30TH YEAR.

48th Highlanders and Harbord Cadets Win Team Prizes

- Westerners Do Well,

OTTAWA, Aug. 22.—(Special.)—The annual competitions of the Dominion Rifle Association opened this morning

annual competitions of the Dominion Riffe Association opened this morning on the Rockliffe ranges. Private J. E. Clement of the Six Regiment, Hamiliton, won the Bankers' match, and in the tyro match the team prizes were won as follows: \$20, 48th Highlanders, 180, 1st; \$15, 95th Regiment, 154, 2nd. Next in order, 5th R.H.C., 154; 90th, 153; 91st Highlanders, 150.

There were 253 entries in the tyro match (500 yards), which indicates the number of new shots of the 700 shooting. The entries in this match last year were 239. There was a big kick at the very start. The figure target was used. These are all supposed to be all the same color, the lower half green, blending with the grass, and the upper half grey, blending with the stop-butt. When the long row of targets appeared it looked like a checker.

The president made this clear in a very explicit letter which he sent to day to Lloyd C. Griscom, president of the sent to day to Lloyd C. Griscom, president of the sent to day to Lloyd C. Griscom, president of the sent to day to Lloyd C. Griscom, president of the New York County Republican to nommittee, in response to a telegram from Mr. Griscom, which told the president such that the New York County Republican to nommittee, in response to a telegram from Mr. Griscom, president of a telegram from Mr. Griscom, president of the tyro wommittee, in response to a telegram from Mr. Griscom, president of the St. John Pearce were thrown from the vice absence of any authoritative information as to your attitude is seriously misleading.

President Taft, in his letter of reply, declares that so far from desiring to order the form the vice-president's wishes, he explicitly urged that former president's wishes, he explicated to adjourn the inquest until the 23th inst., and stop-butt. When the long row of tar-gets appeared it looked like a checker-board. Half the targets were dark and blended so well with the grass and wood of the stop-butt that they could harely be seen. The other half of a very much lighter shade, so that they stood out against the dark colors around them. The men squadded on the light targets had a great advantage over the men on the dark ones. The match resulted:

over the men on the dark ones. The match resulted:

Tyro Winners.

with it.

Have Subtle Bearing on Moir's Get-away.

HAMILTON, Aug. 22,-(Special.)-Startling developments: that may incriminate staff members of another provincial institution besides Hamilton Asylum are expected to arise out of the investigation which Deputy Provincial Secretary Armstrong Intends to prosecute in connection with the es-cape of murderers Moir and Taggart. Love letters which Moir received from a woman in London will have an important bearing upon the case in point, and the escapes from London Jail made by "Texas" Birdall, Roberts and Steadman. It is thought that Trappell, the chief attendant of the east wing of Hamilton Asylum, knew of Moir's correspondence with this wo-

At any rate the ease with which Moir and Taggart delivered themselves from the asylum, bears a coincident aspect to the ease with which fall deliveries have been made in London, where Moir was for a time incarcerated, and it is felt that they too should

be looked into.
Supt. English of the asylum declares that the local pelice were too hasty in arresting Trapnell, who, he says, would be of more service at this stage as a freeman and apparently unsuspected of any knowledge of the inner workings of the Moir escape.

It seems that Trapnell was not uncer suspicion until McCullough was arrestand implicated his comrad the police court this morning, McCulescape. Trapnell pleaded not guilty. Both elected to be tried by the magistrate and will appear again next Monday. The maximum penalty is 7 years.

Dr. English said this morning that

criminal insane are treated in Mattewan, the New York asylum, in which Harry Thaw is incarcarated. Evidence of Ferry Officials and Mr. Fleming May Attach His Two Survivors of "Direc-

toire" Party Taken.

The evidence given by Capt. Mc-Maugh and Mate Cartwright of the

Commodore Williams of the ferry with it.

It now transpires that the president on Wednesday told Mr. Sherman that he deplored the action of the state committee in voting down Mr. Roosevelt, and that he wanted him to try to see Mr. Roosevelt and arrange an agreement. Mr. Sherman when he left Beverly declared positively that he had no intention of withdrawing as temporary chairman.

That a sufe enough break has come

ger was when his mate cried to him from the side of the boat, "Back up."
"I then threw on my indicator te reverse the engines," said the captain, "and when I considered that I was clear of the sallboat, I ordered the engines." gines to be stopped. Almost instantly after I received the warning from the mate I felt the ferry strike the smaller boat: I had given no alarm, such as a whistle, to the sailboat."

In the case of a lifeboat being needed the mate was the only man boat on whom he could depend to look after it being lowered; but if the cident had happened in the middle of the bay, he would have to supervise the lowering of the boat himself

"I had never examined the working of the lifeboats to see if they could be lowered," said the captain, "but early in the season one of the boats needed repairing, and when it was being put examined them. We are allow carry 900 passengers on the Mayflower, and as protection we carry two life-

in 1901, and that the duties required of him on the Mayflower were simply being on the lookout and lowering the gangways." He had first noticed the Directoire sailing due west and theferry was just three lengths away, the small was just three lengths away, the small together with a souvenir menu card, boat sailing on the starboard tack and bearing a photo of the colone, and running in the opposite direction, but slightly to leeward.

wright as follows: 'How far away was the sailboat buildings of the Duke of York school when you first saw it?" hen you first saw it?" at Chelsea, which shortly afterwards "About three or four boat lengths." will be allotted to the Territorials for Did you immediately warn the cap- use as headquarters.

"Yes, and I felt the engines revers ing and the boat backing up. "How fast were the two boats approaching?"

The ferry was running at about three miles an hour, while the Dircctoire was almost becalmed." "If, then, you signaled the captain when you were three lengths away, an altercation with his wife. Shortly and the sailboat was hardly moving, how did the two boats cometogether Here the mate scratched his head and seemed nonplussed, but offered the

suggestion that they simply drifted

The evidence given by Norman Jaffray, brother of one of the unfortunate girls, showed him to be a good sailor, with a good knowledge of the rules into custody on a charge of carrying governing navigation in the bay. He a loaded weapon. He is 23 years of had believed he would be able to clear the ferry, and did not think he was in danger. He himself was at the tiller and was looking after the main sheet, and all were seated in the cockpit. The ferry had come within about ten yards the boat, they were blanketed, and without a breeze could make no progress. He did all in his power to move the boat by jerking the tiller to and fro, and when the blow came, he ran forward to shove the boat off; but he ferry continued in its cours shoved the Directoire over on its side, throwing all into the water.

Robert Jennings, another occupant said that this had been his first season at sailing, and that he had relied upon Jaffray to run the boat. He knew there was a paddle in the sailboat, but that as the ferry did not whistle did not think they were in danger and tnire, with 12 people aboard, would have availed little.

Signature To-day, or President Mackenzie To-morrow.

"There will be no trouble about sign. ing the agreement, not the slightest,' said General Manager Fleming of the street railway last night. It is understood that the agreement

is to be signed by President William Mackenzie to-morrow morning. At least this was the information received

sailing yacht Directoire, showed a want of knowledge on their part of the rules governing navigation in the harbor.

It was decided to adjourn the inquest and the 29th inst., and County Crown and cross-questioned the witnesses for awn and for the ferry company and S. Casey with Wood for the relatives of deceased.

It was decided to adjourn the inquest and cross-questioned the witnesses for the crown. W. B. Raymond appeared for the ferry company and S. Casey with Wood for the relatives of deceased.

It is was the information received by the men's committee yesterday afternoon at the Labor Temple.

"We received a message over the phone late this afternoon." said Josoph Gibbons, the union agent, "for the committee to bring the agreement down to-morrow morning and Mr. Mackenzie would sign it Wednesday morning. It may be possible that Mr. Fleming will sign it to-morrow instead." It is understood that Mr. Mackenzie left for Kirkfield yesterday afternoon, owing to illness in the family.

Joseph Gibbons left on the late train for Detroit last night, where he will attend a meeting of the international executive of the Street Railwaymen's Union. Magnus Sinclair left for Detroit on Sunday night.

In appreciation of the work done by the board of conciliation in averting a strike, Mayor Geary has sent the following letter to Judge Barron. Similar letters were sent to J. G. O'Donoghue and J. P. Mullarkey:

Mayor's Office,

threaten the prosperity of the city and the comfert of its citizens, and at this

Again, with thanks, and every assur ance of appreciation, I am, dear sir, Yours very truly, (Sgd.) E. R. Geary, Mayor.

WHEN THE BOYS ARRIVE Cold Lunch With Mineral Water Will Be Served to Each.

LONDON, Aug. 23.—Arrangements are being rapidly completed for the visit of Canada's crack regiment to England, for the Aldershot manosuvres

next month.
On their arrival at Liverpool the on I tried to see if it was in working will be conveyed on the London and all right. This is the only time I ever Northwestern Railway direct to Allershot in two special trains. Four hundred men will leave in the first train, and as protection we carry two lifeboats."

The Mate's Story.

Mate Cartwright said that he had received his papers for minor waters in 1901, and that the duties required of the sacratic state of the officers will travel in the account train. The royal horse-boxes used for the horses belonging to Queen Victoria and King Edward will be set apart for the use of the officers' charging 1901, and that the duties required of ers, and a special saloon carriage will be attached for the use of Sir Henry and Lady Pellatt. For each of the of-ficers and men a cold lunch, with bottles of mineral water, will be provi adorned with the maple leaf and flags.
Invitations have been issued to the S. Casey Wood, appearing for the officers and men to visit several of the family, cross-questioned Mate Cart- London places of entertainment. Their quarters will be situated in the old

### NEARLY A MURDER

Drunken Man Fires Two Shots at His Wife.

Frank Tushingham, 69 St. Patrickstreet, had been drinking when he went home last night, and he get into before 8 o'clock. Policeman Carson was attracted to the house by the wom an's screams, followed by two shots and more screams. He found the man in one room with a smoking revolver of a cheap bulldog pattern in his hand, and the terrified wife in another. "If you had left me alone I would have done something worth while," remarked Tushingham, who was taken age.

BRISTOL DEPUTATION COMING. MONTREAL, Aug. 22 .- (Special.)-

A delegation of Bristol, England,, business men will arrive here Thursday on a tour of the Dominion. They will be entertained by the city, the board of trade and the harbor commissioners. Saturday night they leave

PENNY POST FOR AUSTRALIA: MELBOURNE, Aug. 22.-(C. A. P.)-Penny postage within the commonthe new year.

A RETROSPECT.

## TORONTO THE GREAT TRANSCONTINENTAL EASTERN DISTRIBUTING TERMINAL.

That Toronto is the real eastern end of the trade of the Canadian West has been illustrated by the fact that the greatest transcontinental train now leaves Toronto every night at ten minutes past ten over the C.P.R.'s new and standard line to Sudbury. Seven coaches of passengers, five cars of express, mail, bagsage and fruit! And crowded to the doors. The grades are so light that it is no trouble to send this great train along at good speed. Toronto has at last got one great thru line to the west, after waiting years for it, and the direct business is coming to Toronto rather than Montreal. Let us give Sir Thomas full credit for this. Let him come here and see this great train and

But what will this trade be when the Grand Trunk Pacific is completed from Superior Junction (or Graham) to Cochrane, and a Grand Trunk transcontinental leaves every night for Winnipeg and Edmon-ton; and the Canadian Northern has its missing link from Sudbury to Port Arthur filled in and it also sends a great express train from To-

ronto for the west via Sudbury and Port Arthur.

At least three great transcontinental expresses leaving Toronto daily! What will that mean for Toronto in the way of business?

The Grand Trunk's line is, provided for by the federal guarantee and is now under way between Graham and Cochrane, where the Timiskaming and Northern Ontario road to North Bay and the Grand Trunk's line from North Bay south to Toronto will be used. But the construction of the Canadian Northern's line about Lake Superior has yet to be provided for, and it is up to the federal and provincial governments to help the project thru, and at the same time open that fine stretch of country known as the clay belt. This five hundred miles of road should be pushed with all possible vigor, and the Toronto Board of Trade ought to see what can be done to help it along.

The Grand Trunk Pacific will have a standard road from Edn ton to Cochrane, and now is the time for the Toronto Board of Trade begin at the Grand Trunk and the Ontario Government to standardize their lines from Cochrane south to Toronto. The government commissioners are spending a lot of money in this direction this year. When will Mr. Hays start to McGuiganize the line from North

These three transcontinental lines from Toronto to Winnipeg and farther west will make Toronto the greatest city in Canada.

But if we do not have a policy in this direction we may have to wait for them as long as we've had to wait for the C.P.R. Sudbury line.

Where are our public men, our boards of trade, our ministers and abers at Ottawa? What is William Mackenzie doing to make Toronto his great east-ern terminal point? Where will he build his shops in Ontario?

## KEEPING HOTEL vs. RAILROADING.

Grant that a road is only single track and that its grades are not

standard. Even such a road can handle a lot of traffic, provided: (1) That it has lots of passenger train equipment, including extra sleepers, day coaches, diners, baggage cars.

(2) That it runs plenty of passenger trains and specials when ne-

cessary.

(3) That it has an extra supply of locomotives.

(4) That it has lots of freight cars.

(5) That it has sidings, long ones at that, turn-tables, lots of these,

water-tanks, switches.

(6) That it has lots of men: conductors, trainmen, engineers, switchmen, telegraphers, night and day asents, freight nandlers, cartage connections, supplies of all kinds distributed all over the system, and competent foremen and chiefs.

But if it hasn't got all these kinds, and lots of other things as well, it falls down on the least strain. The road is only efficient up to its weakest point.

Switches are not efficient if you've not men to handle them; or a freight train that is lacking a train crew goes dead; or an engine that has to go 20 miles to turn around is burning itself up to no purpose; if there are no boys to call the trainmen, half an hour or two hours de-

lay occurs and a special freight loses a chance to get away ahead and out of the way of a passenger express.

Telephones in long yards, lots of sectionmen and lots of section-men's houses, gasoline hand cars for sectionmen help to make a onehorse line efficient and to keep it clear in snowstorms.

One-horse equipment makes a poor line a public nuisance; ample

equipment and lots of men allow a single-track road that has lots of business offering to become a profitable proposition.

The Canadian Pacific in Ontario is a one-track-line system of ancient date, full of heavy grades, curves and deficient in number of sidings,

turn-tables, switches, motive power, train equipment, men of all kinds, And yet the company has both the money in its treasury and is doing a business that justifies its complete reorganization on standard

Why doesn't Sir Thomas Shaughnessy quit keeping hotel and do a little railroading for a change? That's what the C.P.R. was franchised to do. Let the juniors do the dotel business. Let the chief get on the standardization of the system (in Ontario). It will pay.

Terrible Destruction in U. S. Northwest Continues -More Than 100 Persons Missing, and Hundreds Injured-The Fire Area.

SPOKANE, Wash., Aug. 22.-With more than 50 persons known to be dead, more than 100 missing, 200 injured, half of Wallace, Idaho, burned and two or three villages obliterated, and two or three villages obliterated, forest fires to-night continue to threaten death and destruction over a large territory in Northern Idaho, Eastern Washington and Western Montana.

Half a dozen villages are seriously threatened and their inhabitants are hurrying to places of safety.

Relief trains are helpless in many cases, owing to burned bridges and fires that lap the tracks.

Wallace is now safe and no towns

are burning.

The situation is most acute in Northern Idaho. Reports from other parts of the northwest are more encourage. some of the fires have been controlled, others are less threatening in the absence of wind, while in some places the fire fighters have diverted the flames from towns that were threatened.

threatened.

The new fires that have sprung up in the last 24 hours have not proved serious, thus far.

A report to-day that the Colville fire in Eastern Washington had broken out with renewed energy is untrue.

In Eastern Oregon between Baker City and Ladrande are several fires which are doing damage to live timber. There are a few sporadic fires in Western Washington and Oregon, and in Northern California, but they are not yet serious.

Incendiaries Blamed.

Despite the efforts of 750 fire fighters, among whom are 250 more regular solediers from American Lake, Wash., who arrived to-day, none of the fires has been put out. All the men obtainable have been drafted into ser-

The fires in Southern Oregon in The fires in Southern Oregon in many cases are said to be incendiary. This has been a matter of general gossip in Medford for several days, but it became officially known to-day thru dispatches from Washington.

No hope of rain is yet given by the United States weather bureau. The prediction of the district forecaster for to-night and to-morrow, is for fair weather thruout Washington, Oregon and Idaho.

and Idaho.

Thirty men out of a crew of 47 fire fighters, in charge of Forest Ranger Hollingshead, are missing and are believed to have perished Saturday night when their camp at Big Creek, a tributary of the St. Joe River, 16 miles from Avery, Idaho, was swept by

flames.

This news was brought to Spokane to-day by F. D. McLellan, a newspaper photographer. McLellan was one of the relief party which made the trip to Big Creek on Sunday. The heat was so intense that the party was unable to approach the spot where the camp stood

According to the 17 survivors who reached Avery, the fire came on while they were sleeping, and they were aroused by the flames. The men scattered and ran for safety. Little hope is entertained by the 17 men that their companions survived. At least five mpanions survived. At least five

18 miles from Spokane, several cot-tages have been burned The St. Joe and the St. Marie Rail-ways, in the heart of the richest timper belt in Idaho, are swept by flames. Already 100 homesteaders have been burned out. Five hundred men are Five hundred men are

fighting the flames.

At St. Joe River steamboats are kept ready to take the people to safety. Gould 17 miles from Helena, is enirely surrounded by fires. Wilburns, just across the mountain from Gould, is also threatened and the inhabitants

A correspondent gives the following account of the journey of a Northern Pacific relief train: "All the way from Mullan to St. Regis the Northern Pacific ran thru two walls of burning timber. The train got as far as Borax and was compelled to turn back on account of burning bridges. Getting back to Saltes, it was found that the bridges east had been burned. It was impossible to move either way."

Terrible Experience. Three men are known to be dead on Pine Creek. Ranger Bell had 25 men under him there. All were caught. Three were killed, three others were linded for life and five had their legs broken by falling trees. Two more men met death yesterday afternoon. They and twenty others were trapped in a fire on Boulder Creek near Mulian. Four of the twenty managed to walk

### LIAMILTON APPENINGS

STILL OUT OF A JOB

G.T.R. Strikers at Hamilton Who Haven't Been Re-Engaged.

HAMILTON, Aug. 22 .- All is not yet. reace between the Grand Trunk Railway and the local men who went on strike. Four prominent members of the local union have not been reinstated, altho their positions have been vacated by strike breakers since the settlement. The present outlook is that it will be many more than three months before

many more than three months before they receive any kind of a position with the Grand Trunk Railway.

About a dozen strike breakers have been retained. These have been given good positions, both in the yards and on the trains, and are smart railroad men. The leader of the local strike breakers is assistant yardmaster, while with one exception all the minor offices around the yard are filled by men who refused to go on strike or those who refused to go on strike or those that were brought in to quell it. Very few of the strikers that were re-engaged were put back in their old postins. All were engaged as new men and had to take whatever position they

and had to take whatever position they were assigned.

There is a rumor among local railway men that Thomas Todd, who was chairman of the striking employes committee, will be given a position in the union. Mr. Todd is at present out of the city on the union's business.

Daniel Phelan a local member of the grievance committee, is patiently waiting with the other men still out for the call to return to duty. The other men still out are Messrs. Gibson and Frost.

New Boat Service. The board of control this morning considered a letter from T. M. Kirk-wood, vice-president of the Manitoba Relling Mills Company, Toronto, asking the city to guarantee six per cent. Interest on \$500,000 worth of bonds to start a new ireignt and passenger boat service between Hamilton and Montreal. Mr. Kirkwood had nopes that Toronto, Kingston, Fort Hope, Cobourg, Belleville and other take shore cities would jointly guarantee the bonds. The controllers took no action on the offer.

THE SPANISH CRISIS

church and religion. It is merely and temporarily the strain in the which have been allowed to lapse. "I have every hope for a future of perfect religious liberty and the right of conscience, and I hope to maintain the machine had been taken several

'In Panama," a Novel Musical Comedy, Attracts Large Audience at the Popular Playhouse

Looking as pretty as a picture, the Grand opened the season last evening with a light, airy, musical comedy. 'In anama." The entertainment is clean, breezy and bright, attractive also in its blend of tuneful music-some of it above the average in merit-with enough bamor in the dialog and cominterest also in the love scenes, besides much novelty in the incidents, as pre-sented by the Klein Brothers, that will insure the hearty appreciation of au-

diences.

As last evening's performance was the first public appearance of the company this season, there naturally were a number of spots that needed a little more rehearsing, but when these are brightened up the production will compare favorably with that present dhere by the Rozers Brothers at high prices. The scenic equipment and costume display are bright; the chorus, composed of pretty girls, can sing and dance, and the principals are all capable people.

dance, and the principals are all capable people.

Aside from the work of the comedians, the Klein Brothers, special mention should be made of the clever partofmance siven by Sybil Brennan, Miss Martineau and Miss Pendieton, the two latter making a decided hit in a topical song with the comedians. The versatility of the cherus is shown in a song number where individuals sing a stanza in dialect, personating all nationalities. It is cleverly presented, and is one of the features of the performance. Among the catchy song formance. Among the catchy song formance. Among the catchy song formance among the catchy song formance among the catchy song formance. Among the catchy song formance among the catchy song the complimented on the costumes and becomplimented on the costumes are new and sond. numbers are: "Way Down in the Colon Town." "Neath the Old Palm Trees," "Where the White Light Shines." "I Could Learn to Love You When You Smile" and the "Toreador." These numbers were enthusiastically encored last night, and as a result the performance was extended beyond the usual time limit.

hight and placed him in the Children's Shelter. The youngster told the super-intendent that his name was Aikins and that he was 10 years of age. He is dressed in a blue sailor blouse, dark knickerbockers, black stockings and boots.

Miss Haswell as Rose Colombier, the circus rider, had a part that suited her fine artistic verve and lightness of interpretative touch. Miss Angela Ogden made an admirable Mrs. Gillerand, boots. lof's wife with taste and skill, Miss Hilton as the ward, and Miss Lilian Kellar as Barbara were both excellent Mr. Gordon was seen to excellent advantage in the role of Hemmington rad was admirably supported by Allan Pawcett as Ralph Ormerod; Thomas V. Emory as Joshua, and Bryant Wash. borne as Dodson.

The farce was beautifully staged and rectls were so insistent that Miss Haswell had again to make personal acknowledgement. It is understood that Miss Harwell will return to the Royal Alexandra next season, and it is quite safe to say she will be warmly welcom-ed "Arabian Nights" will be offered during the week with the usual matinees. Next week the regular season will open with W. A. Brady's new play, "Mother," by Jules Eckert Goodman, and for the public convenience a branch booking office will again be available at the office of the Bell Plano

At Shea's

Fun and Music. Mirth is the salient feature of the big show at Shea's New Theatre this big show at Shea's New Theatre this week, which pleased two capacity audiences yesterday. "A Night In a Monkey Music Hall" is a great thing for the kiddies. A whole vaudeville performance is given by simian performers, and there have been a lot of humans who fall short of these animal entertainers in the finish of their work and the merit of their offerings.

Harry Fox and the Millership Sisters Harry Fox and the Millership Sisters have one of the brightest little bits that have been offered. "Artistic Oddities" is what they call it, and it is both

odd and artistic. Gene Greene & Co. are billed as "singing some songs," and they are some songs. "Co." is a talented plan-Hugh Lloyd is certainly an artist on

the wire. His stunts are sensationul and amusing.

Amy Ricard and Lester Lonergan present a dainty little sketch, "An Idyl of Erin." Lester wrote it, and it is as bright as these little things of his

Featuring French and Austrian Broadcloth in Our Formal Dress Goods Display

Broadcloth is once again monopolizing favor. La Mode has accorded it the place of supreme importance in the fashioning of the formal costume—the outdoor suit for the special occasion, the indoor gown for luncheon or afternoon tea, and the elaborate wrap for evening wear. The delicate art tintings of the pastel shades have been developed in the cloths, particularly in the champagne, maize and Nile green tones.

In the most substantial colorings, black, navy blue and the softer hues of purple are most strongly in evidence. They are all to be found in our Dress Goods Department. The finest French broadcloths, characterized by a wonderful richness of chiffon finish, yet also by durability equal to that of the rougher, more utilitarian fabrics. The range of prices runs from \$1.50 to \$3.00 per yard; the pastel shades for dainty frocks and opera cloaks, and the deeper tones for heavier costumes running from \$1.50 to \$2.00, with a line of particular weight in black in beautiful satin finish, suitable for the handsome separate coat, or for the fur-lined shell; the width is 52 and 54 inches. Per yard..... \$3.00 -- Main Floor, Yonge St.

## Swiss Embroidered Flouncing

There is a steady and heavy demand for the wide embroidery flouncings, and Wednesday you will find splendid variety at this very low price, because we bought advantageously.

Swiss Muslin Flouncing, 45 inches wide embroidered in large range of openwork designs to a depth of 20 inches; the material is of very firm texture, and the edges and outline of the patterns have been finished in a way to prevent stretching in the washing; better be early, as there is only a limited quantity in some patterns. Per yard ......... 65c

## Interesting Coat Specials

Cool nights and Fall days are almost here. You will need a coat of warm, stylish material, and you will find satisfaction and comfort from the well-made, handsome coats we are showing now.

The Coats we are offering now are EATON made on patterns adopted from imported models, embodying features that will be the most characteristic of the new Winter styles. The materials, too, are this year's introductions, new wide wale weaves and new colors.

Prices are much below what you would pay for the same class of materials and workmanship in ordinary coatmaking.

At \$4.95—Made from sturdy wool coating cheviot of excellent quality and finish, this coat has all seams bound and stitched to the bottom. The collar is of the stand-up turn-down variety, and fits snugly about the neck, fastening down the side in military style. Braid loops and large silk buttons carry out the effect, and the sleeves are plain with a turn-back cuff; sizes 32 to 42 inches. Special value....\$4.95

Pure Silk Rubberized Raincoats, \$11.50 These are general utility coats. For traveling, driving, boating or motoring; for rainy weather they are indispensable. Nobby and dressy enough to

wear with your daintiest frock, yet serviceable and good for long wear. The rubberized silk makes them absolutely rainproof. Full length, loose fitting and semi-fitted designs; they have fitted collars and turn-back cuffs, and the material shows a self-stripe of black or blue; sizes 32 to 42 inches. Special value Wednesday.

Silk Coats, black and white, blue and white or brown and white striped silk is the material for a fine line of silk coats, lined across the shoulders with silk, and finished with a stand-up turn-down collar and turn-back cuffs; reduced for early buyers; and

## BELMONT CRICKETERS DEFEAT ROSEDALE BY 90

Grant of the Losing Side Hits Up

Grant of the Losing Side Hits Up
Top Score—Smart Fielding
By the Quakers,

The Beimont Cricket Club wound up
their Toronto engagement yesterday by
defeating Rosedale in a single day's
match 212 runs to 122. The visitors batted first and at lunch time had 116 runs
for four wickets, the first men, in taking very kindly to the bowling Resuming in the afternoon the Quakers kept up,
the scoring and at 212 declared with one
wicket still left. Nearly every one got
into double figures. The home team
made a disastrous start, Swan losing his
wicket before a run was scored. However, Reid and Grant put up 28 before
they were separated. Grant made the
best score of the day, his 48 including
eight fours. The visitors fielded very
sharply, Bottomley making two remarkable throws from coverpoint when Larkin
and Spinney were run out. The last man
was out within 20 minutes of drawing
stumps, tho Guild and Garrett made a
vallant attempt to play out time. Score

British Bowlers Win at Ottawa,
OTTAWA, Aug. 22.—The British bowlers continued their successful Canadian tour in Ottawa to-day when they defeated two rinks each from the Civil Service and Victoria Clubs in matches on the Victoria greens, Kent-street. On the first rink W. McColl's old country quartet defeated that of President R. R. Farrow of the Victorias by 23 to 3, and on the second Civil Service rink, skipped by S. L. T. McKnight, was a winner aver that of J. Kirkiand by 17 to 14. The Victorias, skipped by Reg. Morley, wen out on the third rink by 22 to 3, but on the fourth the British rink, skipped by Rew. Wyndham Earle, secured a margin of 11 over the Civil Service rink, skipped by T. Grindley, the score being is to 5. Thus the British rinks score a lotal of 61 against 53 for the Civil Service-Victoria combination. The tourists left for Peterboro to-night.

In the afternoon the Britishers defeated one Prescott and one Brockville rink by a score of 25 to 10, making a total score for the day of 86 to 23 in favor of the visitors.

The Toronto World forth the serious side of the situation for the province as a whole. It is urged, however, that the power itself is of little importance unless it can be dis-

tributed to the people who can use it. The distribution of power in Ontario at reasonable rates depends entirely on the success of the hydro-electric power scheme. One of the main features of the scheme is the supply, not merely to one or two favored districts, but to every locality that desires it, of such power as it requires.

It cannot be forgotten that the electric corporations are doing all in their power to defeat the objects of he power commission. They have practically done so in the eastern part of the province. A few days ago Oshawa sold There are going to be crowds of itself into bondage. This town could

Splendid progress is being made in same time. The difficulty is that all these places combined could not at feasible to build a line to Windsor. It has accordingly been proposed to sell enough power in Detroit to carry the

power and the control of the power on such conditions that it can be used when required in Ontario. If the power is not used in Detroit then there can be no power to Windsor. Under these by the admiralty. circumstances, and in view of the guarantee of the hydro power commission, that the power will not pass out of the commission's control by delivery in Detroit, it would seem that has raised to the export of electric which the visitor from the country can power to the United States might be waived in this instance.

"It is unnecessary to say that the club deeply regret that any members should have so far forgotten themselves as to act in so unbecoming a member?" manner," says a statement issued by Secretary H. H. Nightingale.
"What makes it worse," said T. P. Galt, the president, "is that we are always so well treated in the States.

Of course, it was only the act of very foolish young men, but it is an outrage all the same." The Buffalo yachtsmen will not prosecute, tho the offence carries a penalty of from 30 days to six years.

### KEEP CHILDREN OFF STAGE Too Many Youngsters in the Cheap Theatres.

J. J. Kelso, superintendent of the On-

tario department for neglected child-ren, is launching a campaign for the young children in the so-called nickel

"Picture theatres are being turned juvenile performers, who outrage decency by immodest dancing and suggestive songs," said Mr. Kelso yesterday. They go much further than adults in brazen effrontery, and the influence is decidedly bad, both upon themselves and the audience. Parents of precocious children are tempted by financial returns to put them on the stage, and many foolish girls are constantly clam-

oring for engagements. "In a recent visit to a number shows, no less than ten children under 16 were performing, and not an act could fairly be termed decent. In the interests of good morals they should be stopped and rigidly censored.

Children under the age of 10 years are absolutely prohibited from performing in any place of public entertainment, and between that age and 16, they can only perform when ed to do so by the head of the municipality. The penalty on anyone securing children to perform contrary to these regulations is a fine of \$100.

TAFT AND ROOSEVELT

President Will Make Indirect Refer ence to the "Break". BEVERLEY, Mass., Aug. 22 .-- As time goes it becomes more and more apparent that no direct answer will be made here to the reports of a break between President Taft and Theodore Roose the velt, and the charges alleged as a

foundation for the rupture. It is believed now that President Taft intends to make his position clear, in the letter he is preparing for the de-? Republican campaign committee handbook, and the speech he is preparing for the conservation congress at St. Paul.

The president is said to recognize no situation calling for a controversy. As to state fights, and it is the New York State fight which is alleged to have created a chasm between the president and the ex-president, there is every reason to believe that Mr. Taft wi restate what he has said here many times of late—that he does not believe it to be the province of the chief exe-

cutive to interfere in state fights. The Way to the Thousand Islands and the St. Lawrence River. The Grand Trunk with its double-track line has two splendid trains-9 a.m., leaving Toronto, gives you a de-lightful ride along Lake Ontario to Gananoque, reaching the Thousand Islands same afternoon; night train at 10.15 p.m. has sleepers to Kingston Wharf, where connection is made at 6 a.m. with R & O. PLANS AIRSHIP SERVICE

PITTSBURG, Aug. 22.-Eight dirigible airships were contracter for here Saturday when the United Airship Co. of Baltimore, thru its manager, Jean Belgiano, signed a contract with Capt. Robert C. Millman. The deal involves about \$200,000. It is planned to operate the dirigibles between Baltimore Washington.

Belgiano has organized a \$1,000,000 corporation to operate his line. Millman was associated with Santos-Dumont and Jean Goudet of France, and has been working on air navigation projects for twenty-two years. The dirigibles are to cost \$25,000, and a bonus of \$2500 is to be paid for each mile above thirty miles an hour and \$1500 for each mile above thirty-five miles that they develop in speed. The airships will each carry sixteen passengers and will be 220 feet long.

China Doubts Britain. PEKIN, Aug. 22.—The Chinese press is expressing alarm over the prospect of China losing her outlying provinces, and publishes frequently stories of al-leged semi-military encroachments by Russia in Mongolia and other border

provinces.
The newspapers are suspicious of Great Britain as a third party to the Russo-Japanese understanding which will not permit China to achieve suzerain authority in Thibet.

The Hebrew Christian Society. The Hebrew Christian Endeavor Society, of the Toronto Jewish Mission, will hold its first garden party. Monday, August 29, on the lawn of the nission, 33 Centre-avenue. The band of the Salvation Army and other artists will render a musical program, and refreshments will be served free

### THE WEATHER

OBSERVATORY, TORONTO, Aug. 22.—(8 p.m.)—Thunderstorms were experienced in the lake region during the night, but to-day the weather has been generally fair thruout Canada, except in northern Alberta and Saskatchewan, where it has been showery and cold.

Minimum and maximum temperatures: Vancouver, 52—62; Kamioops, 56—76; Edmonton, 42—48; Calgary, 40—62; Qu'Appelle, 38—70; Winnipeg, 46—74; Port Arthur, 62—76; London, 61—78; Toronto, 60—78; Ottawa, 54—76; Montreal, 60—80; Quebec, 54—30; St. John, 56—64; Halifax, 50—76.

—Probabilities—
Lower Lakes and Georgian Bay—
Fresh southeasterly to southwesterly winds; decidedly warm, with
showers and local thunderstorms.
Ottawa and Upper and Lower St.
Lawrence—Moderate to fresh southerly winds; decidedly warm; showers
and thunderstorms, chiefly at night
and on Wednesday.
Gulf and Maritime — Moderate to
fresh southwesterly winds; fine and
warm.
Superior—Fresh winds -Probabilities-

Superior—Fresh winds, mostly west and north; cooler and showery.

Manitoba—Partly fair with some local showers or thunderstorms.

Saskatchewan—Cooler and showery.

Alberta—Mostly fair and cool, with local showers.

Cold Snap This Week.

WASHINGTON, D.C. Aug. 22.—Colder weather is on its way, according to the general forecast for the coming week, issued by Professor Willis L. Moore, chief of the U. S. weather bureau. The cold wave will begin its sweep across the country the middle of the week, starting from the Northwestern States and reaching the Atlantic coast by Friday or Saturday.

mended that in cases of transfers of ministers, notice should be given the quarterly boards concerned. A case was cited where the minister was transferred and the quarterly board of his church were not notified about it previously.

Permission was given authorizing the book and publishing committee to appoint an assistant book steward at the Central Book Room, when it should be considered necessary.

own their farms in five years.

bettered.

Longwood, Aug. 18.

quently has to farm less land than he

One hundred sections carefully chosen lands

\$4.50 to \$5.00

per acre --- easy terms

It is particularly desired to bring these unusually low-priced lands to the attention of conservative eastern investors, who take nothing for sranted, and who, therefore, are well qualified to recognize any really good purchase that presents itself.

HE following is a description of the lands made by a man of over five years' experience in the saddle examining and selecting desirable tracts for purchasers, and whose reports are so reliable that they are included in the British Columbia Government's Bulletins, Nos. 9, 12 and 22.

> Extracts from Expert's Report: The soil varies from alluvial to volcanic ash.
> Mountain streams are very numerous, and no district in the continent is better watered.
> Fish and game are abundant.
> Climatically the country has many advantages, and is much superior to that of the middle Western States and Provinces.
> Speaking of the west coast district, it may be said that no serious extremes of climate will be encountered.

Intrinsically these lands are very valuable.

Grasses flourish luxuriantly, affording magnificent grazing and demonstrating beyond question the high fertility of the soil. Wild timothy and red top are found everywhere on the good land. Wild pea, said to be the most certain indication of rich soil, is found everywhere, and has a particularly vigorous grawth, while bunch grass is liberally distributed and flourishes. Oats give a remarkable yield, roots of every description accomplish wonders and domestic hay will yield three tons to the acre.

Wheat is an untried quantity, but as the conditions in every particular seem to parallel those in the famous Palouse District of Eastern Washington, there seems to be no reason why a big yield of the softer wheats could not be realized.

Altitude, climate and soil appear to be adapted to the production of the deciduous fruit trees, wild fruits of many varieties are very plentiful.

## Overpowering heat is never experienced. The winters are marked by a snowfall of 18 inches to 2 feet, with an exceedingly moderate temperature. Please remember

this G OOD farm lands regularly range from \$50.00 to \$200.00 per

And often at these prices there is a disadvantage of extremes of climate, occasional droughts, frosts, etc.

Virgin soil, ready for the plow, in a climate that is remarkable for its mildness, with abundance of water—at \$4.50

to \$5.00 per acre, sounds almost too good to be true.

Yet that is what these specially selected British Columbia Farm Lands These lands are not a speculation.

Continued From Page 1.

Coroner Pickering will open an inquest to-night into the circumstances attending the drowning of the unidentified man whose body was taken from the head and killed him instantly. His ber the rear portion of the premises. He hastened to an upper balcony facing Queen-street, and sent a passerby post haste in quest of a constable. P. C. Thompson was procured, and after throwing a score or so of boxes out of his way and giving a deaf ear to the anxious warnings of the Breakwell family in the windows, "to take care he didn't get shot," the officer forced an entry and eventually the cause of this entry and eventually the cause of thie disturbance was unearthed in a dark and obscure corner. It proved to be a rather intoxicated individual, styling himself an Englishman by name William Davis. He was taken in.

PAINT MADE OF SMOKE

Discovery Which May Make Pittsburg Visible to the Naked Eye.

Take a small quantity of Pittsburg air, wash thoroly and turn loose again, advises a writer in Success Magazine. Strain the wash water and add certain ingredients which a Pennsylvania man claims to know about. The result is a paint which is said to be durable and cheap and especially adapted to tin roofs and iron work. The same air may be recaptured and used again, but the smoke is ruined forever. The system is said to be in success

fut operation in a Pennsylvania facwhere the smoke is passed thru an atomizing spray. Six tons of coal of the nice smudgy kind will, if properly treated, yield five barrels of paint, besides doing its regular work.
An interesting possibility in discovery is a byproduct in the way of sweet smelling fresh laundered air.

The Need of Preparation.

# TOWN TOPICS IN BRIEF

Says Annexation Vote May Be Delayed --- Oshawa Electric May Strike Markham.

NORTH TORONTO, Aug. 22 .- (Special.)-His worship Mayor Brown, acrived home this morning, after a delightful ten days' trip to Muskoka. Maplehurst, near the head of Lake Rosseau. "The development in the northland is marvelous," said the mayor, "the residences elegant in con struction and design, give evidence of wealth and refinement. Incidentally a great many of them are owned by Americans.'

Coming down to matters of local interest, Mayor Brown referred with satisfaction to the excellent work now heing carried out by the engineer and Councillor Murphy, chairman of the board of works, in the grading and macadamizing of Yonge-street. "The steam roller has amply vindicated its purchase," said his worship, "and we have now something tangible at least

for the money expended."

Referring to the petition for annexation recently presented to the town council, Mayor Brown said:"I do not think that time for submission of the bylaw is well chosen. The absence of Mr. Douglas has complicated the situation and the preparation of the new-lists will entail a vast amount of work and this, too, with practically new men, who could not be naturally sup-posed to be so familiar with the work. It will probably be well on in Novemam anxious about is that the vote. whenever taken, shall be a representative one," said he.

Couching on the sewage question, his worship said, "The report is being prepared by T. Aird Murray, C.E., the engineer formerly engaged on the previous scheme, and will probably soon be out. If it is the wish of the ratepayers to go forward with the scheme. ought naturally to conform to the

The mayor touched lightly on the action of the local board of health in ment regarding the matter.

Altogether, his worship, who has had very busy summer, seemed to be pretty well satisfied with matters in eneral. In addition to his official duties, his election os deputy grand mas-ter in the A.F. & A.M., will entail a lot Swansea. of work, his jurisdiction over twentyin many cases a dual visit. In addition, his worship is associated with practically every other social and benevolent organization in town.

Metropolitan trolley wire, and was terribly burned. His tions in Canada, west of Kir cries soon brought help, and Dr. Bond, also from Buffalo to Detroit. who was hurriedly summoned, at once ordered his removal to the hospital. where his injuries were regarded as very serious.

The town band gave a very enjoyable concert in the Davisville school grounds this evening.

### WEST TORONTO.

Firemen Are Called to Extinguish Fire in an Auto.

WEST TORONTO, Aug. 22.—(Spe-lal.)—A driver in the employ of Houlgraves' livery, while driving along along Dundas-street this morning, vas jolted from his seat and the ran away along St. John's-road and was with difficulty stopped. A gentle man and lady in the cab broke the guages, for which also she was eligible. glass in an effort to jump out, but the stopping of the horse prevented any serious accident.

The funeral of the late Mrs. Mac pherson, wife of the clerk of the Etobicoke Township, will take place from the family residence, Islington, to-mor-

An automobile belonging to M: Kammerer, a Russell touring car ablaze near the corner of Keele and Dundas-streets, gave the firemen a run this morning. The chemical en gine was brought into service and not much damage was done.

Edward Longdon, 156 Sheridan-ava nue, died on Sunday evening. He was only taken ill on Saturday. He was an Englishman, 65 years of age, and

### AGINCOURT.

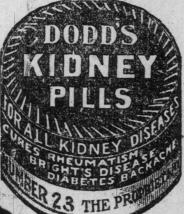

Coroner's Jury View Remains and Adjourn for a Week.

AGINCOURT, Aug. 22.—(Special.)— Coroner Dr. Coutts to-day empaneled a jury to examine into the causes leading up to the death of David Thomson, killed on the C. P. R. tracks on Sun-day morning. After viewing the remains an adjaurnment was made until Monday, Aug. 29.

### UNIONVILLE.

Oshawa Line May Give Village and Township Rapid Transit.

UNIONVILLE, Aug. 22.-(Special.)-C. H. Stiver, in an interview with W.

L. Fowke, M.P. for South Ontario, was assured that in the location and prosecution of the new Oshawa electric line, the Village of Unionville would be considered. This is gratifying news, and following this some concerted action on the part of the business men of the town might well be considered, with the view to bringing even more forcibly before the promoters the great with the view to bringing even more forcibly before the promoters the great advantages to be derived from the putting down of an electric road thru this old and thickly settled district. The adjoining municipality of Markham Village might also take steps to present their claims for a better railway SYNOPSIS OF CANADIAN NORTH-

AND GREASES AND URLASES AMENDING BUILDING BYLAW

To Secure Protection For Men Work ing on Scaffolding. City Architect McCallum has prepar-

ed an amendment to the building bylaw, whereby better protection will be afforded men working on scaffolds. The provisions are as follows:

soon as the walls or structural steel on any building have reached the level of the first floor, the joists on such floor shall be placed and per-manently secured in position, and the joists covered temporarily in a manner satisfactory to the building inspector. All buildings over three storeys in height shall be provided with temporary plank stairs from the bottom to the roof of the building.

Outside scaffolds, either supported by continuous supports from ground up, or upon thrust-outs from window or door openings, shall be pro-vided from the second floor up with tight plank floors and ten inch curbs and two by four-inch hand rails, thirtyfour inches high, with not less than two by four standards and braces, and when such scaffolds are used on buildings over 60 feet in height the space

between the hand-rail and the curb shall be filled in with wire netting. Planking shall be erected above scaffolds, over the heads of workingmen, to protect them from falling material or tools on buildings more than two storeys high.
All scaffolding or temporary sup-

ports of any kind which is or are used during the erection, alteration or the making repairs to any building, shall be of sufficient strength to carry safely the load to be placed thereon.

Market Sentiment Favorable In Majority of Instances

Cobalt Stocks Withstand Selling Pressure in Easy Fashion Some Further Advances Made by Cheaper Issues. PRICE OF SILVER.

World Office, Monday Evening, Aug. 22. Cobalt stocks generally gave a good account of themselves on to-day's markets, trading being of substantial volume and prices well maintained, while in special instances further small ad-

n special instances further small advances were registered.

There was some profit-taking from those who had bought previous to the recent recovery in the list, but this was well taken care of, and was a natural outcome of the gains of last week. The speculative interest was concentrated in Timiskaming, of which some 55,000 shares changed hands during the session. On the morning board the price advanced to 75, a new record for the movement, but later realizing forc-ed values back some two points.

Hargraves was another strong point, the stock gaining two cents per share at 23. Small flurries also occurred in such issues as Cobalt Lake, Little Ni-pissing, Peterson Lake and Rochester,

all of which were more or less prominent in the dealings which were registered.

There was very little doing in the higher priced section of the list, and what trading was put thru was in the main below last week's levels. Nipissing, La Rose and Kerr Lake were dileaster in sympathy with the movement on Wall-street.

A much better feeling has and the street was a street with the movement of the street was a street was a street with the movement of the street was a street was a

ment on Wall-street.

A much better feeling has arisen in connection with the Cobalt silver mining stocks, and speculative sentiment has undergone an almost complete change, being now more favorable to the market than it has been for some time.

The ease with which the list withstood the selling pressure, which was exerted when the buying became tem:

The ease with the cobalt silver mining stocks, and speculative sentiment has undergone an almost complete change, being now more favorable to the market than it has been for some time.

Cobalt Lake—500 at 13%, 1000 at 13%, 200 cobalt Central—500 at 14, 500 at 14. Cobalt Central—500 at 14. McKinley—200 at 1.00, 100 at 1.01, 100 at 1.01, 100 at 1.01, 100 at 1.01. Peterson Lake—560 at 203.

stood the selling pressure, which was exerted when the buying became tem-porarily exhausted, was taken as a good 1.01, 100 at 1.01.

Peterson Lake—500 at 20%.

Rochester—500 at 17, 1000 at 17.

Silver Leaf—500 at 7.

Timiskaming—500 at 72%, 200 at 72%, at 72%, 1000 at 72%.

Island Smelters—1000 at 20%. ndication of the strength of basic conditions, and, while quotations were slightly lower on the afternoon board, this was but natural considering the almost interrupted advance which has

HONEST INVESTORS WRONGED Anson A. Gard Berates the Brokers . Who Sell Clients Stock.

Edtor World: Either I can predict Chambers - Ferland ...... with reason, else I am but a good guesser. On Aug 19, you published a part of one of the chapters in my forthcoming "Camps That Have Come." In that chapter I advised the buying of one of the very best things in the Cobalt Camp—Peterson Lake. Either the advice was taken or else the general Green Meehan advice was taken or else the general Green - Meehan public had viewed that stock in the same light of value as I had viewed it. Hudson Bay If the latter, it was a good coincidence. La Rose On Aug. 18—the day before—Peterson
Lake was 17 3-4 bid and 18 1-2 asked.
On the 19th 9500 shares sold at 21. That, too, when the week's sales—at all prides
—were less than 15,000 shares.

Re it good at 21. That, too, when the week's sales—at all prides
—Were less than 15,000 shares.

were less than 15,000 shares.

Be it good predicting or but coincidence, the fact remains that the public are beginning to wake up to the fact that this stock is far and away le ow its real value, and for them to reap benefit by the rise that must come, as sure as the morrow's sun, they have got to get in quick, else join the class of the "might have dones."

One of the best reasons for the com-

of the "might have dones."

One of the best reasons for the coming big rise is that the great dumps on the various leased properties of the Peterson Lake, hold in them enormous values, in all of which it must reap a 2214, 500 at 221, 500 at 22, 1000 at 22, 500 at 22. benefit at no outlay on the part of the company itself. As an illustration of the richness of the dumps in the vicinity of this property. I need but point it is not property in the part of the company itself. As an illustration of at 14%, 500 at 13%, 500 at 14%, 500 at 14%, 500 at 14%, 500 at 18%, 500 at ty of this property, I need but point to one mine that up to this year had been looked upon as not worthy of mention, and is to-day hardly spoken cf. and never quoted. That mine's dumps have been producing, almost dumps have been producing, almost since January, as high as \$1000 per day.

I quite agree with you that a great since January, as high as \$1000 per day. I quite agree with you that a great wrong is done to the honest investor by brokers who sell what they have not got—sell on the strength of the shares of their clients, which they hold, and which they have no right to hold—sell in the hopes that they can force the market down. This is not honest deving, and the sooner the public know the names of such brokers the better it will be to all concerned—all tut themselves, for once they are known, it will be to all concerned—all tut themselves, for once they are known, the sooner they will get back to the farm, with their broker days over.

Hargraves—500 at 22%, 1000 at 23. a pamphlet on Cobalt, speaking of the markets for mining shares says: "Mining stocks are now down! So

are some of the best railroad stocks on the continent. But this means noth-ing but a chance to great fortune to the wise one who have followed the markets. When the masses have sold, the few have quietly gathered in all the shares they could carry. That is why the masses are poor and the few are rich. The scared ones run to cover at the first intimation of

to cover at the first intimation of temporary danger—the wise ones smile and buy, and buy, and grow rich buying, for they know that the scared ones will 'fall over themselves' to get back the stock as soon as it starts again toward top prices. To which class do you belong—the wise few, or the scared many? No matter, the purpose of this chapter is to advise both of you Listen, for I'm going to tell you some more things. "Cobalt is getting down to business. It has proved itself the greatest sliver camp in the world, and yet has hardly fairly started toward the place it will yet be accorded, by the farthest away follower of the sliver market. "There has never been so good an opportunity, as the present, to gain from small investment. In Cobalt there are mines iar and away better than they have ever been, and yet their shares may be had for a price lower than they have ever been. Before their values were assured, the masses rushed in and bought at prices that indicated a lack of all reason. Now, when the mines have proven rich, they sit and see chances silp away from them which may never again be presented to them for gain away from them which may never again be presented to them for gain—gain at small outlay. The wise ones are buying at low down figures. The scared masses, who bought at the top,

are now selling at the bottom, only to later berate and cry out at fate— at fate when it is but their own lack of wisdom." VERDICT FOR PLAINTIFF .

2212 Cobalt Stock Transaction Carried Be-fore Privy Council. Judgment was given on the 29th of July in favor of Samuel S. Sharpe, M.P., for North Ontario, in a mining action taken by Wm. J. White of New York before the privy council.

Gore Browne, K.C., Hamar Green-

The action was the result of a sale of Cobalt Merger stock by Mr. Sharpe as far back as the 1st of June, 1907. W. J. White was given an option by Mr. Sharpe on a block of the shares, and later repudiated the deal.

The action was commenced by the vendor of the shares and carried turu two Canadian courts successfully. The defendant then took the case to the a unanimous verdict was given in favor of Mr. Sharpe. In handing out the verdict Lord Macnaghten, for the privy council, said.

"It seem to their lordshins that the representations on which the contract was to stand or fall are to be found in the agreement, and that those representations, including a representation as to the extent of development work, have all been proved or admitted to

be true.
"Their lordships therefore think there is no defence to this action for specific performance, and that the appeal ought to be dismissed, and dismissed with costs, and they will hum-bly advise his majesty accordingly."

McKINLEY-BARRAGH RECORD Dividends Amounting to 15 Per Cent.

to Date This Year. The regular quarterly dividend of three per cent. and a bonus of two per cent. has been declared by the McKinley-Darragh-Savage Mine pay-able on October 1st. Books close on September 10th. This makes the total for the present year to date fif-teen per cent., eleven on the regular

score and four extra per cent.
The dividend record of this company now reads: P.C. Bonus. \$ 44,398.60 ............ 1907, Jan. 15.....4 1908, July 15.....5 1909, Jan. 19.....5 112.246.50 1909, July "15...... 112.246.50 1910, Jan. 15......5 1910. July 15......3

Totals ... ......32 4 2.808.174.80 For the first two years this com-pany declared a dividend whenever they had a comfortable-surplus, but iately they have gone on a three per cent. quarterly basis with a usual two per cent. extra., increasing their yearly per cent. from ten to fifteen.

Total sales, 105,965 shares.

New York Curb.

Chas. Head & Co. (R. R. Bengard) re
In spite of efforts made to find her, no trace has yet been discovered of the doe which escaped from her pen in High Park last week.

SMALL REACTIONS WILL OCCUR

We have frequently pointed out that in a rising market there will be days when prices seem weak. This is on account of profit-taking and professional selling. At such times as these the astute buyer will make his purchases.

The COBALT MARKET situation is strengthening every day.

Our advice, and we want to make it strong, is, DON'T DELAY IN
YOUR PURCHASES. PETERSON LAKE, ROCHESTER and
BEAVER are the three best buys.

and the demand for all commodities heavy.

There was little change in values for the various articles on sale. Some of the big arrivals were quoted slightly lower, but it was only the poorer varieties which changed hands at the cheaper prices.

A few lots of St. John's peaches were on the market, selling at \$1.25 to \$1.50 per leno basket.

The following prices were current:

Apples, basket \$25 to \$0.35
Baranas, bunch \$1.25 to \$1.75

British Cattle Market. NEW YORK, Aug. 22.—London and Liverpool cables quote American cattle at 12%c to 114/c per pound, dressed weight; 1050 lbs. each, at 85.35 to 85.50.

Alex. Levack bought 70 butchers, 900 to 1050 lbs. each, at 85.35 to 85.50.

Alex. Levack bought 70 butchers, 900 to 1050 lbs. each, at 85.35 to 85.50.

ade:

Brought \$8.75 Cwt.

Receipts of live stock at the Union Stock Yards were 89 carloads, comprising

NEW YORK, Aug. 22—Beeves—Receipts, 3680; market irregular; steers, \$5.30 to \$5. Co.b. cars, and \$8.75 for selects fed and buils, \$3.50 to \$4.50; cows, \$2 to \$5.10; dressed beef, firm; native sides, \$c to 12c; Taxan beef 7c to 9c.

References—Dominion Bank are heavy these quotations will be adhered to, but should there be light re-

rexan beef, 7c to 9c.

Calves—Receipts, 2748; veals, firm; buttermilks, 75c to \$1 higher; all sold. Veals, \$8 to \$11; culls, \$5 to \$7.50; buttermilks, \$6 to \$6.50; dressed calves, strong; city dressed veals, 14c to 16½c; country dressed calves, 9c to 14½c.

Sheep and Lambs—Receipts, 20,046; sheep, steady; lambs, \$5.50 to \$6.85; a few tops, \$7.

Eggs—Receipts, 7357; firm, at \$0.15 to \$6.50.

Rice & Whaley sold the following today: Thirty cars cattle: 235 export cattles, averaging from 1150 to 1400 lbs each, at \$5.70 to \$6.50; 160 butchers steers and heifers, averaging from 950 to 1200 lbs. each, at \$5.25 to \$6; 65 butcher cows; averaging from 950 to 1288 lbs. each, at \$3.50.

Eggs—Receipts, 7357; firm, at \$0.15 to \$6.20.

Rice & Whaley also bought 5 loads on order, averaging about 1245 lbs. et \$6.20.

D. Rowntree, sr., of Weston, bought 11 milkers and springers, \$47.50 to \$59.

A. W. McDonald bought for Gunns, 5 loads of butchers, 1000 at 1150 lbs., each, at \$5.50.

cisms of extravagant living, and of overbuying of automobiles, the usual target is the farmer. The main re

Erickson Ferkins & Co. had the following:

Wheat—The market opened steady to % lower, with further liquidation on the part of scattered holders. The buring was chiefly to cover short sales, with some commission house buying on realizing orders. Alded by a sharp upturn in corn, prices railied it a busile from the low point, with a part of the advance lost around noon. Both the northwestern and southwestern markets were relatively firmer than our own. Our mail advices of to-day, from very conservative people, both on the continent and in the United Kingdom, lead strongly to the belief that higher prices must prevail later. September "liquidation during the next, week may—make prices some-lower, but ou any decline caused by such liquidation, we would prefer to take the long side of the market.

Corn—Market opened weak, but railied sharply, chiefly on buying by local short. The market will be sensitive to weather conditions and to the disposition on the part of country holders regarding selling of old corn. The fear of a frost scare will be ever present in the minds of short sellers and we would advise strongly aggirst short sales, except on strong spots.

E. L. Woodward bouxing 48 cattle us to the union stock Yards were Scarloads, comprising burses for live stock at the Union Stock Yards were Scarloads, comprising buttal so far has come from the auto makers; the farmer is too busy just now to reply. When he does speak. The duality of fat cattle was fair to southly so fat cattle was fair to southly sellers. The market were least week but when quality is considered. The market was fully 10p per cwt. September "liquidation during the next."

September "liquidation during the next." September "liquidation during the next. September "liquidation during the next. September "liquidation during the next." September "liquidation during the next. September "liquidation during the next that was an process f

## Wall St. in the Dump Again Securities on the Down Grade

Professionals Watching Roosevelt as a Guide to Market Action-Responsible Buying in Good Canadian Stocks.

World Office,
Monday Evening, Aug. 22.
Inspection of the transactions at the Toronto Stock Exchange to-day would indicate that the desire to sell was greater than that to buy. Without knowing the status of the buying pow-

the trading speculative securities, but the declines were exceedingly orderly, and support was found at each new

rectors.

Until the market proves itself otherwise, it would be well to regard its present situation as a moderate re-

action in an improving direction. WALL STREET POINTERS. Roosevelt starts on western trip

slightly lower.

Currency association likely to be Tendency to keep up large shipments of anthracite.

Chicago and Alton's August earnings show gain, despite coal strike.

Marked improvement in dry goods circles, buyers gaining confidence and sales better.

We would continue to employ stopwe would continue to employ stop-order protection on all commitments. What appears to be manipulating sup-porting orders are reported under Amargamated Copper around 65, Great Northern preferred 125, Union Pacific 167 and Steel 70. Reading seems to find offerings toward 146. Atchison

YOU WOULD NOT INSURE YOUR LIFE

Toronto General Trusts Corporation

It stands for Safety, Continuity and Efficiency

the there was nothing especially depressing in the news to account for their change of heart. The prospects of a large drain to the interior for crop moving purposes helped to cause liquidation of occumitments made on the recent flurry, the traders also being disposed to take the short side for a turn. Talk of early frosts did not help matters as regards the corn reads, the this is mere surmise at the present time. The market closed a little above the lowest, with losses of a point to three points for the day. We look for further reaction and would only buy on a good break for moderate profits. DURAND DENIES RUMORS

er, however, this conclusion might easily prove misleading.

It is certain that most of to-day's selling was from professionals whose only guide to this market is the action of Wall-street. On many occasions this has proven correct, but there have been exceptions.

In contrast to the speculative selling it is equally certain that a good deal of the buying was from investors, who are taking the securities more for their dividend returns than for what may be the quotations within the next few days.

Assuming, therefore, that

Assuming, therefore, that no inordinate changes in the positions of the various companies whose stocks are listed are to take place in the near future, it cannot be said that the small surprising if August next earnings ran ture, it cannot be said that the small price reactions to-day would lead to the inference that the market was weak.

Fractional declines occurred in all the trading speculative securities, but the declines were exceedingly and in June \$13,526,000.

In August will be considerably in excess of those in July, and it would not be surprising if August next earnings ran close to \$14,000,000. In April they totalled about \$13,415,000; in May, \$13,229,000 and in June \$13,526,000.

Total

Lindbledness to banks, less cash on hand surprising if August next earnings ran close to \$14,000,000. In April they totalled about \$13,415,000; in May, \$13,229,000 and in June \$13,526,000.

Fractional declines were exceedingly and in June \$13,526,000.

the declines were exceedingly orderly, and support was found at each new decline of an eighth.

Two very prominent instances of the investment demand occurred in the case of the Maple Leaf securities and Consumers' Gas. In the former there was a rise of 1 1-2 points in the common stock and a point on the preferred.

Consumers' Gas was wanted in several instances at the bid prices and it is evident that the price will have to be raised if the investors must have the stock.

Buyers who will hold have become highly educated during the last few years, and they are now taking only the securities whose dividends are pretty well assured, and at the same time they are conning the lists of directors.

Until the market proyes itself otherwise, it would be well to regard its present situation as a moderate resolution.

Better Stocks Are Cheap.

The market of July under pressure of the underlying disturbing factors was crowded down, perhaps unduly, by the reports of crop disasters. These having been proven to be unreliable as to final results, which are for a great crop on the whole, prices have been recovering perpendicularly and by Wednesday had made quite a remarkable gain. This was alded readily by the large short interest, consucrable part of which has been forced to cover. The factors for the time being are favorable enough to keep prices from receding much from these levels, around which they may hover for a time. Those who have bought stocks for temporary investment only should take advantage of the advance to sell them, notwithstanding that the better stocks for a long carry are still cheap.

In the market of July under pressure of the underlying disturbing factors for the under Better Stocks Are Cheap.

ON WALL STREET. Brickson Perkins & Co. had the following: Stocks were reactionary all day, closing heavy, with some losses of 1 to 2 points and a few extending to 2½ think good stocks will do to buy on weak spots for a turn. U. S. Steel was fairly bought around 70. Before and immediately after it sold below 70, soma 10,000 shares were taken at 70. Then the buying power gave out and it worked below 70 again. With the dividend of 1½ per cent. to come off next week, Thursday, it would seem to be mederately attractive under 70. Of be moderately attractive under 70. Of course, weakness elsewhere would of Roosevelt's speech to the farmers to-morrow is known. Why anybody should be excited over it we fail to see. Chas. Head & Co. to R. R. Bongard.
The attitude of London over the holiday was not encouraging, early losses being reported from that quarter which were followed by further declines on

FLOOR TRADERS TAKE THE SHORT SIDE.

World Office

Monday Evening, Aug. 22 .-For no other reason than that the New York market showed a tendency to weakness, Canadian exchanges had a soft undertone to-day. At the Toronto exchange the dealings were pretty much confined to professional floor traders, and these took the short side. Public buying was of a small calibre, with most of this of an investment character. Speculation still remains dormant, and the transactions are therefore narrowed. After the advance in prices since the first of the month, profit-taking is naturally producing the present decline in quo-

Cotton Gossip.

Erickson Perkins & Co. had the following:

Trading in cotton was at a low ebb most of the session and prices ruled in the neighborhood of six points over Saturday, practically thruout the session.

Early there was quite a line of August shorts covered for Liverpool, while some heavy local traders and the old bull crowd took quite a large amount of Octobers. Temperatures of 100 degrees and over were reported from 23 stations in Texas, while the skies there remained clear. A feature of the afternoon was the announcemnt of spot sales in the local market amounting to 15,000 bales, two-thirds of this quantity going to eastern mills. We see very little on the long side an prefer sales for a turn on all bulges, Erickson Perkins & Co. had the fol-
