

THE ACADIAN.

WOLFVILLE, N. S., JULY 17, 1908.

The nominee of the Union Reform party in this county does not appear to be satisfactory to the editorial writer of the Western Chronicle. This is not surprising, seeing that no effort was made by the nominating convention to measure to the standards of that individual or his friends in the choice of a candidate. The fact that Mr. Eaton is not endorsed by this coterie should form a sufficient reason for his election. That the affairs of this county have been too long in the hands of men of the mental and moral calibre of the Chronicle scribe is becoming more and more apparent. It is time for a change.

The Conservatives of Pictou county at an enthusiastic convention held last week unanimously nominated Mr. C. E. Tanner, the talented leader of the opposition in the House of Assembly, as their candidate at the approaching federal election to take the place of personal reasons resigned the position. Mr. Tanner is a brilliant parliamentarian, being without doubt the ablest man of either party in the local house. While his departure from local politics will be a decided loss to the province, the broader spheres of usefulness to which he will be called are of such a nature that he will easily defeat E. M. MacDonald, the present member for Pictou in the commons.

The Unity of Interest.

Back of all civilization, all progress, all human development in the social and national, large lies the recognition of the greatest of all human facts—the unity of interest. By this all human forces are rightly co-ordinated for the efficient service of all, and made to fulfil their highest function. It is the germ thought from which springs the new impulse and inspiration that shall sometime transform this world of ours from a mass of antagonistic and straggling atoms into an orderly and advanced organization of co-operating units.

Much is heard to-day of what is known as 'class interests.' The term is not without its justification and wisdom. There are class antagonisms that must be recognized and resisted. There can never be unity of interest between the robbed and the robber. All the eloquent appeals of the latter for its recognition cannot avail. He is abnormal, and not part of the unified scheme of things. He is no more a part of the body social than a boil or a carbuncle is a legitimate part of the body human. And so long as there are any of these abnormal classes, pilfering a profit from their fellows by means illegal or otherwise, it is highest wisdom to refuse to be blinded by the dust of a sweeping assertion.

But underlying such abnormal antagonisms lies the great fact of the common duty of all men in all the interests that are normal and healthy. In the fundamental concerns of life, all men are at one. They are one in the possession of red blood, of human nature, and of the realities that make life worth while. However different they may be in the fulfilments of flower and fruitage, the root is the same. In the greatest facts and the closest relations of life, there is the fullest unity. In all the realities, all men are kin. Differences are superficial.

To put this principle into action is the highest function of the citizen. All this striving for one's own selfish interest is not only selfish—it is misdirected and fruitless effort. It defeats its own ends. Boomeranglike, such efforts only return to self hurt. Strike any other man, whoever he may be, and you have in reality struck yourself. Rob him, and you have stolen from yourself. The sharper the game you play in business, the more does it cut you. Commercial competition is at bottom the strife of the one hand against the other. Where the gain of one man or of one class results in the loss of some other man or class, there is net loss, and no gain whatever.

What ideal could be better or bigger than that of making this Canada of ours the nation that makes this principle dominant in its life and aims? Never yet has any nation committed itself frankly to this splendid law, working it out into social action and industrial method. Never yet has any country had the fine ability to believe that the interests of the lowest and meanest man within its borders were identical in every respect with those of the noblest and best in the land, and shown its faith by enactments that placed his interests on a level with those of the strongest and most successful. Herein lies our finest opportunity. It may be our unique mission among the nations—to exact the rights of the lowest, to proclaim the dignity of the meanest, to assert the essential place and power of the weakest—let it be known that here no man stands alone, engaging in a barbaric individualistic struggle for existence, but as one of many—as one of all.

Mr. Robertson, the ex-Minister of Railways, has experienced a revival. He addressed a liberal meeting at Moncton a little ago, and intimated that he is still the leader of New Brunswick Liberals. Charles Hyman will be coming forward next to represent Ontario Liberalism, and Sir Frederick Borden that of Nova Scotia.

Those indebted to this office will help us greatly by making prompt payment.

As It Stands.

Business opinion with regard to the Laurier Government is that another term of office for that extravagant, grafting outfit will mean ruin for the country. The latest financial exploit confirms this view. In December last the estimates of expenditures for the present year were laid before Parliament. They called for the extraordinary and unexampled sum of \$119,237,091. Since then there has been a remarkable fall in the revenue. In April there was a drop of more than a million. In May we had a like experience. For the month of June the reduction in the revenue, compared with last year, was \$1,614,000.

Along with the declining revenue we are suffering a loss of credit in the money market. The Finance Minister tried to borrow \$25,000,000 at 3 1/2 per cent. the other day, and while the underwriters took hold of the loan, the public did not. So that we cannot borrow now at 3 1/2 per cent. although a few years ago, when the country was enjoying the results of a careful and honest administration, we were able to get money, all we needed, at 2 1/2 per cent. It is to be doubted that we can to-day raise money at 4 per cent. which is 1 1/2 more than was contracted for in 1897, one year after the late Government went out. Now our revenue is decreasing, and our credit is being lowered. In 1897 our revenue for the services of the current year, and after incurring a debt of \$2,850,000 in the purchase of seed grain for the West, comes down with supplementary estimates calling for \$10,565,000 more. This makes the expenditure propositions for the current year no less than \$12,752,000. If we want to know what this means, let us contrast the figures of to-day with those of a few years ago. Here they are:

1896\$ 41,702,383
1908108,778,000
1909132,752,000

In 1896 our outlays stood at \$8.14 per head. Last year they reached \$18 per head. For the present year the estimate, which stood at \$20 per head a few days ago, has now been lifted to \$22 per head. For the fiscal year ending last March we had a deficit of \$12,688,000, so far as acknowledged by the Government. This was when we spent \$108,778,000 and had a large income. This year we are to spend \$132,000,000, and we have a reduced income. That the deficiency will be large goes without saying.

We shall be fifty or sixty millions behind. Where is that money to come from? We must borrow it from the money lenders who to-day refuse to lend us money at 3 1/2 per cent, and perhaps more. We are now getting a taste of the effects of graft. The policy of graft works in many ways. We meet with it in the 'take-off,' under which the partisans of Sir Wilfrid charges the country for supplies or for land twice the proper price. We meet with it again in such operations as the North Atlantic Trading Company, in which the country pays hundreds of thousands of dollars for nothing. We are confronted with it once more in the outlays that are made on public works, not for business purposes, but solely for politics—the wharves and breakwaters, for example, that are employed to ensure the election of Fielding. Again, it is forced upon our attention in those enormous and useless schemes that are entered upon, not because of their national value but because of the work they give to the contractors, who, in turn, are bled for the election funds.

For the carnival of graft we are already paying dearly. During the past twelve years there has been taken from the channels of business no less than \$228,000,000 more in the shape of taxes than would have been taken had the Conservative scale of taxation been adhered to. This drain upon the people is one of the causes of the depression which business has experienced. We have suffered for the extravagance and the dishonesty of our Ottawa rulers. The new scale of expenditure—\$132,000,000 in one year—means either that we must have a bigger debt, or that there must be heavier taxes. In either case the situation is disastrous. More taxes will reduce the purchasing power of the people. More debt will impair the credit of every man doing business abroad. We have to do something with the situation which the Ottawa politicians have brought about, and the only solution of the difficulty at present in sight is an absolute change of men and of methods.

A Worthy Movement.

The following resolution made by Rev. R. F. Dixon, seconded by Mr. O. D. Harris was unanimously passed at the meeting of the Board of Trade held last Wednesday.

"That a committee consisting of Messrs. J. F. Herbin, R. W. Starr, W. T. Ford, I. B. Osken, and the mover and seconder, with power to add to their number, be appointed to consider the matter of procuring a public athletic ground, to report at a special meeting of the Board. Con- venter, Mr. J. F. Herbin.

To Editor.

DEAR SIR:—Permit me to very heartily commend this movement to the people of our town and to solicit your own co-operation. School playgrounds is quite inadequate. You will hear from us again.

Yours very truly,
R. F. Dixon.

School Examinations.

The following letter in Wednesday's Halifax Herald on the public school system contains a large measure of truth and sound common sense:—

Sir,—Just a few days ago I read a most timely article in your paper, discussing the duration of the scholastic year for the teachers and pupils under our provincial school system.

I thank God that we have at least one metropolitan publication which seems to understand that the 'white man's burden' is bearing too heavily upon our public school teachers and their pupils. Of course, the working time of the educational year might be shortened, with a most decided advantage and profit to all concerned. As you very truly say, 'The college professors and students find the collegiate year of quite sufficient duration,' why then should our younger students and their teachers be required to wear their lives away at season, when all might be much more profitably employed in enjoying and studying the wonderful workings of the evolutions of nature as they are gradually being unfolded day by day.

However, your proposition, sir, will not be acted upon unless the parents of children bestir themselves and make it clear to the members of the Board of Education what their wishes are in this matter.

If it were possible that Christ could have visited Halifax during the last week, certainly somebody would have received a well merited 'scourging with whips,' from Him who has said: 'Whoever shall cause one of these little ones to offend, it were better for him, etc. Just think of those poor children taking the government examinations last week, many of them at a most critical period of their existence; held up by cast-iron regulations, and controlled by most arbitrary applications of the same, compelled to fill in answers to questions propounded by 'list of ages professors' who could not answer them themselves in twice the time allowed to the students; indeed it would make little difference if most of them were never answered by anybody, for all the practical value they bear to the needs of the average student's future existence. But the 'poor innocents' with the mercury registering in the vicinity of 90 degrees, are expected to make a high pass mark on all the 'fool questions' put to them.

The poor children would need to have the wisdom of the 'gods' to make a 'pass mark' under fair and ordinary conditions; but, considering the abnormally high temperature of last week when the examinations were on, would it not be a just and gracious act if the department would grant some special concession to all students making any fair average, and who passed through the ordeal without suffering physical collapse?

Let the parents of the school children of this country insist most emphatically that this system of retardedness to the children, must after this year, cease forever. A teacher's certificate of efficiency for the school term should be quite sufficient for the grading of any pupil under our common school system.

Dartmouth, N. S.

Appointed to University Chair.

At a special meeting of the Senate of the University of New Brunswick, held in Fredericton on the 14th inst., Rev. Wilfred C. Kierstead, Ph. D., was appointed to the Chair of Economics and Philosophy, made vacant by the resignation of Dr. Mandanah. Dr. Kierstead is at present in charge of the United Baptist church at Woodstock, N. B. He is one of the most eloquent speakers in the province, and is a most forcible, energetic educationalist and social reformer. The U. N. B. is to be congratulated upon their new professor in Philosophy.

Beaver Flour

is the crown of the wheat—the choicest Manitoba Spring Wheat and Ontario Fall Wheat.

It contains the good qualities of both, makes wholesome, nourishing Bread and Macaroni like Manitoba flour—and light, easy Cake and Pastry, like Ontario wheat flour. It also yields MORE of both to the barrel, than any other.

Good cooks say that their greatest help in baking day, is BEAVER FLOUR. Try it.

Beaver Flour is sold on all kinds of flour, barrels and cases, by the following Wholesale Dealers and Grocers:

NYAL'S SPRING TONIC

A Pleasant Bitter. Purely Vegetable. An Energizer & Stimulant.

Composed of those vegetable Tonics, Bitters, etc., which supply the system with material that has been benighted during the winter. At the spring season the body craves just these elements which are combined in the proper proportions to produce the greatest human energy.

An Excellent Tonic for any season but particularly necessary in the Spring. Banishes that tired, lazy feeling that comes as a result of the too close confinement of the winter months. Gives a snap and spring to the indolent muscles, braces up the tired nerves, and stimulates the appetite. Makes work a pleasure. Gives a zest to the daily task and supplies that comfortable feeling of confidence and ability that comes when the whole human mechanism is working in a normal healthy condition.

C. H. BORDEN, WOLFVILLE.

Boots, Shoes, Men's Furnishings, Hats and Caps, Trunks and Valises.

Canning Items.

Rev. Dr. Crowell has returned from his vacation and will occupy his pulpit as usual on Sunday.

Mrs. Joseph Sellar entertained her Sunday school class and other young friends on Wednesday evening.

The death of Mrs. Neil Brewster took place on Wednesday, the first of July, after a lingering illness. The funeral services were held on Thursday in the Baptist church, of which deceased was a member.

The axe factory of Blenkhorn & Sons is closed down for repairs. Mr. and Mrs. R. D. G. Harris, are receiving congratulations on the birth of a daughter.

Misses Hildah Blenkhorn, Deborah Crowell, Alice Eaton and Will Caspe have returned from taking the Provincial examinations at Kentville.

A daughter was born to Mr. and Mrs. Clarence Spinney, June the twenty-third.

The Canning Brass Band furnished the music at the Strawberry and Ice-cream Festival held at Church Street on Friday evening.

Miss Eva Wambolt, of Halifax, is visiting at Mrs. J. A. Melvin's.

Miss Lydia Spurr, who has spent the past year here with her sister, Mrs. Halle Bigelow, and attended school, left last week to write the examinations at her home in Wharton, Cumberland county.

Miss Cochrane has finished her class in embroidery and sewing here, and is now spending the summer with her nephew in New York.

Principal and Mrs. Gesor left last week for their home in Belleisle, Annapolis county. We regret to state that they do not expect to return in the autumn. During their residence among us they have made a host of friends and will be greatly missed both in church and social circles.

Canning Division is still in running order, in spite of the fact that the band gives open air concerts every Thursday evening, the night of music.

Following are the officers for the quarter: W. P.—Victor Eaton. W. A.—Miss Julia Baxter. R. S.—Henry Potter. A. R. S.—Miss Kathleen Sturk. F. S.—Miss Belle Pattequin. Treas.—Mrs. Emeline Bigelow. Chap.—Mrs. Charles Lockwood. Cond.—Clarke Harris. A. C.—Miss Jessie Crowell. O. S.—Willbar Cook. W. P. P.—Miss Annie Eaton.

ROOF AND SIDES. PAROID ROOFING. If you believe in Quality, if you want the best for your money, if you want Durability and Satisfaction, you will insist upon having PAROID ROOFING.

L. W. SLEEP. HARDWARE AND PAINTS.

Personal Mention.

Dr. Cohoon returned on Saturday from a vacation trip of a few weeks.

Miss Annie Abbott, who has spent the past year in Vancouver, arrived home on Tuesday of this week.

Dr. and Mrs. Barrs have returned from Lakeville, Conn., where they have been spending some weeks.

Dr. and Mrs. Gordon Bill arrived in Wolfville yesterday, on a visit to the former's parents, Mr. and Mrs. C. R. Bill.

Dr. Theodore Boggs arrived in town on Tuesday to visit old friends, and is receiving congratulations of the recent honors won by him at Yale.

Rev. Dr. DeBolis arrived in town on Thursday evening of last week. His arrival was rather unexpected, his family did not expect him for a few weeks yet.

Mr. and Mrs. J. Howard Barrs are spending the week at Port Lorne, enjoying the cool breezes of the Bay of Fundy. They left on Monday with their own carriage.

Dr. Owen B. Keddy, of Liverpool, arrived in town on Tuesday. Mrs. Keddy has been here for some weeks, visiting at the home of her mother, Mrs. Geo. Cook.

Rev. Dr. Dill, formerly pastor of St. Andrew's church, was in town on Wednesday, on the way to his old home in Hanra county. Dr. Dill is now located in Illinois.

Dr. and Mrs. W. L. Archibald and family left yesterday for Milton, Queen county, Mrs. Archibald's old home. They will be away from Wolfville some weeks.

THE ACADIAN had a pleasant call yesterday from Mr. A. E. McLeod, one of the leading business men of Parrashore. Mr. McLeod was formerly for some time a resident of Wolfville and has many friends here who were glad to see him again.

Dr. and Mrs. Keitstedt and family, of Toronto, arrived in town on Thursday evening of last week. Dr. Keitstedt left on Saturday for St. John. Mrs. Keitstedt and family remained until yesterday when they went to Port Lorne to spend some weeks.

Laurie D. Cox, son of O. W. Cox, superintendent of schools, is with his parents. He was a graduate from Harvard University last month in the department of landscape architecture and his degree was granted 'magna cum laude.'—Springfield Republican.

The engagement is announced of Miss Gertrude McIntosh, of Truro, and Mr. J. Willis Margeson, barrister, of Bridgewater. The marriage takes place in September. Miss McIntosh was formerly a very successful teacher in the Wolfville public school, and has many friends here.

The degree of Doctor of Divinity has just been conferred by a South Carolina college upon an eminent Presbyterian divine, Rev. J. K. Fraser, native of Alberton, P. E. I. The newly capped D. D. is known by many in Wolfville, having visited our town some years ago as the guest of his brother, Rev. D. J. Fraser, then pastor of St. Andrew's church. Dr. Fraser was his father's successor in the ministry at his native place where he labored for seven years. He is now the minister of a large congregation in Charleston, S. C. He is a preacher of great power, and belongs to a family of preachers.

Ask your tailor for 'Briny Deep' Serge.

Estimates For Kings County. Among the items of supplementary estimates brought down in parliament last week appear the following for expenditure in this County: Avonport pier, repairs, \$2000; Canada Creek, extension of breakwater, \$2000; Habitant River, extension, wharf at Canning \$2000; Kingsport, extension of pier, \$7000; Scotts Bay, extension of breakwater, \$2000.

For Wolfville public building \$2000 is asked. For additional amount required for steam communication between St. John, Margareville, Port George, Harberville and Morien, N. S., \$1000. For extension of east pier at Margareville \$2,500.

The death of Capt. Wallace Buchanan, late of S. S. Ocampo of the revenue or black line, took place at his old home, Grand Pre, on Wednesday, the 8th July. The remains were interred in the burial ground of the old Presbyterian church, Grand Pre. The funeral service was conducted by the Rev. David Wright, of St. Andrew's church, Wolfville. There was a very large attendance of people from the surrounding districts.

Capt. Buchanan died in the house in which he was born 57 years ago. He had been with Pickford and Black for over ten years. He leaves a widow, nee Lathin Ross, daughter of the late G. E. Ross, barrister-at-law, St. John, N. B., a mother, six brothers and two sisters. His brother John is in Santiago, California; David, James, Everett, and Ada (Mrs. White) are in and around Boston; Arthur and William are on the old homestead and Florence (Mrs. Hennessy) lives in Wolfville.

Capt. Buchanan's death was sudden and unexpected. When he came home about ten days before he died he felt that he would soon get better, but the trouble which proved fatal had too firm a hold of his system and the end came suddenly. Much sympathy is felt for the bereaved family.

These seeds are in bulk and any quantity can be purchased. We also guarantee the quality, and price to meet all competition for like quality seeds.

T. L. HARVEY, WOLFVILLE.

Obituary. At Newtonville, July 10th, the death of Mr. Michael Jordan took place at the home of his son, Charles A., at the advanced age of eighty-six years and eight months.

He was baptised into the 2nd Horton Baptist church by the late Dr. [Name] at the age of fourteen and one year. His life gave evidence of the reality of his conversion. He dearly loved the church and all its gatherings, and his voice will be much missed in the social meetings which he attended so regularly.

Two brothers, Mr. Jehiel Jordan, of Cape Cod, Mass., and Mr. Grandison Jordan, of Canning, N. S., and one sister, Mrs. Masiner Cleveland, of Gasperau, survive him. He leaves an aged widow to mourn the loss of a kind and considerate husband. Their married life has extended upward of sixty years.

The surviving children are Henry A., of East Boston; Leverett, of Dorchester; Mrs. C. A. Schofield, of Medford, Mass.; Mrs. Harman Schofield, and Charles A., of Newtonville. Funeral services were held at the house Sunday afternoon. A fitting sermon was preached by Rev. J. Williams from Mark 9th and 10th. The resurrection of the dead.

The strawberry festival held last Friday on the rectory grounds at Church Street, in connection with St. John's church, was very successful, reflecting great credit on those who had the management in hand. The several booths were very pretty and tastefully decorated. Special mention might be made of the palmyrista booth, which showed much originality. The music by the Canning band was greatly enjoyed. The grand total of over one hundred and seventy-three dollars was realized. The committee in charge wish to thank all those who contributed to make the affair so successful.

For the skin troubles of babyhood Dr. Chase's Ointment is a magic cure. It is wonderful how promptly it always relieves the suffering of little ones who are tormented by sunburn, itching eczema, and other skin troubles. Mothers often find themselves helpless before the itching and burning which torment so many young children, but we have to hear of a single case in which relief was not obtained by Dr. A. W. Chase's Ointment.

This soothing, healing preparation is also used as a cure for chafing and all skin irritations. Mothers who once use it for this purpose do not think of returning to poisonous, smarting powders. It costs a few cents at all dealers or Edmundson, Bates & Co., Toronto.

Minard's Liniment Cures Garget in Cows.

Gleaned by the Way.

The automobile must go! exclaims a rural exchange. 'Sure, brother. It isn't worth much if it doesn't.'

The worst punishment that could be inflicted on the man who thinks he can run things better than any one else, is to let him try.

'A man told me this morning I looked the image of you.'

'Where is the fool? I'll thrash the life out of him!'

'Too late. I killed him.'

Protect the Lungs.

By using Dr. Chase's Syrup of Linseed and Turpentine at the first indication of throat irritation you overcome the cold before it gets a hold on the bronchial tubes or lungs.

Beacon—Do you think it is proper for a man to say things behind his wife's back?

Egbert—Well, if he's trying to button her dress, how can he help it?

'You are losing flesh, old man,' said Johnson.

'Yes, I know it,' returned Smith. 'I have been shaving myself since Christmas with a razor my wife gave me.'

Twenty-Five Cents is the Price of Peppes.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price 25 cents. For sale by Rand's Drug Store.

Teacher—Wait a moment, Johnny. What do you understand by that word 'deficient'?

'It's what you've got when you haven't got as much as if you just hadn't nothing.'

Switzerland's Bees.

According to the most recent returns there are in Switzerland about a quarter of a million beehives, or one to every 12 inhabitants.

Are You a Dyspeptic.

Nine people out of ten suffer from dyspepsia and don't know it. Half the pale cheeks, poor appetite and sleepless nights are the direct result of dyspepsia.

A Sun Motor.

A sun motor was one of the objects shown at the recent exhibition in Madrid.

Indescribable Torture of Piles.

Mrs. George H. Stewart, Grand, Russell Co., Ont., writes: 'For eleven years I suffered from bleeding, itching and protruding piles without success.

She—Now that we're engaged you must give up your expensive habits.

He—Then we must break the engagement.

She—Why?

He—Because you are my most expensive habit.

'If you didn't take so much interest in horses you would be better off,' snapped Mrs. Growler.

So Say We.

The following from the Halifax Herald expresses our views on a subject which is engaging the attention of the thinking people of this province:

'In some rural school sections, peculiarly situated, where it is difficult to maintain or attend school in winter, summer schools are undoubtedly a necessity.

'At any rate, all thoughtful and humane parents in Nova Scotia will admit, without hesitation, that it is a shame and a scandal to have children shut up in school rooms in such hot weather as we have been having during the past month, and that it will be all less excusable to discontinue them now for a brief six weeks, only to collect and pen them up again in the blazing days of middle August and early September.'

Are Your Joints Lame.

Have you a weak spot, a place where cold and inflammation always settles? Whether it is in the neck, side, joints or limbs—the cure is simple—a good rub with Nerveine and then apply Nerveine Porous Plaster.

These great rubefacients invariably cure strain, swelling, weakness and muscular pain. There is no mystery about this. Nerveine is the most penetrating liniment known—consequently it gets where the trouble really is.

The incumbent of an old church in Wales asked a party of Americans to visit his parochial school.

Switzerland's Bees.

According to the most recent returns there are in Switzerland about a quarter of a million beehives, or one to every 12 inhabitants.

"Sunshine" Furnace

Where Shaking is Respectable

A Draft of furnace done, with no other assistance, is sufficient to overcome the dust nuisance in shaking time.

In "Sunshine" Furnace the legitimate dust outlet is provided. It's a great big dust-pipe running straight from ash-pit to dome, thence to chimney.

Always the clean and quick dust route in "Sunshine" Furnace—via grate, to pan, to dust-pipe, to dome, to chimney, to open air.

Write to us for "Sunshine" testimonials received from your own townspeople.
