

MARRIED IN OLD LONDON.

Wedding of J. B. Gillies and Miss Roach To-day.

A Number of Hamilton People Attended the Event.

Armstrong-Weldon and Foote-Knox Weddings In This City.

The marriage took place in London, England, to-day of Mr. James Bunting Gillies, of the wholesale stationery house of Bunting, Gillies & Co., this city, and Miss A. Isabel Roach, daughter of the late ex-Mayor George Roach.

A quiet wedding took place at Centenary Church last evening at 7 o'clock, when Mr. Robert Armstrong was married to Miss Susan Weldon, youngest daughter of Mrs. F. Weldon, 62 Garth street.

Yesterday afternoon at 5 o'clock the wedding of Miss Cecelia Knox, youngest daughter of Mr. John Knox, police sergeant, and Mr. William Foote, was solemnized at the residence of the bride's parents, 530 James street north.

A very pretty wedding took place yesterday at the home of Mr. and Mrs. Wheeler, Appleby, when their only daughter, Hannah Mae, was married to Mr. John Dick, of Hamilton.

ST. CATHARINES WEDDING. St. Catharines, Ont., Sept. 30.—(Special.)—A pretty wedding took place at the home of Mrs. Henry Moyer yesterday afternoon, when her daughter, Austella, was married to Harry L. Couze, of Ridgeway, formerly of Beamsville.

C. B. LINTON. Well-Known Insurance Man Is Retiring To-day.

Mr. C. B. Linton, general agent of the Mutual Life Assurance Company of Canada in this city, retires from the company's service to-day, on account of the condition of his health.

FELL ON SAW. KILLED TWO AND HIMSELF.

Alfred Dayton Terribly Injured at Caledonia Yesterday.

Alfred Dayton, of Caledonia, accidentally fell across a circular saw in a lumber mill there yesterday, and besides having his right arm completely severed above the elbow, he had a cut extending from his left armpit across the shoulder with a large piece of flesh cut right out over the shoulder blade.

VERY SMALL.

A Record In Cost of Jurors at the Assizes.

Mr. Archibald Cochrane, county treasurer, announced this morning that the sum paid to the grand jury at the assizes just closed, for its services, amounted to \$103.20, and to the petit jury \$227.40, making a total of \$330.60.

TAGLERINO COMMITTED.

On Charge of Cutting and Wounding John Deak.

Wrong Man Summoned In a Gore Park Case.

Auto Speeding Case From the Township of East Flamboro.

John Taglerino, 398 Sherman avenue north, was arraigned again this morning in Magistrate Jelfs' court on a charge of cutting and wounding John Deak, on Saturday night, Sept. 19.

Deak said he, in company with two other Poles, went into the prisoner's store to buy some tobacco on the night in question, when some Italian in the store said, "Get out of here, you Poles!"

The officers then told of seeing a quantity of blood outside the store. They followed a trail to a house on Imperial street and found Deak, badly cut, who said Taglerino was his assailant.

A. M. Lewis appeared for the prisoner, pleaded not guilty, and declined to elect. He was committed to trial.

To-day's redskin representative was John Smith. "Were you drunk yesterday?" roared the sergeant. But John paid no heed.

"I found him like a dead man in a ditch on Barton street," said P. C. Tuck, in giving evidence against Edward Henry, from the Six Nations reserve. He paid \$5.

James Findlay, the Gore Park officer, appeared against John Graham on a charge of being disorderly. Findlay said (Continued on Page 10.)

ON TRIAL.

Mr. and Mrs. Maher Will Get Two Children Back.

Judge Snider announced this morning that he would allow Mr. and Mrs. Charles Maher to have their children, under the care of the Children's Aid Society, and would give the parents a chance to prove themselves capable of taking proper care of them.

OUR OYSTERS.

Our oysters are fine, you will think so if you once try them. Their flavor will make you hungry, shucked the day they are caught, then hurried on to us by express in sealed packages that are ice-lined. The selects are large fat ones. The standards as large as ordinary selects. Haddie and ciscoes arrived to-day. Bain & Adams.

He has been color-sergeant in the Highlanders since the time when the regiment was first organized, and has now been appointed to the staff as pioneer sergeant, and it was for that reason that his comrades honored him. After the parade he was asked to go down into the basement, where he found his comrades waiting for him before a well-filled table. He was taken completely by surprise and as a surprise usually follows another, such was the case when the Morris chair was brought forth from an adjoining room. Captain Turnbull made the presentation and referred to the splendid record of Mr. Kidner since he was first appointed to the ranks.

C. P. R. MAY USE C. N. R.

And Terminate Agreement With Grand Trunk Railway.

Rumor to That Effect Reached City Hall To-day.

Said to be Dissatisfied With Way Trains Are Delayed.

The air is charged with railway rumors these days. The latest report to reach the City Hall is that the Canadian Pacific will terminate its agreement with the Grand Trunk for running rights over that company's tracks to Toronto as soon as the Canadian Northern is built, and will use the Mackenzie & Mann route to reach Hamilton.

The reason ascribed for the proposed new arrangement is the way the C. P. R. trains from Toronto are delayed at rush times, owing to the heavy traffic over the Grand Trunk line. It is believed that the combined traffic of the C. P. R. and C. N. R. over the latter's right of way would not be as heavy as the Grand Trunk traffic at present between Toronto and Hamilton.

Although the general impression is that the agreement by which the C. P. R. uses the Grand Trunk tracks has many years to run, yet the city officials say they have been given to understand that the arrangement can be terminated at any time by a year's notice from either side.

It was impossible to get any official confirmation of the story at this end. The C. P. R. and Canadian Northern people are said to be very friendly, and Dan Mackenzie, of Mackenzie & Mann, is said to hold considerable stock in the C. P. R.

The fact that both these roads are interested in the union station scheme lends color to the story. The C. N. R. has its route surveyed. It will enter the city from the west over the Desjardins Canal, using a new bridge, and expects to be running trains to Hamilton within a year.

The city officials have received an intimation that the T. H. & R. will take up the union station scheme with the city as soon as the new manager and superintendent, H. H. Adams, of St. Thomas, is installed.

CANNOT COME.

University Evangelists Tired Out After Long Campaign.

The committee which has had charge of the bringing to the city of the Victoria University Evangelistic Band, of Toronto, which was to have spoken here under the joint auspices of the Y. M. C. A. and the Ryerson Church, received word last evening that the engagement would have to be cancelled owing to the fact that some of the more prominent members of this band are physically unfit to come. The young men have been in active evangelistic work in Toronto and elsewhere since the closing of college last May, and are thoroughly tired out, and while reluctant to cancel their engagement here, they felt that under the circumstances it is the only thing to do. It is expected that a little later in the year they may be able to come.

This unforeseen decision has come as a great disappointment to the local workers among the young men in this city. The services on Sunday in the Y. M. C. A. and also in Ryerson Church however will be of a special evangelistic nature and some of the university men are expected although the regular band will not be here.

HIS REPLY.

Grand Jury Evidently Did Not Know the Facts.

Magistrate Jelfs was asked this morning if he had any reply to make to the criticisms of the Grand Jury as contained in its presentment, published yesterday. He made the following reply: "If the grand jurors had half the anxiety to be just to the Magistrate as they apparently were to censure his actions they would have taken the trouble to ascertain as they could easily have done, that the old man in question was sent to jail as a vagrant at his own request, and that a fine was imposed with the object only of enabling the Magistrate to release him again whenever the prisoner wished it. Many old men ask to be sent to jail preferring to go there than to the House of Refuge, and the Magistrate has always so committed them that they could be released again at their own pleasure. He never heard that this man asked to be released until quite recently, when Governor Oglevie of the jail, said the man did and was to be released one day, and asked to remain the next."

North West Missions Under Consideration This Morning.

At this morning's session of the Women's Missionary Society Board very little business was taken up, the time being mostly occupied with the reading of the reports from the mission fields, that of the Northwest fields being about the only interesting feature.

Rev. E. B. Lancelotti opened the session and conducted the devotional exercises. The report of the mission work in the Northwest and British Columbia dealt with the advancement of that work and the need for additional effort. Rev. T. Ferrier, Superintendent of the mission work for the General Methodist Board, and also Superintendent for the W. M. S., discussed the mission situation with the ladies, and dealt fully with the great work which the society is accomplishing. He spoke of the schools and hospitals, in some of which more teachers and nurses are needed.

WILL FORCE THE ISSUE.

Power Account For Last Quarter Due To-morrow.

And City Believes Cataract Company Will Act Now.

Mayor Arranges Power Meeting For To-morrow Night.

Now that the action of R. S. Morris to restrain the city from entering into a contract with the Hydro Commission has failed, the aldermen will make another effort to adjust the power tangle at the least possible expense to the rate-payers. Mayor McLaren lost no time after Chief Justice Meredith's decision was made known in arranging a meeting of the Power Committee for to-morrow night to deal with the situation. Just before the Morris action was begun the committee agreed to recommend the Council to take 1000 horse-power from the Hydro Commission on condition that the city would not be bound to take all its power from the Commission, and could increase the amount required as it saw fit.

"We are in shape now to go ahead and do business," said the Mayor. "I think the Council favors the resolution passed by the committee, but the aldermen, I believe, will insist that it is made quite clear that its city shall not be forced to take all its power from the Commission. We have an assurance from the Hydro people that they will consent to this."

"The Judge's decision," said City Solicitor Waddell to-day, "means that the city can, without any question as to whether the Cataract contract is valid, enter into a contract with the Commission if it sees fit. It is now up to the city to get the best possible terms from the Commission."

The general impression in civic circles to-day is that the company will take the bull by the horns now and sue the city for the amount due for power under the contract passed by last year's Council. The city has already refused to pay an account of \$1,200, rendered under this contract. The account for the last quarter will be due to-morrow.

Another effort will be made to-day to arrange a conference with the street railway officials about next year's work, so that a by-law can be submitted to the Council at its next meeting. The aldermen are certain the company will complete the rebuilding of the old part of the system next year, which will leave it free to deal with extensions in 1911. Those, however, who are aristocrats of service could do a great deal more and finally be called by the Master to a great reward.

Rev. Mr. Mills came here from Marietta, Ohio, to look over the field and if favorably impressed will accept the call in a week or ten days. He returned to his home to-day.

Prospective Pastor of Baptist Church Made Fine Impression.

A very large representation of the congregation of James Street Baptist Church was present at the church last night to hear Rev. J. T. Mills, Ph.D., preach. Mr. Mills has been called to fill the vacancy made by the resignation of Rev. J. C. Sycamore, and made a very favorable impression on the audience by his address last evening. He chose for his text Matthew xx, 26, "Whoever will be great among you let him be your minister and whosoever would be first among you let him be your servant." The speaker divided the discourse into four parts, aristocracy of blood, wealth, achievement and service. Regarding blood there were few, who like King Edward VII., could trace their ancestors back for centuries and if they could many might be ashamed. The limit of wealth for most people would not go beyond \$50,000, few would ever become illustrious, however, who are aristocrats of service could do a great deal more and finally be called by the Master to a great reward.

HAS RESIGNED.

William Gilbert Severs Connection With Saskatoon Brigade.

William Gilbert, formerly captain of the Central Station, has tendered his resignation as chief of the Saskatoon fire brigade. Information to that effect reached here to-day, and was confirmed by his wife over the telephone this afternoon. Chief Gilbert resigned his position here about five months ago to go west. He placed the department there on a very efficient footing, and a dispatch from Saskatoon says that general regret is expressed there because he is leaving.

Katharine's Sacrifice

It was that muffled cry, that Katharine had uttered last night at the mention of Gordon Smythe's name, that brought it all back so clearly to Ormande, and he felt disturbed, troubled, and thoroughly miserable during this bright August day that followed on a restless night, the day for which he had longed so eagerly. If Katharine would only come—she could only have one moment with her alone, the young man said to himself restlessly. He felt that he could not restrain himself much longer, but must pour forth this secret love burden, must learn his fate and so ease his heart.

HOUSEKEEPERS WERE SWINDLED.

Toronto Man and Woman Under Arrest in Pittsburg.

Pittsburg, Pa., Sept. 29.—Mr. and Mrs. Rundolph Bradley, who claim Toronto as their home, were arrested here tonight charged with swindling numerous women out of one hundred dollars each. The Bradleys, it is alleged, would advertise for a housekeeper for a large rooming house and would demand a deposit of one hundred dollars each as security. No applicant for the position held it more than two weeks, and in each case, the women claimed, they were victimized and were unable to get their money back.

NEWS IN BRIEF

GOOD FAIR BUT BAD DAY.

Ancaster Had a Large Lot of Excellent Exhibits

And the Racing and Other Sports Were Good.

Those Who Were Responsible For the Fair's Success.

Yesterday was the closing day of the Ancaster Agricultural Society's fair, and notwithstanding the unfavorable weather, the attendance was large. The entries in nearly all the departments were more numerous than in previous years, and the directors were confident that if the weather had remained fine they would have had a record-breaking attendance. The main feature of the day was the horse races, which were full of exciting interest from start to finish. The judges were Samuel Hamill, Joseph Harrington and Fred Small, whose impartial decisions were satisfactory to all. There were four entries in the three-minute class, Dr. Brown, owned by J. Kennedy, of Hamilton; Paddy Wilkes, owned by G. Morton, of Carleton Place; Billy H., owned by E. Halsey, of Dundas, and Dolly, owned by Howell Bros., of Flamboro. Dolly won the race in straight heats, Dr. Brown second and Billy H. third. Time—1:15. A mix-up occurred in the second heat of the race, when, without a minute's warning, another horse pulled in front of Billy H., causing him to stumble and fall. A large crowd gathered, but the horse was soon righted, when it was found that the only damage was a broken shaft.

WHITNEY'S TALK.

WHY HE DID NOT RETURN FOR COOK'S PROPERTY. Montreal Harbor Commissioners Made Initial Test of One for Shipping. Montreal, Sept. 29.—The grain elevating attachment to the Harbor Commissioner's floating crane, an invention designed especially for the port of Montreal, received its initial test before a gathering of shipping men and engineers this morning. The marine leg, as it is called, which will be used most in salvage cases, is the only one of its kind in existence, and attention was called to the importance of the invention in a current issue of an American scientific journal. It will be used mostly for high-decked vessels.

BRIDGE RICHELIEU.

The C. P. R. is to Start Work On It at Once. Montreal, Sept. 29.—Work will be begun at once on the C. P. R. bridge between St. John's and Ivesville, spanning the Richelieu River. The bridge will be 1,500 feet long. There will be a lift span in the center. The government intends widening the river at this point, and already the dredging is well under way. Although a double track will not be installed at once, provision will be made for double-tracking the bridge.

In Sir William Meredith's view of the matter there is nothing to prevent the City Council from entering into a contract with the Hydro-Electric Commission for a supply of electric power.

EDITORIAL NOTES.

Of 150 samples of ground ginger analyzed by the Inland Revenue Department, 21 were found to be adulterated, and 14 of doubtful quality.

Wonder who loaded up the Grand Jury to make that attack on Magistrate Jelfs, and did it get a correct view of the case?

Hon. Adam Beck and W. K. McNaught, of the Hydro-Electric Commission, held a conference with representatives of the Hydro-Electric municipalities yesterday to discuss uniformity in the several plants, it being an endeavor to secure standardization of outfits.

The Grand Jury condemned the carrying of pistols and recommended that the law be amended so as to make the penalty against such practice severer.

Walter Blythe, the Toronto wife-murderer, is to have a new trial. The question involved appears to be whether Blythe was intoxicated when he killed the woman.

If the Parks Board can afford to throw away \$20,000 on a piece of property that will take several times that much to make a park of it, away out on the Beach, why should it have to cut out of its programme the Beckett Drive and other expenditures within the city where the public can get the use of them?

The junior local Tory organ is dissatisfied with the Citizens' Committee's choice of controllership candidates. The special cause of its antipathy to the selection is Ald. Peregrine. It pretends to base its hostility to him on the fact that he is not a hydromaniac before a Hamiltonian.

In seven years the great powers of Europe have added £120,000,000 to their annual expenditures upon navies. This expenditure is an enormous burden upon the toilers of the world.

The Honorable L. P. Brodeur, minister of marine and fisheries for the Dominion of Canada, says that Canada's new navy is to be free from political influence.

Mr. George S. Kerr, K. C., intimated that he would appeal from Chief Justice Meredith's judgment, and it is probable that the matter will yet come before the full court for decision.

The question passed upon yesterday does not in any way affect the validity of the contract with the Cataract Power Company. That will probably remain to be raised in a suit by the company to recover the price of the minimum amount of power to be taken under it.

CREATING PEERS.

The busy cable man has again crushed Mr. Winston Churchill who has, it is said, been talking of the creation of peers and knights, by having Lord Knollys remind him that the creation of peers remains a royal prerogative.

But Mr. Winston Churchill was not so far astray as this Tory agent wishes to make it appear. The creation of peers is, as we all know, "a peculiar and uncommunicable privilege of the Sovereign."

The Toronto Sun is inclined to doubt that the United States will, at the end of March next, apply the discriminatory maximum tariff to Canadian goods.

The Citizens' Campaign Committee have selected Aldermen Lees, Peregrine and Cooper as men to be supported as candidates for controllerships. It is not decided that they will not approve of a fourth man or even more.

Toronto people might have cheaper street railway fares at any time they wished. The city took from the company in the last 12 months \$495,000 over the mileage dues charged as its share of the earnings, did nothing to help to make the service better, or to extend the road.

have an interest in the franchise, not a right to claim some return in cash to the city for their share?

Mr. H. H. Adams, who succeeds Mr. Fisher as general superintendent of the Toronto, Hamilton & Buffalo Railway, comes to Hamilton very highly recommended.

The West Peterboro' election trial is interesting as showing the kind of man upon whom the Tories depend to void Mr. Stratton's election. Twice, yesterday, the court refused to credit Tory witnesses.

The appropriation hunger appears to have struck all the spending bodies of the municipality. The aldermen have speculated on getting by-laws passed to give them half a million or so, why should not the School Board, the Parks Board and all the rest of them make a grab?

The movement against the maintaining of the insane in the jails ought to succeed. These unfortunates should not be treated as criminals. But the proposal to unload the expense of caring for them upon the municipality is not one that should be entertained.

OPENING AT ALEXANDRA.

Every Pair of Skates Out at This Popular Rink.

If there be any people who think that the popularity of roller skating is on the wane, the attendance at the re-opening of the Alexandra Rink last night was a decided refutation of that belief.

Patrons of former seasons were there in large numbers, as well as many others who had heard of the excellency of the rink as an ideal pleasure resort.

Punctually at 8 o'clock the military band was started and announced that the opening of the roller skating season had really taken place.

During the time the rink has been closed since last season a new floor has been put down, and it is indisputably a magnificent one.

As an additional attraction fifteen skating numbers were given, and the grand instrument played many of the latest classical and popular selections, set to skating time.

MOTION DISMISSED.

Before Cartwright, K. C., at Osgoode Hall, yesterday in Hamilton Bridge Co. vs. General Contracting Co., G. H. Kilmer, K. C., for defendant, on motion to stay action on ground of other proceedings, pending for same relief, H. M. Mowat, K. C., for plaintiff contra. Judgment: As it would seem that the plaintiff in the personal action may obtain a speedier and different and fuller judgment than in the other proceeding, it does not seem right to interfere. It can safely be left to the court or the referee to deal with costs and all other questions that may arise hereafter and prevent the defendants from being unduly burdened. The motion is therefore dismissed with costs in the cause, the plaintiff being raised now for the first time so far as I am aware.

# PETERBORO' ELECTION CASE.

## Justice MacMahon Orders Witness Out of Box.

## More Men Swear They Got Money in Liberal Rooms.

## Several Charges Dismissed—Almost "Broke the Bank."

Peterboro, Sept. 29.—Mr. J. H. Burnham's petition for the unseating of Mr. J. R. Stratton, member for West Peterboro, is encountering stormy weather. Twice in the course of to-day's hearing Justice MacMahon and Magge stated that they refused to believe witnesses for the petitioner, and in one instance a witness was peremptorily ordered to leave the box, as being unworthy of belief. The case in point was that of James Gates, who shamelessly admitted that, providing he was paid, he would be willing to make a false affidavit or sell his vote. Then it transpired that he had been paid \$50 by Mr. J. H. Burnham for a statement alleging that various electors had been bribed by prominent Liberals on election day. Judge MacMahon ordered the man to leave the witness box, and after, at the intervention of Mr. E. A. DuVernet, K.C., leading counsel for the petitioner, he had been allowed an opportunity to rehabilitate himself. Judge Magge informed counsel for the defence that there was no necessity to call evidence in rebuttal, as the court did not believe the statement made. The discrediting of Gates would seem to point to the rapid closing of the proceedings, for it is apparent that upon his statements the petitioner principally rested his case.

At the opening of the court, Mr. Watson raised a question of procedure. He pointed out that if the charges were not considered as they came before the court, it was impossible for him to keep in mind all the points for purposes of cross-examination in order that his client might have the full benefit of his assistance.

Mr. DuVernet—What I am endeavoring to show is that there was a regular system of corruption. Every obstacle has been put in our way, moved from the country, others have been seen and statements obtained from them, and all sorts of intimidation and bribery resorted to.

Mr. Watson—My learned friend has no right to say that.

Mr. DuVernet—The evidence shows it.

Judge MacMahon—I don't think that there was anything shown.

Mr. DuVernet—If people adopt a wholesale system of bribery they must take the consequences.

**IN THE LITTLE ROOM.**

Anthony Mongour was then called, and gave evidence as to his visit to the Liberal committee room. He walked right upstairs to the now famous little room and saw a man he did not know. "Did you get any money?" asked Mr. DuVernet, and Mr. Watson at once objected on the ground that no specific charge had been laid in connection with this witness, and in his attention their lordships upheld him. Mongour stated that he did not see anything wrong.

Sidney Pope went down to the Stratton's Liberal rooms after he voted.

Mr. DuVernet—Did you get any money there?

"Oh, yes."

"How much?"

"Two dollars."

"Where did you get it?"

"Upstairs in a little room."

"Who gave it to you?"

"Bob Leary."

Pope went on to say that when he walked into the room Leary put a two-dollar bill under a box, he picked it up and walked out. Leary had a wad of bills, "quite a size" it was, said Pope, who also said that he saw several other men go into the room. Harland and Pritchard were with him, and he heard a man whose name he didn't know tell Harland to come back in the afternoon.

Mr. Watson objected to a later statement. "Your Lordships will see that it might have been one of the detectives employed by the Conservative party. To spread these rumors was part of a scheme."

Mr. DuVernet contended that all such evidence was admissible as showing that it was a regular system for men to go to the committee room and then be told to return after they had voted to get money. Again the court upheld Mr. Watson. Pope said that he was told to go and vote, and to come back in the afternoon. Then he was driven to the polls with Harland and Pritchard in a buggy which was standing outside the rooms.

About 3 o'clock he returned to the committee room and Harland and Pritchard also turned up. After hanging around a bit, he heard that money was passing, and saw a man come out of the room. "So I walked in," said he, "and I've told you what happened." Sometime after the election he heard that proceedings were to be taken. He got a little afraid when Fairs came to see him and took him to see Mr. Stratton. "Mr. Stratton asked," said Pope, "I had received any money, and he told him no, and Fairs then took me to an office where Mr. W. S. Davidson prepared an affidavit, read it to me, and I signed it."

**JUDGE SAYS NO AGENCY.**

Mr. DuVernet—Did Fairs say anything about money?"

Mr. Watson—I object.

Mr. DuVernet—It is a question of agency.

Judge MacMahon—Oh, no; there is no agency. The election was over.

Pope said that before the election he got a dollar and a half a day of delivering hand bills and doing clerical work.

Mr. Watson in cross-examination, pressed Pope for his birthplace.

"You came from the east end of London?" he asked, and Pope promptly replied: "I came from South London, and it is good as any in Canada."

Then Pope was asked if he had not been supported last winter at a public soup kitchen; he admitted he was hard up, but denied receiving charity, and when he got work he helped to support his mother in England.

"Are you a man who tells a lie easily?"

"Not easily."

"Well, if you think it is in your interest?"

"If I am afraid."

"You will lie in your own interest?"

"Yes."

In addition to telling Mr. Stratton that he received no money, he repeated the statement to Mr. Davidson, as well as others. In fact he told both stories freely.

"How many lies have you told in this matter?" asked Mr. Watson, and the witness ingeniously answered:

"Not an awful lot."

"You were looking for money for your vote?"

"You made up your mind to sell your vote in the morning?"

"Yes, I did."

"When did you make up your mind?"

"On Monday morning, when I heard money was about."

"Anybody ask you for your vote?"

"Men on both sides asked me."

"Who paid you yesterday?"

"Mr. Burnham."

"Mr. DuVernet—Did Bryson say anything about money?"

"He never mentioned it."

"Who introduced you?"

"Deacon O'Brien."

"What did he say?"

"Mr. DuVernet—I can establish agency very clearly with Mr. O'Brien, and ask that his name should be added to the charge."

Judge MacMahon—No you cannot do that.

Witness went on to state that he had made a declaration seven weeks ago.

Judge Magge—Is this necessary?"

Mr. DuVernet—Well, I think it is vital. All our witnesses have been tampered with, declarations taken and signed statements.

Under Mr. Watson's cross-examination, the witness admitted that money was never even mentioned to him by anybody in connection with the election.

**SEVERAL CHARGES FAIL.**

Aaron Bouskill, who accompanied Swanger, was put in the box, but his evidence was merely gossip, and the court ruled it out, and in view of the decision Mr. DuVernet abandoned the number of other witnesses, and stated that he was seeking out a number of charges which admittedly could not be substantiated. Mr. Watson again protested that it was unfair, and bound to lead to injustice to his client if the petitioner was to be allowed to take up charge after charge, finishing none, and the court ordered that the whole of the evidence regarding Leary's conduct should be concluded before any other matter was touched upon.

Harry Butler claimed that on election day he was escorted to the little room by Leary, who put \$2 under a card box, and said Butler, "I told him I didn't think it enough, and he said, 'By—Mr. Butler, if they were all like you they'd break a bank.'"

Mr. DuVernet—How much did you want?

"I don't know; I got \$4."

"Was that after or before you voted?"

"Before."

Witness went on to say that he saw several other men go into the room.

At the opening of the afternoon sitting Mr. DuVernet announced that he had no other evidence to offer in support of the charges against J. P. Bryson and Mr. W. S. Davidson.

Judge MacMahon—Mr. Bryson has sworn that he paid money simply for clerical work. Mr. Davidson, who is a member of the legal profession, has also sworn that he supplied money to Bryson for the purpose of paying for this clerical work.

Mr. Watson—Then, your Lordship, I understand these charges to be dismissed?

Judge MacMahon—Yes.

The charges against Messrs. J. R. Stratton, W. S. Davidson, R. H. Leary and R. Glover, arising in connection with the Bryson charges, were dismissed.

**WILMAN GOT TWO DOLLARS.**

Another charge against Messrs. Leary and Davidson was immediately proceeded with, it being alleged that two dollars had been paid to Charles Wilman, W. J. Meharry, one of the town constables, was first called, but his evidence was entirely of a negative character. Then Wilman was placed in the box, and he stated that after seeing Butler leave the little room upstairs he went in and saw Leary in a carded box, as indicated to him, and on picking it up he found a two dollar bill, which he annexed. Butler was with him, and prior to going to the Liberal rooms they visited the Conservative headquarters together. In cross-examination Wilman stated that he had been called to the office of Mr. Burnham's solicitor, shortly before the sitting of the Court.

James Gates, the gentleman who promised to make things lively, was then called. He described himself as 27 months from England, and was not a voter at the last election. Still he went down to the Liberal committee rooms to see Mr. Leary, and after waiting a long time got into the little room.

Mr. DuVernet—What happened?"

Witness—I went in and Mr. Leary said, "Is it all right?" I said "Good morning, Mr. Leary." Then he said "I know," and put a \$2 bill under a cardboard cover on the table, turned away, and I put the money in my pocket quite natural.

"Did you see any other money pass?"

"No, sir, but I saw men come out, and when they were asked if it was all right they said 'You bet.' None of them grumbled."

Mr. Watson ascertained in cross-examination that Gates was acting as a voter of age, paying witnesses for the petitioner's votes.

Mr. Watson—If you had a vote would you have sold it?"

"You bet I would; if the money was all right, the same as other people here."

Then matters between the lawyer and the witness commenced to get warm. He resented insinuations against his countrymen, particularly did he resent being called an immigrant.

"Don't you think it would be a good thing to have the franchise?"

"I don't know that it would in this country."

"If you had it you would sell your vote?"

"Yes, to get level with other people."

Judge MacMahon—He wants to be on the same plane.

Mr. Watson—And you tried to get \$400 out of Mr. Stratton and Mr. Hall? Or did they try and get rid of you for \$400? Did you try and get \$400?"

"No."

Gates went on to say that on the 13th of September Francis Ferrill asked him to go to Mr. Hall's office. He went on the 14th, 15th, 16th and 21st of September. On the last-named date he was accompanied by William Ashley.

Mr. Watson—Did you say that for \$400 you would make an affidavit saying that you saw and knew of no money being paid?"

"I did."

"You would have made a false affidavit?"

"Yes."

"Four hundred dollars is a good sum to get hold of."

"It would be a good sum for Mr. Burnham to get. I should have given it to him."

"You would have been proud of it?"

"Yes, making it out of the party."

"That's the kind of a man you are—you would swear falsely for money?"

"Yes."

"This is no laughing matter."

"I am laughing because you're laughing, and you're laughing because you think you've caught me, and you haven't."

"And that's your value of an oath?"

"Yes, in Canada."

"Did Ashley say that he would also make an affidavit for \$200?"

"Yes."

"You were told by Mr. Hall that it was impossible?"

"No."

"Ashley says so?"

"I am not Ashley; I'm Gates."

"What did they say when you made the offer?"

"They made the offer of \$400 to me to clear the country."

"What did Mr. Hall say?"

"He said, 'I'm waiting for Mr. Leary to arrive, and then he went to the door of another room and says, 'O, here you are,' and in walked Leary and Davidson. They had been listening all the time."

"You don't know that?"

"Yes, they were, for Mr. Hall says, 'What do you think of the story?'"

Mr. Davidson said, "I wouldn't give ten cents for it, and I tapped Ashley on the shoulder and said, 'Come on; they don't mean to give us the money; they're fooling us.'"

"You would have left the country for \$400?"

"No."

"When you have no regard for your word?"

"Promises are like pie crusts, made to be broken."

"You have no honor in it?"

"Not much."

"Didn't you say, 'Come on, Ashley, we will meet you at the Sessions with a bunch of Englishmen who will surprise you?'"

"No, sir; I said, 'Good-night, gentlemen, we meet you at the Sessions.'"

"You will tell a lie as freely as the truth?"

"What, for nothing?"

"If there's anything in it you are ready?"

"Yes."

"If you had got the money you would have sworn a false affidavit, and then come here and sworn directly opposite?"

"Yes."

"I would, and have brought \$400 with me."

"Who did you tell the cardboard story to—the cardboard and the \$2 bill?"

"Nobody; we talked it over amongst ourselves—those that had gone through the same experience."

"You have been taking an interest to elevate the public morals?"

"No."

"You're a friend of Mr. Burnham's?"

"I'm no more a friend of Mr. Burnham's than Mr. Stratton's; in fact, more a friend of Mr. Stratton's, because my wife works for his wife."

"Did anybody beside Mr. Leary offer you money?"

"No, sir."

**GET \$50 FROM MR. BURNHAM.**

"Anybody ever pay you any money in connection with the election?"

"Yes."

"Who paid you?"

"Mr. Burnham."

"Himself?"

"No, Mr. Moore."

"Did he pay you before the election?"

"No, since the election."

"How much did he pay you?"

"Fifty dollars."

**JUSTICE MACMAHON CONDEMN'S WITNESS.**

Mr. Watson was proceeding with his cross-examination when Mr. Justice MacMahon interrupted him to say:

"In view of the statements he has made here, he is ready to swear black is white, and that \$400 is his limit for making a false affidavit. I think he is not worthy of belief."

The witness—That was a joke, my Lord.

Judge MacMahon—Well, it would be a very costly joke on any other occasion but an election trial. You can go.

The witness was leaving the box, when Mr. DuVernet intervened, and asked that he should be allowed to re-examine him.

Judge MacMahon—Very well, if you think it any good.

Gates then said that he was approached by a man named Ferrard and asked if he would leave the country. He was taken to Mr. R. R. Hall and he then offered to leave Ontario to go to Vancouver or California. Mr. Hall asked if he need leave the country, and suggested that instead of such an expensive scheme he should come over and be with them, and there will be six of us, and he had asked, "Will the six be with me when I am doing five years for perjury?" Mr. Hall then told him to try and evade being served on the first day of the trial and then disappear.

Mr. Watson—Your Lordship has already dismissed the witness as untruthful. It is right that the witness should be allowed to make a record of this character in evidence against Mr. Hall?

The court ruled that Mr. DuVernet should confine his examination to the interview of the 21st of September in relation to the \$400.

Mr. Watson—Shall I call Mr. R. R. Hall in rebuttal?"

Mr. Justice Magge—There is nothing this witness says that I believe.

The hearing was then adjourned until to-morrow morning.

Captain Newton, A. D. C. to the Governor-General, has resigned from the vice-regal staff to take up a permanent position in Canada. He will continue to reside in Ottawa.

**WEARS A NO. 17 BOOT**

New York.—Geo. Dolling, seven feet and a quarter inch tall, arrived here today from England. He was met at the pier by his brother-in-law, Benj. Corday, who is a mere stripling of 6 feet, 8 1/2 inches.

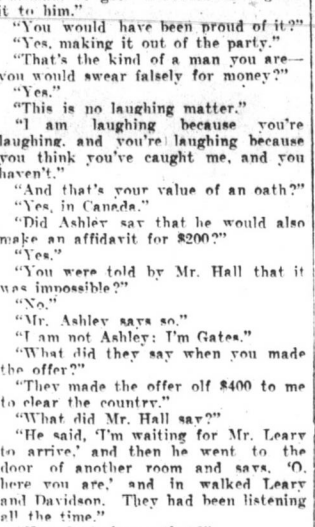

Dolling wears a number 17 boot, about six inches wide and sixteen inches long—size enough for three ordinary men—and enjoys every mouthful.

It is a great thing when one goes to the table with a hearty appetite and sound digestion. Many things tend to make us eat less than the body requires. Constipation, Biliousness, Torpid Liver, Weak Stomach, Impure Blood, Sick Kidneys—all these troubles affect Digestion and the desire for food.

"Fruit-a-tives," made from fruit juices and tonics, is the best appetizer, because "Fruit-a-tives" makes the stomach strong—the liver active—the bowels and kidneys regular—the blood pure and the skin clean. If you want to be well and feel well, take "Fruit-a-tives."

50c a box, 6 for \$2.50, or trial size 25c—or may be obtained direct from Fruit-a-tives Limited, Ottawa.

### TIMES PATTERNS.

Little Girl's One-Piece Dress With Gimpes.

No. 8548.—This attractive little one-piece dress is laid in a broad box plait in front and back. The square cut neck allows the garment to slip over the head, although it preferred an opening could be made at the back under the plait. The gimpes of white lawn is finished at the waist line by draw-string inserted in a casing. The sleeves may be full length or terminated in elbow, linen, pique, madras and gingham are all suitable for the making. The pattern is cut in 5 sizes, 2 to 10 years. The 6-year size requires 2 yards of material 36 inches wide for the dress and 1 1/2 yards for the gimpes.

A pattern of this illustration will be mailed to any address upon receipt of 10 cents in stamps or silver.

Address, "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

### CANADIAN WOMEN Praised by Delegates to International Council.

London, Sept. 29.—A chorus of praise of Canada and things Canadian was heard at the National Union of Women Workers' reception to the delegates who attended the International Council of Women at Toronto. Dr. Mary Murdoch said she was struck by the great camaraderie between men and women in Canada and wished it could be copied in England. It tended to break down the somewhat hostile feelings which sometimes existed between the sexes. Until that was done in England they would never make the progress they otherwise might.

Mr. Edwin Grey said the twentieth century was Canada's. The Dominion possessed illimitable opportunities and was in a feverish state to develop them. It had no use for ne'er-do-wells and misfits.

Miss E. C. Harvey remarked that she had been struck with the useful busy lives led by Canadian women, who of ten did all the work of the house as well as if they kept two or three servants, and yet found time for philanthropic work, self-culture and amusement.

### FAKE ACCIDENTS. Men Who Tried to Defraud Companies Sent to Prison.

Montreal, Sept. 29.—Today was sentence day in the Court of King's Bench. The most interesting case was that of three men who tried to get damages from the C. P. R., Montreal Street Railway and other companies by pretending to have sustained injuries in accidents which they held the companies responsible for.

Nathan Aloff, a youth who appeared to be the brains of the trio, was sentenced to five years in the penitentiary. Olzy Skykofsky, who blamed his confederates for getting an honest man into trouble, was sent to prison for two and a half years.

Abraham Catsoff, the eldest of the three, was sent to the common jail for one year.

Nicolo Del Gesso, for attempting to murder a compatriot in Craig street by shooting, was sent to the penitentiary for twelve years.

# ALL ARE PARTNERS.

## Hon. Adam Beck's Message to the Municipalities.

## Engineers Meet to Devise System of Distribution.

## Work is Only Half Done With Completion of Transmission Line.

Toronto, Sept. 30.—The point to remember in the working out of the whole undertaking is that we are partners together in a public project—a co-operative undertaking to supply power at cost to the people. It is a pioneer project of its kind, and much depends on those of us who have been jointly entrusted with its initial exploitation. Let us determine that the success which is rightfully assured to it shall not be marred by faults of ours. Let us treat it as a serious business undertaking to be evolved upon lines of integrity, capacity, earnestness, and co-operation.

Hon. Adam Beck, addressing the joint conference of commission and municipal engineers and representatives yesterday, sounded this dominant note for their deliberation. The meeting was called by the Minister of Power in the offices of the Hydro-Electric Commission, with a view to determining lines of co-operative municipal work and standardization in the construction or adaptation of distribution systems.

The meeting was so largely attended that it was found that the commission offices were inadequate, and further accommodation was sought at the City Hall. The commission was represented by Hon. Mr. Beck, Mr. W. K. McNaught, M. P. P. and Engineers P. W. Sotman and E. Richards, while the visitors included Ald. Wm. Trotter, Meehan and G. Roche, St. Thomas; Councilman L. E. Weaver, Hespeler; Mayor A. Weidenhammer, Waterloo; Engineer K. L. Aitken, Toronto; Mayor C. C. Hahn, Berlin; Engineer E. J. Philip, Berlin; Engineer E. J. Sifton, London; Engineer J. J. Heeg, Guelph; Ald. L. H. Resor, Chairman of Light and Water Committee, St. Mary's; Engineer George L. Oill, St. Thomas; Mayor Dingman, Ald. J. Davis Barnett, Chairman of Water Commission, and Chief Myers, fire department, Stratford; Engineer James Abell, City Solicitor, W. B. Doherty, and Mayor George Geddes, St. Thomas; Ald. R. N. Price and S. Chance, St. Thomas, and others.

Introductory addresses were delivered by the commissioners. The fundamental feature of the project, Hon. Mr. Beck pointed out, was that it was not to be operated for revenue, and every co-operating unit was to be dealt with fairly and justly. "There will be no fixed price for power," said he. "It will be adjusted every year, and all additional consumption will be at the price." The Minister of Power pointed out that New York State had followed Ontario's policy by creating a commission to purchase, develop and transmit power to supply municipalities. New York, however, decreed in addition that it was to furnish a revenue to the State. In that it parted company with Ontario.

Mr. Beck urged the municipalities to get together and standardize the method of distribution, and improve the whole by combination.

"The thing is only half done," declared Mr. Beck, "if we have power on the best terms, but fail to distribute on the best terms. Our work isn't done till the power reaches the people." The municipalities should aim for standard equipment—the best, the cheapest, and applied in the best way. The commission's staff of engineers was, the Chairman added, at the disposal of the municipalities for all consultative work free of charge.

Proceeding, Hon. Mr. Beck explained his reasons for calling the present conference. He alluded to the general engineering features of the commission's system as a whole, and the desirability of adopting a system for municipal distribution in matters of voltage and frequency of distribution for power and lighting. He counselled holding regular meetings at frequent intervals for engineers, especially during the months of municipal construction, and advised the appointments of a committee of engineering from the municipalities and commission to act as a consulting board on engineering matters.

Mr. Beck further advocated a standard system of accounting in the electrical departments of municipalities, so that both old and new apparatus, debentures, real estate, and all other items would be included when the rates were made up, and discussed the injustice of using profits from one department to reduce taxes or bolster up another department which is running behind. It would be well also to determine the best type of street lighting for municipalities, taking into account local conditions.

"The commission is sincerely anxious for co-operation," concluded the Power Minister. "We are not content to do our part successfully, to keep within our estimates, and all that. Until the power reaches the door of the consumer our responsibility is not ended." (Applause.)

Following an informal discussion the engineers and mechanical superintendents convened on the lines suggested by the Minister. Mr. R. A. Ross, Montreal, was chosen Chairman of the commission, was chosen Secretary of the Commission. Secretaries of the municipalities who have not at present civic lighting and power service were represented at their request by Mr. P. B. Yates, of the commission's engineering staff.

Much technical conference work was gone over in detail, and an adjournment taken till this morning.

It will take several days before you can get pattern.

# Makes the Glassware Fairly Sparkle

Mirrors and glassware are hard to clean with ordinary soap. The oily matter often leaves streaks and spots that are hard to remove.

But with Taylor's Borax Soap the result is wonderful. The surface is left without a single streak—it glitters and sparkles as though it were diamond.

And your work is only half as hard. For this soap reduces rubbing to a minimum—it works almost like magic.

# Taylor's Soap

Borax is the most powerful cleanser in the world. It does wonders that are almost unbelievable until you once see the results for yourself. When you spend an hour cleaning the bath room, the tub, the wash bowl and the mirrors, you have wasted just half an hour. You would have done less than half the rubbing and finished in half the time with Taylor's Borax Soap.

For this soap does more than any other soap you have ever known. It loosens every bit of dirt instantly, it destroys every possible germ and leaves everything both clean and sweet. Hard water often hardens the hands—it leaves them red and rough. But this delightful borax soap softens the water and so softens the hands—it leaves them whiter and daintier than ever before.

We use only the finest of cocoanut oil in this soap. We go more than 12,000 miles to the island of Ceylon just to be sure this oil is pure and fresh. Then we boil it doubly long and run thousands of gallons of pure water through it to remove every impurity. It is the cleanest and purest of soaps.

It requires twenty-one days to make a single cake. The labor of more than 200 persons is needed.

Yet this soap costs no more than the ordinary. We make millions and millions of cakes every year and are thus able to buy at the lowest of prices.

MORRIS ACTION WAS DISMISSED WITH COSTS.

Chief Justice Declined to Give Opinion on City's Position re the Cataract.

Mr. Morris' Solicitor Announced That the Case Would be Appealed.

The important action of Mr. R. S. Morris against the city to restrain the defendant from entering into a contract with the Hydro-Electric Power Commission for power and light was reached in the High Court before Chief Justice Meredith yesterday afternoon.

Only two witnesses were called, City Clerk Kent and Mr. W. J. Carlie, deputy returning officer for ward 7, division 11.

In his examination of Mr. Kent, Mr. Kerr attempted to prove that the voting officers were not in accordance with the requirements of the Municipal Act.

Mr. Kerr maintained that this was not in accordance with the Municipal Act, which required that a separate list should be made out for the officers with only the names of qualified voters enrolled.

First—As to the one attacking the preliminary which Mr. Kerr contended was necessary to be fulfilled before the Council was in a position to enter into a contract with the Hydro-Electric Power Commission.

Mr. Kerr argued that the contract entered into by the city with the Cataract Company was binding for five years, with a provision for its renewal.

Mr. Holman—The act of last session made provision for it. His lordship—I understand there was an attempt made last session to make provision for that. However, that question does not arise here.

clerks at considerable expense, to rule out in red ink, or black ink, or blue ink, as suited him best, or to strike out with a pencil the names of those that appeared upon the list opposite which the letter "O" did not appear.

Mr. Holman—Your lordship has alluded to the position of difficulty in which the city of Hamilton is placed with regard to the Cataract Power Company.

His lordship—Sufficient for the day is the evil thereof, as said of old, and I am not going outside of what I have said.

Mr. Holman—Does the action stand dismissed with costs? His lordship—Certainly.

Mr. C. J. Holman, K. C., of Toronto, assisted City Solicitor Waddell for the defence.

Mr. Geo. S. Kerr announced that he would appeal against the judgment.

tends that that is not the effect of the contract—that it is only a contract binding for one year; and a learned judge, who had to pass upon the validity of that contract upheld, if I understand the case aright, upon the very ground that it was not open to the objection that it had not received the assent of the ratepayers, because it was a contract not binding beyond one year.

THIRTEENTH SON. He is Also the Seventh Son of a Seventh Son and a Judge.

Atlanta, Sept. 27.—Judge Richard B. Russell, of the Georgia Court of Appeals, became father again for the thirteenth time to-day.

The baby is a boy with a proud record behind him, for he is the thirteenth child of a thirteenth child of a thirteenth child on his mother's side and the seventh son of a seventh son on the side of his father.

What name this youngest of the Russells will bear is a decision which the court has not yet handed down, for it is no easy matter to name a thirteenth child, let alone a thirteenth child of a thirteenth child and a seventh son of a seventh son.

Judge Russell was a candidate for Governor against Hoke Smith when the latter was nominated some years ago, and he urged people to support him as he needed office because of his numerous progeny.

FAVORITES HAD AN INNING AT H. J. C. RACES.

The St. James Stable's Woolwinder Won the Barton Purse From Theo. Cook—The Track Was Fast Despite the Rain.

IS AGREEABLE and threatening weather did not keep the admirers of the bangtails from indulging in their favorite sport yesterday and over the second day's racing of the Hamilton Jockey Club. But little rain fell and the track was in better condition than was expected, the moisture that did descend merely sufficing to lay the dust. A good card of seven races was put on and close and exciting finishes were the order of the day. The favorites had an innings, five of them going over. All were well backed and the talent had a very good day of it. Theo Cook, a 7 to 10 favorite, proved a big disappointment in the feature race of the day, the fourth, for the Barton purse. The horse was heavily backed and the bettors certainly received a great race for their money. It was the most exciting finish of the day, the first three horses crossing the wire nose and nose. The favorite was the first to break and taking the lead, he held it until the stretch, with Jeanette M. second and Woolwinder third. Down the stretch it was a close race between these three for first place. Woolwinder drew up on the favorite, Jeanette M. got the rail when twenty yards from the wire and for the rest of the journey the three were about six inches behind the other. There was a tip on Woolwinder in this race and some money was cleaned up on him.

In the first race Dixie Knight, a 6 to 5 favorite, won driving by a neck. Two field broke in a bunch and the winner taking an early lead held it throughout the race. In the stretch Elfin Beau challenged and was only a nose behind the favorite when the wire was crossed. A bunch of money was harvested on this race, the talent backing the winner heavily. Lady Sybil, a 5 to 1 shot, was cut out after the first furlong, and after was never a factor in the race. Hedge Ross got the decision over Jack Dennerlin in the fight for third money. Capor Sauce was the class of the field in the second heat, and won the race galloping by three lengths. Although the horse was an odds-on favorite, he considerable money was laid on it. Taking an early lead, the winner was in front for about a furlong, when Mill on the Floss forged ahead. Capor Sauce soon regained the lost ground and

TWO NATIONAL LEAGUERS BORN UNDER ENGLAND'S UNION JACK

NEW YORK, Sept. 29.—Billy O'Hara of the Giants, is one of two athletes now playing in the National League who were born under the Union Jack of England. Harry Smith, the Boston catcher, being the other. The little center fielder is not a Briton, but a Canadian, Toronto being his home. In securing O'Hara Manager McGraw obtained quality and not quantity. William weighs only about 150 pounds, but can hit a ball remarkably hard, and is the fastest man on bases the New York club has had since the days when George Brown was at his best. O'Hara is the classic centerfielder seen in a white uniform at the Polo grounds for many seasons. He judges a fly ball quickly and accurately, and as soon as the ball rings against the sphere he is on the move if the hit goes in his direction. A fielder who thus gets into position quickly makes many catches appear easy, whereas a fly chaser less skilled has to

COMMENT AND GOSSIP

The favorites have been running in front since the opening of the autumn meeting of the Hamilton Jockey Club, and in consequence the bookmakers have been getting rather the worst of it. Six good ones went over yesterday, and the day before the talent were heavy on five winners. The Inter-Provincial rule book for 1909 was issued last night, and some changes are made in the rules for this season. It was decided to play the games in quarters, and at the beginning of the second and fourth quarters the ball shall be put into play "at an exactly corresponding point at the other end of the field and under the same conditions as if the play had not been interrupted." "No delay shall exceed five minutes and no delay for injury to player shall exceed two minutes." The referee shall appoint the touch and goal-line judges, two timekeepers and two yardmen satisfactory to both teams, and also the umpire unless he has received notice at least two days before that the teams have agreed on one. Four rinks of the Victorias visited Dunville yesterday for a friendly match, but only a few ends had been played when the rain interfered and it was found impossible to continue the game. We don't think Stanley Ketchel carries enough guns to civilize Johnson. There was a time when we thought that a colored man could not do anything as well as a white man. It's got so now we have to pay a lot of attention to the smoke in every line of sporting endeavor. Cobb continues to lead the American League again in both hitting and base-

WHEN THE MONEY REPLACES GLORY

'How Many Athletes Have Recently Made Good Money by Their Prowess'? Asks a Writer in the Victoria Colonist.

Theoretically, the difference between amateur and professional athletes is cast; but when you come down to copper rivets it isn't. Once the glory hunter regarded himself as the gentleman, and looked upon the pro as a sort of hired hand. But it's changed now. The shekel hunters are men of a calibre too large for anyone to look down upon, and the distance between the men in sport for sport's sake and those in it for what they can get is not noticeable. Many who have made good in professional sport have accumulated wealth and have reached a position of prominence because of their ability to command big money for their services. For 14 years Hans Wagner has been playing ball. His first contract was for \$35 a month. Now he gets what he asks for, and it is not less than \$10,000 for seven months. He has drawn this for years, and is worth \$100,000. A circus he owns is expected to do big business because Hans, the idol, owns it. John M. Ward, once a Giant, plays golf for a diversion now, and practices at law in New York. Both he and Jennings owe much of their success to the fact that they were well advertised players. Roger Bresnahan, manager of the Cardinals, and one of the high-priest players, owns realty. Roger used to be a sleuth, but he quit it. Joe Tinker and Mike Donlin receive salaries of four figures weekly on the stage. Addie Joss writes newspaper

GRIDIRON GOSSIP

Ottawa, Sept. 30.—A mild sensation was created in local football circles to night, when it was announced that Zimmerman, the Hamilton boy who piloted the McGill University team to the Inter-collegiate championship five years ago, would be a candidate for the Ottawa ball division. Zimmerman arrives here tomorrow, and will be out to practice in the afternoon. He was one of the best backs in the country when he played with McGill, and should be a decided source of strength to the Ottawas. Jack Ryan to-day received his amateur card from the Federation. He is also seeking one from the Canadian Amateur Athletic Union, but believing that these may influence the Board of Governors of the Interprovincial when they meet at Toronto Friday night, Ryan is ready to jump into the game at a moment's notice, and will line up against Montreal Saturday should he be reinstated. The Ottawa team will likely be made up as follows: Full back, Zimmerman; halves, McCann, Williams and Gerard;

THE NATIONAL LEAGUE'S CHAMPION

intermediates, but he had announced his intention of turning out with the M. A. A. It is expected that Teddy Savage and Walter Molsen will don the rugged clothes at the next practice. Both are in good condition and should be able to get into form in time for the match on Saturday. The team will have a signal practice in the gymnasium, Peel street, to-morrow evening, and another work-out at the grounds on Thursday morning. The intermediate players are coming along well and it is expected that they will give a good account of themselves in the Capital. They will leave by the early train, as their match commences at 2 o'clock. FIFTY MEN OUT. Toronto Telegram: Argonauts' practice last night was the biggest and second to none for good hard work; over 50 men were out, and it was a treat for the two teams went at the game, with a large crowd of fans on the side lines taking it all in. A make-up senior team played against the field, and with a handicap of about two wings to one against them, put it over the big crowd. This fellow Xerocross was the surprise package last night; he bucked through the line in goat-line fashion, he found holes in the line and tore through them for gains every time, not slowing up at the line as some backs do. Mert Kent is also playing as strong, if not a stronger game than he has, and has more speed if anything. Levack has a good pair of hands and kicks good; he is due for a place at full.

With Cockey, Xerocross, Kent, Levack and Correll on the back division, that part of the team is well looked after, and the wing line and scrimmage should be able to hold their own with the best of them.

Chaucer Elliott claims to have unearthed some promising material for his M. A. A. team, while Jack Ryan, of Ottawa, who saw them practice last week, says Montreal will be a hard team to beat.

Ottawa say they will refuse to play on the field if Montreal attempts to go to Erin, Hamilton, without his being retained. Ottawa say Hamilton is in the same box as Ryan, as he has played with and against professionals in the N. L. U. But wasn't this same Hamilton found to be in good amateur standing when he was taken to England with the Canadian Olympic lacrosse team?

In regard to an amalgamation with Interprovincial and O. R. F. U. it appears too late to talk of that now, particularly as the playing season starts on Saturday.

With Tommy Stinson at full back, Montreal has one place well filled. He is one of the fastest men in the business to-day.

The Senior Y. M. C. A. will hold a full practice to-night at 7:30 o'clock, rain or shine. If the weather will not permit outdoor practice, the gymnasium will be used.

Raymond Quits New York Giants. New York, Sept. 30.—Arthur "Bugs" Raymond, the spit-ballist, has quit the New York Giants. He having been fined a total of \$1,700 during the season, and with a suspension hanging over him, the former Chicago pressman jumped McGraw's team at Pittsburgh and arrived in Chicago yesterday, telling his friends that he was done with the New York team.

I was fined again and again, and suspended, until I could not stand it any longer," said the big Giant pitcher. "My salary for the year was \$4,500 on my contract, but McGraw fined me \$1,700 on one pretext or another, so I've only \$2,800 for my work this year. I was unjustly suspended a short time ago, and this was the last straw. McGraw did not seem inclined to give me a chance to work, so I quit the team and came home to Chicago. I may pitch a few games for some of the local teams. If McGraw wants me to return to the team to pitch against the Boston Red Sox, in the post-season series, all right, I'll go; but he will have to make the first move."

San Langford Wins a Fight. Boston, Sept. 30.—Sam Langford, of Boston, a little stout, took five rounds to defeat the Dixie Kid of California, (both colored). The Californian was much lighter, but by clever ducking and blocking was able to avoid the majority of Langford's terrific swings, and in the third round had the Bostonian worried by a series of body punches and jabs in the face, which held Langford back. In the fifth Langford sent his man to the floor once, and the bell rang drove him in a heap into his corner with a heavy body blow. Before the bell rang for the sixth round the Kid's hands threw the sponge into the ring.

Semi-ready Tailoring Has all the Virtues Perfect in Design In Fitting Quality In Value and Price

PLACE AND DROP KICKING. Place kicking is an art. Skillful execution depends as much upon the man holding the ball as upon the kicker. Its value cannot be overestimated. In placing the ball upon the ground just right, it depends success. In the drop kick, the toe meets the ball the instant it strikes the ground. The ball is held at an angle of about 45 degrees, the top inclined toward the body. It should strike in this position. The kick is made with the toe, not with the instep. It is more important in football than to know how to fall upon the ball. It is not as simple as it appears.

THE CHICAGO NATIONALS MUST PAY \$500 TO LEAFS

For Endeavoring to Induce Pfeffer to Leave Toronto and Join the Cubs—The Dates For the World's Series Are Announced.

INCINNATI, SEPT. 30.—After promulgating rules to govern the world's baseball championship series, the National Baseball Commission at a meeting yesterday vigorously criticized President Chas. W. Murphy, of the Chicago National League Club, and imposed a fine of \$500 against the Chicago club. The trouble arose after Chicago had drafted Pfeffer. President Murphy, of the Chicago Cubs, wired Pfeffer, asking him to get away from the Toronto club and finish the season with Chicago. Murphy's explanation was that his secretary sent the telegram to Pfeffer, instead of to the President of the club, as directed. THE SCHEDULE. The schedule providing for the series between Pittsburgh (National) and either Detroit or Philadelphia (American) follows: Friday, Oct. 8, at Pittsburgh; Saturday, Oct. 9, at Pittsburgh; Monday, Oct. 11, Detroit or Philadelphia; Tuesday, Oct. 12, at Detroit or Philadelphia; Wednesday, Oct. 13, at Pittsburgh; Thursday, Oct. 14, at Detroit or Philadelphia. The Commission's ruling continues: In case either one or both of the games scheduled for Pittsburgh on Friday, Oct. 8, or Saturday, Oct. 9, are not played on account of rain or any other cause, then such postponed games shall be played after the Pittsburgh club returns from Detroit or Philadelphia, provided, however, that the Pittsburgh club will be required to remain in the city of Detroit or Philadelphia until the first two games scheduled in either of these cities shall be played. President Heydler, of the National League, has selected as umpires from his league, J. E. Johnstone and Wm. Klem. President Johnson, of the American League, has selected as umpires from his league, Silk O'Loughlin and Wm. G. Evans. TIGERS WIN DOUBLE HEADER. At Boston—Detroit, by winning both games of a double-header from Boston this afternoon, 5 to 0 and 3 to 2, while Philadelphia was breaking even with Chicago, now has a lead of three and one-half games over the nearest contenders for the pennant, and the champions have but to win their remaining games here to make sure of the title for this season. PLAYING FOOTBALL

Instead of trying to pick up a rolling ball, the player should dive for it, lighting on the knees first and falling forward on and around the ball. Hands and arms should draw the ball to the body. A bounding ball should be caught, if possible. Sometimes it is possible to push aside an opponent as he is about to fall upon a ball and drop upon it oneself or to kick a ball from under an opponent as he is falling upon it. To fall upon a ball with your weight may result in permanent injury. As the ball is grasped, legs and body should curve around it. Practice falling in every possible manner. This should be part of the daily practice all season. Nothing is more important in football than to know how to fall upon the ball. It is not as simple as it appears.

CHEER ALFONSO.

Madrid Rejoices Over the Victory of Her Troops.

Madrid, Sept. 30.—The popular rejoicing which began in the capital last night over the victory of the Spanish forces in Morocco, culminated at midnight when immense crowds assembled before the royal palace, shouting 'Long live the King.'

On appearing on the balcony, King Alfonso was wildly cheered.

The Herald this morning insists that Spain must obtain a reward for her military sacrifices by energetic diplomatic action.

The opposition press covertly insinuates that the proclamation of victory is premature, as the Beni Buifur, Ben Caid and Beni Gaf, the fiercest mountain tribes have not yet been whipped.

Portsmouth, Eng., Sept. 30.—The Neptune, Great Britain's eighth battleship of the Dreadnought class or her eleventh including the three battleship cruisers represented by the inflexible now participating in the Hudson-Fulton celebration at New York, was successfully launched here to-day by the Duchess of Albany in the presence of a great number of the bulkheads of this superb Dreadnought are so heavily armored that experts consider her practically unsinkable by a torpedo.

The Neptune was commenced at Portsmouth on Jan. 9 of this year. She has a displacement of 20,250 tons; length, 510 feet, and beam, 86 feet.

NATIONAL DISGRACE.

Conviction of Mrs. Robinson So Strikes Toronto Women.

Toronto, Sept. 30.—The local branch of the Women's National Council at a meeting yesterday discussed the advisability of trying to secure a new trial for Mrs. Robinson, of Warren, Ont., condemned to death at Sudbury for the murder of her infants born to her daughters, and of whom her husband was the father.

It was finally decided that nothing could be done until the council throughout Canada was notified of the intended move.

The ladies expressed very decided opinions on the matter, however, Mrs. Flora Denison criticizing the sentence as a "national disgrace."

Will Close Up Altogether if Made to Close Early at Montreal.

Montreal, Sept. 30.—That the local druggists will put up a bitter fight against the new early closing laws, which compel all storekeepers to close their places of business on two evenings a week, was shown to-day when the drug men issued an ultimatum to the city council. They declared that if they were not permitted to sell their usual wares on these evenings they would not keep them open for the purpose of dispensing drugs.

All of the local druggists are banded together in this fight, and it is likely the city council will be forced to give in.

TOOK HIS LIFE. New York, Sept. 30.—Worried by the responsibility of assisting the aeronauts, Wilbur Wright and Glenn H. Curtiss, in preparation for aeroplane flights, Governor's Island, Quartermaster Sgt. James Caron, of company I, 29th Infantry, committed suicide in his bunk outside the Redoubt at Fort Jay, last night.

ROOSEVELT DELAYED. Mairobi, East Africa, Sept. 30.—Theodore Roosevelt, who was expected to arrive here on October 15 from his hunting trip in the Mewru district, probably will not come in until the 23rd.

CONSTABLE SUSPENDED. (Special Despatch to the Times.) St. Catharines, Sept. 30.—Judge Carman, under instructions from the Attorney-General's Department, has suspended Constable A. B. Tufford, of Beauville, pending an explanation to the arrest of certain travellers by automobile, who have complained of the constable's actions.

**PEARY'S SHIP AT NEW YORK.**

The Roosevelt Rounded Sandy Hook This Morning.

Ran Up Her Flags and Made Her Siren Scream

In Time to Take Part in Hudson-Fulton Celebration.

New York, Sept. 30.—With the flag of the Peary Arctic Club at her masthead, the little steamer Roosevelt, which bore Commander Peary on his quest of the North Pole, entered New York harbor to-day. It was barely day; night when the look-outs described the vessel off Sandy Hook, coming along

COMMANDER PEARY.

slowly. Few of the vessels in the lower bay recognized the arctic steamer as she rounded the hook. Off the point of the hook the Roosevelt gave three triumphant screams of her siren and ran up the Peary Arctic flag at her highest masthead. Then the flag of the New York Jockey Club, at her fore and the American ensign at her mizzen. Turning that point of the hook, the Roosevelt headed into the horseshoe and anchored there within half a mile of the government dock. Meantime news of the arrival of the Peary steamer had spread in the upper harbor, where preparations were made by harbor pilots to give the returning ship a noisy welcome, if she should come up the harbor.

Commander Peary's ship arrives in the nick of time to participate in the closing ceremonies of the Hudson-Fulton celebration. She will take part in the naval parade, which is to go up the Hudson as far as Newburgh.

**THE JEANIE'S CREW.**  
St. John's, Nfld., Sept. 30.—Members of the schooner Jeanie, on which Harry Whitney arrived here from Indian Harbor, said yesterday that when Mr. Whitney learned in Labrador of the Peary controversy and of the important bearing Dr. Cook's instruments have on this engaged captain Sam Bartlett and his vessel to go up next year and recover Dr. Cook's belongings at Etah.

According to the Jeanie's crew, while Commander Peary scoffed at the idea that the sledge which Dr. Cook gave as a souvenir to Mr. Whitney ever covered a long distance, Mr. Whitney contended that the sledge showed actual proofs of what it had endured, and that the rear sections had been cut off to make arrows for killing game, as Dr. Cook has described.

**RE-ELECTED.**

**Sons of England Well Pleased With D. D. G. M. King.**

A meeting of the Hamilton District of the Sons of England was held last night for the purpose of electing a District Deputy Grand Master for the coming year. A large number of the members were present, with the present D. D. G. M., Bro. G. King, in the chair, and Bro. A. G. Goodenough Secretary. Past Supreme Grand President Wm. Hancock and other Grand Officers and representatives were present. The chairman and P. G. S. P., Bro. Aldridge, made short addresses. Bro. J. Buckingham and Wm. Hancock nominated the present District Deputy for re-election, and Bro. King was unanimously chosen. Congratulatory speeches were made by Bro. Hancock and others, and Bro. King warmly thanked his nominator and seconder, and the members as a body, for the loyal way in which they had supported him.

John W. Carter, Toronto, Grand Secretary, followed with a fine address on the progress of the order.

The chairman then called upon Bro. Ald. Jutten, who presented to Bro. Dunham, on behalf of the Burlington Lodge, the beautiful banner which the tug-of-war team of that lodge won at the S. O. E. picnic at Maple Leaf Park on July 31. Bro. W. Fleetham, of the Burlington Lodge, spoke in a happy strain up the proposition to have a monument erected in the S. O. E. burial plot at the cemetery, and suggested that all the lodges should consider the matter carefully. Past District Deputy Thomas Partridge spoke upon the same subject, and a most enthusiastic and harmonious meeting was brought to a close by singing the National Anthem.

**TAGLERINO COMMITTED.**

(Continued from Page 1.)

the defendant was asleep on a bench on the Gore Park, and when asked to get up became abusive and used bad language. The next minute a great surprise was sprung on the court, for Findlay suddenly exclaimed, "I don't think that's the man."

It transpired that the wrong man had been served with the summons. The defendant swore positively he knew nothing of the case and was acquitted.

John Hollam, 11 Front street, Toronto, was summoned for immoderately driving his automobile in East Flamboro on September 19.

County Constable Sinclair said he timed the car on a stretch of good road measuring 300 yards and the distance was covered in 20 seconds.

"How many miles an hour is that," asked T. H. Cregar for the defence.

"I couldn't say."

The counsel submitted he should know.

Mr. Hallam and his chauffeur, Sidney Beaver, swore that they were not going over 15 miles an hour as the machinery of the auto was faulty that day and that made it impossible to exceed the speed limit of 15 miles.

The case was laid over till Monday to allow him to bring the witnesses he said he could get.

John Linfoot, King street west, was summoned by Inspector Berlinghoff, of the S. P. C. A., for working a horse in an unfit condition. P. C. Hawthorne said the horse's knees were in a very bad state. Linfoot claimed the horse was in good condition though it had weak knees.

Veterinary Surgeon Baker said the horse was knee sprung, otherwise was all right. The Magistrate accepted the evidence of the veterinary surgeon and dismissed the case.

Harry Rosenthal sued Robert Campbell for a week's wages. Mr. Campbell said complainant was paid \$9—all he was worth, for the week's work. Rosenthal claimed \$18. The Magistrate told complainant he would have to accept the \$9 as Mr. Campbell's foreman had sworn that was all he had earned.

On Saturday, September 25th, a very pleasant event took place on the farm of J. M. Lymburner, being the first reunion of the Lymburner family. Relatives were present from Buffalo, Jersey City, Fort Erie, Toronto, Bridgeburg, Niagara Falls, Hamilton, Welland, St. Catharines, Dunnville and Michigan, to the number of between 700 and 800. After feasting on the goodies on the heavily laden tables, Rev. Mr. Springer called the crowd to order and short speeches were delivered by Mr. Alson Lymburner, J. M. Lymburner, George Lymburner, J. K. Tisdale and Rev. Mr. Springer. Games of football and baseball were played. At 6 o'clock the singing of "God Be With You 'Till We Meet Again" brought the reunion to a close, all hoping that they may be spared to meet another year at the same place.

Mr. Borel, from Dunnville was present and photographed the crowd.

Mr. and Mrs. A. Merritt, Mr. and Mrs. Silverthorn were guests at James Fralick's on Sunday last.

Mrs. Dr. Page and Miss Jennie Beattie, Sinclairville, called at Mrs. A. Silverthorn's and Mrs. Murray Lymburner's on Friday last.

Miss Rose Tice, from Michigan is spending a few days among her relatives here.

Mrs. John Milton Lymburner and daughter Jeannett, from Niagara Falls, are the guests of Elmore Lymburner.

Anniversary services will be held at Caistorville on Sunday, October 3rd. No service at Merritt's.

Mrs. Murphy and daughter, of Kalkaska, Mich., is the guest of James and Mrs. Taylor.

Mr. Emerson, Hannon, has two stray horses that he would like to find an owner for.

Mrs. James Gage, of Burlington, and Miss Sherwood, of Cookville, are visiting friends and relatives in the neighborhood.

Miss Olive Gage, of Ancaster, who was the guest of Mrs. Lizzie Hoskin for a few days last week, has returned to her home.

John Mitchell, of Hamilton, is the guest of Mrs. Thomas Pearson.

Mrs. Murphy and daughter, of Kalkaska, Mich., is the guest of James and Mrs. Taylor.
