VESSEL WENT DOWN
FIVE MINUTES
AFTER COLLISION

Survivors of Sunk Freighter Think Majority Were Killed by Explosion.

SEARCH FOR BODIES

Sault Ste. Marie, Mich., Aug. 22.—Search for bodies of 23 persons who are missing, following the sinking in Lake Superior Friday night of the freighter Superior City, which went down after colliding with the steamer Willis T. King. Late today no word had come from the searching parties of Whitefish Point, where the accident occurred.

But little wreckage from the Superior City has been found. One of the missing persons is a woman, wife of the second engineer of the lost vessel. The remaining 22 were members of the crew.

The four survivors who were brought here after being picked up from the wreckage had all but abandoned hope for the rescue of the others, owing to the short time that elapsed between the collision and an explosion in the boiler-room, which completely wrecked the stern of the steel ore carrier.

The survivors, Capt. Edward Sawyers of Almonte, Mich.; Walter Richter, Lorain, Ohio, a boatswain; Cal Lehto, Chicago, second mate, and Peter Jacobson, Cleveland, a wheelman, left here last night for their homes, after receiving treatment for injuries sustained when they were thrown with the wreckage in Lake Superior.

Jacobson, who was at the wheel (Continued on Page 2, Column 1).

POLICE OFFICIAL SHOT
BEFORE MOTHER'S EYES
AS SINN FEIN REVENGE

Inspector Against Whom Verdict of Murder Was Returned by Coroner's Jury in Connection With Mayor MacCurrtain's Assassination Murdered in Protestant Centre by Three Men Armed With Rifles.

Belfast, Aug. 22.—Police Inspector Swanzy, against whom a verdict of wilful murder was given by a coroner's jury in connection with the assassination of Mayor MacCurrtain in March, was shot dead today while proceeding to his home from church at Lisburn, to which town he had been transferred after the finding of the coroner's jury. The killing of Inspector Swanzy was among the most daring murders of a long series. The congregations of the Protestant churches at the time and converging on the scene of the shooting. The officer had been with his mother and sister in attendance upon the services at Christ Church and had reached the corner of Railway street, where he resided.

Here three men, armed with rifles, confronted Swanzy and fired on him in the presence of his horrified family. Swanzy fell to make doubly sure, the assassins discharged their weapons again into his body.

Turning, the assassins ran along Castle street. The congregation was just emerging from Lisburn Cathedral. Captain Woods, commandant of the Lisburn branch of the Ulster Volunteers, made a dash for the assassins, also only armed with a stick. The assassins fired on Woods, a bullet striking in his hand. He was not injured.

The murderers then fired at other persons who had joined in the pursuit, but without effect, and jumped into a waiting taxicab and drove off toward (Continued on Page 2, Column 2).

SEVEN CONSTABLES
KILLED IN IRELAND

Belfast, Aug. 22.—Official telegrams received at Dublin Castle today indicate that there have been organized onslaughts against the Irish constabulary, and that thus far during the week-end seven have been killed.

A patrol-constable and three men at Dundalk were suddenly confronted by six armed men, who fired. Constable Brennan fell dead, and Constables Isbell and Witherden, recruited from the English army, were badly wounded.

Sergeant Maunsell was shot dead last night at MacGroom, County Cork. A police patrol was ambushed near Naas, County Kildare, Saturday night. A constable was killed and a sergeant seriously wounded; two constables are missing.

Constable O'Hanlon was shot dead at Kilturban.

HUNGER STRIKERS
MAY BE RELEASED
TO AVERT CRISIS

General Strike in Ireland Threatened if Lord Mayor of Cork Dies.

BOYCOTT EXTENDED

Dublin, Aug. 22.—The physician of the Cork jail has recommended the release of the men under arrest there who are on a hunger strike.

It is reported here to be extremely probable that Lord Mayor MacSwiney, Cork, who is in Brixton Jail, London, on a hunger strike, is to be released. The latest victims of the boycott are members of the late John Redmond's family, owing to the fact that Martin Green, husband of Mr. Redmond's daughter, holds a position as chairman of the Irish prisons committee.

Hotels catering to the tourist trade are receiving letters demanding that they refuse to shelter "enemies" of Ireland. The proprietress of the famous Wooden Bridge Hotel in the Wicklow Mountains received such a letter, but refused to recognize the demand (Continued on Page 2, Column 3).

RETURNS TO HALIFAX
WITH FIRE IN BUNKER

Halifax, N.S., Aug. 22.—(Canadian Press)—The United States shipping vessel, the *Edna*, which left here on Tuesday afternoon for Sweden, returned to port today with fire in the starboard bunker. The steamer was 120 miles from Halifax when the fire was discovered. Captain Melrose at once decided to return to port. Part of the cargo will be discharged so as to ascertain the damage caused by the fire.

THOROLD POLICE
RELEASE SUSPECT

Free Man Arrested in Brantford—Receive Threatening Letters.

St. Catharines, Ont., Aug. 22.—(Canadian Press)—Paddy Gaghen, the tramp who was taken into custody at Brantford last Wednesday for involvement in the Thorold police being convinced that he knows nothing of the crime. Investigation has proven that he asked two women at Brantford for a drink of water, and, while taking it, stated that he knew the father of the murdered girl.

The provincial investigation of the Thorold riots of last Monday night will be continued tomorrow. The members of the investigating board have received some threatening anonymous letters.

The editor of *The Standard* and the *Epistle of Thorold*, reading as follows: "The Serbians' investigation in Washington leads to any Thorold man's arrest, look out, for if there is a man arrested in Thorold there will be a worse case than McNeal's. I have heard people speak."

FIRST RADIO MESSAGE
HEARD AROUND WORLD

Washington, Aug. 22.—The first wireless message to be heard around the world was received yesterday by Secretary Daniels from the Lafayette radio station at Bordeaux, France.

The message was the first to be sent from the Lafayette station, the largest in the world which has just been completed by the United States navy and is undergoing official test before being turned over to the French government for operation. The message received by Secretary Daniels followed: "This is the first wireless message to be heard around the world and makes a milestone on the road of scientific achievement."

Harvesting Delayed.
 We're back again to cool, even cold, weather; and to rain. And the soaking of Saturday night will not leave the soaked grain in many fields of Ontario without at least two days of warmth and bright sunshine. But not all the counties were visited by the rain storm. A still greater drawback is the absence of the necessary help to team in the sheaves.

Encircling Movement by Reds Against Lemberg Repelled at Several Points—Drive Clearing Poland of Reds Thru Northwest—Boisheviki Have Suffered Tremendous Losses—Report of Minsk Conference.

WARSAW, Aug. 22.—A war office communication issued today reports Polish successes on all parts of the battlefield, excepting on the extreme right, where General Budenny's detachments have crossed the Dniester River and Red advance guards have reached the Strypa on the railroad south of Lemberg. Fighting is reported northeast and east of Lemberg. Budenny is using cavalry and infantry in an encircling movement against Lemberg. At several points the Reds have been repelled.

On the northwest front, according to the communication, the Reds who designed the capture of Thorn and the cutting off of Warsaw and Danzig are in full retreat. The Boisheviki are reported to have suffered tremendous losses and to be endeavoring to escape along the Prussian border in the face of the Polish drive, which is clearing Poland of Reds all thru the northwest.

More than 10,000 prisoners were captured on this front Friday.

Advances northeast of Warsaw are announced. The Poles have reached Ostrow and Bransk. At Mielezyrzec 400 Cosmacks surrendered.

The Boisheviki have attempted to retake Brest-Litovsk, but were repulsed. In the region of Lublensk where the Poles pushed the Red across the Bug, the communications said that on the Boisheviki side was a Jewish volunteer detachment from Wladawa.

The foreign office last evening issued the following communication with regard to the negotiations between the Poles and the Boisheviki at Minsk: "The foreign office received Saturday a cipher radio dispatch sent by way of Moscow. This was numbered two, and from it it appears that there has been sent a first telegram which has not been received. From this telegram it seems that the soviet delegation put certain formal difficulties in the way of the Polish delegates in the matter of the mutual investigation of credentials, but finally these negotiations, the terms presented by the soviet only becoming known to us from press despatches."

On several occasions they are more drastic than the conditions given by the British government by M. Kameneff (one of the Boisheviki representatives in London), and of course, will not be accepted by the Polish government.

"Current events on the front seem to have considerable influence on the attitude and conduct of soviet communications."

FIGHTING NEAR SCUTARI
IS OFFICIALLY DENIED

Montreal, Aug. 22.—Official denial from Belgrade, via Washington was received today by Capt. Seferowitch, Serbian consul in this city, in regard to a dispatch from Rome, dated Saturday, to the effect that fighting was proceeding north of Scutari, Albania, between Serbs and Albanians, in which the former lost heavily.

The Serbian legation in Washington has been informed from Belgrade that the press report is incorrect.

WARM AGAIN IN WEST;
CROP OUTLOOK BRIGHT

Winnipeg, Aug. 22.—The weather in the west has turned warmer again and harvesting will probably be general in the three western provinces during the week, so far as cutting is concerned. There were light frosts in some parts in the latter portion of the past week, and it is reported that the temperature went below freezing in central Saskatchewan, but there has been no damage done to the crops in Alberta. The outlook is brighter for the harvest almost everywhere again.

Britain Will Recognize Independence of Egypt

London, Monday, Aug. 23.—The London Times says this morning it understands that Great Britain will recognize the independence of Egypt. The decision, according to The London Times, resulted from recent conversations here between the Viscount Milner Mission, which recently visited Egypt, and an Egyptian delegation, headed by Saïd Zagloul Pasha, former minister of justice.

ADANA GARRISON
DEFEATS BESIEGERS

Paris, Aug. 22.—The French garrison at Adana, Asia Minor, which had been besieged for two months made a sally Friday night, according to reports from the office, has now virtually been relieved.

Eighteen United States relief workers were with the garrison. The foreign office says that the besiegers badly defeated the besieged and that the situation no longer is critical.

ARREST ITALIAN IN
TORONTO ON CHARGE
OF CHICAGO MURDER

Declines to Discuss the Case, But Agrees to Waive Extradition.

WAS FOUND ASLEEP

Ralph Gallucci, alias Patrick Fontana, an Italian, 27 years of age, was arrested Saturday night in a room at West Richmond street, by Detectives Levitt and Mitchell on a charge of murder. Gallucci is alleged to be an Italian named Yanardo, on April 13, 1918.

Sergeant of Detectives Murray received information Saturday afternoon that Gallucci was wanted for the shooting of a man in Chicago, and that he was living on Richmond street. Levitt and Mitchell were sent to the house, and entering, they walked into the front room and found Gallucci lying asleep in bed. When Gallucci awakened he found the detectives fastening the handcuffs around his wrists.

Gallucci was taken to headquarters, and when questioned, admitted that he had lived in Chicago. The Chicago police were telegraphed, and word was received at headquarters yesterday to hold Gallucci on a charge of murder.

The prisoner refused to discuss the case, but declared he would waive extradition and return to Chicago for trial.

Jealousy Alleged Motive.
 According to information received in Toronto, Gallucci and his wife lived at 1224 Gilpin place, Chicago. On the local police file there is a story that Gallucci and his wife were attending a party in a house at No. 1324 Gilpin place. Gallucci is said to have been jealous of his wife, and shot Yanardo, a bullet lodging in his stomach, causing instant death.

Gallucci and his wife fled to Toronto and lived for some time at Port Credit. Three months ago they rented a room at the Richmond street house. Gallucci was recently released from the hospital, where he underwent an operation for appendicitis.

He will be held in custody pending the arrival of a detective from Chicago to take him back for trial.

TO PAY BIG FINE
FOR PROFITTEERING

Syracuse, N. Y., Aug. 22.—(Special.)—Found guilty of profiteering in fifteen specific instances, the Allen-Schmidt Company, a department store of Utica, was fined \$24,000 in federal court at Canton yesterday by Judge Frank C. Cooper. Karl Schmidt, partner, was jointly fined \$1,000 with the corporation on a sixteenth count, charging conspiracy to increase prices. He was found guilty on nine of twelve counts, but the court dismissed eight for reasonable doubt.

An appeal will be taken by the convicted concern, which posted a bond to cover the fine. In distributing the penalty the court fined \$2,900 on each of eleven counts of specific sales of clothing, and \$2,000 on three others, displacing one count.

This is the second Utica department store convicted of profiteering. The John A. Roberts Company paid a fine of \$55,000. This case is still under appeal.

Says Government's Course Fairest to the Hydro—Halcrow Differs.

SPEAK IN HAMILTON

Hamilton, Aug. 22.—(Special.)—The Hydro topic project constituted the chief topic of the speakers at Saturday's picnic at Wabasso Park, of the Central Ontario branches of the Independent Labor party. Both Premier Drury and Robert Halcrow, M.L.A., from Hamilton, discussed it at length, and while stressing their adherence to Hydro power development, admitted a difference of opinion in regard to this issue. They were emphatic, however, in stating that the disagreement in no manner endangered the strength of the Farmer-Labor coalition.

Premier Drury stated that the propaganda declaring his government to be opposed to Hydro development was absolutely incorrect, and that it was because of its pledge to support the Hydro that an investigation of the radial scheme was demanded. If the radicals should be constructed and proved a failure, he declared, there would be a serious reflection upon whether or not they would attract sufficient traffic to justify their expenditure. He concluded his address by pointing out that his government stood not for special concessions to either farmer or laborer, but for an essentially fair deal to all producing classes and individuals.

Halcrow Differed.
 Robert Halcrow, M.L.A., for Hamilton, differed strongly with the premier (Continued on Page 7, Column 2).

COMMUNIST RISINGS
MERELY SPORADIC

German Government Can Find No Connection With General Plot.

Berlin, Aug. 22.—The diminutive communist outbreaks recently reported in several sections of mid-southwestern Germany have been suppressed or have vanished as mysteriously as they originated. The Berlin government has not yet been able to establish their origin or establish any connection between them and a possible far-flung German communist plot, inspired by Bolsheviki successes along Germany's east front.

The Prussian Socialist organ, completely disowns the elements responsible for the communist revolts at Valtbert, Cothen and other points, and refers to them as being "loose" and "mysterious" and "organised lot of mad adventurers and sensation-seeking literateurs," and severely censures communist leaders who tolerate such outbreaks, and also charges that they serve the ends of the German reactionaries and incidentally strengthen French military ambitions in the Ruhr region, a needed pretext to invade the Ruhr region.

Cohen soviet rule was short lived. His chief instigator, a school teacher named Berg, who came from Saarbrücken six months ago, and also the few men who staged it, promptly fled when they learned that the expected communist plots had failed to materialize in Leipzig, Halle, Magdeburg and other places.

In the Ruhr district the sporadic communist outbreaks lasted barely 24 hours. Communist Socialists at Eberfeld, Barmen and Remscheid were promptly suppressed. At none of these places did the independent Socialists identify themselves with the Red rioters.

SARNIA ON TRAIL
OF RUM-RUNNERS

Arrest Four on This Charge—Fifteen B.O.T.A. Cases in Court Today.

Sarnia, Aug. 22.—Operations of the new special officers sent here by the provincial government to enforce the Ontario temperance act in this part of the province, will start out in the liquor trade, which has been so strong here for several months, were responsible for four alleged rum-runners being gathered in by the police last night. Saturday night seemed to be the ideal time for the bootlegging, and the four who are interrupted in their operations will start out in the police court tomorrow.

The court will be the first real, large, whiskey court held in Sarnia. A large number are being gathered in by the police with the number of the officers will gather in tonight. The list will run as high as 15.

MAGICAL "CURES"
EXCITE TIPPERARY

Sick and Maimed Taken to House Where Holy Statues Are Reported Bleeding.

Belfast, Ireland, Aug. 22.—(Special.)—Intense excitement prevails in Tipperary, County Tipperary, the scene of the recent murder of Police Inspector Wilson, over what are reported to be weird manifestations of healing. The Thurles correspondent of a local newspaper sends details of what he describes as "an extraordinary miracle," which he says began Friday evening and still continues.

"About 6 p.m.," he says, "all the statues and holy pictures in the house of Thomas Divan, a news agent, began to bleed. Crowds of awed people witnessed the strange manifestation, and wonderful cures are being effected."

A crippled soldier, who was carried down to Divan's house on crutches, with a leg which had been badly shattered by shrapnel in France, walked back from the house with full use of his limbs. His only ailment was a wound in a hospital. A little girl a victim of consumption, was borne into the house, and she, too, was cured. "The people are flocking to Templemore to see the cures, many of which is being discussed through the Tipperary."

MUNITIONS HELD UP
TILL TROOPS SENT

French Government Displeased With League Commissioner at Dantzig.

Paris, Aug. 22.—Sir Reginald T. Tower, high commissioner for the league of nations, at Dantzig, has requested the allied nations to supply him with 20,000 troops before he will feel justified in permitting the unloading of munitions intended for Poland now being held up at Dantzig, according to the ministry of foreign affairs. It is the belief of the French government that an additional five thousand troops will be the maximum required by Sir Reginald, as there are already 2,000 there, and the extremists among the population are not numerous.

The foreign office today announced the arrival of the gunboat *Accra* at Dantzig, where she will arrange for the unloading of munitions being taken there by the French cruiser *Gueydon*.

The French government considers that Sir Reginald is acting entirely contrary to the spirit and letter of the treaty of Versailles, which, it is declared, specifically gives to Poland free use of the port of Dantzig. The government takes the attitude that the action of the Dantzig council in voting in favor of neutrality, is without effect, as the council has no such powers.

NO FROST DAMAGE
IN N. SASKATCHEWAN

Some Loss in Gardens and to Potatoes in Regina District.

Regina, Sask., Aug. 22.—From three degrees below freezing to 106 in the plains, County Tipperary, the scene of the recent murder of Police Inspector Wilson, over what are reported to be weird manifestations of healing. The Thurles correspondent of a local newspaper sends details of what he describes as "an extraordinary miracle," which he says began Friday evening and still continues.

"About 6 p.m.," he says, "all the statues and holy pictures in the house of Thomas Divan, a news agent, began to bleed. Crowds of awed people witnessed the strange manifestation, and wonderful cures are being effected."

LOYD GEORGE CONFERS
WITH ITALIAN PREMIER

London, Aug. 23.—A despatch to The London Times from Lucerne, Switzerland, says David Lloyd George, the British premier, and Premier Giolitti, Italy, had two conferences Sunday. They discussed the Polish situation, especially concerning Dantzig, the Adriatic situation, and Italy's reply to the American note.

The despatch adds that the conference will be resumed Monday.

ARCHBISHOP MANNIX
WILL VISIT ROME

British Government Hopes Vatican Will Use Influence Towards Moderation.

Rome, Aug. 22.—The Irish College here has been notified that Archbishop Mannix, Australia, will be its guest during the prelate's visit to Rome next October. It is expected that Monsignor John Hagan, rector of the college, who is now in Ireland, will come to Rome with the archbishop and formally welcome him to the college. It is authoritatively said here that the archbishop's visit is a decided desire to prevent Archbishop Mannix visiting Rome, but, on the contrary, has used his influence with the Vatican to hasten his arrival here, hoping that his visit to the Pope may result in moderating his aggressive anti-British sentiments.

CARRIES MESSAGE TO IRISH

Dublin, Aug. 22.—Thru The Freeman's Journal, Archbishop Mannix of Australia has addressed the following message to the Irish people: "I appeal to the Irish people to be calm and firm under the insult offered them and me. Ireland can afford to be patient, for, she is suffering much, her cause is almost won. The recent English naval victory is a decided fuel to the flame which it was meant to extinguish."

FALL HATS HAVE ARRIVED AT DINEEN'S.

Yesterday the Dineen Company opened up the first cases of an advanced shipment from the English makers, for whom they are exclusive selling agents.

The styles are new and attractive in both Soft and Hard Felts. The color assortment is most complete.

Toronto's great Exhibition is not far off, and those that were on holiday are returning to the city, and will doubtless want a new hat. This is an opportunity to see the new styles at Dineen's, 140 Yonge street.

RIFLEMAN WIND UP MATCH AT OTTAWA

Lieut. J. A. Steele, Guelph, is Winner of Governor-General's Contest.

Ottawa, Aug. 22.—With the finish of the governor-general's match the Rockcliffe Ranges will also go out of commission and future meetings of the Dominion of Canada Rifle Association will be held in the new Connaught Ranges, as it is anticipated the government will arrange for suitable transportation. The whole week provided splendid weather, and Saturday morning was ideal for the finish of the governor-general's when the second stage ten shots at 300 yards, and 15 shots at 600 yards were fired. The final stage of the Governor-General's proved a splendid contest, and Major Mortimer, who led with 107 in the first stage, was overtaken in the very last shot. With Lieut. J. A. Steele, C.A.S.C., Guelph, he finished the second stage with a total of 215, in the shoot-off. Five shots at 300 yards, the two were tied with 19 points each at the fourth shot. Then Mortimer put on a magpie and Steele capped him with an inner, thus clinching the coveted trophy. The successful shot was chaired to the pavilion amid ringing cheers.

Bisley Aggregate. The Bisley aggregate was the next most important feature, and from the list it may be gathered that Canada will be well represented. Lieut.-Col. Morris, C.E.F., won the extra series aggregate with 171 out of a possible 175. Sergt.-Major Goodhouse, G.G.F.G., and F. H. Morris shot off a tie standing for the Province of Quebec revolver championship, and Sergt.-Major Goodhouse won out by a score of 17 to 20.

VESSEL DOWN IN SHORT TIME

(Continued From Page 1)

When his ship was rammed, declared the Willis T. King bore upon them after the exchange of the usual signals. The sea was calm and the weather was rather hazy, but the lights of the Willis T. King, he declared, Captain Herman Nelson of the Willis T. King, however, maintained that a fog enveloped the vessel and was responsible for the accident.

Killed by Explosion. Belief that a number of the missing were killed or severely injured by the explosion was expressed by Captain Sawyers. The majority of them were in staterooms directly over the boiler-room, he said, and undoubtedly that section of the vessel was entirely ripped up, for wreckage was strewn over the waters for yards around before the vessel took her final plunge less than five minutes after the collision.

Capt. Sawyers attributed the sudden sinking of his vessel, notwithstanding her six watertight compartments, to her heavy cargo of iron ore. Richter was in his bunk when this alarm was sounded, he said. He rushed to one of the boats, and as he and others of the crew were trying to launch it, they were blown from the ship by the explosion. "I sank deep into the icy water," he continued, "and the shock brought me back to my senses. I thought I would never reach the surface. After swimming about five minutes, up from the depths came a steamer's hull, covered upon which I climbed and hung until the steamer Turner picked me up." Capt. Sawyers and Lehu were also thrown clear of the ship, but Jacobson was taken down by the suction. He suffered severe bruises from wreckage. Plans were begun today by owners of the vessels for an investigation of the accident.

BIG MONTREAL BRIDGE SUSTAINS FIRE DAMAGE

Montreal, Aug. 22.—(Canadian Press).—The Victoria Jubilee bridge in this city, connecting Montreal with the south shore of the St. Lawrence, and over which the Grand Trunk Railway, electric cars and an automobile highway run, was damaged by fire early this morning, when about one-third of the auto and wagon driveway on the west side was destroyed. The fire was not sufficiently serious to tie up the railway or electric lines, and was under control by noon today. The roadway will probably be out of commission for a week.

HAMILTON

Hamilton, Aug. 22.—Harold Scott of Toronto, a bicyclist, was struck and injured by a car driven past James and King William streets by Edward Coon, 40 Harvey avenue, yesterday.

The gates at the G.T.R. crossing at Ferguson avenue and Barton street were smashed when a motor car driven by Mitchell C. Church, Dundas, crashed into them. The car also was damaged.

Lieut. Gordon M. Pirie, 118th Battalion, son of Mrs. and the late Robinson Pirie, died yesterday at Brant Hospital, aged 22 years. The funeral will take place Tuesday from 24 South Hess street to Dundas.

In the Central Baseball League, the Orioles defeated the Stictees yesterday by a score of 8 to 0 in the final game of the league. Ivan Miller was overcome by the heat and had to be assisted from the field.

A motorboat owned and operated by Edward Radigan, took fire this afternoon about a mile out in the bay. Two men who were in the boat with Radigan jumped into the bay but were pulled back into the craft by the owner, who succeeded in running the boat ashore, near 40th street.

HOPE TO RETARD WOMEN'S VOTING

Opponents Say Enfranchisement Can Be Blocked for Eighteen Months.

Nashville, Tenn., Aug. 22.—From the snarl of legal and legislative technicalities that have enmeshed Tennessee's ratification of the federal suffrage amendment tonight came the prediction of the Tennessee Constitutional League that the injunction against certification of the ratification, obtained yesterday, would prevent enfranchisement of the women of the United States for at least a year and a half. Suffrage advocates, however, continued to characterize the situation as satisfactory. They reiterated their contention that the action of the houses yesterday in calling up the Walker reconsideration motion, in defeating it, and in ordering the senate Joint resolution of ratification transmitted to the senate for enrolling, to be justified and unassailable, despite the lack of a legislative quorum.

POLICE OFFICIAL SHOT IN IRELAND

(Continued From Page 1)

Belfast. All the roads converging on the city were promptly patrolled by police and military, but the assassins escaped.

The verdict at the MacCurraigh inquest found Premier Lloyd George, Viscount French, lord lieutenant of Ulster and others, including Swanzy, guilty of murder. Applause followed the mention of Swanzy's name and a demand was made to transfer him to Lismore an overwhelmingly Unionist centre.

In some quarters here the belief is expressed that the shooting of Swanzy was an attempt to intimidate the government in connection with the incarceration of Lord Mayor MacSwiney of Cork.

Rioting in Rishburn. There was rioting in Rishburn as a result of the assassination of Inspector Swanzy. An attempt was made to wreck the shop of a Sinn Fein leader within 40 yards of the scene of the crime, and only intervention by Ulster volunteers prevented it.

The crowd then attacked the residence of a Nationalist Republican, who fled from a window. His assailants returned the fire and wounded him. The crowds were out to burn the house of every Nationalist in Rishburn. Boards were wrested from windows that previously had been smashed, and fire raiders entered buildings calmly to complete their destruction. The local fire brigade declined to interfere, and the Belfast brigade showed reluctance to respond to calls. As 700 men from Rishburn travel daily to Belfast to work in the shipyards. A renewal of trouble here is feared.

SHOT DEAD IN SKIRMISH
Tralee, Ireland, Aug. 22.—Patrick Kennedy, 30 years of age, was shot dead from an armored car in an engagement between soldiers and a body of men who ambushed them. Kennedy was returning from a funeral. Thirteen soldiers were ambushed and disarmed at the same spot Friday.

London, Aug. 22.—A wireless despatch received from Berlin says the German authorities officially deny a recent story printed in The Times that Leon Trotsky, the Bolshevik minister of war, had been in East Prussia.

FOUR HOMES BLAZE ON FAIRFIELD AVE.

Two Razed to Ground—Fireman Overcome by Smoke, Another Burned.

Hamilton, Aug. 22.—A candle being used to make a search under a bed at 181 Fairfield avenue, yesterday afternoon, caused a fire which totally destroyed two houses, and somewhat seriously damaged two other dwellings. The blaze started in the frame house owned by S. Crocker, and tenanted by E. Williams. When the firemen arrived the flames were spreading to both sides of the burning building, and soon numbers 183 and 189, both of frame construction, were in fire, and also number 185. Before the blaze could be extinguished, numbers 181 and 187, the property of W. Scott, and occupied by Joseph Read were burned to the ground.

Two Men Suffer. Number 189, owned and occupied by E. Timmins, was damaged to the extent of \$600, and number 187, in which the owner, Joseph Rice resides, slightly damaged. About \$1000 damage was sustained in connection with the contents of the buildings. During the fire, John Howard, 370 Provost street, was burned about the face, neck and right hand, and Fireman A. Gibbs was overcome by smoke, being later taken to his home.

TWO CITIES PARTICIPATE IN PICNIC AT WABASSO

Hamilton, Aug. 22.—(Special).—Toronto and Hamilton members of Manchester Unity, L.O.O.F., mingled to the number of over 3000 in a picnic held Saturday at Wabasso Park and declared to be the largest since pre-war days. The entire party entered with excellent spirit into the program of sports, novelties and prizes to the value of over \$200 were distributed. The welcome announcement of an increase in the stock benefit of the order, without a corresponding increase in the dues of the members, was made during the afternoon.

IRISHMAN OBJECTS TO INVITATION TO GEDDES

Washington, Aug. 22.—Director Daniel T. O'Connell of the Friends of Irish Freedom bureau made public last night a letter of protest he has sent to the American Bar Association against the invitation extended to Sir Auckland Geddes, British ambassador, to address the association's convention in St. Louis on Aug. 25.

Speaking as a member of the association in his letter to President Hampton L. Carson, Philadelphia, Mr. O'Connell said:

"Ambassador Geddes is a physician and not a lawyer. There appears, therefore, no occasion for a physician to address a convention of lawyers. It is manifest that the British ambassador will use the occasion to address pro-British views calculated to serve some British purpose. The writer said he did not ask that the invitation be withdrawn, but that the ambassador be 'told to talk law, not British propaganda.'"

HUNGER STRIKERS MAY BE RELEASED

(Continued From Page 1)

London, Aug. 22.—The wife of the lord mayor of Cork, Terence MacSwiney, visited her husband in St. James' prison, where he is under a sentence of two years imprisonment, yesterday. In the course of an interview later, she said the lord mayor had written a letter to Home Secretary Short Friday night, in which he declared that full responsibility for his death would rest on the shoulders of the government, and the government would have to bear the consequences.

"He wrote," added Mrs. MacSwiney, "that it would tell badly among civilized nations that the English government had to its charge the death of a second lord mayor of Cork in six months, and that the statement he had made at his court-martial, that before a month he would be out of prison, dead or alive, still held good. He wrote the letter with great difficulty, and nearly fainted twice while writing it."

Replying to the request of the lord mayor's sister for an interview, the home secretary wrote, saying:

"An interview would serve no good purpose. It is the final decision of his majesty's government. Mr. MacSwiney will not be released because he refuses to take food. Owing to the condition of his health Mr. MacSwiney cannot be fed forcibly. For any consequences which may ensue from his refusal to take food he alone is responsible."

Archbishop Mannix and the bishops of Killaloe and Ballarat have made arrangements to visit the lord mayor.

PRAYED FOR HUNGER STRIKERS

Belfast, Aug. 22.—Last night large crowds assembled outside the Cork jail and prayed for the hunger strikers there. Special prayers and masses for the men were offered in all the Catholic churches of Cork today.

Fire Does \$300,000 Damage In New Brunswick Lumber Yard
Newcastle, N. B., Aug. 22.—A disastrous fire which consumed property estimated to be worth \$300,000, broke out yesterday afternoon in the lumber yard of the Edwards Sinclair Lumber Company, about three miles from this town.

About 4,000,000 feet of boards, deals and logs were consumed, as well as four houses belonging to the company. The loss is partly covered by insurance.

MOTOR CAR IS DAMAGED.
Hamilton, Aug. 22.—An auto driven by Wm. Weston, 111 North Bay street, was damaged to the extent of \$60 in a collision yesterday with another car at the corner of Jackson and Bay streets.

LOOK FOR REDUCTION IN PRICE OF SUGAR

Halifax, N.S., Aug. 22.—The recent slump of twelve cents per pound on the New York raw sugar market has not yet affected prices for refined sugar here, but dealers predicted a considerable reduction in the near future. Sugar still costs the Halifax retailers \$24.10 per hundred-pound bag, and is sold to the consumer at 25 and 26 cents per pound.

Hopeful in St. John. St. John, N.B., Aug. 22.—Sugar prices still hold to their high level in St. John, but there are many indications of weakening market. The prevailing wholesale rates in St. John are \$24.10 per 100 pounds, while the retailers quote sugar at 25 or 26 cents a pound.

FIRE NEAR GLACE BAY CAUSES GRAVE ANXIETY

Sydney, N.S., Aug. 22.—A forest fire that started on the crown lands in the rear of Dominion No. 3, near Glace Bay, has assumed serious proportions. The entire fighting force of Glace Bay, together with a large number of volunteers, are on the scene combating the encroaching flames.

Over half a mile of crown lands and Dominion coal property has been burned over. Dominion No. 3 and Caledonia, the threatened centres, have a population of about 2000 people.

Blames Poles For Delay.
London, Aug. 22.—Leo Kameneff, head of the soviet Russian trade mission here has made public the following message from Moscow, dated Sunday:

"The Poles are still trying to prolong the negotiations. After the sitting of August 19 they demanded that the next sitting be held on the twenty-third. Danishevsky formally protested against the delay, but in vain. The Poles refused to converse before the twenty-third. They clearly do not want peace, but only to create a make-believe."
TWO DIE HEROICALLY
Halifax, N.S., Aug. 22.—A double drowning occurred here today, when Miss Rowell of this city and Everett Malcolm of Newport, N.S., aged, respectively, 28 and 25 years, got out of their depth in trying to rescue Rachel Hensworth, who was in difficulties near the shore. Miss Hensworth was rescued by Kennedy Sullivan, who, however, was then too exhausted to come to the assistance of the other two. The bodies were later recovered, but could not be reanatomized.

A Valiant Battle For Their Lives

A WORLD in itself—a countless little world, each citizen battling for life!

Life is very dear, when you are young, and so many patients at the Muskoka Free Hospital for Consumptives are still in their eager twenties. Yet each has something of tragedy and of heroism in that short life's history. Here, a girl who cared for orphaned brothers and sisters; there, a school teacher alone in the world; a nurse broken down through hard work; a housemaid; a factory hand; a young mother; or, amongst the men, a laboring man, friendless and penniless; a farm hand, who has wife and children; a fireman; a miner; a telegraph operator; a machinist.

WALKERVILLE WOMAN BADLY INJURED BY THUG

Windsor, Aug. 22.—Hopes are entertained at the Hotel Dieu for the recovery of Miss Daisy Blake, aged 19, who was assaulted and seriously injured on Walker road, Walkerville, by a man alleged by the police to be Joseph Drouillard. Drouillard is awaiting a court examination, which probably will be postponed until Miss Blake is able to appear.

The Big Drive
for Willard Hall Begins To-day

Objective \$150,000

TODAY the women in charge of Willard Hall, the home for business girls, appeal to you in person. For three weeks in the press they have prepared the way for this interview. Many of those who will canvass for subscriptions to-day will be quite new to this work. Perhaps they will not all be able to put the case for Willard Hall as forcefully as they would like.

But they have a good cause, and their hearts are in the work.

Help Solve the Housing Problem for Young Business Girls

THE housing problem for young, employed girls who have no homes in the city is a very real one, and Willard Hall extension, if it were built and ready to-day, could be filled to capacity to-morrow with girls of the sort the W. C. T. U. is most anxious to help.

And who form such a big factor in the personnel of our offices and shops.

In the W. C. T. U. they have friends in whom both you and they may trust. In Willard Hall they have a genuine home. Willard Hall takes care of its girls. We try to supply the motherly supervision and the wholesome, happy surroundings lonely young girls need.

Help us enlarge Willard Hall. It is equipped now to accommodate such a limited number. We have had to refuse so many applicants for rooms we have determined to build 200 more.

THREE EXCEPTIONALLY BIG VALUES

THE FIRST
THE "LEADER" PHONOGRAPH AT \$47.50

THE Phonograph that answers "yes" to the question: Is it possible to lead in price without sacrificing quality?

Now the "Leader" is priced at \$47.50, and being a cabinet machine one would naturally imagine that it would find great difficulty in backing up its claim.

\$47.50

But come in and hear it, judge its tonal qualities, and note its good appearance. You'll find it in a beautifully finished mahogany cabinet.

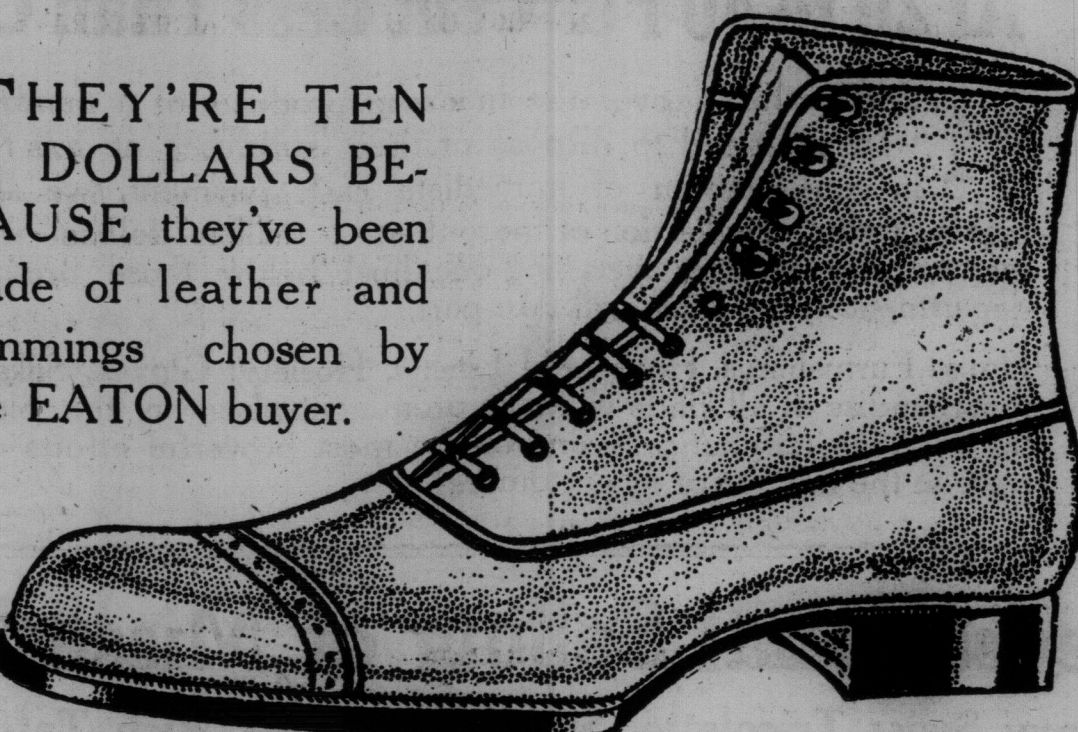

You'll no doubt be pleased with its deep rich tone.

You'll be told that it has a splendid motor of the two-spring design that runs smoothly, and that it has an all-wood tone chamber, a tone modifier, a self-stopper and a shelf capacity for 50 records.

THE SECOND
\$10.00 BOOTS FOR MEN

THEY'RE TEN DOLLARS BECAUSE they've been made of leather and trimmings chosen by the EATON buyer.

THEY'RE TEN DOLLARS, BECAUSE the prominent boot manufacturer who owned that leather and trimmings, and who made these boots, wished to turn them into cash as quickly as possible. When you see them you'll no doubt agree that they're the very finest of boots for business wear, having been made on lasts of the medium round toe and broad toe variety.

The leather of which they are made is dongola kid—a very flexible and soft finished leather that should give splendid service. Soles are of medium weight and Goodyear welted. One has a choice of either Balmoral or Blucher styles, in brown or black. Medium and broad choice. Sizes 5 1/2 to 11. Price, \$10.00.

A WORKING MAN'S SUIT AT \$18.75

A SUIT that will wear as perhaps you never had a suit wear before. It's of cloth which the research tested and found to average about 13 ounces in weight to the square yard and to have a tensile strength of 75 pounds to the square yard. Perhaps to the average man that test conveys little, but to the man who knows cloth it speaks volumes.

Carpenters, bricklayers, plumbers, teamsters and others who follow a line of work that is hard on clothes will do well to at least see these suits. They're in three-button sack style, with notched collar and regular pockets. Vests are in 5 or 6-button style. Trousers are roomy, and have strong pockets, back strap and cuff bottoms. Materials include all-wool and wool and cotton tweed, in medium and dark grey, fawn and brown, stripe check and twill patterns; also rough finished navy blue serges. Not all sizes in any pattern or shade, but in the lot are sizes 33 to 44, for men from 5 feet 3 ins. to 6 feet. Price, \$18.75.

MAKES PLEA FOR NEW CONSCIENCE

Dr. Ribourg Sees Need in Business and the Parliaments of Nations.

Rev. Dr. Ribourg, preaching at St. Alban's Cathedral Sunday evening, on "Spiritual Blindness," said, in part:

"There is within us an organ to perceive the spiritual things as there is in the body an organ to perceive the material things, and that organ is called conscience. Conscience is the organ that stands between the intelligence of man and the world of physical nature, and brings the two together. But as there is a physical blindness, so there is a spiritual blindness, and of the two the latter is the more lamentable."

"The conscience of a community, of a nation, may be developed and made to give the right verdict as the individual conscience. When we speak of the public conscience, we mean that a group of people in the community, or in the nation, are awakened as if with one sentiment, to some abuse or wrong affecting the common welfare. These people act as the biologists tell us, like the white corpuscles in the blood, which rush to meet a disease or repair a wound. Thus a new public conscience gains headway against social injustice and unscrupulousness in business transactions. Thus a public or social conscience is stirred over the economic wrongs which mar our so-called Christian civilization."

"In order to give the right note, this public or social conscience, as in the individual conscience, must be in tune with God, and must be guided by God's laws. When we say that we believe in the divine right of conscience, we mean a conscience which has its origin in God, and whose sanctions are not man ordained in any sense whatever, but spring from that eternal will which is over all things, the first and last."

"Our first duty as Christian people in these anxious days is to give mankind a new conscience, a conscience guided by the light of the Gospel. We need a new public conscience in the realms of business, of politics, in the parliaments of nations, and come what may in our individual lives or in our corporate lives as a people we shall be able to face all the issues of life without fear, guided by the light of a good conscience."

DUST NUISANCE COMPLAINT

Complaints are frequent concerning the dust nuisance on Kingston road, the heavy motor traffic creating dense clouds, which cover the lawns and grounds of property on either side, and filling the interior of homes, besides ruining vegetation. An appeal by the ratepayers will be made to the civic authorities to oil the roadway.

ATTRACTONS FOR TORONTO THEATRES

Pantages Opens Next Saturday—Gayety is Off to a Good Start.

"Hello Alexander" at Royal.

James McIntyre and Tom Heath, better known as McIntyre and Heath, deans of American minstrelsy, will inaugurate the regular theatrical season of 1920-21 at the Royal Alexandra, in the new Shubert musical extravaganza, "Hello Alexander," commencing this evening. "Hello Alexander" is described as one of the most pretentious musical attractions ever sent on tour. It was first presented last season at the Forty-fourth Street Theatre, in New York, and after a long and successful engagement went into the Shubert-Carrick Theatre, Chicago, where it remained until near the close of the season. Messrs. Lee and J. J. Shubert have surrounded McIntyre and Heath with a supporting cast of exceptional merit. Matinees during the engagement at the Royal Alexandra will be on Wednesday and Saturday, with the subscription books now open for mail orders.

"Chu, Chin, Chow" After breaking all records for attendance at the Royal Alexandra Theatre last season, Manager Lawrence Goldman arranged for an early showing of "Chu, Chin, Chow" in Toronto and announces that F. Ray Condon and Morris Gest, the American producers, have consented to send this attraction to Toronto for a final and farewell showing during the week of Aug. 30, Exhibition week. Usual matinees will be given on Wednesday and Saturday.

Lou Tellegen at Princess.

It is doubtful if local theatregoers will have an opportunity this season to witness more true worth and real artistic merit than will be displayed at the Princess next Monday, the occasion being the engagement of that highest type of romantic actor, Lou Tellegen, who will present himself and his own company in a magnificent production of his greatest of all American successes, "Blind Youth," a comedy drama in three acts, which he wrote in collaboration with Willard Mack and which has enjoyed long and successful runs in New York, Boston and Chicago. The famous star in engaging his supporting company for this, his transcontinental tour, has surrounded himself with the following well-known players: Lorna Ambler, Juliette Crosby, Helen Grayce, Marcelle Baguer, Kathryn Howard, Douglas Scribner, George Denebourg, Schuyler White and Russell Clark, and has given the play a most sumptuous mounting. Seats go on sale Thursday.

Second Week for "The Dumbells"

"The Dumbells," the famous soldier-entertainers, open their second week at the Grand Opera House this evening, presenting the delightful revue, "Bliff, Sing, Bang." There has never been an attraction in Toronto that has received the commendation of all classes that the "Dumbells" earned, and their work is the talk of the city. Every act is a headliner and the program is so arranged that there is not a dull moment from the time the curtain rises on the trench scene to the final number, bringing the garden party to convalescent soldiers. The boys are so interested in their work that they enjoy the performances just as much as the audience. During the engagement

at the Grand matinees will be given on Wednesday and Saturday.

At Loew's This Week.

Constance Talmadge in "The Perfect Woman," her latest screen sensation, and the Mimic World of 1920, share the headline honors at Loew's Yonge Street Theatre and Winter Garden this week. Heading the Mimic World is the inimitable comedienne, Alice Morley of the famous Morley Sisters, who appears as the beauty chorus, who will be seen in a dazzling array of costumes. The principals of the company give clever character impressions of well-known Broadway favorites. The production, which runs for one hour, will be given in conjunction with the regular vaudeville program and other film features.

"Follies of Pleasure"

"Seeing is believing," is an old and a true saying, and one that Rube Bernstein, whose "Follies of Pleasure" comes to the Star this week with daily matinees, trusts the theatregoers of this city will put to the test. He asserts he has the most gorgeous production, the most talented comedians and the best voiced principals, surrounded by the most beautiful chorus ever assembled for a tour of the American circuit.

Gayety Theatre Now Open.

As bright and attractive a production as has been seen in burlesque in a long time, "The Girls From Happyland," is the opening feature attraction at the Gayety Theatre. This popular house opened its doors Saturday evening, there by ushering in the new season. Sam Lewis, the unique fun-maker, was at his best and promises to uphold the standard all this week. "The Girls From Happyland" offer two burlesques entitled "Nearly a Husband" and "The Wonder Springs." The comedy is immense, the scene and settings are beautiful and there is a hearty chorus excellence.

"Treasure Island" at the Strand.

In a truly remarkable manner Maurice

Tourneur has preserved the romantic favor of Robert Louis Stevenson's masterpiece, "Treasure Island." In his screen adaptation of that novel, which will be presented at the Strand Theatre all this week. As all lovers of this fine adventure story know, it is crowded with fights between the royal sailors and the mutineers on the treasure ship and between the treasure-seekers and the pirates. The most critical admirer of Stevenson will not be able to pick a flaw in the photoplay. The supervising cast is headed by Shirley Mason and Lon Chaney.

At the Regent This Week.

Married to a man who is British in all his tastes and actions; in the midst of a swirling orgy of deceit and hypocrisy; facing the probability that her brother and father would be imprisoned; certain that the man who claimed to love her was false, facing an existence that promised nothing but bitterness and unhappiness, it is small wonder that Helen Reardon, beautiful young daughter of society and supposed wealth, decided to sweep aside all barriers and emerge from the snarl with full knowledge of all that was transpiring about her. Thus in "The Prey," an Allice Joyce special production, is started a race of adventure and thrill that makes this photoplay one of the banner productions of the year. It is to be shown at the Regent Theatre all this week. Under the direction of Mr. John Arthur a very fine musical program is being given this week by the famous Regent Orchestra. The musical program is further enhanced by the appearance of Miss Edna Reed, a very talented dramatic soprano.

Will Send Pictures to West Exhibitions

Art centres on the coast and in the other western provinces are to have a collection of paintings selected from the permanent Canadian National Exhibition collection. By courtesy of General Manager Kent and the directors, twenty important paintings and as many etchings, drawings and water-colors are being sent west and will comprise almost the entire display at the Vancouver exhibition, later going to New Westminster and other points.

The English, French, Belgian, American and Canadian schools are all well represented, the collection including "St. Cecilia of the Catacombs," which has been a feature of the Orange walls for some time past, Titcomb's "Pilot in her Home," and a typical picture by Agache. The Canadian school is well represented by Mr. George Reid's "Munition Shop," Mr. R. F. Garen's "Temple of Commerce," a downtown Toronto scene, and Mr. John Russell's "Light of Devotion," which was something of a sensation at the Canadian National Exhibition two years ago.

BELL COW MILKED BY U. S. INTERESTS?

Charge Made That Excessive Prices Are Paid for Equipment.

James R. Roaf, barrister, of 95 East King street, has written the railway commission, taking a strong stand against the application of the Bell Telephone Company for power to increase its rates.

Mr. Roaf says he understands that when the Bell Telephone Company of Canada was incorporated, 80 per cent. of the stock was issued to parties in the United States, in consideration of patents which were invalid to the knowledge of the vendors, that the board of directors in Canada at that time were really under the control and the nominees of these United States vendors, and the Canadian company was only a subsidiary to such vendors. Mr. Roaf continues:

"It is, I think, material to know if these United States vendors still control the company, making a branch of a United States institution that gives orders to have the rates raised in Canada for the benefit of these United States vendors, and only incidentally for a minority that may have invested in Canada.

"These United States vendors also controlled a manufacturing company or companies in the United States making telephones and electrical appliances, and the Canadian company had to buy from these United States manufacturers at prices fixed by the United States vendors. For example, one appliance could be supplied in Canada for \$15,000, yet \$50,000 had to be paid to the United States manufacturing corporation, and in the accounts it would appear as if \$50,000 had been expended on this plant, while the real value was under \$15,000, so that an investigation should not be made only of the entry in the books, but it would cover the relation and ownership of the parties supplying the appliances or material."

Check on Calls.

Mr. Roaf contends that the company should be compelled to carry out its contracts, asserting that the company disregarded its contracts when the last increase in rates was granted, making persons who had such contracts pay the higher rate. He suggests also that if the company is allowed to make a call charge, that it be compelled to give full information as to the calls so that subscribers cannot be charged for calls when no service is actually rendered. Mr. Roaf says he has had as many as ten miscalls in a day, and on average of more than five miscalls daily, so that on 25 working days in a month the monthly charge would equal the miscalls. He believes it can be shown that the proposed increase is not required to give a fair return on the capital invested.

MANY HOSTS REQUIRED FOR VICTORIA CROSS MEN

The following appeal to the hospitality of Torontonians is sent out by the Veterans' Reunion Council, which states that practically no accommodation has been vouchsafed for the V.C. heroes scheduled to arrive in the city during the present week. The council believes that Toronto citizens have been placed under a misapprehension by a press notice which appeared some weeks ago, and which referred to the abundance of social functions proffered to the guests, and not to their billeting. The council's appeal follows: "The citizens of Toronto have not responded freely to the announcement in which they were invited to act as hosts to the V.C.'s during the week ending Sept. 4. Over fifty of these heroes or their next-of-kin are expected to arrive on Friday next, and up to date only six invitations have been received by W. G. Lane, secretary of the Veterans' Reunion Council, who is arranging for their entertainment and accommodation. Residents in Toronto are again reminded that they can have the honor of entertaining these distinguished guests upon communicating with Mr. Lane at his headquarters, 148 College street, by mail or telephone (College 8390)."

MANY ATTEND PICNICS IN NIAGARA PARKS

During the week ending August 7 a number of picnics were held in two of the parks controlled by the Niagara Falls Park Commission. The list follows with the attendance in each case: At Queen Victoria Park—International Brotherhood of Blacksmiths' Helpers, 150; Grand Army of United Veterans, 200; Independent Order of Foresters, 300; Queenston Heights Park—Salvation Army, St. Catharines, 200; Welland Valley Manufacturing Company, St. Catharines, 300; Homer Church, Homer, 100; St. Anne's Church, Niagara Falls, Ont., 100.

ORANGE LODGE PICNIC.

The annual picnic and games of Matherfield L.O.L., No. 864, were held on Saturday afternoon at High Park, when over 300 were in attendance. A lengthy program of sports was featured by the baseball game between the married and single men, in which the former proved winners by a score of 9 to 7. W. M. Steele and W. Glenfield were the batterers for the winners, and T. Allen and J. Bell for the losers. Music was supplied by the Rising Star Flute Band.

EXHIBITION STAFF MOVES.

The staff of the Canadian National Exhibition move to the grounds on Saturday, in order to better handle the vast detail of opening week, and the offices downtown have been closed until after September 11.

CHARGED STEALING CLOTHES.

Reynold Norton, 15 Paulette street, was arrested Saturday night by Detectives Ward and Tuft charged with stealing nine suits of clothing from Robinson's clothing store, 329 Yonge street. Norton was employed in the store and is alleged to have sold the nine stolen suits for \$98.

STRUCK BY MOTOR CAR.

Christopher Steve, 18 Wilkins avenue, sustained head injuries Saturday night when he was struck by a motor car at King and Trinity streets. He was removed by the police ambulance to St. Michael's Hospital.

A Sensational Selling of Misses' Lovely Dresses

In Heavy Swiss Tricolette, Satin Charmeuse, Rich Taffetas and Fine Navy Serge

In the varied and attractive assortment are dresses for every occasion, whether for class room or campus, the matinee or tea dance, the informal restaurant dinner or the afternoon at-home. In fact for those innumerable times when just such dresses will be needed. These are dresses that bring out the winsome charm of youthful femininity, dresses smartly made of the Season's most popular fabrics, and the prices are such that any young woman could indulge the luxury of possessing more than a single one. Go on Sale today, 8.30.

Group 1 Formerly up to \$29.50 Today's Price **\$16.75**

Taffetas in good quantity of this favorite silk; one model has short, loose waist and abbreviated apron front, both edged with a pinked double ruching, as are the short sleeves and round neck. A wide, upstanding bow, with long broad sash end, finishes the half girde in the back. Some have smart lace collars and self covered button trimming. In Green, Navy, and Black. All undeniably good looking frocks. Sizes, 16 to 20.

Group 2 Georgettes, Satins, Taffetas and Navy Serge. Formerly up to \$35.00 **\$23.75**

In such a number of different styles that only a few features can be mentioned, ruffles and frills big and small, deep crushed girdles or shoe-string belts, buttons and colored beads, silk and metal thread stitchery and embroidery. Colors, Rose, Grey, Navy, Copen., Green, Sand, and Dark Grey. A cleverly cut fine Navy serge is one of the new Fall models—long waist in Moyen Age effect with accordion pleated skirt, good three-quarter sleeves, finished with deep cuff, button trimmed, round neck, shoe-string girde with silk tassels—silk embroidered motifs are an effective note on the bottom of the long waist. Sizes 16 to 20.

Group 3 Tricolettes, Silks and Satins. Formerly up to \$45.00 **\$27.75**

Very fine, heavy quality Swiss Tricolette, perfect in weave, is used in these new Fall Model Dresses. They have the slender lines belonging to the young, slightly draped waist held in with a belt at the back, heavy silk stitchery giving an additional rich touch, long and short sleeves with turn-back cuff. For present wear it is what is needed, and can be worn equally well all Winter. One beauty of these dresses is that no matter how hard the wear given them they always look well. To be had in such popular colors as Navy, Black, Brown, Reindeer, Taupe, and Copen. The other dresses in this group have tunics or draperies, some trimmed with colored beads. Sizes 16 to 20.

Women's Smart Sweater Coats at \$9.50

There is no wonder that the maker hesitated in accepting our offer for this lot of Sweater Coats, for our price was one third below the regular market value. But the cash inducement proved sufficient. On sale they go today at a price that saves you one third.

A Number of Odd Dinner Sets Specially Priced at \$50

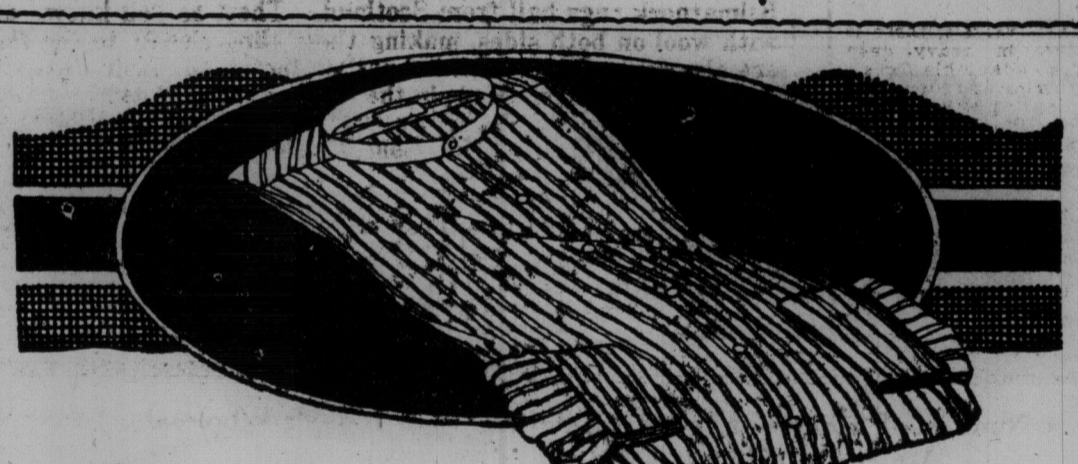

These sets, priced so astonishingly low, are in imitation French China and you can scarcely tell them from the original. They are attractively trimmed with rich Gold and Blue in Cordova pattern. Grindley's English ware. Set includes 12 saucers, 12 cups, 12 dinner plates, 12 soup plates, 12 fruit dishes, platters, gravy bowl and other collars. Some in plain colors, others trimmed, and a few brushed wool. Fasten with sashes or belts, and finished with patch pockets. Shades of Light Rose, Pink, Nile, Dark Green, Mauve, Grey, Maize, Yellow and various other shades. Sizes 36 to 44 in the lot. Regularly \$12.50 to \$16.00. No Phone or Mail Orders.

Ruffles, Pleating and Bandings

Organdies or Nets in fichu Banding with self or lace frills. Hemstitched with lace ... 75c to \$3.50. Vestings in frills of Organdy, Net or French Val. Bandings for collar and cuffs ... \$3.50 to \$5.50.

White Draped Veils—The Newest for Present Wear

The mid-summer fashion veillings in soft Shetland finish in a variety of meshes, small large and round, with plain and fancy floral designs. Some have woven borders, others deep chiffon borders. Each ... \$1.25 to \$4.00.

Striking Values in Men's Shirts One Big Purchase—Two Groups

The jobber's stock was too large and his bank account too low, so he was willing to accept our offer for several hundred of his stock shirts at 1-3 below his regular price. That's the explanation behind this big shirt sale. Buy today, men, and buy well ahead of your present needs, for it will be a long time before we will be able to again offer shirts of these grades at these prices.

Men's Fine \$3.50 Shirts **\$1.95**

Sizes 14 to 18½ in this group. They are made of fine cambrie, so favored among men, because of its durability. A good variety of stripe designs, in colors, Blue, Mauve, Green and combination effects. Some of striped Union Flannel, with collar attached.

Silk Shirts \$9 to \$12 **\$5.95**

There are few men, indeed, who will not like to have a couple of Silk Shirts, when the price is cut down to this level—almost half. They are of fine quality silk. There is a very smart variety of attractive stripes and color effects. Every man will find to his liking some of fine quality natural Shantung silk with separate collar. Sizes 14 to 16½ in the lot.

Women's White Wash Skirts, \$4.95

We quickly availed ourselves of the opportunity to get these smart wash skirts and here's your opportunity to get one at a price that you would pay for the material alone in some of the skirts. In all styles, and good wash fabrics. Priced for quick disposal.

Women's Silk Stockings, Today at 85c

When we visited the maker, he had just completed stock taking and had discovered that odd line in a corner of his stock. We examined the quality, made an offer, closed the purchase, and today silk stockings go to you at an incredibly low price.

They are of fibre silk, and silk and fibre mixed so much in favor because of their good wearing qualities. A weight very suitable for Fall. Colors of Black, Tan, Smoke, Beige or White. They have little garter tops, spliced heels and toes. Every size from 8½ to 10 in the collection. Regularly \$1.25 and \$1.50.

No Phone or Mail Orders.

Gauntlet or Short "Kayser" and "Niagara Maid" Silk Gloves, \$1.50

To the maker dealing in thousands of pairs every day, this lot of several hundred pairs represented an odd line, so he let us have them much below the market price, provided we took the entire lot which we did. Together with these we have grouped a purchase of silk gloves of very fine quality, that have slight flaws in the weave. All go at the sale price, either Gauntlet or short style. The short have plain or colored, stitched backs, of contrasting shades; and the Gauntlet style have gusset and piping in contrasting shade. Double tip fingers. Shades of Sand, Maize, Fougue, Mode, Navy, Grey, Brown, Black or White. All sizes in the lot. Regularly \$2.00 to \$3.00.

No Phone or Mail Orders.

The Silks You Want at Less Than Makers' Cost

When the maker offered us these silks, so far below the regular value, we were dubious of the quality until we personally examined them. Our examination removed every doubt, so we gave him a cheque without further question. They're amazing values!

\$5.50 Fine Silk Foulard **\$2.95**

Novelty Silk Foulard of fine quality, priced at \$5.50. In colors White, Sand, Brown, Violet, Rose, Cerise, Grey, New Blue, Navy and Black, with charming patterns in contrasting colors, 36 inches wide.

\$4.25 Duchesse **\$3.25**

Duchesse Mousseline, in colors Apricot, Rose, Cerise, Putty, Light and Medium Grey, Taupe, Prune, Navy Blue, Navy, Brown, and Black, 38 inches wide.

\$4.00 Oyster White Raw Silk **\$2.75**

An excellent quality of Oyster White Raw Silk, 34 inches wide. There are not many yards in this lot, so better come early.

Silk Section—Main Floor.

Women's Hand-Made French, Philippine and Porto Rican Nightgowns ONLY \$5.95

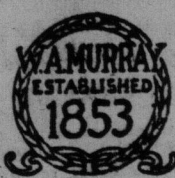

One has only to see these exquisite Nightgowns to appreciate their combination of simplified beauty and refined elegance, together with their unusual pricing. They are all hand-made by the deft needleworkers of the French convents or the native women of Porto Rica and the Philippines—of a fine nainsook or a gossamer weave. Novelty in design and detail—fineness of needlework—elaborate or simple embroidery—charming touches of drawn work, daintily worked—real lace insets, and rich quality ribbon mark these gowns as distinctive. All fine enough for any trousseau.

White Wear—Second Floor.

Canada's Output of Platinum.
 There's a very suspicious account of how certain "platinum pirates" who stole a lot of this most valuable metal from certain plants in the States, have been "trapped by chemists"—more or less by the United States Bureau of Standards. The story is in last week's Literary Digest. You'd almost think the long and exact account of "the trapping" of the thieves was printed in that paper for some special reason. Read this paragraph:

"Chemical analysis indicated that the seized supply had come neither from the New Jersey plant nor from the laboratory of the bureau of standards. The government chemists did not believe the story that they had obtained the metal by placer-mining about one hundred miles north of Perry Sound, Ontario, because there had never been any of it found there and the whole annual output of platinum from Canada does not exceed 25 Troy ounces.

Does the Literary Digest want to convey to the people of Canada that "the whole annual output of platinum from Canada does not exceed 25 Troy ounces"? Does the United States Bureau of Standards wish to convey that same idea? Or is the nickel trust (International and Mond Companies) who work the Sudbury nickel mines in Ontario, wish to convey the same misleading statement.

The Drury government, who are about to investigate the facts of the products of Sudbury nickel ores, had better ask these two companies who have refused to disclose their output of precious metals, if this statement is true? The Mond Company some months ago in floating out new securities in the London market, told—both in detail—of their big output of platinum and other precious metals. And the two departments of mines, one at Ottawa, the other at Toronto, have been forced by the long campaign of the World to at last begin to express their suspicion that a very valuable amount of platinum has been taken out of the nickel ore from the Sudbury mines.

By the way, when is the Drury government going to look into the nickel output of Ontario? Surely the Farmers' government is not going to pursue the policy of its predecessors?

The United States to Russia and Poland.

President Wilson is coming back to form and the recent state paper, addressed to Italy, but, in fact, to all the world, is a model document. Thru the secretary of state Russia is told that the United States refuses and will refuse to recognize the soviet government of Russia, because of its repeated declarations that it favors the spread of anarchy and relies on anarchy to upset the existing governments of Europe; also he tells the Poles that while the United States believes in the establishment of a free Poland in the new state must not invade territory outside of the boundaries assigned to it by the treaty of Versailles. Also there is an implied invitation to Germany that she must respect these views of the United States. The United States has sold to Poland on credit millions and millions of dollars of military stores that she had in Europe for the late war, and is willing to back her up in other ways to achieve independence, but she will not stand for any evasions of the treaty of peace, or the expressed orders of the league of nations.

It will be found that the recent change in the fortunes of Poland has been brought about largely by aid and advice from the United States. Lloyd George had to sit rather tight on the job and say as little as possible because of the avowed sympathy for the soviet government of Russia shown by the Labor party of Britain.

How to Stop Liquor Running.

Even Premier Drury may get a pointer in handling run-running from The Sunday World's Ottawa special, describing the seizures made by Canadian customs officers. These latter turned all the liquor seized within Ontario for violation of the customs and Ontario revenue laws to the Ontario government, because of additional violation of the Ontario law; tho they might have kept it for federal purposes. But the Dominion officers did more than is done in Ontario: they confiscated the boats and motor trucks that contained the illegal liquor. The owners had to buy back their boats or trucks. Let Mr. Drury do the same thing. The liquor runners pay the fines of the farmers of Essex, whose "dollars have been raided"; they ought to pay for the motor trucks, motor boats, torpedoes that are seized. Certain local members have written to Toronto, asking that the fines imposed be remitted.

SCARBORO STRONG FOR RADIAL PLANS

Citizens, at Picnic, Show Their Disapproval of Council's Attitude.

After listening to speeches by many orators in support of Hydro, and especially of its radial policy, the large gathering assembled at Stop 17, Kingston road, on Saturday afternoon and evening, unanimously agreed to a resolution favoring the Hydro movement, endorsed its policy in regard to Hydro radials and passed a vote of confidence in Sir Adam Beck and his lieutenants for the masterly results achieved by the Hydro Commission during its twelve years of progress.

The gathering was a great success both as a picnic and also as a demonstration of popular disapproval of the township council's attitude towards the Toronto and Bowmanville radial scheme. Pro-Hydro speakers were given a very cordial welcome by the large crowd, who showed a disposition to get at the bottom of the obstruction that has been placed in the way of radial plans.

Of the eight municipalities concerned in the building of the Toronto & Eastern Radial, all of whom approved the radial proposition by large majority votes of the ratepayers, only two have refused to give effect to this vote. The ratepayers voted to issue debentures to cover the cost of construction, but the debentures were only to be used as collateral, and the actual financing was to be done by the sale of Hydro-Electric bonds, guaranteed by the provincial government.

The government has neglected so far to guarantee the Hydro bonds, and Scarborough Township council after long delay, finally passed the debenture bylaw with the modification that rendered it practically valueless. This string was a clause providing that the debentures could be issued only after the province had guaranteed the township against loss.

This juggling with the bylaw is part of the cause of the holding up of the plans and the great majority of residents are in open opposition to the obstruction, as shown by the big gathering today.

Reeve Stewart of Scarborough Township made an important pronouncement in that he was, as he always had been, favorable to Hydro. Controller Maguire and other speakers suggested that the revee had been listening to some adverse advice, and while the revee did not in so many words deny the soft impeachment, he stated that his attitude was sincere. He is a Hydro man. In this attitude he was backed up without one dissenting voice when the motion was put. He means power and service at cost, be it large or be it small. It is the Hydro, home and abroad, that is to be operated and supplying at cost, could beat out the corporate interests which had "milked" the consumer in the past.

Reeve Stewart said that eight years ago, when the township was approached in regard to Hydro, he was the only member of the township who was in favor of it. He added: "I have not deserted it yet." His position was that the provincial government had to guarantee the Hydro bonds to the municipalities. He considered the Hydro radials would prove as good a blessing to the township as the Hydro-Electric had been. He wanted to have the interests of the Hydro protected, and suggested that his Scotch cannishness, which actuated so many of the ratepayers in Scarborough, was responsible for the "string" in the amendment to the bylaw.

At the conclusion of the day's proceedings, Reeve Stewart said: "The council has done everything to have Hydro develop in this district. It is unfortunate that the T.E.L. had to be asked to supply the electrical energy wanted in connection with the water plant which we are installing. It is time that the Provincial Hydro Commission is waking up."

Big List of Speakers.

There was a galaxy of speakers when the oratory commenced shortly after 4 o'clock, and interesting data was given as to the course of events which led up to the decision to support the Hydro radial railway east of Toronto. Reeve Stewart of Scarborough occupied the chair, and the principal speakers were: Mayor MacBride, M. A. A. Grantford, Controller Maguire; Fred Richardson, deputy-revee of Pickering; Hon. George Henry, M.L.A., former minister of agriculture; H. Reeve, G. Cornell and W. H. Patterson of Todmorden.

About three thousand people turned out for the big picnic which included games and sports of all kinds besides the oratorical portion of the program. Mayor MacBride of Brantford and Controller Maguire of Toronto made strong speeches in support of Hydro radials. Sir Adam Beck and Mayor Church were also scheduled to speak but were unable to do so.

Time for Co-operation.

Mayor McBride said he would like to see the government carry out the pledges given prior to the last election. He stood for government for the people and by the people. He stated that in regard to Hydro radials there should be the biggest amount of co-operation between the government, the Hydro Power Commission and the people.

REVERSING THE SPANKING

AN WE WERE GETTING ALL WORKED UP OVER THIS BOLSHIEVIK STUFF. THE REST OF US.

CONDENSED FROM SUNDAY WORLD FOREIGN.

Sault Ste. Marie, Mich.—Twenty-nine persons are believed to have perished when the steamer Superior City, a freighter owned by the Pittsburgh Steamship Company, sank off Whitefish Point in Lake Superior, after a collision with the steamer Willis L. King.

Constantinople.—General Wrangel, the anti-Bolshevik commander in southern Russia, has landed three additional invading forces in Kuban ports with the purpose of encouraging Kuban uprisings against the Bolsheviki.

Constantinople.—Two Bolsheviki cavalry regiments have passed over southern Armenia into Turkish territory and linked up with the Turkish Nationalist, followers of Mustafa Kemal Pasha, at Bairaz, according to advice received here today.

Berlin.—Polish troops are occupying the entire border district of Upper Silesia. Bogusquets, Nikolschacht, Laurahutte and all the towns east of Kattowitz are in their possession.

Berlin.—The Latvian government, headed by Karl Ulmanis, has been overthrown and has been succeeded by a cabinet comprising members of the left Radical party, according to a rumor from Riga published by The Nationalist.

London.—Recent events in Mesopotamia will involve Great Britain in a costly military campaign. Official reports show that the "Quintin" is in a state of anarchistic rebellion.

Paris.—Six Bolsheviki divisions, consisting of from 30,000 to 40,000 men, are surrounded by Polish forces according to Warsaw dispatches received in Paris.

Warsaw.—The Poles had captured 15,000 soviet prisoners up to Thursday, it was announced at Warsaw.

CANADIAN.

South Porcupine.—Heavy rain which has been falling since last evening has extinguished the bush fires which were menacing South Porcupine district. It is believed that the danger is anticipated.

Winnipeg.—In the past two nights there have been light frosts in some parts of the western prairie, but information available indicates that the damage to grain crops has been negligible.

Ottawa.—A strong indictment of socialism, in reply to "socialistic and revolutionary literature" distributed in Canada, is contained in a pamphlet just issued by the department of labor. It is believed to be the beginning of a big fight for supremacy between trades unionism and the socialistic and red elements.

Man o' War ran another of his races Saturday afternoon at Saratoga, winning the mile and a quarter all the way and in fast time. He beat the only Arab he has ever beaten, and that was when they were two-year-olds. And it looks as if Sir Barton may even have to beat Upreti, who seems to be coming back into form.

Man o' War equalled the Saratoga track record of 2:01 4/5 for the 1 1/4 miles without being forced.

Man o' War and Sir Barton are both entered in the Belmont fall meeting, a new stake, at the Belmont fall meeting, against five others of the best distance horses on the American tracks.

Sir Barton and Man o' War may yet race together at this present meet at Saratoga. The Rider and Driver of last week hazards the opinion that Sir Barton is now at his best and on his form ought to beat his younger rival. But he's got to prove it.

 No. 279.

This rebus picture tells of a successful merchant, who having been denied a college education in his youth, was not too proud to go to school in his advanced age and sit among the boys.

Can you tell how we may know that he is no longer a young man? And how do we know that he is abler than his fellow students? Answer to No. 278. Alas, Alas! Always always always. (Copyright, 1913, by Sam Loyd.)

KING ADVOCATES TARIFF REVISION

Liberal Chief and A. R. McMaster, M.P., Address Rally in Guelph.

Guelph, Aug. 22.—(Special).—Hon. W. L. Mackenzie King and A. R. McMaster, M.P. for Bromo, Que., paid a visit to Guelph, on Saturday afternoon, and after being the guests of the South Wellington Liberal Association, addressed a gathering of some 1500 persons in the Exhibition Park.

Mr. McMaster dealt with finances, the government's employment of some degree of direct taxation to raise the revenue required.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.
 CHAPTER XXV.—Continued.

Mad Ruth was gone again, and Judith stood by the thick door, her heart beating furiously while she waited. It seemed to her eager impatience that Ruth would never come back. Then after a long, long time she heard a little scraping sound upon the rock ledge outside, the sound of a quick step. And then before she heard the snarling, ugly voice which she had heard once and had never forgotten, she knew that this time she had waited too long, that it was not Ruth coming.

One man—and there might be others. She stepped back to her bed and hid the two weapons and waited. She must make no mistakes now. The door was flung open. Outside it was dark, pitch-dark. But evidently the man entering had not been of being seen. He threw down a bundle of dry fags, and set fire to them. The blaze, leaping up, cast a wavering gleam on the wall. Judith stood, showed her plainly the "wristed" ugly face of Quinnton, his reddened eyes peering at her, filled with evil light.

CHAPTER XXVI. JUDITH'S PERIL.

"The better to see you by, my dear!" was Quinnton's word of greeting. Judith made no answer. She drew a little farther back into the shadows, a little closer to the things she had hidden, among the fire-branched bushes. "Ho," sneered Quinnton, his mood from the first plain enough to read in the glimmers of his face and in the added harshness of his voice. "Timid little fellow, huh? By God, a man would say from the bluff you put up that it was all a dream about finding you at the handsome Lee in the cabin. 'Stand back!' said you, didn't you? Well, much good 'll do you!"

"I know you're all right and what you are," she told him defiantly, suddenly sick of her long hours of playing back, knowing at the moment less fear than hatred and loathing. "Listen to me, Bayne Trevors has come out in the open at last; he has made his big play and is going to lose out on it. Your one chance now is to let me go and to go yourself. Go fast and far, Chris Quinnton. For when the law knows the sort Bayne Trevors is and how you have worked hand and glove with him, it will know just how much his word was worth when he swore you were with him when father was killed! Coward and cur and murderer!"

Quinnton laughed at her. "Little pussy-cat," he jeered. "You've got claws, have you? And you spit and growl, do you? Want me to let you go back to that swaggering lover of yours, do you? Back to Lee!"

"That's enough, Quinnton," she said sharply. "Is it?" He laughed at her again, and again came on toward her, the red-rimmed evil of his eyes driving quick fear at last into her. "Enough? Why, curse you and curse him, I haven't begun yet. When I'm thru with you I'll go fast enough. And he can have you then an' damn welcome to him!"

"Stop!" cried Judith. His laughter did not reach her ears now, but as he kicked the fire at his foot and the flames leaped up and showed his face, she read the laughter in his soul; read thru the gleaming eyes, the twisted mouth which showed the teeth at one side in a horrible grin. His long arms thrust out before him, he came on.

"Oh, my God!" cried Judith. "My God!"

Only a moment he held thus. But there was a chance to pass him in the narrow way, and she took her chance, her heart beating wildly. And as she shot by she struck again.

He heard him after her, shouting curses, stumbling a little, coming on. The door was open, thank God, the door was open! She shot thru. If she could but take time to close it! But there was no time for that; he was almost at her heels. And outside the ledge and the dizzy cliff down.

If she slipped, if she fell, well, it would just be a clean death and nothing more. Quinnton was but a few steps behind her. He had not fired, had he perhaps dropped his gun back in the darkness? Or was he so sure of taking her, alive and struggling, into his arms in another moment?

Continued Tomorrow Morning.

WILLARD HALL DRIVE WILL BEGIN TODAY

The Willard Hall campaign to raise \$150,000 with which to build a much-needed extension to the building at 20 East Gerrard street, will get fairly under way today, and will be continued on Tuesday and Wednesday. It is confidently expected that the three-day drive will result in the objective being reached, as the good work of the institution is well recognized.

THREE PERSONS DEAD TWENTY HOMES RUINED

Disastrous Bush Fire Sweeps Over Section North of Winceps.

Winnipeg, Man., Aug. 21.—Three persons are dead, 20 homes were destroyed, and a new school building was razed by bush fires which swept thru the village of Mulvihill, 95 miles north of Winnipeg, yesterday and today. The dead are the wife, mother and father of George Ward.

Crops throughout a wide region have been destroyed by the flames, which have been burning slowly for several weeks. High winds during the last two days fanned them into greater force, and volunteer fire-fighters were unable to check the spread before the village was endangered.

BUSH FIRES STOPPED BY HEAVY RAINFALL.

South Porcupine, Ont., Aug. 21.—Heavy rain which has been falling since last evening has extinguished the bush fires which were menacing this district and no further danger is anticipated this season.

SEALED envelopes, addressed to the undersigned, and endorsed "Tender for repairs to western breakwater at Port Colborne, Ont. will be received at this office until 12 o'clock noon, Friday, September 10, 1920, for repairs to the superstructure of the western breakwater, including headlock at Port Colborne, Welland County, Ont.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineer, Equity Building, Toronto, Ont., and at the Post Office, Port Colborne, Ont.

Tenders will not be considered unless made on printed forms supplied by this Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or Bonds and cheques if required to make up an odd amount.

NOTE.—Blueprints can be obtained at this Department by depositing an accepted bank cheque for the sum of \$20, plus the cost of printing. Plans and Public Works, which will be returned if the intending bidder submit a regular bid.

R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, August 19, 1920.

Tenders. TENDER FOR SHEET ASPHALT SURFACE.

Sealed tenders addressed to the Secretary of the Toronto Harbor Commission will be received until 10 o'clock on Wednesday, August 25, for the laying of approximately 45,000 square feet of sheet asphalt surface. Information may be obtained on application to the undersigned.

The lowest or any tender not necessarily accepted. J. B. JARDINE, Secretary, Department of Public Works, Ottawa, August 19, 1920.

COUPLE FOUND DEAD IN BROOKLYN HOTEL.

Man Was Former Member of the Royal Air Forces.

New York, Aug. 21.—Harold E. Perry, 32 years old, a former lieutenant in the United States Aviation Corps, and a woman identified as Mrs. Alice Deverall, were found dead from asphyxiation in a Brooklyn hotel last night. The police believe it was a suicide pact.

When the door of the room was forced open, Perry and the woman were found lying across the bed. All the doors and windows were locked, and six gas jets were fully turned on.

Mrs. Harriet Cleveland of Brooklyn, Perry's aunt, identified his body. She said he had been living at her home since he returned from the war. A trunk and two suitcases containing chiefly women's clothing were found in the room.

Mrs. Fred Bernmeister of Brooklyn identified the dead woman as Alice Deverall, who she told the police, is the wife of Percy Deverall, a photographer of Wheeling, West Virginia. Mrs. Bernmeister said Mrs. Deverall recently had conducted a dress-making establishment in Brooklyn.

WOODSTOCK, Ont., Aug. 22.—(Special.)—Robert J. Wilson, Flint, Mich., was released on \$1000 bail here tonight on a charge of criminal negligence. Wilson, with his wife and daughter, Ethel, the latter driving her father's auto, were traveling west on the Beachville road, when two young men, Frank Lillywhite and Albert Williams, approached and struck the auto with a collision, and Frank Lillywhite was tossed aside by the automobile, and probably fatally injured, having a double fracture of the right leg, serious internal injuries, and a bad scalp wound. The injured boy was rushed to the hospital and late tonight it was said he might recover.

SUGAR MUST TAKE SLUMP IN CANADA

Dealers Say Restrictions on Imports Must Be Removed.

From Sunday World. If refined sugar continues to slump in the States, there is likely to be a corresponding decrease in Canada. The World is informed by dealers, although the representatives in Toronto of the big refiners declare the present prices will hold for six weeks yet, or practically to the end of the preserving season.

Refiners from the States show daily drops in the sugar market for both raw and refined. Within the past week, prices in New York have dropped from 23c, 24c and 25c a pound to 18c, 17c and 18c, and much lower prices are predicted for the immediate future. In Toronto the best grades are being wholesaled at \$24.21 per cwt., and retailed from 12c to 25c a pound. The Canadian duty on granulated sugar from the States is \$1.98 per cwt. for average grades, and up to \$2.09 per cwt. for the best.

The only stickler is a customs regulation requiring the taking out of a license to import. Of all the war measure restrictions on imports, this is the only one remaining on foods concern wheat and sugar.

Restrictions on Imports. Says a customs memorandum, dated October 20, 1919: "Individual licenses, for which application shall be addressed to the principal officers or forfeited, shall be required for the importation of sugar, raw and refined."

Mr. W. G. Lamb, Toronto representative of the St. Lawrence Sugar Refining Company, told The World yesterday that prices could not be reduced at present because the refiners are still working on raw stocks, purchased six months ago at high prices, and the board of commerce after full investigation had permitted the refiners to charge the present prices. He felt that the public would not deny the refiners the right to make a fair profit.

In the States the price of raw sugar has dropped from 22 cents to 11 cents in two months and the slump is being immediately reflected in the refiners' prices. Mr. Lamb was asked for his views on this. He explained that the United States refiners had adopted a hard-mouth policy, or bought sugar stock only as they needed it, with the result that they had no costly stock in hand to sell. Mr. Lamb, however, pointed out that for a long time sugar was selling in Canada about 10 cents a pound lower than in the States and now that the situation has reversed it should be accepted.

At present no refined sugar is being imported into Canada from the States, but a mouth policy, or bought sugar stock only as they needed it, with the result that they had no costly stock in hand to sell. Mr. Lamb, however, pointed out that for a long time sugar was selling in Canada about 10 cents a pound lower than in the States and now that the situation has reversed it should be accepted.

TRAFFIC IN BOOZE STRONGLY FOUGHT

Canadian Customs Officials Are Enriching Provincial Treasury Considerably.

From Sunday World Special. Ottawa, Aug. 21.—Activity by the customs department has been the greatest deterrent to whiskey running from Ontario to the United States. For the past five months only federal officials have seized eight automobiles, nine rowboats and motorboats, one tug and one vessel, and confiscated the cargoes of whiskey, handing them over to the provincial authorities and imposing heavy penalties.

The automobiles were owned in the United States and have either been for provincial officers or forfeited conditionally on exportation upon payment of penalties.

The value of these automobiles is about \$14,400, and penalties recovered, about \$600.

The rowboats and motorboats, also owned in the United States, were valued at \$660, and penalties of \$600 recovered.

The tug is valued at \$1200, but the case has not yet been decided. The vessel was released on deposit of a penalty of \$400.

In three cases, parties have been charged with exporting liquor without report, no goods or conveyance being available for seizure. Penalties of \$800 were imposed.

Any liquor found in these conveyances are either dealt with directly by provincial officers or forfeited.

Hemmed and Hemstitched Sheets in a Sale of Seconds, Today

Women's and Misses' Afternoon Frocks

Simplicity is probably the keynote of the new silk and satin frocks which will be seen on the street during early fall months. While there are no revolutionary changes, there are one or two striking adaptations of designs of former years.

The problem of embroidery is settled through the medium combinations of gay colored wool embroidery, heavy rich silk embroidered and beaded designs, narrow corded ribbon sashes, touches of fine lace and dainty georgette.

Women's Imported Fall Top Coats Developed in Velour, Duvette, Broadcloth and Bolivia. These Stunning Imported Models are the Last Word in Luxurious Wraps for Autumn Wear.

Women's New Fall Suits Fashioned of Velour, Serge, Tricotine, Broadcloth, Duvetyn and Duvette

For the most part they favor the silhouette of last season. However, the strictly tailored, nipped-in-at-the-waist models are very smart wear, too.

The Charm of Youth in Misses' Autumn Suits and Wraps

THE SUITS are developed on delightful lines of rich, soft velvety, duvet de laine, velour, tricotine, val de cygne, etc. While many are severely tailored, others are made on semi-fitting graceful lines.

THE WRAPS are really magnificent in the richness of their fabric and trimmings. Some are coats pure and simple, others are handsome, dressy affairs, gorgeously lined and exclusively trimmed with braid, buttons and costly furs.

Hats That Are Small and of Duvetyn

Duvetyn tops the Autumn mode in millinery and these chic chapeaux are of too many shapes to mention. They turn off the face, imitate the eastern turban effect, the shape of the tam, and seek after every manner of the chic braid trimming.

The "Matteawan" Velours—Famous for their soft, rich pile. They feature the softly rolling brim and square or rounded crown, banded with a smart silk ribbon finishing in flatly tailored bow.

Tailored Hats for Street Wear—Smart, comfortable little shapes twisted and turned by the various ways of fashion. They are mostly rich silk velvet, duvetyn and plush, and are adorned with corded ribbon, novelty pins, silk tassels and embroideries.

Silken Fabrics to Fashion Fall Frocks

'Twill be a season of satin messalines, taffetas and paillettes. Here are special values for today:

- \$2.95 Silk, Satin and Taffeta, \$2.79 Also satin messalines, satin paillettes and lovely effects in shot and plain navy chiffon taffetas. Swiss manufacture. 35 and 36 inches wide. Today, at 2.79

Autumn's Favored Fabrics for Top Coats

New Plaid Velours, in large block pattern. Several weights for skirts or suits. 48 and 54 inches wide. Yard, \$7.50 to \$12.00.

Wool Duvetyn—Newest shades are cannon, Chipendale, moose, musketeer, trooper, reindeer, light and dark navy. 54 inches wide. Yard, \$7.50 and \$9.50.

Table listing sizes and prices of hemmed and hemstitched sheets, ranging from 68x90 to 88x96 inches.

\$9,763 worth of Hemmed and Hemstitched Sheets at prices that will mean enthusiastic buying today. They are seconds, but seconds of the choice kind, so slight are the imperfections.

SPECIAL NOTE—This should be of special interest to those who are making ready for Exhibition visitors.
