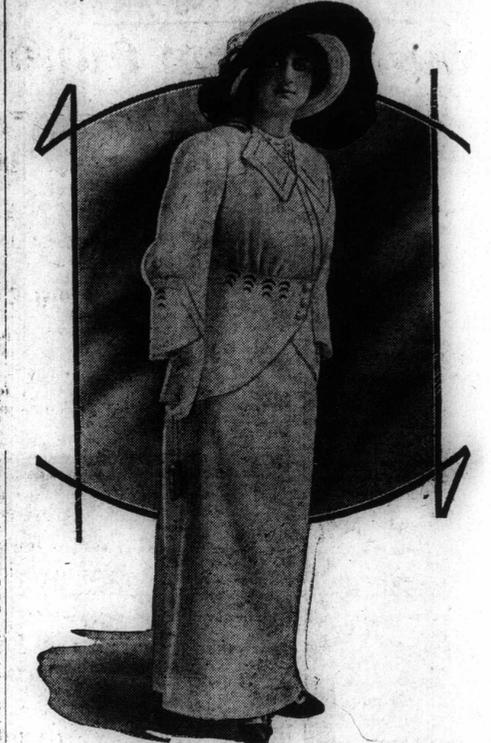

The third concert of the closing series of the Conservatory of Music was exceptionally good and compositions representative of the different schools, from the quaint dainty classic of Haydn, to the Romantic period of Mendelssohn, Beethoven, Weber and the severe technical demands of the modern writer Moszkowski, were all admirably performed and most intelligently interpreted by those taking part. Miss McIntosh gave a splendid rendition of the ever popular G minor Concerto by Mendelssohn and Mr. Tennent, Organist of St. Andrews Church, played with an excellent sense of rhythm the first part of Weber's concertotuck. The two opening bars are very slow and it is consequently a severe test on the performers nerve control. The "Presto" was brilliantly played. Miss Mildred Anderson of Scotland is a young lady possessing a delicate and sensitive temperament and her interpretation of Beethoven's C Minor Concert was worthy of a much more experienced pianist. The orchestra parts accompanying the Concerto were most effective. The strings were supplied by members of the Darwin Orchestra while the "wood wind" and "Tutti" were played on the Conservatory's pipe organ by Miss L. Shannon and Mr. F. C. Thomas, Mr. W. N. Andrews being conductor. The vocal numbers were exceedingly good and the whole programme was an example of the careful and thorough training the Conservatory provides for its patrons.

The Rev. J. Potts the popular Curate of Grace Church made an efficient chairman and congratulated the Faculty on their excellent work. The following is the programme:

Concerto, Miss Clara McIntosh; piano solos, Miss Madeline Cutcliffe, Miss Mary Master; vocal solo, Miss Loney; piano solo, Miss Ruby Cann; organ solo, Mr. J. Branson; piano solo, Miss Lorraine Hutchinson; vocal solo, Miss Ruby Cann; piano solos Miss Ada Edwards, Miss Aileen Hart; piano duet, two pianos, Miss Hill and Mr. D. McLaughlin; piano solos, Miss Clara McIntosh, Miss Helen Lloyd-Jones; vocal solo, Miss Olga Schultz; piano solo, Mr. K. Tennant; concerto, Miss Mildred Anderson; concerto, assisted by Darwin Orchestra; organ, Miss L. Shannon, Mr. F. C. Thomas, L.C.O.M., Conductor; Mr. W. N. Andrews, Dip. Dip.

Col. Hughes, the energetic Minister of Militia, has certainly added a popular feature to the military camps this year, in having a woman's day of inspection. Yesterday, at London, the fair sex, representing different organizations, invaded camp and were delighted.

THE EMBROIDERED CRESCENTS ADD INDIVIDUALITY HERE

As long as the tailored suit of white material is white, it cannot be compared for cool and dainty summer wear by the sea—but alas! its dainty whiteness is evanescent and must be continually renewed by expensive visits to the dry cleaner's. This attractive tailor of white worsted and mohair mixture is given a touch of distinctive individuality by the embroidered silk crescents in graduated sizes, done with red silk on the white fabric. The collar is also of red silk, and the red appears in the trimming of the hat.

### Laid at Rest

Gwendolme Burdett.

The funeral took place yesterday afternoon of Gwendolme Mary, infant daughter of Mr. and Mrs. Daniel J. Burdett from the residence of the parents, 74 Wallace street, Rev. Dr. Loney of Immanuel Baptist church officiated. Many floral tributes testified to the sympathy extended to the bereaved parents.

### The Late Miss King.

The funeral of the late Miss Georgina King, whose death occurred in Toronto on Monday, took place this morning upon the arrival of the 10 o'clock G. T. R. train to Greenwood cemetery. Ven. Archdeacon McKenzie officiated.

The pallbearers were Messrs. Sam and Arthur Burnley, William Oxtoby, Frank Jackson, John Colter and A. E. Watts.

Many beautiful floral tributes accompanied the remains.

Affairs pertaining to the Canadian League will be thoroughly gone over at a meeting to be held in the Hotel Royal this afternoon in Hamilton, and there is likely to be trouble over the protested game by Guelph that President Fitzgerald ordered to be played over. Manager Cook of Guelph protested on the grounds that Umpire Black was late in arriving on the grounds; that he allowed the Tigers to take as many bases as they could get on hits into the crowd, and that no official scorer was on the job. He also complained that while the Tigers were allowed to run out their hits into the overflow the Guelph club was allowed only two bases.

After listening to the evidence of the Guelph manager, President Fitzgerald threw the game out and ordered it to be played over here this week. This Manager Lee refuses to do.

Other matters, including the living up to the salary limit, will be threshed out, and it shapes up like a very interesting session.

Pitcher Killier, the youngster secured from Brockton, at away to a bad start for Brantford yesterday and despite Chubby Conso, the bluezoon artist, spare catcher and pitcher of the Red Sox, the game had to go on the wrong side of the ledger. It must be remembered, however that

Not Likely In Finals
Brantford, it is Said, Would Have Difficulty in Getting Racing Charter
(Hamilton Herald.)
A local man who should be well informed on the subject, referring to the despatch to The Herald that Hamilton and Toronto capitalists were seeking to start a race track at Brantford in the Canadian Racing Association's chain, expressed the opinion that it was very unlikely that the movement would succeed - that there were many obstacles.
He said: "They will have to get a charter through parliament, and I doubt if they can. No new tracks have been started since the Miller act became law, with the exception of the Comaght track at Ottawa, and the charter for that was given before the Miller bill was passed."

Canadian League
(Hamilton Herald.)
Manager Lee has come to the conclusion that the Tigers are not the hitting club they should be, and has started out to clean house in an effort to strengthen the offensive qualities of the local brigade. The Tigers have been fielding satisfactory of late, but as Manager Lee says, fielding alone cannot win games. His first step to bring the locals up to the desired strength was made yesterday when he wired for two new men, one a big first baseman from Niagara Falls, named McCue, who has been making a big hit in and around the Falls. He was recommended by Freddy Barton, who has seen him in action several times, and both as a fielder and hitter. He is said to be plenty fast enough to make any of the first basemen in the Canadian league step to hold their laurels. Only a week ago he rapped out two homers in one game.

The sooner the Berlin directors realize that they have to loosen up once in a while and pay a ball player over fifty dollars a month, the sooner they will get out of the bottom position. If, as is stated, Keenan has a free hand and can get any players he wishes, our estimation of Joe's ability has received a severe jolt.

## Doctor Said He Had Diabetes

Dodd's Kidney Pills Cleared Out Every Trace of It.

That's Why Mr. David Heon, of Nicolet Co. Quebec, is Recommending the Great Canadian Kidney Remedy To His Neighbors. ST. WENCTSLAS, Nicolet Co. Que., June 23.—(Special.)—I started to take Dodd's Kidney Pills because the doctor told me I was threatened with diabetes. After taking ten boxes I was again examined by the doctor, and he told me that all trace of diabetes had disappeared.

This is the statement of Mr. David Heon, well-known and highly respected here, and he is only one of many in this neighborhood who have found a new lease of life in the great Canadian Kidney remedy.

It is cures such as this that have given Dodd's Kidney Pills their reputation. They are now known from the Atlantic to the Pacific as the remedy that never fails to cure kidney disease, no matter where or in what form it is found.

Dodd's Kidney Pills are no cure-all. They simply cure diseased kidneys. The reason they cure backache, dropsy, rheumatism, neuralgia, diabetes, urinary troubles and Bright's disease is that all of these are either diseases of the kidneys or are caused by disordered kidneys failing to do their work.

## ASCENDED MOUNT M'KINLEY.

ARCHDEACON HUDSON STUCK

Mount McKinley, the highest peak on the North American continent, has been completely ascended for the first time. The person who so distinguished himself by this feat is the Rev. Archdeacon of Alaska. He reached the top June 7 and he and his four companions erected a cross and threw the American flag to the breeze.

## WANT HEALTH BUREAU

Doctors Urge Establishment of a Federal Department.

Government Control, According to the Medical Men in Assembly at London, is the Only Solution of the Problem of Public Health—Apathy is Still Evident in Many Places Says Dr. Stewart.

LONDON, June 25.—A resolution urging the establishment of a federal department of public health was one of the most important steps taken at the meeting of the public health section of the Canadian Medical Association's convention, which opened in the Masonic Hall yesterday morning. During the discussion of the question of public health in general medical inspection in the schools, perhaps one of the most difficult problems in connection with this section, was dealt with at length.

The paper dealing with this subject was prepared by Dr. J. Stewart of Halifax, but was read by Dr. Edgar of the London Institute of Public Health. It was explained that Dr. Stewart had gone to Scotland to receive the degree of LL.D. from Edinburgh University.

Dr. Stewart, after reviewing the work being done in all the provinces and especially remarking on the sympathetic interest taken in the work by Hon. Dr. Pym in Ontario, stated that he was forced to conclude that the work was yet in its elementary stage. While there had been progress in the cities, owing to efforts of the few, there was still apathy shown in the smaller places and would be until some definite system was worked out that would constitute a national standard. For this reason, therefore, there was need for a national public health service that could deal with such questions as immigration, sanitation of factories, control of diseases, adulteration of food and inspection of medical inspection of schools.

Those who took part in the discussion were Dr. Whitelaw of Edmonton, Dr. Park of Edmonton, Dr. J. A. Hutchison of Westmount, and Prof. Adams of Montreal, the latter emphasizing the importance of earnest co-operation between the school boards and the boards of health.

## PRINCESS TO WED?

London Paper Claims To Have Information of H.R.H. Betrothal.

LONDON, June 25.—The Evening Standard's Berlin correspondent says: "According to advices from a very reliable source at Mecklenburg-Stralitz there is reason to believe that an engagement will shortly be announced between the Princess Patricia of Connaught and Prince Adolf Friedrich, heir to the Duchy of Mecklenburg-Stralitz." Final arrangements between the two families are said to have been made when King George and Queen Mary paid their flying visit to the aged Dowager, Mecklenburg-Stralitz during their recent sojourn in Berlin.

## EQUAL SUFFRAGE FOR DENMARK.

COPENHAGEN, June 25.—At an extraordinary session of the Rigsdag, yesterday, the Premier, M. Zahle, said that a new Cabinet had been formed in order to secure such amendments to the constitution as would make effective the popular demand shown in the recent elections. He said that elections for both Chambers would be held on an equal universal suffrage basis, and that Parliament would open a month earlier than usual so that the measure could be carried through the coming session. Erik De Savenius has been appointed Minister of Foreign Affairs.

## BETTER THAN SPANKING.

Spanking will not cure children of wetting the bed, because it is not a habit but a disorderly disease. The C. H. Rowan Drug Co., Dept. 291, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a six pack, age securely wrapped and prepaid absolutely free to any of The Courier readers. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House. Write to them to-day for the free medicine. Cure all the afflicted members of your family, then tell your neighbors.

## HAT FOR BROWN EYES

Prettily dressed children constitute half the brightness of almost any scene in which humanity plays a part. So children's fashions have grown to be a business too.

As much thought may be expended in the attire of the little maid as the debutante, with equally as attractive results; the chief difference being that it is possible to make all sorts of becoming apparel for a four-year-old with the odds and ends which so often find their way to the scrap bag. One of the best ways of using up pieces is upon the small lady's separate hat. A silk elastic, passing under the chin, prevents the chapeau shown on the head of this pretty owner from blowing off. The sharply pointed crown, covered smoothly with brown satin ribbon bow, and the brim of shirred velvet is partially covered with a fluffy band of white and brown marabout.

## A SPLENDID DINNER FOR HEARTY EATERS

- Short ribs of beef, brown gravy
- Plain boiled potato
- Sweet dill pickles
- Apple pie
- Cheese
- Coffee

Put the ribs to boil in just enough water to cover them. Salt, add two pepper pods, one slice of onion and one laurel leaf. Boil slowly until tender. Take up, wipe dry, lay in a baking pan, sift little flour over them and brown in oven. There will be enough fat in the pan for the gravy. Heat it, stir in one heaping tablespoon of flour and stir well until lumpy disappear. Turn into this flour and fat one and one-half cups of cold water and allow to boil five minutes. Place the ribs on a platter, peel the potatoes which have been boiled with their jackets on, place them around the ribs and send the gravy to the table in a gravy boat.

This dinner will be eaten with a relish by every one in the family.

## KITCHEN HELPS

Permanganate of potash will cleanse dirty filters of all impurities. A solution should be passed through the filter until it comes out as pink as when it was poured in.

Tar may be removed from the hands by rubbing with the outside of fresh orange or lemon peel and drying immediately. The volatile oils dissolve tar so that it can be rubbed off.

Cayenne pepper is excellent to rid cupboards of mice. The floor should be gone over carefully, and each hole stopped up with a piece of rag dipped in water and then in cayenne pepper.

When a tin lid is very hard to remove instead of struggling to loosen it with a knife just hold the tin up sideways and give a few taps with a hammer, and it will loosen immediately.

Very frequently when separating the whites from the yolks of eggs the yolk becomes broken and falls into the white. Dip a cloth in warm water, wring it dry, and touch the yolk with a corner of it. The yolk will adhere to the cloth, and may be easily removed.

If great care is not taken flat irons easily become rusted. The following is a good way to clean them when this occurs. Tie a lump of beeswax in a piece of rag, and when the irons are hot rub them with this. Then rub them well with salt on a cloth, and they will be quite smooth and clean.

Stomach gas is frequently caused by fermentation of foods not properly digested. Intestinal fermentation causes intestinal gases. Sour milk and cheese diet diminishes it. Over-eating, hurried eating and too long waits between meals are all common aids to the formation of stomach gas.

If what seem to be "mere colds" were less commonly neglected tuberculosis would more often be caught in its incipient stage and pneumonia and diphtheria would frequently be prevented.

Criticism of Municipal Financing Makes Monetary Times Speak Out.

(Canadian Press Despatch)  
TORONTO, June 26.—"It was not what he said but the nasty way he said it," seems to sum up the injured feeling of Canadian municipalities regarding Mr. Horne Payne's criticism of civic financing," says the Monetary Times. There is some truth in Mr. Payne's strictures but admitting that Canadian cities and towns have been heavy borrowers and that they have made minor mistakes, these facts remain: the volume of immigration brings every year thousands of new citizens to the urban centres. The welfare has to be financed. Only two Canadian municipalities have defaulted on their bond interest. This was many years ago, caused by the temporary circumstances of the war. The fact in both cases was soon made good. Canadian municipal securities still hold a high place in the esteem of the British, Canadian and United States investor. The chief reason for this is the same as for the other: seas is exactly the same as for the other: the volume of immigration brings every year thousands of new citizens to the urban centres.
