MR. GEORGE MURTON, of Guelph, has
been again elected to a seat in the Council
of the Agricultural and Arts Association.

MR. JOHN MATHEWS has sold his full

advertising in the Mercury.

LARGE COTTON FACTORY.—We under-
stand that a prospectus will issue in a few
days of a new Canada Cotton Manufac-
turing Company, the establishment con-
nected with which is to be at Cornwall. That
Town recognizing the importance of en-
couraging manufactures, has voted a
bonus to the Company, and has passed a
By-law exempting it from taxation for
the next 21 years. The capital of the
company is to be \$200,000 in two thou-
sand shares of one dollar each, and we
hear that already one-half of that amount
has been subscribed in the city of Hamil-
ton.

ST. JAMES' PLEASANT.—As will be seen
by advertisement, this troupe will give one
of their popular entertainments in the
Town Hall to-morrow night. The Hamil-
ton Spectator, speaking of their perform-
ance in that city on Friday night, says:—
"This troupe gave one of their imita-
tion performances at the Mechanics' Hall
last night, to a very good house and an
appreciative audience. The minstrels
were very good, and the performance on
the trapeze surpassed anything of the
kind seen here for some time. Mr. Green,
as the Mocking Bird, warbled forth his
notes to the great delight of the audience,
and was enthusiastically cheered. As a
warbler this artist is unequalled. By re-
quest, this troupe will give another ex-
hibition this evening, with an entire change
of programme, when Mr. Green will sur-
pass himself."

S. S. NO. 4, GUELPH TOWNSHIP, SOCIETY.
—The annual gathering took place in
the School House of the Section on Fri-
day evening last, and, as usual, the at-
tendance was large, a goodly sprinkling
of town visitors being amongst the com-
pany. Mr. James Ferguson, of Guelph,
was called on to preside, which he did
with his accustomed geniality and ability.
Refreshments in lavish abundance were
provided by the ladies of the Section;
and, after these were satisfactorily dis-
posed of, the more intellectual portion of
the entertainment commenced. Songs
were given by Miss Jamie Fraser, duets
by the Messrs. Stevenson, and comic
songs by Messrs. J. P. McMillan and R.
S. Brodie. Short speeches were also
given by Messrs. J. B. Thornton, Ander-
son (N. R. Registrar), and Nichols of the
Hospital, and special recitations by
Messrs. Anderson (North Ward School),
Johnston (Paisley Block) and Thompson
of Guelph. The entertainment was
brought to a close by singing the Na-
tional Anthem.

**The Merits of the Snider-Enfield
Rifle.**
To the Editor of the Mercury,
DEAR SIR,—It was the 18th day of June,
1815, that the great Napoleon was com-
pletely defeated by Lord Wellington in the
memorable plains of Waterloo, and
history tells us that the Imperial Guard
of the French army was led on by one of
the greatest commanders of the age,
known in history as the "bravest of the
brave"—the renowned Marshall Ney—
and that they fought with the most heroic
bravery and determination again and again,
but they were received by so dreadful a
fire that they stopped, staggered, and
then fled in the greatest confusion, and
that the brave Marshall Ney, who fought
in hand and on foot, was unable
to prevent their total rout. Now, if Brit-
ish infantry, armed with the old muzzle-
loading musket of 1815, could send death,
destruction and disorder among the
1872 ad, armed as they are, with the
splendid accurate Snider-Enfield Rifle,
and especially if they were assisted by
the Guelph Rifle Association, as skin-
nishes or sharpshooters, for they could
shoot anything that would present itself
larger than an eight inch bullseye that
came within range of their rifles, and
which would make the advance of the
enemy more difficult, and their fate more
disastrous than that of the Old Grand
Army of Waterloo.

Yours &c.,
A SUBSCRIBER.

"A nose machine" is advertised in the
London papers. This machine is a con-
trivance which, applied to the nose for an
hour daily, so dissects the soft cartilage
of which the member is composed, that
an ill-formed nose is quickly shaped to
perfection.
It is estimated that 110 lives were lost
on Lake Erie during the season of 1871;
73 on Lake Ontario; 22 on Lake Huron,
and 17 on Lake Simcoe.

A last factory, newly started at Oshawa,
will employ about 200 girls.

BY TELEGRAPH
ALEXIS AT ST. LOUIS.

Fatal Railway Accident.
Death of J. B. Lyman.

**Tweed Going to take his Seat
in the Senate.**

The Internationale Society.

St. Louis, Jan. 28.—Alexis and Com-
modore Machen visited Benton Mission
Sunday School to-day, and Machen de-
livered a brief address to the children.

New York, Jan. 29.—A Seranton special
to the Times says that David Barry, ac-
companied by a neighbor, was proceeding
home from Wilkesbarre, in a two-
horse buggy, and when they arrived at
the crossing of the Lackawanna &
Brooklyn Railroad at Kingston a pas-
senger train was approaching the depot,
and a flagman attempted to stop Barry's
team, but Barry was intoxicated and in-
sisted on crossing the track. The loco-
motive struck the buggy, killing Barry
instantly, but his companion leaped
backward and escaped injury.

J. B. Lyman, agricultural editor of the
Tribune, died at Richmond Hill, Long
Island, yesterday.

It is positively asserted that Tweed
will go to Albany to-morrow morning at
the father's, and contend for his seat in
the Senate.

The weather here is intensely cold.
The Federal Council of the Interna-
tionale met yesterday, and reports were
received from all parts of the country,
which show a great spread of the Society,
it being announced that there were 27
new unions formed during last week.

NEWS PARAGRAPHS.
An effort is being made in Berlin to es-
tablish a weekly market. It is proposed
to hold these markets every Saturday.

MR. CHAS. BARR, night editor of the
Globe, while at work on Friday night,
broke a blood-vessel, and had to be con-
veyed home. He is much better though
very weak from loss of blood.

A FIRE occurred on Saturday morning
on Queen street west, Toronto, in which
an old woman was nearly burnt to death.
When rescued she appeared to be intoxi-
cated, and very possibly set fire to the
house while in that condition.

A MAN named Thomson, from Moore
township, near Sarnia, was killed on Fri-
day evening. He got on a load of saw-
logs to get a short ride, and on turning a
corner in town, the slight swing round,
pitched him over, and the logs fell on
him, killing him instantly.

The people of Beverly, at a meeting re-
cently held, resolved to institute proceed-
ings to quash the By-law lately passed by
the County Council of Wentworth, grant-
ing a bonus of \$20,000 to the Hamilton
and Lake Erie Railway, on the ground
that it was illegal.

STEALING A MAN'S CLOTHES.—At seven
o'clock on Saturday morning a woman
named Ann Higgins effected an entrance
into the house of Robert Bryan, shoe-
maker, Bishop street, Toronto, and en-
tering his bed room, carried off all the
wearing apparel she could get hold of.
As she was leaving the house, Bryan saw
her, jumped out of bed, and gave chase
along the street in night costume. He
caught her and handed her over to the
Police.

G. T. R. TO WATERLOO.—A large and
influential meeting of the ratepayers of
Berlin was held on Saturday, opposing
the petition now before the House for the
extension of the Grand Trunk Railway to
Waterloo village. Strong resolutions
were passed requesting the Town Council
to use their best efforts to defeat the
scheme. A deputation, consisting of the
Mayor, ex-Mayor McEldown, and J. Fen-
nell, were appointed to oppose the peti-
tion before the Railway Committee at
Toronto.

THE NINE HOURS MOVEMENT.—A very
large meeting of the working men of Ham-
ilton took place on Saturday night, at
which the following resolution was pass-
ed:—"That the working men of Hamil-
ton, on Saturday evening, the 27th of
January, 1872, in mass meeting assem-
bled, unanimously affirm that the 'Nine
Hours' labour movement has become a
matter of urgent social necessity, and
that they are determined by every
legitimate means in their power to obtain
it as speedily as possible." The meeting
was conducted in a most orderly man-
ner, and the speakers discussed the subject
in a moderate spirit, repudiating anything
like coercion on the part of the employers.

THE CHEESE INDUSTRY.—The Canadian
cheese industry is rapidly advancing, as
witness the following figures:—The
amount of cheese exported to the United
States last week was 1,275,634 boxes—
an increase of 88,777 over the previous
year. The production, however, of 1871
is thought to be less, and the quantity
now remaining in the country is not so
large as at the same time in 1870. The
total stock in Canada is estimated by
competent authorities at not more than
from 10,000 to 15,000 boxes. In 1870
a great quantity of cheese was made, but
a market was not found for it all. This
year such was not the case, and nearly
all made was disposed of.

The anniversary of the birth of Robert
Burns was enthusiastically celebrated last
week by the various Scottish societies in
New York.

A large addition to our present supply
of silver coin is promised to be distrib-
uted at once. It is much needed.

The By-law to amend By-law 172,
raising the Treasurer's salary to \$1,200
was passed on a division as follows:

On motion of Mr. Leslie, seconded by
Mr. Massie, it was ordered that the Warden
grant his order for County roads—in

REPORT OF COUNTY PROPERTY COMMITTEE.

Your Committee have considered the
communication from the County Clerk of
the County of Middlesex, and recommend
that no action be taken in the premises
this session.

In reference to the communication
from the County Clerk of the County of
Perth, they would recommend that the
Warden be instructed to petition the
Legislative Assembly on behalf of this
County, in a similar manner as was done
at its session in December.

The petition then sent to the Legis-
lature, and which is now renewed, repre-
sents that the majority of the ratepayers
in the North Riding are opposed to the
separation of the County for registration
purposes, and praying that the Govern-
ment take such steps as that the business
may be done at one office.

They recommended that the alteration
desired by the County Solicitor in his
office be made. JAS. MASSIE, Chairman.

On the motion for its adoption, Dr.
Orton moved, seconded by Mr. Flahiff,
the following amendment: That the clause
referring to petitioning the Legislature
be struck out. Lost.

THE RUMP OF THE OPPOSITION.

The Leader of Saturday confesses, with regret, that the Opposition in the Legislative Assembly has become utterly disorganized. It calls in piteous accents for a new leader, who will command respect and exercise influence over his followers. It admits that Mr. M. C. Cameron is a failure, that the rump of the Opposition will not follow his lead, and that if something is not done speedily there will be no Opposition at all left except the figure head—the obstinate but unsuccessful general, Mr. Cameron. Things are in a sad plight, indeed, when the Leader is forced to make such an admission. The bold front which was made by the old Coalition has vanished, and given place to distrust, and that has been followed by a sudden but effectual breaking up of the old compact.

The Leader's advice is a good one, but its accomplishment is surrounded with so many difficulties that it is impossible to carry out the plan proposed. Mr. Cameron has proved himself incapable of holding the leadership. The few followers that he had when the House met have forsaken him. His want of tact and management has let them slip through his fingers, and to-day he stands alone—the sole representative of the once powerful Conservative party—a general without even a corporal at his back—a leader without a follower. He must at all hazards be shelved. But who can be got to take his place? John Sandfield Macdonald will not do it though he had the chance. He was thrust aside when Mr. Cameron was elected leader, and his Highland spirit would spurn the offer after having been before rejected. Besides, recreant to his principles as he has been, he would never take the lead of the Conservative party in Ontario, nor would the Conservatives trust him in such a capacity. Moreover, his power and influence are gone in the Province. He is reported to be disgusted with the turn of affairs, and has resolved to leave the Assembly and confine himself to the House of Commons.

Who then can be got to lead the forlorn hope in the Assembly on the Conservative side? Carling, good easy-going as he is, won't do. Cumberland is not fit for the position. Amongst all the members on that side of the House, there is none we know who is so well qualified as Mr. Cameron, and yet he is a decided failure. Evidently things are come to a pretty pass with the remnant of the once great Conservative party. It is now but a fragment, weak at the best, and when united, but now disjointed, demoralized, and threatening daily to fall utterly to pieces. Its day is over, its triumphs are but recollections of the past, and now scarcely anything but the name is left to remind us that it ever existed.

EDITORIAL ITEMS.

EARL GRANVILLE refused to give an audience to a deputation of so-called Republicans who desired to get the Government to urge the French Government to allow the Communist prisoners to be tried before the Civil Courts.

Mr. Crooks has given notice of a Bill to enable matters to be proven under oath for the purposes of the Legislative Assembly. This will enable Committees of Enquiry, such as that in connection with the Wood slander, to examine witnesses under oath.

THE SENATE of the United States has passed a bill for allowing building materials to enter Chicago free of duty for the whole of the ensuing season. A motion was made to include the burnt districts of Wisconsin and Wisconsin, but it was voted down. There was a good deal of grumbling on the part of the Protectionist, but it was of no avail. The West is strongly in favor of free trade.

Attachment to Newspapers.

The strong attachment of subscribers to well conducted newspapers is fully affirmed by statistics. "Extra" papers, copies of them to beginners in business, lose their luster after a paper has been established a term of years. So long as a paper pursues a just, honorable and judicious course, meeting the wants of its subscribers in all respects, the ties of friendship between the subscribers and the paper are as hard to break by an outside party as the links which bind old friends in business or social life. Occasional defects and errors in a newspaper are overlooked by those who have become attached to it through its personal for years. They sometimes become dissatisfied with it on account of something which has slipped into its columns, and may stop taking it; but the absence of the familiar sheet at their homes or offices, for a few weeks, becomes an insupportable deprivation, and they instantly take it again, and possibly apologize for having it stopped. This we may believe to be the common experience in the history of all established papers. No friendship on earth is more constant than that contracted by the reader for a journal which makes an honest and earnest effort to merit his continued support. Hence the newspaper which is consistently and conscientiously conducted is one of the most valuable possessions a man can have in the family.

The Montreal Standard has mentioned the following advertisement in its issue of the 27th inst.:

Governor Woods, of Utah Territory, has cast a damper upon the efforts that were being made for the admission of that Territory as a State. He refused to sanction an Act for the holding of a convention to prepare a constitution for its admission, and told the Legislature that they need not expect admission until polygamy is abandoned.

The Mints of the United States have coined since they commenced operations (some 70 years), the large amount of eight hundred million dollars, about one-fifth of the whole metallic currency of the world, of which amount \$500,000,000 has been derived from their own mines. We are not without mines, but while we feel that they will not produce so much gold, we have the pleasure of knowing there is a sovereign remedy in the Canadian Pain Destroyer for sudden colds, rheumatism, neuralgia, toothache, &c. Sold by all medicine dealers, at 25 cts. per bottle.

HAVING used Fellows' Compound Syrup Hypophosphites for some time; in my practice, I have no hesitation in recommending it to my patients who are suffering from General Debility, or any Disease of the Lungs, knowing that even in cases utterly hopeless, it affords relief.

H. G. ADOR, M.D.
Many people, particularly children, suffer with the cough, and for the benefit of such we give a sure but simple remedy. Put in two or three drops of Johnson's Anodyne Liniment, stop the ear with undressed wool, bathe the feet in warm water before going to bed, and keep the head warm at night.

CAPT. CHARLES SAGER, who keeps a superb stock of heavy horses in Portland, Me., informed us recently that he uses Sheridan's Cavalry Condition Powders, regularly in his stables, and that the expense is more than offset by the diminished amount of grain necessary to keep his horses always in good order.

Many suffer rather than take nauseous medicines. All who suffer from coughs, colds, irritation of the bronchial tubes or tendency to consumption, will find in Dr. Hester's Balsam of Wild Cherry a remedy as agreeable to the palate as effectual in removing disease. The Balsam is a pleasant remedy; it is a safe remedy; it is a powerful remedy; it is a speedy remedy; it is a remedy that cures.

Husband—You have great faith, Mary, in the Pain-Killer. The Parson's wife and Mrs. Judge Jones are very positive in favor of it, but I am inclined to think that if it did all it professes to do, sickness and death would soon be out of fashion, for it cures everything.

Wife—The Parson's wife and Mrs. Judge Jones are not the only ones that I have heard strongly recommend the Pain-Killer, everywhere I go they have it and everybody praises it. All the Liniments, Chlores, Mixtures and Pain Medicines have disappeared since Perry Davis' agent came round. (To little boy) George, does your tooth still ache, my dear?

George—No, mother, Pain-Killer stopped it.

Wife to Husband—The Pain-Killer does not only cure everything, but the directions about the bottle or the "Annual," I have read them carefully. It claims to be the best family medicine in existence. Perry Davis & Son do not say what it can do, but prove what it does by giving certificates from reliable persons whose testimony cannot be doubted.

Husband—Do you think these certificates are bona fide, I believe they are made up to sell the goods.

Wife—Judge Jones was as incredulous as you. He wrote to Perry Davis & Son and was satisfied, they sent him a pair of certificates received from reliable parties within five miles of his own house.

At the Pain-Killer is an internal and external remedy for pain. For internal pain, Cramps, Spasms, Sudden Colds and Bowel difficulties, a few drops in water will give immediate relief. As a Liniment it is without an equal; it stops pain almost instantly. Be sure and get the genuine, made by Perry Davis & Son, and sold by Druggists and Grocers.

FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES

All life-endowed bodies, whether they be Beasts, Birds, Reptiles, Insects, or even Zoophytes, and subjects of the Vegetable Kingdom are governed by vital force, which binds all the springs of existence, and as nothing can save them from destruction when this principle leaves them, the discovery of means whereby vitality may be sustained in the living body is in need of a boon to the world.

Modern Chemistry has ventilated the question, and discovered the ingredients constituting the brain, muscles and nerves, and finds that by introducing these ingredients in proper proportions the brain and nervous system are strengthened.

This Syrup is substantially the basis on which Dr. S. S. Ely's Phosphoric is built, its direct action is upon the Blood, the Brain and Nervous System, and the Muscles, Strengthening the Nerves, it causes the rapid distribution of Vitalized Blood in the Muscular Organs of the Body.

Roasting the Stomach and Liver, Strengthening the Action of the Stomach and Bowels, and enabling the Lungs to be fully inflated with Oxygen.

It is adapted for all cases of Weakness and Emaciation, whether arising from a Sedentary Life, a tropical climate, from fever, or debility from any cause, and is efficacious in Pulmonary Consumption, many confirmed cases having been cured, and all benefited, where its use has been continued over a fortnight.

In Bronchitis it is a specific, and by its action it gives relief where every other remedy fails. For Nervous Debility it stands unrivalled, and may be used with confidence in all cases. As this is entirely distinct and different from every other preparation of Hypophosphites, be careful to ask for Fellows' Syrup, and take no other.
